13. Supplier shall provide OMNIA Partners with an electronic accounting report monthly, in the format prescribed by OMNIA Partners, summarizing all Contract Sales for each calendar month. The Contract Sales reporting format is provided as Exhibit C ("**Contract Sales Report**"), attached hereto and incorporated herein by reference. Contract Sales Reports for each calendar month shall be provided by Supplier to OMNIA Partners by the 10th day of the following month. Failure to provide a Contract Sales Report within the time and manner specified herein shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of the Master Agreement, at Principal Procurement Agency's sole discretion, and/or this Agreement, at OMNIA Partners' sole discretion.

14. Administrative Fee payments are to be paid by Supplier to OMNIA Partners at the frequency and on the due date stated in Section 13, above, for Supplier's submission of corresponding Contract Sales Reports. Administrative Fee payments are to be made via Automated Clearing House (ACH) to the OMNIA Partners designated financial institution identified in Exhibit D. Failure to provide a payment of the Administrative Fee within the time and manner specified herein shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of the Master Agreement, at Principal Procurement Agency's sole discretion, and/or this Agreement, at OMNIA Partners' sole discretion. All Administrative Fees not paid when due shall bear interest at a rate equal to the lesser of one and one-half percent (1 1/2%) per month or the maximum rate permitted by law until paid in full.

15. Supplier shall maintain an accounting of all purchases made by Participating Public Agencies under the Master Agreement. OMNIA Partners, or its designee, in OMNIA Partners' sole discretion, reserves the right to compare Participating Public Agency records with Contract Sales Reports submitted by Supplier for a period of four (4) years from the date OMNIA Partners receives such report. In addition, OMNIA Partners may engage a third party to conduct an independent audit of Supplier's monthly reports. In the event of such an audit, Supplier shall provide all materials reasonably requested relating to such audit by OMNIA Partners at the location designated by OMNIA Partners. In the event an underreporting of Contract Sales and a resulting underpayment of

Administrative Fees is revealed, OMNIA Partners will notify the Supplier in writing. Supplier will have thirty (30) days from the date of such notice to resolve the discrepancy to OMNIA Partners' reasonable satisfaction, including payment of any Administrative Fees due and owing, together with interest thereon in accordance with Section 13, and reimbursement of OMNIA Partners' costs and expenses related to such audit.

GENERAL PROVISIONS

16. This Agreement, the Master Agreement and the exhibits referenced herein supersede any and all other agreements, either oral or in writing, between the parties hereto with respect to the subject matter hereto and no other agreement, statement, or promise relating to the subject matter of this Agreement which is not contained or incorporated herein shall be valid or binding. In the event of any conflict between the provisions of this Agreement and the Master Agreement, as between OMNIA Partners and Supplier, the provisions of this Agreement shall prevail.

17. If any action at law or in equity is brought to enforce or interpret the provisions of this Agreement or to recover any Administrative Fee and accrued interest, the prevailing party shall be entitled to reasonable attorney's fees and costs in addition to any other relief to which it may be entitled.

18. This Agreement and OMNIA Partners' rights and obligations hereunder may be assigned at OMNIA Partners' sole discretion to an affiliate of OMNIA Partners, any purchaser of any or all or substantially all of the assets of OMNIA Partners, or the successor entity as a result of a merger, reorganization, consolidation, conversion or change of control, whether by operation of law or otherwise. Supplier may not assign its obligations hereunder without the prior written consent of OMNIA Partners.

19. All written communications given hereunder shall be delivered by first-class mail, postage prepaid, or overnight delivery on receipt to the addresses as set forth below.

A. OMNIA Partners:

OMNIA Partners
Attn: President
840 Crescent Centre Drive
Suite 600
Franklin, TN 37067

B. Supplier:

Trane U.S. Inc.
800 Beaty Street
Davidson, NC 28036-6924

20. If any provision of this Agreement shall be deemed to be, or shall in fact be, illegal, inoperative or unenforceable, the same shall not affect any other provision or provisions herein contained or render the same invalid, inoperative or unenforceable to any extent whatever, and this Agreement will be construed by limiting or invalidating such provision to the minimum extent necessary to make such provision valid, legal and enforceable.

21. This Agreement may not be amended, changed, modified, or altered without the prior written consent of the parties hereto, and no provision of this Agreement may be discharged or waived, except by a writing signed by the parties. A waiver of any particular provision will not be deemed a waiver of any other provision, nor will a waiver given on one occasion be deemed to apply to any other occasion.

22. This Agreement shall inure to the benefit of and shall be binding upon OMNIA Partners, the Supplier and any respective successor and assign thereto; subject, however, to the limitations contained herein.

23. This Agreement will be construed under and governed by the laws of the State of Delaware, excluding its conflicts of law provisions and any action arising out of or related to this Agreement shall be commenced solely and exclusively in the state or federal courts in Williamson County Tennessee.

24. This Agreement may be executed in counterparts, each of which is an original but all of which, together, shall constitute but one and the same instrument. The exchange of copies of this Agreement and of signature pages by facsimile, or by .pdf or similar electronic transmission, will constitute effective execution and delivery of this Agreement as to the parties and may be used in lieu of the original Agreement for all purposes. Signatures of the parties transmitted by facsimile, or by .pdf or similar electronic transmission, will be deemed to be their original signatures for any purpose whatsoever.

Exhibit F – Federal Funds Certifications

Exhibit F
Federal Funds Certifications

FEDERAL CERTIFICATIONS
ADDENDUM FOR AGREEMENT FUNDED BY U.S. FEDERAL GRANT

TO WHOM IT MAY CONCERN:

Participating Agencies may elect to use federal funds to purchase under the Master Agreement. This form should be completed and returned.

DEFINITIONS

Contract means a legal instrument by which a non–Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term as used in this part does not include a legal instrument, even if the non–Federal entity considers it a contract, when the substance of the transaction meets the definition of a Federal award or subaward

Contractor means an entity that receives a contract as defined in Contract.

Cooperative agreement means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non–Federal entity that, consistent with 31 U.S.C. 6302–6305:

(a) Is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non–Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. 6101(3)); and not to acquire property or services for the Federal government or pass-through entity's direct benefit or use;

(b) Is distinguished from a grant in that it provides for substantial involvement between the Federal awarding agency or pass-through entity and the non–Federal entity in carrying out the activity contemplated by the Federal award.

(c) The term does not include:

(1) A cooperative research and development agreement as defined in 15 U.S.C. 3710a; or

(2) An agreement that provides only:

(i) Direct United States Government cash assistance to an individual;

(ii) A subsidy;

(iii) A loan;

(iv) A loan guarantee; or

(v) Insurance.

Federal awarding agency means the Federal agency that provides a Federal award directly to a non–Federal entity

Federal award has the meaning, depending on the context, in either paragraph (a) or (b) of this section:

(a)(1) The Federal financial assistance that a non–Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability; or

(2) The cost-reimbursement contract under the Federal Acquisition Regulations that a non–Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability.

(b) The instrument setting forth the terms and conditions. The instrument is the grant agreement, cooperative agreement, other agreement for assistance covered in paragraph (b) of § 200.40 Federal financial assistance, or the cost-reimbursement contract awarded under the Federal Acquisition Regulations.

(c) Federal award does not include other contracts that a Federal agency uses to buy goods or services from a contractor or a contract to operate Federal government owned, contractor operated facilities (GOCOs).

(d) See also definitions of Federal financial assistance, grant agreement, and cooperative agreement.

Non–Federal entity means a state, local government, Indian tribe, institution of higher education (IHE), or nonprofit organization that carries out a Federal award as a recipient or subrecipient.

Nonprofit organization means any corporation, trust, association, cooperative, or other organization, not including IHEs, that:

(a) Is operated primarily for scientific, educational, service, charitable, or similar purposes in the public interest;

(b) Is not organized primarily for profit; and

(c) Uses net proceeds to maintain, improve, or expand the operations of the organization.

Obligations means, when used in connection with a non–Federal entity's utilization of funds under a Federal award, orders placed for property and services, contracts and subawards made, and similar transactions during a given period that require payment by the non–Federal entity during the same or a future period.

Pass-through entity means a non–Federal entity that provides a subaward to a subrecipient to carry out part of a Federal program.

Recipient means a non–Federal entity that receives a Federal award directly from a Federal awarding agency to carry out an activity under a Federal program. The term recipient does not include subrecipients.

Simplified acquisition threshold means the dollar amount below which a non–Federal entity may purchase property or services using small purchase methods. Non–Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition threshold is set by the Federal Acquisition Regulation at 48 CFR Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. 1908. As of the publication of this part, the simplified acquisition threshold is $250,000, but this threshold is periodically adjusted for inflation. (Also see definition of § 200.67 Micro-purchase.)

Subaward means an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

Subrecipient means a non–Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.

Termination means the ending of a Federal award, in whole or in part at any time prior to the planned end of period of performance.

The following provisions may be required and apply when Participating Agency expends federal funds for any purchase resulting from this procurement process. Per FAR 52.204-24 and FAR 52.204-25, solicitations and resultant contracts shall contain the following provisions.

52.204-24 Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment (Oct 2020)

The Offeror shall not complete the representation at paragraph (d)(1) of this provision if the Offeror has represented that it "does not provide covered telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument" in paragraph (c)(1) in the provision at 52.204-26, Covered Telecommunications Equipment or Services—Representation, or in paragraph (v)(2)(i) of the provision at 52.212-3, Offeror Representations and Certifications-Commercial Items. The Offeror shall not complete the representation in paragraph (d)(2) of this provision if the Offeror has represented that it "does not use covered telecommunications equipment or services, or any equipment, system, or service that uses covered telecommunications equipment or services" in paragraph (c)(2) of the provision at 52.204-26, or in paragraph (v)(2)(ii) of the provision at 52.212-3.

(a) *Definitions.* As used in this provision—

Backhaul, covered telecommunications equipment or services, critical technology, interconnection arrangements, reasonable inquiry, roaming, and substantial or essential component have the meanings provided in the clause 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

(b) *Prohibition.*

(1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Nothing in the prohibition shall be construed to—

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract or extending or renewing a contract with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract. Nothing in the prohibition shall be construed to—

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(c) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (https://www.sam.gov) for entities excluded from receiving federal awards for "covered telecommunications equipment or services".

(d) *Representation.* The Offeror represents that—

(1) It □ will, □ will not provide covered telecommunications equipment or services to the Government in the performance of any contract, subcontract or other contractual instrument resulting from this solicitation. The Offeror shall provide the additional disclosure information required at paragraph (e)(1) of this section if the Offeror responds "will" in paragraph (d)(1) of this section; and

(2) After conducting a reasonable inquiry, for purposes of this representation, the Offeror represents that—

It □ does, ☒ does not use covered telecommunications equipment or services, or use any equipment, system, or service that uses covered telecommunications equipment or services. The Offeror shall provide the additional disclosure information required at paragraph (e)(2) of this section if the Offeror responds "does" in paragraph (d)(2) of this section.

(e) *Disclosures.*

(1) Disclosure for the representation in paragraph (d)(1) of this provision. If the Offeror has responded "will" in the representation in paragraph (d)(1) of this provision, the Offeror shall provide the following information as part of the offer.

(i) For covered equipment—

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the original equipment manufacturer (OEM) or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(ii) For covered services—

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the Product Service Code (PSC) of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(2) Disclosure for the representation in paragraph (d)(2) of this provision. If the Offeror has responded "does" in the representation in paragraph (d)(2) of this provision, the Offeror shall provide the following information as part of the offer:

(i) For covered equipment—

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

(ii) For covered services—

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the PSC of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

52.204-25 Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment (Aug 2020).

(a) *Definitions.* As used in this clause—

Backhaul means intermediate links between the core network, or backbone network, and the small subnetworks at the edge of the network (*e.g.*, connecting cell phones/towers to the core telephone network). Backhaul can be wireless (e.g., microwave) or wired (*e.g.*, fiber optic, coaxial cable, Ethernet).

Covered foreign country means The People's Republic of China.

Covered telecommunications equipment or services means–

(1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities);

(2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);

(3) Telecommunications or video surveillance services provided by such entities or using such equipment; or

(4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

Critical technology means–

(1) Defense articles or defense services included on the United States Munitions List set forth in the International Traffic in Arms Regulations under subchapter M of chapter I of title 22, Code of Federal Regulations;

(2) Items included on the Commerce Control List set forth in Supplement No. 1 to part 774 of the Export Administration Regulations under subchapter C of chapter VII of title 15, Code of Federal Regulations, and controlled-

(i) Pursuant to multilateral regimes, including for reasons relating to national security, chemical and biological weapons proliferation, nuclear nonproliferation, or missile technology; or

(ii) For reasons relating to regional stability or surreptitious listening;

(3) Specially designed and prepared nuclear equipment, parts and components, materials, software, and technology covered by part 810 of title 10, Code of Federal Regulations (relating to assistance to foreign atomic energy activities);

(4) Nuclear facilities, equipment, and material covered by part 110 of title 10, Code of Federal Regulations (relating to export and import of nuclear equipment and material);

(5) Select agents and toxins covered by part 331 of title 7, Code of Federal Regulations, part 121 of title 9 of such Code, or part 73 of title 42 of such Code; or

(6) Emerging and foundational technologies controlled pursuant to section 1758 of the Export Control Reform Act of 2018 (50 U.S.C. 4817).

Interconnection arrangements means arrangements governing the physical connection of two or more networks to allow the use of another's network to hand off traffic where it is ultimately delivered (*e.g.*, connection of a customer of telephone provider A to a customer of telephone company B) or sharing data and other information resources.

Reasonable inquiry means an inquiry designed to uncover any information in the entity's possession about the identity of the producer or provider of covered telecommunications equipment or services used by the entity that excludes the need to include an internal or third-party audit.

Roaming means cellular communications services (*e.g.*, voice, video, data) received from a visited network when unable to connect to the facilities of the home network either because signal coverage is too weak or because traffic is too high.

Substantial or essential component means any component necessary for the proper function or performance of a piece of equipment, system, or service.

(b) *Prohibition*.

(1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. The Contractor is prohibited from providing to the Government any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR 4.2104.

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract, or extending or renewing a contract, with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR 4.2104. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract.

(c) *Exceptions*. This clause does not prohibit contractors from providing—

(1) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(2) Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(d) Reporting requirement.

(1) In the event the Contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the Contractor is notified of such by a subcontractor at any tier or by any other source, the Contractor shall report the information in paragraph (d)(2) of this clause to the Contracting Officer, unless elsewhere in this contract are established procedures for reporting the information; in the case of the Department of Defense, the Contractor shall report to the website at https://dibnet.dod.mil. For indefinite delivery contracts, the Contractor shall report to the Contracting Officer for the indefinite delivery contract and the Contracting Officer(s) for any affected order or, in the case of the Department of Defense, identify both the indefinite delivery contract and any affected orders in the report provided at https://dibnet.dod.mil.

(2) The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause

(i) Within one business day from the date of such identification or notification: the contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

(ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: any further available information about mitigation actions undertaken or recommended. In addition, the Contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) *Subcontracts*. The Contractor shall insert the substance of this clause, including this paragraph (e) and excluding paragraph (b)(2), in all subcontracts and other contractual instruments, including subcontracts for the acquisition of commercial items.

The following certifications and provisions may be required and apply when Participating Agency expends federal funds for any purchase resulting from this procurement process. Pursuant to 2 C.F.R. § 200.326, all contracts, including small purchases, awarded by the Participating Agency and the Participating Agency's subcontractors shall contain the procurement provisions of

Appendix II to Part 200, as applicable.

APPENDIX II TO 2 CFR PART 200

(A) Contracts for more than the simplified acquisition threshold currently set at $250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Pursuant to Federal Rule (A) above, when a Participating Agency expends federal funds, the Participating Agency reserves all rights and privileges under the applicable laws and regulations with respect to this procurement in the event of breach of contract by either party.

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

(B) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of $10,000)

Pursuant to Federal Rule (B) above, when a Participating Agency expends federal funds, the Participating Agency reserves the right to immediately terminate any agreement in excess of $10,000 resulting from this procurement process in the event of a breach or default of the agreement by Offeror as detailed in the terms of the contract.

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 CFR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

Pursuant to Federal Rule (C) above, when a Participating Agency expends federal funds on any federally assisted construction contract, the equal opportunity clause is incorporated by reference herein.

Does offeror agree to abide by the above? YES _____ Initials of Authorized Representative of offeror

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non - Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Pursuant to Federal Rule (D) above, when a Participating Agency expends federal funds during the term of an award for all contracts and subgrants for construction or repair, offeror will be in compliance with all applicable Davis-Bacon Act provisions.

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

Version April 12, 2022

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

Pursuant to Federal Rule (E) above, when a Participating Agency expends federal funds, offeror certifies that offeror will be in compliance with all applicable provisions of the Contract Work Hours and Safety Standards Act during the term of an award for all contracts by Participating Agency resulting from this procurement process.

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

Pursuant to Federal Rule (F) above, when federal funds are expended by Participating Agency, the offeror certifies that during the term of an award for all contracts by Participating Agency resulting from this procurement process, the offeror agrees to comply with all applicable requirements as referenced in Federal Rule (F) above.

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

(G) Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended—Contracts and subgrants of amounts in excess of $150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA)

Pursuant to Federal Rule (G) above, when federal funds are expended by Participating Agency, the offeror certifies that during the term of an award for all contracts by Participating Agency member resulting from this procurement process, the offeror agrees to comply with all applicable requirements as referenced in Federal Rule (G) above.

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

(H) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the Executive Office of the President Office of Management and Budget (OMB) guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Pursuant to Federal Rule (H) above, when federal funds are expended by Participating Agency, the offeror certifies that during the term of an award for all contracts by Participating Agency resulting from this procurement process, the offeror certifies that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency. If at any time during the term of an award the offeror or its principals

becomes debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency, the offeror will notify the Participating Agency.

(l) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding $100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

Pursuant to Federal Rule (l) above, when federal funds are expended by Participating Agency, the offeror certifies that during the term and after the awarded term of an award for all contracts by Participating Agency resulting from this procurement process, the offeror certifies that it is in compliance with all applicable provisions of the Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). The undersigned further certifies that:

(1) No Federal appropriated funds have been paid or will be paid for on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with the awarding of a Federal contract, the making of a Federal grant, the making of a Federal loan, the entering into a cooperative agreement, and the extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with this Federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all covered sub-awards exceeding $100,000 in Federal funds at all appropriate tiers and that all subrecipients shall certify and disclose accordingly.

CERTIFICATION OF COMPLIANCE WITH THE ENERGY POLICY AND CONSERVATION ACT

When Participating Agency expends federal funds for any contract resulting from this procurement process, offeror certifies that it will comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6321 et seq.; 49 C.F.R. Part 18).

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

CERTIFICATION OF COMPLIANCE WITH BUY AMERICA PROVISIONS

To the extent purchases are made with Federal Highway Administration, Federal Railroad Administration, or Federal Transit Administration funds, offeror certifies that its products comply with all applicable provisions of the Buy America Act and agrees to provide such certification or applicable waiver with respect to specific products to any Participating Agency upon request. Purchases made in accordance with the Buy America Act must still follow the applicable procurement rules calling for free and open competition.

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

CERTIFICATION OF ACCESS TO RECORDS – 2 C.F.R. § 200.336

Offeror agrees that the Inspector General of the Agency or any of their duly authorized representatives shall have access to any documents, papers, or other records of offeror that are pertinent to offeror's discharge of its obligations under the Contract for the purpose of making audits, examinations, excerpts, and transcriptions. The right also includes timely and reasonable access to offeror's personnel for the purpose of interview and discussion relating to such documents.

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

CERTIFICATION OF APPLICABILITY TO SUBCONTRACTORS

Offeror agrees that all contracts it awards pursuant to the Contract shall be bound by the foregoing terms and conditions.

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

Offeror agrees to comply with all federal, state, and local laws, rules, regulations and ordinances, as applicable. It is further acknowledged that offeror certifies compliance with all provisions, laws, acts, regulations, etc. as specifically noted above.

FEMA SPECIAL CONDITIONS

Awarded Supplier(s) may need to respond to events and losses where products and services are needed for the immediate and initial response to emergency situations such as, but not limited to, water damage, fire damage, vandalism cleanup, biohazard cleanup, sewage decontamination, deodorization, and/or wind damage during a disaster or emergency situation. By submitting a bid, the Supplier is accepted these FEMA Special Conditions required by the Federal Emergency Management Agency (FEMA).

"Contract" in the below pages under FEMA SPECIAL CONDITIONS is also referred to and defined as the "Master Agreement".

"Contractor" in the below pages under FEMA SPECIAL CONDITIONS is also referred to and defined as "Supplier" or "Awarded Supplier".

Conflicts of Interest

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a FEMA award if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties, has a financial or other interest in or a tangible personal benefit from a firm considered for award. 2 C.F.R. § 200.318(c)(1); See also Standard Form 424D, ¶ 7; Standard Form 424B, ¶ 3. i. FEMA considers a "financial interest" to be the potential for gain or loss to the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties as a result of the particular procurement. The prohibited financial interest may arise from ownership of certain financial instruments or investments such as stock, bonds, or real estate, or from a salary, indebtedness, job offer, or similar interest that might be affected by the particular procurement. ii. FEMA considers an "apparent" conflict of interest to exist where an actual conflict does not exist, but where a reasonable person with knowledge of the relevant facts would question the impartiality of the employee, officer, or agent participating in the procurement. c. Gifts. The officers, employees, and agents of the Participating Public Agency nor the Participating Public Agency ("NFE") must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, NFE's may set standards for situations in which the financial interest is de minimus, not substantial, or the gift is an unsolicited item of nominal value. 2 C.F.R. § 200.318(c)(1). d. Violations. The NFE's written standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the NFE. 2 C.F.R. § 200.318(c)(1). For example, the penalty for a NFE's employee may be dismissal, and the penalty for a contractor might be the termination of the contract.

Contractor Integrity

A contractor must have a satisfactory record of integrity and business ethics. Contractors that are debarred or suspended, as described in and subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension), must be rejected and cannot receive contract awards at any level.

Public Policy

A contractor must comply with the public policies of the Federal Government and state, local government, or tribal government. This includes, among other things, past and current compliance with the:

a. Equal opportunity and nondiscrimination laws

b. Five affirmative steps described at 2 C.F.R. § 200.321(b) for all subcontracting under contracts supported by FEMA financial assistance; and FEMA Procurement Guidance June 21, 2016 Page IV- 7

c. Applicable prevailing wage laws, regulations, and executive orders

Affirmative Steps

Version April 12, 2022

For any subcontracting opportunities, Contractor must take the following Affirmative steps:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

Prevailing Wage Requirements

When applicable, the awarded Contractor (s) and any and all subcontractor(s) agree to comply with all laws regarding prevailing wage rates including the Davis-Bacon Act, applicable to this solicitation and/or Participating Public Agencies. The Participating Public Agency shall notify the Contractor of the applicable pricing/prevailing wage rates and must apply any local wage rates requested. The Contractor and any subcontractor(s) shall comply with the prevailing wage rates set by the Participating Public Agency.

Federal Requirements

If products and services are issued in response to an emergency or disaster recovery the items below, located in this FEMA Special Conditions section of the Federal Funds Certifications, are activated and required when federal funding may be utilized.

2 C.F.R. § 200.326 and 2 C.F.R. Part 200, Appendix II, Required Contract Clauses

1. REMEDIES

a. Standard. Contracts for more than the simplified acquisition threshold, currently set at $250,000, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate. See 2 C.F.R. Part 200, Appendix II(A).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

2. TERMINATION FOR CAUSE AND CONVENIENCE

a. Standard. All contracts in excess of $10,000 must address termination for cause and for convenience by the non-Federal entity, including the manner by which it will be effected and the basis for settlement. See 2 C.F.R. Part 200, Appendix II(B).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

3. EQUAL EMPLOYMENT OPPORTUNITY

When applicable:

a. Standard. Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R.

§ 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60- 1.4(b), in accordance with Executive Order 11246, *Equal Employment Opportunity* (30 Fed. Reg. 12319, 12935, 3 C.F.R. Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, *Amending Executive Order 11246 Relating to Equal Employment Opportunity*, and implementing regulations at 41 C.F.R. Part 60 (Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor). See 2 C.F.R. Part 200, Appendix II(C).

b. Key Definitions.

i. Federally Assisted Construction Contract. The regulation at 41 C.F.R. § 60-1.3 defines a "federally assisted construction contract" as any agreement or modification thereof between any applicant and a person for construction work which is paid for in whole or in part with funds obtained from the Government or borrowed on the credit of the Government pursuant to any Federal program involving a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal program involving such grant, contract, loan, insurance, or guarantee, or any application or modification thereof approved by the Government for a grant, contract, loan, insurance, or guarantee under which the applicant itself participates in the construction work.

ii. Construction Work. The regulation at 41 C.F.R. § 60-1.3 defines "construction work" as the construction, rehabilitation, alteration, conversion, extension, demolition or repair of buildings, highways, or other changes or improvements to real property, including facilities providing utility services. The term also includes the supervision, inspection, and other onsite functions incidental to the actual construction.

c. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

d. Required Language. The regulation at 41 C.F.R. Part 60-1.4(b) requires the insertion of the following contract clause.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided,* That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

4. DAVIS-BACON ACT

a. Standard. All prime construction contracts in excess of $2,000 awarded by non- Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) as supplemented by Department of Labor regulations at 29 C.F.R. Part 5 (Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction). See 2 C.F.R. Part 200, Appendix II(D). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week.

b. Applicability. The Davis-Bacon Act applies to the Emergency Management Preparedness Grant Program, Homeland Security Grant Program, Nonprofit Security Grant Program, Tribal Homeland Security Grant Program, Port Security Grant Program, and Transit Security Grant Program.

c. Requirements. If applicable, the non-federal entity must do the following:

i. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

ii. Additionally, pursuant 2 C.F.R. Part 200, Appendix II(D), contracts subject to the Davis-Bacon Act, must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). The Copeland Anti- Kickback Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person

employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA.

iii. Include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction").

Suggested Language. The following provides a sample contract clause:

Compliance with the Davis-Bacon Act.

a. All transactions regarding this contract shall be done in compliance with the Davis-Bacon Act (40 U.S.C. 3141- 3144, and 3146-3148) and the requirements of 29 C.F.R. pt. 5 as may be applicable. The contractor shall comply with 40 U.S.C. 3141-3144, and 3146-3148 and the requirements of 29 C.F.R. pt. 5 as applicable.

b. Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor.

c. Additionally, contractors are required to pay wages not less than once a week.

5. COPELAND ANTI-KICKBACK ACT

a. Standard. Recipient and subrecipient contracts must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States").

b. Applicability. This requirement applies to all contracts for construction or repair work above $2,000 in situations where the Davis-Bacon Act also applies. It DOES NOT apply to the FEMA Public Assistance Program.

c. Requirements. If applicable, the non-federal entity must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). Each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA. Additionally, in accordance with the regulation, each contractor and subcontractor must furnish each week a statement with respect to the wages paid each of its employees engaged in work covered by the Copeland Anti-Kickback Act and the Davis Bacon Act during the preceding weekly payroll period. The report shall be delivered by the contractor or subcontractor, within seven days after the regular payment date of the payroll period, to a representative of a Federal or State agency in charge at the site of the building or work.

Sample Language. The following provides a sample contract clause:

Compliance with the Copeland "Anti-Kickback" Act.

a. Contractor. The contractor shall comply with 18 U.S.C. §874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.

b. Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. §5.12."

6. CONTRACT WORK HOURS AND SAFETY STANDARDSACT

a. Standard. Where applicable (see 40 U.S.C. §§ 3701-3708), all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations at 29 C.F.R. Part 5. See 2 C.F.R. Part 200, Appendix II(E). Under 40 U.S.C. § 3702, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Further, no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous.

b. Applicability. This requirement applies to all FEMA contracts awarded by the non- federal entity in excess of $100,000 under grant and cooperative agreement programs that involve the employment of mechanics or laborers. It is applicable to construction work. These requirements do not apply to the purchase of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

c. Suggested Language. The regulation at 29 C.F.R. § 5.5(b) provides contract clause language concerning compliance with the Contract Work Hours and Safety Standards Act. FEMA suggests including the following contract clause:

Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation

of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of
$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3) *Withholding for unpaid wages and liquidated damages.* The Federal agency or loan/grant recipient shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

7. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT

a. Standard. If the FEMA award meets the definition of "funding agreement" under 37 C.F.R. § 401.2(a) and the non-Federal entity wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the non- Federal entity must comply with the requirements of 37 C.F.R. Part 401 (Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements), and any implementing regulations issued by FEMA. See 2 C.F.R. Part 200, Appendix II(F).

b. Applicability. This requirement applies to "*funding agreements*," but it DOES NOT apply to the Public Assistance, Hazard Mitigation Grant Program, Fire Management Assistance Grant Program, Crisis Counseling Assistance and Training Grant Program, Disaster Case Management Grant Program, and Federal Assistance to Individuals and Households – Other Needs Assistance Grant Program, as FEMA awards under these programs do not meet the definition of "funding agreement."

c. Funding Agreements Definition. The regulation at 37 C.F.R. § 401.2(a) defines "funding agreement" as any contract, grant, or cooperative agreement entered into between any Federal agency, other than the Tennessee Valley Authority, and any contractor for the performance of experimental, developmental, or research work funded in whole or in part by the Federal government. This term also includes any assignment, substitution of parties, or subcontract of any type entered into for the performance of experimental, developmental, or research work under a funding agreement as defined in the first sentence of this paragraph.

8. CLEAN AIR ACT AND THE FEDERAL WATER POLLUTION CONTROLACT

a. Standard. If applicable, contracts must contain a provision that requires the contractor to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. §§ 7401-7671q.) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§ 1251-1387). Violations must be reported to FEMA and the Regional Office of the Environmental Protection Agency. See 2 C.F.R. Part 200, Appendix II(G).

b. Applicability. This requirement applies to contracts awarded by a non-federal entity of amounts in excess of $150,000 under a federal grant.

c. Suggested Language. The following provides a sample contract clause.

Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

9. DEBARMENT AND SUSPENSION

a. Standard. Non-Federal entities and contractors are subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and*

Suspension (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

c. Requirements.

i. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs and activities. See 2 C.F.R. Part 200, Appendix II(H); and 2 C.F.R. § 200.213. A contract award must not be made to parties listed in the SAM Exclusions. SAM Exclusions is the list maintained by the General Services Administration that contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. SAM exclusions can be accessed at www.sam.gov. See 2 C.F.R. § 180.530.

ii. In general, an "excluded" party cannot receive a Federal grant award or a contract within the meaning of a "covered transaction," to include subawards and subcontracts. This includes parties that receive Federal funding indirectly, such as contractors to recipients and subrecipients. The key to the exclusion is whether there is a "covered transaction," which is any non-procurement transaction (unless excepted) at either a "primary" or "secondary" tier. Although "covered transactions" do not include contracts awarded by the Federal Government for purposes of the non-procurement common rule and DHS's implementing regulations, it does include some contracts awarded by recipients and subrecipients.

iii. Specifically, a covered transaction includes the following contracts for goods or services:

1. The contract is awarded by a recipient or subrecipient in the amount of at least $25,000.

2. The contract requires the approval of FEMA, regardless of amount.

3. The contract is for federally-required audit services.

4. A subcontract is also a covered transaction if it is awarded by the contractor of a recipient or subrecipient and requires either the approval of FEMA or is in excess of $25,000.

d. Suggested Language. The following provides a debarment and suspension clause. It incorporates an optional method of verifying that contractors are not excluded or disqualified.

Suspension and Debarment

(1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2

C.F.R. § 180.935).

(2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and2 C.F.R. pt. 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification is a material representation of fact relied upon by the Participating Public Agency. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the Participating Public Agency, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

10. BYRD ANTI-LOBBYING AMENDMENT

a. Standard. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. § 1352. FEMA's regulation at 44 C.F.R. Part 18 implements the requirements of 31 U.S.C. § 1352 and provides, in Appendix A to Part 18, a copy of the certification that is required to be completed by each entity as described in 31 U.S.C. § 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the Federal awarding agency.

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs. Contractors that apply or bid for a contract of $100,000 or more under a federal grant must file the required certification. See 2 C.F.R. Part 200, Appendix II(I); 31 U.S.C. § 1352; and 44 C.F.R. Part 18.

c. Suggested Language.

Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended)

Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

d. Required Certification. If applicable, contractors must sign and submit to the non-federal entity the following certification.

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Contractor, **Trane U.S. Inc.**, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

11. PROCUREMENT OF RECOVERED MATERIALS

a. Standard. A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. See 2 C.F.R. Part 200, Appendix II(J); and 2 C.F.R. §200.322.

b. Applicability. This requirement applies to all contracts awarded by a non- federal entity under FEMA grant and cooperative agreement programs.

c. Requirements. The requirements of Section 6002 include procuring only items designated in guidelines of the EPA at 40 C.F.R. Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds
$10,000 or the value of the quantity acquired by the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

d. Suggested Language.

i. In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired—

1. Competitively within a timeframe providing for compliance with the contract performance schedule;
2. Meeting contract performance requirements; or
3. At a reasonable price.

ii. Information about this requirement, along with the list of EPA- designated items, is available at EPA's Comprehensive Procurement Guidelines web site, https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program.

iii. The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act."

12. ACCESS TO RECORDS

a. Standard. All recipients, subrecipients, successors, transferees, and assignees must acknowledge and agree to comply with applicable provisions governing DHS access to records, accounts, documents, information, facilities, and staff. Recipients must give DHS/FEMA access to, and the right to examine and copy, records, accounts, and other documents and sources of information related to the federal financial assistance award and permit access to facilities, personnel, and other individuals and information as may be necessary, as required by DHS regulations *and* other applicable laws or program guidance. See DHS Standard Terms and Conditions: Version 8.1 (2018). Additionally, Section 1225 of the Disaster Recovery Reform Act of 2018 prohibits FEMA from providing reimbursement to any state, local, tribal, or territorial government, or private non-profit for activities made pursuant to a contract that purports to prohibit audits or internal reviews by the FEMA administrator or Comptroller General.

Access to Records. The following access to records requirements apply to this contract:

i. The Contractor agrees to provide Participating Public Agency, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions.

ii. The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

iii. The Contractor agrees to provide the FEMA Administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.

iv. In compliance with the Disaster Recovery Act of 2018, the Participating Public Agency and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

13. CHANGES

a. Standard. To be eligible for FEMA assistance under the non-Federal entity's FEMA grant or cooperative agreement, the cost of the change, modification, change order, or constructive change must be allowable, allocable, within the scope of its grant or cooperative agreement, and reasonable for the completion of project scope.

b. Applicability. FEMA recommends, therefore, that a non-Federal entity include a changes clause in its contract that describes how, if at all, changes can be made by either party to alter the method, price, or schedule of the work without breaching the contract. The language of the clause may differ depending on the nature of the contract and the end-item procured.

14. DHS SEAL, LOGO, AND FLAGS

a. Standard. Recipients must obtain permission prior to using the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials. See DHS Standard Terms and Conditions: Version 8.1 (2018).

b. Applicability. FEMA recommends that all non-Federal entities place in their contracts a provision that a contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

c. "The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

15. COMPLIANCE WITH FEDERAL LAW, REGULATIONS, AND EXECUTIVE ORDERS

a. Standard. The recipient and its contractors are required to comply with all Federal laws, regulations, and executive orders.

b. Applicability. FEMA recommends that all non-Federal entities place into their contracts an acknowledgement that FEMA financial assistance will be used to fund the contract along with the requirement that the contractor will comply with all applicable Federal law, regulations, executive orders, and FEMA policies, procedures, and directives.

c. "This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives."

16. NO OBLIGATION BY FEDERAL GOVERNMENT

a. Standard. FEMA is not a party to any transaction between the recipient and its contractor. FEMA is not subject to any obligations or liable to any party for any matter relating to the contract.

b. Applicability. FEMA recommends that the non-Federal entity include a provision in its contract that states that the Federal Government is not a party to the contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

c. "The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract."

17. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS

a. Standard. Recipients must comply with the requirements of The False Claims Act (31 U.S.C. §§ 3729-3733) which prohibits the submission of false or fraudulent claims for payment to the federal government. See DHS Standard Terms and Conditions: Version 8.1 (2018); and 31 U.S.C. §§ 3801-3812, which details the administrative remedies for false claims and statements made. The non-Federal entity must include a provision in its contract that the contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.

b. Applicability. FEMA recommends that the non-Federal entity include a provision in its contract that the contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.

c. "The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract."

Offeror agrees to comply with all terms and conditions outlined in the FEMA Special Conditions section of this solicitation.

Offeror's Name: **Trane U.S. Inc.**

P.L. 1995, c. 127 (N.J.A.C. 17:27)
MANDATORY AFFIRMATIVE ACTION LANGUAGE

PROCUREMENT, PROFESSIONAL AND SERVICE CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. The contractor will take affirmative action to ensure that such applicants are recruited and employed, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this non-discrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisement for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation.

The contractor or subcontractor, where applicable, will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer pursuant to P.L. 1975, c. 127, as amended and supplemented from time to time and the Americans with Disabilities Act.

The contractor or subcontractor agrees to attempt in good faith to employ minority and female workers trade consistent with the applicable county employment goal prescribed by N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time or in accordance with a binding determination of the applicable county employment goals determined by the Affirmative Action Office pursuant to N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time.

The contractor or subcontractor agrees to inform in writing appropriate recruitment agencies in the area, including employment agencies, placement bureaus, colleges, universities, labor unions, that it does not discriminate on the basis of age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and that it will discontinue the use of any recruitment agency which engages in direct or indirect discriminatory practices.

The contractor or subcontractor agrees to revise any of it testing procedures, if necessary, to assure that all personnel testing conforms with the principles of job-related testing, as established by the statutes and court decisions of the state of New Jersey and as established by applicable Federal law and applicable Federal court decisions.

The contractor or subcontractor agrees to review all procedures relating to transfer, upgrading, downgrading and lay-off to ensure that all such actions are taken without regard to age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and conform with the applicable employment goals, consistent with the statutes and court decisions of the State of New Jersey, and applicable Federal law and applicable Federal court decisions.

The contractor and its subcontractors shall furnish such reports or other documents to the Affirmative Action Office as may be requested by the office from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Affirmative Action Office for conducting a compliance investigation pursuant to Subchapter 10 of the Administrative Code (NJAC 17:27).

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Public Agency Instructions

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). Please refer back to these instructions for the appropriate links, as the Local Finance Notices include links that are no longer operational.

1. The disclosure is required for all contracts in excess of $17,500 that are **not awarded** pursuant to a "fair and open" process (N.J.S.A. 19:44A-20.7).

2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.

3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.

4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.

    a. The Division has prepared model disclosure forms for each county. They can be downloaded from the "County PCD Forms" link on the Pay-to-Play web site at http://www.nj.gov/dca/divisions/dlgs/programs/lpcl.html#12. They will be updated from time-to-time as necessary.
    b. A public agency using these forms **should edit them to properly reflect the correct legislative district**(s). As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
    c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
    d. The form may be used "as-is", subject to edits as described herein.
    e. The "Contractor Instructions" sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
    f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.

5. It is recommended that the contractor also complete a "Stockholder Disclosure Certification." This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract (See Local Finance Notice 2006-7 for additional information on this obligation at http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
    - of the public entity awarding the contract
    - of that county in which that public entity is located
    - of another public entity within that county
    - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed $300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

* N.J.S.A. 19:44A-3(s): "The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures."

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Required Pursuant to N.J.S.A. 19:44A-20.26

This form or its permitted facsimile must be submitted to the local unit no later than 10 days prior to the award of the contract.

Part I – Vendor Information

Vendor Name:	Trane U.S. Inc. New Jersey Branch		
Address:	19 Chapin Road, Building B Suite 200		
City:	Pine Brook	State: NJ	Zip: 07058

The undersigned being authorized to certify, hereby certifies that the submission provided herein represents compliance with the provisions of N.J.S.A. 19:44A-20.26 and as represented by the Instructions accompanying this form.

Certification of Non-Involvement in Prohibited Activities in Iran

Pursuant to N.J.S.A. 52:32-58, Offerors must certify that neither the Offeror, nor any of its parents, subsidiaries, and/or affiliates (as defined in N.J.S.A. 52:32 – 56(e) (3)), is listed on the Department of the Treasury's List of Persons or Entities Engaging in Prohibited Investment Activities in Iran and that neither is involved in any of the investment activities set forth in N.J.S.A. 52:32 – 56(f).

Offerors wishing to do business in New Jersey through this contract must fill out the Certification of Non-Involvement in Prohibited Activities in Iran here: http://www.state.nj.us/humanservices/dfd/info/standard/fdc/disclosure_investmentact.pdf.

Offerors should submit the above form completed with their proposal.

DISCLOSURE OF INVESTMENT ACTIVITIES IN IRAN FORM

STATE OF NEW JERSEY
DEPARTMENT OF THE TREASURY - DIVISION OF PURCHASE AND PROPERTY
33 WEST STATE STREET, P.O. BOX 230 TRENTON, NEW JERSEY 08625-0230

BID SOLICITATION # AND TITLE: Racine County, RFB-RC2022-1001-0-2022/DM

VENDOR NAME: **Trane U.S. Inc. New Jersey Branch**

Pursuant to N.J.S.A. 52:32-57, et seq. (P.L. 2012, c.25 and P.L. 2021, c.4) any person or entity that submits a bid or proposal or otherwise proposes to enter into or renew a contract must certify that neither the person nor entity, nor any of its parents, subsidiaries, or affiliates, is identified on the New Jersey Department of the Treasury's Chapter 25 List as a person or entity engaged in investment activities in Iran. The Chapter 25 list is found on the Division's website at https://www.state.nj.us/treasury/purchase/pdf/Chapter25List.pdf. Vendors/Bidders must review this list prior to completing the below certification. If the Director of the Division of Purchase and Property finds a person or entity to be in violation of the law, s/he shall take action as may be appropriate and provided by law, rule or contract, including but not limited to, imposing sanctions, seeking compliance, recovering damages, declaring the party in default and seeking debarment or suspension of the party.

CHECK THE APPROPRIATE BOX

☑ I certify, pursuant to N.J.S.A. 52:32-57, et seq. (P.L. 2012, c.25 and P.L. 2021, c.4), that neither the Vendor/Bidder listed above nor any of its parents, subsidiaries, or affiliates is listed on the New Jersey Department of the Treasury's Chapter 25 List of entities determined to be engaged in prohibited activities in Iran.

OR

☐ I am unable to certify as above because the Vendor/Bidder and/or one or more of its parents, subsidiaries, or affiliates is listed on the New Jersey Department of the Treasury's Chapter 25 List. I will provide a detailed, accurate and precise description of the activities of the Vendor/Bidder, or one of its parents, subsidiaries or affiliates, has engaged in regarding investment activities in Iran by completing the information requested below.

Entity Engaged in Investment Activities _____
Relationship to Vendor/ Bidder _____
Description of Activities _____
_____
_____
Duration of Engagement _____
Anticipated Cessation Date _____

**Attach Additional Sheets If Necessary.*

CERTIFICATION

I, the undersigned, certify that I am authorized to execute this certification on behalf of the Vendor, that the foregoing information and any attachments hereto, to the best of my knowledge are true and complete. I acknowledge that the State of New Jersey is relying on the information contained herein, and that the Vendor is under a continuing obligation from the date of this certification through the completion of any contract(s) with the State to notify the State in writing of any changes to the information contained herein; that I am aware that it is a criminal offense to make a false statement or misrepresentation in this certification. If I do so, I may be subject to criminal prosecution under the law, and it will constitute a material breach of my contract(s) with the State, permitting the State to declare any contract(s) resulting from this certification void and unenforceable.

STATE OF NEW JERSEY DEPARTMENT OF THE TREASURY
DIVISION OF PURCHASE AND PROPERTY

33 WEST STATE STREET, P.O. BOX 230
TRENTON, NEW JERSEY 08625-0230

MACBRIDE PRINCIPALS FORM

BID SOLICITATION #: RFB-RC2022-1001-0-2022/DM **VENDOR/BIDDER:** Trane U.S. Inc.

VENDOR'S/BIDDER'S REQUIREMENT
TO PROVIDE A CERTIFICATION IN COMPLIANCE WITH THE MACBRIDE PRINCIPALS AND NORTHERN IRELAND ACT OF 1989

Pursuant to Public Law 1995, c. 134, a responsible Vendor/Bidder selected, after public bidding, by the Director of the Division of Purchase and Property, pursuant to N.J.S.A. 52:34-12, must complete the certification below by checking one of the two options listed below and signing where indicated. If a Vendor/Bidder that would otherwise be awarded a purchase, contract or agreement does not complete the certification, then the Director may determine, in accordance with applicable law and rules, that it is in the best interest of the State to award the purchase, contract or agreement to another Vendor/Bidder that has completed the certification and has submitted a bid within five (5) percent of the most advantageous bid. If the Director finds contractors to be in violation of the principals that are the subject of this law, he/she shall take such action as may be appropriate and provided by law, rule or contract, including but not limited to, imposing sanctions, seeking compliance, recovering damages, declaring the party in default and seeking debarment or suspension of the party.

I, the undersigned, on behalf the Vendor/Bidder, certify pursuant to N.J.S.A. 52:34-12.2 that:

CHECK THE APPROPRIATE BOX

☐ The Vendor/Bidder has no business operations in Northern Ireland; or

OR

☒ The Vendor/Bidder will take lawful steps in good faith to conduct any business operations it has in Northern Ireland in accordance with the MacBride principals of nondiscrimination in employment as set forth in section 2 of P.L. 1987, c. 177 (N.J.S.A. 52:18A-89.5) and in conformance with the United Kingdom's Fair Employment (Northern Ireland) Act of 1989, and permit independent monitoring of its compliance with those principals.

CERTIFICATION

I, the undersigned, certify that I am authorized to execute this certification on behalf of the Vendor/Bidder, that the foregoing information and any attachments hereto, to the best of my knowledge are true and complete. I acknowledge that the State of New Jersey is relying on the information contained herein, and that the Vendor/Bidder is under a continuing obligation from the date of this certification through the completion of any contract(s) with the State to notify the State in writing of any changes to the information contained herein; that I am aware that it is a criminal offense to make a false statement or misrepresentation in this certification. If I do so, I will be subject to criminal prosecution under the law, and it will constitute a material breach of **my** agreement(s) with the State, permitting the State to declare any contract(s) resulting from this certification to be void and unenforceable.

Requester's name and address (optional)

6 City, state, and ZIP code

DAVIDSON, NC 28036

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN,* later.

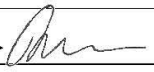
Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

			–			–				

or

Employer identification number



2	5	–	0	9	0	0	4	6	5

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here Signature of U.S. person ▶  Date ▶ 1/4/2022

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9.*

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

RESOLUTION NO. 2026-049

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF COCOA, FLORIDA, AMENDING THE CITY OF COCOA BUDGET FOR FISCAL YEAR 2026; PROVIDING FOR THE REPEAL OF PRIOR INCONSISTENT RESOLUTIONS; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City Council of the City of Cocoa adopted the final budget for the fiscal year commencing on October 1, 2025, and ending on September 30, 2026, at a Special meeting held on September 16, 2025; and

WHEREAS, in accordance with Article XII, Section 5 of the City of Cocoa Charter, whereby the Council may, at any time by resolution, transfer any unused and unencumbered appropriation or portion thereof from one office or department to another; and

WHEREAS, the City Council deems it to be in the best interest of the City of Cocoa to amend its budget as provided in this resolution.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF COCOA, as follows:

SECTION 1. The 2025-2026 fiscal year budget shall be amended as detailed in the attached sheets.

SECTION 2. All prior resolutions or prior resolutions inconsistent with this resolution are hereby repealed to the extent of the conflict.

SECTION 3. This resolution shall become effective immediately upon its adoption by the City Council of the City of Cocoa, Florida.

ADOPTED by the City Council of the City of Cocoa, Florida, in a Regular meeting assembled on the 14TH day of July 2026.

_____
Michael C. Blake, Mayor

ATTEST:

_____
Monica Arsenault, City Clerk

RESOLUTION NO. 2026-050

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF COCOA, FLORIDA; AUTHORIZING THE CITY MANAGER TO APPROVE AND EXECUTE CHANGE ORDERS TO THE PRIMARY CONSTRUCTION CONTRACT AND ANY ADDITIONAL SERVICE CONTRACTS RELATED TO THE COMPLETION OF THE PROJECT REGARDING THE CITY HALL HVAC RENOVATION IN AN AMOUNT NOT TO EXCEED THE TOTAL AMOUNT BUDGETED FOR THE PROJECT BY THE CITY COUNCIL INCLUSIVE OF THE $3,066 CONTINGENCY SET ASIDE FOR THE PROJECT; PROVIDING FOR THE REPEAL OF PRIOR INCONSISTENT RESOLUTIONS; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, section 2-4 of the City Code provides that with respect to construction contracts approved by the City Council, the City Council may authorize by resolution the City Manager to approve change orders to the primary construction contract and any additional service contracts related to the completion of the construction project authorized by the City Council in excess of the spending authority limits under this section provided the amount is within the unexpended construction budget approved by the City Council for the project including any contingency funds approved by the City Council for said contract; and

WHEREAS, on (7/14/2026), the City Council authorized the City Manager to proceed with the (Civic Center Roof Replacement), subject to certain terms and conditions and budget adjustments approved by the City Council; and

WHEREAS, in conjunction with this authorization, the City Council desires to streamline the approval of change orders and any additional service contracts to the extent necessary in order to expedite the construction of the project; and

WHEREAS, the City Council deems it to be in the best interest of the City of Cocoa to authorize the City Manager to approve the aforementioned change orders and any additional service contracts consistent with the terms of this Resolution and Section 2-4 of the City Code even if said amounts exceed the City Manager's general spending authority approved by the City Council.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF COCOA, as follows:

SECTION 1.

(A) Pursuant to Section 2-4 of the City Code, the City Manager is hereby authorized to approve any change orders to the primary construction contract and any additional service contracts related to the construction project regarding the (City Hall HVAC renovations), provided the total amount of approved change orders and any additional service contracts do not cause the construction budget to exceed the total ($283,728) budgeted by the City Council for the project inclusive of the $3,066 contingency amount set aside for the project. This grant of spending authority shall be interpreted and construed in accordance with the provisions of Section 2-4 of the City Code.

(B) Pursuant to Section 2-4 of the City Code, the City Manager shall also provide notice of any such approved change orders and any additional service contracts to the City Council in the form of an agenda item at the next scheduled City Council meeting or as soon as practicable thereafter.

SECTION 2. All prior resolutions or prior resolutions inconsistent with this resolution are hereby repealed to the extent of the conflict.

SECTION 3. This resolution shall become effective immediately upon its adoption by the City Council of the City of Cocoa, Florida.

ADOPTED by the City Council of the City of Cocoa, Florida, in a regular meeting assembled on 7/14/2026.

CITY COUNCIL AGENDA ITEM

Memo Date:	July 2, 2026
Agenda Date:	July 14, 2026
File ID:	2026-559
Prepared By:	Lucilene Ribeiro, Planner
Through:	Stockton Whitten, City Manager
Requested Action:	Approve the First Amendment to the Sanctuary at Cocoa Development Agreement, authorizing the assignment of the Development Agreement from Legacy Villas at Cocoa, LLC to Meritage Homes of Florida, Inc. The amendment transfers all rights, responsibilities, and obligations under the existing Development Agreement to Meritage Homes and does not modify the approved development, development standards, or conditions of approval.

BACKGROUND:

The applicant requests approval of the First Amendment to the Sanctuary at Cocoa Development Agreement. The amendment is administrative in nature and approves the assignment of the Development Agreement from Legacy Villas at Cocoa, LLC, the original developer, to Meritage Homes of Florida, Inc., which will assume all rights, responsibilities, and obligations under the existing Development Agreement. No changes are proposed to the approved development, development standards, project conditions, or permitted uses.

The Sanctuary at Cocoa is a two-phase residential development comprising 249 townhome lots on the east side of Cox Road. The project received a recommendation for approval from the Planning and Zoning Board on April 1, 2026, for the Large Scale Site Plan, Preliminary Plat, and Development Agreement. On May 12, 2026, the City Council approved the Large Scale Site Plan, Preliminary Plat, and Development Agreement. The Development Agreement was subsequently executed and recorded in the Official Records of Brevard County.

Staff has reviewed the proposed First Amendment and finds that it does not alter the previously approved project or affect the City's approved conditions. The amendment simply recognizes Meritage Homes of Florida, Inc. as the successor developer and transfers all obligations under the existing Development Agreement to the new developer.

PRIORITY AREA CONNECTION:

Economic and Community Development

BUDGETARY IMPACT:

N/A

PREVIOUS ACTION:

- April 1, 2026: The Planning & Zoning Board recommended approval of the Large Scale Site Plan, Development Agreement, and Preliminary Plat for the Sanctuary at Cocoa project.
- May 12, 2026: The City Council approved the Large Scale Site Plan, Development Agreement, and Preliminary Plat for the Sanctuary at Cocoa,

RECOMMENDED MOTION:

Staff recommends approval of the First Amendment to the Sanctuary at Cocoa Development Agreement.

THIS INSTRUMENT WAS PREPARED BY:

Meritage Homes of Florida, Inc.

FIRST AMENDMENT TO DEVELOPMENT AGREEMENT

(THE SANCTUARY AT COCOA)

THIS FIRST AMENDMENT TO DEVELOPMENT AGREEMENT (this "**Amendment**") is made and entered into as of June 15, 2026 (the "**Effective Date**"), by and between LEGACY VILLAS AT COCAO LLC, a Florida limited liability company ("**Initial Developer**"), and MERITAGE HOMES OF FLORIDA, INC., a Florida corporation ("**Developer**"), and the CITY OF COCOA, a Florida municipal corporation ("**City**").

RECITALS

A. Initial Developer and City are parties to that certain Development Agreement dated May 12, 2026(the "**Agreement**"), which is applicable to the real property in Brevard County more particularly described herein on **Exhibit "A"** attached hereto. .

B. Initial Developer assigned the Agreement to Developer pursuant to a separate assignment of even date herewith.

C. Under Section 30 of the Agreement, the assignment of the Agreement from Initial Developer to Developer requires the approval of the City by an amendment to the Agreement.

D. City, Developer and Initial Developer desire to amend and supplement the Agreement in accordance with and as provided in this Amendment.

AGREEMENT

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Defined Terms. Initially capitalized terms used and not otherwise defined herein have the meanings given such terms in the Agreement.

2. Assignment Approval. City approves of the assignment of the Agreement from Initial Developer to Developer. From and after the Effective Date, the Developer shall be Meritage Homes of Florida, Inc. ("**Meritage**").

3. Assumption of Developer's Obligations. Meritage hereby assumes all of Developer's obligations under the Agreement and, by signing this Amendment, becomes a formal signatory to the Agreement as the "Developer" thereunder.

4. Notice. Meritage's address for purposes of notices under Section 29 shall be as follows:

Meritage Home of Forida, Inc.
Attn: Jeff Alexander
1395 University Blvd., Suite 300, 3rd Floor
Jupiter FL 33458

5. Miscellaneous. This Amendment may be executed in counterparts and the signature pages combined to constitute one document. Facsimile and electronic signatures shall be deemed to have the same force and effect as original signatures. This Amendment shall govern in the event of conflict with the Agreement. The Agreement, as amended hereby, is ratified and reaffirmed, constitutes the binding obligation of the parties, and remains in full force and effect.

[*signature pages follows*]

IN WITNESS WHEREOF, the parties have executed this Amendment as of the Effective Date.

LIMITED LIABILITY COMPANY AFFIDAVIT

STATE OF FLORIDA)
) SS:
COUNTY OF MIAMI-DADE)

BEFORE ME, the undersigned authority, duly authorized to administer oaths and take acknowledgments, personally appeared Tomas Cabreriza (the "**Affiant**"), not individually but solely in his capacity as a Manager of **LEGACY VILLAS AT COCOA LLC**, a Florida limited liability company (the "**Company**") and who, being by me first duly sworn, deposed and said as follows:

1. That Affiant is one of two Managers of the Company.

2. That Affiant, as a Manager of the Company, has personal knowledge of the business and affairs of the Company and all matters hereinafter stated.

3. The Company owns fee simple title to and is selling that certain real property located in Brevard County, Florida, more particularly described on **Exhibit "A"** attached hereto (the "**Property**").

3. That the management of the Company is vested in the managers of the Company.

4. That each of the Managers of the Company, has the full right, power and authority to execute and deliver deeds, bills of sale, affidavits, assignments, and all other documents that such person deems necessary on behalf of the Company, including, without limitation, all documents necessary to effectuate the closing of the sale of the Property.

5. That the Company has never been a debtor in bankruptcy and there is no current bankruptcy proceeding involving the Company or other insolvency proceeding or similar proceedings for the benefit of creditors.

6. That there has been no dissolution of the Company resulting from transfers of member's interests or otherwise. In fact, the Company is presently in existence and in good standing under the laws of the State of Florida and has not been dissolved as of the date hereof.

7. This affidavit is given to induce First American Title Insurance Company to issue title insurance policies with respect to the Property.

FURTHER AFFIANT SAYETH NAUGHT.

Tomas Calvera, as a Manager of LEGACY VILLAS AT COCOA LLC, a Florida limited liability company

DEVELOPMENT AGREEMENT

(The Sanctuary at Cocoa)

THIS DEVELOPMENT AGREEMENT ("Agreement") is made and entered into this 12 day of May, 2026 (the "Effective Date"), by and between the **CITY OF COCOA**, a Florida municipal corporation located at 65 Stone Street, Cocoa, Florida 32922 ("City"), and **LEGACY VILLAS AT COCOA, LLC**, a Florida limited liability company with a principal address at 3850 Bird Road, Suite 801, Miami, Florida 33146 ("Developer") (collectively, the "Parties").

RECITALS:

WHEREAS, Developer is the owner of approximately 89.54 acres, more or less, of real property with Brevard County Tax Parcel Identification Numbers 24-35-24-00-508, 24-35-24-00-509, and 24-35-24-00-510, more particularly described herein in **Exhibit "A"** (collectively, the "Property"); and

WHEREAS, Developer is seeking to develop a townhome project known as the Sanctuary at Cocoa (the "Project"); and

WHEREAS, pursuant to its Florida Municipal Home Rule Powers and the City of Cocoa Code of Ordinances ("City Code"), Section 15-21, the City Council may approve Development Agreements which waive certain provisions of the City's land development regulations when in the public interest and consistent with the Comprehensive Plan, provided the Developer demonstrates a bona fide need for the variance or waiver and agrees to provide significant enhancements to the Property in exchange for the variance or waiver; and

WHEREAS, through this Development Agreement, the City agrees to waive a portion of the tree mitigation fees which the Developer is required to pay to the City in order to construct the Project, and in consideration for this fee waiver the Developer shall convey a portion of the Property to the City, dedicate an easement for future right-of-way improvements on the Property, and construct other improvements as detailed herein; and

WHEREAS, the City Council finds and declares that this Development Agreement serves a public purpose and serves the public health, safety and welfare of the citizens and visitors of Cocoa, which includes preservation of open space and provision of opportunities for future transportation connections ; and

NOW, THEREFORE, in consideration of the mutual promises and covenants contained herein, and other good and valuable consideration, which the parties agree has been exchanged and received, the parties agree as follows:

1.0 Recitals. The foregoing recitals are true and correct and are hereby incorporated herein by this reference.

2.0 Authority. This Agreement is entered into pursuant to the Florida Municipal Home Rule Powers Act and Section 15-21 of the City Code which expressly authorizes the City Council to waive applicable land development regulations of the City by Development Agreement.

3.0 The Property. The real property subject to this Agreement consists of Brevard County Tax Parcel Identification Numbers 24-35-24-00-508, 24-35-24-00-509, and 24-35-24-00-510, which is legally described in **Exhibit "A,"** attached hereto and fully incorporated herein by this reference (the "Property").

4.0 Project Description and Requirements. Developer shall, at its expense, design, permit, and construct a townhome project not to exceed 249 units, and related infrastructure, facilities, and amenities on the Property, including a community swimming pool and cabana and walking trails, as well as internal sidewalks, a sidewalk along the Property frontage on Cox Road, and an off-site sidewalk along Cox Road commencing at the northern boundary of the Property and terminating at the entrance to the Cocoa Conservation Area, as further described herein. (Hereinafter the project description and requirements are referred to as the "Project").

The supporting infrastructure for the Project shall be constructed in accordance with the Sanctuary at Cocoa Final Engineering/Site Plans approved by the City Council on May 12, 2026, 2026. Developer may construct the Project in two phases in a manner consistent with the approved Final Engineering/Site Plans on file with the City of Cocoa, File No. PZ-25-00100001, and consistent with the requirements contained in this Agreement. For convenience, a copy of the Overall Final Engineering/Site Plan is attached hereto as **Exhibit "B"** and is fully incorporated herein by this reference. The official and controlling copy of the Final Engineering/Site Plan shall be maintained in File No. PZ-25-00100001, which shall govern in all respects, including the resolution of any inconsistencies or conflicts with Exhibit "B." The official copy should be reviewed for the complete and authoritative specifications, requirements, and other content of the Final Engineering/Site Plan.

5.0 Building Elevations and Floor Plans. The buildings and related floor plans for the Project shall be constructed substantially in accordance with the building elevations and floor plans depicted and set forth on **Exhibit "C,"** which is attached hereto and incorporated herein by this reference ("Building Plans"). Aspects of the building façade and roof lines, color scheme, and

architectural features depicted on the building may be adjusted during the City's final review and approval procedures to satisfy the requirements of the City Code.

6.0 Development Schedule and Future Permitting.

A. Phase I. Developer shall be required to apply for a final plat for Phase I of the Project as depicted in the approved Final Engineering/Site Plan within one year of the approval of the preliminary plat in accordance with Section 18-30 of the City Code. Further, the Developer shall receive building permits and substantially commence vertical construction of buildings, which shall at minimum include building foundations, for Phase I of the Project within two (2) years of the Effective Date of this Agreement. City shall not unreasonably withhold its consent to any building permit application, provided such applications are consistent with the provisions of this Agreement.

B. Phase II. The approved Final Engineering/Site Plan depicts Phase II as the southern portion of Bellflower Drive and includes future Lots 187 through 249. Supporting infrastructure, including the southern portion of the private street (Bellflower Drive), sidewalks, and utilities to serve Phase II will not be constructed during the development of Phase I. The Developer has not established a firm development schedule for constructing Phase II. Accordingly, the City Council agrees that approval of the Final Engineering/Site Plan for Phase II shall occur concurrently with Phase I, but that portion of the approved Final Engineering/Site Plan for Phase II shall be valid only for a period of five (5) years from the Effective Date of this Agreement. The Developer shall be required to obtain building permits and substantially commence vertical construction of buildings within Phase II, which shall at minimum include building foundations, prior to the termination of the five-year period following the Effective Date of this Agreement. To the extent that building permits have not been obtained during the five-year period, the Final Engineering/Site Plan approval for Phase II shall be considered null and void. Further, both preliminary and final plat approval shall be required to be obtained for Phase II within the same five-year period. At the time of this Agreement's approval, Phase II shall be included and depicted in the Sanctuary at Cocoa Preliminary Plat as a future development tract only.

7.0. Project Enhancements: Conveyance of Property. In accordance with Section 15-21 of the City Code and in consideration of the waivers granted in Section 8.0 below, the Developer agrees to incorporate the following development enhancements into the Final Engineering/Site Plan and affect conveyance of a portion of the Property to the City of Cocoa as follows:

A. In accordance with Policy 2.1.6.2 of the Transportation Element of the City of Cocoa Comprehensive Plan, the Developer shall construct or cause to be constructed, at its sole cost and expense, an off-site 5' sidewalk extending from the northern boundary of the Property to the entrance of the Cocoa Conservation Area, located at the City of Cocoa's property with Tax Parcel ID No. 24-35-24-00-3. The Developer agrees that, prior to the issuance of the fiftieth (50^{th}) certificate of occupancy for Phase I of the

Project, it shall complete or cause to be completed the sidewalk, which shall be provided in the Final Engineering/Site Plan. The construction contractor and/or the Developer shall be required to provide the City and its officials and employees with a written indemnification and hold harmless agreement in a form subject to approval of the City Attorney. Further, the construction contractor and/or the Developer must provide current certificates of worker's compensation, general liability and automobile insurance as provided in the City's Financial Operations Manual. In performing the sidewalk construction services, the Developer, its contractors or subcontractors shall comply with all applicable federal, state and local laws, ordinances, and regulations, including without limitation providing Worker's Compensation, Unemployment Insurance and Social Security. The contractor and/or the Developer shall be required to post a one (1) year maintenance bond or cash bond, which shall be in an amount not less than ten percent (10%) of the cost of the work, in favor of the City upon the City's acceptance and execution of a bill of sale. The form of said bond shall be subject to approval of the City Attorney.

B. The Developer shall dedicate to the City, via approval of the Phase I final plat, a 25-foot right-of-way easement along the southern boundary of the Property for purposes of future right-of-way expansion. Until the City of Cocoa opens and improves such right-of-way, the dedicated easement area shall be maintained by the Developer, limited to weeding and removing debris, or successor Homeowner's Association.

C. All utilities constructed on the Property including, but not limited to, electric, water, sewer, cable, phone, fiber optics, natural gas and other similar kinds of utilities to service the Property shall be constructed underground unless otherwise necessary to be above ground and approved by the City.

D. The Project shall incorporate the use of energy efficient lighting systems, insulation, energy efficient windows, low-flow water fixtures, and energy efficient HVAC systems.

E. The Developer shall convey, free of charge and free and clear of all liens, mortgages, and other encumbrances that are not reasonably deemed by the City to be permitted exceptions which will interfere with the City's intended purpose and use for the land, a portion of its Property as further described in this Section. The property to be conveyed by the Developer to the City shall consist of:

> The portion of Tax Parcel Identification Numbers 24-35-24-00-509 and 24-35-24-00-510 consisting of the entirety of **Tract E** as depicted on the Sanctuary at Cocoa preliminary plat and Final Engineering/Site Plan, totaling approximately 46.12 acres (the "Conveyance Parcel"). A depiction and description of the Conveyance Parcel is included in the Overall Site Plan attached hereto as **Exhibit "B."**.

The conveyance contemplated herein shall be by special warranty deed in a form acceptable to the city attorney, free from all encumbrances except easements,

reservations, and restrictions acceptable to the City ("Permitted Exceptions") together with all appurtenances pertaining thereto.

The Developer shall initiate the conveyance to the City within thirty (30) days following commencement of land clearing on the Property for purposes of construction. The Developer shall inform the Building Official and City Attorney of the date of commencement of land clearing on the Property for purposes of this Section. To initiate the conveyance, the Developer shall provide the City with a written notice requesting the City to accept conveyance of the property ("Written Notice"). The Written Notice must be accompanied by a survey and legal description, prepared by a duly registered and professional surveyor, of the new parcel that will be conveyed to the City, consisting of property identified in this subsection and consistent with Tract E of "**Exhibit B**." In addition, the Written Notice shall be accompanied by copies of all existing leases, title policies, studies, tests, environmental audits, soil borings results, surveys, reports, warranties, applications, certificates, reservations, agreements, maps, aerials and related materials in its possession relating to the Conveyance Property.

The City shall have twenty (20) days to review the survey and notify the Developer of its acceptance or objection to the proposed legal description of the property to be conveyed.

The Developer shall obtain at the Developer's expense within fifteen (15) days from the City's acceptance of the survey and legal description, a commitment for an ALTA Owner's Title Insurance Policy from a title insurance company ("Title Company") reasonably acceptable to the City, agreeing to insure title to the property in an amount equal to the estimated assessed value of the property to be conveyed, which the parties agree, for purposes of Title Insurance, is two-hundred and fifty thousand dollars ($250,000.00), and subject to: no exceptions other than those matters herein permitted; those which will be discharged prior to or at Closing; and the standard printed exceptions and exclusions from coverage customarily contained in an Owner's Policy from the Title Company. The Developer shall provide the City a copy of the title commitment, accompanied by a copy of each document supporting any exceptions to the title commitment, upon receipt of same. The City shall have twenty (20) days to examine the commitment and tender any objections thereto. At closing, Title Company shall provide the City standard "GAP" coverage in the custom as established by title insurance practices in Florida. Developer will execute a standard form owner's affidavit and such other affidavits as may be reasonably required by the City, the Title Company, or the Closing Agent. Subsequent to closing, Title Company, at the Developer's expense, shall provide an owner's title policy showing title up to and including the recording of the deed delivered at closing, said policy showing the continuation of good and marketable title in the Developer up to the moment of recording the special warranty deed and subject only to the Permitted Exceptions and any matters created at closing. If the title commitment discloses unpermitted exceptions or matters that render the title non-marketable or unacceptable to the City for its

intended purposes and proposed land uses, the Developer, at its option, shall have forty-five (45) days from the date of receiving written notice of defects from the City within which to have the exceptions removed from the commitment or the defects cured to the reasonable satisfaction of the City. In such event, the time of closing shall be thirty (30) days after delivery of the commitment or the time expressly specified in this Agreement, whichever is later. If the Developer fails to have the commitment exceptions removed or the defects cured within the specified time, the City may terminate this Agreement and demand full payment of the Arbor Mitigation Fund Contribution, not to exceed $1,375,325.00, or the City may elect, upon notice to the Developer within ten (10) days after the expiration of the forty-five (45) day curative period, to take title as it then is notwithstanding such exceptions or title defects. Notwithstanding anything herein contained to the contrary, the Developer shall exercise reasonable diligence in the curing of any defects in title, including the payment and discharge of any liens or encumbrances affecting the title status of the property. The Developer shall pay for the cost of recording any necessary curative instruments, the title insurance commitment, and the Owner's policy if issued, and recording of the deed. Each party shall pay their respective attorney's fees. In no event shall the City issue a certificate of occupancy for any structure associated with the Project until closing has occurred or the full payment of the Arbor Mitigation Fund Contribution is received by the City.

Developer shall prepay taxes for the year of closing pursuant to Section 196.295, Florida Statutes, and all special assessments which have been levied or certified prior to closing must be paid in full by Developer.

Developer warrants to the City that to the knowledge of the warranting party the Conveyance Parcel does not currently contain any Hazardous Substances in violation of any applicable environmental laws or regulations, including but not limited to Section 103 of the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. '9601 et seq., any "superlien" laws, any superfund laws, or similar federal or state laws, or any successor statutes thereto ("Environmental Laws"), nor to the warranting party's knowledge has any clean-up of the Conveyance Parcel occurred pursuant to the Environmental Laws which could give rise to liability to reimburse any governmental authority for the costs of such clean-up nor a lien or encumbrance on the Conveyance Parcel.

The City agrees that should the Developer abandon the Project after final site plan approval and conveyance of the above-described property, but prior to completion of construction and issuance of certificates of occupancy, the Developer's successors or assigns shall be permitted to apply the acreage of the above-described property if already conveyed to the City for purposes of calculating density, floor area ratio, and maximum impervious surface or lot coverage, provided that, absent a written modification to this Agreement approved by the City Council, such calculations shall not be increased beyond that proposed in the final site plan and as provided in this Agreement for purposes of future development.

8.0 Arbor Mitigation Fund Contribution. Tree removals, tree preservation, and tree replacements shall be in accordance with the approved Final Engineering/Site Plan. It is anticipated that all tree removals proposed on the Property (including Phase II) shall occur during Phase I, but tree replacements planned for Phase II will not be planted until Phase II construction occurs. Accordingly, with respect to tree replacement, the Developer shall be required in Phase I to plant at least __4086_____ inches of new trees, with the remaining __867____ inches to be planted in Phase II. All required tree replacements in Phase I common area tracts shall be planted prior to the issuance of the 100th certificate of occupancy for any building or structure in Phase I. A Landscape Performance and Maintenance Bond in a form acceptable to the City Attorney ensuring planting, installation and maintenance of all required replacement trees and landscaping should the Project or any individual Phase be abandoned after the Property has been cleared, including proper maintenance of the trees for two (2) years after planting, shall be delivered to the City prior to the commencement of any land clearing on the Property. Given the phased nature and lengthy duration of the Project, the Landscape Performance and Maintenance Bond must have a duration that is automatically extended, without notice to the surety, for successive periods until all landscaping requirements have been completed or be provided in a similar form acceptable to the City Attorney. The Landscape Performance and Maintenance Bond will terminate as to individual lots as lots are transferred by sale and will terminate as to common area tracts upon transfer of the common area tracts to the HOA.

Tree replacements and landscaping for the Project shall be subject to the obligation of ongoing maintenance and replacement for the first two years following planting, at the Developer's expense, if the City determines, after reasonable inspection, that any tree or landscaping has become severely diseased or damaged to the point that the viability of the tree or landscaping has been significantly compromised. In the event that Developer fails to perform the necessary maintenance, repairs or replacements of any of the trees or landscaping, the City shall have the right, but not obligation, to conduct said maintenance, repairs or replacements and recover the actual cost thereof from the Developer. Prior to exercising that right, the City shall provide the Developer written notice and an explanation of the specific default and at least thirty (30) days in which to cure the default. If Developer fails to cure the default by the end of the cure period, the City may exercise its rights to maintain and replace at any time thereafter.

Developer and the City agree that Developer shall pay to the City, prior to the commencement of any tree removal on the Property, $550,000 of the Developer's Arbor Mitigation Fund Contribution for the tree removals on the Property that will not be replaced in consideration of the Conveyance Parcel .

If the Developer fails to obtain building permits and substantially commence vertical construction of Phase I of the Project within the aforesaid two (2) year timeframe, or fails to satisfy any of the conditions of this Section, the City shall have the right to declare the Developer in default pursuant to the terms of this Agreement. If the Developer does not cure the default within the designated cure period, the City shall have the right, but not obligation to, terminate this Agreement without penalty and/or immediately take any and all actions necessary to collect the entire Arbor Mitigation Fund Contribution, to the extent the trees have been removed, not to exceed $1,375,325.00.

8.0 **Representations of the Parties.** The Parties hereby each represent and warrant to the other that it has the power and authority to execute, deliver and perform the terms and provisions of this Agreement and has taken all necessary action to authorize the execution, delivery and performance of this Agreement. This Agreement will, when duly executed and delivered by the Parties, constitute a legal, valid and binding obligation enforceable against the Parties hereto. Developer represents that it has voluntarily and willfully executed this Agreement for purposes of binding himself and the Property to the terms and conditions set forth in this Agreement.

9.0 **Successors and Assigns.** This Agreement shall automatically be binding upon and shall inure to the benefit of the City and Developer and their respective successors and assigns. The terms and conditions of this Agreement similarly shall be binding upon the Property and shall run with title to the same upon being duly recorded against the Property by the City.

10.0 **Applicable Law; Venue.** This Agreement shall be governed by and construed in accordance with the laws of the State of Florida. The venue of any litigation arising out of this Agreement shall be in Brevard County, Florida or in the event of a federal court action, in the Middle District of Florida, in Orlando, Florida.

11.0 **Amendments.** This Agreement shall not be modified or amended except by written agreement duly executed by all parties hereto (or their successors or assigns) and approved by the City Council.

12.0 **Entire Agreement; Exhibits.** This Agreement and all attached exhibits hereto supersede any other agreement, oral or written, regarding the Property and contain the entire agreement between the City and Developer as to the subject matter hereof. The Exhibits attached hereto and referenced herein are hereby fully incorporated herein by this reference.

13.0 **Severability.** If any provision of this Agreement shall be held to be invalid or unenforceable to any extent by a Court of competent jurisdiction, the same shall not affect in any respect the validity or enforceability of the remainder of this Agreement.

14.0 **Effective Date.** This Agreement shall become effective upon approval by the City Council and execution of this Agreement by all Parties hereto.

15.0 **Recordation.** Upon full execution by the Parties, this Agreement shall be recorded in the Public Records of Brevard County, Florida by the City.

16.0 **Relationship of the Parties.** The relationship of the Parties to this Agreement is contractual and Developer is an independent contractor or an agent of the City. Nothing herein shall be deemed to create a joint venture or principal-agent relationship between the Parties, and none of the Parties is authorized to, nor shall any Party act toward third persons or the public in any manner, which would indicate any such relationship with the other.

17.0 **Sovereign Immunity.** Notwithstanding any other provision set forth in this Agreement, nothing contained in this Agreement shall be construed as a waiver of the City's right to sovereign immunity under Section 768.28, Florida Statutes, or other limitations imposed on the City's potential liability under state or federal law.

20.0 **City's Police Power.** Developer agrees and acknowledges that the City hereby reserves all police powers granted to the City by law. In no way shall this Agreement be construed as the City bargaining away or surrendering its police powers.

21.0 **Interpretation.** The Parties hereby agree and acknowledge that they have all participated equally in the drafting of this Agreement and no party shall be favored or disfavored regarding the interpretation to this Agreement in the event of a dispute between the parties.

22.0 **Third-Party Rights.** This Agreement is not a third-party beneficiary contract and shall not in any way whatsoever create any rights on behalf of any third party.

23.0 **Attorney's Fees.** In connection with any arbitration or litigation arising out of this Agreement, each party shall be responsible for their own attorney's fees and costs, except that Developer shall promptly pay to the City all costs and expenses of collection, including reasonable attorneys' fees, with respect to any part of the Arbor Mitigation Fund Contribution herein required by Developer to be paid, which may be sustained or incurred by the City, after the date the same or any part thereof, becomes due.

24.0 **Development Permits.** Nothing herein shall limit the City's authority to grant or deny any development permit applications or requests subsequent to the effective date of this Agreement. The failure of this Agreement to address any particular City, County, State and/or Federal permit, condition, term or restriction shall not relieve any Party of the necessity of complying with the law governing said permitting requirement, condition, term or restriction. Without imposing any limitation on the City's police powers, the City reserves the right to withhold issuance of any and all certificates of occupancy for any building, trailer, structure or unit if Developer is in breach of any term and condition of this Agreement beyond the expiration of all applicable notice and cure periods hereunder.

25.0 **Default.** Failure by either party to perform each and every one of its obligations hereunder shall constitute a default, entitling the non-defaulting party to pursue whatever remedies are available to it under Florida law or equity including, without limitation, injunctive relief and termination of this Agreement. Prior to any Party filing any action as a result of a default under this Agreement, the non-defaulting party shall first provide the defaulting party with written notice of said default. Upon receipt of said notice, the defaulting Party shall be provided a thirty (30) day opportunity in which to cure the default to the reasonable satisfaction of the non-defaulting party prior to filing said action; provided, however, that if the nature of the default is such that it cannot reasonably be cured within thirty (30) days, then the cure period shall be deemed extended so long as the defaulting Party commences the cure thereof within

such period and thereafter diligently pursues such cure to completion.

26.0 Termination. In addition to those circumstances allowing termination as already provided herein, the City shall have the unconditional right, but not obligation, to terminate this Agreement, without penalty, if Developer fails to receive a building permit and commence vertical construction of Phase I of the Project, which shall at minimum include building foundation(s), within two years of the Effective Date of this Agreement. In addition, the City shall have the right, but not obligation, to terminate the Agreement if Developer permanently abandons construction of the Project. Provided, however, that in either of these circumstances, the City shall first deliver written notice and an opportunity to cure to the Developer as set forth in Section 25.0. If the City terminates this Agreement, the City shall record a notice of termination against the Property in the public records of Brevard County, Florida. This Agreement may otherwise be terminated by mutual written agreement of the Parties.

27.0 Indemnification and Hold Harmless. As between the City and Developer, Developer shall be solely responsible for designing, permitting, constructing, operating and maintaining this Project. As such, Developer hereby agrees to indemnify, release, and hold harmless the City and its elected officials, employees and attorneys from and against all claims, losses, damages, personal injuries (including, but not limited to, death), or liability (including reasonable attorney's fees and costs through all appellate proceedings), directly or indirectly arising from, out of, or caused by Developer and Developer's contractor's and subcontractor's performance of design, permit and construction activities in furtherance of constructing the Project under this Agreement and the operation and maintenance of the Project thereafter; provided, however, that the foregoing indemnification obligation shall not include matters resulting from the acts or omissions of the City, nor the gross negligence or willful misconduct of the City. This indemnification shall survive the termination of this Agreement.

28.0 Force Majeure. The parties agree that in the event that the failure by either party to accomplish any action required hereunder within a specified time period ("Time Period") constitutes a default under the terms of this Agreement and, if any such failure is due to acts of God, acts of government authority (other than the City's own acts, if the City is claiming the benefit of this Section 28.0), acts of public enemy or war, riots, civil disturbances, power failure, shortages of labor or materials, pandemics, quarantines and "stay-at- home" orders not including COVID-19 (other than the City's own acts, if the City is claiming the benefit of this Section 28.0), injunction or other court proceedings beyond the control of such party, or severe adverse weather conditions ("Force Majeure Event"), then, notwithstanding any provision of this Agreement to the contrary, that failure shall not constitute a default under this Agreement and any Time Period proscribed hereunder shall be extended by the amount of time that such party was unable to perform solely due to the Force Majeure Event. The extended time period shall be agreed to in writing by the parties and said agreement shall not be unreasonably withheld by either party. The City Manager shall have the authority to grant an extended Time Period. An extension of any Time Period for reasons of a Force Majeure Event shall be requested solely as provided in this Section. Developer hereby waives and relinquishes the right to notify the City of the intent to exercise the tolling and extension of any permit related to the Project, including Time Periods under this Agreement, development orders, and building permits, available under Section

252.363, Florida Statutes, as the result of a declaration of a state of emergency issued by the Governor for a natural emergency.

29.0 **Notice.** Whenever either party desires to give notice to the other, notice shall be sent by hand delivery or certified mail, return receipt requested, and shall be sent to:

To the City:
City of Cocoa
Attn: Stockton Whitten, City Manager
65 Stone Street
Cocoa, Florida 32922

To the Developer:
Legacy Villas at Cocoa LLC
Attn: Tomas Cabrerizo
3850 Bird Road, Suite 801
Miami, FL 33246

Any Party may freely modify their respective contact person and address contained in this Paragraph by providing written notice of the modification to the other party. Any Notice given as provided herein shall be deemed received as follows: if delivered by personal service, on the date so delivered; and if mailed, on the third business day after mailing.

30.0 **Assignment.** Prior to completing the construction of the Project and reaching final build-out of the Project (as evidenced by issuance of a certificate of occupancy for the Project), Developer shall not assign this Agreement without the prior written consent of the City, and same shall not to be unreasonably withheld. Any such assignment shall also require the written approval of the City by amendment to this Agreement, but which shall not require a public hearing and shall not be unreasonably withheld. Notwithstanding the foregoing, Developer shall be entitled to assign its rights and obligations under this Agreement, at any time and without the prior written consent of the City, to (a) a parent, subsidiary, or affiliated entity in which Developer or its affiliates are members or interest holders without City consent, or (b) any tenant of the Project pursuant to a lease entered into with the Developer, provided that the City is given notice of such assignment in accordance with Section 29.0 herein. Any assignment authorized by this subparagraph shall require the assignee to be a formal signatory to this Agreement and fully assume all of Developer 's obligations, commitments, representations, and warranties under this Agreement. In any assignment, the rights and obligations contained herein shall be binding on successors in interest to the Property, and the terms and conditions of this Agreement shall bind and inure to the benefit of the parties hereto and any respective successors and assigns. Upon any such assignment, Developer shall be automatically released from all of its obligations and liabilities under this Agreement.

31.0 **Compliance with Laws; Planning & Zoning Board Site Plan Conditions.** As between the City and Developer, Developer shall be responsible for complying with all applicable laws, ordinances, rules, regulations, and lawful orders of any public authority regarding the construction, location and continued operation of its business within the City of Cocoa. As between the City and Developer, Developer shall also be responsible for complying with all conditions of Site Plan approval imposed by the City

Council which are not contrary to this Agreement.

32.0 **Waiver.** No failure to insist on the prompt performance by Developer of its obligations under this Agreement shall be construed as a waiver by the City of its rights to demand performance. Further, any waiver by the City of any breach or violation of Developer's obligations under this Agreement shall not be construed as a continuing waiver or consent to any subsequent breach or violation or impede the City's ability to enforce the terms of this Agreement.

FLOOR PLAN NOTES:

1. THE FOLLOWING KEYNOTES REFERENCE THE SYMBOLS AS SHOWN ON PLANS
1 FLUSH TAPE OF FINISHES
2 LINE OF OVERHEAD GARAGE DOOR IN OPEN POSITION
3 SLOPE GARAGE FLOOR 1/4" PER FOOT TOWARD OVERHEAD GARAGE DOOR OPENING
4 36" HIGH BOLLARD
5 STAIR PER GOVERNING CODE
6 2x4 VERT. BOARD CLOSURE UNDER STAIR
7 SINK W/GARBAGE DISPOSAL
8 DISHWASHER
9 RANGE W/HOOD OR MICRO ABOVE
10 REFRIGERATOR
11 BASE CABINETS
12 UPPER CABINETS
13 PANTRY - (4) 12" D. SHELVES
14 HALF-WALL 4'-0" A.F.F. W/ CO-LAM TOP PER PLAN
15 OPTIONAL UPPER CABINETS
16 OPTIONAL CABINETS
17 PEDESTAL SINK
18 TILE SHOWER W/EXPOSED PLUMB ENCLOSURE
19 30" X 60" TUB/SHOWER
20 LINEN SHELVES
21 WASHER SPACE W/ DRAIN PAN BELOW. PROVIDE DRAIN PAN TO EXTERIOR
22 DRYER SPACE W/ VENT TO EXTERIOR
23 STACKED WASHER/DRYER
24 OPTIONAL LAUNDRY SINK
25 HANGER ROD
26 ROD & SHELF
27 ATTIC ACCESS (22"x30" U.N.O.)
28 ATTIC ACCESS W/ STAIRS (25"x54" U.N.O.)
29 GYPSUM BOARD CEILING
30 OPTIONAL PRE-PLUMB FOR LAUNDRY SINK
31 OPTIONAL CUPBOARD (TYP. UNLESS NOTED PER PLAN)
32 2x4 LOW WALL W/ GYPSUM BOARD & WOOD CAP - 42" HT. MIN.
33 2x4 LOW WALL 42" A.F.F.
34 NA
35 LOW WALL 30 1/2" A.F.F.
36 NO
37 SOFFIT OR BEAM ABOVE. REFER TO STRUCTURAL & EXTERIOR ELEVATIONS FOR HEIGHTS & FINISHES
38 PLANT SHELF
39 NA
40 LINE OF FRAMING ABOVE.
41 LINE OF FRAMING WALL BELOW
42 MASONRY, SEE EXTERIOR ELEVATIONS
43 HANDRAIL AT 34" ABV. STAIR NOSING OR LANDING - PER CODE - ALSO REFER TO STAIR SECTIONS
44 COORD. PLUMBING SUPPLY & VENT IN FRAME OR MASONRY WALL
45 COORD. TOILET SUPPLY, DWV IN MASONRY WALL OR THROUGH FLOOR
46 NA
47 INSTALL 10" DVP AT WALL & 6" CELLBOX OF ACCESSIBLE AREAS UNDER STAIRS
48 INSTALL 10" DVP. BD. ON GARAGE SIDE OF WALL BETWEEN GARAGE & LIVING. INSTALL 60" TYPE 'X' GYP. BD. ON GARAGE CEILING AT AREA W/ HABITABLE LIVING ABOVE AND GARAGE
49 DRAFTSTOPPING, SEE DETAIL SHEET 5
GENERAL PLAN NOTES:
ALL INTERIOR DOORS ARE 6'-8" HEIGHT
DOOR WIDTHS - 24" PAIRS, 28" 2'-4", ETC.
GARAGE DOORS SHALL BE SOLID CORE DOOR.
6 MIN. 1/4" THICK WELDSER.
WINDOWS MARKED WITH AN * MUST MEET EMERGENCY ESCAPE AND RESCUE (E.E.R.) REQUIREMENTS. WINDOW SUPPLIER TO VERIFY AT LEAST ONE WINDOW IN ALL BEDROOMS MEETS (E.E.R.) REQUIREMENTS.
FOR ADDITIONAL INFORMATION SEE GENERAL NOTES, TYPICAL FINISH MATERIAL SPECIFICATIONS, WALL SECTIONS AND DETAILS.
PLUMBING NOTE: OFFSET ALL PLUMBING VENTS, DRYER VENTS, AND BATH FAN EXHAUST MIN. 5'-0" FROM CENTER LINE OF PARTY WALL TO AVOID PENETRATING FIRE RESISTANT ROOF SHEATHING

FALL PROTECTION

IN DWELLING UNITS, WHERE THE TOP OF THE SILL OF AN OPERABLE WINDOW OPENING IS LOCATED LESS THAN 24 INCHES (610 MM) ABOVE THE FINISHED FLOOR AND GREATER THAN 72 INCHES (1829 MM) ABOVE THE FINISHED GRADE OR OTHER SURFACE BELOW ON THE EXTERIOR OF THE BUILDING, THE OPERABLE WINDOW SHALL COMPLY WITH ONE OF THE FOLLOWING:

1. OPERABLE WINDOWS WITH OPENINGS THAT WILL NOT ALLOW A 4-INCH-DIAMETER (102 MM) SPHERE TO PASS THROUGH THE OPENING WHERE THE OPENING IS IN ITS LARGEST OPENED POSITION.
2. WINDOW OPENING CONTROL DEVICES SHALL COMPLY WITH ASTM F2090.

THE WINDOW OPENING CONTROL DEVICE, AFTER OPERATION TO RELEASE THE CONTROL DEVICE ALLOWING THE WINDOW TO FULLY OPEN, SHALL NOT REDUCE THE NET CLEAR OPENING AREA OF THE WINDOW UNIT.

GENERAL NOTES

ALL INTERIOR DOORS ARE 6'-8" HEIGHT

DOOR WIDTH DESIGNATIONS: 28" = 2'-0", 30" = 2'-6", ETC.

GARAGE DOOR(S) SHALL BE SOLID CORE DOOR, A MIN. 1 3/8" THICK, W/ CLOSER

WINDOWS MARKED WITH AN * MUST MEET EMERGENCY ESCAPE AND RESCUE (E.E.R.) REQUIREMENTS. WINDOW SUPPLIER TO VERIFY AT LEAST ONE WINDOW IN ALL BEDROOMS MEETS (E.E.R.) REQUIREMENTS

FOR ADDITIONAL INFORMATION SEE GENERAL NOTES, TYPICAL FINISH MATERIAL SPECIFICATIONS, WALL SECTIONS AND DETAILS.

PLUMBING NOTE: OFFSET ALL PLUMBING VENTS, DRYER VENTS, AND EXTERIOR FAUCET 16" MIN. FROM CENTER LINE OF PARTY WALL TO AVOID PENETRATING FIRE RESISTANT ROOF SHEATHING

FALL PROTECTION

IN DWELLING UNITS, WHERE THE TOP OF THE SILL OF AN OPENABLE WINDOW OPENING IS LOCATED LESS THAN 24 INCHES (610 MM) ABOVE THE FINISHED FLOOR AND GREATER THAN 72 INCHES (1829 MM) ABOVE THE FINISHED GRADE OR OTHER SURFACE BELOW ON THE EXTERIOR OF THE BUILDING, THE OPERABLE WINDOW SHALL COMPLY WITH ONE OF THE FOLLOWING:

- OPERABLE WINDOWS WITH OPENINGS THAT WILL NOT ALLOW A 4-INCH-DIAMETER (102 MM) SPHERE TO PASS THROUGH THE OPENING WHERE THE OPENING IT IN ITS LARGEST OPENED POSITION.
- WINDOW OPENING CONTROL DEVICES (R312.1) COMPLY WITH ASTM F2090.

THE WINDOW OPENING CONTROL DEVICE, AFTER OPERATION TO RELEASE THE CONTROL DEVICE, ALLOWING THE WINDOW TO FULLY OPEN, SHALL NOT REDUCE THE NET CLEAR OPENING AREA OF THE WINDOW UNIT

DIVISION 01 - GENERAL REQUIREMENTS:

1. THE FOLLOWING GENERAL CODE + RESIDENTIAL SPECIFIC REQUIRES ADOPTED AUTHORITIES, FACILITIES, AND PATTERNS BUILDING AND ALL WORKERS & SUPERVISORS FOR CODES, FIRE HOUSING, REFERRED (THE "CODE") APPLIES TO ALL CONSTRUCTION ACTIVITIES (THE "WORK") OF A NATURE AND WHICH INCLUDED BY BUILD CONSTRUCTION, DRAWINGS, SPECIFICATIONS, ADDENDA, ETC. (THE "DOCUMENTS") OF THE STRUCTURE, BUILDING, AND/OR SITE (THE "PROJECT", AND "SITE") AS SPECIFICALLY DESIGNATED HEREIN OR ON THE DRAWINGS OR (THE "WORK AREA") WITHIN/OR WITHIN THE GENERAL CONTRACTOR (THE "CONTRACTOR" OR "SUCH") SHALL VISIT ALL FIELD MEASUREMENTS BEFORE COMMENCEMENT OF WORK AND BRING ANY DISCREPANCIES BETWEEN CODE REQUIREMENTS AND THE CONSTRUCTION DOCUMENTS TO THE ATTENTION OF THE ARCHITECT/ENGINEER. ALL CHANGES AS MECHANICAL, ELECTRICAL, AND PLUMBING IMPLEMENTATIONS OR MODIFICATIONS TO CONSTRUCTION MUST TRADE CONTRACTORS (THE "CONTRACTORS") SHALL MAINTAIN ALL WORK IN ACCORDANCE WITH ANY AND ALL APPLICABLE CODES STANDARDS & EFFECTS AT THE TIME OF CONSTRUCTION.
2. NON-PERFORMING SHALL APPLY WHERE REQUIRED ALONG THE COURSE OF THE WORK AS IT APPLIES TO VARIOUS SAFETY CONSTRUCTION SHALL ENCOMPASS A "SAFETY DISCIPLINE" OR "SAFETY POINT OF CONTACT" AND SHALL BE RESPONSIBLE FOR ALL OSHA SAFETY REQUIREMENTS WITHIN CONSTRUCTION FAILURE REQUIREMENTS IN ANY WAY REVIEWED THE ARCHITECT/ENGINEER OF RECORD TO BE RESPONSIBLE FOR ANY ASPECT OF SAFETY DURING CONSTRUCTION OR TO ENSURE THAT THE CONTRACTOR FOLLOWS VARIOUS SAFETY REGULATIONS MAY BE APPLICABLE.
3. ALL WORK SHALL BE IN CONFORMANCE WITH ALL FEDERAL, STATE AND LOCAL CODES AND APPLICABLE REGULATIONS/CODES & INDUSTRY STANDARDS OF GOOD PRACTICE
4. ALL MATERIALS SHALL BE AS SPECIFIED HEREIN GIVEN TO AND STORED AND INSTALLED TO A WORKMANLIKE MANNER IN ACCORDANCE WITH APPLICABLE CODES, MANUFACTURER'S RECOMMENDATIONS, & INDUSTRY STD OF GOOD PRACTICE. THE CONTRACTOR SHALL WARRANT THE WORKMANSHIP AND MATERIALS IN ANY AND ALL WORK, FREE AND CLEAR OF ALL DEFECTS FOR A PERIOD OF ONE YEAR FROM THE DATE OF FINAL ACCEPTANCE OF THE WORK BY THE OWNER. ANY WORK FOUND TO BE DEFECTIVE DURING THIS PERIOD SHALL BE REPAIRED OR REPLACED AT NO ADDITIONAL COST TO THE OWNER.
5. ALL WORK SHALL BE IN CONFORMANCE WITH ALL FEDERAL, STATE AND LOCAL CODES AND APPLICABLE REGULATIONS & INDUSTRY STANDARDS OF GOOD PRACTICE
6. ALL MATERIALS SHALL BE AS SPECIFIED HEREIN GIVEN TO AND STORED AND INSTALLED TO A WORKMANLIKE MANNER IN ACCORDANCE WITH APPLICABLE CODES, MANUFACTURER'S RECOMMENDATIONS, & INDUSTRY STD OF GOOD PRACTICE. THE CONTRACTOR SHALL WARRANT THE WORKMANSHIP AND MATERIALS IN ANY AND ALL WORK, FREE AND CLEAR OF ALL DEFECTS FOR A PERIOD OF ONE YEAR FROM THE DATE OF FINAL ACCEPTANCE OF THE WORK BY THE OWNER. ANY WORK FOUND TO BE DEFECTIVE DURING THIS PERIOD SHALL BE REPAIRED OR REPLACED AT NO ADDITIONAL COST TO THE OWNER.
7. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL CONSTRUCTION MEANS, METHODS, TECHNIQUES, SEQUENCES AND PROCEDURES AND FOR COORDINATING ALL PORTIONS OF THE WORK UNDER THE CONTRACT. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL SAFETY PRECAUTIONS AND PROGRAMS IN CONNECTION WITH THE WORK. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL DAMAGE TO PROPERTY AND INJURY TO PERSONS RESULTING FROM NEGLIGENCE IN THE PERFORMANCE OF THE WORK. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL DAMAGE TO PROPERTY AND INJURY TO PERSONS RESULTING FROM NEGLIGENCE IN THE PERFORMANCE OF THE WORK. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL DAMAGE TO PROPERTY AND INJURY TO PERSONS RESULTING FROM NEGLIGENCE IN THE PERFORMANCE OF THE WORK.
8. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL DAMAGE TO PROPERTY AND INJURY TO PERSONS RESULTING FROM NEGLIGENCE IN THE PERFORMANCE OF THE WORK.
9. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL DAMAGE TO PROPERTY AND INJURY TO PERSONS RESULTING FROM NEGLIGENCE IN THE PERFORMANCE OF THE WORK.
10. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL DAMAGE TO PROPERTY AND INJURY TO PERSONS RESULTING FROM NEGLIGENCE IN THE PERFORMANCE OF THE WORK.
11. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL DAMAGE TO PROPERTY AND INJURY TO PERSONS RESULTING FROM NEGLIGENCE IN THE PERFORMANCE OF THE WORK.
12. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL DAMAGE TO PROPERTY AND INJURY TO PERSONS RESULTING FROM NEGLIGENCE IN THE PERFORMANCE OF THE WORK.
13. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL DAMAGE TO PROPERTY AND INJURY TO PERSONS RESULTING FROM NEGLIGENCE IN THE PERFORMANCE OF THE WORK.
14. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL DAMAGE TO PROPERTY AND INJURY TO PERSONS RESULTING FROM NEGLIGENCE IN THE PERFORMANCE OF THE WORK.
15. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL DAMAGE TO PROPERTY AND INJURY TO PERSONS RESULTING FROM NEGLIGENCE IN THE PERFORMANCE OF THE WORK.
16. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL DAMAGE TO PROPERTY AND INJURY TO PERSONS RESULTING FROM NEGLIGENCE IN THE PERFORMANCE OF THE WORK.
17. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL DAMAGE TO PROPERTY AND INJURY TO PERSONS RESULTING FROM NEGLIGENCE IN THE PERFORMANCE OF THE WORK.
18. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL DAMAGE TO PROPERTY AND INJURY TO PERSONS RESULTING FROM NEGLIGENCE IN THE PERFORMANCE OF THE WORK.
19. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL DAMAGE TO PROPERTY AND INJURY TO PERSONS RESULTING FROM NEGLIGENCE IN THE PERFORMANCE OF THE WORK.
20. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL DAMAGE TO PROPERTY AND INJURY TO PERSONS RESULTING FROM NEGLIGENCE IN THE PERFORMANCE OF THE WORK.

