IX. Informational Agenda:

1. In accordance with the Financial Operations Manual (FOM) the City Manager shall submit to City Council in the form of an agenda item any approved change orders to construction contracts that the City Council has authorized the City Manager, by resolution, to approve in excess of the City Manager’s spending authority.

2. In accordance with City Code, Section 2-74, at the beginning of each month during the fiscal year, the City Manager shall submit to City Council data showing the relation between the estimated and actual income and expenses to date.

3. FY 2026 May Budget Adustment Report

4. Informational Only - The City of Cocoa's Open Board Vacancies.

X. Reports:

XI. Adjournment:

XII. Notice to the Public:

This is a public meeting. All interested parties may attend in person. The facility wherein this public meeting will be held is accessible to the physically handicapped. In accordance with the Americans With Disabilities Act, persons needing assistance to participate in any of these proceedings should contact the City Clerk of the City of Cocoa, listed below, at least 48 hours prior to the meeting: Monica Arsenault, City Clerk, 65 Stone Street, Cocoa, by telephone at (321) 433-8488 or via email at marsenault@cocoafl.gov. Additionally, interested persons may view or listen to the meeting electronically at the following internet sites:

1. https://cocoafl.gov/291/City-Meetings or
2. https://www.youtube.com/@CityofCocoaFlorida/streams

However, the City is not responsible for technical difficulties that may occur while attempting to view or listen to the meeting on the internet.

Interested persons may submit their written comments or questions regarding the meeting prior to the meeting through email at cityclerk@cocoafl.gov. Written comments or questions not relevant to the Council meeting agenda will not be made part of the meeting record but will be maintained as public record.

Pursuant to Section 286.0105, Florida Statutes, the City hereby advises the public that: if a person decides to appeal any decision made by the City Council with respect to any matter considered at its meeting or hearing, that person will need a record of the proceedings and for such purpose, affected persons may need to assure that a verbatim record of the proceedings is made, and such record shall include the testimony and evidence upon which the appeal is to be based. This notice does not constitute consent by the City for the introduction or admission into evidence of otherwise inadmissible or irrelevant evidence, nor does it authorize challenges or appeals otherwise not allowed by law.

Although members of the public are entitled to be heard by the City Council on certain items on the meeting agenda pursuant to the City Council Rules of Procedure, members of the public are not entitled to an immediate response by either administrative staff members or Council; however, the City Council or administrative staff may provide a response at their discretion. When presenting before the City Council, all comments or questions should be directed to the Mayor or the chair of the meeting. Comments or questions should not be made directly to administrative staff without permission from the Mayor or chair.

Public debate by individual speakers from the audience on public hearing items shall be limited to three (3) minutes. Applicants or representatives of recognized groups with special interests in a matter shall be limited to ten (10) minutes; and total debate on a single issue shall be limited to thirty (30) minutes. Only one presentation per person per item shall be allowed.

A Council member may add an item to the agenda during the meeting only at the time the agenda is approved. If the item requires action by the Council, then it may be added to the agenda by an affirmative vote of the Council, and written documentation must be submitted at the time the item is added to the agenda. Matters may also be raised by the Council, City Manager or City Attorney under reports and acted upon by the City Council.

This agenda is posted on the Municipal Bulletin Board and at the Central Brevard Library and Reference Center in Cocoa for public review.

* **MOTION by Councilmember Weeks; Seconded by Councilmember Koss to approve the December 9, 2025 meeting minutes as written.**

THE VOTE ON THE MOTION WAS:

AYES: Blake, Weeks, Goins, Hearn, Koss

THE MOTION CARRIED UNANIMOUSLY (5-0)

3. Minutes: Regular Meeting of March 10, 2026. (2026-203).

* **MOTION by Deputy Mayor Goins; Seconded by Councilmember Weeks to approve the March 10, 2026 meeting minutes as written.**

THE VOTE ON THE MOTION WAS:

AYES: Blake, Weeks, Goins, Hearn, Koss

THE MOTION CARRIED UNANIMOUSLY (5-0)

III. Awards and Presentations:

1. Proclamation Declaring May 3-9 "Drinking Water Week". (2026-352). (Utilities Director)

A proclamation recognizing the week of May 3rd through 9th as Drinking Water Week was read into the record by Deputy Mayor Goins.

IV. Delegations:

Charles Billias, business owner in Cocoa, explained that he's been having issues with Code Enforcement. They contacted him to let him know that he needed to remove the barbed wire off of his fence as it does not comply with the City's code. If he didn't remove it, they told him it was going to cost him $250.00 dollars a day. He further explained that his fence should be grandfathered in, and was installed in the 1950's.

This is the second time his fence has been an issue. He has met with the City Manager, and he was supposed to call him to give him an update, and he never heard back from him. He has since hired an attorney to try to resolve this. His case has not been to the Code Board yet, but he explained that he just wanted to share this information with the Council so they can understand what's going on.

Lastly, he shared that he's not asking the Council for anything, he just wants this resolved and doesn't want the issue to keep arising.

Theresa Clifton, Brevard Humane Society, spent the last year and a half trying to figure out how a fire hydrant was installed in a particular area. It is a safety hazard and is seventeen inches from the curb. Her customers keep hitting it and she is concerned and can't get anyone to give her a straight answer.

In response, Mr. Walsh addressed her safety concerns, explaining why it was placed there and that the fire hydrant is located in the right-of-way which the City has every right to put a hydrant there. Additionally, some of her safety concerns stem from the non-conforming parking lot where her business is located.

Additionally, Chief Lamm shared that he spoke to the Fire Chief in Rockledge and the Fire Marshal and neither had any issues with the placement of the hydrant.

Mr. Walsh agreed that this is a tight spot with not a lot of room, however they did not have much choice in the location of the hydrant as options are limited there, however the area needed the hydrant.

Ms. Clifton shared that the hydrant was put there to accommodate the new apartment complex next door, and she is disappointed she was not included in the conversation. She is even willing to pay half to have it moved to a safer spot. She expressed her hope that the Council will care enough to do something about this.

Councilmember Hearn asked if flashers could be put on the poles. In response, Mr. Walsh stated that they could certainly put reflectors on the poles to make the hydrant more visible.

Councilmember Weeks asked if there was any way to move the hydrant. In response, Mr. Walsh explained that the hydrant is in the best place and provided further clarification as to why it shouldn't be moved.

Todd Riggs, Cocoa, wished to speak about the J&K Septic to Sewer Project. He asked Council to bring an item back to reconsider the portion of their vote that was previously made to put the responsibility of any cost overruns on the homeowners. He added that he does not think Council placed this burden on the residents with ill-intention and to only move the project forward.

Councilmember Weeks shared that she understands Mr. Riggs' concern and feels bad for the residents there who are worried about the cost overruns. As a realtor, she is also aware that these types of things have to be disclosed when people are selling their homes, which can also be an issue. She'd also like to see this come back to Council for reconsideration.

Deputy Mayor Goins asked Councilmember Weeks to clarify her comment about what needs to be disclosed when selling a home. He noted that he is asking the question because the project doesn't exist yet and he would like to know what needs to be disclosed.

Councilmember Weeks provided further clarification, explaining that any potential buyer would need to be made aware that they may be on the hook for potential cost overruns for this project.

Deputy Mayor Goins asked the City Attorney if he could provide further clarification. In response, the City Attorney explained the process laid out in the Ordinance that the Council voted on and approved. As it stands now, there is no active project and any future potential projects would come back to the Council for consideration at a later date.

Councilmember Koss added that there are quite a few elderly residents that are so worried about this that they can't sleep at night and she'd like to put their minds at ease.

City Manager Whitten also wished to share some information from the City's webpage that has a dedicated page for J&K updates. He reviewed the timeline of the potential project and further explained the ordinance that was approved. He highlighted that the ordinance includes enforcement measures for the mandate and possible special assessments needed to pay any cost overruns of the project, if any. However, at this time the project is not active, and no one has been burdened with any costs.

V. Consent Agenda:

1. Award Bid No. B-26-03-COC, Dyal Water Treatment Plant Carbon Dioxide System

Replacement Project (WS23BR), to L7 Construction Inc., of Longwood, Florida, for $4,831,700; To Approve a Resolution Authorizing the City Manager to Approve and Execute Change Orders in an Amount Not To Exceed $483,170 for a Total Project Cost of $5,314,870; And to approve BAF 26-053-IFT-UT. (2026-245). (Utilities Director)

3. Approve a resolution amending the FY 2026 Budget, BAF 26-033-A & T to "Shore UP" Departmental Accounts with negative balances or project budgets through the use of various budget lines or Fund Balances. (2026-225). (Finance Director)

4. Council Approval to apply for a grant for FY 2026 Spirit of Blue Foundation for up to 16 ballistic, rifle rated, tactical shields for a total amount of $56,040. (2026-292). (Police Chief)

5. Approval to request and accept additional funding from FEMA for the Fiske & Broadmoor Acres Drainage Improvements Project. (2026-293). (Public Works Director)

6. CONFIDENTIAL - Florida Cybersecurity Grant Round 3. (2026-297). (Interim Chief Technology Officer)

7. Approve the close-out of Task Order 2024-02 with HDR, Inc. for the Taylor Creek Reservoir/St. Johns River Water Supply Permitting Project (Project No. TCR 001) and authorize the transfer of the remaining balance of $85,180.33 to the existing allowance under Task Order 2025-03; to approve Amendment #3 to the scope of services for Task Order 2025-03 to include technical reservoir design review within the existing total project authorization of $4,599,297.33; to approve Budget Transfer #26-056-T in the amount of $5,111 from account 421-4020-536.31-03 to 421-4020-536.31-27 for the City’s pro rata share; and to authorize the City Manager to execute all necessary documents and amendments. (2026-299). (Utilities Director)

8. Approve a Resolution Amending the FY26 Budget, BAF#26-055-A, to accept the Brevard County Fire EMS Trust Grant Award for $8,529, approve the additional expenditure of $1,000 necessary to complete the purchase of a Realiti 360 Plus Training Simulator, and authorize the City Manager to execute the grant agreement. (2026-316). (Fire Chief)

9. Approve Resolution 2026-032, Extending a State of Emergency due to a technological incident affecting the City of Cocoa's critical technological infrastructure. (2026-354). (City Manager)

* **MOTION by Councilmember Goins; Seconded by Mayor Blake to approve the Consent agenda.**

THE VOTE ON THE MOTION WAS:

AYES: Blake, Weeks, Goins, Hearn, Koss

THE MOTION CARRIED UNANIMOUSLY (5-0)

VI. Public Hearings:

1. Ordinance 01-2026: Grissom Parkway 46 Acres Annexation. (2026-294). (Planner)

City Attorney Garganese announced that this is the Second and Final Reading of Ordinance 01-2026 and read the title into the record as follows:

Ordinance 01-2026

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF COCOA, BREVARD COUNTY, FLORIDA; ANNEXING APPROXIMATELY 45.26 ACRES OF REAL PROPERTY GENERALLY LOCATED EAST OF GRISSOM PARKWAY, NORTH OF OXBOW CIRCLE, AND SOUTH OF CANAVERAL GROVES BOULEVARD; PROVIDING FOR THE AMENDMENT OF COCOA CHARTER, ARTICLE 1, CITY BOUNDARIES, TO INCORPORATE THE REAL PROPERTY INTO THE CITY BOUNDARIES; PROVIDING FOR THE FILING OF THE REVISED COCOA CHARTER WITH THE DEPARTMENT OF STATE AND AS ALSO REQUIRED BY LAW; PROVIDING FOR THE REPEAL OF PRIOR INCONSISTENT ORDINANCES AND RESOLUTIONS, SEVERABILITY, AND AN EFFECTIVE DATE.

Mayor Blake opened the Hearing for public comment. There being no questions or comments, the public portion of the Hearing was closed.

* **MOTION by Councilmember Hearn; Seconded by Councilmember Weeks to approve the Second and Final Reading of Ordinance 01-2026 of the City Council of the City of Cocoa, Brevard County, Florida; annexing approximately 45.26 acres of real property generally located east of Grissom Parkway north of Oxbow Circle, and south of Canaveral Groves Boulevard; providing for the amendment of Cocoa Charter, Article 1, City Boundaries, to incorporate the real property into the city boundaries; providing for the filing of the revised Cocoa Charter with the Department of State and as also required by law.**

THE VOTE ON THE MOTION WAS:

AYES: Blake, Weeks, Goins, Hearn, Koss

THE MOTION CARRIED UNANIMOUSLY (5-0)

2. Ordinance 02-2026: Grissom Parkway 46 Acres Future Land Use Map Amendment. (2026-215). (Planner)

City Attorney Garganese announced that this is the Second and Final Reading of Ordinance 02-2026 and read the title into the record as follows:

Ordinance 02-2026

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF COCOA, BREVARD COUNTY, FLORIDA, RELATING TO COMPREHENSIVE PLANNING; AMENDING THE FUTURE LAND USE MAP FOR THIRTYSIX (36) PARCELS OF REAL PROPERTY WITHIN THE CITY OF COCOA, CONSISTING OF APPROXIMATELY 45.26 ACRES, GENERALLY LOCATED EAST OF GRISSOM PARKWAY, SOUTH OF CANAVERAL GROVES BLVD, AND NORTH OF OXBOW CIRCLE, BEING LEGALLY DESCRIBED ON EXHIBIT "A" ATTACHED HERETO; CHANGING THE FUTURE LAND USE MAP DESIGNATION OF THE REAL PROPERTY FROM BREVARD COUNTY "RESIDENTIAL 4" TO CITY OF COCOA "INDUSTRIAL"; PROVIDING FOR THE REPEAL OF PRIOR INCONSISTENT ORDINANCES AND RESOLUTIONS, INCORPORATION IN THE COMPREHENSIVE PLAN, SEVERABILITY, AND AN EFFECTIVE DATE AND LEGAL STATUS OF THE PLAN AMENDMENT.

Mayor Blake opened the Hearing for public comment. There being no questions or comments, the public portion of the Hearing was closed.

* **MOTION by Councilmember Weeks; Seconded by Councilmember Koss to approve Ordinance 02-2026, changing the future land use map designation of the real property from Brevard County "Residential-4" to City of Cocoa "Industrial" on Second and Final Reading.**

THE VOTE ON THE MOTION WAS:

AYES: Blake, Weeks, Goins, Hearn, Koss

THE MOTION CARRIED UNANIMOUSLY (5-0)

3. Ordinance 03-2026: Grissom Parkway 46 Acres Zoning Map Amendment Second Reading. (2026-296). (Planner)

City Attorney Garganese announced that this is the First Reading of Ordinance 03-2026 and read the title into the record as follows:

Ordinance 03-2026

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF COCOA, BREVARD COUNTY, FLORIDA; AMENDING THE ZONING MAP FOR THIRTY-SIX (36) PARCELS OF REAL PROPERTY, TOTALING 45.26 ACRES, MORE OR LESS, AND GENERALLY LOCATED EAST OF GRISSOM PARKWAY, SOUTH OF CANAVERAL GROVES BLVD, AND NORTH OF OXBOW CIRCLE, BEING LEGALLY DESCRIBED ON EXHIBIT "A" ATTACHED HERETO; CHANGING THE ZONING MAP DESIGNATION OF THE REAL PROPERTY FROM BREVARD COUNTY "GENERAL USE" TO CITY OF COCOA "M-2 (MANUFACTURING AND LIGHT INDUSTRIAL)"; PROVIDING FOR THE REPEAL OF PRIOR INCONSISTENT ORDINANCES AND RESOLUTIONS, SEVERABILITY, AND AN EFFECTIVE DATE.

Mayor Blake opened the Hearing for public comment. There being no questions or comments, the public portion of the Hearing was closed.

* **MOTION by Councilmember Weeks; Seconded by Councilmember Hearn to approve Ordinance 03-2026 on Second and Final Reading, changing the zoning map designation of the real property from Brevard County "General Use (GU)" to City of Cocoa "Manufacturing and Industrial (M-2)" district).**

THE VOTE ON THE MOTION WAS:

AYES: Blake, Weeks, Goins, Hearn, Koss

THE MOTION CARRIED UNANIMOUSLY (5-0)

4. ~~M-2 ZTA Large-Scale Commercial Recreation Centers and Gym and Fitness - 3095 Grissom Pkwy. (2026-184). (Planner)~~

VII. Council Business:

1. Consider the appointment of Ashley Lanier to fill one of two Alternate Member Vacancies on the Board of Adjustment. (2026-243). (City Clerk)

* **MOTION by Mayor Blake; Seconded by Councilmember Weeks to approve Ashley Lanier to fill an Alternate member seat on the Board of Adjustment.**

THE VOTE ON THE MOTION WAS:

AYES: Blake, Weeks, Goins, Hearn, Koss

THE MOTION CARRIED UNANIMOUSLY (5-0)

2. Consider the appointment of Delores Martin to the Diamond Square CRA through January 30, 2027. (2026-331). (City Clerk)

* **MOTION by Deputy Mayor Goins; Seconded by Councilmember Weeks to appoint Delores Martin to fill the Seat 1 vacancy through January 30, 2027.**

THE VOTE ON THE MOTION WAS:

AYES: Blake, Weeks, Goins, Hearn, Koss

THE MOTION CARRIED UNANIMOUSLY (5-0)

VIII. City Business:

1. Acceptance of $2 million Congressionally Directed Spending for the Cocoa Multi-modal Brightline Station and approval for the City Manager to execute future grant agreement. (2026-269). (Communications & Economic Development Director)

* **MOTION by Deputy Mayor Goins; Seconded by Councilmember Weeks to accept a $2 million Congressionally Directed Spending for the Cocoa Multi-modal Brightline Station and approval for the City Manager to execute future grant agreement.**

THE VOTE ON THE MOTION WAS:

AYES: Blake, Weeks, Goins, Hearn, Koss

THE MOTION CARRIED UNANIMOUSLY (5-0)

IX. Informational Agenda:

X. Reports:

City Manager Whitten wished to clarify some of the comments made by Mr. Billias under Delegations. He explained that while he did not always communicate back and forth with Mr. Billias, he was following up on the case behind the scenes. He added that Mr. Billias's case never went to the Code Board and City Attorney Eick did some research and found out that a variance was approved for the fence a long time ago.

Ms. Senger provided the results from Trash Bash.

Councilmember Koss shared she had no report this evening.

Councilmember Hearn also shared that he had no report this evening, however his Town Hall for District 2 will be next week on May 6th, and he invited everyone to attend if they can.

Deputy Mayor Goins shared photos from the Chief's Breakfast and noted it was a great event. He also reminded everyone of the Family Movie Night taking place this Saturday, May 2nd from 6-9pm at the Dr. Joe Lee Smith Center.

He shared photos from his son's track meet, and more photos from the Chief's Breakfast. He spoke about the bathrooms at Provost Park and the much-needed improvements that are being done and provided some photos.

Councilmember Weeks shared photos from events she recently attended, including the Cocoa PAL event, which she noted was a great event, a Cocoa High School play she attended at the Cocoa Village Playhouse, a spelling bee she participated in, the Chief's Breakfast, and the IEMO II conference she recently attended.

Mayor Blake shared his report and provided photos from events he recently attended, including the Brevard Humane Society's new mural, a conference he attended in Kentucky last week, a fundraiser held for the Britney Cancer project at Pints and Pistols, and a Florida League of Cities conference he attended in Tampa.

Lastly, the Mayor also shared that he had a recent health scare and thanked everyone for their support and prayers.

XI. Adjournment:

* **MOTION by Councilmember Weeks; Seconded by Deputy Mayor Goins to adjourn the Regular meeting of April 28, 2026.**

AYES: Blake, Weeks, Goins, Hearn, Koss

THE MOTION CARRIED UNANIMOUSLY (5-0)

The meeting adjourned at 7:31 p.m.

Approve the April 29, 2026 Special City Council meeting minutes as written or with amendments.

MINUTES
City of Cocoa
City Council Budget Priorities Meeting & Planning Special Meeting

April 29, 2026

A Special City Council Meeting was held on Wednesday, April 29, 2026, in Cocoa City Hall, in City Council Chambers, located at 65 Stone Street, in Cocoa, Florida, 32922, as publicly noticed.

I. Opening Matters:

Mayor Blake called the meeting to order at 5:08 p.m.

Cassidy Burnett led the assembly in the Pledge of Allegiance and Blake Posten led the assembly in the Invocation.

II. Delegations:

Anthony Douglas, 530 A Ln., Cocoa, spoke about the Cocoa Little League and the field conditions.

Krystal Wald, Blake Posten and Cassidy Burnett spoke about Stradley Park.

Margie Harris, 622 S. Carolina Ave., Cocoa, spoke regarding S. Carolina Avenue and the flooding issues.

Ashley Ingham, 1209 Purdue Way., Cocoa, spoke about the Pineridge area and the need for a park.

The City Clerk took the roll.

PRESENT:	Michael C. Blake	Mayor
	Alex Goins	Deputy Mayor
	Lavander Hearn	Councilmember
	Lorraine Koss	Councilmember
	Patricia Weeks	Councilmember
	Anthony Garganese	City Attorney

Stockton Whitten	City Manager
Lori Chabot	Recording Secretary

ABSENT:

OTHER STAFF MEMBERS PRESENT:

Abigail Morgan, Public Works Director; Rebecca Bowman, Finance Director; Charlene Neuterman, Community Services Director; Jonathan Lamm, Fire Chief; Evander Collier, Police Chief; Jack Walsh, Utilities Director; Lorne Stinnett, HR Director; Mary Humbert, Director of Business Systems and Innovation; Samantha Senger, Communications & Economic Development Director; Luci Ribeiro, Planner; Mitch Lawyer, Interim Chief Technology Officer; and David Grissom, Helpdesk Support Tech.

III. Approval of Agenda:

1. Agenda: Special Meeting of April 29, 2026. (2026-190).

Ms. Senger submitted a Resolution (2026-033) for Council Approval and to authorize Ms. Bowman or her designee to be assigned as the Administrative Official for the Federal Railroad Administration Congressionally Directed Spending for the Brightline Station and requested this be added to the Agenda.

* **MOTION by Councilmember Koss; Seconded by Deputy Mayor Goins to approve the agenda with the addition of the requested item.**

THE VOTE ON THE MOTION WAS:

AYES: Blake, Weeks, Goins, Hearn, Koss

THE MOTION CARRIED UNANIMOUSLY (5-0)

Mayor Blake asked Council to review their own priorities and provide one or two for consideration. He reminded Council that there will be another priorities meeting.

IV. Staff Presentation:

City Manager Whitten provided a presentation[1] outlining the City's priorities for the coming year. Ms. Senger advised Council of the legislative priorities and reviewed the appropriations and economic incentives. She also notified Council of a new

[1] Exhibit A: City Council Priorities and Planning Special Meeting Presentation

partnership with Merchant McIntyre who will assist the city in identifying possible grants.

Ms. Senger added that staff has brought back information regarding an LED Board at Helow Park to include two purchase options. She discussed the park and the options for LED board. Option 1 would be most visible due to the intersection. Option 2 would be a double-sided sign.

Councilmember Koss asked if this had been approved, and City Manager Whitten replied that it was brought to the Council previously but they had asked for more information. He asked Council for direction on this item.

Councilmember Hearn stated this is one of his priorities and would like option 1.

* **MOTION by Councilmember Hearn; Seconded by Mayor Blake to approve Option 1, with discussion.**

Deputy Mayor Goins asked him to provide where the funds would come from.

Councilmember Koss stated her concerns that the signs were all in one area. She added that there is a good option on US 1 and Michigan. She likes the LED board but asked to be cognizant of the whole city. She stated she is concerned with where the dollars would come from. She also noted that she is not in favor of taking the funds from Junny Rios Park.

Councilmember Weeks stated she did not know the money had to be identified. She had not seen this before. She believed staff would allocate funds. She also objected to taking the funds from Junny Rios.

Deputy Mayor Goins disagreed, stating that he would rather Council identify where the funds come from instead of staff.

Councilmember Koss asked Councilmember Hearn if he's proposing this project to be paid from the current budget or next year's budget. In response, he would like it as soon as possible especially with hurricane season coming up. Discussion continued as to where to put the sign.

Deputy Mayor Goins mentioned Provost Park and that it had been left behind for a long time.

Councilmember Koss also mentioned Travis Park and Recreation Center and that it has been left behind/neglected.

Councilmember Weeks stated the splash pad began before she arrived, however she agreed the cost could be too extensive, especially the ongoing maintenance. She wanted to use some of the funds for District 3 as she thought it was set aside. She also asked if funds for the splash pad are used elsewhere, will there be funds available for Junny Rios?

Deputy Mayor Goins emphasized the needs for Cocoa Little League. He pointed out that they are here tonight and need help.

Councilmember Koss shared that she likes the LED signs but not at the expense of Junny Rios Park.

Discussion continued among Council, Attorney Garganese and City Manager Whitten as to where the funds could come from.

* **MOTION by Councilmember Hearn; Seconded by Mayor Blake to approve an LED board using Option 1 and approve staff making any necessary budget changes for the current year.**

AYES: Blake, Goins, Hearn

NAYS: Koss, Weeks

Motion passed 3-2.

Mayor Blake opened the item up to the public for comments. There being no questions or comments, the discussion was closed to the public.

Ms. Morgan spoke about the Junny Rios items proposed at a previous meeting (exercise trail equipment, BBQ grills, playground shade and rubber mulch surfacing for playground) and that staff does not recommend the shades.

Councilmember Weeks asked if she could be part of selecting the equipment. In response, City Manager Whitten replied she could.

Councilmember Weeks added there is room for a second pavilion and that is needed.

City Manager Whitten explained that there will need to be a site plan prepared. The dollar amount is not known; however, City Manager Whitten stated the cost for the pavilion was previously $94,000 and is likely now $150,000 with a total for Junny Rios roughly around $234,000.

* **MOTION by Councilmember Weeks; Seconded by Mayor Blake to approve spending up to $300,000 for items at Junny Rios Park and approve staff making any necessary budget changes for current year.**

AYES: Blake, Goins, Hearn, Koss, Weeks (5-0)

The presentation continued and Property Tax Information was discussed. Over the last 10 years the city has seen an 11% growth. For each dollar the city receives approximately 37%.

Ms. Bowman stated there are also unknown expenses. Staff is applying for grants for items, but it is an unknown. She also shared the legislative changes (possible) and how those could affect the budget. As a result, the city is left with a shortfall of $430,000 to start the year.

Additionally, Fire Department OT will leave a shortfall according to the trend from 2015 to date and the city will need to find recurring revenue. Chief Lamm added that the OT is due to non-work related injuries. The department is required to have minimum staffing, and this has created additional OT. They are rotating floater positions to meet the needs and the mandates. He added the HS program is helping to fill the gap.

City Manager Witten spoke on the public safety needs and public infrastructure. There is a need to add resources (police and fire) as the city continues to grow. Chief Lamm added that due to growth there will need to be an additional station, likely in the industry road area.

City Manager Whitten continued speaking about the community needs and that the new commercial area and train station will be a taxable build. These will increase the tax base and could help with some of the costs.

Krystal Wald, Secretary of the Cocoa Little League, shared she is a CHS graduate and lives in the city. She and her husband joined the BOD at Stradley Park and stated the baseball side is in a state of disrepair. She provided a packet with photos and explained the needs of the League. She believes there are some safety concerns as well and shared a few pictures illustrating those concerns. Some dugouts may be salvageable; however, some show a great deal of wood rot. The t-ball fields have no shading. She is asking for funding assistance for the repairs.

Councilmember Hearn commented it was a great presentation and thanked her. He believes Council will take action to help. He suggested she present to the County as well and bring it to their attention.

Deputy Mayor Goins agreed and stated it has been a slow process on getting the bids. They all see the problems and agree it needs to be done. He thanked her for coming.

Councilmember Koss also said thanked her for coming and asked if grants were available.

City Manager Whitten added that their most urgent need is their septic system. He added that the Health Department has advised they will no longer be able to use the concession. The septic needs to be vacuumed and then reinspected. There are four septic systems, and they will all need to be replaced; each one is roughly $30,000, so to replace all four, it is roughly a total $120,000. This is an immediate need to even be usable.

Blake Poston spoke and asked how it got to this point. In response, City Manager Whitten explained the history of the park and how it was to be managed, however, now there is a new agreement between the County and City.

Councilmember Koss asked if that system was in an area that allows for new septic systems. Ms. Morgan replied that the basin goes to the St Johns.

Councilmember Hearn suggested that going forward regarding the Brevard County contract, can we have a separate account to pay for park problems? In response, City Manager Whitten stated that part of the request to the State included septic issues at Stradley.

Mayor Blake asked if we have to replace the septic systems, do they have to be advanced systems? City Manager Whitten and Ms. Morgan both replied they likely would and that would be the goal.

* **MOTION by Councilmember Koss; Seconded by Councilmember Weeks to approve the four septic replacements and directed staff to look for the funding, possibly from Junny Rios and approve staff to make any necessary budget changes for the current year.**

AYES: Blake, Goins, Hearn, Koss, Weeks

Motion Passed Unanimously (5-0)

City Manager Whitten explained the process and a potential timeline. This will depend on how the Health Department assesses the needs after they vacuum and what the next step would be.

Discussion continued about the Stradley Park needs, other expenses, both known and unknown. City Manager Whitten offered a reminder of the Code of Conduct – Ordinance 2002-08.

Mayor Blake opened the discussion to the public. There being no questions or comments, Mayor Blake closed the discussion.

V. Public Comment:

Blake Poston provided some history and concerns for the parks, adding that this should be addressed by all four districts. Kids cannot play at their park, and others don't want to come to Stradley.

Cassidy Burnett lives in College Manor and shared her history and stated her kids played on these fields and can't now.

Marjorie Harris spoke about the flooding in the area from rain. She is asking the board to include gutters and drains for this area in the FY27 budget.

Ashley Ingham is asking for a playground in the Pine Ridge area. There is currently not a playground for the kids in this area. Their roads have potholes and are not being maintained. Their neighborhood feels it has been forgotten. She identified a lot or two that are empty and Deputy Mayor Goins asked if they were city owned. She believed one was and another is available for purchase.

Mayor Blake read a card from Alton Edmond regarding a need for speed bumps.

City Manager Whitten stated that he has received lists from council. Mayor Blake is asking Council for 1-2 priority items.

Councilmember Weeks stated her #1 priority was addressed. She will look over her list.

Councilmember Hearn said that he would like to see staff look for grants to entice businesses to come to Cocoa. He would also like to add a park possibly on the Save-a-lot property and/or a parcel to the east.

Councilmember Koss said we need a park in a park desert; we need to clean up corridors and put a bus shelter on Clearlake.

Deputy Mayor Goins stated the S. Carolina Street project is for a stormwater project. He would like to see scholarships for currently enrolled college students and to add a door to the men's restroom at Provost Park. A petition has been signed for the basketball court in Provost requesting lights that will cover the entire court.

Mayor Blake has two concerns. One of which will require action. He stated that he, the City Manager, and the City Attorney along with other local representatives, have worked diligently on the Brightline Station and they are getting it on the map. He is requesting approval of a second addendum to the City Manager's contract to extend it to allow him to continue his work. This extension would go to July 30, 2029.

Mayor Blake asked Attorney Garganese for his input as to the request for the contract extension. He replied an extension is all that is needed, it is not a new contract.

* **MOTION by Mayor Blake; Seconded by Councilmember Hearn to extend the City Manager's Contract (less than 2 years) to July 30, 2029, with no pay raise other than regular pay raises.**

AYES: Blake, Goins, Hearn, Weeks

NAYS: Koss

Councilmember Weeks asked when the current contracts ends. City Manager Whitten replied Oct 29, 2027.

Mayor Blake opened the discussion to the public.

Aleck Greenwood, 640 Brevard Ave., Cocoa, spoke highly about City Manager Whitten and is very supportive of the contract extension.

There being no further comments, the public portion of the discussion was closed.

Deputy Mayor Goins stated he didn't vote for City Manager Whitten initially, but he has done everything that he said he was going to do.

Councilmember Koss emphasized the Strategic plan and would like Council to focus on a strategic plan.

VI. Adjournment:

* **MOTION by Deputy Mayor Goins; Seconded by Mayor Blake to adjourn the meeting.**

AYES: Blake, Goins, Hearn, Koss, Weeks

Motion Passed Unanimously (5-0)

The meeting adjourned at 8:00 p.m.

Staff Presentation

Legislative Priorities

- Support for Federal Grant Funding for Cocoa's Multi-modal Station
- Protection of Local Home Rule
- Property Tax Reform
- Restrictions on Land Use Regulations
- Additional State Funding for SHIP Program Affordable Housing Initiatives
- Community Redevelopment Areas
- Continued Funding of Hiring Bonus and Incentive Pay for First Responders

Appropriations Requests

State Appropriations Requests

- State Road 524 and State Road 501 Curve Widening and Station Access Road
- J&K Septic to Sewer Conversion Project Funding
- Dr. Joe Lee Smith Community Healthcare Facility
- Stradley Park Septic to Sewer Conversion
- Provost Park Redevelopment
- Water Quality Baffle Box Installation

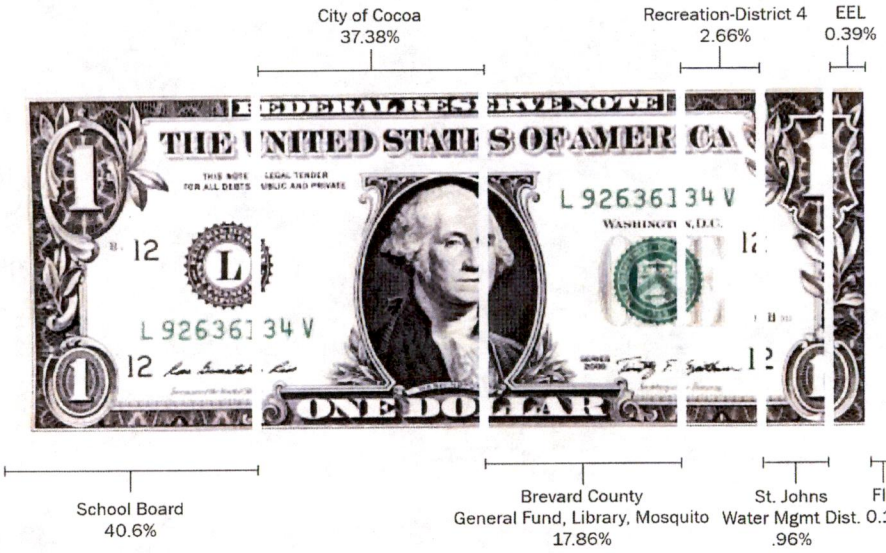
Economic Incentives/Grant Opportunities

- Ad Valorem Tax Abatement Program
- UpStart Cocoa Small Business Development Program
- Commercial Façade Improvement Grants
- Community Contribution Tax Credit Program
- Opportunity Zones

LED Board at Helow Park

- Option 1: $60,370 for 2 single-sided signs
  - If positioned correctly should be able to be viewed from all 4 roads at the intersection
- Option 2: $42,719 for 1 double-sided sign
  - Would only be visible for 2 of the roads at the intersection.
- Estimated expense to run electric to the site ~$2,500
- The site would also need to be addressed for FPL to run electric to the site.

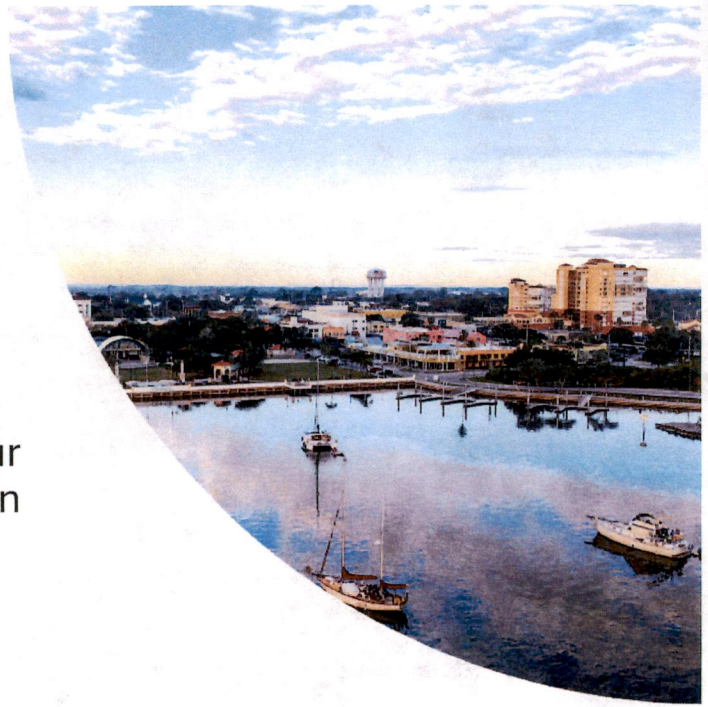
LED Board at Helow Park



Junny Rios Martinez Park

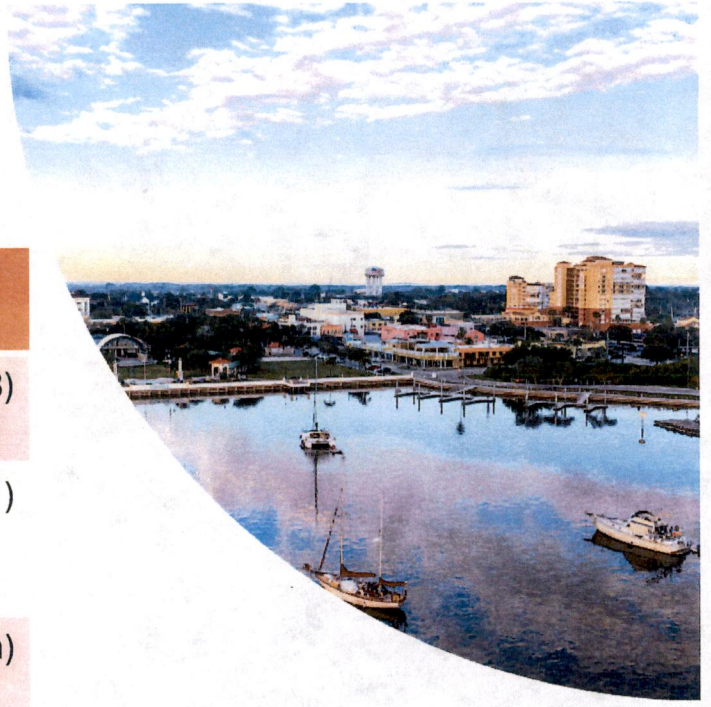
Estimated Expenses	
Exercise Trail Equipment and Installation	$65,500
BBQ Grills	$500
Playground Shade (not recommended by staff)	$31,000
Rubber mulch surfacing for Playground	$18,000
Total	$115,000

Property Tax Information



Over the last 10 years the City of Cocoa has seen an 11% growth.

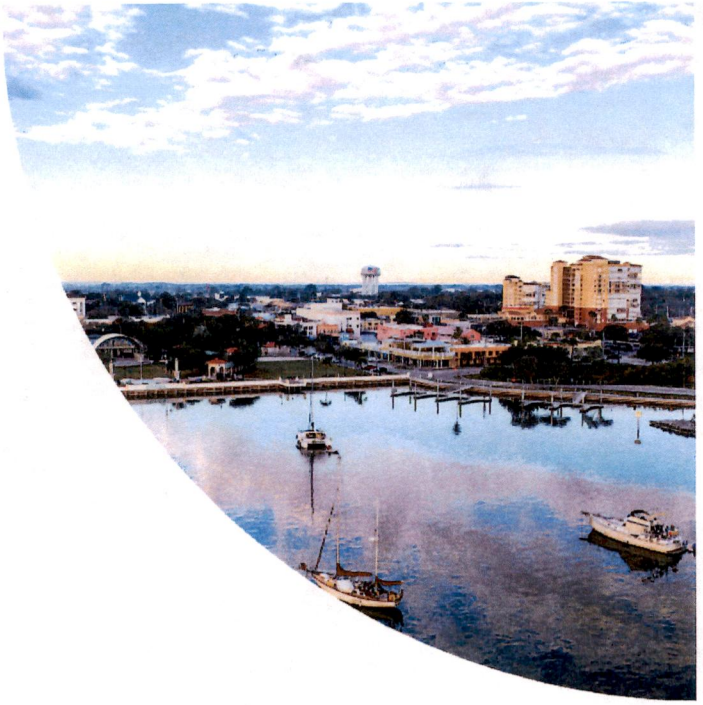
Of every dollar collected in local property taxes, the City of Cocoa receives approximately 37%.



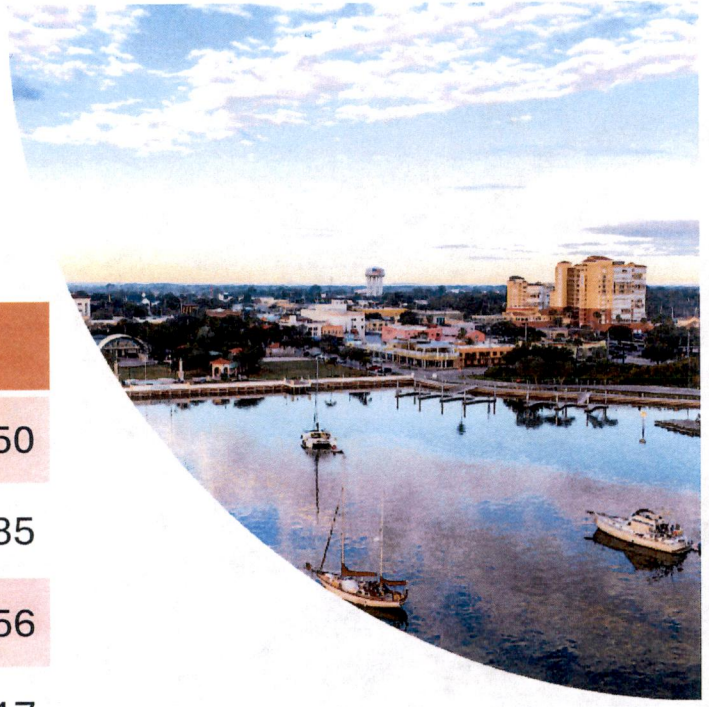
Property Taxes	
Ad Valorem Property Taxes	~$13m
Cocoa Police Department Budget	~$14m
Funded through other revenue sources	~$1m

Unknown FY27 Financial Impacts

- Additional Homestead Exemption:
  - Legislative Proposal: Reduce the taxable value of your primary residence by $25,000 plus an additional exemption of $25,000 for properties valued over $50,000.
  - Federal/State Spending Cuts
  - Rebuilding the T-Docks and day slips
  - Brevard County Parks agreement actual costs for FY



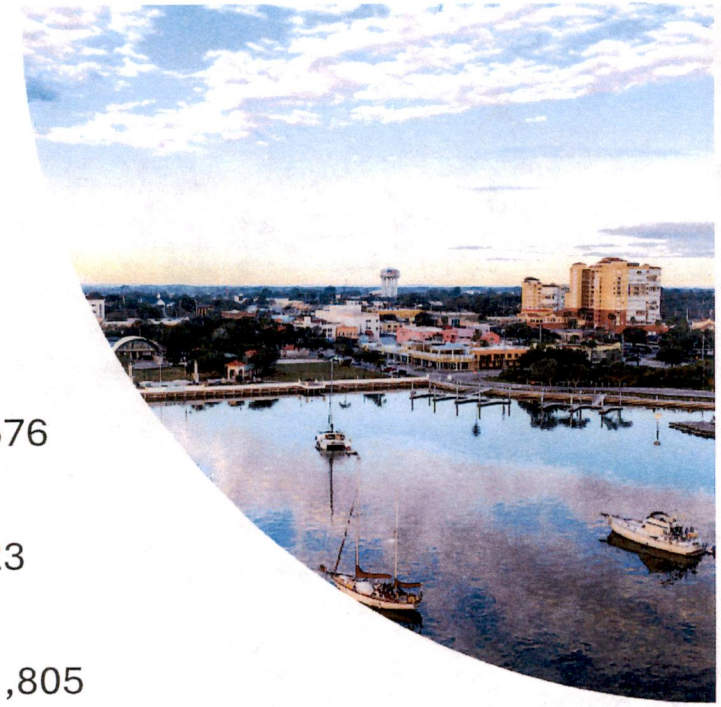
Property Tax (Estimates Due to Possible Legislative Changes)



FY2027 Budget Property Tax Scenarios	Impact
Homestead Properties (Property Tax Eliminated) Annually	($2,819,503)
Phased Elimination of Non-School Property Taxes for Homesteads, Increasing Homestead Exemption by 100K each year for 10 years - Year 1	($1,423,801)
Senior Citizen Exemption (Age 65+)	(Unknown)
Insurance-Linked Exemption (Additional $200,000 exemption on homestead properties covered by comprehensive multiperil property insurance)	(Unknown)

New Money (Estimates)

FY2027 Budget	
Fire Assessment 3%	$113,000
Utility/Stormwater Indirect Cost Allocation 5%	$440,600
Utility Return on Investment (ROI) 10%	$865,795
Estimated New Money	$1,419,395



Increase in Expenses (Estimates)

FY2027 Budget	
General Fund Salaries (5 Unions and GF Staff)	$1,342,050
Medical Insurance 10%	$381,685
General Fund Utilities 5%	$59,756
General Fund Liability Insurance 5%	$49,917
General Fund Fuel 5%	$16,106
Estimated Expense Increase	$1,849,514

Estimated Shortfall ($430,119)

History of Fire Department Overtime

FY 2015 Overtime Original Budget - $22,500 vs. Actual Budget - $74,657

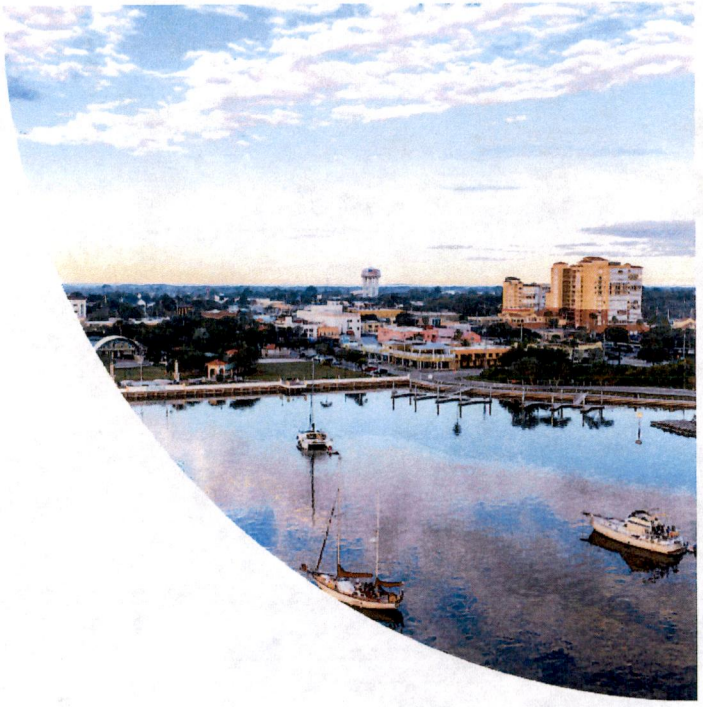
Shortfall - $52,157

FY 2020 Overtime Original Budget - $165,500 vs. Actual Budget - $182, 576

Shortfall - $17,076

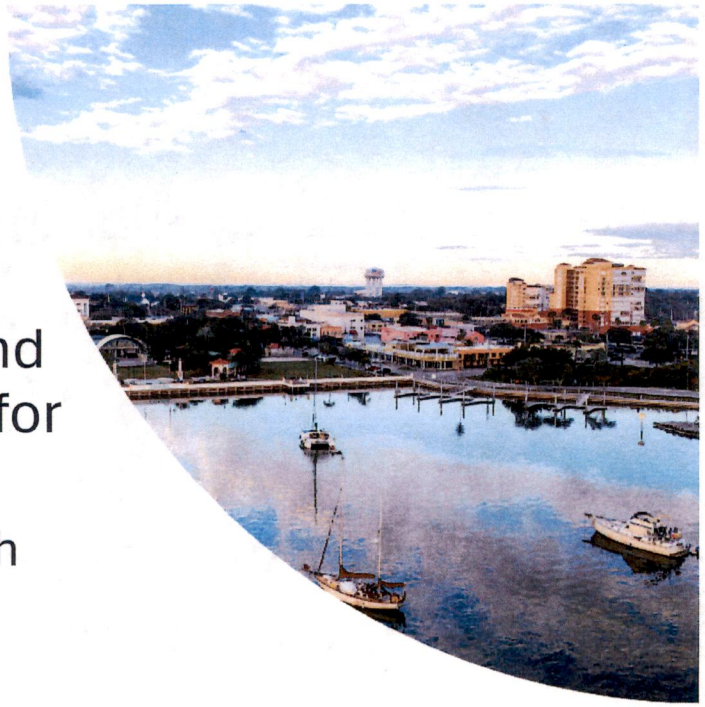
FY 2025 Overtime Original Budget $300,000 vs. Actual Budget - $687, 723

Shortfall - $387,723



FY 2026 Overtime Original Budget $300,000 vs. Projected Actuals - $731,805

Projected Shortfall - $431,805



*Additional costs that come with the overtime include; FICA Taxes (7.65%), Workers Compensation (4.03%), and Retirement Contributions (54.16%)
Leading to additional personal services costs in FY 2026 of $278,688

General	7%

Public Safety Needs for a Growing Community

- Population increase due to new residential and commercial developments leads to demand for public safety personnel
  - Budgeting for one additional position each FY with anticipation for growth - Fire and Police (year 2 of additional positions)
  - Need for an additional Fire Station located in the northwest section of the city due to new development
  - Additional capital needs such as equipment, machinery and infrastructure (multi-million $ required)

Proactive investment to keep pace with growth

Code of Conduct

Resolution No. 2002-08

Section 1 Code of Conduct

a. The proper statutory and City Charter role of a City Council Member, as with any elected member of a legislative body, is to **act collectively**, not individually, to set and/or revise the City of Cocoa's governing policies and the City Manager and staff administer such policies.

CITY COUNCIL AGENDA ITEM

Memo Date:	July 6, 2026
Agenda Date:	July 14, 2026
File ID:	2026-576
Prepared By:	Monica Arsenault, City Clerk
Through:	Lorne Stinnett, HR Manager
Requested Action:	Presentation of the City of Cocoa's 2026 "Cocoa Works" Summer Youth Program.

BACKGROUND:

The City of Cocoa's Cocoa Works Summer Internship Program is a five-week paid internship designed to provide local high school juniors and seniors with meaningful hands-on experience in municipal government. Funded by the City of Cocoa in partnership with CareerSource Brevard, participating students work up to 25 hours per week at $15 per hour while gaining exposure to various City departments.

Prior to placement, students complete career readiness and foundational training through CareerSource Brevard, which includes resume development, interview preparation, professional skills, and mentorship. Following the training, students interview with City departments to determine the best placement based on their interests and skills. The program concludes with a graduation and recognition ceremony held in the City Council Chambers, where students are recognized by the Mayor for successfully completing the internship.

CITY COUNCIL AGENDA ITEM

Memo Date:	May 27, 2026
Agenda Date:	July 14, 2026
File ID:	2026-436
Prepared By:	Samantha Senger, Communications & Economic Development Director
Through:	Stockton Whitten, City Manager
Requested Action:	Update of the Grant Management Services Agreement with Merchant McIntyre and Associates LLC.

BACKGROUND:

On December 9, 2025, City Council approved for the City Manager to execute a contract with Merchant McIntyre and Associates, LLC (MM) for grant management services. The current agreement term runs through September 30, 2026. This firm was brought on to assist the City with identifying, pursuing and securing federal funding opportunities. After meeting with several qualified firms, staff recommended utilizing the services of MM, a firm that specializes in federal grant strategy and acquisition.

The scope of services during the initial six-month period included:

1. Conduct a resource inventory to identify specific federal funding objectives and potential grant requests.
2. Prepare a comprehensive Federal Funding Strategy tailored to the City's needs.
3. Arrange meetings with congressional staff and federal agency officers regarding funding opportunities.
4. Provide full-spectrum support for federal grant processes, including planning, writing, partnership development, application submission, and compliance.
5. Assist with the City's upcoming BUILD Grant initiative.

At the December 9, 2025 meeting, a member of City Council requested that we come back in six months with an update of services provided as part of this agreement.

Over the past six months MM has provided the following to the City of Cocoa:

1. Met with Public Works, Utilities, the Police Department, the Fire Department, Economic Development, and the City Manager to better understand needs in each department.
2. Provided staff with a comprehensive Federal Funding Strategy matrix tailored to those needs. Staff has reviewed the various Federal funding opportunities with each department to see which we are able to pursue.
3. Worked with City staff to write two of the appropriations requests submitted to Congressman Haridopolos' office.
4. Researching the status of the Department of Justice grant that the City submitted

in December with Senator Scott's office.
5. Wrote the grant package for the JAG Grant submitted in April to enhance public safety and address violent crime.
6. Working on two upcoming grant opportunities for additional Fire personnel and police training.
7. Assisting with writing the information needed to submit for the $1.25 million appropriation for the J&K Septic to Sewer project.
8. Meets with grants staff bi-weekly to check-in with updates.
9. Provides updates on City appropriation requests.

CITY COUNCIL AGENDA ITEM

Memo Date:	May 8, 2026
Agenda Date:	July 14, 2026
File ID:	2026-395
Prepared By:	James Mitchell, Water Treatment Manager
Through:	John Walsh, Utilities Director
Requested Action:	To Approve Participation in a Cooperative Purchase Agreement Utilizing the Racine County, Wisconsin, OMNIA Partners/Trane Contract #3341 effective September 1, 2022, through August 31, 2027, to Purchase a Trane Tracer SC+ & Synchrony Architecture which includes One (1) Trane Tracer SC+ System Panel with associated device licenses, Two (2) Trane Symbio 500 BACnet Controllers (CCP Controllers), and Eight (8) Trane Symbio 210 BACnet Controllers (VAV Controllers) from Trane U.S. Inc., Maitland, Florida, for the Dyal Water Treatment Plant in the amount of $44,984; To Approve a Resolution Amending the FY2026 Budget, BAF# 26-064-T, To Reallocate Funds to Purchase Tracer SC+ & Synchrony Architecture from Trane®. To Approve a Contingency Resolution in the amount of $9,016 for any unforeseen costs related to this project for a total project amount of $54,000.

BACKGROUND:

The Dyal WTP owns and maintains a combination of Trane® Heating, Ventilation, and Air Conditioning (HVAC) equipment located within various facilities consisting of air handlers, compressors, and chiller systems; therefore, Trane® equipment has been standardized for consistency of maintenance, repair parts, and interoperability with the existing equipment and proprietary environmental control automation systems. In addition, there is an active multi-year service agreement with Trane® to assist in maintaining HVAC equipment.

This project entails upgrading the existing obsolete building automation system currently at the City of Cocoa Dyal Water Treatment Plant, located in Orange County FL. Upon completion of the comprehensive upgrade, the primary control system interface software will represent the latest generation of the Trane Tracer® SC+ & Synchrony™ architecture and specifications. The upgrade will eliminate the current system's service vulnerability stemming from reliance on obsolete devices.

Trane Controls System Scope of Services:

System Control General Overview

• Provide a Trane Tracer® SC+ & Synchrony™ Control System based Building Automation System (BAS) complete with custom graphics and SC+ software licenses for control and monitoring. The system interface will be web-based with user access via

any standard internet browser.
• Remove two (2) obsolete Trane VariTrac™ Central Control Panels (CCP) and discard them.

Trane Tracer® SC+ & Synchrony™
▪ Provide and install the following:
- One (1) Trane Tracer® SC+ Building Controller(s) with enclosure(s) to serve as the building wide interface.

(2) CCP Bypass Terminal Units
• Provide and install the following:
- One (1) BACnet® Application Specific Controller as needed to control the bypass terminal unit.
- One (1) Bypass damper actuator, discharge air sensor, and pressure sensor
- Reuse existing CCP panel 24v power and wall location
• Existing bypass damper is presumed to have an existing jackshaft on the damper.
• Existing control dampers will be retained and are presumed to be good and in working condition.

(8) VAV-Zones Terminal Units (Four Zones per CCP-1, CCP-2)
• Demo and discard existing VAV controllers and air valve actuators
• Provide and install the following:
- One (1) BACnet® Application Specific Controller as needed to control the terminal unit.
- One (1) air valve damper actuator and pressure sensor
- Reuse the existing Comm 4 communication and terminate the link to the new BACnet controllers MSTP communication protocol on the Tracer® SC+ Building Controller.
- Interconnecting wiring between the existing communications links.
- Reuse existing Zone sensors that are presumed to be in good working condition.

Staff is requesting City Council approval to purchase a Trane Tracer SC+ & Synchrony Architecture Control System outlined above utilizing the Racine County, Wisconsin, OMNIA Partners/Trane Contract #3341, effective September 1, 2022 through August 31, 2027, and to authorize a budgeted expenditure for this project not to exceed $54,000.00 including 20% contingency for the project. In addition, staff also requests the approval of a contingency resolutionallowing the Ciyt Manager to approve change orders for the project up to the Council approved budgeted amount.

ATTENTION: Todd Gould

PROJECT NAME: City of Cocoa – Dyal Water Plant – CCP Controls Upgrade

We are pleased to propose the following Trane services for the equipment listed. Services will be performed using Trane's exclusive service procedures provided by factory trained and experienced technicians. You receive the full benefit of our expertise derived from being Trane equipment's original manufacturer. Our procedures are environmentally and safety conscious while providing for the efficient delivery of these services.

EQUIPMENT LIST

- **(1) Trane Tracer SC+ System Panel with associated device licenses**
- **(2) Trane Symbio 500 BACnet Controllers (CCP Controllers)**
- **(8) Trane Symbio 210 BACnet Controllers (VAV Controllers)**

SCOPE OF SERVICE

This project entails upgrading the existing obsolete building automation system currently at the City of Cocoa Dyal Water Treatment, located in Cocoa FL. Upon completion of the comprehensive upgrade, the primary control system interface software will represent the latest generation of the Trane Tracer® SC+ & Synchrony™ architecture and specifications. The upgrade will eliminate the current system's service vulnerability stemming from reliance on obsolete devices. The majority of the system level controllers currently employed; namely the CCP's and VAVs.

Trane Controls System

System Control General Overview

- This scope is based on the information provided and site walk conducted with Todd Gould with the City of Cocoa.
- Provide a Trane Tracer® SC+ & Synchrony™ Control System based Building Automation System (BAS) complete with custom graphics and SC+ software licenses for control and monitoring of the scope of work below. System interface to be web based with user access via any standard internet browser.
- Remove two (2) obsolete Trane VariTrac™ Central Control Panels (CCP) and discard them.

Trane Tracer® SC+ & Synchrony™

- Provide and install the following:
  - One (1) Trane Tracer® SC+ Building Controller(s) with enclosure(s) to serve as the building wide interface.

(2) CCP Bypass Terminal Units

- Provide and install the following:
  - One (1) BACnet® Application Specific Controller as needed to control the bypass terminal unit.
  - One (1) Bypass damper actuator, discharge air sensor, and pressure sensor
  - Reuse existing CCP panel 24v power and wall location
- Existing bypass damper is presumed to have an existing jackshaft on the damper.
- Existing control dampers will be retained and are presumed to be good and in working condition.

© 2026 Trane Technologies. All Rights Reserved.
Confidential and Proprietary Information of Trane Technologies.

(8) VAV-Zones Terminal Units (Four Zones per CCP-1, CCP-2)

- Demo and discard existing VAV controllers and air valve actuators
- Provide and install the following:
  - One (1) BACnet® Application Specific Controller as needed to control the terminal unit.
  - One (1) air valve damper actuator and pressure sensor
  - Reuse the existing Comm 4 communication and terminate link to new BACnet controllers MSTP communication protocol on the Tracer® SC+ Building Controller.
  - Interconnecting wiring between the existing communications links.
  - Reuse existing Zone sensors, we presume they are in good working condition.

Controls Services Included:

- Project Management.
- Installation of field DDC Panel(s), Device(s), and low voltage Control Wiring per NFPA, NEC, and/or local Building Code requirements
- Control System Programming, System Operations Verification, Graphics, and Start-up.
- Tracer® SC+ Graphics to represent the installed equipment, including control /monitoring points for operator viewing and editing.

Clarifications:

- All project tasks will be completed during regular business hours specifically 7:00 AM to 5:00 PM, Monday - Friday.
- This proposal does not include “Premium Time”.
- Includes up to 4 hours of on-site system training for the Owner’s personnel.
- Floor plan CAD / PDF files to be provided by the Owner.
- Installation based on plenum rated cable. Conduit where required by code only.
- Company may invoice Customer for all equipment or material furnished, whether delivered to the installation site or to an off-site storage facility and for all Work performed on-site or off-site.
- Trane will not perform any work if working conditions could endanger or put at risk the safety of our employees or subcontractors.
- The owner shall maintain a safe working environment for Trane employees and/or subcontractors.
- Reuse of existing 110/120-volt circuits for the control’s enclosures. Existing control power circuits/wiring and/or sensor wiring that meet code and control requirements may be reused. (Owner to provide 120v circuit for SC+ panel as reviewed on site).
- Allowances for Liquidated or Consequential Damages of any kind are not included (per Trane Terms and Conditions).

Exclusions:

- All new wiring circuits at or above 110/120 volts (Owner to provide 120v circuit for SC+ panel as reviewed on site).
- Demolition of any kind not specifically listed above, including but not limited to, work related to the existing control system.
- Excludes special provisions of any kind to accommodate wiring located in inaccessible locations.
- Lighting Control Panel scope of any kind.
- Provision and or programming of computer hardware of any kind. System interface to be achieved through standard internet browser on owner provided equipment.
- HOA switches and potentiometers w/ LEDs on controllers.
- Trenching/backfilling, roof penetrations/sealant, underground conduit provisions, cutting, patching, painting, access doors, or demolition of any kind.
- Furnishing, installing, controlling, or wiring of smoke dampers, combination fire/smoke dampers, reset stations, duct detectors, smoke detectors, or other fire alarm system devices.
- Installation of control dampers, valve bodies, flow sensors, flow meters, wells, gauges, or pressure taps.
- Furnishing, installing, or power wiring of VFDs and starters.
- Any issues with existing units that we are not aware of will need to be quoted separately.

© 2026 Trane Technologies. All Rights Reserved.
Confidential and Proprietary Information of Trane Technologies

- Equipment Order Release and Services rendered are dependent on receipt of PO/Subcontract and credit approval.
- Controls for any systems not listed above are excluded.
- Permits, Bonds, Fees, Demurrage or Storage Charges are not included.

Controls Services Not Included:

- Demolition/removal or replacement of existing devices/sensors quoted as "assumed" to be in working condition.
- Any temporary controls.
- Repair or replacement of any equipment being controlled.
- Repair or replacement of any reused existing devices or equipment being controlled.
- LEED, or 3rd Party Commissioning, or Test and Balance assistance/support or HVAC equipment startup.

Control System Devices Provided by Trane, Installed by Others:

- Any Control Valves, Dampers, Air or Water Wells/Taps provided by Trane are to be installed by others.

Provided and/or Installed by Others:

- Line Voltage power circuit(s)/junction(s) for DDC/Control Panel(s) and/or Device(s) are provided by others.
- Provision/Installation/Commissioning of any Fire Alarm Systems, Fireman's Override Panel(s), Smoke Control System (and/or Smoke Detectors), Fire/Smoke or Smoke Damper/Actuators, Fire Dampers, Lighting Control Panels, Refrigerant Detection Systems, Security and Access Systems, Heat Trace, Water/Gas/Utility Metering, or any control scope of work which is not listed above, is not included/provided.
- Provision/Installation/Commissioning of any standalone Automatic Temperature Control (ATC) thermostat type control, hardwired interlock control, repair/replacement of existing control/pneumatic system devices/panels, Thermostat Guards/Covers, or any control scope of work which is not listed above, is not included/provided.
- Provision/Installation/Commissioning of any motor starters and/or variable frequency drives are not included.
- Site ethernet connectivity shall be provided by the owner to ensure all necessary network conditions and requirements to ensure integrity of the customer's network and security. This connection process is provided to ensure proper integration with the customer's network infrastructure. Trane will require an IP address from the customer's IT department for each Trane Facility Infrastructure network device installed on the customer's network. Trane will provide the customer with a Mac address for each network device needed.
- To ensure proactive service and facility issue resolutions, Trane requests VPN access to the facility infrastructure systems specifically associated with the systems being monitored and/or controlled by Trane's automation/monitoring system to provide support from our local and/or national Trane Intelligent Services staff.

TERMS AND CONDITIONS – QUOTED SERVICE
"Company" shall mean Trane U.S. Inc..
To obtain repair service within the scope of Services as defined, contact your local Trane District office identified on the first page of the Agreement by calling the telephone number stated on that page. That Trane District office is responsible for Company's performance of this Agreement. Only Trane authorized personnel may perform service under this Agreement. For Service covered under this Agreement, Company will be responsible for the cost of transporting a part requiring service.
1. Agreement. These terms and conditions are an integral part of Company's offer and form the basis of any agreement (the "Agreement") resulting from Company's proposal (the "Proposal") for the services (the "Services") on equipment listed in the Proposal (the "Covered Equipment"). **COMPANY'S TERMS AND CONDITIONS ARE SUBJECT TO PERIODIC CHANGE OR AMENDMENT.**
2. Connected Services. In addition to these terms and conditions, the Connected Services Terms of Service ("Connected Services Terms"), available at https://www.trane.com/TraneConnectedServicesTerms, as updated from time to time, are incorporated herein by reference and shall apply to the extent that Company provides Customer with Connected Services, as defined in the Connected Services Terms.
3. Acceptance. The Proposal is subject to acceptance in writing by the party to whom this offer is made or an authorized agent ("Customer") delivered to Company within 30 days from the date of the Proposal. If Customer accepts the Proposal by placing an order, without the addition of any other terms and conditions of sale or any other modification, Customer's order shall be deemed acceptance of the Proposal subject to Company's terms and conditions. If Customer's order is expressly conditioned upon the Company's acceptance or assent to terms and/or conditions other than those expressed herein, return of such order by Company with Company's terms and conditions attached or referenced serves as Company's notice of objection to Customer's terms and as Company's counteroffer to provide Services in accordance with the Proposal. If Customer does not reject or object in writing to Company within 10 days, the Company's counteroffer will be deemed accepted. Customer's acceptance of the Services by Company will in any event constitute an acceptance by Customer of Company's terms and conditions. In the case of a dispute, the applicable terms and conditions will be those in effect at the time of delivery or acceptance of the Services. This Agreement is subject to credit approval by Company. Upon disapproval of credit, Company may delay or suspend performance or, at its option, renegotiate prices and/or terms and conditions with Customer. If Company and Customer are unable to agree on such revisions, this Agreement shall be cancelled without any liability, other than Customer's obligation to pay for Services rendered by Company to the date of cancellation.
4. Cancellation by Customer Prior to Services; Refund. If Customer cancels this Agreement within (a) thirty (30) days of the date this Agreement was mailed to Customer or (b) twenty (20) days of the date this Agreement was delivered to Customer, if it was delivered at the time of sale, and no Services have been provided by Company under this Agreement, the Agreement will be void and Company will refund to Customer, or credit Customer's account, the full Service Fee of this Agreement that Customer paid to Company, if any. A ten percent (10%) penalty per month will be added to a refund that is due but is not paid or credited within forty-five (45) days after return of this Agreement to Company. Customer's right to cancel this Agreement only applies to the original owner of this Agreement and only if no Services have been provided by Company under this Agreement prior to its return to Company.
5. Cancellation by Company. This Agreement may be cancelled by Company for any reason or no reason, upon written notice from Company to Customer no later than 30 days prior to performance of any Services hereunder and Company will refund to Customer, or credit Customer's account, that part of the Service Fee attributable to Services not performed by Company. Customer shall remain liable for and shall pay to Company all amounts due for Services provided by Company and not yet paid.
6. Services Fees and Taxes. Fees for the Services (the "Service Fee(s)") shall be as set forth in the Proposal and are based on performance during regular business hours. Fees for outside Company's regular business hours and any after-hours services shall be billed separately according to the then prevailing overtime or emergency labor/labour rates. In addition to the stated Service Fee, Customer shall pay all taxes not legally required to be paid by Company or, alternatively, shall provide Company with acceptable tax exemption certificates. Customer shall pay all costs (including attorneys' fees) incurred by Company in attempting to collect amounts due.
7. Payment. Payment is due upon receipt of Company's invoice. Company reserves the right to add to any account outstanding for more than 30 days a service charge equal to the lesser of the maximum allowable legal interest rate or 1.5% of the principal amount due at the end of each month. Customer shall pay all costs (including attorneys' fees) incurred by Company in attempting to collect amounts due or otherwise enforcing these terms and conditions.
8. Customer Breach. Each of the following events or conditions shall constitute a breach by Customer and shall give Company the right, without an election of remedies, to terminate this Agreement or suspend performance by delivery of written notice: (1) Any failure by Customer to pay amounts when due; or (2) any general assignment by Customer for the benefit of its creditors, or if Customer becomes bankrupt or insolvent or takes the benefit of any statute for bankrupt or insolvent debtors, or makes or proposes to make any proposal or arrangement with creditors, or if any steps are taken for the winding up or other termination of Customer or the liquidation of its assets, or if a trustee, receiver, or similar person is appointed over any of the assets or interests of Customer; (3) Any representation or warranty furnished by Customer in connection with this Agreement is false or misleading in any material respect when made; or (4) Any failure by Customer to perform or comply with any material provision of this Agreement. Customer shall be liable to the Company for all Services furnished to date and all damages sustained by Company (including lost profit and overhead)
9. Performance. Company shall perform the Services in accordance with industry standards generally applicable in the state or province where the Services are performed under similar circumstances as of the time Company performs the Services. Company is not liable for any claims, damages, losses, or expenses, arising from or related to work done by or services provided by individuals or entities that are not employed by or hired by Company. Company may refuse to perform any Services or work where working conditions could endanger property or put at risk the safety of people. Parts used for any repairs made will be those selected by Company as suitable for the repair and may be parts not manufactured by Company. Customer must reimburse Company for services, repairs, and/or replacements performed by Company at Customer's request beyond the scope of Services or otherwise excluded under this Agreement. The reimbursement shall be at the then prevailing applicable regular, overtime, or holiday rates for labor/labour and prices for materials. Prior to Company performing the additional services, repairs, and/or replacements, Customer may request a separate written quote stating the work to be performed and the price to be paid by Customer for the work.
10. Customer Obligations. Customer shall: (a) provide Company reasonable and safe access to the Covered Equipment and areas where Company is to work; and (b) unless otherwise agreed by Customer and Company, at Customer's expense and before the Services begin, Customer will provide any necessary access platforms, catwalks to safely perform the Services in compliance with OSHA, state, or provincial industrial safety regulations or any other applicable industrial safety standards or guidelines.
11. Exclusions. Unless expressly included in the Proposal, the Services do not include, and Company shall not be responsible for or liable to the Customer for, any claims, losses, damages or expenses suffered by the Customer in any way connected with, relating to or arising from any of the following:
(a) Any guarantee of room conditions or system performance;
(b) Inspection, operation, maintenance, repair, replacement or performance of work or services outside the Services;
(c) Damage, repairs or replacement of parts made necessary as a result of the acts or omission of Customer or any Event of Force Majeure;
(d) Any claims, damages, losses, or expenses, arising from or related to conditions that existed in, on, or upon the premises before the effective date of this Agreement ("Pre-Existing Conditions") including, without limitation, damages, losses, or expenses involving a Pre-Existing Condition of building envelope issues, mechanical issues, plumbing issues, and/or indoor air quality issues involving mold/mould, bacteria, microbial growth, fungi or other contaminates or airborne biological agents; and
(e) Replacement of refrigerant is excluded,unless replacement of refrigerant is expressly stated as included with the Proposal.
12. Limited Warranty. Company warrants that: (a) the material manufactured by Company and provided to the Customer in performance of the Services is free from defects in material and manufacture for a period of 12 months from the earlier of the date of equipment start-up or replacement and (b) the labor/labour portion of the Services is warranted to have been properly performed for a period of 90 days from date of completion (the "Limited Warranty"). Company obligations of equipment start-up, if any are stated in the Proposal, are coterminous with the Limited Warranty period. Defects must be reported to Company within the Limited Warranty period. Company's obligation under the Limited Warranty is limited to repairing or replacing the defective part at its option and to correcting any improperly performed labor/labour. No liability whatsoever shall attach to Company until the Services have been paid for in full. Exclusions from this Limited Warranty include claims, losses, damages, and expenses in any way connected with, related to, or arising from failure or malfunction of equipment due to the following: wear and tear; end of life failure; corrosion; erosion; deterioration; Customer's failure to follow the Company-provided maintenance plan; unauthorized or improper maintenance; unauthorized or improper parts or material; refrigerant not supplied by Company; and modifications made by others to Company's equipment. Company shall not be obligated to pay for the cost of lost refrigerant or lost product. Some components of Company equipment may be warranted directly from the component supplier, in which case this Limited Warranty shall not apply to those components and any warranty of such components shall be the warranty given by the component supplier. Notwithstanding the foregoing, all warranties provided herein terminate upon termination or cancellation of this Agreement. Equipment, material and/or parts that are not manufactured by Company ("Third-Party Product(s)") are not warranted by Company and have such warranties as

© 2026 Trane Technologies. All Rights Reserved.
Confidential and Proprietary Information of Trane Technologies

may be extended by the respective manufacturer. **CUSTOMER UNDERSTANDS THAT COMPANY IS NOT THE MANUFACTURER OF ANY THIRD-PARTY PRODUCT(S) AND ANY WARRANTIES, CLAIMS, STATEMENTS, REPRESENTATIONS, OR SPECIFICATIONS ARE THOSE OF THE THIRD-PARTY MANUFACTURER, NOT COMPANY AND CUSTOMER IS NOT RELYING ON ANY WARRANTIES, CLAIMS, STATEMENTS, REPRESENTATIONS, OR SPECIFICATIONS REGARDING THE THIRD-PARTY PRODUCT THAT MAY BE PROVIDED BY COMPANY OR ITS AFFILIATES, WHETHER ORAL OR WRITTEN.**

THE REMEDIES SET FORTH IN THIS LIMITED WARRANTY ARE THE SOLE AND EXCLUSIVE REMEDIES FOR WARRANTY CLAIMS PROVIDED BY COMPANY TO CUSTOMER UNDER THIS AGREEMENT AND ARE IN LIEU OF ALL OTHER WARRANTIES AND LIABILITIES, LIABILITIES, CONDITIONS AND REMIDIES, WHETHER IN CONTRACT, WARRANTY, STATUTE, OR TORT (INCLUDING NEGLIGENCE), EXPRESS OR IMPLIED, IN LAW OR IN FACT, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE OR FITNESS FOR A PARTICULAR PURPOSE AND/OR OTHERS ARISING FROM COURSE OF DEALING OR TRADE. COMPANY EXPRESSLY DISCLAIMS ANY REPRESENTATIONS OR WARRANTIES, ENDORSEMENTS OR CONDITIONS OF ANY KIND. EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES OF QUALITY, FITNESS, MERCHANTABILITY, DURABILITY AND/OR OTHERS ARISING FROM COURSE OF DEALING OR TRADE OR REGARDING PREVENTION BY THE SCOPE OF SERVICES, OR ANY COMPONENT THEREOF. COMPANY MAKES NO REPRESENTATION OR WARRANTY OF ANY KIND, INCLUDING WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE. ADDITIONALLY, COMPANY MAKES NO REPRESENATION OR WARRANTY OF ANY KIND REGARDING PREVENTING, ELIMINATING, REDUCING OR INHIBITING ANY MOLD, FUNGUS, BACTERIA, VIRUS, MICROBIAL GROWTH, OR ANY OTHER CONTAMINANTS (INCLUDING COVID-19 OR ANY SIMILAR VIRUS) (COLLECTIVELY, "CONTAMINANTS"), WHETHER INVOLVING OR IN CONNECTION WITH EQUIPMENT, ANY COMPONENT THEREOF, SERVICES OR OTHERWISE. IN NO EVENT SHALL COMPANY HAVE ANY LIABILITY FOR THE PREVENTION, ELIMINATION, REDUCTION OR INHIBITION OF THE GROWTH OR SPREAD OF SUCH CONTAMINANTS INVOLVING OR IN CONNECTION WITH ANY EQUIPMENT, THIRD-PARTY PRODUCT, OR ANY COMPONENT THEREOF, SERVICES OR OTHERWISE AND CUSTOMER HEREBY SPECIFICALLY ACKNOWLDGES AND AGREES THERETO

13. Indemnity. To the maximum extent permitted by law, Company and Customer shall indemnify and hold harmless each other from any and all claims, actions, costs, expenses, damages and liabilities, including reasonable attorneys' fees, resulting from death or bodily injury or damage to real or personal property, to the extent caused by the negligence or misconduct of the indemnifying party, and/or its respective employees or authorized agents in connection with their activities within the scope of this Agreement. Neither party shall indemnify the other against claims, damages, expenses, or liabilities to the extent attributable to the acts or omissions of the other party or third parties. If the parties are both at fault, the obligation to indemnify shall be proportional to their relative fault. The duty to indemnify and hold harmless will continue in full force and effect, notwithstanding the expiration or early termination of this Agreement, with respect to any claims based on facts or conditions that occurred prior to expiration or termination of this Agreement.

14. Limitation of Liability. NOTWITHSTANDING ANYTHING TO THE CONTRARY, NEITHER PARTY SHALL BE LIABLE FOR SPECIAL, INCIDENTAL, INDIRECT, OR CONSEQUENTIAL LOSSES OR DAMAGES OF ANY KIND (INCLUDING WITHOUT LIMITATION REFRIGERANT LOSS, PRODUCT LOSS, LOST REVENUE OR PROFITS, OR LIABILITY TO THIRD PARTIES), INCLUDING CONTAMINANTS LIABILITIES, OR PUNITIVE DAMAGES WHETHER BASED IN CONTRACT, WARRANTY, STATUTE, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, INDEMNITY OR ANY OTHER LEGAL THEORY OR FACTS. NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, THE TOTAL AND AGGREGATE LIABILITY OF THE COMPANY TO THE CUSTOMER WITH RESPECT TO ANY AND ALL CLAIMS CONNECTED WITH, RELATED TO OR ARISING FROM THE PERFORMANCE OR NON-PERFORMANCE OF THIS AGREEMENT, WHETHER BASED IN CONTRACT, WARRANTY, STATUTE, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, INDEMNITY OR ANY OTHER LEGAL THEORY OR FACTS, SHALL NOT EXCEED THE COMPENSATION RECEIVED BY COMPANY UNDER THIS AGREEMENT. IN NO EVENT SHALL SELLER BE LIABLE FOR ANY DAMAGES (WHETHER DIRECT OR INDIRECT) RESULTING FROM MOLD, FUNGUS, BACTERIA, MICROBIAL GROWTH, OR OTHER CONTAMINATES OR AIRBORNE BIOLOGICAL AGENTS. TO THE MAXIMUM EXTENT ALLOWED BY LAW, COMPANY SHALL NOT BE LIABLE FOR ANY OF THE FOLLOWING IN CONNECTION WITH PROVIDING THE ENERGY AND BUILDING PERFORMANCE SERVICES: INTERRUPTION, DELETION, DEFECT, DELAY IN OPERATION OR TRANSMISSION; CUSTOMER'S NETWORK SECURITY; COMPUTER VIRUS; COMMUNICATION FAILURE; THEFT OR DESTRUCTION OF DATA; GAPS IN DATA COLLECTED; AND UNAUTHORIZED ACCESS TO CUSTOMER'S DATA OR COMMUNICATIONS NETWORK.

15. CONTAMINANTS LIABILITY

The transmission of COVID-19 may occur in a variety of ways and circumstances, many of the aspects of which are currently not known. HVAC systems, products, services and other offerings have not been tested for their effectiveness in reducing the spread of COVID-19, including through the air in closed environments. **IN NO EVENT WILL COMPANY BE LIABLE UNDER THIS AGREEMENT OR OTHERWISE FOR ANY INDEMNIFICATION, ACTION OR CLAIM, WHETHER BASED ON WARRANTY, CONTRACT, TORT OR OTHERWISE, FOR ANY BODILY INJURY (INCLUDING DEATH), DAMAGED TO PROPERTY,OR ANY OTHER LIABILITIES, DAMAGES OR COSTS RELATED TO CONTAMINANTS (INCLUCING THE SPREAD, TRANSMISSION MITIGATION, ELIMINATION, OR CONTAMINATION THEREOF) (COLLECTIVELY, "CONTAMINANTS LIABILITIES") AND CUSTOMER HEREBY EXPRESSLY RELEASES COMPANY FROM ANY SUCH CONTAMINANT LIABILITIES.**

16. Asbestos and Hazardous Materials. The Services expressly exclude any identification, abatement, cleanup, control, disposal, removal or other work connected with asbestos or other hazardous materials (collectively, "Hazardous Materials"). Should Company become aware of or suspect the presence of Hazardous Materials, Company may immediately stop work in the affected area and shall notify Customer. Customer will be responsible for taking any and all action necessary to correct the condition in accordance with all applicable laws and regulations. Customer shall be exclusively responsible for any claims, liability, fees and penalties, and the payment thereof, arising out of or relating to any Hazardous Materials on or about the premises, not brought onto the premises by Company. Company shall be required to resume performance of the Services only when the affected area has been rendered harmless.

17. Insurance. Company agrees to maintain the following insurance during the term of the contract with limits not less than shown below and will, upon request from Customer, provide a Certificate of evidencing the following coverage:

Commercial General Liability	$2,000,000 per occurrence
Automobile Liability	$2,000,000 CSL
Workers Compensation	Statutory Limits

If Customer has requested to be named as an additional insured under Company's insurance policy, Company will do so but only subject to Company's manuscript additional insured endorsement under its primary Commercial General Liability policies. In no event does Company or its insurer waive its right of subrogation

18. Force Majeure. Company's duty to perform under this Agreement is contingent upon the non-occurrence of an Event of Force Majeure. If Company shall be unable to carry out any material obligation under this Agreement due to an Event of Force Majeure, this Agreement shall at Company's election (i) remain in effect but Company's obligations shall be suspended until the uncontrollable event terminates or (ii) be terminated upon ten (10) days' notice to Customer, in which event Customer shall pay Company for all parts of the Services furnished to the date of termination. An "Event of Force Majeure" shall mean any cause or event beyond the control of Company. Without limiting the foregoing, "Event of Force Majeure" includes: acts of God; acts of terrorism, war or the public enemy; flood; earthquake; lightning; tornado; storm; fire; civil disobedience; pandemic insurrections; riots; labor disputes; labor or material shortages; sabotage; restraint by court order or public authority (whether valid or invalid), and action or non-action by or inability to obtain or keep in force the necessary governmental authorizations, permits, licenses, certificates or approvals if not caused by Company and the requirements of any applicable government in any manner that diverts either the material or the finished product to the direct or indirect benefit of the government.

19. General. Except as provided below, to the maximum extent provided by law, this Agreement is made and shall be interpreted and enforced in accordance with the laws of the state or province in which the Services are performed without regard to choice of law principles which might otherwise call for the application of a different state's or province's law. Any dispute arising under or relating to this Agreement that is not disposed of by agreement shall be decided by litigation in a court of competent jurisdiction located in the state or province in which the Services are performed. To the extent the premises are owned and/or operated by any agency of the United States Federal Government, determination of any substantive issue of law shall be according to the United States Federal common law of Government contracts as enunciated and applied by Federal judicial bodies and boards of contract appeals of the Federal Government. This Agreement contains all of the agreements, representations and understandings of the parties and supersedes all previous understandings, commitments or agreements, oral or written, related to the Services. No documents shall be incorporated herein by reference except to the extent Company is a signatory thereon. If any term or condition of this Agreement is invalid, illegal or incapable of being enforced by any rule of law, all other terms and conditions of this Agreement will nevertheless remain in full force and effect as long as the economic or legal substance of the transaction contemplated hereby is not affected in a manner adverse to any party hereto. Customer may not assign, transfer, or convey this Agreement, or any part hereof, without the written consent of Company. Subject to the foregoing, this Agreement shall bind and inure to the benefit of the parties hereto and their permitted successors and assigns. This Agreement may be executed in several counterparts, each of which when executed shall be deemed to be an original, but all together shall constitute but one and the same Agreement. A fully executed facsimile copy hereof or the several counterparts shall suffice as an original. No modifications, additions or changes may be made to this Agreement except in a writing signed

© 2026 Trane Technologies. All Rights Reserved.
Confidential and Proprietary Information of Trane Technologies

by Company. No failure or delay by the Company in enforcing any right or exercising any remedy under this Agreement shall be deemed to be a waiver by the Company of any right or remedy.

20. Federal Requirements. The Parties shall comply with all United States federal labor law obligations under 29 CFR part 471, appendix A to subpart A. THE FOLLOWING PROVISIONS ARE INCORPORATED HEREIN BY REFERENCE: Executive Order 11701 and 41 CFR §§ 60-250.5(a), 60-300.5; Executive Order 11758 and 41 CFR § 60-741.5(a); U.S. immigration laws, including the L-1 Visa Reform Act of 2004 and the H-1B Visa Reform Act of 2004; and Executive Order 13496. The Parties shall abide by the requirements of 41 CFR 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to protected veteran status or disability. The Parties certify that they do not operate any programs promoting DEI that violate any applicable United States anti-discrimination laws and acknowledge and agree that their compliance with all applicable federal anti-discrimination laws is material to the federal government's payment decisions. The Parties acknowledge and agree that their employment, procurement, and contracting practices shall not consider race, color, sex, sexual preference, religion, or national origin in ways that violate United States federal civil rights laws.

21. U.S. Government Contracts.

The following provision applies only to direct sales by Company to the US Government. The Parties acknowledge that all items or services ordered and delivered under this Agreement / Purchase Order are Commercial Items as defined under Part 12 of the Federal Acquisition Regulation (FAR). In particular, Company agrees to be bound only by those Federal contracting clauses that apply to "commercial" suppliers and that are contained in FAR 52.212-5(e)(1). Company complies with 52.219-8 or 52.219-9 in its service and installation contracting business. **The following provision applies only to indirect sales by Company to the US Government.** As a Commercial Item Subcontractor, Company accepts only the following mandatory flow down provisions: 52.219-8; 52.222-26; 52.222-35; 52.222-36; 52.222-39; 52.247-64. If the Services are in connection with a U.S. government contract, Customer agrees and hereby certifies that it has provided and will provide current, accurate, and complete information, representations and certifications to all government officials, including but not limited to the contracting officer and officials of the Small Business Administration, on all matters related to the prime contract, including but not limited to all aspects of its ownership, eligibility, and performance. Anything herein notwithstanding, Company will have no obligations to Customer unless and until Customer provides Company with a true, correct and complete executed copy of the prime contract. Upon request, Customer will provide copies to Company of all requested written communications with any government official related to the prime contract prior to or concurrent with the execution thereof, including but not limited to any communications related to contractor's Customer's ownership, eligibility or performance of the prime contract. Customer will obtain written authorization and approval from Company prior to providing any government official any information about Company's performance of the Services that are the subject of this offer or agreement, other than the Proposal or this Agreement.

22. Limited Waiver of Sovereign Immunity. If Customer is an Indian tribe (in the U.S.) or a First Nation or Band Council (in Canada), Customer, whether acting in its capacity as a government, governmental entity, a duly organized corporate entity or otherwise, for itself and for its agents, successors, and assigns: (1) hereby provides this limited waiver of its sovereign immunity as to any damages, claims, lawsuit, or cause of action (herein "Action") brought against Customer by Company and arising or alleged to arise out of the furnishing by Company of any product or service under this Agreement, whether such Action is based in contract, tort, strict liability, civil liability or any other legal theory; (2) agrees that jurisdiction and venue for any such Action shall be proper and valid (a) if Customer is in the U.S., in any state or United States court located in the state in which Company is performing this Agreement or (b) if Customer is in Canada, in the superior court of the province or territory in which the work was performed; (3) expressly consents to such Action, and waives any objection to jurisdiction or venue; (4) waives any requirement of exhaustion of tribal court or administrative remedies for any Action arising out of or related to this Agreement; and (5) expressly acknowledges and agrees that Company is not subject to the jurisdiction of Customer's tribal court or any similar tribal forum, that Customer will not bring any action against Company in tribal court, and that Customer will not avail itself of any ruling or direction of the tribal court permitting or directing it to suspend its payment or other obligations under this Agreement. The individual signing on behalf of Customer warrants and represents that such individual is duly authorized to provide this waiver and enter into this Agreement and that this Agreement constitutes the valid and legally binding obligation of Customer, enforceable in accordance with its terms.