DIVISION 01 - CONSTRUCTION ADMIN PROCEDURES:

1. PROJECT COORDINATION
   1.1. GC SHALL PARTICIPATE IN A CONSTRUCTION ADMINISTRATION KICK-OFF MEETING WITH OWNER REPRESENTATIVE AND PERSON TEAM TO DEVELOP AND MAINTAIN A SYSTEM OF SCHEDULE AND DISTRIBUTION OF
      1.1.1. PROJECT RESPONSIBILITY
      1.1.2. PROJECT MEMOS AND EMAILS
      1.1.3. SUBMITTALS AND SHOP DRAWINGS
      1.1.4. REQUESTS FOR INFORMATION
      1.1.5. TEST SYSTEMS
      1.1.6. SCHEDULE AND REPORTS
   1.2. GC SHALL PROVIDE AND MAINTAIN A.A. COORDINATION DIVISION DURING CONSTRUCTION TO ENSURE ALL RELEVANT OWNERS REQUIRED ON THE PROJECT ARE COMMUNICATED TO ALL TRADES, SUBCONTRACTORS, SUPPLIERS AND ANY THIRD PARTY PROJECT TEAM MEMBERS
2. SUBMITTALS AND SHOP DRAWINGS
   2.1. SHOP DRAWINGS ARE REQUIRED FOR SHEET METAL DUCT AND SPECIALIZED EQUIPMENT. SHOP DRAWINGS SHALL BE SUBMITTED BY THE GC FOR REVIEW FOR CONFORMANCE WITH THE DESIGN CONCEPT OF THE WORK, IN ADDITION, THE DRAWINGS OR ANY MEANS OR METHODOLOGY THE CONTRACTORS SHALL BE SHOWN TO PERFORM IN CONFORMANCE WITH ALL MANUFACTURERS SPECS AND RECOMMENDATIONS.
   2.2. GC SHALL PREPARE A LIST AND USE OF MANUFACTURER SUBMITTALS AND SHOP DRAWINGS REQUIRED SHALL BE SUBMITTED BY THE GC FOR REVIEW AS PER THE CONTRACT AGREEMENT PRIOR TO THE START OF CONSTRUCTION LIST AND USE SHALL BE SEQUENCED TO ENSURE/AVAILABLE ARE RECEIVED AND BE SHOWN WITH BY GC SUBCONTRACTOR DESCRIPTION WORK

DIVISION 01 - CONSTRUCTION ADMIN PROCEDURES (CONT'D):

   2.3. ALL SUBMITTALS AND SHOP DRAWINGS SHALL BE REVIEWED BY OWNER/ARCHITECT A MINIMUM OF TEN WORKING DAYS PRIOR TO THE DATE OF INSTALLATION. ANY SUBMITTALS RECEIVED FROM SOURCES OF INCOMPLETE, INCORRECT OR LATE DATA WILL BE AT GC'S EXPENSE FOR REVIEW TIME EXCEEDS INCLUDED
3. REQUESTS FOR INFORMATION (RFIS)
   3.1. ALL RFIS FROM FIELD SHALL BE ROUTED TO THE OWNER AND ARCHITECT BY GC ALONE. RFIS RECEIVED DIRECTLY FROM SUBCONTRACTORS OR TRADES TO ARCHITECT/ENGINEER WILL NOT BE ANSWERED OR REVIEWED.
   3.2. RFIS SHALL BE SUBMITTED IN AN RFI TEMPLATE AGREED BY THE OWNER AT THE START OF THE PROJECT. ANY OTHER QUESTIONS, PHONE CONVERSATIONS, EMAILS, OR OTHER CORRESPONDENCE WILL BE CONSIDERED INFORMAL AND NOT BE A PART OF THE CONTRACT DOCUMENTS UNTIL AN OFFICIAL RFI IS ISSUED.
   3.3. GC SHALL REVIEW, AND MAINTAIN A LIST AND LOG OF RFIS INCLUDING SUBMIT, RESPONSE, STATUS, AND FOR THE DURATION OF THE PROJECT.
4. FIELD SKETCHES
   4.1. IN THE EVENT OF A FIELD CLARIFICATION SKETCH IS THE DOCUMENTS, WE MAY BE ASKED TO PREPARE A FIELD SKETCH THAT ILLUSTRATES THE DESIRED ALTERED APPROACH TO CONSTRUCTION. GC IS RESPONSIBLE FOR ENSURE THIS SKETCH VIA EMAIL OR ELECTRONIC TRANSMISSION TO THE OWNER/ARCHITECT FOR REVIEW PRIOR TO CONSTRUCTING THE ALTERED DETAIL OR ASSEMBLY.
   4.2. ANY FIELD SKETCHES MAY BECOME REVISED DETAILS OR PLANS TO THE CONSTRUCTION IN THE FORM OF CHANGE DIRECTIVES. THESE REVISIONS ARE CONSIDERED AN OFFICIAL PART OF THE CONTRACT DOCUMENTS ONCE SIGNED AND ALL GC'S CONTRACT TERMS AND RESPONSIBILITIES WILL THEN APPLY. DEVIATION FROM A FIELD SKETCH SHALL BE CONSIDERED FRAME TO DEVIATING FROM THE CONTRACT DRAWINGS OR SPECIFICATIONS
   4.3. ARCHITECTS/ENGINEERS GENERAL PRACTICE SHALL BE TO INCLUDE FIELD SKETCHES ON FULL DETAIL PITCHED DRAWINGS AS A LAYER BACK FOR THE PURPOSE OF DOCUMENTATION FOR CODE AND INSPECTION PURPOSES. SEE DETAIL FOR DRAWING REVISIONS AND DELTAS
5. DRAWINGS AND SPECIFICATIONS
   5.1. ARCHITECT/ENGINEER WILL RELEASE REVISED DRAWINGS AT PCC AND CHANGE, TRACE OF THE CONSTRUCTION CHANGE AS REQUIRED FOR ACCEPTANCE.
      5.1.1. LOCKUP PRO
      5.1.2. LOCKUP PRO
      5.1.3. ARCHITECTS CHANGES FROM RFI REQUESTS
      5.1.4. MAJOR CHANGES DURING CONSTRUCTION
      5.1.5. REQUESTS FROM JURISDICTION FOR PERMITTED REVIEW/APPROVAL
      5.1.6. FINAL DRAWINGS AS BUILT DRAWINGS AT THE END OF THE PROJECT
   5.2. COMMON SITE MAY ELIMINATE DRAWINGS MULTIPLE PURPOSES DESIGNED ABOVE (IN A DELTA IF SET THAT CONTINUES WHERE THE ORIGINAL PERMIT REVIEW COMMENCED FROM THE ORIGINAL PERMIT REVIEW DRAWINGS) SHALL BE CLEARLY DISTINGUISHED FROM ANY REVISED SETS - OTHER DRAWINGS MAY NEED TO BE RESUBMITTED FOR CONSTRUCTION.
   5.3. ANY REVISION SETS ISSUED BY THE ARCHITECT/ENGINEER WILL BE DONE WITH ALL CHANGES CLOUDED AND NUMBERED WITH A TRIANGULAR DELTA AND NUMBER INDICATING THE REVISION RELEASED. THESE CLOUDS ON ALL SHEETS WILL ALSO HAVE THE DELTA NUMBER AND THE RELEASE DATE
   5.4. GC IS RESPONSIBLE TO DISTRIBUTE REVISED SETS TO ALL TRADES AND CLIENTS. SHALL ALL SHEETS ARE WORKING FROM THE MOST RECENT SET OF DOCUMENTS. OWNER AND ARCHITECT/ENGINEER WILL NOT BE RESPONSIBLE FOR ERRORS, OMISSIONS, OR INCORRECT INSTALLATIONS BASED ON OUT OF DATE SETS. GC AND SUB-CONTRACTORS FOR MAKING FROM THE MOST CURRENT SET OF DRAWINGS. DISTRIBUTION OF SUCH REVISED SETS BY THE GC AND RESPONSIBILITY AT THE TIMES OF BUILDING PERMIT REVIEW AND THE CONSTRUCTION PHASE.
6. SITE VISITS AND FIELD OBSERVATIONS
   6.1. GC SHALL COORDINATE WITH OWNER AND ENGINEERING AND RETURNS SUBMISSION OF SUBMITTALS TO BE REVIEWED FROM THE CONFORMING OF MATERIAL SITE WORK DURING PLANNING, MOBILIZATION, CONSTRUCTION, AND/OR CLOSEOUT
   6.2. SITE VISITS BY THE OWNER AND ARCHITECT MAY BE SUBJECT ANSWERS WORKING DAY WILL BE MADE PRIOR TO ANY CONDITIONS THAT MAY REQUIRE SITE OBSERVATION. SITE VISITS MAY BE POSTPONED IF MADE IN OVERLAP WITH PRIOR NOTIFICATION DEADLINE.
   6.3. GC SHALL NOTIFY OWNER AND ARCHITECT/ENGINEER IN ADVANCE ON DAYS OF SITE VISITS TO ACCOMPANY OWNER/ARCHITECT ON SITE WALK TO ANSWER QUESTIONS AND NOTE ANY AREAS OF CONCERN OR PREVIOUS COMMISSIONS.
   6.4. GC SHALL COORDINATE AND MAINTAIN A SITE VISIT LOG WITH SUMMARY OF ITEMS DISCUSSED, STATUS NOTES, AND A PLAN OF ACTION TO ADDRESS ANY/ALL ISSUES OR CORRECTIONS DISCUSSED BASED ON THE SITE WALK.
   6.5. GC SHALL ESTABLISH AND MAINTAIN A PROCESS FOR CONSTRUCTION PROGRESS ON A WEEKLY BASIS AND POST NOTES TO AN ONLINE FILE-SHARING PLATFORM (i.e. DROPBOX OR BOX) TO SHARING SITES FOR OWNER/ARCHITECT REVIEW. NOTES SHALL BE OF A SUFFICIENT LEVEL OF DETAIL TO ILLUSTRATE THE STATUS OF WORK AND PLANS, ETC AS NECESSARY FOR THE OWNER AND DESIGN TEAM TO REVIEW AND CONSULT WITH/AND BRING TO BE FAMILIARLY ON SITE
7. PROJECT CLOSEOUT
   7.1. AT TIME OF SUBSTANTIAL PROJECT COMPLETION GC SHALL DELIVER NOTICE TO OWNER AND ARCHITECT BEGIN WITH A LIST OF ANY OUTSTANDING ITEMS OR TO BE COMPLETED OR CORRECTED AS A PUNCH LIST ITEM. PUNCH-LIST MAY BE "PUNCH OR REMAINING TERMINATION OF OCCUPANCY" ENVIRONMENT)
   7.2. GC SHALL PREPARE AND SUBMIT A FINAL PAID APPLICATION PAYMENT TO THE OWNER AND ARCHITECT FOR REVIEW.
   7.3. GC SHALL PREPARE, ASSEMBLE, AND DELIVER A COMPLETE SET OF MANUALS AND FILES TO OWNER AND ARCHITECT. THIS SHALL INCLUDE ONE HARD COPY AND ONE FULL SIZE SET/DVD IN APPLICATION SCANNED FORM WILL BE PDF-BUILT DOCUMENTATION INCLUDED SHALL BE LISTED ANY CORRECTIONS OR VARIATIONS MADE DURING THE CONSTRUCTION PROCESS. THE FINAL SET OF DRAWINGS ON THE SITE FILED DRAWINGS BASED ON RED MARKED/AS BUILT DRAWINGS ALONG WITH ANY SUBSTITUTIONS OF ALTERED DETAILS OR INSTALLATION PROCESS.

DIVISION 03 - CONCRETE:

1. REFER TO STRUCTURAL DRAWINGS FOR SPECS AND GENERAL INFORMATION

DIVISION 04 - MASONRY:

1. REFER TO STRUCTURAL DRAWINGS FOR SPECS AND GENERAL INFORMATION

DIVISION 05 - METALS

1. REFER TO STRUCTURAL DRAWINGS FOR SPECS AND GENERAL INFORMATION

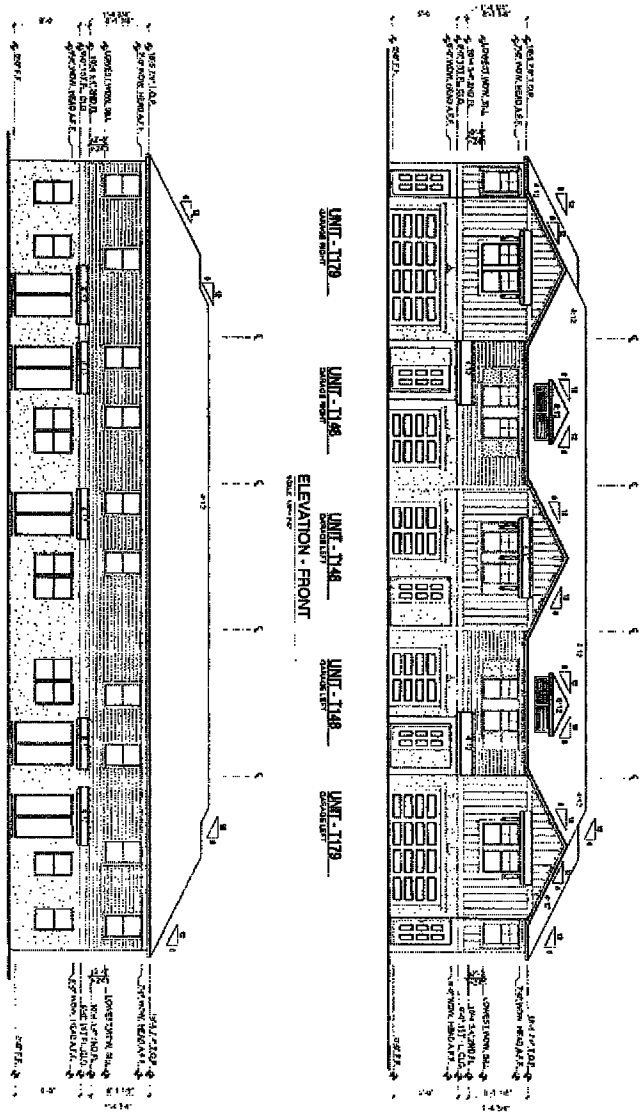
DIVISION 06 - WOOD, PLASTICS AND COMPOSITES:

1. ALL WOOD FRAMING AND SHEATHING SHALL BE GRADED, STAMPED AND INSTALLED PER AND SHALL BE PROTECTED FROM MOISTURE TO ENSURE/MEET CURRENT PRACTICES. STRUCTURE WATER SHALL BE MECHANICALLY FASTENED FROM WOOD MATERIALS EXPOSED TO WEATHER SHALL BE PRESSURE TREATED OR "RESISTANCE-PROT"
2. ALL METAL ANCHOR WOOD FRAMED MATERIALS SHALL BE FREE OF VISUALLY OBTAINABLE WARPING, BENDING, TWISTING, AND OTHER SUBSTANDARD IMPERFECTIONS THAT ADVERSELY AFFECT STRUCTURAL PERFORMANCE OR THE APPEARANCE OF FRAME AND RULE CONNECTIONS WITH OTHER FRAMING MEMBERS
3. ALL WOOD THAT IS EXPOSED TO THE WEATHER, OR IN CONTACT WITH EARTH, CONCRETE, OR MASONRY SHALL BE OF HEARTWOOD-TYPE PRESSURE-TREATED SOURCE.
4. GC SHALL PROVIDE APPROVED SUPPORTED ANCHOR BRACING MATERIAL IN NEW OR EXISTING WALLS FOR EQUIPMENT AND/OR ACCESSORIES ATTACHED DURING
5. FRAMING
   5.1. BASIS OF DESIGN FOR THE PROJECT SHALL BE THE FOLLOWING:
      5.1.1. LOCATIONS AT 16" ON CENTER U.N.O. ABOVE GRADE. "STUD ON FRAME"
      5.1.2. ALL FRAMING MEMBERS SHALL BE SPACED AND ALIGNED FOR PROPER LOAD PATH/CONTINUITY
   5.2. ALL FRAME TO HAVE SOFFITS, RECESS AND COLOR FINISH AS SELECTED BY OWNER OR ARCHITECT FOR EXTERIOR COLOR, BUILDING PACKAGE.
   5.3. GC SHALL BE RESPONSIBLE TO PROVIDE AND MAINTAIN ALL FRAME TO THE SITE AND STEP OF EFFECT ON ADDITION OR SMALL BUILDS, REMOVAL OF DAMAGED, PIECES OF FRAME AS NEEDED. PUTTY OR SURFACE PATCH WHERE NECESSARY TO ENSURE A SMOOTH, EVEN SURFACE.
   5.4. ADHESIVE WORK MUST BE SUITABLE SUBSTRATE WITH ADHESIVE AS PER MANUFACTURER'S WRITTEN SPECS. PROVIDE FILLER AT JOINTS ONLY AND SHOULD BE APPLIED AS NEEDED OR FLUSH PRIOR TO FINAL PAINT/FINISH.
   5.5. INSTALL FRAME IN ACCORDANCE WITH ALL MANUFACTURER INSTRUCTIONS TO ENSURE PROPER FIT, FINISH, AND PROTECTION FROM THE DOCUMENTATION AS PER THE FRAME PRODUCT WARRANTY PACKAGE.

DIVISION 06 - WOOD, PLASTICS AND COMPOSITES (CONT'D):

   5.6. ANY SMALL GAP TO BOX, SHAPE, AND DIMENSION TO SHOWN ON PLANS
   5.7. ROUGH CARPENTRY CONTRACTOR IS RESPONSIBLE FOR ANY UNNECESSARILY CONFORMING OF CONCRETE EDGES PROCEEDING FROM INSTALLATION. DO NOT INSTALL ANY FRAME THAT DOES NOT MEETING THE DRAWING DESIGN OR ELEVATION HEIGHT OF, AND BE RESPONSIBLE FOR CORRECTING ANY INCORRECT INSTALLATION OF FRAME THAT DOES NOT MATCH THE DRAWINGS

DIVISION 07 - THERMAL AND MOISTURE PROTECTION:



1. THE FOLLOWING SPECIFICATION SHALL DESIGN WITH IDENTIFICATION AS SPECIFIED HEREIN AMERICAN SOCIETY OF HEATING, REFRIGERATING AND AIR CONDITIONING ENGINEERS (ASHRAE) HANDBOOK OF FUNDAMENTALS
2. FLASHING
   2.1. INSTALL FLASHING AND SHEET METAL IN CONFORMANCE WITH SMACNA ECONOMIC SHEET METAL MANUAL OF DESIGN.
   2.2. ALUMINUM FLASHING SHALL CONFORM TO ASTM B 209, AND BE MINIMUM 0.040" THICK STANDARD BUILDING SHEETS OF ALLOY 3003H
   2.3. GALVANIZED STEEL FLASHING SHALL CONFORM TO ASTM A 924, G90/G90 COATING, AS BASE (BUILDING) WITH A 30% REINFORCING OF 50 MILS-NO GALVANIZED WILL PREFINISHED.
   2.4. MANUFACTURED FLEXIBLE BLACK ELASTIC SHEET FLASHING OF 30 MIL AS MILS DESIGNATE SHALL COMPLY WITH THE FOLLOWING: SHORE A HARDNESS: ASTM D-2240 - 75 TYPE A DUROMETER; ASTM D-412 FILM RESISTANCE; ASTM D-624 DIE C - NATURAL ELONGATION: MIN 300 PSI TENSILE STRENGTH; ASTM D-816 TEAR - 30 MIN. STRONG MINIMUM WITH ENTIRE SELF ADHESIVE BACK.
   2.5. BACKPAN FLASHINGS WITH REINFORCED FIRST SHEET EFFECTIVE TO BE IN CONTACT WITH CONDITIONING AS SPECIFIED OR DIFFERENT VALUES.
   2.6. PREFORMED AND METAL FLASHING AT ALL DOOR TO SHAPE CONDITIONS. INSTALLATION OF WOOD BEHIND THROUGH CHANNEL RAILS, LEATHER SPRINKLER, A CUTSHEETS AS GOOD TO PROVIDE WATERTIGHT AND WEATHERPROOF ENVELOPE.
3. VENTILATION OF ATTICS AND/OR AS REQUIRED BY CODES FROM MIGRATION
   3.1. THE HOME SYSTEM DESIGN FOR CHANGES SHALL ACCEPT FOR AN CHANGE IN AN ASSOCIATED ATTIC SPACE TO ASSURE ADEQUATE CROSS FLOW AND IT IS RECOMMENDED THAT THE HOME BUILDER OBTAIN THE RECOMMENDATIONS OF THE SPRAY INSULATION MANUFACTURER FOR THE PROJECT SPECIFIC CONDITIONS AND CONSIDER AREA FOR INCLUSION OF VENT SYSTEM
4. INSULATION
   4.1. PROTECT ALL INSULATION MATERIALS FROM PHYSICAL DAMAGE FROM DETERIORATION BY MOISTURE, SEEPAGE, AND OTHER HARMFUL CROSS FLOW, MOLD OR A DRY LOCATION.
   4.2. INSULATION MATERIALS, INCLUDING FACINGS, SUCH AS VAPOR RETARDERS AND VAPOR-PERMEABLE MEMBRANES INSTALLED WITH FLANGES OR ASSEMBLIES. FROM EXTERIOR ASSEMBLIES. WALL ASSEMBLIES, CEILING, SPACES AND ATTICS SHALL HAVE A FLAME SPREAD INDEX NOT TO EXCEED 25 WITH AN ACCOMPANYING SMOKE-DEVELOPED INDEX NOT TO EXCEED 450 WHEN TESTED IN ACCORDANCE WITH ASTM E 84 OR UL 723 PERMIT AS ENFORCED FROM TIME FOR CODE
   4.3. PROVIDE AND INSTALL SPRAY APPLIED INSULATION WITH A NON-CORROSIVE BASE OF R-49 ON EXCEPTIONS OF SPACE SEPARATION AND TRUSS TOP CHORDS AS SHOWN ON DRAWINGS
   4.4. PROVIDE & INSTALL CLOSE FOAM BATT INSULATION AT INTERIOR NON SPACES
   4.5. FIT INSULATION BATT WITH NO SPACES AND PORT TO AND ENSURE MECHANICAL ATTACHMENT AND INSTALLATION OF ALL FORMS OF INSULATION. LEAVE NO GAPS OR SPACES EXCEPT SLOPE NOT TO EXCEEDING GLASS INSULATION.
5. PRIMED AND INSTALL BUTTONS AND DOWNSPOUTS IN PVC SHOWN MECHANICAL SHEET METAL, FLASHING AND SHEET METAL
   5.1. GUTTER - PER MANUFACTURER SPECIFICATION
   5.2. DOWNSPOUT - DOWNSPOUTS PER SHEET GUTTER CALCULATION.
   5.3. CONNECT DOWNSPOUTS TO UNDERGROUND STORMWATER DRAINAGE SYSTEM WHERE OR SPLASHING TO SPLASH WITH CONC SPLASHBLOCKS AS INDICATED ON SHEET
   5.4. FURNISH AND INSTALL SEALANTS, CONDITIONING FLASHING AND ALL AND FLASH TO ENSURE/ARE AS REQUIRED FOR WEATHER ATTACHMENT CONFORMING POTENTIAL DYNAMIC SHEET CREATED BY SEPARATION FLOW AND VOLUME. ALL FASTENERS AND SUPPORT ACCESSORIES SHALL BE OF THE SAME MATERIAL AS THE CONDUCTION AND SHALL BE PROVIDED TO ELIMINATE ON POSSIBILITY OF GALVANIC CORROSION DUE TO DISSIMILAR METALS
6. EXTERIOR FINISH SYSTEM TO BE CAST IN PLACE, SLIP FORM OR PRECAST CONCRETE WALL SYSTEM AT TIME EACH EXPLORATION AND FINISH STUCCO TO BE APPLIED EACH 2 LAYERS OF PAPER BACKED METAL LATH AND SIDE. APPROPRIATE CORNER BEADS, WEATHERS, EXPANSION, AND CONTROL JOINTS AS REQUIRED TO BE COLLECTED BY OWNER OR AS PER COLOR ELEVATIONS PROVIDED BY OWNER
7. WHERE CERAMIC PLASTIC INFUSION IS TO BE APPLIED TO LATH OVER FRAME CONSTRUCTION, MOISTURE SHALL THERE BE PROVIDED AND INSTALLED BETWEEN THE CEMENT PLASTER AND THE WATER RESISTIVE BARRIER. A SCRATCH COAT SHALL BE APPLIED BETWEEN THE WATER RESISTIVE BARRIER AND THE CEMENT PLASTER CONSISTING CONSISTING OF ONE OR THE FOLLOWING
   7.1. TWO LAYERS OF AN APPROVED WATER RESISTANT PAPER OVER AN APPROVED WATER RESISTIVE BARRIER, OR
   7.2. ONE LAYER OF AN APPROVED WATER RESISTANT PAPER OVER AN APPROVED WATER RESISTIVE BARRIER, OR
   7.3. OTHER APPROVED METHODS OR MATERIALS APPLIED IN ACCORDANCE WITH THE MANUFACTURER'S INSTRUCTIONS
8. MINIMUM THICKNESS OF STUCCO WEATHER RESISTIVE EXPOSURE (EXCLUSIVE OF TEXTURE)

EXTERIOR SIDE	MINIMUM THICKNESS
MASONRY SURFACE	
MASONRY WALL	
METAL PLASTER BASE	3/4"
SELF-FURRING, GAP OR MASONRY SURFACE	7/8"
MASONRY WALL	
SMOOTH	3/4"
CORRUGATED OR EXPOSED AGGREGATE	7/8"

9. STUCCO FLASHING, CONTROL JOINTS, & WEATHER BARRIERS SHALL BE INSTALLED W/ STRICT ADHERENCE TO ALL APPLICABLE ASTM STDS & BUILDING CODE REQUIREMENTS

DIVISION 08 - OPENINGS:

1. ALUMINUM STOREFRONT AND METAL FRAMING WOOD DOORS, AND WINDOWS SHALL BE
   1.1. UNDERWRITERS LABORATORIES INC. - BUILDING MATERIALS DIRECTORY
   1.2. NATIONAL FIRE PROTECTION ASSOCIATION - PAMPHLET NO. 80 STANDARD FOR FIRE DOORS AND WINDOWS
   1.3. BHMA REFERENCE STANDARDS OF FLUSHED BUILDING CODE - RECOMMENDED
   1.4. IF CONFLICTION BETWEEN SPECIFIED IN THESE DOCUMENTS IS NOT REFERENCED BY THE "ACCEPTABLE" CODE BELOW ARE APPLICABLE REFERENCED STATE OR CONFORMED BUILDING CODE SHALL BE USED.
   1.5. REFERENCED STANDARDS INCLUDE, BUT ARE NOT LIMITED TO MANUFACTURERS' WRITTEN, PERFORMANCE GUIDELINES, CLEARANCE AND AIR FRAMES SAFETY REQUIREMENTS
2. ALL DOORS AND WINDOWS SHALL COMPLY WITH ENT CODE FOR THE SOIL, LOCATION & ECONOMIC SPECIFIC REQUIREMENTS AND AS ADOPTED BY OWNER FROM OWNER / CONTRACTORS CODE WORKSHEET AND DETERMINED IN SOME VARIOUS. PROTECTION
3. CONTRACTOR SHALL CONFORM TO THE ADOPTED ENERGY CODE AND VERIFY THAT WINDOWS MEETING AND DOOR INSULATION VALUES TO ACTIVE & U.N. STRESSED
4. ALL DOORS, WINDOWS, FENESTRATION, ENTRANCE TO GROUND TO AND ELEVATION ON IT UNDERSTANDING APPLY SHALL BE TRUE WEATHER TIGHTED, PROTECTED OR ADDITIONAL REQUIRED TO KEEP AND BE
5. DOORS
   5.1. GLAZING IN DOORS ARE CONSIDERED A HAZARDOUS LOCATION AS SHALL BE TEMPERED GLASS EXCEPT AS OTHERWISE PER CODE.
   5.2. DOOR UNITS AND FRAMES SHALL BE PROTECTED DURING CONSTRUCTION. THE GENERAL CONTRACTOR SHALL REPAIR/REPLACE ANY DAMAGE TO SUCH MATERIALS AND PRODUCTS AT NO ADDITIONAL COST TO OWNER.
   5.3. ALL DOOR MOUNTS TO BE AS INDICATED ON THE CONSTRUCTION DRAWINGS DOOR HEIGHT TO BE ADJUSTED BY GC AS REQUIRED TO ACCOMMODATE VARIOUS FLOOR FINISHES, FLOOR COVERS, DOOR CLEARANCES AND ANY OTHER CONDITIONS ENCOUNTERED.
   5.4. REFER TO DRAWINGS FOR DOOR TYPES, SIZES, FRAME DETAILS, AND HARDWARE SET INFORMATION. ANY PROPOSED SUBSTITUTIONS SHALL BE SUBMITTED AND APPROVED IN WRITE STANDARD ALONG WITH SHOP DRAWINGS AND OTHER RECOMMENDATIONS FOR THE BUILDING AREAS PROVIDE CLEARANCES, AND ANY CHANGES FROM SPECIFICATIONS.
   5.5. ALL DOORS SHALL BE SUPPLIED BY A SUPPLIER CONTRACTED SUBCONTRACTOR OR SUB WHO SPECIALIZES, HAS BEEN SUPPLIED OFFERED FOR MANY YEARS OF SIMILAR CHARACTER AND WORK. REFERENCES SHALL BE SUBMITTED ON REQUEST.
   5.6. ALL LOCKS AND HARDWARE SHALL BE COORDINATED WITH THIRD PARTY SPECIFICATION FOR DESIGN AND/OR OTHER DIVISIONS AND CONFIRMED FOR COMPLIANCE WITH ALL APPLICABLE CODES AND REGULATIONS.
   5.7. PROVIDE & INSTALL WEATHER-RESISTANT SEALS AND GASKETS, TYP TO SPACE & SET AS RECOMMEND CLASS 2, 1/2" THICK AT SWINGING DOOR/ENTRY AT TOP & SIDES AND AT A DRY LOCATION.
   5.8. PROVIDE AND INSTALL ON OF REGULAR EXTERIOR SHALLOWED, 1/2" THICK AT ALL WALLS AND CEILING UNLESS DIRECTED ABOVE OR ON DRAWINGS OF SPECIFIED. CONSTRUCTION SHALL BE ADJUSTED FOR ALL ACCESSORIES FINISH WORK AND REMOVING IN ACCORDANCE WITH MANUFACTURER STANDARD SPECIFICATIONS.
   5.9. SHALL SHALL BE VERIFIED-RATED & INDICATED ON THE OWNER SHEET AND SCHEDULE. SHALL BE FIRE AND SMOKE OF CONSTRUCTION FROM OPENINGS AND ASSEMBLIES AS REQUIRED BY CODE.
   5.10. GLAZING IN LOCATIONS MORE MAY BE SUBJECT TO HUMAN IMPACT LOADS AS TEMPERED GLASS ACCORDING TO ANSI STANDARD Z97.1 OR CPSC 16 CFR 1201 CAT II. PANELS, SLIDING GLASS DOORS, SHOWER DOORS, AND STORM DOORS SHALL MEET THE REQUIREMENTS SET FORTH IN THE ANSI AND CPSC STANDARDS. PANE IDENTIFICATION IS REQUIRED TO REMAIN IN PLACE AND SHALL BE PERMANENTLY VISIBLE UPON INSPECTION.
   5.11. GLAZING ASSEMBLY DOORS, ALL GLASS PANELS LOCATED WITHIN 24" OF A DOOR AND LESS THAN 60" ABOVE THE WALKING SURFACE ARE CONSIDERED A HAZARDOUS LOCATION AND SHALL BE PROVIDED GLASS I-SAFETY AS DETERMINED HERE FROM CODE.
   5.12. GLAZING PANELS WITHIN 24" HORIZONTALLY O

DIVISION 01 - GENERAL REQUIREMENTS

- THE FLORIDA BUILDING CODE - RESIDENTIAL 2020 (FBCR) ADOPTED AMENDMENTS, REVISIONS, AND INTERPRETATIONS AND ALL PERMITS & INSPECTIONS WITH LOCAL JURISDICTIONAL AUTHORITIES (THE "CODES") APPLIES TO ALL CONSTRUCTION ASSOCIATED WITH "WORKS" OF A NATURE AND EXTENT DESCRIBED IN THESE CONSTRUCTION DOCUMENTS. REFERENCE TO "THE PROJECT" OR "PROJECT" AS IT PERTAINS TO THE "BUILDING" WITHIN THIS "JOB" (THE PROJECT), THE "SITE" IS WITHIN EXISTING OR CONSTRUCTED PORTION OF THE PROPERTY/LAND (THE "WORK AREA") DESIGNATED HEREIN. THE "GENERAL CONTRACTOR (GC) "CONTRACTOR" OR "GC") SHALL VERIFY AND CODE REQUIREMENTS BEFORE COMMENCEMENT OF WORK AND BRING ANY DISCREPANCIES BETWEEN CODES REQUIREMENTS AND THE CONSTRUCTION DOCUMENTS TO THE ATTENTION OF THE ARCHITECT/ENGINEER. ALL TRADES (I.E. MECHANICAL, ELECTRICAL, AND PLUMBING SUBCONTRACTORS OR PROFESSIONALLY CONTRACTED INDIVIDUAL TRADE CONTRACTORS (THE "CONTRACTORS")) SHALL PERFORM ALL WORK IN ACCORDANCE WITH ANY AND ALL APPLICABLE CODES EFFECTIVELY IN EFFECT AT THE TIME OF CONSTRUCTION.
- OTHER REGULATIONS SHALL APPLY WHERE REQUIRED DURING THE COURSE OF THE WORK AS IT APPLIES TO ANSWER SAFETY CONSTRUCTION SHALL DESIGNATE A "SAFETY DIRECTOR" OR SAFETY POINT OF CONTACT WHO SHALL BE RESPONSIBLE FOR ALL JOB SAFETY PROGRAMMING. ANYWAY CONTAINED IN THESE DOCUMENTS IN ANY WAY RESPECTS THE APPLICABLE, ENGINEER OR OWNER TO BE RESPONSIBLE FOR ANY ASPECT OF SAFETY DURING CONSTRUCTION OR TO CONTROL WORK OF THE CONTRACTOR FOLLOWING ANY/EVERY SAFETY REGULATIONS MAY BE APPLICABLE.
- ALL WORK SHALL BE IN CONFORMANCE WITH ALL FEDERAL, STATE AND LOCAL CODES AND NOTED INDUSTRY RECOMMENDATIONS & MANDATORY STANDARDS OF GOOD PRACTICE
- ALL REFERENCE SHALL BE AS REFERENCED AND/OR ATTACHED AND STANDARD AND PREVAILING IN A WORKMANLIKE MANNER, IN ACCORDANCE WITH APPLICABLE OWNER, VENDOR'S RECOMMENDATIONS & INDUSTRY BEST OF GOOD PRACTICES (SEE PRIORITIES)
- ALL CONTRACTORS SHALL MAINTAIN THE PREMISES CLEAN AND FREE OF ALL PERTINENT DEBRIS AND SHALL PROTECT ALL ADJACENT WORK FROM DAMAGE, MARKING PAINT SURFACES, ETC. ALL FIXTURES, EQUIPMENT, GLAZING, ETC. SHALL BE LEFT CLEAN AND READY FOR OWNER'S USE UPON COMPLETION OF THE PROJECT
- GC SHALL SUBMIT SHOPS AND SUBCONTRACTORS WITH ANY DESIGN IN CONFLICT DOCUMENTS TO THE ATTENTION OF THE ARCHITECT/ENGINEER AND WHERE CONFLICTIONS, SHALL BE OBTAINED BEFORE PROCEEDING WITH AFFECTED WORK. THE GC SHALL BE RESPONSIBLE FOR SECURITY OF UNSUPERVISED MATERIALS OF ANY KINDS. OWNER'S RECOMMENDATIONS & ANSWERS NOTE OF GOOD PRACTICES (SEE PRIORITIES)
- ALL CONTRACTORS SHALL MAINTAIN THE PREMISES CLEAN AND FREE OF ALL PERTINENT DEBRIS AND SHALL PROTECT ALL ADJACENT WORK FROM DAMAGE, MARKING PAINT SURFACES, ETC. ALL FIXTURES, EQUIPMENT, GLAZING, ETC. SHALL BE LEFT CLEAN AND READY FOR OWNER'S USE UPON COMPLETION OF THE PROJECT
- GC SHALL SUBMIT SHOPS AND SUBCONTRACTORS WITH ANY DESIGN IN CONFLICT DOCUMENTS TO THE ATTENTION OF THE ARCHITECT/ENGINEER AND WHERE CONFLICTIONS, SHALL BE OBTAINED BEFORE PROCEEDING WITH AFFECTED WORK. THE GC SHALL BE RESPONSIBLE FOR SECURITY OF UNSUPERVISED MATERIALS OF ANY KINDS.
- GC TO COORDINATE ALL DIMENSIONS IN PREFABRICATED ITEMS WITH MANUFACTURERS SPECIFICATIONS. ALL BODY PENETRATIONS TO WARRANTIES FOR EQUIPMENT OR INSTALLATIONS. WORK OR DAMAGES THE WORKS "OR EQUAL" ARE TO BE APPROVED WHEREVER A SPECIFIC MANUFACTURER OR MODEL CHOICE THE SUBSTITUTIONS PERMITTED
- GC RESPONSIBLE FOR COORDINATING ALL RELATED WORK & SCHEDULE FOR CONSTRUCTION AND FULL PROJECT COMPLETION, UNLESS OTHER ARRANGEMENTS ARE MADE WITH OWNER. SPECIFIC ITEMS TO BE FURNISHED BY OWNER OR OTHERS, ARE NOTED IN THESE DOCUMENTS AND SHALL BE COORDINATED PRIOR TO PROCEEDING WITH THE WORK
- ALL GC SHALL MAY FOR OWNERS, REPRESENTATIVES DURING CONSTRUCTIONS INCLUDING BUT NOT LIMITED TO ELECTRICAL, LOCAL WATER, SEWER, ETC.
- ANY CONSULTANTS AND SITE SUPERINTENDENTS, GEOTECHNICAL, ENGINEERING, TELEVISION, AUDIO-VISUAL, LOW VOLTAGE, COMPUTER, AND SECURITY SYSTEMS, INTERIOR DESIGN, & DOCUMENTATION PROVISIONS ARE NOT INCLUDED AS PART OF THE SCOPE OF THESE CONSTRUCTION DOCUMENTS UNLESS NOTED. THE GC SHALL COORDINATE WITH THE OWNER REGARDING THE COORDINATION OF THESE PROVISIONS WITH ANY SCOPE OF WORK REQUIRED BY THESE AGREEMENTS AND ANY OTHER WORK REQUIRED BY THE OWNER'S REPRESENTATIVES FOR THIS PROJECT
- THE ARCHITECT, ENGINEER AND SERVICE ARE NOT RESPONSIBLE FOR WORK COMPLETED BY CONTRACTORS THAT DEVIATES FROM ACCEPTED APPLICABLE CODES OR THE WORKS OF THESE DRAWINGS. THE GC SHALL NOTIFY ALL NON-CONFORMANCE ISSUES IN ORDER TO COMPLY WITH CODE AND THE INTENT OF THESE DOCUMENTS & NOT MODIFY, ADD TO OR CHANGE, ATTACHMENT OF A CERTIFICATE OF OCCUPANCY FOR THE OWNER IS REQUIRED BUT MAY REPRESENT THE ENTIRE SCOPE OF WORK THAT IS TO BE COMPLETED BY THE GC FOR THIS PROJECT.
- ALL ENLARGED DRAWINGS AND DETAILED SHALL TAKE PRECEDENCE OVER SMALLER SCALE DRAWINGS AND DETAILS
- DO NOT SCALE DRAWINGS. MATERIALS, LOCATIONS, AND DIMENSIONS SHOWN ARE APPROXIMATE ONLY AND SHALL BE VERIFIED BY CONTRACTOR PRIOR TO CONSTRUCTION.
- DETAILS AND SECTIONS ON THE DRAWINGS ARE INTENDED TO SPECIFIC LOCATIONS AND ARE INTENDED TO BE TYPICAL FOR ALL SIMILAR CONDITIONS, CHANGES TO ANY PROJECT MUST BE APPROVED BY THE ARCHITECT/ENGINEER. THE ARCHITECT/ENGINEER MUST BE MADE BY THE CONTRACTORS TO ACCOMPANY ANY VARIANCES, & SHALL SUBMITTALS FROM REVISIONS, SHOP DRAWINGS, DETAILS, AND SCHEDULES ARE REQUIRED TO SHALL NOTIFY ARCHITECT PRIOR TO PERFORMING THOSE WORK.
- GC SHALL INSPECT, EXAMINE AND SATISFY OF STRUCTURE OF ALL THAT'S BEFORE THE CONSTRUCTION STARTED, GC SHALL NOT PROCEED ADJACENT, PREPARATORY, INSTALLED, OR SIMILAR WORK UNTIL SATISFACTORY CONDITIONS FROM PROPERTY OWNERS, AND SUBMITTING A RECORD OF THIS PROVISION TO THE OWNER FOR REVIEW & APPROVAL
- IN THE GC SHALL MAKE ALL NECESSARY CHANGES TO ANY PROJECT DUE TO ANY DISCREPANCIES OF THE ARCHITECT/ENGINEER. THIS INCIDENCE DUE IS NOT LIMITED TO LAYOUTS, WALLS, SLABS, FOOTINGS, APPLIED LOADS, STRUCTURE OR MATERIALS MUST FRAMING AND ALL OTHER STRUCTURAL ELEMENTS.
- RESPONSIBLE FOR MASONRY CONTROL JOINTS NOT SHOWN INCLUDED IN THE DESIGN OF THIS PROJECT GC TO NOTIFY OWNER OF ANY CONSIDERED WARRANT THAT NO LOSS IN PERFORMANCE DUE TO THE LACK OF WORK FOR THE ABSENCE OF CONTROL SYSTEM IN THE NOTES OF WORK THAT MAY HAVE BEEN INCLUDED
- THE GC SHALL SECURE AND MAINTAIN ALL CONSTRUCTION PERMITS AND INSPECTIONS FOR THE PROJECT AND SHALL COORDINATE ALL INSPECTIONS IN ORDER TO MAINTAIN A CERTIFICATE OF OCCUPANCY PERMIT UPON COMPLETION OF THE WORK.
- GC IS TO PROVIDE AN UNFAMILY FINISHED PRODUCT UPON COMPLETION OF CONSTRUCTION INCLUDING ANY FINAL RETAINS OR WORK IDENTIFIED ON PRODUCT INSTALLED WITH MANUFACTURER'S RECOMMENDATIONS & THE OWNER AND SUPERVISORS PER.
- THE GC SHALL GUARANTEE ALL WORKMANSHIP AND MATERIALS FOR A PERIOD OF ONE (1) YEAR MINIMUM OR AS OTHERWISE AGREED BY THE OWNER AND PROVIDE INSTALLED WITH MANUFACTURER'S RECOMMENDATIONS AND WARRANTIES WHERE APPLICABLE IN ACCORDANCE WITH EACH WARRANTY. ESPECIALLY WARRANTIES MECHANICAL ITEMS AND SUCH PERIODS SHALL BE EVALUATED TO SHALL IN ANY CONSTRUCTION AT TIME OF PROJECT CLOSE OUT.

DIVISION 01 - CONSTRUCTION ADMIN PROCEDURES:

1. PROJECT COORDINATION
   - 1.1 GC SHALL PARTICIPATE IN A COORDINATION ADMINISTRATION KICK-OFF MEETING WITH OWNER, ARCHITECT, AND NEEDED TEAM TO DEVELOP AND MAINTAIN A SYSTEM OF REPORTS AND INFORMATION OF
     - 1.1.1 PROJECT CORRESPONDENCE
     - 1.1.2 PROJECT NOTICES AND EMAILS
     - 1.1.3 SUBMITTALS AND SHOP DRAWINGS
     - 1.1.4 REQUESTS FOR INFORMATION
     - 1.1.5 FIELD ORDERS
     - 1.1.6 DRAWING REVISIONS AND SKETCH
   - 1.2 GC SHALL PREPARE AND MAINTAIN ALL COORDINATION EFFORTS DURING CONSTRUCTION TO ENSURE ALL RELATIVE CHANGES REQUIRED ON THE PROJECT ARE COMMUNICATED TO ALL TRADES, SUBCONTRACTORS, OWNER REPRESENTATIVES, INSPECTION AND ANY OTHER PARTIES TO BE INVOLVED
2. SUBMITTALS AND SHOP DRAWINGS
   - 2.1 SHOP DRAWINGS ARE REQUIRED FOR SPECIAL WORK, DIES, AND SPECIALIZED CONSTRUCTION. SHOP DRAWINGS SHALL BE SUBMITTED BY GC TO OWNER FOR REVIEW FOR CONFORMANCE WITH THE DESIGN CONCEPT OF THE WORK OF AREAS WHERE THE DRAWINGS OR WORK INTERRELATED. ALL CONTRACTORS SHALL BE FOUND TO PERFORM IN CONFORMANCE WITH THE MANUFACTURERS' SPECS AND RECOMMENDATIONS
   - 2.2 GC SHALL PREPARE A LIST AND USE OF ANTICIPATED SUBMITTALS AND SHOP DRAWINGS REQUIRED EARLY IN THE PROJECT SCHEDULE. ANTICIPATED SUBMITTALS AS PER THE OWNER'S CONSULTANT PRIOR TO THE START OF CONSTRUCTION. LIST AND GC SHALL BE DELIVERED TO OWNER/ARCHITECT FOR REVIEW NO LATER THAN 30 DAYS PRIOR TO THE CONSTRUCTION OF THAT

DIVISION 01 - CONSTRUCTION ADMIN PROCEDURES (CONT'D):

2.3 ALL SUBMITTALS AND SHOP DRAWINGS WILL BE REVIEWED BY OWNER/ARCHITECT A MAX OF (7) SEVEN (7) WORKING DAYS, REVIEWING FROM LIMITED OR INCOMPLETE SUBMITTAL DATA WILL BE AT GC'S EXPENSE. FOR PRIVATE RISE CODES REQUIRED

3. REQUEST FOR INFORMATION (RFIs)
   - 3.1 ALL RFIs FROM HIGH SHALL BE ISSUED TO BE CLEAR AND ABSOLUTELY BY GC FROM NON ISSUED DIRECTLY FROM SUBCONTRACTORS OR TRADES TO ARCHITECT OR BY ANY OTHER MEANS WILL NOT BE ACCEPTED OR ANSWERED.
   - 3.2 RFIs SHALL BE SUBMITTED IN AN ORGANIZED MANNER BY THE OWNER AT THE START OF THE PROJECT, AND UPON DIRECTIONS FROM CONSTRUCTIONS. OWNER, OR OTHER CONSTRUCTIONS, AND NOT BE A PART OF THE CONTRACT DOCUMENTS GIVEN, AN OPTIONAL FEE IS REQUIRED
   - 3.3 GC SHALL PREPARE AND MAINTAIN A LIST AND LOG OF RFIs, SUBMITTING "DATE SUBMITTED", "DATE" FOR ALL DURATION OF THE PROJECT.
4. FIELD DIMENSIONS
   - 4.1 IN GC'S CARE IS A FIELD PROCEDURES CHANGE TO THE DOCUMENTS, GC MAY BE ISSUED TO PREPARE A FIELD SKETCH THAT ILLUSTRATES THE DESIRED ALTERED APPEARANCE OR CONSTRUCTION. GC IS RESPONSIBLE FOR ASSISTING THIS SKETCH OR PLANS OR STRUCTURAL MODIFICATIONS TO THE OWNER/ARCHITECT FOR FINAL POINT OF CONSTRUCTIONS OR ALTERED METHOD OR METHOD.
   - 4.2 ARCHITECT/ENGINEER MAY ISSUE REVISED DETAILS OR PLANS TO THE FOUNDATION IN THE FORM OF FIELD SKETCHES WHICH SHALL BE CONSIDERED AS CRITICAL PART OF THE CONTRACT DOCUMENTS SHOP PROPERTY AND ALL GC'S CONTRACT TERMS AND RESPONSIBILITIES SHALL MAIN APPLY. DEVIATION FROM A FIELD SKETCH SHALL BE CONSIDERED FAILING TO DEPARTURES FROM THE CONTRACT DRAWINGS OR SPECIFICATIONS
   - 4.3 ARCHITECT/ENGINEER'S GENERAL PRACTICE SHALL NOT TO PUBLISH FIELD SKETCHES OR FINAL FIELD REVISED DRAWINGS AT A MAJOR DATE FOR THE PURPOSE OF DOCUMENTATION FOR 2020 AND INSPECTION PURPOSES. SEE NOTES FOR ORGANIC REVISIONS AND BILLING
5. GRAPHICS STANDARDS
   - 5.1 ARCHITECT/ENGINEER WILL RELEASE REVISED DRAWINGS AT KEY AND CRITICAL TIMES OF THE CONSTRUCTION PHASE AS NEEDED FOR ADDRESSING
     - 5.1.1 PLANNING REVIEW AGENCY COMMENTS
     - 5.1.2 BIDDING RFP
     - 5.1.3 OWNER REQUESTED CHANGES FROM THE RECORDS
     - 5.1.4 MAJOR OWNER'S DURING CONSTRUCTION
     - 5.1.5 REQUESTS SHOP, AUTHORIZATION FOR PROGRESS REPAIR/REPAINT
     - 5.1.6 SHOP, CONFIRMATION, OF ENGINEER OF PROJECT CORPORATE SEAL
   - 5.2 DRAWN SETS ARE RELEASED CONSTRUCTION DOCUMENTS ARCHITECTURAL (ARCH) & ENGINEERING (ENG) DRAWINGS WITH ARCH & ENG SEALS AND SIGNATURES DATED FOR THE INITIAL PERMIT REVIEW (SEAL) AT TIME WITH THE PERMIT AND OWNER REQUIRED CHANGES FROM THE PERMIT REVIEW, IN ONE SHEARED SET - "PERMIT SET" OR "ISSUED FOR CONSTRUCTION")
   - 5.3 ALL REVISION SETS ISSUED BY THE ARCHITECT/ENGINEER WILL BE DONE WITH ALL CHANGES CLOUDED AND MARKED WITH A NUMBERED TRIANGLE AT THE LOCATION INDICATING THE REVISION RELEASE. SHALL BLOCKED ON ALL SHEETS WILL ALSO HAVE THE REVISION NUMBERS AND DESCRIPTIONS.
   - 5.4 GC IS TO ENSURE THAT ALL SUBCONTRACTORS BID ON AND ARE ISSUED FROM ALL SHEETS AND WORKING FROM THE MOST RECENT SET OF DOCUMENTS. OWNER AND ARCHITECT/ENGINEER WILL NOT BE RESPONSIBLE FOR ERRORS, OMISSIONS, OR INCORRECT INSTALLATIONS THAT COME OUT OF ANY BID CONTRACTORS AND WORKING FROM THE MOST CURRENT SET OF DRAWINGS. CORRECTION OF SUCH ERRORS SHALL BE THE GC'S RESPONSIBILITY AT NO ADDITIONAL COST TO THE OWNER/ARCHITECT AND AS THE DISCRETION OF THE OWNER.
6. SITE VISITS AND FIELD OBSERVATIONS
   - 6.1 GC SHALL COORDINATE WITH OWNER AND ARCHITECT AND ENGINEER DESIGNER OF APPLICABLE TO THE PROJECT FOR THE PURPOSES OF REVIEW, THE STATIC CLIMATIC PLANNING, NOMENCLATION, CONSERVATION, AND/OR CURTAILMENT
   - 6.2 SITE VISITS BY THE OWNER AND ARCHITECT SHALL BE WITHOUT ADVANCE WARNING BUT ANY ADVANCE NOTICE TO SITE CONDITIONS THAT MAY INTERRUPT NORMAL WORKING PATTERNS FOR VISITS MAY BE POSTPONED IF NECESSARY TO OVERLAP WITH CRUCIAL INSTALLATION SEQUENCE
   - 6.3 GC SHALL MAKE EVERY EFFORT POSSIBLE TO BE AVAILABLE ON DAYS OF VISIT AND BE ACCOMPANIED BY A REPRESENTATIVE OF THE TRADE TO ANSWER QUESTIONS AND NOTE ANY ISSUES OF CONCERN OR REQUIRED CORRECTIONS.
   - 6.4 GC SHALL NOTIFY OWNER AND ARCHITECT/ENGINEER IMMEDIATELY OF ANY ISSUES DISCOVERED ISSUES NOTED, AND A PLAN OF ACTION TO ADDRESS. ANY/ALL ISSUES OR CORRESPONDENCE RECEIVED BASED ON THE SITE VISITS
   - 6.5 GC SHALL MAINTAIN A CONSTRUCTION PROGRESS PHOTOGRAPHS OF A MINIMUM OF TWO SHOTS TO AN ONLINE FILE-SHARING PLATFORM (e.g. Dropbox OR GOOGLE) TO SHARING SITES FOR OWNER/ARCHITECT REVIEW. IMAGES SHALL BE OF ALL AREAS OF INTERIOR AND EXTERIOR, CLOSE-UPS OF ROOF AND FRAMING, ETC. AS NECESSARY FOR THE OWNER/ARCHITECT REVIEW PLAN TO REVIEW AND COMMENT WITHOUT HAVING TO BE PRESENT ON SITE

7. PROJECT CLOSEOUT
   - 7.1 AT END OF SUBSTANTIAL PROJECT COMPLETION, GC SHALL PROVIDE NOTICE TO OWNER AND ARCHITECT ALONG WITH A LIST OF ANY OUTSTANDING ITEMS TO BE COMPLETED OR CORRECTED AS A FINAL PUNCH LIST. GC SHALL ENSURE THE TURNOVER OF PERFORMANCE (TEMPORARY OR OCCUPANCY INSPECTIONS)
   - 7.2 GC SHALL PREPARE AND DELIVER A FINAL FIELD INSPECTION REPORT TO THE OWNER AND ARCHITECT FOR REVIEW
   - 7.3 GC SHALL PREPARE, ASSEMBLE, AND REVIEW A COMPLETE SET OF MANUALS AND FIELD DRAWINGS TO THE OWNER AND ARCHITECT IN BOTH WORD COPY AND FULL SET OF PDF FORMAT. INCLUDING FOR USE, BUT NOT LIMITED TO: DOCUMENTATION, WARRANTY SHALL BE LISTED AND RESPONSIBILITIES OR WARRANTIES INCLUDING EXTENDED COVERAGE BY APPROVED GC OR OWNER OR SUBCONTRACTOR OR SUPPLIER, AS PER THE CONTRACT DOCUMENTS ALONG WITH ANY STATEMENT OF A SIGNED SUMMARY OF INSTALLATION PROCESS.

DIVISION 02 - CONCRETE:

1. REFER TO STRUCTURAL DRAWINGS FOR SPECS AND GENERAL INFORMATION

DIVISION 04 - MASONRY:

1. REFER TO STRUCTURAL DRAWINGS FOR SPECS AND GENERAL INFORMATION

DIVISION 05 - METALS:

1. REFER TO STRUCTURAL DRAWINGS FOR SPECS AND GENERAL INFORMATION

DIVISION 06 - WOOD, PLASTICS, AND COMPOSITES:

1. ALL WOOD PRODUCTS AND MATERIALS SHALL BE CHOSEN, STORED, AND INSTALLED DRY AND SHALL BE PROTECTED FROM WEATHER OR GROUND CONTACT. CONTRACTOR SHALL TEMPORARILY REMOVED FROM WOOD MATERIALS EXPOSED TO WEATHER DURING CONSTRUCTION. IF LUMBER SHALL BE "WEATHERED".
2. ALL METAL ANCHOR POST - ANCHOR BOLTS/PINS SHALL BE FREE OF VISUALLY OBSERVABLE WARPING, CURVING, CHECKING, AND OTHER DISFIGURING IMPERFECTIONS THAT ADVERSELY AFFECT STRUCTURAL PERFORMANCE OR THE PURPOSE OF FITTING AND BOLT CONNECTIONS WITH OTHER STRUCTURAL MEMBERS.
3. ALL WOOD THAT IS EXPOSED TO THE ELEMENTS, OR IN CONTACT WITH EARTH, CONCRETE, OR MASONRY, SHALL BE OF HEARTWOOD PIPE PRESSURE-TREATED LUMBER.
4. GC SHALL PROVIDE ACCESSIBLE FOOTPRINTS AND/OR ENCLOSED MATERIAL IN NEW OR EXISTING WALLS FOR EQUIPMENT AND/OR ACCESSORIES ATTACHED THERETO
5. ROOF TRUSS
   - 5.1 SHOP DRAWINGS OF DESIGN FOR THIS PROJECT SHALL BE THE FOLLOWING
     - 5.1.1 LOCATIONS AT OR ABOVE 9'-0" ABOVE WHERE "OPEN ON FRAME"
     - 5.1.2 LOCATIONS ABOVE 9'-0" ABOVE GRADE, MANUFACTURER PREPARATIONS
   - 5.2 ALL FLOOR TO FRAME SURFACE TRUSSES, AND ROOF TRUSS AS SELECTED BY OWNER OF ARCHITECT PER CUTS OR EQUAL BIDDING PACKAGE.
   - 5.3 GC SHALL BE RESPONSIBLE TO INSPECT AND RECEIVE ALL ROOF TRUSS TO THE SITE FREE OF DEFECT OR DAMAGE OR SMALL REPLACE BROKEN OR DAMAGED PIECES OF FRAME AS REQUIRED. FLOOR OR SURFACE FRAMES DEFINED TO DEFECT FROM PIECES OF INCOMPLETE STORE FRAME OR SET IN A MANNER PROPER TO LOCATION FOR ANSWER IN-HOUSE WITH RESEARCH
   - 5.4 ADHERE FRAME FROM TO ENSURED ASSURANCE WITH ADHESIVE AS PER RECOMMENDED MANUFACTURER SPECIFICATIONS FOR JOINTS ONLY AND SMOOTH TO FACE- AS NOTED IN PLANS FROM TO FRAME MANUFACTURER.
   - 5.5 INSTALL FRAME IN ACCORDANCE WITH ALL MANUFACTURER INSTRUCTIONS IN ENSURE PROPER FIT, FINISH AND PROTECTION FROM DAY DEGRADATION AS PER THE FINAL PROJECT WARRANTY PACKAGE.

DIVISION 06 - WOOD, PLASTICS, AND COMPOSITES (CONT'D):

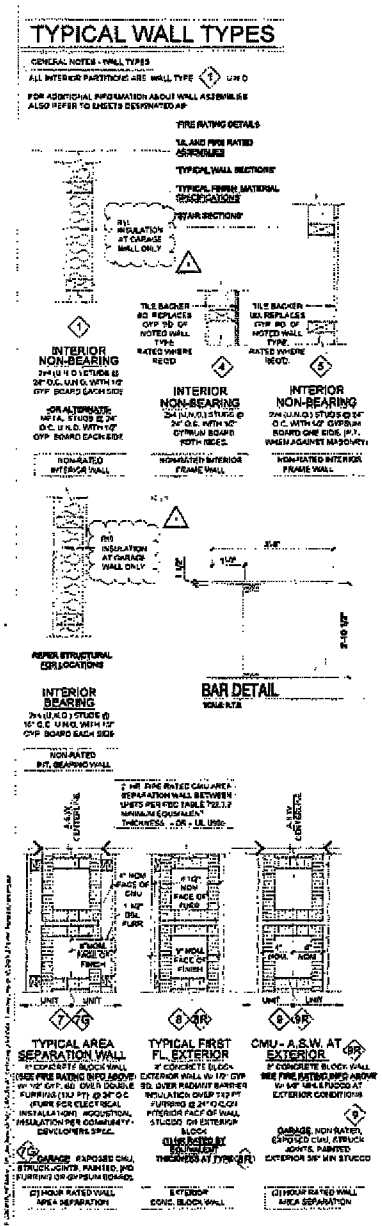
ALL SITE SHALL BE TO ALL SHALL AND DIMENSION AS SHOWN ON PLANS.

5.6 NORTH CAROLINA ARCHITECTS' INVESTIGATION OF UNFAVORABLE CONDITIONS OR CONCRETE SHALL PROCEEDING FROM NOTIFICATION TO ARCHITECT ANY FROM WHEN THEY DOES NOT MEETING THE ENGINEER DESIGN OR ELEVATION NOTED, IT WILL BE RESPONSIBLE FOR CORRECTIONS AND UNFORESEEN INSTALLATION OF ITEMS WHEN THEY DOES NOT MATCH THE DRAWINGS.

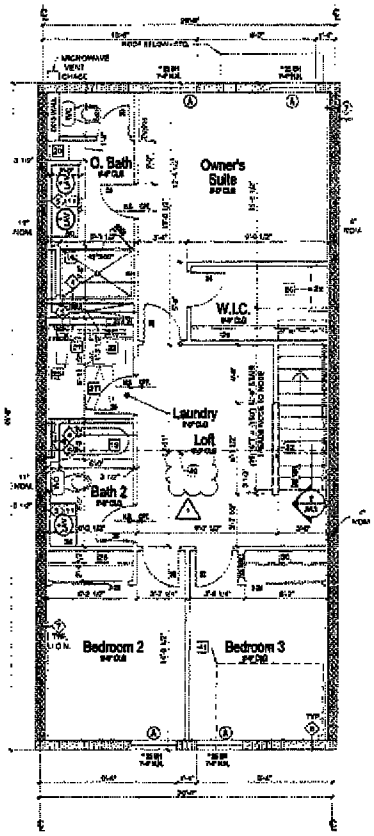
DIVISION 07 - THERMAL AND MOISTURE PROTECTION:

1. THE FOLLOWING SPECIFICATION TO BE KEPT IN WITH MODIFICATIONS AT SPECIFIC INTERNAL INSPECTION SERVICES TO HEARING, REPRESENTATIVE AND THE CONSIDERING ENGINEERS HANDBOOK OF FUNDAMENTALS.
2. FLASHING
   - 2.1 INTERNAL FLASHING AND SHEET METAL IN COMPLIANCE WITH "ARCHITECTURAL SHEET METAL MANUAL" BY SMACNA
   - 2.2 ALUMINUM FLASHING SHALL CONFORM TO ASTM B 209, AND OF MINIMUM GAUGE SHOWN UNLESS HEAVIER GAUGE OF PLATE USED
   - 2.3 GALVANIZED SHEET FLASHING SHALL CONFORM TO ASTM A 526, G90COATED COPPER, OR BASE ALLOYED WITH A 525 DESIGNATION A NO HOT-DIP GALVANIZED WILL PROHIBITED
   - 2.4 NONREINFORCED FLEXIBLE BLACK PLASTIC SHEET FLASHING OF 30 TO BE MIL 6 OUNCES SHALL COMPLY WITH THE FOLLOWING, UNDER 6 MINIMUM, ASTM D-2990 - BASIC STRENGTH, ASTM D-412 FILM ELONGATION, ASTM D-624, DIE C — TURNAGE, ELONGATION, ASTM D-1004 FOR PUNCTURE RESISTANCES, ASTM D-1790 — DROPS, ASTM D-1709 TEST METHOD, ASTM D-1925 ACCELERATED WEATHERING, ASTM D-543 PERFORMANCE REAGENTS WITH REFERENCE FLUIDS WHERE EXPOSED TO OR IN CONTACT WITH CHEMICAL MATERIALS OR DETERIORATION MATERIALS
   - 2.5 FLEXIBLE AND METAL FLASHING AT ALL EAVE TO WALL CONDITIONS, PENETRATIONS OF WOOD FRAME EXTERIOR CORNER WALLS, EXTERIOR OPENINGS, & FLASHINGS AS NOTED TO PROVIDE WATERTIGHT/WEATHERPROOF ENVELOPE.
3. INSULATION
   - 3.2 PROVIDE ALL INSULATION MATERIALS FREE FROM MATERIAL DAMAGE FROM DETERIORATION, AS MOISTURE, SEEPING, AND OTHER SOURCES STORE THEM AND USE IN A DRY LOCATION.
   - 3.2 VENTILATION MATERIAL, INSULATING CAVITIES, SUCH AS VAPOR RETARDERS AND MOISTURE-RESISTANT MEMBRANES, MATERIALS WITHIN FLOOR/CEILING ASSEMBLIES, ROOF/CEILING ASSEMBLIES, WALL ASSEMBLIES, DRAIN, SPACES AND ATTICS SHALL HAVE A FLAME SPREAD INDEX NOT TO EXCEED 25 WITH AN ACCOMPANYING SMOKE-DEVELOPED INDEX NOT TO EXCEED 450 WHEN TESTED IN ACCORDANCE WITH ASTM E 84 OR UL 723 (FOR "AS OTHERWISE MEANS ITS NOT CODE.
   - 3.3 PROVIDE AND INSTALL SPRAY APPLIED INSULATION IN INSULATION-ONLY WALL OF R-19 IN CONDITIONS OF SPACE ENCLOSURE, AND BASES FOR ENGINEER AS SHOWN ON DRAWINGS
   - 3.4 PROVIDE & INSTALL GLASS FIBER BATT INSULATION AT ANGLED ROOF SPACES AT BALLOON FRAME WITH GENERIC AND SIZE TO AND ALONG MECHANICAL AND ELECTRICAL SERVICES WHERE AN ALIKE OF INSULATION, LEAVE AS GAPS OR SPACES WHERE SIZE NOT TO COMPRESS CLOSE INSULATION.
4. DRAINAGE AND INSTALL SYSTEMS AND COMPONENTS AS PER SMACNA ARCHITECTURAL SHEET METAL MANUAL, LATEST EDITION (MOST CURRENT)
   - 4.1 GUTTER - HSS MATERIAL SPECIFICATION.
   - 4.2 DOWNSPOUT — CONFORMING PER SPECIFICATION (ALUMINUM)
   - 4.3 CONNECTION DOWNSPOUTS TO UNDERGROUND DRAINAGE SYSTEM WHERE POINT OF SPLASHING TO GRADE WITH CODE SPLASHGUARDS AS NOTED TO ON TYPES
   - 4.4 PROVIDE SHEET METAL FLASHING CONNECTIONS FLUSH AND TRUE AGAINST AS SEAMLESS FOR SEALING ATTACHMENT CONDITIONS POTENTIAL DYNAMIC THRUST CREATED BY ENGINEERED FLOW AND SOLVING ALL FASTENERS AND SUPPORT ACCESSORIES SHALL BE OF THE SAME MATERIAL AS THE CONNECTION AND SHALL BE PROVIDED TO ELIMINATE THE POSSIBILITY OF CAUSING CORROSION DUE TO DISSIMILAR METALS
5. EXTERIOR STUCCO TO BE 1/2" ON WOOD, 7/8" ON MASONRY, (3) COAT PORTLAND CEMENT PLASTER OVER METAL LATH FROM 2 SECOND TO BE SELECTED BY OWNER OR AS PER COLOR BUILDING MANUFACTURER
6. WHERE SCRATCH PLASTER EXTENDS IS TO BE APPLIED TO LATH OVER FRAME CONSTRUCTION MEASURES SHALL BE TAKEN TO PREVENT DAMAGE IN WATER BY SEEPAGE PLASTER AND THE WATER RESISTIVE BARRIER AT THE BASE OF EXPOSED SURFACES. THE WATER RESISTIVE BARRIER AND THE STUCCO PLASTER EXPOSED CONSISTING OF ONE OF THE FOLLOWING
   - 6.1 TWO LAYERS OF AN APPROVED WATER RESISTANT BARRIER OF
   - 6.2 ONE LAYER OF AN APPROVED WATER RESISTANT BARRIER OVER AN APPROVED WATER RESISTIVE BARRIER OF
   - 6.3 OTHER APPROVED METHODS OF MATERIALS APPLIED IN ACCORDANCE WITH THE MANUFACTURER'S INSTALLATION INSTRUCTIONS
7. MINIMUM THICKNESS OF STUCCO WEATHER COVERINGS (EXCLUSIVE OF ROUGHCOAT BASE)

FOUNDATION	STUCCO THICKNESS
MASONRY OVER WOOD	
BRICK VENEER AND	1"
MASONRY, CMU OR MASONRY VENEER	7/8"
NON-GRADE WOOD STUDS	
ONE LAYER	1"
BACK-TO-BACK OR MASONRY GRADE	1 1/2"



8. CONTROL JOINTS, CONTROL JOINTS & MASONRY CONTROL SHALL BE INSTALLED BY STRICT ADHERENCE TO ALL ANY CASES ASTM STUCCO & CEILING CODE RECOMMENDATIONS



DIVISION 08 - OPENINGS

1. PERFORMANCE STANDARDS FOR METAL DOORS, WOOD DOORS, AND WINDOWS SHALL BE
   - 1.1 UNDERWRITERS LABORATORIES INC. (LISTING DIRECTORY 2020-2021)
   - 1.2 NATIONAL FIRE PROTECTION ASSOCIATION - STANDARD NO. 80 STANDARD FOR FIRE DOORS AND WINDOWS
   - 1.3 ANSI STANDARDS STANDARDS STATEMENT IN THESE SUBSTANTIAL OR NOT REFERENCED IN THE RESIDENTIAL CODE, ONLY THE APPLICABLE PERFORMANCE STANDARDS OF THE FLORIDA BUILDING CODE SHALL BE USED.
   - 1.4 ADDITIONAL STANDARDS NOTED BUT ARE NOT LIMITED TO ANSI/ASTM/NFPA, TESTING PERFORMANCE PRODUCERS STANDARDS, GLAZING AND INSTALLATION
   - WATER PENETRATION).
2. ALL DOORS AND WINDOWS SHALL COMPLY WITH THE CODE FOR THE SIZE, LOCATION OF HAZARDOUS SITUATIONS, REQUIREMENTS AND AS EFFECTIVE BY OWNER FROM BEHAVIOR / DEVELOPMENT CODE APPROVED AND RECOMMENDED BUILDING MATERIAL SPECIFICATIONS
   - 2.1 CONTRACTOR SHALL COORDINATE FOR THE DOORWAY OPENING SIZES, AND VERIFY THAT MATERIAL OF WINDOWS AND DOORS ARE SUITABLE FOR THEIR INTENDED USE AND LOCATION
   - 2.2 ALUMINUM FLASHING SHALL CONFORM TO ASTM B 209, AND OF MINIMUM GAUGE SHOWN UNLESS HEAVIER GAUGE OF PLATE USED
   - 2.3 GALVANIZED SHEET FLASHING SHALL CONFORM TO ASTM A 526, G90COATED COPPER, OR BASE ALLOYED WITH A 525 DESIGNATION A NO HOT-DIP GALVANIZED WILL PROHIBITED
   - 2.4 NONREINFORCED FLEXIBLE BLACK PLASTIC SHEET FLASHING OF 30 TO BE MIL 6 OUNCES SHALL COMPLY WITH THE FOLLOWING, UNDER 6 MINIMUM, ASTM D-2990 - BASIC STRENGTH, ASTM D-412 FILM ELONGATION, ASTM D-624, DIE C — TURNAGE, ELONGATION, ASTM D-1004 FOR PUNCTURE RESISTANCES, ASTM D-1790 — DROPS, ASTM D-1709 TEST METHOD, ASTM D-1925 ACCELERATED WEATHERING, ASTM D-543 PERFORMANCE REAGENTS WITH REFERENCE FLUIDS WHERE EXPOSED TO OR IN CONTACT WITH CHEMICAL MATERIALS OR DETERIORATION MATERIALS
   - 2.5 ALL DOORS SHALL BE SUBJECT TO AN ENGINEERING EVALUATION AND SHALL BE CERTIFIED BY AN APPROVED AGENCY AS BEING IN COMPLIANCE WITH THE FLORIDA BUILDING CODE
   - 2.6 ALL DOOR SHALL BE INSTALLED AS PER MANUFACTURER'S INSTRUCTIONS AND IN ACCORDANCE WITH THE ALUMINUM DOOR AND GLAZING STANDARD
   - 2.7 ALL DOORS AND WINDOWS SHALL BE PROVIDED WITH APPROVED SAFETY GLAZING AS PER CODE. CONTRACTOR IS RESPONSIBLE TO VERIFY WITH SAFETY GLAZING AS PER CODE. CONTRACTOR IS RESPONSIBLE TO VERIFY WITH SAFETY GLAZING AS PER CODE. CONTRACTOR IS RESPONSIBLE TO VERIFY WITH SAFETY GLAZING AS PER CODE. CONTRACTOR IS RESPONSIBLE TO VERIFY WITH SAFETY GLAZING AS PER CODE. CONTRACTOR IS RESPONSIBLE TO VERIFY WITH SAFETY GLAZING AS PER CODE. CONTRACTOR IS RESPONS

GENERAL PLAN NOTES:

ALL INTERIOR DOORS ARE 6'-8" HIGH

DOOR WIDTH DESIGNATION: 28 = 2'-8", 24 = 2'-4", ETC.

GARAGE DOORS SHALL BE 6'0 x 8'0 OVERHEAD DOOR.
A MIN. 3/4" DRIVE W/ CLOSER

WINDOWS MARKED WITH (E) * MUST MEET EMERGENCY ESCAPE AND RESCUE REQUIREMENTS. WINDOW SUPPLIER TO VERIFY AT LEAST ONE WINDOW IN ALL BEDROOMS MEETS (E.E.R.) REQUIREMENTS

FOR ADDITIONAL INFORMATION SEE GENERAL NOTES, TYPICAL FINISH MATERIAL SPECIFICATIONS, WALL SECTIONS AND DETAILS.

PLUMBING NOTE: DEFINE ALL PLUMBING VENTS, DRYER VENTS, AND BATHROOM EXHAUST MIN. TOP FROM CENTER LINE OF PARTY WALL TO AVOID PENETRATING FIRE RESISTANT ROOF SHEATHING.

FALL PROTECTION

IN DWELLING UNITS WHERE THE TOP OF THE SILL OF AN OPERABLE WINDOW OPENING IS LOCATED LESS THAN 24 INCHES (610 MM) ABOVE THE FINISHED AND GREATER THAN 72 INCHES (1829 MM) ABOVE THE FINISHED GRADE OR OTHER SURFACE BELOW ON THE EXTERIOR OF THE BUILDING, THE OPERABLE WINDOW SHALL COMPLY WITH ONE OF THE FOLLOWING:

1. OPERABLE WINDOWS WITH OPENINGS THAT WILL NOT ALLOW A 4-INCH-DIAMETER (102 MM) SPHERE TO PASS THROUGH THE OPENING WHERE THE OPENING IS IN ITS LARGEST OPENED POSITION.
2. WINDOW OPENING CONTROL DEVICES SHALL COMPLY WITH ASTM F2090.

THE WINDOW OPENING CONTROL DEVICE, AFTER OPERATION TO RELEASE THE CONTROL DEVICE ALLOWING THE WINDOW TO FULLY OPEN, SHALL NOT REDUCE THE NET CLEAR OPENING AREA OF THE WINDOW UNIT.

SPECIAL WARRANTY DEED

THIS SPECIAL WARRANTY DEED, made and executed on June 15th 2026, by **LEGACY VILLAS AT COCOA LLC**, a Florida limited liability company (hereinafter referred to as the "Grantor"), whose address is 3850 Bird Road, Suite 801, Miami, Florida 33146, to **MERITAGE HOMES OF FLORIDA, INC.**, a Florida corporation (hereinafter referred to as the "Grantee"), whose address is 1395 University Blvd., Suite 300, Jupiter, FL 33458.

Wherever used herein the term "grantor" and "grantee" include all the parties to this instrument and the heirs, legal representatives and assigns of individuals, and the successors and assigns of corporations, partnerships (including joint ventures, public bodies and quasi-public bodies)

WITNESSETH: THAT Grantor, for and in consideration of the sum of TEN AND NO/100 DOLLARS ($10.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, does hereby grant, bargain, sell, alienate, remise, release, convey, and transfer unto Grantee, all of that certain land lying and being in the County of Brevard, State of Florida, to-wit:

> See Exhibit "A" attached hereto and made a part hereof by reference (hereinafter referred to as the "Property").

TOGETHER with all buildings, structures, and improvements thereon and all of the rights, privileges, appurtenances, hereditaments, easements, reversions, and remainders pertaining to or used in connection therewith, including, without limitation, all (i) development and concurrency rights and credits, impact fee credits, prepaid fees, air rights, water, water rights, water stock, water capacity, sewer, wastewater and re-use water rights, sewage treatment capacity, other utility capacity and rights, concurrency certificates, approvals, and permits relating thereto, (ii) strips and gores, streets, alleys, easements, rights-of-way, public ways, or other rights appurtenant, adjacent, or connected thereto, and (iii) minerals, oil, gas, and other hydrocarbon substances in, under, or that may be produced therefrom.

TO HAVE AND TO HOLD the same in fee simple forever.

FURTHER, Grantor hereby covenants with and warrants to Grantee that Grantor is lawfully seized of the Property in fee simple; that Grantor has good, right and lawful authority to

sell and convey the Property, and hereby fully warrants the title to the Property and will defend the same against the claims of all persons claiming by, through, or under Grantor, but against none other; and that the Property is free and clear of all encumbrances except: (i) taxes for the year of this instrument and thereafter; (ii) zoning and other use restrictions, conditions, or requirements now or hereafter imposed by governmental authorities; and (iii) without re-imposing same, those easements, conditions, restrictions, matters, limitations and reservations of public record, if any, but this reference shall not operate to reimpose same.

[*Remainder of page intentionally left blank; signature page follows*]

IN WITNESS WHEREOF, Grantor has caused this Special Warranty Deed to be duly executed as of the day and year first above written.

CITY COUNCIL AGENDA ITEM

Memo Date:	June 1, 2026
Agenda Date:	July 14, 2026
File ID:	2026-472
Prepared By:	Kathleen Frederick
Through:	Abigail Morgan, Public Works Director
Requested Action:	To consider renewal of the Interlocal Agreement with Brevard County, Florida, for the distribution of revenues derived from the Save Our Indian River Lagoon half-cent discretionary infrastructure sales surtax and authorize the Mayor to execute the agreement.

BACKGROUND:

In 2016, Brevard County adopted a half-cent discretionary infrastructure sales surtax, known locally as the Save Our Indian River Lagoon (SOIRL) Sales Surtax, following voter approval. The surtax was established to fund projects and programs designed to improve water quality, reduce pollution, remove muck accumulations, restore natural habitats, and implement the Save Our Indian River Lagoon Project Plan. An Interlocal Agreement was executed between Brevard County and the municipalities within the County to determine the distribution of revenues derived from the surtax.

On May 19, 2026, the Brevard County Board of County Commissioners adopted Ordinance 2026-06, which provides for the renewal of the SOIRL half-cent sales surtax through December 31, 2036, subject to voter approval at the November 3, 2026 General Election. The ordinance further requires Brevard County and municipalities representing a majority of the County's municipal population to enter into a renewal of the Interlocal Agreement providing for the distribution of surtax proceeds prior to January 1, 2027.

Approval of the proposed Renewal of the Interlocal Agreement will allow the City of Cocoa to continue participating in the countywide funding program and ensure the continued use and distribution of surtax revenues for projects and programs that support restoration of the Indian River Lagoon.

PRIORITY AREA CONNECTION:

Community Outreach and Engagement

BUDGETARY IMPACT:

N/A

PREVIOUS ACTION:

On August 23, 2016, City Council approved an Interlocal Agreement with Brevard County to determine the distribution of revenues derived from the half-cent discretionary

infrastructure sales tax consistent with the Save Our Lagoon Plan.

RECOMMENDED MOTION:
Approve the Renewal of the Interlocal Agreement with Brevard County, Florida, for the distribution of revenues derived from the Save Our Indian River Lagoon half-cent discretionary infrastructure sales surtax and authorize the Mayor to execute the agreement.

ORDINANCE 2026-06

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF BREVARD COUNTY, FLORIDA, REGARDING RENEWAL OF THE HALF-CENT LOCAL GOVERNMENT INFRASTRUCTURE SURTAX KNOWN LOCALLY AS THE SAVE OUR INDIAN RIVER LAGOON SALES SURTAX; PROVIDING FOR RENEWAL OF THE LEVY OF THE SURTAX THROUGH DECEMBER 31, 2036, SUBJECT TO THE APPROVAL BY A MAJORITY VOTE OF THE ELECTORS OF THE COUNTY VOTING IN A REFERENDUM ON THE SURTAX, FOR THE PURPOSE OF FUNDING THE COUNTY'S SHARE OF THE COST FOR THE SAVE OUR INDIAN RIVER LAGOON PROGRAM; AMENDING CHAPTER 46, ARTICLE X, BREVARD COUNTY CODE; AMENDING SECTION 46-399. – SAVE OUR INDIAN RIVER LAGOON PROJECT TRUST FUND, BREVARD COUNTY CODE TO PROVIDE FOR THE DEPOSIT OF ALL SURTAX REVENUES IN A TRUST FUND AND RESTRICTION OF TRUST FUND EXPENDITURES; AMENDING SECTION 46-401. – EFFECTIVE DATE, BREVARD COUNTY CODE, TO PROVIDE FOR THE EXTENSION OF THE LEVY OF THE SURTAX THROUGH DECEMBER 31, 2036; PROVIDING FOR A REFERENDUM; PROVIDING FOR NOTICE OF THE REFERENDUM; PROVIDING FOR BALLOT LANGUAGE; PROVIDING CONDITIONS TO THE HOLDING OF SUCH REFERENDUM; PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEAL OF LAWS IN CONFLICT; PROVIDING FOR INCLUSION IN THE BREVARD COUNTY CODE; PROVIDING FOR EFFECTIVE DATES, FILING AND NOTICES, AND REPEAL.

WHEREAS, in January through March 2016, Brevard County residents endured the most extensive and intensive algal bloom ever recorded in the Indian River system during winter to spring months; and

WHEREAS the collapse of this bloom in March resulted in one of the most extensive fish kills ever recorded in the county; and

WHEREAS the 2016 bloom and fish kill followed a 2011 algae super bloom, brown tides in 2012, 2013 and 2015, and unusual mortality events for dolphins, manatees and pelicans; and

WHEREAS, on August 9, 2016, the Board of County Commissioners heard extensive testimony on the need for and economic benefits anticipated from establishing a trust fund dedicated to restoring health to the Indian River Lagoon, considered multiple funding options, and voted unanimously to approve a Save Our Indian River Lagoon Project Plan, advertise an ordinance for a half-cent infrastructure sales tax for this purpose, approved ballot language, and authorized staff to negotiate an interlocal sales tax use and distribution agreement with cities representing a majority of the county's municipal population; and

WHEREAS, on August 23, 2016, the Board of County Commissioners adopted Ordinance No. 2016-15 (the "Original Save Our Indian River Lagoon Surtax Ordinance") for a half-cent

Officially filed with the Secretary of
State on May 21, 2026.

infrastructure sales tax to fund the implementation of the Save Our Indian River Lagoon Project Plan, placed a Referendum on the November 8, 2016, ballot for a half-cent infrastructure sales tax and authorized the Chair to execute an interlocal sales tax use and distribution agreement with cities representing a majority of the County's municipal population; and

WHEREAS, on November 8, 2016, the half-cent infrastructure sales tax was approved by a majority vote of the electors of Brevard County to be levied for the period of January 1, 2017, to December 31, 2026; and

WHEREAS an interlocal sales tax use and distribution agreement was executed between the County and every city and town in the County, thus representing the entire County population; and

WHEREAS the Save Our Indian River Lagoon Project Plan has been updated annually with changes recommended by a Citizen Oversight Committee and adopted by the County Commission to reduce sources of pollution, remove accumulations of pollution, restore naturally filtering ecosystems, and respond to new information and opportunities; and

WHEREAS, the current surtax expires December 31, 2026, and while progress is underway, extending dedicated funding into the future will continue to position the County to leverage state and federal cost-share to design and implement projects and programs that reduce and remove pollution, improve water quality, and restore fish and wildlife abundance and habitat in the Indian River Lagoon that would not otherwise be funded; and

WHEREAS, the Board of County Commissioners of Brevard County finds that a referendum on whether to renew the surtax is prudent, best serves the public interest, and serves both a county purpose and a public purpose;

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF BREVARD COUNTY, FLORIDA, as follows:

SECTION 1. AMENDMENTS TO SECTION 46-399. – SAVE OUR INDIAN RIVER LAGOON PROJECT TRUST FUND, BREVARD COUNTY CODE. Effective January 1, 2027, Chapter 46, Article X. – Save Our Indian River Lagoon Sales Surtax, Section 46-399 of the Brevard County Code, is hereby amended to read as follows (additions are indicated by underline text; deletions are indicated by ~~strikethrough~~ text):

Sec. 46-399. - Save Our Indian River Lagoon Project Trust Fund.

~~If the county electorate approves the ½-cent infrastructure sales surtax provided for in this article, the county manager, or his designee in cooperation with the~~

~~board finance division of the office of the clerk of the circuit court, shall create a trust fund reserved solely for the deposit of revenues derived from the approved tax and any other funds received for purposes of implementing the Save Our Indian River Lagoon Project Plan. Thereafter, all~~ All revenues collected from the ~~tax~~ ½-cent infrastructure sales surtax provided for in this article and any other funds received for purposes of implementing the Save Our Indian River Lagoon Project Plan shall be deposited into the trust fund created and reserved solely for such purpose, and shall be distributed in the manner provided for in the interlocal agreement required under ~~F.S. §~~ section 212.055(2)(c)1., Florida Statutes. Trust fund expenditures shall be restricted to:

(1) Reasonable and necessary capital improvement, capital maintenance and other projects and programs implementing the Save Our Indian River Lagoon Project Plan, as adopted by the board of county commissioners and amended from time to time. Reasonable and necessary expenses may include lagoon restoration project permitting costs and the costs of experts used in obtaining or consulting on the acquisition of such permits;~~:~~

~~a. The Save Our Indian River Lagoon Project Plan, as adopted hereunder or as amended from time to time;~~

~~b. The Indian River Lagoon Conservation and Management plan, as amended from time to time and incorporated into the Save Our Indian River Lagoon Project Plan; and/or~~

c. ~~With the approval of the board of county commissioners, the costs of any lagoon restoration project or program identified and pursued in accordance with any future plan, as amended from time to time and incorporated into the Save Our Indian River Lagoon Project Plan enacted by the Indian River Lagoon council created pursuant to the Indian River Lagoon National Estuary Program Interlocal Agreement dated February 19, 2015. Such reasonable and necessary expenses may include lagoon restoration project permitting costs and the costs experts used in obtaining or consulting on the acquisition of such permits;~~

(2) Costs of issuing bonds, including financial advisor fees; bond counsel fees; and bond validation attorneys and expert witness fees, if any are utilized;

(3) Lagoon restoration project related costs, if any, contemplated by the interlocal agreement ~~required~~ authorized by ~~F.S. §~~ Section 212.055(2), Florida Statutes;

(4) Any reasonable lagoon restoration related project or program expense approved by the board of county commissioners, at its discretion, upon recommendation by the Save Our Indian River Lagoon citizen oversight committee ~~established hereunder~~;

(5) Save Our Indian River Lagoon Project Plan restoration project related administration ~~operation and maintenance~~ expenses;

(6) Save Our Indian River Lagoon Project Plan education and community awareness initiatives or programs;

(7) Any membership dues payable to the Indian River Lagoon council.

Such expenditures shall be made in accordance with established county contract, bidding and authorized administrative expense limitations, as set forth in board policies and county manager administrative orders.

Such expenditures may include use for grant matching funds for federal, state or private contributions pledged for paying expenses or costs related to lagoon restoration projects, or repayment of bonds, if any, issued for financing the cost of capital improvement or capital maintenance projects related to the restoration of the Indian River Lagoon.

SECTION 2. AMENDMENTS TO SECTION 46-401. – EFFECTIVE DATE, BREVARD COUNTY CODE. Effective January 1, 2027, Chapter 46, Article X. – Save Our Indian River Lagoon Sales Surtax, Section 46-401 of the Brevard County Code, is hereby amended to read as follows (additions are indicated by underline text; deletions are indicated by ~~strikethrough~~ text):

Sec. 46-401. - Effective date and duration of infrastructure surtax.

The ½ cent infrastructure sales surtax authorized in section 46-398 shall be effective commencing January 1, 2017, and continuing through December 31, 2036. ~~The ordinance from which this article is derived shall take effect upon November 5, 2016 if the ½ cent sales tax is approved by a majority of the electors of the county voting in the referendum on that date. However, the ordinance from which this article is derived shall not be implemented until such time as:~~

~~(1) The supervisor of elections has consented to obtaining and making registration books available in accordance with F.S. § 100.151;~~

~~(2) Election results demonstrate an affirmative vote of the majority of the electors has approved the Save Our Indian River Lagoon ½ cent sales tax; and~~

~~(3) Prior to November 8, 2016, the governing bodies representing at least 50 percent of the municipal population in the county have approved an interlocal agreement consistent with the distribution of all proceeds to the trust fund created by the ordinance from which this article is derived, provided the levy of the ½ cent surtax provided for in section 46-398 will commence on January 1, 2017.~~

SECTION 3. REFERENDUM. A referendum election is hereby called and ordered to be held in Brevard County at the time of the next general election to be held on November 3, 2026 to determine whether the Board of County Commissioners should continue to levy a ½ cent sales tax for financing the County's share of the cost for the Save Our Indian River Lagoon Program to implement the project plan.

SECTION 4. NOTICE OF REFERENDUM. Notice of the referendum shall be published in a newspaper of general circulation in the County or on the County's website as provided in section 50.0311, Florida Statutes, at least twice, once in the fifth week and once in the third week prior to the week in which the referendum is held, the date of first publication in said newspaper to be at least thirty (30) days before said referendum, in the manner provided in section 100.342, Florida Statutes.

SECTION 5. NOTICE TO SUPERVISOR OF ELECTIONS. Upon adoption of this ordinance, notice of the calling of the referendum election provided for in this Ordinance shall be delivered to the Supervisor of Elections. This Ordinance shall not be implemented unless the Supervisor of Elections provides his consent to a date when the registration books can be available pursuant to Section 100.151, Florida Statutes.

SECTION 6. PLACES OF VOTING, INSPECTORS, CLERKS. The polls will be open at the voting places on the date of the referendum during the times prescribed by law. All qualified electors residing within the County shall be entitled and permitted to vote at the referendum on the proposition set forth below. The places of voting and the inspectors and clerk for the referendum shall be those designated by the Supervisor or Elections of Brevard County.

SECTION 7. OFFICIAL BALLOT. Ballots to be used in the referendum shall contain a statement of the description of the proposed Save Our Indian River Lagoon ½ Cent Sales Tax Referendum and shall be in substantially the following form:

BALLOT

Brevard County, Florida

Title: RENEWAL OF THE SAVE OUR INDIAN RIVER LAGOON HALF-CENT SALES TAX

To restore the Indian River Lagoon through infrastructure, capital improvements, capital maintenance projects and programs designed to improve water quality and fish and wildlife habitat, remove muck, and reduce pollution, shall Brevard County renew the existing Save Our Indian River Lagoon half-cent sales tax for ten years, and require deposit of all revenue to a trust fund solely for such purposes, with continued citizen committee oversight and annual independent audits?

___ YES for the ½ cent sales tax

___ NO against the ½ cent sales tax

SECTION 8. ABSENTEE VOTING. The form of ballots to be used in such referendum for absentee voters shall be the same as used at the polling places for said referendum or such other form as may be prescribed by law.

SECTION 9. PRINTING OF BALLOTS. The Supervisor of Elections for Brevard County is hereby authorized and requested to (a) have sample ballots printed and to deliver such sample ballots to the inspectors and clerks on or before the date and time for opening of the polls for such referendum and (b) have official ballots for use in such referendum printed and delivered in accordance with law.

SECTION 10. PAYMENT OF REFERENDUM EXPENSES. The County Manager is hereby authorized and directed to approve the payment of lawful expenses associated with conducting the referendum election and the Clerk of the Board of County Commissioners is hereby authorized and directed to disburse the funds necessary to pay such expenses.

SECTION 11. VOTER REGISTRATION BOOKS. The Supervisor of Elections for Brevard County is hereby authorized and requested to furnish the poll workers, inspectors and clerks required at each place where the votes are to be cast in such referendum, as well as applicable portions of the registration books or certified copies thereof showing the names of the qualified electors residing in the County.

SECTION 12. ELECTION PROCEDURE. The referendum shall be held and conducted in the manner prescribed by law and shall, as soon as practicable, be returned and canvassed in the manner prescribed by law. The result shall show the number of qualified electors who voted at such referendum and the number of votes cast respectively for and against approval of the proposition. Upon certification in the manner prescribed by law, the results shall be recorded in the minutes of the Board of County Commissioners.

SECTION 13. LEVY OF ONE-HALF CENT SALES TAX FOR INDIAN RIVER LAGOON RESTORATION. As authorized under section 212.055(2), Florida Statutes, and subject to section 19(b) below, beginning January 1, 2027, the levy of the one-half cent Save Our Indian River Lagoon Sales Surtax is hereby extended for a period of ten years, as specified in this Ordinance.

SECTION 14. SAVINGS CLAUSE. In the event the referendum provided for in Section 3 of this Ordinance is not approved by a majority vote of those voting on the question posed by the referendum, the levy of the Save Our Indian River Lagoon Sales Surtax pursuant to the Original Save Our Indian River Lagoon Surtax Ordinance shall remain in effect as originally provided in the Original Save Our Indian River Lagoon Surtax Ordinance, the proceeds of the Save Our Indian River Lagoon Sales Surtax shall continue to be used for the purposes provided in the Original Save Our Indian River Lagoon Surtax Ordinance and shall continue to be distributed as provided in the Original Save Our Indian River Lagoon Surtax Ordinance.

SECTION 15. SEVERABILITY. If any section, subsection, sentence, clause or provision of this Ordinance or the application thereof to any person or circumstance is held invalid or unconstitutional by a court of competent jurisdiction, such invalid or unconstitutional portion shall be deemed a separate, distinct and independent provision, and such holding shall not affect the validity of the other portions of this ordinance, provided the remaining portions effectuate the purpose and intent of this ordinance.

SECTION 16. INCLUSION IN BREVARD COUNTY CODE. It is intention of the Board of County Commissioners that the provisions of this ordinance shall become and be made a part of the Code of Ordinances of Brevard County, Florida, and that the sections of this ordinances may be renumbered or re-lettered and that the word "ordinance" may be changed to "section," "article," or such other appropriate word or phrase in order to accomplish such intentions.

SECTION 17. CONFLICTING PROVISIONS. In the case of a direct conflict between any provisions of this ordinance and a portion or provision of any other appropriate federal, state, or county law, rule, code or regulation, the more restrictive shall apply.

SECTION 18. **REPEALING CLAUSE**. All ordinances or other actions of the County which are in conflict herewith are hereby repealed to the extent of such conflict or inconsistency.

SECTION 19. **EFFECTIVE DATES; FILING AND NOTICES; REPEAL**.

(a) This Ordinance shall be effective upon filing with the Florida Department of State. Immediately upon passage, the Clerk is directed to file this Ordinance and to provide copies to the Florida Department of Revenue, and the Supervisor of Elections, in accordance with applicable law. Subject to section 19(b) below, for purposes of authorizing the extension of the levy of the Save Our Indian River Lagoon Sales Surtax, this Ordinance shall take effect on January 1, 2027.

(b) The extension of the levy of the Save Our Indian River Lagoon Sales Surtax proposed by this Ordinance shall commence on January 1, 2027, only if approved by a "FOR" vote by a majority of those voting on the question posed at the November 3, 2026 referendum. If a majority of those voting on the question posed do not vote "FOR", the proposed renewal of the levy of the Save Our Indian River Lagoon Sales Surtax shall not be authorized and this Ordinance shall be of no further force and effect.

(c) The extension of the levy of the Save Our Indian River Lagoon Sales Surtax proposed by this Ordinance shall commence on January 1, 2027, only if each of the governing boards of Brevard County and the governing bodies of the municipalities representing a majority of the county's municipal population enter into an interlocal agreement providing for the distribution of the proceeds of the Save Our Indian River Lagoon Sales Surtax in accordance with section 212.055, Florida Statutes prior to January 1, 2027.

ENACTED this 19th day of May, 2026

ATTEST:

Rachel M. Sadoff, Clerk

BOARD OF COUNTY COMMISSIONERS
BREVARD COUNTY, FLORIDA

By: _____
Thad Altman, Chair

As approved by the Board on May 19, 2026

SAVE OUR INDIAN RIVER LAGOON LOCAL INFRASTRUCTURE SURTAX RENEWAL OF INTERLOCAL AGREEMENT

This Renewal of the Save Our Indian River Lagoon Local Infrastructure Surtax Agreement ("Renewal"), is made and entered into by and between Brevard County, Florida, a political subdivision of the State of Florida ("County") and the municipalities of Cape Canaveral, Cocoa, Cocoa Beach, Grant-Valkaria, Indialantic, Indian Harbour Beach, Malabar, Melbourne, Melbourne Beach, Melbourne Village, Palm Bay, Palm Shores, Rockledge, Satellite Beach, Titusville, and West Melbourne, Florida, municipal corporations existing under the laws of the State of Florida ("City") and all together hereinafter known as the "Parties".

WITNESSETH

WHEREAS, pursuant to Section 212.055(2)(a), Florida Statutes, Brevard County Ordinance No. 16-15, and the vote of a majority of the qualified electors of Brevard County in a referendum held on November 8, 2016, the County levied a countywide one-half cent discretionary Save Our Indian River Lagoon local infrastructure surtax (hereinafter the "Surtax"), commencing on January 1, 2017, and continuing thereafter for a period of ten (10) years until December 31, 2026; and

WHEREAS, pursuant to Section 212.055(2)(a), Florida Statutes, Brevard County Ordinance No. 2026-06 (hereinafter the "Ordinance"), and the vote of a majority of the qualified electors of Brevard County in a referendum held on November 3, 2026, the Surtax is renewed commencing on January 1, 2027, and continuing thereafter for a period of ten (10) years until December 31, 2036; and

WHEREAS, as authorized by section 212.055(2)(c), Florida Statutes, the Parties entered into an initial Interlocal Agreement on August 23, 2016, which was subsequently replaced with an Interlocal Agreement executed by all Parties on January 29, 2019 (hereinafter the "Original Agreement"), in order to determine the distribution of the revenues derived from the half cent discretionary infrastructure sales tax in lieu of using the statutory formula set forth in section 218.62, Florida Statutes and the Parties desire to renew said Interlocal Agreement; and

WHEREAS, the parties deem it in the best interest of all of the citizens, residents, and property owners of Brevard County that the proceeds of the Surtax continue to be used to fund projects and programs designed to restore the Indian River Lagoon in the manner set forth in the Ordinance, including reasonable administrative costs of those projects and programs; and

NOW, THEREFORE, in consideration of the mutual terms, conditions, promises, and covenants hereinafter set forth, the County and City agree to perform the following acts and to be bound by the following statements:

1. RECITALS. The recitals set forth hereinabove are true and correct and are incorporated herein by reference.

2. CONTINUED USE AND DISTRIBUTION OF SURTAX. It is the intent of the parties hereto that even though this Renewal is separately executed by the County with multiple municipalities, that all such separately executed agreements shall be construed to constitute a single Renewal of the Interlocal Agreement which provides for the continued use and distribution of the proceeds from the Surtax as follows:

   a. Any and all revenue generated by the Surtax shall continue to be deposited into the Save Our Indian River Lagoon Trust Fund, continue to be administered by the County, and continue to be used for restoration projects and programs in the manner prescribed in the Ordinance and the Save Our Indian River Lagoon Project Plan; and

   b. The Save Our Indian River Lagoon Citizen Oversight Committee, as established in Ordinance No. 16-15, will continue to assist the County with annual plan updates and may review any proposed capital improvement, project, program, relevant science, performance data, audit or other matter presented to it by the Board of County Commissioners for a recommendation to the County Commission.

3. MUNICIPAL PERMITTING CONTINUING TO NOT BE RESTRICTED. Nothing in this Renewal or the Save Our Indian River Lagoon Project Plan shall be read to limit any municipal signatory's ability to obtain permits from the Florida Department of Environmental Protection, the St. John River Water Management District, or any other governing and/or permitting authority.

4. CONTINUING TOTAL MAXIMUM DAILY LOAD ("TMDL") CREDITS.

   a. Any and all TMDL credits accrued as a result of Surtax expenditures made shall continue to be distributed, to the extent permitted by law, between entities that have jurisdiction within the Florida Department of Environmental Protection (FDEP) Basin Management Action Plan (BMAP) watershed within which the project is located, and according to the following population-based distribution formula:

      i. The proportion for the county government shall be computed by dividing the sum of the unincorporated area population within the BMAP watershed where the project is located by the sum of the total population within that same BMAP watershed.

      ii. The proportion for each municipal government shall be computed by dividing the population of that municipality within the BMAP watershed where the project is located by the sum of the total population within that same BMAP watershed.

      iii. For the purposes of this section, from program inception until the census block data for the 2020 United States Census becomes

available, population shall be calculated using the population estimates of local governmental units in Florida as of April 1, 2016, as published by the University of Florida Bureau of Economic and Business Research. See **Exhibit A** attached hereto for TMDL credit distributions based on 2016 population estimates.

iv. When more recent census block data for the United States Census becomes available, and continuing thereafter, population shall be calculated by using the most recent census block data published by the United States Census Bureau.

b. Should a project use both Surtax monies and contributions made by other government entities, such as a city, all TMDL credits accrued for the project will be distributed pro rata in the same ratio as the entity's contribution to the total project cost, if allowed by law, or as otherwise agreed to by the contributing entities. The formula in 5.a.i. through 5.a.iv. applies only to the distribution of TMDL credits accrued by expenditure of Surtax monies.

c. Should expenditures be made with grant monies, cost share contracts or legislative appropriations, whichever entity applied for and received the additional funds shall be the recipient of the pro rata share of TMDL credits that accrue from the expenditure of such additional funds.

5. CONTINUING INTERLOCAL AGREEMENT. This Renewal is an interlocal agreement, as contemplated by Chapter 163, Part III, Florida Statutes, and other applicable law. This Renewal adopts, incorporates and ratifies the provisions of the Ordinance and the Original Agreement. It is governed by the laws of Florida.

6. MODIFICATION. This Renewal may be amended, supplemented or cancelled only by a written instrument duly executed by the parties hereto.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the parties have hereunto set their hands and seals on the day and year indicated next to the signature of their respective authorized representatives and this Renewal of the Interlocal Agreement shall take effect upon the date of execution by the last party to the Renewal of the Interlocal Agreement, the "last party" being defined as the authorized representative of the municipality whose city population will cause the total population of cities executing this agreement to exceed 50% of the total 2020 municipal population in the county, as that total is set forth in Exhibit A attached hereto.

SAVE OUR INDIAN RIVER LAGOON LOCAL INFRASTRUCTURE SURTAX RENEWAL OF INTERLOCAL AGREEMENT

This Renewal of the Save Our Indian River Lagoon Local Infrastructure Surtax Agreement ("Renewal"), is made and entered into by and between Brevard County, Florida, a political subdivision of the State of Florida ("County") and the municipalities of Cape Canaveral, Cocoa, Cocoa Beach, Grant-Valkaria, Indialantic, Indian Harbour Beach, Malabar, Melbourne, Melbourne Beach, Melbourne Village, Palm Bay, Palm Shores, Rockledge, Satellite Beach, Titusville, and West Melbourne, Florida, municipal corporations existing under the laws of the State of Florida ("City") and all together hereinafter known as the "Parties".

WITNESSETH

WHEREAS, pursuant to Section 212.055(2)(a), Florida Statutes, Brevard County Ordinance No. 16-15, and the vote of a majority of the qualified electors of Brevard County in a referendum held on November 8, 2016, the County levied a countywide one-half cent discretionary Save Our Indian River Lagoon local infrastructure surtax (hereinafter the "Surtax"), commencing on January 1, 2017, and continuing thereafter for a period of ten (10) years until December 31, 2026; and

WHEREAS, pursuant to Section 212.055(2)(a), Florida Statutes, Brevard County Ordinance No. _____(hereinafter the "Ordinance"), and the vote of a majority of the qualified electors of Brevard County in a referendum held on November 3, 2026, the Surtax is renewed commencing on January 1, 2027, and continuing thereafter for a period of ten (10) years until December 31, 2036; and

WHEREAS, as authorized by section 212.055(2)(c), Florida Statutes, the Parties entered into an initial Interlocal Agreement on August 23, 2016, which was subsequently replaced with an Interlocal Agreement executed by all Parties on January 29, 2019 (hereinafter the "Original Agreement"), in order to determine the distribution of the revenues derived from the half cent discretionary infrastructure sales tax in lieu of using the statutory formula set forth in section 218.62, Florida Statutes and the Parties desire to renew said Interlocal Agreement; and

WHEREAS, the parties deem it in the best interest of all of the citizens, residents, and property owners of Brevard County that the proceeds of the Surtax continue to be used to fund projects and programs designed to restore the Indian River Lagoon in the manner set forth in the Ordinance, including reasonable administrative costs of those projects and programs; and

NOW, THEREFORE, in consideration of the mutual terms, conditions, promises, and covenants hereinafter set forth, the County and City agree to perform the following acts and to be bound by the following statements:

1. RECITALS. The recitals set forth hereinabove are true and correct and are incorporated herein by reference.

2. CONTINUED USE AND DISTRIBUTION OF SURTAX. It is the intent of the parties hereto that even though this Renewal is separately executed by the County with multiple municipalities, that all such separately executed agreements shall be construed to constitute a single Renewal of the Interlocal Agreement which provides for the continued use and distribution of the proceeds from the Surtax as follows:

   a. Any and all revenue generated by the Surtax shall continue to be deposited into the Save Our Indian River Lagoon Trust Fund, continue to be administered by the County, and continue to be used for restoration projects and programs in the manner prescribed in the Ordinance and the Save Our Indian River Lagoon Project Plan; and

   b. The Save Our Indian River Lagoon Citizen Oversight Committee, as established in Ordinance No. 16-15, will continue to assist the County with annual plan updates and may review any proposed capital improvement, project, program, relevant science, performance data, audit or other matter presented to it by the Board of County Commissioners for a recommendation to the County Commission.

3. MUNICIPAL PERMITTING CONTINUING TO NOT BE RESTRICTED. Nothing in this Renewal or the Save Our Indian River Lagoon Project Plan shall be read to limit any municipal signatory's ability to obtain permits from the Florida Department of Environmental Protection, the St. John River Water Management District, or any other governing and/or permitting authority.

4. CONTINUING TOTAL MAXIMUM DAILY LOAD ("TMDL") CREDITS.

   a. Any and all TMDL credits accrued as a result of Surtax expenditures made shall continue to be distributed, to the extent permitted by law, between entities that have jurisdiction within the Florida Department of Environmental Protection (FDEP) Basin Management Action Plan (BMAP) watershed within which the project is located, and according to the following population-based distribution formula:

      i. The proportion for the county government shall be computed by dividing the sum of the unincorporated area population within the BMAP watershed where the project is located by the sum of the total population within that same BMAP watershed.

      ii. The proportion for each municipal government shall be computed by dividing the population of that municipality within the BMAP watershed where the project is located by the sum of the total population within that same BMAP watershed.

      iii. For the purposes of this section, from program inception until the census block data for the 2020 United States Census becomes

available, population shall be calculated using the population estimates of local governmental units in Florida as of April 1, 2016, as published by the University of Florida Bureau of Economic and Business Research. See **Exhibit A** attached hereto for TMDL credit distributions based on 2016 population estimates.

iv. When more recent census block data for the United States Census becomes available, and continuing thereafter, population shall be calculated by using the most recent census block data published by the United States Census Bureau.

b. Should a project use both Surtax monies and contributions made by other government entities, such as a city, all TMDL credits accrued for the project will be distributed pro rata in the same ratio as the entity's contribution to the total project cost, if allowed by law, or as otherwise agreed to by the contributing entities. The formula in 5.a.i. through 5.a.iv. applies only to the distribution of TMDL credits accrued by expenditure of Surtax monies.

c. Should expenditures be made with grant monies, cost share contracts or legislative appropriations, whichever entity applied for and received the additional funds shall be the recipient of the pro rata share of TMDL credits that accrue from the expenditure of such additional funds.

5. CONTINUING INTERLOCAL AGREEMENT. This Renewal is an interlocal agreement, as contemplated by Chapter 163, Part III, Florida Statutes, and other applicable law. This Renewal adopts, incorporates and ratifies the provisions of the Ordinance and the Original Agreement. It is governed by the laws of Florida.

6. MODIFICATION. This Renewal may be amended, supplemented or cancelled only by a written instrument duly executed by the parties hereto.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the parties have hereunto set their hands and seals on the day and year indicated next to the signature of their respective authorized representatives and this Renewal of the Interlocal Agreement shall take effect upon the date of execution by the last party to the Renewal of the Interlocal Agreement, the "last party" being defined as the authorized representative of the municipality whose city population will cause the total population of cities executing this agreement to exceed 50% of the total 2020 municipal population in the county, as that total is set forth in Exhibit A attached hereto.

SAVE OUR INDIAN RIVER LAGOON LOCAL INFRASTRUCTURE SURTAX RENEWAL OF INTERLOCAL AGREEMENT

This Renewal of the Save Our Indian River Lagoon Local Infrastructure Surtax Agreement ("Renewal"), is made and entered into by and between Brevard County, Florida, a political subdivision of the State of Florida ("County") and the municipalities of Cape Canaveral, Cocoa, Cocoa Beach, Grant-Valkaria, Indialantic, Indian Harbour Beach, Malabar, Melbourne, Melbourne Beach, Melbourne Village, Palm Bay, Palm Shores, Rockledge, Satellite Beach, Titusville, and West Melbourne, Florida, municipal corporations existing under the laws of the State of Florida ("City") and all together hereinafter known as the "Parties".

WITNESSETH

WHEREAS, pursuant to Section 212.055(2)(a), Florida Statutes, Brevard County Ordinance No. 16-15, and the vote of a majority of the qualified electors of Brevard County in a referendum held on November 8, 2016, the County levied a countywide one-half cent discretionary Save Our Indian River Lagoon local infrastructure surtax (hereinafter the "Surtax"), commencing on January 1, 2017, and continuing thereafter for a period of ten (10) years until December 31, 2026; and

WHEREAS, pursuant to Section 212.055(2)(a), Florida Statutes, Brevard County Ordinance No. 2026-06 (hereinafter the "Ordinance"), and the vote of a majority of the qualified electors of Brevard County in a referendum held on November 3, 2026, the Surtax is renewed commencing on January 1, 2027, and continuing thereafter for a period of ten (10) years until December 31, 2036; and

WHEREAS, as authorized by section 212.055(2)(c), Florida Statutes, the Parties entered into an initial Interlocal Agreement on August 23, 2016, which was subsequently replaced with an Interlocal Agreement executed by all Parties on January 29, 2019 (hereinafter the "Original Agreement"), in order to determine the distribution of the revenues derived from the half cent discretionary infrastructure sales tax in lieu of using the statutory formula set forth in section 218.62, Florida Statutes and the Parties desire to renew said Interlocal Agreement; and

WHEREAS, the parties deem it in the best interest of all of the citizens, residents, and property owners of Brevard County that the proceeds of the Surtax continue to be used to fund projects and programs designed to restore the Indian River Lagoon in the manner set forth in the Ordinance, including reasonable administrative costs of those projects and programs; and

NOW, THEREFORE, in consideration of the mutual terms, conditions, promises, and covenants hereinafter set forth, the County and City agree to perform the following acts and to be bound by the following statements:

1. RECITALS. The recitals set forth hereinabove are true and correct and are incorporated herein by reference.

2. CONTINUED USE AND DISTRIBUTION OF SURTAX. It is the intent of the parties hereto that even though this Renewal is separately executed by the County with multiple municipalities, that all such separately executed agreements shall be construed to constitute a single Renewal of the Interlocal Agreement which provides for the continued use and distribution of the proceeds from the Surtax as follows:

   a. Any and all revenue generated by the Surtax shall continue to be deposited into the Save Our Indian River Lagoon Trust Fund, continue to be administered by the County, and continue to be used for restoration projects and programs in the manner prescribed in the Ordinance and the Save Our Indian River Lagoon Project Plan; and

   b. The Save Our Indian River Lagoon Citizen Oversight Committee, as established in Ordinance No. 16-15, will continue to assist the County with annual plan updates and may review any proposed capital improvement, project, program, relevant science, performance data, audit or other matter presented to it by the Board of County Commissioners for a recommendation to the County Commission.

3. MUNICIPAL PERMITTING CONTINUING TO NOT BE RESTRICTED. Nothing in this Renewal or the Save Our Indian River Lagoon Project Plan shall be read to limit any municipal signatory's ability to obtain permits from the Florida Department of Environmental Protection, the St. John River Water Management District, or any other governing and/or permitting authority.

4. CONTINUING TOTAL MAXIMUM DAILY LOAD ("TMDL") CREDITS.

   a. Any and all TMDL credits accrued as a result of Surtax expenditures made shall continue to be distributed, to the extent permitted by law, between entities that have jurisdiction within the Florida Department of Environmental Protection (FDEP) Basin Management Action Plan (BMAP) watershed within which the project is located, and according to the following population-based distribution formula:

      i. The proportion for the county government shall be computed by dividing the sum of the unincorporated area population within the BMAP watershed where the project is located by the sum of the total population within that same BMAP watershed.

      ii. The proportion for each municipal government shall be computed by dividing the population of that municipality within the BMAP watershed where the project is located by the sum of the total population within that same BMAP watershed.

      iii. For the purposes of this section, from program inception until the census block data for the 2020 United States Census becomes

available, population shall be calculated using the population estimates of local governmental units in Florida as of April 1, 2016, as published by the University of Florida Bureau of Economic and Business Research. See **Exhibit A** attached hereto for TMDL credit distributions based on 2016 population estimates.

iv. When more recent census block data for the United States Census becomes available, and continuing thereafter, population shall be calculated by using the most recent census block data published by the United States Census Bureau.

b. Should a project use both Surtax monies and contributions made by other government entities, such as a city, all TMDL credits accrued for the project will be distributed pro rata in the same ratio as the entity's contribution to the total project cost, if allowed by law, or as otherwise agreed to by the contributing entities. The formula in 5.a.i. through 5.a.iv. applies only to the distribution of TMDL credits accrued by expenditure of Surtax monies.

c. Should expenditures be made with grant monies, cost share contracts or legislative appropriations, whichever entity applied for and received the additional funds shall be the recipient of the pro rata share of TMDL credits that accrue from the expenditure of such additional funds.

5. CONTINUING INTERLOCAL AGREEMENT. This Renewal is an interlocal agreement, as contemplated by Chapter 163, Part III, Florida Statutes, and other applicable law. This Renewal adopts, incorporates and ratifies the provisions of the Ordinance and the Original Agreement. It is governed by the laws of Florida.

6. MODIFICATION. This Renewal may be amended, supplemented or cancelled only by a written instrument duly executed by the parties hereto.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the parties have hereunto set their hands and seals on the day and year indicated next to the signature of their respective authorized representatives and this Renewal of the Interlocal Agreement shall take effect upon the date of execution by the last party to the Renewal of the Interlocal Agreement, the "last party" being defined as the authorized representative of the municipality whose city population will cause the total population of cities executing this agreement to exceed 50% of the total 2020 municipal population in the county, as that total is set forth in Exhibit A attached hereto.

SAVE OUR INDIAN RIVER LAGOON LOCAL INFRASTRUCTURE SURTAX RENEWAL OF INTERLOCAL AGREEMENT

This Renewal of the Save Our Indian River Lagoon Local Infrastructure Surtax Agreement ("Renewal"), is made and entered into by and between Brevard County, Florida, a political subdivision of the State of Florida ("County") and the municipalities of Cape Canaveral, Cocoa, Cocoa Beach, Grant-Valkaria, Indialantic, Indian Harbour Beach, Malabar, Melbourne, Melbourne Beach, Melbourne Village, Palm Bay, Palm Shores, Rockledge, Satellite Beach, Titusville, and West Melbourne, Florida, municipal corporations existing under the laws of the State of Florida ("City") and all together hereinafter known as the "Parties".

WITNESSETH

WHEREAS, pursuant to Section 212.055(2)(a), Florida Statutes, Brevard County Ordinance No. 16-15, and the vote of a majority of the qualified electors of Brevard County in a referendum held on November 8, 2016, the County levied a countywide one-half cent discretionary Save Our Indian River Lagoon local infrastructure surtax (hereinafter the "Surtax"), commencing on January 1, 2017, and continuing thereafter for a period of ten (10) years until December 31, 2026; and

WHEREAS, pursuant to Section 212.055(2)(a), Florida Statutes, Brevard County Ordinance No. _____(hereinafter the "Ordinance"), and the vote of a majority of the qualified electors of Brevard County in a referendum held on November 3, 2026, the Surtax is renewed commencing on January 1, 2027, and continuing thereafter for a period of ten (10) years until December 31, 2036; and

WHEREAS, as authorized by section 212.055(2)(c), Florida Statutes, the Parties entered into an initial Interlocal Agreement on August 23, 2016, which was subsequently replaced with an Interlocal Agreement executed by all Parties on January 29, 2019 (hereinafter the "Original Agreement"), in order to determine the distribution of the revenues derived from the half cent discretionary infrastructure sales tax in lieu of using the statutory formula set forth in section 218.62, Florida Statutes and the Parties desire to renew said Interlocal Agreement; and

WHEREAS, the parties deem it in the best interest of all of the citizens, residents, and property owners of Brevard County that the proceeds of the Surtax continue to be used to fund projects and programs designed to restore the Indian River Lagoon in the manner set forth in the Ordinance, including reasonable administrative costs of those projects and programs; and

NOW, THEREFORE, in consideration of the mutual terms, conditions, promises, and covenants hereinafter set forth, the County and City agree to perform the following acts and to be bound by the following statements:

1. RECITALS. The recitals set forth hereinabove are true and correct and are incorporated herein by reference.

2. CONTINUED USE AND DISTRIBUTION OF SURTAX. It is the intent of the parties hereto that even though this Renewal is separately executed by the County with multiple municipalities, that all such separately executed agreements shall be construed to constitute a single Renewal of the Interlocal Agreement which provides for the continued use and distribution of the proceeds from the Surtax as follows:

   a. Any and all revenue generated by the Surtax shall continue to be deposited into the Save Our Indian River Lagoon Trust Fund, continue to be administered by the County, and continue to be used for restoration projects and programs in the manner prescribed in the Ordinance and the Save Our Indian River Lagoon Project Plan; and

   b. The Save Our Indian River Lagoon Citizen Oversight Committee, as established in Ordinance No. 16-15, will continue to assist the County with annual plan updates and may review any proposed capital improvement, project, program, relevant science, performance data, audit or other matter presented to it by the Board of County Commissioners for a recommendation to the County Commission.

3. MUNICIPAL PERMITTING CONTINUING TO NOT BE RESTRICTED. Nothing in this Renewal or the Save Our Indian River Lagoon Project Plan shall be read to limit any municipal signatory's ability to obtain permits from the Florida Department of Environmental Protection, the St. John River Water Management District, or any other governing and/or permitting authority.

4. CONTINUING TOTAL MAXIMUM DAILY LOAD ("TMDL") CREDITS.

   a. Any and all TMDL credits accrued as a result of Surtax expenditures made shall continue to be distributed, to the extent permitted by law, between entities that have jurisdiction within the Florida Department of Environmental Protection (FDEP) Basin Management Action Plan (BMAP) watershed within which the project is located, and according to the following population-based distribution formula:

      i. The proportion for the county government shall be computed by dividing the sum of the unincorporated area population within the BMAP watershed where the project is located by the sum of the total population within that same BMAP watershed.

      ii. The proportion for each municipal government shall be computed by dividing the population of that municipality within the BMAP watershed where the project is located by the sum of the total population within that same BMAP watershed.

      iii. For the purposes of this section, from program inception until the census block data for the 2020 United States Census becomes

available, population shall be calculated using the population estimates of local governmental units in Florida as of April 1, 2016, as published by the University of Florida Bureau of Economic and Business Research. See **Exhibit A** attached hereto for TMDL credit distributions based on 2016 population estimates.

iv. When more recent census block data for the United States Census becomes available, and continuing thereafter, population shall be calculated by using the most recent census block data published by the United States Census Bureau.

b. Should a project use both Surtax monies and contributions made by other government entities, such as a city, all TMDL credits accrued for the project will be distributed pro rata in the same ratio as the entity's contribution to the total project cost, if allowed by law, or as otherwise agreed to by the contributing entities. The formula in 5.a.i. through 5.a.iv. applies only to the distribution of TMDL credits accrued by expenditure of Surtax monies.

c. Should expenditures be made with grant monies, cost share contracts or legislative appropriations, whichever entity applied for and received the additional funds shall be the recipient of the pro rata share of TMDL credits that accrue from the expenditure of such additional funds.

5. CONTINUING INTERLOCAL AGREEMENT. This Renewal is an interlocal agreement, as contemplated by Chapter 163, Part III, Florida Statutes, and other applicable law. This Renewal adopts, incorporates and ratifies the provisions of the Ordinance and the Original Agreement. It is governed by the laws of Florida.

6. MODIFICATION. This Renewal may be amended, supplemented or cancelled only by a written instrument duly executed by the parties hereto.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the parties have hereunto set their hands and seals on the day and year indicated next to the signature of their respective authorized representatives and this Renewal of the Interlocal Agreement shall take effect upon the date of execution by the last party to the Renewal of the Interlocal Agreement, the "last party" being defined as the authorized representative of the municipality whose city population will cause the total population of cities executing this agreement to exceed 50% of the total 2020 municipal population in the county, as that total is set forth in Exhibit A attached hereto.

CITY COUNCIL AGENDA ITEM

Memo Date:	June 23, 2026
Agenda Date:	July 14, 2026
File ID:	2026-525
Prepared By:	Charlene Neuterman, Community Services Director
Through:	Stockton Whitten, City Manager
Requested Action:	Conduct the Final public hearing on the proposed FY2026/2027 Action Plan; approve the Action Plan and Citizen Participation Plan for submission to HUD; and authorize the Mayor to sign all subsequent certifications and agreements.

BACKGROUND:

For Fiscal Year 2026-2027, the City anticipates receiving $108,792 in Community Development Block Grant (CDBG) funds from the U.S. Department of Housing & Urban Development (HUD) as a direct entitlement. The City also anticipates receiving $46,258.05 in HOME Investment Partnership Program (HOME) funds from HUD as part of the Brevard County HOME Consortium, which is composed of the cities of Cocoa, Melbourne, Palm Bay, Titusville, and Brevard County. The use of CDBG funds must meet one (1) of the three (3) National Objectives: benefit low/moderate income persons; eliminate or prevent slums or blight; or meet urgent needs. CDBG allows a maximum of 15 percent of the grant to be allocated to a public service agency and a maximum of 20 percent of the grant to be allocated for staff administration.

HOME funds can only be used to address housing needs, such as: home purchase or rehabilitation financing assistance; build or rehabilitate housing for rent or ownership; or for other reasonable and necessary expenses related to the development of non-luxury housing, including site acquisition or improvement, and demolition of dilapidated housing to make way for HOME-assisted development. Additionally, some special conditions exist with HOME funds. The City must provide a 25 percent match for every dollar of HOME funds used (except for administrative costs) from non-federal sources. At least 15 percent must be set aside for Community Housing Development Organization (CHDO) activities, 7.43 percent is available for staff administration and the remaining allocation towards eligible HOME activities (2.57 percent is retained by Brevard County as lead agency).

CDBG Public Services -	**Maximum 15% Allowed ($16,319.25)**		
Name of Agency	**Description of Services**	**Amount Requested**	**Amount Recommended**
Central Brevard Sharing Center	Preparing meals for residents	$15,000	$4,079.81

Community Services Council	Meals on Wheels/Seniors at Lunch	$9,570.96	$4,079.81
Family Promise of Brevard	Transitional Housing	$10,000	$4,079.81
Salvation Army DV Shelter	Domestic Violence Shelter	$4,000	$4,079.82
CDBG Section 108 Loan Payments			
Section 108 Loan Program	Repayment of Section 108 Loan	N/A	$70,714.35
CDBG Administration	**20% - $21,758.40**		
City Staff	Salaries	N/A	$20,758.40
Fair Housing	Required Fair Housing	N/A	$1,000
Total CDBG Allocation			**$108,792**
HOME Administration 7.43 %	***Brevard County Staff Admin - 2.57%**	**Total Admin $10%**	
City Staff Admin	Salaries	N/A	$3,527.63
HOME CHDO & Housing	$42,730.42		
CHDO Housing	15% Mandatory	N/A	$7,121.74
Homebuyer Assistance		N/A	$35,608.68
Total HOME Allocation			**$46,258.05**
This award will be modified if any increase or decrease in funding occurs.			

Staff recommends approval of the FY2026/2027 Action Plan and Citizen Participation Plan for Submission to HUD; and authorize the Mayor to sign all subsequent certifications and agreements.

PRIORITY AREA CONNECTION:

Community Outreach and Engagement

BUDGETARY IMPACT:
Will be budgeted in FY2027

PREVIOUS ACTION:
June 9, 2026 - First Public Hearing approved by Council

RECOMMENDED MOTION:

Conduct the Final public hearing on the proposed FY2026/2027 Action Plan; approve the Action Plan and Citizen Participation Plan for submission to HUD; and authorize the Mayor to sign all subsequent certifications and agreements.

CITIZEN PARTICIPATION PLAN

CITY OF COCOA
COMMUNITY SERVICES DEPARTMENT
NEIGHBORHOOD SERVICES DIVISION

July 2025

Federal funds provided by the
U.S. Department of Housing and Urban Development
Office of Community Planning and Development

Under Review by the City of Cocoa Board of County Commissioners
(This version supersedes prior versions of the Citizen Participation Plan)

In accordance with CFR 24, Part 91 and Part 5, Subpart A, Section 5.158, the City of Cocoa is required to develop a Citizen Participation Plan and is hereby certifying that the following policies and procedures are being undertaken:

CONSULTATION

- When preparing the Citizen Participation Plan, the Consolidated Plan, the annual Action Plan, the Assessment of Fair Housing (AFH), and the Section 108 Loan Program, the City shall consult with other public and private agencies which provide housing, health, and social services (including those agencies focusing on services to children, elderly persons, persons with disabilities, persons with HIV/AIDS and their families, and homeless persons).

- When preparing the portion of the Consolidated Plan concerning lead-based paint hazards, the City shall consult with State or local health and child welfare agencies. The City shall examine existing data related to lead-based paint hazards and poisonings, including health department data on the addresses of housing units in which children have been identified as lead poisoned, if available.

- The City shall consult with local government agencies with metropolitan-wide planning responsibilities, particularly for problems and solutions that go beyond the City's jurisdiction.

- The City shall consult with the local public housing agency participating in an approved Comprehensive Grant program concerning consideration of public housing needs and planned Comprehensive Grant program activities. The City shall encourage the participation of residents of public and assisted housing developments in the process of developing and implementing the Consolidated Plan, Fair Housing Assessment, and the Section 108 Loan Program along with other low-income residents of targeted revitalization areas in which the developments are located. The City shall provide information to the housing agency about Consolidated Plan activities related to its developments and surrounding communities so that the housing agency can make this information available at the annual public hearing required under the Comprehensive Grant program. Also, the City shall cooperate in providing resident programs and services and will help ensure that activities with regard to local drug elimination, neighborhood improvement programs, and resident programs and services, funded under the public

housing program and those funded under a program covered by the Consolidated Plan are fully coordinated to achieve comprehensive community development goals.

ENCOURAGEMENT OF CITIZEN PARTICIPATION

Regulatory Requirements

The regulations require that the CPP outline the jurisdiction's process for encouraging citizen participation and input from stakeholders such as local and regional institutions, public housing authorities, Continuums of Care, and other organizations such as businesses, developers, nonprofit organizations, philanthropic organizations, and community-based and faith-based organizations in the development of the Con Plan, AAP, CAPER, and fair housing plan. The jurisdiction should encourage participation by low- and moderate-income persons in the community, non-English speakers (or those who speak English less than very well), and persons with disabilities.

The process of citizen participation shall be provided on a community-wide basis, to encourage citizens to participate in the development of the Citizen Participation Plan, the Consolidated Plan, any substantial amendments, annual Action Plan, and performance reports with particular emphasis on participation by persons of low- and moderate-income, particularly those living in slum and blighted areas and in areas where Community Development Block Grant (CDBG) funds are proposed to be used. The City will encourage the participation of all citizens, including residents of predominately low- and moderate-income neighborhoods, minorities, non-English speaking persons and persons with disabilities. All plans and reports shall be in a format accessible to persons with disabilities, upon request. Notices of public hearings and meetings will be circulated to local churches, made available to community groups, organizations and interested persons. Notices will be posted at strategic locations throughout the City, as well as advertised in a newspaper of general circulation.

The City will provide timely and reasonable notice to the public to receive comments on the Consolidated Plan, annual Action Plan, substantial amendments, and performance reports during the planning year. All comments will be reviewed by the City and shall be considered prior to the adoption of the particular plan or document. The City shall respond to any written responses or comments within fifteen (15) working days, where practical. The City will consult with the public housing agency to notify them of the availability of funding in relation to their housing needs and to provide information on the priority housing and non-housing needs for residents of public and assisted housing in the development of the Consolidated Plan and annual Action Plan. The City shall make

available any performance reports to citizens and provide them reasonable notice and opportunity to comment. Reports shall be advertised in a newspaper of general circulation no less than fifteen (15) days prior to submission to U. S. Department of Housing & Urban Development.

FAIR HOUSING

In coordination with the Con Plan process, the County prepares a fair housing plan and reports annual progress toward the identified fair housing goals and actions in the CAPER.

In accordance with new regulatory requirements at 24 CFR Part 5, 24 CFR 5.158 and 5.164, community consultation and citizen participation will be encouraged in preparing and revising the City's Assessment of Fair Housing (AFH) to affirmatively further fair housing. The AFH will be prepared and submitted with each new five-year consolidated plan.

Fair housing plans typically contain the following sections:

- A summary of the citizen and stakeholder engagement conducted by the County to gather input from the community on the fair housing issues impacting each jurisdiction included in the plan.
- An analysis of the demographic composition of persons residing in each jurisdiction included in the plan.
- An assessment of the fair housing issues that restrict fair housing choice or access to opportunities.
- An assessment of the contributing factors that create, contribute to, perpetuate, or exacerbate one or more of the identified fair housing issues.
- An identification of the Consortium's fair housing goals and actions to address the identified fair housing issues in each jurisdiction.

DEVELOPMENT OF THE CONSOLIDATED PLAN

The City of Cocoa shall make available to citizens, public agencies, and other interested parties information that includes the amount of assistance the City expects to receive (including grant funds and program income) and the range of activities that may be undertaken, including the estimated amount that will benefit persons of low- and moderate-income. The City shall indicate a plan for minimizing displacement of persons as a result of activities assisted with federal funds and to assist persons displaced as a result of such activities, specifying the types and levels of assistance the City shall make available (or require others to make available) to persons displaced, even if the City expects no displacement to occur. This will be accomplished via community meetings, public hearings, legal notices and posted notices at City Hall and throughout the community.

Also, the City shall make available in a newspaper of general circulation, a summary of the consolidated Plan, describing its contents and purpose, a list of the locations where copies of the entire proposed Consolidated Plan may be examined, and where the copies of the entire document can be reviewed. Copies of the Consolidated Plan, Assessment of Fair Housing, and Section 108 Loan Program Project will be provided at City Hall, the local library, and at the Brevard County Housing & Human Services Department. A reasonable number of free copies of the plan to citizens and groups shall be available upon request. The Plan process will provide for at least one public hearing during the development of the Consolidated Plan and provide a period, not less than thirty (30) days, to receive comments from citizens on the proposed Consolidated Plan. All comments received in writing, or orally at public hearings will be considered in preparing the final plan. A summary of these comments or views, and a summary of any comments or views not accepted and the reasons therefor, shall be attached and submitted with the final Consolidated Plan.

PUBLIC HEARINGS

The City of Cocoa will provide for at least two (2) public hearings per year to obtain citizens' views and to respond to proposals and questions, to be conducted at a minimum of two (2) different stages of the program year. Together, the hearings shall address housing and community development needs, development of proposed activities, and review of program performance. The City shall obtain the views of citizens on housing and community development needs, including priority non-housing community development and Fair housing concerns, and shall provide at least one (1) of the hearings is held before the proposed Consolidated Plan is published for comment. Public hearings shall be advertised in a newspaper of general circulation one (1) week prior to the public hearing and information will be circulated to local churches, organizations, and at various locations throughout the community. Public hearings shall be held at times and locations convenient to potential and actual beneficiaries, and with accommodations for persons with disabilities.

In the event a significant number of non-English speaking residents are expected to participate at the hearings, the City will make arrangements for a suitable method of communication to be available to the group, providing a request is made at least two (2) working days prior to the public hearing.

MEETINGS

Citizens will be provided reasonable and timely access to local meetings. Additionally, notices will be sent various housing and community development agencies and posted throughout the City at least one week prior to the meeting date.

AVAILABILITY TO THE PUBLIC

If the City decided to amend or make substantial changes to the adopted Consolidated Plan, annual Action Plan, or performance reports, a public notice will be placed in a newspaper of general circulation making the modified plan available to citizens for review and comment in a form accessible to persons with disabilities, upon request.

ACCESS TO RECORDS

The City will provide citizens, public agencies, and other interested parties with reasonable and timely access to information and records in relation to the consolidated Plan, annual Action Plan, substantial amendments performance reports, and the City's use of assistance under the programs during the preceding five (5) years. All information shall be available to citizens at the City of Cocoa Community Services Office, which is currently located at 65 Stone Street, Cocoa, FL 32922.

TECHNICAL ASSISTANCE

The City, through the Community Services Department, will provide technical assistance to organizations and representatives of persons of low- and moderate-income that requests such assistance in developing proposals and understanding the process of requesting funds. The level and type of assistance will be determined upon the needs of each individual request. City staff will provide speakers to address any community or civic group wishing to obtain information regarding the program.

COMPLAINTS

The Community Services Director or Designee shall make every effort possible to respond in writing within fifteen (15) days to any written or oral complaint, when practical. A citizen may file a written complaint at any time to the U.S. Department of Housing and Urban Development at the following address:

U. S. Department of Housing and Urban Development
Jacksonville Office of Community Planning and Development
400 West Bay Street, Suite 1015
Jacksonville, FL 32202

CRITERIA FOR AMENDMENTS

The City shall provide citizens with reasonable notice of, and opportunity to comment on, proposed changes in the adopted consolidated Plan and annual Action Plan if such change would result in: changes in the City's allocation priorities or a change in the method of distribution of funds; and/or carrying out an activity using funds from any program covered by the Consolidated Plan (including program income), not previously described in the annual Action Plan.

The City shall apply the following criteria in determining whether a change in an activity represents a substantial amendment. An activity shall be considered substantially changed if:

- The percentage of federal funds expended for the benefit of very low-, low-, and moderate-income persons falls below its required 70% as a result of any proposed increase or decrease in expenditures for any one project or activity.

- Any changes in the purpose, scope, location or beneficiaries of an activity that would increase or decrease the estimated cost of the project or activity by more than twenty-five percent (25%) of the amount projected in the annual Action Plan.

Note: Allocations for projects and activities included in the annual Action Plan can be increased or decreased more than twenty-five percent (25%) provided there is not a change in the purpose, scope, location or beneficiaries of the activity.

Reallocation of CDBG and/or Home Investment Partnership Program (HOME) funds in relation to an addition or deletion of priority needs and projects are as follows:

- The addition of a new priority need not included in the adopted Consolidated Plan or a new project in the annual Action Plan which is not cover by a priority need in the adopted Consolidated Plan.

- The deletion of a priority need identified in the adopted Consolidated Plan or a deletion of a project or activity identified in the annual Action Plan which would prevent a priority need identified in the approved Consolidated Plan from being attained.

The City shall provide citizens with reasonable notice and an opportunity to comment on any substantial changes and amendments made to the adopted Consolidated Plan. Citizens will be provided a period, not less than thirty (30) days, to comment on substantial amendments before the amendment is implemented. Any comments or views received in writing, or orally at public hearing, will be considered by the City and summarized and attached to the substantial amendment of the Consolidated Plan for submission to HUD.

The City and members of the Brevard County HOME Consortium are responsible for the development of their respective Citizen Participation Plans, individual CDBG entitlement grants. All HOME and CDBG program amendments initiated by the City must be submitted to Brevard Housing & Human Services for submittal to HUD.

The Citizen Participation Plan was previously approved by City Council on May 27, 2024.

Approved by the City Council on: Michael C. Blake 7/22/2025

NOTICE OF PUBLIC HEARING
PROGRAM YEAR 2026/2027 CDBG & HOME ACTION PLAN PROPOSED FINAL STATEMENT OF OBJECTIVES AND USE OF FUNDS

The City of Cocoa expects to receive **$108,792.00** in Community Development Block Grant (CDBG) Entitlement funds and **$47,478.24** in HOME Investment Partnership funds for program Year 2026/2027. Funds may be used for eligible activities, such as housing rehabilitation, land acquisition, public services, repayment of Section 108 Loan guarantee, public facilities and improvements, or demolition and clearance. The Cocoa City Council will hold a second and final public hearing on **Tuesday June 9, 2026, at 6:00 pm in Council Chambers**, located at **65 Stone Street**, to make available final comments on the proposed final statement of objectives and projected use of funds for the program 2026-2027 Action Plan.

The purpose of the City's Community Development Block Grant Program is the development of viable urban communities by providing decent housing and a suitable living environment, and expanding economic opportunities, principally for people of low/moderate income. The HOME program funds support housing and housing related services provided to low/moderate income households.

The purpose of this hearing is to:

- Review the use of prior and current year CDBG/HOME funds.
- Discuss proposed activities for any unallocated or reprogrammed CDBG funds.
- Ensure compliance with HUD citizen participation requirements.

PROPOSED FINAL STATEMENT OF CDBG PROJECTS FOR PROGRAM YEAR 2026-2027 PUBLIC SERVICES:

Community Services Council (Meals on Wheels & Seniors at lunch)	$4000.00
Central Brevard Sharing Center (Community Kitchen)	$4000.00
Salvation Army (meals in domestic violence shelter)	$4,000.00
Family Promise (rental/mortgage assistance, emergency shelter)	$4000.00
CDBG OTHER PUBLIC FACILITIES IMPROVEMENTS:	
Repayment of Section 108 Loan Guarantee	$71,034.00
ADMINISTRATION:	
CDBG Administration and Operational	$20,758.00
funds Fair Housing Education & Outreach	$1,000.00
TOTAL CDBG FUND	**$108,792.00**

PROPOSED FINAL STATEMENT OF HOME PROJECTS FOR PROGRAM YEAR 2026-2027

HOUSING: CHDO	$7,121.74
HOME: Housing Activity	$35,608.68
HOME: Administration and Operational funds	$4,747.82
TOTAL HOME FUNDS	**$47,478.24**

Final CDBG & HOME allocations have been awarded, and project funding has been adjusted based on final grant allocation.

Copies of the City of Cocoa's 2026-2027 CDBG & HOME ACTION PLAN & PROPOSED PROJECTS are available online at https://www.cocoafl.org/143Housing-Neighborhood-Services. Copies are also available at City Hall, by email request to ftorbert@cocoafl.org or by calling (321) 433-8520. All citizens are invited and encouraged to make written comments beginning May 9, 2026, through June 5, 2026, at 12pm. The Final public hearing is scheduled for Tuesday July 14, 2026, at 6:00 pm, located at 65 Stone Street, Cocoa, FL 32922. Persons with disabilities or non-English speaking persons requiring special accommodations to participate in the hearing should contact Florence Torbert at the City of Cocoa at (321) 433-8520 within 72 week-day hours of the hearing.

Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

Cocoa is a direct entitlement community for CDBG funds. However, this is not the case with HOME funds. The City of Cocoa, in partnership with Brevard County and the cities of Melbourne, Palm Bay, and Titusville receive HOME funds through a consortium. The Brevard County HOME Consortium (Consortium) brings together the cities and the unincorporated areas of the County.

The County is designated as the lead agency. Since Cocoa is part of the Consortium, the HOME portion of the Consolidated Plan, including strategies for HOME funding, must be submitted to HUD in a combined manner to incorporate all funding strategies into one document that will represent the entire County. For this purpose, Cocoa will submit to the County, local housing and community development needs.

The City establishes goals and objectives in the Consolidated Plan that include the following:

- Fair Housing Compliance/Testing/Outreach
- Housing Rehabilitation
- Spot Demolition/Clearance
- Public Services
- Repayment of the Section 108 Loan Guarantee
- Land Acquisition
- Public Facilities Improvements
- Planning and Administration

Of the goals identified, the City will be focusing on the following goals: Planning/Administration, Public Services, Repayment of the Section 108 Loan and Fair Housing/Compliance/Testing. This is due in part to the amount of funds dedicated to repaying the Section 108 Loan Guarantee.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The CDBG objectives for PY 2027 fit under the first national objective of benefiting low-to-moderate-income persons. Those are persons with total household income of less than 80% of the area median income by household size.

- The results of the resident surveys, stakeholder interviews, public comments, and secondary data from HUD, the Census Bureau and other HUD-approved sites.
- The limitations placed on the City by HUD regulations with regards to the location of public improvements and the cap on social spending
- The existence and capacity of potential subrecipients to carry out activities.

Specific objectives identified in the Consolidated plan and the City of Cocoa's strategic plan include the areas of housing, homelessness, special needs, and non-housing community development needs such as:

Housing: Preserving existing affordable housing; producing new affordable homes in special areas; mixed-income rental units city-wide; rehabilitation of rental units serving veterans or special needs; providing home ownership opportunities for those wishing to own their own home; providing services to educate home buyers regarding the mortgage process; enabling homeowners through education and counseling to retain their home; and demolishing homes that are substandard and unfit for human habitation.
Homeless: Providing transitional housing to address the increasing population impacted by current real estate market conditions and labor force reductions; establishing facilities for substance abusers, mentally ill, dually diagnosed, and support case management services for ex-offenders; support activities to fill gaps in Brevard County's Continuum of Care and to respond to urgent community needs; support increased permanent supportive housing and transitional beds for persons with special needs to include housing for unaccompanied homeless youth and homeless veterans.
Special Needs: Objectives are to provide facilities to temporarily house chemically dependent or dually diagnosed individuals; support services to youth; support provision of additional independent living facilities with supportive services for the developmentally disabled, mentally ill, physically disabled, and persons with AIDS (including rental assistance for persons with AIDS); rehabilitate facilities providing supportive housing and provide services to enable the elderly to remain in their homes.
Non-Housing Community Development Needs: Design and construct comprehensive infrastructure and streetscape improvements, enhance safety and sustainability, support neighborhood-based organizations in sponsoring clean-up campaigns, signage, etc. and provide other technical assistance as

needed. Support the design and construction of neighborhood parks and community centers in the target areas.

Objectives and Outcomes Continued

Priority Need: Non-Housing Community Development Needs: the construction of the Dr. Joe Lee Smith Center provides a center for residents living in Census Tracts 626 and 623 to have direct assistance for basic needs and education.

Objective: Creating Suitable Living Environments

Outcome: Availability/Accessibility

Goal Outcome Indicator: The facility will benefit over 3,000 people per year participating in activities.

Priority Need: Special Needs: To provide facilities that support independent living, supportive housing and services to enable elderly to remain in homes.

Objective: Creating Suitable Living Environments

Outcome: Availability/Accessibility

Goal Outcome Indicator: Services such as Seniors at Lunch, Meals on Wheels, Daily food pantries, providing daily meals to support residents in the community.

Priority Need: Homelessness: providing special assistance with rent and mortgage help, basic food needs at home or in a center, providing basic food needs for individuals in a shelter.

Objective: Creating Suitable Living Environments

Outcome: Availability/Accessibility

Goal Outcome Indicator: Over 1500 people will be served during the year.

Utilizing the 26/27 funds in the amount of $108,792.00, the City will collaborate with agencies to provide various eligible public services activities under regulatory citation 570.201(e) and 570.201(e) city-wide, and perform other eligible activities found in regulatory citation 570.201(c), (d), (e), and (n). Additionally, in accordance with regulatory citation 570.200(g) the City will utilize up to 20% of its program year allocation for activities defined in 570.205 and 570.206 to perform general administration of its CDBG program as deemed necessary. Additionally, the City anticipates utilizing an estimated $47,478.24 in HOME funds through the Brevard County HOME Consortium, and approximately $147,000.00 in SHIP funds through Florida Housing Finance Corporation, for additional affordable housing and administrative activities.

The City will continue to focus on addressing the needs related to preventing homelessness in low-income areas throughout the City.

-

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects. The City continues to develop viable communities through the provision of decent, affordable, and available housing, creating suitable living environments, expanding economic opportunities, and preventing and eliminating slums and blight. Verbal feedback from citizens and businesses indicate that the City's demolition and housing rehab programs are helping to beautify neighborhoods.

Overall goal of the community planning and development programs included in the Consolidated Plan is to develop viable communities by providing decent housing and living environments and expanding economic opportunities principally for low-and moderate-income persons.

The City's grant programs improve quality of life for low -and moderate- income residents through four types of programs: community facilities, affordable housing, public services, and homeless services. Community facilities and infrastructure projects have been effective in serving many residents in targeted areas. These projects have been targeted at neighborhoods most in need of visible and public safety-related improvements, including streets and sidewalks.

The City offers several affordable housing programs for homeowners, including rehabilitation, and purchase assistance. Strong economic growth has increased construction costs for repair programs and sale prices for home purchases. The city has supported development of affordable rental housing and strengthened its partnership with the local housing authority developers to combat this issue. These successful efforts will continue by utilizing **SHIP** and **HOME** funds.

The City's HUD-funded public services are spread across a broad spectrum of social service types. The goal was to focus on reducing poverty, decreasing food insecurities, support aging in place for the elderly and decreasing those at risk of homelessness through rapid rehousing and homelessness prevention programs.

Evaluation of Past Performance Continued

a. Are the activities and strategies making an impact on identified needs?

The impact of the activities and strategies that were implemented is demonstrated by the number of households benefiting from these activities, and the number of clients served over the last year directly, and indirectly, through the grantee's subrecipients. The feedback indicates that the activities are addressing several needs such as housing burden; special needs, homelessness outreach and counseling, and senior services.

b. What barriers may have a negative impact on fulfilling the strategies and the overall vision?

The biggest barrier affecting the identified needs is funding. Public service activities are capped at 15% of the total CDBG allocation. While funds are leveraged as much as possible, they can only be stretched so far. The City identified 7 goals and through evaluation and identification of need, there are only 3 goals the City chooses to address this year. Of the 7 goals, the City is focusing on fair housing compliance/outreach/testing, public services and the repayment of the section 108 loan. The challenge with having the loan repayment is that the City needs to focus on areas of most concern and helping the public service agencies and fulfilling the fair housing requirement for the HOME grant are the main priorities.

c. What is the status of grant programs, schedule of activities, timely grant disbursements, and similar expenditures vs. line of credit disbursements?

The grant programs are being completed in accordance with regulatory requirements as documented by program reports and HUD monitoring. Disbursements are drawn and reimbursed.

d. Are the goals on target and what adjustments or improvements to strategies and activities might meet the needs more effectively?

Additional funding would allow the City to make improvements and address strategies and activities listed within the Consolidated Plan more effectively. Funds are continually being used to address needs and leveraged to gain the maximum dollars possible to serve as many clients as possible, with 100% of funds expended benefiting low-income households. While all programs would benefit from additional

funding, public services and neighborhood revitalization programs are the most critical needs than other programs.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The citizen participation process included an online survey for input, meetings, as well as two (2) public hearings. The first public hearing was on June 9, 2026, all agencies attended and discussed their need for continued CDBG funding and the services their agency provides to the City of Cocoa. The final public hearing will be held on July 14, 2026. Notices for all meetings were sent out on social media, newsletters, websites and on the bulletin board at City Hall.

Public participation was strongly encouraged through public notices, the City's website, and community workshops for participation by community stakeholders and residents. Staff met with local non-profits and governmental agencies, as well as many citizen groups locally and citywide. In addition, agencies that target minorities and non-English speaking persons, as well as persons with disabilities, were contacted and participated in a client survey developed by Consortium members for local non-profits and governmental agencies.

Additionally, the City began meeting with all the agencies in the City regarding the challenges with homelessness and how the agencies can work together to help facilitate improvements. These meetings were held monthly and generated excellent feedback and ideas for programs and services. The City held several interactive public workshops to give residents and stakeholders a chance to share their ideas. These meetings will be held. The workshops focused on Diamond Square CRA, Cocoa CRA and the main corridors of the City. A diverse group of people attended the workshop, including long-time residents, newcomers, homeowners, and business owners. The Mayor and City Council were present along with senior staff members. As seen in previous workshops, there was consensus regarding the recurring theme of improving the city's appearance and maintenance of infrastructure and addressing housing needs.

*A Housing and Community Development needs survey was developed and distributed to over 9,000 residents in low-income neighborhoods in Brevard County for input regarding community needs.

*A Social Service Provider Survey was developed and distributed to more than (70) providers to help determine the capacity and gap of service being provided throughout Brevard County, including Cocoa.

*Staff attended various meetings, both virtually and in person, to obtain citizen input, Housing Authority of the City of Cocoa monthly board meetings, Brevard County Continuum of Care Homeless Coalition, and Elevate Brevard Meeting.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

There will be two public Hearings, the first public hearing was held on June 9, 2026, all agencies attended, agencies are: Community Services Council (Aging Matters), The Salvation Army North Central Brevard Corps, Family Promise of Brevard, and Central Brevard Sharing Center. Each agency discussed their need for continued CDBG funding and the services their agency provides to the citizens of Cocoa. The second public hearing will be held on July 14, 2026.

All public comments that are received during advertised public comment period or at the final Public Hearing will be included in the Appendix.

The Diamond Square CRA offers funds for paint and beautification programs to improve the neighborhoods. Over 20 residents have taken advantage of these funds to beautify their community. This program came as a result of citizen comments. Other comments from the visioning exercises were the need for more affordable housing units. From that, the City and Diamond Square CRA combined funds totaling close to $2,000,000 to build five new homes in Diamond Square. These homes were sold at $269,000 to residents that qualified for homebuyer assistance from HOME program and Diamond Square CRA.

6. Summary of comments or views not accepted and the reasons for not accepting them

Any relevant public comments that are received during the advertised public comment period or at the final Public Hearing will be responded to.

7. Summary

All public comments that are received during the advertised public comment period or at the final Public Hearing will be included in the Appendix. Any relevant public comments that are received during the advertised public comment period or at the final Public Hearing will be responded to.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

Housing is a critical component to ending chronic homelessness. As of February 22, 2023, Cocoa Housing Authority began working with Brevard Homeless Coalition in placing homeless individuals into housing much faster than usual. The primary manner in which the city will eliminate chronic homelessness is through its continued collaborative association with the Brevard Homeless Coalition and its support of local community-based service providers with Brevard Homeless Coalition and support of local community-based service providers, the City will aid individuals and families in receiving the necessary services to reduce and prevent the potential of becoming homeless. These services include mortgage, rent and utility payment assistance, transitional and emergency housing, community kitchens, and domestic violence funding. The primary manner in which the city will aid persons in need of services will be through the 211 Brevard referral network, an online database of community service providers.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

The Brevard County Housing and Human Services Department regularly attends the Continuum of Care's (CoC) regularly scheduled meetings. Further, the County has one staff person appointed to the CoC advisory board. The CoC, led by the Brevard Homeless Coalition (BHC) brings together over 141 service providers and individuals working in public health, mental health, housing, and special needs organizations.

The City reviews proposed capital improvements, proposed development, demolition, or disposition of public housing developments and ensures the goals, objectives, and strategies of the Authority support the priority needs addressed in the City's consolidated Plan. Primary agencies located and/or serving persons within the City: **Brevard County Family & Children's Services** provides food, counseling and emergency financial assistance. **Central Brevard Sharing Center** provides food, clothing, emergency rent, and medical/financial assistance. **Housing for Homeless Program** provides currently 32 units in Cocoa for homeless & special needs, 77 County-wide. Twelve units provide permanent long-term affordable housing for persons with mental illness/other special needs; ten units provide transitional housing for homeless, special needs individuals/families with children. The remaining two units are used for special services. Also, **Housing for Homeless**- provided 90 units for low-to-moderate-income citizens, which 12 units of the 90 are for individuals/families that are working needing shelter, that cannot afford high rent. Units were completed at the end of May 2024. **Early Learning Coalition of Brevard County**- Assists working parents in finding/paying for childcare services, offers parenting classes and more. **Crosswinds Youth Services** Programs for children, young people and their families, Emergency Youth Crisis Shelter, Info & Referral Line; Community Counseling, Transitional Living Program; Foster Care, Intensive Delinquency Diversion Services, Juvenile Assessment Center, Project Safe Place, and

CareerSource Brevard NextGen Services. **The Salvation Army**-Provides emergency food, clothing, counseling, financial assistance for rent, utilities & medical prescriptions. **The Salvation Army Domestic Violence Shelter**-Provides food, clothing, counseling, and housing for victims of domestic violence. **North Brevard Charities Sharing Center**-Provides food, clothing, counseling, financial assistance, emergency housing, transitional housing, and permanent rental housing. The agency has five transitional units within Cocoa. The City has several assisted housing providers funded by state and/or federal funds: Westminster Asbury South has 142 Section 8 project based rental units, Westminster North has 50 Section 8 project based rental units, Abilities at Crestview/College Pine/Windover has 51 Section 811 rental units for persons with disabilities. Arlington Apartments has 41 HUD Use Agreement rental units, Cocoa Lakes Apartments has 49 Section 8 Project based rental units, Clear Pond Estates has 72 Section 8 Project based rental units and 28 Low-income Housing Tax Credit rental units, Oak Meadows has 120 Low-income Housing Tax Credit rental units, and Clearlake Isles was completed in 2017 with 84 Low-income Housing Tax Credit over 55 rental units.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

Homelessness is a prevailing situation that exists throughout Brevard County. Housing for Homeless Agency provides supportive services, transitional housing and assistance with securing long term permanent housing to homeless families/individuals. City of Cocoa through Brevard County HOME Consortium provides financial assistance to Brevard Homeless Coalition. City staff participates in a continuum of care process which recently became a 501 (C)(3) as Brevard Homeless Coalition. City of Cocoa will continue to assist homeless services providers with seeking and securing needed financial assistance for provision of services. Those at risk of becoming homeless include one parent families, dysfunctional substance abusers, released prison inmates, battered spouses, persons in extended employment training programs, persons receiving emergency assistance, persons in self-sufficiency programs and households with incomes at 0%-30% AMI, paying more than 30% of their income for housing or who are doubled up with family or friends. According to Brevard Homeless Coalition, homeless population recorded count for Brevard County in 2018 & 2021 an unsheltered count was not performed **Due to the COVID19. 2022 count was 916, 2023 count was 1052 and 2024 count was 1,116, the highest homeless count since 2015.** These populations often require temporary and transitional housing in conjunction with such diverse supportive services as childcare, social supports (e.g., self-help groups) to name a few services. There are several social service agencies and churches that provide homeless assistance programs, including preventive services, short term housing and emergency food, clothing and financial assistance. Below is a list of primary agencies local and serving the homeless within the City of Cocoa: **Central Brevard Sharing Center** provides food, clothing, emergency rent, medical or financial assistance, cold weather shelter and meals daily.

Housing for Homeless Program- Provides 32 units in Cocoa for homeless and special needs 77 countywide. Twelve units provide permanent long term affordable housing for persons with mental

illness and other special needs; ten units provide transitional housing for homeless special needs individuals and families with children. The remaining two units are for the provision of special services such as counseling and miscellaneous services.

Salvation Army- Provides emergency food, clothing, counseling and financial assistance for rent, utilities and medical prescriptions. **Salvation Army Domestic Violence Shelter** provides food, clothing, counseling and housing for victims of domestic violence. **North Brevard Charities Sharing Center** provides food, clothing, counseling, financial assistance, emergency housing, transitional housing and permanent rental housing.

The Consortium will continue to work in collaboration with non-profit and for-profit partners to carry out goals addressing needs of homeless persons in this Annual Action Plan and to strengthen partnerships and build capacity with program agencies. Brevard Homeless Coalition is a good example of developing and strengthening the Consortium's institutional structure. Currently there are more than 122 non-profit and governmental agencies in Brevard County who belong to the Brevard Homeless Coalition, including members of the Consortium. The Brevard Housing Coalition's membership includes housing providers, health services, social service providers and private/public agencies that address low-income citizens and homeless individuals and families through networking and the coordination of funding opportunities.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The County does not receive Emergency Solutions Grant (ESG) funding. The NHC is the CoC lead agency and directly receives ESG funding from HUD.

As the Lead Agency Collaborative Applicant for Brevard's Continuum of Care (CoC), the Brevard Homeless Coalition (BHC) applies for and receives Emergency Solutions Grant (ESG) funding form the state, known collectively as the Unified Grant Contract. The ESG program is comprised of the following funding streams – ESG. Through a competitive Brevard CoC grant process, ESG funding is then awarded to homeless direct service providers for street outreach activities, emergency shelter programs, and rapid re-housing. Currently the BHC subcontracts ESG funding with ten service providers, including two victim service providers, and all subcontracts are tied to specific deliverables.

While municipalities in Brevard County are not currently allocated ESG funding through the CoC competitive process, the BHC advocates that direct service providers are strategically located

throughout the County as to provide services within near proximity of residents in the largest cities and areas with the greatest needs.

Describe:

Brevard Homeless Coalition has set up policies and procedures for applying for and allocating ESG Grant funds. In recent years the local COC has implemented the Vulnerability Index Service Prioritization Decision Assistance Tool (VISDPAT). Utilizing HMIS, the Brevard Homeless Coalition and working Partners (to include 211) organizations can center an individual/family into HMIS and identify the level of vulnerability to the services needed. By determining the level of needs using the VISPDAT for individuals/families, the CHAT Team group of local social service partners) can then assign which organization would be better suited to providing those needs. The system works to reach out and assist those families requiring ESG services; to reduce the time the family would be at risk of homelessness.

Scheduled training for HMIS and VISDAT intakes are available to local service providers by contacting the CHAT Team for more information.

2. Agencies, groups, organizations and others who participated in the process and consultations

Table 2 – Agencies, groups, organizations who participated

1	**Agency/Group/Organization**	Central Brevard Sharing Center
	Agency/Group/Organization Type	Housing

	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Organization participated in community meetings held by the Consortium and provided input on housing and homelessness needs for victims of domestic violence.
10	**Agency/Group/Organization**	COMMUNITY HOUSING INITIATIVE TRUST, INC.
	Agency/Group/Organization Type	Housing
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Market Analysis

	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Organization participated in community meetings held by the Consortium and provided input on housing needs and the market analysis.
11	**Agency/Group/Organization**	Family Promise of Brevard
	Agency/Group/Organization Type	Housing Services-homeless
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Homeless Needs - Chronically homeless Homelessness Needs - Veterans Homelessness Strategy LBGTQ WITH CHILDREN
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Organization participated in community meetings, housing needs, assessment, and various homelessness needs.
12	**Agency/Group/Organization**	East Central Florida Regional Planning Council (ECFRPC)
	Agency/Group/Organization Type	Agency - Managing Flood Prone Areas Agency - Management of Public Land or Water Resources Agency - Emergency Management Regional organization Planning organization
	What section of the Plan was addressed by Consultation?	Economic Development

	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The East Central Florida Regional Planning Council worked with the City to develop the Resilient Cocoa Plan that addresses flood-prone areas in the City and how to make improvements to those areas. Additionally, they support our Emergency Management team in identifying facilities at risk of flooding or other emergencies. From that, the City has a comprehensive Emergency Management Plan.
13	**Agency/Group/Organization**	Florida High Speed Internet
	Agency/Group/Organization Type	Broadband Internet
	What section of the Plan was addressed by Consultation?	Public wi-fi services
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The City has worked with Florida High Speed Internet to bring free public wi-fi to all the City's community centers and parks. Through state grants, the fiber lines are being added to all areas of the City.

Identify any Agency Types not consulted and provide rationale for not consulting

All entities were considered for consultation, and no entity was purposefully excluded from providing input.

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	Brevard Homeless Coalition	The Coc's strategic plan to address homelessness informs the County's goals and strategies.
SHIP local Housing Assistance Plan	City of Cocoa	The Plan identifies housing strategies and allows the City to create partnerships that produce and preserve affordable homeownership and multifamily housing.

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
2022 Planning and Priorities Document	City of Cocoa	The Housing Element is the City's chief policy document for the development of affordable and market rate housing.
Housing Authority of the City of Cocoa	Housing Authority of the City of Cocoa	The Plan identifies how the PHA will carry out the public housing program of the agency in conformity with Title VI of the Civil Rights Act of 1964, The Fair Housing Act, Section 504 of the Rehabilitation Act of 1973, and Title II of the Americans with Disabilities Act of 1990, and will affirmatively further fair housing.

Narrative

There were no agencies that were not consulted.

AP-12 Participation - 91.401, 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation
Summarize citizen participation process and how it impacted goal setting

The City's Community Services Department is an integral component in the coordination between the City, agencies, groups, organizations, non-profit human service providers and the community. Brevard County, as the lead agency of the HOME Consortium, along with the City consulted with the advisory groups, including CBDG Advisory Board, Affordable Housing Council, Cocoa West Neighborhood Meetings, Clearlake Neighborhood Meetings, the Dr. Joe Lee Smith Center Community Meetings, Innovative Housing Team, the Housing Authority of the City of Cocoa, The Housing Authority of Brevard County, Re-entry Task Force, now Operation Hope, Brevard Commission on Aging, and the Brevard Homeless Coalition. These advisory groups provided information on community needs and affordable housing needs and completed the "Needs Assessment" survey. These congratulations, meetings, and surveys shaped the City's goals. The CDBG Citizen Participation Plan includes that all federal regulations regarding public comment periods and participation will be followed by the City of Cocoa. The City encourages the public to review documents concerning the CDBG Program and provide feedback when desired and needed. Representatives of participating cities of the Brevard County HOME Consortium, Brevard County, the Housing Authority of the City of Cocoa, and other stakeholders were notified of funding and emailed from a database of interested parties. Notification was also posted in the Florida Today, a local newspaper on May 5, 2026. Project funding was approved by the Cocoa City Council on June 9, 2026. The FY 26-27 Annual Action Plan has been made available for public comment for 30 days. An announcement of the notice of a 30-day comment period is being published in the local newspaper, Florida Today and on the city website.

Expected Resources

AP-15 Expected Resources - 91.420(b), 91.220(c) (1,2)

Introduction

Members of the HOME Consortium participate as member agencies and has staff on the board of the Brevard Homeless Coalition (BHC), which serves as the lead agency for the Continuum of Care (CoC). The BHC receives funding from HUD to support service delivery to those experiencing homelessness. The CoC General Membership, which includes HOME consortium staff, has completed their 2023-2026 Strategic Plan, along with associated yearly action plans. Brevard County staff has a leadership position within the CoC general membership as a member of the CoC Advisory Council. The 2023-2026 Strategic Plan establishes goals and objectives in the core areas of: strengthening, the foundation of the CoC; reducing homeless for vulnerable populations; preventing housing instability through education, healthcare, and case management; building homes, shelter beds, resources, and partnerships; and sharing stories of the CoC, and individuals and families experiencing homelessness.

Brevard County and each member of the HOME Consortium also use CDBG funding to support nonprofits in their delivery of services to the community. These services may vary by year, but the services are generally targeted at those experiencing homelessness and low moderate-income families.

One year Action Plan released for public comment are based on the funding allocation announcement to the City of Cocoa for FY2026-2027 in the amount of $108,792.00. The City of Cocoa will request citizen comments on this planned process for the allocation of federal funding for FY 26/27. All CDBG funded activities are proportionally increased or decreased from the estimated funding levels to match actual allocation with the following exceptions: General Administration, Planning, and Fair Housing are capped at 20% of the CDBG allocation based on HUD limits size. Targeted Public Services allocation is capped at 15% of the CDBG allocation based on HUD.

Anticipated Resources

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan $	Narrative Description
			Annual Allocation: $	Program Income: $	Prior Year Resources: $	Total: $		
CDBG	public - federal	Acquisition Admin and Planning Economic Development Housing Public Improvements Public Services	108,792.00	0.00	0.00	108,792.00	108,792.00	CDBG funds will be used for housing public improvements, public services, demolition, admin and planning. Previous program years resources are based on CAPER 2025 (PR26)

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

CDBG and HOME funds received by the City will be used along with State grants received to address housing, public service, and community development needs within the City. The City of Cocoa has minor funding available through the State Housing Initiative Partnership (SHIP) for SFY22-23 $188,916, and SFY 23-24 $288,460, and an estimated $100,00.00 for SFY 24-25 and $144,000 for SFY 25-26. SHIP funds also provide a match requirement for HOME funds. Twenty percent (20%) of SHIP funds will be used to assist special needs households. In addition, all Federal, State, and local public and private sector resources that are reasonably expected to be available will be used to address identified needs. Agencies that are funded by CDBG funds will be strongly encouraged to seek additional resources to serve low-income residents of Cocoa. The Section 108 Loan, $894,000.00 was approved by HUD. The City allocated FY2018-2018 funds in the amount of $190,000.00 towards Park improvements at the Dr. Joe Lee Smith Center. The funds paid a portion of the $4,525,000 to construct a new 16,000 square foot community center, dedicated to serving the needs of lower income residents of the City through recreational activities, multi-programming services and

health care program. The Dr. Joe Lee Smith Center is located in Census Tract 626, which is 25% below poverty line. Principal payments for Section 108 began on March of 2021 with CDBG funding and continues annually until paid off. All Public Services continue to serve and provide services through food, rent, and mortgages.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

There are 22 lots (Michael C Blake) subdivision and approximately 13 infill lots, homes are currently being built on them.

The City owns the following vacant lots:

629 S Georgia Avenue, 1110 Grove Avenue, 1970 Furman Court, 1059 Olive Street,

1050 Bellefonte Avenue, 712 Stone Street, 1101 Avon Place, 514 S. Wilson Avenue,

801 Eden Street, 1101 Avon Place, 514 S. Wilson, 619 Stone Street, 437 Satsuma,

1408 Donna Avenue and 320 Loquat Avenue.

The City may develop these lots for the owner-occupied housing in whole or in part with SHIP funds.

The City of Cocoa published resolution 2024-021 in accordance with Florida Statue 166-0451.

Discussion

The City of Cocoa will use all available funds and seek additional resources to address the needs identified in the plan.

	Goal Description	Cooperative effort between City and County to provide fair housing testing and outreach programs.
2	**Goal Name**	Housing Rehabilitation
	Goal Description	Rehabilitation of owner-occupied homes of low-income households. to be funded with Program Income or prior year funding.
3	**Goal Name**	Spot Demolition/Clearance
	Goal Description	Code Enforcement Initiated Demolitions to remove slum and blight. To be funded with Program Income or prior year funding.
4	**Goal Name**	Public Services
	Goal Description	INCREASE ACCESS TO PUBLIC SERVICES INCREASE ACCESS TO HOMELESS PREVENTION SERVICES

5	**Goal Name**	Repayment of Section 108 Loan Guarantee
	Goal Description	REPAYMENT OF THE SECTION 108 LOAN USED TO BUILD THE DR. JOE LEE SMITH COMMUNITY CENTER IN DIAMOND SQUARE.
8	**Goal Name**	Planning and Administration
	Goal Description	PROGAM ADMINISTRATION

AP-35 Projects - 91.420, 91.220(d)

Introduction

Each Year the City of Cocoa undertakes a process which includes public input and citizen participation to develop a one year Action Plan that describes actions, projects and programs that will take place during the upcoming year to address the priority needs and specific objectives identified in the strategic plan section of the five year Consolidated Plan. CDBG funding will be used for administrative and general oversight of the CDBG Program; fair housing training, outreach and testing; repayment of a Section 108 Loan Guarantee; and public service programs providing meals for the elderly, meals for those at homelessness or at risk of homelessness, domestic violence prevention, and case management to at risk of homelessness individuals/families, housing rehabilitation and demolition with program income received throughout the year, as allowed. HOME Program funding will be used for administration and general oversight of the HOME program and development of affordable homeownership opportunities in partnership with local developers, Community Housing Development Organizations, and the Consortium.

#	Project Name
1	PUBLIC SERVICES FY26/27
2	Section 108 Loan Repayment
3	GY26/ FY27 Program Administration
4	Fair Housing Compliance, Testing and Outreach
5	Spot Demolition
6	Owner Occupied Rehabilitation

Table 7 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Projects: Subrecipient's/Section 108 Loan

1. Public Services FY 26/27 - $16,319.25

2. Section 108 Loan Repayment - $70,714.35

3. Program Administration/Fair Housing - $20,758.40

Funding priorities annually is determined primarily by the results (identification of needs and priorities) of the annual citizen participation process, and through committee evaluation of competitive grant applications submitted by eligible sub-recipients and third-party developers. Approximately 80% of available project funds are awarded through formal RFP process. The basis for determining these awards includes basic project eligibility, applicant capacity, and proposed benefit for the low- and moderate-income community and leveraging of other funding resources. City initiated activities including planning

and program administration fair housing testing, outreach and training, public facilities and improvements and repayment of a Section 108 Guarantee typically account for the remaining 85% of projects.

City initiated activities are also targeted at community needs identified during the annual citizen participation process and Council support of priorities identified in the City's Comprehensive and Capital Improvement Plan processes. Public service projects selected for funding will provide a direct benefit too low to moderate income clientele City-wide. These benefits are targeted at all persons whose household income falls below 80% of the median income and whose residence lies within the city limits, and the region's homeless population.

The primary obstacle to meeting underserved needs is limited funding at the local, state, and federal levels; particularly for public and homeless services. Public service activities are capped at 15% of the total CDBG allocation. The biggest barrier impacting affordable housing, in addition to the lack of resources, is rising housing costs caused by continuous growth and limited number of qualified nonprofit affordable housing developers. Funds are leveraged as much as possible but can only be stretched so far.

AP-38 Project Summary

Project Summary Information

1	**Project Name**	PUBLIC SERVICES FY26/27
	Target Area	CENSUS TRACT 626 Census Tract 623 City wide
	Goals Supported	Public Services
	Needs Addressed	Affordable Housing Public Services Neighborhood Services
	Funding	CDBG: $16,319.25
	Description	With a maximum of 15% of its CDBG allocation, the Grantee will provide a variety of Public Services in concentrated areas and city-wide to meet the needs of low-income households through contracted subrecipients. National objective(s) LMC/LMA; Eligibility Citation 570.201(e); Objective: Suitable Living Environment and Economic Opportunities; Outcome: Availability/Accessibility. Eligibility, Objective, and Outcome are the same for all activities funded under the Public Services FY 26/27 project.
	Target Date	9/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	Approximately 1,500 low-income people, including domestic violence victims, homeless, seniors and those with special needs.
	Location Description	Activities funded under Public Services project are located city-wide. The city's minority concentration areas include Census Tracts 623 and 626.
	Planned Activities	Central Brevard Sharing Center - funding to support providing food to residents in Cocoa at their center. Food consists of daily meals and a take home pantry. Funding is in the amount of $4,079.81. Salvation Army Domestic Violence Shelter - funding in the amount of $4,079.82 to support providing meals to sheltered women for the course of a year. Aging Matters in Brevard - funding in the amount of $4,079.81 to provide meals delivered to homebound seniors and for the seniors at lunch program. Family Promise of Brevard - funding in the amount of $4,079.81 to support emergency rent/mortgage/utility assistance to prevent homelessness.
2	**Project Name**	Section 108 Loan Repayment
	Target Area	CENSUS TRACT 626

	Goals Supported	Repayment of Section 108 Loan Guarantee
	Needs Addressed	Public Facilities Improvements
	Funding	CDBG: $70,714.35
	Description	Repayment of the Section 108 Loan for the purposes of constructing the new Dr. Joe Lee Smith Community Center.
	Target Date	9/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	An estimated 3,000 or more are expected to use the facilities at the Dr. Joe Lee Smith Center. Youth sports services, elderly services and assistance to low-mod income persons is offered at this location. Census Tract 626 has a population of approximately 3,200, however with the services offered at this location, other low-mod Census tracts like 623, are expected to visit and use the public facilities.
	Location Description	Census Tract 626 is predominately low-income. Site address is 415 Stone St, Cocoa, FL 32922.
	Planned Activities	Payment of loan based on the construction and improvement of the Dr. Joe Lee Smith Community Center.
3	**Project Name**	GY 26 FY 27 Program Administration
	Target Area	CENSUS TRACT 626 Census Tract 623 City wide
	Goals Supported	Fair Housing Compliance, Testing and Outreach Housing Rehabilitation Spot Demolition/Clearance Public Services Repayment of Section 108 Loan Guarantee Planning and Administration
	Needs Addressed	Affordable Housing Homebuyer Program Public Services Neighborhood Services
	Funding	CDBG: $20,758.40
	Description	General planning and administration costs for the CDBG program. Utilizing up to 20% of the Grantee's CDBG regular allocation, and up to 20% of program income, for general administration and planning costs. Eligibility Citations: 570.206(a) (b) (c) (e) (f) (g) and (h).
	Target Date	9/30/2026

	Estimate the number and type of families that will benefit from the proposed activities	N/A
	Location Description	The primary location will be 65 Stone Street, Cocoa, FL 32922 - Cocoa City Hall.
	Planned Activities	Administration and oversight of the Community Development Block grant program.
4	**Project Name**	Fair Housing Compliance, Testing and Outreach
	Target Area	CENSUS TRACT 626 Census Tract 623 City wide
	Goals Supported	Fair Housing Compliance, Testing and Outreach
	Needs Addressed	Affordable Housing Homebuyer Program Public Facilities Improvements Public Services Neighborhood Services
	Funding	CDBG: $1,000.00
	Description	Fair Housing activities in the City of Cocoa.
	Target Date	9/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	N/A
	Location Description	City-wide
	Planned Activities	Tracking fair housing compliance, testing and outreach.
5	**Project Name**	Spot Demolition
	Target Area	CENSUS TRACT 626 Census Tract 623
	Goals Supported	Spot Demolition/Clearance
	Needs Addressed	Neighborhood Services
	Funding	N/A - no funds budgeted in 26-27

	Description	Demolition of unsafe structures within the 626 and 623 Census Tracks, as these are low-income target areas.
	Target Date	9/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	N/A - No funding budgeted for 26/27
	Location Description	Census tracks 626 and 623.
	Planned Activities	N/A - No funding budgeted for 26/27
6	**Project Name**	Owner Occupied Rehabilitation
	Target Area	CENSUS TRACT 626 Census Tract 623
	Goals Supported	Housing Rehabilitation
	Needs Addressed	Neighborhood Services
	Funding	None
	Description	Rehabilitation of owner-occupied homes of low-income households.
	Target Date	9/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	N/A - no funds budgeted for 26/27
	Location Description	N/A
	Planned Activities	N/A - no funds budgeted in 26/27

AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The City of Cocoa has a total area of 15.4 square miles and a population of 19,653 according to BEBR 2021. Within the City, there are two (2) established Community Redevelopment Areas (CRA), the Cocoa (Downtown) CRA and the **Diamond Square CRA Census Tract 626, with Block Group 1 & 2, low target area**. Created in 1981, Cocoa CRA encompasses Census Tract 627, currently known as 715 Block Group 2, and is the most established of the two. The area more commonly known as "Historic Cocoa Village" has experienced a boom in development especially along the banks of the Indian River. However, the area west of Florida Avenue is known as the Heart of Cocoa and is a Federal Consent Decree. Unfortunately, the 2000 Census combined all of CT627 into one block group, thereby reducing the impact of low/moderate income people residing in the Heart of Cocoa. The 2010 Census combined CT627 with CT622 and is now CT 715.

The Diamond Square CRA is located within CT626 and is even more depressed with 25% of its residents being below poverty. The population, according to the 2020 Census, is estimated to be at 3,190, resulting in an increase of 3% since 2010. As of 2021 ACS estimate population, 23% are White, 50% are Black or African American, 13% are Hispanic or Latino and Other is 14%. These areas are also designated Florida Brownfields Area. The area encompasses all of Diamond Square CRA, and the Heart of Cocoa area. These areas are the focus for the majority of CDBG and HOME funded programs. However, funds are not restricted to only these areas but are available throughout the City for activities that qualify for assistance under HUD guidelines. In fact, the 2020 Census indicates that 13% percent of the citizens of Cocoa are living below the poverty line.

The City of Cocoa's minority concentration area is found in the CT626, known as the Diamond Square RDA, according to the 2022 ACS, 30% Black, 15% Hispanic, and 6% Other, of the residents in the area are low/moderate. According to the 2022 American Community Survey (ACS) 5-Year Estimates the median household income for the City is $45,011. The median household income for Census Tract 626 is $38,542.

Geographic Distribution

Target Area	Percentage of Funds
CENSUS TRACT 626	70
Census Tract 623	25
City wide	3

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The basis for allocating investments within the low-income census tracts was completed through the citizen participation process, which identified the needs within the City. The City is not only attempting to meet the needs of the community but also affirmatively further fair housing. It is essential to engage in not only community building activities and fund needed improvements in low- and moderate-income areas but also to provide opportunities for residents to live in non-impacted areas.

See map of 2020 Census Tracts and Blocks in appendix.

Discussion

The City has sought to invest in programs that reduce or eliminate slum and blight and promote ownership so as to diffuse the threat of creating concentrations of poverty. Through the City's homebuyer program and housing repair programs the City seeks to encourage the development of affordable housing. At the same time, households with limited incomes often prefer to reside in locations that have access to community services such as public transportation, anti-poverty programs communities that have the strength of ethnic diversity and communities that provide faith-based and family-based supports.

The City of Cocoa does not have a Neighborhood Revitalization Strategy Area (NRSA).

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

The City of Cocoa, in collaboration with the Brevard County HOME Consortium, has developed the following actions which address obstacles to meeting underserved needs, fostering affordable housing, reducing lead-based paint hazards, reducing the number of poverty level families, developing institutional structures, and enhancing coordination between public and private housing and social service agencies.

The major obstacle to meeting all underserved needs remains the lack of financial resources as identified in the five (5) year Consolidated Plan and Annual Action Plan. To overcome this obstacle, the City of Cocoa will continue to seek other sources of funding and develop viable partnerships with other service providers to enhance the availability for underserved populations such as seniors, homebound frail elderly, the physically and developmentally disabled, victims of domestic violence, and infants and youth within the City.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

In order to continue and encourage the creation of new affordable housing within the City of Cocoa and to preserve and augment the residential character of the RU-2-10 Single Family and Multi-Family Dwelling District within the Community Redevelopment Area (CRA) of the City, the City created a Housing Bonus Program to provide a transferable floor area bonus for the development of new affordable housing within the CRA. For each newly constructed unit of qualifying affordable housing as defined in subsection (C) of the Housing Bonus section of the Cocoa Code, a developer is entitled to an increase of floor area for new construction within the Central Business District.

The City adopted a SHIP Local Housing Assistance Plan that put into place expedited permitting policies and procedures to ensure that affordable housing projects receive priority processing. On February 14, 2006, City Council adopted Resolution No. 2006-20 waiving building permit and inspection fees for City projects or projects completed on City property.

Requests for a reduction of parking and/or setback requirements for affordable housing will be reviewed by the city staff and the appropriate board (Planning & Zoning, Board of Adjustment) and/or City Council. Any reductions will be allowed on a case-by-case basis if appropriate through development agreements. Development agreements must be approved by City Council. Since 2007, the City has entered into three (3).

Discussion

These endeavors will increase the availability of housing within the City and will move the City closer to its goal of developing viable relationships with non-profit housing development organizations and developers for the development of decent, affordable, and accessible housing throughout the City.

The City of Cocoa's Housing Staff partners with the private sector partners known as the Innovative Housing Group made up of locally invested partners from attorneys to the banking industry, to a CHDO partner, local builders, and involved citizens/ organizations wanting to develop solutions to affordable housing. In conjunction, staff also attends meetings with the Cocoa Housing Authority. Staff continually communicates with Community Housing Initiative (CHI) to discuss opportunities in Homeownership. We discuss patterns in the local housing market, and stock to adjust agreements in serving citizens better. Through our SHIP allocation, the City of Cocoa is not required to form an AHAC. However, because of the Innovative Housing Group, the Cocoa Housing Authority Board meetings, the Diamond Square CRA Committee meetings, and our Public Services with Subrecipients, conversations to solutions on affordable housing identifies barriers to formulate plans.

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

The City of Cocoa, in collaboration with the Brevard County HOME Consortium has developed the following actions which addresses obstacles to meeting underserved needs, fostering affordable housing, reducing lead-based paint hazards, reducing the number of poverty level families, developing institutional structures, and enhancing coordination between public and private housing and social service agencies.

Actions planned to address obstacles to meeting underserved needs

The major obstacle to meeting all underserved needs remains the lack of financial resources as identified in the five (5) year Consolidated Plan and annual Action Plan. To overcome this obstacle, the City of Cocoa will continue to seek other sources of funding and develop viable partnerships with other service providers enhance the availability of underserved populations such as, seniors, homebound frail elderly, the physically and developmentally disabled, victims of domestic violence, and infants and youth within the City.

Actions planned to foster and maintain affordable housing

Most of the City's HOME and CDBG funding is used to support programs that support decent and affordable housing opportunities for low/moderate income individuals. In FY 2008-2009 the City partnered with North Brevard Sharing Center (NBSC) for a Transitional Housing Program. Through this program five (5) homes were purchased, rehabilitated, and made available to low/mod income families facing hardship and homeless. The program provides affordable rent for up to 24 months, giving families the opportunity to build their finances and find a permanent home.

The City has partnered with Space Coast Habitat, recognized as the first Female Veteran's Village, for United States Female Veterans wanting to be First Time Homebuyers, in the Nation. For fiscal year 2022-2023 the project is scheduled to complete with 3 more homes in construction, for a total of 6 completed homes. The City has worked to allocate HOME funding dollars for First Time Homebuyers with a Purchase Assistance Program.

In order to continue encouraging the creation of new affordable housing within the City of Cocoa and to preserve and augment the residential character of the RU-2-10 Single Family and Multi-Family Dwelling District within the Community Redevelopment Area (CRA) of the City, the City created a Housing Bonus Program to provide a transferable floor area bonus for the development of new affordable housing within the CRA. For each newly constructed unit of qualifying affordable housing as defined in subsection (C) of the Housing Bonus section of the Cocoa Code, a developer is entitled to an increase of floor area for new construction within the Central Business District.

And finally, in July 1994, the City adopted a SHIP Local Housing Assistance Plan that put into place expedited permitting policies and procedures to ensure that affordable housing projects receive priority processing. On February 14, 2006, City Council adopted Resolution No. 2006-20 waiving building permits and inspection fees for City projects or projects completed on City property.

These endeavors will increase the availability of housing within the City and will move the City closer to its goal of developing viable relationships with non-profit housing development organizations and developers for the development of decent, affordable and accessible housing throughout the City.

Actions planned to reduce lead-based paint hazards

The City will take the following actions to reduce lead-based paint hazards:

- Continue to implement the Lead Safe Housing Rule and will ensure that all homes built prior to 1978 are inspected by qualified hazard evaluation professional and all mediation is performed by certified lead hazard contractors.
- Ensure that contractors who perform renovation, repairs, and painting jobs in pre-1978 housing and child-occupied facilities, before beginning work, provide owners, tenants, and child-care facilities with a copy of EPA's lead hazard information pamphlet Renovate Right: Important Lead Hazard Information for Families, Child Care Providers, and Schools and document compliance with this requirement; EPA's pre-renovation disclosure form.
- Ensure that lead hazard reduction be performed according to 24 CFR 35.930 on units testing positive and ongoing maintenance, monitoring and cleaning be ongoing for properties that maintain a relationship with the County/cities.
- Ensure that contractors follow three simple procedures:

1. Contain the work area. The area should be contained so that dust and debris do not escape from that area. Warning signs should be put up, and heavy-duty plastic and tape should be used as appropriate: Cover the floors and any furniture that cannot be moved. Seal off doors and heating and cooling system vents. These will help prevent dust or debris from getting outside the work area. 2. Minimize dust. There is no way to eliminate dust, but some methods make less dust than others. For example, using water to mist areas before sanding or scraping; scoring paint before separating components; and prying and pulling apart components instead of breaking them are techniques that generate less dust than alternatives. 3. Clean up thoroughly. The work area should be cleaned up daily to keep it as clean as possible. When all the work is done, the area should be cleaned up using special cleaning methods before taking down any plastic that isolates the work area from the rest of the home. The special cleaning methods should include using a HEPA vacuum to clean up dust and debris on all surfaces, followed by Wet mopping with plenty of rinse water. The City will also integrate into its housing policies and programs the Final EPA Renovation & Remodeling Rule implemented on April 22, 2010. The Final Rule will ensure that persons performing renovations and dust sampling are properly trained; renovators, dust sampling technicians and firms performing these renovations are certified; lead-safe

work practices are followed during renovations; providers of renovation and dust sampling technician training are accredited; and owners and occupants of target housing and child-occupied facilities receive information on lead-based paint hazards before renovations begin. The purpose of integrating the Final Rule into policies and procedures is to reduce potential exposure to dangerous levels of lead resulting from disturbing lead-based paint in older housing.

Actions planned to reduce the number of poverty-level families

The anti-poverty strategy is the unifying thread that ties the housing, homeless, public housing and non-housing community development strategies together as one comprehensive plan for reducing the number of poverty-families.

The City of Cocoa will coordinate efforts among its many partner organizations to ensure that the goals outline in the Consolidated Plan is met within the one-year Action Plan. These partners include the Housing Authority of the City of Cocoa, neighborhood residents, representatives of health and human service agencies, businesses, faith-based organizations, non-profit and for-profit developers, and local lenders.

The key goals of the City's anti-poverty strategy and five year Consolidated Plan are as follows: provision of adequate and affordable housing; neighborhood stabilization; elimination of substandard housing; and the availability of special needs housing.

The following are CDBG public service agencies and percentage of area to be served in FY 2022-2023: Community Services Council (Meals on Wheels and Congregate dining) - 95% of $6673.30 will be expended in target areas; Central Brevard Sharing Center (Nutritional meals at center) - 100% of $6548.72 will be expended in target areas; Salvation Army (Shelter and meals provided to victims of domestic violence) - 100% of $6000.00 will be expended in target areas.

The Brevard HOME Consortium is served by three Public Housing Authorities:

- Housing Authority of the City of Titusville, which serves the City of Titusville;
- Cocoa Housing Authority, which serves the City of Cocoa;
- Housing Authority of Brevard County, which served the unincorporated areas of Brevard County, and the City of Melbourne

Each Public Housing Authority (PHA) has its own set of strategies to meet the needs of low-income residents and current residents of properties managed by each PHA. Some specific actions planned by each PHA as described below.

Brevard County Housing Authority

- In 2024-2025 plans to develop 216 apartments for elderly and disabled in Palm Bay

- Also developing a multi-family property in Merritt Island in 2024-2025
- Intend to expand administrative offices in 2024-2025 to better serve clients
- Continue to issue Project-based vouchers for new construction and/or substantial rehabilitation for individuals and families in need of housing

Cocoa Housing Authority

- The PHA currently has vacant land that can be developed for affordable housing and its current goal is to develop at least 70—150 apartments for senior citizens within the next 5 years.
- The PHA also has vacant land that is zoned for commercial use and could be sold. The proceeds of sale could be used to purchase additional land for more affordable housing development. This idea is being considered by the CHA Board of Commissioners.
- The PHA is deeply involved with 327 former public housing apartments which have been converted to RAD/PBRA. These homes serve the same lower income households they have always served. The average adjusted gross income by household size is approximately 20% of Area Median Income (AMI) by household size.

Housing Authority of the City of Titusville

- The housing Authority continues to complete renovations by modernizing units as they are vacated rather than moving sections to renovate the units all at once. This decreases the number of offline units and efficiency in completing them.
- The Housing Choice Voucher, Section 8 staff continues to reach out to the property owners in support of housing under the voucher program. The current rental market makes it challenging to recruit affordable housing opportunities for voucher holders.

Actions planned to develop institutional structure

The City of Cocoa will continue to seek and provide training for staff that promotes efficiency and effectiveness in the administration of the CDBG and HOME Programs. Training shall include venues offered by HUD, the Florida Community Development Association, fair housing organizations, and the Florida Housing Coalition, etc. In addition, the City will continue to build relationships with non-profit and for-profit housing providers and developers to support and enhance its housing development strategy. Finally, the City will continue to work collaboratively with municipalities, non-profit and private entities throughout the State to develop and strengthen its capacity to carry out programs within the City.

Actions planned to enhance coordination between public and private housing and social service agencies

Brevard County HOME Consortium members include Brevard County, the cities of Cocoa, Titusville,

Melbourne & Palm Bay. To facilitate communication with other local housing nonprofit organizations, members of the Consortium convene monthly to share federal & state housing program updates, to engage in discussions of local housing programs and initiatives. Cocoa has a number of social service agencies and churches providing homeless assistance programs to include preventive services, short and long-term housing, emergency food, clothing and financial assistance. The following list of primary agencies are supported by the City of Cocoa & the Brevard Homeless Coalition (BHC) which provide services to the homeless population: **Brevard County Family & Children Services** - **Central Brevard Sharing Center –Housing for the Homeless of Brevard County - WIN (When-In-Need) Program** - **Early Learning Coalition of Brevard** - **Crosswinds Youth Services** - **The Salvation Army** - **The Salvation Army Domestic Violence Shelter** - **Catholic Charities of Central Florida** -The City will continue to partner and support the listed agencies to address the specific objectives of the Strategic Plan which are: help low income families avoid homelessness; establish facilities for substance abusers, mentally ill, and dually diagnosed; and support case management services for ex-offenders; support activities to fill gaps in Brevard County's Continuum of Care; respond to urgent community needs; and increase permanent supportive housing & transitional beds for persons with special needs to include housing for unaccompanied homeless youth. The Florida Legislature has awarded $500,000 to **My Community Cares, Inc. for The REENTRY Center of Brevard,** which is located in Cocoa, Census tract 626. The reentry needs of Brevard County which ranks eleventh in the state with men and women returning from prison to the community. **The Reentry Center of Brevard** is the culmination of years of perseverance and dedication put forth by My Community Cares, the Reentry Task Force of Brevard and the Brevard Homeless Coalition. Case management was provided to approximately 145 clients. There has been an increase in the need of transitional housing since clients do not qualify for most housing programs. The Reentry Center of Brevard has paid for clients' transitional housing over the last year. Additionally, an increase of food insecurity with clients has been recorded and the program has provided free food. Lastly, there has been an increase in mental health service needs, and The Reentry Center of Brevard has paid for mental health treatment. The Reentry Center of Brevard is now Operation New Hope, which provides comprehensive case management support, soft/hard skills training, job replacement and family reunification to people with a criminal record, in order to break the cycle of incarceration and poverty.

Discussion

Program Specific Requirements

AP-90 Program Specific Requirements - 91.420, 91.220(l)(1,2,4)

Introduction

The City of Cocoa receives an annual allocation of CDBG funds as an entitlement city. HOME funds are received as part of the Brevard County HOME Consortium. The questions below have been completed as they are applicable.

Community Development Block Grant Program (CDBG)
Reference 24 CFR 91.220(l)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	**0**

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	70.00%

Discussion

At this time, the City of Cocoa does not anticipate receiving Program Income, surplus funds from urban renewal settlements, grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan, or income from float-funded activities during FY2022-2023. The City of Cocoa received a Section 108 Loan in the amount of $894,000. Repayments for the Section 108 Loan began in March 2021 in the amount of $150,000. The City will track revenues received from the project. However, it is not anticipated that the amount of revenue received will exceed $15,000.

Final Statement of CDBG Projects for FY 2024-2025

(Allocation consists of $128,609.00)

PUBLIC SERVICES:

Community Services Council (Meals on Wheels & Seniors Lunch) $4,079.81

Central Brevard Sharing Center (Community Kitchen) $4,079.81

Salvation Army (meals in domestic violence shelter) $4,079.82

Family Promise (rental/mortgage assistance, emergency shelter) $4,079.81

CDBG OTHER AND PUBLIC FACILITIES IMPROVEMENTS:

Repayment of Section 108 Loan	$ 70,714.25

CDBG ADMINISTRATION:

CDBG Administration and Operational Funds	$ 20,758.40
Fair Housing Education & Outreach	$1,000.00

FINAL STATEMENT OF HOME PROJECTS FOR FY 2026- 2027

HOUSING: CHDO	$ 7,121.74
HOME: Housing Activity	$ 35,608.68
HOME: Administration and Operational Funds	$ 4,747.82

PLANNING & ZONING AGENDA ITEM

Memo Date:	07/02/2026
Agenda Date:	7/14/2026
Prepared By:	Jennifer Webster, Senior Planner
Through:	Stockton Whitten, City Manager
Requested Action:	Consideration on First Reading of an ordinance of the City Council of the City of Cocoa, Brevard County, Florida, relating to comprehensive planning; amending the future land use map for one (1) parcel of real property within the City of Cocoa, consisting of approximately 1.29 acres, generally located east of Grissom Parkway north of Oxbow Circle, and south of Canaveral Groves Boulevard; changing the future land use map designation of the real property from Brevard County "Residential 4" to City of Cocoa "Industrial".

BACKGROUND:

Introduction

This is an applicant-initiated request for a Future Land Use Map/Comprehensive Plan Amendment for one (1) parcel containing 1.29 acres of unplatted, vacant, real property located in unincorporated Brevard County from Brevard County "RES4 (Residential-4)" to City of Cocoa "IND (Industrial)". This Future Land Use Map/Comprehensive Plan Amendment (CPA) request is being made concurrently with Ordinance 09-2026, a Zoning Map Amendment (Rezone) request to change the zoning of this parcel from Brevard County "GU (General Use)" to City of Cocoa "M-2 (Manufacturing and Industrial)", AND with Ordinance 07-2026, a request to annex this parcel into the City of Cocoa. (*Note: The CPA will only be valid if City Council also approves the request to annex the Subject Parcel into the City of Cocoa. Staff will request that this be a condition of approval.)*

The Subject Parcel (Parcel) is located generally east of Grissom Parkway, north of Oxbow Circle, and south of Canaveral Groves Boulevard, west of a Florida Power and Light (FP&L) right-of-way, and more specifically, northeast of the intersection of Grissom Parkway and Kleinfeldt Way, as depicted in the Location Map in Attachment 3 - Map Package. The western and southern borders of the Parcel are adjacent to the recently annexed group of associated 36 parcels that received a CPA for Industrial future land use in April 2026 and were also Rezoned to M-2.

This Parcel is in Brevard County Commission District #1. If annexed into the City of Cocoa, the Parcel would be in City Council District #3, which is represented by City

Councilmember Patricia Weeks.

The impetus of the Annexation, Rezone, and CPA requests is that the Parcel is within the City of Cocoa wastewater utility service area, connection to which any new development will require. Pursuant to the City of Cocoa Code, **Chapter 22**, **Sec. 22-5.1. - Additional connections for non-city customers,** any non-city property that requires City of Cocoa wastewater service and is contiguous to the City Boundary, must be annexed into the City. The western and southern borders of the Parcel are contiguous to the recently revised northwestern City of Cocoa boundary. The City boundary was revised as part of the annexation of thirty-six (36) parcels in April 2026, per Ord. 01-2026 (Prior Annexation).

The current property owner is SDH Cocoa BP LLC of Delaware. The owner originally applied for the amendment as Park Industrial LLC, but has since created the company SDH Cocoa BP LLC to purchase the subject Parcel. The applicant is Alex Goetz, with KPM Franklin, representing SDH Cocoa BP LLC, who is seeking to combine the subject Parcel with the Prior Annexation parcels and develop the aggregated property as an industrial complex with warehouse and distribution operations and contractor offices, light and heavy manufacturing, outdoor storage, and heavy equipment rental, repair, service, and sales (see Attachments 6 and 7 for Example Photos). Subsequent to the P&Z hearing, the applicant provided a copy of a Special Warranty Deed, which conveyed the subject property from Dale and Lori Morris to SDH Cocoa BP, LLC, with the closing occurring on June 25, 2026 and the Deed recorded on June 29, 2026. The City has received all updated application forms with the signature of an SDH Cocoa BP, LLC officer, providing relevant owner authorization for the current application (see Attachment 2 for Title Opinion and Warranty Deed).

Annexation Compliance with Florida Statutes and Process

The Annexation report was prepared pursuant to Section 171.044 of the Florida Statutes regarding Voluntary Annexation, which sets forth the plans to annex the Parcel.

As with the Prior Annexation, there are no registered electors for the subject Parcel, and therefore no referendum on annexation is required by Section 171.0413(6), Florida Statutes. Instead, consent of property owners representing at least 50% of the land area and at least 50% of the parcels to be annexed is required prior to final adoption of the annexation ordinance. The subject Parcel is under the single ownership of SDH Cocoa BP LLC, therefore representing 100% of the proposed Annexation. The applicant provided the required “Petition for Voluntary Annexation” and “Designation of Agent Affidavit Authorization” form signed by the owner authorizing the applicant to apply on their behalf. Said Parcel is “compact” as defined by F.S., Section 171.031, is situated in a single area and does not create enclaves, pockets, or finger areas in serpentine patterns. The annexation request is scheduled to be heard before City Council for final approval on July 28th, 2026.

Current and Proposed Zoning and Future Land Use

As stated, the current County Zoning and Future Land Use for the entire Parcel are General Use (GU) and Residential-4 (RES4), respectively (See Attachment 3 - Map Package).. The County GU zoning designation covers rural residential, unimproved land, and areas without specific development trends; the RES4 future land use category allows for 4 dwelling units per acre. With this amendment, the applicant is seeking the City of Cocoa "Industrial" future land use designation (See Attachment 3 - Map Package). Per the City of Cocoa Comprehensive Plan, Policy 1.1.2.10, the provisions of this designation are:

"Industrial areas shall be regarded as appropriate for activities associated with industrial development, which can include materials processing, materials assembly, product manufacturing, and storage of finished products. Uses can include manufacturing facilities, warehouse distribution centers and truck terminals. The following criteria shall be used for determining appropriate locations for industrial land use designations on the future land use map."

Existing General Land Use

	Current Use	Zoning	Future Land Use	Density/Intensity
Subject Property	Vacant	County GU	County Residential 4	4 du/1 acre
Surrounding Uses				
North (County)	Vacant	County GU	County Residential 4	4 du/1 acre
East (County)	Vacant	County GU	County Residential 4	4 du/1 acre
South (City of Cocoa)	Industrial	City of Cocoa M-2*	City of Cocoa Industrial (IND)*	1.5 FAR
West (City of Cocoa)	Industrial	City of Cocoa M-2*	City of Cocoa Industrial (IND)*	1.5 FAR

The applicant is also seeking a City of Cocoa M-2 (Manufacturing and Industrial) zoning designation for the purposes of developing an industrial complex and distribution center, as previously stated.

(Note: Pursuant to Section 171.062 Florida Statutes, the Brevard County land use plan and zoning will remain in effect until the City of Cocoa adopts a comprehensive plan amendment for the Annexation Area. Refer to (See Attachment 3 - Map Package).

*(*The Comprehensive Plan Amendment was adopted by City Council for the Prior Annexation on April 28, 2026. However, it is currently under review by the Florida Department of Commerce and will not be official until 30 days following adoption of the CPA. The Zoning Map Amendment was also adopted by City Council on April 28, 2026*

but is contingent on the FDC's acknowledgment and acceptance of the Comprehensive Plan Amendment)

Advertisement and Notification

This small-scale CPA was duly advertised according to the Florida Statutes and the City of Cocoa Zoning Code, the legal ad was posted in the local newspaper at least 10 days prior to this hearing, the affidavit for which is provided as an attachment to this report. Letters to affected property owners within 500 feet were also notified by mail 15 days prior to this hearing. There were no responses, complaints, or inquiries to either the legal ad or the letters that were sent.

I. COMPREHENSIVE PLAN AMENDMENT ANALYSIS

(a) Whether the amendment favorably or unfavorably impacts the city's budget, or the economy of the region.

Staff Finding: The proposed amendment is not expected to have any adverse fiscal impact on the City's budget. The change from County RES4 (Residential-4) to the City's Industrial Future Land Use designation is anticipated to generate a net positive fiscal effect over time.

Under the existing RES4 designation, development potential is limited to low-density residential uses, which typically require a higher level of municipal services per acre—such as police, fire, roadway maintenance, utilities, parks, and other residential-supporting infrastructure—while generating comparatively lower ad valorem revenue on a per-acre basis.

By contrast, industrial development potentially produces a more favorable fiscal balance due to higher taxable improvement values and a lower demand for City services relative to residential uses. Industrial uses generate no school enrollment impacts, require fewer police and fire service calls per acre, and place less demand on community facilities and recreation services. Additionally, industrial employment centers contribute positively to the City's economic base by expanding job opportunities and supporting local business activity.

(b) Whether the amendment will diminish the service level of public facilities.

Staff Finding: A preliminary analysis has shown that the City of Cocoa can provide services at the same level of service provided to other City residents and businesses with existing resources. If capacity issues relating to any public facilities or services regulated by the City of Cocoa adopted Comprehensive Plan are specifically identified, necessary and appropriate mitigation will be required to be addressed during site development review and prior to construction. Additionally, any future redevelopment will be reviewed with respect to the guidelines set forth in the Comprehensive Plan, such as Policy 1.1.2.10 - Industrial, and all other applicable City of Cocoa Code of

Ordinances.

The proposed amendment from RES4 to Industrial is not anticipated to create adverse impacts on public facilities. Potable water and sanitary sewer lines are already located nearby to the site, and the City has confirmed adequate capacity for both services, with any on-site connections funded by the applicant. Stormwater will be fully managed on-site consistent with City and SJRWMD requirements, requiring little to no City investment. Industrial uses generally generate fewer peak-hour trips, less solid waste, and lower public safety service demands than residential development, ensuring no level-of-service deficiencies for transportation, solid waste, police, or fire. Because industrial uses do not create residential populations, there is no impact on parks, recreation, or schools. Overall, the amendment will not affect the City's ability to maintain existing levels of service for public facilities. An analysis of the utilities and infrastructure for the Annexation was included in the Annexation staff report presented to City Council.

(c) Whether the amendment favorably or unfavorably impacts the environment, or the natural or historical resources of the city or the region.

Staff Finding: A preliminary review of available mapping and site conditions indicates that the property is largely previously undisturbed and does not contain jurisdictional wetlands or conservation areas. Any potential environmental resources will be further evaluated during the development review process in accordance with City requirements and all applicable state and federal regulations, including St. Johns River Water Management District (SJRWMD) and the U.S. Army Corps of Engineers (USACE), if applicable.

In addition, a Phase I Environmental Site Assessment (ESA) will be prepared and submitted with the Site Development Plan application. This assessment will evaluate past and present site conditions, identify any recognized environmental conditions (RECs), and ensure that any environmental considerations are thoroughly reviewed and addressed prior to construction. This step further ensures that the amendment and future development will not result in adverse environmental impacts. The applicant plans to replace and/or mitigate the existing trees on the Parcel per the City's tree removal, replacement and mitigation requirements.

(d) Whether the proposed amendment is consistent with and its effect upon the goals, objectives, and policies of the state comprehensive plan set forth in Chapter 187, Florida Statutes, and the East Central Florida Comprehensive Regional Policy Plan, adopted by Rule 29F-19.001, Florida Administrative Code.

Staff Finding: The subject property lies adjacent to properties designated for Industrial use and just north of an established industrial corridor which is developed with active warehouse, distribution, and employment-generating facilities. The Amazon warehouse directly to the south further reinforces the area's identity as a major industrial and logistics hub. Assigning the Industrial Future Land Use category to this Parcel

maintains continuity with the surrounding development pattern and supports the City's strategy of concentrating industrial uses in areas with appropriate access, infrastructure, and utilities.

The amendment aligns with Comprehensive Plan goals by promoting economic development, expanding the City's employment base, and directing growth to a location already served by existing potable water and sanitary sewer capacity, as confirmed by the City's Utility Department. It also maintains land use compatibility, as industrial development on the site is fully consistent with surrounding uses and will not impact residential neighborhoods or sensitive land uses. Overall, the amendment supports orderly, logical growth in an area planned for long-term industrial activity.

The proposed ordinance is aligned with the goals and policies set forth by Chapter 187 of Florida Statues, including but not limited to **Chapter 187 Sec 15(B)(1),** "*Promote state programs, investments, and development and redevelopment activities which encourage efficient development and occur in areas which will have the capacity to service new population and commerce,*" and **Chapter 187 Sec 21(B)(1)**, to "*Attract new job-producing industries, corporate headquarters, distribution and service centers, regional offices, and research and development facilities to provide quality employment for the residents of Florida*." (see also criteria section (h) below).

(e) Whether the proposal will favorably or unfavorably affect the city's ability to provide adequate public facilities, and whether the proposal will reduce the level of service for affected public facilities below the level of service set in the comprehensive plan;

Staff Finding: The Parcel lies adjacent to properties designated for Industrial use and just north of an established industrial corridor which is developed with active warehouse, distribution, and employment-generating facilities. and all necessary public facilities have adequate existing capacity to support the proposed development. The City has confirmed that potable water and sanitary sewer lines are adjacent to the property with sufficient system capacity, and no utility extensions are required to maintain adopted Levels of Service. Stormwater will be fully managed on-site in compliance with City and SJRWMD requirements, and industrial uses typically generate fewer peak-hour trips than the residential development allowed under the current RES4 designation. Accordingly, no roadway LOS deficiencies are anticipated though a complete traffic analysis will be required at the site plan stage.

Industrial development does not generate residential population, school-aged children, or increased demand for parks, recreation, or community facilities. Solid waste capacity is sufficient, and police and fire services can be provided using existing staffing and resources, as industrial uses generally require fewer service calls than residential areas. Overall, the amendment will not impact the City's ability to provide public facilities or maintain existing Levels of Service.

(f) Whether the amendment is incompatible with surrounding neighborhoods

and land uses;

Staff Finding: The proposed CPA would assign the Industrial future land use designation to the Parcel, thereby adding to the potential for an industrial development pattern. The surrounding County parcels are also currently vacant with an un-established land use pattern. However, the proposed amendment is compatible with the land uses and the established development pattern in the City of Cocoa, as the Parcel lies adjacent to properties designated for Industrial use and just north of an established industrial corridor which is developed with active warehouse, distribution, and employment-generating facilities. —including a large Amazon facility. The Industrial designation to the Parcel will be an extension of this established City district, introducing no incompatible use. However, the surrounding primary County land use remains RES4, which allows 4 dwelling units per acre. According to the Brevard County Comprehensive Plan, the criteria for the location of this future land use includes "unincorporated areas which are adjacent to incorporated areas". It also includes allowances for higher densities which should "enhance blending with adjacent areas and to maximize the integration of open space within the development and promote inter-connectivity with surrounding uses" (BC Comp Plan, FLU Element). In consideration of this low-density surrounding County land use, the City will require an opaque "compatibility" buffer around any future industrial development, which will minimize visual, noise, and environmental impacts. Such buffer will be determined at the time of site development application (the City of Cocoa Code currently calls for a wall between industrial and residential zoning). It should be noted that the City's Comprehensive Plan, Future Land Use Element, Policy 1.1.5.1 regarding Neighborhood Protection, provides that more intense development, such as commercial, mixed-use, and industrial uses, shall be designed to minimize the negative impacts on lower intensity land uses through such means as, for example, landscaping and appropriate transitional uses. In the absence of transitional land uses, potential adverse impacts to surrounding residential should be mitigated through the use of (A) Buffer areas that will provide a separation between commercial and single-family residential structures; (B) Landscaping and/or trees separating the commercial and residential land use; and (C) Walls and/or opaque vegetative screens separating the commercial and single-family residential land use.

Overall, the amendment aligns with the City of Cocoa's industrial character and supports orderly, compatible development as part of the existing Industrial City land use.

(g) Whether the amendment will have a favorable or adverse effect on the ability of people to find adequate housing reasonably accessible to their places of employment;

Staff Finding: The proposed amendment will not adversely affect the ability of people to find adequate housing near their places of employment. The Parcel is located proximal to existing residential neighborhoods within a short commuting distance. Because the parcel was previously under the County's RES4 designation and not part

of the City's planned housing supply, its conversion to Industrial does not reduce the City's available residential land. Instead, the amendment supports additional employment opportunities in an area already well connected to nearby housing, resulting in a neutral to favorable effect on overall jobs–housing accessibility. The Parcel is located within 3 miles of both single-family and multi-family residential housing.

(h) If the amendment being requested is consistent with all the elements of the comprehensive plan.