SECURITY ADDENDUM

This Addendum shall be applicable to the sale, installation and use of Trane equipment and the sale and provision of Trane services. "Trane" shall mean Trane U.S. Inc. for sales and services in the United States, or Trane Canada ULC for sales and services in Canada.

1. **Definitions.** All terms used in this Addendum shall have the meaning specified in the Agreement unless otherwise defined herein. For the purposes of this Addendum, the following terms are defined as follows:

   "Customer Data" means Customer account information as related to the Services only and does not include HVAC Machine Data or personal data. Trane does not require, nor shall Customer provide personal data to Trane under the Agreement. Such data is not required for Trane to provide its Equipment and/or Services to the Customer.

   "Equipment" shall have the meaning set forth in the Agreement.

   "HVAC Machine Data" means data generated and collected from the product or furnished service without manual entry. HVAC Machine Data is data relating to the physical measurements and operating conditions of a HVAC system, such as but not limited to, temperatures, humidity, pressure, HVAC equipment status. HVAC Machine Data does not include Personal Data and, for the purposes of this agreement, the names of users of Trane's controls products or hosted applications shall not be Personal Data, if any such user chooses to use his/her name(s) in the created accounts within the controls product (e.g., firstname.lastname@address.com). HVAC Machine Data may be used by Trane: (a) to provide better support services and/or products to users of its products and services; (b) to assess compliance with Trane terms and conditions; (c) for statistical or other analysis of the collective characteristics and behaviors of product and services users; (d) to backup user and other data or information and/or provide remote support and/or restoration; (e) to provide or undertake: engineering analysis; failure analysis; warranty analysis; energy analysis; predictive analysis; service analysis; product usage analysis; and/or other desirable analysis, including, but not limited to, histories or trends of any of the foregoing; and (f) to otherwise understand and respond to the needs of users of the product or furnished service. "Personal Data" means data and/or information that is owned or controlled by Customer, and that names or identifies, or is about a natural person, such as: (i) data that is explicitly defined as a regulated category of data under any data privacy laws applicable to Customer; (ii) non-public personal information ("NPI") or personal information ("PI"), such as national identification number, passport number, social security number, social insurance number, or driver's license number; (iii) health or medical information, such as insurance information, medical prognosis, diagnosis information, or genetic information; (iv) financial information, such as a policy number, credit card number, and/or bank account number; (v) personally identifying technical information (whether transmitted or stored in cookies, devices, or otherwise), such as IP address, MAC address, device identifier, International Mobile Equipment Identifier ("IMEI"), or advertising identifier; (vi) biometric information; and/or (vii) sensitive personal data, such as, race, religion, marital status, disability, gender, sexual orientation, geolocation, or mother's maiden name.

   "Security Incident" shall refer to (i) a compromise of any network, system, application or data in which Customer Data has been accessed or acquired by an unauthorized third party; (ii) any situation where Trane reasonably suspects that such compromise may have occurred; or (iii) any actual or reasonably suspected unauthorized or illegal Processing, loss, use, disclosure or acquisition of or access to any Customer Data.

   "Services" shall have the meaning set forth in the Agreement.

2. HVAC Machine Data; Access to Customer Extranet and Third Party Systems. If Customer grants Trane access to HVAC Machine Data via web portals or other non-public websites or extranet services on Customer's or a third party's website or system (each, an "Extranet"), Trane will comply with the following:
   a. Accounts. Trane will ensure that Trane's personnel use only the Extranet account(s) designated by Customer and will require Trane personnel to keep their access credentials confidential.
   b. Systems. Trane will access the Extranet only through computing or processing systems or applications running operating systems managed by Trane that include: (i) system network firewalls; (ii) centralized patch management; (iii) operating system appropriate anti-malware software; and (iv) for portable devices, full disk encryption.
   c. Restrictions. Unless otherwise approved by Customer in writing, Trane will not download, mirror or permanently store any HVAC Machine Data from any Extranet on any medium, including any machines, devices or servers.
   d. Account Termination. Trane will terminate the account of each of Trane's personnel in accordance with Trane's standard practices after any specific Trane personnel who has been authorized to access any Extranet (1) no longer needs access to HVAC Machine Data or (2) no longer qualifies as Trane personnel (e.g., the individual leaves Trane's employment).
   e. Third Party Systems. Trane will provide Customer prior notice before it uses any third party system that stores or may otherwise have access to HVAC Machine Data, unless (1) the data is encrypted and (2) the third party system will not have access to the decryption key or unencrypted "plain text" versions of the HVAC Machine Data.

© 2026 Trane Technologies. All Rights Reserved.
Confidential and Proprietary Information of Trane Technologies

3. Customer Data; Confidentiality. Trane shall keep confidential, and shall not access or use any Customer Data and information that is marked confidential or by its nature is considered confidential ("Customer Confidential Information") other than for the purpose of providing the Equipment and Services, and will disclose Customer Confidential Information only: (i) to Trane's employees and agents who have a need to know to perform the Services, (ii) as expressly permitted or instructed by Customer, or (iii) to the minimum extent required to comply with applicable law, provided that Trane (1) provides Customer with prompt written notice prior to any such disclosure, and (2) reasonably cooperate with Customer to limit or prevent such disclosure.

4. Customer Data; Compliance with Laws. Trane agrees to comply with laws, regulations governmental requirements and industry standards and practices relating to Trane's processing of Customer Confidential Information (collectively, "***Laws***").

5. Customer Data; Information Security Management. Trane agrees to establish and maintain an information security and privacy program, consistent with applicable HVAC equipment industry practices that complies with this Addendum and applicable Laws ("***Information Security Program***"). The Information Security Program shall include appropriate physical, technical and administrative safeguards, including any safeguards and controls agreed by the Parties in writing, sufficient to protect Customer systems, and Customer's Confidential Information from unauthorized access, destruction, use, modification or disclosure. The Information Security Program shall include appropriate, ongoing training and awareness programs designed to ensure that Trane's employees and agents, and others acting on Trane's, behalf are aware of and comply with the Information Security Program's policies, procedures, and protocols.

6. Monitoring. Trane shall monitor and, at regular intervals consistent with HVAC equipment industry practices, test and evaluate the effectiveness of its Information Security Program. Trane shall evaluate and promptly adjust its Information Security Program in light of the results of the testing and monitoring, any material changes to its operations or business arrangements, or any other facts or circumstances that Trane knows or reasonably should know may have a material impact on the security of Customer Confidential Information, Customer systems and Customer property.

7. Audits. Customer acknowledges and agrees that the Trane SOC2 audit report will be used to satisfy any and all audit/inspection requests/requirements by or on behalf of Customer. Trane will make its SOC2 audit report available to Customer upon request and with a signed nondisclosure agreement.

8. Information Security Contact. Trane's information security contact is Local Sales Office.

9. Security Incident Management. Trane shall notify Customer after the confirmation of a Security Incident that affects Customer Confidential Information, Customer systems and Customer property. The written notice shall summarize the nature and scope of the Security Incident and the corrective action already taken or planned.

10. Threat and Vulnerability Management. Trane regularly performs vulnerability scans and addresses detected vulnerabilities on a risk basis. Periodically, Trane engages third-parties to perform network vulnerability assessments and penetration testing. Vulnerabilities will be reported in accordance with Trane's cybersecurity vulnerability reported process. Trane periodically provides security updates and software upgrades.

11. Security Training and Awareness. New employees are required to complete security training as part of the new hire process and receive annual and targeted training (as needed and appropriate to their role) thereafter to help maintain compliance with Security Policies, as well as other corporate policies, such as the Trane Code of Conduct. This includes requiring Trane employees to annually re-acknowledge the Code of Conduct and other Trane policies as appropriate. Trane conducts periodic security awareness campaigns to educate personnel about their responsibilities and provide guidance to create and maintain a secure workplace.

12. Secure Disposal Policies. Trane will maintain policies, processes, and procedures regarding the disposal of tangible and intangible property containing Customer Confidential Information so that wherever possible, Customer Confidential Information cannot be practicably read or reconstructed.

13. Logical Access Controls. Trane employs internal monitoring and logging technology to help detect and prevent unauthorized access attempts to Trane's corporate networks and production systems. Trane's monitoring includes a review of changes affecting systems' handling authentication, authorization, and auditing, and privileged access to Trane production systems. Trane uses the principle of "least privilege" (meaning access denied unless specifically granted) for access to customer data.

14. Contingency Planning/Disaster Recovery. Trane will implement policies and procedures required to respond to an emergency or other occurrence (i.e. fire, vandalism, system failure, natural disaster) that could damage Customer Data or any system that contains Customer Data. Procedures include the following

© 2026 Trane Technologies. All Rights Reserved.
Confidential and Proprietary Information of Trane Technologies

(i) Data backups; and
(ii) Formal disaster recovery plan. Such disaster recovery plan is tested at least annually.

15. Return of Customer Data. If Trane is responsible for storing or receiving Customer Data, Trane shall, at Customer's sole discretion, deliver Customer Data to Customer in its preferred format within a commercially reasonable period of time following the expiration or earlier termination of the Agreement or, such earlier time as Customer requests, securely destroy or render unreadable or undecipherable each and every original and copy in every media of all Customer's Data in Trane's possession, custody or control no later than [90 days] after receipt of Customer's written instructions directing Trane to delete the Customer Data.

16. Background Checks Trane shall take reasonable steps to ensure the reliability of its employees or other personnel having access to the Customer Data, including the conducting of appropriate background and/or verification checks in accordance with Trane policies.

17. DISCLAIMER OF WARRANTIES. EXCEPT FOR ANY APPLICABLE WARRANTIES IN THE AGREEMENT, THE SERVICES ARE PROVIDED "AS IS", WITH ALL FAULTS, AND THE ENTIRE RISK AS TO SATISFACTORY QUALITY, PERFORMANCE, ACCURACY AND EFFORT AS TO SUCH SERVICES SHALL BE WITH CUSTOMER. TRANE DISCLAIMS ANY AND ALL OTHER EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES WITH RESPECT TO THE SERVICES AND THE SERVICES PROVIDED HEREUNDER, INCLUDING ANY EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR THAT THE SERVICES WILL OPERATE ERROR-FREE OR UNINTERRUPTED OR RETURN/RESPONSE TO INQUIRIES WITHIN ANY SPECIFIC PERIOD OF TIME.

APPENDIX

SAFETY

Since 2003, U.S. Bureau of Labor Statistics records have consistently shown the Total Recordable Incident Rate (TRIR) and Days Away From Work (DAFW) for Trane have been significantly lower than those for HVAC repair and maintenance contractors and specialty trade contractors (construction). The company's safety culture in America is unparalleled in the building service industry, with proven results in the continuous reduction of injury rates. Trane incident rates (OSHA) are consistently 50 to 70 percent below the industry average.

A wide range of safety training and resources are available to Trane technicians, including:

- Safety training—20 hours per year
- Electrical safety—NFPA 70E compliant, electrical PPE
- Fall protection
- Ergonomics
- USDOT compliance
- Refrigerant management training

ENVIRONMENTAL PRACTICES

Trane policies and procedures are compliant with all federal and state regulations. Refrigerant (and substitutes) handling, storage and leak repair processes are compliant with Environmental Protection Agency regulation 40 CFR Part 82. Service technicians are Universal-certified and use only certified recovery equipment.

Refrigerant Management Software (RMS) captures, manages and reports all refrigerant activity at your site. Upon request, Trane can send you an annual report documenting all refrigerant activity that we performed for each piece of equipment during the past 12 months.

Trane adheres to all environmental regulations when removing used oil from refrigeration units.

CONSISTENCY

Nationwide, Trane technicians follow documented, formal processes that ensure uniform service delivery. As an OEM, Trane has developed exclusive service procedures which provide the most reliable outcomes, and extended equipment longevity, at the most cost-effective price.

- Exclusive service work flow processes provide detailed steps and information encompassing parts, materials, tools and sequence of execution
- Additional steps addressing safety, quality control, work validation and environmental compliance
- Technicians must consistently reference documented processes to ensure no critical steps are skipped or omitted
- Applicable service processes meet or exceed ASHRAE 180-2008 Standard Practice for Inspection and Maintenance of Commercial Building HVAC Systems

HVAC PRODUCTS, INSTALLATION, LABOR BASED SOLUTIONS AND RELATED PRODUCT AND SERVICES CONTRACT 2022

This Contract made and entered into this 16th day of August 2022, by and between Racine County, Wisconsin, 730 Wisconsin Avenue, Racine, Wisconsin 53403 (hereinafter referred to as "COUNTY") and Trane U.S. Inc., 800 Beaty Street, Davidson, North Carolina 28036-6924 (hereinafter referred to as "CONTRACTOR").

W I T N E S S E T H:

For good and valuable consideration, the parties agree as follows:

1. **WORK**: CONTRACTOR shall provide HVAC PRODUCTS, INSTALLATION, LABOR BASED SOLUTIONS AND RELATED PRODUCT AND SERVICES:
   The undersigned parties understand and agree to comply with and be bound by the entire contents of Sealed Bid # RC2022-1001: HVAC PRODUCTS, INSTALLATION, LABOR BASED SOLUTIONS AND RELATED PRODUCT AND SERVICES (aka, the Contractor's Bid Proposal submitted July 21, 2022) which is incorporated herein by reference. CONTRACTOR understands and agrees that the bonds and insurance required by the Project Manual are to be kept current at all times through the length of each term and for 90 Days following completion of each term. Bonds and insurance must be renewed and presented to the COUNTY at the time of each renewal term if COUNTY chooses to renew. Bonds and insurance shall be written by a firm acceptable to the COUNTY as specified in the Project Manual.
2. **TERM**: September 1, 2022, to August 31, 2027, with full renewal of one (1) additional five (5) year term per the Project Manual. COUNTY shall exercise renewal options by issuance and delivery to CONTRACTOR of a written notice to renew this Agreement.
3. **PROJECT**: HVAC PRODUCTS, INSTALLATION, LABOR BASED SOLUTIONS AND RELATED PRODUCT AND SERVICES in accordance with the Project Manual.
4. **PRICE**: Price as stated for all schedules included in the Project Manual.

DocuSign Envelope ID: 5AB039C2-2DAF-4A1E-9286-D4840C496111

5. **CANCELLATION**: This contract may be cancelled without penalty or obligation of any kind, by COUNTY by, for or on behalf of itself or its agencies, departments, officers, agents or employees immediately upon written notice to all parties that sufficient funds have not been budgeted by the County Board of Supervisors to pay the obligations under this agreement.

   Either party may terminate the contract on the anniversary date in any subsequent year of the contract by providing the other party with written notice ninety (90) days prior to the anniversary date.

   If the CONTRACTOR fails to maintain and keep in force required insurance, COUNTY shall have the right to cancel and terminate the contract without notice.

   Notwithstanding any of the terms and conditions contained herein, the COUNTY and CONTRACTOR reserve the right to terminate the contract at any time for any reason by providing written notice of termination to the other party no less than ninety (90) days in advance of termination. In the event of said termination, CONTRACTOR shall not reduce its activities hereunder unless agreed in advance by COUNTY. The CONTRACTOR will pay according to the contract for services tendered through the date of termination.

January 26, 2023

To: All Departments

Subject: Approved use of Omnia Partners contract 3341 with Trane US Inc.

The Purchasing Department has reviewed Omnia Partners contract 3341 with Trane US Inc. where Racine County, WI is the lead agency and has confirmed that the terms are acceptable for departmental use through August 31, 2027 unless extended.

The contract provides discounted pricing for HVAC Products, Installation, Labor Based Solutions, and Related Products and Services such as training, start-up and commissioning services, installation, maintenance, turn-key services, IEQ, repair services, rentals, leases, and equipment upgrades.

IFB # RC2022-of 1001, General Terms and Conditions Section II-K National Contract states the solicitation is available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through OMNIA Partners' cooperative purchasing program and that the successful bidder is required to extend these services. It is further stated under Attachment D that Certain terms of the Master Agreement specifically applicable to the Principal Procurement Agency (e.g., governing law) are subject to modification for each Participating Public Agency as Vendor and such Participating Public Agency may agree without being in conflict with the Master Agreement as a condition of the Participating Agency's purchase.

The City may enter into supplementary agreements and/or append its terms and conditions to the master agreement through the issuance and vendor acceptance of a purchase order.

The vendor quote and department requisition must clearly reference that pricing is being provided in according with this contract. Departments are required to obtain any additional documentation such as a COI and e-Verify affidavit when required. If purchase is greater than the City Manager approval authority and/or if the purchase results in a service agreement which is active in more than one fiscal year, the department must also obtain the approval of City Council.

Should there be additional questions or clarification needed please contact the Purchasing Department at purchasing@cocoafl.org.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED – WHERE REQUIRED UNDER CONTRACT OR AGREEMENT

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART/FORM

It is agreed that such insurance as is afforded by the policy applies subject to the following provisions:

SECTION II - WHO IS AN INSURED is amended to include as an additional insured:

1. Any person or organization to whom you become obligated to include as an additional insured under this policy, as a result of any written contract or agreement you enter into which requires you to furnish insurance to that person or organization of the type provided by this policy, but only with respect to liability to the extent caused by you and arising out of your operations, including both continuing and completed operations, or premises owned by or rented to you; or

2. Any designated person or organization, designated by you in writing to us, but only with respect to liability to the extent caused by you and arising out of your operations or premises owned by or rented to you and provided the "bodily injury", "property damage" or "personal and advertising injury" occurs subsequent to your written request to designate such person or organization as additional insured.

However, the insurance provided will not exceed the lesser of:

a. The coverage and/or limits of this policy; or

b. The coverage and/or limits required by said contract or agreement.

Reason/Justification for Adjustment:

This project will upgrade the existing obsolete building automation system in the Dyal Operations Building. The upgrade will allow for any remaining legacy system level controllers to be replaced upon failure thereby eliminating the current system's service vulnerability stemming from reliance on obsolete devices. RESOLUTION NO. 2026-046

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF COCOA, FLORIDA; AUTHORIZING THE CITY MANAGER TO APPROVE AND EXECUTE CHANGE ORDERS TO THE PRIMARY CONSTRUCTION CONTRACT AND ANY ADDITIONAL SERVICE CONTRACTS RELATED TO THE COMPLETION OF THE PROJECT REGARDING THE TRANE CONTROL SYSTEM UPGRADE/CA2602 IN AN AMOUNT NOT TO EXCEED THE TOTAL AMOUNT BUDGETED FOR THE PROJECT BY THE CITY COUNCIL INCLUSIVE OF THE 20% CONTINGENCY SET ASIDE FOR THE PROJECT; PROVIDING FOR THE REPEAL OF PRIOR INCONSISTENT RESOLUTIONS; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, section 2-4 of the City Code provides that with respect to construction contracts approved by the City Council, the City Council may authorize by resolution the City Manager to approve change orders to the primary construction contract and any additional service contracts related to the completion of the construction project authorized by the City Council in excess of the spending authority limits under this section provided the amount is within the unexpended construction budget approved by the City Council for the project including any contingency funds approved by the City Council for said contract; and

WHEREAS, July 14, 2026, the City Council authorized the City Manager to proceed with the Trane Control System Upgrade/CA2602, subject to certain terms and conditions and budget adjustments approved by the City Council; and

WHEREAS, in conjunction with this authorization, the City Council desires to streamline the approval of change orders and any additional service contracts to the extent necessary in order to expedite the construction of the project; and

WHEREAS, the City Council deems it to be in the best interest of the City of Cocoa to authorize the City Manager to approve the aforementioned change orders and any additional service contracts consistent with the terms of this Resolution and Section 2-4 of the City Code even if said amounts exceed the City Manager's general spending authority approved by the City Council.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF COCOA, as follows:

SECTION 1.

(A) Pursuant to Section 2-4 of the City Code, the City Manager is hereby authorized to approve any change orders to the primary construction contract and any additional service contracts related to the construction project regarding the Trane Control System Upgrade/CA2602, provided the total amount of approved change orders and any additional service contracts do not cause the construction budget to exceed the total $54,000.00 budgeted by the City Council for the project inclusive of the 20% contingency amount set aside for the project. This grant of spending authority shall be interpreted and construed in accordance with the provisions of Section 2-4 of the City Code.

(B) Pursuant to Section 2-4 of the City Code, the City Manager shall also provide notice of any such approved change orders and any additional service contracts to the City Council in the form of an agenda item at the next scheduled City Council meeting or as soon as practicable thereafter.

SECTION 2. All prior resolutions or prior resolutions inconsistent with this resolution are hereby repealed to the extent of the conflict.

SECTION 3. This resolution shall become effective immediately upon its adoption by the City Council of the City of Cocoa, Florida.

ADOPTED by the City Council of the City of Cocoa, Florida, in a regular meeting assembled on July 14, 2026.

CITY COUNCIL AGENDA ITEM

Memo Date:	May 19, 2026
Agenda Date:	July 14, 2026
File ID:	2026-417
Prepared By:	Stockton Whitten, City Manager
Through:	Jennifer Webster, Senior Planner
Requested Action:	Approve the Aggregation of Lots and Unity of Title for Oxbow Circle, Lots 9 & 10 otherwise described as Tax Parcel ID: 24-35-12-25-*-10, Lot 10, GRISSOM RIDGE, and Tax Parcel ID: 24-35-12-25-*-9, Lot 9, GRISSOM RIDGE, in the City of Cocoa, to one single enlarged lot.

BACKGROUND:

This is a request for the aggregation of lots 9 & 10 in the Grissom Ridge Subdivision in Cocoa, Florida, otherwise described as Tax Parcel ID: 24-35-12-25-*-10, Lot 10, GRISSOM RIDGE, and Tax Parcel ID: 24-35-12-25-*-9, Lot 9, GRISSOM RIDGE. These parcels are generally located east of Grissom Ridge Parkway, north of SR 528, on Oxbow Circle, also illustrated in the Location Map below.

This subdivision was originally platted in 2005 as the Industrial Park GRISSOM RIDGE.

Per City of Cocoa Code, Chapter 18 – SUBDIVISIONS, “The aggregation of multiple lots under common ownership […] may be accomplished through a unity of title agreement with the city,” (Chapter 18, Sec. 148 (a)) and “The city manager shall be required to execute the unity of title agreement on the city's behalf provided the application is in compliance with the provisions of this section” (Chapter 18, Sec. 148 (c)). The Unity of Title agreement is attached hereto as Attachment “A”.

The aggregation of these lots does not create any non-conforming zoning conditions.

Utility Easements:

There is an existing 5-foot public utility easement on the common boundary between the existing Lots 9 and 10. This easement will be vacated as a result of the combination of these lots and the terms of the Grissom Ridge Plat, recorded at Plat Book 53, Page 61, Public Records of Brevard County, Florida, which states, “In the event that two or more lots are combined as one building site the public utility and drainage easement that run along the side of the subject building site will cease and become void so as to accommodate the planned improvements and no public hearing or vacation process will be necessary to vacate these easements. No side lot line easement will become void should there be utilities or drainage facilities within those easements at the time of the building permit application.”

The City of Cocoa Utilities and Public Works Departments have confirmed that there are no existing utilities in the 5’ utility easement.

PRIORITY AREA CONNECTION:
Economic and Community Development

BUDGETARY IMPACT:
N/A

PREVIOUS ACTION:
None.

RECOMMENDED MOTION:

Staff requests City Council **APPROVE** the Aggregation of Lots and Unity of Title for Oxbow Circle, Lots 9 & 10 otherwise described as Tax Parcel ID: 24-35-12-25-*-10, Lot 10, GRISSOM RIDGE, and Tax Parcel ID: 24-35-12-25-*-9, Lot 9, GRISSOM RIDGE, in the City of Cocoa, to one single enlarged lot.

6. **Applicant Confirmation (please check all that apply):**

- ☑ The proposed lot adjustment or aggregation will not result in the creation of any additional lots.
- ☑ The proposed action will not increase the nonconformity of any existing lot.
- ☑ Adequate access and utility service will be maintained for all affected lots.
- ☑ The proposal complies with all applicable dimensional requirements of the zoning district.

Additional requirements for boundary line adjustments may be found in Section 18-148 of the City Code.

7. **Narrative Explanation:** Please provide a brief narrative describing the reason(s) for the boundary line adjustment or lot aggregation and the proposed reconfiguration:

Fee of $ _____ in cash ☐ or check ☐ (No. _____) payable to the "City of Cocoa".

Receipt Number: _____

Date: _____

Signature from Planning & Zoning Division:

_____

8. **Please submit the following items in order complete the application:**

a. ☑ **Application fee.** Please make checks payable to the 'City of Cocoa' and submit payment **ONLY** to the Community Services Department.

b. ☑ **Notarized application.**

c. ☑ **Proof of ownership.** A copy of the most recent recorded warranty deed for the subject properties is required.

d. ☑ **Letter of authorization.** If the applicant is not the property owner, a notarized letter of authorization or agent affidavit is required, unless the applicant is the Attorney of the owner. Each property owner must complete a separate authorization form or other suitable documentation to allow the agent to act upon his/her behalf. A sample "Letter of Authorization" form is available from the City.

e. ☑ **Corporate documents.** If the applicant/owner is representing a company, articles of incorporation which show the applicant/owner is authorized to represent the company is required. A data record printout from the Florida Department of State, Division of Corporations website may also be provided (http://www.sunbiz.org/corpweb/inquiry/search.html).

f. ☑ **Legal description.** Submit a typed copy of the legal descriptions of the existing properties.

g. ☑ **Title Opinion:** A title opinion from an attorney or a property information report that is prepared within the preceding thirty (30) days. Please indicate the disposition of any Public Utilities Easements on the lots that are being joined, as well as any other features that are being abandoned or relocated.

h. ☐ **Unity of title agreement (executed following preparation by the City Attorney for lot aggregations).**

i. ☐ N/A **Consent/joinder of all mortgage holders or releases or modifications of existing mortgages** (if required by the City attorney)

j. ☑ **Proposed deed or other conveyance document for boundary line adjustments**

k. ☑ **An affidavit by all property owners:** written consent has been provided by both property owners whose lot lines are subject to adjustment.

l. ☑ **Survey** of both the existing and proposed lot configurations has been submitted, prepared by a land surveyor licensed in the State of Florida. The survey shall include:

- The location of all principal and accessory structures with existing and proposed setbacks for each lot;
- The existing location of all utilities serving the lots; and
- The proposed access points to the lots, including any access easements.

9. **Application filing procedure.** This application, together with all required exhibits and attachments, shall be completed and filed with the Planning and Zoning Division.

10. **Unity of title.** The city manager or designee shall require the affected property owners of a boundary line adjustment to enter into a unity of title agreement with the city for purposes of creating the new developable lots resulting from the boundary line adjustment. The city manager shall be required to execute the unity of title agreement on the city's behalf provided the application is in compliance with the provisions of this section. The city manager or designee may determine that a unity of title agreement is not required for insubstantial boundary changes. All other Unity of Title agreements will be approved by City Council as a consent agenda item.

11. **Recording.** No boundary line adjustment shall be recorded unless approved as provided Chapter 18, Sec. 18-148 of the City of Cocoa Code. The boundary line adjustment shall be recorded with the clerk of the court of Brevard County within twelve (12) months of approval by the planning official, and one (1) reproducible copy shall be furnished to the planning and zoning division.

ADDENDUM TO APPLICATION FOR AGGREGATION OF LOTS & BOUNDARY LINE ADJUSTMENTS

5. Property Information:

Originally, the parcel consisted of two separate lots each having a separate Tax Parcel ID Number. The prior Tax Parcels and legal descriptions of the separate Lots were as follows:

Parcel ID 24-35-12-25-*-9 (Tax Account 2458784):
Lot 9, GRISSOM RIDGE, according to the plat thereof, as recorded in Plat Book 53, Page 61, of the Public Records of Brevard County, Florida.

Parcel ID 24-35-12-25-*-10 (Tax Account 2458785):
Lot 10, GRISSOM RIDGE, according to the plat thereof, as recorded in Plat Book 53, Page 61, of the Public Records of Brevard County, Florida.

The combined property is described as:

Lots 9 and 10, GRISSOM RIDGE, according to the plat thereof, as recorded in Plat Book 53, page 61, of the Public Records of Brevard County, Florida.

7. Narrative Explanation:

The lots are being aggregated so that the combined lots can be used for one site to build a large building and associated parking and other site improvements on this property which is contained within a private commercial subdivision.

Re: Opinion of Title for Parcel ID 24-35-12-25-*-9 and 24-35-12-25-*-10
3061 and 3051 Oxbow Circle, Cocoa
(Lot 9 and 10, GRISSOM RIDGE, according to the plat thereof, as recorded in Plat Book 53, Page 61, of the Public Records of Brevard County, Florida.)

To Whom It May Concern:

This law firm represents Greystone Debt Acquisitions, LLC, a Florida limited liability company.

This firm is an authorized issuing agent for Commonwealth Land Title Insurance Company ("Commonwealth"). We have had Commonwealth conduct a search of the Public Records of Brevard County, Florida, with respect to the above referenced property (the "Property"), through and including December 11, 2025, and have conducted our own update of the title search through April 5, 2025. We have also reviewed Commonwealth Land Title Insurance Company Owner's Title Insurance Policy No. 8130609-90382713, which insures the Property, dated December 31, 2012 (the "Prior Title Policy.").

Based on that search by Commonwealth, my update search of the public records, and my review of the Prior Title Policy, it is my opinion that the title and any encumbrances on title to the Property as of December 11, 2025 are as follows:

Title

As of April 6, 2026, fee simple title to the Property, which is more particularly described on the attached Exhibit "A", is held by Greystone Debt Acquisitions, LLC, a Florida limited liability company.

Encumbrances

As of April 6, 2026, the Property is encumbered by the following, which are all found in the Public Records of Brevard County, Florida:

1. Restrictions, covenants, conditions, easements and other matters as contained on the Plat of Grissom Ridge, recorded in Plat Book 53, Pages 61 and 62.

2. Memorandum of Development Agreement recorded March 22, 2004, in Official Records Book 5233, Page 2636.

3. Restrictions, covenants, conditions and easements, which include provisions for a private charge or assessment, as contained in that certain instrument recorded August 24, 2005 in Official Records Book 5522, Page 4144, amended and recorded September 8, 2006 in Official Records Book 5695, Page 919.

4. Sidewalk Assessment Agreement recorded August 22, 2006 in Official Records Book 5687, Page 7781.

5. Notice to Owner recorded October 15, 2024, in Official Records Book 10177, Page 694.

6 Notice to Owner recorded October 15, 2024, in Official Records Book 10177, Page 695.

7. Notice to Owner recorded October 15, 2024, in Official Records Book 10177, Page 696.

8. Notice to Owner recorded October 15, 2024, in Official Records Book 10177, Page 697.

Other than the numbered items above, there are no liens affecting the Property, except for the lien of ad valorem real property taxes for the year 2026, which are not yet due and payable.

PLEASE NOTE: The Plat of Grissom Ridge shows a five (5) foot wide public utility agreement easement along the east side of Lot 9 and along the west side of Lot 10. Said Plat also includes the following Easement Note:

EASEMENT NOTE:

In the event that two or more lots are combined as one building site the public utility and drainage easement that run along the side of the subject building site will cease and become void so as to accommodate the planned improvements and no public hearing or vacation process will be necessary to vacate these easements. No side lot line easement will become void should there be utilities or drainage facilities withing those easement at the time of the building permit application.

There are no utilities or drainage facilities currently located in these utility easements. Therefore, upon the combination of Lot 9 and Lot 10, the two five (5) foot easements "between" the two lots shall cease and be void.

This opinion of title is being given to you in connection with and in support of the site plan approval process for the Property, and is not to be used for any other purposes without the prior written consent of the undersigned.

Sincerely,

Victor M. Watson

8. **Please submit the following items in order complete the application:**

a. ☑ **Application fee.** Please make checks payable to the 'City of Cocoa' and submit payment **ONLY** to the Community Services Department. Amount ? Joey will pay.

b. ☑ **Notarized application.** Joey has original. Add "Florida" & "Brevard"

c. ☑ **Proof of ownership.** A copy of the most recent recorded warranty deed for the subject properties is required.

d. ☑ **Letter of authorization.** Print If the applicant is not the property owner, a notarized letter of authorization or agent affidavit is required, unless the applicant is the Attorney of the owner. Each property owner must complete a separate authorization form or other suitable documentation to allow the agent to act upon his/her behalf. A sample "Letter of Authorization" form is available from the City. Joey has original signed by Jeff.

e. ☑ **Corporate documents.** If the applicant/owner is representing a company, articles of incorporation which show the applicant/owner is authorized to represent the company is required. A data record printout from the Florida Department of State, Division of Corporations website may also be provided (http://www.sunbiz.org/corpweb/inquiry/search.html). Print VMW/JW

f. ☑ **Legal description.** Submit a typed copy of the legal descriptions of the existing properties. VMW/JW

g. ☑ **Title Opinion:** Print A title opinion from an attorney or a property information report that is prepared within the preceding thirty (30) days. Please indicate the disposition of any Public Utilities Easements on the lots that are being joined, as well as any other features that are being abandoned or relocated. Update VMW

h. ☐ **Unity of title agreement (executed following preparation by the City Attorney for lot aggregations).** By City (later)

i. ☐ **Consent/joinder of all mortgage holders or releases or modifications of existing mortgages** (if required by the City attorney) ~~See if required.~~ No mortgage. VMW/JW

j. ☐ **Proposed deed or other conveyance document for boundary line adjustments** Deed - prepare

k. ☑ **An affidavit by all property owners:** written consent has been provided by both property owners whose lot lines are subject to adjustment. Yes. See Property Owner Letter of Auth. AND Application.

l. ☑ **Survey** of both the existing and proposed lot configurations has been submitted, prepared by a land surveyor licensed in the State of Florida. The survey shall include: J.S. Rev Sur

- The location of all principal and accessory structures with existing and proposed setbacks for each lot;
- The existing location of all utilities serving the lots; and
- The proposed access points to the lots, including any access easements. Joey

9. **Application filing procedure.** This application, together with all required exhibits and attachments, shall be completed and filed with the Planning and Zoning Division. File w/ P&Z

10. **Unity of title.** The city manager or designee shall require the affected property owners of a boundary line adjustment to enter into a unity of title agreement with the city for purposes of creating the new developable lots resulting from the boundary line adjustment. The city manager shall be required to execute the unity of title agreement on the city's behalf provided the application is in compliance with the provisions of this section. The city manager or designee may determine that a unity of title agreement is not required for insubstantial boundary changes. All other Unity of Title agreements will be approved by City Council as a consent agenda item. Prepared by City - later

11. **Recording.** No boundary line adjustment shall be recorded unless approved as provided Chapter 18, Sec. 18-148 of the City of Cocoa Code. The boundary line adjustment shall be recorded with the clerk of the court of Brevard County within twelve (12) months of approval by the planning official, and one (1) reproducible copy shall be furnished to the planning and zoning division.

After approval do lot combo w/ BCPA o.

LEGAL DESCRIPTION:

LOT 10, GRISSOM RIDGE, ACCORDING TO THE PLAT THEREOF, AS RECORDED IN PLAT BOOK 53, PAGES 61-62, PUBLIC RECORDS OF BREVARD COUNTY, FLORIDA

This instrument was prepared by and should be returned to:

City of Cocoa
65 Stone Street
Cocoa, FL 32922

UNITY OF TITLE AGREEMENT

THIS UNITY OF TITLE AGREEMENT ("Agreement") is made and entered into by and between **GREYSTONE DEBT ACQUISITIONS, LLC**, ("Owner") a Florida Limited Liability Company, whose address is 1415 N. Atlantic Ave., Cocoa, Florida 32931 and the **CITY OF COCOA, FLORIDA**, ("City") whose address is 65 Stone St., Cocoa, Florida 32922.

WITNESSETH

WHEREAS, Owner is a Florida Limited Liability Company and owns real property located within the jurisdictional limits of the City of Cocoa, Florida, which is identified as the following two (2) tax parcel identification numbers and legal descriptions:

(1) Tax Parcel ID: 24-35-12-25-*-9. Lot 9, GRISSOM RIDGE, according to the plat thereof, as recorded in Plat Book 53, Page 61, of the Public Records of Brevard County, Florida.

(2) Tax Parcel ID: 24-35-12-25-*-10. Lot 10, GRISSOM RIDGE, according to the plat thereof, as recorded in Plat Book 53, Page 61, of the Public Records of Brevard County, Florida.

(collectively, the "Real Property").

WHEREAS, Owner desires to unify ownership and title to the Real Property by Lot 10 absorbing Lot 9 to create one enlarged Lot 10; and

WHEREAS, such enlarged Lot 10 shall be subject to all the same terms and conditions imposed on Lots 9 and 10 by: the Grissom Ridge Plat, recorded at Plat Book 53, Page 61, Public Records of Brevard County, Florida; the Development Agreement recorded at Official Records Book 5233, Page 2636, Public Records of Brevard County, Florida; the Restrictions, Covenants, Conditions, and Easements, recorded at Official Records Book 5522, Page 4144 as amended in Official Records Book 5695, Page 919, Public Records of Brevard County, Florida; and the Sidewalk Assessment Agreement recorded at Official Records Book 5687, Page 7781, Public Records of Brevard County, Florida; and

WHEREAS, Owner acknowledges that in order to unify the Real Property into a single unified enlarged Lot 10, Owner is required to enter into this Agreement with the City; and

WHEREAS, Owner and City have agreed to record this Agreement to recognize that hereinafter the Owner will have and maintain unity of ownership and title in the Real Property; and

WHEREAS, Owner and City desire to have the Real Property recognized by the City and Brevard County as one lot; and

WHEREAS, upon full execution and recording of this Agreement, the Real Property shall be unified into a single unified Lot 10, which will be owned by the Owner; and

NOW, THEREFORE, in consideration of the mutual covenants and conditions contained herein, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Recitals. The foregoing recitals are true and correct and are hereby fully incorporated and made a part of this Agreement as if more fully set forth herein.

2. The Property. Owner represents and warrants that it possesses fee simple title to the Real Property described above. A depiction of the two (2) real properties above which are being unified herein is set forth on the attached **Exhibit "A"** which is hereby fully incorporated herein by this reference for demonstrative purposes.

3. Representations of Owner.

A. Owner agrees not to sell, convey or assign any interest in the unified Real Property which would cause the loss of unity of ownership or title, without first obtaining the written consent of the City of Cocoa. Nothing herein is intended to prohibit or restrict the Owner from selling, conveying or assigning the unified Real Property as a unified parcel of land or encumbering the unified Real Property with easements or other interests in land that do not cause loss of unity of ownership of title.

B. Owner agrees that the provisions of this Agreement shall be binding upon any successors of Owner and this Agreement shall run with the land.

C. Owner represents and warrants that it has the power and authority to enter into and consummate the terms and conditions of this Agreement; that all acts, approvals, procedures and similar matters required in order to authorize this Agreement have been taken, obtained and followed; that this Agreement and the proposed performance of this Agreement is not an ultra vires act; and that, upon execution of this Agreement, this Agreement will be valid and binding upon the parties and their successors. Owner further represents and warrants it is lawfully seized of the Real Property in fee simple and has full and lawful authority to execute this Agreement and bind the Real Property as set forth herein. Owner affirms that the Real Property is free of any and all mortgages.

4. Recording. The Parties agree and consent to this Agreement being recorded in the Public Records of Brevard County, Florida, and that all costs of recording shall be paid by the Owner.

5. **Vacation of Public Utility Easement.** The City of Cocoa herein agrees that the existing 5-foot public utility easements on either side of the common boundary between the existing Lots 9 and 10 are vacated as a result of the combination of these lots and the terms of the Grissom Ridge Plat, recorded at Plat Book 53, Page 61, Public Records of Brevard County, Florida.

IN WITNESS WHEREOF, the aforementioned Parties have executed this Agreement on the dates set forth below.

CITY COUNCIL AGENDA ITEM

Memo Date:	May 27, 2026
Agenda Date:	July 14, 2026
File ID:	2026-435
Prepared By:	James Mitchell, Water Treatment Manager
Through:	John Walsh, Utilities Director
Requested Action:	Approve Change Order #2 to Purchase Order 84298 for Ring Power in the amount of $30,000.00 for emergency generator repairs at Well #25, utilizing Sourcewell Contract RFP #092222, for a total FY26 project cost not to exceed $166,768.84.

BACKGROUND:

The Claude H. Dyal Water Treatment Plant (WTP) operates 22 Caterpillar® generators to ensure emergency power and continuity of the City's potable water supply. These units require specialized periodic maintenance to remain operational. Ring Power is the sole-authorized Caterpillar® service provider for this region and performs these services utilizing the Sourcewell Cooperative Contract (RFP #092222). On January 13, 2026 (Agenda Item 2025-1079), City Council approved a total cost limitation of $136,768.84 for FY26 generator services.

Based on this authorization, two Purchase Orders were issued:

- PO 84225 ($70,000.00): Dedicated to annual inspections and preventative maintenance.
- PO 84298 ($66,768.84): Dedicated to general repairs.

Staff is requesting approval for additional funds to address unforeseen, critical repairs to the generator at Well #25. During the original change order with Ring Power, the unit's condition was found to be more severe than initially assessed. As a result, additional necessary repairs not included in the original scope were identified, totaling $15,373.33. In lieu of repairs to the engine, Ring Power will provide a replacement with a new long-block engine that includes a warranty. Given the long-term reliability and warranty benefits, the new long block replacement is recommended as the most cost-effective and sustainable solution. In addition, there are existing open work orders with Ring Power that have not yet been scheduled. With approximately four months remaining in the current budget year, additional funding is necessary to ensure continuity of operations and to address any further unforeseen issues.

PO Number	Purpose	Current Amount	Proposed Increase	New Total
84225	Annual Inspections and Maintenance	$70,000.00	$0.00	$70,000.00
84298	Repairs	$66,768.84	$30,000.00	$96,768.84
TOTAL		**$136,768.84**	**$30,000.00**	**$166,768.84**

Staff recommends that City Council approve a cost increase for FY26 generator services from $136,768.84 to a total not-to-exceed amount of $166,768.84. Staff further requests authorization to issue Change Order #2 to PO 84298 in the amount of $30,000.00 to fund the critical repairs at Well #25.

JOB SITE: -

-This estimate is made subject to buyer's acceptance within (10) ten days from this date
-All prices are subject to change without notice, and those in effect on date of shipment shall prevail
-Terms are Net 30 Days from receipt of invoice
-Estimate excludes sales tax, incoming freight, environmental and additional charges for parts/labor not included in the above mentioned.
-Customer will be contacted should estimate exceed 10%

THIS WORK ORDER IS SUBJECT TO THE FOLLOWING TERMS AND CONDITIONS:

1. AUTHORITY TO PERFORM REPAIRS It is understood that, "upon receipt" of any item of equipment for repair, maintenance or other work, Ring Power may examine the item of equipment as to work which Ring Power may suggest to be performed in addition to whatever work, if any, might have been requested by customer. All work (requested by customer or suggested by Ring Power) to be noted on a form as supplied by Ring Power.
   a. Time and Material Work - Ring Power will proceed with the work agreed upon at current labor and parts prices.
   b. Firm Price - If requested, a firm price in writing will be given to the customer for labor and/or parts to do specific repair. Any agreed a upon repair order not covered by a firm written quotation will be billed at current time and material prices
   c. Unforeseen Problems or Additional Repairs. In the event that during the course of the Work, additional repair work is found to be necessary pursuant to Ring Power's examination and inspection of the Equipment, then in such event Ring Power will attempt to communicate with the Customer as to the additional repair work; provided, however, that in the event Ring Power is unable to communicate with the Customer, then Ring Power, at its sole discretion, shall have the absolute right to cease any and all repairs on the Equipment until such time as the additional repairs are discussed with the Customer. In the event the Customer consents to the additional repairs, Ring Power shall have the right to proceed with the repair of the same without further communication with the Customer and any and all additional repairs will be charged to the Customer at current time and material prices.

2. HOLD HARMLESS AGREEMENT FOR CUSTOMER PARTICIPATION IN SERVICE WORK- In the event customer or customers' personnel assists our mechanics in performing service work, customer agrees to hold harmless and fully indemnify Ring Power for injuries or damages to anyone arising out of customer assisting Ring Power personnel in servicing or repairing customer's equipment.

3. WARRANTY INFORMATION - Ring Power warrants the work performed to be free from defects in material and workmanship for a period of ninety days. Ring Power's obligation under this warranty shall be limited to the repair or replacement at Ring Power's premises of those new parts previously installed or labor previously performed demonstrated to be defective. SUCH REMEDY SHALL CONSTITUTE CUSTOMER'S SOLE AND EXCLUSIVE REMEDY AND CUSTOMER HEREBY AGREES THAT NO OTHER REMEDY (INCLUDING, BUT NOT LIMITED TO CLAIMS FOR INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES, OR ANY CAUSE, LOSS, ACTION, CLAIM OR DAMAGE, INCLUDING LOSS OF TIME, WHATSOEVER, OR INJURY TO PERSON OR PROPERTY OR ANY OTHER CONSEQUENTIAL DAMAGE OR INCIDENTAL OR ECONOMIC LOSS) SHALL BE AVAILABLE TO CUSTOMER. THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OR MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. SUBSTANDARD REPAIR WORK MAY BE PERFORMED UPON REQUEST OF CUSTOMER AND ACCORDING TO CUSTOMER'S INSTRUCTIONS BUT SUCH WORK WILL CARRY ABSOLUTELY NO WARRANTY WHATSOEVER. CUSTOMER FURTHER ACKNOWLEDGES AND AGREES THAT NO VERBAL CONTRACTS, AGREEMENTS OR WARRANTIES OTHER THAN WHAT IS SET FORTH HEREIN HAVE BEEN RECEIVED OR GIVEN.

4. PAYMENT - Customer will make payment for services rendered by Ring Power pursuant to this work order at such times and in such manner as may be prescribed by Ring Power. In the event of nonpayment by a customer, the cost incurred by Ring Power in collecting the indebtedness, including attorney's fees and expenses, both in the trial court and on any and all appeals, with interest at the maximum rate allowed by law from date of expenditure, shall be added to the principal amount of the indebtedness owed to Ring Power. These provisions are not exclusive and Ring Power may elect other remedies at law and at equity.

5. RISK OF LOSS - Ring Power carries an Equipment Floater Insurance Policy covering all risk (except war, wear and tear, etc.) for the current value (replacement cost less depreciation) on customer's equipment in Ring Power's custody or control. All risk of loss and damage not covered in above policy shall be borne solely by its owner.

6. SEVERABILITY CLAUSE - Any provisions of this Agreement found to be prohibited by law shall be immediately ineffective to the extent of such prohibition without invalidating the rest of this Agreement.

7. APPLICABLE LAW - This Agreement shall be deemed to be governed by the laws of the State of Florida.

Finance Department
Purchasing Division
65 Stone Street I Cocoa, FL 32922
Phone: (321) 433-8833

December 29, 2022

To: All Departments

Subject: Approved use of Sourcewell contract 092222-CAT with Caterpillar Inc.

The Purchasing Division has reviewed Sourcewell contract 092222-CAT to Caterpillar Inc., where Ring Power Corporation is the local authorized reseller, and has confirmed that the terms are acceptable for departmental use through its expiration of November 26, 2026 unless extended.

Sourcewell contract 092222-CAT gives access to the following types of goods and services: CAT diesel generator sets, CAT natural gas generator sets, automatic transfer switches, switchgear, controls, installation, extended service coverage, CAT rental equipment, used equipment, parts, maintenance contracts, CAT finance, and government leases.

The following terms contained in the contract support the terms and conditions required by the City of Cocoa:

5.A PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada.

6.B ADDITIONAL TERMS AND CONDITIONS. Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier.

6.C SPECIALIZED SERVICE REQUIREMENTS. In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as ecommerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

Through the issuance of a Purchase Order, the City of Cocoa terms and conditions will be recognized and enforced as if included in the original agreement. The Vendor Quote and Purchase Order must clearly reference that pricing is being provided in according with this contract. Vendor must accept the Terms and Conditions issued along with the Purchase Order. Departments are required to obtain any additional documentation such as a COI and e-Verify affidavit when required. If purchase is greater than the City Manager approval authority and/or if the purchase results in a service agreement which is active in more than one fiscal year, the department must also obtain the approval of City Council.

Should there be additional questions or clarification needed please contact the Purchasing Department at purchasing@cocoafl.gov.

Caterpillar: Confidential Green

DocuSign Envelope ID: 1331F762-6E3C-46F1-A731-9B02CE2B2915

Solicitation Number: RFP #092222

CONTRACT

This Contract is between Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and Caterpillar Inc., 5212 N. O'Connor Blvd., Suite 1100, Irving, TX 75039 (Supplier).

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that offers cooperative procurement solutions to government entities. Participation is open to eligible federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for Electrical Energy Power Generation Equipment with Related Parts, Supplies, and Services from which Supplier was awarded a contract.

Supplier desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

1. TERM OF CONTRACT

A. EFFECTIVE DATE. This Contract is effective upon the date of the final signature below.

B. EXPIRATION DATE AND EXTENSION. This Contract expires November 22, 2026, unless it is cancelled sooner pursuant to Article 22. This Contract may be extended one additional year upon the request of Sourcewell and written agreement by Supplier.

C. SURVIVAL OF TERMS. Notwithstanding any expiration or termination of this Contract, all payment obligations incurred prior to expiration or termination will survive, as will the following: Articles 11 through 14 survive the expiration or cancellation of this Contract. All other rights will cease upon expiration or termination of this Contract.

2. EQUIPMENT, PRODUCTS, OR SERVICES

A. EQUIPMENT, PRODUCTS, OR SERVICES. Supplier will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above.

DocuSign Envelope ID: 1331F762-6E3C-46F1-A731-9B02CE2B2915

Supplier's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

All Equipment and Products provided under this Contract must be new and the current model. Supplier may offer used, close-out or refurbished Equipment or Products if they are clearly indicated in Supplier's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. WARRANTY. Supplier warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances, and are free from defects in design, materials, and workmanship. In addition, Supplier warrants the Equipment, Products, and Services are suitable for and will perform in accordance with the ordinary use for which they are intended. Supplier's dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that extends beyond the expiration of the Supplier's warranty will be passed on to the Participating Entity.

C. DEALERS, DISTRIBUTORS, AND/OR RESELLERS. Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcewell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcewell receives the most current information.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. SHIPPING AND SHIPPING COSTS. All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily

DocuSign Envelope ID: 1331F762-6E3C-46F1-A731-9B02CE2B2915

apparent at the time of delivery, Supplier must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

B. SALES TAX. Each Participating Entity is responsible for supplying the Supplier with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. HOT LIST PRICING. At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. This approved form is available from the assigned Sourcewell Supplier Development Administrator. At a minimum, the request must:

- Identify the applicable Sourcewell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;

DocuSign Envelope ID: 1331F762-6E3C-46F1-A731-9B02CE2B2915

- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Request Form will become an amendment to this Contract and will be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities. Supplier may not enter into a contract with a U.S. Federal Government entity prior to obtaining necessary internal approvals and will not be obligated to provide Equipment, Products, or Services to any U.S. Federal Government entity under this Contract unless separately agreed in writing. Supplier may work with such parties and may agree to provide equipment or services under the Contract on a case-by-case basis.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Supplier understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Supplier is responsible for familiarizing its sales and service forces with Sourcewell contract use eligibility requirements and documentation and will encourage potential participating entities to join Sourcewell. Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

B. PUBLIC FACILITIES. Supplier's employees may be required to perform work at government-owned facilities, including schools. Supplier's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

DocuSign Envelope ID: 1331F762-6E3C-46F1-A731-9B02CE2B2915

6. PARTICIPATING ENTITY USE AND PURCHASING

A. ORDERS AND PAYMENT. To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Supplier that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and Supplier. Typically, a Participating Entity will issue an order directly to Supplier or its authorized subsidiary, distributor, dealer, or reseller. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM. Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. SPECIALIZED SERVICE REQUIREMENTS. In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. TERMINATION OF ORDERS. Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

1. The Participating Entity fails to receive funding or appropriation from its governing body at levels sufficient to pay for the equipment, products, or services to be purchased; or
2. Federal, state, or provincial laws or regulations prohibit the purchase or change the Participating Entity's requirements.

DocuSign Envelope ID: 1331F762-6E3C-46F1-A731-9B02CE2B2915

E. GOVERNING LAW AND VENUE. The governing law and venue for any action related to a Participating Entity's order will be determined by the Participating Entity making the purchase.

7. CUSTOMER SERVICE

A. PRIMARY ACCOUNT REPRESENTATIVE. Supplier will assign an Account Representative to Sourcewell for this Contract and must provide prompt notice to Sourcewell if that person is changed. The Account Representative will be responsible for:

- Maintenance and management of this Contract;
- Timely response to all Sourcewell and Participating Entity inquiries; and
- Business reviews to Sourcewell and Participating Entities, if applicable.

B. BUSINESS REVIEWS. Supplier must perform a minimum of one business review with Sourcewell per contract year. The business review will cover sales to Participating Entities, pricing and contract terms, administrative fees, sales data reports, performance issues, supply issues, customer issues, and any other necessary information.

8. REPORT ON CONTRACT SALES ACTIVITY AND ADMINISTRATIVE FEE PAYMENT

A. CONTRACT SALES ACTIVITY REPORT. Each calendar quarter, Supplier must provide a contract sales activity report (Report) to the Sourcewell Supplier Development Administrator assigned to this Contract. Reports are due no later than 45 days after the end of each calendar quarter. A Report must be provided regardless of the number or amount of sales during that quarter (i.e., if there are no sales, Supplier must submit a report indicating no sales were made).

The Report must contain the following fields:

- Participating Entity Name (e.g., City of Staples Highway Department);
- Participating Entity Physical Street Address;
- Participating Entity City;
- Participating Entity State/Province;
- Participating Entity Zip/Postal Code;
- Participating Entity Contact Name;
- Participating Entity Contact Email Address;
- Participating Entity Contact Telephone Number;
- Sourcewell Assigned Entity/Participating Entity Number;
- Item Purchased Description;
- Item Purchased Price;
- Sourcewell Administrative Fee Applied; and
- Date Purchase was invoiced/sale was recognized as revenue by Supplier.

DocuSign Envelope ID: 1331F762-6E3C-46F1-A731-9B02CE2B2915

B. ADMINISTRATIVE FEE. In consideration for the support and services provided by Sourcewell, the Supplier will pay an administrative fee to Sourcewell on all Equipment, Products, and Services provided to Participating Entities. The Administrative Fee must be included in, and not added to, the pricing. Supplier may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Supplier will submit payment to Sourcewell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased by Participating Entities under this Contract during each calendar quarter. Payments should note the Supplier's name and Sourcewell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

Supplier agrees to cooperate with Sourcewell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Supplier is delinquent in any undisputed administrative fees, Sourcewell reserves the right to cancel this Contract and reject any proposal submitted by the Supplier in any subsequent solicitation. In the event this Contract is cancelled by either party prior to the Contract's expiration date, the administrative fee payment will be due no more than 30 days from the cancellation date.

9. AUTHORIZED REPRESENTATIVE

Sourcewell's Authorized Representative is its Chief Procurement Officer.

Supplier's Authorized Representative is the person named in the Supplier's Proposal. If Supplier's Authorized Representative changes at any time during this Contract, Supplier must promptly notify Sourcewell in writing.

10. AUDIT, ASSIGNMENT, AMENDMENTS, WAIVER, AND CONTRACT COMPLETE

A. AUDIT. Pursuant to Minnesota Statutes Section 16C.05, subdivision 5, the books, records, documents, and accounting procedures and practices relevant to this Contract are subject to examination by Sourcewell or the Minnesota State Auditor for a minimum of six years from the end of this Contract. This clause extends to Participating Entities as it relates to business conducted by that Participating Entity under this Contract.

B. ASSIGNMENT. Neither party may assign or otherwise transfer its rights or obligations under this Contract without the prior written consent of the other party and a fully executed assignment agreement. Such consent will not be unreasonably withheld. Any prohibited

DocuSign Envelope ID: 1331F762-6E3C-46F1-A731-9B02CE2B2915

assignment will be invalid. Provided, however, that Caterpillar is permitted to subcontract certain of its rights and obligations to Caterpillar dealers for performance without Sourcewell's prior written consent.

C. AMENDMENTS. Any amendment to this Contract must be in writing and will not be effective until it has been duly executed by the parties.

D. WAIVER. Failure by either party to take action or assert any right under this Contract will not be deemed a waiver of such right in the event of the continuation or repetition of the circumstances giving rise to such right. Any such waiver must be in writing and signed by the parties.

E. CONTRACT COMPLETE. This Contract represents the complete agreement between the parties. No other understanding regarding this Contract, whether written or oral, may be used to bind either party. For any conflict between the attached Proposal and the terms set out in Articles 1-22 of this Contract, the terms of Articles 1-22 will govern.

F. RELATIONSHIP OF THE PARTIES. The relationship of the parties is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their respective businesses. This Contract does not create a partnership, joint venture, or any other relationship such as master-servant, or principal-agent.

11. INDEMNITY AND HOLD HARMLESS

Intentionally omitted.

12. GOVERNMENT DATA PRACTICES

Supplier and Sourcewell must comply with the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13, as it applies to all data provided by or provided to Sourcewell under this Contract and as it applies to all data created, collected, received, maintained, or disseminated by the Supplier under this Contract.

13. INTELLECTUAL PROPERTY, PUBLICITY, MARKETING, AND ENDORSEMENT

A. INTELLECTUAL PROPERTY

1. *Grant of License.* During the term of this Contract:

    a. Sourcewell grants to Supplier a royalty-free, worldwide, non-exclusive right and license to use the trademark(s) provided to Supplier by Sourcewell in advertising and promotional materials for the purpose of marketing Sourcewell's relationship with Supplier.

DocuSign Envelope ID: 1331F762-6E3C-46F1-A731-9B02CE2B2915

b. Supplier grants to Sourcewell a royalty-free, worldwide, non-exclusive right and license to use Supplier's trademarks in advertising and promotional materials for the purpose of marketing Supplier's relationship with Sourcewell.

2. *Limited Right of Sublicense*. The right and license granted herein includes a limited right of each party to grant sublicenses to their respective subsidiaries, distributors, dealers, resellers, marketing representatives, and agents (collectively "Permitted Sublicensees") in advertising and promotional materials for the purpose of marketing the Parties' relationship to Participating Entities. Any sublicense granted will be subject to the terms and conditions of this Article. Each party will be responsible for any breach of this Article by any of their respective sublicensees.

3. *Use; Quality Control.*

a. Neither party may alter the other party's trademarks from the form provided and must comply with removal requests as to specific uses of its trademarks or logos.

b. Each party agrees to use, and to cause its Permitted Sublicensees to use, the other party's trademarks only in good faith and in a dignified manner consistent with such party's use of the trademarks. Upon written notice to the breaching party, the breaching party has 30 days of the date of the written notice to cure the breach or the license will be terminated.

4. *Termination*. Upon the termination of this Contract for any reason, each party, including Permitted Sublicensees, will have 30 days to remove all Trademarks from signage, websites, and the like bearing the other party's name or logo (excepting Sourcewell's pre-printed catalog of suppliers which may be used until the next printing). Supplier must return all marketing and promotional materials, including signage, provided by Sourcewell, or dispose of it according to Sourcewell's written directions.

B. PUBLICITY. Any publicity regarding the subject matter of this Contract must not be released without prior written approval from the Authorized Representatives. Publicity includes notices, informational pamphlets, press releases, research, reports, signs, and similar public notices prepared by or for the Supplier individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from this Contract.

C. MARKETING. Any direct advertising, marketing, or offers with Participating Entities must be approved by Sourcewell. Send all approval requests to the Sourcewell Supplier Development Administrator assigned to this Contract.

D. ENDORSEMENT. The Supplier must not claim that Sourcewell endorses its Equipment, Products, or Services.

DocuSign Envelope ID: 1331F762-6E3C-46F1-A731-9B02CE2B2915

14. GOVERNING LAW, JURISDICTION, AND VENUE

The substantive and procedural laws of the State of Minnesota will govern this Contract. Venue for all legal proceedings arising out of this Contract, or its breach, must be in the appropriate state court in Todd County, Minnesota or federal court in Fergus Falls, Minnesota.

15. FORCE MAJEURE

Neither party to this Contract will be held responsible for delay or default caused by acts of God or other conditions that are beyond that party's reasonable control. A party defaulting under this provision must provide the other party prompt written notice of the default.

16. SEVERABILITY

If any provision of this Contract is found by a court of competent jurisdiction to be illegal, unenforceable, or void then both parties will be relieved from all obligations arising from that provision. If the remainder of this Contract is capable of being performed, it will not be affected by such determination or finding and must be fully performed.

17. PERFORMANCE, DEFAULT, AND REMEDIES

A. PERFORMANCE. During the term of this Contract, the parties will monitor performance and address unresolved contract issues as follows:

1. *Notification.* The parties must promptly notify each other of any known dispute and work in good faith to resolve such dispute within a reasonable period of time. If necessary, Sourcewell and the Supplier will jointly develop a short briefing document that describes the issue(s), relevant impact, and positions of both parties.
2. *Escalation.* If parties are unable to resolve the issue in a timely manner, as specified above, either Sourcewell or Supplier may escalate the resolution of the issue to a higher level of management. The Supplier will have 30 calendar days to cure an outstanding issue.
3. *Performance while Dispute is Pending*. Notwithstanding the existence of a dispute, the Supplier must continue without delay to carry out all of its responsibilities under the Contract that are not affected by the dispute. If the Supplier fails to continue without delay to perform its responsibilities under the Contract, in the accomplishment of all undisputed work, the Supplier will bear any additional costs incurred by Sourcewell and/or its Participating Entities as a result of such failure to proceed.

B. DEFAULT AND REMEDIES. Either of the following constitutes cause to declare this Contract, or any Participating Entity order under this Contract, in default:

1. Nonperformance of contractual requirements, or
2. A material breach of any term or condition of this Contract.

DocuSign Envelope ID: 1331F762-6E3C-46F1-A731-9B02CE2B2915

The party claiming default must provide written notice of the default, with 30 calendar days to cure the default. Time allowed for cure will not diminish or eliminate any liability for liquidated or other damages. If the default remains after the opportunity for cure, the non-defaulting party may:

- Exercise any remedy provided by law or equity, or
- Terminate the Contract or any portion thereof, including any orders issued against the Contract.

18. INSURANCE

A. REQUIREMENTS. At its own expense, Supplier must maintain insurance policy(ies) in effect at all times during the performance of this Contract with insurance company(ies) licensed or authorized to do business in the State of Minnesota having an "AM BEST" rating of A- or better, with coverage and limits of insurance not less than the following:

1. *Workers' Compensation and Employer's Liability.*
Workers' Compensation: As required by any applicable law or regulation.
Employer's Liability Insurance: must be provided in amounts not less than listed below:

Minimum limits:
$500,000 each accident for bodily injury by accident
$500,000 policy limit for bodily injury by disease
$500,000 each employee for bodily injury by disease

2. *Commercial General Liability Insurance.* Supplier will maintain insurance covering its operations, with coverage on an occurrence basis, and must be subject to terms no less broad than the Insurance Services Office ("ISO") Commercial General Liability Form CG0001 (2001 or newer edition), or equivalent. At a minimum, coverage must include liability arising from premises, operations, bodily injury and property damage, independent contractors, products-completed operations including construction defect, contractual liability, blanket contractual liability, and personal injury and advertising injury. All required limits, terms and conditions of coverage must be maintained during the term of this Contract.

Minimum Limits:
$1,000,000 each occurrence Bodily Injury and Property Damage
$1,000,000 Personal and Advertising Injury
$2,000,000 aggregate for products liability-completed operations
$2,000,000 general aggregate

3. *Commercial Automobile Liability Insurance.* During the term of this Contract, Supplier will maintain insurance covering all owned, hired, and non-owned automobiles in limits of liability not less than indicated below. The coverage must be subject to terms

DocuSign Envelope ID: 1331F762-6E3C-46F1-A731-9B02CE2B2915

no less broad than ISO Business Auto Coverage Form CA 0001 (2010 edition or newer), or equivalent.

Minimum Limits:
$1,000,000 each accident, combined single limit

4. *Umbrella Insurance*. During the term of this Contract, Supplier will maintain umbrella coverage over Employer's Liability, Commercial General Liability, and Commercial Automobile.

Minimum Limits:
$2,000,000

5. *Professional/Technical, Errors and Omissions, and/or Miscellaneous Professional Liability*. During the term of this Contract, Supplier will maintain coverage for all claims the Supplier may become legally obligated to pay resulting from any actual or alleged negligent act, error, or omission related to Supplier's professional services required under this Contract.

Minimum Limits:
$2,000,000 per claim or event
$2,000,000 – annual aggregate

Failure of Supplier to maintain the required insurance will constitute a material breach entitling Sourcewell to immediately terminate this Contract for default.

B. CERTIFICATES OF INSURANCE. Prior to commencing under this Contract, Supplier must furnish to Sourcewell a certificate of insurance, as evidence of the insurance required under this Contract. Prior to expiration of the policy(ies), renewal certificates must be mailed to Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 or sent to the Sourcewell Supplier Development Administrator assigned to this Contract. The certificates must be signed by a person authorized by the insurer(s) to bind coverage on their behalf.

Failure to request certificates of insurance by Sourcewell, or failure of Supplier to provide certificates of insurance, in no way limits or relieves Supplier of its duties and responsibilities in this Contract.

C. ADDITIONAL INSURED ENDORSEMENT AND PRIMARY AND NON-CONTRIBUTORY INSURANCE CLAUSE. Supplier agrees to list Sourcewell and its Participating Entities, including their officers, agents, and employees, as an additional insured under the Supplier's commercial general liability insurance policy with respect to liability arising out of activities, "operations," or "work" performed by or on behalf of Supplier, and products and completed operations of Supplier. The policy provision(s) or endorsement(s) must further provide that coverage is primary and not excess over or contributory with any other valid, applicable, and collectible insurance or self-insurance in force for the additional insureds. A Participating Dealer may name a Participating Entity as an additional insured on a case-by-case basis.

DocuSign Envelope ID: 1331F762-6E3C-46F1-A731-9B02CE2B2915

D. WAIVER OF SUBROGATION. Supplier waives and must require (by endorsement or otherwise) all its insurers to waive subrogation rights against Sourcewell and other additional insureds for losses paid under the insurance policies required by this Contract or other insurance applicable to the Supplier or its subcontractors. The waiver must apply to all deductibles and/or self-insured retentions applicable to the required or any other insurance maintained by the Supplier or its subcontractors.

E. UMBRELLA/EXCESS LIABILITY/SELF-INSURED RETENTION. The limits required by this Contract can be met by either providing a primary policy or in combination with umbrella/excess liability policy(ies), or self-insured retention.

19. COMPLIANCE

A. LAWS AND REGULATIONS. All Equipment, Products, or Services provided under this Contract must comply fully with applicable federal laws and regulations, and with the laws in the states and provinces in which the Equipment, Products, or Services are sold.

B. LICENSES. Supplier's Participating Dealers must maintain a valid and current status on all required federal, state/provincial, and local licenses, bonds, and permits required for the operation of the business that the Supplier's Participating Dealer conducts with Sourcewell and Participating Entities.

20. BANKRUPTCY, DEBARMENT, OR SUSPENSION CERTIFICATION

Supplier certifies and warrants that it is not in bankruptcy or that it has previously disclosed in writing certain information to Sourcewell related to bankruptcy actions. If at any time during this Contract Supplier declares bankruptcy, Supplier must immediately notify Sourcewell in writing.

Supplier certifies and warrants that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Supplier certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this Contract. Supplier further warrants that it will provide immediate written notice to Sourcewell if this certification changes at any time.

21. PROVISIONS FOR NON-UNITED STATES FEDERAL ENTITY PROCUREMENTS UNDER UNITED STATES FEDERAL AWARDS OR OTHER AWARDS

Intentionally omitted.

DocuSign Envelope ID: 1331F762-6E3C-46F1-A731-9B02CE2B2915

22. CANCELLATION

Sourcewell or Supplier may cancel this Contract at any time, with or without cause, upon 60 days' written notice to the other party. However, Sourcewell may cancel this Contract immediately upon discovery of a material defect in any certification made in Supplier's Proposal. Cancellation of this Contract does not relieve either party of financial, product, or service obligations incurred or accrued prior to cancellation.

Table 2: Company Information and Financial Strength

Line Item	Question	Response *	

10	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	Caterpillar was founded in 1925 when two entrepreneurs merged their companies: Holt Manufacturing Company and C.L Best Tractor Company. The merger was a great success because the ethics of both men were focused on high quality products and the best customer support. The key to this satisfaction is two-fold: build the best products and empower our dealers to offer the best support. Through this combination, we are proud to prove that our products offer the best value to our customers regardless of where they are located. Caterpillar produced its first diesel engine in 1939. In 1953, Caterpillar created a division dedicated to the specific needs of a broad range of diesel engine customers, including power generation. In 2021, the Energy & Transportation segment including all Power Generation divisions contributed more than $20.2 Billion of revenue globally for Caterpillar Inc. with more than $7.6 Billion in North America alone. Since the founding, Caterpillar Inc. has retained the culture of focusing on customer needs and supporting products after the sale. Our company culture is keenly focused on customer satisfaction and every employee realizes that a customer's experience using the product will determine whether he or she will purchase another one. Caterpillar has a robust Code of Conduct that can be found at Caterpillar | Code of Conduct | Caterpillar Values in Action. Here is a quote from Jim Umpleby, Caterpillar Chief Executive Officer, summarizing this code and its significance in Caterpillar culture. "We are proud that the people on our team come from across the globe, with diverse backgrounds, experiences, and perspectives. This diverse culture and character make us stronger. What unites us within this diversity is a common set of Values; that we are not just accountable for the work we do; we also care deeply about how we do it. Our Code of Conduct defines those Values in action –what we stand for and how we conduct ourselves with our customers, suppliers and one another. Its purpose is not to provide a set of rules that covers every situation or challenge we may face, but to guide us in living those values every day. The Code of Conduct explains what Integrity, Excellence, Teamwork, Commitment and Sustainability mean to us and how we use these Values to make sound, ethical decisions. Our Code of Conduct is one of the most important documents we produce at Caterpillar. We can prove measurable advantages in total owning and operating costs as well as tangible benefits in terms of standard safety features, telematic information sharing, and many training, and application support services offered by our dealers.	*
11	What are your company's expectations in the event of an award?	Caterpillar is honored to have served Sourcewell and its members who have purchased Cat construction equipment, work-tools, and electrical power generation products through Sourcewell since 2008. Furthermore, we are proud to have earned the Sourcewell Legacy Award in 2019. Caterpillar is the top contributor to generator sales in our current Power Generation and Services contract 120617-CAT. Together with the Machine contract, we look forward to the opportunity to further grow business and serve member needs together in this new Power Generation contract. With average 20-30% growth over the past 5 years, we will be dedicated to continuing with this annual growth.	*

12	Demonstrate your financial strength and stability with meaningful data. This could include such items as financial statements, SEC filings, credit and bond ratings, letters of credit, and detailed reference letters. Upload supporting documents (as applicable) in the document upload section of your response.	Maintaining financial strength is a critical priority for Caterpillar. We receive debt ratings from the major credit rating agencies. Caterpillar is "mid-A" rated by S&P and Fitch and has a "low-A" rating with a positive outlook from Moody's. Maintaining our "mid-A" credit rating is critical to our cash deployment priorities. Due to our prudent focus on financial strength, on a comparative basis Caterpillar has generally demonstrated higher profitability, lower leverage, and better liquidity than our competitor peer group. Our liquidity position is extremely strong with typically the highest percentage of cash as a percent of total assets on the balance sheet vs our competitors. Please see 2021 Investor Presentation which provides additional details about our financial position. The full text of the SEC filing documents can be found on our public website: https://investors.caterpillar.com/financials/sec-filings/default.aspx. In 2021 full year sales and revenues were $50.971B. Enterprise operating cash Flow was $7.2B. During the year, the company paid dividends of $2.33B and repurchased $2.67B of Caterpillar common stock. Liquidity remained strong with an enterprise cash balance of $9.25B at the end of 2021. After paying uninterrupted rising annual dividends for more than two decades, Caterpillar, Inc. (NYSE:CAT) reached the 27th consecutive year mark for inclusion in the elite group of companies designated as Dividend Aristocrats. In addition to a minimum of 25 consecutive years of dividend hikes, a company must be a component of the S&P 500 index and and must have a market capitalization of at least $3B to qualify as a Dividend Aristocrat.	*
13	What is your US market share for the solutions that you are proposing?	Market share information beyond what is made publicly available through our annual reports is considered confidential. Market share data is not readily available within the industry. There are not many manufacturers offering products for the US and Canada that meet the required regulations. Caterpillar is a significant contributor to the overall Power Generation sector within the US and Canada.	*
14	What is your Canadian market share for the solutions that you are proposing?	Market share information beyond what is made publicly available through our annual reports is considered confidential. Market share data is not readily available within the industry. There are not many manufacturers offering products for the US and Canada that meet the required regulations. Caterpillar is a significant contributor to the overall Power Generation sector within the US and Canada.	*
15	Has your business ever petitioned for bankruptcy protection? If so, explain in detail.	No, Caterpillar has never filed for bankruptcy.	*
16	How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization. a) If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned? b) If your company is best described as a manufacturer or service provider, describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?	Caterpillar is a world class manufacturer which distributes products through a vast and capable dealer network. Our dealers are strong independent companies and in North America alone they have a combined net worth of billions of dollars. Their large valuation is a competitive advantage because it allows them to have the infrastructure to support customers regardless of location, industry, fleet size, or application. We believe our dealers have the largest amount of service parts available in their inventory. Another advantage of independently owned dealers is that they know their customers and market well. They tailor their services specifically to their customers' needs. Caterpillar and each dealer have signed a sales and service agreement that outlines the specific expectations from both parties. In a broad overview, Caterpillar manufactures products and sells them to our dealers. The dealers then sell those products to customers. Caterpillar does not sell directly to state and local governments. Though we will sign this contract as a manufacturer, our dealers will be given the opportunity to avail themselves of the opportunity presented by the contract and will execute all the transactions with governmental customers as they do today. This includes but is not limited to consultation, quoting, accepting payment, delivery, warranty support, parts sales, and service. This is no different than sales occurring out the terms of this agreement. Caterpillar dealers heartily embrace the other Sourcewell contracts currently available to them (032119-CAT, 120617-CAT and 062320-CAT). They have all been trained on contract usage. In fact, the current Electric Power contract is leveraged by at least 75% of our dealers in North America. Caterpillar offers specific discounts to Sourcewell members. By using any Sourcewell Contract, our dealers agree to honor those discounts.	*
17	If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.	Caterpillar and its subsidiaries operate across the globe in a variety of markets that require Caterpillar to adhere to all locally mandated laws and regulations in order to do business. With regards to the territories covered by this RFP, Caterpillar will comply with applicable laws in order to do business in the territories described herein.	*

18	Provide all “Suspension or Debarment” information that has applied to your organization during the past ten years.	Caterpillar has not been suspended or disbarred in trading history.	*

Table 3: Industry Recognition & Marketplace Success

Line Item	Question	Response *	
19	Describe any relevant industry awards or recognition that your company has received in the past five years	Please note: To list all the awards received in the past 5 years would unnecessarily lengthen our response. For brevity, we are highlighting some recognition received in 2020, 2021 and 2022. Also note there are many global awards. Fortune Magazine #78 on the Fortune 500 2021 Fortune Magazine World's Most Admired Companies World & North America Dow Jones Sustainability Index Forbes Best Employers for diversity 2020 and 2021 #82 Best Global Brands- Interbrand 2021 The Wall Street Journal Best Managed Companies in 2020 and 2021 The Wall Street Journal World's Most Sustainably Managed Companies Human Rights Campaign Foundation Corporate Equality Index Dow Jones Sustainability Index (World and North America) 21 years World’s Most Sustainably Managed Companies – The Wall Street Journal United Way World Wide’s Global Corporate Leadership Program U.S. President’s Volunteer Service Award from Junior Achievement Corporate Equality Index – Human Rights Campaign Foundation CSR China Top 100 – the 4th CSR China Education Award (China) China CSR Excellence Award – China Philanthropy Times (China) Corporate Social Responsibility Research Center of Southern Weekly (China) Outstanding Contribution to Poverty Alleviation – China Foundation for Poverty Alleviation (China) 2020 Global 500 – Fortune Magazine America’s Most Responsible Companies 2020, 2021 & 2022 – Newsweek Best-Managed Companies of 2020 & 2021 – The Wall Street Journal Top Companies for Customer Satisfaction – The Wall Street Journal The CEO Leaderboard: COVID-19 Reputation Rankings – SJR All-America Executive Team – Institutional Investor Top 150 Global Licensors – Global License Best Global Brands Top 100 – Interbrand World’s Most Valuable Brands 2020 – Forbes 2020 Best Places to Work for Disability Inclusion – Disability Equality Index World’s Best Employers 2020 – Forbes Best Employers for Women 2020 – Forbes America’s Best Employers by State 2020 – Forbes America's Best Employers for Diversity 2020 – Forbes Best Employers for New Grads 2020 – Forbes Global 2000 – Forbes 2020, 2021 & 2022 Best Employers for Veterans 2020 and 2021– Forbes Top Veteran-Friendly Company – U.S. Veterans Magazine #1 Great Place to Work – Great Place to Work Institute (Brazil) #1 Great Place to Work in the Ag Business - Great Place to Work Institute (Brazil) Chile’s 20 Best Places in 2020 to Work for LGBTQ Equality, pwc Human Rights Campaign Top of Mind Company “Industry category” (Piracicaba, Brazil) Certification on Promoting Work-Life Balance in Hyogo Prefecture – Hyogo Work and Life Center (Japan) Hyogo’s Women’s Success in Business Promotion Company – Hyogo Women Empowerment & Promotion Center (Japan) Hanada Award for WIN Akashi – Hyogo Women and Future Association (Japan) Hyogo Childcare Supporting Company Award (Japan) Science & Technology Industry Summit: Outstanding Contribution – The Economic Observer (China) 2020 China Good Companies: Industry Leadership – Jiemian.com (China) Cat® G3520 Fast-Response, Natural Gas Generator Set Earns Gold Award in Consulting-Specifying Engineer’s 2021 Product of the Year Competition	*
20	What percentage of your sales are to the governmental sector in the past three years	The governmental and educational sector is extremely important to Caterpillar. We do not track government and education separately. However, it is safe to assume that the bulk of these sales is to state, county, municipal and special districts. We have a dedicated team to ensure success in this market. Overall, the percentage of our sales to non-federal government agencies varies between 7% and 15%.	*

21	What percentage of your sales are to the education sector in the past three years	The governmental and educational sector is extremely important to Caterpillar. We do not track government and education separately. However, it is safe to assume that the bulk of these sales is to state, county, municipal and special districts. We have a dedicated team to ensure success in this market. Overall, the percentage of our sales to non-federal government agencies varies between 7% and 15%.	*
22	List any state, provincial, or cooperative purchasing contracts that you hold. What is the annual sales volume for each of these contracts over the past three years?	Cat dealers typically hold contracts with states and provinces. Additionally, we are contract holders with OMNIA. Just as we would never share Sourcewell transaction information with other cooperatives, we feel it is inappropriate to share volumes with those contracts.	*
23	List any GSA contracts or Standing Offers and Supply Arrangements (SOSA) that you hold. What is the annual sales volume for each of these contracts over the past three years?	Listed below are the current Power Generation GSA contracts that Caterpillar holds: SIN 335999 Power Distribution Equipment: 2020=$736,134 2021=$1,353,905 2022 = as of today $285,951 Contract Number: GS07F5666R (Future sales will be under new contract: GS30F0018U)	*

Table 4: References/Testimonials

Line Item 24. Supply reference information from three customers who are eligible to be Sourcewell participating entities.

Entity Name *	Contact Name *	Phone Number *	
City of Ogden	Monica Kapp	801-430-2308	*
United Water Conservation District	Chris Hendricks	805-415-1554	*
Renewable Water Resources	Brent Rhymer	864-299-4000	*

Table 5: Top Five Government or Education Customers

Line Item 25. Provide a list of your top five government, education, or non-profit customers (entity name is optional), including entity type, the state or province the entity is located in, scope of the project(s), size of transaction(s), and dollar volumes from the past three years.

Entity Name	Entity Type *	State / Province *	Scope of Work *	Size of Transactions *	Dollar Volume Past Three Years *	
City of Charlotte	Government	North Carolina - NC	A city local to North Carolina	Purchased 16 units (specific to EP products)	$2,545,112	*
Manatee County	Government	Florida - FL	A county local to Florida	Purchased 9 units (specific to EP products)	$1,463,479	*
Bonita Springs Utilities	Government	Florida - FL	A city local to Florida	Purchased 2 units (specific to EP products)	$1,388,444	*
University of Florida	Government	Florida - FL	College in Gainesville, Florida	Purchased 3 units (specific to EP products)	$1,199,583	*
City of Raleigh Public Utilities	Government	North Carolina - NC	Water and sanitary sewer services	Purchased one unit (specific to EP products)	$1,034,177	*

Table 6: Ability to Sell and Deliver Service

Describe your company's capability to meet the needs of Sourcewell participating entities across the US and Canada, as applicable. Your response should address in detail at least the following areas: locations of your network of sales and service providers, the number of workers (full-time equivalents) involved in each sector, whether these workers are your direct employees (or employees of a third party), and any overlap between the sales and service functions.