Staff Finding: The Parcel is adjacent to Industrial property and located near an established industrial corridor where properties to the south, within the City carry an Industrial Future Land Use designation, including the Amazon warehouse directly to the south, reinforcing the area as a major employment and logistics hub. The proposed Industrial designation for the Parcel maintains compatibility and continuity with this development pattern and supports the City's strategy of focusing industrial uses in areas with adequate access, infrastructure, and utilities—confirmed by the availability of adjacent potable water and sanitary sewer capacity. The amendment advances Comprehensive Plan goals for economic development, efficient use of existing public facilities, and orderly, compatible land use transitions, and will not affect or encroach upon any residential neighborhoods or sensitive uses. The following applicable Comprehensive Plan Goals and policies, include but are not limited to:

Land Use Element

GOAL 1.1: Create and maintain a broad range of land use activities that maximize the City's potential as a growth center while protecting the public health, safety, welfare, and appearance through the thoughtful planned use and development of the land and public facilities.

Policy 1.1.1.1*: Land Use Categories. The adopted FLUM contains and identifies appropriate locations for the following land use categories. The maximum densities/intensities shown in Figure FLU-1 are not guaranteed for all sites within each category. The zoning map and land development regulations may impose tighter densities and intensities of development based on land use allocation criteria policies.*

Policy 1.1.2.10: Industrial (IND). *Industrial areas shall be regarded as appropriate for activities associated with industrial development, which can include materials processing, materials assembly, product manufacturing, and storage of finished products. Uses can include manufacturing facilities, warehouse distribution centers and truck terminals. The following criteria shall be used for determining appropriate locations for industrial land use designations on the future land use map.*

A. Industrial areas shall also serve as an area to locate businesses with principal uses and activities which could have adverse secondary effects (i.e., increase crime;

neighborhood deterioration and blight; property devaluation; economic deterioration; and health risks) on residential areas, religious establishments, schools, parks, or day care centers located within the City; including, but not limited to adult entertainment establishments.

B. Commercial and office uses that are complementary to and support industrial development and operations may be permitted within industrial designated areas.

C. Future industrial areas should be planned with extensive landscaping, and coordinated parking. Industrial areas shall have immediate access to a two-lane collector and/or two-lane arterial.

D. Industrial development shall be designed to minimize the negative impacts on lower intensity land uses through such means as, for example, landscaping and appropriate transitional uses including low scale professional offices or medium density residential development.

GOAL 1.3: The City of Cocoa shall enhance the quality of life and prosperity of its citizens through the retention and creation of a wide range of profitable business opportunities and jobs.

Objective 1.3.1: Economic Base Enhancement. *The City of Cocoa shall seek to establish and maintain a stable and growing economic base through strategic incentive programs and diversification of the economy.*

Policy 1.3.1.7: *The City shall consider adding to the stock of available commercially, recreational and industrially zoned lands as when supply and demand begin to dictate need for more land.*

Concurrency Management/Adequate Public Facilities

Section 15-22 of the City Code provides for a concurrency management system to ensure public facilities and services needed to support development are available concurrent with the impacts of such development and that development orders and development permits are not issued in a manner that will not result in a reduction in the levels of service below the adopted level of service standards adopted by the City for public facilities and services, as contained in the City's adopted Comprehensive Plan.

If capacity issues relating to any public facilities or services regulated by the City of Cocoa adopted Comprehensive Plan is identified, necessary and appropriate mitigation will be required to be addressed prior to construction.

Conditions of Approval:

The approval of this Future Land Use Map/Comprehensive Plan Amendment Ordinance shall be conditioned upon the adoption of Ordinance No. 07-2026 (Annexation), and this Ordinance shall not become effective unless and until Ordinance No. 07-2026 is adopted by the City Council. Should Ordinance No. 07-2026 *not*

become effective, then this Future Land Use Map/Comprehensive Plan Amendment shall become null and void.

PRIORITY AREA CONNECTION:
Economic and Community Development

BUDGETARY IMPACT:
N/A

PREVIOUS ACTION:
July 1st 2026: Planning and Zoning Board recommended that City Council APPROVE Ordinance 08-2026 WITH CONDITIONS.

RECOMMENDED MOTION:

Staff requests that the City Council **APPROVE WITH CONDITIONS** this first reading of Ordinance 08-2026 of the City Council of the City of Cocoa, Brevard County, Florida, relating to comprehensive planning; amending the future land use map for one (1) parcel of real property within the City of Cocoa, consisting of approximately 1.29 acres, generally located east of Grissom Parkway north of Oxbow Circle, and south of Canaveral Groves Boulevard; changing the future land use map designation of the real property from Brevard County “Residential 4” to City of Cocoa “Industrial”.

Land Area: +/-56,192.4 square feet or 1.29 acres

Existing Use(s) on Property: vacant

Proposed Use(s) on Property: industrial including: warehouse and distribution operations, as well as contractor offices, light and heavy manufacturing, outdoor storage, and heavy equipment rental, repair, service, and sales.

12. Please submit the following items in order complete the application:

a. ☑ **Notarized application.**

b. ☑ **List of owners within 500 feet.** A "radius map package" from Brevard County containing a certified mailing list with mailing labels and a map of all property owners of record who reside within a 500-foot radius of the subject property is required for public notice. It is the applicant's responsibility to request these materials with the Brevard County GIS Department that are available free of charge. Inquiries need to be emailed to **servicedesk@brevardfl.gov** and forwarded to the **City of Cocoa Planning and Zoning Department** when available.

c. ☑ **Application fee.** The fee for Small-Scale Amendments is $____. The fee for Expedited Amendments is $____ Please make checks payable to the 'City of Cocoa' and submit payment **ONLY** to the Community Services Department. Public mail notice and legal advertising fees must also be paid a few weeks after application submittal.

d. ☑ **Proof of ownership.** A copy of the most recent recorded warranty deed is required.

e. ☑ **Letter of authorization.** If the applicant is not the property owner, a notarized letter of authorization or agent affidavit is required, unless the applicant is the Attorney of the owner. Each property owner must complete a separate authorization form or other suitable documentation to allow the agent to act upon his/her behalf. A sample "Letter of Authorization" form is available from the City.

f. ☐ **Corporate documents.** If the applicant/owner is representing a company, articles of incorporation which show the applicant/owner is authorized to represent the company is required. A data record printout from the Florida Department of State, Division of Corporations website may also be provided (http://www.sunbiz.org/corpweb/inquiry/search.html).

g. ☑ **Certified boundary survey.** Submit a boundary survey certified to the City of Cocoa showing all existing structures and all proposed structures.

h. ☑ **Legal description.** Submit a typed copy of the legal description. It may be submitted on a computer disk or by e-mail.

i. ☑ **A general description of the proposed amendment to the comprehensive development plan, explaining why the amendment is necessary or appropriate.**

j. ☑ **An analysis of the fiscal impact of the proposed amendment on the city's finances, if any.**

k. ☑ **An analysis of the impact of the amendment on all public facilities, if any.**

l. ☑ **An analysis of the impact of the amendment on the environment and natural and historical resources, if any.**

m. ☑ **An analysis of the degree of consistency of the proposed amendment with city's comprehensive plan.**

n. ☑ **An analysis of the impact upon the city's ability to provide adequate public facilities and maintain the existing level of service for public facilities as identified in the comprehensive plan, if the amendment is granted.**

o. ☑ **If the application involves a specific parcel of real property, a statement regarding compatibility of the amendment with surrounding neighborhoods and land uses.**

p. ☑ **A statement regarding the proposed amendment's impact upon any other provisions in the comprehensive plan, and whether an internal inconsistency between provisions might be created.**

q. NA **Consistent with Future Land Use Element Policies 1.1.2 G(6)(C) and H(5)(C), the following are required if the applicant is proposing to designate (or expand) new Commercial or Neighborhood Commercial areas:**

1. Land Use Compatibility Study
2. Transportation Study
3. Market Study

r. ☑ **Additional information (optional).** Submit any information that may be helpful in understanding the request. This may include photos, sketches, elevations, or letters from adjoining property owners.

13. Application filing deadline. Applications are processed in as timely a manner as possible and will be scheduled for the next available Planning & Zoning Board and City Council meeting once the analysis and staff report has been completed.

14. Application filing procedure. This application, together with all required exhibits and attachments, shall be completed and filed with the Planning and Zoning Division.

In order to approve a comprehensive plan amendment, the Planning & Zoning Board/ Local Planning Agency and City Council must consider and study the criteria listed below (as described in Section 15-11(c) of the City of Cocoa Code). Please provide your consideration of the following criteria and any pertinent data and evidence that may be useful to the Planning & Zoning Board/ Local Planning Agency and City Council. Use extra sheets if necessary.

a. Whether the proposal favorably or unfavorably impacts the city's budget, or the economy of the region.

The proposed amendment is not expected to have any adverse fiscal impact on the City's finances. In fact, the change from County Residential-4 (RES-4) to the City's Industrial Future Land Use designation is anticipated to generate a net positive fiscal effect over time.

Under the existing RES-4 designation, development potential is limited to low-density residential uses, which typically require a higher level of municipal services per acre—such as police, fire, roadway maintenance, utilities, parks, and other residential-supporting infrastructure—while generating comparatively lower ad valorem revenue on a per-acre basis.

By contrast, industrial development generally produces a more favorable fiscal balance due to higher taxable improvement values and a lower demand for City services relative to residential uses. Industrial uses do not generate school enrollment impacts, require fewer police and fire service calls per acre, and place less demand on community facilities and recreation services. Additionally, industrial employment centers contribute positively to the City's economic base by expanding job opportunities and supporting local business activity.

b. Whether the proposal will diminish the service level of public facilities.

The proposed amendment from RES-4 to Industrial will not create adverse impacts on public facilities. Potable water and sanitary sewer lines are already located adjacent to the site, and the City has confirmed adequate capacity for both services, with any on-site connections funded by the applicant. Stormwater will be fully managed on-site consistent with City and SJRWMD requirements, requiring no City investment. Industrial uses generate fewer peak-hour trips, less solid waste, and lower public safety service demands than residential development, ensuring no level-of-service deficiencies for transportation, solid waste, police, or fire. Because industrial uses do not create residential populations, there is no impact on parks, recreation, or schools. Overall, the amendment will not affect the City's ability to maintain existing levels of service for public facilities.

c. Whether the proposal favorably or unfavorably impacts the environment, or the natural or historical resources of the city or the region.

A review of available mapping and site conditions indicates that the property is largely previously disturbed and does not contain jurisdictional wetlands, conservation areas, or listed-species habitat. Any potential environmental resources will be further evaluated during the development review process in accordance with City requirements and all applicable state and federal regulations, including St. Johns River Water Management District (SJRWMD) and the U.S. Army Corps of Engineers (USACE), if applicable.

In addition, a Phase I Environmental Site Assessment (ESA) will be prepared and submitted with the Site Development Plan application. This assessment will evaluate past and present site conditions, identify any recognized environmental conditions (RECs), and ensure that any environmental considerations are thoroughly reviewed and addressed prior to construction. This step further ensures that the amendment and future development will not result in adverse environmental impacts

d. Whether the proposal is consistent with goals, policies, and objectives of the state comprehensive plan set forth in Chapter 187, Florida Statutes, and the East Central Florida Comprehensive Regional Policy Plan, adopted by Chapter 29F-19.001, Florida Administrative Code.

The subject property lies within an established industrial corridor, surrounded by properties designated for Industrial use and developed with active warehouse, distribution, and employment-generating facilities. The Amazon warehouse directly to the south further reinforces the area's identity as a major industrial and logistics hub. Assigning the Industrial Future Land Use designation to this parcel maintains continuity with the surrounding development pattern and supports the City's strategy of concentrating industrial uses in areas with appropriate access, infrastructure, and utilities.

The amendment aligns with Comprehensive Plan goals by promoting economic development, expanding the City's employment base, and directing growth to a location already served by existing potable water and sanitary sewer capacity, as confirmed by the City's Utility Department. It also maintains land use compatibility, as industrial development on the site is fully consistent with surrounding uses and will not impact residential neighborhoods or sensitive land uses. Overall, the amendment supports orderly, logical growth in an area planned for long-term industrial activity.

e. Whether the proposal will favorably or unfavorably affect the city's ability to provide adequate public facilities, and whether the proposal will reduce the level of service for affected public facilities below the level of service set in the comprehensive plan.

The amendment is located within an area already planned and developed for industrial uses, and all necessary public facilities have adequate existing capacity to support the proposed development. The City has confirmed that potable water and sanitary sewer lines are adjacent to the property with sufficient system capacity, and no utility extensions or capital upgrades are required to maintain adopted Levels of Service. Stormwater will be fully managed on-site in compliance with City and SJRWMD requirements, and industrial uses typically generate fewer peak-hour trips than the residential development allowed under the current RES-4 designation, ensuring no roadway LOS deficiencies are created.

Industrial development does not generate residential population, school-aged children, or increased demand for parks, recreation, or community facilities. Solid waste capacity is sufficient, and police and fire services can be provided using existing staffing and resources, as industrial uses generally require fewer service calls than residential areas. Overall, the amendment will not impact the City's ability to provide public facilities or maintain existing Levels of Service.

f. Whether the proposal is incompatible with surrounding neighborhoods and land uses.

The proposed amendment is fully compatible with the surrounding land uses and the established development pattern, as the site is located within an existing industrial corridor where all adjacent properties carry Industrial designations and are developed with warehouse, distribution, and other industrial operations—including a large Amazon facility directly to the south. The Industrial designation will create a seamless transition within this established district, introduce no incompatible uses, and avoid impacts on residential areas, which are not located near the site. Overall, the amendment aligns with the area's industrial character and supports orderly, compatible development without creating land use conflicts.

g. Whether the proposal will have a favorable or adverse effect on the ability of people to find adequate housing reasonably accessible to their places of employment.

The proposed amendment will not adversely affect the ability of people to find adequate housing near their places of employment. The site is located within an established industrial corridor already served by numerous existing residential neighborhoods within a short commuting distance. Because the parcel was previously under the County's RES-4 designation and not part of the City's planned housing supply, its conversion to Industrial does not reduce the City's available residential land. Instead, the amendment supports additional employment opportunities in an area already well connected to nearby housing, resulting in a neutral to favorable effect on overall jobs–housing accessibility.

h. If the amendment being requested is consistent with all the elements of the comprehensive plan.

The subject property is located within an established industrial corridor where all surrounding properties carry an Industrial Future Land Use designation, including the Amazon warehouse directly to the south, reinforcing the area as a major employment and logistics hub. The proposed Industrial designation maintains compatibility and continuity with this development pattern and supports the City's strategy of focusing industrial uses in areas with adequate access, infrastructure, and utilities—confirmed by the availability of adjacent potable water and sanitary sewer capacity. The amendment advances Comprehensive Plan goals for economic development, efficient use of existing public facilities, and orderly, compatible land use transitions, and will not affect or encroach upon any residential neighborhoods or sensitive uses.

Public hearings process information – please read this!

15. **Dates and locations of public hearings.** All applications require one hearing in front of the Planning & Zoning Board/ Local Planning Agency and two hearings in front of the City of Cocoa Council. All regularly scheduled Planning & Zoning Board/ Local Planning Agency hearings and City of Cocoa Council meetings are held at 6:00 pm in the Cocoa City Council Chambers located at 65 Stone Street, Cocoa, Florida unless otherwise notified.

16. **Board types.** The Planning & Zoning Board / Local Planning Agency is an advisory board to the City Council and therefore is only authorized to make recommendations. City Council is an authoritative body and is able to make binding decisions.

17. **Presence required at the public hearings.** The applicant or his/her representative must be present to answer any questions concerning the application. If there are extenuating circumstances why the applicant or his/her representative cannot attend, he or she must notify the City in writing prior to the public hearing.

18. **Preparing for the public hearings.** It is the applicant's responsibility to research and know all laws that may be applicable and may affect the outcome of any decision on the application request. The City assumes no responsibility or liability relating to the applicant's failure to research and know all applicable laws including, but not limited to state, federal, and city laws, codes, land development regulations, and the comprehensive plan.

19. **Exhibits at public hearings.** If photographs, documents, maps or other materials are provided to the Board/Council as evidence at the public hearing, the applicant must leave those instruments with the Recording Secretary. By law those instruments automatically become part of the public records and cannot be returned to the applicant.

20. **Witnesses at public hearings.** For the purposes of making a decision on the application, the Board/Council shall only consider testimony of qualified witnesses. A witness is determined by the Board/Council and is generally based on:
    a. The witness has personal knowledge of the fact in which the witness will testify; and/or
    b. In the case of testimony consisting of opinions or inferences, the testimony is qualified as the following:
        1. *Layman witness*: Testimony of a witness other than an expert witness is qualified only if:
            - The witness can readily, and with equal accuracy and adequacy, communicate what he or she perceived to the Board without testifying in the form of opinions or inferences.
            - The opinions and inferences do not require any special knowledge, skill experience or training.
        2. *Expert witness*. Testimony of an expert witness is qualified only if:
            - The subject matter is proper for expert testimony because scientific, technical, or other specialized skill will help the Board understand the evidence being presented, or helps establish a fact in issue.
            - The witness is adequately qualified to express an opinion on the matter.

21. **Planning & Zoning Board/ Local Planning Agency vs. City Council actions.** If the Planning & Zoning Board finds that the facts presented in the matter justify approval, it may recommend to approve the request, or a portion thereof, and it may specify any conditions deemed necessary to preserve the intent of the City of Cocoa Code. If the Board finds that the facts presented do not justify approval, it may recommend to deny the request and will specify the reasons for denial. A decision is usually made at the same meeting that the hearing is held. Regardless of the outcome, the application will be forwarded to the City Council for consideration where a final decision can be made.

22. **City Council action.** *Small-scale amendments* require one City Council public hearing, after which the amendments are transmitted to the Department of Economic Opportunity (DEO) for their files. If approved by Council, the typical effective date is thirty-one (31) days after adoption by City Council. *Expedited amendments* require two separate City Council public hearings. After the first hearing, the amendment must be transmitted to DEO and other state agencies for detailed review. Comments from this review are due to the City within thirty (30) days. The City then has 180 days to address any comments and hold the second City Council hearing. If approved by Council, the typical effective date is thirty-one (31) days after adoption by City Council.

23. Signatures and Notarization.

STATE OF Florida COUNTY OF Orange. I, Alex Goetz being first duly sworn, depose and say that:

☐ I am the applicant, or if corporation, I am the officer of the corporation authorized to act on this request.

☑ I am the legal representative of the applicant of this application and a notarized Letter of Authorization form or agent affidavit accompanies this application giving written, unless the applicant is the Attorney representing the owner.

I hereby certify that I have read, completed and understand this application and applicable petition, and understand that if my application and all associated attachments are not complete and accurate in all respects, the application will not be scheduled for a public hearing. I further understand that this application must be complete and accurate prior to the advertising of a public hearing.

July 1, 2026

City Council First Reading
PUBLIC HEARING WILL BE HELD ON

July 14, 2026

ALL HEARINGS WILL TAKE PLACE AT 6:00 P.M. OR SOON THEREAFTER IN THE COCOA CITY HALL COUNCIL CHAMBERS LOCATED AT 65 STONE STREET, COCOA, FLORIDA 32922

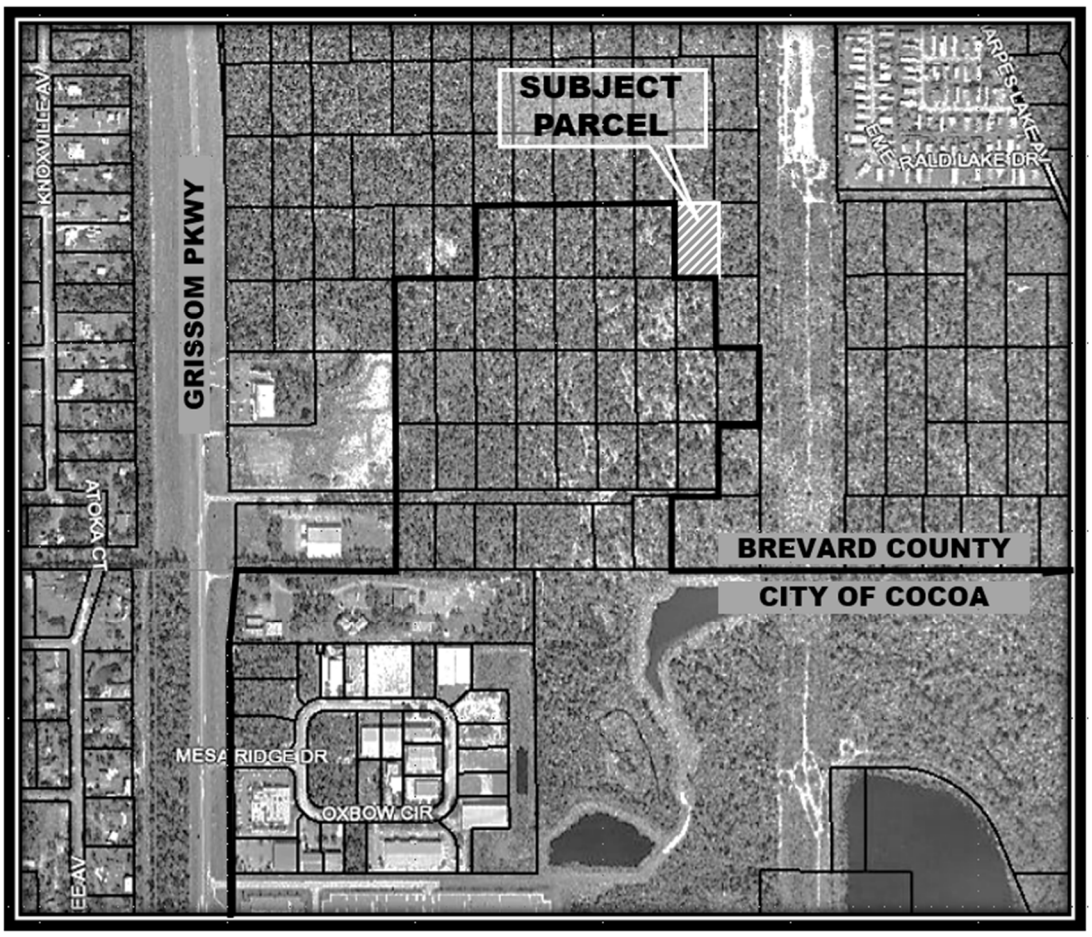

Exhibit 'A' - Location Map

The complete legal description by metes and bounds and the ordinance can be obtained from the Office of the City Clerk by contacting Monica Arsenault, City Clerk, by telephone at (321) 433-8488 or via email at marsenault@cocoafl.gov.

General Notice Information:

This is a public meeting. Interested parties are hereby advised that they may appear at said meeting and be heard. The facility wherein this public meeting will be held is accessible to the physically handicapped. In accordance with the Americans With Disabilities Act, persons needing assistance to participate in any of these proceedings should contact the City Clerk, Monica Arsenault, at least 48 hours prior to the meeting by telephone at (321) 433-8484 or via email at marsenault@cocoafl.gov.

The City hereby advises the public that if a person decides to appeal any decision made by the BOA, P&Z Board/LPA or City Council with respect to any matter considered at its meeting or hearing, that person will need

a record of the proceedings and, for such purpose, affected persons may need to assure that a verbatim record of the proceedings is made, and such record shall include the testimony and evidence upon which the appeal is to be based. This notice does not constitute consent by the City for the introduction or admission into evidence of otherwise inadmissible or irrelevant evidence, nor does it authorize challenges or appeals otherwise not allowed by law.

The BOA, PZ Board/LPA and City Council reserve the right to continue or postpone hearings to a date certain without re-advertising.

Public Participation Information:

The public may inspect the agenda items, ordinances, and supporting documents at the Community Services Department, between 8:00 a.m. and 5:00 p.m., Monday through Friday, or by phoning (321) 433-8451, or on the City's website at the following link prior to the meeting: https://www.cocoafl.gov/291/20338/City-Meetings

RE: Statement of Record Title - Vacant Land (Reference Name is "Hendricks Lot")
Project No.: Grissom Parkway

Ladies and Gentlemen:

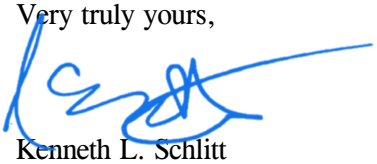
This law firm is local Florida counsel for **SDH Cocoa BP, LLC, a Delaware limited liability company** (the "Owner").

As you have requested, the following information regarding record title is provided to you for that certain parcel of real property located in Brevard County, Florida, as more particularly and legally described on Exhibit "A" attached hereto and made a part hereof (the "Property"). This information is based on Federal Title Insurance Agency, Inc.'s Property Information Report with Order Number 28400 PIR and reflects matters of record through June 29, 2026 at 11:00 p.m., a copy of which is attached hereto as Exhibit "B".

Record title to the Property is vested in the Owner, by virtue of that certain Special Warranty Deed dated June 25, 2026, and recorded on June 29, 2026, in Official Records Book 10664, Page 1135, in the Public Records of Brevard County, Florida.

The Property is subject to the following encumbrances affecting the title:

1. General or special taxes and assessments required to be paid in the year 2026 and subsequent years, which are not yet due and payable.



2. Conditions, easements and other matters as contained on the survey of Canaveral Groves Subdivision, Section 1, Township 24 South, Range 35 East, recorded in Survey Book 2, Page 58, of the Public Records of Brevard County, Florida.

NOTE: 2025 taxes were paid under Parcel ID# 24-35-01-25-12-2, the gross amount being $12.25.

NOTE: Surveyor's Affidavit recorded on June 29, 2026 in Official Records Book 10664, Page 1090.

Please contact this office should you have any questions or require anything further. Thank you.

Very truly yours,

Kenneth L. Schlitt

KLS/sr

cc: Client (*via email*)

AFFIDAVIT

STATE OF FLORIDA
COUNTY OF Osceola

BEFORE ME, the undersigned authority, duly authorized to administer oaths and take acknowledgments, personally appeared **Mitchel W. Hill,** who after being by me first duly sworn, on oath, deposes and says:

1) I am a Professional Surveyor and Mapper licensed by the State of Florida under registration number LS7374.

2) I refer to the survey prepared for Park Industrial LLC, a Florida limited liability company, dated November 25, 2025, and bearing Job No. 25-0290.001 (the "**36 Lots Survey**"), of the real property (the "**36 Lots**") described on **Exhibit "A"** attached hereto and incorporated by reference.

3) The 36 Lots Survey was prepared under my direction and control

4) The description of the 36 Lots as set forth on **Exhibit "A"** is the as-surveyed legal description of such property prepared under my direction and control as set forth on the 36 Lots Survey.

5) I have been able to locate the 36 Lots by applying the rules and standards of surveying used by Florida surveyors.

6) The real property described on **Exhibit "B"** attached hereto and incorporated herein by reference, being the existing record legal description of the 36 Lots, describes one and the same parcel of real property as is described **Exhibit "A"**.

7) I refer to the survey prepared for Park Industrial LLC, a Florida limited liability company, dated April 6, 2026, and bearing Job No. 25-0290.001 (the "**Hendricks Lot Survey**"), of the real property (the "**Hendricks Lot**") described on **Exhibit "C"** attached hereto and incorporated by reference.

8) The Hendricks Lot Survey was prepared under my direction and control

9) The description of the Hendricks as set forth on **Exhibit "C"** is the as-surveyed legal description of such property prepared under my direction and control as set forth on the Hendricks Lot Survey.

10) I have been able to locate the Hendricks Lot by applying the rules and standards of surveying used by Florida surveyors.

11) The real property described on **Exhibit "D"** attached hereto and incorporated herein by reference, being the existing record legal description of the Hendricks Lot, describes one and the same parcel of real property as is described **Exhibit "C"**.

FURTHER AFFIANT SAYETH NOT.

MITCHEL W. HILL, P.S.M.

The foregoing instrument was acknowledged before me by means of (✓) physical presence or (___) online notarization, this 25 day of June, 2026, by Mitchel W. Hill, who (✓) is personally known to me or (___) produced _____ as identification.

LIMITED LIABILITY COMPANY AGREEMENT
OF
SDH COCOA BP, LLC

This Limited Liability Company Agreement (this "***Agreement***") of **SDH COCOA BP, LLC**, a Delaware limited liability company (the "***Company***"), is entered into by the person or entity named as Member on Exhibit A hereto, as the sole member of the Company (the "***Member***"), as of June 15, 2026.

1. **Formation**. Christopher A. Setteducati, as an "authorized person" within the meaning of the Delaware Limited Liability Company Act (6 Del. C. §§ 18-101, et seq.), as amended from time to time (the "***Delaware Act***"), has executed, delivered and filed the initial Certificate of Formation of the Company (the "***Certification of Formation***") with the Secretary of State of the State of Delaware on June 15, 2026. Upon the filing of the initial Certificate of Formation with the Secretary of State of the State of Delaware his powers as an "authorized person" ceased, and the Member thereupon became the designated "authorized person" and shall continue as the designated "authorized person" within the meaning of the Delaware Act.

2. **Name**. The name of the Company is "**SDH COCOA BP, LLC**". The business of the Company shall be conducted under such name or such other names that comply with applicable law as the Member may from time to time deem necessary or desirable.

3. **Purpose and Powers**. The purpose of the Company shall be to engage in any lawful business or activity for which limited liability companies may be formed under the Delaware Act. The Company shall possess and may exercise all of the powers and privileges granted by the Delaware Act or by any other law or by this Agreement, together with any powers incidental thereto, so far as such powers and privileges are necessary or convenient to the conduct, promotion or attainment of the purpose of the Company.

4. **Registered Office and Registered Agent**. The address of the registered office of the Company in the State of Delaware is The Corporation Trust Company, 1209 Orange Street, Wilmington, New Castle County, DE 19801, and the name of the registered agent of the Company for service of process on the Company at such address is The Corporation Trust Company.

5. **Member**. Simultaneously with its execution of this Agreement, the Member is hereby admitted as the sole member of the Company and agrees to be bound by the terms of this Agreement.

6. **Capital Contribution**. The Member has made a contribution to the capital of the Company in the amount set forth opposite the Member's name on Exhibit A hereto. The Member shall have the right, but not the obligation, to make additional capital contributions to the Company as the Member in its sole discretion may determine.

7. **Allocations and Distributions**. The net profits and net losses of the Company, and other items of income, gain, loss, deduction and credit, will be allocated 100 percent to the Member for capital account and federal income tax purposes, and the Company, as a separate entity, is to be disregarded for federal income tax purposes. Subject to Sections 18-607 and 18-804 of the

Docusign Envelope ID: E7B0B85F-ADEA-8C54-81C8-7C7D0BE475F7

Delaware Act, the Company shall make such distributions to the Member as the Member determines.

8. **Management by Member**. The management and control of the Company shall be vested entirely in the Member. The Member shall have all the rights and powers that are conferred by law or are otherwise necessary, advisable or convenient to the discharge of the Member's duties and to the management of the business and affairs of the Company. No person or entity dealing with the Company shall have any obligation to inquire into the power or authority of the Member acting for such purposes on behalf of the Company.

9. **Officers**.

9.1. Designation and Term. The Member may designate one or more persons to fill one or more officer positions of the Company. Such officers may include Chief Executive Officer, Chief Financial Officer, Vice President, Treasurer, Assistant Treasurer, Secretary and Assistant Secretary. The Member may also appoint such other officers and agents as it shall deem necessary or advisable from time to time who shall have such powers and perform such duties as determined by the Member. No officer need be a resident of the State of Delaware. Each officer will hold office until his or her successor is duly designated and qualified to hold such office, or until his or her death, resignation or removal. Any number of offices may be held by the same person. Unless the Member specifies otherwise, the assignment of such title will constitute the delegation to such officer of the authority and duties that are normally associated with that office. The Member may, from time to time, delegate additional authority or duties to any officer of the Company.

9.2. Resignation, Removal and Vacancies. Any officer may resign as such at any time. Such resignation will be made in writing and will take effect at the time specified therein, or if no time be specified, at the time of its receipt by the Company. The acceptance of a resignation will not be necessary to make it effective, unless expressly so provided in the resignation. Any officer may be removed as such, either with or without cause, by the Member; provided, however, that such removal will be without prejudice to the contract rights, if any, of the officer so removed. Designation of an officer will not of itself create contract rights. Any vacancy occurring in any office of the Company may be filled by the Member.

9.3. The initial officers of the Company shall be the individuals below and such individuals shall have the office set forth opposite their respective name:

Christopher Minnetian	Chairman
Kalman Vidomlanski	Executive Vice President
Tom Del Bosco	Executive Vice President
Jason Piel	Treasurer

10. **Transfer of Interest; Admission of Additional Members**. The Member may assign its membership interest in the Company (its "***Interest***") in whole or in part at any time. Upon assignment of the Member's entire Interest to a transferee, the transferee shall automatically be deemed admitted to the Company as a substituted member of the Company, the Member shall simultaneously be deemed to have resigned from the Company as a member of the Company, and

Docusign Envelope ID: E7B0B85F-ADEA-8C54-81C8-7C7D0BE475F7

the Company shall continue without dissolution (and all applicable references herein to the "Member" shall be read as references to the transferee as the substituted member of the Company); provided, in any event, that the transferee must agree in a document or instrument to be bound by the terms of this Agreement. One or more additional members of the Company may be admitted to the Company with the consent of the Member. Upon the admission to the Company of any additional member(s), the members of the Company shall cause this Agreement to be amended and restated to reflect the admission of such additional member(s) and the initial capital contribution, if any, of such additional member(s) and the intention of the members to cause the Company to be classified as a partnership or corporation for federal income tax purposes, and to include such other provisions as the members may agree to reflect the change of status of the Company from a single member limited liability company to a limited liability company with two or more members.

11. **Resignation of Members; Events of Bankruptcy**. Except as provided in the mandatory provisions of the Delaware Act and pursuant to the second sentence of Section 10, no right is given to any member of the Company to resign from the Company. The Member shall not cease to be a member of the Company upon the happening of any of the events specified in Section 18-304 of the Delaware Act.

12. **Dissolution and Term of the Company**. The Company shall dissolve upon any act or event causing the dissolution of the Company under the Delaware Act, unless, if permitted by the Delaware Act, the Company is continued in accordance with the Delaware Act. Subject to an earlier dissolution as described in the preceding sentence, the Company shall have a perpetual existence.

13. **Limitation of Liability and Indemnification of Member**.

13.1. Except as otherwise required by the Delaware Act, the Member shall not be liable for the debts, obligations or liabilities of the Company, whether arising in contract, tort, or otherwise, solely by reason of being a member of the Company.

13.2. The Member shall not be liable to the Company or to any other member of the Company or other person or entity who may become a party to or bound by this Agreement for any breach of this Agreement or of any duties (including fiduciary duties) arising under or in connection with this Agreement or the Company other than for any act or omission that constitutes a bad faith violation of the implied contractual covenant of good faith and fair dealing.

13.3. To the fullest extent permitted by applicable law, the Company shall (i) indemnify and hold harmless any person or entity and such person's or entity's executors, administrators, heirs, legal representatives, successors and assigns (each, a "***Covered Person***") who was or is a party or was or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such person or entity is or was a member or officer of the Company or is or was serving at the request of the Company as a member, manager or director of another corporation, limited liability company, partnership, joint venture, trust or other enterprise, domestic or foreign, against all expenses, attorneys' fees, court costs, judgments, fines, amounts paid in settlement and other losses incurred or suffered by such Covered Person in connection with

Docusign Envelope ID: E7B0B85F-ADEA-8C54-81C8-7C7D0BE475F7

such action, suit or proceeding and (ii) advance expenses incurred by such Covered Person in defending or otherwise participating in such action, suit or proceeding in advance of its final disposition to the fullest extent permitted by applicable law upon receipt of an undertaking by the Covered Person to repay such amounts so advanced if it shall ultimately be determined by final judicial decision from which there is no further right to appeal that such Covered Person is not entitled to be indemnified by the Company for such expenses under this Section 13 or otherwise.

14. **Amendment**. This Agreement may be amended by the Member; provided, however, that any amendment to this Agreement must be in writing and signed by the Member.

15. **Governing Law**. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without giving effect to any choice of law principles.

16. **Severability**. The provisions of this Agreement will be deemed severable and the invalidity or unenforceability of any provision will not affect the validity or enforceability of the other provisions hereof; provided that if any provision of this Agreement, as applied to any party or to any circumstance, is judicially determined not to be enforceable in accordance with its terms, the court judicially making such determination may modify the provision in a manner consistent with its objectives such that it is enforceable, and/or to delete specific words or phrases, and in its modified form, such provision will then be enforceable and will be enforced.

17. **Counterparts**. This Agreement may be executed and delivered by PDF, facsimile, DocuSign or other electronic transmission or electronic signature process, and upon such delivery, the same shall be deemed to be effective for all purposes as an original executed counterpart hereof.

ORDINANCE NO. 08-2026

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF COCOA, BREVARD COUNTY, FLORIDA, RELATING TO COMPREHENSIVE PLANNING; AMENDING THE FUTURE LAND USE MAP FOR ONE (1) PARCEL OF REAL PROPERTY WITHIN THE CITY OF COCOA, CONSISTING OF APPROXIMATELY 1.29 ACRES, GENERALLY LOCATED EAST OF GRISSOM PARKWAY NORTH OF OXBOW CIRCLE, AND SOUTH OF CANAVERAL GROVES BOULEVARD, BEING LEGALLY DESCRIBED ON EXHIBIT "A" ATTACHED HERETO; CHANGING THE FUTURE LAND USE MAP DESIGNATION OF THE REAL PROPERTY FROM BREVARD COUNTY "RESIDENTIAL 4" TO CITY OF COCOA "INDUSTRIAL"; PROVIDING FOR THE REPEAL OF PRIOR INCONSISTENT ORDINANCES AND RESOLUTIONS, INCORPORATION IN THE COMPREHENSIVE PLAN, SEVERABILITY, AND AN EFFECTIVE DATE AND LEGAL STATUS OF THE PLAN AMENDMENT.

WHEREAS, on _____, 2026, the City Council adopted Ordinance Number 07-2026, which annexed the subject property into the City of Cocoa; and

WHEREAS, the City is granted the authority, under § 2(b), Art. VIII of the State Constitution, to exercise any power for municipal purposes except when expressly prohibited by law; and

WHEREAS, the future land use map amendment embodied in this Ordinance is a small-scale amendment to the City of Cocoa Comprehensive Plan in accordance with Section 163.3187(1), Florida Statutes; and

WHEREAS, the Local Planning Agency of the City of Cocoa held a duly noticed public hearing on June 03, 2026, in accordance with the procedures established in Chapter 163, Part II, Florida Statutes, on the proposed comprehensive plan amendment; and

WHEREAS, the City Council of the City of Cocoa held two duly noticed public hearings on the proposed amendment set forth hereunder and considered findings and advice of staff, citizens, and all interested parties submitting written and oral comments and supporting data and analysis, and after complete deliberation, hereby approves and adopts the Comprehensive Plan Amendment set forth hereunder; and

WHEREAS, the City Council hereby finds that this Ordinance serves a legitimate government purpose and is in the best interests of the public health, safety, and welfare of the citizens of the City of Cocoa, Florida.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF COCOA HEREBY ORDAINS, AS FOLLOWS:

Section 1. **Recitals.** The foregoing recitals are true and correct and are fully incorporated herein by this reference.

Section 2. **Authority.** This Ordinance is adopted in compliance with, and pursuant to, the Community Planning Act, Sections 163.3161, et. seq., Florida Statutes.

Section 3. **Purpose and Intent.** It is hereby declared to be the purpose and intent of this Ordinance to adopt a Comprehensive Plan amendment incorporating the revisions stated herein as part of the City of Cocoa Comprehensive Plan.

Section 4. **Adoption of Amendment to the Future Land Use Map.** The City of Cocoa Comprehensive Plan, Future Land Use Map, is hereby amended by changing the designation of the real property legally described and depicted on **Exhibit "A"** from Brevard County "Residential 4" future land use to City of Cocoa "Industrial" future land use. **Exhibit "A"** is attached hereto and fully incorporated herein by this reference.

Section 5. **Repeal of Prior Inconsistent Ordinances and Resolutions.** All prior inconsistent ordinances and resolutions adopted by the City Council, or parts of prior ordinances and resolutions in conflict herewith, are hereby repealed to the extent of the conflict.

Section 6. **Severability.** If any section, subsection, sentence, clause, phrase, word or provision of this Ordinance is for any reason held invalid or unconstitutional by any court of competent jurisdiction, whether for substantive, procedural, or any other reason, such portion shall be deemed a separate, distinct and independent provision, and such holding shall not affect the validity of the remaining portions of this Ordinance.

Section 7. **Incorporation into Comprehensive Plan.** Upon the effective date of the Comprehensive Plan Amendment adopted by this Ordinance, said Amendment shall be incorporated into the City of Cocoa Comprehensive Plan and any section or paragraph number or letter and any heading may be changed or modified as necessary to effectuate the foregoing.

Section 8. **Effective Date and Legal Status of the Plan Amendment.** The effective date of this Ordinance shall be conditioned upon the adoption of Ordinance No. 07-2026, and this Ordinance shall not become effective unless and until Ordinance No. 07-2026 is adopted by the City Council. Should Ordinance No. 07-2026 not become effective, then this Ordinance shall become null and void. Should Ordinance No. 07-2026 be adopted, the effective date of this Ordinance shall take effect thirty-one (31) days after the date of this Ordinance's adoption, as written below, in accordance with Section 163.3187(5)(c), Florida Statutes, unless challenged within thirty (30) days after adoption of this Ordinance, in which case this Ordinance shall become effective at such time as the state land planning agency or the Administrative Commission issues a final order determining that the adopted small scale development amendment is in compliance. No development orders, development permits, or land use dependent on this Amendment may be issued or commenced before the Amendment

has become effective. After and from the effective date of this Amendment, the Comprehensive Plan Amendment set forth herein shall amend the City of Cocoa Comprehensive Plan and become a part of that plan and the Amendments shall have the legal status of the City of Cocoa Comprehensive Plan, as amended.

ADOPTED by the City Council of the City of Cocoa, Florida, in a regular meeting assembled on the _____ day of _____, 2026.

VICINITY MAP

SURVEYOR'S REPORT:

1. FIELD BEARINGS AND DISTANCES ARE BASED ON STATE PLANE GRID. THE BEARING BASE IS ALONG THE MONUMENTED WEST LINE OF SUBJECT PROPERTY. (BEARING BASE: S04°43'30"E)
3. THIS IS A BOUNDARY SURVEY AS DEFINED IN CHAPTER 5J-17.050(11) OF THE FLORIDA ADMINISTRATIVE CODE (FAC). MORE SPECIFICALLY, THE PURPOSE OF THIS SURVEY, WAS TO CONVEY THE LIMITS OF A BOUNDARY SURVEY.
4. THE ACCURACY STANDARD USED FOR HORIZONTAL CONTROL FOR THIS SURVEY EXCEEDS A MINIMUM RELATIVE DISTANCE OF 1 FOOT IN 10,000 FEET. ("STANDARDS OF PRACTICE (5J-17.051 FAC)" PURSUANT TO SECTION 472.027, FLORIDA STATUTES).
5. THE HORIZONTAL CONTROL NETWORK WAS COMPLETED UTILIZING A TOPCON HIPER VR GNSS RECEIVER. THE CONTROL FOR THIS SURVEY IS BASED ON REDUNDANT RTK (REAL TIME KINEMATICS) OBSERVATIONS BASED ON FPRN (FLORIDA PERMANENT REFERENCE NETWORK).
6. THE HORIZONTAL CONTROL NETWORK WAS COMPLETED UTILIZING A TOPCON HIPER VR GNSS RECEIVER. THE CONTROL FOR THIS SURVEY IS BASED ON REDUNDANT RTK (REAL TIME KINEMATICS) OBSERVATIONS BASED ON FPRN (FLORIDA PERMANENT REFERENCE NETWORK).
   - 6.1. THE REDUNDANT RTK (REAL TIME KINEMATICS) OBSERVATIONS WERE PERFORMED TO ESTABLISH THE PRIMARY NETWORK CONTROL. THE OBSERVATIONS WERE PERFORMED ON NOVEMBER , 2025.
   - 6.2. A FIELD TRAVERSE WAS USED TO ESTABLISH INTERMITTENT CONTROL BETWEEN THE GPS POINTS.
   - 6.3. HORIZONTAL DATA IS BASED ON FLORIDA STATE PLANE COORDINATE EAST (901) NAD (NORTH AMERICAN DATUM) 1983/2011ADJ.
   - 6.4. HORIZONTAL CONTROL IS BASED ON FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION CERTIFIED CORNER RECORD POINT , PID=69522, (PUBLISHED COORDINATES: NORTHING=1,489585.03', EASTING=724,327.49'), FLORIDA STATE PLANE COORDINATE EAST (901) NAD (NORTH AMERICAN DATUM) 1983/2011ADJ (U.S. SURVEY FOOT).
7. DISTANCES THAT WERE MEASURED WITH E.D.M. EQUIPMENT HAVE BEEN ADJUSTED FOR TEMPERATURE.
8. PROPERTY LINES SHOWN HEREON WERE COMPUTED FROM THE EXISTING PUBLIC RECORDS OF BREVARD COUNTY, FLORIDA AND ARE BASED ON FOUND MONUMENTATION. MONUMENT SYMBOLS ARE NOT TO SCALE.
9. NO INSTRUMENTS OF RECORD REFLECTING EASEMENTS, ENCUMBRANCES, RIGHTS-OF-WAY, AND/OR OWNERSHIP WERE FURNISHED TO THIS SURVEYOR, EXCEPT AS NOTED. LANDS SHOWN HEREON WERE NOT ABSTRACTED BY THIS SURVEYOR FOR RIGHTS-OF-WAY, EASEMENTS, OWNERSHIP, ENCUMBRANCES OR OTHER DEEDS OF RECORD.
10. SURVEYOR'S LIABILITY FOR THE DOCUMENT SHALL BE LIMITED TO THE ORIGINAL PURCHASER AND DOES NOT EXTEND TO ANY UNNAMED PERSON OR ENTITIES WITHOUT AN EXPRESSED RE-CERTIFICATION BY WHOSE SIGNATURE APPEARS UPON THE SURVEY.
11. NO UNDERGROUND UTILITIES, FOUNDATIONS OR IMPROVEMENTS, IF ANY, HAVE BEEN LOCATED EXCEPT AS SHOWN. NO S.U.E. (SUBSURFACE UTILITY EXPLORATION) OR G.P.R. (GROUND PENETRATING RADAR) WERE UTILIZED DURING THIS SURVEY.
13. THIS PROPERTY LIES WITHIN ZONES X AND A OF THE CURRENT FEMA FLOOD RATE MAPS AND IS REFLECTED ON THE SURVEY. THE MAP IDENTIFICATION IS MAP NUMBER 12009C320H WITH AN EFFECTIVE DATE OF JANUARY 29, 2021. IT REMAINS THE CLIENT'S RESPONSIBILITY TO CONFIRM FLOOD INSURANCE DATA FOR THE LANDS SHOWN HEREON WITH THEIR RESPECTIVE FEDERAL, STATE, AND/OR LOCAL EMERGENCY MANAGEMENT OFFICIALS.
14. PRIOR TO ANY CONSTRUCTION, EXCAVATION OR ANY DISTURBANCE OF THE EXISTING GROUND ELEVATION, THE OWNER AND / OR CONTRACTOR SHOULD ASSUME RESPONSIBILITY OF CONTACTING THE LOCAL UTILITY AUTHORITIES FOR EXACT LOCATION OF UNDERGROUND GAS LINES, TELEPHONE LINES, ELECTRIC CABLES, WATER LINES, ETC. TO AVOID ANY HAZARD OR CONFLICT.
15. ALL TYPES, SIZES, LOCATIONS, GRADES, ETC., OF ALL FEATURES, SHOULD BE VERIFIED BY CONTRACTOR PRIOR TO CONSTRUCTION.
16. THIS SURVEY DOES NOT INCLUDE THE LOCATION OF ANY POSSIBLE WETLAND, JURISDICTIONAL BOUNDARIES, OR HABITATS FOR PROTECTED SPECIES, EXCEPT AS SHOWN.
17. ADDITIONS OR DELETIONS TO SURVEY MAPS OR REPORTS BY OTHER THAN THE SIGNING PARTY OR PARTIES IS PROHIBITED WITHOUT EXPRESSED WRITTEN CONSENT OF THE SIGNING PARTY OR PARTIES.

General Notice Information:

This is a public meeting. Interested parties are hereby advised that they may appear at said meeting and be heard. The facility wherein this public meeting will be held is accessible to the physically handicapped.In accordance with the Americans With Disabilities Act, persons needing assistance to participate in anyof these proceedings should contact the City Clerk of the City of Cocoa, listed below, at least 48 hours prior to the meeting: Monica Arsenault, City Clerk, 65 Stone Street, Cocoa, by telephone at (321) 433-8488 or via email at marsenault@cocoafl.gov.

Pursuant to Section 286.0105, Florida Statutes, the City hereby advises the public that if a person decides to appeal any decision made by the BOA, P&Z Board/LPA or City Council with respect to any matter considered at its meeting or hearing, that person will need a record of the proceedings and for such purpose, affected persons may need to assure that a verbatim record of the proceedings is made, and such record shall include the testimony and evidence upon which the appeal is to be based. This notice does not constitute consent by the City for the introduction or admission into evidence of otherwise inadmissible or irrelevant evidence, nor does it authorize challenges or appeals otherwise not allowed by law.

The BOA or PZ Board/LPA meeting may include the attendance of one (1) or more members of the Cocoa City Council who may or may not participate in the Board discussions held at this public hearing. The BOA, PZ Board/LPA and City Council reserve the right to continue or postpone hearings to a date certain without re-advertising.

Public Participation Information:

Members of the public may view the meeting agenda, ordinances, project applications, supporting documents, and staff reports on the City's website at the following link prior to attending or commenting:

- City of Cocoa meeting calendar at https://www.cocoafl.gov/291/20338/City-Meetings

Documents pertaining to the above may also be inspected at the Community Services Department between 8:00 a.m. and 5:00 p.m., Monday through Friday, or by phoning (321) 433-8400.

Interested persons may submit their written comments or questions prior to the meeting through Email at cityclerk@cocoafl.gov or via E-comments through the online agenda at the link above. Any electronic comments submitted will be made part of the meeting record.

Viewing In Real Time. Interested persons are encouraged to view and listen to the hearings live by accessing the meetings at the following internet address:

- City of Cocoa meeting calendar at https://www.cocoafl.gov/291/20338/City-Meetings

However, the City is not responsible for technical difficulties that may occur while attempting to view or listen to the meeting on the internet.

PLANNING & ZONING AGENDA ITEM

Memo Date:	07/02/2026
Agenda Date:	7/14/2026
Prepared By:	Jennifer Webster, Senior Planner
Through:	Stockton Whitten, City Manager
Requested Action:	Consideration on First Reading of an ordinance of the City Council of the City of Cocoa, Brevard County, Florida; amending the zoning map for one (1) parcel of real property, totaling 1.29 acres, more or less, generally located east of Grissom Parkway north of Oxbow Circle, and south of Canaveral Groves Boulevard; changing the zoning map designation of the real property from Brevard County “General Use” to City of Cocoa “M-2 (Manufacturing and Industrial)”.

BACKGROUND:

Introduction

This is an applicant-initiated request for a Zoning Map Amendment for one (1) parcel containing 1.29 acres of unplatted, vacant, real property located in unincorporated Brevard County from Brevard County zoning “GU (General Use)” to City of Cocoa “M-2 (Manufacturing and Industrial)“. This Zoning Map Amendment request (Rezone) is being made concurrently with Ordinance 08-2026, a Future Land Use Map/Comprehensive Plan Amendment (CPA) request to change the future land use category of the parcel from Brevard County “Residential 4” to City of Cocoa “Industrial”, AND in consideration of Ordinance 07-2026, a request to annex this property into the City of Cocoa. (Note: The Rezone will only be valid if City Council also approves the request to annex the subject parcel into the City of Cocoa and only if City Council approves the Future Land Use Map Amendment. Staff will request that these be conditions of approval).

The subject parcel to be Rezoned (Parcel) is located generally east of Grissom Parkway, north of Oxbow Circle, and south of Canaveral Groves Boulevard, west of a Florida Power and Light (FP&L) right-of-way, and more specifically northeast of the intersection of Grissom Parkway and Kleinfeldt Way, as depicted in the Location Map in Attachment 3 - Map Package. The western and southern borders of the Parcel are adjacent to the recently annexed group of associated 36 parcels that were also Rezoned to M-2 in April 2026, and which also received a CPA for Industrial future land use.

This Parcel is in Brevard County Commission District #1. If annexed into the City of Cocoa, the Parcel would be in City Council District #3, which is represented by City

Councilmember Patricia Weeks.

The impetus of the annexation, Rezone, and CPA requests is that the Parcel is within the City of Cocoa wastewater utility service area, connection to which any new development will require. Pursuant to the City of Cocoa Code, **Chapter 22**, **Sec. 22-5.1. - Additional connections for non-city customers,** any non-city property that requires City of Cocoa wastewater service and is contiguous to the City Boundary, must be annexed into the City. The western and southern borders of the Parcel are contiguous to the recently revised northwestern City of Cocoa boundary. The City boundary was revised as part of the annexation of thirty-six (36) parcels in April 2026, per Ord. 01-2026 (Prior Annexation).

The current property owner is SDH Cocoa BP LLC of Delaware. The owner originally applied for the amendment as Park Industrial LLC, but has since created the company SDH Cocoa BP LLC to purchase the subject Parcel. The applicant is Alex Goetz, with KPM Franklin, representing SDH Cocoa BP LLC, who is seeking to combine the subject Parcel with the Prior Annexation parcels and develop the aggregated property as an industrial complex with warehouse and distribution operations and contractor offices, light and heavy manufacturing, outdoor storage, and heavy equipment rental, repair, service, and sales (see Attachments 6 and 7 for Example Photos). Subsequent to the P&Z hearing, the applicant provided a copy of a Special Warranty Deed, which conveyed the subject property from Dale and Lori Morris to SDH Cocoa BP, LLC, with the closing occurring on June 25, 2026 and the Deed recorded on June 29, 2026. The City has received all updated application forms with the signature of an SDH Cocoa BP, LLC officer, providing relevant owner authorization for the current application (see Attachment 2 for Title Opinion and Warranty Deed).

Annexation Compliance with Florida Statutes and Process

The Annexation report was prepared pursuant to Section 171.044 of the Florida Statutes regarding Voluntary Annexation, which sets forth the plans to annex the Parcel.

As with the Prior Annexation, there are no registered electors for the subject Parcel, and therefore no referendum on annexation is required by Section 171.0413(6), Florida Statutes. Instead, consent of property owners representing at least 50% of the land area and at least 50% of the parcels to be annexed is required prior to final adoption of the annexation ordinance. The subject Parcel is under the single ownership of SDH Cocoa BP LLC, therefore representing 100% of the proposed Annexation. The applicant provided the required “Petition for Voluntary Annexation” and “Designation of Agent Affidavit Authorization” form signed by the owner authorizing the applicant to apply on their behalf. Said Parcel is “compact” as defined by F.S., Section 171.031, is situated in a single area and does not create enclaves, pockets, or finger areas in serpentine patterns. The annexation request is scheduled to be heard before City

Council for final approval on July 28th, 2026.

Current and Proposed Zoning and Future Land Use

The current County Zoning and Future Land Use for the Parcel are General Use (GU) and Residential 4 (RES4), respectively (See Attachment 3 - Map Package). The County GU zoning designation covers rural residential, unimproved land, and areas without specific development trends; the RES4 future land use category allows for 4 dwelling units per acre. The applicant is seeking the City of Cocoa "M-2 Manufacturing and Industrial" zoning district. Per the City of Cocoa Zoning Code, Appendix A, ART XI, Sec. 19, the provisions of this district:

"…are intended to preserve the function of various industrial activities, warehousing and distribution without creating hazards or negatively influencing surrounding land uses. This district shall be located in areas accessible to collector or higher classification roadways and be served by public services and facilities. These districts shall be discouraged from locating next to areas designated for residential or low-intensity commercial uses."

Existing General Land Use Pattern

	Current Use	Zoning	Future Land Use	Density/Intensity
Subject Property	Vacant	County GU	County Residential 4	4 du/1 acre
Surrounding Uses				
North (County)	Vacant	County GU	County Residential 4	4 du/1 acre
East (County)	Vacant	County GU	County Residential 4	4 du/1 acre
South (City of Cocoa)	Industrial	City of Cocoa M-2*	City of Cocoa Industrial (IND)*	1.5 FAR
West (City of Cocoa)	Industrial	City of Cocoa M-2*	City of Cocoa Industrial (IND)*	1.5 FAR

The applicant is also seeking an Industrial (IND) Future Land Use for the purposes of developing an industrial complex and distribution center, as previously stated. Pursuant to Section 171.062 Florida Statutes, the Brevard County land use plan and zoning will remain in effect until the City of Cocoa adopts a comprehensive plan amendment for the subject Parcel. Refer to Attachment 3 - Map Package.

*(*The Comprehensive Plan Amendment was adopted by City Council for the Prior Annexation on April 28, 2026. However, it is currently under review by the Florida Department of Commerce and will not be official until 30 days following adoption of the CPA. The Zoning Map Amendment was also adopted by City Council on April 28, 2026*

but is contingent on the FDC's acknowledgement and acceptance of the Comprehensive Plan Amendment)

Advertisement and Notification

Pursuant to the City of Cocoa Zoning Code, Chapter XXI, Sec. 1(C)(6) and (D), affected property owners within 500 feet were notified of the ordinance by mail, and a legal ad was posted in the local newspaper 15 days prior to this hearing, the affidavit for which is provided as an attachment to this report. There were no responses, complaints, or inquiries to either the legal ad or the letters that were sent.

I. **Rezoning Analysis**

The Planning & Zoning staff have studied and considered the following criteria, according to Appendix A of the City of Cocoa, Article XXI, Section 1(G), to show whether or not:

a. *The proposed change is contrary to the established land use pattern.*

Staff Finding: With the Parcel being vacant, there is no established land use "pattern". The proposed Zoning Map Amendment would assign the M-2 zoning to the Parcel, thereby establishing the potential for an industrial development pattern. The County parcels to the north and east are zoned General Use (GU) and are currently vacant with an un-established pattern. The GU classification encompasses rural single-family residential development, or unimproved lands for which there is no definite current proposal for development, or land in areas lacking specific development trends. In consideration of this low-density adjacent County zoning, the City will require an opaque "compatibility" buffer around any industrial development, which will minimize visual, noise, and environmental impacts. Such buffer will be determined at the time of site development application.

b. *The proposed change would create an isolated district unrelated to adjacent and nearby districts.*

Staff Finding: The assignment of M-2 zoning to the Parcel is consistent with and would be adjacent to the (36) recently rezoned Prior Annexation parcels, which were also previously zoned M-2. Therefore, the proposed change would not create an isolated zoning district.

c. *The proposed change would materially alter the population density pattern and thereby increase or overtax the load on public facilities such as schools, utilities, streets, access, etc.*

Staff Finding: With an anticipated industrial development, a Rezone of this Parcel to M-2 (non-residential) is not anticipated to directly alter the population density pattern. An analysis of the utilities and infrastructure for the Annexation will be included in the Annexation report. A preliminary analysis has shown that

the City of Cocoa can provide services at the same level of service provided to other City residents and businesses with existing resources. If capacity issues relating to any public facilities or services regulated by the City of Cocoa adopted Comprehensive Plan are specifically identified, necessary and appropriate mitigation will be required to be addressed during site development review and prior to construction.

d. *Are the existing district boundaries illogically drawn in relation to existing conditions on the property proposed for change.*

Staff Finding: The western and southern borders of the Parcel are contiguous to the recently revised northwestern City of Cocoa boundary. The City Boundary was revised as part of the annexation of thirty-six (36) parcels in April 2026, per Ord. 01-2026 (Prior Annexation). The existing district boundaries are not illogically drawn.

e. *The proposed change would be contrary to the Future Land Use Map and would have an adverse effect on the Comprehensive Plan.*

Staff Finding: With the Annexation of the Parcel, and an assignment of a zoning district, a future land use map amendment is required to assign a compatible City of Cocoa future land use category. In this case, companion Ordinance 08-2026 proposes an “Industrial” FLU category, which is consistent with the requested M-2 zoning district.

f. *Changed or changing conditions make the passage of the proposed amendment necessary.*

Staff Finding: Annexation of County property into the City of Cocoa makes it necessary for a zoning category to be assigned in order to permit and guide future development.

g. *The proposed change will adversely influence living conditions in the neighborhood.*

Staff Finding: With the current surrounding land use either vacant or non-residential, it is not anticipated to adversely influence living or working conditions in the area. However, in consideration of this low-density surrounding County GU zoning, the City will require an opaque “compatibility” buffer, which will minimize visual, noise, and environmental impacts. Such buffer will be determined at the time of site development application.

h. *The proposed change will create or excessively increase traffic congestion or otherwise affect public safety.*

Staff Finding: The Prior Annexation Area, to which the applicant intends to join the subject Parcel, will be accessed from Grissom Parkway, by Kleinfeldt Way. Kleinfeldt Way is a County owned and maintained road for approximately 725

feet and the remaining approximately 1400 feet are right-of-way easements dedicated to the County. No roadway LOS deficiencies are anticipated though a complete traffic analysis will be required at the site plan stage.

i. *The proposed change will create a drainage problem.*

Staff Finding: Any future development will be required to retain and manage all stormwater run-off resulting from its development on-site. At the time of site plan submittal, the City of Cocoa will review the site development plans to ensure compliance with City of Cocoa and SJRWMD stormwater design requirements.

j. *The proposed change will seriously reduce light and air to adjacent areas.*

Staff Finding: The proposed change is unlikely to reduce light and air to adjacent areas, as the development associated with the Rezone and annexation is likely to be only 1-3 stories in height (see Attachments 6 and 7).

k. *The proposed change will adversely affect property values in the adjacent areas.*

Staff Finding: , it is not anticipated this Rezone will adversely affect property values in the adjacent areas. With an M-2 zoning designation assigned, the Parcel will have guidelines that will create an economic development opportunity which will increase property value in the overall area and the City of Cocoa.

l. *The proposed change will be a deterrent to the improvement or development of adjacent property in accord with existing regulations.*

Staff Finding: At this time, the vacant north and east-, adjacent properties are located in Brevard County jurisdiction and would be developed in accordance with County regulations. It is unknown at this time how the County wishes to develop this property. However, it is not anticipated that the Rezone or its associated development will deter future improvement or development of the adjacent properties.

m. *The proposed change will constitute a grant of special privilege to an individual owner as contrasted with the public welfare.*

Staff Finding: The proposed change will not constitute a grant of special privilege to the owner as contrasted with the public welfare, as the proposed zoning designation of M-2 meets the requirements of the Comprehensive Plan and is consistent with the adjacent industrial zoning district.

n. *There are substantial reasons why the property cannot be used in accord with existing zoning.*

Staff Finding: With the absence of a City zoning district, development is not possible. Additionally, as stated, the annexation of County properties into the

City of Cocoa make it necessary for a zoning category to be assigned in order to permit and guide future development.

o. *Whether the change suggested is out of scale with the needs of the neighborhood of the city.*

Staff Finding: The proposed Rezone is not out of scale with the needs of the area and would be consistent with and an extension of the existing industrial character in the City industrial district to the south. Furthermore, the application of the M-2 zoning district in this location meets a growing economic development need for warehouse and distribution operations and contractor offices, and manufacturing facilities.

p. *It is impossible to find other adequate sites in the city for the proposed use in districts already permitting such use.*

Staff Finding: There are other vacant properties available in the City of Cocoa M-2 zoning district, although none are large enough for the development the applicant is proposing.

Consistency with Comprehensive Plan Policies and Objectives
The proposed M-2 ”Manufacturing and Industrial” zoning designation is consistent with the allowable uses under the proposed “Industrial” future land use category per the City of Cocoa Comprehensive Plan, per Figure FLU-1, the *Standards for Future Land Use Categories.*

Concurrency Management/Adequate Public Facilities
Section 15-22 of the City Code provides for a concurrency management system to ensure public facilities and services needed to support development are available concurrent with the impacts of such development and that development orders and development permits are not issued in a manner that will not result in a reduction in the levels of service below the adopted level of service standards adopted by the City for public facilities and services, as contained in the City’s adopted Comprehensive Plan.

As previously mentioned, an analysis of the utilities and infrastructure for the Annexation is included in the Annexation report. A preliminary analysis has shown that the City of Cocoa can provide services at the same level of service provided to other City residents and businesses with existing resources. If capacity issues relating to any public facilities or services regulated by the City of Cocoa adopted Comprehensive Plan are specifically identified, necessary and appropriate mitigation will be required to be addressed during site development review and prior to construction.

Conditions of Approval:

This Zoning Map Amendment will only be valid if City Council also approves the request to annex the subject Parcel into the City of Cocoa and only if City Council

approves companion Ordinance 08-2026, the Future Land Use Map/Comprehensive Plan Amendment. The following conditions of approval shall apply:

1. The approval of this Zoning Map Amendment shall be conditioned upon the adoption of Ordinance No. 07-2026 (Annexation), and this Ordinance shall not become effective unless and until Ordinance No. 07-2026 is adopted by the City Council. Should Ordinance No. 07-2026 *not* become effective, then this Ordinance to Rezone shall become null and void.

2. This Ordinance shall also only become effective immediately upon the effective date of Ordinance No. 08-2026 (the Future Land Use Map/Comprehensive Plan Amendment), as adopted by the City Council of the City of Cocoa, Florida, and pursuant to the City Charter. If Ordinance No. 08-2026 does *not* become effective, then this Ordinance to Rezone shall become null and void.

PRIORITY AREA CONNECTION:
Economic and Community Development

BUDGETARY IMPACT:
N/A

PREVIOUS ACTION:
July 1st 2026: Planning and Zoning Board recommended that City Council APPROVE Ordinance 09-2026 WITH CONDITIONS.

RECOMMENDED MOTION:

Staff requests that City Council **APPROVE, WITH CONDITIONS**, this First Reading of Ordinance 09-2026, changing the zoning map designation of the real property from Brevard County “General Use” to City of Cocoa “M-2 (Manufacturing and Industrial District).

ZONING MAP AMENDMENT APPLICATION (MAP ONLY)

Planning and Zoning
65 Stone Street
Cocoa, Florida 32922

Phone: (321) 433-8535
Fax: (321) 433-8543
Web: http://www.cocoafl.org

This form is divided into steps, which will help you prepare your application, provide supplemental items, and prepare for the Planning & Zoning Board and City Council hearings. A pre-application meeting with Staff is **required**.

For Office Use Only - Date Received

Stamp Only When Application is Fully Complete

Please TYPE or PRINT this application neatly.

1. **Existing Zoning Category:** General Use (Brevard County)
2. **Proposed Zoning Category:** M2 Manufacturing and Industrial District
3. **Existing Future Land Use Category:** Residential 4 (Brevard County)
4. **Proposed Future Land Use Category (*if applicable*):** Industrial
5. **Applicant Information:** ** NOTE: Applicant is the main contact, who must attend the meeting!*

   Company (if applicable): KPM Franklin

Existing Use(s) on Property: Vacant

Proposed Use(s) on Property: warehouse and distribution operations and contractor offices, light and heavy manufacturing, outdoor storage, and heavy equipment rental, repair, service, and sales

8. Please submit the following items in order complete the application:

a. ☑ **Notarized application.**

b. ☑ **List of owners within 500 feet.** A "radius map package" from Brevard County containing a certified mailing list with mailing labels and a map of all property owners of record who reside within a 500-foot radius of the subject property is required for public notice. It is the applicant's responsibility to request these materials with the Brevard County GIS Department that are available free of charge. Inquiries need to be emailed to **servicedesk@brevardfl.gov** and forwarded to the **City of Cocoa Planning and Zoning Department** when available.

c. ☑ **Application fee.** Please make checks payable to the 'City of Cocoa' and submit payment **ONLY** to the Community Services Department. Public mail notice and legal advertising fees must also be paid a few weeks after application submittal. See Schedule of Fees, Charges and Expenses for applicable fees.

d. ☑ **Proof of ownership.** A copy of the most recent recorded warranty deed is required.

e. ☑ **Letter of authorization.** If the applicant is not the property owner, a notarized letter of authorization or agent affidavit is required, unless the applicant is the Attorney of the owner. Each property owner must complete a separate authorization form or other suitable documentation to allow the agent to act upon his/her behalf. A sample "Letter of Authorization" form is available from the City.

f. ☐ **Corporate documents.** If the applicant/owner is representing a company, articles of incorporation which show the applicant/owner is authorized to represent the company is required. A data record printout from the Florida Department of State, Division of Corporations website may also be provided (http://www.sunbiz.org/corpweb/inquiry/search.html).

g. ☑ **Certified boundary survey.** Submit a certified survey showing all existing structures and all proposed structures.

h. ☑ **Legal description.** Submit a typed copy of the legal description. It may be submitted on a computer disk or by e-mail.

i. ☑ **Additional information (optional).** Submit any information that may be helpful in understanding the request. This may include a site plan drawing, photos, sketches, elevations, or letters from adjoining property owners.

9. Application filing deadline. The application filing deadline is on the first day of each month at 5:00 pm for public hearings that are held in the following month. For Zoning Map Amendment applications that are submitted concurrently with other applications, the earlier filing deadline shall apply.

10. **Application filing procedure.** This application, together with all required exhibits and attachments, shall be completed and filed with the Planning and Zoning Division.

Public hearings process information – please read this!

11. **Dates and locations of public hearings.** All zoning map amendments require one hearing in front of the Planning & Zoning Board and two hearings in front of the City of Cocoa Council.

12. **Board types.** The Planning & Zoning Board is an advisory board to the City Council and therefore is only authorized to make recommendations. City Council is an authoritative body and is able to make binding decisions.

13. **Presence required at the public hearings.** The applicant or his/her representative must be present to answer any questions concerning the application. If there are extenuating circumstances why the applicant or his/her representative cannot attend, he or she must notify the City in writing prior to the public hearing.

14. **Preparing for the public hearings.** It is the applicant's responsibility to research and know all laws that may be applicable and may affect the outcome of any decision on the application request. The City assumes no responsibility or liability relating to the applicant's failure to research and know all applicable laws including, but not limited to state, federal, and city laws, codes, land development regulations, and the comprehensive plan.

15. **Exhibits at public hearings.** If photographs, documents, maps or other materials are provided to the Board/Council as evidence at the public hearing, the applicant must leave those instruments with the Recording Secretary. By law those instruments automatically become part of the public records and cannot be returned to the applicant.

16. **Witnesses at public hearings.** For the purposes of making a decision on the application, the Board/Council shall only consider testimony of qualified witnesses. A witness is determined by the Board/Council and is generally based on:
    a. The witness has personal knowledge of the fact in which the witness will testify; and/or
    b. In the case of testimony consisting of opinions or inferences, the testimony is qualified as the following:
        1. *Layman witness*: Testimony of a witness other than an expert witness is qualified only if:
            - The witness can readily, and with equal accuracy and adequacy, communicate what he or she perceived to the Board without testifying in the form of opinions or inferences.
            - The opinions and inferences do not require any special knowledge, skill experience or training.
        2. *Expert witness*. Testimony of an expert witness is qualified only if:
            - The subject matter is proper for expert testimony because scientific, technical, or other specialized skill will help the Board understand the evidence being presented, or helps establish a fact in issue.
            - The witness is adequately qualified to express an opinion on the matter.

17. **Planning & Zoning Board vs. City Council actions.** If the Planning & Zoning Board finds that the facts presented in the matter justify approval, it may recommend to approve the request, or a portion thereof, and it may specify any conditions deemed necessary to preserve the intent of the City of Cocoa Code. If the Board finds that the facts presented do not justify approval, it may recommend to deny the request and will specify the reasons for denial. A decision is usually made at the same meeting that the hearing is held. Regardless of the outcome, the application will be forwarded to the City Council for consideration where a final decision can be made.

18. In order to approve a zoning map amendment, the Planning & Zoning Board and City Council must consider and study the criteria listed below (as described in Appendix A, Article XXII, Section 1 (G)(1) of the City of Cocoa Code). Please provide your consideration of the following criteria and any pertinent data and evidence that may be useful to the Planning & Zoning Board and City Council. Use extra sheets if necessary.

a. Whether or not the proposed change is contrary to the established land use pattern.

The proposed zoning change is not contrary to the established land use pattern. The subject site occupies a strategic location within an existing industrial corridor in the City of Cocoa and is positioned directly north of developed industrial uses. The surrounding industrial context makes the property well suited for the Manufacturing and Industrial (M-2) zoning district.

This designation will promote a cohesive development pattern that integrates seamlessly with surrounding properties, allowing for a continuation of warehouse and distribution operations, contractor offices, light and heavy manufacturing, outdoor storage, and heavy equipment rental, repair, service, and sales. In addition, the site will support stormwater management infrastructure for the broader Park Industrial development, further reinforcing its functional integration within the overall industrial project.

---

b. Whether or not the proposed change would create an isolated district unrelated to adjacent and nearby districts.

The proposed rezoning will not result in the creation of an isolated zoning district that is unrelated to or incompatible with adjacent and nearby districts. The subject property is currently undergoing annexation into the City of Cocoa, and upon annexation, the proposed Manufacturing and Industrial (M-2) zoning will align with the existing development pattern in the area.

Properties to the south are developed with industrial and manufacturing uses, and the surrounding area is transitioning to a cohesive industrial corridor through ongoing annexation and entitlement activity. The proposed rezoning supports this logical and contiguous pattern of development. Additionally, the site will accommodate stormwater management infrastructure that supports the broader Park Industrial development, further integrating the parcel functionally with the surrounding industrial uses.

c. Whether or not the proposed change would materially alter the population density pattern and thereby increase or overtax the load on public facilities such as schools, utilities, streets, access, etc.

The proposed rezoning will not materially alter population density or overburden public facilities. The development is industrial in nature and will not contribute to residential growth or population increases.

Existing utility providers have adequate capacity to serve the site, and no expansions to water, wastewater, or electric systems are anticipated. In addition, stormwater will be managed through on-site systems designed in accordance with City and SJRWMD requirements, including facilities that support the overall Park Industrial development. As such, the proposed rezoning will not create additional demand on public infrastructure.

d. Whether or not existing district boundaries are illogically drawn in relation to existing conditions on the property proposed for change.

The existing district boundaries are not illogically drawn in relation to the current conditions of the property. The boundaries accurately reflect the established development pattern and are consistent with the surrounding land uses and infrastructure. The property has been developed in a manner that aligns with the intent and purpose of the existing zoning designation. Additionally, there are no irregularities or inconsistencies between the district boundaries and the physical or functional characteristics of the site. The current delineation provides a logical transition between adjacent land uses and maintains compatibility with the broader development context of the area. Therefore, while the proposed change is intended to support the continuation or enhancement of existing industrial activity, it does not seek to correct any irregularity or error in the original zoning boundary placement.

---

e. Whether or not the proposed change would be contrary to the land use plan and would have an adverse effect on the comprehensive plan.

The proposed rezoning is consistent with the City's Comprehensive Plan and will not have any adverse effect on the Land Use Plan. The subject property is being annexed into the City, with a corresponding Future Land Use (FLU) designation of Industrial that extends the existing land use pattern in the area.

The requested zoning establishes consistency between the Future Land Use and zoning designations and implements the development pattern envisioned through the annexation. In addition, the site will support stormwater management infrastructure for the broader Park Industrial development, further aligning with the Comprehensive Plan's objectives for coordinated and efficient development.

---

f. Whether or not changed or changing conditions make the passage of the proposed amendment necessary.

Changed conditions make the passage of the proposed amendment both appropriate and necessary. In addition to this rezoning, the property is in the process of being annexed into the City. As part of that process, the property will need to be assigned a Future Land Use designation and Zoning designation that is consistent with existing development patterns already established by the City. The proposed zoning amendment is therefore a logical next step to implement the terms of the proposed annexation agreement and to ensure consistency between the land use and zoning maps.

---

g. Whether or not the proposed change will adversely influence living conditions in the neighborhood.

The proposed change will not adversely influence living conditions in the surrounding neighborhood. The adjacent City property is designed for industrial use under the City's adopted Future Land Use Map and is located within an area already characterized by similar nonresidential uses and supporting infrastructure. The proposed zoning is consistent with the established development pattern and will not introduce new or incompatible activities that could negatively affect nearby residential areas. Appropriate buffering, access management, and site design standards will be applied through the City's development review process to ensure compatibility and maintain the quality of life for adjacent properties. As such, the proposed change will complement the existing character of the area and is not anticipated to have any adverse effect on living conditions in the neighborhood.

---

h. Whether or not the proposed change will create or excessively increase traffic congestion or otherwise affect public safety.

The proposed change will not create or excessively increase traffic congestion, nor will it adversely affect public safety. The proposed zoning is consistent with the existing and planned roadway network and aligns with the proposed Future Land Use designation for the property.

---

i. Whether or not the proposed change will create a drainage problem.

The proposed change will not create a drainage problem. Any future industrial development on the site will be required to design and construct an on-site stormwater management system in accordance with the City of Cocoa's Land Development Regulations and St. Johns River Water Management District (SJRWMD) criteria, providing adequate treatment and attenuation so that post-development runoff rates do not exceed pre-development conditions. As a result, stormwater will be managed entirely on-site, and the amendment will not adversely affect off-site drainage patterns or create flooding or drainage issues for adjacent properties.

---

j. Whether or not the proposed change will seriously reduce light and air to adjacent areas.

The proposed change will not reduce light or air to adjacent areas. The property's proposed zoning and intended industrial use are consistent with the existing development pattern and surrounding land uses. Future development on the site will be required to comply with all applicable setbacks, height, and landscaping standards established by the City's Land Development Regulations, which are designed to preserve adequate separation between structures and ensure continued access to light and air for neighboring properties. Additionally, the site is not directly adjacent to any high-density residential uses, further minimizing the potential for impacts. Through compliance with these design and dimensional standards, the proposed change will maintain appropriate building spacing, protect visual openness, and ensure that natural light and air circulation to adjoining areas remain unaffected.

k. Whether or not the proposed change will adversely affect property values in the adjacent areas.

The proposed change will not adversely affect property values in the adjacent area. The requested zoning is consistent with the proposed Future Land Use designation and compatible with the surrounding pattern of industrial and nonresidential development. By aligning zoning with the City's long-term land use vision, the change promotes orderly growth, enhances predictability, and supports continued investment in the area. The proposed development standards will ensure a high-quality site design, appropriate buffering, and compatibility with adjoining properties. These factors collectively help maintain and potentially enhance surrounding property values by contributing to a cohesive, well-planned development pattern. Therefore, the proposed amendment is expected to have a neutral or positive impact on nearby property values.

---

l. Whether or not the proposed change will be a deterrent to the improvement or development of adjacent property in accord with existing regulations.

The proposed change will not be a deterrent to the improvement or development of adjacent properties in accordance with existing regulations. On the contrary, the requested zoning will complement the established development pattern and support continued investment in the surrounding area. The proposed designation is compatible with adjacent land uses and aligns with the City's adopted Future Land Use Map, ensuring regulatory consistency across property lines. By maintaining appropriate access, buffering, and design standards, the change will facilitate cohesive development and encourage nearby property owners to continue improving their sites in compliance with existing codes and regulations.

---

m. Whether or not the proposed change will constitute a grant of special privilege to an individual owner as contrasted with the public welfare.

The proposed change will not constitute a grant of special privilege to an individual owner as contrasted with the public welfare. The request will be consistent with the City's Comprehensive Plan and the Future Land Use designation to be assigned with the proposed annexation. Additionally, this request is consistent with existing surrounding development patterns. The proposed zoning ensures uniform application of the City's land development regulations and aligns with the zoning framework applied to similarly situated properties in the area. This action does not confer any unique or undue benefit to the property owner but rather brings the site into conformity with City standards and the established development pattern. The amendment serves the broader public interest by promoting orderly growth, consistency between land use and zoning, and efficient provision of public services.

---

n. Whether or not there are substantial reasons why the property cannot be used in accord with existing zoning.

There are substantial reasons why a reasonable use of the property cannot be accomplished under the existing zoning. The property is under the annexation process with the City, and as a result, currently does not have an assigned City zoning designation. Without an approved zoning classification, development of any kind cannot proceed under the City's jurisdiction. The proposed amendment is therefore necessary to establish the appropriate City zoning district consistent with the surrounding development pattern, FLU designations, and zonings. This action will provide the regulatory framework required to enable development consistent with City standards, ensuring orderly growth, coordinated infrastructure planning, and alignment with the City's Comprehensive Plan.

---

o. Whether or not the change suggested is out of scale with the needs of the neighborhood.

The proposed change is not out of scale with the needs of the neighborhood or the City. The requested zoning classification is compatible with surrounding land uses. The property is located within an area that already supports similar industrial uses, indicating that the proposed change is appropriate and responsive to the existing development context. Additionally, the amendment aligns with the City's long-term planning objectives by promoting orderly growth, providing neighborhood-serving commercial opportunities, and utilizing existing infrastructure efficiently. As such, the proposed change is appropriately scaled to meet both neighborhood and citywide needs without introducing excessive intensity or density.

---

p. Whether or not the it is impossible to find other adequate sites in the city for the proposed use in districts already permitting such use.

It is not impossible to find other adequate site in the City for the proposed use in districts already zones for such use. However, the subject property represents a logical and suitable location for the proposed development given its existing access, infrastructure, and surrounding land use context. The site is in the process of being annexed into the City and will additionally be assigned a compatible FLU designation for the exiting surrounding uses. The requested zoning simply implements a cohesive blend of the existing land use and zoning of adjacent properties within the city.

---

19. Signatures and Notarization.

STATE OF Florida COUNTY OF Orange. I, Alex Goetz being first duly sworn, depose and say that:

☐ I am the applicant, or if corporation, I am the officer of the corporation authorized to act on this request.

☑ I am the legal representative of the applicant of this application and a notarized Letter of Authorization form or agent affidavit accompanies this application giving written, unless the applicant is the Attorney representing the owner.

I hereby certify that I have read, completed and understand this application and applicable petition, and understand that if my application and all associated attachments are not complete and accurate in all respects, the application will not be scheduled for a public hearing. I further understand that this application must be complete and accurate prior to the advertising of a public hearing.

NOTICE OF PUBLIC HEARING

Alex Goetz, P.E., is petitioning the **Planning and Zoning Board** and **City Council** for the following items:

A. FILE NUMBER: PZ 26-00500001– Grissom Parkway 1.29 Ac Comprehensive Plan Amendment

REQUEST: CONSIDERATION OF THE FOLLOWING ORDINANCE: AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF COCOA, BREVARD COUNTY, FLORIDA, RELATING TO COMPREHENSIVE PLANNING; AMENDING THE FUTURE LAND USE MAP FOR ONE (1) PARCEL OF REAL PROPERTY WITHIN THE CITY OF COCOA, CONSISTING OF APPROXIMATELY 1.29 ACRES, GENERALLY LOCATED EAST OF GRISSOM PARKWAY NORTH OF OXBOW CIRCLE, AND SOUTH OF CANAVERAL GROVES BOULEVARD, BEING LEGALLY DESCRIBED ON EXHIBIT "A" ATTACHED HERETO; CHANGING THE FUTURE LAND USE MAP DESIGNATION OF THE REAL PROPERTY FROM BREVARD COUNTY "RESIDENTIAL 4" TO CITY OF COCOA "INDUSTRIAL"; PROVIDING FOR THE REPEAL OF PRIOR INCONSISTENT ORDINANCES AND RESOLUTIONS, INCORPORATION IN THE COMPREHENSIVE PLAN, SEVERABILITY, AND AN EFFECTIVE DATE AND LEGAL STATUS OF THE PLAN AMENDMENT.

B. FILE NUMBER: PZ 26-02100001 - Grissom Parkway 1.29 Ac Zoning Map Amendment

REQUEST: CONSIDERATION OF THE FOLLOWING ORDINANCE: AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF COCOA, BREVARD COUNTY, FLORIDA; AMENDING THE ZONING MAP FOR ONE (1) PARCEL OF REAL PROPERTY, TOTALING 1.29 ACRES, MORE OR LESS, GENERALLY LOCATED EAST OF GRISSOM PARKWAY NORTH OF OXBOW CIRCLE, AND SOUTH OF CANAVERAL GROVES BOULEVARD, BEING LEGALLY DESCRIBED ON EXHIBIT "A" ATTACHED HERETO; CHANGING THE ZONING MAP DESIGNATION OF THE REAL PROPERTY FROM BREVARD COUNTY "GENERAL USE" TO CITY OF COCOA "M-2 (MANUFACTURING AND LIGHT INDUSTRIAL)"; PROVIDING FOR THE REPEAL OF PRIOR INCONSISTENT ORDINANCES AND RESOLUTIONS, SEVERABILITY, AND AN EFFECTIVE DATE.

Planning and Zoning Board
PUBLIC HEARING WILL BE HELD ON

July 1, 2026

City Council First Reading
PUBLIC HEARING WILL BE HELD ON

July 14, 2026

ALL HEARINGS WILL TAKE PLACE AT 6:00 P.M. OR SOON THEREAFTER IN THE COCOA CITY HALL COUNCIL CHAMBERS LOCATED AT 65 STONE STREET, COCOA, FLORIDA 32922

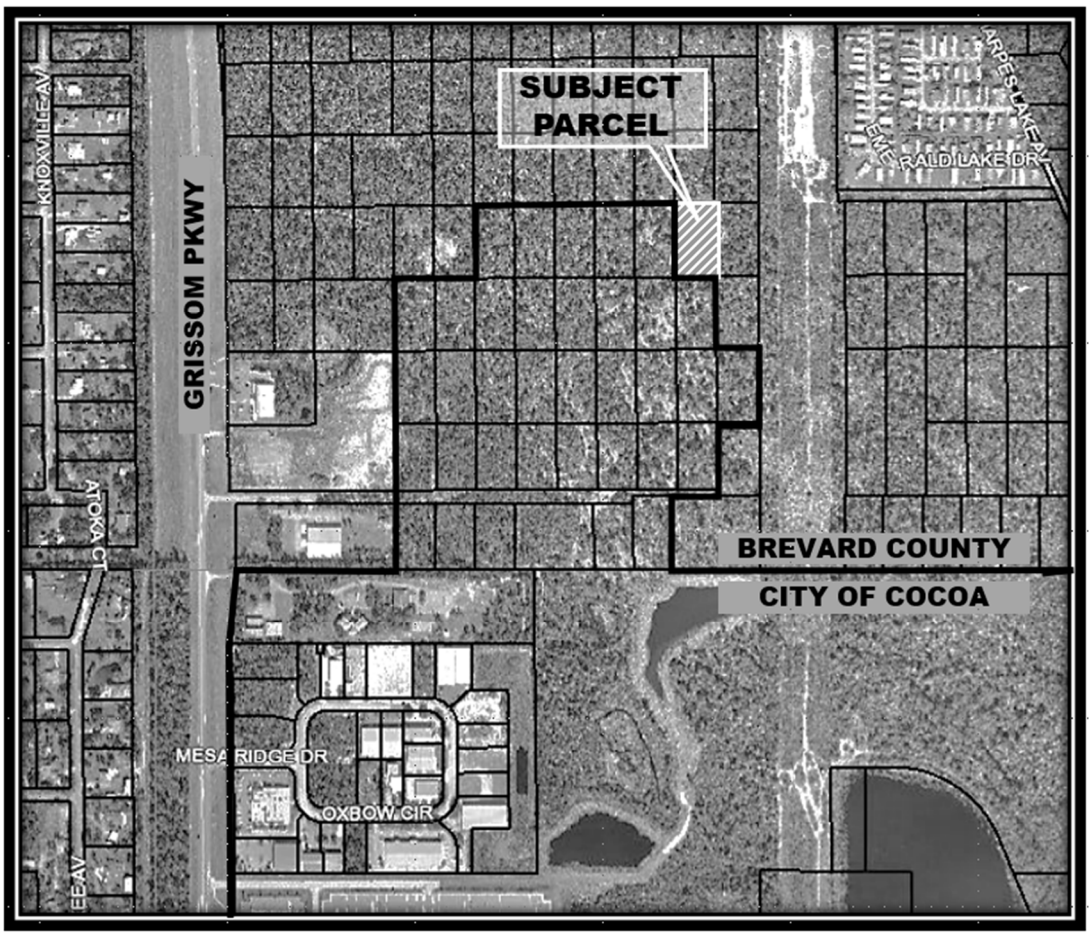

Exhibit 'A' - Location Map

The complete legal description by metes and bounds and the ordinance can be obtained from the Office of the City Clerk by contacting Monica Arsenault, City Clerk, by telephone at (321) 433-8488 or via email at marsenault@cocoafl.gov.

General Notice Information:

This is a public meeting. Interested parties are hereby advised that they may appear at said meeting and be heard. The facility wherein this public meeting will be held is accessible to the physically handicapped. In accordance with the Americans With Disabilities Act, persons needing assistance to participate in any of these proceedings should contact the City Clerk, Monica Arsenault, at least 48 hours prior to the meeting by telephone at (321) 433-8484 or via email at marsenault@cocoafl.gov.

The City hereby advises the public that if a person decides to appeal any decision made by the BOA, P&Z Board/LPA or City Council with respect to any matter considered at its meeting or hearing, that person will need

a record of the proceedings and, for such purpose, affected persons may need to assure that a verbatim record of the proceedings is made, and such record shall include the testimony and evidence upon which the appeal is to be based. This notice does not constitute consent by the City for the introduction or admission into evidence of otherwise inadmissible or irrelevant evidence, nor does it authorize challenges or appeals otherwise not allowed by law.

The BOA, PZ Board/LPA and City Council reserve the right to continue or postpone hearings to a date certain without re-advertising.

Public Participation Information:

The public may inspect the agenda items, ordinances, and supporting documents at the Community Services Department, between 8:00 a.m. and 5:00 p.m., Monday through Friday, or by phoning (321) 433-8451, or on the City's website at the following link prior to the meeting: https://www.cocoafl.gov/291/20338/City-Meetings

Interested persons may submit their written comments or questions prior to the meeting through Email at cityclerk@cocoafl.gov.

Viewing In Real Time. Interested persons may view and listen to the hearings live at the following internet address: https://www.cocoafl.gov/291/20338/City-Meetings The City is not responsible for technical difficulties that may occur while viewing or listening online.

RE: Statement of Record Title - Vacant Land (Reference Name is "Hendricks Lot")
Project No.: Grissom Parkway

Ladies and Gentlemen:

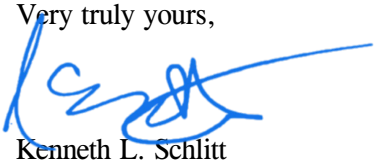
This law firm is local Florida counsel for **SDH Cocoa BP, LLC, a Delaware limited liability company** (the "Owner").

As you have requested, the following information regarding record title is provided to you for that certain parcel of real property located in Brevard County, Florida, as more particularly and legally described on Exhibit "A" attached hereto and made a part hereof (the "Property"). This information is based on Federal Title Insurance Agency, Inc.'s Property Information Report with Order Number 28400 PIR and reflects matters of record through June 29, 2026 at 11:00 p.m., a copy of which is attached hereto as Exhibit "B".

Record title to the Property is vested in the Owner, by virtue of that certain Special Warranty Deed dated June 25, 2026, and recorded on June 29, 2026, in Official Records Book 10664, Page 1135, in the Public Records of Brevard County, Florida.

The Property is subject to the following encumbrances affecting the title:

1. General or special taxes and assessments required to be paid in the year 2026 and subsequent years, which are not yet due and payable.



2. Conditions, easements and other matters as contained on the survey of Canaveral Groves Subdivision, Section 1, Township 24 South, Range 35 East, recorded in Survey Book 2, Page 58, of the Public Records of Brevard County, Florida.

NOTE: 2025 taxes were paid under Parcel ID# 24-35-01-25-12-2, the gross amount being $12.25.

NOTE: Surveyor's Affidavit recorded on June 29, 2026 in Official Records Book 10664, Page 1090.

Please contact this office should you have any questions or require anything further. Thank you.

Very truly yours,

Kenneth L. Schlitt

KLS/sr

cc: Client (*via email*)

AFFIDAVIT

STATE OF FLORIDA
COUNTY OF Osceola

BEFORE ME, the undersigned authority, duly authorized to administer oaths and take acknowledgments, personally appeared **Mitchel W. Hill,** who after being by me first duly sworn, on oath, deposes and says:

1) I am a Professional Surveyor and Mapper licensed by the State of Florida under registration number LS7374.

2) I refer to the survey prepared for Park Industrial LLC, a Florida limited liability company, dated November 25, 2025, and bearing Job No. 25-0290.001 (the "**36 Lots Survey**"), of the real property (the "**36 Lots**") described on **Exhibit "A"** attached hereto and incorporated by reference.

3) The 36 Lots Survey was prepared under my direction and control

4) The description of the 36 Lots as set forth on **Exhibit "A"** is the as-surveyed legal description of such property prepared under my direction and control as set forth on the 36 Lots Survey.

5) I have been able to locate the 36 Lots by applying the rules and standards of surveying used by Florida surveyors.

6) The real property described on **Exhibit "B"** attached hereto and incorporated herein by reference, being the existing record legal description of the 36 Lots, describes one and the same parcel of real property as is described **Exhibit "A"**.

7) I refer to the survey prepared for Park Industrial LLC, a Florida limited liability company, dated April 6, 2026, and bearing Job No. 25-0290.001 (the "**Hendricks Lot Survey**"), of the real property (the "**Hendricks Lot**") described on **Exhibit "C"** attached hereto and incorporated by reference.

8) The Hendricks Lot Survey was prepared under my direction and control

9) The description of the Hendricks as set forth on **Exhibit "C"** is the as-surveyed legal description of such property prepared under my direction and control as set forth on the Hendricks Lot Survey.

10) I have been able to locate the Hendricks Lot by applying the rules and standards of surveying used by Florida surveyors.

11) The real property described on **Exhibit "D"** attached hereto and incorporated herein by reference, being the existing record legal description of the Hendricks Lot, describes one and the same parcel of real property as is described **Exhibit "C"**.

FURTHER AFFIANT SAYETH NOT.

MITCHEL W. HILL, P.S.M.

The foregoing instrument was acknowledged before me by means of (✓) physical presence or (___) online notarization, this 25 day of June, 2026, by Mitchel W. Hill, who (✓) is personally known to me or (___) produced _____ as identification.

LIMITED LIABILITY COMPANY AGREEMENT
OF
SDH COCOA BP, LLC

This Limited Liability Company Agreement (this "***Agreement***") of **SDH COCOA BP, LLC**, a Delaware limited liability company (the "***Company***"), is entered into by the person or entity named as Member on Exhibit A hereto, as the sole member of the Company (the "***Member***"), as of June 15, 2026.

1. **Formation**. Christopher A. Setteducati, as an "authorized person" within the meaning of the Delaware Limited Liability Company Act (6 Del. C. §§ 18-101, et seq.), as amended from time to time (the "***Delaware Act***"), has executed, delivered and filed the initial Certificate of Formation of the Company (the "***Certification of Formation***") with the Secretary of State of the State of Delaware on June 15, 2026. Upon the filing of the initial Certificate of Formation with the Secretary of State of the State of Delaware his powers as an "authorized person" ceased, and the Member thereupon became the designated "authorized person" and shall continue as the designated "authorized person" within the meaning of the Delaware Act.

2. **Name**. The name of the Company is "**SDH COCOA BP, LLC**". The business of the Company shall be conducted under such name or such other names that comply with applicable law as the Member may from time to time deem necessary or desirable.

3. **Purpose and Powers**. The purpose of the Company shall be to engage in any lawful business or activity for which limited liability companies may be formed under the Delaware Act. The Company shall possess and may exercise all of the powers and privileges granted by the Delaware Act or by any other law or by this Agreement, together with any powers incidental thereto, so far as such powers and privileges are necessary or convenient to the conduct, promotion or attainment of the purpose of the Company.

4. **Registered Office and Registered Agent**. The address of the registered office of the Company in the State of Delaware is The Corporation Trust Company, 1209 Orange Street, Wilmington, New Castle County, DE 19801, and the name of the registered agent of the Company for service of process on the Company at such address is The Corporation Trust Company.

5. **Member**. Simultaneously with its execution of this Agreement, the Member is hereby admitted as the sole member of the Company and agrees to be bound by the terms of this Agreement.

6. **Capital Contribution**. The Member has made a contribution to the capital of the Company in the amount set forth opposite the Member's name on Exhibit A hereto. The Member shall have the right, but not the obligation, to make additional capital contributions to the Company as the Member in its sole discretion may determine.

7. **Allocations and Distributions**. The net profits and net losses of the Company, and other items of income, gain, loss, deduction and credit, will be allocated 100 percent to the Member for capital account and federal income tax purposes, and the Company, as a separate entity, is to be disregarded for federal income tax purposes. Subject to Sections 18-607 and 18-804 of the

Docusign Envelope ID: E7B0B85F-ADEA-8C54-81C8-7C7D0BE475F7

Delaware Act, the Company shall make such distributions to the Member as the Member determines.

8. **Management by Member**. The management and control of the Company shall be vested entirely in the Member. The Member shall have all the rights and powers that are conferred by law or are otherwise necessary, advisable or convenient to the discharge of the Member's duties and to the management of the business and affairs of the Company. No person or entity dealing with the Company shall have any obligation to inquire into the power or authority of the Member acting for such purposes on behalf of the Company.

9. **Officers**.

9.1. Designation and Term. The Member may designate one or more persons to fill one or more officer positions of the Company. Such officers may include Chief Executive Officer, Chief Financial Officer, Vice President, Treasurer, Assistant Treasurer, Secretary and Assistant Secretary. The Member may also appoint such other officers and agents as it shall deem necessary or advisable from time to time who shall have such powers and perform such duties as determined by the Member. No officer need be a resident of the State of Delaware. Each officer will hold office until his or her successor is duly designated and qualified to hold such office, or until his or her death, resignation or removal. Any number of offices may be held by the same person. Unless the Member specifies otherwise, the assignment of such title will constitute the delegation to such officer of the authority and duties that are normally associated with that office. The Member may, from time to time, delegate additional authority or duties to any officer of the Company.

9.2. Resignation, Removal and Vacancies. Any officer may resign as such at any time. Such resignation will be made in writing and will take effect at the time specified therein, or if no time be specified, at the time of its receipt by the Company. The acceptance of a resignation will not be necessary to make it effective, unless expressly so provided in the resignation. Any officer may be removed as such, either with or without cause, by the Member; provided, however, that such removal will be without prejudice to the contract rights, if any, of the officer so removed. Designation of an officer will not of itself create contract rights. Any vacancy occurring in any office of the Company may be filled by the Member.

9.3. The initial officers of the Company shall be the individuals below and such individuals shall have the office set forth opposite their respective name:

Christopher Minnetian	Chairman
Kalman Vidomlanski	Executive Vice President
Tom Del Bosco	Executive Vice President
Jason Piel	Treasurer

10. **Transfer of Interest; Admission of Additional Members**. The Member may assign its membership interest in the Company (its "***Interest***") in whole or in part at any time. Upon assignment of the Member's entire Interest to a transferee, the transferee shall automatically be deemed admitted to the Company as a substituted member of the Company, the Member shall simultaneously be deemed to have resigned from the Company as a member of the Company, and

Docusign Envelope ID: E7B0B85F-ADEA-8C54-81C8-7C7D0BE475F7

the Company shall continue without dissolution (and all applicable references herein to the "Member" shall be read as references to the transferee as the substituted member of the Company); provided, in any event, that the transferee must agree in a document or instrument to be bound by the terms of this Agreement. One or more additional members of the Company may be admitted to the Company with the consent of the Member. Upon the admission to the Company of any additional member(s), the members of the Company shall cause this Agreement to be amended and restated to reflect the admission of such additional member(s) and the initial capital contribution, if any, of such additional member(s) and the intention of the members to cause the Company to be classified as a partnership or corporation for federal income tax purposes, and to include such other provisions as the members may agree to reflect the change of status of the Company from a single member limited liability company to a limited liability company with two or more members.

11. **Resignation of Members; Events of Bankruptcy**. Except as provided in the mandatory provisions of the Delaware Act and pursuant to the second sentence of Section 10, no right is given to any member of the Company to resign from the Company. The Member shall not cease to be a member of the Company upon the happening of any of the events specified in Section 18-304 of the Delaware Act.

12. **Dissolution and Term of the Company**. The Company shall dissolve upon any act or event causing the dissolution of the Company under the Delaware Act, unless, if permitted by the Delaware Act, the Company is continued in accordance with the Delaware Act. Subject to an earlier dissolution as described in the preceding sentence, the Company shall have a perpetual existence.

13. **Limitation of Liability and Indemnification of Member**.

13.1. Except as otherwise required by the Delaware Act, the Member shall not be liable for the debts, obligations or liabilities of the Company, whether arising in contract, tort, or otherwise, solely by reason of being a member of the Company.

13.2. The Member shall not be liable to the Company or to any other member of the Company or other person or entity who may become a party to or bound by this Agreement for any breach of this Agreement or of any duties (including fiduciary duties) arising under or in connection with this Agreement or the Company other than for any act or omission that constitutes a bad faith violation of the implied contractual covenant of good faith and fair dealing.

13.3. To the fullest extent permitted by applicable law, the Company shall (i) indemnify and hold harmless any person or entity and such person's or entity's executors, administrators, heirs, legal representatives, successors and assigns (each, a "***Covered Person***") who was or is a party or was or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such person or entity is or was a member or officer of the Company or is or was serving at the request of the Company as a member, manager or director of another corporation, limited liability company, partnership, joint venture, trust or other enterprise, domestic or foreign, against all expenses, attorneys' fees, court costs, judgments, fines, amounts paid in settlement and other losses incurred or suffered by such Covered Person in connection with

Docusign Envelope ID: E7B0B85F-ADEA-8C54-81C8-7C7D0BE475F7

such action, suit or proceeding and (ii) advance expenses incurred by such Covered Person in defending or otherwise participating in such action, suit or proceeding in advance of its final disposition to the fullest extent permitted by applicable law upon receipt of an undertaking by the Covered Person to repay such amounts so advanced if it shall ultimately be determined by final judicial decision from which there is no further right to appeal that such Covered Person is not entitled to be indemnified by the Company for such expenses under this Section 13 or otherwise.

14. **Amendment**. This Agreement may be amended by the Member; provided, however, that any amendment to this Agreement must be in writing and signed by the Member.

15. **Governing Law**. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without giving effect to any choice of law principles.

16. **Severability**. The provisions of this Agreement will be deemed severable and the invalidity or unenforceability of any provision will not affect the validity or enforceability of the other provisions hereof; provided that if any provision of this Agreement, as applied to any party or to any circumstance, is judicially determined not to be enforceable in accordance with its terms, the court judicially making such determination may modify the provision in a manner consistent with its objectives such that it is enforceable, and/or to delete specific words or phrases, and in its modified form, such provision will then be enforceable and will be enforced.

17. **Counterparts**. This Agreement may be executed and delivered by PDF, facsimile, DocuSign or other electronic transmission or electronic signature process, and upon such delivery, the same shall be deemed to be effective for all purposes as an original executed counterpart hereof.