Line Item	Question	Response *	

26	Sales force.	The Cat dealer salesforce is the most capable and highly trained in the industry. The Cat dealer salespeople are consultants to their customers and advise their customers on the best solutions for their application and job. As a manufacturer we request our dealers to follow strict training protocols to ensure our sales force remains current on all product updates. Specifically, as it relates to governmental sales, each dealer has one or more people named to be a key liaison between us as manufacturer and their dealer sales team. This person is offered additional in-depth training on Sourcewell and ensures that all contract terms are followed. In addition, dealers also have electric power specialists located in house to work with customers on all aspects of their power generation business. In North America, our dealers employ more than 53,000 people across the machine, energy, parts and service divisions. The dealer sales teams are supported by a network of Caterpillar professionals. Each dealer has in territory support of 5-8 Caterpillar sales/marketing employees. It is the responsibility of these people to ensure that the dealer and Caterpillar are working well together to constantly improve and to adapt to marketplace changes. Beyond the territory experts, the sales and marketing department at Caterpillar is staffed by more than 600 people whose mission is to focus on customer satisfaction. Even more are employed "behind-the-scenes" to ensure industry leading product design, up to date product information, and maintaining the ease of doing business in an increasingly connected marketplace.	*
27	Dealer network or other distribution methods.	The Cat dealer network is key to the success of our company. Within Canada and the United States, we have more than 800 dealer owned locations that sell and rent equipment. Please refer to our directory listing of Cat dealer locations and locations map in the attached “Cat Dealer Directory”. Cat dealers are independently owned and many cover an entire state or province. In some cases, dealers cross state/provincial boundaries, and in other cases, more than one dealer will be located in a state). Each dealer has multiple branches and a mobile service fleet that can serve customers regardless of location. These are full physical locations our governmental customers can use. Because of the size of Cat dealers, they are exceptionally capable to serve governmental customers and customers in the governmental industry. Dealers have trained specialists that cover many industries. Many of our dealer sales reps sell more than 50% of their sales through Sourcewell. To support these dealers and specialists in the field, Caterpillar has an electric power division with 30+ dedicated electric power territory managers dedicated to training and focused on the electric power industry. To help with Sourcewell sales, we have a dedicated sales rep, Nicole Warnstedt, who is expert on co-operative purchasing for the power generation group as well as an intern to assist with day to day tasks. Caterpillar also pulls together the electric power specialists into a Dealer Advisory group to have a continuous feedback loop on industry trends and to collaborate on future new product introductions. Collectively, Cat dealers' large net worth permits them to stock a high volume of replacement parts - allowing governmental customers the fastest turnaround on parts availability and repair time. Cat dealers recognize the importance of governmental business to their overall success and their product support sales reps are well versed in working with government entities. Please refer to the Cat dealer locations list and map included in "Additional Documents".	*

28	Service force.	At Caterpillar we are very proud of the saying "The sales department sells the first machine; the service department sells every one after that." The Cat dealer network in North America collectively employs more than 20,000 factory trained technicians, parts experts, product support managers and other service-oriented staff. These people are supported by the best repair shop equipment and materials. As machines and engines are constantly updated, so too are our service experts. We conduct product-specific training every week of the year. Technician shortage is an industry-wide concern, but because Cat dealers are large, long established companies, they can offer strong compensation and benefit packages that encourage the best people to seek employment and to retain them once hired. Caterpillar works very closely with dealers and through a program called "Think Big", we are able to keep the pipeline of high quality employees full. In addition to the technicians and mechanics that work on the generators directly, each dealer has a service support staff that includes customer-facing consultants who are responsible for working with customers to set up maintenance and repair schedules to ensure the best possible up-time. Collectively, service support staff makes up the bulk of each dealers' staff. Roughly half of their personnel investment goes to ensuring customer success via product support. The dealer service teams are supported by a network of Caterpillar professionals. Each dealer has in territory support of 5-8 Caterpillar parts/service employees. It is the responsibility of these people to ensure that the dealer and Caterpillar are working well together to constantly improve and to adapt to marketplace changes. Beyond the territory experts, the service and support groups at Caterpillar are staffed by thousands of people whose mission is to focus on post-sale customer satisfaction. Even more are employed "behind-the-scenes" to ensure technical literature is up to date, service standards are adhere to and repair questions are answered quickly. Historically, we have exceeded our 95% 2-hour response rate target in responding to dealer service inquiries.	*
29	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	Our simple order process has been and will continue to be well appreciated by Sourcewell and Sourcewell members: 1) When a member decides to purchase a new Cat Generator, they include the contract number and their Sourcewell member number on the Purchase Order they issue to the Cat dealer. 2) The Cat dealer then accepts the PO, issues the invoice, accepts payment and delivers the generator. 3) After the generator has been delivered, the dealer, as part of their normal process, includes the member number when filing their sales claims with Caterpillar. 4) At month end, Caterpillar aggregates these reports and sends the sales information quarterly to Sourcewell along with the administrative fee. IMPORTANT NOTE: Should a member wish to include additional terms and conditions to this contract, or to otherwise request a Participating Addendum, that agreement / PA should be executed between the member and Cat dealer directly.	*

30	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	We are proud that our reputation stands on having the best customer support in the industry. In fact, our capabilities are industry leading. Should a customer ever have a problem or issue with a generator, their Cat dealer is empowered to resolve that issue locally. If the problem is a result of a defect in material or workmanship, Caterpillar has a standard warranty to address. Every Cat dealer has a common detailed service process in place. Caterpillar supports and verifies that all the dealer service technicians are supplied with the tools and equipment needed to repair all Cat products. With an abundance of Caterpillar Network service locations (over 468 locations) including an estimated sales and service team of 53,000, 8,000 service bays, and 8,500 field service trucks, our highly skilled/trained Caterpillar dealer technicians are in close proximity to Sourcewell customers within the US and Canada. The Caterpillar network provides unmatched service capabilities to meet customer servicing requirements. Technicians have access to an electronic library of technical information including Service Letters, Technical Information Bulletins, System Operations, Troubleshooting and Disassembly and Assembly manuals. These manuals are provided for every Cat product. Each dealer also has one or more "Technical Communicators" who are dedicated to supporting the service technicians by acting as a liaison between the shop personnel and Caterpillar. The service technicians also have a dealer support network (DSN) system with direct access to Caterpillar's Service Engineers. Caterpillar responds to more than 95% of all high priority tickets within one hour. Depending on a customer's needs, they may choose to handle service issues themselves, in conjunction with their dealer, or they may ask their dealer to handle them entirely. To meet the varying desires of each customer, Caterpillar offers a wide range of service programs: -Cat Inspect -Condition Monitoring -Customer Support Agreements -S-O-S Services (fluid analysis)	*
31	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	We are happy to serve all geographic areas and all Sourcewell member sectors with in the United States with our complete product and service offerings. Caterpillar has successfully utilized Sourcewell to sell generators in all states.	*
32	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	We are happy to serve all geographic areas and all Sourcewell member sectors within Canada with our complete product and service offerings. In fact, we see the Canadian market as a significant growth opportunity for Sourcewell use and are actively encouraging its use. Caterpillar currently has Canada Sourcewell growth in our Canada Dealer's 2023 Growth Plans. We have gained momentum with our current contract 120617-CAT in Canada.	*
33	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	We are happy to serve all geographic areas of the United States and Canada.	*
34	Identify any Sourcewell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	We are happy to serve all Sourcewell Member sectors within the United States and Canada with our complete product and service offering through Sourcewell. Caterpillar's cooperative purchasing contracts are non-exclusive; i.e. none of them restrict Caterpillar from promoting any other cooperative purchasing contracts.	*
35	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	There are no restrictions or limitations for sales to members in Hawaii, Alaska or U.S. Territories.	*

Table 7: Marketing Plan

Line Item	Question	Response *	

36	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	Caterpillar is committed to cooperating with Sourcewell to fully and continually train our 53,000+ management and sales staff within the dealer network to ensure maximum awareness and embracement of our Sourcewell contract. To show our commitment, we have engaged to deploy the proven ability of the Government Solutions Team, LLC (GST) of Lebanon, Tennessee to train and further support our sales management and dealer network in the event of a contract award in this RFP process. GST's extensive knowledge and understanding of the Sourcewell statues, history and processes will be our continual priority in the support and education of our distribution channel. GST builds Sourcewell awareness and enthusiasm within our dealer network. Consistent remote and on-site dealer training at regional and national dealer meetings will continue to lead to exemplary sales growth of our proposed Sourcewell contract. GST also staffs a Dealer Support Specialist who is dedicated to assisting sales reps with their questions and needs. Caterpillar is also listed as a strategic supplier partner for National Cooperative Purchasing Partners (NCPP), the professional association for cooperative procurement. Documentation and training regarding Sourcewell projects are available on our internal dealer website. Caterpillar also does onsite and virtual training for dealers to educate and drive Sourcewell growth. Our current marketing strategy with Sourcewell contract 120617-CAT proves to be effective with year-over-year sales growth. Since inception of Caterpillar's Sourcewell contracts, 3,015 Caterpillar generators have been sold leveraging the Sourcewell contract. Should we be fortunate enough to be awarded a contract for Energy Generation in response to RFP #092222, we will proudly announce the award publicly through our multiple customer-facing touchpoints to include but not limited to: 1) Press Release 2) Announcement in monthly Electric Power customer e-newsletter: 3) Feature on cat.com cooperative purchasing focused webpage: https://www.cat.com/en_US/articles/electric-power/sourcewell-cooperative-purchasing.html 4) Announcement on Cat Electric Power social media channels (FB, LinkedIn, Twitter) 5) Sourcewell promotion at industry events we attend where the audience includes non-profits and government within the SLED market including schools, landfill, and water/sewer treatment applications. Examples of 2022 events where GST representatives attended in support of Caterpillar and Sourcewell included American Public Works Association (PWX), Wastecon, WasteExpo, Water Environment Federation's Technical Exhibition and Conference (WEFTEC), Government Fleet Expo (GFX), National Institute of Government Procurement (NIGP), California Association of Public Procurement Officials (CAPPO), National Association of County Engineers (NACE) and American Public Works Association (APWA) Snow Conference. 6) Update promotional literature 7) Dealer awareness promotional events	*
37	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	Caterpillar and the Cat dealer network are leaders in using emerging technologies to reach our customers. We manage several social media platforms and can target governmental segments. We also look at past purchase history and financing information to recognize in advance when customers may be considering replacing machines they own. Caterpillar has teams of people who handle leads from Cat.com to grow and enhance online presence. Cat Electric Power has an online portal that has ability for customers to size a unit and view inventory. Our dealers have resources for lead generation from third party databases to understand which opportunities are coming in the governmental and non-profit section. Our dealers utilize these resources plus Caterpillar Inc. resources to focus and drive and understand pipeline of opportunity that we can promote the Sourcewell solution through.	*
38	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	Sourcewell is a well-respected contracting agency within the public procurement industry. It is important, in the event of an award, that our products and logos be included in Sourcewell marketing and website. We believe that the most important role that Soucewell can play in marketing our contract and products, is to market themselves and promote contract purchasing across the industry. In the event of an award, Caterpillar will put high priority in building awareness and enthusiasm within our dealer network and customer base to leverage the Sourcewell contract as our go to market strategy.	*

39	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	We do offer a e-procurement ordering process for parts via parts.cat.com. We can also integrate into a variety of procurement systems for high volume customers. We enable customers to size and configure our less complex products, view available inventory, and engage dealers online at power.cat.com. Our larger products are complex and often custom-configured. A consultative salesperson is integral to ensuring that generator sets are configured and built to perform well in their expected duties. For this reason, we only include our less complex products online. We encourage our independent dealers to offer options beyond those from Caterpillar. Sourcewell members are free to use those options.	*

Table 8: Value-Added Attributes

Line Item	Question	Response *	
40	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcewell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	All dealers offer basic operation, safety, and maintenance training with every sale. All Caterpillar operation and maintenance manuals provided with our equipment have instructions for safe operation of our equipment. Should a customer desire more advanced training, such as productivity improvement or advanced repairs, each of our dealers can supply that training. Often there is a cost associated with that specific training and if would be negotiated between the dealer and the customer. Caterpillar also offers training programs directly to customers in three areas - operation, safety, and service. Members may access courses online, via CD's, or through instructor-led classes leading to operator certifications. The fees for these services vary depending on the depth of training desired. These high-level instruct-led courses can be conducted at one of our dedicated training facilities in the US or on a customer's local site using their own equipment.	*

41	Describe any technological advances that your proposed products or services offer.	Technology is a key product differentiator for Caterpillar. To describe each of them in detail would expand the length of this response beyond a reasonable level. For brevity, key technologies specific to products in this RFP are listed below. More details are available on our product pages on www.cat.com. 1. Cat Remote Asset Monitoring and telematics are available on every generator. Generators smaller than C32 come equipped with Product Link devices which allow ease of setup for monitoring. This allows customers and dealers to monitor generator health and operation with the intent of early issue detection. Through our proprietary fleet monitoring software, we are leaders in using technology to prevent unexpected downtime. 2. Caterpillar has invested in controller technology for generators, offering our EMCP 4.4 control panel for most generator offerings. This controller has an easy-to-use interface and allows for paralleling of multiple units, creating redundancies and allowing customers even more protection against outages. 3. Caterpillar equips every Tier 4 Interim/Stage IIIB engine with ACERT™ technology with an ideal combination of electronic, fuel, air and aftertreatment components, based on engine size, the type of application and the geographic location in which it will work. Applying technologies systematically and strategically optimizes them to meet our customers' high expectations for productivity, fuel efficiency, reliability, and service life. The right technology fine-tuned for the right application results in improved fuel efficiency, boosted power and performance across applications, no additional space requirements, and reduced emissions with up to 90 percent reduction in particulate matter (pm) and 50 percent reduction in oxides of nitrogen (NOx). 4. As the global climate changes, more companies are turning to sustainable solutions to help lower their carbon footprint. Renewable hydrogen and hydrogen blends are among several alternative fuels customers are considering achieving their sustainability goals. Leveraging 35 years of expertise in hydrogen technologies across multiple end markets, Caterpillar continues to improve the performance of hydrogen-fueled power technologies with minimal impacts on maintenance costs and schedules, availability, and operations. 5. Caterpillar offers a full range of Cat® Microgrid projects from 10kW to 100MW through our global dealer network. The projects would include an integrated or standalone solution using solar, energy storage and/or diesel/gas generator sets. We can also offer monitoring services for our projects. The solutions are all module and scalable. Our CAT dealers can offer product upgrades, financing services, warranties, service agreements, and parts availability. We will customize our microgrid technologies to meet your business and industry needs. 6. In 2022, Caterpillar acquired Tangent Energy Solutions, an Energy-as-a-service company. Tangent provides customers with turnkey solutions for reducing energy costs, increasing energy efficiency, reducing emissions, monetizing electric grid support and providing resiliency for customer operations. Tangent Energy's proprietary software solutions monitor patterns from grid and client facilities, analyze opportunities in energy markets, and then dispatch resources to maximize return without disrupting normal business operations.	*
42	Describe any "green" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	At Caterpillar, sustainability is an important commitment to building a better world. Sustainability is part of who we are and what we do every day - it is one of Caterpillar's core values. We recognize progress involves a balance of environmental stewardship, social responsibility, and economic growth. We consider this as we work toward a vision of a world in which people's basic needs - such as shelter, clean water, education, and reliable energy - are fulfilled. We provide work environments, products, services, and solutions that make productive and efficient use of resources as we strive to achieve our vision. We believe this commitment supports the enduring the success of our customers, stockholders, dealers, and our people. Caterpillar is a proud 20-year member of the Dow Jones Sustainability Indices, including both the World and North America Indices. The annuals DJSI process follows a best-in-class approach, evaluating numerous corporate economic, environmental, and social performance factors. For more on sustainability at Caterpillar, please visit our 2021 Sustainability Report found at Caterpillar | 2021 Sustainability Report. Caterpillar has recently acquired Tangent Energy Solutions. Tangent is an energy-as-a-service company that provides expertise to customers in structuring and developing projects that monetize their power generation assets. This capability increases a customer's financial rationale for new installations and, at the same time, increases power reliability and supports their ESG (Environmental, Social and Governance) initiatives. This investment increases our ability to participate in the growing utility sector and sell more electric power products. Electrification and Decarbonization are major growing trends in our energy space. Tangent can help with the reliability of power that customers are looking for while simplifying the power systems as we move forward through this Energy Transition	*

43	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	Plants certified with IDO 14001:2004 Environmental Management System include: 1) Anchor Coupling - Goldsboro NC, ISO 14001:2004- Sept 2018 2) Anchor Coupling - Menominee - ISO 14001: 2015 - Jan. 2021 3) Mapleton - 14001:2004 self-certification issued Jan 2013 4) Reman Services - Corinth MS - ISO 14001-2015- Sept. 2021 5) Reman Services - Franklin - ISO 14001:2004-May 2017 Certifications specific to EP product manufacturing: 1) Lafayette, IN – ISO 9001: 2015- Nov 2020 2) Griffin, GA – ISO 9001:2015 – Feb 2021 3) Seguin, TX- ISO 9001:2015	*
44	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	Two CAT dealers in NA are owned by women: Foley Equipment, with territory primarily in Kansas and Missouri; and Cashman Equipment based in Nevada. In addition to these two owners, there are 31 other women in our NA dealer network who hold the titles of President, Vice President or Director. One of the more recognized initiatives within Caterpillar's Global Supply Network Division is the Caterpillar Inc. Proprietary Information Supplier Diversity Program which spurs economic growth by increasing business opportunities to minority-owned, women-owned, veteran and service disabled veteran-owned, small disadvantaged businesses and those certified in HUBZones, all while ensuring expectations are met with regards to quality, velocity, capacity, and cost. Currently more than 37% of our direct and indirect purchasing is conducted with suppliers in these categories. Caterpillar is a proud member of the National Minority Supplier Development Council (NMSDC). We also use the System for Aware Management (SAM), SBA, and NMSDC databases to locate SDB, VOSB, SDVOSB and HUBZone suppliers. Supplier Diversity is discussed with Global Supply Network Division leadership during the Monthly Operating Results Review meetings. This in turn forces accountability for divers supplier inclusion by measuring drivers, such as the number of sourcing projects, which include Divers Suppliers and the values of the projects in which they participate. The goal is to create greater transparency to determine which teams are creating inclusive environments and which are not. A full report on Caterpillar Diversity and Inclusion can be found at Caterpillar | Caterpillar 2021 Diversity & Inclusion Report Highlights Progress with Growth in Diverse Populations.	*

45	What unique attributes does your company, your products, or your services offer to Sourcewell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities?	BEST OVERALL VALUE / LOWEST LIFE CYCLE COST: CAT products deliver the best value for the money. We are happy to demonstrate to customers that our generators offer the lowest overall owning and operating costs when factors such as fuel efficiency, repair frequency, productivity, and resale value are factored in. We believe that government agencies are tasked to be the best stewards of taxpayer funds and our products can prove that they are the best solution. Sourcewell members are in the best position to allow these discussions to take place in contrast to a local bid situation where the focus is often only on initial price. EXTENDED SERVICE COVERAGE To show the value that we place on this proposed contract, we will continue to offer a complimentary Gold and Platinum Extended Service Coverage on most models when purchased through the Sourcewell contract. Details on these offerings can be found in flyers included in Attachments. CAT SAFETY SERVICES / SAFETY FEATURES: In addition to the tangible, measurable aspects of the life cycle cost equation, we also bring our focus on safety to every product that we manufacture. Quantifying a human life or debilitating injury is impossible, but each generator has industry-leading features that strive to minimize the possibility for accidents. Some examples include: - UL2200 Certified – all units include guards over rotating compartments, safety shutdowns and alarms, and grounded wiring installations among many other safety features - Emergency Stop Button - Enclosures are lockable to allow human contact to be avoided - XQ Product has separated control panel to allow a member to not have to go in enclosure to make generator adjustments - XQ also has cover over customer connections and circuit breaker trips when opened. - NFPA 110 – Level 1 Life Safety saves lives of people who are in hospitals, nursing homes, etc. by requiring startup in X seconds. - IBC – certified against earthquakes All certifications on our products are listed here: AS1359, CSA C22.2 No100-04, UL142, UL489, UL869, UL2200, NFPA37, NFPA70, NFPA99, NFPA110, IBC, IEC60034-1, ISO3046, ISO8528, NEMA MG1-22, NEMA MG1-33, 2006/95/EC, 2006/42/EC, 2004/108/EC. Caterpillar Safety Services offers culture, jobsite and leadership assessments; safety and leadership training workshops; and a comprehensive continuous improvement process through consultative services. Services are facilitated by Safety Services consultants and training products can be purchased for self-implementation. Details on products and services are available at www.cat.com/safety. DEALERSHIP ATTRIBUTES: Back up power is a critical asset of many Sourcewell members. Caterpillar dealers bring a unique solution to provide second to none service to our customers. Unlike competitors, our dealers own their own rental fleet and make available as needed. Even with stationary products, we have options to provide back up rentals to best serve Sourcewell's members when emergencies occur. Our vast dealer network with 800 locations is positioned to service both urban and rural areas throughout the US and Canada. PRODUCT ATTRIBUTES: Over the last five years, Caterpillar has invested in a product that is lower capex cost for the public and non-profit industry sector. This new line of generators, our GC models, involved a redesign of 15 of our current generator offerings, which created an average cost reduction of 10-15%. The cost savings is driven by offering fewer options on these models without sacrificing Caterpillar quality.	*

Table 9: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *	
46	Do your warranties cover all products, parts, and labor?	Yes. Caterpillar has the most extensive warranty coverage in the industry. We cover all products, parts and labor with fewer exclusions than our competitors. Please see our "EP Warranty Statement SELF5731-01."	*
47	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	We are pleased to say that our warranties cover defects in material and workmanship for the time specified in the policy when the equipment is used as per design intent.	*
48	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	Caterpillar warranties cover the cost of replacement parts and the labor to install them. They sometimes cover travel time and mileage. Dealer territories vary considerably from state to state as do their policies about travel time and mileage during the warranty period.	*
49	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	We have no geography restrictions on warranty repairs. One of our key differentiating strengths is our ability to service equipment regardless of where it is located.	*
50	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	Warranty service for generator ordered from a Caterpillar facility are generally provided by Caterpillar and performed by Cat dealers. Some items, such as battery chargers, are covered under their manufacturers' warranties	*
51	What are your proposed exchange and return programs and policies?	We warrant that upon delivery our products will be free from defects in material and workmanship and will operate as intended. If they are not, we will make any necessary corrections.	*
52	Describe any service contract options for the items included in your proposal.	We have a large variety of service contract options which can all be customized according to customer needs and at least equal to local competition. More solutions are available and we encourage members and dealers to explore all options. Customer Value Agreements (CVA's): A member may choose to enter an agreement with their Cat dealer to perform routine maintenance and/or repairs. These contracts are customizable based on member's situational and local needs, including some standard options as well. For instance, all units under 1250kW have standard parts kits available. Examples of options that can be included in a CVA are: 1. Condition Monitoring 2. Load Bank Testing 3. Extended Service Coverages CVA's are a useful tool for members to better manage their budget. Most CVA's are bundled at the time of purchase; however, they may be added at any time.	*

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *	
53	Describe your payment terms and accepted payment methods.	Cat dealers are independently owned businesses. As such their payment terms vary, but all will be agreed upon at the PO level.	*
54	Describe any leasing or financing options available for use by educational or governmental entities.	Caterpillar's wholly owned subsidiary, Caterpillar Financial offers Sourcewell members leasing and finance products at below market interest rates. The total interest charged is normally less than the total cost of issuing a bond. Often these leasing/financing options may not require voter approval as with bond issuance. These products also let Sourcewell members cancel their contracts without penalty (on the last day of the appropriations period) if funding is not approved for the following year. Lending terms and conditions are transparent to all Sourcewell members upon quotation.	*
55	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	Cat dealers are independently owned businesses. As such their standard transaction documents will vary.	*
56	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	Because Cat dealers will be receiving payments directly from members, accepting P-card procurement will be at their discretion. Many dealers do accept this method without additional fees. Some have limitations on the amount that can be processed.	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *	
57	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	Our pricing model is simple. We offer a deep discount off the current generator list prices to all Sourcwell members. Overall pricing from published list price is discounted up to 40% with an average of 27% overall. Specific discounts apply to each diesel or natural gas platform product line. Services, used products, rental agreements, and microgrid solutions are also included at different discounting levels. We have provided reference pricing in the document entitled "Caterpillar Gen Disc List RFP August 2022."	*
58	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	The discounts are off of the current generator list prices. Our discount ranges varies between 10 - 40% off of the list price depending on the product family.	*
59	Describe any quantity or volume discounts or rebate programs that you offer.	Our dealers are empowered to consider purchase order volume, repeat purchases, member responsiveness, etc. They may offer members additional discounts and /or services at their discretion.	*
60	Propose a method of facilitating “sourced” products or related services, which may be referred to as “open market” items or “nonstandard options”. For example, you may supply such items “at cost” or “at cost plus a percentage,” or you may supply a quote for each such request.	Sourced goods / Open Market Items are available to members from our Cat dealers. The prices for these good or services will represent fair marketing value and will be determined between the member and the selling dealer. We encourage our dealers and members to use this option as it facilitates complimentary products and streamlines the procurement process. Customers and dealers are responsible for including their Sourcewell contract number and member numbers on all documentation related to these purchases. Caterpillar Inc. is not a party to these sales and is exempted from including them in quarterly reports. For audits, inclusion of a customer's Sourcewell member number on the PO and/or invoice shall be deemed sufficient.	*
61	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Generators are unique in their requirements, and often require specialized startup/installation which can be determined with the dealer at the PO level. When a dealer issues a quote for a generator, any additional costs will be itemized separately and are not subject to the Sourcewell discount.	*
62	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	There is no additional cost to members who choose to pick up their generator from the Cat dealer. Freight and delivery charges will be determined and assessed at each project.	*
63	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Just as for members in the 48 contiguous states, there is no additional cost to members who choose to pick up their generator from their Cat dealer. Freight and delivery charges will be determined and assessed at each project.	*
64	Describe any unique distribution and/or delivery methods or options offered in your proposal.	Generators are large purchases and if there are unique member requirements our dealers will be happy to discuss on a case by case basis.	*

Table 12: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
65	c. better than the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	This proposed contract is priced to be our go-to-market strategy across the US and Canada. We have included a complimentary extended warranty for most models when purchased through our proposed Sourcewell contract.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *	
66	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	We plan to continue our very robust process to ensure reporting speed, accuracy, and contract compliance. Caterpillar and our Cat dealers have very close and trusting relationships. Our dealers are long-established, and the current process (under contract #120617-CAT) is working well. The Caterpillar Dealer Network will receive additional discounts from Caterpillar to help reach Sourcewell members purchasing prices per the Sourcewell contract. To qualify for the discounts, the selling Caterpillar Dealer must identify each applicable sale as a Sourcewell sale on their order and they must also fill out a report to the Caterpillar designated Sourcewell custodian, Nicole Warnstedt, including the product order number and Sourcewell member number. Reports are updated and reviewed on a quarterly basis to assist in providing payment to Sourcewell. To ensure correct pricing and auditing, Caterpillar has created a focus program that dealers can use on their quotes. This focus program automatically populates associated discount levels. The Caterpillar designated Sourcewell custodian, Nicole Warnstedt, has and will remain actively involved in the auditing process both with auditing Caterpillar Dealer pricing to Sourcewell members as well as the quarterly administration fee process.	*
67	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	In the event of an award, we will continue to measure the percentage of sales that are sold through the Sourcewell contract, dealer participation with the contract, total number of gensets sold and program growth year over year.	*
68	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	We propose an administrative fee to Sourcewell of 1% of transaction price of any new Caterpillar generators sold through this contract. Caterpillar will pay this fee to Sourcewell and not impose related charges to our dealers or members.	*

Table 14A: Depth and Breadth of Offered Equipment Products and Services

Line Item	Question	Response *	
69	Provide a detailed description of the equipment, products, and services that you are offering in your proposal.	Caterpillar is proposing an extensive alternative energy solutions offering including: 1) a full line of diesel and natural gas packaged generator sets from 20 to 4000 kW 2) a line of price point configured diesel generator sets up to 1250 kW and 3) Microgrid solar and battery energy solutions. The following key Caterpillar product categories are included in this response: Stationary Diesel Packaged Generator Sets Stationary Natural Gas Packaged Generator Sets Mobile Diesel Packaged Generator Sets (XQ Products with Trailers) Control Panels Switchgear Automatic Transfer Switches Microgrid Components Leasing and Financing The Caterpillar Dealer Network can also offer custom shop work, installation, “turn-key” solutions, delivery/freight, training, custom enclosures, custom fuel tanks, custom automatic transfer switches, dealer labor, additional/custom parts, engineering, leasing, financing and general contracting labor. To further enhance the Sourcewell members’ product offering, the Caterpillar Dealer Network can also offer an expansive network of used equipment along with rental agreements and maintenance agreements.	*
70	Within this RFP category there may be subcategories of solutions. List subcategory titles that best describe your products and services.	N/A	*

Table 14B: Depth and Breadth of Offered Equipment Products and Services

Indicate below if the listed types or classes of equipment, products, and services are offered within your proposal. Provide additional comments in the text box provided, as necessary.

Line Item	Category or Type	Offered *	Comments	
71	Stationary electrical generation systems, backup or standby generator sets, mobile and ground power units, and trailer mounted generators	(•) Yes ( ) No	N/A	*
72	Parts and accessories, including enclosures, fuel tanks, automatic transfer switches, paralleling equipment, switch gears, connection boxes, controls, alarm modules, batteries, block heaters, and networking tools	(•) Yes ( ) No	N/A	*
73	Related services, including design, customization, engineering, commissioning, installation, delivery, maintenance, repair, training and operation, service and maintenance agreements, decommissioning and repurposing, custom shop work, and rental services	(•) Yes ( ) No	N/A	*

Exceptions to Terms, Conditions, or Specifications Form

Only those Proposer Exceptions to Terms, Conditions, or Specifications that have been accepted by Sourcewell have been incorporated into the contract text.

Documents

Ensure your submission document(s) conforms to the following:

1. Documents in PDF format are preferred. Documents in Word, Excel, or compatible formats may also be provided.

2. Documents should NOT have a security password, as Sourcewell may not be able to open the file. It is your sole responsibility to ensure that the uploaded document(s) are not either defective, corrupted or blank and that the documents can be opened and viewed by Sourcewell.

3. Sourcewell may reject any response where any document(s) cannot be opened and viewed by Sourcewell.

4. If you need to upload more than one (1) document for a single item, you should combine the documents into one zipped file. If the zipped file contains more than one (1) document, ensure each document is named, in relation to the submission format item responding to. For example, if responding to the Marketing Plan category save the document as "Marketing Plan."

Addenda, Terms and Conditions

PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.

2. The Proposer warrants that the information provided in this Proposal is true, correct, and reliable for purposes of evaluation for contract award.

3. The Proposer, including any person assisting with the creation of this Proposal, has arrived at this Proposal independently and the Proposal has been created without colluding with any other person, company, or parties that have or will submit a proposal under this solicitation; and the Proposal has in all respects been created fairly without any fraud or dishonesty. The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation. Additionally, if Proposer has worked with a consultant on the Proposal, the consultant (an individual or a company) has not assisted any other entity that has submitted or will submit a proposal for this solicitation.

4. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. An organizational conflict of interest exists when a vendor has an unfair competitive advantage or the vendor's objectivity in performing the contract is, or might be, impaired.

5. The contents of the Proposal have not been communicated by the Proposer or its employees or agents to any person not an employee or legally authorized agent of the Proposer and will not be communicated to any such persons prior to Due Date of this solicitation.

6. If awarded a contract, the Proposer will provide to Sourcewell Participating Entities the equipment, products, and services in accordance with the terms, conditions, and scope of a resulting contract.

7. The Proposer possesses, or will possess before delivering any equipment, products, or services, all applicable licenses or certifications necessary to deliver such equipment, products, or services under any resulting contract.

8. The Proposer agrees to deliver equipment, products, and services through valid contracts, purchase orders, or means that are acceptable to Sourcewell Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to Sourcewell Members under an awarded Contract.

9. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.

10. The Proposer understands that Sourcewell will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statutes Section 13.591, subdivision 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals become public data. Minnesota Statutes Section 13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.

11. Proposer its employees, agents, and subcontractors are not:
    1. Included on the "Specially Designated Nationals and Blocked Persons" list maintained by the Office of Foreign Assets Control of the United States Department of the Treasury found at: https://www.treasury.gov/ofac/downloads/sdnlist.pdf;

    2. Included on the government-wide exclusions lists in the United States System for Award Management found at: https://sam.gov/SAM/; or

    3. Presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated

by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Vendor certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this solicitation.

☑ By checking this box I acknowledge that I am bound by the terms of the Proposer's Affidavit, have the legal authority to submit this Proposal on behalf of the Proposer, and that this electronic acknowledgment has the same legal effect, validity, and enforceability as if I had hand signed the Proposal. This signature will not be denied such legal effect, validity, or enforceability solely because an electronic signature or electronic record was used in its formation. - Jaime Mineart, Vice President & General Manager, Caterpillar Inc.

The Proposer declares that there is an actual or potential Conflict of Interest relating to the preparation of its submission, and/or the Proposer foresees an actual or potential Conflict of Interest in performing the contractual obligations contemplated in the bid.

1. Do not invoice prior to shipment.
2. Partial shipments must be billed as separate invoices.
3. The right is reserved to cancel order if not filled by specified date.
4. Acceptance of order includes acceptance of all terms, prices, delivery instructions, specifications, and conditions.
5. **IMPORTANT: Invoices and packing slips must bear City Purchase Order #. Confirm Receipt of PO to Purchasing@cocoafl.gov.**

TERMS AND CONDITIONS

1. AGREEMENT:
Except as provided in Paragraph 22 below, this purchase order, including these terms, conditions, the referenced bid package, and the specifications hereto, constitute the sole and entire agreement between the parties hereto (hereinafter "Agreement" or "Purchase Order"). **Seller's acceptance of this Agreement is limited to the terms and conditions hereof and written confirmation, commencing performance. or making deliveries hereunder constitutes such acceptance, notwithstanding Seller's proposal or terms additional to or different from those set forth in this Agreement.** The Seller's quotation is incorporated in and made a part of this Agreement only to the extent of specifying the nature and description of the goods and services ordered and then only to the extent that such items are consistent with the other terms of this Agreement. No course of prior dealings between the parties and no usage of the trade shall be relevant to supplement or explain any of the terms or conditions hereof. The Buyer is the City of Cocoa, Florida, (hereinafter referred to as the "City" or "Buyer").

2. TIME IS OF THE ESSENCE:
Failure to perform services or deliver goods of the quality and quantity and within the time limit(s) specified by this Purchase Order shall, at the option of the City, relieve it of any obligation to accept and pay for such goods or services, including any undelivered shipments of goods. Upon failure to deliver as specified, the City may buy like goods or services elsewhere and charge the Seller with any increased cost or other loss incurred thereon, pursuant to applicable law, unless defective shipment of goods, or performance of defective services, as applicable, is agreed to by the City in writing. Any failure by the City to exercise its option with respect to any shipment of goods or performance of services shall not be deemed to constitute a waiver with respect to subsequent shipments of goods or performance of services. This provision is not in lieu of, and the City does not waive any remedies provided by law.

3. WARRANTY:
With respect to services, Seller warrants unto the City that Seller has the competence and abilities to complete the services set forth herein. Seller will perform the services with due and reasonable diligence consistent with sound professional practices. With respect to goods, Seller warrants to City (a) that the goods shall be of the quality specified or of the test grade of their respective kinds if no quality is specified; shall conform to the specifications, drawings, samples and other descriptions contained herein, and to representations made by Seller or its representatives; be fit for City's particular purpose; and (b) that at the time the goods are accepted by the City, the goods shall have been produced, sold, delivered, and furnished in compliance with all applicable Federal and State laws, including but not limited to the Consumer Product Safety Act, the Federal Occupational Safety and Health Act, the Fair Employment Practices Act and the Equal Pay Act, and all applicable municipal: ordinances, regulations, rules, labor agreements, and working conditions to which the goods are subject, (c) that the goods furnished hereunder are free of any claims or liens of whatever nature whether rightful or otherwise of any person, corporation, partnership, or association.

4. MODIFICATIONS:
Except as provided in Paragraph 22, this Agreement can be modified or rescinded only in writing and if signed by both parties, or their duly authorized agents.

5. WAIVER:
The failure of the City to enforce any provision of this Agreement or exercise any right or privilege granted to the City hereunder shall not constitute or be construed as a waiver of any such provision or right and the same shall continue in full force.

6. CITY OPTIONS:
City reserves the right to change specifications and delivery dates. Any difference in price required by such changes shall be equitably adjusted and the Agreement shall be modified in writing accordingly. City further reserves the right to terminate all or part of the work to be performed pursuant to this Agreement. In such event, City shall be liable only for materials or work done within the authorization of this Agreement. In no event shall City be liable for incidental or consequential damages by reason of such termination.

7. INDEMNIFICATION:
Seller agrees to protect, indemnify, save and hold harmless City, its elected and appointed officials, officers, attorneys, and employees, from and against all losses, costs and expenses and from and against all claims, demands, suits and actions for damages, losses, costs, attorney fees, expenses and from and against all liability awards, judgements, and decrees of whatsoever nature for any c1nd all damages to property of the City or others of whatsoever nature and for any and all injury to any person (including death) arising out of or resulting from negligence of Seller, breach of this Purchase Order in the performance of services or the manufacture of goods, from any defect in materials or workmanship, from the failure of the goods to perform to its full capacity as specified in the Purchase Order, specifications of other data, or from the breach of any express or implied warranty.

8. PATENT INDEMNIFICATION:
Seller represents and warrants that it has the right to use any and all intellectual property, either by licensure or ownership, that is supplied, indirectly or directly, under this Purchase Order. Further, the Seller agrees that the City is relying on this representation and warranty to issue this Purchase Order. Seller agrees to hold harmless and to defend City against any claims of patent or copyright infringement occasioned by the manufacturer, sale or use of material supplied under this Purchase Order and to indemnify City, and its elected and appointed officials, officers, attorneys, and employees, against any damages occasioned by such claims whether justified or unjustified.

9. INSPECTION:
City shall have a reasonable time after delivery or performance within which to inspect the goods or services. Goods rejected will, at Seller's expense, be returned to Seller or otherwise disposed of as Seller shall reasonably request. The cost of inspection of goods or services rightfully rejected shall be charged to the Seller. If reasonable inspection disclosed that part of the goods received or services performed are defective or nonconforming, City shall have the right to cancel any shipped portion of the order or unperformed portion of the services. Payment for the goods or services on this Purchase Order prior to inspection shall not constitute acceptance thereof and is without prejudice to any and all claims that City may have against Seller. The making or failure to make any inspection of, or payment for acceptance of, the goods or services, shall in no way impair City's right to reject nonconforming goods or services, recover damages or exercise any other remedy to which City may been titled, notwithstanding City's knowledge of the nonconformity, its substantiality, or the ease of its discovery.

10. TAXES:
The City government is a non-profit operation and not subject to tax.

11. CONTINGENCIES:
Performance of any obligation under this Agreement may be suspended by either party. without liability, to the extent that an act of God, war, riot, fire, explosion, accident, flood, sabotage, inability to obtain fuel or power, governmental laws, regulations, or orders, or any other cause beyond the reasonable control of such party, or labor trouble, strike, lockout or injunction (whether or not such labor event is within the reasonable control of such party) delays, prevents, restricts or limits the performance of this Agreement or the consumption, sale, use or end use of goods or services. The affected party shall invoke this provision by promptly notifying the other party in writing of the nature and estimated duration of the suspension period. At City's option, either the Agreement period shall be extended by the term of any such suspension, or the total Agreement quantity hereunder shall be reduced by the quantity not delivered or performed during the term of such suspension, and, in either event, the Agreement shall otherwise remain unaffected. In such event that Seller's performance is suspended for more than sixty (60) days during the term hereof, City may, at its option, terminate this Agreement upon written notice to the Seller.

12. PRICE PROTECTION:
Seller warranties that the price(s) set forth herein are equal to the lowest net price, and the terms and conditions of sale as favorable as the price(s), terms and conditions afforded by the Seller to any other customer for goods or services of compatible grade or quality during the terms hereof. Should City be able to purchase goods or services of the same or comparable quality from another source at a lower delivered cost then in effect hereunder, and City gives Seller written notice hereto, City may purchase such goods or services from such other sources at such lower delivered cost unless within fifteen days of receipt by Seller of said notice, Seller meets such lower delivered cost for such quantity of goods or

services. Any quantity of goods or services so purchased from another source by City shall be deducted from the total quantity offered on this Agreement, but the Agreement shall otherwise remain unaffected.

13. PACKAGING AND CARTAGE:
No charge will be allowed for packing, boxing or cartage unless agreed upon at the time of purchase, but damage to any goods not packed to ensure proper protection to same will be charged to Seller. City's order number and quantity shipped will be marked or tagged on each package. City's count will be accepted as final and conclusive on any shipment not accompanied by itemized packing slip. Delay in or non-receipt of packing lists, statements, or invoices in the number of copies specified or errors or omissions of any of these will be just cause for withholding payment.

14. HAZARD:
Seller shall notify City of any inherent hazard and applicable precautions and protective measures and provide any additional relevant information, including but not limited to Material Data Safety Sheets, for the goods being purchased herein.

15. QUANTITY:
The quantities of goods or duration of services as indicated on the face hereof, must not be exceeded without prior written authorization from City. Excess quantities may be returned to Seller at Seller's expense.

16. ASSIGNMENT:
No right or interest in this Agreement shall be assigned by Seller without the prior written permission of the City and no delegation of any obligation owed by either City or Seller shall be made without the prior written permission of either party. Any attempted assignment or delegation shall be wholly void and totally ineffective for all purposes.

17. CHOICE OF LAW; VENUE:
The validity, interpretation, and performance of this Agreement shall be governed and construed in accordance with the laws of the State of Florida. In the event of any dispute under this Purchase Order, venue shall be in Brevard County, Florida for any state action and Orlando, Florida, for any federal action.

18. PUBLIC RECORDS; RIGHT TO AUDIT RECORDS:
Written documents prepared by either the Seller or City in furtherance of this Agreement shall constitute a public record. Any such instrument maintained by Seller hereunder shall be delivered to the City upon request. The City shall also be entitled to audit the books and records of the Seller to the extent that such books and records relate to the performance of this Agreement. Such books and records shall be maintained by the Seller for a period of three (3) years from the date of final payment under this Agreement unless a shorter period is otherwise authorized in writing by the City.

19. FISCAL YEAR FUNDING APPROPRIATION:

a) **Specified Period.**
Unless otherwise provided by law, a purchase order for supplies or services may be entered into for any period of time deemed to be in the best interest of the City, provided the term of the purchase order and conditions of renewal or extension, if any, are included in the solicitation and funds are available for the initial fiscal period of the purchase order. Payment and performance obligations for succeeding fiscal periods shall be subject to the annual appropriation by City Council.

b) **Cancellation Due to Unavailability of Funds in Succeeding Fiscal Periods.**
When funds are not appropriated or otherwise made available to support continuation of performance in a subsequent fiscal year period, the purchase order shall be cancelled, and the contractor shall be entitled to reimbursement for the reasonable value of any work performed to the date of cancellation.

20. FAILURE TO EXECUTE PURCHASE ORDER:
Failure of the successful bidder to accept the Purchase Order as specified may be cause for cancellation of the award. In the event that the order is cancelled, the award may then be made to the second lowest responsive and responsible bidder, and such bidder shall fulfill every stipulation embraced herein as if he were the original party to whom the bid award was made, oral bids maybe rejected and made void by the City.

21. INDEPENDENT CONTRACTOR:
The Seller shall perform the obligations of this Purchase Order as an independent contractor and under no circumstances shall it be considered as agent or employee of the City.

22. OTHER RELATED AGREEMENTS:
In conjunction with, or prior to issuing this Purchase Order, the City may require the Seller to execute a full written agreement that is approved by the City Manager or City Council and executed by the City Manager or Mayor ("Master Agreement"). The Master Agreement shall take precedence over the terms and conditions set forth in this Purchase Order to the extent there are any conflicting terms and conditions. Otherwise, the Master Agreement and this Purchase Order shall be deemed supplemental to each other.

23. SOVEREIGN IMMUNITY:
Nothing contained in this Purchase Order shall be construed as a waiver of the City's right to sovereign immunity under section 768.28, Florida Statutes, or other limitations imposed on the City's potential liability under state or federal law. The provisions of §768.28, Florida Statutes, and any other limitations or restrictions in the City's liability shall be deemed incorporated herein by this reference.

24. INSURANCE:
If this Purchase Order requires the Seller to perform services on the City's premises or at any place where the City conducts operations, or requires the Seller to perform professional consulting services, the Seller shall request insurance coverage requirements from the City's Purchasing Manager. In circumstances where insurance is required by the City, Seller shall provide proof of insurance or insurance certificates with the City listed as an additional named insured prior to performing under this Purchase Order. Noncompliance with this Paragraph shall place the Seller in default and subject this Purchase Order to immediate cancellation.

25. E-VERIFY:
Pursuant to section 448.095, Florida Statutes, beginning January 1, 2021, Seller shall register with and use the U.S. Department of Homeland Security's E-Verify system, https://e-verify.uscis.gov/emp, to verify the work authorization status of all employees hired on and after January 1, 2021. Seller shall also require all subcontractors performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement. Seller shall obtain from all such subcontractors an affidavit stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, as defined in section 448.095, Florida Statutes. Seller shall provide a copy of all subcontractor affidavits to the City upon receipt and shall maintain a copy for the duration of the Agreement. Seller must provide evidence of compliance with section 448.095, Florida Statutes. Evidence shall consist of an affidavit from the Seller stating all employees hired on and after January 1, 2021, have had their work authorization status verified through the E-Verify system and a copy of their proof of registration in the E-Verify system. Failure to comply with this provision is a material breach of this Agreement and shall result in the immediate termination of the Agreement without penalty to the City. Seller shall be liable for all costs incurred by the City securing a replacement Agreement, including but not limited to, any increased costs for the same services, any costs due to delay, and rebidding costs, if applicable.

26. TRAFFICKING:
As a condition of this Agreement, the Service Provider shall attest under penalty of perjury that the bidder does not use coercion for labor or services as defined in Section 787.06(2), Florida Statutes. Attestations shall be documented using a Human Trafficking Affidavit as provided by the City. The Service Provider understands and affirms that Section 787.06(2), Florida Statutes, defines “coercion,” “labor,” and “services” as follows: “Coercion” means: (1) using or threatening to use physical force against any person; (2) restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against his or her will; (3) using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined; (4) destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any actual or purported government identification document, of any person; (5) causing or threatening to cause financial harm to any person; (6) enticing or luring any person by fraud or deceit; or (7) providing a controlled substance as outlined in Schedule I or Schedule II of Section 893.03, Florida Statutes, to any person for the purpose of exploitation of that person. b. “Labor” means that work of economic or financial value. c. “Services” means any act committed at the behest of, under the supervision of, or for the benefit of another. The term includes, but is not limited to, forced marriage, servitude, or the removal of organs. Bidder understands and affirms that Section 787.06(13), Florida Statutes, prohibits the City from executing, renewing, or extending a contract with an entity that uses coercion for labor or services.

CITY COUNCIL AGENDA ITEM

Memo Date:	May 7, 2026
Agenda Date:	July 14, 2026
File ID:	2026-389
Prepared By:	Tracy Krutz
Through:	Jonathan Lamm, Fire Chief Roderick Moore, Assistant Fire Chief
Requested Action:	Approve a multi-yearcontract amendment and extension to the piggyback agreement utilizing Volusia County Contract No. 22-B-119AK for the cleaning, repair, and inspection of firefighter personal protective equipment (PPE); acknowledge the corporate assignment from Florida PPE Services to Lion TotalCare, Inc.; extend the contract term through January 27, 2027; and authorize the City Manager to execute all related agreements and amendments.

BACKGROUND:

The Cocoa Fire Department utilizes specialized personal protective equipment (PPE) to ensure the safety of firefighting personnel during emergency responses. To maintain equipment integrity, reduce long-term health risks from contaminant exposure, and ensure ongoing compliance with industry standards, this safety gear requires strict, routine maintenance. National Fire Protection Association (NFPA) standards mandate that all firefighter PPE undergo comprehensive inspection, cleaning, and advanced repair at a minimum of one (1) time each year.

To satisfy these compliance mandates cost-effectively, the City utilizes a piggyback framework off a competitively procured Volusia County agreement, Contract No. 22-B-119AK. Staff is requesting approval of a contract amendment that formally acknowledges a corporate contract assignment from the previous vendor, Florida PPE Services, over to Lion TotalCare, Inc. Additionally, this action will formally extend the contract term with Lion TotalCare, Inc. through January 27, 2027, ensuring continuous operational safety, seamless service deployment, and full NFPA compliance for the City's fire personnel.

The estimated annual cost for these specialized services is approximately $30,000 per year. While this annual amount falls within the City Manager’s established purchasing authority, staff is presenting this item to City Council for approval because it operates as a multi-year agreement tracking across fiscal years. All expenditures will be funded through the Fire Department's approved operational budget.

PRIORITY AREA CONNECTION:
Public Safety/Community Standards

BUDGETARY IMPACT:
Budgeted? Yes

Source/Use of Funds
Account Number 001-2201-522.46.00 Amount $30,000

PREVIOUS ACTION:

RECOMMENDED MOTION:
Approve a multi-year contract amendment and extension to the piggyback agreement utilizing Volusia County Contract No. 22-B-119AK for the cleaning, repair, and inspection of firefighter personal protective equipment (PPE); acknowledge the corporate assignment from Florida PPE Services to Lion TotalCare, Inc.; extend the contract term through January 27, 2027; and authorize the City Manager to execute all related agreements and amendments.

CITY COUNCIL AGENDA ITEM

Memo Date:	May 27, 2026
Agenda Date:	July 14, 2026
File ID:	2026-437
Prepared By:	Brian Dale, Purchasing Manager
Through:	Rebecca Bowman, Finance Director
Requested Action:	Approve a Resolution amending the City of Cocoa Purchasing Manual (v2, June 2026) to update certain sections establishing a pre-qualification procurement Method for large-scale, complex construction projects in conformance with Section 255.20, Florida Statutes.

BACKGROUND:

The City of Cocoa Purchasing Manual defines formal procurement thresholds and competitive sourcing methods to ensure transparency, statutory compliance, and fiscal responsibility. Recently, legal staff and the Purchasing Division evaluated potential procurement risk vectors regarding large-scale public construction initiatives—specifically highlighting upcoming complex capital deployments such as **Project #SW22SC (SCADA Migration Project)**.