ORDINANCE 09-2026

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF COCOA, BREVARD COUNTY, FLORIDA; AMENDING THE ZONING MAP FOR ONE (1) PARCEL OF REAL PROPERTY, TOTALING 1.29 ACRES, MORE OR LESS, GENERALLY LOCATED EAST OF GRISSOM PARKWAY NORTH OF OXBOW CIRCLE, AND SOUTH OF CANAVERAL GROVES BOULEVARD, BEING LEGALLY DESCRIBED ON EXHIBIT "A" ATTACHED HERETO; CHANGING THE ZONING MAP DESIGNATION OF THE REAL PROPERTY FROM BREVARD COUNTY "GENERAL USE" TO CITY OF COCOA "M-2 (MANUFACTURING AND INDUSTRIAL)"; PROVIDING FOR THE REPEAL OF PRIOR INCONSISTENT ORDINANCES AND RESOLUTIONS, SEVERABILITY, AND AN EFFECTIVE DATE.

WHEREAS, the City is granted the authority, under § 2(b), Art. VIII of the State Constitution, to exercise any power for municipal purposes except when expressly prohibited by law; and

WHEREAS, on _____, 2026, the City Council adopted Ordinance Number 07-2026, which annexed the subject property into the City of Cocoa; and

WHEREAS, the Planning and Zoning Board (Local Planning Agency) and City Staff of the City of Cocoa recommended approval of this Ordinance at their June 03, 2026, meeting; and

WHEREAS, the City Council of the City of Cocoa held two duly noticed public hearings on the proposed amendment set forth hereunder and considered findings and advice of staff, citizens, and all interested parties submitting written and oral comments and supporting data and analysis, and after complete deliberation, hereby approves and adopts the zoning map amendment set forth hereunder; and

WHEREAS, the City Council hereby finds that this Ordinance serves a legitimate government purpose and is in the best interests of the public health, safety, and welfare of the citizens of the City of Cocoa, Florida.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF COCOA HEREBY ORDAINS, AS FOLLOWS:

Section 1. Recitals. The foregoing recitals are true and correct and are fully incorporated herein by this reference.

Section 2. Purpose and Intent. It is hereby declared to be the purpose and intent of this Ordinance to adopt a zoning map amendment incorporating the revisions stated herein into

the official Zoning Map of the City of Cocoa.

Section 3. Zoning Map Amendment. The official Zoning Map of the City of Cocoa is hereby amended to include a change of classification for the property legally described and depicted on **Exhibit "A"** from Brevard County "General Use" to City of Cocoa "M-2 (Manufacturing and Industrial)." **Exhibit "A"** is attached hereto and fully incorporated herein by this reference.

Section 4. Staff Instructions. City Staff is hereby directed to promptly amend the City's Official Zoning Map upon the effective date of this Ordinance. In addition, upon adoption and full execution of this Ordinance by the City Council, the City Clerk is hereby directed to record this Ordinance in the Official Records of Brevard County, Florida. This Ordinance shall run with the land.

Section 5. Repeal of Prior Inconsistent Ordinances and Resolutions. All prior inconsistent ordinances and resolutions adopted by the City Council, or parts of prior ordinances and resolutions in conflict herewith, are hereby repealed to the extent of the conflict.

Section 6. Severability. If any section, subsection, sentence, clause, phrase, word or provision of this Ordinance is for any reason held invalid or unconstitutional by any court of competent jurisdiction, whether for substantive, procedural, or any other reason, such portion shall be deemed a separate, distinct and independent provision, and such holding shall not affect the validity of the remaining portions of this Ordinance.

Section 7. Effective Date. This Ordinance shall become effective immediately upon the effective date of Ordinance No. 08-2026, as adopted by the City Council of the City of Cocoa, Florida, and pursuant to the City Charter. If Ordinance No. 08-2026 does not become effective, then this Ordinance shall become null and void.

ADOPTED by the City Council of the City of Cocoa, Florida, in a regular meeting assembled on the _____ day of _____, 2026.

Legal Description:

CANAVERAL GROVES S/D PER SB 2 PG 58, LOT 2 BLOCK 12 & 1/2 OF ADJ. ROAD PER ORB 1646 PG 130, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCE AT A 4"X4" CONCRETE MONUMENT (NO IDENTIFICATION) MARKING THE SOUTHEAST CORNER OF SOUTHWEST 1/4 OF SAID SECTION 1; THENCE, ALONG THE EAST LINE OF SAID SECTION 1, NORTH 0°22'47" WEST, 1266.07 FEET; THENCE, DEPARTING SAID EAST LINE OF SECTION 1, NORTH 89°55'46" WEST, 181.96 FEET, TO THE POINT OF BEGINNING; THENCE, SOUTH 00°43'30" EAST, 309.29 FEET TO A 5/8" IRON ROD AND CAP "KPMF LB 6605"; THENCE, NORTH 89°55'46" WEST, 181.96 FEET TO A 5/8" IRON ROD AND CAP "KPMF LB 6605"; THENCE, NORTH 00°43'30"WEST, 309.29 FEET TO A 5/8" IRON ROD AND CAP "KPMF LB 6605"; THENCE SOUTH 89°55'46" EAST, 181.96 FEET TO THE POINT OF BEGINNING.

Depiction:

MAP OF BOUNDARY SURVEY

A PARCEL OF LAND LYING WITHIN SECTION 1, TOWNSHIP 24 SOUTH, RANGE 35 EAST,
BREVARD COUNTY, FLORIDA

SURVEYOR'S REPORT:

1. FIELD BEARINGS AND DISTANCES ARE BASED ON STATE PLANE GRID. THE BEARING BASE IS ALONG THE MONUMENTED WEST LINE OF SUBJECT PROPERTY. (BEARING BASE: S04°43'30"E)

3. THIS IS A BOUNDARY SURVEY AS DEFINED IN CHAPTER 5J-17.050(11) OF THE FLORIDA ADMINISTRATIVE CODE (FAC). MORE SPECIFICALLY, THE PURPOSE OF THIS SURVEY, WAS TO CONVEY THE LIMITS OF A BOUNDARY SURVEY.

4. THE ACCURACY STANDARD USED FOR HORIZONTAL CONTROL FOR THIS SURVEY EXCEEDS A MINIMUM RELATIVE DISTANCE OF 1 FOOT IN 10,000 FEET. ("STANDARDS OF PRACTICE (5J-17.051 FAC)" PURSUANT TO SECTION 472.027, FLORIDA STATUTES).

5. THE HORIZONTAL CONTROL NETWORK WAS COMPLETED UTILIZING A TOPCON HIPER VR GNSS RECEIVER. THE CONTROL FOR THIS SURVEY IS BASED ON REDUNDANT RTK (REAL TIME KINEMATICS) OBSERVATIONS BASED ON FPRN (FLORIDA PERMANENT REFERENCE NETWORK).

6. THE HORIZONTAL CONTROL NETWORK WAS COMPLETED UTILIZING A TOPCON HIPER VR GNSS RECEIVER. THE CONTROL FOR THIS SURVEY IS BASED ON REDUNDANT RTK (REAL TIME KINEMATICS) OBSERVATIONS BASED ON FPRN (FLORIDA PERMANENT REFERENCE NETWORK).
   - 6.1. THE REDUNDANT RTK (REAL TIME KINEMATICS) OBSERVATIONS WERE PERFORMED TO ESTABLISH THE PRIMARY NETWORK CONTROL. THE OBSERVATIONS WERE PERFORMED ON NOVEMBER , 2025.
   - 6.2. A FIELD TRAVERSE WAS USED TO ESTABLISH INTERMITTENT CONTROL BETWEEN THE GPS POINTS.
   - 6.3. HORIZONTAL DATA IS BASED ON FLORIDA STATE PLANE COORDINATE EAST (901) NAD (NORTH AMERICAN DATUM) 1983/2011ADJ.
   - 6.4. HORIZONTAL CONTROL IS BASED ON FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION CERTIFIED CORNER RECORD POINT , PID=69522, (PUBLISHED COORDINATES: NORTHING=1,489585.03', EASTING=724,327.49'), FLORIDA STATE PLANE COORDINATE EAST (901) NAD (NORTH AMERICAN DATUM) 1983/2011ADJ (U.S. SURVEY FOOT).

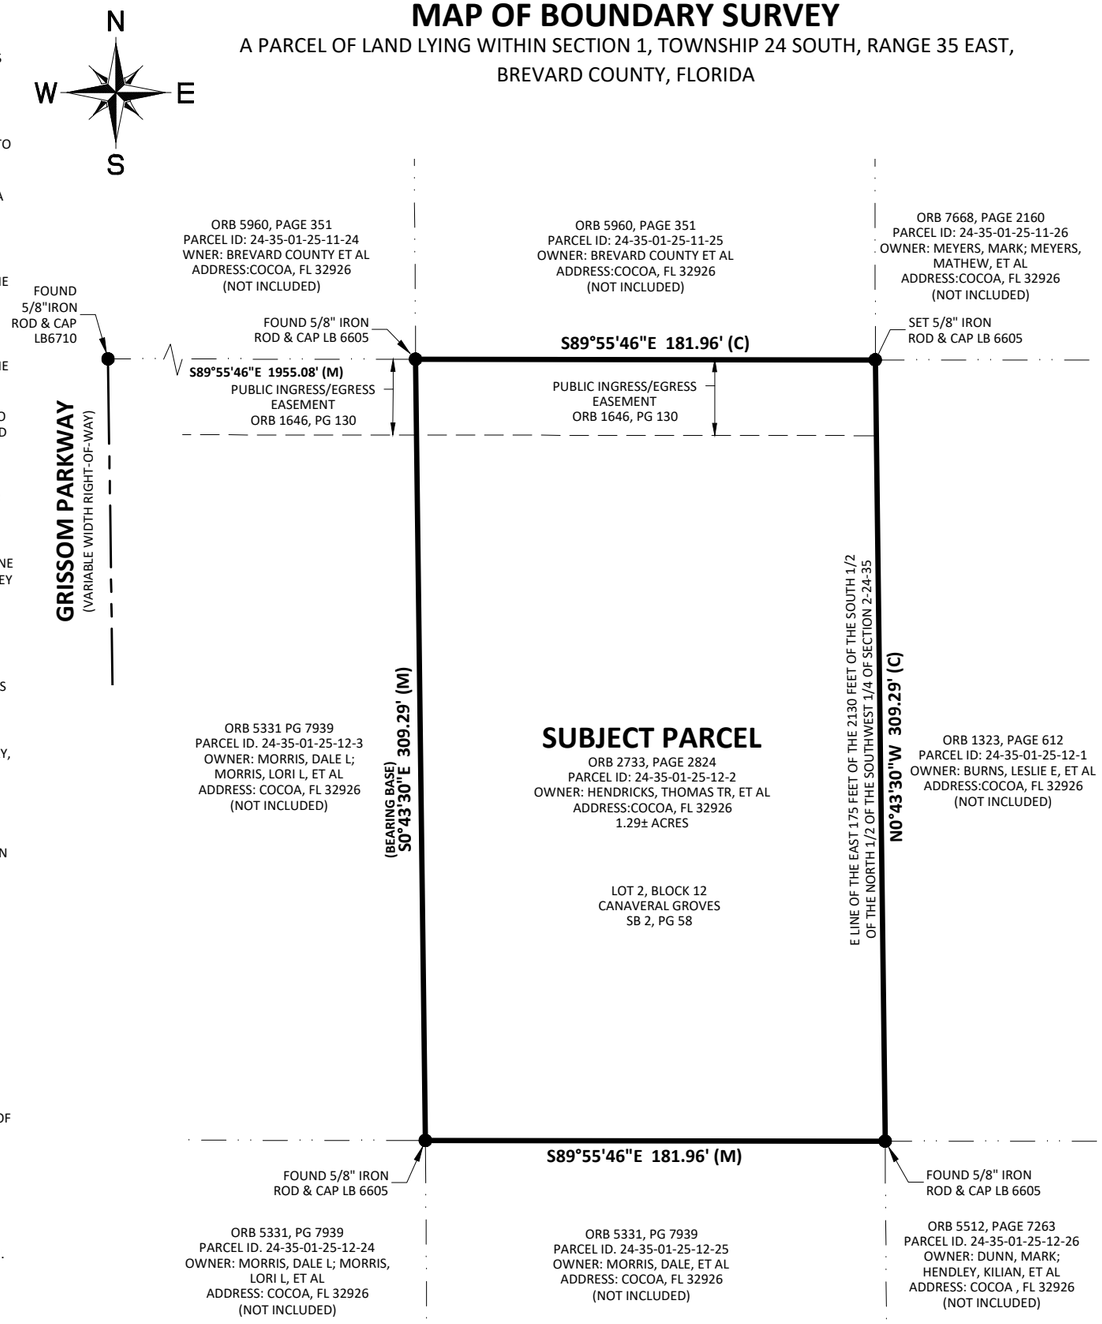
7. DISTANCES THAT WERE MEASURED WITH E.D.M. EQUIPMENT HAVE BEEN ADJUSTED FOR TEMPERATURE.

8. PROPERTY LINES SHOWN HEREON WERE COMPUTED FROM THE EXISTING PUBLIC RECORDS OF BREVARD COUNTY, FLORIDA AND ARE BASED ON FOUND MONUMENTATION. MONUMENT SYMBOLS ARE NOT TO SCALE.

9. NO INSTRUMENTS OF RECORD REFLECTING EASEMENTS, ENCUMBRANCES, RIGHTS-OF-WAY, AND/OR OWNERSHIP WERE FURNISHED TO THIS SURVEYOR, EXCEPT AS NOTED. LANDS SHOWN HEREON WERE NOT ABSTRACTED BY THIS SURVEYOR FOR RIGHTS-OF-WAY, EASEMENTS, OWNERSHIP, ENCUMBRANCES OR OTHER DEEDS OF RECORD.

10. SURVEYOR'S LIABILITY FOR THE DOCUMENT SHALL BE LIMITED TO THE ORIGINAL PURCHASER AND DOES NOT EXTEND TO ANY UNNAMED PERSON OR ENTITIES WITHOUT AN EXPRESSED RE-CERTIFICATION BY WHOSE SIGNATURE APPEARS UPON THE SURVEY.

11. NO UNDERGROUND UTILITIES, FOUNDATIONS OR IMPROVEMENTS, IF ANY, HAVE BEEN LOCATED EXCEPT AS SHOWN. NO S.U.E. (SUBSURFACE UTILITY EXPLORATION) OR G.P.R. (GROUND PENETRATING RADAR) WERE UTILIZED DURING THIS SURVEY.



13. THIS PROPERTY LIES WITHIN ZONES X AND A OF THE CURRENT FEMA FLOOD RATE MAPS AND IS REFLECTED ON THE SURVEY. THE MAP IDENTIFICATION IS MAP NUMBER 12009C320H WITH AN EFFECTIVE DATE OF JANUARY 29, 2021. IT REMAINS THE CLIENT'S RESPONSIBILITY TO CONFIRM FLOOD INSURANCE DATA FOR THE LANDS SHOWN HEREON WITH THEIR RESPECTIVE FEDERAL, STATE, AND/OR LOCAL EMERGENCY MANAGEMENT OFFICIALS.

14. PRIOR TO ANY CONSTRUCTION, EXCAVATION OR ANY DISTURBANCE OF THE EXISTING GROUND ELEVATION, THE OWNER AND / OR CONTRACTOR SHOULD ASSUME RESPONSIBILITY OF CONTACTING THE LOCAL UTILITY AUTHORITIES FOR EXACT LOCATION OF UNDERGROUND GAS LINES, TELEPHONE LINES, ELECTRIC CABLES, WATER LINES, ETC. TO AVOID ANY HAZARD OR CONFLICT.

15. ALL TYPES, SIZES, LOCATIONS, GRADES, ETC., OF ALL FEATURES, SHOULD BE VERIFIED BY CONTRACTOR PRIOR TO CONSTRUCTION.

16. THIS SURVEY DOES NOT INCLUDE THE LOCATION OF ANY POSSIBLE WETLAND, JURISDICTIONAL BOUNDARIES, OR HABITATS FOR PROTECTED SPECIES, EXCEPT AS SHOWN.

17. ADDITIONS OR DELETIONS TO SURVEY MAPS OR REPORTS BY OTHER THAN THE SIGNING PARTY OR PARTIES IS PROHIBITED WITHOUT EXPRESSED WRITTEN CONSENT OF THE SIGNING PARTY OR PARTIES.

Planning and Zoning Board
PUBLIC HEARING WILL BE HELD ON

July 1, 2026
City Council First Reading
PUBLIC HEARING WILL BE HELD ON

July 14, 2026

**ALL HEARINGS WILL TAKE PLACE AT 6:00 P.M. OR SOON THEREAFTER
IN THE COCOA CITY HALL COUNCIL CHAMBERS LOCATED AT
65 STONE STREET, COCOA, FLORIDA 32922**

General Notice Information:

This is a public meeting. Interested parties are hereby advised that they may appear at said meeting and be heard. The facility wherein this public meeting will be held is accessible to the physically handicapped.In accordance with the Americans With Disabilities Act, persons needing assistance to participate in anyof these proceedings should contact the City Clerk of the City of Cocoa, listed below, at least 48 hours prior to the meeting: Monica Arsenault, City Clerk, 65 Stone Street, Cocoa, by telephone at (321) 433-8488 or via email at marsenault@cocoafl.gov.

Pursuant to Section 286.0105, Florida Statutes, the City hereby advises the public that if a person decides to appeal any decision made by the BOA, P&Z Board/LPA or City Council with respect to any matter considered at its meeting or hearing, that person will need a record of the proceedings and for such purpose, affected persons may need to assure that a verbatim record of the proceedings is made, and such record shall include the testimony and evidence upon which the appeal is to be based. This notice does not constitute consent by the City for the introduction or admission into evidence of otherwise inadmissible or irrelevant evidence, nor does it authorize challenges or appeals otherwise not allowed by law.

The BOA or PZ Board/LPA meeting may include the attendance of one (1) or more members of the Cocoa City Council who may or may not participate in the Board discussions held at this public hearing. The BOA, PZ Board/LPA and City Council reserve the right to continue or postpone hearings to a date certain without re-advertising.

Public Participation Information:

Members of the public may view the meeting agenda, ordinances, project applications, supporting documents, and staff reports on the City's website at the following link prior to attending or commenting:

- City of Cocoa meeting calendar at https://www.cocoafl.gov/291/20338/City-Meetings

Documents pertaining to the above may also be inspected at the Community Services Department between 8:00 a.m. and 5:00 p.m., Monday through Friday, or by phoning (321) 433-8400.

Interested persons may submit their written comments or questions prior to the meeting through Email at cityclerk@cocoafl.gov or via E-comments through the online agenda at the link above. Any electronic comments submitted will be made part of the meeting record.

Viewing In Real Time. Interested persons are encouraged to view and listen to the hearings live by accessing the meetings at the following internet address:

- City of Cocoa meeting calendar at https://www.cocoafl.gov/291/20338/City-Meetings

However, the City is not responsible for technical difficulties that may occur while attempting to view or listen to the meeting on the internet.

CITY OF COCOA
NOTICE OF PUBLIC HEARING
NOTICE IS HEREBY GIVEN THAT THE PLANNING & ZONING BOARD/LOCAL PLANNING AGENCY
AND CITY OF COCOA COUNCIL PROPOSE TO CONSIDER THE FOLLOWING:

A. PZ 25-02800005 603 Brevard Ave Concept Plan and Development Agreement

Consider a conceptual plan and Development Agreement for the 603 Brevard Avenue Hotel, affecting approximately .87 acres of property owned by the Cocoa Redevelopment Agency. The agreement calls for the development of an approximately seven (7) story, 68,310 square foot, 104-room hotel with associated amenities and parking and establishes building elevations, floor plan, and related development regulation waivers for the future hotel. Generally located on Brevard Avenue and John Garren Lane, south of Factory Street, and is identified by Parcel IDs: 24-36-33-75-*-2 and 24-36-33-75-*-3.

B. PZ 25-00500006 Ord No. 05-2026 3600 Grissom Parkway Small-Scale Comprehensive Plan Amendment

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF COCOA, BREVARD COUNTY, FLORIDA, RELATING TO COMPREHENSIVE PLANNING; AMENDING THE FUTURE LAND USE MAP FOR ONE PARCEL OF REAL PROPERTY WITHIN THE CITY OF COCOA, CONSISTING OF APPROXIMATELY FORTY (40) ACRES, GENERALLY LOCATED WEST OF GRISSOM PARKWAY, SOUTH OF ANGELICA STREET, AND NORTH OF STATE ROAD 528, BEING LEGALLY DESCRIBED ON EXHIBIT "A" ATTACHED HERETO; CHANGING THE FUTURE LAND USE MAP DESIGNATION OF THE REAL PROPERTY FROM "VERY LOW DENSITY RESIDENTIAL" TO "INDUSTRIAL"; PROVIDING FOR THE REPEAL OF PRIOR INCONSISTENT ORDINANCES AND RESOLUTIONS, INCORPORATION IN THE COMPREHENSIVE PLAN, SEVERABILITY, AND AN EFFECTIVE DATE AND LEGAL STATUS OF THE PLAN AMENDMENT. Parcel ID: 24-35-11-00-750.

C. PZ 25-00200020 Sky Powersports Large-Scale Site Plan

Consider a large-scale site plan for Sky Powersports, consisting of a powersports vehicle display, sales, and maintenance facility, consisting of approximately 52,550 square feet. Generally located on State Road 524, west of Interstate-95 in Cocoa, Florida, and is identified by Parcel ID: 24-35-27-00-16 and 24-35-27-00-11.

Planning and Zoning Board PUBLIC HEARING WILL BE HELD ON

May 6, 2026

City of Cocoa Council PUBLIC HEARING FOR ITEMS A. and B. WILL BE HELD ON

May 12, 2026

ALL HEARINGS WILL TAKE PLACE AT 6:00 P.M. OR SOON THEREAFTER IN THE COCOA CITY HALL COUNCIL CHAMBERS LOCATED AT 65 STONE STREET, COCOA, FLORIDA 32922

General Notice Information:

This is a public meeting. Interested parties are hereby advised that they may appear at said meeting and be heard. The facility wherein this public meeting will be held is accessible to the physically handicapped. In accordance with the Americans With Disabilities Act, persons needing assistance to participate in any of these proceedings should contact the City Clerk of the City of Cocoa, listed below, at least 48 hours prior to the meeting: Monica Arsenault, City Clerk, 65 Stone Street, Cocoa, by telephone at (321) 433-8488 or via email at marsenault@cocoafl.gov.

Pursuant to Section 286.0105, Florida Statutes, the City hereby advises the public that if a person decides to appeal any decision made by the BOA, P&Z Board/LPA or City Council with respect to any matter considered at its meeting or hearing, that person will need a record of the proceedings and for such purpose, affected persons may need to assure that a verbatim record of the proceedings is made,

testimony and evidence upon which the appeal is to be based. This notice does not constitute consent by the City for the introduction or admission into evidence of otherwise inadmissible or irrelevant evidence, nor does it authorize challenges or appeals otherwise not allowed by law.

The BOA or PZ Board/LPA meeting may include the attendance of one (1) or more members of the Cocoa City Council who may or may not participate in the Board discussions held at this public hearing. The BOA, PZ Board/LPA and City Council reserve the right to continue or postpone hearings to a date certain without re-advertising.

Public Participation Information:

Members of the public may view the meeting agenda, ordinances, project applications, supporting documents, and staff reports on the City's website at the following link prior to attending or commenting:
• City of Cocoa meeting calendar at https://www.cocoafl.gov/291/20338/City-Meetings
Documents pertaining to the above may also be inspected at the Community Services Department between 8:00 a.m. and 5:00 p.m., Monday through Friday, or by phoning (321) 433-8400.
Interested persons may submit their written comments or questions prior to the meeting through Email at cityclerk@cocoafl.gov or via E-comments through the online agenda at the link above. Any electronic comments submitted will be made part of the meeting record.
Viewing In Real Time. Interested persons are encouraged to view and listen to the hearings live by accessing the meetings at the following internet address:
• City of Cocoa meeting calendar at https://www.cocoafl.gov/291/20338/City-Meetings
However, the City is not responsible for technical difficulties that may occur while attempting to view or listen to the meeting on the internet.

CITY COUNCIL AGENDA ITEM

Memo Date:	July 7, 2026
Agenda Date:	July 14, 2026
File ID:	2026-580
Prepared By:	Charlene Neuterman, Community Services Director
Through:	Stockton Whitten, City Manager
Requested Action:	Approve a Resolution adopting the Amended State Fiscal Year (SFY) 2025-2028 State Housing Initiatives Partnership (SHIP) Program Local Housing Assistance Plan (LHAP) and approve submission of the Final SHIP LHAP with amendments in accordance with SB 594 that was signed into law on July 1, 2026, to the Florida Housing Finance Corporation for approval. Authorize the Mayor to sign all supporting documents.

BACKGROUND:

The State of Florida requires jurisdictions receiving State Housing Initiatives Partnership (SHIP) funds to submit a three (3) year Local Housing Assistance Plan (LHAP) for the implementation of local housing assistance and incentive strategies that create or preserve affordable housing. The LHAP is required to be submitted to the Florida Housing Finance Corporation (FHFC) for review and State approval and adopted by City Council.

On June 26, 2026, Governor DeSantis signed SB 594 into law (effective July 1, 2026). This new law becomes part of the SHIP program moving forward. This imposes new requirements for the SHIP program beginning with fiscal year 2026-2027. The changes are related to mobile homes and parks and requires every LHAP to include a strategy to address manufactured housing (mobile homes).

The new strategy must include:

1. Relocation assistance for owners/tenants who have been evicted due to a closure of a mobile home park
2. Lot rent assistance to owners of manufactured housing/mobile homes not to exceed six months
3. Rehabilitation/emergency repairs
4. Repeals the SHIP 20% requirement for manufactured housing

The City is not mandated to expend funds on these strategies, but they have to be included in the LHAP effective for fiscal year 2026-2027 and beyond. Based on the limited funds the City receives from SHIP, the priority is still assisting homeowners with rehabilitating their homes.

The estimated funding for SFY2026-2027 will be approximately $149,712, an increase of approximately $2,500 annually and allocated in July of each State Fiscal Year.

The strategies established in this SHIP LHAP include the following:

1. Manufactured Housing (Mobile Homes) with a $0 dollar award (new for 2026/2027)

2. Owner Occupied Rehabilitation with a maximum award of $74,999
3. Demolition/Reconstruction with a maximum award of $250,000
4. Disaster Assistance with a maximum award of $15,000
5. Emergency Repairs with a maximum award of $20,000
6. Foreclosure Prevention with a maximum award of $5,000

Approve a Resolution adopting the Amended State Fiscal Year (SFY) 2025-2028 State Housing Initiatives Partnership (SHIP) Program Local Housing Assistance Plan (LHAP) and approve submission of the Final SHIP LHAP with amendments in accordance with SB 594 that was signed into law on July 1, 2026, to the Florida Housing Finance Corporation for approval. Authorize the Mayor to sign all supporting documents.

PRIORITY AREA CONNECTION:
Community Outreach and Engagement

BUDGETARY IMPACT:
Budgeted? N/A

PREVIOUS ACTION:
Resolution 2025-030 was approved at the May 17, 2025 City Council meeting.

RECOMMENDED MOTION:

Approve a Resolution adopting the Amended State Fiscal Year (SFY) 2025-2028 State Housing Initiatives Partnership (SHIP) Program Local Housing Assistance Plan (LHAP) and approve submission of the Final SHIP LHAP with amendments in accordance with SB 594 that was signed into law on July 1, 2026, to the Florida Housing Finance Corporation for approval. Authorize the Mayor to sign all supporting documents.

The Florida Senate

SB 594 — Local Housing Assistance Plans

by Senators Burton and Arrington

This summary is provided for information only and does not represent the opinion of any Senator, Senate Officer, or Senate Office.

Prepared by: Community Affairs Committee (CA)

The bill requires each county and municipality local housing assistance plan under the State Housing Initiatives Partnership (SHIP) Program to include a strategy for providing program funds to mobile home owners, including assistance with lot rental payments. The bill specifies that lot rental assistance is an approved home ownership activity for which local governments may award SHIP funds, but such assistance may not exceed the equivalent of six months' rent. The bill also authorizes funds reserved for the construction, rehabilitation, or emergency repair of eligible housing to be used for the rehabilitation or emergency repairs of mobile homes.

Finally, the bill removes the current law restriction that limits the use of SHIP funds for manufactured housing to 20 percent of the total funds made available in each county and municipality.

If approved by the Governor, or allowed to become law without the Governor's signature, these provisions take effect on July 1, 2026.

Vote: Senate 39-0; House 110-0

I. Program Details:

A. LG(s)

Name of Local Government	City of Cocoa
Does this LHAP contain an interlocal agreement?	No
If yes, name of other local government(s)	N/A

B. Purpose of the program:

- To meet the housing needs of the very low, low and moderate-income households;
- To expand production of and preserve affordable housing; and
- To further the housing element of the local government comprehensive plan specific to affordable housing.

C. Fiscal years covered by the Plan: 2025-2026, 2026-2027, 2027-2028

D. Governance: The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. Local Housing Partnership: The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community-based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local continuums of care.

F. Leveraging: The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

G. Public Input: Public input was solicited through face to face meetings with housing providers, social service providers and local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

H. Advertising and Outreach: SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

I. Waiting List/Priorities: A waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status. Applicants will be maintained in an order that is consistent with the time completed applications were submitted as well as any established funding priorities as described in this plan.

The following priorities for funding (very low income, Special Needs, etc.) described/listed here apply to all strategies unless otherwise stated in an individual strategy in Section II:

All applications are accepted on a first qualified/first served basis. Ranking Priority: 1. Special Needs Households a. Very low b. Low c. Moderate 2. After Special Needs set-asides are met a. Very low b. Low c. Moderate Exceptions will only be taken if necessary to meet a statutory requirement close to the expenditure deadline.

J. Discrimination: In accordance with the provisions of ss.760.20-760.37, it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing.

K. Support Services and Counseling: Support services are available from various sources. Available support services may include, but are not limited to: Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling, Foreclosure Counseling and Transportation.

L. Purchase Price Limits: The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the average area purchase price established by the U.S. Treasury Department or as described above.

The methodology used is:

U.S. Treasury Department	x
Local HFA Numbers	

M. Income Limits, Rent Limits and Affordability: The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

"Affordable" means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household's ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case

of rental housing does not exceed those rental limits adjusted for bedroom size.

N. Welfare Transition Program: Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.

O. Monitoring and First Right of Refusal: In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of $10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

P. Administrative Budget: A line-item budget is attached as Exhibit A. The city/county finds that the moneys deposited in the local housing assistance trust fund are necessary to administer and implement the local housing assistance plan.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: *"A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan."*

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: "*The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to $350,000 may use up to 10 percent of program income for administrative costs." The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.*

Q. Program Administration: Administration of the local housing assistance plan will be performed by:

Entity	Duties	Admin. Fee Percentage
Local Government	Administer the program activities	10%
Third Party Entity/Sub-recipient		

R. First-time Homebuyer Definition: For any strategies designed for first-time homebuyers, the following definition will apply: *An individual who has had no ownership in a principal residence during the 3-year period*

ending on the date of purchase of the property. This includes a spouse (if either meets the above test, they are considered first-time homebuyers). A single parent who has only owned a home with a former spouse while married. An individual who is a displaced homemaker and has only owned with a spouse. An individual who has

only owned a principal residence not permanently affixed to a permanent foundation in accordance with applicable regulations. An individual who has only owned a property that was not in compliance with state, local or model building codes and which cannot be brought into compliance for less than the cost of constructing a permanent structure.

S. Project Delivery Costs: N/A

T. Essential Service Personnel Definition (ESP): ESP includes teachers and educators, other school district, community college, and university employees, police and fire personnel, health care personnel, and skilled building trades personnel.

U. Describe efforts to incorporate Green Building and Energy Saving products and processes: Green initiatives will be utilized in repairs funded through SHIP to include low E windows and energy efficient appliances, water heater, and HVAC.

V. **Describe efforts to meet the 20% Special Needs set-aside: :** Applicants with households qualifying as Special Needs as defined by Section 420.0004(13) will be given priority. If Special Needs designation cannot be made at the time the application is received, and if the Special Needs set-aside has not yet been reached, area social service agencies serving the designated special needs populations are valuable stakeholders to assist in achieving the goal of the special needs set-asides. Special needs set-asides will be achieved through all strategies included herein.

Describe efforts to reduce homelessness: The City of Cocoa promotes collaboration and partnership among local social service organizations, community-based and faith-based organizations as a primary way to address local needs and issues more effectively. Local homeless agencies are encouraged to refer persons living in transitional housing to apply for assistance under the City-funded homebuyer assistance programs and rental housing programs. The City of Cocoa is a member of the Brevard Homeless Coalition (BHC), the lead agency of the Brevard County Continuum of Care (BHC), a 501(c)(3) with an independent board of directors that represents a cross section of advocate supporters.

Section II. LHAP Strategies:

A. Manufactured Housing (Mobile Homes)	Code 3, 28, 29

a. Summary: The manufactured housing strategy may provide funds for:
1. Relocation assistance for owners/tenants who have been evicted due to closure of a mobile home park in accordance with 723.003, F.S. (code 28)
2. Lot rent assistance to owners of manufactured housing/mobile homes not to exceed six months (code 29)
3. Rehabilitation/emergency repairs (code 3)

b. Fiscal Years Covered: 2026-2027, 2027-2028

c. Income Categories to be served: Very low, low and moderate

d. Maximum award: $10,000 (relocation assistance)
$5,000 (lot rental assistance)
$15,000 (rehab/emergency repairs)

e. Terms:
1. Repayment loan/deferred loan/grant: For relocation assistance and lot rent assistance, the funds are awarded as a grant. For rehab/emergency repairs the loan is secured by a note and mortgage/lien.
2. Interest Rate: 0%
3. Years in loan term: N/A for relocation assistance and lot assistance, 10 years for rehab/emergency repairs
4. Forgiveness: N/A for relocation assistance and lot assistance, forgiven at the end of the term for rehab/emergency repairs.
5. Repayment: N/A for relocation assistance and lot assistance. None required for rehab/emergency repairs as long as loan is in good standing.
6. Default: N/A for relocation assistance and lot assistance. For rehab/emergency repairs, the loan will be determined to be in default if any of the following occurs during the Loan term: sale, transfer, or conveyance of property; conversion to a rental property; loss of homestead exemption status; or failure to occupy the home as primary residence. If any of these occur, the outstanding balance will be due and payable.

   In cases where the qualifying homeowner(s) die(s) during the loan term, the loan may be assumed by a SHIP eligible heir who will occupy the home as a primary residence. If the legal heir is not SHIP eligible or chooses not to occupy the home, the outstanding balance of the loan will be due and payable.

   If the home is foreclosed on by a superior mortgage holder, the county will make an effort to recapture funds through the legal process if it is determined that adequate funds may be available to justify pursuing a repayment.

f. Recipient/Tenant Selection Criteria: Applicants will be assisted on a first-qualified, first-served basis with priorities detailed in Section I.I being met first.

g. Sponsor Selection Criteria: N/A

h. Additional Information: Manufactured housing constructed after June 1994 is eligible.

B. Owner Occupied Rehabilitation	Code 3

a. Summary: funds will be awarded to repair owner-occupied homes to alleviate code violations, health hazards, and life safety issues.

b. Fiscal Years Covered: 2025-2026, 2026-2027, 2027-2028

c. Income Categories to be served: Very low, low and moderate

d. Maximum award: $74,999

e. Terms:

1. Repayment loan/deferred loan/grant: Repayment loan/deferred loan/grant: Award as deferred payment loan secure by a note and mortgage.
2. Interest Rate: 0%
3. Years in Loan Term
   a. Less than $25,000 – 5 years
   b. $25,001-$49,999 – 10 years
   c. $50,000-$74,999 – 20 years
4. Forgiveness
   a. Less than $25,000 – 20% per year
   b. $25,001 - $49,999 – 10% per year
   c. $50,000-$74,999 – 5% per year
5. Repayment: None required if loan is in good standing
6. Default: The loan will be determined to be in default if any of the following occurs during the loan term: sale, transfer, conveyance of property, conversion to a rental property, loss of homestead exemption status, failure to occupy the home as a primary residence. If any of these occur, the outstanding balance will be due and payable to the City.

   In cases where the qualifying homeowner(s) die(s) during the loan term, the loan may be assumed by a SHIP eligible heir who will occupy the home as a primary residence. If the legal heir is not SHIP eligible or chooses not to occupy the home, the outstanding balance of the loan will be due and payable.

   If the home is foreclosed on by a superior mortgage holder, the City will try to recapture funds through the legal process, if it is determined that adequate funds may be available to justify pursuing a repayment.

f. Recipient/Tenant Selection Criteria: Eligible applicants will be approved for assistance on a first qualified, first served basis subject to funding availability and to maintain compliance with income-category reservations set forth in §420.9075(5) (2).

In compliance with established City policy, other selection criteria are as follows:

1. Applicants must have a fee simple title to the property.
2. Applicant's principal residence must be a single-family home located within the city limits of Cocoa
3. First time applicants will be given priority over previously assisted persons. Exceptions may be made for eligible property owners in cases where living conditions threaten the personal health and safety of the household.
4. Applicants must be in good standing with the City (e.g. City utility accounts and property taxes must be current, and property must be free of code enforcement violations or any other assessments unless owner is engaged in process of paying off any such obligations).
5. Applicants must own and occupy the assisted home as their primary residence as evidenced by a homestead exemption (or eligibility for homestead exemption) on the assisted property. The homeowner will select an approved contractor from those whose proposals meet, or which can be modified to meet bid requirements.

g. Sponsor Selection Criteria: N/A

h. Additional Information:

Subordinations: Only subordination requests which increase the affordability of the housing unit, decreases the term of the loan, assist with medical expenses, or provides a lower interest rate will be considered. Receiving cash back due to consumer debt repayment will not be considered. All requests will be reviewed on a case-by-case basis.

Requests for a Second Assistance: Households which have previously been assisted through the City's housing programs shall be limited to receiving one additional instance of minor repairs. These repairs shall be limited to health/safety repairs whose cost shall be no more than $20,000 if the household has no need for handicapped accessibility. If a client is elderly or has need of handicap accessibility, assistance will be up to $20,000 for accessibility to include (but not limited to) ramps, grab bars, and walk-in showers.

C. Demolition/Reconstruction	Code 4

a. Summary: When an applicant's home has been approved for owner occupied rehabilitation but is determined to be beyond reasonable repair (more than 50% of structure is deemed unlivable and estimated rehab exceeds $75,000, the homeowner will be eligible for the demolition and reconstruction of a new home.

b. Fiscal Years Covered: 2025-2026, 2026-2027, 2027-2028

c. Income Categories to be served: Very low, low and moderate

d. Maximum award: $250,000

e. Terms:

1. Repayment loan/deferred loan/grant: Deferred payment loan secured by a note and mortgage
2. Interest Rate: 0 %
3. Years in loan term: 20
4. Forgiveness: 5% per year
5. Repayment: None required if the loan is in good standing
6. Default: The loan will be determined to be in default if any of the following occurs during the loan term: sale, transfer, conveyance of property, conversion to a rental property, loss of homestead exemption status, or failure to occupy the home as the primary residence. If any of these occur, the outstanding balance will be due and payable to the City.

   In cases where the qualifying homeowner(s) die(s) during the loan term, the loan may be assumed by a SHIP eligible heir who will occupy the home as a primary residence. If the legal heir is not SHIP eligible or chooses not to occupy the home, the outstanding balance of the loan will be due and payable.

   If the home is foreclosed on by a superior mortgage holder, the City will try to recapture funds through the legal process, if it is determined that adequate funds may be available to justify pursuing a repayment.

f. Recipient/Tenant Selection Criteria: Applicants will be ranked for assistance based on a first-qualified, first-served basis with the priorities for Special Needs, Essential Services Personnel and income groups as described in Section I.

g. Sponsor Selection Criteria: N/A

h. Additional Information:

Subordinations: Only subordination requests which increase the affordability of the housing unit, decreases the term of the loan, assist with medical expenses, or provides a lower interest rate will be considered. Receiving cash back due to consumer debt repayment will not be considered. All requests will be reviewed on a case-by-case basis.

D. Disaster Assistance	Code 5

a. Summary: Funds shall be provided to households following a disaster as declared by the President of the United States or Governor of the State of Florida. This strategy will only be implemented in the event of a disaster using any funds that have not yet been encumbered or additional disaster funds issued by Florida Housing Finance Corporation. Funds will be used for:

- Purchase of emergency supplies for eligible households to weatherproof damaged homes.
- Interim repairs to avoid further damage, such as tree and debris removal, to make the individual housing unit habitable.

- Deductible assistance up to $2,500.
- Other activities approved by Florida Housing Finance Corporation in this LHAP

b. Fiscal Years Covered: 2025-2026, 2026-2027, 2027-2028

c. Income Categories to be served: Very low, low and moderate

d. Maximum award: $15,000

e. Terms:
1. Repayment loan/deferred loan/grant: Grant
2. Interest Rate: N/A
3. Years in loan term: N/A
4. Forgiveness: N/A
5. Repayment: N/A
6. Default: N/A

f. Recipient/Tenant Selection Criteria: Applicants will be ranked for assistance based on a first-qualified, first-served basis with the priorities for Special Needs, Essential Services Personnel and income groups as described in Section I.

g. Sponsor Selection Criteria: N/A

h. Additional Information:

E. Emergency Repair	Code 6

a. Summary: The Emergency Repair Program is designed to correct, repair or replace essential system and/or critical structural problems. The purpose of the Emergency Repair-Limited Rehabilitation Program is to stabilize the homeowner's residence by making essential repairs to make the home safe, accessible and livable. The repairs needed may include, but are not limited to, correcting City Building Code violations, eliminating incipient housing code violations, electrical or plumbing problems, air conditioning replacement, and accessibility improvements for occupant(s) with disabilities. Other conditions that could cause the home to be or become uninhabitable will be considered on a case-by-case basis.

b. Fiscal Years Covered: 2025-2026, 2026-2027, 2027-2028

c. Income Categories to be served: Very low, low and moderate

d. Maximum award: $20,000

e. Terms:
1. Repayment loan/deferred loan/grant: Deferred payment loan secured by a note and mortgage
2. Interest Rate: 0%

3. Years in loan term: 5
4. Forgiveness: 20% per year
5. Repayment: None required if the home is in good standing
6. Default: The loan will be determined to be in default if any of the following occurs during the loan term; sale, transfer or conveyance of property, conversion to a rental property, loss of homestead exemption status, failure to occupy the home as primary residence. If any of these occur, the outstanding balance will be due and payable.

   In cases where the qualifying homeowner(s) die(s) during the loan term, the loan may be assumed by a SHIP eligible heir who will occupy the home as a primary residence. If the legal heir is not SHIP eligible or chooses not to occupy the home, the outstanding balance of the loan will be due and payable.

   If the home is foreclosed on by a superior mortgage holder, the City will try to recapture funds through the legal process, if it is determined that adequate funds may be available to justify pursuing a repayment.

f. Recipient/Tenant Selection Criteria: Applicants will be ranked for assistance based on a first-qualified, first-served basis with the priorities for Special Needs and income groups as described in Section 1. (i) of this plan.

g. Sponsor Selection Criteria: N/A

h. Additional Information:

Subordinations: Only subordination requests which increase the affordability of the housing unit, decrease the term of the loan, assist with medical expenses, or provide a lower interest rate will be considered. Receiving cash back due to consumer debt repayment will not be considered. All requests will be reviewed on a case-by-case basis.

F. Foreclosure Prevention	Code 7

a. Summary: This strategy will help those having trouble making their mortgage payments through no fault of their own (examples include loss of employment, unexpected medical bills or loss of co-borrower). The assistance will be available to homeowners in need from one (1) to three (3) months. They must be able to show that they will be able to maintain their mortgage following assistance.

b. Fiscal Years Covered: 2025-2026, 2026-2027, 2027-2028

c. Income Categories to be served: Very low, low and moderate

d. Maximum award: $ 5,000

e. Terms:
1. Repayment loan/deferred loan/grant: Grant (funds not subject to recapture)

2. Interest Rate: N/A
3. Years in loan term: N/A
4. Forgiveness: N/A
5. Repayment: N/A
6. Default: N/A

f. Recipient/Tenant Selection Criteria: Must meet income requirements and be struggling to keep their mortgage current. Property must be in the City of Cocoa boundaries. Awarded on a first-qualified, first-served basis.

g. Sponsor/Sub-recipient Selection Criteria: N/A

h. Additional Information: N/A

III. LHAP Incentive Strategies

In addition to the **required Incentive Strategy A and Strategy B**, we include all adopted incentives with the policies and procedures used for implementation as provided in Section 420.9076, F.S.:

A. Name of Strategy: **Expedited Permitting**
Permits as defined in s. 163.3177 (6) (f) (3) for affordable housing projects are expedited to a greater degree than other projects.

Provide a description of the procedures used to implement this strategy:

Permits as defined in s. 163.3164(7) and (8) for affordable housing projects, are expedited to a greater degree than other projects. On February 14, 2006, the City Council adopted Resolution No. 2006-20 waiving building permits and inspection fees for City projects or projects completed on City property, this includes SHIP funded projects.

B. Name of Strategy: **Ongoing Review Process**
An ongoing process for reviewing local policies, ordinances, regulations and plan provisions that increase the cost of housing prior to their adoption.

Provide a description of the procedures used to implement this strategy:

The City utilizes a development review process that reviews all proposed changes to ordinances, resolutions, regulations, procedures, or policies to determine the impact on housing cost prior to the adoption by the City Council. The ongoing review process was adopted through Resolution No. 94-34 by the City Council on June 28, 1994, and amended on December 13, 1994.

C. Other Incentive Strategies Adopted: **Modification of Impact Fees**

Resolution No. 98-2 allows for the reduction or waiver of rates, fees, charges, and assessments for individual users located within the City limits of any component or component of the water and sewer system if the City determines and finds that it is in the best interests of the health, safety, and general welfare of its citizens to grant such reduction or waiver.

D**.** Other Strategies Adopted: **Allowance of Flexibility in Densities for Affordable Housing**

The City can enter into development agreements pursuant to the Florida Municipal Home Rule Powers Act. Any agreement may also provide for variances or waivers from any applicable Land Development Regulation (LDR) of the City, provided the owner of real property demonstrates a bona fide need for the variance or waiver and agrees to provide significant enhancements to the subject property in exchange for the variance or waiver.

To encourage the creation of new affordable housing within the City and to preserve and augment the residential character of the RU-2-10 Single-Family and Multifamily Dwelling District within the Redevelopment Area, a Housing Bonus Program was created to provide a transferable floor area bonus for the development of new affordable housing within the Redevelopment Area. This Floor Area Bonus may be generated in the RU-2-10 Single-Family and Multifamily Dwelling District, and may be used in the CBD, Central Business District.

For each newly constructed unit of qualifying affordable housing, the developer shall be entitled to an increase of ten thousand (10,000) square feet of floor area bonus for new construction within the CBD. For substantial rehabilitation of qualifying affordable housing, the developer shall be entitled to an increase of five thousand (5,000) square feet of floor area bonus for new construction within the CBD. Such a bonus is transferable.

E. Other Strategies Adopted: **Surplus Properties for the Benefit of Affordable Housing**

An ongoing process of the review of city owned properties for the benefit of affordable housing as provided in Florida Statues, Section 166.0451.:

Provide a description of the procedures used to implement this strategy:

The City conducts a yearly review of the inventory list at a public hearing to revise the listing of all City owned property prior to the adoption by the City Council. The ongoing review process was adopted through Resolution No 2020-148 by City Council.

IV. EXHIBITS:

Required

A. Administrative Budget for each fiscal year covered in the Plan.

B. Timeline for Estimated Encumbrance and Expenditure.

C. Housing Delivery Goals Chart (HDGC) For Each Fiscal Year Covered in the plan.

D. Signed LHAP Certification.

E. Signed, dated, witnessed or attested adopting resolution.

Optional

F. Ordinance: (If changed from the original creating ordinance).- N/A

G. Interlocal Agreement (Required if applicable). – N/A

H. Other Documents Incorporated by Reference.

Details:

Exhibit B
Timeline for SHIP Expenditures

City of Cocoa affirms that funds allocated for these fiscal years will
(local government)
meet the following deadlines:

Fiscal Year	Encumbered	Expended	Closeout Report
2025-2026	6/30/2027	6/30/2028	9/15/2028
2026-2027	6/30/2028	6/30/2029	9/15/2029
2027-2028	6/30/2029	6/30/2030	9/15/2030

If funds allocated for these fiscal years is not anticipated to meet expenditure deadlines, Florida Housing Finance Corporation should be notified according to the following dates:

Fiscal Year	Funds Not Expended	Closeout AR Not Submitted
2025-2026	3/30/2028	6/15/2028
2026-2027	3/30/2029	6/15/2029
2027-2028	3/30/2030	6/15/2030

Requests for Expenditure Extensions (close-out year ONLY) must be emailed to robert.dearduff@floridahousing.org and include:

1. A statement that "(city/county) requests an extension to the expenditure deadline for fiscal year _____.
2. The amount of funds that is not expended.
3. The amount of funds that is not encumbered or has been recaptured.
4. A detailed plan/timeline of how/when the money will be expended.

Note: an extension to the expenditure deadline (June 30) does not relieve the requirement to submit (September 15) the annual report online detailing all funds that have been expended.

Other Key Deadlines:

AHAC reports are now due annually by December 31. Local governments receiving the minimum (or less) allocation may choose not to report.

ACFR financial statements are due each June 30 for the report ending September 30 of the previous year.

2025

CERTIFICATION TO
FLORIDA HOUSING FINANCE CORPORATION

Local Government or Interlocal Entity: City of Cocoa

Certifies that:

(1) The availability of SHIP funds will be advertised pursuant to program requirements in 420.907-420.9079, Florida Statutes.

(2) All SHIP funds will be expended in a manner which will ensure that there will be no discrimination on the basis of race, color, national origin, sex, handicap, familial status, or religion.

(3) A process to determine eligibility and for selection of recipients for funds has been developed.

(4) Recipients of funds will be required to contractually commit to program guidelines and loan terms.

(5) Florida Housing will be notified promptly if the local government /interlocal entity will be unable to comply with any provision of the local housing assistance plan (LHAP).

(6) The LHAP provides a plan for the encumbrance of funds within twelve months of the end of the State fiscal year in which they are received and a plan for the expenditure of SHIP funds including allocation, program income and recaptured funds within 24 months following the end of the State fiscal year in which they are received.

(7) The LHAP conforms to the Local Government Comprehensive Plan, or that an amendment to the Local Government Comprehensive Plan will be initiated at the next available opportunity to insure conformance with the LHAP.

(8) Amendments to the approved LHAP shall be provided to the Florida Housing for review and/or approval within 21 days after adoption.

(9) The trust fund exists with a qualified depository for all SHIP funds as well as program income or recaptured funds.

(10) Amounts on deposit in the local housing assistance trust fund shall be invested as permitted by law.

(11) The local housing assistance trust fund shall be separately stated as a special revenue fund in the

local governments audited financial statements (ACFR). An electronic copy of the ACFR or a hyperlink shall be provided to Florida Housing by June 30 of the applicable year.

(12) Evidence of compliance with the Florida Single Audit Act, as referenced in Section 215.97, F.S. shall be provided to Florida Housing by June 30 of the applicable year.

(13) SHIP funds will not be pledged for debt service on bonds.

(14) Developers receiving assistance from both SHIP and the Low-Income Housing Tax Credit (LIHTC) Program shall comply with the income, affordability and other LIHTC requirements, similarly, any units receiving assistance from other federal programs shall comply with all Federal and SHIP program requirements.

(15) Loans shall be provided for periods not exceeding 30 years, except for deferred payment loans or loans that extend beyond 30 years which continue to serve eligible persons.

(16) Rental Units constructed or rehabilitated with SHIP funds shall be monitored for compliance with tenant income requirements and affordability requirements or as required in Section 420.9075 (3)(e). To the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility.

(17) The LHAP meets the requirements of Section 420.907-9079 FS, and Rule Chapter 67-37 FAC.

(18) The provisions of Chapter 83-220, Laws of Florida have not been implemented (except for Miami-Dade County).

RESOLUTION #: _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF COCOA (Local Government) FLORIDA APPROVING THE LOCAL HOUSING ASSISTANCE PLAN AS REQUIRED BY THE STATE HOUSING INITIATIVES PARTNERSHIP PROGRAM ACT, SUBSECTIONS 420.907-420.9079, FLORIDA STATUTES;AND RULE CHAPTER 67-37, FLORIDA ADMINISTRATIVE CODE; AUTHORIZING AND DIRECTING THE MAYOR TO EXECUTE ANY NECESSARY DOCUMENTS AND CERTIFICATIONS NEEDED BY THE STATE; AUTHORIZING THE SUBMISSION OF THE LOCAL HOUSING ASSISTANCE PLAN FOR REVIEW AND APPROVAL BY THE FLORIDA HOUSING FINANCE CORPORATION; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the State of Florida enacted the William E. Sadowski Affordable Housing Act, Chapter 92-317 of Florida Sessions Laws, allocating a portion of documentary stamp taxes on deeds to local governments for the development and maintenance of affordable housing; and

WHEREAS, the State Housing Initiatives Partnership (SHIP) Act, ss. 420.907-420.9079, Florida Statutes (1992), and Rule Chapter 67-37, Florida Administrative Code, requires local governments to develop a one- to three-year Local Housing Assistance Plan outlining how funds will be used; and

WHEREAS, the SHIP Act requires local governments to establish the maximum SHIP funds allowable for each strategy; and

WHEREAS, the SHIP Act further requires local governments to establish an average area purchase price for new and existing housing benefiting from awards made pursuant to the Act; The methodology and purchase prices used are defined in the attached Local Housing Assistance Plan; and

WHEREAS, as required by *section 420.9075, F.S.* It is found that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan. The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5% of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible

municipalities receiving a local housing distribution of up to $350,000 may use up to 10 percent of program income for administrative costs.

WHEREAS, Community Services Department has prepared an updated three-year Local Housing Assistance Plan as required by SB594 with an effective date of July 1, 2026, for submission to the Florida Housing Finance Corporation; and

WHEREAS, the City Council finds that it is in the best interest of the public for the City of Cocoa (local government) to submit the Local Housing Assistance Plan for review and approval so as to qualify for said documentary stamp tax funds; and

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF COCOA, FLORIDA that:

Section 1: The Council of the City of Cocoa (local government) hereby approves the Local Housing Assistance Plan, as attached and incorporated hereto for submission to the Florida Housing Finance Corporation as required by ss. 420.907-420-9079, Florida Statutes, for fiscal years 2025-2026, 2026-2027, 2027-2028.

Section 2: The Mayor is hereby designated and authorized to execute any documents and certifications required by the Florida Housing Finance Corporation as related to the Local Housing Assistance Plan, and to do all things necessary and proper to carry out the term and conditions of said program.

Section 3: This resolution shall take effect immediately upon its adoption.

PASSED AND ADOPTED THIS 14th DAY OF JULY 2026

_____
Mayor Michael C. Blake

Monica Arsenault, City Clerk

CITY COUNCIL AGENDA ITEM

Memo Date:	July 2, 2026
Agenda Date:	July 14, 2026
File ID:	2026-558
Prepared By:	Lucilene Ribeiro, Planner
Through:	Stockton Whitten, City Manager
Requested Action:	Request to review and approve developer's proposed revisions to the residential architectural elevations for the Windward Preserve PUD and provide directions on whether the revised elevations remain consistent with the approvals granted on December 19, 2023 for the new City of Cocoa Planned Unit Development (PUD) under Ordinance 22-2023, including the Large-Scale Site Plan, and Preliminary Subdivision pursuant to Chapter 18 Subdivisions and Appendix A Zoning of the City Code.

BACKGROUND:

On December 19, 2023, the City Council approved the Final PUD, the Large-Scale Site Plan, and the Preliminary Subdivision Plan for Windward Preserve, located south of State Road 528 (Beachline) and east of Interstate 95. This development consists of one parcel identified by the Brevard County Property Appraiser as parcel number 24-35-10-00-502.

As part of that approval, the developer submitted a series of architectural elevations for Council's review. These elevations became part of the development entitlement and established the architectural character intended for the community.

Taylor Morrison, the developer of Windward Preserve, has since updated its residential homes portfolio and is now formally requesting that the City Council consider a new set of architectural elevations as a replacement for the eight previously approved models: Aruba, Saint Thomas, Grenada, Barbados, Bonaire, Sand Key, Saint Croix, and Amelia.

All previously approved amenities - including the clubhouse, multipurpose field, pool, dog park, and multi-use trail - remain unchanged and consistent with the Settlement Implementation Agreement where applicable.

Conditions Related to Architectural Requirements

Three key conditions adopted by City Council directly relate to residential architectural character and variation within the development:

Condition #5

“Residential driveways shall be constructed of stone or brick pavers or stamped and stained concrete.”

Condition #10

“Single-family living area shall be a minimum of 1,500 square feet, with an average of 1,800 square feet, and a minimum building footprint of 2,400 square feet.”

Condition #11 states:

“The same architectural elevation shall not be built on a lot that is adjacent to or directly across the street from, or diagonal to the lot.”

Analysis:

Staff evaluated the proposed elevations under the following criteria:

1. Consistency with the previously approved PUD and adopted Council conditions

2. Adherence to Conditions # 5, #10, and #11

3. Maintenance of architectural diversity, detailing, massing and overall character previously represented to Council

4. Compliance with minimum building size, height, and materials standards established in the Stipulated Settlement Agreement and incorporated into the PUD approval

Architectural Features for Council Consideration

When reviewing the approved elevations against the newly proposed elevations, City Council should consider the following architectural components:

1. Use of stone walls, accent materials, and pillar/column details

2. Differences in overall square footage

3. Roof style, including hip and gable configurations

4. Presence of prominent front gables

5. Quality and design of covered entries and porches

6. Variation in façade articulation and massing

These elements were integral to the original architectural character, as reviewed and

approved in 2023, and should be weighed when considering the acceptability of the proposed replacements.

PRIORITY AREA CONNECTION:
Economic and Community Development

BUDGETARY IMPACT:
N/A

PREVIOUS ACTION:
The City of Cocoa has taken the following previous actions related to the subject property:

- April 28, 2005: City of Cocoa / Hagen – Nicholson Properties, LLC Preceding Development Agreement recorded in Brevard County Records
- November 21, 2006: City of Cocoa / Barrera Shores, LLC Preceding Development Agreement recorded in Brevard County Records
- January 1, 2008: Stipulated Settlement Agreement between Brevard County and the City of Cocoa recorded in Brevard County Records
- July 28, 2022: Settlement Implementation Agreement between City of Cocoa and Beachline Partners, LLC recorded in Brevard County Records
- December 6, 2023: Planning and Zoning Board recommended approval to City Council.
- December 12, 2023: City Council approval to Ordinance 22-2023 on the First Reading.
- December 19, 2023: City Council approval to Ordinance 22-2023 on Second and Final Reading.

RECOMMENDED MOTION:
Staff requests that City Council review the developer's proposed revisions to the residential architectural elevations for the Windward Preserve PUD and provide direction on whether the revised elevations remain consistent with the PUD approval granted on December 19, 2023 (Ordinance 22-2023) and the conditions adopted by Council. Consideration should be given to Conditions #5, #10, and #11, and to the architectural features that formed the basis of the original approval.

NOTE:
ELECTRICAL MATERIAL AND INSTALLATIONS SHALL COMPLY WITH APPLICABLE PROVISIONS OF THE NFPA 70, LOCAL CODES AND LOCAL POWER/UTILITY COMPANY

GENERAL ELECTRICAL NOTES

ALL ELECTRICAL DESIGN AND WORK SHALL BE IN STRICT COMPLIANCE WITH THE 2020 NATIONAL ELECTRIC CODE

- CONTRACTOR RESPONSIBLE FOR ALL PANEL LOAD CALCULATIONS AND SHALL VERIFY IN ACCORDANCE WITH BUILDERS SPECIFICATIONS AND IN STRICT COMPLIANCE WITH NEC
- PER NEC SECTION 210.12(B) ALL 15A & 20A, 120V BRANCH CIRCUITS SUPPLYING OUTLETS REQUIRE AFCI PROTECTION
- CARBON MONOXIDE PROTECTION PER RESIDENTIAL CODE R315.1 TO BE INSTALLED WITHIN 10' OF EVERY SLEEPING ROOM
- ALL OUTLETS SHOULD BE AFCI PER NEC - U.N.O.
- ALL 125V SINGLE-PHASE 15A & 20A RECEPTACLES INSTALLED IN LOCATIONS SPECIFIED IN 210.8(A)(1) THROUGH (A)(10) SHALL HAVE GFCI PROTECTION FOR PERSONNEL IN ACCORDANCE WITH NEC 210.8(A)
- PER NEC SECTION 406.8(B)(I) 15A & 20A RECEPTACLES IN A WET LOCATION MUST BE WITHIN AN ENCLOSURE THAT IS WEATHERPROOF WHEN AN ATTACHMENT IS PLUGGED IN AN ALL NON-LOCKING RECEPTACLES SHALL BE LISTED AS WEATHER RESISTANT
- PER NEC SECTION 406.II IN DWELLING UNITS, ALL 15A & 20A, 15V RECEPTACLES SHALL BE LISTED AS TAMPER-RESISTANT
- PER NEC SECTION 406.9(C) RECEPTACLES SHOULD NOT BE INSTALLED WITHIN A ZONE MEASURED 3FT HORIZONTALLY AND 8FT VERTICALLY FROM THE TOP OF THE BATHTUB RIM OR SHOWER STALL THRESHOLD.
- PER NEC SECTION 800.156 NO LESS THAN ONE COMMUNICATION OUTLET SHALL BE INSTALLED WITHIN EACH DWELLING UNIT
- PER NEC SECTION R314.3 AND R315.1 SMOKE DETECTORS TO BE INSTALLED INSIDE EACH SLEEPING AREA
- ALL SMOKE ALARMS SHALL BE LISTED AND LABELED IN ACCORDANCE WITH UL 217, PER RESIDENTIAL CODE 314.1. GC TO INSTALL; KIDDE MODEL # 14618A SMOKE ALARM, OR APPROVED EQUAL
- JUNCTION BOX AT WATER HEATER, RANGE AND/OR DRYER TO BE 220V IN NON GAS COMMUNITIES, AND 110V IN COMMUNITIES THAT HAVE GAS OPTIONS PROVIDE APPROPRIATE RECEPTACLE PER APPLIANCE
- ALL PERMANENTLY INSTALLED LUMINARIES, EXCLUDING THOSE IN KITCHEN APPLIANCES, SHALL HAVE AN EFFICACY OF AT LEAST 45 LUMENS-PER-WATT OR SHALL UTILIZE LAMPS WITH AN EFFICACY OF NOT LESS THAN 65 LUMENS-PER-WATT PER R404.1.
- PER RESIDENTIAL CODE M1305.1 A LEVEL WORKING SPACE NOT LESS THAN 30" DEEP AND 30" WIDE SHALL BE PROVIDED IN FRONT OF THE CONTROL SIDE OF ANY APPLIANCE
- PER NEC SECTION R230.67 ALL SERVICES SUPPLYING DWELLING UNITS ARE REQUIRED TO BE PROVIDED WITH A TYPE 1 OR TYPE 2 SURGE-PROTECTIVE DEVICE.
- EACH DWELLING UNIT SHALL BE DESIGNED WITH PROVISION FOR FUTURE INSTALLATION OF ELECTRIC VEHICLE SUPPLY EQUIPMENT IN ACCORDANCE WITH RESIDENTIAL CODES RF103.1 AND RF103.3. CONTRACTOR RESPONSIBLE TO ADJUST PANEL/LOAD CALCULATIONS ACCORDINGLY.
- ALL 125V THROUGH 250V RECEPTACLES INSTALLED IN LOCATIONS SPECIFIED IN 210.8 (B)(1) THROUGH (B)(12) AND SUPPLIED BY SINGLE-PHASE BRANCH CIRCUITS RATED 150V OR LESS TO GROUND, 50A OR LESS, AND ALL RECEPTACLES SUPPLIED BY THREE-PHASE BRANCH CIRCUITS RATED 150V OR LESS TO GROUND, 100A OR LESS SHALL HAVE GFCI PROTECTION FOR PERSONNEL IN ACCORDANCE WITH NEC 210.8(B)
- FOR ONE AND TWO FAMILY DWELLING UNITS, ALL SERVICE CONDUCTORS SHALL TERMINATE IN DISCONNECTING MEANS HAVING A SHORT CIRCUIT CURRENT RATING EQUAL OR GREATER THAN THE AVAILABLE FAULT CURRENT, INSTALLED IN A READILY ACCESSIBLE OUTDOOR LOCATION IN ACCORDANCE WITH NEC 230.85

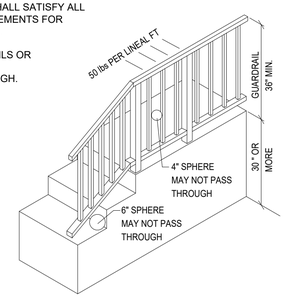
*STAIR NOTES:
ACTUAL DIMENSIONS WILL VARY DEPENDING ON FIELD CONDITIONS, FLOOR COVERINGS, AND/OR VARIANCES IN CONSTRUCTION MATERIAL. ACTUAL CONSTRUCTION MUST COMPLY W/ R311.7 OF THE RESIDENTIAL CODE.
MAXIMUM RISER HEIGHT: 7-3/4"
MINIMUM TREAD DEPTH: 10" (NOT INCLUDING NOSING)
MAXIMUM TREAD DEPTH: 12" (INCLUDING NOSING)
MAXIMUM RISER HEIGHT VARIATION: 3/8" (ENTIRE FLIGHT)
MINIMUM STAIR WIDTH: 36"
MINIMUM HEADROOM CLEARANCE: 6'-8" (ABOVE NOSING)

*HANDRAIL NOTES:
ACTUAL CONSTRUCTION MUST COMPLY W/ R311.7.8 OF THE RESIDENTIAL CODE.
HANDRAILS SHALL NOT BE LESS THAN 34" OR MORE THAN 38" IN HEIGHT ABOVE THE STAIR NOSING.
HANDRAILS SHALL BE CONTINUOUS PER FLIGHT OF STAIRS.
HANDRAILS SHALL BE 1 1/2" CLEAR OF ALL ADJACENT FINISH MATERIALS AND ENDS SHALL RETURN TO WALL OR TERMINATE IN NEWEL POSTS OR SAFE TERMINALS.
HANDRAILS SHALL BE 1 1/4"-2" IN CROSS SECTIONAL DIMENSION, OR APPROVED EQUIVALENT, AND EDGES SHALL HAVE A MIN. RADIUS OF 0.01".
HANDRAIL CONSTRUCTION SHALL BE ABLE TO RESIST A LOAD OF 200 LBS APPLIED IN ANY DIRECTION AT ANY POINT ALONG THE TOP RAIL.



STAIR AND RAILING SUPPLIER INSTALLER SHALL SATISFY ALL BUILDING DEPARTMENT APPROVAL REQUIREMENTS FOR THE PRODUCTS THEY PROVIDE OR INSTALL.

OPEN RAILS SHALL HAVE INTERMEDIATE RAILS OR AN ORNAMENTAL PATTERN SUCH THAT A 4" DIAMETER SPHERE CANNOT PASS THROUGH.

THE GUARDRAIL CONSTRUCTION SHALL BE ABLE TO RESIST A LOAD OF 50 LBS PER LINEAL FOOT APPLIED HORIZONTALLY ALONG THE TOP RAIL. PER RESIDENTIAL CODE 1607.9.1 & ASCE 7 SECTION 4.5.1.

GUARDRAILS SHALL NOT BE LESS THAN 36" IN HEIGHT.

THE TRIANGULAR OPENINGS AT STAIR TREAD, RISER, & BOTTOM SHALL BE SUCH THAT A 6" DIAMETER SPHERE CANNOT PASS THROUGH.

TYP STAIR DETAIL
N.T.S.

ROOF NOTES

- INSTALL ROOF VENTING PER MFR WRITTEN INSTRUCTIONS PER RESIDENTIAL CODE R806
- ALL OVERHANG DIMENSIONS ARE TO EDGE OF RAFTER. REFERENCE WALL SECTIONS/DETAILS FOR ALL OVERHANGS NOT DIMENSIONED.
- ALL UNDERLAYMENT MUST BE INSTALLED IN COMPLIANCE WITH RESIDENTIAL CODE R905.1.1
- EACH 4' OFF RIDGE VENT REQUIRES (1) 46" x 3" CUT OUT IN ROOF SHEATHING PER MFR WRITTEN INSTRUCTIONS
- ROOF VENTING MUST MAINTAIN A MIN. DISTANCE OF 4'-0" FROM CENTERLINE OF SEPARATION WALL
- NO PENETRATIONS WITHIN 4'-0" OF RATED WALLS

ROOF VENT CALCULATION

FORMULA:

1 SQUARE INCH VENT FOR EVERY 300 SQUARE INCHES OF CEILING
*144 SQ. IN. = 1 SQ. FT.
BLDG. CEILING (SF) x 144 = BLDG (SQ. IN.)
BLDG. (SQ. IN.) / 300 = SQ. IN. OF VENT REQUIRED
SQ. IN. OF VENT REQUIRED / 2 = 50% AT HIGH AND 50% AT LOW.

PER RESIDENTIAL CODE SECTION R806.2: 40% MIN, BUT NOT MORE THAN 50% OF VENTILATION MUST BE PROVIDED BY VENTILATORS LOCATED NO MORE THAN 3'-0" BELOW THE RIDGE OR HIGHEST POINT OF THE SPACE

BASIS OF CALCULATION: ("OR EQUAL" ACCEPTABLE)

(a) OFF RIDGE VENTS - STAMPCO W/ 36 SQ IN (NFVA) PER LINEAL FT

(b) SOFFIT VENTS - GP T3-1/3" FULL VENT PERFORATED W/ 9.19 SQ IN (NFVA) PER LINEAL FT

CALCULATED LINEAL FOOT OF SOFFIT VENT SHALL NOT INCLUDE NON-VENTED FIRE RATED SOFFIT LOCATED LESS THAN 5' FROM PROPERTY LINE

EXTERIOR ELEVATION GENERAL NOTES

- FRONT ELEVATIONS BANDING, MOLDING, COLUMNS AND TRIM SHALL RECEIVE A SAND FINISH. SEE ELEVATION FOR DEPTH OR RAISED BANDING
- SIDE AND REAR ELEVATIONS BANDING AROUND WINDOWS AND DOORS MAY BE OPTIONAL PER COMMUNITY SPECS - SEE COMMUNITY SPECIFICATIONS OR CONSULT THE CONSTRUCTION MANAGER. ALL BANDING SHALL RECEIVE A SAND FINISH
- ROOF COVERING SEE COMMUNITY SPECIFICATIONS OR CONSULT THE CONSTRUCTION MANAGER. SEE STRUCTURAL SHEETS FOR SHEATHING REQUIREMENTS
- FLASHING SHALL BE INSTALLED AT WALL AND ROOF INTERSECTIONS, DECK AND WALL INTERSECTIONS, AT GUTTERS, AT ALL CHANGES IN ROOF SLOPE OR DIRECTION, AND AROUND ROOF OPENINGS
- WINDOW PAN FLASHING SHALL BE IN ACCORDANCE WITH RESIDENTIAL CODE R703.4
- WALL HEIGHTS VERIFY ALL BEARING WALL HEIGHTS WITH FINAL TRUSS LAYOUTS
- LATH PER RESIDENTIAL CODE R703.7.1, LATH AND LATH ATTACHMENTS SHALL BE OF CORROSION-RESISTANT MATERIALS. EXPANDED METAL OR WOVEN WIRE LATH SHALL BE ATTACHED WITH 11/2-INCH-LONG (38 MM), 11 GAGE NAILS HAVING A 7/16-INCH (11.1 MM) HEAD, OR 7/8-INCHLONG (22.2 MM), 16 GAGE STAPLES, SPACED NOT MORE THAN 6 INCHES (152 MM), OR AS OTHERWISE APPROVED
- PLASTER PER R703.7.2, PLASTERING WITH PORTLAND CEMENT PLASTER SHALL BE NOT LESS THAN THREE COATS WHERE APPLIED OVER METAL LATH OR WIRE LATH AND SHALL BE NOT LESS THAN TWO COATS WHERE APPLIED OVER MASONRY, CONCRETE, PRESSURE-PRESERVATIVE TREATED WOOD OR DECAY-RESISTANT WOOD AS SPECIFIED IN SECTION R317.1 OR GYPSUM BACKING. IF THE PLASTER SURFACE IS COMPLETELY COVERED BY VENEER OR OTHER FACING MATERIAL OR IS COMPLETELY CONCEALED, PLASTER APPLICATION NEED BE ONLY TWO COATS, PROVIDED THE TOTAL THICKNESS IS AS SET FORTH IN TABLE R702.1(1). ON WOOD-FRAME CONSTRUCTION WITH AN ON-GRADE FLOOR SLAB SYSTEM, EXTERIOR PLASTER SHALL BE APPLIED TO COVER, BUT NOT EXTEND BELOW, LATH, PAPER AND SCREED. THE PROPORTION OF AGGREGATE TO CEMENTITIOUS MATERIALS SHALL BE AS SET FORTH IN TABLE R702.1(3)
- WEEP SCREED PER R703.7.2.1 A MINIMUM 0.019-INCH (0.5 MM) (NO. 26 GALVANIZED SHEET GAGE), CORROSION-RESISTANT WEEP SCREED OR PLASTIC WEEP SCREED, WITH A MINIMUM VERTICAL ATTACHMENT FLANGE OF 31/2 INCHES (89 MM) SHALL BE PROVIDED AT OR BELOW THE FOUNDATION PLATE LINE ON EXTERIOR STUD WALLS IN ACCORDANCE WITH ASTM C926. THE WEEP SCREED SHALL BE PLACED NOT LESS THAN 4 INCHES (102 MM) ABOVE THE EARTH OR 2 INCHES (51 MM) ABOVE PAVED AREAS AND SHALL BE OF A TYPE THAT WILL ALLOW TRAPPED WATER TO DRAIN TO THE EXTERIOR OF THE BUILDING. THE WEATHER-RESISTANT BARRIER SHALL LAP THE ATTACHMENT FLANGE. THE EXTERIOR LATH SHALL COVER AND TERMINATE ON THE ATTACHMENT FLANGE OF THE WEEP SCREED
- WATER-RESISTIVE BARRIERS PER R703.7.3, WATER-RESISTIVE BARRIERS SHALL BE INSTALLED AS REQUIRED IN SECTION R703.2 AND WHERE APPLIED OVER WOOD-BASED SHEATHING, SHALL INCLUDE A WATER-RESISTIVE VAPOR-PERMEABLE BARRIER WITH A PERFORMANCE AT LEAST EQUIVALENT TO TWO LAYERS OF GRADE D PAPER. THE INDIVIDUAL LAYERS SHALL BE INSTALLED INDEPENDENTLY SUCH THAT EACH LAYER PROVIDES A SEPARATE CONTINUOUS PLANE AND ANY FLASHING (INSTALLED IN ACCORDANCE WITH SECTION R703.4) INTENDED TO DRAIN TO THE WATER-RESISTIVE BARRIER IS DIRECTED BETWEEN THE LAYERS

STAIR NOTES

1. EQUAL RISERS NOT TO EXCEED 7 3/4" EQUAL TREADS AT 10" W/ 1" NOSING EA (TOTAL TREAD DEPTH TO BE 11" MIN)
2. TREADS SHALL BE 2x12's GLUED AND NAILED, (RIPPED DOWN AS REQUIRED)
3. RISERS SHALL BE 1x8's GLUED AND NAILED (RIPPED DOWN AS REQUIRED)
4. LANDINGS SHALL BE CONSTRUCTED OF 2x8's @16" OC AND DECKED W/ 3/4" T&G PLYWOOD, GLUED AND NAILED
5. STRINGERS SHALL BE 2x12's EQUALLY SPACED (TYP)
6. WINDER TREADS SHALL COMPLY WITH RESIDENTIAL CODE R311.7.5.1 INCLUDING MINIMUM 6" TREAD DEPTH

GENERAL NOTES

- ALL CONSTRUCTION SHALL MEET THE LATEST EDITION OF CODES ADOPTED BY THE LOCAL GOVERNING AGENCIES
- PER RESIDENTIAL CODE R302.5 NO OPENINGS FROM A PRIVATE GARAGE ARE PERMITTED DIRECTLY INTO SLEEPING AREAS. ALL OPENINGS SHALL HAVE SOLID WOOD, INSULATED STEEL OR 20 MIN. FIRE RATED DOORS NOT LESS THAN 1-3/8 INCHES THICKNESS. ALL DUCTS IN THE GARAGE OR PENETRATING THE WALL OR CEILING SEPARATING THE GARAGE AND DWELLING SHALL BE CONSTRUCTED OF MIN. 26 GA. SHEET METAL, 1 INCH MINIMUM RIGID CLASS 0 OR 1 DUCT BOARD, OR OTHER APPROVED MATERIAL AND SHALL HAVE NO OPENINGS INTO THE GARAGE
- PER RESIDENTIAL CODE TABLE R302.6 GARAGE SHALL BE SEPARATED FROM RESIDENCE AND IT'S ATTIC W/ MIN. 1/2" GYP BOARD ATTACHED IN ACCORDANCE WITH TABLE R702.3.5. HABITABLE ROOMS SHALL BE SEPARATED FROM ROOM ABOVE W/ MIN 5/8" TYPE "X" GYP BOARD, WHERE THE SEPARATION IS A FLOOR-CEILING ASSEMBLY. ANY STRUCTURE SUPPORTING THE ASSEMBLY SHALL BE PROTECTED W/ MIN 1/2" GYP BOARD
- PER RESIDENTIAL CODE R309.1 GARAGE AND CARPORT FLOOR SURFACE AREAS USED FOR PARKING OF AUTOMOBILES OR OTHER VEHICLES SHALL BE SLOPED TO FACILITATE THE MOVEMENT OF LIQUIDS TO A DRAIN OR TOWARDS THE MAIN VEHICLE ENTRY DOORWAY
- PER RESIDENTIAL CODE R312.1 PORCHES, BALCONIES OR RAISED FLOOR SURFACES LOCATED MORE THAN 30" ABOVE FINISHED FLOOR OR GRADE SHALL HAVE GUARDS NOT LESS THAN 36" IN HEIGHT. PER RESIDENTIAL CODE R312.1.2 OPEN SIDES OF STAIRS WITH A TOTAL RISE OF MORE THAN 30" ABOVE FINISHED FLOOR OR GRADE SHALL HAVE GUARDS NOT LESS THAN 34" IN HEIGHT MEASURED VERTICALLY FROM THE NOSING OF THE TREADS
- PER RESIDENTIAL CODE R312.1.3 REQUIRED GUARDS ON OPEN SIDES OF STAIRWAYS, RAISED FLOOR AREAS, BALCONIES AND PORCHES SHALL HAVE INTERMEDIATE RAILS OR ORNAMENTAL CLOSURES WHICH DO NOT ALLOW PASSAGE OF A SPHERE 4" OR MORE IN DIAMETER
- PER RESIDENTIAL CODE R308.4.5 GLAZING IN WALLS, ENCLOSURES OR FENCES CONTAINING, FACING, OR ADJACENT TO HOT TUBS, SPAS, WHIRLPOOLS, SAUNAS, STEAM ROOMS, BATHTUBS, SHOWERS AND INDOOR OR OUTDOOR SWIMMING POOLS WHERE THE BOTTOM EXPOSED EDGE OF THE GLAZING IS LESS THAN 60 INCHES MEASURED VERTICALLY ABOVE ANY STANDING OR WALKING SURFACE, SHALL BE CONSIDERED A HAZARDOUS LOCATION. G.C. TO VERIFY IF HOMEOWNER SELECTS ANY OF THESE ITEMS LISTED. IF ANY OF THESE ITEMS LISTED IS INSTALLED, SUCH GLAZING FACING THOSE ITEMS IS TO BE TEMPERED
- PER RESIDENTIAL CODE R312.2, PROVIDE WINDOW FALL PROTECTION IN ACCORDANCE WITH R312.2.1 AND R312.2.2
- GAS OPT. PER COMMUNITY. VERIFY WITH BLDR
- C.J. = RECOMMENDED MASONRY CONTROL JOINT LOCATION
- ALL FINISHES, MATERIALS, HOUSEWRAP, WINDOW AND DOOR FLASHING, TAPING AND SEALANTS TO BE INSTALLED PER BUILDER PROVIDED SPECIFICATIONS OR MFR WRITTEN INSTRUCTIONS
- ALL FINISH DETAILS & TYPICAL PLAN NOTES PROVIDED BY BUILDER IN ACCORDANCE WITH TYPICAL BUILDER SPECIFICATIONS
- REFER TO STRUCTURAL ENGINEERING DRAWINGS FOR ALL EXTERIOR WALL STUD SPECIES, SIZES AND SPACING

TERMITE SPECIFICATIONS

SECTION R318 PROTECTION AGAINST TERMITES

TERMITE PROTECTION SHALL BE PROVIDED BY REGISTERED TERMITICIDES, INCLUDING SOIL APPLIED PESTICIDES, BAITING SYSTEMS, AND PESTICIDES APPLIED TO WOOD, OR OTHER APPROVED METHODS OF TERMITE PROTECTION LABELED FOR USE A PREVENTIVE TREATMENT TO NEW CONSTRUCTION (SEE SECTION 202, REGISTERED TERMITICIDE). UPON COMPLETION OF THE APPLICATION OF THE TERMITE PROTECTIVE TREATMENT, A CERTIFICATE OF COMPLIANCE SHALL BE ISSUED TO THE BUILDING DEPARTMENT BY THE LICENSED PEST CONTROL COMPANY THAT CONTAINS THE FOLLOWING STATEMENT: "THE BUILDING HAS RECEIVED A COMPLETE TREATMENT FOR THE PREVENTION OF SUBTERRANEAN TERMITES. TREATMENT IS IN ACCORDANCE WITH RULES AND LAWS ESTABLISHED BY THE FLORIDA DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES."

NOTE:
1. METHOD OF TREATMENT SHALL BE APPROVED BY THE GOVERNING JURISDICTION "LIQUID BORATE OR BORA-CARE" PRODUCT METHODS MUST BE DETERMINED AT PERMIT STAGE AND PRODUCT APPROVAL DATA MUST BE ON FILE WITH THE BUILDING DEPARTMENT.
2. PRESSURE TREATED LUMBER THAT HAS BEEN CUT OR DRILLED THAT EXPOSES UNTREATED PORTIONS OF WOOD ARE REQUIRED TO BE FIELD TREATED TO PREVENT INSECT INFESTATION.
3. OPTIONAL BORATE APPLIED TO ALL FRAME MEMBERS MIN. 24" AFF

- - DETAIL
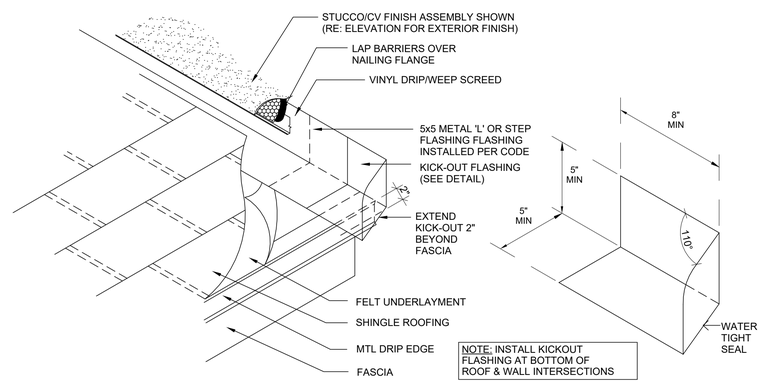
- - TYPICAL ROOF FLASHING NTS

VALLEY SHINGLE INSTALLATION:
INSTALL SHINGLES USING 'CLOSED CUT' METHOD.



1. MARK SHINGLE CUT LINE 2"-3" FROM VALLEY CENTER LINE.
2. INSERT METAL SHEET BETWEEN SHINGLES FROM BOTH PLANES, TO ENSURE ONLY TOP SHINGLE IS CUT.
3. FINISH THE CUT EDGE WITH A DOUBLE BEAD OF ROOF CEMENT

- DETAIL
- GARAGE WALL EXTENDED CURB DETAIL NTS

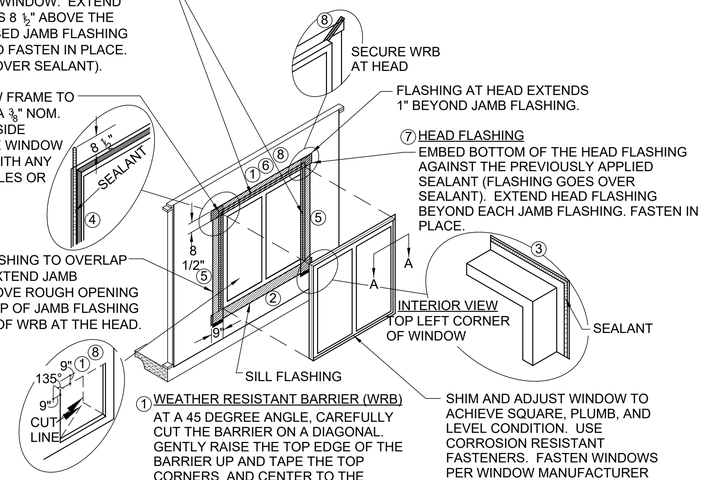
- DETAIL
- GARAGE SLAB RECESS AT OVERHEAD GARAGE DOOR NTS

TYPICAL WINDOW FLASHING

METHOD "A-1" (ASTM E 2112-01)

WINDOW INSTALLATION (METHOD A-1)

WEATHER RESITIVE BARRIER (WRB) APPLIED PRIOR TO THE WINDOW INSTALLATION. FLASHING APPLIED OVER THE FACE OF THE MOUNTING FLANGE.



⑤ JAMB FLASHING

APPLY CONT. SEAL TO THE MOUNTING FLANGES AT THE TOP (HEAD) AND SIDES (JAMBS) OF WINDOW. EXTEND SEALANT AT JAMBS 8 ½" ABOVE THE R.O. AT HEAD. EMBED JAMB FLASHING INTO SEALANT AND FASTEN IN PLACE. (FLASHING GOES OVER SEALANT).

③ SEAL THE WINDOW FRAME TO OPENING. APPLY A ⅜" NOM. DIA. TO THE BACKSIDE (INTERIOR) OF THE WINDOW FLANGE, IN LINE WITH ANY PRE-PUNCHED HOLES OR SLOTS.

⑤ JAMB FLASHING

EXTEND JAMB FLASHING TO OVERLAP SILL FLASHING. EXTEND JAMB FLASHING 8 ½" ABOVE ROUGH OPENING AT HEAD. TUCK TOP OF JAMB FLASHING UNDER THE FLAP OF WRB AT THE HEAD. SEE DIAGRAM.

① WEATHER RESISTANT BARRIER (WRB)

AT A 45 DEGREE ANGLE, CAREFULLY CUT THE BARRIER ON A DIAGONAL. GENTLY RAISE THE TOP EDGE OF THE BARRIER UP AND TAPE THE TOP CORNERS AND CENTER TO THE EXTERIOR WRB SURFACE ABOVE.

STEPS:

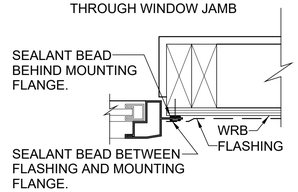
① IN WATER SHEDDING FASHION, STARTING AT THE BASE OF THE WALL & WORKING TOWARDS THE TOP, INSTALL THE WRB TO THE FACE OF THE SHEATHING.

② APPLY SILL FLASHING

③ APPLY BEAD OF SEALANT AT BACK OF WINDOW FLANGE & SET WINDOW USING PAN HEAD SCREWS TO FACILITATE INSPECTION.

④ APPLY BEAD OF SEALANT AT SIDE JAMBS. EXTEND 8 ½"

⑤ APPLY JAMB FLASHING



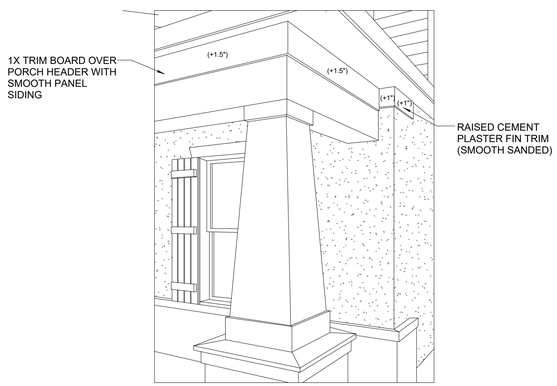
⑥ APPLY BEAD OF SEALANT AT HEAD

⑦ APPLY HEAD FLASHING

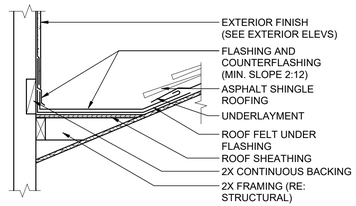
⑧ REMOVE PREVIOUSLY APPLIED TAPE, ALLOWING WRB TO LAY FLAT OVER HEAD FLASHING. APPLY NEW SHEATHING TAPE OVER DIAGONAL CUT - SEE DIAGRAM.

SECTION A

THROUGH WINDOW JAMB



NOTE:



1. WINDOW INSTALLATION AND FLASHING DETAILS ARE CONSISTENT WITH ASTM E 2112 METHOD A-1 EXCEPT SELF-ADHERING FLASHINGS ARE USED
2. IT IS THE CONTRACTORS RESPONSIBILTY TO VERIFY THE COMPATIBILITY OF ALL PRODUCTS INCLUDING HOUSEWRAP, SEALANTS & SELF-ADHERING FLASHING MATERIALS USED DURING CONSTRUCTION
3. INSTALL ALL MATERIALS PER MANUFACTURERS WRITTEN SPECIFICATIONS
4. TYPICAL WINDOW & DOOR FLASHING INSTALLATION DETAILS PREPARED IN ACCORDANCE WITH RESIDENTIAL CODE APPROVED SPECIFICATIONS

WARNING: SEALANTS/FLASHINGS MAY REACT ADVERSELY IF NOT COMPATIBLE

APEX TECHNOLOGY IS A FICTITIOUS NAME OWNED BY JAX APEX TECHNOLOGY INC., A FLORIDA CORPORATION FLORIDA ENGINEER BUSINESS NO. 7547

DESIGN CRITERIA AND LOADS

Building Code
Florida Building and Residential Codes, 8th Edition (2023)

Code for Design Loads
ANSI/ASCE 7-22

ROOF LOADING.....C_d = 1.25
TOP CHORD LIVE LOAD.....20 PSF
TOP CHORD DEAD LOAD.....7 PSF
BOTTOM CHORD LIVE LOAD
ATTICS WITH LIMITED STORAGE.....20 PSF
ATTICS WITHOUT STORAGE.....10 PSF (NON-CONCURRENT)
BOTTOM CHORD DEAD LOAD.....5 PSF

WIND LOADING*.....C_d = 1.60
ASCE 7, 3S GUST.....150 MPH
EXPOSURE CATEGORY.....C
BUILDING CATEGORY.....II
ENCLOSURE CLASSIFICATION.....ENCLOSED
INTERNAL PRESSURE COEFF.....0.18
C&C DESIGN PRESSURES.....(SEE TABLE 1)

OR

FLOOR LOADING.....C_d = 1.00
TOP CHORD LIVE LOAD.....40 PSF
TOP CHORD DEAD LOAD.....10 PSF
BOTTOM CHORD LIVE LOAD.....0 PSF
BOTTOM CHORD DEAD LOAD.....5 PSF

SPECIAL FLOOR LOADING.....C_d = 1.00
GAME ROOM²/LOFT LIVE LOAD.....60 PSF
BALCONY/DECK LIVE LOAD.....40 PSF

DEFLECTION CRITERIA
ROOF TRUSSES.....LL / 240
TL / 180
TL MAX 1" UP TO 40' SPAN
FLOOR JOIST OR TRUSS.....LL / 360
TL / 240
BEAMS[1].....LL / 360
TL / 240

NOTES:
1. PORCH BEAMS AND BEAMS SUPPORTING EXTERIOR WALL ABOVE SHALL NOT EXCEED ½" DEFLECTION
2. MAX 16" O.C. FLOOR TRUSS SPACING BELOW GAME ROOM/LOFT
3. ROOF TRUSS WIND DESIGN METHOD SHALL BE MWFRS (DIRECTIONAL -OR- ALL HEIGHT) C-C HYBRID

TABLE 1: COMPONENT AND CLADDING DESIGN PRESSURES

WINDOWS AND DOORS (NOTE 1)				
EFFECTIVE WIND AREA	ZONE DESIGNATION			
	IZ - Interior Zone (psf)		EZ - End Zone (psf)	
0 - 20 ft²	+32.75	-35.52	+32.75	-43.85
21 - 50 ft²	+31.17	-33.94	+31.17	-40.69
51 - 100 ft²	+29.28	-32.05	+29.28	-36.91
101 - 200 ft²	+27.82	-30.60	+27.82	-34.00

SOFFIT MAX PRESSURE (psf)	+32.75	-43.85
GARAGE DOOR WIDTH (NOTE 2)	PRESSURE (PSF)	
8 FT	+29.18/-36.72	
16 FT	+27.71/-32.13	
ROOFING	-85.85 PSF	

NOTES:
1. END ZONE DESIGNATIONS MAY BE TAKEN AS THE 1ST 4.0' AT ALL EXTERIOR CORNERS PER SECTION R301.2. END ZONES NOT APPLICABLE AT RE-ENTRANT CORNERS.
2. GARAGE DOOR HEIGHT MAY BE 6'-8" OR HIGHER
3. ROOFING PRODUCTS INCLUDE SHINGLES, UNDERLAYMENT AND VENTILATION

THIS STRUCTURE IS LOCATED IN THE WIND BORNE DEBRIS REGION AND HAS BEEN DESIGNED AS AN ENCLOSED STRUCTURE. AS SUCH, THE BUILDER MUST SUPPLY OPENING PROTECTION IN ACCORDANCE WITH SECTION 1609.1.2 AND/OR SECTION R301.2.1.2 AND LOCAL BUILDING JURISDICTION.

SHEET INDEX

ST-1..... STRUCTURAL SPECIFICATIONS
ST-2..... FOUNDATION PLAN
ST-2D..... FOUNDATION SECTIONS
ST-3..... 1ST LEVEL STRUCTURAL FRAMING & MASONRY PLAN
ST-3A..... 1ST LEVEL FLOOR & ROOF FRAMING PLAN
ST-4..... 2ND LEVEL STRUCTURAL FRAMING PLAN (IF APPLICABLE)
ST-4A..... 2ND LEVEL ROOF FRAMING PLAN (IF APPLICABLE)
ST-5..... TYPICAL WALL SECTION SHEET
ST-6..... SECTIONS AND DETAILS
ST-7..... SECTIONS AND DETAILS

TABLE 2: WOOD STRUCTURAL PANEL SHEATHING REQUIREMENTS

NOTES 3,4

TYPICAL EXTERIOR WALL SHEATHING (NOTE 2)	STUCCO AND DIRECTLY ADHERED STONE (NOTE 6)	MIN 7/16" 24/16 SPAN RATED OSB OR PLYWOOD INSTALLED HORIZONTALLY W/ 8d COMMON: 6" O.C. EDGE AND FIELD. 2x4 BLOCKING IS RECOMMENDED AT UNSUPPORTED PANEL EDGES.
	ALL OTHER VENEER	MIN 7/16" 24/16 SPAN RATED OSB OR PLYWOOD INSTALLED VERTICALLY (BLOCKED PANEL EDGES REQUIRED) OR HORIZONTALLY (UNBLOCKED PANEL EDGES, UNO) W/ 8d COMMON: 6" O.C. EDGES AND FIELD
ROOF DECK SHEATHING (NOTE 1)	METAL ROOF	MIN 15/32" 32/16 SPAN RATED PLYWOOD INSTALLED WITH LONG DIMENSION PERPENDICULAR TO SUPPORTS W/ RSRS-03 NAILS: 4" O.C. AT PANEL EDGES AND 6" O.C. IN THE FIELD (UNBLOCKED PANEL EDGES, UNO).
	SHINGLE ROOF	MIN 7/16" 24/16 SPAN RATED OSB OR PLYWOOD INSTALLED WITH LONG DIMENSION PERPENDICULAR TO SUPPORTS W/ RSRS-01 NAILS: 6" O.C. AT PANEL EDGES, AND 6" O.C. IN THE FIELD (UNBLOCKED PANEL EDGES, UNO).
FLOOR DECK SHEATHING: (NOTE 5)		23/32" T&G OSB OR PLYWOOD W/ 10d COMMON: 6" O.C AT PANEL EDGES, 12" O.C. IN THE FIELD (UNBLOCKED PANEL EDGES, UNO).
PORCH CEILING BOARD SHEATHING:		MIN 3/8" OSB OR PLYWOOD OR CDX INSTALLED PERPENDICULAR TO SUPPORTS W/ 8d COMMON: 3" O.C. AT PANEL EDGES, 12" O.C. IN THE FIELDOR MIN½" EXTERIOR GYPSUM CEILING BOARD, FASTEN W/ 5d x 15/8" COOLER NAIL OR NO.6 x 1¼" LONG SCREWS @ 4" O.C. EDGES, 8" O.C. FIELD (UNBLOCKED PANEL EDGES, UNO).

NOTES:
1. FOR SHEATHING THICKNESS GREATER THAN 15/32" CATEGORY, USE RSRS-03 NAILS.
2. COMMON NAILS IN WALL SHEATHING MAY BE SUBSTITUTED W/ 8d GALVANIZED BOX NAILS.
3. ZIP WALL SHEATHING IS AN ACCEPTABLE ALTERNATE FOR APA RATED WOOD STRUCTURAL PANEL.
4. ALL WOOD STRUCTURAL PANEL SHALL CONFORM TO THE MOST CURRENT APPLICABLE SPECIFICATION AND SUPPLEMENTS OF CURRENT APPROVED APA MANF. SPECIFICATIONS.
5. FLOOR FASTENERS ARE MINIMUM REQUIRED FOR DIAPHRAGM DESIGN. FOR INCREASED FLOOR PERFORMANCE AND TO HELP REDUCE SQUEAKING, RSRS-01 NAILS OR 8d SCREW NAILS ARE RECOMMENDED.
6. 15/32" 32/16 SPAN RATED OSB OR PLYWOOD WITH BLOCKED PANEL EDGES IS AN APA RECOMMENDATION PER APA TECHNICAL BULLETIN Q370 WHEN STUCCO LATH IS ATTACHED DIRECTLY TO OSB OR PLYWOOD. SHOULD BUILDER SPECIFICATIONS ALLOW, MIN STRUCTURAL REQUIREMENTS ARE 7/16" 24/16 SPAN RATING INSTALLED HORIZONTALLY. INCLUDES FULL AND PARTIAL HEIGHT VENEER APPLICATIONS
7. ROOF DECK SHEATHING HAS BEEN ENGINEERED TO RESIST ASCE 7 WIND LOADS IN ACCORDANCE WITH FRC R301.2.1.1

TABLE 3: NAIL SIZE LEGEND

NOTES 1, 2, 3, 4

	DIAMETER	LENGTH
8d COMMON	0.131"	2-½"
RSRS-01	0.113"	2-3/8"
RSRS-03	0.131"	2-½"
10d x 1-½"	0.148"	1-½"
10d	0.131"	3"
10d COMMON	0.148"	3"
12d COMMON	0.148"	3-¼"
16d SINKER	0.148"	3-¼"
16d COMMON	0.162"	3-½"

NOTES:
1. INSTALL 10d NAILS UNLESS OTHERWISE SPECIFIED.
2. COMMON WIRE NAILS AND THREADED HARDENED STEEL NAILS SHALL CONFORM TO THE NOMINAL SIZES SPECIFIED IN ASTM F1667. NOMINAL DIAMETER SIZES APPLY TO FASTENERS BEFORE APPLICATION OF PROTECTIVE COATING.
3. WHEN A BORED HOLE IS REQUIRED TO PREVENT SPLITTING OF A WOOD DUE TO FASTENER PENETRATION, THE BORED HOLE SHALL NOT EXCEED 75% OF THE NAIL OR SPIKE DIAMETER.
4. THE NOMINAL DIAMETER AND LENGTH OF TYPICAL FASTENERS SPECIFIED FOR THIS PROJECT ARE AS LISTED IN TABLE3.

TABLE 4: FASTENERS IN PRESSURE TREATED LUMBER

PRESERVATIVE	FASTENER TYPE
ACZA	STANDARD CARBON STEEL
SODIUM BORATE (NOTE 1)	STAINLESS CONNECTORS AND FASTENERS REQUIRED.
ALL OTHER PT (INCLUDING ACQ & MCQ)	CONNECTORS MUST HAVE Z-MAX, G120 OR TRIPLE ZINC COATED FINISH. ALL FASTENERS MUST BE HOT DIPPED GALVANIZED.

NOTES:
1. SILL PLATES W/ SODIUM BORATE TREATMENTS BEARING ON CONCRETE OVER VAPOR BARRIER ARE NOT DIRECTLY EXPOSED TO EARTH OR WEATHER AND HAVE BEEN PROVEN TO BE NON-CORROSIVE TO CARBON STEEL FASTENERS.

TABLE 5: EXTERIOR HEAD JAMB AND SILL FRAMING

ROUGH OPENING WIDTH	HEAD JAMB OR SILL SIZE	FASTENERS AT EACH END
50" OR LESS	(1) 2x4 OR (1) 2x6	(4) 10d TOE-NAILS
GREATER THAN 50" UP TO 76"	(2) 2x4 OR (1) 2x6	(6) 10d TOE-NAILS
GREATER THAN 76"	SEE FLOOR PLAN	SEE FLOOR PLAN

1. WINDOWS WITH INTERMEDIATE JACK STUDS MAY BE TREATED AS SEPARATE OPENINGS.
2. HEAD JAMB AND SILL OUTSIDE THE SCOPE OF THIS SCHEDULE HAVE BEEN ENGINEERED AS WIND-LOAD HEADER AND SILL. SEE PLAN.

PRE-ENGINEERED TRUSSES

1. NOTE : ROOF TRUSS TOP CHORDS SHALL HAVE A MINIMUM SPECIFIC GRAVITY OF 0.49 (SYP SPECIES OR BETTER)
2. ROOF OR FLOOR TRUSSES FABRICATED TO ACHIEVE THE ROOF PLANES DEPICTED ON THE ARCHITECTURAL PLANS SHALL BE DESIGNED UNDER THE SUPERVISION OF A REGISTERED PROFESSIONAL ENGINEER. ENGINEERING SHOP DRAWINGS SHALL BE PREPARED IN ACCORDANCE WITH ANSI/TPI AND SUBMITTED TO THE ENGINEER OF RECORD FOR APPROVAL PRIOR TO FABRICATION. DESIGN CRITERIA IS LOCATED ON SHEET ST-1 OF THE PLAN SETTEMPORARY BRACING SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR AND SHALL BE LEFT IN PLACE AFTER CONSTRUCTION IS COMPLETE.
3. TRUSSES SHALL BE DESIGNED TO MATCH THE ORIENTATION, SPAN DIRECTION, SPACING, BEARING & LOCATION OF THE FRAMING PLAN SHOWN HERE.
4. THE TRUSS ENGINEER SHALL PROVIDE ALL TRUSS TO TRUSS CONNECTION DESIGN AND SPECIFICATIONS AND SUBMIT THEM UNDER SIGN AND SEAL WITH THE TRUSS SHOP DRAWINGS.
5. TRUSS UPLIFTS HAVE BEEN CALCULATED BY THE ENGINEER OF RECORD AND TAKEN INTO CONSIDERATION DURING THE DESIGN OF THE UPLIFT RESTRAINT SYSTEM FOR THIS STRUCTURE. AS SUCH, THE REPORTED UPLIFTS ON THE TRUSS SHOP DRAWINGS MAY BE DISREGARDED.

NOTES:
1. SIMPSON ACRYLIC-TIE ADHESIVE OR EQUAL SHALL BE USED IN ALL DRILLED AND EPOXIED ANCHOR APPLICATIONS. ANCHOR BOLT, THREADED ROD, OR DOWELED REINFORCING STEEL MAY BE EMBEDDED TO THE SPECIFIED DEPTH, IN A HOLE AS SPECIFIED BY MANUFACTURER (TYPICALLY 1/16" TO 1/8" GREATER THAN SPECIFIED ANCHOR DIAMETER). ADHESIVE/EPOXY MUST FILL THE HOLE IN THE CONCRETE AND WOOD BOTTOM PLATE. MANUFACTURER'S SPECIFICATIONS MUST BE FOLLOWED FOR PROPER INSTALLATION.
2. REFER TO SIMPSON OR MITEK CATALOG FOR ADDITIONAL INSTALLATION INSTRUCTIONS.
3. IF CONNECTOR IS NOT LISTED ABOVE, CONTACT EOR FOR SPECIFIC FASTENING REQUIREMENTS.
4. POSITIVE PLACEMENT GUN NAILS, 2½" LONG, WITH EQUIVALENT DIAMETER TO COMMON NAILS SPECIFIED ABOVE MAY BE USED FOR ABU POST BASE ANCHORS, CS16, AND MSTA FLAT STRAPS.
5. MASONRY APPLICATION REQUIRE EQUIVALENT NUMBER OF TITEN ANCHORS IN LIEU OF 16d NAILS TO HDR CONNECTION. CMU REQUIRES ¼" Ø x 2 ¼" TITENS ILO 16d. CONCRETE REQUIRES EQUIVALENT NUMBER OF ¼" Ø x 1 ¾" TITENS ILO 16d.
6. MASONRY SCREWS AT EXTERIOR CMU APPLICATIONS TO HAVE FLAT HEADS.

MASONRY NOTES

1. ALL MASONRY UNITS SHALL MEET ASTM C90 STANDARD WITH f'm= 2000PSI AND SHALL BE ERECTED IN RUNNING BOND WITH TYPE M OR S MORTAR OVER FULL BED.
2. SHOULD LIMITED AREAS OF STACK BOND MASONRY EXIST, EVERY OTHER COURSE SHALL BE EQUIPPED w/ 9 GAUGE LADDER TYPE HORIZONTAL JOINT REINFORCEMENT
3. ALL GROUT TO BE MIXED PER ASTM C476 STANDARDS AND INSTALLED TO COMPLY WITH FBC R606.3.5. f'c = 3,000 PSI.
4. VERTICAL WALL REINFORCING TO BE ASTM A615 GRADE 60 REBAR.
5. LAPS BETWEEN VERTICAL REINFORCING AND DOWELS TO BE 30".
6. VERTICAL REINFORCING TO HAVE 10' STANDARD HOOK INTO BOND BEAM. DOWEL TO HAVE 10' STANDARD HOOK INTO FOOTING
7. PRE-CAST MASONRY LINTELS: SEE "LINTEL SCHEDULE" ON STRUCTURAL PLAN SHEET.
8. PROVIDE MOISTURE BARRIER FOR ALL UNTREATED LUMBER IN CONTACT WITH MASONRY OR CONCRETE.

CONCRETE AND FOUNDATION NOTES

1. CONCRETE COMPRESSIVE STRENGTH FOR FOOTINGS= 2,500 PSI AT 28 DAYS (UNO).
2. CONCRETE COMPRESSIVE STRENGTH FOR SLAB = 2,500 PSI AT 28 DAYS (UNO).
3. ALL REINFORCING STEEL #3 AND BIGGER SHALL BE ASTM A615 GRADE 40 DEFORMED BARS (UNO).
4. ALL REINFORCING STEEL SHALL HAVE 90 DEGREE BEND AT CORNERS WITH A 24" LAP24" LONG #4 BAR IS RECOMMENDED TO BE INSTALLED AT ALL REENTRANT CORNERS.
5. FIBERMESH IS AN ACCEPTABLE ALTERNATIVE AND SHALL NOT REQUIRE WWF.FIBER LENGTHS SHALL BE ½" TO 2" IN LENGTH. DOSAGE AMOUNTS SHALL RANGE FROM 0.75 TO 1.5 POUNDS PER CUBIC YARD IN ACCORDANCE WITH THE MANUFACTURER'S RECOMMENDATIONS. SYNTHETIC FIBERS SHALL COMPLY WITH ASTM C1116. THE MANUFACTURER OR SUPPLIER SHALL PROVIDE CERTIFICATION OF COMPLIANCE WHEN REQUESTED BY THE BUILDING OFFICIAL.
6. MASONRY STEMWALL AND MONOLITHIC FOOTING ARE INTERCHANGEABLE.
7. EARTH AND EARTH FILL SUPPORTING SLABS ON GRADE IS ASSUMED TO HAVE A MINIMUM BEARING CAPACITY OF 2,000 PSF IN ACCORDANCE WITH TABLE R401.4.1, AND SHALL BE FREE OF ORGANIC MATERIAL AND COHESIVE SOILS. COMPACT THE FILL IN 12" LIFTS TO AT LEAST 95% OF MODIFIED PROCTOR MAXIMUM DRY DENSITY. IT IS THE OWNER'S OR CONTRACTOR'S RESPONSIBILITY TO CONFIRM THESE ASSUMPTIONS.
8. CONCRETE FLOOR SLABS ON GRADE SHALL BE INSTALLED OVER A MINIMUM 6 MIL POLYETHYLENE VAPOR RETARDER WITH JOINTS LAPPED 6" AND SEALED OVER CLEAN, COMPACTED EARTH OR FILL WITH CODE APPROVED PROVISIONS FOR PREVENTION OF SUBTERRANEAN TERMITES.
9. STEMWALLS OVER 4 COURSES TALL REQUIRE SPECIAL ATTENTION TO BRACING DURING CONSTRUCTION. CONTACT ENGINEER OF RECORD IF THIS CONDITION EXISTS.
10. TO CONTROL CRACKING, CUT 1" SAWCUTS IN THE SLAB IN A 15'x15' GRID WITHIN 12 HOURS OF CONCRETE PLACEMENT. CONTACT EOR FOR ALTERNATIVE METHODS.CONTROL JOINTS ARE NOT REQUIRED WHEN WWF OR FIBERMESH ARE INCLUDED WITH CONCRETE WORK.
11. DO NOT SCALE FOOTING DIMENSIONS AND LOCATIONS FROM THE FOUNDATION PLAN. DO NOT DETERMINE FOOTING LOCATION FROM ARCHITECTURAL PLANS OR FRAMING PLAN. IF FOOTING SIZE OR LOCATION IS NOT DETERMINATE FROM USE OF FOUNDATION PLAN ALONE, CONTACT THE ENGINEER OF RECORD.

LEGEND

OR	"OR" SHALL MEAN THAT EITHER OPTION PROVIDED IS AN EQUAL ALTERNATIVE FOR THE APPLICATION SHOWN
UNO	UNLESS NOTED OTHERWISE ON PLAN OR DETAIL

PSL	2.0E PARALLAM PSL ENGINEERED LUMBER, 3 ½" WIDE, UNO.
SYS 42	PROPERLY RATED OPEN WEB HEADER
OPT	OPTIONAL

HEADER FRAMING

1. ALL HEADER JACK AND KING STUDS SHALL BE FASTENED TO EACH OTHER WITH (2) ROWS 10d @ 8" O.C. STAGGERED.
2. ALL HEADERS TO BE FRAMED W/ NO.2 SYP
3. FASTEN ALL MULTI-PLY HEADERS TOGETHER WITH (2) ROWS 10d @ 8" O.C., STAGGERED ALONG EACH EDGE.
4. FASTEN ALL HEADERS TO KING STUDS WITH (3) 8d TOE NAILS
5. IF HEADER NOT SPECIFIED, CONTACT ENGINEER OF RECORD.
6. CRIPPLE BLOCKS BELOW LOAD-BEARING HEADERS MAY BE FRAMED AT 24" O.C.
7. IN ANY LOCATION WHERE A 2x_ BEAM OR HEADER IS PROVIDED, IT IS ACCEPTABLE TO USE AN ENGINEERED LVL BEAM OR HEADER OF EQUIVALENT SIZE.
8. NON BEARING HEADERS: DUE TO LIGHTLY LOADED CONDITIONS, 38" OR LESS CLEAR-OPENINGS IN AN EXTERIOR WALL DO NOT REQUIRE LOAD BEARING HEADER, SEE PLAN.

FRAMING NOTES

1. ALL LUMBER SPECIFIED ON DRAWINGS IS INTENDED FOR DRY USE ONLY, UNO. ALL WATERPROOFING AND FIRE SAFETY SYSTEMS ARE THE RESPONSIBILITY OF THE CONTRACTOR AND ARE TO BE DESIGNED AND DETAILED BY OTHER.
2. ALL METAL CONNECTORS SPECIFIED ON PLAN ARE IN ADDITION TO FRAMING FASTENER REQUIREMENTS LISTED IN TABLE 2304.10.1
3. FASTEN ALL MULTI-PLY STUD COLUMNS AND CORNERS TOGETHER WITH (2) ROWS 10d @ 8" O.C. STAGGERED. UPPER LEVEL MULTI-PLY STUD GROUPS BELOW ALL GIRDER LOCATIONS TO BE CONTINUOUS THROUGH FLOOR SYSTEM TO FOUNDATION. (NOT REQUIRED BELOW HEADER JACK/KING STUD GROUPS)
4. FASTEN ALL STUDS TO BOTTOM AND TOP PLATES WITH (4) 8d TOE NAILS OR (2)16d COMMON END NAILS.
5. FASTEN ALL TRUSSES AND RAFTERS TO TOP PLATES WITH (3) 8d TOE NAILS.
6. ALL MULTI-PLY TRUSS GIRDERS AND BEAMS TO HAVE SOLID STUD GROUP BELOW MATCHING GIRDER OR BEAM THICKNESS AND MATCHING WALL STUD SPECIFICATIONS. AS NOTED ON STRUCTURAL PLAN, UNO.
7. EXTERIOR WALL DESIGN ASSUMES CONTINUOUSLY SHEATHED WITH OSB OR PLYWOOD
8. EXTERIOR WALLS SHALL BE FRAMED W/ NO.2 SPF STUDS AND NO.2 SYP PLATES. INTERIOR LOAD-BEARING WALLS SHALL BE FRAMED W/ SPF STUD GRADE OR BETTER AND NO.2 SYP PLATES
9. NON-LOAD BEARING INTERIOR WALLS MAY BE FRAMED W/ 2x_ SPF @ MAX 24" O.C. OR METAL STUD FRAMING MAX 24" O.C. , EXCEPT WHERE WALLS SUPPORT TILE.

(SEE SHEET ST-1 & 5 FOR TYPICAL NOTES)

1. MIN (2) INTERMEDIATE JACK STUDS REQUIRED BETWEEN OPENINGS
2. FASTEN EACH BEAM TO MASONRY W/ META STRAP
3. • INSTALL 7/16" OSB SHEATHING W/ 8d COMMON @ 6" O.C. AT ALL PANEL EDGES AND 12" O.C IN FIELD
   • BLOCK ALL SHEATHING PANEL EDGES FULL LENGTH OF WALL
   • FASTEN BOTTOM PLATE TO:
   •• SLAB W/ ½" ANCHOR @ 24" O.C. PER TYPICAL WALL SECTION, SHEET ST-5
   •• FLOOR FRAMING W/ 10d @ 3" O.C.
4. • INSTALL 7/16" OSB SHEATHING w/ 8d COMMON @ 3" O.C. AT ALL PANEL EDGES AND 12" O.C. IN FIELD
   • BLOCK ALL SHEATHING PANEL EDGES FULL LENGTH OF WALL
   • FASTEN BOTTOM PLATE TO:
   •• SLAB W/ ½" ANCHOR @ 16" O.C. PER TYPICAL WALL SECTION, SHEET ST-5
   •• FLOOR FRAMING W/ 10d @ 3" O.C.
5. • BEAM TO CMU WALL w/ SIMPSON HUC HANGER MATCHING PORCH BEAM DIMENSIONS.
   • MIN. 2" MASONRY SCREW OFFSET FROM CORNER.
6. • EVERY STUD TO TOP PLATE W/ (2) SDWC15600.
   • EVERY STUD TO BOTTOM PLATE W/ (2) SDWC15450.
7. TALL WALL: 2x8 NO.2 SPF @ 16" O.C.
8. HOLD BACK LEAD STUD OF PERPENDICULAR WALL½" FOR SHEATHING TO BE CONTINUOUS
9. INSTALL (2) META STRAPS OR (1) HM9 AT EACH TRUSS AS NOTED
10. SEE INTERIOR SHEARWALL DETAIL, THIS SHEET
11. PROVIDE META WET-EMBED STRAPS @ EACH TRUSS VERT. @ 24" O.C. OR HGAM10 @ 32" O.C.
12. ATTACH SW TO FLOOR DIAPHRAGM PER ONE OF THE FOLLOWING:
    A. IF FLOOR TRUSS ALIGNS ABOVE SW, ATTACH FLOOR TRUSS BOTTOM CHORD TO SW DBL TOP PLATE W/ 10d @ 3" O.C.
    B. FRAME AND SHEATH SW TO FLOOR DECK ABOVE. ATTACH FLOOR DECK TO SW DBL TOP PLATE W/ 10d @ 3" O.C.
13. ANCHOR STRAPS DIRECTLY TO GIRDER/FLOOR TRUSS END VERTICALS BELOW

LEGEND

- INTERIOR WOOD FRAME ROOF LOAD BEARING WALL, SPECIFICATIONS OUTLINED ON TYPICAL WALL SECTIONS, DETAIL SHEETS
- INTERIOR WOOD FRAME BEARING WALL WITH NO UPLIFT. NO UPLIFT ANCHORS REQUIRED. MINIMUM BOTTOM PLATE ANCHORAGE IS ¼" x 3" TAPCONS @ 24" O.C. & 6" O.C. MAX FROM END OF 2x PLATE (UNO ON FRAMING PLAN OR SW SPECIFICATIONS)
- STRUCTURAL WOOD BEAM

STUD COLUMN KEYNOTE

2 STUDS / STRAP | TRUSS GIRDER

- NUMBER OF STUDS BELOW BEAM/GIRDER TRUSS. STUDS TO MATCH WALL FRAMING SIZE AND GRADE, UNO.
- ADDITIONAL CLARITY FOR THE LOCATION OF THE STUD COLUMN

BOTTOM OF STUD COLUMN CONNECTION
- 1ST LEVEL STUD COLUMN: HOLDDOWN REQUIRED AT BASE OF COLUMN
- 2ND LEVEL STUD COLUMN: STRAPPING REQUIRED FROM 2ND LEVEL COLUMN TO 1ST LEVEL STUDS/HEADER/BEAM/CMU WALL. SEE DETAIL HD WHEN "HD" SPECIFIED.

HEADER STRAPPING KEYNOTE

1 MSTA24 / 1 DTT2Z
- NUMBER OF STRAPS CONNECTING HEADER TO JACK STUD
- TYPE OF STRAP CONNECTING HEADER TO JACK STUD
- KING/JACK GROUP BOTTOM CONNECTION
  - 1ST LEVEL: HOLDDOWN REQUIRED AT BASE OF COLUMN
  - 2ND LEVEL: STRAPPING REQUIRED FROM 2ND LEVEL JACK/KING GROUP TO 1ST LEVEL STUDS/HEADER/BEAM/CMU WALL. SEE DETAIL HD WHEN "HD" SPECIFIED.
- NUMBER OF HOLDDOWNS/STRAPS AT BASE OF KING/JACK GROUP

NON-BEARING HEADER FRAMING KEYNOTE

NO HDR - #
- NUMBER OF KING STUDS EACH SIDE OF OPENING
- HEADER MAY BE FRAMED AS NON BEARING HEADER DUE TO LIGHTLY LOADED CONDITIONS ABOVE

#2 SYP HEADER FRAMING KEYNOTE

(2) 2x10 - 1 / 2
- NUMBER OF KING STUDS EACH SIDE OF OPENING
- NUMBER OF JACK STUDS EACH SIDE OF OPENING
- DEPTH OF LOAD-BEARING #2 SYP HEADER
- NUMBER OF PLIES IN HEADER

ENGINEERED LUMBER HEADER FRAMING KEYNOTE

(2) 9 ½" LSL- 1 / 2
- NUMBER OF KING STUDS EACH SIDE OF OPENING
- NUMBER OF JACK STUDS EACH SIDE OF OPENING
- HEADER MATERIAL (LSL, LVL, PSL, OR SYS42)
- DEPTH OF LOAD-BEARING EWP HEADER
- NUMBER OF PLIES IN HEADER (1 ¾" WIDE UNO)

2. TYPICAL BEARING BLOCK
   - BEARING BLOCK TO BE NO.2 SYP, MIN 48" LONG AND TO MATCH DIMENSION OF TRUSS MEMBER.
   - ATTACH BEARING BLOCK TO TRUSS VERTICAL OR TRUSS BOTTOM CHORD W/ (3) ROWS 10d @ 4" O.C. STAGGERED.

3. LEDGER FRAMING NOTES
   - FASTEN NO.2 SYP LEDGER TO FRAMING/TRUSS VERTICALS AT EVERY SUPPORT WITH FASTENING SHOWN BELOW (MAX 24" O.C. SPACING), OR
   - FASTEN NO.2 SYP PT LEDGER TO MASONRY/CONCRETE w/ FASTENING SHOWN BELOW
   - ADDITIONAL FASTENERS MAY BE REQUIRED AT SPECIFIED LOCATIONS ON PLAN
   - SEE TABLE 4 ON SHEET ST-1 FOR FASTENER PROTECTION AGAINST CORROSION
   - EXTERIOR DECK LEDGERS SHALL BE SECURE TO WALL FRAMING WITH WOOD SCREWS. COMMON NAILS AT FLOOR LEDGERS ARE FOR INTERIOR USE ONLY.

ROOF FRAMING LEDGER TO WOOD:

2x6.....(4) 12d COMMON
2x8.....(6) 12d COMMON
2x10.....(8) 12d COMMON
2x12.....(10) 12d COMMON

LEDGER TO CMU (W/ 3" TAPCON OR TITEN):

PT 2x6.....(2) ROWS ¼" Ø @ 24" O.C. STAGGERED
PT 2x8.....(2) ROWS ¼" Ø @ 16" O.C. STAGGERED
PT 2x10.....(2) ROWS ¼" Ø @ 8" O.C. STAGGERED
PT 2x12.....(2) ROWS ¼" Ø @ 6" O.C. STAGGERED

FLOOR FRAMING LEDGER TO WOOD (W/ NAILS):

2x6.....(3) 16d COMMON
2x8.....(5) 16d COMMON
2x10.....(7) 16d COMMON
2x12.....(9) 16d COMMON

FLOOR FRAMING LEDGER TO WOOD (W/ SCREWS):

PT 2x6.....(3) ¼" x 4-½" LONG #14 WOOD SCREWS
PT 2x8.....(5) ¼" x 4-½" LONG #14 WOOD SCREWS
PT 2x10.....(7) ¼" x 4-½" LONG #14 WOOD SCREWS
PT 2x12.....(9) ¼" x 4-½" LONG #14 WOOD SCREWS

4. • (2) 2x8 SYP BLOCKING BETWEEN TRUSS TOP CHORDS BELOW WALL ABOVE
   • ATTACH BLOCKING TO TRUSSES W/ (4) 10d TOE-NAILS EACH END
5. IF USING (2) HTSM20, INSTALL (1) STRAP ON EACH FACE OF THE WALL - (2) HTSM20 ON SAME SIDE OF WALL IS NOT PERMITTED AT THIS LOCATION
6. TRUSS TO WOOD BEAM W/ SDWC15600
7. SEE SCAB BLOCK DETAIL ON ST-6. INSTALL SCAB BLOCK FOR TWIST STRAP CONNECTION AS NEEDED.
8. GABLE END FLOOR TRUSSOR BOTTOM RIBBON BOARD TO BOND BEAM W/ HGAM10 @ MAX 24" O.C.
9. FASTEN FL TRUSS TO 1ST LEVEL DOUBLE TOP PLATE w/ 10d @ 3" O.C.
10. INSTALL (2) META20 STRAPSOR (1) HM9 AT EACH TRUSS
11. PROVIDE WET-EMBED META20 STRAPS @ EACH TRUSS VERT. @ MAX 24" O.C. OR HGAM10 @ MAX 32" O.C.
12. TRUSS TO MASONRY W/ HEAVY TENSION TIE PER PLAN W/ 5/8" Ø SCREW ANCHOR W/ 12" EMBED, CENTERED IN BOND BEAM
13. MGT OR VGT W/ (1) 5/8" Ø ANCHOR W/ MIN 12" EMBED
14. • (1) 48" & (1) 24" BEARING BLOCK REQUIRED
    • EACH BLOCK TO TRUSS w/ (3) ROWS 10d @ 4" O.C. STAGGERED
    • TRUSS TO MASONRY BELOW W/ LGT3-SDS2.5

NOTES APPLICABLE ONLY WHERE SPECIFIED ON PLAN

(SEE SHEET ST-1 & 5 FOR TYPICAL NOTES)

1. MIN (2) INTERMEDIATE JACK STUDS REQUIRED BETWEEN OPENINGS
2. FASTEN EACH BEAM TO MASONRY W/ META STRAP
3. • INSTALL 7/16" OSB SHEATHING W/ 8d COMMON @ 6" O.C. AT ALL PANEL EDGES AND 12" O.C IN FIELD
   • BLOCK ALL SHEATHING PANEL EDGES FULL LENGTH OF WALL
   • FASTEN BOTTOM PLATE TO:
   •• SLAB W/ ½" ANCHOR @ 24" O.C. PER TYPICAL WALL SECTION, SHEET ST-5
   •• FLOOR FRAMING W/ 10d @ 3" O.C.
4. • INSTALL 7/16" OSB SHEATHING w/ 8d COMMON @ 3" O.C. AT ALL PANEL EDGES AND 12" O.C. IN FIELD
   • BLOCK ALL SHEATHING PANEL EDGES FULL LENGTH OF WALL
   • FASTEN BOTTOM PLATE TO:
   •• SLAB W/ ½" ANCHOR @ 16" O.C. PER TYPICAL WALL SECTION, SHEET ST-5
   •• FLOOR FRAMING W/ 10d @ 3" O.C.
5. • BEAM TO CMU WALL w/ SIMSPON HUC HANGER MATCHING PORCH BEAM DIMENSIONS.
   • MIN. 2" MASONRY SCREW OFFSET FROM CORNER.
6. • EVERY STUD TO TOP PLATE W/ (2) SDWC15600.
   • EVERY STUD TO BOTTOM PLATE W/ (2) SDWC15450.
7. TALL WALL: 2x8 NO.2 SPF @ 16" O.C.
8. HOLD BACK LEAD STUD OF PERPENDICULAR WALL ½" FOR SHEATHING TO BE CONTINUOUS
9. INSTALL (2) META STRAPS OR (1) HM9 AT EACH TRUSS AS NOTED
10. SEE INTERIOR SHEARWALL DETAIL, THIS SHEET
11. PROVIDE META WET-EMBED STRAPS @ EACH TRUSS VERT. @ 24" O.C. OR HGAM10 @ 32" O.C.
12. ATTACH SW TO FLOOR DIAPHRAGM PER ONE OF THE FOLLOWING:
    A. IF FLOOR TRUSS ALIGNS ABOVE SW, ATTACH FLOOR TRUSS BOTTOM CHORD TO SW DBL TOP PLATE W/ 10d @ 3" O.C.
    B. FRAME AND SHEATH SW TO FLOOR DECK ABOVE. ATTACH FLOOR DECK TO SW DBL TOP PLATE W/ 10d @ 3" O.C.
13. ANCHOR STRAPS DIRECTLY TO GIRDER/FLOOR TRUSS END VERTICALS BELOW

LEGEND

- INTERIOR WOOD FRAME ROOF LOAD BEARING WALL. SPECIFICATIONS OUTLINED ON TYPICAL WALL SECTIONS, DETAIL SHEETS
- INTERIOR WOOD FRAME BEARING WALL WITH NO UPLIFT. NO UPLIFT ANCHORS REQUIRED. MINIMUM BOTTOM PLATE ANCHORAGE IS ¼" x 3" TAPCONS @ 24" O.C. & 6" O.C. MAX FROM END OF 2x PLATE (UNO ON FRAMING PLAN OR SW SPECIFICATIONS)
- STRUCTURAL WOOD BEAM

STUD COLUMN KEYNOTE

2 STUDS / STRAP / TRUSS GIRDER

- NUMBER OF STUDS BELOW BEAM/GIRDER TRUSS. STUDS TO MATCH WALL FRAMING SIZE AND GRADE, UNO.
- ADDITIONAL CLARITY FOR THE LOCATION OF THE STUD COLUMN
- BOTTOM OF STUD COLUMN CONNECTION
  • 1ST LEVEL STUD COLUMN: HOLDDOWN REQUIRED AT BASE OF COLUMN
  • 2ND LEVEL STUD COLUMN: STRAPPING REQUIRED FROM 2ND LEVEL COLUMN TO 1ST LEVEL STUDS/HEADER/BEAM/CMU WALL. SEE DETAIL HD WHEN "HD" SPECIFIED.

HEADER STRAPPING KEYNOTE

1 / 1 MSTA24 / DTT2Z

- NUMBER OF STRAPS CONNECTING HEADER TO JACK STUD
- TYPE OF STRAP CONNECTING HEADER TO JACK STUD
- KING/JACK GROUP BOTTOM CONNECTION
  • 1ST LEVEL: HOLDDOWN REQUIRED AT BASE OF COLUMN
  • 2ND LEVEL: STRAPPING REQUIRED FROM 2ND LEVEL JACK/KING GROUP TO 1ST LEVEL STUDS/HEADER/BEAM/CMU WALL. SEE DETAIL HD WHEN "HD" SPECIFIED.
- NUMBER OF HOLDDOWNS/STRAPS AT BASE OF KING/JACK GROUP

NON-BEARING HEADER FRAMING KEYNOTE

NO HDR - #

- NUMBER OF KING STUDS EACH SIDE OF OPENING
- HEADER MAY BE FRAMED AS NON BEARING HEADER DUE TO LIGHTLY LOADED CONDITIONS ABOVE

#2 SYP HEADER FRAMING KEYNOTE

(2) 2x10 - 1 / 2

- NUMBER OF KING STUDS EACH SIDE OF OPENING
- NUMBER OF JACK STUDS EACH SIDE OF OPENING
- DEPTH OF LOAD-BEARING #2 SYP HEADER
- NUMBER OF PLIES IN HEADER

ENGINEERED LUMBER HEADER FRAMING KEYNOTE

(2) 9 ½" LSL- 1 / 2

- NUMBER OF KING STUDS EACH SIDE OF OPENING
- NUMBER OF JACK STUDS EACH SIDE OF OPENING
- HEADER MATERIAL (LSL, LVL, PSL, OR SYS42)
- DEPTH OF LOAD-BEARING EWP HEADER
- NUMBER OF PLIES IN HEADER (1 ¾" WIDE UNO)

2. FASTEN EACH BEAM TO MASONRY W/ META STRAP
3. • INSTALL 7/16" OSB SHEATHING W/ 8d COMMON @ 6" O.C. AT ALL PANEL EDGES AND 12" O.C IN FIELD
   • BLOCK ALL SHEATHING PANEL EDGES FULL LENGTH OF WALL
   • FASTEN BOTTOM PLATE TO:
   •• SLAB W/ ½" ANCHOR @ 24" O.C. PER TYPICAL WALL SECTION, SHEET ST-5
   •• FLOOR FRAMING W/ 10d @ 3" O.C.
4. • INSTALL 7/16" OSB SHEATHING w/ 8d COMMON @ 3" O.C. AT ALL PANEL EDGES AND 12" O.C. IN FIELD
   • BLOCK ALL SHEATHING PANEL EDGES FULL LENGTH OF WALL
   • FASTEN BOTTOM PLATE TO:
   •• SLAB W/ ½" ANCHOR @ 16" O.C. PER TYPICAL WALL SECTION, SHEET ST-5
   •• FLOOR FRAMING W/ 10d @ 3" O.C.
5. • BEAM TO CMU WALL w/ SIMSPON HUC HANGER MATCHING PORCH BEAM DIMENSIONS.
   • MIN. 2" MASONRY SCREW OFFSET FROM CORNER.
6. • EVERY STUD TO TOP PLATE W/ (2) SDWC15600.
   • EVERY STUD TO BOTTOM PLATE W/ (2) SDWC15450.
7. TALL WALL: 2x8 NO.2 SPF @ 16" O.C.
8. HOLD BACK LEAD STUD OF PERPENDICULAR WALL½" FOR SHEATHING TO BE CONTINUOUS
9. INSTALL (2) META STRAPS OR (1) HM9 AT EACH TRUSS AS NOTED
10. SEE INTERIOR SHEARWALL DETAIL, THIS SHEET
11. PROVIDE META WET-EMBED STRAPS @ EACH TRUSS VERT. @ 24" O.C. OR HGAM10 @ 32" O.C.
12. ATTACH SW TO FLOOR DIAPHRAGM PER ONE OF THE FOLLOWING:
    A. IF FLOOR TRUSS ALIGNS ABOVE SW, ATTACH FLOOR TRUSS BOTTOM CHORD TO SW DBL TOP PLATE W/ 10d @ 3" O.C.
    B. FRAME AND SHEATH SW TO FLOOR DECK ABOVE. ATTACH FLOOR DECK TO SW DBL TOP PLATE W/ 10d @ 3" O.C.
13. ANCHOR STRAPS DIRECTLY TO GIRDER/FLOOR TRUSS END VERTICALS BELOW

LEGEND

- INTERIOR WOOD FRAME ROOF LOAD BEARING WALL. SPECIFICATIONS OUTLINED ON TYPICAL WALL SECTIONS, DETAIL SHEETS
- INTERIOR WOOD FRAME BEARING WALL WITH NO UPLIFT. NO UPLIFT ANCHORS REQUIRED. MINIMUM BOTTOM PLATE ANCHORAGE IS ¼" x 3" TAPCONS @ 24" O.C. & 6" O.C. MAX FROM END OF 2x PLATE (UNO ON FRAMING PLAN OR SW SPECIFICATIONS)
- STRUCTURAL WOOD BEAM

STUD COLUMN KEYNOTE

2 STUDS / STRAP / TRUSS GIRDER

- NUMBER OF STUDS BELOW BEAM/GIRDER TRUSS. STUDS TO MATCH WALL FRAMING SIZE AND GRADE, UNO.
- ADDITIONAL CLARITY FOR THE LOCATION OF THE STUD COLUMN
- BOTTOM OF STUD COLUMN CONNECTION
  • 1ST LEVEL STUD COLUMN: HOLDDOWN REQUIRED AT BASE OF COLUMN
  • 2ND LEVEL STUD COLUMN: STRAPPING REQUIRED FROM 2ND LEVEL COLUMN TO 1ST LEVEL STUDS/HEADER/BEAM/CMU WALL. SEE DETAIL HD WHEN "HD" SPECIFIED.

HEADER STRAPPING KEYNOTE

1 MSTA24 / 1 DTT2Z

- NUMBER OF STRAPS CONNECTING HEADER TO JACK STUD
- TYPE OF STRAP CONNECTING HEADER TO JACK STUD
- KING/JACK GROUP BOTTOM CONNECTION
  • 1ST LEVEL: HOLDDOWN REQUIRED AT BASE OF COLUMN
  • 2ND LEVEL: STRAPPING REQUIRED FROM 2ND LEVEL JACK/KING GROUP TO 1ST LEVEL STUDS/HEADER/BEAM/CMU WALL. SEE DETAIL HD WHEN "HD" SPECIFIED.
- NUMBER OF HOLDDOWNS/STRAPS AT BASE OF KING/JACK GROUP

NON-BEARING HEADER FRAMING KEYNOTE

TRUSS FRAMING KEY NOTES

NOTES APPLICABLE ONLY WHERE SPECIFIED ON PLAN

1. SEE "SHEAR PANEL" DETAIL ON DETAIL SHEET.

2. TYPICAL BEARING BLOCK
   - BEARING BLOCK TO BE NO.2 SYP, MIN 48" LONG AND TO MATCH DIMENSION OF TRUSS MEMBER.
   - ATTACH BEARING BLOCK TO TRUSS VERTICAL OR TRUSS BOTTOM CHORD W/ (3) ROWS 10d @ 4" O.C. STAGGERED.

3. LEDGER FRAMING NOTES
   - FASTEN NO.2 SYP LEDGER TO FRAMING/TRUSS VERTICALS AT EVERY SUPPORT WITH FASTENING SHOWN BELOW (MAX 24" O.C. SPACING), OR
   - FASTEN NO.2 SYP PT LEDGER TO MASONRY/CONCRETE w/ FASTENING SHOWN BELOW
   - ADDITIONAL FASTENERS MAY BE REQUIRED AT SPECIFIED LOCATIONS ON PLAN
   - SEE TABLE 4 ON SHEET ST-1 FOR FASTENER PROTECTION AGAINST CORROSION
   - EXTERIOR DECK LEDGERS SHALL BE SECURE TO WALL FRAMING WITH WOOD SCREWS. COMMON NAILS AT FLOOR LEDGERS ARE FOR INTERIOR USE ONLY.

ROOF FRAMING LEDGER TO WOOD:

2x6.....(4) 12d COMMON
2x8.....(6) 12d COMMON
2x10.....(8) 12d COMMON
2x12.....(10) 12d COMMON

LEDGER TO CMU (W/ 3" TAPCON OR TITEN):

PT 2x6.....(2) ROWS ¼" Ø @ 24" O.C. STAGGERED
PT 2x8.....(2) ROWS ¼" Ø @ 16" O.C. STAGGERED
PT 2x10.....(2) ROWS ¼" Ø @ 8" O.C. STAGGERED
PT 2x12.....(2) ROWS ¼" Ø @ 6" O.C. STAGGERED

FLOOR FRAMING LEDGER TO WOOD (W/ NAILS):

2x6.....(3) 16d COMMON
2x8.....(5) 16d COMMON
2x10.....(7) 16d COMMON
2x12.....(9) 16d COMMON

FLOOR FRAMING LEDGER TO WOOD (W/ SCREWS):

PT 2x6.....(3) ¼" x 4-½" LONG #14 WOOD SCREWS
PT 2x8.....(5) ¼" x 4-½" LONG #14 WOOD SCREWS
PT 2x10.....(7) ¼" x 4-½" LONG #14 WOOD SCREWS
PT 2x12.....(9) ¼" x 4-½" LONG #14 WOOD SCREWS

4. • (2) 2x8 SYP BLOCKING BETWEEN TRUSS TOP CHORDS BELOW WALL ABOVE
   • ATTACH BLOCKING TO TRUSSES W/ (4) 10d TOE-NAILS EACH END
5. IF USING (2) HTSM20, INSTALL (1) STRAP ON EACH FACE OF THE WALL - (2) HTSM20 ON SAME SIDE OF WALL IS NOT PERMITTED AT THIS LOCATION
6. TRUSS TO WOOD BEAM W/ SDWC15600
7. SEE SCAB BLOCK DETAIL ON ST-6. INSTALL SCAB BLOCK FOR TWIST STRAP CONNECTION AS NEEDED.
8. GABLE END FLOOR TRUSS OR BOTTOM RIBBON BOARD TO BOND BEAM W/ HGAM10 @ MAX 24" O.C.
9. FASTEN FL TRUSS TO 1ST LEVEL DOUBLE TOP PLATE w/ 10d @ 3" O.C.
10. INSTALL (2) META20 STRAPS OR (1) HM9 AT EACH TRUSS
11. PROVIDE WET-EMBED META20 STRAPS @ EACH TRUSS VERT. @ MAX 24" O.C. OR HGAM10 @ MAX 32" O.C.
12. TRUSS TO MASONRY W/ HEAVY TENSION TIE PER PLAN W/ 5/8" Ø SCREW ANCHOR W/ 12" EMBED, CENTERED IN BOND BEAM
13. MGT OR VGT W/ (1) 5/8" Ø ANCHOR W/ MIN 12" EMBED
14. • (1) 48" & (1) 24" BEARING BLOCK REQUIRED
    • EACH BLOCK TO TRUSS w/ (3) ROWS 10d @ 4" O.C. STAGGERED
    • TRUSS TO MASONRY BELOW W/ LGT3-SDS2.5

SCALE N.T.S.

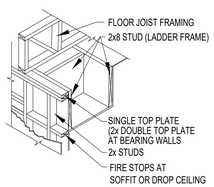
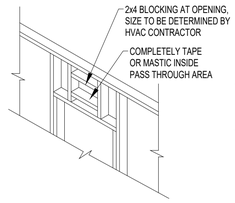
GENERAL FURRING NOTES



- FOR ALL STRUCTURAL INFORMATION PERTAINING TO PLANS REFER TO STRUCTURAL SHEETS.
- USE 2" "T" NAILS TO INSTALL FURRING STRIPS.
- NAIL P.T. 1x4 BOTTOM PLATE 3/4" OFF FLOOR.
- MINIMUM 1/2" SPACE BETWEEN NON-LOAD BEARING WALL TOP PLATE AND BOTTOM CHORD OF TRUSS.

FRAMING RULES



THESE "RULES" ARE TO BE READ AS CONSTRUCTION GUIDELINES FOR FRAMING CREWS. STRUCTURAL PAGES AND NOTES BY ARCHITECTS AND ENGINEERS SHALL CONTROL.

1. CMU FURRING STRIP (1x2 PT) WALLS - 24" OC. EXCEPT 16" OC AT:
   a. TILED (WET) WALLS
   b. CABINET WALLS
2. INTERIOR (NON-BEARING) WALLS - 1ST & 2ND FLOOR ARE SPF LUMBER. 24" OC. EXCEPT 16" OC AT:
   a. TILED (WET) WALLS
   b. CABINET WALLS
   c. LOW WALLS OVER STAIRS - 16" OC AND DOUBLE TOP PLATES
   d. SECOND FLOOR WALLS AT DOUBLE HEIGHT SPACES
3. SHEATHING - FLOOR, ROOF & WALL
   a. 1/8" GAPPING - "GRIP H CLIPS" - USED AT ALL ROOF & WALL & ROOF SHEATHING SEAMS.
6. ARCHES, DEADWOOD (DRYWALL BACKING), DROP CEILINGS, ETC. - 2x4 SPF
7. TUB DECKS - ¾" x 4' x 8' AC PINE PLY. SPF FRAMING MATERIAL. AIR BARRIER/SIX-SIDED ASSEMBLY WHERE REQUIRED.
8. ROOF & TRUSS
   a. SUB-FASCIA - 2x6 SPF LUMBER. (EXCEPTION: HOME -AT-LAST SERIES = 2x4 SPF)
   b. "CONTINUOUS BOTTOM CHORD BRACING" OR "RAT RUN" -2x4 SYP #2
   c. ALL OVERHANGS OVER 16", AND ALL LOAD BEARING ROOF FRAMING COMPONENTS (BRACING, VALLEY SET, DORMERS, ETC.) NEED TO BE SYP #2 PER DETAILS.
   d. SUPPLEMENTARY ROOF FRAMING (OVERHANGS, NON-BEARING KNEEWALLS, ETC.) 2x4 OR 2x6 SPF
   e. TEMPORARY TRUSS BRACING FOR (REMOVE AND RE-USE AS BLOCKING, DEADWOOD, ETC.) - 2X4 SPF. IF TEMP BRACING IS TO BE LEFT AS PERMANENT, THEN IT NEEDS TO BE SYP #2.
   f. TRUSS BRACING & ENGINEERING (CLR, T&H SCAB BRACING) - ALL2x4 SYP #2
12. FRAME DOWN PERIMETER TRAY CEILINGS (INTERIOR NON-STRUCTURAL) PERIMETER MEMBER SHALL BE SPF #2 WITH SIZE MATCHING DROP DOWN HEIGHT. ALL OTHER MEMBERS SHALL BE 2X4 SPF #2 WITH HORIZONTAL MEMBERS HAVING A MAX UNSUPPORTED SPAN OF 36". FOR LONGER SPANS, SEE DETAIL M/S3. THIS NOTE APPLIES WHERE SOME FIRST FLOOR CEILING TRAYS ARE DESIGNATED AS "DOWN FRAMED" ON THE FLOOR PLAN.

SCALE: 1 1/2" = 1'-0"

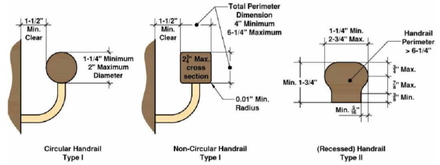
STAIRWAY NOTES

PER FBCR R301.5
STAIR RAILING AND STAIR GUARD RAILING SHALL BE CONSTRUCTED TO WITHSTAND A SINGLE CONCENTRATED LOAD OF 200 POUNDS APPLIED AT ANY POINT AND ANY DIRECTION ALONG THE TOP OF THE RAIL.

GUARD IN-FILL COMPONENTS (ALL THOSE EXCEPT THE HANDRAIL), BALUSTERS AND PANEL FILLERS SHALL BE DESIGNED TO WITHSTAND A HORIZONTALLY APPLIED NORMAL LOAD OF 50 POUNDS ON AN AREA EQUAL TO 1 SQUARE FOOT. THIS LOAD NEED NOT BE ASSUMED TO ACT CONCURRENTLY WITH ANY OTHER LIVE LOAD REQUIREMENT.

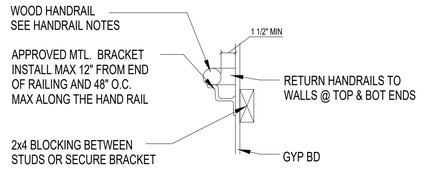
PER FBCR R311
STAIRWAYS SHALL MEET THE REQUIREMENTS OF FBCR R311.7 INCLUDING BUT NOT LIMITED TO THE FOLLOWING:
- RISER HEIGHT SHALL BE NOT MORE THAN 7.75 INCHES
- TREAD DEPTH SHALL BE NOT LESS THAN 10 INCHES
- HANDRAILS SHALL BE PROVIDED ON NOT LESS THAN ONE SIDE OF EACH FLIGHT AT A HEIGHT OF NOT LESS THAN 34 INCHES AND NOT MORE THAN 38 INCHES



PER FBCR R312
ALL GUARDS SHALL BE MIN. 36" AFF AND SHALL NOT HAVE OPENINGS FROM THE WALKING SURFACE TO THE REQUIRED GUARD HEIGHT THAT ALLOW PASSAGE OF A SPHERE 4 INCHES IN DIAMETER.

HANDRAIL NOTES

PER R311.7.8.3 GRIP-SIZE
REQUIRED HANDRAILS SHALL BE OF ONE OF THE FOLLOWING TYPES OR PROVIDE EQUIVALENT GRASPABILITY.



1. TYPE I. HANDRAILS WITH A CIRCULAR CROSS SECTION SHALL HAVE AN OUTSIDE DIAMETER OF NOT LESS THAN 1 1/4 INCHES AND NOT GREATER THAN 2 INCHES. IF THE HANDRAIL IS NOT CIRCULAR, IT SHALL HAVE A PERIMETER DIMENSION OF NOT LESS THAN 4 INCHES AND NOT GREATER THAN 6 1/4 INCHES WITH A CROSS SECTION OF DIMENSION OF NOT MORE THAN 2 1/4 INCHES. EDGES SHALL HAVE A RADIUS OF NOT LESS THAN 0.01 INCH.

2. TYPE II. HANDRAILS WITH A PERIMETER GREATER THAN 6 1/4 INCHES (160 MM) SHALL HAVE A GRASPABLE FINGER RECESS AREA ON BOTH SIDES OF THE PROFILE. THE FINGER RECESS SHALL BEGIN WITHIN A DISTANCE OF 3/4 INCH MEASURED VERTICALLY FROM THE TALLEST PORTION OF THE PROFILE AND ACHIEVE A DEPTH OF NOT LESS THAN 5/16 INCH WITHIN 7/8 INCH BELOW THE WIDEST PORTION OF THE PROFILE. THIS REQUIRED DEPTH SHALL CONTINUE FOR NOT LESS THAN 3/8 INCH TO A LEVEL THAT IS NOT LESS THAN 1 3/4 INCHES BELOW THE TALLEST PORTION OF THE PROFILE. THE WIDTH OF THE HANDRAIL ABOVE THE RECESS SHALL BE NOT LESS THAN 1 1/4 INCHES AND NOT MORE THAN 2 3/4 INCHES. EDGES SHALL HAVE A RADIUS OF NOT LESS THAN 0.01 INCH.

FLASHING REQUIREMENTS

R703.1 General. Exterior walls shall provide the building with a weather-resistant exterior wall envelope. The exterior wall envelope shall include flashing as described in Section R703.4.

R703.1.1 Water resistance. The exterior wall envelope shall be designed and constructed in a manner that prevents the accumulation of water within the wall assembly by providing a water-resistant barrier behind the exterior cladding as required by Section R703.2 and a means of draining to the exterior water that penetrates the exterior cladding.

R703.2 Water-resistive barrier. One layer of No. 15 asphalt felt, free from holes and breaks, complying with ASTM D226 for Type 1 felt or other approved water-resistive barrier shall be applied over studs or sheathing of all exterior walls No. 15 asphalt felt shall be applied horizontally, with the upper layer lapped over the lower layer not less than 2 inches. Where joints occur, felt shall be lapped not less than 6 inches. Other approved materials shall be installed in accordance with the water-resistive barrier manufacturer's installation instructions. The No.15 asphalt felt or other approved water-resistive barrier material shall be continuous to the top of walls and terminated at penetrations and building appendages in a manner to meet the requirements of the exterior wall envelope as described in Section R703.1.

R703.7.3 Water-resistive barriers Water-resistive barriers shall be installed as required in Section R703.2 and, where applied over wood-based sheathing, shall include a water-resistive vapor-permeable barrier with a performance at least equivalent to two layers of Grade D paper. The individual layers shall be installed independently such that each layer provides a separate continuous plane and any flashing (installed in accordance with Section R703.4) intended to drain to the water-resistive barrier is directed between the layers.

Exception: Where the water-resistive barrier that is applied over wood-based sheathing has a water resistance equal to or greater than that of 60-minute Grade D paper and is separated from the stucco by an intervening, substantially nonwater-absorbing layer or designed drainage space.

R703.4 Flashing. Approved metal flashing, vinyl flashing, self-adhered membranes and mechanically attached flexible flashing shall be applied shingle-fashion or in accordance with the manufacturer's instructions. Metal flashing shall be corrosion resistant. Fluid-applied membranes used as flashing shall be applied in accordance with the manufacturer's instructions. All flashing shall be applied in a manner to prevent the entry of water into the wall cavity or penetration of water to the building structural framing components.

Self-adhered membranes used as flashing shall comply with AAMA 711. All exterior fenestration products shall be sealed at the juncture with the building wall with a sealant complying with AAMA 800 or ASTM C920 Class 25 Grade NS or greater for proper joint expansion and contraction, ASTMC1281, AAMA 812, or other approved standard as appropriate for the type of sealant. Fluid-applied membranes used as flashing in exterior walls shall comply with AAMA 714. The flashing shall extend to the surface of the exterior wall finish. Approved flashings shall be installed at the following locations:

1.Exterior window and door openings. Flashing at exterior window and door openings shall extend to the surface of the exterior wall finish or to the water-resistive barrier complying with Section 703.2 for subsequent drainage. Mechanically attached flexible flashings shall comply with AAMA 712. Flashing at exterior window and door openings shall be installed in accordance with one or more of the following:

1.1 The fenestration manufacturer's installation and flashing instructions, or for applications not addressed in the fenestration manufacturer's instructions, in accordance with the flashing manufacturer's instructions. Where flashing instructions or details are not provided, pan flashing shall be installed at the sill of exterior window and door openings. Pan flashing shall be sealed or sloped in such a manner as to direct water to the surface of the exterior wall finish or to the water resistive barrier for subsequent drainage. Openings using pan flashing shall incorporate flashing or protection at the head and sides.

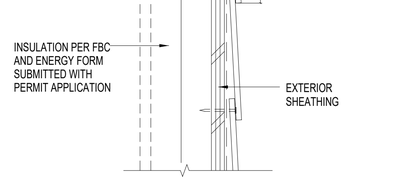
1.2. In accordance with the flashing design or method of a registered design professional.

1.3. In accordance with other approved methods.

1.4. In accordance with FMA/AAMA 100, FMA/ AAMA 200, FMA/WDMA 250, FMA/AAMA/WDMA 300 or FMA/AAMA/WDMA 400.

2. At the intersection of chimneys or other masonry construction with frame or stucco walls, with projecting lips on both sides under stucco copings.

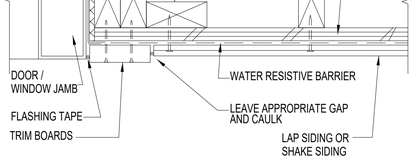
3. Under and at the ends of masonry, wood or metal copings and sills.



4. Continuously above all projecting wood trim.

5. Where exterior porches, decks or stairs attach to a wall or floor assembly of wood-frame construction.

6. At wall and roof intersections.



7. At built-in gutters.

THESE DETAILS ARE GENERIC AND MEANT TO SHOW GENERAL FLASHING AND WATERPROOFING METHODS TO BE USED.

One layer of No. 15 asphalt felt, free from holes and breaks, complying with ASTM D226 for Type 1 felt or other approved water-resistive barrier shall be applied over studs or sheathing of all exterior walls No. 15 asphalt felt shall be applied horizontally, with the upper layer lapped over the lower layer not less than 2 inches. Where joints occur, felt shall be lapped not less than 6 inches. Other approved materials shall be installed in accordance with the water-resistive barrier manufacturer's installation instructions. The No.15 asphalt felt or other approved water-resistive barrier material shall be continuous to the top of walls and terminated at penetrations and building appendages in a manner to meet the requirements of the exterior wall envelope as described in Section R703.1.

R703.7.3 Water-resistive barriers Water-resistive barriers shall be installed as required in Section R703.2 and, where applied over wood-based sheathing, shall include a water-resistive vapor-permeable barrier with a performance at least equivalent to two layers of Grade D paper. The individual layers shall be installed independently such that each layer provides a separate continuous plane and any flashing (installed in accordance with Section R703.4) intended to drain to the water-resistive barrier is directed between the layers.

Exception: Where the water-resistive barrier that is applied over wood-based sheathing has a water resistance equal to or greater than that of 60-minute Grade D paper and is separated from the stucco by an intervening, substantially nonwater-absorbing layer or designed drainage space.

R703.4 Flashing. Approved metal flashing, vinyl flashing, self-adhered membranes and mechanically attached flexible flashing shall be applied shingle-fashion or in accordance with the manufacturer's instructions. Metal flashing shall be corrosion resistant. Fluid-applied membranes used as flashing shall be applied in accordance with the manufacturer's instructions. All flashing shall be applied in a manner to prevent the entry of water into the wall cavity or penetration of water to the building structural framing components.

Self-adhered membranes used as flashing shall comply with AAMA 711. All exterior fenestration products shall be sealed at the juncture with the building wall with a sealant complying with AAMA 800 or ASTM C920 Class 25 Grade NS or greater for proper joint expansion and contraction, ASTMC1281, AAMA 812, or other approved standard as appropriate for the type of sealant. Fluid-applied membranes used as flashing in exterior walls shall comply with AAMA 714. The flashing shall extend to the surface of the exterior wall finish. Approved flashings shall be installed at the following locations:

1.Exterior window and door openings. Flashing at exterior window and door openings shall extend to the surface of the exterior wall finish or to the water-resistive barrier complying with Section 703.2 for subsequent drainage. Mechanically attached flexible flashings shall comply with AAMA 712. Flashing at exterior window and door openings shall be installed in accordance with one or more of the following:

1.1 The fenestration manufacturer's installation and flashing instructions, or for applications not addressed in the fenestration manufacturer's instructions, in accordance with the flashing manufacturer's instructions. Where flashing instructions or details are not provided, pan flashing shall be installed at the sill of exterior window and door openings. Pan flashing shall be sealed or sloped in such a manner as to direct water to the surface of the exterior wall finish or to the water resistive barrier for subsequent drainage. Openings using pan flashing shall incorporate flashing or protection at the head and sides.

1.2. In accordance with the flashing design or method of a registered design professional.

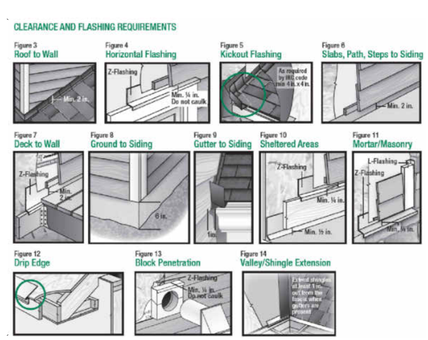
1.3. In accordance with other approved methods.

1.4. In accordance with FMA/AAMA 100, FMA/ AAMA 200, FMA/WDMA 250, FMA/AAMA/ WDMA 300 or FMA/AAMA/WDMA 400.

2. At the intersection of chimneys or other masonry construction with frame or stucco walls, with projecting lips on both sides under stucco copings.

3. Under and at the ends of masonry, wood or metal copings and sills.

4. Continuously above all projecting wood trim.



5. Where exterior porches, decks or stairs attach to a wall or floor assembly of wood-frame construction.

6. At wall and roof intersections.

7. At built-in gutters.

THESE DETAILS ARE GENERIC AND MEANT TO SHOW GENERAL FLASHING AND WATERPROOFING METHODS TO BE USED.

NOTE: OPTIONAL WEATHER BARRIER: LIQUID APPLIED WATER RESISTANT COATING - INSTALL PER MANUF. INSTRUCTIONS - WRAP ALL OPENINGS IN MASONRY EXTERIOR WALL AT HEAD, JAMB AND SILL.

FLASHING REQUIREMENTS

R703.1 General. Exterior walls shall provide the building with a weather-resistant exterior wall envelope. The exterior wall envelope shall include flashing as described in Section R703.4.

R703.1.1 Water resistance. The exterior wall envelope shall be designed and constructed in a manner that prevents the accumulation of water within the wall assembly by providing a water-resistant barrier behind the exterior cladding as required by Section R703.2 and a means of draining to the exterior water that penetrates the exterior cladding.

R703.2 Water-resistive barrier. One layer of No. 15 asphalt felt, free from holes and breaks, complying with ASTM D226 for Type 1 felt or other approved water-resistive barrier shall be applied over studs or sheathing of all exterior walls No. 15 asphalt felt shall be applied horizontally, with the upper layer lapped over the lower layer not less than 2 inches. Where joints occur, felt shall be lapped not less than 6 inches. Other approved materials shall be installed in accordance with the water-resistive barrier manufacturer's installation instructions. The No.15 asphalt felt or other approved water-resistive barrier material shall be continuous to the top of walls and terminated at penetrations and building appendages in a manner to meet the requirements of the exterior wall envelope as described in Section R703.1.

R703.7.3 Water-resistive barriers Water-resistive barriers shall be installed as required in Section R703.2 and, where applied over wood-based sheathing, shall include a water-resistive vapor-permeable barrier with a performance at least equivalent to two layers of Grade D paper. The individual layers shall be installed independently such that each layer provides a separate continuous plane and any flashing (installed in accordance with Section R703.4) intended to drain to the water-resistive barrier is directed between the layers.

Exception: Where the water-resistive barrier that is applied over wood-based sheathing has a water resistance equal to or greater than that of 60-minute Grade D paper and is separated from the stucco by an intervening, substantially nonwater-absorbing layer or designed drainage space.

R703.4 Flashing. Approved metal flashing, vinyl flashing, self-adhered membranes and mechanically attached flexible flashing shall be applied shingle-fashion or in accordance with the manufacturer's instructions. Metal flashing shall be corrosion resistant. Fluid-applied membranes used as flashing shall be applied in accordance with the manufacturer's instructions. All flashing shall be applied in a manner to prevent the entry of water into the wall cavity or penetration of water to the building structural framing components.

Self-adhered membranes used as flashing shall comply with AAMA 711. All exterior fenestration products shall be sealed at the juncture with the building wall with a sealant complying with AAMA 800 or ASTM C920 Class 25 Grade NS or greater for proper joint expansion and contraction, ASTMC1281, AAMA 812, or other approved standard as appropriate for the type of sealant. Fluid-applied membranes used as flashing in exterior walls shall comply with AAMA 714. The flashing shall extend to the surface of the exterior wall finish. Approved flashings shall be installed at the following locations:

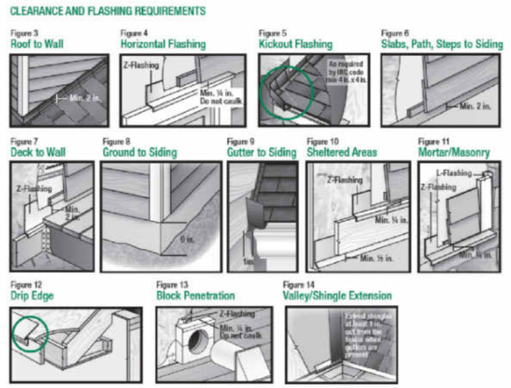
1.Exterior window and door openings. Flashing at exterior window and door openings shall extend to the surface of the exterior wall finish or to the water-resistive barrier complying with Section 703.2 for subsequent drainage. Mechanically attached flexible flashings shall comply with AAMA 712. Flashing at exterior window and door openings shall be installed in accordance with one or more of the following:

1.1 The fenestration manufacturer's installation and flashing instructions, or for applications not addressed in the fenestration manufacturer's instructions, in accordance with the flashing manufacturer's instructions. Where flashing instructions or details are not provided, pan flashing shall be installed at the sill of exterior window and door openings. Pan flashing shall be sealed or sloped in such a manner as to direct water to the surface of the exterior wall finish or to the water resistive barrier for subsequent drainage. Openings using pan flashing shall incorporate flashing or protection at the head and sides.
1.2. In accordance with the flashing design or method of a registered design professional.
1.3. In accordance with other approved methods.
1.4. In accordance with FMA/AAMA 100, FMA/ AAMA 200, FMA/WDMA 250, FMA/AAMA/ WDMA 300 or FMA/AAMA/WDMA 400.

2. At the intersection of chimneys or other masonry construction with frame or stucco walls, with projecting lips on both sides under stucco' copings.

3. Under and at the ends of masonry, wood or metal copings and sills.

4. Continuously above all projecting wood trim.



5. Where exterior porches, decks or stairs attach to a wall or floor assembly of wood-frame construction.

6. At wall and roof intersections.

7. At built-in gutters.

NOTE:
ELECTRICAL MATERIAL AND INSTALLATIONS SHALL COMPLY WITH APPLICABLE PROVISIONS OF THE NFPA 70, LOCAL CODES AND LOCAL POWER/UTILITY COMPANY

GENERAL ELECTRICAL NOTES

ALL ELECTRICAL DESIGN AND WORK SHALL BE IN STRICT COMPLIANCE WITH THE 2020 NATIONAL ELECTRIC CODE

- CONTRACTOR RESPONSIBLE FOR ALL PANEL LOAD CALCULATIONS AND SHALL VERIFY IN ACCORDANCE WITH BUILDERS SPECIFICATIONS AND IN STRICT COMPLIANCE WITH NEC
- PER NEC SECTION 210.12(B) ALL 15A & 20A, 120V BRANCH CIRCUITS SUPPLYING OUTLETS REQUIRE AFCI PROTECTION
- CARBON MONOXIDE PROTECTION PER RESIDENTIAL CODE R315.1 TO BE INSTALLED WITHIN 10' OF EVERY SLEEPING ROOM
- ALL OUTLETS SHOULD BE AFCI PER NEC - U.N.O.
- ALL 125V SINGLE-PHASE 15A & 20A RECEPTACLES INSTALLED IN LOCATIONS SPECIFIED IN 210.8(A)(1) THROUGH (A)(10) SHALL HAVE GFCI PROTECTION FOR PERSONNEL IN ACCORDANCE WITH NEC 210.8(A)
- PER NEC SECTION 406.8(B)(I) 15A & 20A RECEPTACLES IN A WET LOCATION MUST BE WITHIN AN ENCLOSURE THAT IS WEATHERPROOF WHEN AN ATTACHMENT IS PLUGGED IN AN ALL NON-LOCKING RECEPTACLES SHALL BE LISTED AS WEATHER RESISTANT
- PER NEC SECTION 406.II IN DWELLING UNITS, ALL 15A & 20A, 15V RECEPTACLES SHALL BE LISTED AS TAMPER-RESISTANT
- PER NEC SECTION 406.9(C) RECEPTACLES SHOULD NOT BE INSTALLED WITHIN A ZONE MEASURED 3FT HORIZONTALLY AND 8FT VERTICALLY FROM THE TOP OF THE BATHTUB RIM OR SHOWER STALL THRESHOLD.
- PER NEC SECTION 800.156 NO LESS THAN ONE COMMUNICATION OUTLET SHALL BE INSTALLED WITHIN EACH DWELLING UNIT
- PER NEC SECTION R314.3 AND R315.1 SMOKE DETECTORS TO BE INSTALLED INSIDE EACH SLEEPING AREA
- ALL SMOKE ALARMS SHALL BE LISTED AND LABELED IN ACCORDANCE WITH UL 217, PER RESIDENTIAL CODE 314.1. GC TO INSTALL; KIDDE MODEL # 14618A SMOKE ALARM, OR APPROVED EQUAL
- JUNCTION BOX AT WATER HEATER, RANGE AND/OR DRYER TO BE 220V IN NON GAS COMMUNITIES, AND 110V IN COMMUNITIES THAT HAVE GAS OPTIONS PROVIDE APPROPRIATE RECEPTACLE PER APPLIANCE
- ALL PERMANENTLY INSTALLED LUMINARIES, EXCLUDING THOSE IN KITCHEN APPLIANCES, SHALL HAVE AN EFFICACY OF AT LEAST 45 LUMENS-PER-WATT OR SHALL UTILIZE LAMPS WITH AN EFFICACY OF NOT LESS THAN 65 LUMENS-PER-WATT PER R404.1.
- PER RESIDENTIAL CODE M1305.1 A LEVEL WORKING SPACE NOT LESS THAN 30" DEEP AND 30" WIDE SHALL BE PROVIDED IN FRONT OF THE CONTROL SIDE OF ANY APPLIANCE
- PER NEC SECTION R230.67 ALL SERVICES SUPPLYING DWELLING UNITS ARE REQUIRED TO BE PROVIDED WITH A TYPE 1 OR TYPE 2 SURGE-PROTECTIVE DEVICE.
- EACH DWELLING UNIT SHALL BE DESIGNED WITH PROVISION FOR FUTURE INSTALLATION OF ELECTRIC VEHICLE SUPPLY EQUIPMENT IN ACCORDANCE WITH RESIDENTIAL CODES RF103.1 AND RF103.3. CONTRACTOR RESPONSIBLE TO ADJUST PANEL/LOAD CALCULATIONS ACCORDINGLY.
- ALL 125V THROUGH 250V RECEPTACLES INSTALLED IN LOCATIONS SPECIFIED IN 210.8 (B)(1) THROUGH (B)(12) AND SUPPLIED BY SINGLE-PHASE BRANCH CIRCUITS RATED 150V OR LESS TO GROUND, 50A OR LESS, AND ALL RECEPTACLES SUPPLIED BY THREE-PHASE BRANCH CIRCUITS RATED 150V OR LESS TO GROUND, 100A OR LESS SHALL HAVE GFCI PROTECTION FOR PERSONNEL IN ACCORDANCE WITH NEC 210.8(B)
- FOR ONE AND TWO FAMILY DWELLING UNITS, ALL SERVICE CONDUCTORS SHALL TERMINATE IN DISCONNECTING MEANS HAVING A SHORT CIRCUIT CURRENT RATING EQUAL OR GREATER THAN THE AVAILABLE FAULT CURRENT, INSTALLED IN A READILY ACCESSIBLE OUTDOOR LOCATION IN ACCORDANCE WITH NEC 230.85

ROOF NOTES

- INSTALL ROOF VENTING PER MFR WRITTEN INSTRUCTIONS PER RESIDENTIAL CODE R806
- ALL OVERHANG DIMENSIONS ARE TO EDGE OF RAFTER. REFERENCE WALL SECTIONS/DETAILS FOR ALL OVERHANGS NOT DIMENSIONED.
- ALL UNDERLAYMENT MUST BE INSTALLED IN COMPLIANCE WITH RESIDENTIAL CODE R905.1.1
- EACH 4' OFF RIDGE VENT REQUIRES (1) 46" x 3" CUT OUT IN ROOF SHEATHING PER MFR WRITTEN INSTRUCTIONS
- ROOF VENTING MUST MAINTAIN A MIN. DISTANCE OF 4'-0" FROM CENTERLINE OF SEPARATION WALL
- NO PENETRATIONS WITHIN 4'-0" OF RATED WALLS

ROOF VENT CALCULATION

FORMULA:

1 SQUARE INCH VENT FOR EVERY 300 SQUARE INCHES OF CEILING
*144 SQ. IN. = 1 SQ. FT.
BLDG. CEILING (SF) x 144 = BLDG (SQ. IN.)
BLDG. (SQ. IN.) / 300 = SQ. IN. OF VENT REQUIRED

PER NCSBC-R SECTION R806.2 - 40% MIN, BUT NOT MORE THAN 50% OF VENTILATION MUST BE PROVIDED BY VENTILATORS LOCATED A MINIMUM OF 3'-0" ABOVE THE EAVE OR CORNICE VENTS, WITH THE BALANCE OF THE REQUIRED VENTILATION PROVIDED BY EAVE OR CORNICE VENTS.

BASIS OF CALCULATION: ("OR EQUAL" ACCEPTABLE)

(a) RIDGE VENTS - 105 SQ IN (NFVA) PER 4 LINEAL FT CALCULATED LINEAL FOOT OF SOFFIT VENT SHALL NOT INCLUDE NON-VENTED FIRE RATED SOFFIT LOCATED LESS THAN 5' FROM PROPERTY LINE

EXTERIOR ELEVATION GENERAL NOTES

- FRONT ELEVATIONS BANDING, MOLDING, COLUMNS AND TRIM SHALL RECEIVE A SAND FINISH. SEE ELEVATION FOR DEPTH OR RAISED BANDING
- SIDE AND REAR ELEVATIONS BANDING AROUND WINDOWS AND DOORS MAY BE OPTIONAL PER COMMUNITY SPECS - SEE COMMUNITY SPECIFICATIONS OR CONSULT THE CONSTRUCTION MANAGER. ALL BANDING SHALL RECEIVE A SAND FINISH
- ROOF COVERING SEE COMMUNITY SPECIFICATIONS OR CONSULT THE CONSTRUCTION MANAGER. SEE STRUCTURAL SHEETS FOR SHEATHING REQUIREMENTS
- FLASHING SHALL BE INSTALLED AT WALL AND ROOF INTERSECTIONS, DECK AND WALL INTERSECTIONS, AT GUTTERS, AT ALL CHANGES IN ROOF SLOPE OR DIRECTION, AND AROUND ROOF OPENINGS
- WINDOW PAN FLASHING SHALL BE IN ACCORDANCE WITH RESIDENTIAL CODE R703.4
- WALL HEIGHTS VERIFY ALL BEARING WALL HEIGHTS WITH FINAL TRUSS LAYOUTS
- LATH PER RESIDENTIAL CODE R703.7.1, LATH AND LATH ATTACHMENTS SHALL BE OF CORROSION-RESISTANT MATERIALS. EXPANDED METAL OR WOVEN WIRE LATH SHALL BE ATTACHED WITH 11/2-INCH-LONG (38 MM), 11 GAGE NAILS HAVING A 7/16-INCH (11.1 MM) HEAD, OR 7/8-INCHLONG (22.2 MM), 16 GAGE STAPLES, SPACED NOT MORE THAN 6 INCHES (152 MM), OR AS OTHERWISE APPROVED
- PLASTER PER R703.7.2, PLASTERING WITH PORTLAND CEMENT PLASTER SHALL BE NOT LESS THAN THREE COATS WHERE APPLIED OVER METAL LATH OR WIRE LATH AND SHALL BE NOT LESS THAN TWO COATS WHERE APPLIED OVER MASONRY, CONCRETE, PRESSURE-PRESERVATIVE TREATED WOOD OR DECAY-RESISTANT WOOD AS SPECIFIED IN SECTION R317.1 OR GYPSUM BACKING. IF THE PLASTER SURFACE IS COMPLETELY COVERED BY VENEER OR OTHER FACING MATERIAL OR IS COMPLETELY CONCEALED, PLASTER APPLICATION NEED BE ONLY TWO COATS, PROVIDED THE TOTAL THICKNESS IS AS SET FORTH IN TABLE R702.1(1). ON WOOD-FRAME CONSTRUCTION WITH AN ON-GRADE FLOOR SLAB SYSTEM, EXTERIOR PLASTER SHALL BE APPLIED TO COVER, BUT NOT EXTEND BELOW, LATH, PAPER AND SCREED. THE PROPORTION OF AGGREGATE TO CEMENTITIOUS MATERIALS SHALL BE AS SET FORTH IN TABLE R702.1(3)
- WEEP SCREED PER R703.7.2.1 A MINIMUM 0.019-INCH (0.5 MM) (NO. 26 GALVANIZED SHEET GAGE), CORROSION-RESISTANT WEEP SCREED OR PLASTIC WEEP SCREED, WITH A MINIMUM VERTICAL ATTACHMENT FLANGE OF 31/2 INCHES (89 MM) SHALL BE PROVIDED AT OR BELOW THE FOUNDATION PLATE LINE ON EXTERIOR STUD WALLS IN ACCORDANCE WITH ASTM C926. THE WEEP SCREED SHALL BE PLACED NOT LESS THAN 4 INCHES (102 MM) ABOVE THE EARTH OR 2 INCHES (51 MM) ABOVE PAVED AREAS AND SHALL BE OF A TYPE THAT WILL ALLOW TRAPPED WATER TO DRAIN TO THE EXTERIOR OF THE BUILDING. THE WEATHER-RESISTANT BARRIER SHALL LAP THE ATTACHMENT FLANGE. THE EXTERIOR LATH SHALL COVER AND TERMINATE ON THE ATTACHMENT FLANGE OF THE WEEP SCREED
- WATER-RESISTIVE BARRIERS PER R703.7.3, WATER-RESISTIVE BARRIERS SHALL BE INSTALLED AS REQUIRED IN SECTION R703.2 AND, WHERE APPLIED OVER WOOD-BASED SHEATHING, SHALL INCLUDE A WATER-RESISTIVE VAPOR-PERMEABLE BARRIER WITH A PERFORMANCE AT LEAST EQUIVALENT TO TWO LAYERS OF GRADE D PAPER. THE INDIVIDUAL LAYERS SHALL BE INSTALLED INDEPENDENTLY SUCH THAT EACH LAYER PROVIDES A SEPARATE CONTINUOUS PLANE AND ANY FLASHING (INSTALLED IN ACCORDANCE WITH SECTION R703.4) INTENDED TO DRAIN TO THE WATER-RESISTIVE BARRIER IS DIRECTED BETWEEN THE LAYERS

GENERAL NOTES

- ALL CONSTRUCTION SHALL MEET THE LATEST EDITION OF CODES ADOPTED BY THE LOCAL GOVERNING AGENCIES
- PER RESIDENTIAL CODE R302.5 NO OPENINGS FROM A PRIVATE GARAGE ARE PERMITTED DIRECTLY INTO SLEEPING AREAS. ALL OPENINGS SHALL HAVE SOLID WOOD, INSULATED STEEL OR 20 MIN. FIRE RATED DOORS NOT LESS THAN 1-3/8 INCHES THICKNESS. ALL DUCTS IN THE GARAGE OR PENETRATING THE WALL OR CEILING SEPARATING THE GARAGE AND DWELLING SHALL BE CONSTRUCTED OF MIN. 26 GA. SHEET METAL, 1 INCH MINIMUM RIGID CLASS 0 OR 1 DUCT BOARD, OR OTHER APPROVED MATERIAL AND SHALL HAVE NO OPENINGS INTO THE GARAGE
- PER RESIDENTIAL CODE TABLE R302.6 GARAGE SHALL BE SEPARATED FROM RESIDENCE AND IT'S ATTIC W/ MIN. 1/2" GYP BOARD ATTACHED IN ACCORDANCE WITH TABLE R702.3.5. HABITABLE ROOMS SHALL BE SEPARATED FROM ROOM ABOVE W/ MIN 5/8" TYPE "X" GYP BOARD, WHERE THE SEPARATION IS A FLOOR-CEILING ASSEMBLY. ANY STRUCTURE SUPPORTING THE ASSEMBLY SHALL BE PROTECTED W/ MIN 1/2" GYP BOARD
- PER RESIDENTIAL CODE R309.1 GARAGE AND CARPORT FLOOR SURFACE AREAS USED FOR PARKING OF AUTOMOBILES OR OTHER VEHICLES SHALL BE SLOPED TO FACILITATE THE MOVEMENT OF LIQUIDS TO A DRAIN OR TOWARDS THE MAIN VEHICLE ENTRY DOORWAY
- PER RESIDENTIAL CODE R312.1 PORCHES, BALCONIES OR RAISED FLOOR SURFACES LOCATED MORE THAN 30" ABOVE FINISHED FLOOR OR GRADE SHALL HAVE GUARDS NOT LESS THAN 36" IN HEIGHT. PER RESIDENTIAL CODE R312.1.2 OPEN SIDES OF STAIRS WITH A TOTAL RISE OF MORE THAN 30" ABOVE FINISHED FLOOR OR GRADE SHALL HAVE GUARDS NOT LESS THAN 34" IN HEIGHT MEASURED VERTICALLY FROM THE NOSING OF THE TREADS
- PER RESIDENTIAL CODE R312.1.3 REQUIRED GUARDS ON OPEN SIDES OF STAIRWAYS, RAISED FLOOR AREAS, BALCONIES AND PORCHES SHALL HAVE INTERMEDIATE RAILS OR ORNAMENTAL CLOSURES WHICH DO NOT ALLOW PASSAGE OF A SPHERE 4" OR MORE IN DIAMETER
- PER RESIDENTIAL CODE R308.4.5 GLAZING IN WALLS, ENCLOSURES OR FENCES CONTAINING, FACING, OR ADJACENT TO HOT TUBS, SPAS, WHIRLPOOLS, SAUNAS, STEAM ROOMS, BATHTUBS, SHOWERS AND INDOOR OR OUTDOOR SWIMMING POOLS WHERE THE BOTTOM EXPOSED EDGE OF THE GLAZING IS LESS THAN 60 INCHES MEASURED VERTICALLY ABOVE ANY STANDING OR WALKING SURFACE, SHALL BE CONSIDERED A HAZARDOUS LOCATION. G.C. TO VERIFY IF HOMEOWNER SELECTS ANY OF THESE ITEMS LISTED. IF ANY OF THESE ITEMS LISTED IS INSTALLED, SUCH GLAZING FACING THOSE ITEMS IS TO BE TEMPERED
- PER RESIDENTIAL CODE R312.2, PROVIDE WINDOW FALL PROTECTION IN ACCORDANCE WITH R312.2.1 AND R312.2.2
- GAS OPT. PER COMMUNITY. VERIFY WITH BLDR
- C.J. = RECOMMENDED MASONRY CONTROL JOINT LOCATION
- ALL FINISHES, MATERIALS, HOUSEWRAP, WINDOW AND DOOR FLASHING, TAPING AND SEALANTS TO BE INSTALLED PER BUILDER PROVIDED SPECIFICATIONS OR MFR WRITTEN INSTRUCTIONS
- ALL FINISH DETAILS & TYPICAL PLAN NOTES PROVIDED BY BUILDER IN ACCORDANCE WITH TYPICAL BUILDER SPECIFICATIONS
- REFER TO STRUCTURAL ENGINEERING DRAWINGS FOR ALL EXTERIOR WALL STUD SPECIES, SIZES AND SPACING

TERMITE SPECIFICATIONS

SECTION R318 PROTECTION AGAINST TERMITES

TERMITE PROTECTION SHALL BE PROVIDED BY REGISTERED TERMITICIDES, INCLUDING SOIL APPLIED PESTICIDES, BAITING SYSTEMS, AND PESTICIDES APPLIED TO WOOD, OR OTHER APPROVED METHODS OF TERMITE PROTECTION LABELED FOR USE A PREVENTIVE TREATMENT TO NEW CONSTRUCTION (SEE SECTION 202, REGISTERED TERMITICIDE). UPON COMPLETION OF THE APPLICATION OF THE TERMITE PROTECTIVE TREATMENT, A CERTIFICATE OF COMPLIANCE SHALL BE ISSUED TO THE BUILDING DEPARTMENT BY THE LICENSED PEST CONTROL COMPANY THAT CONTAINS THE FOLLOWING STATEMENT: "THE BUILDING HAS RECEIVED A COMPLETE TREATMENT FOR THE PREVENTION OF SUBTERRANEAN TERMITES. TREATMENT IS IN ACCORDANCE WITH RULES AND LAWS ESTABLISHED BY THE FLORIDA DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES."

NOTE:
1. METHOD OF TREATMENT SHALL BE APPROVED BY THE GOVERNING JURISDICTION "LIQUID BORATE OR BORA-CARE" PRODUCT METHODS MUST BE DETERMINED AT PERMIT STAGE AND PRODUCT APPROVAL DATA MUST BE ON FILE WITH THE BUILDING DEPARTMENT.
2. PRESSURE TREATED LUMBER THAT HAS BEEN CUT OR DRILLED THAT EXPOSES UNTREATED PORTIONS OF WOOD ARE REQUIRED TO BE FIELD TREATED TO PREVENT INSECT INFESTATION.
3. OPTIONAL BORATE APPLIED TO ALL FRAME MEMBERS MIN. 24" AFF

- DETAIL
- GARAGE WALL EXTENDED CURB DETAIL NTS

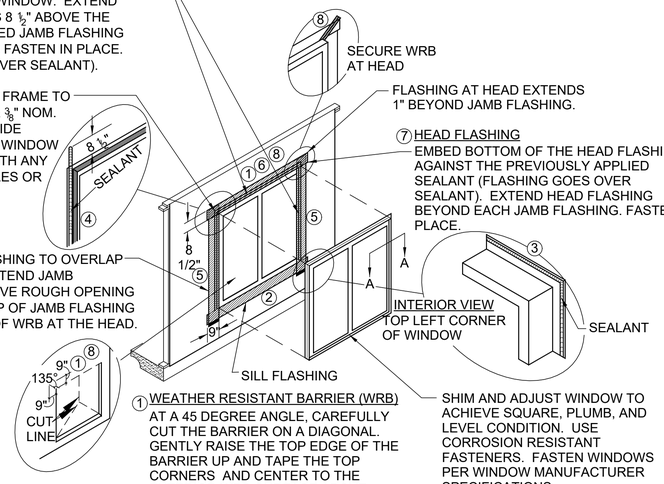
- DETAIL
- GARAGE SLAB RECESS AT OVERHEAD GARAGE DOOR NTS

TYPICAL WINDOW FLASHING

METHOD "A-1" (ASTM E 2112-01)

WINDOW INSTALLATION (METHOD A-1)

WEATHER RESITIVE BARRIER (WRB) APPLIED PRIOR TO THE WINDOW INSTALLATION. FLASHING APPLIED OVER THE FACE OF THE MOUNTING FLANGE.



⑤ JAMB FLASHING

APPLY CONT. SEAL TO THE MOUNTING FLANGES AT THE TOP (HEAD) AND SIDES (JAMBS) OF WINDOW. EXTEND SEALANT AT JAMBS 8 ½" ABOVE THE R.O. AT HEAD. EMBED JAMB FLASHING INTO SEALANT AND FASTEN IN PLACE. (FLASHING GOES OVER SEALANT).

③ SEAL THE WINDOW FRAME TO OPENING. APPLY A ⅜" NOM. DIA. TO THE BACKSIDE (INTERIOR) OF THE WINDOW FLANGE, IN LINE WITH ANY PRE-PUNCHED HOLES OR SLOTS.

⑤ JAMB FLASHING

EXTEND JAMB FLASHING TO OVERLAP SILL FLASHING. EXTEND JAMB FLASHING 8 ½" ABOVE ROUGH OPENING AT HEAD. TUCK TOP OF JAMB FLASHING UNDER THE FLAP OF WRB AT THE HEAD. SEE DIAGRAM.

STEPS:

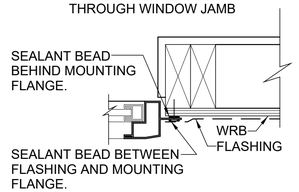
① IN WATER SHEDDING FASHION, STARTING AT THE BASE OF THE WALL & WORKING TOWARDS THE TOP, INSTALL THE WRB TO THE FACE OF THE SHEATHING.

② APPLY SILL FLASHING

③ APPLY BEAD OF SEALANT AT BACK OF WINDOW FLANGE & SET WINDOW USING PAN HEAD SCREWS TO FACILITATE INSPECTION.

④ APPLY BEAD OF SEALANT AT SIDE JAMBS. EXTEND 8 ½"

⑤ APPLY JAMB FLASHING



⑥ APPLY BEAD OF SEALANT AT HEAD

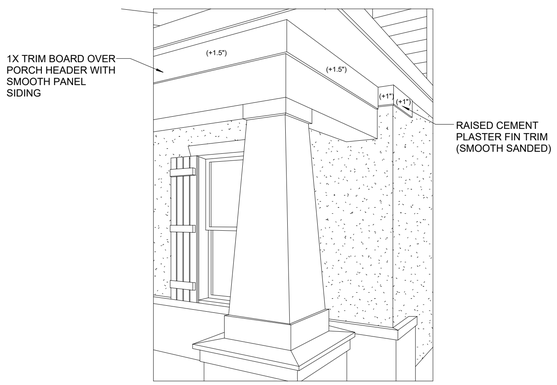
⑦ APPLY HEAD FLASHING

⑧ REMOVE PREVIOUSLY APPLIED TAPE, ALLOWING WRB TO LAY FLAT OVER HEAD FLASHING. APPLY NEW SHEATHING TAPE OVER DIAGONAL CUT - SEE DIAGRAM.

SECTION A

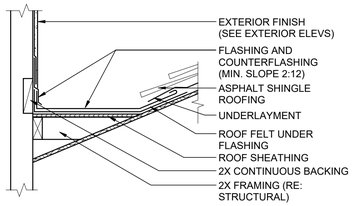
THROUGH WINDOW JAMB

NOTE:
1. WINDOW INSTALLATION AND FLASHING DETAILS ARE CONSISTENT WITH ASTM E 2112 METHOD A-1 EXCEPT SELF-ADHERING FLASHINGS ARE USED



2. IT IS THE CONTRACTORS RESPONSIBILTY TO VERIFY THE COMPATIBILITY OF ALL PRODUCTS INCLUDING HOUSEWRAP, SEALANTS & SELF-ADHERING FLASHING MATERIALS USED DURING CONSTRUCTION

3. INSTALL ALL MATERIALS PER MANUFACTURERS WRITTEN SPECIFICATIONS



4. TYPICAL WINDOW & DOOR FLASHING INSTALLATION DETAILS PREPARED IN ACCORDANCE WITH RESIDENTIAL CODE APPROVED SPECIFICATIONS

WARNING: SEALANTS/FLASHINGS MAY REACT ADVERSELY IF NOT COMPATIBLE

APEX TECHNOLOGY IS A FICTITIOUS NAME OWNED BY JAX APEX TECHNOLOGY INC., A FLORIDA CORPORATION FLORIDA ENGINEER BUSINESS NO. 7547

DESIGN CRITERIA AND LOADS

Building Code	
Florida Building and Residential Codes, 8th Edition (2023)	
Code for Design Loads	
ANSI/ASCE 7-22	
ROOF LOADING	C_S = 1.25
TOP CHORD LIVE LOAD	20 PSF
TOP CHORD DEAD LOAD	7 PSF
BOTTOM CHORD LIVE LOAD	
ATTICS WITH LIMITED STORAGE	20 PSF
ATTICS WITHOUT STORAGE	10 PSF (NON-CONCURRENT)
BOTTOM CHORD DEAD LOAD	5 PSF
WIND LOADING[2]	C_S = 1.60
ASCE 7, 3S GUST	150 MPH
EXPOSURE CATEGORY	C
BUILDING CATEGORY	II
ENCLOSURE CLASSIFICATION	ENCLOSED
INTERNAL PRESSURE COEFF	0.18
C&C DESIGN PRESSURES	(SEE TABLE 1)
[2]	
FLOOR LOADING	C_S = 1.00
TOP CHORD LIVE LOAD	40 PSF
TOP CHORD DEAD LOAD	10 PSF
BOTTOM CHORD LIVE LOAD	0 PSF
BOTTOM CHORD DEAD LOAD	5 PSF
SPECIAL FLOOR LOADING	C_S = 1.00
GAME ROOM^/LOFT LIVE LOAD	60 PSF
BALCONY/DECK LIVE LOAD	40 PSF
DEFLECTION CRITERIA	
ROOF TRUSSES	LL / 240 TL / 180 TL MAX 1" UP TO 40' SPAN
FLOOR JOIST OR TRUSS	LL / 360 TL / 240
BEAMS[1]	LL / 360 TL / 240

NOTES:
1. PORCH BEAMS AND BEAMS SUPPORTING EXTERIOR WALL ABOVE SHALL NOT EXCEED$^{3}/_{4}$" DEFLECTION
2. MAX 16" O.C. FLOOR TRUSS SPACING BELOW GAME ROOM/LOFT
3. ROOF TRUSS WIND DESIGN METHOD SHALL BE MWFRS (DIRECTIONAL -OR- ALL HEIGHT) C-C HYBRID

TABLE 1: COMPONENT AND CLADDING DESIGN PRESSURES

WINDOWS AND DOORS (NOTE 1)				
EFFECTIVE WIND AREA	ZONE DESIGNATION			
	IZ - Interior Zone (psf)		EZ - End Zone (psf)	
0 - 20 ft^2	+32.75	-35.52	+32.75	-43.85
21 - 50 ft^2	+31.17	-33.94	+31.17	-40.69
51 - 100 ft^2	+29.28	-32.05	+29.28	-36.91
101 - 200 ft^2	+27.82	-30.60	+27.82	-34.00

SOFFIT MAX PRESSURE (psf)	+32.75	-43.85
GARAGE DOOR WIDTH (NOTE 2)	PRESSURE (PSF)	
8 FT	+29.18/-36.72	
16 FT	+27.71/-32.13	
ROOFING	-85.85 PSF	

NOTES:
1. END ZONE DESIGNATIONS MAY BE TAKEN AS THE 1ST 4.0' AT ALL EXTERIOR CORNERS PER SECTION R301.2. END ZONES NOT APPLICABLE AT RE-ENTRANT CORNERS.
2. GARAGE DOOR HEIGHT MAY BE 6'-8" OR HIGHER
3. ROOFING PRODUCTS INCLUDE SHINGLES, UNDERLAYMENT AND VENTILATION

THIS STRUCTURE IS LOCATED IN THE WIND BORNE DEBRIS REGION AND HAS BEEN DESIGNED AS AN ENCLOSED STRUCTURE. AS SUCH, THE BUILDER MUST SUPPLY OPENING PROTECTION IN ACCORDANCE WITH SECTION 1609.1.2 AND/OR SECTION R301.2.1.2 AND LOCAL BUILDING JURISDICTION.

ST-5..... TYPICAL WALL SECTION SHEET
ST-6..... SECTIONS AND DETAILS
ST-7..... SECTIONS AND DETAILS

TABLE 2: WOOD STRUCTURAL PANEL SHEATHING REQUIREMENTS

NOTES 3,4

TYPICAL EXTERIOR WALL SHEATHING (NOTE 2)	STUCCO AND DIRECTLY ADHERED STONE (NOTE 6)	MIN $^{7}/_{16}$" 24/16 SPAN RATED OSB OR PLYWOOD INSTALLED HORIZONTALLY W/ 8d COMMON: 6" O.C. EDGE AND FIELD. 2x4 BLOCKING IS RECOMMENDED AT UNSUPPORTED PANEL EDGES.
	ALL OTHER VENEER	MIN $^{7}/_{16}$" 24/16 SPAN RATED OSB OR PLYWOOD INSTALLED VERTICALLY (BLOCKED PANEL EDGES REQUIRED) OR HORIZONTALLY (UNBLOCKED PANEL EDGES, UNO) W/ 8d COMMON 6" O.C. EDGES AND FIELD
ROOF DECK SHEATHING (NOTE 1)	METAL ROOF	MIN $^{15}/_{32}$" 32/16 SPAN RATED PLYWOOD INSTALLED WITH LONG DIMENSION PERPENDICULAR TO SUPPORTS W/ RSRS-03 NAILS: 4" O.C. AT PANEL EDGES AND 6" O.C. IN THE FIELD (UNBLOCKED PANEL EDGES, UNO).
	SHINGLE ROOF	MIN $^{7}/_{16}$" 24/16 SPAN RATED OSB OR PLYWOOD INSTALLED WITH LONG DIMENSION PERPENDICULAR TO SUPPORTS W/ RSRS-01 NAILS: 6" O.C. AT PANEL EDGES, AND 6" O.C. IN THE FIELD (UNBLOCKED PANEL EDGES, UNO).
FLOOR DECK SHEATHING: (NOTE 5)		$^{23}/_{32}$" T&G OSB OR PLYWOOD W/ 10d COMMON: 6" O.C AT PANEL EDGES, 12" O.C. IN THE FIELD (UNBLOCKED PANEL EDGES, UNO).
PORCH CEILING BOARD SHEATHING:		MIN $^{3}/_{8}$" OSB OR PLYWOOD OR CDX INSTALLED PERPENDICULAR TO SUPPORTS W/ 8d COMMON NAILS: 3" O.C. AT PANEL EDGES, 12" O.C. IN THE FIELDOR MIN$^{1}/_{4}$" EXTERIOR GYPSUM CEILING BOARD, FASTEN w/ 5d x $^{15}/_{8}$" COOLER NAIL OR NO.6 x $^{1}/_{2}$" LONG SCREWS @ 4" O.C. EDGES, 8" O.C. FIELD (UNBLOCKED PANEL EDGES, UNO).

NOTES:
1. FOR SHEATHING THICKNESS GREATER THAN $^{15}/_{32}$" CATEGORY, USE RSRS-03 NAILS.
2. COMMON NAILS IN WALL SHEATHING MAY BE SUBSTITUTED W/ 8d GALVANIZED BOX NAILS.
3. ZIP WALL SHEATHING IS AN ACCEPTABLE ALTERNATE FOR APA RATED WOOD STRUCTURAL PANEL.
4. ALL WOOD STRUCTURAL PANEL SHALL CONFORM TO THE MOST CURRENT APPLICABLE SPECIFICATION AND SUPPLEMENTS OF CURRENT APPROVED APA MANF. SPECIFICATIONS.
5. FLOOR FASTENERS ARE MINIMUM REQUIRED FOR DIAPHRAGM DESIGN. FOR INCREASED FLOOR PERFORMANCE AND TOHELP REDUCE SQUEAKING, RSRS-01 NAILS OR 8d SCREW NAILS ARE RECOMMENDED.
6. $^{15}/_{32}$" 32/16 SPAN RATED OSB OR PLYWOOD WITH BLOCKED PANEL EDGES IS AN APA RECOMMENDATION PER APA TECHNICAL BULLETIN Q370 WHEN STUCCO LATH IS ATTACHED DIRECTLY TO OSB OR PLYWOOD. SHOULD BUILDER SPECIFICATIONS ALLOW, MIN STRUCTURAL REQUIREMENTS ARE$^{7}/_{16}$" 24/16 SPAN RATING INSTALLED HORIZONTALLY. INCLUDES FULL AND PARTIAL HEIGHT VENEER APPLICATIONS
7. ROOF DECK SHEATHING HAS BEEN ENGINEERED TO RESIST ASCE 7 WIND LOADS IN ACCORDANCE WITH FRC R301.2.1.1

TABLE 3: NAIL SIZE LEGEND

NOTES 1, 2, 3, 4

	DIAMETER	LENGTH
8d COMMON	0.131"	2-$^{1}/_{2}$"
RSRS-01	0.113"	2-$^{3}/_{8}$"
RSRS-03	0.131"	2-$^{1}/_{2}$"
10d x 1-$^{1}/_{2}$"	0.148"	1-$^{1}/_{2}$"
10d	0.131"	3"
10d COMMON	0.148"	3"
12d COMMON	0.148"	3-$^{1}/_{4}$"
16d SINKER	0.148"	3-$^{1}/_{4}$"
16d COMMON	0.162"	3-$^{1}/_{2}$"

NOTES:
1. INSTALL 10d NAILS UNLESS OTHERWISE SPECIFIED.
2. COMMON WIRE NAILS AND THREADED HARDENED STEEL NAILS SHALL CONFORM TO THE NOMINAL SIZES SPECIFIED IN ASTM F1667. NOMINAL DIAMETER SIZES APPLY TO FASTENERS BEFORE APPLICATION OF PROTECTIVE COATING.
3. WHEN A BORED HOLE IS REQUIRED TO PREVENT SPLITTING OF A WOOD DUE TO FASTENER PENETRATION, THE BORED HOLE SHALL NOT EXCEED 75% OF THE NAIL OR SPIKE DIAMETER.
4. THE NOMINAL DIAMETER AND LENGTH OF TYPICAL FASTENERS SPECIFIED FOR THIS PROJECT ARE AS LISTED IN TABLES.

TABLE 4: FASTENERS IN PRESSURE TREATED LUMBER

PRESERVATIVE	FASTENER TYPE
ACZA	STANDARD CARBON STEEL
SODIUM BORATE (NOTE 1)	STAINLESS CONNECTORS AND FASTENERS REQUIRED.
ALL OTHER PT (INCLUDING ACQ & MCQ)	CONNECTORS MUST HAVE Z-MAX, G190 OR TRIPLE ZINC COATED FINISH. ALL FASTENERS MUST BE HOT DIPPED GALVANIZED.

NOTES:
1. SILL PLATES W/ SODIUM BORATE TREATMENTS BEARING ON CONCRETE OVER VAPOR BARRIER ARE NOT DIRECTLY EXPOSED TO EARTH OR WEATHER AND HAVE BEEN PROVEN TO BE NON-CORROSIVE TO CARBON STEEL FASTENERS.

TABLE 5: EXTERIOR HEAD JAMB AND SILL FRAMING

ROUGH OPENING WIDTH	HEAD JAMB OR SILL SIZE	FASTENERS AT EACH END
50" OR LESS	(1) 2x4 OR (1) 2x6	(4) 10d TOE-NAILS
GREATER THAN 50" UP TO 76"	(2) 2x4 OR (1) 2x6	(6) 10d TOE-NAILS
GREATER THAN 76"	SEE FLOOR PLAN	SEE FLOOR PLAN

1. WINDOWS WITH INTERMEDIATE JACK STUDS MAY BE TREATED AS SEPARATE OPENINGS.
2. HEAD JAMB AND SILL OUTSIDE THE SCOPE OF THIS SCHEDULE HAVE BEEN ENGINEERED AS WIND-LOAD HEADER AND SILL. SEE PLAN.

PRE-ENGINEERED TRUSSES

1. NOTE : ROOF TRUSS TOP CHORDS SHALL HAVE A MINIMUM SPECIFIC GRAVITY OF 0.49 (SYP SPECIES OR BETTER)
2. ROOF OR FLOOR TRUSSES FABRICATED TO ACHIEVE THE ROOF PLANES DEPICTED ON THE ARCHITECTURAL PLANS SHALL BE DESIGNED UNDER THE SUPERVISION OF A REGISTERED PROFESSIONAL ENGINEER. ENGINEERING SHOP DRAWINGS SHALL BE PREPARED IN ACCORDANCE WITH ANSI/TPI AND SUBMITTED TO THE ENGINEER OF RECORD FOR APPROVAL PRIOR TO FABRICATION. DESIGN CRITERIA IS LOCATED ON SHEET ST-1 OF THE PLAN SETTEMPORARY BRACING SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR AND SHALL BE LEFT IN PLACE AFTER CONSTRUCTION IS COMPLETE.
3. TRUSSES SHALL BE DESIGNED TO MATCH THE ORIENTATION, SPAN DIRECTION, SPACING, BEARING & LOCATION OF THE FRAMING PLAN SHOWN HERE.
4. THE TRUSS ENGINEER SHALL PROVIDE ALL TRUSS TO TRUSS CONNECTION DESIGN AND SPECIFICATIONS AND SUBMIT THEM UNDER SIGN AND SEAL WITH THE TRUSS SHOP DRAWINGS.
5. TRUSS UPLIFTS HAVE BEEN CALCULATED BY THE ENGINEER OF RECORD AND TAKEN INTO CONSIDERATION DURING THE DESIGN OF THE UPLIFT RESTRAINT SYSTEM FOR THIS STRUCTURE. AS SUCH, THE REPORTED UPLIFTS ON THE TRUSS SHOP DRAWINGS MAY BE DISREGARDED.

NOTES:
1. SIMPSON ACRYLIC-TIE ADHESIVE OR EQUAL SHALL BE USED IN ALL DRILLED AND EPOXIED ANCHOR APPLICATIONS. ANCHOR BOLT, THREADED ROD, OR DOWELED REINFORCING STEEL MAY BE EMBEDDED TO THE SPECIFIED DEPTH, IN A HOLE AS SPECIFIED BY MANUFACTURER (TYPICALLY 1/16" TO 1/8" GREATER THAN SPECIFIED ANCHOR DIAMETER). ADHESIVE/EPOXY MUST FILL THE HOLE IN THE CONCRETE AND WOOD BOTTOM PLATE. MANUFACTURER'S SPECIFICATIONS MUST BE FOLLOWED FOR PROPER INSTALLATION.
2. REFER TO SIMPSON OR MITEK CATALOG FOR ADDITIONAL INSTALLATION INSTRUCTIONS.
3. IF CONNECTOR IS NOT LISTED ABOVE, CONTACT EOR FOR SPECIFIC FASTENING REQUIREMENTS.
4. POSITIVE PLACEMENT GUN NAILS, 2½" LONG, WITH EQUIVALENT DIAMETER TO COMMON NAILS SPECIFIED ABOVE MAY BE USED FOR ABU POST BASE ANCHORS, CS16, AND MSTA FLAT STRAPS.
5. MASONRY APPLICATION REQUIRE EQUIVALENT NUMBER OF TITEN ANCHORS IN LIEU OF 16d NAILS TO HDR CONNECTION. CMU REQUIRES ¼" Ø x 2 ¾" TITENS ILO 16d. CONCRETE REQUIRES EQUIVALENT NUMBER OF ¼" Ø x 1 ¾" TITENS ILO 16d.
6. MASONRY SCREWS AT EXTERIOR CMU APPLICATIONS TO HAVE FLAT HEADS.

MASONRY NOTES

1. ALL MASONRY UNITS SHALL MEET ASTM C90 STANDARD WITH f'm= 2000PSI AND SHALL BE ERECTED IN RUNNING BOND WITH TYPE M OR S MORTAR OVER FULL BED.
2. SHOULD LIMITED AREAS OF STACK BOND MASONRY EXIST, EVERY OTHER COURSE SHALL BE EQUIPPED w/ 9 GAUGE LADDER TYPE HORIZONTAL JOINT REINFORCEMENT
3. ALL GROUT TO BE MIXED PER ASTM C476 STANDARDS AND INSTALLED TO COMPLY WITH FBC R606.3.5. f'c = 3,000 PSI.
4. VERTICAL WALL REINFORCING TO BE ASTM A615 GRADE 60 REBAR.
5. LAPS BETWEEN VERTICAL REINFORCING AND DOWELS TO BE 30".
6. VERTICAL REINFORCING TO HAVE 10' STANDARD HOOK INTO BOND BEAM. DOWEL TO HAVE 10' STANDARD HOOK INTO FOOTING
7. PRE-CAST MASONRY LINTELS: SEE "LINTEL SCHEDULE" ON STRUCTURAL PLAN SHEET.
8. PROVIDE MOISTURE BARRIER FOR ALL UNTREATED LUMBER IN CONTACT WITH MASONRY OR CONCRETE.