To safely balance robust security and critical project parameters with explicit statutory guardrails, the City Attorney's office advised establishing an upfront, standardized mechanism within local policy allowing a structured pre-qualification methodology. While Section 255.20, Florida Statutes, explicitly dictates that public projects determined by price must be awarded cleanly to the lowest qualified, responsive, and responsible bidder, it permits municipalities to institute operational pre-qualification mechanisms via localized ordinances or official policy manuals.

To mitigate corporate exposure to prospective bid protests—such as those seen under *City of Sweetwater v. Solo Const. Corp.*—the City must strictly avoid "shortlisting" or dynamically ranking a subjective top tier of applicants (e.g., capping Phase II to a subjective "Top 3" firms). Instead, a legally insulated Two-Step process mandates moving away from standard qualitative rankings toward an objective, baseline threshold standard.

The proposed addition modifies certain sections as indicated in the resolution establishing a procurement method for pre-qualifying vendors for certain types large, complex, specialized, or otherwise high risk projects.

PRIORITY AREA CONNECTION:

Organizational Effectiveness

BUDGETARY IMPACT:

No direct fiscal impact

PREVIOUS ACTION:
On December 12, 2023, the City Council approved Resolution No. 2023-140, establishing a stand-alone City of Cocoa Purchasing Manual

RECOMMENDED MOTION:
Approve a Resolution amending the City of Cocoa Purchasing Manual (v2, June 2026) to update certain sections establishing a pre-qualification procurement Method for large-scale, complex construction projects in conformance with Section 255.20, Florida Statutes.

Section 1 Purchasing Policies

1.1 Overview

This Purchasing Manual has been adopted by City Council through a resolution and cannot be modified without further approval from City Council. The Purchasing Policies and Procedures Section is presented for the purpose of guiding City employees in everyday procurement activities. It represents an accumulation of legislation, procedures, practices and policies. It is designed to answer questions and provide guidance regarding purchasing policies and procedures and to serve as a tool in personnel training. This purchasing policy and procedures are governed by the City Charter, Article XIII, City Purchases and Contracts, and with the City Code, Sections 2-4, 2-5, and 2-6. The City Manager has delegated the responsibility to maintain compliance with this Policy to the Finance Director and the Purchasing Manager. This Purchasing Policy, in conjunction with applicable Federal laws, State statutes, and City ordinances govern the procurement of supplies, goods, equipment, contractual services, professional and consultant services, capital improvements, construction, and/or any combination of goods and services. **In the event of a contradiction between this Policy and applicable state or federal law, such state or federal law shall prevail over this Policy.** The funding sources available for a particular procurement action may further trigger the application of certain state or federal laws.

The primary function of the Purchasing Division is to provide guidance in the acquisition of goods and services. The purchasing function consists of the acquisition program which encompasses the activities of planning and scheduling requirements; soliciting and evaluating quotes, invitations for bids, and proposals; ordering materials and services; following up on delivery and expediting; and monitoring of vendor performance.

The City Council is not required, nor is it authorized in most cases, to approve individual expenditures approved by the governing body of the CRA boards. The governing board of any of the CRAs can legally approve expenditures consistent with the Florida statutes and Chapter 8 of the City Code and City Administration is authorized to issue a purchase order on the agency's behalf.

1.2 City Manager's Spending Authority

As provided by the City Code, as may be amended from time to time, the City Manager is authorized to purchase or contract for all commodities and services required by the city which do not exceed seventy-five thousand dollars ($75,000.00). The City Manager is therefore authorized to settle lawsuits and claims threatened and to execute all settlement agreements related thereto without further approval of the City Council where such settlement agreement does not require the payment of City funds exceeding seventy-five thousand dollars ($75,000.00). For any lawsuit or claim for which the City is covered by insurance, the City Manager shall cooperate with the City's insurance carrier as required by the City's insurance contract, and in furtherance thereof, the City Manager has the authority to execute settlement agreements for which the City's payment of a deductible does not exceed seventy-five thousand dollars ($75,000.00), even if the total payments including insurance proceeds to the claimant exceed seventy-five thousand dollars ($75,000.00). Contracts with a multi-year term obligating the City to expend a total amount of funds in excess of seventy-five thousand dollars ($75,000.00) shall require City Council approval and the City Manager shall authorize payments and issuance of annual purchase orders in accordance with the terms of the contract and budget appropriations approved by the City Council. Optional renewal terms of a contract shall not be included in the total amount of

funds obligated for the purpose of determining whether City Council approval is required. All purchases or contracts for all commodities and services required by the City which exceed seventy-five thousand dollars ($75,000.00) shall be approved by the City Council except as provided herein.

1.3 City Manager Emergency Purchasing Authority

The City Manager shall have the authority to purchase or contract for all commodities and services by the city which do not exceed two hundred thousand dollars ($200,000.00) in cases of a bona fide emergency such as an immediate danger to the public health or safety, loss of public or private property or an interruption in the delivery of an essential governmental service.

1.4 City Manager Utility Purchase Authority

In addition, the City Manager shall have the authority without further approval of the City Council to issue purchase orders and pay invoices related to utility services required by the City for normal routine operations up to the amount budgeted and appropriated by the City Council in the City's annual budget including, but not limited to, electric, gas, fuel, solid waste, telephone, water, sewer and stormwater services.

1.5 Ethical Standards

City employees and officials shall be subject to the requirements of Chapter 112, Florida Statutes, Code of Ethics for Public Officers and Employees. Contractors who develop or draft specifications or Statement of Work for Bids/RFPs are prohibited from competing for that work.

"Reporting individuals" and "procurement employees" of the City shall be responsible for complying with Section 112.3148, Florida Statutes related to reporting and prohibited gifts. In general, reporting individuals and procurement employees shall be prohibited from soliciting any gift from a vendor doing business with the City, a political committee as defined in s. 106.011, or a lobbyist who lobbies the City, or the partner, firm, employer, or principal of such lobbyist, where such gift is for the personal benefit of the reporting individual or procurement employee, another reporting individual or procurement employee, or any member of the immediate family of a reporting individual or procurement employee. In addition, a reporting individual or procurement employee or any other person on his or her behalf is prohibited from knowingly accepting, directly or indirectly, a gift from a vendor doing business with the City, a political committee as defined in s. 106.011, or a lobbyist who lobbies the City, or directly or indirectly on behalf of the partner, firm, employer, or principal of a lobbyist, if he or she knows or reasonably believes that the gift has a value in excess of $100; however, such a gift may be accepted by such person on behalf of the City or a charitable organization. If the gift is accepted on behalf of the City or charitable organization, the person receiving the gift shall not maintain custody of the gift for any period of time beyond that reasonably necessary to arrange for the transfer of custody and ownership of the gift to the City or charitable organization.

Employees found to be in violation of ethical standards when making a purchase will be subject to disciplinary action up to and including termination.

1.6 Acquisition Thresholds

The method of source selection will be determined by total acquisition costs as shown in the table below.

Procurement Method	Competition	Cost Thresholds	Details
Micro-Purchase	None	Up to $5,000	One written quote.
Small Purchase	Informal Quotation	Up to $35,000	Three written quotes
	Formal Quotation	Over $35,000 to $75,000	Formal written announcement which is emailed to vendors.
Large Purchase	Formal Solicitation	Over $75,000	Purchasing solicits ITB, RFP, or RFQ per Department's specifications.
Exemption from Competitive Purchase (ECP)	None	Up to $75,000	Approval required by Finance Director using the ECP Form
		Over $75,000	City Council must approve a Resolution to Waive Competitive Bidding.

Section 2 Procurement Methods

Departments will be responsible for determining the appropriate source for procurement. It is up to the department to ensure that the cost of the purchase being made is fair and reasonable. The Purchasing Division may reject purchases that are within the City Manager's authorization, if it determines that the proposed purchase is not following the purchasing guidelines, is in violation of a state statute or has a cost that is not fair and reasonable. The Purchasing Division may also require that an alternate purchasing method or supplier be used if it benefits the City. If the Purchasing Division determines that a purchase should be rejected or an alternative procurement method or source should be used, then the requesting department's Division Manager at his or her discretion may contact the Purchasing Manager for reconsideration.

2.1 Responsibility

A. City Manager

The City Manager or his/her designee shall be responsible for purchasing supplies and services. The Purchasing Manager directs the day-to-day purchasing of supplies, capital equipment and services.

B. Purchasing Manager

The Purchasing Manager's function is to ensure and promote effective, efficient and economical purchases of all supplies and services required for efficient and effective operation of the City. It is the responsibility of this individual to ensure and coordinate on-time deliveries of specified material and to administer all rules and regulations established by the City Council, City Charter, City Code and all pertinent local, state and federal laws concerning purchasing functions. When all rules and regulations have been satisfied, it is the responsibility of the Purchasing Manager, as the City Manager's Designee, to sign and issue the purchase order.

C. Requesting Department

It shall be the responsibility of the Director of the requesting department or his/her appointed designee(s) to:

1. Determine the quality and quantity of supplies or services needed and the delivery date required;

2. Anticipate and request requirements, giving accurate descriptions of articles required in sufficient time to purchase supplies or services competitively;

3. Ensure adequate funding and apply appropriate account numbers and approvals;

4. Ensure that, if quotations are obtained, they are in accordance with the policies outlined herein.

5. Receive and inspect items delivered or services performed by vendors and enter the receipt in the system.

6. Cooperate with Purchasing in establishing standards and specifications, and when appropriate, provide suggested vendor listings: and

7. Communicate to vendors that the invoice is to be sent to the Accounting Division (as stated on the Purchase Order form/contract) and that quotes, packing lists and account

statements are not equivalent to invoices and are insufficient documentation for payment.

2.2 Micro-purchase

Departments may make purchases from any vendor it determines to be qualified, where the total value is less than the micro-purchasing threshold and the purchase price is fair and reasonable. Departments must obtain one written quote, at minimum, for all purchases, unless otherwise exempt in accordance with this Policy.

2.3 Small Purchase

For purchases greater than the micro-purchase threshold but less than the large purchase threshold, departments may obtain multiple competitive quotations directly from vendors. There are two small purchase categories: informal quotation and formal quotation. Departments will follow the procedures below based on the estimated value of the purchase. If the lowest quote received is greater than the large purchase threshold, then the requisition should be cancelled and procured using one of the large purchase methods.

A. Informal Quotation

Departments must obtain a minimum of three quotes. City staff should prepare detailed specifications to the extent necessary, including description, quantity, delivery requirements, special conditions, and drawings for the purchase. Written quotes are preferred however for this purchasing method, vendor quotes may also be in the form of an email or printed out from the vendor website. The lowest and best quotation is selected, and an award made. Departments should make every effort to obtain valid quotes. If a vendor is unable to provide a quote or is non-responsive, the department requestor should attempt to reach out to another vendor to obtain a valid quote. In all of the below situations, a "No Quote" or "No Response" is considered a response and represents a quotation as long as no other vendors are reasonably available to contact. If the department has within reason reached out to additional vendors yet is still unable to obtain additional quotes, then the following may be used in lieu of a valid quote:

1. No Quote – Vendor responds but is unable or unwilling to provide a quote. The department shall document the no quote. Acceptable documentation will be the response in writing from the vendor stating that they are a “no quote” or a memo from the department to file which will document the details of the interactions. Documentation will include the date and times of the request, details of what was requested, the contact information of the vendor, and the response provided by the vendor.
2. Non-Responsive Quote: Should the vendor provide a quote that, as determined by the Department, does not meet the minimum standards specified in the request for quotation, then the department may, with sufficient justification acceptable to the Purchasing Manager, determine that the quote is non-responsive.
3. No Response – Vendor is contacted for a quote but does not respond. The department is expected to make several attempts to obtain a quote; however, if no response is received, the department may document the no response with a memo to file detailing the interactions which will include the date and times of the requests, details of what was requested, the contact information of the vendor, and a statement that no response was provided by the vendor.

B. Formal Quotation

Departments are to prepare a single email announcement requesting a quotation from as many vendors as are reasonably available in the open market. Departments are to ensure that solicitations maximize competition, are fair, and are not unnecessarily restrictive. A minimum of three vendors should be included, however as many qualified vendors as available should be contacted. The requesting Department may reach out to the Purchasing Division for assistance with obtaining a list of vendors if needed. If the Purchasing Division determines that a solicitation is too restrictive or if undue preference is being given to a single vendor or vendors, it may require that the requesting department cancel and re-solicit the quote in an effort to maximize competition. The request must state a description of the product and/or service, the minimum requirements of the vendor (if any), and a response required by date. City staff should prepare detailed specifications to the extent necessary, including description, quantity, delivery requirements, special conditions, and drawings for the purchase. Quotations from a supplier or service provider should include the vendor's name, address, telephone number, name of sales representative or other vendor contact person, date of quotation, date of expiration, items or services offered including unit prices and quantity (if applicable), shipping charges (if applicable), payment terms and name of City employee placing the order. A bid tabulation should be prepared by the department. Departments will submit the email announcement, a bid tabulation, and all responses as backup to the corresponding requisition. Alternatively, if departments would like to solicit a formal quote on the City's bidding platform, a request may be submitted to the Purchasing Division for assistance. The lowest and best quotation is selected, and an award made. Departments may reach out to the Purchasing Division for guidance with this process and/or to obtain sample templates.

2.4 Large Purchases; Prequalification of Contractors

Sealed, competitive bidding is generally reserved for purchases which exceed the formal solicitation threshold where formal procurement methods are required by City ordinance. Formal competitive solicitations shall be conducted in all transactions involving expenditures which exceed the Large Purchase acquisition threshold specified in section 1.6, except as otherwise provided in this Policy or by ordinance or resolution of the City Council. Formal solicitations for Large Purchases will be submitted to the City Council for selection or award as appropriate. The most common formal procurement methods are summarized below and described in greater detail under section 8.

A. **Invitation for Bids (ITB)**

Solicitation used when there is no substantial difference between the products or services that meet the specifications. The only real difference between the submissions is the price. The purpose of an invitation to bid is to provide standardized information to all bidders, fostering a truly competitive process. This is achieved through the use of sealed bidding procedures. Contractors/Suppliers will submit their price in sealed envelopes which are publicly opened to maintain transparency. The contract will ultimately be awarded to the ~~most responsive and responsible low bid~~ lowest qualified and responsive bidder with zero negotiations concerning price or services.

When deemed appropriate and in the best interest of the City by the head of the requesting department, in consultation with the purchasing manager and city manager, for any large, complex, specialized, or otherwise high risk construction projects, the City may require the contractor to be prequalified before submitting a bid. Prequalification requirements shall be reasonable, objective, and job related. Such requirements may include, but not be limited to, experience, demonstrated satisfactory performance of similar work of similar size and complexity; the possession or availability of facilities, licenses, certifications, or equipment needed for performance of the work; the

availability of qualified personnel to complete and manage the work; safety record; demonstrated financial stability of the contracting firm; bonding capacity; and specialized skill or equipment as may be identified by the City as applicable to the project. The City may announce the prequalification requirements in the form of a Statement of Qualifications (SOQ) or may include prequalification requirements in an ITB and include a deadline date for submittal of prequalification data earlier than the deadline for submission of bids, provided that the deadline for submission of prequalification materials allows sufficient time for review, notice of eligibility or ineligibility, and resolution of any timely protest before the submission of bids. In either format utilized, the City shall establish a minimum scoring threshold(s) or checklist of requirements that must be achieved by the bidder in order to be deemed prequalified. All potential bidders/respondents who meet or exceed the objective prequalification threshold(s) or requirements established in the SOQ/ITB shall be deemed "Prequalified Bidders" and placed onto the project's Prequalified List. Each potential bidder/respondent will be notified by the City of its eligibility or ineligibility to submit bids for the project and informed of any deficiencies leading to the determination of ineligibility. Once the Pre-Qualified List is established and publicly announced, the City will issue a formal Invitation for Bids (ITB) -restricted exclusively to the respondents on that List. Appeals regarding determinations of eligibility or ineligibility shall be made in accordance with the Formal Protest Procedures included in Section 8.3 of this Manual, which require a Notice of Protest to be submitted to the City within 72 hours of receipt of the notification of eligibility or ineligibility.

Prequalification does not limit the City's right to reject a bid as nonresponsive, determine that a bidder is nonresponsible based on information discovered before award, waive minor irregularities when permitted by law, cancel the solicitation, or reject all bids when in the best interest of the City.

Notwithstanding the foregoing, the City may also utilize prequalification procedures for construction and improvement projects for bridges, roads, streets, highways, or railroads, and services incidental thereto, estimated to cost in excess of $250,000, in accordance with Section 255.20(1)(a) and (b), Florida Statutes.

The City may also use the prequalification process described in this Section to establish one or more pools or lists of prequalified contractors for future construction, repair, maintenance, emergency, or specialized trade work. When establishing such a pool, the SOQ, RFQ, ITB, or other solicitation shall identify the category or categories of work covered by the pool, the applicable qualification requirements, the term of the pool, any procedures for reopening or renewing the pool, and the method by which future projects or work assignments may be solicited or awarded among prequalified contractors.

Admission to a prequalified contractor pool shall require the contractor to enter into a continuing services agreement with the City. However, work will be assigned on a task order basis when and if the City requires work to be performed and selects the contractor for a particular assignment. The continuing services contract does not guarantee the award of any task order. Unless otherwise authorized by law or this Manual, future work shall be solicited or awarded among contractors in the applicable pool in accordance with the procurement method, dollar thresholds, and competitive requirements that apply to the particular work. The City may remove or suspend a contractor from a prequalified pool for failure to maintain required qualifications, licenses, insurance, bonding, or performance standards, subject to the protest

procedures in Section 8.3.

Prequalification of any contractor shall not result in the formation of a contract with the City.

B. **Request for Proposal (RFP)**

A Request for Proposal (RFP) will be used when the price is not the only factor in selection. Other factors include, but are not limited to, references, approach to completing the scope of work, or designs. The City shall select the Proposer and proposal that is most qualified, responsive and most advantageous to the City's interests, as determined in the sole and absolute discretion of the City Council or City Manager. The RFP selection will not result in the formation of a contract but will allow the City and selected Proposer to negotiate a contract including, but not limited to, the scope of work, work and delivery schedule, term and pricing. No contract shall be formed until final approval and execution of a written contract by the City Council or City Manager occurs, containing such terms as the City Council and City Manager determine are in the best interest of the City. Negotiations may be terminated at any time by the City Manager if, at his or her sole discretion, the City Manager determines that the negotiation of terms acceptable to the City will not be successful.

If the City chooses to appoint a selection committee, following the proposal opening, the Purchasing Manager shall issue the submittals to the committee members. The Purchasing Manager will schedule a publicly noticed selection committee meeting. At the meeting, the Purchasing Manager will provide the selection committee with relevant guidance on reviewing proposals and answer any questions. The selection committee members are not to discuss the RFP or their evaluations or rankings outside of the publicly noticed selection committee meetings. During a selection committee ranking meeting, the Purchasing Manager will tally the selection committee scores, and the committee will select a proposal to recommend to the City Council or City Manager for selection and further negotiation of an agreement.

The City may apply the prequalification procedure set forth in the ITB section to a RFP solicitation as deemed appropriate.

C. **Request for Qualifications (RFQ)**

Request for Qualifications (RFQ) are issued to obtain statements of qualifications of potential responders to gauge competition and/or to develop a list of pre-approved organizations.

If the City chooses to appoint a selection committee, following the proposal opening, the Purchasing Manager shall issue the submittals to the committee members. The Purchasing Manager will schedule a publicly noticed evaluation committee meeting. At the meeting, the Purchasing Manager will provide the evaluation committee with relevant guidance on reviewing proposals and answer any questions. The evaluation committee members are not to discuss the RFQ or their evaluations or rankings outside of the publicly noticed evaluation committee meetings. During an evaluation committee meeting, the Purchasing Manager will tally the evaluation committee scores, which shall not include consideration of price, and the committee will recommend a ranking of the responsive proposers to the City Council or City Manager for further negotiation of an agreement.

The sealed, competitive procurement process starts by the requesting department/Project Manager developing a purpose, scope of work, and specifications for the commodity or service being requested and forwarding to the Purchasing Manager, along with a list of any vendors the department wishes to invite in the process.

All competitive procurements are different and modifications to the process may have to be made to support the requesting department's needs, meet legal requirements, provide transparency, and/or deliver the most competitive submittals. Project Managers should meet with the Purchasing Manager as early in the process as possible to determine the best method of procurement, and to fine-tune the purpose, scope of work, specifications, and timelines.

Upon receipt of the request, the Purchasing Manager shall prepare all required forms and documents to complete the bid package. A public notice or invitation to bid is prepared which shall be published in the City's bidding platform or another similar purchasing forum or in a newspaper of general circulation if required by law. The City shall observe the following advertising requirements for construction projects as provided in Section 255.0525, Florida
Statutes, or as may be amended from time to time:

- Construction projects expected to exceed $200,000 in cost shall be publicly advertised at least once in a newspaper of general circulation in Brevard County at least 21 days prior to the established bid opening and at least 5 days prior to any scheduled Prebid conference.
- Construction projects expected to exceed $500,000 in cost shall be publicly advertised at least once in a newspaper of general circulation in Brevard County at least 30 days prior to the established bid opening and at least 5 days prior to any scheduled Prebid conference.

D. **Cooperative Purchases**

Cooperative purchasing is a commonly used method of sourcing goods and services by government entities. Cooperative contracts are competitively sourced agreements where the procurement is conducted by a cooperative procurement organization such as Sourcewell, Buy Board and Omnia Partners but can also be another governmental agency acting as the lead agency for the cooperative purchase. Cooperative contracts are solicited specifically for the purpose of and explicitly state in the contract that any **eligible** government entity may utilize it for purchasing. In some cases, the City must enter into an interlocal agreement to become a member of the cooperative, in other cases all government entities are already eligible to participate. Departments wishing to purchase from a cooperative contract must first request permission from the Purchasing Division. The Purchasing Division will review the agreement and ensure that the City is eligible to participate and that it is appropriate to use. The Purchasing Manager will issue a written approval authorizing purchases from the contract. This procurement method satisfies the "formal competition" requirement for large purchases. For purchases made using a federal grant, a rider to include applicable provisions of 2 CFR 200 Appendix II must be accepted by the vendor.

E. **Piggyback Purchases**

Piggybacking is the utilization of an executed, current (unexpired) contract completed by another local or state government that was procured through a competitive, sealed bidding method, most often an Invitation to Bid. The Piggyback must be for a current or active contract for the identical or substantially similar item being purchased and must provide pricing equal to or less than the original government contract. Piggybacking is not authorized when the action would call for the substitution of goods, materials, equipment, and services that were not originally proposed or bid on and not originally evaluated as part of the contract award. City staff should use caution in utilizing contracts procured by another local or state government through a Request for Proposal because price is only one factor utilized in awarding the contract. The original local or state government may have had different priorities and objectives in awarding the contract than would be most beneficial to the City. The Request for Proposal award criteria should be analyzed to determine if the procurement was conducted in a manner that best fits the objectives and goals of the City of Cocoa. If the purchase is equal to or greater than the large purchase threshold, then City Council must approve the purchase.

The following documentation is required when submitting a Piggyback purchase:

- Copy of original bid document that was issued (ITB or RFP)
- Proof of agency's legal advertisement (i.e. Newspaper, Website Posting)
- Copy of the awarded firm's bid submittal
- Bid tabulation sheet.
- Agency's board approval document (Agenda Item)
- Copy of the fully executed (Signed) contract.
- Contract Extensions
- Vendor's Quote to the City utilizing pricing contained in the original government contract (or lower)

If it is determined that Piggybacking is the best procurement method, then the Project Manager must compile the required documentation and send that documentation to the City's Purchasing Manager. The Purchasing Manager along with the City Attorney will determine if the City can piggyback off the requested contract. A Piggyback Rider shall be prepared for all Piggyback Contracts, creating a contractual relationship between the vendor and the City, substantially based on the original government contract's terms and making any necessary minor modifications applicable to the City. Upon execution of the Piggyback Rider, the requesting Department shall be responsible for obtaining all applicable insurance certificates, performance/payment/security bonds, warranties, and other documents required by the Piggyback Rider and Piggyback Contracts to be issued in the name of the City of Cocoa.

2.5 Emergency Purchases:

The City will adopt the FEMA guidelines related to purchasing during an emergency situation according to the Procurement Disaster Assistance Team (PDAT) Field Manual dated October 2021. FEMA defines an emergency as a threat to life, public health or safety, improved property, or some other form of dangerous situation that requires immediate action to alleviate the threat. Emergency conditions are generally more short-lived than exigency circumstances. An Exigency is defined as when there is a need to avoid, prevent, or alleviate serious harm or injury, financial or otherwise, to the recipient or subrecipient. Exigent or emergency circumstances will vary for each incident, and it is difficult to determine in advance or assign a particular time frame when noncompetitive procurements may be warranted. Exigent or emergency circumstances may exist for two

days, two weeks, two months, or even longer in some cases. Departments may be able make purchases related to the emergency or exigency without competition if it determines that a public exigency or emergency will not permit a delay resulting from the competitive purchase(s). A Department head may use his or her own judgment in determining whether this condition has been met but must document its rationale in the procurement record. Department heads must ensure that work performed under the noncompetitively procured purchase is specifically related to the exigent or emergency circumstance in effect at the time of procurement. Importantly, because the exception to competitive procurement is available only while the exigent or emergency circumstances exist a return to normal purchasing procedures will begin immediately after the actual exigent or emergency circumstances cease to exist.

Procedure:

- Notify the Department Director, who in turn will inform the City Manager.
- The City Manager may authorize emergency expenditures which do not exceed $200,000.00, or as otherwise provided by City Code. In situations exceed $200,000 City Council must authorize the emergency purchase.
- Obtain written authorization from the City Manager, which may be in the form of an email, of a declared emergency.
- Secure a firm price from a qualified vendor that can perform the service/provide equipment immediately.
- A purchase order should be issued as soon as practical. If a non-business day, a purchase order must be issued on the next business day following the emergency. Attach the City Manager authorization to the requisition. Provide memo documenting the emergency and exigent situation, including justification as to why the situation did not permit the use of normal purchasing procedures and how the purchase is related to addressing the emergency or exigent situation.
- A Confirmation Purchase Order (CPO) is not required in the case of an emergency.

2.6 Exemptions from Competitive Purchasing

For purchases under the City Manager's Purchasing Authority, the City Manager may provide an exemption from competitive purchase pursuant to the policies indicated below. For purchases above the City Manager's Purchasing Authority, the City Council must authorize the exemption by resolution except where noted below. The current list of purchases exempt from the competitive process is as follows. *Nothing in this Section is intended to exempt a purchase of supplies, goods, equipment or services from competitive solicitation requirements arising from state or federal law.* Applicable state or federal law must also be consulted and adhered to, even if an exemption exists under this Section.

A. Exempt Vendor Listing

The Purchasing Division will maintain a current list of approved vendors for specific purchases which have been pre-approved by the City Manager and shall be updated as needed but no less than annually. Department Managers may contact the Purchasing Manager for consideration of the addition of new vendors to the list. Purchases identified in this list are exempt from competitive purchasing requirements **only** for amounts up to the City Manager's approval authority. Prior to inclusion on the exempt vendor listing, Departments must obtain Finance Department approval by submitting an Exemption from Competitive Purchase (ECP) form to Purchasing.

B. **Sole Source**

A sole source purchase is one in which only one vendor is capable of supplying the commodity or service. This may occur when the goods or services are specialized or unique in character.

Criteria for Sole Source include:

Licensed or Patented	The supplier has a license or patent that makes them the sole provider
One-of-a-kind	The commodity or service has no competitive alternatives available on the market and is available from only one supplier.
Compatibility	The commodity or service must match the existing brand or configuration of equipment for compatibility and is available from only one supplier
Replacement Part	For a specific brand or existing equipment
Warranty	The sole provider of a factory-authorized warranty service
Unique Design	The commodity or service must meet physical design or quality standards and is available from only one supplier

Procurements that generally DO NOT meet the justification for a sole source include:

- Proprietary products or services that are provided by more than one potential supplier.
- Preference for a brand name product where other brands qualify as equal.
- Highly restrictive specifications written to exclude competition.

Every purchase request that is using Sole Source as justification, should be accompanied by an Exemption from Competitive Purchase (ECP) Form and a **Sole Source Justification Letter from the vendor.**

C. **Single Source**

A particular supplier is purposefully chosen by the department, even when other suppliers are available when it is determined to be in the best interest of the City. Departments must obtain Finance Department approval by submitting an Exemption from Competitive Purchase (ECP) form to Purchasing. The Department must state the circumstance leading to the selection of the vendor. The purchasing manager may reject this type of exemption if the department fails to provide sufficient justification.

D. **Standardized Source**

This justification for exemption is used when the department is attempting to purchase items in order to maintain continuity with its operations such as signage or park benches for Public Works, or specific software renewals that has been selected previously for IT. Departments are required to submit justification which details the evaluation process, methods used, and criteria established in order to make a selection. Departments must obtain Finance Department approval by submitting an Exemption from Competitive Purchase (ECP) form to Purchasing. The purchasing manager may reject this type of exemption if the department fails to provide sufficient justification.

E. **Confirmation Purchase Orders**

Confirmation Purchase Orders are purchase orders processed after the product or service has been ordered or received.

The director of the requesting Department or his/her representative may expedite the purchase of an item where there is an urgent need and where adherence to the normal purchasing process could cause an adverse delay in the normal operation of the City.

- The Department must prepare a Confirmation Purchase Order (CPO) Form justifying not only the purchase but the reason for this departure from procedure.

- For Purchases up to $5,000 the form can be fully approved by the Department Director.
- For Purchases over $5,000 the Purchasing Division will obtain further approval from the Finance Director. A copy will be returned to the Department.

- All Departments must include the approved form as backup to the corresponding requisition.

The Finance Director will provide the City Manager with a monthly report of all Confirmation Purchase Orders. This type of purchase must only be used at the discretion of the Department Director and is intended to address only urgent and time-sensitive situations. It is a violation of purchasing policy to use Confirmation Purchase Orders for normal purchases. Normal purchasing procedures should be followed whenever possible.

The City Manager may establish a "**Pre-Approved Confirmation Purchase Order Vendor Listing"** to allow for certain purchases such as vehicle, air conditioner, or roof repairs where the work is required to be done right away. Department Managers may contact the Purchasing Manager for consideration of the addition of new vendors to the list. The requestor may attach this document to the requisition instead of having to submit a CPO form.

2.7 Additional Exemptions from Competitive Purchases

For the following types of purchases where the total cost is within the City Manager's purchasing threshold, departments are authorized to submit requisitions with a single quote **unless otherwise noted**. The requisition comments are to indicate that the purchase is exempt under this section in order to facilitate the review and approval process. Purchases which exceed the City Manager purchasing threshold or which have an encumbrance in more than one fiscal year require the approval of City Council.

A. **Exemptions for General Purchases (non-construction):**

1. Training seminars for staff.
2. Tuition and books for staff.
3. Legal Services, including attorney, paralegal, expert witness, appraisal, or mediator services.
4. Membership fees to professional associations and organizations including costs associated with attending conferences.
5. Advertising fees.
6. Health Services including mental health.
7. Services and commodities provided by government entities.
8. Recreational programs provided by independent contractors.
9. Other professional services, such as executive recruiting, lobbyists, accountants (except financial audits), appraisers, excluding professions covered by the Consultants' Competitive Negotiation Act (CCNA) further defined in section 6 and

except where otherwise prohibited by state law.

10. Art, music, and other artistic services.
11. Food and beverages for City events, or official City business including emergency response (however an approved Food Form is required).
12. Any other Exemptions provided under FS Title XIX 287.057(2)(e)
13. If, after attempts to competitively procure the purchase, the City receives no responsive bids or proposals or less than the required number of bids or proposals. Proof, such as no quotes, no responses indicating the level of effort are required to be submitted along with the requisition.
14. If the funding source of the project will be diminished or lost because the time required to competitively award the purchase exceeds the time within which the funding source must be applied for or spent. An approved Exemption from Competitive Purchase (ECP) form must be submitted with the requisition.
15. If the City competitively awarded a purchase to a vendor and such vendor abandoned the project before completion or the City terminated the contract. An approved Exemption from Competitive Purchase (ECP) form must be submitted with the requisition.

B. **Exemptions for Construction Only**

For construction projects specifically, the following projects shall be exempt from the competitive processes outlined in this Policy:

1. Emergency purchases, as defined in Section 255.20, Florida Statutes. A memo or email indicating that the City Manager approved the purchase is required.
2. If, after attempts to competitively procure the purchase, the City receives no responsive bids or proposals or less than the required number of bids or proposals. Proof, such as no quotes, no responses indicating the level of effort are required to be submitted along with the requisition.
3. If the project is undertaken as repair or maintenance of an existing public facility, as such terms are defined in Section 255.20, Florida Statutes, however the project cost must not exceed the competitive bidding threshold established by City of Cocoa ordinance 2.4.
4. If the funding source of the project will be diminished or lost because the time required to competitively award the project after the funds become available exceeds the time within which the funding source must be spent. An approved Exemption from Competitive Purchase (ECP) form must be submitted with the requisition.
5. If the City competitively awarded a purchase to a contractor and such contractor abandoned the project before completion or the City terminated the contract
6. If the City Council finds by a majority vote that it is in the public's best interest to perform the project using its own services, employees, and equipment in accordance with the procedures of Section 255.20, Florida Statutes
7. Any other exemption provided by Section 255.20, Florida Statutes, as may be amended from time to time, or other applicable state law.

C. **Waiver in the best interest of the City**

When competitive procurement requirements of this Policy are neither practical nor advantageous to the City, the City Council or City Manager (for contracts within the City Manager's spending authority), may in the City's best interest waive such competitive procurement requirements contained in this Policy. City staff requesting a waiver should prepare a written justification for the City Council attached to a resolution to Waive Competitive Purchase or if within the City Manager's approval authority using the Exemption from Competitive Purchase (ECP) form. The justification shall identify the

reasons why competitive procurement requirements are neither practical nor advantageous to the City. All efforts to satisfy normal procurement policies must first be made before this waiver can be made. The Purchasing Manager may reject this waiver if it is determined that there are other qualified and competitive sources reasonably available.

2.8 Award

Contracts will be awarded or negotiated as provided in this Policy and the bid or proposal documents. The City reserves the right to accept or reject any or all bids or parts of bids, to waive minor irregularities, cancel a bid solicitation, issue addendums to modify bid solicitations, and to request re-bid on work or material described in any competitive solicitation. The City further reserves the right to award any contract on a split order, lump sum, or individual item basis or such combination as shall best serve the interest of the City unless otherwise specified. The bidder warrants prices, terms and conditions quoted in its bid will be firm for acceptance for a period of not less than ninety (90) days from the bid opening date unless otherwise specified in the solicitation documents. Such prices will remain firm during performance of resulting purchase orders or contracts. Whenever a bid requests prices to be firm for the period of performance, the quantities or usages shown are estimates with no guarantee made by the City that these quantities shall be purchased. The quantities shown are for the bidder's information only and the City shall be bound only for the actual quantities ordered.

2.9 Specifications

Specifications should be written in a manner to allow open competition. Specifications should emphasize function, performance and quality criteria. Design or physical descriptions, when practical, should be limited to suitability to meet the intended need or purpose. Available standard commercial products should be used, and unique requirements should be avoided when practicable. Brand Names should only be used to establish a particular level of quality unless like replacement or standardization issues dictate otherwise. Specifications should always openly encourage bidding on items of equal quality.

2.10 Unacceptable Purchasing Procedures

Those procedures involving one or more of the following are hereby declared unacceptable:

- Confirmation purchase orders that are not related to an urgent need or in response to an unacceptable disruption to City service(s) as determined by the Department Director. Exceptions are purchase orders issued to a "pre-approved confirmation vendor".
- Obtaining material from vendors when it is available from the City Warehouse.
- Splitting orders of the same or like material to reduce the total cost to circumvent the purchasing policy or purchasing card policy.
- Adding to or subtracting from a previously issued purchase order without processing an approved change order in advance of the transaction (except when liquidating a purchase order).
- Obtaining a "no quote" or "no response" from sources which are unreasonable and/or known by the requestor to be unable to provide a truly competitive quote in order to deliberately circumvent the small purchase quoting criteria.
- Knowingly presenting false information; and
- Any other action or procurement not in conformance with the Purchasing Policies or the Financial Operations Manual.

Employees found to be complicit in any of these activities may be subject to disciplinary action up to and including termination.

2.11 Use of Police Forfeiture Funds

When spending forfeited funds (City Fund 141), the Chief of Police or designee must present an agenda item to the City Council for each requested expenditure, regardless of the amount or the purpose. The agenda item must include language certifying the expenditure request complies with the provision of F.S. Chapter 932.7055 (5) (b) - Disposition of liens and forfeited property.

2.12 Hardware and Software Procurement Policy

All computer hardware and software purchases must comply with current IT policy. Certain Utilities Department SCADA related hardware and software purchases that DO NOT impact the City network are exempt from this requirement.

2.13 E-Verification and Employment Eligibility

Effective January 1, 2021, the City of Cocoa shall adhere to FS § 448.095, E-Verification and Employment Eligibility. All public employers, contractors or sub-contractors may not enter into a contract unless each party to the contract registers with and uses the E-Verify System.

The City shall not enter into a new contract with a contractor or subcontractor that is not enrolled in E-Verify. Any contractor or sub-contractor that has a contract with the City shall be contractually required to utilize E-Verify to confirm the work authorization status of any newly hired employee hired during the contract term. Departments may validate E-Verification of contractors / subcontractors by visiting the Department of Homeland Security E-Verify Website (https://www.e-verify.gov).

Contractors or sub-contractors whose participation cannot be verified on the Department of Homeland Security's E-Verify Website shall provide acceptable evidence of their enrollment prior to award and the execution of a contract. Acceptable evidence shall include a notarized and signed Contractor Affidavit (Exhibit A).

If a contractor enters into a contract with a sub-contractor, the sub-contractor must provide the contractor with a Sub-Contractor Affidavit (Exhibit B) stating that the sub-contractor does not employ, contract with, or subcontract with an unauthorized alien. The contractor shall keep such an affidavit on file.

A contractor who registers with and participates in the E-Verify program may not be barred or penalized under this section if, as a result of receiving inaccurate verification information from the E-Verify program, the contractor hires or employs a person who is not eligible for employment.

Nothing in this policy may be construed to allow intentional discrimination of any class protected by law.

2.14 Contracting with Entities of Foreign Countries of Concern

Florida Statute, Section 281.138, prohibits all government entities from contracting for certain services with any entity which is affiliated with any foreign country of concern. A foreign country of concern is considered by the State to be the People's Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People's Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity of significant control of such foreign country of concern. Beginning January 1, 2024, a governmental entity may not accept a bid on, a proposal for, or a reply to, or enter into, a contract with an entity which would grant the entity access to an individual's personal identifying information, provide economic incentives, or transfer ownership of real estate unless the entity provides the governmental entity with an affidavit signed by an officer or representative of the entity under penalty of perjury attesting that the entity does not meet any of the criteria in (a)-(c).

A governmental entity may not knowingly enter into a contract with an entity if:
(a) The entity is owned by the government of a foreign country of concern.
(b) The government of a foreign country of concern has a controlling interest in the entity; or
(c) The entity is organized under the laws of or has its principal place of business in a foreign country of concern.

2.15 Suspension or Debarment of Vendors

The City expects and requires that all vendors or contractors who seek to do business with the City comply with the terms of its agreements and with applicable industry ethical and professional standards.

The City reserves the right to suspend or debar any vendor or contractor doing business with the City, who violates the terms of its agreement or applicable ethical and professional standards. The City also reserves the right to suspend or debar any vendor due to violations committed by that vendor at other public entities.

The vendor shall be entitled to a meeting or hearing prior to being suspended or debarred by the City. In general, suspension or debarment of vendors shall follow the below procedures. However, the City may waive these procedures, at its own discretion, if it believes that the actions of the vendor are so egregious as to merit immediate suspension or debarment.

a. The City serves the vendor written notice of the issue that may result in the vendor being debarred or suspended.

b. The notice requests a written response from the vendor on the issues that gave rise to the possible suspension or debarment.

c. The City reviews the response from the vendor and schedules a suspension or debarment hearing. The suspension or debarment hearing shall be chaired by the City Manager or designee, and shall include the Purchasing Manager, the Department Head, the contracts administrator or project manager, and any other person the City believes is necessary for the proceedings. The City Attorney will provide legal counsel to the City at the proceeding.

d. The City will make a record of the suspension or debarment hearing, and upon conclusion of the proceedings, the City Manager shall provide a written determination to all

participants of his decision. The City Manager's decision shall state:

i. Whether the vendor is suspended or debarred.
ii. The effective date and length of time of the suspension or debarment.

If the City Manager determines that the vendor should not be suspended or debarred, the City Manager shall have the right to require certain corrective actions by the vendor by a prescribed date and time. The decision of the City Manager in these proceedings shall be final and not open to appeal by the vendor or the vendor's legal representative.

The City will reject any offer to do business from a vendor who is suspended or debarred under these procedures for the entire term of the suspension or debarment.

Section 3 Purchase Order Policy

3.1 Overview

The City Manager or his/her designee has the responsibility and authority to purchase supplies and services as needed to support the operation of the City through the use of authorized purchase orders including the issuance of purchase orders in furtherance of contracts approved by the City Council.

A purchase order is a legal document used to authorize the delivery of supplies and services in accordance with specific terms and conditions. It also acknowledges the obligation that payment will be made upon receipt of the required supplies or service. When a purchase order is written as an acceptance of a bid or quotation, a contractual relationship is established upon the issuance and its acceptance by the vendor.

It is vital to the performance of this policy that the Purchasing Division has the authority to review specifications and suggested sources, with the agreement of the requesting department consistent with, but not limited to, the following guidelines:

- Requests for single-source purchases or a waiver of competitive bidding.
- Requests for supplies of a quality that may be greater or less than required.
- Requests where material seems inconsistent with the requirements.
- Requests not conforming to City standards.
- Requests improperly or incompletely filled out or submitted without proper authorization; and
- Requests exceeding account balances. Requests exceeding account balances will require a Budget Adjustment Form (BAF) Number, or it will be returned to the department requestor. Requisition Comments must include the BAF number.

The requesting department in conjunction with the Purchasing Division shall be jointly responsible for the necessary procurement of goods and services throughout the purchasing cycle.

Information Technology hardware and software purchases that have an impact on the City network must have prior approval from the Chief Technology Officer. SCADA hardware and software purchases that DO NOT impact the City network are exempt from this requirement.

3.2 Purchase Order Procedures

Purchase Orders will be issued by the Purchasing Manager for the majority of City purchases with the exception of P-Card Transactions and Direct Payments which are described in the Financial Operations Manual.

- The Department requestor will initiate a requisition in the City's software system and attach the required backup in the corresponding requisition folder.
- Required back up includes all quotes, correspondence, agreements, amendments, internal approvals, proof of insurance and E-Verify affidavit where applicable.
- The requisition will be routed electronically through the software system for required departmental approvals.

The requisition will then be routed for further approvals according to the following table:

Cost Thresholds	Approver
Up to $25,000	Purchasing Manger
Up to $50,000	Finance Director
Up to $75,000	City Manager
Over $75,000	City Council*

*Prior authorization is required by City Council for all purchase orders that are over the City Manager's purchasing authority. The Purchasing Division will reject any requisitions that are over the City Manager's purchasing authority where City Council approval is not documented in the requisition folder.

3.3 Purchase Order Changes

Purchase order changes (Change Orders) are made by the department requestor to revise or cancel a purchase order. Once a purchase order change has been processed and approved, it becomes part of the original purchase order.

A change order is used to:

- Increase or decrease the quantity, scope of work, material and/or unit cost which impact the total value of the purchase order.
- Revise or add shipping costs or other terms and conditions accepted by the City.
- Cancel or terminate a purchase order.
- Liquidate unused funds when items or projects are complete and at the end of each fiscal year.
- Adjust for time delays in delivery of goods and services.

Approval Requirements for all Change Orders

Change Orders increase or decrease the value of the original purchase order. The total purchase order is defined as the original purchase order plus all change orders.