CONCRETE AND FOUNDATION NOTES

1. CONCRETE COMPRESSIVE STRENGTH FOR FOOTINGS= 2,500 PSI AT 28 DAYS (UNO).
2. CONCRETE COMPRESSIVE STRENGTH FOR SLAB = 2,500 PSI AT 28 DAYS (UNO).
3. ALL REINFORCING STEEL #3 AND BIGGER SHALL BE ASTM A615 GRADE 40 DEFORMED BARS (UNO).
4. ALL REINFORCING STEEL SHALL HAVE 90 DEGREE BEND AT CORNERS WITH A 24" LAP24" LONG #4 BAR IS RECOMMENDED TO BE INSTALLED AT ALL REENTRANT CORNERS.
5. FIBERMESH IS AN ACCEPTABLE ALTERNATIVE AND SHALL NOT REQUIRE WWF.FIBER LENGTHS SHALL BE ½" TO 2" IN LENGTH. DOSAGE AMOUNTS SHALL RANGE FROM 0.75 TO 1.5 POUNDS PER CUBIC YARD IN ACCORDANCE WITH THE MANUFACTURER'S RECOMMENDATIONS. SYNTHETIC FIBERS SHALL COMPLY WITH ASTM C1116. THE MANUFACTURER OR SUPPLIER SHALL PROVIDE CERTIFICATION OF COMPLIANCE WHEN REQUESTED BY THE BUILDING OFFICIAL.
6. MASONRY STEMWALL AND MONOLITHIC FOOTING ARE INTERCHANGEABLE.
7. EARTH AND EARTH FILL SUPPORTING SLABS ON GRADE IS ASSUMED TO HAVE A MINIMUM BEARING CAPACITY OF 2,000 PSF IN ACCORDANCE WITH TABLE R401.4.1, AND SHALL BE FREE OF ORGANIC MATERIAL AND COHESIVE SOILS. COMPACT THE FILL IN 12" LIFTS TO AT LEAST 95% OF MODIFIED PROCTOR MAXIMUM DRY DENSITY. IT IS THE OWNER'S OR CONTRACTOR'S RESPONSIBILITY TO CONFIRM THESE ASSUMPTIONS.
8. CONCRETE FLOOR SLABS ON GRADE SHALL BE INSTALLED OVER A MINIMUM 6 MIL POLYETHYLENE VAPOR RETARDER WITH JOINTS LAPPED 6" AND SEALED OVER CLEAN, COMPACTED EARTH OR FILL WITH CODE APPROVED PROVISIONS FOR PREVENTION OF SUBTERRANEAN TERMITES.
9. STEMWALLS OVER 4 COURSES TALL REQUIRE SPECIAL ATTENTION TO BRACING DURING CONSTRUCTION. CONTACT ENGINEER OF RECORD IF THIS CONDITION EXISTS.
10. TO CONTROL CRACKING, CUT 1" SAWCUTS IN THE SLAB IN A 15'x15' GRID WITHIN 12 HOURS OF CONCRETE PLACEMENT. CONTACT EOR FOR ALTERNATIVE METHODS.CONTROL JOINTS ARE NOT REQUIRED WHEN WWF OR FIBERMESH ARE INCLUDED WITH CONCRETE WORK.
11. DO NOT SCALE FOOTING DIMENSIONS AND LOCATIONS FROM THE FOUNDATION PLAN. DO NOT DETERMINE FOOTING LOCATION FROM ARCHITECTURAL PLANS OR FRAMING PLAN. IF FOOTING SIZE OR LOCATION IS NOT DETERMINATE FROM USE OF FOUNDATION PLAN ALONE, CONTACT THE ENGINEER OF RECORD.

LEGEND

OPT	OPTIONAL

HEADER FRAMING

1. ALL HEADER JACK AND KING STUDS SHALL BE FASTENED TO EACH OTHER WITH (2) ROWS 10d @ 8" O.C. STAGGERED.
2. ALL HEADERS TO BE FRAMED W/ NO.2 SYP
3. FASTEN ALL MULTI-PLY HEADERS TOGETHER WITH (2) ROWS 10d @ 8" O.C., STAGGERED ALONG EACH EDGE.
4. FASTEN ALL HEADERS TO KING STUDS WITH (3) 8d TOE NAILS
5. IF HEADER NOT SPECIFIED, CONTACT ENGINEER OF RECORD.
6. CRIPPLE BLOCKS BELOW LOAD-BEARING HEADERS MAY BE FRAMED AT 24" O.C.
7. IN ANY LOCATION WHERE A 2x_ BEAM OR HEADER IS PROVIDED, IT IS ACCEPTABLE TO USE AN ENGINEERED LVL BEAM OR HEADER OF EQUIVALENT SIZE.
8. NON BEARING HEADERS DUE TO LIGHTLY LOADED CONDITIONS, 38" OR LESS CLEAR-OPENINGS IN AN EXTERIOR WALL DO NOT REQUIRE LOAD BEARING HEADER, SEE PLAN.

FRAMING NOTES

1. ALL LUMBER SPECIFIED ON DRAWINGS IS INTENDED FOR DRY USE ONLY, UNO. ALL WATERPROOFING AND FIRE SAFETY SYSTEMS ARE THE RESPONSIBILITY OF THE CONTRACTOR AND ARE TO BE DESIGNED AND DETAILED BY OTHER.
2. ALL METAL CONNECTORS SPECIFIED ON PLAN ARE IN ADDITION TO FRAMING FASTENER REQUIREMENTS LISTED IN TABLE 2304.10.1
3. FASTEN ALL MULTI-PLY STUD COLUMNS AND CORNERS TOGETHER WITH (2) ROWS 10d @ 8" O.C. STAGGERED. UPPER LEVEL MULTI-PLY STUD GROUPS BELOW ALL GIRDER LOCATIONS TO BE CONTINUOUS THROUGH FLOOR SYSTEM TO FOUNDATION. (NOT REQUIRED BELOW HEADER JACK/KING STUD GROUPS)
4. FASTEN ALL STUDS TO BOTTOM AND TOP PLATES WITH (4) 8d TOE NAILS OR (2)16d COMMON END NAILS.
5. FASTEN ALL TRUSSES AND RAFTERS TO TOP PLATES WITH (3) 8d TOE NAILS.
6. ALL MULTI-PLY TRUSS GIRDERS AND BEAMS TO HAVE SOLID STUD GROUP BELOW MATCHING GIRDER OR BEAM THICKNESS AND MATCHING WALL STUD SPECIFICATIONS AS NOTED ON STRUCTURAL PLAN, UNO.
7. EXTERIOR WALL DESIGN ASSUMES CONTINUOUSLY SHEATHED WITH OSB OR PLYWOOD
8. EXTERIOR WALLS SHALL BE FRAMED W/ NO.2 SPF STUDS AND NO.2 SYP PLATES. INTERIOR LOAD-BEARING WALLS SHALL BE FRAMED W/ SPF STUD GRADE OR BETTER AND NO.2 SYP PLATES
9. NON-LOAD BEARING INTERIOR WALLS MAY BE FRAMED W/ 2x_ SPF @ MAX 24" O.C. OR METAL STUD FRAMING MAX 24" O.C. , EXCEPT WHERE WALLS SUPPORT TILE.

- OPT. NO. 5 BAR APPLIES ONLY IF OPT OPENING INSTALLED
- NO. 5 BAR w/ VERTICAL REINFORCEMENT AT CMU COLUMN AS SHOWN, HEIGHT OF DOWEL = HEIGHT OF COLUMN

FRAMING KEY NOTES (CMU) DC1

NOTES APPLICABLE ONLY WHERE SPECIFIED ON PLAN

(SEE SHEET ST-1 & 5 FOR TYPICAL NOTES)

1. MIN (2) INTERMEDIATE JACK STUDS REQUIRED BETWEEN OPENINGS
2. FASTEN EACH BEAM TO MASONRY W/ META STRAP
3. • INSTALL 7/16" OSB SHEATHING W/ 8d COMMON @ 6" O.C. AT ALL PANEL EDGES AND 12" O.C IN FIELD
   • BLOCK ALL SHEATHING PANEL EDGES FULL LENGTH OF WALL
   • FASTEN BOTTOM PLATE TO:
   •• SLAB W/ ½" ANCHOR @ 24" O.C. PER TYPICAL WALL SECTION, SHEET ST-5
   •• FLOOR FRAMING W/ 10d @ 3" O.C.
4. • INSTALL 7/16" OSB SHEATHING w/ 8d COMMON @ 3" O.C. AT ALL PANEL EDGES AND 12" O.C. IN FIELD
   • BLOCK ALL SHEATHING PANEL EDGES FULL LENGTH OF WALL
   • FASTEN BOTTOM PLATE TO:
   •• SLAB W/ ½" ANCHOR @ 16" O.C. PER TYPICAL WALL SECTION, SHEET ST-5
   •• FLOOR FRAMING W/ 10d @ 3" O.C.
5. • BEAM TO CMU WALL w/ SIMPSON HUC HANGER MATCHING PORCH BEAM DIMENSIONS.
   • MIN. 2" MASONRY SCREW OFFSET FROM CORNER.
6. • EVERY STUD TO TOP PLATE W/ (2) SDWC15600.
   • EVERY STUD TO BOTTOM PLATE W/ (2) SDWC15450.
7. TALL WALL: 2x8 NO.2 SPF @ 16" O.C.
8. HOLD BACK LEAD STUD OF PERPENDICULAR WALL ½" FOR SHEATHING TO BE CONTINUOUS
9. INSTALL (2) META STRAPS OR (1) HM9 AT EACH TRUSS AS NOTED
10. SEE INTERIOR SHEARWALL DETAIL, THIS SHEET
11. PROVIDE META WET-EMBED STRAPS @ EACH TRUSS VERT. @ 24" O.C. OR HGAM10 @ 32" O.C.
12. ATTACH SW TO FLOOR DIAPHRAGM PER ONE OF THE FOLLOWING:
    A. IF FLOOR TRUSS ALIGNS ABOVE SW, ATTACH FLOOR TRUSS BOTTOM CHORD TO SW DBL TOP PLATE W/ 10d @ 3" O.C.
    B. FRAME AND SHEATH SW TO FLOOR DECK ABOVE. ATTACH FLOOR DECK TO SW DBL TOP PLATE W/ 10d @ 3" O.C.

LEGEND

- INTERIOR WOOD FRAME ROOF LOAD BEARING WALL, SPECIFICATIONS OUTLINED ON TYPICAL WALL SECTIONS, DETAIL SHEETS
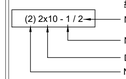
- INTERIOR WOOD FRAME BEARING WALL WITH NO UPLIFT. NO UPLIFT ANCHORS REQUIRED. MINIMUM BOTTOM PLATE ANCHORAGE IS ¾" x 3" TAPCONS @ 24" O.C. & 6" O.C. MAX FROM END OF 2x PLATE (UNO ON FRAMING PLAN OR SW SPECIFICATIONS)
- STRUCTURAL WOOD BEAM

STUD COLUMN KEYNOTE

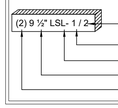
- NUMBER OF STUDS BELOW BEAM/GIRDER TRUSS. STUDS TO MATCH WALL FRAMING SIZE AND GRADE, UNO.
- ADDITIONAL CLARITY FOR THE LOCATION OF THE STUD COLUMN
- BOTTOM OF STUD COLUMN CONNECTION
  • 1ST LEVEL STUD COLUMN: HOLDDOWN REQUIRED AT BASE OF COLUMN
  • 2ND LEVEL STUD COLUMN: STRAPPING REQUIRED FROM 2ND LEVEL COLUMN TO 1ST LEVEL STUDS/HEADER/BEAM/CMU WALL. SEE DETAIL HD WHEN "HD" SPECIFIED.

HEADER STRAPPING KEYNOTE



- NUMBER OF STRAPS CONNECTING HEADER TO JACK STUD
- TYPE OF STRAP CONNECTING HEADER TO JACK STUD
- KING/JACK GROUP BOTTOM CONNECTION
  • 1ST LEVEL: HOLDDOWN REQUIRED AT BASE OF COLUMN
  • 2ND LEVEL: STRAPPING REQUIRED FROM 2ND LEVEL JACK/KING GROUP TO 1ST LEVEL STUDS/HEADER/BEAM/CMU WALL. SEE DETAIL HD WHEN "HD" SPECIFIED.
- NUMBER OF HOLDDOWNS/STRAPS AT BASE OF KING/JACK GROUP

NON-BEARING HEADER FRAMING KEYNOTE



- NUMBER OF KING STUDS EACH SIDE OF OPENING
- HEADER MAY BE FRAMED AS NON BEARING HEADER DUE TO LIGHTLY LOADED CONDITIONS ABOVE

#2 SYP HEADER FRAMING KEYNOTE

- NUMBER OF KING STUDS EACH SIDE OF OPENING
- NUMBER OF JACK STUDS EACH SIDE OF OPENING
- DEPTH OF LOAD-BEARING #2 SYP HEADER
- NUMBER OF PLIES IN HEADER

ENGINEERED LUMBER HEADER FRAMING KEYNOTE

- NUMBER OF KING STUDS EACH SIDE OF OPENING
- NUMBER OF JACK STUDS EACH SIDE OF OPENING
- HEADER MATERIAL (LSL, LVL, PSL, OR SYS42)
- DEPTH OF LOAD-BEARING EWP HEADER
- NUMBER OF PLIES IN HEADER (1 ¾" WIDE UNO)

TRUSS FRAMING KEY NOTES

NOTES APPLICABLE ONLY WHERE SPECIFIED ON PLAN

1. SEE "SHEAR PANEL" DETAIL ON DETAIL SHEET.

2. TYPICAL BEARING BLOCK

- BEARING BLOCK TO BE NO.2 SYP, MIN 48" LONG AND TO MATCH DIMENSION OF TRUSS MEMBER.
- ATTACH BEARING BLOCK TO TRUSS VERTICAL OR TRUSS BOTTOM CHORD W/ (3) ROWS 10d @ 4" O.C. STAGGERED.

3. LEDGER FRAMING NOTES

- FASTEN NO.2 SYP LEDGER TO FRAMING/TRUSS VERTICALS AT EVERY SUPPORT WITH FASTENING SHOWN BELOW (MAX 24" O.C. SPACING), OR
- FASTEN NO.2 SYP PT LEDGER TO MASONRY/CONCRETE w/ FASTENING SHOWN BELOW
- ADDITIONAL FASTENERS MAY BE REQUIRED AT SPECIFIED LOCATIONS ON PLAN
- SEE TABLE 4 ON SHEET ST-1 FOR FASTENER PROTECTION AGAINST CORROSION
- EXTERIOR DECK LEDGERS SHALL BE SECURE TO WALL FRAMING WITH WOOD SCREWS. COMMON NAILS AT FLOOR LEDGERS ARE FOR INTERIOR USE ONLY.

ROOF FRAMING LEDGER TO WOOD:

2x6.....(4) 12d COMMON
2x8.....(6) 12d COMMON
2x10.....(8) 12d COMMON
2x12.....(10) 12d COMMON

LEDGER TO CMU (W/ 3" TAPCON OR TITEN):

PT 2x6.....(2) ROWS ¼" Ø @ 24" O.C. STAGGERED
PT 2x8.....(2) ROWS ¼" Ø @ 16" O.C. STAGGERED
PT 2x10.....(2) ROWS ¼" Ø @ 8" O.C. STAGGERED
PT 2x12.....(2) ROWS ¼" Ø @ 6" O.C. STAGGERED

FLOOR FRAMING LEDGER TO WOOD (W/ NAILS):

2x6.....(3) 16d COMMON
2x8.....(5) 16d COMMON
2x10.....(7) 16d COMMON
2x12.....(9) 16d COMMON

FLOOR FRAMING LEDGER TO WOOD (W/ SCREWS):

PT 2x6.....(3) ¼" x 4-½" LONG #14 WOOD SCREWS
PT 2x8.....(5) ¼" x 4-½" LONG #14 WOOD SCREWS
PT 2x10.....(7) ¼" x 4-½" LONG #14 WOOD SCREWS
PT 2x12.....(9) ¼" x 4-½" LONG #14 WOOD SCREWS

4. • (2) 2x8 SYP BLOCKING BETWEEN TRUSS TOP CHORDS BELOW WALL ABOVE
   • ATTACH BLOCKING TO TRUSSES W/ (4) 10d TOE-NAILS EACH END
5. IF USING (2) HTSM20, INSTALL (1) STRAP ON EACH FACE OF THE WALL - (2) HTSM20 ON SAME SIDE OF WALL IS NOT PERMITTED AT THIS LOCATION
6. TRUSS TO WOOD BEAM W/ SDWC15600
7. SEE SCAB BLOCK DETAIL ON ST-6. INSTALL SCAB BLOCK FOR TWIST STRAP CONNECTION AS NEEDED.
8. GABLE END FLOOR TRUSSOR BOTTOM RIBBON BOARD TO BOND BEAM W/ HGAM10 @ MAX 24" O.C.
9. FASTEN FL TRUSS TO 1ST LEVEL DOUBLE TOP PLATE w/ 10d @ 3" O.C.
10. INSTALL (2) META20 STRAPSOR (1) HM9 AT EACH TRUSS
11. PROVIDE WET-EMBED META20 STRAPS @ EACH TRUSS VERT. @ MAX 24" O.C. OR HGAM10 @ MAX 32" O.C.
12. TRUSS TO MASONRY W/ HEAVY TENSION TIE PER PLAN W/ 5/8" Ø SCREW ANCHOR W/ 12" EMBED, CENTERED IN BOND BEAM
13. MGT OR VGT W/ (1) 5/8" Ø ANCHOR W/ MIN 12" EMBED
14. • (1) 48" & (1) 24" BEARING BLOCK REQUIRED
    • EACH BLOCK TO TRUSS w/ (3) ROWS 10d @ 4" O.C. STAGGERED
    • TRUSS TO MASONRY BELOW W/ LGT3-SDS2.5

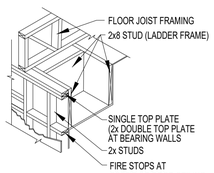
TYPCAL RAKE AND SOFFIT EAVE DETAIL

SCALE N.T.S.

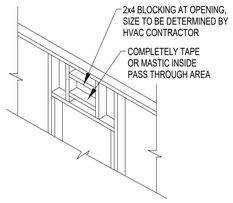
GENERAL FURRING NOTES



- FOR ALL STRUCTURAL INFORMATION PERTAINING TO PLANS REFER TO STRUCTURAL SHEETS.
- USE 2" "T" NAILS TO INSTALL FURRING STRIPS.
- NAIL P.T. 1x4 BOTTOM PLATE 3/4" OFF FLOOR.
- MINIMUM 1/2" SPACE BETWEEN NON-LOAD BEARING WALL TOP PLATE AND BOTTOM CHORD OF TRUSS.

FRAMING RULES

THESE "RULES" ARE TO BE READ AS CONSTRUCTION GUIDELINES FOR FRAMING CREWS. STRUCTURAL PAGES AND NOTES BY ARCHITECTS AND ENGINEERS SHALL CONTROL.



1. CMU FURRING STRIP (1x2 PT) WALLS - 24" OC. EXCEPT 16" OC AT:
   a. TILED (WET) WALLS
   b. CABINET WALLS
2. INTERIOR (NON-BEARING) WALLS - 1ST & 2ND FLOOR ARE SPF LUMBER. 24" OC. EXCEPT 16" OC AT:
   a. TILED (WET) WALLS
   b. CABINET WALLS
   c. LOW WALLS OVER STAIRS - 16" OC AND DOUBLE TOP PLATES
   d. SECOND FLOOR WALLS AT DOUBLE HEIGHT SPACES
3. SHEATHING - FLOOR, ROOF & WALL
   a. 1/8" GAPPING - "GRIP H CLIPS" - USED AT ALL ROOF & WALL & ROOF SHEATHING SEAMS.
6. ARCHES, DEADWOOD (DRYWALL BACKING), DROP CEILINGS, ETC. - 2x4 SPF
7. TUB DECKS - ¾" x 4' x 8' AC PINE PLY. SPF FRAMING MATERIAL. AIR BARRIER/SIX-SIDED ASSEMBLY WHERE REQUIRED.
8. ROOF & TRUSS
   a. SUB-FASCIA - 2x6 SPF LUMBER. (EXCEPTION: HOME -AT-LAST SERIES = 2x4 SPF)
   b. "CONTINUOUS BOTTOM CHORD BRACING" OR "RAT RUN" -2x4 SYP #2
   c. ALL OVERHANGS OVER 16", AND ALL LOAD BEARING ROOF FRAMING COMPONENTS (BRACING, VALLEY SET, DORMERS, ETC.) NEED TO BE SYP #2 PER DETAILS.
   d. SUPPLEMENTARY ROOF FRAMING (OVERHANGS, NON-BEARING KNEEWALLS, ETC.) 2x4 OR 2x6 SPF
   e. TEMPORARY TRUSS BRACING FOR (REMOVE AND RE-USE AS BLOCKING, DEADWOOD, ETC.) - 2X4 SPF. IF TEMP BRACING IS TO BE LEFT AS PERMANENT, THEN IT NEEDS TO BE SYP #2.
   f. TRUSS BRACING & ENGINEERING (CLR, T&H SCAB BRACING) - ALL2x4 SYP #2
12. FRAME DOWN PERIMETER TRAY CEILINGS (INTERIOR NON-STRUCTURAL) PERIMETER MEMBER SHALL BE SPF #2 WITH SIZE MATCHING DROP DOWN HEIGHT. ALL OTHER MEMBERS SHALL BE 2X4 SPF #2 WITH HORIZONTAL MEMBERS HAVING A MAX UNSUPPORTED SPAN OF 36". FOR LONGER SPANS, SEE DETAIL M/S3. THIS NOTE APPLIES WHERE SOME FIRST FLOOR CEILING TRAYS ARE DESIGNATED AS "DOWN FRAMED" ON THE FLOOR PLAN.

STC CLIP DETAIL

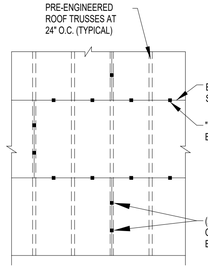
NOTES:
1) STC TRUSS CLIPS ARE USED TO ALLOW TRUSS OR BLOCKING TO MOVE INDEPENDENTLY FROM THE WALL TOP PLATE IN CASE OF DEFLECTION

2) STC CLIPS ARE NOT REQUIRED AT EVERY TRUSS OR BLOCKING AT 24" O.C.

3) STC CLIP IS ONLY NEEDED WHEN WALL LENGTH EXCEEDS 8' IN LENGTH WITHOUT A PERPENDICULAR WALL ATTACHED TO IT FOR SUPPORT OF THE WALL TOP PLATE.

4) THIS DETAIL DOES NOT SUPERSEDE STRUCTURAL ENGINEERING DETAILS AND IS INTENDED TO BE USED WHERE SPECIAL REQUIREMENTS ARE NOT USED.

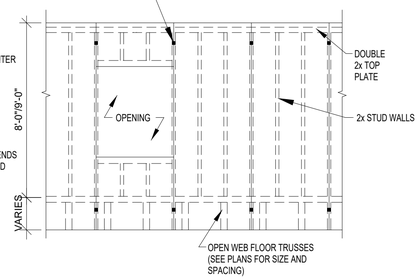
TYPICAL INTERIOR NON-BEARING WALL



N.T.S.

SHEATHING "GRIP H CLIP" LOCATIONS

GENERAL NOTES



- FOR ALL STRUCTURAL INFORMATION PERTAINING TO SHEATHING PLACEMENT AND ATTACHMENT REFER TO STRUCTURAL SHEETS.
- INSTALL "TALLWALL" SHEETS "VERTICALLY" ORIENTED.

SHEATHING SEAM:
FOR WALL SHEATHING, TO ASSURE THE NEEDED 1/8" SPACING AT PANELS ENDS & EDGES, USE "GRIP-H-CLIPS", INSTALL CLIP WITHIN THE TOP AND BOTTOM 1/4 OF THE SHEATHING, BUT NOT WITHIN 8" OF THE END OF THE SHEET, PROVIDED THAT THERE IS A NAIL, SIZE NOTED PER PLAN, INSTALLED WITHIN 1/2" ON EITHER SIDE OF THE CLIP TO KEEP THE SHEATHING AS TIGHT AS POSSIBLE TO THE STUD.
** ALSO WITH FRAMED GABLES ADD "GRIP-H-CLIPS" MAXIMUM 48" O.C. WITH SAME NAILING GUIDELINES FOR THE HORIZONTAL & VERTICAL SEAMS.

SCALE: 1 1/2" = 1'-0"

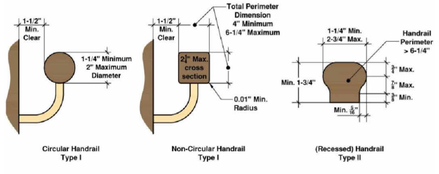
STAIRWAY NOTES

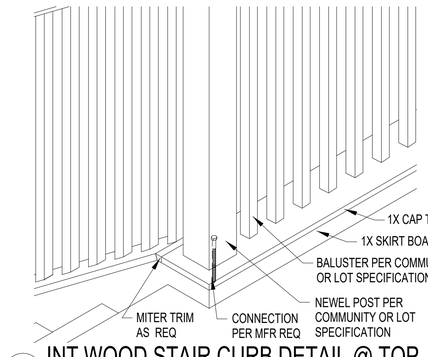
PER FBCR R301.5
STAIR RAILING AND STAIR GUARD RAILING SHALL BE CONSTRUCTED TO WITHSTAND A SINGLE CONCENTRATED LOAD OF 200 POUNDS APPLIED AT ANY POINT AND ANY DIRECTION ALONG THE TOP OF THE RAIL.

GUARD IN-FILL COMPONENTS (ALL THOSE EXCEPT THE HANDRAIL), BALUSTERS AND PANEL FILLERS SHALL BE DESIGNED TO WITHSTAND A HORIZONTALLY APPLIED NORMAL LOAD OF 50 POUNDS ON AN AREA EQUAL TO 1 SQUARE FOOT. THIS LOAD NEED NOT BE ASSUMED TO ACT CONCURRENTLY WITH ANY OTHER LIVE LOAD REQUIREMENT.

PER FBCR R311
STAIRWAYS SHALL MEET THE REQUIREMENTS OF FBCR R311.7 INCLUDING BUT NOT LIMITED TO THE FOLLOWING:
- RISER HEIGHT SHALL BE NOT MORE THAN 7.75 INCHES
- TREAD DEPTH SHALL BE NOT LESS THAN 10 INCHES
- HANDRAILS SHALL BE PROVIDED ON NOT LESS THAN ONE SIDE OF EACH FLIGHT AT A HEIGHT OF NOT LESS THAN 34 INCHES AND NOT MORE THAN 38 INCHES



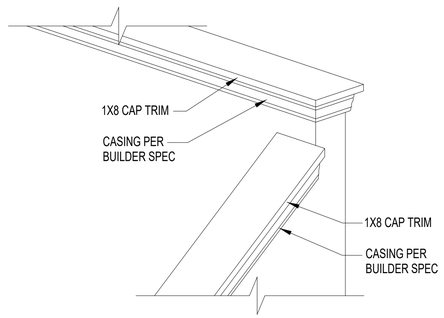
PER FBCR R312
ALL GUARDS SHALL BE MIN. 36" AFF AND SHALL NOT HAVE OPENINGS FROM THE WALKING SURFACE TO THE REQUIRED GUARD HEIGHT THAT ALLOW PASSAGE OF A SPHERE 4 INCHES IN DIAMETER.



HANDRAIL NOTES

PER R311.7.8.3 GRIP-SIZE
REQUIRED HANDRAILS SHALL BE OF ONE OF THE FOLLOWING TYPES OR PROVIDE EQUIVALENT GRASPABILITY.

1. TYPE I. HANDRAILS WITH A CIRCULAR CROSS SECTION SHALL HAVE AN OUTSIDE DIAMETER OF NOT LESS THAN 1 1/4 INCHES AND NOT GREATER THAN 2 INCHES. IF THE HANDRAIL IS NOT CIRCULAR, IT SHALL HAVE A PERIMETER DIMENSION OF NOT LESS THAN 4 INCHES AND NOT GREATER THAN 6 1/4 INCHES WITH A CROSS SECTION OF DIMENSION OF NOT MORE THAN 2 1/4 INCHES. EDGES SHALL HAVE A RADIUS OF NOT LESS THAN 0.01 INCH.



2. TYPE II. HANDRAILS WITH A PERIMETER GREATER THAN 6 1/4 INCHES (160 MM) SHALL HAVE A GRASPABLE FINGER RECESS AREA ON BOTH SIDES OF THE PROFILE. THE FINGER RECESS SHALL BEGIN WITHIN A DISTANCE OF 3/4 INCH MEASURED VERTICALLY FROM THE TALLEST PORTION OF THE PROFILE AND ACHIEVE A DEPTH OF NOT LESS THAN 5/16 INCH WITHIN 7/8 INCH BELOW THE WIDEST PORTION OF THE PROFILE. THIS REQUIRED DEPTH SHALL CONTINUE FOR NOT LESS THAN 3/8 INCH TO A LEVEL THAT IS NOT LESS THAN 1 3/4 INCHES BELOW THE TALLEST PORTION OF THE PROFILE. THE WIDTH OF THE HANDRAIL ABOVE THE RECESS SHALL BE NOT LESS THAN 1 1/4 INCHES AND NOT MORE THAN 2 3/4 INCHES. EDGES SHALL HAVE A RADIUS OF NOT LESS THAN 0.01 INCH.

FLASHING REQUIREMENTS

R703.1 General. Exterior walls shall provide the building with a weather-resistant exterior wall envelope. The exterior wall envelope shall include flashing as described in Section R703.4.

R703.1.1 Water resistance. The exterior wall envelope shall be designed and constructed in a manner that prevents the accumulation of water within the wall assembly by providing a water-resistant barrier behind the exterior cladding as required by Section R703.2 and a means of draining to the exterior water that penetrates the exterior cladding.

R703.2 Water-resistive barrier. One layer of No. 15 asphalt felt, free from holes and breaks, complying with ASTM D226 for Type 1 felt or other approved water-resistive barrier shall be applied over studs or sheathing of all exterior walls No. 15 asphalt felt shall be applied horizontally, with the upper layer lapped over the lower layer not less than 2 inches. Where joints occur, felt shall be lapped not less than 6 inches. Other approved materials shall be installed in accordance with the water-resistive barrier manufacturer's installation instructions. The No.15 asphalt felt or other approved water-resistive barrier material shall be continuous to the top of walls and terminated at penetrations and building appendages in a manner to meet the requirements of the exterior wall envelope as described in Section R703.1.

R703.7.3 Water-resistive barriers Water-resistive barriers shall be installed as required in Section R703.2 and, where applied over wood-based sheathing, shall include a water-resistive vapor-permeable barrier with a performance at least equivalent to two layers of Grade D paper. The individual layers shall be installed independently such that each layer provides a separate continuous plane and any flashing (installed in accordance with Section R703.4) intended to drain to the water-resistive barrier is directed between the layers.

Exception: Where the water-resistive barrier that is applied over wood-based sheathing has a water resistance equal to or greater than that of 60-minute Grade D paper and is separated from the stucco by an intervening, substantially nonwater-absorbing layer or designed drainage space.

R703.4 Flashing. Approved metal flashing, vinyl flashing, self-adhered membranes and mechanically attached flexible flashing shall be applied shingle-fashion or in accordance with the manufacturer's instructions. Metal flashing shall be corrosion resistant. Fluid-applied membranes used as flashing shall be applied in accordance with the manufacturer's instructions. All flashing shall be applied in a manner to prevent the entry of water into the wall cavity or penetration of water to the building structural framing components.

Self-adhered membranes used as flashing shall comply with AAMA 711. All exterior fenestration products shall be sealed at the juncture with the building wall with a sealant complying with AAMA 800 or ASTM C920 Class 25 Grade NS or greater for proper joint expansion and contraction, ASTMC1281, AAMA 812, or other approved standard as appropriate for the type of sealant. Fluid-applied membranes used as flashing in exterior walls shall comply with AAMA 714. The flashing shall extend to the surface of the exterior wall finish. Approved flashings shall be installed at the following locations:

1.Exterior window and door openings. Flashing at exterior window and door openings shall extend to the surface of the exterior wall finish or to the water-resistive barrier complying with Section 703.2 for subsequent drainage. Mechanically attached flexible flashings shall comply with AAMA 712. Flashing at exterior window and door openings shall be installed in accordance with one or more of the following:

1.1 The fenestration manufacturer's installation and flashing instructions, or for applications not addressed in the fenestration manufacturer's instructions, in accordance with the flashing manufacturer's instructions. Where flashing instructions or details are not provided, pan flashing shall be installed at the sill of exterior window and door openings. Pan flashing shall be sealed or sloped in such a manner as to direct water to the surface of the exterior wall finish or to the water resistive barrier for subsequent drainage. Openings using pan flashing shall incorporate flashing or protection at the head and sides.

1.2. In accordance with the flashing design or method of a registered design professional.

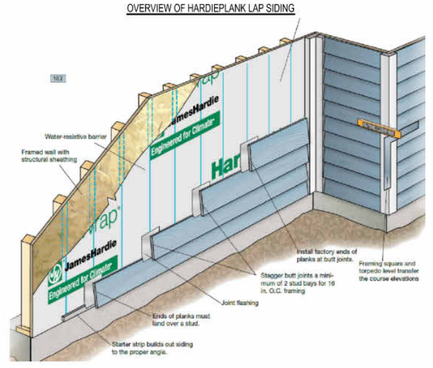
1.3. In accordance with other approved methods.

1.4. In accordance with FMA/AAMA 100, FMA/ AAMA 200, FMA/WDMA 250, FMA/AAMA/WDMA 300 or FMA/AAMA/WDMA 400.

2. At the intersection of chimneys or other masonry construction with frame or stucco walls, with projecting lips on both sides under stucco copings.

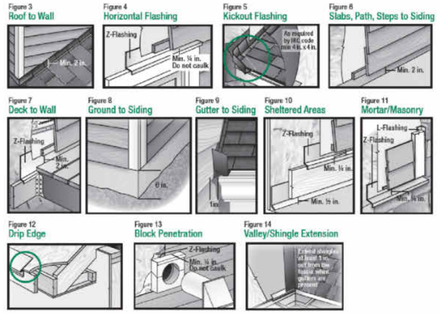
3. Under and at the ends of masonry, wood or metal copings and sills.

4. Continuously above all projecting wood trim.



5. Where exterior porches, decks or stairs attach to a wall or floor assembly of wood-frame construction.

6. At wall and roof intersections.



7. At built-in gutters.

THESE DETAILS ARE GENERIC AND MEANT TO SHOW GENERAL FLASHING AND WATERPROOFING METHODS TO BE USED.

The exterior wall envelope shall be designed and constructed in a manner that prevents the accumulation of water within the wall assembly by providing a water-resistant barrier behind the exterior cladding as required by Section R703.2 and a means of draining to the exterior water that penetrates the exterior cladding.

R703.2 Water-resistive barrier. One layer of No. 15 asphalt felt, free from holes and breaks, complying with ASTM D226 for Type 1 felt or other approved water-resistive barrier shall be applied over studs or sheathing of all exterior walls No. 15 asphalt felt shall be applied horizontally, with the upper layer lapped over the lower layer not less than 2 inches. Where joints occur, felt shall be lapped not less than 6 inches. Other approved materials shall be installed in accordance with the water-resistive barrier manufacturer's installation instructions. The No.15 asphalt felt or other approved water-resistive barrier material shall be continuous to the top of walls and terminated at penetrations and building appendages in a manner to meet the requirements of the exterior wall envelope as described in Section R703.1.

R703.7.3 Water-resistive barriers Water-resistive barriers shall be installed as required in Section R703.2 and, where applied over wood-based sheathing, shall include a water-resistive vapor-permeable barrier with a performance at least equivalent to two layers of Grade D paper. The individual layers shall be installed independently such that each layer provides a separate continuous plane and any flashing (installed in accordance with Section R703.4) intended to drain to the water-resistive barrier is directed between the layers.

Exception: Where the water-resistive barrier that is applied over wood-based sheathing has a water resistance equal to or greater than that of 60-minute Grade D paper and is separated from the stucco by an intervening, substantially nonwater-absorbing layer or designed drainage space.

R703.4 Flashing. Approved metal flashing, vinyl flashing, self-adhered membranes and mechanically attached flexible flashing shall be applied shingle-fashion or in accordance with the manufacturer's instructions. Metal flashing shall be corrosion resistant. Fluid-applied membranes used as flashing shall be applied in accordance with the manufacturer's instructions. All flashing shall be applied in a manner to prevent the entry of water into the wall cavity or penetration of water to the building structural framing components.

Self-adhered membranes used as flashing shall comply with AAMA 711. All exterior fenestration products shall be sealed at the juncture with the building wall with a sealant complying with AAMA 800 or ASTM C920 Class 25 Grade NS or greater for proper joint expansion and contraction, ASTMC1281, AAMA 812, or other approved standard as appropriate for the type of sealant. Fluid-applied membranes used as flashing in exterior walls shall comply with AAMA 714. The flashing shall extend to the surface of the exterior wall finish. Approved flashings shall be installed at the following locations:

1.Exterior window and door openings. Flashing at exterior window and door openings shall extend to the surface of the exterior wall finish or to the water-resistive barrier complying with Section 703.2 for subsequent drainage. Mechanically attached flexible flashings shall comply with AAMA 712. Flashing at exterior window and door openings shall be installed in accordance with one or more of the following:

1.1 The fenestration manufacturer's installation and flashing instructions, or for applications not addressed in the fenestration manufacturer's instructions, in accordance with the flashing manufacturer's instructions. Where flashing instructions or details are not provided, pan flashing shall be installed at the sill of exterior window and door openings. Pan flashing shall be sealed or sloped in such a manner as to direct water to the surface of the exterior wall finish or to the water resistive barrier for subsequent drainage. Openings using pan flashing shall incorporate flashing or protection at the head and sides.

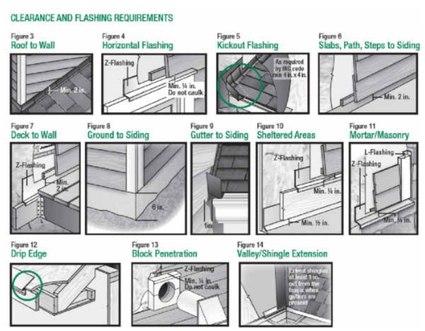
1.2. In accordance with the flashing design or method of a registered design professional.

1.3. In accordance with other approved methods.

1.4. In accordance with FMA/AAMA 100, FMA/ AAMA 200, FMA/WDMA 250, FMA/AAMA/ WDMA 300 or FMA/AAMA/WDMA 400.

2. At the intersection of chimneys or other masonry construction with frame or stucco walls, with projecting lips on both sides under stucco copings.

3. Under and at the ends of masonry, wood or metal copings and sills.



4. Continuously above all projecting wood trim.

5. Where exterior porches, decks or stairs attach to a wall or floor assembly of wood-frame construction.

6. At wall and roof intersections.

7. At built-in gutters.

THESE DETAILS ARE GENERIC AND MEANT TO SHOW GENERAL FLASHING AND WATERPROOFING METHODS TO BE USED.
NOTE: OPTIONAL WEATHER BARRIER: LIQUID APPLIED WATER RESISTANT COATING - INSTALL PER MANUF. INSTRUCTIONS - WRAP ALL OPENINGS IN MASONRY EXTERIOR WALL AT HEAD, JAMB AND SILL.

FLASHING REQUIREMENTS

R703.1 General. Exterior walls shall provide the building with a weather-resistant exterior wall envelope. The exterior wall envelope shall include flashing as described in Section R703.4.

R703.1.1 Water resistance. The exterior wall envelope shall be designed and constructed in a manner that prevents the accumulation of water within the wall assembly by providing a water-resistant barrier behind the exterior cladding as required by Section R703.2 and a means of draining to the exterior water that penetrates the exterior cladding.

R703.2 Water-resistive barrier. One layer of No. 15 asphalt felt, free from holes and breaks, complying with ASTM D226 for Type 1 felt or other approved water-resistive barrier shall be applied over studs or sheathing of all exterior walls No. 15 asphalt felt shall be applied horizontally, with the upper layer lapped over the lower layer not less than 2 inches. Where joints occur, felt shall be lapped not less than 6 inches. Other approved materials shall be installed in accordance with the water-resistive barrier manufacturer's installation instructions. The No.15 asphalt felt or other approved water-resistive barrier material shall be continuous to the top of walls and terminated at penetrations and building appendages in a manner to meet the requirements of the exterior wall envelope as described in Section R703.1.

R703.7.3 Water-resistive barriers Water-resistive barriers shall be installed as required in Section R703.2 and, where applied over wood-based sheathing, shall include a water-resistive vapor-permeable barrier with a performance at least equivalent to two layers of Grade D paper. The individual layers shall be installed independently such that each layer provides a separate continuous plane and any flashing (installed in accordance with Section R703.4) intended to drain to the water-resistive barrier is directed between the layers.

Exception: Where the water-resistive barrier that is applied over wood-based sheathing has a water resistance equal to or greater than that of 60-minute Grade D paper and is separated from the stucco by an intervening, substantially nonwater-absorbing layer or designed drainage space.

R703.4 Flashing. Approved metal flashing, vinyl flashing, self-adhered membranes and mechanically attached flexible flashing shall be applied shingle-fashion or in accordance with the manufacturer's instructions. Metal flashing shall be corrosion resistant. Fluid-applied membranes used as flashing shall be applied in accordance with the manufacturer's instructions. All flashing shall be applied in a manner to prevent the entry of water into the wall cavity or penetration of water to the building structural framing components.

Self-adhered membranes used as flashing shall comply with AAMA 711. All exterior fenestration products shall be sealed at the juncture with the building wall with a sealant complying with AAMA 800 or ASTM C920 Class 25 Grade NS or greater for proper joint expansion and fluntraction, ASTMC1281, AAMA 812, or other approved standard as appropriate for the type of sealant. Fluid-applied membranes used as flashing in exterior walls shall comply with AAMA 714. The flashing shall extend to the surface of the exterior wall finish. Approved flashings shall be installed at the following locations:

1.Exterior window and door openings. Flashing at exterior window and door openings shall extend to the surface of the exterior wall finish or to the water-resistive barrier complying with Section 703.2 for subsequent drainage. Mechanically attached flexible flashings shall comply with AAMA 712. Flashing at exterior window and door openings shall be installed in accordance with one or more of the following:

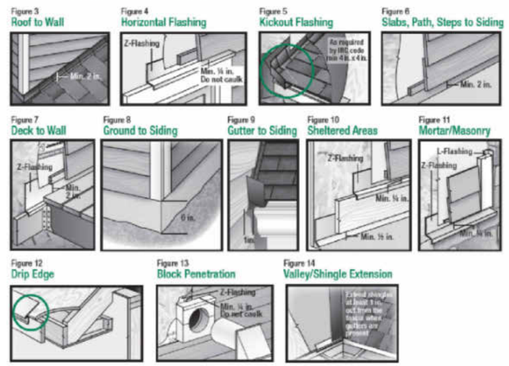
1.1 The fenestration manufacturer's installation and flashing instructions, or for applications not addressed in the fenestration manufacturer's instructions, in accordance with the flashing manufacturer's instructions. Where flashing instructions or details are not provided, pan flashing shall be installed at the sill of exterior window and door openings. Pan flashing shall be sealed or sloped in such a manner as to direct water to the surface of the exterior wall finish or to the water resistive barrier for subsequent drainage. Openings using pan flashing shall incorporate flashing or protection at the head and sides.
1.2. In accordance with the flashing design or method of a registered design professional.
1.3. In accordance with other approved methods.
1.4. In accordance with FMA/AAMA 100, FMA/ AAMA 200, FMA/WDMA 250, FMA/AAMA/ WDMA 300 or FMA/AAMA/WDMA 400.

2. At the intersection of chimneys or other masonry construction with frame or stucco walls, with projecting lips on both sides under stucco copings.

3. Under and at the ends of masonry, wood or metal copings and sills.

4. Continuously above all projecting wood trim.

5. Where exterior porches, decks or stairs attach to a wall or floor assembly of wood-frame construction.



6. At wall and roof intersections.

7. At built-in gutters.

THESE DETAILS ARE GENERIC AND MEANT TO SHOW GENERAL FLASHING AND WATERPROOFING METHODS TO BE USED.

NOTE: OPTIONAL WEATHER BARRIER: LIQUID APPLIED WATER RESISTANT COATING - INSTALL PER MANUF. INSTRUCTIONS - WRAP ALL OPENINGS IN MASONRY EXTERIOR WALL AT HEAD, JAMB AND SILL

NOTE:
ELECTRICAL MATERIAL AND INSTALLATIONS SHALL COMPLY WITH APPLICABLE PROVISIONS OF THE NFPA 70, LOCAL CODES AND LOCAL POWER/UTILITY COMPANY

GENERAL ELECTRICAL NOTES

ALL ELECTRICAL DESIGN AND WORK SHALL BE IN STRICT COMPLIANCE WITH THE 2020 NATIONAL ELECTRIC CODE

- CONTRACTOR RESPONSIBLE FOR ALL PANEL LOAD CALCULATIONS AND SHALL VERIFY IN ACCORDANCE WITH BUILDERS SPECIFICATIONS AND IN STRICT COMPLIANCE WITH NEC
- PER NEC SECTION 210.12(B) ALL 15A & 20A, 120V BRANCH CIRCUITS SUPPLYING OUTLETS REQUIRE AFCI PROTECTION
- CARBON MONOXIDE PROTECTION PER RESIDENTIAL CODE R315.1 TO BE INSTALLED WITHIN 10' OF EVERY SLEEPING ROOM
- ALL OUTLETS SHOULD BE AFCI PER NEC - U.N.O.
- ALL 125V SINGLE-PHASE 15A & 20A RECEPTACLES INSTALLED IN LOCATIONS SPECIFIED IN 210.8(A)(1) THROUGH (A)(10) SHALL HAVE GFCI PROTECTION FOR PERSONNEL IN ACCORDANCE WITH NEC 210.8(A)
- PER NEC SECTION 406.8(B)(I) 15A & 20A RECEPTACLES IN A WET LOCATION MUST BE WITHIN AN ENCLOSURE THAT IS WEATHERPROOF WHEN AN ATTACHMENT IS PLUGGED IN AN ALL NON-LOCKING RECEPTACLES SHALL BE LISTED AS WEATHER RESISTANT
- PER NEC SECTION 406.II IN DWELLING UNITS, ALL 15A & 20A, 15V RECEPTACLES SHALL BE LISTED AS TAMPER-RESISTANT
- PER NEC SECTION 406.9(C) RECEPTACLES SHOULD NOT BE INSTALLED WITHIN A ZONE MEASURED 3FT HORIZONTALLY AND 8FT VERTICALLY FROM THE TOP OF THE BATHTUB RIM OR SHOWER STALL THRESHOLD.
- PER NEC SECTION 800.156 NO LESS THAN ONE COMMUNICATION OUTLET SHALL BE INSTALLED WITHIN EACH DWELLING UNIT
- PER NEC SECTION R314.3 AND R315.1 SMOKE DETECTORS TO BE INSTALLED INSIDE EACH SLEEPING AREA
- ALL SMOKE ALARMS SHALL BE LISTED AND LABELED IN ACCORDANCE WITH UL 217, PER RESIDENTIAL CODE 314.1. GC TO INSTALL; KIDDE MODEL # 14618A SMOKE ALARM, OR APPROVED EQUAL
- JUNCTION BOX AT WATER HEATER, RANGE AND/OR DRYER TO BE 220V IN NON GAS COMMUNITIES, AND 110V IN COMMUNITIES THAT HAVE GAS OPTIONS PROVIDE APPROPRIATE RECEPTACLE PER APPLIANCE
- ALL PERMANENTLY INSTALLED LUMINARIES, EXCLUDING THOSE IN KITCHEN APPLIANCES, SHALL HAVE AN EFFICACY OF AT LEAST 45 LUMENS-PER-WATT OR SHALL UTILIZE LAMPS WITH AN EFFICACY OF NOT LESS THAN 65 LUMENS-PER-WATT PER R404.1.
- PER RESIDENTIAL CODE M1305.1 A LEVEL WORKING SPACE NOT LESS THAN 30" DEEP AND 30" WIDE SHALL BE PROVIDED IN FRONT OF THE CONTROL SIDE OF ANY APPLIANCE
- PER NEC SECTION R230.67 ALL SERVICES SUPPLYING DWELLING UNITS ARE REQUIRED TO BE PROVIDED WITH A TYPE 1 OR TYPE 2 SURGE-PROTECTIVE DEVICE.
- EACH DWELLING UNIT SHALL BE DESIGNED WITH PROVISION FOR FUTURE INSTALLATION OF ELECTRIC VEHICLE SUPPLY EQUIPMENT IN ACCORDANCE WITH RESIDENTIAL CODES RF103.1 AND RF103.3. CONTRACTOR RESPONSIBLE TO ADJUST PANEL/LOAD CALCULATIONS ACCORDINGLY.
- ALL 125V THROUGH 250V RECEPTACLES INSTALLED IN LOCATIONS SPECIFIED IN 210.8 (B)(1) THROUGH (B)(12) AND SUPPLIED BY SINGLE-PHASE BRANCH CIRCUITS RATED 150V OR LESS TO GROUND, 50A OR LESS, AND ALL RECEPTACLES SUPPLIED BY THREE-PHASE BRANCH CIRCUITS RATED 150V OR LESS TO GROUND, 100A OR LESS SHALL HAVE GFCI PROTECTION FOR PERSONNEL IN ACCORDANCE WITH NEC 210.8(B)
- FOR ONE AND TWO FAMILY DWELLING UNITS, ALL SERVICE CONDUCTORS SHALL TERMINATE IN DISCONNECTING MEANS HAVING A SHORT CIRCUIT CURRENT RATING EQUAL OR GREATER THAN THE AVAILABLE FAULT CURRENT, INSTALLED IN A READILY ACCESSIBLE OUTDOOR LOCATION IN ACCORDANCE WITH NEC 230.85

ROOF NOTES

- INSTALL ROOF VENTING PER MFR WRITTEN INSTRUCTIONS PER RESIDENTIAL CODE R806
- ALL OVERHANG DIMENSIONS ARE TO EDGE OF RAFTER. REFERENCE WALL SECTIONS/DETAILS FOR ALL OVERHANGS NOT DIMENSIONED.
- ALL UNDERLAYMENT MUST BE INSTALLED IN COMPLIANCE WITH RESIDENTIAL CODE R905.1.1
- EACH 4' OFF RIDGE VENT REQUIRES (1) 46" x 3" CUT OUT IN ROOF SHEATHING PER MFR WRITTEN INSTRUCTIONS
- ROOF VENTING MUST MAINTAIN A MIN. DISTANCE OF 4'-0" FROM CENTERLINE OF SEPARATION WALL
- NO PENETRATIONS WITHIN 4'-0" OF RATED WALLS

ROOF VENT CALCULATION

FORMULA:

1 SQUARE INCH VENT FOR EVERY 300 SQUARE INCHES OF CEILING
*144 SQ. IN. = 1 SQ. FT.
BLDG. CEILING (SF) x 144 = BLDG (SQ. IN.)
BLDG. (SQ. IN.) / 300 = SQ. IN. OF VENT REQUIRED
SQ. IN. OF VENT REQUIRED / 2 = 50% AT HIGH AND 50% AT LOW.

PER RESIDENTIAL CODE SECTION R806.2: 40% MIN, BUT NOT MORE THAN 50% OF VENTILATION MUST BE PROVIDED BY VENTILATORS LOCATED NO MORE THAN 3'-0" BELOW THE RIDGE OR HIGHEST POINT OF THE SPACE

BASIS OF CALCULATION: ("OR EQUAL" ACCEPTABLE)

(a) OFF RIDGE VENTS - STAMPCO W/ 36 SQ IN (NFVA) PER LINEAL FT

(b) SOFFIT VENTS - GP T3-1/3" FULL VENT PERFORATED W/ 9.19 SQ IN (NFVA) PER LINEAL FT

CALCULATED LINEAL FOOT OF SOFFIT VENT SHALL NOT INCLUDE NON-VENTED FIRE RATED SOFFIT LOCATED LESS THAN 5' FROM PROPERTY LINE

EXTERIOR ELEVATION GENERAL NOTES

- FRONT ELEVATIONS BANDING, MOLDING, COLUMNS AND TRIM SHALL RECEIVE A SAND FINISH. SEE ELEVATION FOR DEPTH OR RAISED BANDING
- SIDE AND REAR ELEVATIONS BANDING AROUND WINDOWS AND DOORS MAY BE OPTIONAL PER COMMUNITY SPECS - SEE COMMUNITY SPECIFICATIONS OR CONSULT THE CONSTRUCTION MANAGER. ALL BANDING SHALL RECEIVE A SAND FINISH
- ROOF COVERING SEE COMMUNITY SPECIFICATIONS OR CONSULT THE CONSTRUCTION MANAGER. SEE STRUCTURAL SHEETS FOR SHEATHING REQUIREMENTS
- FLASHING SHALL BE INSTALLED AT WALL AND ROOF INTERSECTIONS, DECK AND WALL INTERSECTIONS, AT GUTTERS, AT ALL CHANGES IN ROOF SLOPE OR DIRECTION, AND AROUND ROOF OPENINGS
- WINDOW PAN FLASHING SHALL BE IN ACCORDANCE WITH RESIDENTIAL CODE R703.4
- WALL HEIGHTS VERIFY ALL BEARING WALL HEIGHTS WITH FINAL TRUSS LAYOUTS
- LATH PER RESIDENTIAL CODE R703.7.1, LATH AND LATH ATTACHMENTS SHALL BE OF CORROSION-RESISTANT MATERIALS. EXPANDED METAL OR WOVEN WIRE LATH SHALL BE ATTACHED WITH 11/2-INCH-LONG (38 MM), 11 GAGE NAILS HAVING A 7/16-INCH (11.1 MM) HEAD, OR 7/8-INCHLONG (22.2 MM), 16 GAGE STAPLES, SPACED NOT MORE THAN 6 INCHES (152 MM), OR AS OTHERWISE APPROVED
- PLASTER PER R703.7.2, PLASTERING WITH PORTLAND CEMENT PLASTER SHALL BE NOT LESS THAN THREE COATS WHERE APPLIED OVER METAL LATH OR WIRE LATH AND SHALL BE NOT LESS THAN TWO COATS WHERE APPLIED OVER MASONRY, CONCRETE, PRESSURE-PRESERVATIVE TREATED WOOD OR DECAY-RESISTANT WOOD AS SPECIFIED IN SECTION R317.1 OR GYPSUM BACKING. IF THE PLASTER SURFACE IS COMPLETELY COVERED BY VENEER OR OTHER FACING MATERIAL OR IS COMPLETELY CONCEALED, PLASTER APPLICATION NEED BE ONLY TWO COATS, PROVIDED THE TOTAL THICKNESS IS AS SET FORTH IN TABLE R702.1(1). ON WOOD-FRAME CONSTRUCTION WITH AN ON-GRADE FLOOR SLAB SYSTEM, EXTERIOR PLASTER SHALL BE APPLIED TO COVER, BUT NOT EXTEND BELOW, LATH, PAPER AND SCREED. THE PROPORTION OF AGGREGATE TO CEMENTITIOUS MATERIALS SHALL BE AS SET FORTH IN TABLE R702.1(3)
- WEEP SCREED PER R703.7.2.1 A MINIMUM 0.019-INCH (0.5 MM) (NO. 26 GALVANIZED SHEET GAGE), CORROSION-RESISTANT WEEP SCREED OR PLASTIC WEEP SCREED, WITH A MINIMUM VERTICAL ATTACHMENT FLANGE OF 31/2 INCHES (89 MM) SHALL BE PROVIDED AT OR BELOW THE FOUNDATION PLATE LINE ON EXTERIOR STUD WALLS IN ACCORDANCE WITH ASTM C926. THE WEEP SCREED SHALL BE PLACED NOT LESS THAN 4 INCHES (102 MM) ABOVE THE EARTH OR 2 INCHES (51 MM) ABOVE PAVED AREAS AND SHALL BE OF A TYPE THAT WILL ALLOW TRAPPED WATER TO DRAIN TO THE EXTERIOR OF THE BUILDING. THE WEATHER-RESISTANT BARRIER SHALL LAP THE ATTACHMENT FLANGE. THE EXTERIOR LATH SHALL COVER AND TERMINATE ON THE ATTACHMENT FLANGE OF THE WEEP SCREED
- WATER-RESISTIVE BARRIERS PER R703.7.3, WATER-RESISTIVE BARRIERS SHALL BE INSTALLED AS REQUIRED IN SECTION R703.2 AND, WHERE APPLIED OVER WOOD-BASED SHEATHING, SHALL INCLUDE A WATER-RESISTIVE VAPOR-PERMEABLE BARRIER WITH A PERFORMANCE AT LEAST EQUIVALENT TO TWO LAYERS OF GRADE D PAPER. THE INDIVIDUAL LAYERS SHALL BE INSTALLED INDEPENDENTLY SUCH THAT EACH LAYER PROVIDES A SEPARATE CONTINUOUS PLANE AND ANY FLASHING (INSTALLED IN ACCORDANCE WITH SECTION R703.4) INTENDED TO DRAIN TO THE WATER-RESISTIVE BARRIER IS DIRECTED BETWEEN THE LAYERS

GENERAL NOTES

- ALL CONSTRUCTION SHALL MEET THE LATEST EDITION OF CODES ADOPTED BY THE LOCAL GOVERNING AGENCIES
- PER RESIDENTIAL CODE R302.5 NO OPENINGS FROM A PRIVATE GARAGE ARE PERMITTED DIRECTLY INTO SLEEPING AREAS. ALL OPENINGS SHALL HAVE SOLID WOOD, INSULATED STEEL OR 20 MIN. FIRE RATED DOORS NOT LESS THAN 1-3/8 INCHES THICKNESS. ALL DUCTS IN THE GARAGE OR PENETRATING THE WALL OR CEILING SEPARATING THE GARAGE AND DWELLING SHALL BE CONSTRUCTED OF MIN. 26 GA. SHEET METAL, 1 INCH MINIMUM RIGID CLASS 0 OR 1 DUCT BOARD, OR OTHER APPROVED MATERIAL AND SHALL HAVE NO OPENINGS INTO THE GARAGE
- PER RESIDENTIAL CODE TABLE R302.6 GARAGE SHALL BE SEPARATED FROM RESIDENCE AND IT'S ATTIC W/ MIN. 1/2" GYP BOARD ATTACHED IN ACCORDANCE WITH TABLE R702.3.5. HABITABLE ROOMS SHALL BE SEPARATED FROM ROOM ABOVE W/ MIN 5/8" TYPE "X" GYP BOARD, WHERE THE SEPARATION IS A FLOOR-CEILING ASSEMBLY. ANY STRUCTURE SUPPORTING THE ASSEMBLY SHALL BE PROTECTED W/ MIN 1/2" GYP BOARD
- PER RESIDENTIAL CODE R309.1 GARAGE AND CARPORT FLOOR SURFACE AREAS USED FOR PARKING OF AUTOMOBILES OR OTHER VEHICLES SHALL BE SLOPED TO FACILITATE THE MOVEMENT OF LIQUIDS TO A DRAIN OR TOWARDS THE MAIN VEHICLE ENTRY DOORWAY
- PER RESIDENTIAL CODE R312.1 PORCHES, BALCONIES OR RAISED FLOOR SURFACES LOCATED MORE THAN 30" ABOVE FINISHED FLOOR OR GRADE SHALL HAVE GUARDS NOT LESS THAN 36" IN HEIGHT. PER RESIDENTIAL CODE R312.1.2 OPEN SIDES OF STAIRS WITH A TOTAL RISE OF MORE THAN 30" ABOVE FINISHED FLOOR OR GRADE SHALL HAVE GUARDS NOT LESS THAN 34" IN HEIGHT MEASURED VERTICALLY FROM THE NOSING OF THE TREADS
- PER RESIDENTIAL CODE R312.1.3 REQUIRED GUARDS ON OPEN SIDES OF STAIRWAYS, RAISED FLOOR AREAS, BALCONIES AND PORCHES SHALL HAVE INTERMEDIATE RAILS OR ORNAMENTAL CLOSURES WHICH DO NOT ALLOW PASSAGE OF A SPHERE 4" OR MORE IN DIAMETER
- PER RESIDENTIAL CODE R308.4.5 GLAZING IN WALLS, ENCLOSURES OR FENCES CONTAINING, FACING, OR ADJACENT TO HOT TUBS, SPAS, WHIRLPOOLS, SAUNAS, STEAM ROOMS, BATHTUBS, SHOWERS AND INDOOR OR OUTDOOR SWIMMING POOLS WHERE THE BOTTOM EXPOSED EDGE OF THE GLAZING IS LESS THAN 60 INCHES MEASURED VERTICALLY ABOVE ANY STANDING OR WALKING SURFACE, SHALL BE CONSIDERED A HAZARDOUS LOCATION. G.C. TO VERIFY IF HOMEOWNER SELECTS ANY OF THESE ITEMS LISTED. IF ANY OF THESE ITEMS LISTED IS INSTALLED, SUCH GLAZING FACING THOSE ITEMS IS TO BE TEMPERED
- PER RESIDENTIAL CODE R312.2, PROVIDE WINDOW FALL PROTECTION IN ACCORDANCE WITH R312.2.1 AND R312.2.2
- GAS OPT. PER COMMUNITY. VERIFY WITH BLDR
- C.J. = RECOMMENDED MASONRY CONTROL JOINT LOCATION
- ALL FINISHES, MATERIALS, HOUSEWRAP, WINDOW AND DOOR FLASHING, TAPING AND SEALANTS TO BE INSTALLED PER BUILDER PROVIDED SPECIFICATIONS OR MFR WRITTEN INSTRUCTIONS
- ALL FINISH DETAILS & TYPICAL PLAN NOTES PROVIDED BY BUILDER IN ACCORDANCE WITH TYPICAL BUILDER SPECIFICATIONS
- REFER TO STRUCTURAL ENGINEERING DRAWINGS FOR ALL EXTERIOR WALL STUD SPECIES, SIZES AND SPACING

TERMITE SPECIFICATIONS

SECTION R318 PROTECTION AGAINST TERMITES

TERMITE PROTECTION SHALL BE PROVIDED BY REGISTERED TERMITICIDES, INCLUDING SOIL APPLIED PESTICIDES, BAITING SYSTEMS, AND PESTICIDES APPLIED TO WOOD, OR OTHER APPROVED METHODS OF TERMITE PROTECTION LABELED FOR USE A PREVENTIVE TREATMENT TO NEW CONSTRUCTION (SEE SECTION 202, REGISTERED TERMITICIDE). UPON COMPLETION OF THE APPLICATION OF THE TERMITE PROTECTIVE TREATMENT, A CERTIFICATE OF COMPLIANCE SHALL BE ISSUED TO THE BUILDING DEPARTMENT BY THE LICENSED PEST CONTROL COMPANY THAT CONTAINS THE FOLLOWING STATEMENT: "THE BUILDING HAS RECEIVED A COMPLETE TREATMENT FOR THE PREVENTION OF SUBTERRANEAN TERMITES. TREATMENT IS IN ACCORDANCE WITH RULES AND LAWS ESTABLISHED BY THE FLORIDA DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES."

NOTE:
1. METHOD OF TREATMENT SHALL BE APPROVED BY THE GOVERNING JURISDICTION "LIQUID BORATE OR BORA-CARE" PRODUCT METHODS MUST BE DETERMINED AT PERMIT STAGE AND PRODUCT APPROVAL DATA MUST BE ON FILE WITH THE BUILDING DEPARTMENT.
2. PRESSURE TREATED LUMBER THAT HAS BEEN CUT OR DRILLED THAT EXPOSES UNTREATED PORTIONS OF WOOD ARE REQUIRED TO BE FIELD TREATED TO PREVENT INSECT INFESTATION.
3. OPTIONAL BORATE APPLIED TO ALL FRAME MEMBERS MIN. 24" AFF

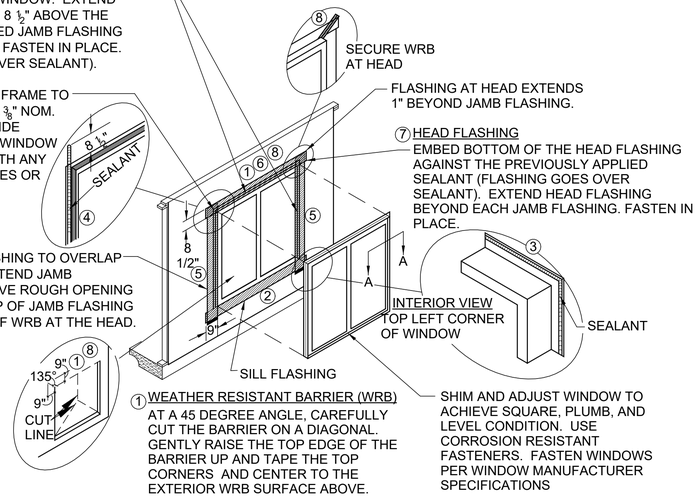
WEATHER RESITIVE BARRIER (WRB) APPLIED PRIOR TO THE WINDOW INSTALLATION. FLASHING APPLIED OVER THE FACE OF THE MOUNTING FLANGE.



⑤ JAMB FLASHING

APPLY CONT. SEAL TO THE MOUNTING FLANGES AT THE TOP (HEAD) AND SIDES (JAMBS) OF WINDOW. EXTEND SEALANT AT JAMBS 8 ½" ABOVE THE R.O. AT HEAD. EMBED JAMB FLASHING INTO SEALANT AND FASTEN IN PLACE. (FLASHING GOES OVER SEALANT).

③ SEAL THE WINDOW FRAME TO OPENING. APPLY A ⅜" NOM. DIA. TO THE BACKSIDE (INTERIOR) OF THE WINDOW FLANGE, IN LINE WITH ANY PRE-PUNCHED HOLES OR SLOTS.

⑤ JAMB FLASHING

EXTEND JAMB FLASHING TO OVERLAP SILL FLASHING. EXTEND JAMB FLASHING 8 ½" ABOVE ROUGH OPENING AT HEAD. TUCK TOP OF JAMB FLASHING UNDER THE FLAP OF WRB AT THE HEAD. SEE DIAGRAM.

① WEATHER RESISTANT BARRIER (WRB)

AT A 45 DEGREE ANGLE, CAREFULLY CUT THE BARRIER ON A DIAGONAL. GENTLY RAISE THE TOP EDGE OF THE BARRIER UP AND TAPE THE TOP CORNERS AND CENTER TO THE EXTERIOR WRB SURFACE ABOVE.

STEPS:

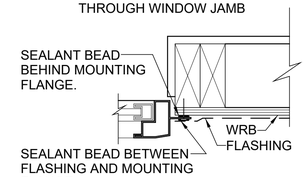
① IN WATER SHEDDING FASHION, STARTING AT THE BASE OF THE WALL & WORKING TOWARDS THE TOP, INSTALL THE WRB TO THE FACE OF THE SHEATHING.

② APPLY SILL FLASHING

③ APPLY BEAD OF SEALANT AT BACK OF WINDOW FLANGE & SET WINDOW USING PAN HEAD SCREWS TO FACILITATE INSPECTION.

④ APPLY BEAD OF SEALANT AT SIDE JAMBS. EXTEND 8 ½"

⑤ APPLY JAMB FLASHING



⑥ APPLY BEAD OF SEALANT AT HEAD

⑦ APPLY HEAD FLASHING

⑧ REMOVE PREVIOUSLY APPLIED TAPE, ALLOWING WRB TO LAY FLAT OVER HEAD FLASHING. APPLY NEW SHEATHING TAPE OVER DIAGONAL CUT - SEE DIAGRAM.

SECTION A

THROUGH WINDOW JAMB

NOTE:
1. WINDOW INSTALLATION AND FLASHING DETAILS ARE CONSISTENT WITH ASTM E 2112 METHOD A-1 EXCEPT SELF-ADHERING FLASHINGS ARE USED

2. IT IS THE CONTRACTORS RESPONSIBILTY TO VERIFY THE COMPATIBILITY OF ALL PRODUCTS INCLUDING HOUSEWRAP, SEALANTS & SELF-ADHERING FLASHING MATERIALS USED DURING CONSTRUCTION

3. INSTALL ALL MATERIALS PER MANUFACTURERS WRITTEN SPECIFICATIONS

4. TYPICAL WINDOW & DOOR FLASHING INSTALLATION DETAILS PREPARED IN ACCORDANCE WITH RESIDENTIAL CODE APPROVED SPECIFICATIONS

WARNING: SEALANTS/FLASHINGS MAY REACT ADVERSELY IF NOT COMPATIBLE

APEX TECHNOLOGY IS A FICTITIOUS NAME OWNED BY JAX APEX TECHNOLOGY INC., A FLORIDA CORPORATION FLORIDA ENGINEER BUSINESS NO. 7547

DESIGN CRITERIA AND LOADS

Building Code
Florida Building and Residential Codes, 8th Edition (2023)

Code for Design Loads
ANSI/ASCE 7-22

ROOF LOADING ..... C_p = 1.25
TOP CHORD LIVE LOAD ..... 20 PSF
TOP CHORD DEAD LOAD ..... 7 PSF
BOTTOM CHORD LIVE LOAD
ATTICS WITH LIMITED STORAGE ..... 20 PSF
ATTICS WITHOUT STORAGE ..... 10 PSF
(NON-CONCURRENT)
BOTTOM CHORD DEAD LOAD ..... 5 PSF

WIND LOADING[2] ..... C_p = 1.60
ASCE 7, 3S GUST ..... 150 MPH
EXPOSURE CATEGORY C
BUILDING CATEGORY II
ENCLOSURE CLASSIFICATION ..... ENCLOSED
INTERNAL PRESSURE COEFF 0.18
C&C DESIGN PRESSURES ..... (SEE TABLE 1)

OR

FLOOR LOADING ..... C_p = 1.00
TOP CHORD LIVE LOAD ..... 40 PSF
TOP CHORD DEAD LOAD ..... 10 PSF
BOTTOM CHORD LIVE LOAD ..... 0 PSF
BOTTOM CHORD DEAD LOAD ..... 5 PSF

SPECIAL FLOOR LOADING ..... C_p = 1.00
GAME ROOM/LOFT LIVE LOAD ..... 60 PSF
BALCONY/DECK LIVE LOAD ..... 40 PSF

DEFLECTION CRITERIA
ROOF TRUSSES ..... LL / 240
TL / 180
TL MAX 1" UP TO 40' SPAN
FLOOR JOIST OR TRUSS ..... LL / 360
TL / 240
BEAMS[1] ..... LL / 360
TL / 240

NOTES:
1. PORCH BEAMS AND BEAMS SUPPORTING EXTERIOR WALL ABOVE SHALL NOT EXCEED ½" DEFLECTION
2. MAX 16" O.C. FLOOR TRUSS SPACING BELOW GAME ROOM/LOFT
3. ROOF TRUSS WIND DESIGN METHOD SHALL BE MWFRS (DIRECTIONAL -OR- ALL HEIGHT) C-C HYBRID

TABLE 1: COMPONENT AND CLADDING DESIGN PRESSURES

WINDOWS AND DOORS (NOTE 1)				
EFFECTIVE WIND AREA	ZONE DESIGNATION			
	IZ - Interior Zone (psf)		EZ - End Zone (psf)	
0 - 20 ft²	+32.75	-35.52	+32.75	-43.85
21 - 50 ft²	+31.17	-33.94	+31.17	-40.69
51 - 100 ft²	+29.28	-32.05	+29.28	-36.91
101 - 200 ft²	+27.82	-30.60	+27.82	-34.00

SOFFIT MAX PRESSURE (psf)	+32.75 -43.85
GARAGE DOOR WIDTH (NOTE 2)	PRESSURE (PSF)
8 FT	+29.18/-36.72
16 FT	+27.71/-32.13
ROOFING	-85.85 PSF

NOTES:
1. END ZONE DESIGNATIONS MAY BE TAKEN AS THE 1ST 4.0' AT ALL EXTERIOR CORNERS PER SECTION R301.2. END ZONES NOT APPLICABLE AT RE-ENTRANT CORNERS.
2. GARAGE DOOR HEIGHT MAY BE 6'-8" OR HIGHER
3. ROOFING PRODUCTS INCLUDE SHINGLES, UNDERLAYMENT AND VENTILATION

THIS STRUCTURE IS LOCATED IN THE WIND BORNE DEBRIS REGION AND HAS BEEN DESIGNED AS AN ENCLOSED STRUCTURE. AS SUCH, THE BUILDER MUST SUPPLY OPENING PROTECTION IN ACCORDANCE WITH SECTION 1609.1.2 AND/OR SECTION R301.2.1.2 AND LOCAL BUILDING JURISDICTION.

ST-7 ..... SECTIONS AND DETAILS

TABLE 2: WOOD STRUCTURAL PANEL SHEATHING REQUIREMENTS

NOTES 3,4

TYPICAL EXTERIOR WALL SHEATHING (NOTE 2)	STUCCO AND DIRECTLY ADHERED STONE (NOTE 6)	MIN 7/16" 24/16 SPAN RATED OSB OR PLYWOOD INSTALLED HORIZONTALLY W/ 8d COMMON: 6" O.C. EDGE AND FIELD. 2x4 BLOCKING IS RECOMMENDED AT UNSUPPORTED PANEL EDGES.
	ALL OTHER VENEER	MIN 7/16" 24/16 SPAN RATED OSB OR PLYWOOD INSTALLED VERTICALLY (BLOCKED PANEL EDGES REQUIRED) OR HORIZONTALLY (UNBLOCKED PANEL EDGES, UNO) W/ 8d COMMON: 6" O.C. EDGES AND FIELD
ROOF DECK SHEATHING (NOTE 1)	METAL ROOF	MIN 15/32" 32/16 SPAN RATED PLYWOOD INSTALLED WITH LONG DIMENSION PERPENDICULAR TO SUPPORTS W/ RSRS-03 NAILS: 4" O.C. AT PANEL EDGES AND 6" O.C. IN THE FIELD (UNBLOCKED PANEL EDGES, UNO).
	SHINGLE ROOF	MIN 7/16" 24/16 SPAN RATED OSB OR PLYWOOD INSTALLED WITH LONG DIMENSION PERPENDICULAR TO SUPPORTS W/ RSRS-01 NAILS: 6" O.C. AT PANEL EDGES, AND 6" O.C. IN THE FIELD (UNBLOCKED PANEL EDGES, UNO).
FLOOR DECK SHEATHING: (NOTE 5)		23/32" T&G OSB OR PLYWOOD W/ 10d COMMON: 6" O.C AT PANEL EDGES, 12" O.C. IN THE FIELD (UNBLOCKED PANEL EDGES, UNO).
PORCH CEILING BOARD SHEATHING:		MIN 3/8" OSB OR PLYWOOD OR CDX INSTALLED PERPENDICULAR TO SUPPORTS W/ 8d COMMON: 3" O.C. AT PANEL EDGES, 12" O.C. IN THE FIELDOR MIN5/8" EXTERIOR GYPSUM CEILING BOARD, FASTEN w/ 5d x 15/8" COOLER NAIL OR NO.6 X 11/4" LONG SCREWS @ 4" O.C. EDGES, 8" O.C. FIELD (UNBLOCKED PANEL EDGES, UNO).

NOTES:
1. FOR SHEATHING THICKNESS GREATER THAN 15/32" CATEGORY, USE RSRS-03 NAILS.
2. COMMON NAILS IN WALL SHEATHING MAY BE SUBSTITUTED W/ 8d GALVANIZED BOX NAILS.
3. ZIP WALL SHEATHING IS AN ACCEPTABLE ALTERNATE FOR APA RATED WOOD STRUCTURAL PANEL.
4. ALL WOOD STRUCTURAL PANEL SHALL CONFORM TO THE MOST CURRENT APPLICABLE SPECIFICATION AND SUPPLEMENTS OF CURRENT APPROVED APA MANF. SPECIFICATIONS.
5. FLOOR FASTENERS ARE MINIMUM REQUIRED FOR DIAPHRAGM DESIGN. FOR INCREASED FLOOR PERFORMANCE AND TO HELP REDUCE SQUEAKING, RSRS-01 NAILS OR 8d SCREW NAILS ARE RECOMMENDED.
6. 15/32" 32/16 SPAN RATED OSB OR PLYWOOD WITH BLOCKED PANEL EDGES IS AN APA RECOMMENDATION PER APA TECHNICAL BULLETIN Q370 WHEN STUCCO LATH IS ATTACHED DIRECTLY TO OSB OR PLYWOOD. SHOULD BUILDER SPECIFICATIONS ALLOW, MIN STRUCTURAL REQUIREMENTS ARE 7/16" 24/16 SPAN RATING INSTALLED HORIZONTALLY. INCLUDES FULL AND PARTIAL HEIGHT VENEER APPLICATIONS
7. ROOF DECK SHEATHING HAS BEEN ENGINEERED TO RESIST ASCE 7 WIND LOADS IN ACCORDANCE WITH FRC R301.2.1.1

TABLE 3: NAIL SIZE LEGEND

NOTES 1, 2, 3, 4

	DIAMETER	LENGTH
8d COMMON	0.131"	2-1/2"
RSRS-01	0.113"	2-3/8"
RSRS-03	0.131"	2-1/2"
10d x 1-1/2"	0.148"	1-1/2"
10d	0.131"	3"
10d COMMON	0.148"	3"
12d COMMON	0.148"	3-1/2"
16d SINKER	0.148"	3-1/2"
16d COMMON	0.162"	3-1/2"

NOTES:
1. INSTALL 10d NAILS UNLESS OTHERWISE SPECIFIED.
2. COMMON WIRE NAILS AND THREADED HARDENED STEEL NAILS SHALL CONFORM TO THE NOMINAL SIZES SPECIFIED IN ASTM F1667. NOMINAL DIAMETER SIZES APPLY TO FASTENERS BEFORE APPLICATION OF PROTECTIVE COATING.
3. WHEN A BORED HOLE IS REQUIRED TO PREVENT SPLITTING OF A WOOD DUE TO FASTENER PENETRATION, THE BORED HOLE SHALL NOT EXCEED 75% OF THE NAIL OR SPIKE DIAMETER.
4. THE NOMINAL DIAMETER AND LENGTH OF TYPICAL FASTENERS SPECIFIED FOR THIS PROJECT ARE AS LISTED IN TABLE3.

TABLE 4: FASTENERS IN PRESSURE TREATED LUMBER

PRESERVATIVE	FASTENER TYPE
ACZA	STANDARD CARBON STEEL
SODIUM BORATE (NOTE 1)	STAINLESS CONNECTORS AND FASTENERS REQUIRED.
ALL OTHER PT (INCLUDING ACQ & MCQ)	CONNECTORS MUST HAVE Z-MAX, G120 OR TRIPLE ZINC COATED FINISH. ALL FASTENERS MUST BE HOT DIPPED GALVANIZED.

NOTES:
1. SILL PLATES W/ SODIUM BORATE TREATMENTS BEARING ON CONCRETE OVER VAPOR BARRIER ARE NOT DIRECTLY EXPOSED TO EARTH OR WEATHER AND HAVE BEEN PROVEN TO BE NON-CORROSIVE TO CARBON STEEL FASTENERS.

TABLE 5: EXTERIOR HEAD JAMB AND SILL FRAMING

ROUGH OPENING WIDTH	HEAD JAMB OR SILL SIZE	FASTENERS AT EACH END
50" OR LESS	(1) 2x4 OR (1) 2x6	(4) 10d TOE-NAILS
GREATER THAN 50" UP TO 76"	(2) 2x4 OR (1) 2x6	(6) 10d TOE-NAILS
GREATER THAN 76"	SEE FLOOR PLAN	SEE FLOOR PLAN

1. WINDOWS WITH INTERMEDIATE JACK STUDS MAY BE TREATED AS SEPARATE OPENINGS.
2. HEAD JAMB AND SILL OUTSIDE THE SCOPE OF THIS SCHEDULE HAVE BEEN ENGINEERED AS WIND-LOAD HEADER AND SILL. SEE PLAN

PRE-ENGINEERED TRUSSES

1. NOTE : ROOF TRUSS TOP CHORDS SHALL HAVE A MINIMUM SPECIFIC GRAVITY OF 0.49 (SYP SPECIES OR BETTER)
2. ROOF OR FLOOR TRUSSES FABRICATED TO ACHIEVE THE ROOF PLANES DEPICTED ON THE ARCHITECTURAL PLANS SHALL BE DESIGNED UNDER THE SUPERVISION OF A REGISTERED PROFESSIONAL ENGINEER. ENGINEERING SHOP DRAWINGS SHALL BE PREPARED IN ACCORDANCE WITH ANSI/TPI AND SUBMITTED TO THE ENGINEER OF RECORD FOR APPROVAL PRIOR TO FABRICATION. DESIGN CRITERIA IS LOCATED ON SHEET ST-1 OF THE PLAN SETTEMPORARY BRACING SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR AND SHALL BE LEFT IN PLACE AFTER CONSTRUCTION IS COMPLETE.
3. TRUSSES SHALL BE DESIGNED TO MATCH THE ORIENTATION, SPAN DIRECTION, SPACING, BEARING & LOCATION OF THE FRAMING PLAN SHOWN HERE.
4. THE TRUSS ENGINEER SHALL PROVIDE ALL TRUSS TO TRUSS CONNECTION DESIGN AND SPECIFICATIONS AND SUBMIT THEM UNDER SIGN AND SEAL WITH THE TRUSS SHOP DRAWINGS.
5. TRUSS UPLIFTS HAVE BEEN CALCULATED BY THE ENGINEER OF RECORD AND TAKEN INTO CONSIDERATION DURING THE DESIGN OF THE UPLIFT RESTRAINT SYSTEM FOR THIS STRUCTURE. AS SUCH, THE REPORTED UPLIFTS ON THE TRUSS SHOP DRAWINGS MAY BE DISREGARDED.

NOTES:
1. SIMPSON ACRYLIC-TIE ADHESIVE OR EQUAL SHALL BE USED IN ALL DRILLED AND EPOXIED ANCHOR APPLICATIONS. ANCHOR BOLT, THREADED ROD, OR DOWELED REINFORCING STEEL MAY BE EMBEDDED TO THE SPECIFIED DEPTH, IN A HOLE AS SPECIFIED BY MANUFACTURER (TYPICALLY 1/16" TO 1/8" GREATER THAN SPECIFIED ANCHOR DIAMETER). ADHESIVE/EPOXY MUST FILL THE HOLE IN THE CONCRETE AND WOOD BOTTOM PLATE. MANUFACTURER'S SPECIFICATIONS MUST BE FOLLOWED FOR PROPER INSTALLATION.
2. REFER TO SIMPSON OR MITEK CATALOG FOR ADDITIONAL INSTALLATION INSTRUCTIONS.
3. IF CONNECTOR IS NOT LISTED ABOVE, CONTACT EOR FOR SPECIFIC FASTENING REQUIREMENTS.
4. POSITIVE PLACEMENT GUN NAILS, 2½" LONG, WITH EQUIVALENT DIAMETER TO COMMON NAILS SPECIFIED ABOVE MAY BE USED FOR ABU POST BASE ANCHORS, CS16, AND MSTA FLAT STRAPS.
5. MASONRY APPLICATION REQUIRE EQUIVALENT NUMBER OF TITEN ANCHORS IN LIEU OF 16d NAILS TO HDR CONNECTION. CMU REQUIRES ¼" Ø x 2 ¾" TITENS ILO 16d. CONCRETE REQUIRES EQUIVALENT NUMBER OF ¼" Ø x 1 ¾" TITENS ILO 16d.
6. MASONRY SCREWS AT EXTERIOR CMU APPLICATIONS TO HAVE FLAT HEADS.

MASONRY NOTES

1. ALL MASONRY UNITS SHALL MEET ASTM C90 STANDARD WITH f'm= 2000PSI AND SHALL BE ERECTED IN RUNNING BOND WITH TYPE M OR S MORTAR OVER FULL BED.
2. SHOULD LIMITED AREAS OF STACK BOND MASONRY EXIST, EVERY OTHER COURSE SHALL BE EQUIPPED w/ 9 GAUGE LADDER TYPE HORIZONTAL JOINT REINFORCEMENT
3. ALL GROUT TO BE MIXED PER ASTM C476 STANDARDS AND INSTALLED TO COMPLY WITH FBC R606.3.5. f'c = 3,000 PSI.
4. VERTICAL WALL REINFORCING TO BE ASTM A615 GRADE 60 REBAR.
5. LAPS BETWEEN VERTICAL REINFORCING AND DOWELS TO BE 30".
6. VERTICAL REINFORCING TO HAVE 10' STANDARD HOOK INTO BOND BEAM. DOWEL TO HAVE 10' STANDARD HOOK INTO FOOTING
7. PRE-CAST MASONRY LINTELS: SEE "LINTEL SCHEDULE" ON STRUCTURAL PLAN SHEET.
8. PROVIDE MOISTURE BARRIER FOR ALL UNTREATED LUMBER IN CONTACT WITH MASONRY OR CONCRETE.

CONCRETE AND FOUNDATION NOTES

1. CONCRETE COMPRESSIVE STRENGTH FOR FOOTINGS= 2,500 PSI AT 28 DAYS (UNO).
2. CONCRETE COMPRESSIVE STRENGTH FOR SLAB = 2,500 PSI AT 28 DAYS (UNO).
3. ALL REINFORCING STEEL #3 AND BIGGER SHALL BE ASTM A615 GRADE 40 DEFORMED BARS (UNO).
4. ALL REINFORCING STEEL SHALL HAVE 90 DEGREE BEND AT CORNERS WITH A 24" LAP24" LONG #4 BAR IS RECOMMENDED TO BE INSTALLED AT ALL REENTRANT CORNERS.
5. FIBERMESH IS AN ACCEPTABLE ALTERNATIVE AND SHALL NOT REQUIRE WWF. FIBER LENGTHS SHALL BE ½" TO 2" IN LENGTH. DOSAGE AMOUNTS SHALL RANGE FROM 0.75 TO 1.5 POUNDS PER CUBIC YARD IN ACCORDANCE WITH THE MANUFACTURER'S RECOMMENDATIONS. SYNTHETIC FIBERS SHALL COMPLY WITH ASTM C1116. THE MANUFACTURER OR SUPPLIER SHALL PROVIDE CERTIFICATION OF COMPLIANCE WHEN REQUESTED BY THE BUILDING OFFICIAL.
6. MASONRY STEMWALL AND MONOLITHIC FOOTING ARE INTERCHANGEABLE.
7. EARTH AND EARTH FILL SUPPORTING SLABS ON GRADE IS ASSUMED TO HAVE A MINIMUM BEARING CAPACITY OF 2,000 PSF IN ACCORDANCE WITH TABLE R401.4.1, AND SHALL BE FREE OF ORGANIC MATERIAL AND COHESIVE SOILS. COMPACT THE FILL IN 12" LIFTS TO AT LEAST 95% OF MODIFIED PROCTOR MAXIMUM DRY DENSITY. IT IS THE OWNER'S OR CONTRACTOR'S RESPONSIBILITY TO CONFIRM THESE ASSUMPTIONS.
8. CONCRETE FLOOR SLABS ON GRADE SHALL BE INSTALLED OVER A MINIMUM 6 MIL POLYETHYLENE VAPOR RETARDER WITH JOINTS LAPPED 6" AND SEALED OVER CLEAN, COMPACTED EARTH OR FILL WITH CODE APPROVED PROVISIONS FOR PREVENTION OF SUBTERRANEAN TERMITES.
9. STEMWALLS OVER 4 COURSES TALL REQUIRE SPECIAL ATTENTION TO BRACING DURING CONSTRUCTION. CONTACT ENGINEER OF RECORD IF THIS CONDITION EXISTS.
10. TO CONTROL CRACKING, CUT 1" SAWCUTS IN THE SLAB IN A 15'x15' GRID WITHIN 12 HOURS OF CONCRETE PLACEMENT. CONTACT EOR FOR ALTERNATIVE METHODS CONTROL JOINTS ARE NOT REQUIRED WHEN WWF OR FIBERMESH ARE INCLUDED WITH CONCRETE WORK.
11. DO NOT SCALE FOOTING DIMENSIONS AND LOCATIONS FROM THE FOUNDATION PLAN. DO NOT DETERMINE FOOTING LOCATION FROM ARCHITECTURAL PLANS OR FRAMING PLAN. IF FOOTING SIZE OR LOCATION IS NOT DETERMINATE FROM USE OF FOUNDATION PLAN ALONE, CONTACT THE ENGINEER OF RECORD.

LEGEND

OR	"OR" SHALL MEAN THAT EITHER OPTION PROVIDED IS AN EQUAL ALTERNATIVE FOR THE APPLICATION SHOWN
UNO	UNLESS NOTED OTHERWISE ON PLAN OR DETAIL
EOR	ENGINEER OF RECORD
EW	EACH WAY
OSB	ORIENTED STRAND BOARD
WSP	WOOD STRUCTURAL PANEL
SYP	SOUTHERN YELLOW PINE
SPF	SPRUCE-PINE-FUR
CONT	CONTINUOUS
O.C.	ON CENTER
LSL	1.55E TIMBERSTRAND LSL ENGINEERED LUMBER, 1¾" WIDE, UNO. (3 ½" WIDE LSL BEAMS ARE EQUIVALENT TO 2-PLY 1¾" BEAM)
LVL	2.0E MICRO=LAM LVL ENGINEERED LUMBER, 1¾" WIDE, UNO.
PSL	2.0E PARALLAM PSL ENGINEERED LUMBER, 3 ½" WIDE, UNO.
SYS 42	PROPERLY RATED OPEN WEB HEADER
OPT	OPTIONAL

HEADER FRAMING

1. ALL HEADER JACK AND KING STUDS SHALL BE FASTENED TO EACH OTHER WITH (2) ROWS 10d @ 8" O.C. STAGGERED.
2. ALL HEADERS TO BE FRAMED W/ NO.2 SYP
3. FASTEN ALL MULTI-PLY HEADERS TOGETHER WITH (2) ROWS 10d @ 8" O.C., STAGGERED ALONG EACH EDGE.
4. FASTEN ALL HEADERS TO KING STUDS WITH (3) 8d TOE NAILS
5. IF HEADER NOT SPECIFIED, CONTACT ENGINEER OF RECORD.
6. CRIPPLE BLOCKS BELOW LOAD-BEARING HEADERS MAY BE FRAMED AT 24" O.C.
7. IN ANY LOCATION WHERE A 2x_ BEAM OR HEADER IS PROVIDED, IT IS ACCEPTABLE TO USE AN ENGINEERED LVL BEAM OR HEADER OF EQUIVALENT SIZE.
8. NON BEARING HEADERS: DUE TO LIGHTLY LOADED CONDITIONS, 38" OR LESS CLEAR-OPENINGS IN AN EXTERIOR WALL DO NOT REQUIRE LOAD BEARING HEADER, SEE PLAN.

FRAMING NOTES

1. ALL LUMBER SPECIFIED ON DRAWINGS IS INTENDED FOR DRY USE ONLY, UNO. ALL WATERPROOFING AND FIRE SAFETY SYSTEMS ARE THE RESPONSIBILITY OF THE CONTRACTOR AND ARE TO BE DESIGNED AND DETAILED BY OTHER.
2. ALL METAL CONNECTORS SPECIFIED ON PLAN ARE IN ADDITION TO FRAMING FASTENER REQUIREMENTS LISTED IN TABLE 2304.10.1
3. FASTEN ALL MULTI-PLY STUD COLUMNS AND CORNERS TOGETHER WITH (2) ROWS 10d @ 8" O.C. STAGGERED. UPPER LEVEL MULTI-PLY STUD GROUPS BELOW ALL GIRDER LOCATIONS TO BE CONTINUOUS THROUGH FLOOR SYSTEM TO FOUNDATION. (NOT REQUIRED BELOW HEADER JACK/KING STUD GROUPS)
4. FASTEN ALL STUDS TO BOTTOM AND TOP PLATES WITH (4) 8d TOE NAILS OR (2)16d COMMON END NAILS.
5. FASTEN ALL TRUSSES AND RAFTERS TO TOP PLATES WITH (3) 8d TOE NAILS.
6. ALL MULTI-PLY TRUSS GIRDERS AND BEAMS TO HAVE SOLID STUD GROUP BELOW MATCHING GIRDER OR BEAM THICKNESS AND MATCHING WALL STUD SPECIFICATIONS AS NOTED ON STRUCTURAL PLAN, UNO.
7. EXTERIOR WALL DESIGN ASSUMES CONTINUOUSLY SHEATHED WITH OSB OR PLYWOOD
8. EXTERIOR WALLS SHALL BE FRAMED W/ NO.2 SPF STUDS AND NO.2 SYP PLATES. INTERIOR LOAD-BEARING WALLS SHALL BE FRAMED W/ SPF STUD GRADE OR BETTER AND NO.2 SYP PLATES
9. NON-LOAD BEARING INTERIOR WALLS MAY BE FRAMED W/ 2x_ SPF @ MAX 24" O.C. OR METAL STUD FRAMING MAX 24" O.C. , EXCEPT WHERE WALLS SUPPORT TILE.

CMU/METAL CONNECTOR ENGINEERING

APEX TECHNOLOGY IS A FICTITIOUS NAME OWNED BY JAX APEX TECHNOLOGY INC., A FLORIDA CORPORATION FLORIDA ENGINEER BUSINESS NO. 7547

FOUNDATION PLAN - TRADITIONAL A - 150C

1/4" = 1'-0" WHEN PRINTED ON 22"x34"

2020 V1.0

GENERAL FOUNDATION NOTES:

- CONCRETE SLAB ON GRADE SHALL BE MINIMUM 3 1/2" THICK AND HAVE MINIMUM 28 DAY COMPRESSIVE STRENGTH OF 2500 PSI UNO.
- EARTH AND EARTH FILL SUPPORTING SLABS ON GRADE IS ASSUMED TO HAVE A MINIMUM BEARING CAPACITY OF 2,000 psf, AND SHALL BE FREE OF ORGANIC MATERIAL AND COHESIVE SOILS. COMPACT THE FILL IN 12" LIFTS TO AT LEAST 95% OF MODIFIED PROCTOR MAXIMUM DRY DENSITY. IT IS THE OWNER'S OR CONTRACTOR'S RESPONSIBILITY TO CONFIRM THESE ASSUMPTIONS.
- IF CONTRACTOR OR BUILDING OFFICIAL DETERMINES THAT THE SOIL IS NOT SUITABLE FOR 2,000 PSF BEARING CAPACITY, CONTACT EOR. ADDITIONAL FOUNDATION WORK MAY BE REQUIRED.
- SLIDING GLASS DOOR FRAMES MUST BE RECESSED INTO THE SLAB IN ACCORDANCE WITH THE BUILDING CODE. CONSULT ARCHITECTURAL PLANS FOR LOCATION OF SLIDING GLASS DOORS.
- MASONRY STEMWALL AND MONOLITHIC FOOTINGS ARE INTERCHANGEABLE. SEE SHEET ST-2D FOR INTERCHANGEABLE STEMWALL & MONOLITHIC SECTIONS (DETAILS 1/2 & 5/7).
- 24" LONG #4 BAR IS TO BE INSTALLED AT ALL RE-ENTRANT CORNERS, SEE "RE-ENTRANT CORNER DETAIL" ON SHEET ST-2D.

FOUNDATION KEYNOTES: DC1

NOTES APPLICABLE ONLY WHERE SPECIFIED ON PLAN

A	8"x8" DEEP THICKENED EDGE w/ (1) #4 CONT	B	12" DEEP FTG UNDER BOX COLUMN, FTG TO BE PROJECTED MIN 6" AS SHOWN
C	16"SQx12" DEEP FTG	D	24"SQx20" DEEP FTG w/ (3) #4 EW

J	• SOLID FILL CMU PIER, MATCHING CMU COLUMN SIZE ABOVE • PROVIDE MIN (1) #5 FULL-HEIGHT, VERTICAL REINFORCEMENT TO BEND 90° @ BOTTOM & TIE INTO FOOTING REINFORCEMENT • CMU PIER ON 20" DEEP FTG W/ #4 @ 8" O.C. EW, FTG TO BE PROJECTED MINIMUM 6" LARGER THAN PIER ON ALL SIDES		
K	MIN 24" LONG #4 OR #5 BAR SET AT MID-DEPTH OF SLAB, TYP ALL RE-ENTRANT CORNERS		

CONTROL JOINT (CJ) NOTES:

1. TIMING
   - CUTS MUST BE MADE THE SAME DAY AS PLACEMENT. AS SOON AS THE CONCRETE HAS SET ENOUGH TO ALLOW SAWCUTS WITHOUT RAVELING THE COURSE AGGREGATE FROM THE CUT. MAKE THE CUT.
   - CUTS MADE THE NEXT DAY OR AT SUBSEQUENT TIMES DO NOT PROVIDE ADEQUATE PROTECTION AGAINST "RANDOM" CRACKING.
2. DEPTH

   THE CUT SHOULD BE AT LEAST 1" DEEP, BUT NOT MORE THAN 1 ¼" DEEP.
3. SEALING

   THE CUTS SHOULD BE SEALED WITH A SEMI-RIGID EPOXY OR ACRYLIC ADHESIVE SEALANT. BACKER ROD IS NOT REQUIRED.

GENERAL FOUNDATION NOTES:

- CONCRETE SLAB ON GRADE SHALL BE MINIMUM 3 1/2" THICK AND HAVE MINIMUM 28 DAY COMPRESSIVE STRENGTH OF 2500 PSI UNO.
- EARTH AND EARTH FILL SUPPORTING SLABS ON GRADE IS ASSUMED TO HAVE A MINIMUM BEARING CAPACITY OF 2,000 psf, AND SHALL BE FREE OF ORGANIC MATERIAL AND COHESIVE SOILS. COMPACT THE FILL IN 12" LIFTS TO AT LEAST 95% OF MODIFIED PROCTOR MAXIMUM DRY DENSITY. IT IS THE OWNER'S OR CONTRACTOR'S RESPONSIBILITY TO CONFIRM THESE ASSUMPTIONS.
- IF CONTRACTOR OR BUILDING OFFICIAL DETERMINES THAT THE SOIL IS NOT SUITABLE FOR 2,000 PSF BEARING CAPACITY, CONTACT EOR. ADDITIONAL FOUNDATION WORK MAY BE REQUIRED.
- SLIDING GLASS DOOR FRAMES MUST BE RECESSED INTO THE SLAB IN ACCORDANCE WITH THE BUILDING CODE. CONSULT ARCHITECTURAL PLANS FOR LOCATION OF SLIDING GLASS DOORS.
- MASONRY STEMWALL AND MONOLITHIC FOOTINGS ARE INTERCHANGEABLE. SEE SHEET ST-2D FOR INTERCHANGEABLE STEMWALL & MONOLITHIC SECTIONS (DETAILS 1/2 & 5/7).
- 24" LONG #4 BAR IS TO BE INSTALLED AT ALL RE-ENTRANT CORNERS, SEE "RE-ENTRANT CORNER DETAIL" ON SHEET ST-2D.

TRUSS FRAMING KEY NOTES

NOTES APPLICABLE ONLY WHERE SPECIFIED ON PLAN

1. SEE "SHEAR PANEL" DETAIL ON DETAIL SHEET.

2. TYPICAL BEARING BLOCK
   - BEARING BLOCK TO BE NO.2 SYP, MIN 48" LONG AND TO MATCH DIMENSION OF TRUSS MEMBER.
   - ATTACH BEARING BLOCK TO TRUSS VERTICAL OR TRUSS BOTTOM CHORD W/ (3) ROWS 10d @ 4" O.C. STAGGERED.

3. LEDGER FRAMING NOTES
   - FASTEN NO.2 SYP LEDGER TO FRAMING/TRUSS VERTICALS AT EVERY SUPPORT WITH FASTENING SHOWN BELOW (MAX 24" O.C. SPACING), OR
   - FASTEN NO.2 SYP PT LEDGER TO MASONRY/CONCRETE w/ FASTENING SHOWN BELOW
   - ADDITIONAL FASTENERS MAY BE REQUIRED AT SPECIFIED LOCATIONS ON PLAN
   - SEE TABLE 4 ON SHEET ST-1 FOR FASTENER PROTECTION AGAINST CORROSION
   - EXTERIOR DECK LEDGERS SHALL BE SECURE TO WALL FRAMING WITH WOOD SCREWS. COMMON NAILS AT FLOOR LEDGERS ARE FOR INTERIOR USE ONLY.

   ROOF FRAMING LEDGER TO WOOD:
   - 2x6.....(4) 12d COMMON
   - 2x8.....(6) 12d COMMON
   - 2x10.....(8) 12d COMMON
   - 2x12.....(10) 12d COMMON

   LEDGER TO CMU (W/ 3" TAPCON OR TITEN):
   - PT 2x6.....(2) ROWS ⅛" Ø @ 24" O.C. STAGGERED
   - PT 2x8.....(2) ROWS ⅛" Ø @ 16" O.C. STAGGERED
   - PT 2x10.....(2) ROWS ⅛" Ø @ 8" O.C. STAGGERED
   - PT 2x12.....(2) ROWS ⅛" Ø @ 6" O.C. STAGGERED

   FLOOR FRAMING LEDGER TO WOOD (W/ NAILS):
   - 2x6.....(3) 16d COMMON
   - 2x8.....(5) 16d COMMON
   - 2x10.....(7) 16d COMMON
   - 2x12.....(9) 16d COMMON

   FLOOR FRAMING LEDGER TO WOOD (W/ SCREWS):
   - PT 2x6.....(3) ¼" x 4-½" LONG #14 WOOD SCREWS
   - PT 2x8.....(5) ¼" x 4-½" LONG #14 WOOD SCREWS
   - PT 2x10.....(7) ¼" x 4-½" LONG #14 WOOD SCREWS
   - PT 2x12.....(9) ¼" x 4-½" LONG #14 WOOD SCREWS

4. • (2) 2x8 SYP BLOCKING BETWEEN TRUSS TOP CHORDS BELOW WALL ABOVE
   • ATTACH BLOCKING TO TRUSSES W/ (4) 10d TOE-NAILS EACH END
5. IF USING (2) HTSM20, INSTALL (1) STRAP ON EACH FACE OF THE WALL - (2) HTSM20 ON SAME SIDE OF WALL IS NOT PERMITTED AT THIS LOCATION
6. TRUSS TO WOOD BEAM W/ SDWC15600
7. SEE SCAB BLOCK DETAIL ON ST-6. INSTALL SCAB BLOCK FOR TWIST STRAP CONNECTION AS NEEDED.
8. GABLE END FLOOR TRUSS OR BOTTOM RIBBON BOARD TO BOND BEAM W/ HGAM10 @ MAX 24" O.C.
9. FASTEN FL TRUSS TO 1ST LEVEL DOUBLE TOP PLATE w/ 10d @ 3" O.C.
10. INSTALL (2) META20 STRAPS OR (1) HM9 AT EACH TRUSS
11. PROVIDE WET-EMBED META20 STRAPS @ EACH TRUSS VERT. @ MAX 24" O.C. OR HGAM10 @ MAX 32" O.C.
12. TRUSS TO MASONRY W/ HEAVY TENSION TIE PER PLAN W/ 5/8" Ø SCREW ANCHOR W/ 12" EMBED, CENTERED IN BOND BEAM
13. MGT OR VGT W/ (1) 5/8" Ø ANCHOR W/ MIN 12" EMBED
14. • (1) 48" & (1) 24" BEARING BLOCK REQUIRED
    • EACH BLOCK TO TRUSS W/ (3) ROWS 10d @ 4" O.C. STAGGERED
    • TRUSS TO MASONRY BELOW W/ LGT3-SDS2.5

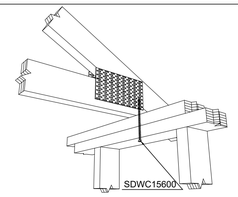
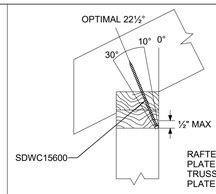
TYPICAL DOOR/WINDOW JAMB TO BLOCK
(TYPICAL FOR ALL MASONRY OPENINGS, UNO)

BOTTOM PLATE ANCHOR NOTES
- EACH SILL PLATE SHALL HAVE A MIN. OF (2) BOTTOM PLATE ANCHORS.
- INSTALL ANCHORS WITHIN 12" OF EACH END OF SEGMENT (BUTT JOINTS).
- ALL BOLT ANCHOR OPTIONS REQUIRE NUT AND WASHER, UNLESS NOTED OTHERWISE



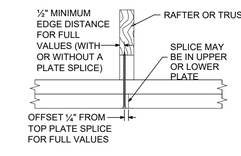
INTERIOR LOAD BEARING WALL

EXTERIOR WALL



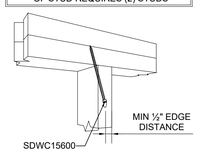
WALL SECTION AT FOUNDATION

GENERAL NOTES APPLICABLE TO WALL SECTIONS:
1. ALL LOAD BEARING TOP PLATES ARE TO BE BUILT WITH (2) 2x_ NO. 2 SYP FASTENED W/ (2) ROWS 10d @ 8" O.C. STAGGERED (UNO). MINIMUM 48" LAP W/ MINIMUM (2) 10d IN LAP. ADJUST TYPICAL NAIL SPACING AS NEEDED.
2. ALL EXTERIOR BOTTOM PLATES ARE TO BE 2x_ NO. 2 SYP PT.
3. ALL INTERIOR BOTTOM PLATES ARE TO BE 2x_ NO. 2 SYP PT.
4. FOUNDATION INFORMATION ON THIS PAGE IS FOR GRAPHICAL DEPICTION ONLY. REFER TO FOUNDATION PLAN AND SECTIONS FOR FOUNDATION INFORMATION.