The City Manager is authorized to approve any change order which does not cause the total purchase order to exceed the City Manager's purchasing authority. However, if any change order causes the total purchase order to exceed the City Manager's authorized purchasing authority, the change order must have City Council approval.

For construction contracts, the City Council may grant authorization by resolution the City Manager to approve change orders in excess of the City Manager's spending authority limits, provided the amount is within the unexpended construction budget approved by the City Council for the contract. The City Manager shall provide notice of any such approved change orders to the City Council in the form of an informational agenda item at the next scheduled City Council meeting or as soon as practicable thereafter.

3.4 Multi-Year Purchase Orders

Multi-Year Purchase Orders may be issued for projects where there is a contractual obligation to commit funding in more than one fiscal year.

- For capital projects, the full contract cost is generally **obligated** at the beginning of the contract term where uncommitted capital funds will roll-over into subsequent years.

- For operating and maintenance contracts the purchase order may remain open in multiple fiscal years however the funding will be encumbered to a new line on the purchase order each fiscal year. At the start of a new fiscal year, Departments will submit a purchase order change order to the Purchasing Division to liquidate funds on the prior year and encumber new operating and maintenance funds for the current year.

Section 4 Contracts Requiring Approval by City Council

4.1 Overview

On November 2, 2010, the Cocoa voters approved an amendment to Article XII, Section 6 of the City Charter that affects the manner in which City contracts funded over more than one fiscal year can be approved by the City Manager and City Council. In addition, in accordance with the City Charter, the City Council adopted an ordinance modifying the City Manager's spending authority. This section is intended to provide general guidance to assist staff in determining the appropriate approval process for the issuance of City contracts based on the City Charter and Ordinance changes. Questions regarding specific contracts should be directed to the Finance Director.

Definitions:

Multi-Year Contract
A legally binding agreement between two or more parties with a term/duration in excess of twelve (12) months, and which obligates the expenditure of City funds in more than one (1) fiscal year.

Purchase Order
Written authorization for supplies or services at a specified price which becomes a legally binding contract once the vendor accepts it. Purchase orders are legally binding contracts.

Continuing Service
A general contract for services over a specified length of time. Work Agreement assignments are normally defined in task orders.

Task Orders
Supplementary contractual and obligating documents that include the scope of work and the associated costs.

4.2 Contracts that require City Council Approval

A. Non- emergency contracts in excess of the City Manager's purchasing authority
B. Emergency contracts in excess of the City Manager's emergency purchasing authority.
C. Contracts OF ANY AMOUNT that requires payment of funds exceeding the budget year in which the contract was made.

    a. All multi-year contracts. If City Council approves the original multi-year contract, the contract ordinarily does not require City Council approval in the future unless the contract expressly states that future City Council approval is required. City Council must approve renewal options unless the City Council grants the City Manager the authority to approve renewal options, in which case the City Manager must ensure that the City Council is advised to budget and appropriate the funding for the renewal.
    b. Annual contracts that are funded in more than one (1) fiscal year. However, annual membership dues or annual maintenance agreements that have a financial impact in one fiscal year but cover a period of more than one fiscal year, can be approved by the City Manager if the cost is within the City Manager's purchasing authority, since these contracts do not require committed funding in future fiscal years.

D. Purchase orders that are issued in one fiscal year and the services/goods are not received and paid for until the next fiscal year and are over the City Manager's spending authority.
E. All contract renewals over the City Manager's purchasing authority unless the contract authorizes the City Manager to renew.
F. All contract renewals that have a financial impact in more than one fiscal year
G. Amendments to multi-year contracts that change the scope, intent or monetary value of the original contract.
H. The original Continuing Services Agreements for services provided in more than one (1) fiscal year.
I. For Continuing Services Agreements that require specific task orders for projects, each specific task order exceeding the City Manager's purchasing authority. Task orders less than the City Manager's purchasing authority are subject to the other general rules stated herein.
J. Sale, purchase or lease of real estate.
K. Franchise agreements such as gas, electric, solid waste, etc.

4.3 Existing Contracts that Exceed the Fiscal Year

A. If City Council approved a multi-year contract in previous years prior to the November 2, 2010, City Charter amendment, City Council does not have to approve the expenditures in future years if the following criteria are met:
   - The length of the original contract has not changed.
   - The budgetary impact of the original contract has not changed.
B. The scope or intent has not changed.
C. All multi-year contracts previously lawfully approved under the former Charter and that were *not* approved by City Council prior to the November 2, 2010, Charter Amendment will be considered binding on the City but are required to go to City Council for budget and appropriation approval.

4.4 Multi-year Contract Agenda Items

When a City Council agenda item is required to present a multi-year contract to City Council for approval, the City Council agenda item must state:

- The term (length) of the contract
- The financial impact of the contract in future years
- Approval of the contract will have a binding financial impact on the City in future years.
- Further, if the City Manager's spending authority for change orders will exceed his/her general spending authority, a resolution must be approved by City Council regarding the additional spending authority**.**

4.5 Multi-Year Construction Contracts

Chapter 2, Article 1, Section 2-4 of the City Code authorizes the City Council to adopt a resolution authorizing the City Manager to approve construction change orders in excess of the City Manager's general spending authority limit, provided the amount of the change order is within the unexpended construction budget approved by City Council. This

authority is given by resolution to the City Manager only (or Acting City Manager in his/her absence) and is not delegated to a Project Manager. The resolution must clearly state the parameters of the change order approval authority being granted to the City Manager. Upon approval of the resolution by City Council, purchases and change orders must comply with the terms and conditions of the resolution.

4.6 Annual Contracts that turn into Multi-Year Contract

Annual contracts, multi-year contracts or task orders, approved by City Council, that extend beyond the fiscal year of which the contract or task order was intended to be completed, and require distribution of funds in future fiscal years in order to complete the contract or task order are considered annual contracts that turned into multi-year contracts. When the original contract was approved by the City Council, the contract and expenditure were authorized per the terms of the contract and do not need to be re-authorized by City Council unless the express terms of the contract require reauthorization by the City Council. However, the Department Director will need to ensure that the budget and the funding are adequate for the remaining balance of the contract in the next fiscal year.

At the beginning of the new fiscal year, each Department Director shall prepare an information only agenda item to identify any annual contracts that were not completed in the previous fiscal year and the estimated balance of the contract that will be paid in the next fiscal year. If the balance of the contract is budgeted in the new fiscal year and the scope and amount of the contract has not been amended, additional City Council approval is not required. If the contract balance is insufficiently budgeted or not budgeted at all and requires a budget transfer in an amount greater than the City Manager's purchasing authority, the Department Director will be required to prepare an agenda item to transfer the funds.

Section 5 Continuing Service Agreements

In the case of a continuing services agreement between the City and professional entity, the City need not re-bid the professional services to be performed if such work falls under the stated scope of services and the task falls within the negotiated term of the agreement.

General continuing service agreements should not exceed one (1) year in duration unless a longer term is authorized by the City Council. Continuing service agreements for specific projects should not exceed three (3) years in duration and have an annual review and termination clause. A longer term may be authorized by the City Council. The identifiable costs shall be budgeted in the appropriate projects. Each assignment of work (task order) exceeding the City Manager's purchasing authority, under the terms and conditions of the Continuing Service Agreement will require City Council approval prior to the award.

The continuing services agreement should have a detailed list of the services or items offered with the associated costs. Continuing services agreements with general or broad scope requirements give the vendor an opportunity to bid initial services at a lower price and make up the difference on unspecified items or services later required. Task Orders for services or items not detailed in the original agreement will be rejected and the item or service will be purchased through the appropriate method as described in this manual.

All individual task orders and change orders, regardless of the dollar amount, must be submitted in writing to the Purchasing Manager for verification and relevance to the scope of the agreement and cost/pricing where unit cost/pricing has been pre-negotiated. The Purchasing Manager has the authority to return any task order to the requesting department if the items or service do not comply with the current city purchasing policies as outlined in this document.

Economic downturns and other outside factors could result in a decrease in cost for a service from year to year. To ensure that the City is receiving the best cost for the service, it is the responsibility of the Department Directors to annually review the continuing service agreements with the Purchasing Manager.

Section 6 Procurement of Professional Services (CCNA)

6.1 Policy

Professional Services procured under Section 287.055 of the Florida Statutes (Consultants' Competitive Negotiation Act) shall mean those services within the scope of the practice of architecture, professional engineering, landscape architecture or registered land surveying and mapping, as defined by the laws of the State of Florida, or those performed by any architect, professional engineer, landscape architect or registered land surveyor in connection with his/her professional employment or practice. Cost of services must exceed the threshold amount provided in Section 287.017, Florida Statutes to require C.C.N.A. review.

6.2 Requirements

A. **Appointment of Selection Committee**

The Selection Committee for the procurement process will be appointed by the City Manager upon the advice of the Department Director. The Purchasing Manager will ensure committee recommendations provided by the Department Director comply with established policies, procedures, and statutory requirements. The Selection Committee will consist of at least three (3) members who have the necessary expertise and experience to appropriately and adequately evaluate proposals and submissions for the services, product, and/or commodity being solicited. All committee members must be qualified and capable of conducting an impartial review of the proposals. In the event that a committee member has a conflict of interest, they will recuse themselves, and a replacement will be appointed. Unless judicially or legislatively determined otherwise, the Selection Committee meetings will be conducted in accordance with the Government in the Sunshine Manual. Adequate public notice and minutes of the meetings will be provided to ensure transparency and adherence to procedural requirements.

B. **Committee Reviews Proposals**

The Selection Committee shall review proposals received and rank the three or more top candidates or firms (short list) Depending on the complexity of the work and scope, the Selection Committee may request presentations from the ranked firms or make recommendations for approval to Council based on the proposals received.

C. **Scoring Results**

The Selection Committee chairperson shall provide the Department Director a recommendation ranking the top three (3) firms or candidates (short list).

D. **Short List**

Upon obtaining short list approval by the City Council, the Department Director the Purchasing Manager, shall negotiate price with the top ranked firm or candidate. The agency officials shall negotiate a contract with the most qualified firm for professional services for compensation that is fair, competitive and reasonable. In making such a determination, the agency officials shall conduct a detailed analysis of the cost of the professional services required in addition to considering their scope and complexity. If no agreement can be reached, then the negotiations with number one (1) will cease and negotiations will begin with number two (2). If no agreement can be reached, negotiations with number two (2) will cease and negotiations will begin with

number three (3). If negotiations do not produce a recommended contract, all the proposals will be rejected, and the process will start over.

E. **Recommendation**

If accord is reached on price, then the Department Director will provide a recommended contract for consideration and approval by the City Manager if the potential cost for negotiated services will fall under the City Manager purchasing limit or by the City Council if projections exceed the City Manager purchasing limit and/or the contract will be a multi-year agreement. A purchase order for the contract or task orders shall be issued only after the City Council (or City Manager) awards the contract and the agreement has been secured.

6.3 Contract Types which may require CCNA Review

Except for individually awarded design build construction contracts, the CCNA is not intended to be used for awarding general contractor construction services contracts. A contract which falls into one of the four CCNA disciplines may be in the form of the following:

A. **Project Specific**

This CCNA review type generally involves one specific project having its own scope of work involving design. Examples of this may be design of a building, a pipeline project or other specific and singular city improvements. Construction of this specific project would then be bid for a general contractor to perform construction services.

B. **Design Build**

This CCNA review involves both the design and construction of public construction contracts such as a new building, renovation of an existing building or new infrastructure construction or other needed renovations. Staff must confer with the City Attorney to review all other applicable construction contract bidding statutes before proceeding with a design build bid.

C. **Continuing Service Agreement (CSA)**

This CCNA review is intended to result in a task oriented on-going agreement which may be written for a specific number of years or can be for an open-ended time period. CSAs with no timeline limitation must provide a termination clause. Study project task orders under a CSA should not exceed $500,000, while construction type task orders must not exceed $4,000,000 in total cost or as otherwise provided by Florida statute. Construction projects would then be bid for a general contractor to perform the services.

As stated above it is permissible to assign work under a CSA within the CCNA disciplines, however, the statutory dollar limit on construction project costs and studies must be observed. To help ensure that this occurs the requesting Department Director must estimate the value of the construction services resulting from any work awarded under the CSA contract **prior** to design award. If the resulting construction cost is estimated to exceed the $4,000,000 statutory limit, then a CCNA review process, independent of the CSA, must be undertaken. This estimate of construction cost should be recorded on the initial project Task Order Request Form.

Section 7 Vendor Insurance Requirements

7.1 General Liability

A. **Commercial general liability insurance minimum requirements for contracts valued at less than $15,000:**

It is required that individuals and firms contracting with the City of Cocoa, where the total contract or job value is less than $15,000, maintain Commercial General Liability insurance with a minimum per occurrence limit of not less than $200,000 and with a deductible amount not greater than $1,000. It is further required that the City of Cocoa be named as an additional insured to the contractor's CGL policy and proof of same in the form of a certificate of insurance must be submitted before work is begun. A vendor may request a reduction or waiver of the City's insurance requirement by submitting a waiver of insurance, indemnification and hold harmless agreement form to the City Manager for his approval prior to contracting with the City.

B. **Commercial general liability insurance minimum requirements for contracts valued at $15,000 or more:**

It is required that individuals and firms contracting with the City of Cocoa, where the total contract or job value is $15,000 or more, maintain Commercial General Liability insurance with a minimum per occurrence limit of not less than $1,000,000 and with a deductible not greater than $1,000. It is further required that the City of Cocoa be named as an additional insured to the contractor's CGL policy and proof of same in the form of a certificate of insurance must be submitted before work is begun.

7.2 Automobile Liability

Automobile liability insurance minimum requirements for all contractors:

It is required that individuals and firms contracting with the City of Cocoa who own licensed motor vehicles that will be utilized in connection with any City contract or job maintain automobile liability insurance and submit proof of same in the form of a certificate of insurance before work is begun.

It is further required that individuals and firms contracting with the City of Cocoa who lease, rent or borrow licensed motor vehicles that will be utilized in connection with any City contract or job be required to maintain non-owned or hired automobile liability insurance and submit proof of same in the form of a certificate of insurance before work is begun.

7.3 Professional Liability

Professional liability insurance minimum requirements for all professionals as defined by Florida statute:

Professionals and professional corporations, associations and firms who contract with the City of Cocoa to provide professional services are required to maintain Professional Liability Insurance and submit proof of same in the form of a certificate of insurance before work is begun.

7.4 Environmental Insurance

Environmental impairment insurance minimum requirements:

Individuals or firms who contract with the City of Cocoa to provide excavation or construction type services and who will be locating portable fuel or lubricant storage tanks at the job site or who will be storing or using hazardous chemicals on the job site are required to maintain Environmental Impairment Insurance or “Pollution Insurance” with a limit of not less than $1,000,000 per occurrence and submit proof of same in the form of a certificate of insurance or an endorsement to their General Liability policy showing a pollution exclusion exception for each specific work product or storage container before work is begun. Contracts with such firms shall include a provision that they work in compliance with the OSHA Hazardous Communication Standard and Florida Department of Environmental Protection guidelines and supply all information about hazardous chemicals being brought onto City property as required by the City’s Safety and Loss Control Program.

7.5 Workers Compensation

Worker’s compensation insurance minimum requirements:

Firms employing four or more people who contract with the City of Cocoa shall maintain Workers’ Compensation Insurance at the statutory limits and employer liability insurance and submit proof of same in the form of a certificate of insurance before work is begun.

Firms employing less than four people who contract with the City of Cocoa shall comply with the exemption and notice provisions of F.S. 440 and maintain employer liability insurance and submit proof of same in the form of a certificate of insurance before work is begun.

However, if you are a corporate officer of a corporation actively engaged in the construction industry or a sole proprietor or partner actively engaged in the construction industry, then your exemption will not apply to any work performed at a commercial building project valued at $250,000 or greater and you must secure workers’ compensation coverage in accordance with F.S. 440.38 and these general conditions and submit proof of same in the form of a certificate of insurance before work begins.

The insurance requirements set forth in this section shall be considered the City’s standard requirements. The City will reserve the right on a contract-by-contract basis to reduce or increase the standard requirement depending upon the potential liability exposure that the contract may impose on the City. Any reduction or increase will be made in consultation with the City Manager and the City Attorney before the contract is executed by the City.

Section 8 Instructions to Bidders

The following Instructions to Bidders and General Conditions are for guidance purposes only and may be amended or deleted as a particular Invitation to Bid (ITB) may require. The instructions to bidders and general conditions described herein apply to transactions for materials and supplies and services with an estimated aggregate cost which is over the large purchase acquisition threshold established in section 1.6.

8.1 Definitions

Invitation to Bid (ITB)
A solicitation of formal sealed bids Bid. The offer of a price by the bidder
Bidder Contractor, supplier or vendor who responds to an invitation for bid.

Change Order
A written order signed by the Purchasing Manager or an authorized representative directing the vendor to make changes to a contract or purchase order.

Lowest and Best Bidder
A bidder whose offer best responds in price, quality, fitness, and capacity to the requirements of the solicitation as specified by the City of Cocoa and as determined at the sole discretion of the City.

Responsive Bidder
A bidder who has submitted a bid that conforms to all material aspects of the requirements set forth in the ITB.

City
The City of Cocoa, Florida

City Council
The governing body of the City of Cocoa.

8.2 Preparation of Bids

Bidders are expected to examine the specifications, drawings and all general and special conditions contained in the Solicitation. Failure to do so will be at the bidder's risk.

When necessary or required, bidders shall visit the work site and take other steps as may be necessary to learn the nature and location of the work and the general and local conditions affecting the work or the cost thereof. Failure to do so will not relieve the bidder from the responsibility for estimating properly the difficulty or cost of successfully completing the work.

Each bidder shall furnish the information required in the ITB. Bids shall be submitted on the forms furnished or copies thereof. The bidder shall sign the ITB and print or type his name, address and telephone number on the face page and on each continuation sheet upon which an entry is made. All bids must be signed in ink by an officer or employee having authority to bind the company or firm by his/her signature. If erasures or other changes appear on the forms, each erasure or change must be initialed by the person signing the bid.

The bid form may provide for submission of a price or prices for one or more items, which may be lump sum bids, alternate prices, scheduled items resulting in a bid on a unit of service or construction, or a combination thereof. The unit price for each unit offered will be shown and the price will include packing and shipping unless otherwise specified. A total is required in the "Total" column for each item offered. In case of a discrepancy between the unit price and extended price, the unit price will be presumed correct.

The bidder must state a definite time for delivery when requested.

Modification of bids already submitted will be considered if received at the office designated in the ITB by the time set for receipt of bids. All modifications must be submitted in writing.

A. **Bid Guarantee**

When a bid guarantee is required by the ITB, failure to furnish a bid guarantee in the proper form and amount by the time set for opening of bids may be cause for rejection of the bid.

A bid guarantee shall be in the form of a firm commitment required by the ITB, such as a bid bond, certified check or cashier's check. Bid guarantees (in check form only) will be returned to unsuccessful bidders as soon as practicable after the bid award and to the successful bidder upon execution of such further contractual documents and bonds (including any necessary coinsurance or reinsurance agreements) as may be required by the bid as accepted and notice to proceed. Bid Bond documents will not be returned and will be left on file to expire as stipulated.

If the successful bidder, upon acceptance of his bid by the City within the period specified therein for acceptance (ninety (90) days if no period is specified), fails to execute such further contractual documents, if any, and give such bonds(s) (including any necessary coinsurance or reinsurance agreements) as may be required by the terms of the bid as accepted within the time specified (ten
(10) days if no period is specified) after receipt of the forms by him, his contract may be terminated for default. In such a case, he shall be liable for any cost of procuring the work that exceeds the bid amount and the bid guarantee shall be available toward offsetting such difference or as liquidated damages.

B. **Explanations to Bidders**

Any explanation regarding the meaning or interpretation of the invitation to bid, drawings, specifications, etc., requested orally or in writing by a bidder must be requested in sufficient time for a reply to reach bidders before the submission of their bids. Explanations or instructions shall not materially alter the ITB unless they are in writing. Oral explanations or instructions given before the award of a contract shall not be binding. If necessary, a written addendum to an ITB shall be issued to all prospective bidders from the Purchasing Division.

8.3 Submission and Receipt of Bids

A. Bids must be received enclosed in a sealed envelope at or before the specified time. The envelope shall show the hour and date specified for receipt of bids, the bid number and the name and address of the bidder. Unless specifically authorized in the ITB, faxed or emailed bids will not be considered. LATE BIDS WILL BE REJECTED.

B. Bids having any erasures or corrections must be initialed by the bidder in ink. Bids shall be signed in ink. All bid amounts shall be typewritten or filled in with ink.

C. Bid openings will be held as public meetings, in accordance with State Statute 255.0518, for competitive solicitations for construction or repairs on a public building or public work where the Purchasing Division will announce at that meeting the name of each bidder and the price submitted in the bid and make available upon request the name of each bidder and the price submitted in the bid.

D. Samples of items, when required, must be submitted within the time specified at no expense to the City. If not destroyed by testing, the vendor(s) will be notified to remove samples, at their expense, within thirty (30) days after notification. Failure to remove the samples shall result in the samples becoming the property of the City.

E. Failure to follow these procedures is cause for rejection of the bid.

1. Bid Security. When a public offering exceeds the City's bidding threshold and both material and labor are involved, a bid security deposit may be requested. The bid security will be returned to unsuccessful bidders upon issuance of a Notice to Proceed to the successful bidder. A bond from a surety company will be filed in the bid file and will expire based on the terms stated in the bond. A successful bidder shall forfeit his/her bid security upon refusal or failure to execute the contract within the specified number of days after the notice of award of contract. The City Council or City Manager may, on refusal or failure of the successful bidder to execute the contract, award it to the next lowest and best bidder. However, in situations where the City Manager awarded the contract to a bidder whose bid is within the City Manager's spending authority, and the next lowest and best bidder exceeds the City Manager's spending authority, the City Council must consider the final award of the bid. The City may apply the bid security of the bidder in default against any damages the City may suffer because of the bidder's failure to execute the contract, without waiving the City's right to subsequently file suit against said bidder. This bid security shall not serve as liquidated damages.

2. Bid Modification. Bids or proposals may be modified or withdrawn by written notice received in the Purchasing Division prior to the time and date set for bid opening. All documents relating to the modification or withdrawal of the bid become a part of the procurement file.

3. Late Bids. Any response received after the time and date set for receipt of bid shall be determined to be late and the City will not accept the late bid.

4. Bid Opening. Responses shall be opened publicly in the presence of two or more witnesses at the time and date designated in the invitation to bid or request for proposal. Unless otherwise stated in the invitation to bid, request for proposal, or request for qualifications, an offering response shall remain active and in effect for a minimum of ninety (90) days from the due date of the offering. The amount of each bid and other relevant information, as deemed appropriate together with the name of each bidder is recorded; records and bids shall be open for public inspection unless such records and bids are exempt from public records disclosure. A tabulation of all bids received is made available to the public within three working days after opening.

5. Evaluation. Responses shall be evaluated based on the requirements set forth in the invitation to bid or request for proposal/qualification. Criteria affecting the bid price and that will be considered in the evaluation for award shall be objectively measured. For example, discounts, transportation costs, delivery, time of construction and other pertinent evaluation measurements. Numerical rating systems may be used but are not required. Criteria may not be used in the evaluation that are not set forth in the invitation for bids or request for proposals/qualifications. Evaluation of responses and the recommendation to award are the responsibility of the requesting department.

   Copies of all responses, literature, and bid tabulations will be forwarded to the requesting department with a letter identifying the "Apparent Low Bidder".

   In the event of a disagreement between the Purchasing Manager and the requesting Department Director, the Purchasing Manager and the Department Director will meet with the City Manager to present both views. The City Manager will make the final decision.

6. Rejection of Bids. The City Manager or City Council may:
   a. Reject any or all bids; or
   b. Reject all bids and re-advertise for bids, pursuant to purchasing procedures.

7. City Council Action. Agenda items requesting City Council approval of the selected vendor shall be prepared by the department requesting the commodity or service. The department will provide the appropriate account number for the item. Approval signatures from the City Manager, Purchasing Manager, Finance Director, Finance Manager and any others as deemed necessary by the City Manager are required before placement on the agenda.

   Sealed bids, RFPs, or RFQs with a dollar value within the City Manager's purchasing authority may be awarded by the City Manager without City Council approval.

8. Formal Protest Procedures. Any Respondent to a sealed bid, RFP, RFQ or other solicitation (hereinafter collectively referred to as "Bid") who believes they have been affected adversely by a decision of the City concerning a Bid, may file a formal protest in accordance with the following procedure.

   The City will receive two kinds of protests:
   - A Respondent may protest the Bid specifications or criteria, including addenda, ~~or~~ the

procedures leading to award of the Bid, or prequalification determinations ("Pre-Award Protest"); or

- A Respondent may protest the determination of the City Council or City Manager regarding final award of the Bid ("Post-Award Protest").

All protests must be initiated by filing a written Notice of Intent to Protest ("Protest Notice") with the office of the Purchasing Manager, City of Cocoa, 65 Stone Street, Cocoa, Florida 32922. Pre-Award Protests must be initiated by filing a Protest Notice within 72 hours after receipt of the Bid or addenda or prequalification determination. Post-Award Protests must be initiated by filing a Protest Notice within 72 hours after the decision of the City Council or the City Manager in awarding the Bid. The time periods exclude Saturday, Sunday and legal holidays. The notice shall state the name of the company protesting, a description of the bid and the bid number, the name, title and address of the person submitting the protest notice and a general statement of the nature of the protest.

Within 10 days after filing the Protest Notice, the protestor shall file its formal written protest with the Purchasing Manager. The formal written protest shall provide a detailed statement of the facts upon which the protest is based, the grounds thereof, whether the protestor is requesting an opportunity to address the Review Committee, and the remedy being sought should the City uphold the protest. This 10 day period shall begin on the date of receipt of the Protest Notice by the Purchasing Manager and will exclude Saturday, Sunday and legal holidays.

The Protest Notice shall be accompanied by a bond equaling one percent (1%) of the bid/quote/proposal amount, to a maximum of $5,000 to be used for the payment of administrative expenses associated with the protest in the event the protest is denied. Bids that do not ask for bid/quote/proposal amounts as part of the submittal are exempt from this bonding requirement.

Once the formal written protest is received, it will be reviewed by the Purchasing Manager. The Purchasing Manager will then form a Review Committee consisting of the Purchasing Manager, the Director of the department initiating the bid and the Finance Director or such other persons appointed by the City Manager. This committee will formulate a final administrative response, which will uphold or deny the protest. The protestant may request an opportunity to address the Review Committee. At this meeting, which shall be held within 10 days after the formal written protest is received, the Review Committee and the protestant shall review the basis of the protest, evaluate its facts and merits and formulate the final administrative response to the protest or, if possible, reach a resolution acceptable to both parties or afford the protestant an opportunity to withdraw the protest.

The final administrative response, after being reviewed and approved by the City Manager, will be forwarded to the protestant within 10 days from the receipt of the formal written protest or, if the opportunity to address the Review Committee is requested, within 10 days after such meeting. The response will represent the final determination of the City's staff concerning the issue. During this period of time, the City will not proceed further with the solicitation or award of the contract at issue until such dispute is resolved, unless it is determined by the City that such a delay would be adverse to the City's interests and the public health, safety or welfare. If the protester desires to appeal the final determination of the City staff to the City Council or City Manager, such appeal shall be filed with the Purchasing Manager within 10 days after the final determination is mailed to the protester. The City Manager shall make a final decision on

appeals for all Bids falling within the City Manager's spending authority. For Bids which exceed the City Manager's spending authority, the City Council shall make the final decision on the appeal. In the case of an appeal, the protestor will be given the opportunity to address the City Council or the City Manager. If the City Council or the City Manager upholds the protest, or if no appeal to the City Council or City Manager is timely filed and the Review Committee upholds the protest, the Bond will be returned to the protestant. If, however, the protest is denied and the City Council or the City Manager or Review Committee if no appeal is timely filed further finds the protest lacks merit, the City Council or the City Manager or Review Committee may assess any costs, charges or damages associated with any delay of the award or any cost incurred with regard to the protest, against the Bond. The determination of the City Council or City Manager shall be final as to award of the Contract and all bid protests.

During the Bid protest, the burden shall be on the protestant to demonstrate by clear and convincing evidence that the Bid was procedurally or substantially flawed, arbitrary, fraudulent, unreasonable and capricious, dishonest, corrupt or illegal.

Failure to file a Bid protest within the time periods prescribed herein shall constitute an absolute and complete waiver of a person's right to protest a particular City Bid. Time periods related to these Formal Protest Procedures shall exclude Saturdays, Sundays, and legal holidays.

9. Acceptance of Bid. The signed bid shall be considered an offer by the bidder. The bid offer shall be deemed accepted only upon issuance and execution by the City of a purchase order or other contractual document.

10. Local Vendor Preference. The City of Cocoa grants preference to those vendors, contractors or service providers whose physical business address is within the physical boundaries of Brevard County and such location is evidenced by the local business tax receipt that has been issued for at least six (6) months prior to the date that the bid was submitted to the City. A post office box shall not be considered a physical business address.

A five percent (5%) preference is given to Brevard County vendors/contractors on bids which do not exceed $1,000,000 and do not fall into one of the categories outlined in Ordinance 11- 2009 which was amended by Ordinance 14-2009 and is available for review in the Office of the City Clerk or the Office of the Purchasing Manager at 65 Stone Street, Cocoa, Florida 32922.

The local preference policy will not apply to the following purchases or contracts:

- Contracts or purchases in excess of one million dollars ($1,000,000).
- Contracts for professional services, including those awarded under the Consultant's Competitive Negotiation Act (Section 287.055, Florida Statutes).
- Purchases or contracts which are funded, in whole or in part, by a governmental entity whose laws or regulations governing such funding prohibit application of a local vendor preference.
- State or Federal law prohibits the use of local preferences.
- Goods or services provided pursuant to a cooperative purchasing agreement.
- Purchases or contracts under emergency situations.
- When the City has waived competitive bidding requirements.
- Purchases or contracts under a bid or request for proposal for which the City has expressly waived, in the invitation for bid or request for proposal, the requirements of

this local preference policy.
- The City has deemed the business not qualified to perform the work.
- The City rejects all bids or proposals.
- All the bids exceed the City's budgeted amount for the project.

The local vendor preference policy does not prohibit the City from comparing the quality of materials proposed for purchase or prohibit the City from comparing qualifications, character, responsibility and fitness of all persons, firms and corporations submitting bids or proposals. The City reserves the right to award contracts to the lowest and best bidder regardless of the application of any local preference.

8.4 Procedures

1. The department requesting the bid or proposal shall provide a general description of the article(s) to be purchased, specifications and general conditions of the bid or proposal.

   The following information should be provided, as applicable by the indicated department:

   a. A statement of general purpose and description of the services and supplies being requested or scope of work (Requestor)
   b. Specifications (Requestor)
   c. Public Entity Crimes statement clause (Purchasing)
   d. Drug free Workplace statement clause (Purchasing)
   e. Informality waiving and bid rejections clause (Purchasing)
   f. Insurance/safety requirements (Purchasing)
   g. Any particular evaluation criteria (Requestor)
   h. Any pertinent attachments (Requestor)
   i. CFDA number on bids using Federal Grant Funds (Requestor)
   j. CSFA number on bids using Florida State Grant Funds (Requestor)

   For Utilities and Public Works contracts, the following additional information should be provided, as applicable by the indicated department:

   j. General contract terms (Requestor)
   k. Special and/or technical provisions (Requestor)
   l. Contract agreement (Purchasing)
   m. Security and bid bond clause (Purchasing)
   n. Performance and payment bond clause (Purchasing)
   o. Non-collusion clause (Purchasing)
   p. Commencement and completion of work requirements and any associated penalties for delay (Requestor)
   q. Trench Safety Act Form if required pursuant to Chapter 553, Florida Statutes. (Purchasing)
   r. Allowable progress payments (Requestor)
   s. Project manager (Requestor)
   t. Pre-bid conference or job inspection requirements (Requestor)

2. The Purchasing Manager reviews the bid documents for completeness. The Purchasing staff prepares the invitation for bid or request for proposal/qualification for review by the requestor and distributes the documents through a third-party bidding platform.

3. A pre-bid conference with vendors may be necessary, depending on the complexity of the specifications or the scope of the work to be performed. This meeting should be conducted by the Purchasing Manager in conjunction with the Project Manager and the names and companies of all attendees shall be recorded for retention in the bid file.

4. Bids or proposals arriving in Purchasing before the bid opening date and time are filed until the bid opening. All bids received are date/time coded.

5. Public Bid Opening - As per 255.0518, F.S., when opening sealed bids or the portion of any sealed bids that include the prices submitted that are received pursuant to a competitive solicitation for construction or repairs on a public building or public work, open the sealed bids at a public meeting conducted in compliance with s. 286.011.
   k. Announce at that meeting the name of each bidder and the price submitted in the bid.
   l. Make available upon request the name of each bidder and the price submitted in the bid.

6. Purchasing tabulates the bids to determine the apparent low bidder and provides that information to the requesting department. This review is only intended to identify a low bidder based on raw numbers only and is subject to factors which the requestor must weigh in determining a recommended reward.

7. The requesting department shall prepare a written recommendation (in agenda item form) for approval by the City Manager and any others as deemed necessary. Upon their approval, the recommendation and supporting documents are prepared for City Council approval.

8. Upon receipt of these documents, the requesting department prepares a purchase order which Purchasing will issue to the recommended vendor.

8.5 Acceptance of Offer

The signed bid shall be considered an offer by the bidder. The bid offer shall be deemed accepted upon issuance by the City of a purchase order or other contractual document.

A. Firm Prices

The bidder warrants prices, terms and conditions quoted in his bid will be firm for acceptance for a period of not less than ninety (90) days from the bid opening date unless otherwise specified in the ITB. Such prices will remain firm during performance of resulting purchase orders or contracts.

B. Contract and Bonds

The bidder whose bid is accepted will, within the time established in the ITB, enter into a written contract with the City and, if required, furnish performance and payment bonds in the amounts stated in the ITB.

C. Estimated Quantities

Whenever a bid requests prices to be firm for the period of performance, the quantities or

usages shown are estimates with no guarantee made by the City that these quantities shall be purchased. The quantities shown are for the bidder's information only and the City shall be bound only for the actual quantities ordered.

D. F.O.B. Cocoa, Florida

Unless otherwise specified in the ITB, all prices quoted by the bidder must be F.O.B. Cocoa, Florida, with all delivery costs and charges included in the bid price. Failure to do so may be cause for rejection of bid.

E. Cash Discounts

When the City is entitled to a cash discount, the period of computations will commence on the date of delivery or receipt of a correctly completed invoice, whichever is later. If an adjustment in payment is necessary due to damage, the cash discount period shall commence on the date final approval for payment is authorized. If a discount is part of the contract but the invoice does not reflect the existence of a cash discount, the City is entitled to a cash discount for the period commencing on the date decided by the City that a cash discount applies.

F. Brand Names

If and wherever in the specifications brand names, makes, names of any manufacturers, trade names, or vendor catalog numbers are specified, it is to establish a grade or quality of material only. When the City does not wish to rule out other competitors' brands or makes, the phrase OR EQUAL is added. However, if a product other than the specified product is bid, it is the bidder's responsibility to identify such a product in his bid. The bidder must prove to the City the substituted product is equal to or better than the product specified. Unless otherwise specified, samples may be requested if the proposed brand is other than specified by the City. Such samples shall be furnished after the date of bid opening upon request by the City. If samples are requested, they must be received by the City within four days after a formal request is made.

G. Variances from Specifications

Bidders must show any variances from bid specifications and/or conditions, no matter how slight. If variances are not stated in the proposal, it is assumed the product or service fully complies with the City's specifications.

H. Quality

All materials used in the manufacture or construction of supplies, materials or equipment covered by this bid shall be new. The items bid must be new, the latest make or model, of the best quality, and of the highest grade of workmanship.

I. Acceptance of Material

The material delivered under any proposal shall remain property of the seller until a physical inspection of the material is made and accepted to the satisfaction of the City. The material must fully comply with the stated terms, specifications and quality. In the event the material supplied to the City is found to be defective or does not meet specifications, the City reserves the right to cancel the order upon written notice to the bidder and return the product to the bidder at the bidder's expense.

J. Timely Delivery

Time will be of the essence for any order placed because of any bid. The City reserves the right to cancel such order, or any part thereof, without obligation if delivery is not made within the time(s) specified on the proposal form.

K. Copyright or Patent Rights

Bidders warrant that there have been no violations of copyrights or patent rights in manufacturing, producing or selling the goods shipped or ordered because of any bid. Bidders also agree to hold the City harmless from any liability, loss or expense occasioned by any such violation.

L. Conflict of Interest

Bidders, by acceptance of any order placed because of any bid, certify to the best of their knowledge or belief that no elected or appointed official or employee of the City of Cocoa is financially interested, directly or indirectly, in the purchase of goods specified in this IFB.

M. Taxes

The City of Cocoa is exempt from any taxes imposed by the State of Florida and/or Federal Government. Exemption certificates will be provided upon request.

N. Failure to Bid

If a supplier does not wish to bid, he/she should return the "Statement of No Bid" form, stating the reason for not bidding.

O. Manufacturer's Certification

The City reserves the right to request from bidders a separate manufacturer's certification of all statements made in any proposal. Failure to provide such certification may result in rejection of the bid or termination of the contract, for which the bidder must bear full liability.

P. Compliance with Orders and Laws

Bidders, contractors, and concessionaires shall comply with all local, state and federal directives, orders and laws as applicable to any bid and subsequent contracts, including but not limited to:

a. Executive Order 11246, which prohibits discrimination against any employee, applicant or client because of race, creed, color, national origin, sex or age regarding, but not limited to, the following: employment practices, rates of pay or other compensation methods and training selection.

b. Occupational Safety and Health Act (OSHA). Non-compliance with all local, state and federal directives, orders and laws may be considered grounds for termination of the contract(s).

c. For awards made using Federal grants, contractual agreements comply with all applicable provisions described in 2 CFR 200 Appendix II. The Purchasing Division will ensure the required terms and conditions are included.

Q. Default of Contract

In case of default by the bidder or contractor, the City may procure the items or services from

other sources and hold the bidder or contractor responsible for any excess costs occasioned or incurred.

R. Modifications or Changes in Purchase Orders

No agreement or understanding to modify any ITB and resultant purchase order shall be binding upon the City unless made and signed by the Purchasing Manager, an authorized representative of the City of Cocoa.

S. Order of Precedence

In case of an inconsistency between provisions of any ITB, the inconsistency shall be resolved by giving precedence in the following order: (a) the bid form/schedule of values, (b) instructions to bidders and general conditions, (c) special provisions, (d) other provisions of the contract, whether incorporated by reference or otherwise, and (e) the specifications.

T. Lobbying Cone of Silence/Black-out Period

Lobbying is defined as any action taken by an individual, firm, association, joint venture, partnership, syndicate, corporation, and/or all other groups who seek to influence the governmental decision of a City Council Member, the City Manager, any requesting or evaluating Department/Division/Office personnel and/or any member of the Evaluation Committee concerning an active solicitation during the black-out period.
A lobbying black-out period commences upon the issuance of a solicitation document. Bid/proposers, respondents, potential vendors, service providers, lobbyists, consultants, or vendor representatives shall not contact any City Council member, the City Manager, any requesting or evaluating Division/Department/Office personnel, and/or any member of the Evaluation Committee concerning an active solicitation during the Cone of Silence/Lobbying Black-out Period.

If an award item is presented to City Council for approval or for a request to provide authorization to negotiate a Contract(s) and the City Council refers the item back to the City Manager, Procurement Division and/or requesting Department/Division/Office for further review or otherwise does not act on the item, the Cone of Silence/Lobbying Black-out Period will be reinstated until such time as the City Council meets to consider the item for action.

8.6 Notice to Proceed (NTP)

For Construction Contracts where there is a period of performance noted in the contract. The requesting department shall issue a Notice to Proceed to the contractor which will contain the start date of the work. This will be the date that contract time begins to run and will determine the project milestones for substantial and final completion of the contract. This NTP shall be provided by the department to the contractor and will have both the signature of the authorized representative of the contractor and the department's project manager. The Department will then submit this document to the Purchasing Manager for approval. The Purchasing Manager will approve and return the fully executed version to the department. Departments can reach out to the Purchasing Division for a copy of the NTP form.

8.7 Performance Evaluations

Vendor Performance Evaluations assess how well the vendor is meeting the agreed-upon

contractual obligations and performance expectations. Vendor performance evaluations can be used to:

- Identify vendors who are consistently exceeding expectations.
- Identify vendors who are not meeting expectations, and to work with them to improve their performance or to discontinue their use.
- Provide a transparent and fair process for evaluating vendor performance.
- Make informed decisions about future contracts and vendor relationships.

The Purchasing Division will maintain a vendor performance evaluation form that will be used to assess the vendor's performance on each of the evaluation criteria. The evaluation form will be completed by the Department employee who is responsible for managing the vendor contract.

At the completion of a formally awarded contract, the Department will submit a completed vendor performance evaluation form to the Purchasing Division for retention. Or if the contractor is not performing during the course of the project, an evaluation form may be submitted at any time at the discretion of the Department.

Vendors who consistently receive poor performance evaluations may be subject to reduced or discontinued business with the City and, depending on the circumstances, may be subject to suspension or debarment from bidding on future City contracts.

8.8 Record Maintenance, Storage and Retention

The Purchasing Division will maintain electronic records for each formal competitive solicitation. These records will include but are not limited to the rationale for the method of procurement, the solicitation request, proof of publication, addenda, submittals, response tabulation, the selection of the contract type, the contractor selection or rejection, evaluation committee scoring and recommendation (where applicable), the basis for the contract price, City Council award approval (where applicable), Agreements with the awarded vendor(s), other related documents such as but not limited to E-Verify Affidavits, COIs, Bonds, and amendments. For awards made using federal grants the Purchasing Division will also complete a Procurement under Federal Grants due diligence checklist ensuring compliance with all federal grant requirements including all terms and conditions required under 2CFR200 for state and local entities.

RESOLUTION NO. 2026-047

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF COCOA, BREVARD COUNTY, FLORIDA, ADOPTING AMENDMENTS TO THE CITY OF COCOA PURCHASING MANUAL AUTHORIZING THE USE OF PREQUALIFICATION PROCEDURES FOR CERTAIN PROJECTS IN CONFORMANCE WITH FLORIDA STATUTES; PROVIDING FOR THE REPEAL OF PRIOR INCONSISTENT RESOLUTIONS AND POLICIES, SEVERABILITY, AND AN EFFECTIVE DATE.

WHEREAS, the City of Cocoa is granted the authority, under Section 2(b), Art. VIII of the State Constitution and Chapter 166, Florida Statutes, to exercise any power for municipal purposes, except when expressly prohibited by law; and

WHEREAS, on December 12, 2023, the City Council approved Resolution No. 2023-140, establishing a stand-alone City of Cocoa Purchasing Manual to govern municipal procurement operations, compliance, and acquisition thresholds; and

WHEREAS, Section 255.20, Florida Statutes, governs the procurement of public construction contracts and requires that contracts exceeding statutory thresholds be awarded to the lowest qualified and responsive bidder when the contract is awarded based on price; and

WHEREAS, Florida jurisprudence and statutory frameworks recognize that while competitive ranking or arbitrary shortlisting is impermissible for price-based bids, municipalities may utilize a structured, objective prequalification process when authorized by local policy or ordinance; and

WHEREAS, the City Council desires to amend the City of Cocoa Purchasing Manual to incorporate and authorize the use of prequalification procedures when Invitations to Bid or Requests for Proposal procurement methods are utilized, which will be most useful to balance necessary technical screening, security requirements, and statutory compliance for highly complex or large-scale public construction projects; and

WHEREAS, the City Council deems that this Resolution is in the best interests of the public health, safety, and welfare of the citizens of Cocoa.

NOW, THEREFORE, BE IT DULY RESOLVED BY THE CITY COUNCIL OF THE CITY OF COCOA, BREVARD COUNTY, FLORIDA, THAT:

Section 1. Incorporation of Recitals. The foregoing recitals are deemed true and correct and are hereby fully incorporated herein by this reference.