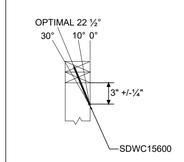


SDWC INSTALLATION SPECIFICATIONS, AS PROVIDED BY SCREW MANUFACTURER

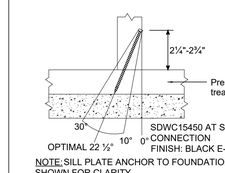
1 | STANDARD SDWC ROOF TO WALL INSTALLATION



2a | OPT. SDWC INSTALLATION RANGE



3 | SDWC MIN. EDGE DISTANCE FOR TOP PLATE SPLICE (SIM FOR STUD TO TOP PLATE CONNECTION)



NOTE TO FRAMER
MAX (1) SDWC TO NARROW FACE OF EACH STUD, (2) SDWC TO NARROW FACE OF STUD REQUIRES (2) STUDS

4 | OPT. SDWC STUD-TO-TOP PLATE CONNECTION THROUGH NARROW FACE

4a | SDWC INSTALLATION RANGE AT NARROW FACE OF STUD

NOTE: SILL PLATE ANCHOR TO FOUNDATION NOT SHOWN FOR CLARITY.

11 | SDWC STUD-TO-SILL PLATE CONNECTION

NOTE TO FRAMER
MAX (1) SDWC TO NARROW FACE OF EACH STUD, (2) SDWC TO NARROW FACE OF STUD REQUIRES (2) STUDS

12 | OPT. SDWC STUD-TO-SILL PLATE CONNECTION THROUGH NARROW FACE AT FDN

NOTE: STUD-TO-BOTTOM PLATE SHOWN. ALL OTHER INSTALLATIONS SIMILAR.

13 | SDWC EDGE DISTANCE AND SPACING INFORMATION

BOTH SCREWS INSTALLED AT A 20°-25° ANGLE W/ A½" TO ⅞" OFFSET FROM THE OPPOSITE EDGES OF TOP PLATE AND 3"±¼" ABOVE TOP PLATE. USE METAL INSTALLATION GUIDE INCLUDED IN SCREW KITS FOR OPTIMAL 22.5° INSTALLATION. TO PREDRILL THROUGH TRUSS PLATES, USE A5/16" DRILL BIT

D | (2) SDWC15600 THROUGH TRUSS/RAFTER INTO DOUBLE TOP PLATE

SCALE N.T.S.

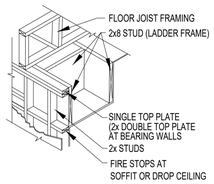
C.M.U. WALL FURRING AT WINDOW OPENINGS
SCALE N.T.S.

EAVE FRAMING DETAIL

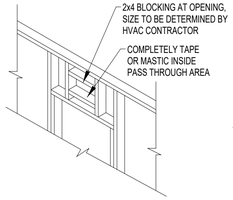
TYPCAL RAKE AND SOFFIT EAVE DETAIL
SCALE N.T.S.

GENERAL FURRING NOTES



- FOR ALL STRUCTURAL INFORMATION PERTAINING TO PLANS REFER TO STRUCTURAL SHEETS.
- USE 2" "T" NAILS TO INSTALL FURRING STRIPS.
- NAIL P.T. 1x4 BOTTOM PLATE 3/4" OFF FLOOR.
- MINIMUM 1/2" SPACE BETWEEN NON-LOAD BEARING WALL TOP PLATE AND BOTTOM CHORD OF TRUSS.

FRAMING RULES



THESE "RULES" ARE TO BE READ AS CONSTRUCTION GUIDELINES FOR FRAMING CREWS. STRUCTURAL PAGES AND NOTES BY ARCHITECTS AND ENGINEERS SHALL CONTROL.

1. CMU FURRING STRIP (1x2 PT) WALLS - 24" OC. EXCEPT 16" OC AT:
   a. TILED (WET) WALLS
   b. CABINET WALLS
2. INTERIOR (NON-BEARING) WALLS - 1ST & 2ND FLOOR ARE SPF LUMBER. 24" OC. EXCEPT 16" OC AT:
   a. TILED (WET) WALLS
   b. CABINET WALLS
   c. LOW WALLS OVER STAIRS - 16" OC AND DOUBLE TOP PLATES
   d. SECOND FLOOR WALLS AT DOUBLE HEIGHT SPACES
3. SHEATHING - FLOOR, ROOF & WALL
   a. 1/8" GAPPING - "GRIP H CLIPS" - USED AT ALL ROOF & WALL & ROOF SHEATHING SEAMS.
6. ARCHES, DEADWOOD (DRYWALL BACKING), DROP CEILINGS, ETC. - 2x4 SPF
7. TUB DECKS - ¾" x 4' x 8' AC PINE PLY. SPF FRAMING MATERIAL. AIR BARRIER/SIX-SIDED ASSEMBLY WHERE REQUIRED.
8. ROOF & TRUSS
   a. SUB-FASCIA - 2x6 SPF LUMBER. (EXCEPTION: HOME -AT-LAST SERIES = 2x4 SPF)
   b. "CONTINUOUS BOTTOM CHORD BRACING" OR "RAT RUN" -2x4 SYP #2
   c. ALL OVERHANGS OVER 16", AND ALL LOAD BEARING ROOF FRAMING COMPONENTS (BRACING, VALLEY SET, DORMERS, ETC.) NEED TO BE SYP #2 PER DETAILS.
   d. SUPPLEMENTARY ROOF FRAMING (OVERHANGS, NON-BEARING KNEEWALLS, ETC.) 2x4 OR 2x6 SPF
   e. TEMPORARY TRUSS BRACING FOR (REMOVE AND RE-USE AS BLOCKING, DEADWOOD, ETC.) - 2X4 SPF. IF TEMP BRACING IS TO BE LEFT AS PERMANENT, THEN IT NEEDS TO BE SYP #2.
   f. TRUSS BRACING & ENGINEERING (CLR, T&H SCAB BRACING) - ALL2x4 SYP #2
12. FRAME DOWN PERIMETER TRAY CEILINGS (INTERIOR NON-STRUCTURAL) PERIMETER MEMBER SHALL BE SPF #2 WITH SIZE MATCHING DROP DOWN HEIGHT. ALL OTHER MEMBERS SHALL BE 2X4 SPF #2 WITH HORIZONTAL MEMBERS HAVING A MAX UNSUPPORTED SPAN OF 36". FOR LONGER SPANS, SEE DETAIL M/S3. THIS NOTE APPLIES WHERE SOME FIRST FLOOR CEILING TRAYS ARE DESIGNATED AS "DOWN FRAMED" ON THE FLOOR PLAN.

N.T.S.

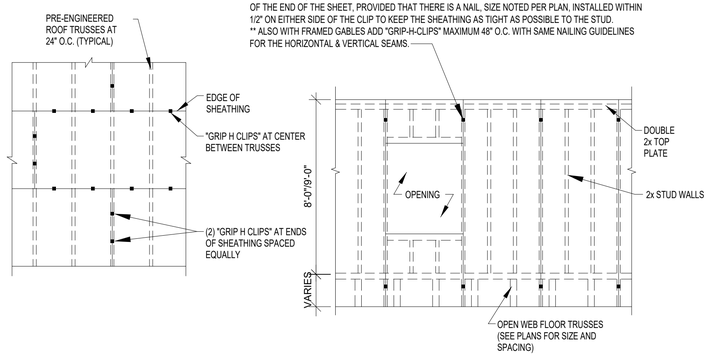
STC CLIP DETAIL

NOTES:
1) STC TRUSS CLIPS ARE USED TO ALLOW TRUSS OR BLOCKING TO MOVE INDEPENDENTLY FROM THE WALL TOP PLATE IN CASE OF DEFLECTION

2) STC CLIPS ARE NOT REQUIRED AT EVERY TRUSS OR BLOCKING AT 24" O.C.

3) STC CLIP IS ONLY NEEDED WHEN WALL LENGTH EXCEEDS 8' IN LENGTH WITHOUT A PERPENDICULAR WALL ATTACHED TO IT FOR SUPPORT OF THE WALL TOP PLATE.

4) THIS DETAIL DOES NOT SUPERSEDE STRUCTURAL ENGINEERING DETAILS AND IS INTENDED TO BE USED WHERE SPECIAL REQUIREMENTS ARE NOT USED.



TYPICAL INTERIOR NON-BEARING WALL
N.T.S.

SHEATHING "GRIP H CLIP" LOCATIONS

GENERAL NOTES

- FOR ALL STRUCTURAL INFORMATION PERTAINING TO SHEATHING PLACEMENT AND ATTACHMENT REFER TO STRUCTURAL SHEETS.
- INSTALL "TALLWALL" SHEETS "VERTICALLY" ORIENTED.

SHEATHING SEAM:
FOR WALL SHEATHING, TO ASSURE THE NEEDED 1/8" SPACING AT PANELS ENDS & EDGES, USE "GRIP-H-CLIPS", INSTALL CLIP WITHIN THE TOP AND BOTTOM 1/4 OF THE SHEATHING, BUT NOT WITHIN 8" OF THE END OF THE SHEET, PROVIDED THAT THERE IS A NAIL, SIZE NOTED PER PLAN, INSTALLED WITHIN 1/2" ON EITHER SIDE OF THE CLIP TO KEEP THE SHEATHING AS TIGHT AS POSSIBLE TO THE STUD.
** ALSO WITH FRAMED GABLES ADD "GRIP-H-CLIPS" MAXIMUM 48" O.C. WITH SAME NAILING GUIDELINES FOR THE HORIZONTAL & VERTICAL SEAMS.

SCALE: 1 1/2" = 1'-0"

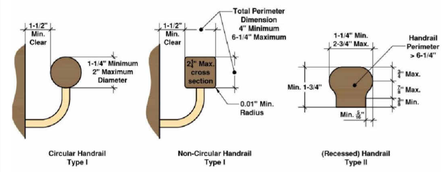
STAIRWAY NOTES

PER FBCR R301.5
STAIR RAILING AND STAIR GUARD RAILING SHALL BE CONSTRUCTED TO WITHSTAND A SINGLE CONCENTRATED LOAD OF 200 POUNDS APPLIED AT ANY POINT AND ANY DIRECTION ALONG THE TOP OF THE RAIL.

GUARD IN-FILL COMPONENTS (ALL THOSE EXCEPT THE HANDRAIL), BALUSTERS AND PANEL FILLERS SHALL BE DESIGNED TO WITHSTAND A HORIZONTALLY APPLIED NORMAL LOAD OF 50 POUNDS ON AN AREA EQUAL TO 1 SQUARE FOOT. THIS LOAD NEED NOT BE ASSUMED TO ACT CONCURRENTLY WITH ANY OTHER LIVE LOAD REQUIREMENT.

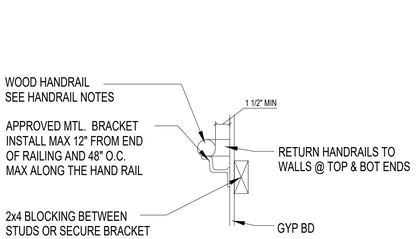
PER FBCR R311
STAIRWAYS SHALL MEET THE REQUIREMENTS OF FBCR R311.7 INCLUDING BUT NOT LIMITED TO THE FOLLOWING:
- RISER HEIGHT SHALL BE NOT MORE THAN 7.75 INCHES
- TREAD DEPTH SHALL BE NOT LESS THAN 10 INCHES
- HANDRAILS SHALL BE PROVIDED ON NOT LESS THAN ONE SIDE OF EACH FLIGHT AT A HEIGHT OF NOT LESS THAN 34 INCHES AND NOT MORE THAN 38 INCHES



PER FBCR R312
ALL GUARDS SHALL BE MIN. 36" AFF AND SHALL NOT HAVE OPENINGS FROM THE WALKING SURFACE TO THE REQUIRED GUARD HEIGHT THAT ALLOW PASSAGE OF A SPHERE 4 INCHES IN DIAMETER.

HANDRAIL NOTES

PER R311.7.8.3 GRIP-SIZE
REQUIRED HANDRAILS SHALL BE OF ONE OF THE FOLLOWING TYPES OR PROVIDE EQUIVALENT GRASPABILITY.



1. TYPE I. HANDRAILS WITH A CIRCULAR CROSS SECTION SHALL HAVE AN OUTSIDE DIAMETER OF NOT LESS THAN 1 1/4 INCHES AND NOT GREATER THAN 2 INCHES. IF THE HANDRAIL IS NOT CIRCULAR, IT SHALL HAVE A PERIMETER DIMENSION OF NOT LESS THAN 4 INCHES AND NOT GREATER THAN 6 1/4 INCHES WITH A CROSS SECTION OF DIMENSION OF NOT MORE THAN 2 1/4 INCHES. EDGES SHALL HAVE A RADIUS OF NOT LESS THAN 0.01 INCH.

2. TYPE II. HANDRAILS WITH A PERIMETER GREATER THAN 6 1/4 INCHES (160 MM) SHALL HAVE A GRASPABLE FINGER RECESS AREA ON BOTH SIDES OF THE PROFILE. THE FINGER RECESS SHALL BEGIN WITHIN A DISTANCE OF 3/4 INCH MEASURED VERTICALLY FROM THE TALLEST PORTION OF THE PROFILE AND ACHIEVE A DEPTH OF NOT LESS THAN 5/16 INCH WITHIN 7/8 INCH BELOW THE WIDEST PORTION OF THE PROFILE. THIS REQUIRED DEPTH SHALL CONTINUE FOR NOT LESS THAN 3/8 INCH TO A LEVEL THAT IS NOT LESS THAN 1 3/4 INCHES BELOW THE TALLEST PORTION OF THE PROFILE. THE WIDTH OF THE HANDRAIL ABOVE THE RECESS SHALL BE NOT LESS THAN 1 1/4 INCHES AND NOT MORE THAN 2 3/4 INCHES. EDGES SHALL HAVE A RADIUS OF NOT LESS THAN 0.01 INCH.

SCALE: 3"=1'-0"

FLASHING REQUIREMENTS

R703.1 General. Exterior walls shall provide the building with a weather-resistant exterior wall envelope. The exterior wall envelope shall include flashing as described in Section R703.4.

R703.1.1 Water resistance. The exterior wall envelope shall be designed and constructed in a manner that prevents the accumulation of water within the wall assembly by providing a water-resistant barrier behind the exterior cladding as required by Section R703.2 and a means of draining to the exterior water that penetrates the exterior cladding.

R703.2 Water-resistive barrier. One layer of No. 15 asphalt felt, free from holes and breaks, complying with ASTM D226 for Type 1 felt or other approved water-resistive barrier shall be applied over studs or sheathing of all exterior walls No. 15 asphalt felt shall be applied horizontally, with the upper layer lapped over the lower layer not less than 2 inches. Where joints occur, felt shall be lapped not less than 6 inches. Other approved materials shall be installed in accordance with the water-resistive barrier manufacturer's installation instructions. The No.15 asphalt felt or other approved water-resistive barrier material shall be continuous to the top of walls and terminated at penetrations and building appendages in a manner to meet the requirements of the exterior wall envelope as described in Section R703.1.

R703.7.3 Water-resistive barriers Water-resistive barriers shall be installed as required in Section R703.2 and, where applied over wood-based sheathing, shall include a water-resistive vapor-permeable barrier with a performance at least equivalent to two layers of Grade D paper. The individual layers shall be installed independently such that each layer provides a separate continuous plane and any flashing (installed in accordance with Section R703.4) intended to drain to the water-resistive barrier is directed between the layers.

Exception: Where the water-resistive barrier that is applied over wood-based sheathing has a water resistance equal to or greater than that of 60-minute Grade D paper and is separated from the stucco by an intervening, substantially nonwater-absorbing layer or designed drainage space.

R703.4 Flashing. Approved metal flashing, vinyl flashing, self-adhered membranes and mechanically attached flexible flashing shall be applied shingle-fashion or in accordance with the manufacturer's instructions. Metal flashing shall be corrosion resistant. Fluid-applied membranes used as flashing shall be applied in accordance with the manufacturer's instructions. All flashing shall be applied in a manner to prevent the entry of water into the wall cavity or penetration of water to the building structural framing components.

Self-adhered membranes used as flashing shall comply with AAMA 711. All exterior fenestration products shall be sealed at the juncture with the building wall with a sealant complying with AAMA 800 or ASTM C920 Class 25 Grade NS or greater for proper joint expansion and contraction, ASTMC1281, AAMA 812, or other approved standard as appropriate for the type of sealant. Fluid-applied membranes used as flashing in exterior walls shall comply with AAMA 714. The flashing shall extend to the surface of the exterior wall finish. Approved flashings shall be installed at the following locations:

1.Exterior window and door openings. Flashing at exterior window and door openings shall extend to the surface of the exterior wall finish or to the water-resistive barrier complying with Section 703.2 for subsequent drainage. Mechanically attached flexible flashings shall comply with AAMA 712. Flashing at exterior window and door openings shall be installed in accordance with one or more of the following:

1.1 The fenestration manufacturer's installation and flashing instructions, or for applications not addressed in the fenestration manufacturer's instructions, in accordance with the flashing manufacturer's instructions. Where flashing instructions or details are not provided, pan flashing shall be installed at the sill of exterior window and door openings. Pan flashing shall be sealed or sloped in such a manner as to direct water to the surface of the exterior wall finish or to the water resistive barrier for subsequent drainage. Openings using pan flashing shall incorporate flashing or protection at the head and sides.

1.2. In accordance with the flashing design or method of a registered design professional.

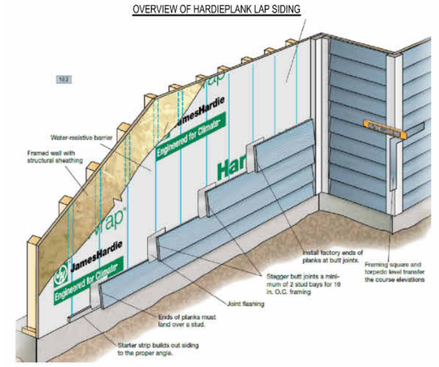
1.3. In accordance with other approved methods.

1.4. In accordance with FMA/AAMA 100, FMA/ AAMA 200, FMA/WDMA 250, FMA/AAMA/WDMA 300 or FMA/AAMA/WDMA 400.

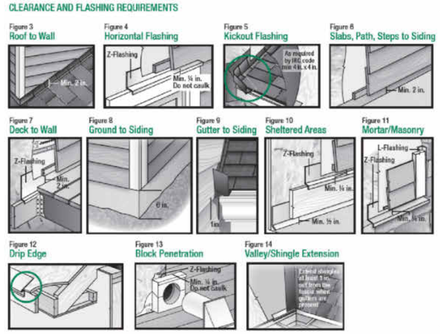
2. At the intersection of chimneys or other masonry construction with frame or stucco walls, with projecting lips on both sides under stucco copings.

3. Under and at the ends of masonry, wood or metal copings and sills.

4. Continuously above all projecting wood trim.



5. Where exterior porches, decks or stairs attach to a wall or floor assembly of wood-frame construction.



6. At wall and roof intersections.

7. At built-in gutters.

THESE DETAILS ARE GENERIC AND MEANT TO SHOW GENERAL FLASHING AND WATERPROOFING METHODS TO BE USED.

FLASHING REQUIREMENTS

R703.1 General. Exterior walls shall provide the building with a weather-resistant exterior wall envelope. The exterior wall envelope shall include flashing as described in Section R703.4.

R703.1.1 Water resistance. The exterior wall envelope shall be designed and constructed in a manner that prevents the accumulation of water within the wall assembly by providing a water-resistant barrier behind the exterior cladding as required by Section R703.2 and a means of draining to the exterior water that penetrates the exterior cladding.

R703.2 Water-resistive barrier. One layer of No. 15 asphalt felt, free from holes and breaks, complying with ASTM D226 for Type 1 felt or other approved water-resistive barrier shall be applied over studs or sheathing of all exterior walls No. 15 asphalt felt shall be applied horizontally, with the upper layer lapped over the lower layer not less than 2 inches. Where joints occur, felt shall be lapped not less than 6 inches. Other approved materials shall be installed in accordance with the water-resistive barrier manufacturer's installation instructions. The No.15 asphalt felt or other approved water-resistive barrier material shall be continuous to the top of walls and terminated at penetrations and building appendages in a manner to meet the requirements of the exterior wall envelope as described in Section R703.1.

R703.7.3 Water-resistive barriers Water-resistive barriers shall be installed as required in Section R703.2 and, where applied over wood-based sheathing, shall include a water-resistive vapor-permeable barrier with a performance at least equivalent to two layers of Grade D paper. The individual layers shall be installed independently such that each layer provides a separate continuous plane and any flashing (installed in accordance with Section R703.4) intended to drain to the water-resistive barrier is directed between the layers.

Exception: Where the water-resistive barrier that is applied over wood-based sheathing has a water resistance equal to or greater than that of 60-minute Grade D paper and is separated from the stucco by an intervening, substantially nonwater-absorbing layer or designed drainage space.

R703.4 Flashing. Approved metal flashing, vinyl flashing, self-adhered membranes and mechanically attached flexible flashing shall be applied shingle-fashion or in accordance with the manufacturer's instructions. Metal flashing shall be corrosion resistant. Fluid-applied membranes used as flashing shall be applied in accordance with the manufacturer's instructions. All flashing shall be applied in a manner to prevent the entry of water into the wall cavity or penetration of water to the building structural framing components.

Self-adhered membranes used as flashing shall comply with AAMA 711. All exterior fenestration products shall be sealed at the juncture with the building wall with a sealant complying with AAMA 800 or ASTM C920 Class 25 Grade NS or greater for proper joint expansion and contraction, ASTMC1281, AAMA 812, or other approved standard as appropriate for the type of sealant. Fluid-applied membranes used as flashing in exterior walls shall comply with AAMA 714. The flashing shall extend to the surface of the exterior wall finish. Approved flashings shall be installed at the following locations:

1.Exterior window and door openings. Flashing at exterior window and door openings shall extend to the surface of the exterior wall finish or to the water-resistive barrier complying with Section 703.2 for subsequent drainage. Mechanically attached flexible flashings shall comply with AAMA 712. Flashing at exterior window and door openings shall be installed in accordance with one or more of the following:

1.1 The fenestration manufacturer's installation and flashing instructions, or for applications not addressed in the fenestration manufacturer's instructions, in accordance with the flashing manufacturer's instructions. Where flashing instructions or details are not provided, pan flashing shall be installed at the sill of exterior window and door openings. Pan flashing shall be sealed or sloped in such a manner as to direct water to the surface of the exterior wall finish or to the water resistive barrier for subsequent drainage. Openings using pan flashing shall incorporate flashing or protection at the head and sides.

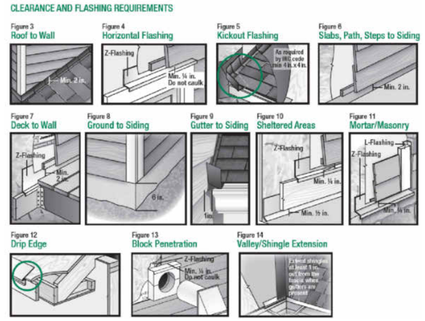
1.2. In accordance with the flashing design or method of a registered design professional.

1.3. In accordance with other approved methods.

1.4. In accordance with FMA/AAMA 100, FMA/ AAMA 200, FMA/WDMA 250, FMA/AAMA/ WDMA 300 or FMA/AAMA/WDMA 400.

2. At the intersection of chimneys or other masonry construction with frame or stucco walls, with projecting lips on both sides under stucco copings.

3. Under and at the ends of masonry, wood or metal copings and sills.



4. Continuously above all projecting wood trim.

5. Where exterior porches, decks or stairs attach to a wall or floor assembly of wood-frame construction.

6. At wall and roof intersections.

7. At built-in gutters.

ELECTRICAL RISER DIAGRAM

NOTE:
ELECTRICAL MATERIAL AND INSTALLATIONS SHALL COMPLY WITH APPLICABLE PROVISIONS OF THE NFPA 70, LOCAL CODES AND LOCAL POWER/UTILITY COMPANY

GENERAL ELECTRICAL NOTES

ALL ELECTRICAL DESIGN AND WORK SHALL BE IN STRICT COMPLIANCE WITH THE 2020 NATIONAL ELECTRIC CODE

- CONTRACTOR RESPONSIBLE FOR ALL PANEL LOAD CALCULATIONS AND SHALL VERIFY IN ACCORDANCE WITH BUILDERS SPECIFICATIONS AND IN STRICT COMPLIANCE WITH NEC
- PER NEC SECTION 210.12(B) ALL 15A & 20A, 120V BRANCH CIRCUITS SUPPLYING OUTLETS REQUIRE AFCI PROTECTION
- CARBON MONOXIDE PROTECTION PER RESIDENTIAL CODE R315.1 TO BE INSTALLED WITHIN 10' OF EVERY SLEEPING ROOM
- ALL OUTLETS SHOULD BE AFCI PER NEC - U.N.O.
- ALL 125V SINGLE-PHASE 15A & 20A RECEPTACLES INSTALLED IN LOCATIONS SPECIFIED IN 210.8(A)(1) THROUGH (A)(10) SHALL HAVE GFCI PROTECTION FOR PERSONNEL IN ACCORDANCE WITH NEC 210.8(A)
- PER NEC SECTION 406.8(B)(I) 15A & 20A RECEPTACLES IN A WET LOCATION MUST BE WITHIN AN ENCLOSURE THAT IS WEATHERPROOF WHEN AN ATTACHMENT IS PLUGGED IN AN ALL NON-LOCKING RECEPTACLES SHALL BE LISTED AS WEATHER RESISTANT
- PER NEC SECTION 406.II IN DWELLING UNITS, ALL 15A & 20A, 15V RECEPTACLES SHALL BE LISTED AS TAMPER-RESISTANT
- PER NEC SECTION 406.9(C) RECEPTACLES SHOULD NOT BE INSTALLED WITHIN A ZONE MEASURED 3FT HORIZONTALLY AND 8FT VERTICALLY FROM THE TOP OF THE BATHTUB RIM OR SHOWER STALL THRESHOLD.
- PER NEC SECTION 800.156 NO LESS THAN ONE COMMUNICATION OUTLET SHALL BE INSTALLED WITHIN EACH DWELLING UNIT
- PER NEC SECTION R314.3 AND R315.1 SMOKE DETECTORS TO BE INSTALLED INSIDE EACH SLEEPING AREA
- ALL SMOKE ALARMS SHALL BE LISTED AND LABELED IN ACCORDANCE WITH UL 217, PER RESIDENTIAL CODE 314.1. GC TO INSTALL; KIDDE MODEL # 14618A SMOKE ALARM, OR APPROVED EQUAL
- JUNCTION BOX AT WATER HEATER, RANGE AND/OR DRYER TO BE 220V IN NON GAS COMMUNITIES, AND 110V IN COMMUNITIES THAT HAVE GAS OPTIONS PROVIDE APPROPRIATE RECEPTACLE PER APPLIANCE
- ALL PERMANENTLY INSTALLED LUMINARIES, EXCLUDING THOSE IN KITCHEN APPLIANCES, SHALL HAVE AN EFFICACY OF AT LEAST 45 LUMENS-PER-WATT OR SHALL UTILIZE LAMPS WITH AN EFFICACY OF NOT LESS THAN 65 LUMENS-PER-WATT PER R404.1.
- PER RESIDENTIAL CODE M1305.1 A LEVEL WORKING SPACE NOT LESS THAN 30" DEEP AND 30" WIDE SHALL BE PROVIDED IN FRONT OF THE CONTROL SIDE OF ANY APPLIANCE
- PER NEC SECTION R230.67 ALL SERVICES SUPPLYING DWELLING UNITS ARE REQUIRED TO BE PROVIDED WITH A TYPE 1 OR TYPE 2 SURGE-PROTECTIVE DEVICE.
- EACH DWELLING UNIT SHALL BE DESIGNED WITH PROVISION FOR FUTURE INSTALLATION OF ELECTRIC VEHICLE SUPPLY EQUIPMENT IN ACCORDANCE WITH RESIDENTIAL CODES RF103.1 AND RF103.3. CONTRACTOR RESPONSIBLE TO ADJUST PANEL/LOAD CALCULATIONS ACCORDINGLY.
- ALL 125V THROUGH 250V RECEPTACLES INSTALLED IN LOCATIONS SPECIFIED IN 210.8 (B)(1) THROUGH (B)(12) AND SUPPLIED BY SINGLE-PHASE BRANCH CIRCUITS RATED 150V OR LESS TO GROUND, 50A OR LESS, AND ALL RECEPTACLES SUPPLIED BY THREE-PHASE BRANCH CIRCUTS RATED 150V OR LESS TO GROUND, 100A OR LESS SHALL HAVE GFCI PROTECTION FOR PERSONNEL IN ACCORDANCE WITH NEC 210.8(B)
- FOR ONE AND TWO FAMILY DWELLING UNITS, ALL SERVICE CONDUCTORS SHALL TERMINATE IN DISCONNECTING MEANS HAVING A SHORT CIRCUIT CURRENT RATING EQUAL OR GREATER THAN THE AVAILABLE FAULT CURRENT, INSTALLED IN A READILY ACCESSIBLE OUTDOOR LOCATION IN ACCORDANCE WITH NEC 230.85

ROOF NOTES

- INSTALL ROOF VENTING PER MFR WRITTEN INSTRUCTIONS PER RESIDENTIAL CODE R806
- ALL OVERHANG DIMENSIONS ARE TO EDGE OF RAFTER. REFERENCE WALL SECTIONS/DETAILS FOR ALL OVERHANGS NOT DIMENSIONED.
- ALL UNDERLAYMENT MUST BE INSTALLED IN COMPLIANCE WITH RESIDENTIAL CODE R905.1.1
- EACH 4' OFF RIDGE VENT REQUIRES (1) 46" x 3" CUT OUT IN ROOF SHEATHING PER MFR WRITTEN INSTRUCTIONS
- ROOF VENTING MUST MAINTAIN A MIN. DISTANCE OF 4'-0" FROM CENTERLINE OF SEPARATION WALL
- NO PENETRATIONS WITHIN 4'-0" OF RATED WALLS

ROOF VENT CALCULATION

FORMULA:

1 SQUARE INCH VENT FOR EVERY 300 SQUARE INCHES OF CEILING
*144 SQ. IN. = 1 SQ. FT.
BLDG. CEILING (SF) x 144 = BLDG (SQ. IN.)
BLDG. (SQ. IN.) / 300 = SQ. IN. OF VENT REQUIRED

PER NCSBC-R SECTION R806.2 - 40% MIN, BUT NOT MORE THAN 50% OF VENTILATION MUST BE PROVIDED BY VENTILATORS LOCATED A MINIMUM OF 3'-0" ABOVE THE EAVE OR CORNICE VENTS, WITH THE BALANCE OF THE REQUIRED VENTILATION PROVIDED BY EAVE OR CORNICE VENTS.

BASIS OF CALCULATION: ("OR EQUAL" ACCEPTABLE)

(a) RIDGE VENTS - 105 SQ IN (NFVA) PER 4 LINEAL FT CALCULATED LINEAL FOOT OF SOFFIT VENT SHALL NOT INCLUDE NON-VENTED FIRE RATED SOFFIT LOCATED LESS THAN 5' FROM PROPERTY LINE

EXTERIOR ELEVATION GENERAL NOTES

- FRONT ELEVATIONS BANDING, MOLDING, COLUMNS AND TRIM SHALL RECEIVE A SAND FINISH. SEE ELEVATION FOR DEPTH OR RAISED BANDING
- SIDE AND REAR ELEVATIONS BANDING AROUND WINDOWS AND DOORS MAY BE OPTIONAL PER COMMUNITY SPECS - SEE COMMUNITY SPECIFICATIONS OR CONSULT THE CONSTRUCTION MANAGER. ALL BANDING SHALL RECEIVE A SAND FINISH
- ROOF COVERING SEE COMMUNITY SPECIFICATIONS OR CONSULT THE CONSTRUCTION MANAGER. SEE STRUCTURAL SHEETS FOR SHEATHING REQUIREMENTS
- FLASHING SHALL BE INSTALLED AT WALL AND ROOF INTERSECTIONS, DECK AND WALL INTERSECTIONS, AT GUTTERS, AT ALL CHANGES IN ROOF SLOPE OR DIRECTION, AND AROUND ROOF OPENINGS
- WINDOW PAN FLASHING SHALL BE IN ACCORDANCE WITH RESIDENTIAL CODE R703.4
- WALL HEIGHTS VERIFY ALL BEARING WALL HEIGHTS WITH FINAL TRUSS LAYOUTS
- LATH PER RESIDENTIAL CODE R703.7.1, LATH AND LATH ATTACHMENTS SHALL BE OF CORROSION-RESISTANT MATERIALS. EXPANDED METAL OR WOVEN WIRE LATH SHALL BE ATTACHED WITH 11/2-INCH-LONG (38 MM), 11 GAGE NAILS HAVING A 7/16-INCH (11.1 MM) HEAD, OR 7/8-INCHLONG (22.2 MM), 16 GAGE STAPLES, SPACED NOT MORE THAN 6 INCHES (152 MM), OR AS OTHERWISE APPROVED
- PLASTER PER R703.7.2, PLASTERING WITH PORTLAND CEMENT PLASTER SHALL BE NOT LESS THAN THREE COATS WHERE APPLIED OVER METAL LATH OR WIRE LATH AND SHALL BE NOT LESS THAN TWO COATS WHERE APPLIED OVER MASONRY, CONCRETE, PRESSURE-PRESERVATIVE TREATED WOOD OR DECAY-RESISTANT WOOD AS SPECIFIED IN SECTION R317.1 OR GYPSUM BACKING. IF THE PLASTER SURFACE IS COMPLETELY COVERED BY VENEER OR OTHER FACING MATERIAL OR IS COMPLETELY CONCEALED, PLASTER APPLICATION NEED BE ONLY TWO COATS, PROVIDED THE TOTAL THICKNESS IS AS SET FORTH IN TABLE R702.1(1). ON WOOD-FRAME CONSTRUCTION WITH AN ON-GRADE FLOOR SLAB SYSTEM, EXTERIOR PLASTER SHALL BE APPLIED TO COVER, BUT NOT EXTEND BELOW, LATH, PAPER AND SCREED. THE PROPORTION OF AGGREGATE TO CEMENTITIOUS MATERIALS SHALL BE AS SET FORTH IN TABLE R702.1(3)
- WEEP SCREED PER R703.7.2.1 A MINIMUM 0.019-INCH (0.5 MM) (NO. 26 GALVANIZED SHEET GAGE), CORROSION-RESISTANT WEEP SCREED OR PLASTIC WEEP SCREED, WITH A MINIMUM VERTICAL ATTACHMENT FLANGE OF 31/2 INCHES (89 MM) SHALL BE PROVIDED AT OR BELOW THE FOUNDATION PLATE LINE ON EXTERIOR STUD WALLS IN ACCORDANCE WITH ASTM C926. THE WEEP SCREED SHALL BE PLACED NOT LESS THAN 4 INCHES (102 MM) ABOVE THE EARTH OR 2 INCHES (51 MM) ABOVE PAVED AREAS AND SHALL BE OF A TYPE THAT WILL ALLOW TRAPPED WATER TO DRAIN TO THE EXTERIOR OF THE BUILDING. THE WEATHER-RESISTANT BARRIER SHALL LAP THE ATTACHMENT FLANGE. THE EXTERIOR LATH SHALL COVER AND TERMINATE ON THE ATTACHMENT FLANGE OF THE WEEP SCREED
- WATER-RESISTIVE BARRIERS PER R703.7.3, WATER-RESISTIVE BARRIERS SHALL BE INSTALLED AS REQUIRED IN SECTION R703.2 AND, WHERE APPLIED OVER WOOD-BASED SHEATHING, SHALL INCLUDE A WATER-RESISTIVE VAPOR-PERMEABLE BARRIER WITH A PERFORMANCE AT LEAST EQUIVALENT TO TWO LAYERS OF GRADE D PAPER. THE INDIVIDUAL LAYERS SHALL BE INSTALLED INDEPENDENTLY SUCH THAT EACH LAYER PROVIDES A SEPARATE CONTINUOUS PLANE AND ANY FLASHING (INSTALLED IN ACCORDANCE WITH SECTION R703.4) INTENDED TO DRAIN TO THE WATER-RESISTIVE BARRIER IS DIRECTED BETWEEN THE LAYERS

GENERAL NOTES

- ALL CONSTRUCTION SHALL MEET THE LATEST EDITION OF CODES ADOPTED BY THE LOCAL GOVERNING AGENCIES
- PER RESIDENTIAL CODE R302.5 NO OPENINGS FROM A PRIVATE GARAGE ARE PERMITTED DIRECTLY INTO SLEEPING AREAS. ALL OPENINGS SHALL HAVE SOLID WOOD, INSULATED STEEL OR 20 MIN. FIRE RATED DOORS NOT LESS THAN 1-3/8 INCHES THICKNESS. ALL DUCTS IN THE GARAGE OR PENETRATING THE WALL OR CEILING SEPARATING THE GARAGE AND DWELLING SHALL BE CONSTRUCTED OF MIN. 26 GA. SHEET METAL, 1 INCH MINIMUM RIGID CLASS 0 OR 1 DUCT BOARD, OR OTHER APPROVED MATERIAL AND SHALL HAVE NO OPENINGS INTO THE GARAGE
- PER RESIDENTIAL CODE TABLE R302.6 GARAGE SHALL BE SEPARATED FROM RESIDENCE AND IT'S ATTIC W/ MIN. 1/2" GYP BOARD ATTACHED IN ACCORDANCE WITH TABLE R702.3.5. HABITABLE ROOMS SHALL BE SEPARATED FROM ROOM ABOVE W/ MIN 5/8" TYPE "X" GYP BOARD, WHERE THE SEPARATION IS A FLOOR-CEILING ASSEMBLY. ANY STRUCTURE SUPPORTING THE ASSEMBLY SHALL BE PROTECTED W/ MIN 1/2" GYP BOARD
- PER RESIDENTIAL CODE R309.1 GARAGE AND CARPORT FLOOR SURFACE AREAS USED FOR PARKING OF AUTOMOBILES OR OTHER VEHICLES SHALL BE SLOPED TO FACILITATE THE MOVEMENT OF LIQUIDS TO A DRAIN OR TOWARDS THE MAIN VEHICLE ENTRY DOORWAY
- PER RESIDENTIAL CODE R312.1 PORCHES, BALCONIES OR RAISED FLOOR SURFACES LOCATED MORE THAN 30" ABOVE FINISHED FLOOR OR GRADE SHALL HAVE GUARDS NOT LESS THAN 36" IN HEIGHT. PER RESIDENTIAL CODE R312.1.2 OPEN SIDES OF STAIRS WITH A TOTAL RISE OF MORE THAN 30" ABOVE FINISHED FLOOR OR GRADE SHALL HAVE GUARDS NOT LESS THAN 34" IN HEIGHT MEASURED VERTICALLY FROM THE NOSING OF THE TREADS
- PER RESIDENTIAL CODE R312.1.3 REQUIRED GUARDS ON OPEN SIDES OF STAIRWAYS, RAISED FLOOR AREAS, BALCONIES AND PORCHES SHALL HAVE INTERMEDIATE RAILS OR ORNAMENTAL CLOSURES WHICH DO NOT ALLOW PASSAGE OF A SPHERE 4" OR MORE IN DIAMETER
- PER RESIDENTIAL CODE R308.4.5 GLAZING IN WALLS, ENCLOSURES OR FENCES CONTAINING, FACING, OR ADJACENT TO HOT TUBS, SPAS, WHIRLPOOLS, SAUNAS, STEAM ROOMS, BATHTUBS, SHOWERS AND INDOOR OR OUTDOOR SWIMMING POOLS WHERE THE BOTTOM EXPOSED EDGE OF THE GLAZING IS LESS THAN 60 INCHES MEASURED VERTICALLY ABOVE ANY STANDING OR WALKING SURFACE, SHALL BE CONSIDERED A HAZARDOUS LOCATION. G.C. TO VERIFY IF HOMEOWNER SELECTS ANY OF THESE ITEMS LISTED. IF ANY OF THESE ITEMS LISTED IS INSTALLED, SUCH GLAZING FACING THOSE ITEMS IS TO BE TEMPERED
- PER RESIDENTIAL CODE R312.2, PROVIDE WINDOW FALL PROTECTION IN ACCORDANCE WITH R312.2.1 AND R312.2.2
- GAS OPT. PER COMMUNITY. VERIFY WITH BLDR
- C.J. = RECOMMENDED MASONRY CONTROL JOINT LOCATION
- ALL FINISHES, MATERIALS, HOUSEWRAP, WINDOW AND DOOR FLASHING, TAPING AND SEALANTS TO BE INSTALLED PER BUILDER PROVIDED SPECIFICATIONS OR MFR WRITTEN INSTRUCTIONS
- ALL FINISH DETAILS & TYPICAL PLAN NOTES PROVIDED BY BUILDER IN ACCORDANCE WITH TYPICAL BUILDER SPECIFICATIONS
- REFER TO STRUCTURAL ENGINEERING DRAWINGS FOR ALL EXTERIOR WALL STUD SPECIES, SIZES AND SPACING

TERMITE SPECIFICATIONS

SECTION R318 PROTECTION AGAINST TERMITES

TERMITE PROTECTION SHALL BE PROVIDED BY REGISTERED TERMITICIDES, INCLUDING SOIL APPLIED PESTICIDES, BAITING SYSTEMS, AND PESTICIDES APPLIED TO WOOD, OR OTHER APPROVED METHODS OF TERMITE PROTECTION LABELED FOR USE A PREVENTIVE TREATMENT TO NEW CONSTRUCTION (SEE SECTION 202, REGISTERED TERMITICIDE). UPON COMPLETION OF THE APPLICATION OF THE TERMITE PROTECTIVE TREATMENT, A CERTIFICATE OF COMPLIANCE SHALL BE ISSUED TO THE BUILDING DEPARTMENT BY THE LICENSED PEST CONTROL COMPANY THAT CONTAINS THE FOLLOWING STATEMENT: "THE BUILDING HAS RECEIVED A COMPLETE TREATMENT FOR THE PREVENTION OF SUBTERRANEAN TERMITES. TREATMENT IS IN ACCORDANCE WITH RULES AND LAWS ESTABLISHED BY THE FLORIDA DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES."

NOTE:
1. METHOD OF TREATMENT SHALL BE APPROVED BY THE GOVERNING JURISDICTION "LIQUID BORATE OR BORA-CARE" PRODUCT METHODS MUST BE DETERMINED AT PERMIT STAGE AND PRODUCT APPROVAL DATA MUST BE ON FILE WITH THE BUILDING DEPARTMENT.
2. PRESSURE TREATED LUMBER THAT HAS BEEN CUT OR DRILLED THAT EXPOSES UNTREATED PORTIONS OF WOOD ARE REQUIRED TO BE FIELD TREATED TO PREVENT INSECT INFESTATION.
3. OPTIONAL BORATE APPLIED TO ALL FRAME MEMBERS MIN. 24" AFF

APEX TECHNOLOGY IS A FICTITIOUS NAME OWNED BY JAX APEX TECHNOLOGY INC., A FLORIDA CORPORATION FLORIDA ENGINEER BUSINESS NO. 7347

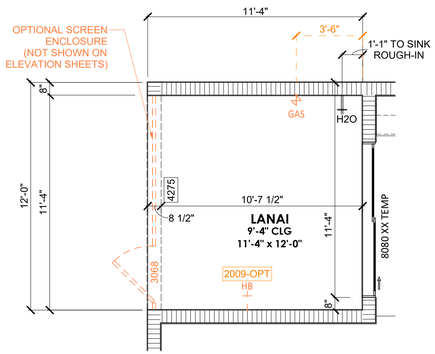
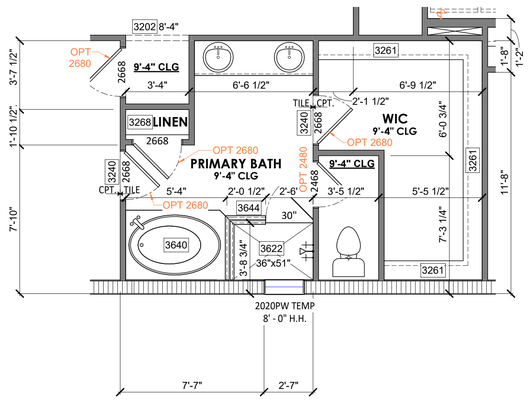
1st LEVEL FLOOR PLAN - OPT OUTDOOR KTICHEN

1/4" = 1'-0" WHEN PRINTED ON 22"x34"



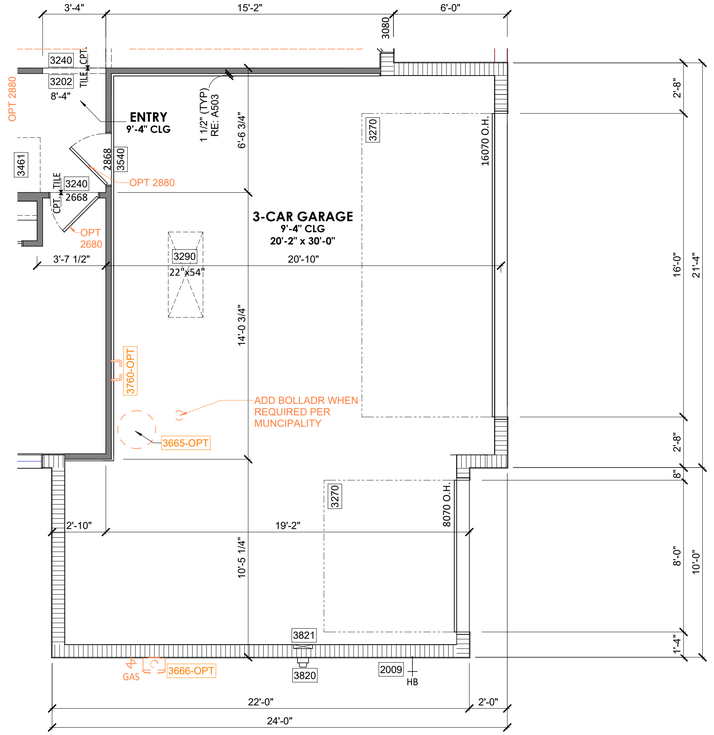
1st LEVEL FLOOR PLAN - OPT GOURMET KITCHEN

1/4" = 1'-0" WHEN PRINTED ON 22"x34"



1st LEVEL FLOOR PLAN - OPT SHOWER @ BATH 2

1/4" = 1'-0" WHEN PRINTED ON 22"x34"



1st LEVEL FLOOR PLAN - OPT OUTDOOR KTICHEN ROUGH-IN

1/4" = 1'-0" WHEN PRINTED ON 22"x34"

1st LEVEL FLOOR PLAN - OPT DELUXE PRIMARY BATH

1/4" = 1'-0" WHEN PRINTED ON 22"x34"

1st LEVEL FLOOR PLAN - OPT 3-CAR GARAGE

1/4" = 1'-0" WHEN PRINTED ON 22"x34"

KEYNOTES

2009	HOSE BIBB (LOCATION PER BLDR SPECS - UNO)
2009-OPT	OPT HOSE BIBB (LOCATION PER BLDR SPECS - UNO)
3101	2X6 WALL
3202	INTERIOR FLAT HEADER (H.H. AS NOTED)
3240	FLOOR LINE
3261	SINGLE ROD & SHELF
3268	(5) 16" DEEP SHELVES (PER BUILDER SPECS)
3270	LINE OF OVERHEAD GARAGE DOOR IN OPEN POSITION
3290	ATTIC ACCESS - SIZE AS NOTED (PROVIDE 30" MIN. HEADROOM AT ALL ACCESS LOCATIONS)
3300	COOKTOP
3322	DOUBLE OVEN
3331-OPT	OPT REFRIGERATOR
3340	DISHWASHER
3350	UNDER COUNTER REFRIGERATOR
3350-OPT	OPT UNDER COUNTER REFRIGERATOR
3369	30" GRILL
3400	BASE CABINETS
3410	UPPER CABINETS
3420	BASE & UPPER CABINETS
3433	12" DEEP KITCHEN ISLAND CABINETS
3461	DROP ZONE
3540	DOOR IS 1 3/8" MIN. SOLID CORE -OR- 20 MIN. FIRE RATED
3600	SINK
3601	SINK W/ GARBAGE DISPOSAL (SWITCH LOCATION PER BLDR SPECS)
3620	SHOWER W/ PRE-FAB PAN (SIZE PER PLAN)
3622	SHOWER RECESSED (PER BLDR SPECS)
3640	DROP-IN TUB W/ DECK (PER BLDR SPECS)
3644	TEMPERED GLASS SHOWER ENCLOSURE ON 30" H 1/2 WALL W/ SLP TOP
3665-OPT	OPT WATER HEATER - TANKED (PROVIDE MECH PROTECTION PER CODE)
3666-OPT	OPT WATER HEATER - TANKLESS (PROVIDE GAS & ELEC AS REQD)
3760-OPT	OPT WATER SOFTENER LOOP & RECEPTACLE
3820	ELECTRICAL METER AND DISCONNECT (LOCATION PER BLDR SPECS)
3821	ELECTRICAL PANEL (LOCATION PER BLDR SPECS)
4275	EXTERIOR FLAT HEADER (SEE PLANS FOR WIDTH & ELEV FOR HEIGHT)

DO NOT SCALE THESE DRAWINGS - DRAWINGS SCALE IS 50% OF DESIGNATED SCALE IF PRINTED ON 11"X17" MEDIA

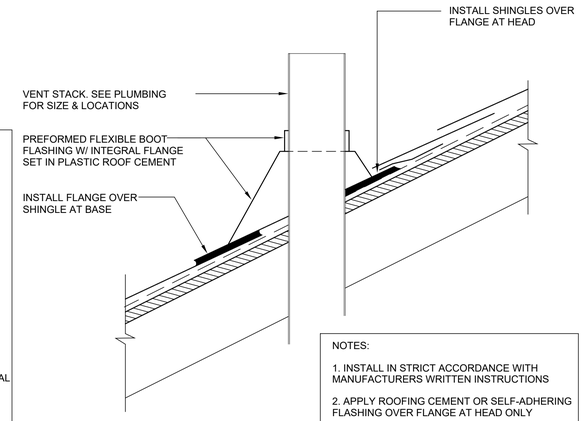
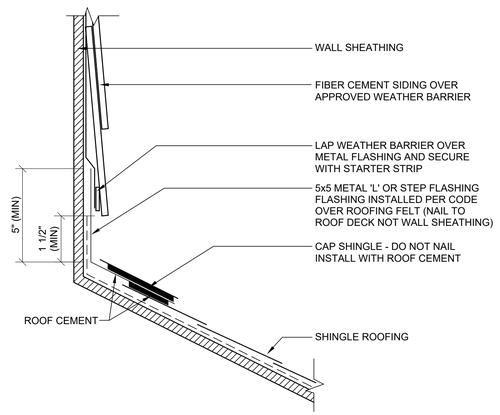
UNDERLAYMENT

STARTER COURSE

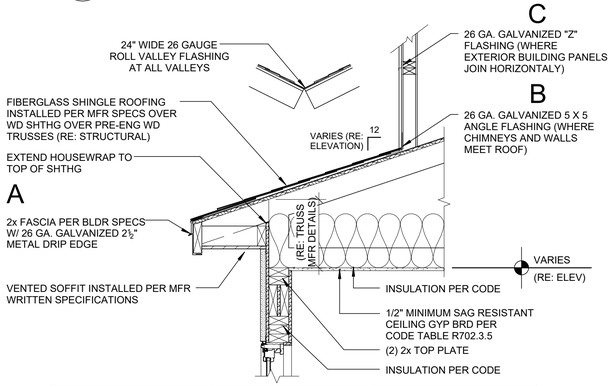


FIRST COURSE



SHINGLE NAILING

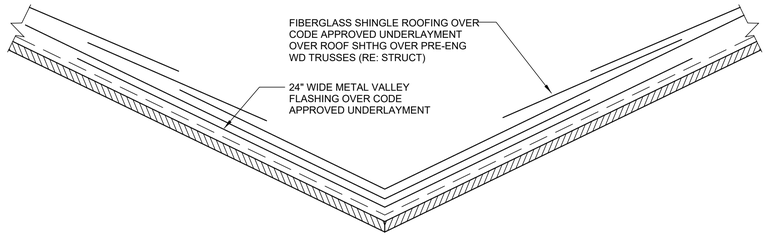
- - ROOFING DETAILS N.T.S.



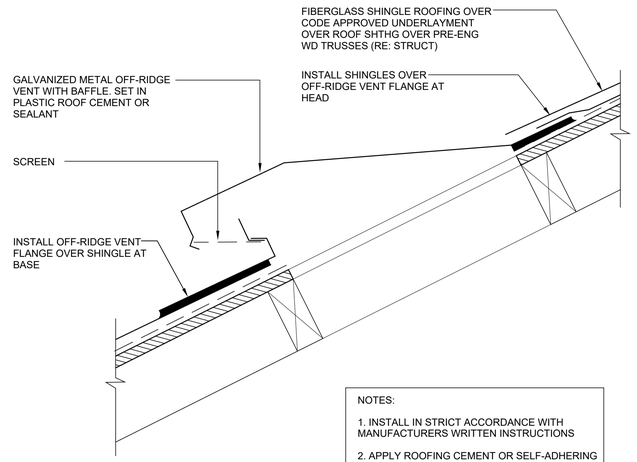
4:12 or GREATER SLOPE
NOTE: FOR SLOPES BELOW 4:12, ALL ROOFING UNDERLAYMENT SHALL BE SELF ADHERING SHEET MEMBRANE APPROVED BY THE SHINGLE MANUFACTURER FOR USE ON LOW SLOPE ROOFING PROJECTS.

- - DETAIL
- - VENT STACK FLASHING NTS

- - DETAIL
- - WALL FLASHING - LAP SIDING NTS

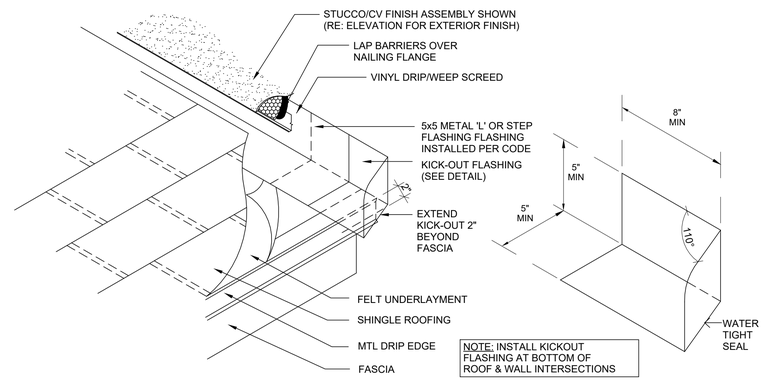


A	B	C
2 3/4", 2 1/2"	5", 5"	2 1/8", 1/2", 3/8" or 5/8"
26 GA. GALVANIZED 2 1/2" MTL DRIP EDGE	26 GA. GALVANIZED 5 X 5 ANGLE FLASHING	32 GA. GALVANIZED "Z" FLASHING



- - DETAIL
- - TYPICAL ROOF FLASHING NTS

VALLEY SHINGLE INSTALLATION:
INSTALL SHINGLES USING 'CLOSED CUT' METHOD.



1. MARK SHINGLE CUT LINE 2"-3" FROM VALLEY CENTER LINE.
2. INSERT METAL SHEET BETWEEN SHINGLES FROM BOTH PLANES, TO ENSURE ONLY TOP SHINGLE IS CUT.
3. FINISH THE CUT EDGE WITH A DOUBLE BEAD OF ROOF CEMENT

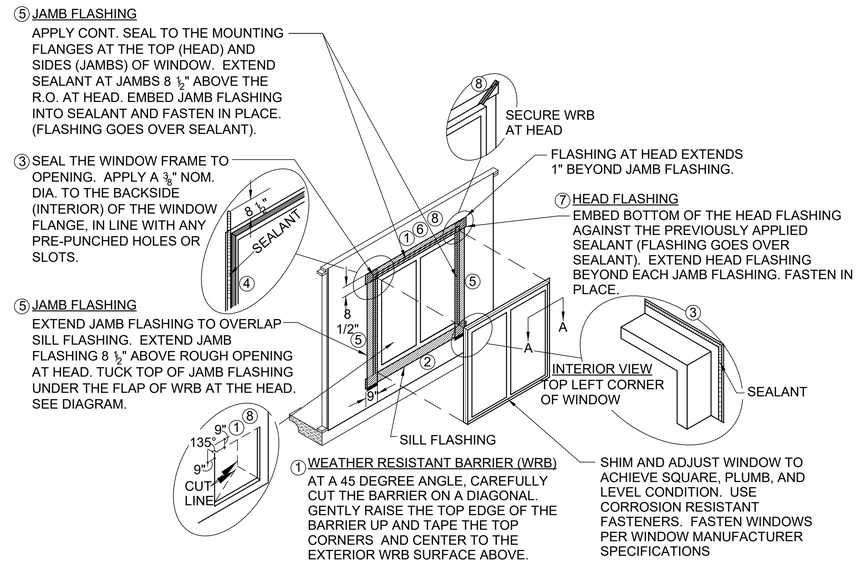
- DETAIL
- GARAGE WALL EXTENDED CURB DETAIL NTS



- DETAIL
- GARAGE SLAB RECESS AT OVERHEAD GARAGE DOOR NTS

TYPICAL WINDOW FLASHING

METHOD "A-1" (ASTM E 2112-01)

WINDOW INSTALLATION (METHOD A-1)

WEATHER RESITIVE BARRIER (WRB) APPLIED PRIOR TO THE WINDOW INSTALLATION. FLASHING APPLIED OVER THE FACE OF THE MOUNTING FLANGE.

STEPS:

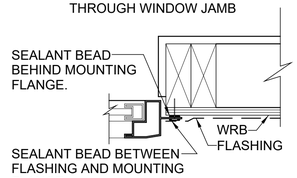
① IN WATER SHEDDING FASHION, STARTING AT THE BASE OF THE WALL & WORKING TOWARDS THE TOP, INSTALL THE WRB TO THE FACE OF THE SHEATHING.

② APPLY SILL FLASHING

③ APPLY BEAD OF SEALANT AT BACK OF WINDOW FLANGE & SET WINDOW USING PAN HEAD SCREWS TO FACILITATE INSPECTION.

④ APPLY BEAD OF SEALANT AT SIDE JAMBS. EXTEND 8 ½"

⑤ APPLY JAMB FLASHING



⑥ APPLY BEAD OF SEALANT AT HEAD

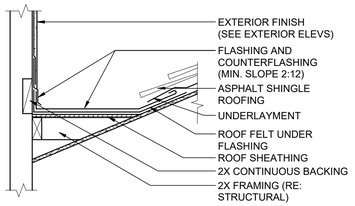
⑦ APPLY HEAD FLASHING

⑧ REMOVE PREVIOUSLY APPLIED TAPE, ALLOWING WRB TO LAY FLAT OVER HEAD FLASHING. APPLY NEW SHEATHING TAPE OVER DIAGONAL CUT - SEE DIAGRAM.

SECTION A

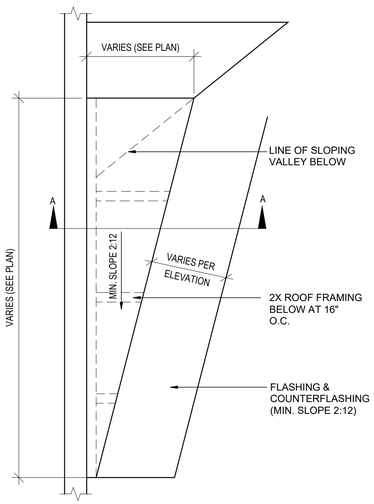
THROUGH WINDOW JAMB

NOTE:
1. WINDOW INSTALLATION AND FLASHING DETAILS ARE CONSISTENT WITH ASTM E 2112 METHOD A-1 EXCEPT SELF-ADHERING FLASHINGS ARE USED



2. IT IS THE CONTRACTORS RESPONSIBILTY TO VERIFY THE COMPATIBILITY OF ALL PRODUCTS INCLUDING HOUSEWRAP, SEALANTS & SELF-ADHERING FLASHING MATERIALS USED DURING CONSTRUCTION

3. INSTALL ALL MATERIALS PER MANUFACTURERS WRITTEN SPECIFICATIONS



4. TYPICAL WINDOW & DOOR FLASHING INSTALLATION DETAILS PREPARED IN ACCORDANCE WITH RESIDENTIAL CODE APPROVED SPECIFICATIONS

WARNING: SEALANTS/FLASHINGS MAY REACT ADVERSELY IF NOT COMPATIBLE

TOP CHORD LIVE LOAD..... 20 PSF
TOP CHORD DEAD LOAD..... 7 PSF
BOTTOM CHORD LIVE LOAD
ATTICS WITH LIMITED STORAGE..... 20 PSF
ATTICS WITHOUT STORAGE..... 10 PSF
(NON-CONCURRENT)
BOTTOM CHORD DEAD LOAD..... 5 PSF

WIND LOADING[1] ..... C_g = 1.60
ASCE 7, 3S GUST..... 150 MPH
EXPOSURE CATEGORY..... C
BUILDING CATEGORY..... II
ENCLOSURE CLASSIFICATION..... ENCLOSED
INTERNAL PRESSURE COEFF..... 0.18
C&C DESIGN PRESSURES..... (SEE TABLE 1)

OR

FLOOR LOADING..... C_g = 1.00
TOP CHORD LIVE LOAD..... 40 PSF
TOP CHORD DEAD LOAD..... 10 PSF
BOTTOM CHORD LIVE LOAD..... 0 PSF
BOTTOM CHORD DEAD LOAD..... 5 PSF

SPECIAL FLOOR LOADING..... C_g = 1.00
GAME ROOM/LOFT LIVE LOAD..... 60 PSF
BALCONY/DECK LIVE LOAD..... 40 PSF

DEFLECTION CRITERIA
ROOF TRUSSES..... LL / 240
TL / 180
TL MAX 1" UP TO 40' SPAN
FLOOR JOIST OR TRUSS..... LL / 360
TL / 240
BEAMS[1]..... LL / 360
TL / 240

NOTES:
1. PORCH BEAMS AND BEAMS SUPPORTING EXTERIOR WALL ABOVE SHALL NOT EXCEED ¾" DEFLECTION
2. MAX. 16" O.C. FLOOR TRUSS SPACING BELOW GAME ROOM/LOFT
3. ROOF TRUSS WIND DESIGN METHOD SHALL BE MWFRS (DIRECTIONAL -OR- ALL HEIGHT) C-C HYBRID

TABLE 1: COMPONENT AND CLADDING DESIGN PRESSURES

WINDOWS AND DOORS (NOTE 1)

EFFECTIVE WIND AREA	ZONE DESIGNATION			
	IZ - Interior Zone (psf)		EZ - End Zone (psf)	
0 - 20 ft²	+32.75	-35.52	+32.75	-43.85
21 - 50 ft²	+31.17	-33.94	+31.17	-40.69
51 - 100 ft²	+29.28	-32.05	+29.28	-36.91
101 - 200 ft²	+27.82	-30.60	+27.82	-34.00

SOFFIT MAX PRESSURE (psf)	+32.75	-43.85
GARAGE DOOR WIDTH (NOTE 2)	PRESSURE (PSF)	
8 FT	+29.18/-36.72	
16 FT	+27.71/-32.13	
ROOFING	-85.85 PSF	

NOTES:
1. END ZONE DESIGNATIONS MAY BE TAKEN AS THE 1ST 4.0' AT ALL EXTERIOR CORNERS PER SECTION R301.2. END ZONES NOT APPLICABLE AT RE-ENTRANT CORNERS.
2. GARAGE DOOR HEIGHT MAY BE 6'-8" OR HIGHER
3. ROOFING PRODUCTS INCLUDE SHINGLES, UNDERLAYMENT AND VENTILATION

THIS STRUCTURE IS LOCATED IN THE WIND BORNE DEBRIS REGION AND HAS BEEN DESIGNED AS AN ENCLOSED STRUCTURE. AS SUCH, THE BUILDER MUST SUPPLY OPENING PROTECTION IN ACCORDANCE WITH SECTION 1609.1.2 AND/OR SECTION R301.2.1.2 AND LOCAL BUILDING JURISDICTION.

TABLE 2: WOOD STRUCTURAL PANEL SHEATHING REQUIREMENTS

NOTES 3,4

TYPICAL EXTERIOR WALL SHEATHING (NOTE 2)	STUCCO AND DIRECTLY ADHERED STONE (NOTE 6)	MIN 7/16" 24/16 SPAN RATED OSB OR PLYWOOD INSTALLED HORIZONTALLY W/ 8d COMMON; 6" O.C. EDGE AND FIELD. 2x4 BLOCKING IS RECOMMENDED AT UNSUPPORTED PANEL EDGES.
	ALL OTHER VENEER	MIN 7/16" 24/16 SPAN RATED OSB OR PLYWOOD INSTALLED VERTICALLY (BLOCKED PANEL EDGES REQUIRED) OR HORIZONTALLY (UNBLOCKED PANEL EDGES, UNO) W/ 8d COMMON; 6" O.C. EDGES AND FIELD
ROOF DECK SHEATHING (NOTE 1)	METAL ROOF	MIN 15/32" 32/16 SPAN RATED PLYWOOD INSTALLED WITH LONG DIMENSION PERPENDICULAR TO SUPPORTS W/ RSRS-03 NAILS: 4" O.C. AT PANEL EDGES AND 6" O.C. IN THE FIELD (UNBLOCKED PANEL EDGES, UNO).
	SHINGLE ROOF	MIN 7/16" 24/16 SPAN RATED OSB OR PLYWOOD INSTALLED WITH LONG DIMENSION PERPENDICULAR TO SUPPORTS W/ RSRS-01 NAILS: 6" O.C. AT PANEL EDGES, AND 6" O.C. IN THE FIELD (UNBLOCKED PANEL EDGES, UNO).
FLOOR DECK SHEATHING: (NOTE 5)		23/32" T&G OSB OR PLYWOOD W/ COMMON: 6" O.C AT PANEL EDGES, 12" O.C. IN THE FIELD (UNBLOCKED PANEL EDGES, UNO).
PORCH CEILING BOARD SHEATHING:		MIN 3/8" OSB OR PLYWOOD OR CDX INSTALLED PERPENDICULAR TO SUPPORTS W/ 8d COMMON: 3" O.C. AT PANEL EDGES, 12" O.C. IN THE FIELDOR MIN½" EXTERIOR GYPSUM CEILING BOARD, FASTEN w/ 5d x 15/8" COOLER NAIL OR NO.6 x 1¼" LONG SCREWS @ 4" O.C. EDGES, 8" O.C. FIELD (UNBLOCKED PANEL EDGES, UNO).

NOTES:
1. FOR SHEATHING THICKNESS GREATER THAN 15/32" CATEGORY, USE RSRS-03 NAILS.
2. COMMON NAILS IN WALL SHEATHING MAY BE SUBSTITUTED W/ 8d GALVANIZED BOX NAILS.
3. ZIP WALL SHEATHING IS AN ACCEPTABLE ALTERNATE FOR APA RATED WOOD STRUCTURAL PANEL.
4. ALL WOOD STRUCTURAL PANEL SHALL CONFORM TO THE MOST CURRENT APPLICABLE SPECIFICATION AND SUPPLEMENTS OF CURRENT APPROVED APA.MANF. SPECIFICATIONS.
5. FLOOR FASTENERS ARE MINIMUM REQUIRED FOR DIAPHRAGM DESIGN. FOR INCREASED FLOOR PERFORMANCE AND TOHELP REDUCE SQUEAKING, RSRS-01 NAILS OR 8d SCREW NAILS ARE RECOMMENDED.
6. 15/32" 32/16 SPAN RATED OSB OR PLYWOOD WITH BLOCKED PANEL EDGES IS AN APA RECOMMENDATION PER APA TECHNICAL BULLETIN Q370 WHEN STUCCO LATH IS ATTACHED DIRECTLY TO OSB OR PLYWOOD. SHOULD BUILDER SPECIFICATIONS ALLOW, MIN STRUCTURAL REQUIREMENTS ARE7/16" 24/16 SPAN RATING INSTALLED HORIZONTALLY. INCLUDES FULL AND PARTIAL HEIGHT VENEER APPLICATIONS
7. ROOF DECK SHEATHING HAS BEEN ENGINEERED TO RESIST ASCE 7 WIND LOADS IN ACCORDANCE WITH FRC R301.2.1.1

TABLE 3: NAIL SIZE LEGEND

NOTES 1, 2, 3, 4

	DIAMETER	LENGTH
8d COMMON	0.131"	2-½"
RSRS-01	0.113"	2-⅜"
RSRS-03	0.131"	2-½"
10d x 1-½"	0.148"	1-½"
10d	0.131"	3"
10d COMMON	0.148"	3"
12d COMMON	0.148"	3-¼"
16d SINKER	0.148"	3-¼"
16d COMMON	0.162"	3-½"

NOTES:
1. INSTALL 10d NAILS UNLESS OTHERWISE SPECIFIED.
2. COMMON WIRE NAILS AND THREADED HARDENED STEEL NAILS SHALL CONFORM TO THE NOMINAL SIZES SPECIFIED IN ASTM F1667. NOMINAL DIAMETER SIZES APPLY TO FASTENERS BEFORE APPLICATION OF PROTECTIVE COATING.
3. WHEN A BORED HOLE IS REQUIRED TO PREVENT SPLITTING OF A WOOD DUE TO FASTENER PENETRATION, THE BORED HOLE SHALL NOT EXCEED 75% OF THE NAIL OR SPIKE DIAMETER.
4. THE NOMINAL DIAMETER AND LENGTH OF TYPICAL FASTENERS SPECIFIED FOR THIS PROJECT ARE AS LISTED IN TABLE3.

TABLE 4: FASTENERS IN PRESSURE TREATED LUMBER

PRESERVATIVE	FASTENER TYPE
ACZA	STANDARD CARBON STEEL
SODIUM BORATE (NOTE 1)	STAINLESS CONNECTORS AND FASTENERS REQUIRED.
ALL OTHER PT (INCLUDING ACQ & MCQ)	CONNECTORS MUST HAVE Z-MAX, G120 OR TRIPLE ZINC COATED FINISH. ALL FASTENERS MUST BE HOT DIPPED GALVANIZED.

NOTES:
1. SILL PLATES W/ SODIUM BORATE TREATMENTS BEARING ON CONCRETE OVER VAPOR BARRIER ARE NOT DIRECTLY EXPOSED TO EARTH OR WEATHER AND HAVE BEEN PROVEN TO BE NON-CORROSIVE TO CARBON STEEL FASTENERS.

TABLE 5: EXTERIOR HEAD JAMB AND SILL FRAMING

ROUGH OPENING WIDTH	HEAD JAMB OR SILL SIZE	FASTENERS AT EACH END
50" OR LESS	(1) 2x4 OR (1) 2x6	(4) 10d TOE-NAILS
GREATER THAN 50" UP TO 76"	(2) 2x4 OR (1) 2x6	(6) 10d TOE-NAILS
GREATER THAN 76"	SEE FLOOR PLAN	SEE FLOOR PLAN

1. WINDOWS WITH INTERMEDIATE JACK STUDS MAY BE TREATED AS SEPARATE OPENINGS.
2. HEAD JAMB AND SILL OUTSIDE THE SCOPE OF THIS SCHEDULE HAVE BEEN ENGINEERED AS WIND-LOAD HEADER AND SILL. SEE PLAN.

PRE-ENGINEERED TRUSSES

1. NOTE : ROOF TRUSS TOP CHORDS SHALL HAVE A MINIMUM SPECIFIC GRAVITY OF 0.49 (SYP SPECIES OR BETTER)
2. ROOF OR FLOOR TRUSSES FABRICATED TO ACHIEVE THE ROOF PLANES DEPICTED ON THE ARCHITECTURAL PLANS SHALL BE DESIGNED UNDER THE SUPERVISION OF A REGISTERED PROFESSIONAL ENGINEER. ENGINEERING SHOP DRAWINGS SHALL BE PREPARED IN ACCORDANCE WITH ANSI/TPI AND SUBMITTED TO THE ENGINEER OF RECORD FOR APPROVAL PRIOR TO FABRICATION. DESIGN CRITERIA IS LOCATED ON SHEET ST-1 OF THE PLAN SETTEMPORARY BRACING SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR AND SHALL BE LEFT IN PLACE AFTER CONSTRUCTION IS COMPLETE.
3. TRUSSES SHALL BE DESIGNED TO MATCH THE ORIENTATION, SPAN DIRECTION, SPACING, BEARING & LOCATION OF THE FRAMING PLAN SHOWN HERE.
4. THE TRUSS ENGINEER SHALL PROVIDE ALL TRUSS TO TRUSS CONNECTION DESIGN AND SPECIFICATIONS AND SUBMIT THEM UNDER SIGN AND SEAL WITH THE TRUSS SHOP DRAWINGS.
5. TRUSS UPLIFTS HAVE BEEN CALCULATED BY THE ENGINEER OF RECORD AND TAKEN INTO CONSIDERATION DURING THE DESIGN OF THE UPLIFT RESTRAINT SYSTEM FOR THIS STRUCTURE. AS SUCH, THE REPORTED UPLIFTS ON THE TRUSS SHOP DRAWINGS MAY BE DISREGARDED.

TABLE 6: METAL CONNECTOR SCHEDULE

NOTES:
1. SIMPSON ACRYLIC-TIE ADHESIVE OR EQUAL SHALL BE USED IN ALL DRILLED AND EPOXIED ANCHOR APPLICATIONS. ANCHOR BOLT, THREADED ROD, OR DOWELED REINFORCING STEEL MAY BE EMBEDDED TO THE SPECIFIED DEPTH, IN A HOLE AS SPECIFIED BY MANUFACTURER (TYPICALLY 1/16" TO 1/8" GREATER THAN SPECIFIED ANCHOR DIAMETER). ADHESIVE/EPOXY MUST FILL THE HOLE IN THE CONCRETE AND WOOD BOTTOM PLATE. MANUFACTURER'S SPECIFICATIONS MUST BE FOLLOWED FOR PROPER INSTALLATION.
2. REFER TO SIMPSON OR MITEK CATALOG FOR ADDITIONAL INSTALLATION INSTRUCTIONS.
3. IF CONNECTOR IS NOT LISTED ABOVE, CONTACT EOR FOR SPECIFIC FASTENING REQUIREMENTS.
4. POSITIVE PLACEMENT GUN NAILS, 2½" LONG, WITH EQUIVALENT DIAMETER TO COMMON NAILS SPECIFIED ABOVE MAY BE USED FOR ABU POST BASE ANCHORS, CS16, AND MSTA FLAT STRAPS.
5. MASONRY APPLICATION REQUIRE EQUIVALENT NUMBER OF TITEN ANCHORS IN LIEU OF 16d NAILS TO HDR CONNECTION. CMU REQUIRES ½" Ø x 2 ½" TITENS ILO 16d. CONCRETE REQUIRES EQUIVALENT NUMBER OF ½" Ø x 1 ¾" TITENS ILO 16d.
6. MASONRY SCREWS AT EXTERIOR CMU APPLICATIONS TO HAVE FLAT HEADS.

MASONRY NOTES

1. ALL MASONRY UNITS SHALL MEET ASTM C90 STANDARD WITH f'm= 2000PSI AND SHALL BE ERECTED IN RUNNING BOND WITH TYPE M OR S MORTAR OVER FULL BED.
2. SHOULD LIMITED AREAS OF STACK BOND MASONRY EXIST, EVERY OTHER COURSE SHALL BE EQUIPPED w/ 9 GAUGE LADDER TYPE HORIZONTAL JOINT REINFORCEMENT
3. ALL GROUT TO BE MIXED PER ASTM C476 STANDARDS AND INSTALLED TO COMPLY WITH FBC R606.3.5. f'c = 3,000 PSI.
4. VERTICAL WALL REINFORCING TO BE ASTM A615 GRADE 60 REBAR.
5. LAPS BETWEEN VERTITICAL REINFORCING AND DOWELS TO BE 30".
6. VERTICAL REINFORCING TO HAVE 10' STANDARD HOOK INTO BOND BEAM. DOWEL TO HAVE 10' STANDARD HOOK INTO FOOTING
7. PRE-CAST MASONRY LINTELS: SEE "LINTEL SCHEDULE" ON STRUCTURAL PLAN SHEET.
8. PROVIDE MOISTURE BARRIER FOR ALL UNTREATED LUMBER IN CONTACT WITH MASONRY OR CONCRETE.

CONCRETE AND FOUNDATION NOTES

1. CONCRETE COMPRESSIVE STRENGTH FOR FOOTINGS= 2,500 PSI AT 28 DAYS (UNO).
2. CONCRETE COMPRESSIVE STRENGTH FOR SLAB = 2,500 PSI AT 28 DAYS (UNO).
3. ALL REINFORCING STEEL #3 AND BIGGER SHALL BE ASTM A615 GRADE 40 DEFORMED BARS (UNO).
4. ALL REINFORCING STEEL SHALL HAVE 90 DEGREE BEND AT CORNERS WITH A 24" LAP24" LONG #4 BAR IS RECOMMENDED TO BE INSTALLED AT ALL REENTRANT CORNERS.
5. FIBERMESH IS AN ACCEPTABLE ALTERNATIVE AND SHALL NOT REQUIRE WWF.FIBER LENGTHS SHALL BE ½" TO 2" IN LENGTH. DOSAGE AMOUNTS SHALL RANGE FROM 0.75 TO 1.5 POUNDS PER CUBIC YARD IN ACCORDANCE WITH THE MANUFACTURER'S RECOMMENDATIONS. SYNTHETIC FIBERS SHALL COMPLY WITH ASTM C1116. THE MANUFACTURER OR SUPPLIER SHALL PROVIDE CERTIFICATION OF COMPLIANCE WHEN REQUESTED BY THE BUILDING OFFICIAL.
6. MASONRY STEMWALL AND MONOLITHIC FOOTING ARE INTERCHANGEABLE.
7. EARTH AND EARTH FILL SUPPORTING SLABS ON GRADE IS ASSUMED TO HAVE A MINIMUM BEARING CAPACITY OF 2,000 PSF IN ACCORDANCE WITH TABLE R401.4.1, AND SHALL BE FREE OF ORGANIC MATERIAL AND COHESIVE SOILS. COMPACT THE FILL IN 12" LIFTS TO AT LEAST 95% OF MODIFIED PROCTOR MAXIMUM DRY DENSITY. IT IS THE OWNER'S OR CONTRACTOR'S RESPONSIBILITY TO CONFIRM THESE ASSUMPTIONS.
8. CONCRETE FLOOR SLABS ON GRADE SHALL BE INSTALLED OVER A MINIMUM 6 MIL POLYETHYLENE VAPOR RETARDER WITH JOINTS LAPPED 6" AND SEALED OVER CLEAN, COMPACTED EARTH OR FILL WITH CODE APPROVED PROVISIONS FOR PREVENTION OF SUBTERRANEAN TERMITES.
9. STEMWALLS OVER 4 COURSES TALL REQUIRE SPECIAL ATTENTION TO BRACING DURING CONSTRUCTION. CONTACT ENGINEER OF RECORD IF THIS CONDITION EXISTS.
10. TO CONTROL CRACKING, CUT 1" SAWCUTS IN THE SLAB IN A 15'x15' GRID WITHIN 12 HOURS OF CONCRETE PLACEMENT. CONTACT EOR FOR ALTERNATIVE METHODS.CONTROL JOINTS ARE NOT REQUIRED WHEN WWF OR FIBERMESH ARE INCLUDED WITH CONCRETE WORK.
11. DO NOT SCALE FOOTING DIMENSIONS AND LOCATIONS FROM THE FOUNDATION PLAN. DO NOT DETERMINE FOOTING LOCATION FROM ARCHITECTURAL PLANS OR FRAMING PLAN. IF FOOTING SIZE OR LOCATION IS NOT DETERMINATE FROM USE OF FOUNDATION PLAN ALONE, CONTACT THE ENGINEER OF RECORD.

LEGEND

OR	"OR" SHALL MEAN THAT EITHER OPTION PROVIDED IS AN EQUAL ALTERNATIVE FOR THE APPLICATION SHOWN
UNO	UNLESS NOTED OTHERWISE ON PLAN OR DETAIL

SYS 42	PROPERLY RATED OPEN WEB HEADER
OPT	OPTIONAL

HEADER FRAMING

1. ALL HEADER JACK AND KING STUDS SHALL BE FASTENED TO EACH OTHER WITH (2) ROWS 10d @ 8" O.C. STAGGERED.
2. ALL HEADERS TO BE FRAMED W/ NO.2 SYP
3. FASTEN ALL MULTI-PLY HEADERS TOGETHER WITH (2) ROWS 10d @ 8" O.C., STAGGERED ALONG EACH EDGE.
4. FASTEN ALL HEADERS TO KING STUDS WITH (3) 8d TOE NAILS
5. IF HEADER NOT SPECIFIED, CONTACT ENGINEER OF RECORD.
6. CRIPPLE BLOCKS BELOW LOAD-BEARING HEADERS MAY BE FRAMED AT 24" O.C.
7. IN ANY LOCATION WHERE A 2x_ BEAM OR HEADER IS PROVIDED, IT IS ACCEPTABLE TO USE AN ENGINEERED LVL BEAM OR HEADER OF EQUIVALENT SIZE.
8. NON BEARING HEADERS: DUE TO LIGHTLY LOADED CONDITIONS, 38" OR LESS CLEAR-OPENINGS IN AN EXTERIOR WALL DO NOT REQUIRE LOAD BEARING HEADER, SEE PLAN.

FRAMING NOTES

1. ALL LUMBER SPECIFIED ON DRAWINGS IS INTENDED FOR DRY USE ONLY, UNO. ALL WATERPROOFING AND FIRE SAFETY SYSTEMS ARE THE RESPONSIBILITY OF THE CONTRACTOR AND ARE TO BE DESIGNED AND DETAILED BY OTHER.
2. ALL METAL CONNECTORS SPECIFIED ON PLAN ARE IN ADDITION TO FRAMING FASTENER REQUIREMENTS LISTED IN TABLE 2304.10.1
3. FASTEN ALL MULTI-PLY STUD COLUMNS AND CORNERS TOGETHER WITH (2) ROWS 10d @ 8" O.C. STAGGERED. UPPER LEVEL MULTI-PLY STUD GROUPS BELOW ALL GIRDER LOCATIONS TO BE CONTINUOUS THROUGH FLOOR SYSTEM TO FOUNDATION. (NOT REQUIRED BELOW HEADER JACK/KING STUD GROUPS)
4. FASTEN ALL STUDS TO BOTTOM AND TOP PLATES WITH (4) 8d TOE NAILS OR (2)16d COMMON END NAILS.
5. FASTEN ALL TRUSSES AND RAFTERS TO TOP PLATES WITH (3) 8d TOE NAILS.
6. ALL MULTI-PLY TRUSS GIRDERS AND BEAMS TO HAVE SOLID STUD GROUP BELOW MATCHING GIRDER OR BEAM THICKNESS AND MATCHING WALL STUD SPECIFICATIONS AS NOTED ON STRUCTURAL PLAN, UNO.
7. EXTERIOR WALL DESIGN ASSUMES CONTINUOUSLY SHEATHED WITH OSB OR PLYWOOD
8. EXTERIOR WALLS SHALL BE FRAMED W/ NO.2 SPF STUDS AND NO.2 SYP PLATES. INTERIOR LOAD-BEARING WALLS SHALL BE FRAMED W/ SPF STUD GRADE OR BETTER AND NO.2 SYP PLATES
9. NON-LOAD BEARING INTERIOR WALLS MAY BE FRAMED W/ 2x_ SPF @ MAX 24" O.C. OR METAL STUD FRAMING MAX 24" O.C. , EXCEPT WHERE WALLS SUPPORT TILE.

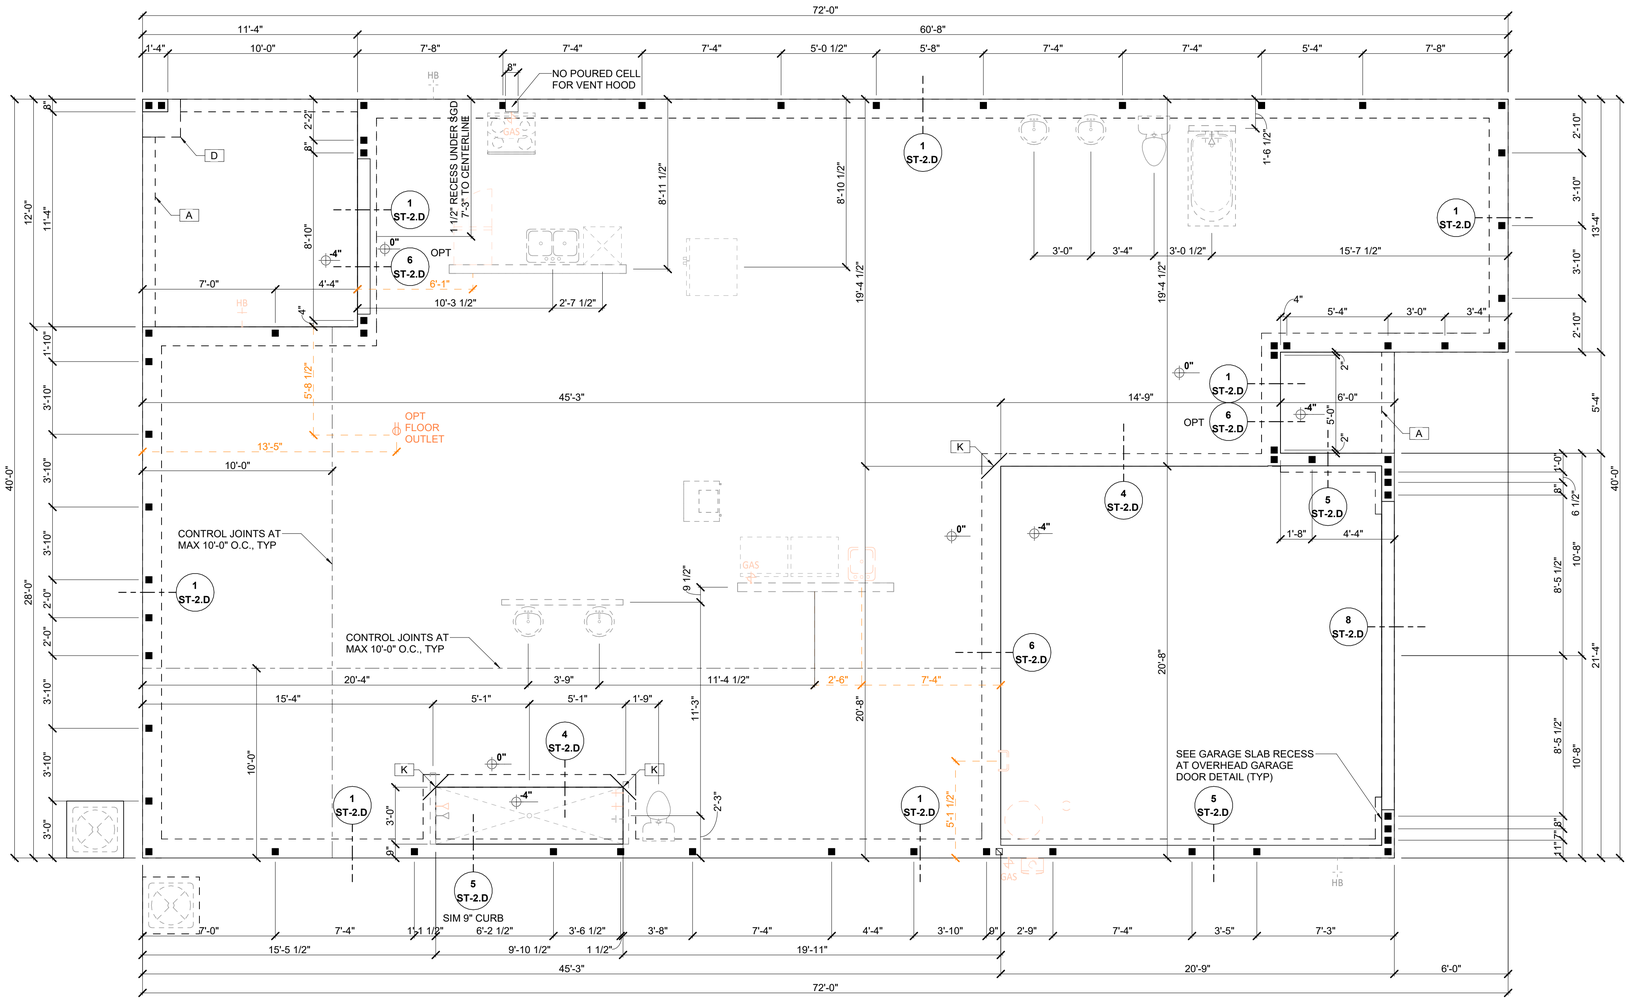
APEX TECHNOLOGY IS A FICTITIOUS NAME OWNED BY JAX APEX TECHNOLOGY INC., A FLORIDA CORPORATION FLORIDA ENGINEER BUSINESS NO. 7547

GENERAL FOUNDATION NOTES:

- CONCRETE SLAB ON GRADE SHALL BE MINIMUM 3 1/2" THICK AND HAVE MINIMUM 28 DAY COMPRESSIVE STRENGTH OF 2500 PSI UNO.
- EARTH AND EARTH FILL SUPPORTING SLABS ON GRADE IS ASSUMED TO HAVE A MINIMUM BEARING CAPACITY OF 2,000 psf, AND SHALL BE FREE OF ORGANIC MATERIAL AND COHESIVE SOILS. COMPACT THE FILL IN 12" LIFTS TO AT LEAST 95% OF MODIFIED PROCTOR MAXIMUM DRY DENSITY. IT IS THE OWNER'S OR CONTRACTOR'S RESPONSIBILITY TO CONFIRM THESE ASSUMPTIONS.
- IF CONTRACTOR OR BUILDING OFFICIAL DETERMINES THAT THE SOIL IS NOT SUITABLE FOR 2,000 PSF BEARING CAPACITY, CONTACT EOR. ADDITIONAL FOUNDATION WORK MAY BE REQUIRED.
- SLIDING GLASS DOOR FRAMES MUST BE RECESSED INTO THE SLAB IN ACCORDANCE WITH THE BUILDING CODE. CONSULT ARCHITECTURAL PLANS FOR LOCATION OF SLIDING GLASS DOORS.
- MASONRY STEMWALL AND MONOLITHIC FOOTINGS ARE INTERCHANGEABLE. SEE SHEET ST-2D FOR INTERCHANGEABLE STEMWALL & MONOLITHIC SECTIONS (DETAILS 1/2 & 5/7).
- 24" LONG #4 BAR IS TO BE INSTALLED AT ALL RE-ENTRANT CORNERS, SEE "RE-ENTRANT CORNER DETAIL" ON SHEET ST-2D.

FOUNDATION KEYNOTES: DC1

NOTES APPLICABLE ONLY WHERE SPECIFIED ON PLAN



A	8"x8" DEEP THICKENED EDGE w/ (1) #4 CONT	B	12" DEEP FTG UNDER BOX COLUMN, FTG TO BE PROJECTED MIN 6" AS SHOWN
C	16"SQx12" DEEP FTG	D	24"SQx20" DEEP FTG w/ (3) #4 EW
E	30"SQx20" DEEP FTG w/ (4) #4 EW	F	36"SQx20" DEEP FTG w/ (4) #4 EW
G	48"SQx24" DEEP FTG w/ (5) #4 EW, T&B	H	#5 VERTICAL DOWEL TYP AS SHOWN, SEE MASONRY NOTES ON ST-1
J	• SOLID FILL CMU PIER, MATCHING CMU COLUMN SIZE ABOVE • PROVIDE MIN (1) #5 FULL-HEIGHT, VERTICAL REINFORCEMENT TO BEND 90° @ BOTTOM & TIE INTO FOOTING REINFORCEMENT • CMU PIER ON 20" DEEP FTG W/ #4 @ 8" O.C. EW, FTG TO BE PROJECTED MINIMUM 6" LARGER THAN PIER ON ALL SIDES		
K	MIN 24" LONG #4 OR #5 BAR SET AT MID-DEPTH OF SLAB, TYP ALL RE-ENTRANT CORNERS		

CONTROL JOINT (CJ) NOTES:

1. TIMING
   - CUTS MUST BE MADE THE SAME DAY AS PLACEMENT. AS SOON AS THE CONCRETE HAS SET ENOUGH TO ALLOW SAWCUTS WITHOUT RAVELING THE COURSE AGGREGATE FROM THE CUT, MAKE THE CUT.
   - CUTS MADE THE NEXT DAY OR AT SUBSEQUENT TIMES DO NOT PROVIDE ADEQUATE PROTECTION AGAINST "RANDOM" CRACKING.
2. DEPTH

   THE CUT SHOULD BE AT LEAST 1" DEEP, BUT NOT MORE THAN 1 ¼" DEEP.
3. SEALING

   THE CUTS SHOULD BE SEALED WITH A SEMI-RIGID EPOXY OR ACRYLIC ADHESIVE SEALANT. BACKER ROD IS NOT REQUIRED.

FRAMING KEY NOTES (CMU) DC1

NOTES APPLICABLE ONLY WHERE SPECIFIED ON PLAN

(SEE SHEET ST-1 & 5 FOR TYPICAL NOTES)

1. MIN (2) INTERMEDIATE JACK STUDS REQUIRED BETWEEN OPENINGS
2. FASTEN EACH BEAM TO MASONRY W/ META STRAP
3. • INSTALL 7/16" OSB SHEATHING W/ 8d COMMON @ 6" O.C. AT ALL PANEL EDGES AND 12" O.C IN FIELD
   • BLOCK ALL SHEATHING PANEL EDGES FULL LENGTH OF WALL
   • FASTEN BOTTOM PLATE TO:
   •• SLAB W/ ½" ANCHOR @ 24" O.C. PER TYPICAL WALL SECTION, SHEET ST-5
   •• FLOOR FRAMING W/ 10d @ 3" O.C.
4. • INSTALL 7/16" OSB SHEATHING w/ 8d COMMON @ 3" O.C. AT ALL PANEL EDGES AND 12" O.C. IN FIELD
   • BLOCK ALL SHEATHING PANEL EDGES FULL LENGTH OF WALL
   • FASTEN BOTTOM PLATE TO:
   •• SLAB W/ ½" ANCHOR @ 16" O.C. PER TYPICAL WALL SECTION, SHEET ST-5
   •• FLOOR FRAMING W/ 10d @ 3" O.C.
5. • BEAM TO CMU WALL w/ SIMPSON HUC HANGER MATCHING PORCH BEAM DIMENSIONS.
   • MIN. 2" MASONRY SCREW OFFSET FROM CORNER.
6. • EVERY STUD TO TOP PLATE W/ (2) SDWC15600.
   • EVERY STUD TO BOTTOM PLATE W/ (2) SDWC15450.
7. TALL WALL: 2x8 NO.2 SPF @ 16" O.C.
8. HOLD BACK LEAD STUD OF PERPENDICULAR WALL½" FOR SHEATHING TO BE CONTINUOUS
9. INSTALL (2) META STRAPS OR (1) HM9 AT EACH TRUSS AS NOTED
10. SEE INTERIOR SHEARWALL DETAIL, THIS SHEET
11. PROVIDE META WET-EMBED STRAPS @ EACH TRUSS VERT. @ 24" O.C. OR HGAM10 @ 32" O.C.
12. ATTACH SW TO FLOOR DIAPHRAGM PER ONE OF THE FOLLOWING:
    A. IF FLOOR TRUSS ALIGNS ABOVE SW, ATTACH FLOOR TRUSS BOTTOM CHORD TO SW DBL TOP PLATE W/ 10d @ 3" O.C.
    B. FRAME AND SHEATH SW TO FLOOR DECK ABOVE. ATTACH FLOOR DECK TO SW DBL TOP PLATE W/ 10d @ 3" O.C.

LEGEND

- INTERIOR WOOD FRAME ROOF LOAD BEARING WALL, SPECIFICATIONS OUTLINED ON TYPICAL WALL SECTIONS, DETAIL SHEETS
- INTERIOR WOOD FRAME BEARING WALL WITH NO UPLIFT. NO UPLIFT ANCHORS REQUIRED. MINIMUM BOTTOM PLATE ANCHORAGE IS ¼" x 3" TAPCONS @ 24" O.C. & 6" O.C. MAX FROM END OF 2x PLATE (UNO ON FRAMING PLAN OR SW SPECIFICATIONS)
- STRUCTURAL WOOD BEAM

STUD COLUMN KEYNOTE

NUMBER OF STUDS BELOW BEAM/GIRDER TRUSS. STUDS TO MATCH WALL FRAMING SIZE AND GRADE, UNO.
ADDITIONAL CLARITY FOR THE LOCATION OF THE STUD COLUMN

TRUSS FRAMING KEY NOTES

NOTES APPLICABLE ONLY WHERE SPECIFIED ON PLAN

1. SEE "SHEAR PANEL" DETAIL ON DETAIL SHEET.

2. TYPICAL BEARING BLOCK
   - BEARING BLOCK TO BE NO.2 SYP, MIN 48" LONG AND TO MATCH DIMENSION OF TRUSS MEMBER.
   - ATTACH BEARING BLOCK TO TRUSS VERTICAL OR TRUSS BOTTOM CHORD W/ (3) ROWS 10d @ 4" O.C. STAGGERED.

3. LEDGER FRAMING NOTES
   - FASTEN NO.2 SYP LEDGER TO FRAMING/TRUSS VERTICALS AT EVERY SUPPORT WITH FASTENING SHOWN BELOW (MAX 24" O.C. SPACING), OR
   - FASTEN NO.2 SYP PT LEDGER TO MASONRY/CONCRETE w/ FASTENING SHOWN BELOW
   - ADDITIONAL FASTENERS MAY BE REQUIRED AT SPECIFIED LOCATIONS ON PLAN
   - SEE TABLE 4 ON SHEET ST-1 FOR FASTENER PROTECTION AGAINST CORROSION
   - EXTERIOR DECK LEDGERS SHALL BE SECURE TO WALL FRAMING WITH WOOD SCREWS. COMMON NAILS AT FLOOR LEDGERS ARE FOR INTERIOR USE ONLY.

ROOF FRAMING LEDGER TO WOOD:

2x6.....(4) 12d COMMON
2x8.....(6) 12d COMMON
2x10.....(8) 12d COMMON
2x12.....(10) 12d COMMON

LEDGER TO CMU (W/ 3" TAPCON OR TITEN):

PT 2x6.....(2) ROWS ¼" Ø @ 24" O.C. STAGGERED
PT 2x8.....(2) ROWS ¼" Ø @ 16" O.C. STAGGERED
PT 2x10.....(2) ROWS ¼" Ø @ 8" O.C. STAGGERED
PT 2x12.....(2) ROWS ¼" Ø @ 6" O.C. STAGGERED

FLOOR FRAMING LEDGER TO WOOD (W/ NAILS):

2x6.....(3) 16d COMMON
2x8.....(5) 16d COMMON
2x10.....(7) 16d COMMON
2x12.....(9) 16d COMMON

FLOOR FRAMING LEDGER TO WOOD (W/ SCREWS):

PT 2x6.....(3) ¼" x 4-½" LONG #14 WOOD SCREWS
PT 2x8.....(5) ¼" x 4-½" LONG #14 WOOD SCREWS
PT 2x10.....(7) ¼" x 4-½" LONG #14 WOOD SCREWS
PT 2x12.....(9) ¼" x 4-½" LONG #14 WOOD SCREWS

4. • (2) 2x8 SYP BLOCKING BETWEEN TRUSS TOP CHORDS BELOW WALL ABOVE
   • ATTACH BLOCKING TO TRUSSES W/ (4) 10d TOE-NAILS EACH END
5. IF USING (2) HTSM20, INSTALL (1) STRAP ON EACH FACE OF THE WALL - (2) HTSM20 ON SAME SIDE OF WALL IS NOT PERMITTED AT THIS LOCATION
6. TRUSS TO WOOD BEAM W/ SDWC15600
7. SEE SCAB BLOCK DETAIL ON ST-6. INSTALL SCAB BLOCK FOR TWIST STRAP CONNECTION AS NEEDED.
8. GABLE END FLOOR TRUSSOR BOTTOM RIBBON BOARD TO BOND BEAM W/ HGAM10 @ MAX 24" O.C.
9. FASTEN FL TRUSS TO 1ST LEVEL DOUBLE TOP PLATE w/ 10d @ 3" O.C.
10. INSTALL (2) META20 STRAPSOR (1) HM9 AT EACH TRUSS
11. PROVIDE WET-EMBED META20 STRAPS @ EACH TRUSS VERT. @ MAX 24" O.C. OR HGAM10 @ MAX 32" O.C.
12. TRUSS TO MASONRY W/ HEAVY TENSION TIE PER PLAN W/ 5/8" Ø SCREW ANCHOR W/ 12" EMBED, CENTERED IN BOND BEAM
13. MGT OR VGT W/ (1) 5/8" Ø ANCHOR W/ MIN 12" EMBED
14. • (1) 48" & (1) 24" BEARING BLOCK REQUIRED
    • EACH BLOCK TO TRUSS w/ (3) ROWS 10d @ 4" O.C. STAGGERED
    • TRUSS TO MASONRY BELOW W/ LGT3-SDS2.5