Section 2. Amendment to the Purchasing Manual. The City Council of the City of Cocoa hereby approves and adopts the following amendments to the City of Cocoa Purchasing Manual, Sections 2.4 and 8.3. The City of Cocoa Purchasing Manual is hereby amended as follows: (underlined type indicates additions and strikeout type indicates deletions, while asterisks (* * *) indicate a deletion from this Resolution of text existing in the Purchasing Manual. It is intended that the text in the Purchasing Manual

denoted by the asterisks shall remain unchanged from the language existing prior to the adoption of this Resolution.)

2.4 Large Purchases; Prequalification of Contractors

Sealed, competitive bidding is generally reserved for purchases which exceed the formal solicitation threshold where formal procurement methods are required by City ordinance. Formal competitive solicitations shall be conducted in all transactions involving expenditures which exceed the Large Purchase acquisition threshold specified in section 1.6, except as otherwise provided in this Policy or by ordinance or resolution of the City Council. Formal solicitations for Large Purchases will be submitted to the City Council for selection or award as appropriate. The most common formal procurement methods are summarized below and described in greater detail under section 8.

A. Invitation for Bids (ITB)

Solicitation used when there is no substantial difference between the products or services that meet the specifications. The only real difference between the submissions is the price. The purpose of an invitation to bid is to provide standardized information to all bidders, fostering a truly competitive process. This is achieved through the use of sealed bidding procedures. Contractors/Suppliers will submit their price in sealed envelopes which are publicly opened to maintain transparency. The contract will ultimately be awarded to the ~~most responsive and responsible low bid~~ lowest qualified and responsive bidder with zero negotiations concerning price or services.

When deemed appropriate and in the best interest of the City by the head of the requesting department, in consultation with the purchasing manager and city manager, for any large, complex, specialized, or otherwise high risk construction projects, the City may require the contractor to be prequalified before submitting a bid. Prequalification requirements shall be reasonable, objective, and job related. Such requirements may include, but not be limited to, experience; demonstrated satisfactory performance of similar work of similar size and complexity; the possession or availability of facilities, licenses, certifications, or equipment needed for performance of the work; the availability of qualified personnel to complete and manage the work; safety record; demonstrated financial stability of the contracting firm; bonding capacity; and specialized skill or equipment as may be identified by the City as applicable to the project. The City may announce the prequalification requirements in the form of a Statement of Qualifications (SOQ) or may include prequalification requirements in an ITB and include a deadline date for submittal of prequalification data earlier than the deadline for submission of bids, provided that the deadline for submission of prequalification materials allows sufficient time for review, notice of eligibility or ineligibility, and resolution of any timely protest before the submission of bids. In either format utilized, the City shall establish a minimum scoring threshold(s) or checklist of requirements that must be achieved by the bidder in order to be deemed prequalified. All potential bidders/respondents who meet or exceed the objective prequalification threshold(s) or requirements established in the SOQ/ITB shall be deemed "Prequalified Bidders" and placed onto the project's Prequalified List. Each potential bidder/respondent will be notified by the City of its eligibility or ineligibility to submit bids for the project and informed of any deficiencies leading to the determination of ineligibility. Once the Prequalified List is established and

publicly announced, the City will issue a formal Invitation for Bids (ITB) restricted exclusively to the respondents on that List. Appeals regarding determinations of eligibility or ineligibility shall be made in accordance with the Formal Protest Procedures included in Section 8.3 of this Manual, which require a Notice of Protest to be submitted to the City within 72 hours of receipt of the notification of eligibility or ineligibility.

Prequalification does not limit the City's right to reject a bid as nonresponsive, determine that a bidder is nonresponsible based on information discovered before award, waive minor irregularities when permitted by law, cancel the solicitation, or reject all bids when in the best interest of the City.

Notwithstanding the foregoing, the City may also utilize prequalification procedures for construction and improvement projects for bridges, roads, streets, highways, or railroads, and services incidental thereto, estimated to cost in excess of $250,000, in accordance with Section 255.20(1)(a) and (b), Florida Statutes.

The City may also use the prequalification process described in this Section to establish one or more pools or lists of prequalified contractors for future construction, repair, maintenance, emergency, or specialized trade work. When establishing such a pool, the SOQ, RFQ, ITB, or other solicitation shall identify the category or categories of work covered by the pool, the applicable qualification requirements, the term of the pool, any procedures for reopening or renewing the pool, and the method by which future projects or work assignments may be solicited or awarded among prequalified contractors.

Admission to a prequalified contractor pool shall require the contractor to enter into a continuing services agreement with the City. However, work will be assigned on a task order basis when and if the City requires work to be performed and selects the contractor for a particular assignment. The continuing services contract does not guarantee the award of any task order. Unless otherwise authorized by law or this Manual, future work shall be solicited or awarded among contractors in the applicable pool in accordance with the procurement method, dollar thresholds, and competitive requirements that apply to the particular work. The City may remove or suspend a contractor from a prequalified pool for failure to maintain required qualifications, licenses, insurance, bonding, or performance standards, subject to the protest procedures in Section 8.3.

Prequalification of any contractor shall not result in the formation of a contract with the City.

B. Request for Proposal (RFP)

A Request for Proposal (RFP) will be used when the price is not the only factor in selection. Other factors include, but are not limited to, references, approach to completing the scope of work, or designs. The City shall select the Proposer and proposal that is most qualified, responsive and most advantageous to the City's interests, as determined in the sole and absolute discretion of the City Council or City Manager. The RFP selection will not result in the formation of a contract but will allow the City and selected Proposer to negotiate a contract including, but not limited to, the scope of work, work and delivery schedule, term and pricing. No contract shall be formed until final approval and execution of a written contract by the City Council or City Manager occurs, containing

such terms as the City Council and City Manager determine are in the best interest of the City. Negotiations may be terminated at any time by the City Manager if, at his or her sole discretion, the City Manager determines that the negotiation of terms acceptable to the City will not be successful.

If the City chooses to appoint a selection committee, following the proposal opening, the Purchasing Manager shall issue the submittals to the committee members. The Purchasing Manager will schedule a publicly noticed selection committee meeting. At the meeting, the Purchasing Manager will provide the selection committee with relevant guidance on reviewing proposals and answer any questions. The selection committee members are not to discuss the RFP or their evaluations or rankings outside of the publicly noticed selection committee meetings. During a selection committee ranking meeting, the Purchasing Manager will tally the selection committee scores, and the committee will select a proposal to recommend to the City Council or City Manager for selection and further negotiation of an agreement.

The City may apply the prequalification procedure set forth in the ITB section to a RFP solicitation as deemed appropriate.

* * *

8.3 Submission and Receipt of Bids

* * *

E. Failure to follow these procedures is cause for rejection of the bid.

* * *

8. Formal Protest Procedures. Any Respondent to a sealed bid, RFP, RFQ or other solicitation (hereinafter collectively referred to as "Bid") who believes they have been affected adversely by a decision of the City concerning a Bid, may file a formal protest in accordance with the following procedure.

The City will receive two kinds of protests:

- A Respondent may protest the Bid specifications or criteria, including addenda, or the procedures leading to award of the Bid, or prequalification determinations ("Pre-Award Protest"); or

- A Respondent may protest the determination of the City Council or City Manager regarding final award of the Bid ("Post-Award Protest").

All protests must be initiated by filing a written Notice of Intent to Protest ("Protest Notice") with the office of the Purchasing Manager, City of Cocoa, 65 Stone Street, Cocoa, Florida 32922. Pre-Award Protests must be initiated by filing a Protest Notice within 72 hours after receipt of the Bid or addenda or prequalification determination. Post-Award Protests must be initiated by filing a Protest Notice within 72 hours after the decision of the City Council or the City Manager in awarding the Bid. The time periods exclude Saturday, Sunday and legal holidays. The notice shall state the name of the company protesting, a description of the bid and the bid number, the name,

title and address of the person submitting the protest notice and a general statement of the nature of the protest.

Within 10 days after filing the Protest Notice, the protestor shall file its formal written protest with the Purchasing Manager. The formal written protest shall provide a detailed statement of the facts upon which the protest is based, the grounds thereof, whether the protestor is requesting an opportunity to address the Review Committee, and the remedy being sought should the City uphold the protest. This 10 day period shall begin on the date of receipt of the Protest Notice by the Purchasing Manager and will exclude Saturday, Sunday and legal holidays.

The Protest Notice shall be accompanied by a bond equaling one percent (1%) of the bid/quote/proposal amount, to a maximum of $5,000 to be used for the payment of administrative expenses associated with the protest in the event the protest is denied. Bids that do not ask for bid/quote/proposal amounts as part of the submittal are exempt from this bonding requirement.

Once the formal written protest is received, it will be reviewed by the Purchasing Manager. The Purchasing Manager will then form a Review Committee consisting of the Purchasing Manager, the Director of the department initiating the bid and the Finance Director or such other persons appointed by the City Manager. This committee will formulate a final administrative response, which will uphold or deny the protest. The protestant may request an opportunity to address the Review Committee. At this meeting, which shall be held within 10 days after the formal written protest is received, the Review Committee and the protestant shall review the basis of the protest, evaluate its facts and merits and formulate the final administrative response to the protest or, if possible, reach a resolution acceptable to both parties or afford the protestant an opportunity to withdraw the protest.

The final administrative response, after being reviewed and approved by the City Manager, will be forwarded to the protestant within 10 days from the receipt of the formal written protest or, if the opportunity to address the Review Committee is requested, within 10 days after such meeting. The response will represent the final determination of the City's staff concerning the issue. During this period of time, the City will not proceed further with the solicitation or award of the contract at issue until such dispute is resolved, unless it is determined by the City that such a delay would be adverse to the City's interests and the public health, safety or welfare. If the protester desires to appeal the final determination of the City staff to the City Council or City Manager, such appeal shall be filed with the Purchasing Manager within 10 days after the final determination is mailed to the protester. The City Manager shall make a final decision on appeals for all Bids falling within the City Manager's spending authority. For Bids which exceed the City Manager's spending authority, the City Council shall make the final decision on the appeal. In the case of an appeal, the protestor will be given the opportunity to address the City Council or the City Manager. If the City Council or the City Manager upholds the protest, or if no appeal to the City Council or City Manager is timely filed and the Review Committee upholds the protest, the Bond will be returned to the protestant. If, however, the protest is denied and the City Council or the City Manager or Review Committee if no appeal is timely filed further finds the protest lacks merit, the City Council or the City Manager or Review Committee may assess any costs, charges or damages associated with any delay of the award or any cost incurred with regard to the

protest, against the Bond. The determination of the City Council or City Manager shall be final as to award of the Contract and all bid protests.

During the Bid protest, the burden shall be on the protestant to demonstrate by clear and convincing evidence that the Bid was procedurally or substantially flawed, arbitrary, fraudulent, unreasonable and capricious, dishonest, corrupt or illegal.

Failure to file a Bid protest within the time periods prescribed herein shall constitute an absolute and complete waiver of a person's right to protest a particular City Bid. Time periods related to these Formal Protest Procedures shall exclude Saturdays, Sundays, and legal holidays.

Section 3. Direction to Staff. The Procurement and Budget Manager, or designee, is hereby authorized and directed to incorporate this approved text amendment into the master City of Cocoa Purchasing Manual, relettering any subsequent subsections as textually necessary to maintain sequential ordering.

Section 4. Severability. If any section, subsection, sentence, clause, phrase, word, or portion of this Resolution is for any reason held invalid or unconstitutional by a court of competent jurisdiction, whether for substantive or procedural reasons, such portion shall be deemed a separate, distinct, and independent provision, and such holding shall not affect the validity of the remaining portions of this Resolution.

Section 5. Repeal of Prior Inconsistent Resolutions and Policies. All prior resolutions and policies or parts of resolutions and policies in conflict herewith are hereby repealed to the extent of the conflict.

Section 6. Effective Date. This Resolution shall become effective immediately upon its adoption by the City Council of the City of Cocoa, Florida.

ADOPTED by the City Council of the City of Cocoa, Florida, in a regular meeting assembled on this 9th day of June 2026.

CITY COUNCIL AGENDA ITEM

Memo Date:	June 10, 2026
Agenda Date:	July 14, 2026
File ID:	2026-506
Prepared By:	Jose Socias
Through:	Abigail Morgan, Public Works Director
Requested Action:	Authorize the Civic Center roof replacement project utilizing the Continuing Roofing Contracting Services Contract No. RFQ-6-22-13 with Tech Systems Inc. in the amount of $105,491.61; approve BAF 2026-063A; adopt Contingency Resolution 2026-xxx authorizing the City Manager to execute future-project related amendments up to an additional $10,550 with a maximum project cost of $116,041.61 and authorize the City Manager to execute all related agreements and purchase orders..

BACKGROUND:

The existing roofing system at the Civic Center has exceeded its anticipated service life and has begun showing signs of age-related deterioration. Due to the roof's condition, the risk of leaks and other failures has increased significantly. A major roof failure could result in substantial damage to the facility, disruption of City operations, and the cancellation or interruption of community events and rental activities held at the Civic Center.

The Civic Center serves as an important public facility that hosts a variety of meetings, events, and rental functions throughout the year. Maintaining a watertight building envelope is essential to preserving the facility, protecting City assets, and ensuring continued availability of the venue for residents and organizations.

To address these concerns proactively and avoid more costly emergency repairs, staff recommends replacing the existing roof utilizing the Brevard County Continuing Roofing Contracting Services Contract No. RFQ-6-22-13 with Tech Systems Inc. The proposed project will provide a new roofing system designed to extend the facility's useful life, improve reliability, and reduce the potential for service disruptions.

Staff further recommends approval of a contingency authorization in the amount of $10,550 to address any unforeseen conditions that may be encountered during construction, for a total authorized project cost not to exceed $116,041.61. Upon approval, the City Manager will execute the construction rider (attached).

This project is consistent with the City's ongoing efforts to maintain public facilities, protect municipal infrastructure, and ensure uninterrupted service to the community.

RECOMMENDED MOTION:
Authorize the Civic Center roof replacement project utilizing the Continuing Roofing Contracting Services Contract No. RFQ-6-22-13 with Tech Systems Inc. in the amount of $105,491.61; approve BAF 2026-063A; adopt Contingency Resolution 2026-xxx authorizing the City Manager to execute future-project related amendments up to an additional $10,550 with a maximum project cost of $116,041.61 and authorize the City Manager to execute all related agreements and purchase orders.

RESOLUTION NO. 2026-048

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF COCOA, FLORIDA; AUTHORIZING THE CITY MANAGER TO APPROVE AND EXECUTE CHANGE ORDERS TO THE PRIMARY CONSTRUCTION CONTRACT AND ANY ADDITIONAL SERVICE CONTRACTS RELATED TO THE COMPLETION OF THE PROJECT REGARDING THE CIVIC CENTER ROOF REPLACEMENT IN AN AMOUNT NOT TO EXCEED THE TOTAL AMOUNT BUDGETED FOR THE PROJECT BY THE CITY COUNCIL INCLUSIVE OF THE $10,550 CONTINGENCY SET ASIDE FOR THE PROJECT; PROVIDING FOR THE REPEAL OF PRIOR INCONSISTENT RESOLUTIONS; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, section 2-4 of the City Code provides that with respect to construction contracts approved by the City Council, the City Council may authorize by resolution the City Manager to approve change orders to the primary construction contract and any additional service contracts related to the completion of the construction project authorized by the City Council in excess of the spending authority limits under this section provided the amount is within the unexpended construction budget approved by the City Council for the project including any contingency funds approved by the City Council for said contract; and

WHEREAS, on (7/14/2026), the City Council authorized the City Manager to proceed with the (Civic Center Roof Replacement), subject to certain terms and conditions and budget adjustments approved by the City Council; and

WHEREAS, in conjunction with this authorization, the City Council desires to streamline the approval of change orders and any additional service contracts to the extent necessary in order to expedite the construction of the project; and

WHEREAS, the City Council deems it to be in the best interest of the City of Cocoa to authorize the City Manager to approve the aforementioned change orders and any additional service contracts consistent with the terms of this Resolution and Section 2-4 of the City Code even if said amounts exceed the City Manager's general spending authority approved by the City Council.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF COCOA, as follows:

SECTION 1.

(A) Pursuant to Section 2-4 of the City Code, the City Manager is hereby authorized to approve any change orders to the primary construction contract and any additional service contracts related to the construction project regarding the (Civic Center Roof Replacement), provided the total amount of approved change orders and any additional service contracts do not cause the construction budget to exceed the total ($105,491.61) budgeted by the City Council for the project inclusive of the $10,550 contingency amount set aside for the project. This grant of spending authority shall be interpreted and construed in accordance with the provisions of Section 2-4 of the City Code.

(B) Pursuant to Section 2-4 of the City Code, the City Manager shall also provide notice of any such approved change orders and any additional service contracts to the City Council in the form of an agenda item at the next scheduled City Council meeting or as soon as practicable thereafter.

SECTION 2. All prior resolutions or prior resolutions inconsistent with this resolution are hereby repealed to the extent of the conflict.

SECTION 3. This resolution shall become effective immediately upon its adoption by the City Council of the City of Cocoa, Florida.

ADOPTED by the City Council of the City of Cocoa, Florida, in a regular meeting assembled on 7/14/2026.

PIGGYBACK RIDER - CONSTRUCTION

Civic Center Roof Replacement

Continuing Roofing Contracting Services Contract No. RFQ-6-22-13

THIS CONSTRUCTION RIDER AGREEMENT ("Agreement") is made and entered into this _____ day of _____, 2025, between the **CITY OF COCOA**, a Florida municipal corporation ("City" or "Owner") and **Tech Systems, Inc.,** authorized to transact business in the State of Florida, with principal offices located at 2001 Hughes Road, Suite #1, Melbourne, FL 32935 ("Contractor"). The City and the Contractor agree as follows:

1. The Purchasing Policies of the City of Cocoa allow for "piggybacking". Pursuant to this procedure, the City is allowed to piggyback an existing government contract, and there is no need to obtain formal or informal quotations, proposals or bids. The parties agree that the Contractor has entered into a contract with **Brevard County** a public agency in the state of Florida and said contract being identified as: **Continuing Roofing Contracting Services, Contract No RFQ-6-22-13** (said original contract being referred to as the "**Original Government Contract**").

2. The Original Government Contract, including all associated Addenda, Appendices, Exhibits and Attachments, including Contractor's Bid Submittal, as included in the Original Government Contract, is incorporated herein by reference and is attached as **Exhibit "1"** to this Agreement. All of the terms and conditions set forth in the Original Government Contract (Exhibit "1") are fully binding on the parties and said terms and conditions are incorporated herein except to the extent expressly modified herein.

3. Notwithstanding the requirements that the Original Government Contract is fully binding on the parties, the parties have agreed to modify certain provisions of the Original Government Contract as applied to this Agreement between the Contractor and the City of Cocoa, as follows:

A) Notwithstanding anything in Exhibit "1" to the contrary, the following terms shall be substituted throughout the Original Government Contract: **Brevard County** = City of Cocoa; **Brevard County** Code = Code of the City of Cocoa. Further, references to specifically identified **Brevard County** Codes, policies and procedures shall refer to similar and substantively equivalent Cocoa Codes, policies and procedures, if any.

B) **Scope of Services.** Pursuant to Section 1 of the Original Government Contract, the City and Contractor agree that the scope of services to be performed by Contractor under this Agreement is identified in **Exhibit 2** (Tech Systems Inc Quote, dated May 26, 2026), and Exhibit 2 shall constitute a Work Order or Task Order.

C) **Order of Precedence.** Notwithstanding anything in the Original Government Contract to the contrary, in case of any inconsistency in any of the documents bearing on the Agreement between the OWNER and the CONTRACTOR, the inconsistency shall be resolved by giving precedence in the following order:

i. Change Orders

ii. Construction Rider

iii. Original Government Contract # RFQ-6-22-13, Exhibits and Addenda

iv. Supplemental Terms and Conditions

v. General Terms and Conditions

vi. Engineering Plans and Drawings, if any

vii. RFQ for Continuing Roofing Contracting Services issued by Brevard County (RFQ-6-22-13, dated October 13, 2022 (Notice of Award), including any subsequently issued Addenda

viii. Contractor's Quote

ix. Punchlist

D) **Contract Time.** Notwithstanding anything in Exhibit "1" to the contrary, the term of this Agreement with the City of Cocoa shall take effect on the date of its execution by the City and Contractor and continue until the Project has been completed and accepted by the City. The Contract Time shall begin to run upon the OWNER's issuance of the Notice to Proceed. The CONTRACTOR shall sign the Notice to Proceed and deliver it to the Owner's Project Manager.

i. *Substantial Completion.* The Work shall be substantially completed within Sixty-Five Days (65) calendar days after the date when the Contract Time begins to run.

The date of Substantial Completion of the Work is the date certified in writing by the OWNER when (1) construction is sufficiently complete, in accordance with the contract documents, so the OWNER can occupy or utilize the work for its intended purpose, as expressed by the contract documents, and (2) any additional project-specific requirements or milestones for "Substantial Completion" identified in the general, special, or technical conditions or construction plans have been satisfied.

ii. *Punchlist Creation and Acceptance*. No more than ten (10) calendar days following Substantial Completion, the CONTRACTOR shall provide to OWNER a draft Punchlist detailing the remaining items and estimated cost of each required to render the Work complete, satisfactory, and acceptable. OWNER shall review the draft Punchlist and provide any comments to the CONTRACTOR. The OWNER and CONTRACTOR shall cooperate in the development of the Punchlist regarding both the items to be included and the estimated cost of each. The OWNER shall approve a final Punchlist within 30

calendar days of Substantial Completion for projects costing less than or equal to $10 million or 45 calendar days of Substantial Completion for projects costing over $10 million.

OWNER shall deliver a final approved Punchlist to CONTRACTOR no more than 5 calendar days following final approval of the Punchlist.

If the CONTRACTOR fails to coordinate with the OWNER to create a Punchlist and the OWNER has given the CONTRACTOR written notice of the failure, then the OWNER may withhold 150 percent of the estimated costs required to complete the items the OWNER intended to include on the Punchlist, without input from the CONTRACTOR, and shall deliver the Punchlist within the time period in this subsection. The failure to include any corrective work or pending items not yet completed on the Punchlist does not alter the responsibility of the CONTRACTOR to complete all the Work purchased under this Agreement.

iii. *Final Completion*. The Work shall be finally completed, ready for Final Payment within thirty (30) calendar days after the date of delivery of the final, approved Punchlist, which shall be at least thirty (30) calendar days following the delivery of the final approved Punchlist.

iv. *Adverse Weather Conditions.* The parties acknowledge that the Contract Time provided in this subsection includes consideration of adverse weather conditions common to Central Florida including the possibility of hurricanes and tropical storms.

E) **Liquidated Damages.** OWNER and CONTRACTOR recognize that time is of the essence of this Agreement and that OWNER will suffer financial loss if the Work is not substantially complete within the time specified in Subsection D) above, plus any extensions thereof allowed in accordance with this Agreement. OWNER and CONTRACTOR also recognize the delays, expense, and difficulties involved in proving in a legal or arbitration preceding the actual loss suffered by OWNER if the Work is not substantially complete on time. Accordingly, instead of requiring any such proof, OWNER and CONTRACTOR agree that as liquidated damages for delay (but not as a penalty) CONTRACTOR shall pay OWNER $200.00 for each calendar day that expires after the time specified in Subsection D) for substantial completion until the work is substantially complete and $100.00 for each calendar day that expires after the time specified in Subsection D) for final completion until the work is finally complete. The liquidated damages provided in this Section are intended to apply even if CONTRACTOR is terminated, in default, or if the CONTRACTOR has abandoned the Work. This provision binds Contractor's performance bond surety.

F) **Contract Price.** The OWNER will pay the CONTRACTOR in current funds for the performance of the work in accordance with the Contract Documents, subject to additions and deductions

approved by Change Order, the Total Contract Price of **One Hundred Five Thousand, Four Hundred Ninety-One Dollars and Sixty one cents ($105,491.61)** which is consistent with the Original Government Contract and as provided in the Quote attached hereto as **Exhibit 2**. CONTRACTOR agrees to accept the Contract Price as full compensation for performing all Work, furnishing all Materials, and performing all Work embraced in the Contract Documents.

The CONTRACTOR acknowledges that CONTRACTOR studied, considered, and included in CONTRACTOR's Total Bid all costs of any nature relating to: (1) performance of the Work under Florida weather conditions; (2) applicable law, licensing, and permitting requirements; (3) the Project site conditions, including but not limited to, subsurface site conditions; (4) the terms and conditions of the Contract Documents, including, but not limited to, the indemnification and no damage for delay provisions of the Contract Documents.

Payments will be made to the CONTRACTOR for actual quantities installed on the basis of the Schedule of Unit Prices included in the Original Government Contract. Where the Contract Documents provide for Unit Price Work, the Contract Price stated in the Agreement will include for all Unit Price Work an amount equal to the sum of the Unit Prices for each item of Unit Price Work times the estimated quantity of each item as indicated in the Contract Documents. Each Unit Price will be deemed to include an amount considered by CONTRACTOR to be adequate to cover all costs, including supplemental and administrative costs, and profit.

Notwithstanding anything in Exhibit "1" to the contrary, invoices shall be submitted, referencing this Agreement and any Purchase Order to:

City of Cocoa
Finance Department
65 Stone Street
Cocoa, FL 32922

By email to accountspayable@cocoafl.org.

G) **Indemnification.** Notwithstanding anything in Exhibit "1" to the contrary, the Contractor shall indemnify, defend, and hold harmless the City, its City Commission members, employees, representatives, and attorneys from and against all claims, suits, actions, damages, losses, expenses, and/or causes of action including, but not limited to, economic loss, reasonable attorneys' fees, and expenses, arising out or, or in connection with this Agreement, provided that any such claims, suits, action, damages, losses, expenses, and or causes of action (1) is attributable to any person(s) claiming personal injury, bodily injury, sickness, disease, or death; or damage to tangible property, including loss or use; and (2) is caused or incurred in whole or in part by Contractor or any of its subcontractors, agents, or anyone directly or indirectly employed by Contractor, subcontractor, agents, regardless if caused in part by the City. This indemnification shall not apply to any claims, suits, actions, damages, losses, expenses, and/or a cause of action, arising from the City's sole gross negligence or intentional misconduct. For purposes of Contractor's indemnification obligation only, Contractor shall indemnify the City for claims made by the employees of Contractor against the City, and Contractor hereby waives its entitlement, if any, to

immunity under Section 440.11, Florida Statutes. This waiver has been specifically and mutually negotiated by the parties. This paragraph shall survive the termination of this Agreement.

H) **Force Majeure.** Notwithstanding anything in Exhibit "1" to the contrary, any delay or failure of either party in the performance of its required obligations hereunder shall be excused if and to the extent caused by acts of God; fire; flood; windstorm; explosion; riot; war; sabotage; strikes (except involving CONTRACTOR's labor force); extraordinary breakdown of or damage to OWNER 's affiliates' generating plants, their equipment, or facilities; court injunction or order; federal and/or state law or regulation; or order by any regulatory agency; ; provided that prompt notice of such delay is given by such party to the other and each of the parties hereunto shall be diligent in attempting to remove such cause or causes.

I) **Progress Payments.** Notwithstanding anything in Exhibit "1" to the contrary, no payments shall be made where a Payment and Performance Bond is required herein until OWNER receives a certified copy of the recorded Bond. OWNER shall make progress payments on account of the contract price to CONTRACTOR, on the basis of application for payments submitted to the OWNER or OWNER's Project Manager, by CONTRACTOR as the work progresses, and in accordance with the Contract Documents. By submitting each request for a progress payment, the CONTRACTOR certifies, to the best of its knowledge and belief, that: (1) The amounts requested are only for performance in accordance with the specifications, terms, and conditions of the contract; (2) All payments due to subcontractors and suppliers from previous payments received under the contract have been made, and timely payments will be made from the proceeds of the payment requested, in accordance with subcontract agreements; (3) The request is made in good faith and is a true and accurate accounting of the work performed and materials supplied; and (4) The representative signing the request for a progress payment is authorized to certify the request on behalf of the CONTRACTOR. Progress payments may be submitted no more frequently than monthly or, alternatively, in accordance with the following schedule: _____.

In addition to any other reason provided in Exhibit "1", Progress payments may be withheld if:

i. Work is found defective and not remedied;
ii. CONTRACTOR does not provide consent of surety with each payment application;
iii. Another contractor is damaged by an act for which CONTRACTOR is responsible; or
iv. In the opinion of the OWNER that CONTRACTOR's work is not progressing satisfactorily.

OWNER herein (____) designates or (__X__) does not designate an agent, i.e., an architect or engineer, that must approve any payment request or invoice before the payment request or invoice is submitted to OWNER for payment. If an agent must approve the payment request or invoice before the payment request or invoice is submitted to OWNER, payment is due 25 business days after the date on which the payment request or invoice is stamped as received as provided in s. 218.74(1), Florida Statutes, except to the extent that the payment request or invoice does not meet contract requirements. The CONTRACTOR may send OWNER an overdue notice. If the payment request or invoice is not rejected within 4 business days after delivery of the overdue notice, the payment request or invoice shall be deemed accepted, except for any portion of the payment request or invoice that is fraudulent or misleading. If an agent

need not approve the payment request or invoice submitted by CONTRACTOR, payment is due 20 business days after the date on which the payment request or invoice is stamped as received as provided in s. 218.74(1), Florida Statutes, except to the extent that the payment request or invoice does not meet contract requirements. If OWNER disputes a portion of a payment request or an invoice, the undisputed portion shall be timely paid. OWNER shall reject payment requests or invoices in accordance with the procedure established in s. 218.735, Florida Statutes.

~~If the OWNER designated an agent to approve any payment requests before submitted to the OWNER for payment above, the OWNER further hereby identifies _____, Attn: _____, as the agent that must approve payment requests prior to their submission to OWNER.~~

J) **Change Orders.** Notwithstanding anything in Exhibit "1" to the contrary, the OWNER, by written change order and without invalidating the Agreement, may order, or at the request of Contractor approve, extra Work or make changes by altering, adding to, or deducting from the Work, the contract sum being adjusted accordingly. Additional time required for any change in Work must be included with the requested Change Order. The CONTRACTOR'S exclusive remedy for delays in performance of the construction caused by events beyond its control, including delays claimed to be caused by or attributable to the OWNER or the OWNER's agent and claims based on breach of contract or negligence, shall be a claim for an extension of the scheduled construction time.

In giving instructions, the City's Project Manager will have authority to make minor changes in the Work, not involving extra cost or time, and not inconsistent with the purpose of the Work, but otherwise, except in an emergency endangering life or property, no extra work or change will be made unless it goes through the City's written Change Order process and is approved by the City, and no claim for an addition to the contract sum or time will be valid unless so ordered in writing.

The value of any such extra Work or change will be determined in one or more of the following ways:

1. By mutual acceptance of a lump sum.
2. By unit prices named in the contract or subsequently agreed upon.
3. By cost and percentage or by cost and a fixed fee.

If none of the above methods is agreed upon, the CONTRACTOR, provided it receives an order as above, shall proceed with the work. In such case and also under case (3) above, the CONTRACTOR shall keep and present in such form as the City's Project Manager may direct, a correct account of the net cost of labor and materials, together with vouchers. In any case, the City's Project Manager will certify to the amount, including reasonable allowances for overhead and profit, due to the CONTRACTOR. Pending final determination of value, payments on account of changes will be made on the City's Project Manager's estimate. Furthermore, if the CONTRACTOR claims that any instructions by drawings or otherwise involve extra cost under the Contract Documents, it shall give the City written notice thereof within ten (10) days after the receipt of such instructions, and in any event before proceeding to execute the work, except in emergency endangering life or property, and the procedure shall then be as provided above under this section. Claims will not be processed unless filed in writing before any work has commenced. In addition, if the City's Project Manager deems it inexpedient to correct work injured or done not in accordance with

the Contract Documents, an equitable deduction from the Contract Price will be made therefore by Change Order.

K) **Final Payment.** Notwithstanding anything in Exhibit "1" to the contrary, OWNER shall withhold up to 5% of the Contract Price until the date of Substantial Completion, in accordance with the Local Government Prompt Payment Act ("Act"). As provided in Subsection D) above, within 10 calendar days of Substantial Completion, the CONTRACTOR shall create and deliver to OWNER a draft Punchlist detailing Work which must still be completed to reach Final Completion under the terms of this Agreement, and the estimated cost to complete each item. Within thirty (30) calendar days of Substantial Completion for projects with a cost of $10 million or less or within forty-five (45) calendar days of Substantial Completion for projects with a cost of over $10 million, the OWNER shall approve a finalized Punchlist. As provided above, the OWNER and CONTRACTOR shall coordinate and cooperate in the development of the final Punchlist. Within 5 calendar days of OWNER finalizing and approving the Punchlist, the OWNER shall deliver the final approved Punchlist to CONTRACTOR.

Within 20 calendar days of the delivery of the final approved Punchlist, and only upon receipt of a proper invoice or payment request from CONTRACTOR, OWNER shall pay to CONTRACTOR the remaining contract balance, including all retainage previously withheld, less an amount equal to 150 % of the estimated cost to complete the items on the Punchlist, except as provided herein. Should no Punchlist be created within the thirty or forty-five day timeframe, as applicable, because of the failure of CONTRACTOR to cooperate with OWNER, OWNER shall pay to CONTRACTOR the remaining contract balance, including all retainage previously withheld, less an amount equal to 150 % of the estimated cost to complete the items on the Punchlist as determined solely by the OWNER.

CONTRACTOR may submit a proper invoice or payment request for the amount of retainage held to complete the Punchlist items only once all Punchlist items have been completed to the satisfaction of the OWNER. OWNER may continue to withhold retainage if a good faith dispute exists as to whether one or more Punchlist items has been completed in accordance with the terms of this Agreement up to 150% of the total costs to complete those items in dispute.

The date of Final Completion shall be no less than 30 days following delivery of the final approved Punchlist to CONTRACTOR.

The remaining retainage amount withheld shall be released with the Final Payment after the issuance of the Final Completion Certificate. The Final Completion Certificate shall be issued upon completion of all remaining Punchlist items. Consent of surety is required for final payment. OWNER shall make final payment to CONTRACTOR within thirty (30) days after the work is fully and properly completed, if the contract has been fully and timely performed, but subject to the condition that final payment shall not be due until CONTRACTOR has delivered to OWNER all close-out documentation.

L) **Notices**. Notwithstanding anything in Exhibit "1" to the contrary, Notices to the City shall be delivered to:

City Manager
City of Cocoa, Florida
65 Stone Street
Cocoa, FL 32922

Any Notice given as provided herein shall be deemed received as follows: if delivered by personal service, on the date so delivered; if delivered to an overnight courier service, on the business day immediately following delivery to such service; and if mailed, on the third business day after mailing.

M) **Public Records.** Notwithstanding anything in Exhibit "1" to the contrary, if Contractor fails to comply with Section 119.0701, and the City must enforce this Section, or the City suffers a third party award of attorney's fees and/or damages for violating Chapter 119, Florida Statutes, due to Contractor's failure to comply with this Section, the City shall collect from Contractor prevailing party attorney's fees and costs, and any damages incurred by the City, for enforcing this Section against Contractor. And, if applicable, the City shall also be entitled to reimbursement of all attorneys' fees and damages which the City had to pay a third party because of the Contractor's failure to comply with this Article.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT: City Clerk, City of Cocoa, 65 Stone Street, Cocoa, FL 32922, cityclerk@cocoafl.org or 321-433-8484.

N) **Project Manager.** The primary function of the OWNER is to provide the general administration of the contract. In performance of these duties, **Jose Socias, jsocias@cocoafl.org** or his authorized representative is the OWNER's Project Manager during the entire period of construction. The OWNER (CITY) may change the Project Manager during the term of this contract.

O) **Guarantee.** Notwithstanding anything in Exhibit "1" to the contrary, the CONTRACTOR hereby guarantees the Work to the full extent provided in the Plans, Specifications, General Conditions, Special Conditions and other Contract Documents. The CONTRACTOR shall remove, replace and/or repair at its own expense and at the convenience of the OWNER any faulty, defective or improper Work, materials or equipment discovered within one (1) year from the date of the acceptance of the project as a whole by the Owner or for such longer period as may be provided in the Plans, Specifications, General Conditions, Special Conditions or other Contract Documents. Without limiting the generality of the foregoing, the CONTRACTOR warrants to the OWNER, that all materials and equipment furnished under this Agreement will be of first class quality and new, unless otherwise required or permitted by the other Contract Documents, that the Work performed pursuant to this Agreement will be free from defects and that the Work will strictly conform with the requirements of the Contract Documents. Work not conforming to such requirements, including substitutions not properly approved and authorized, shall be considered defective. All warranties contained in this Agreement and in the Contract Documents shall be in addition to and not in limitation of all other warranties or remedies required and/or arising pursuant

to applicable law. Furthermore, CONTRACTOR will provide written guarantee for work and materials for one (1) calendar year after acceptance by OWNER. The one (1) period is not a limitation upon manufacturer warranties or CONTRACTOR's payment and performance Bond(s). To the extent that greater guarantees or warranties are provided in Exhibit "1", such guarantees or warranties shall supersede this Subsection.

P) **Miscellaneous.** Notwithstanding anything to the contrary in Exhibit "1", the following provisions are added to the Agreement:

i. **Sovereign Immunity.** The City intends to avail itself of the benefits of Section 768.28, Florida Statutes and any other statutes and common law governing sovereign immunity to the fullest extent possible. Neither this provision nor any other provision of this Agreement shall be construed as a waiver of the City's right to sovereign immunity under Section 768.28, Florida Statutes, or other limitations imposed on the City's potential liability under state or federal law. Contractor agrees that City shall not be liable under this Agreement for punitive damages or interest for the period before judgment. Further, City shall not be liable for any claim or judgment, or portion thereof, to any one person for over two hundred thousand dollars ($200,000.00), or any claim or judgment, or portion thereof, which, when totaled with all other claims or judgments paid by the State or its agencies and subdivisions arising out of the same incident or occurrence, exceeds three hundred thousand dollars ($300,000.00). Nothing in this Agreement is intended to inure to the benefit of any third party for the purpose of allowing any claim which would otherwise be barred under the doctrine of sovereign immunity or by operation of law. This paragraph shall survive termination of this Agreement.

ii. **Attorney's Fees.** Unless otherwise expressly provided in this Piggyback Rider, should either party bring an action to enforce any of the terms of this Agreement, each party shall bear its own costs and expenses of such action including, but not limited to, reasonable attorney's fees, whether at settlement, trial or on appeal. This provision does not apply to Contractor's surety.

iii. ~~**Performance and Payment Bond.** A performance and payment bond shall be required for this Piggyback Rider in the Form attached hereto as **Exhibit "3**." –~~ **RESERVED**

iv. **Governing Law and Venue.** This Agreement is made and shall be interpreted, construed, governed, and enforced in accordance with the laws of the State of Florida. Venue for any state action or litigation shall be BREVARD County, Florida. Venue for any federal action or litigation shall be in the Middle District of Florida, Orlando Division. The Contractor's surety is bound by this provision.

v. **Mediation.** The parties agree that should any dispute arise between them regarding the terms or performance of this Agreement, both parties will participate in mediation. The parties agree to equally share the cost of the mediator. Should the parties fail to resolve their differences through mediation, then any cause of action filed hereunder shall be filed in the Circuit or County Court for BREVARD County, Florida. The Contractor's surety is bound by this provision.

vi. **E-Verify.** Pursuant to section 448.095, Florida Statutes, beginning January 1, 2021, any City contractors shall register with and use the U.S. Department of Homeland Security's E-Verify system, https://e-verify.uscis.gov/emp, to verify the work authorization status of all employees hired on and after January 1, 2021. City Contractors must provide evidence of compliance with section 448.095, Florida Statutes. Evidence shall consist of an affidavit from the Contractor stating all employees hired on and after January 1, 2021, have had their work authorization status verified through the E-Verify system and a copy of their proof of registration in the E-Verify system. Failure to comply with this provision will be a material breach of the contract, and shall result in the immediate termination of the contract without penalty to the City. The City Contractor shall be liable for all costs incurred by the City securing a replacement contract, including but not limited to, any increased costs for the same services, any costs due to delay, and rebidding costs, if applicable. If the City Contractor utilizes Subcontractors the following shall apply:

a. Contractor shall also require all subcontractors performing work under the Agreement to use the E-Verify system for any employees they may hire during the term of the Agreement.

b. Contractor shall obtain from all such subcontractors an affidavit stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, as defined in section 448.095, Florida Statutes.

c. Contractor shall provide a copy of all subcontractor affidavits to the City upon receipt and shall maintain a copy for the duration of the Agreement.

vii. **Trafficking**. As a condition of this Agreement, the Service Provider shall attest under penalty of perjury that the Service Provider does not use coercion for labor or services as defined in Section 787.06(2), Florida Statutes. Attestations shall be documented using a Human Trafficking Affidavit as provided by the City. The Service Provider understands and affirms that Section 787.06(2), Florida Statutes, defines "coercion," "labor," and "services" as follows:

a. **Definition of "Coercion":** "Coercion" means: (1) using or threatening to use physical force against any person; (2) restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against his or her will; (3) using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined; (4) destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any actual or purported government identification document, of any person; (5) causing or threatening to cause financial harm to any person; (6) enticing or luring any person by fraud or deceit; or (7) providing a controlled substance

as outlined in Schedule I or Schedule II of Section 893.03, Florida Statutes, to any person for the purpose of exploitation of that person.

b. **Definition of "Labor":** "Labor" means that work of economic or financial value.

c. **Definition of "Services":** "Services" means any act committed at the behest of, under the supervision of, or for the benefit of another. The term includes, but is not limited to, forced marriage, servitude, or the removal of organs. Service Provider understands and affirms that Section 787.06(13), Florida Statutes, prohibits the City from executing, renewing, or extending a contract with an entity that uses coercion for labor or services.

viii. **Entities of Foreign Countries of Concern.** Service Provider certifies, affirms, and herein represents that, if the Services involve access to an individual's personal identifying information, the Contractor is not: (a) owned by the government of a foreign country of concern; (b) the government of a foreign country of concern does not have a controlling interest in the Contractor's business; and (c) the Contractor is not organized under the laws of or have its principal place of business in a foreign country of concern. The terms "foreign country of concern" and "controlling interest" shall mean as defined by Section 287.138, Florida Statutes, as may be amended from time to time

Q) INSURANCE - During the term of this Agreement, CONTRACTOR shall be responsible for providing the types of insurance and limits of liability as set forth under this Paragraph. Additionally, all independent contractors or agents employed by CONTRACTOR to perform any Work hereunder shall fully comply with the insurance provisions contained in these Contract Documents.

a. The CONTRACTOR shall maintain comprehensive general liability insurance in the minimum amount of $2,000,000 as the combined single limit for each occurrence to protect the CONTRACTOR from claims of property damages which may arise from any Work performed under this Agreement whether such Work are performed by the CONTRACTOR or by anyone directly employed by or contracting with the CONTRACTOR.

b. The CONTRACTOR shall maintain comprehensive automobile liability insurance in the minimum amount of $1,000,000 combined single limit bodily injury and minimum $1,000,000 property damage as the combined single limit for each occurrence to protect the CONTRACTOR from claims for damages for bodily injury, including wrongful death, as well as from claims from property damage, which may arise from the ownership, use, or maintenance of owned and non-owned automobiles, including rented automobiles whether such operations be by the CONTRACTOR or by anyone directly or indirectly employed by the CONTRACTOR.

c. The CONTRACTOR shall maintain, during the life of this Agreement, adequate Workers' Compensation Insurance in at least such amounts as are required by law and Employer's Liability Insurance in the minimum amount of $2,000,000 for all of its employees performing Work for the OWNER pursuant to this Agreement.

d. The CONTRACTOR shall maintain comprehensive builder risk insurance, which shall cover CONTRACTOR'S labor, and any materials and equipment to be used for completion of the Work performed under this Agreement, against all risks of direct physical loss, excluding earthquake and flood, for a minimum amount of the Total Contract Price. CONTRACTOR shall maintain the builder risk insurance required by this subsection until final completion.

Current, valid insurance policies meeting the requirements herein identified shall be maintained during the term of this Agreement. A copy of a current Certificate of Insurance shall be provided to the OWNER by CONTRACTOR upon the Effective Date of this Agreement which satisfied the insurance requirements of this Paragraph 25. Renewal certificates shall be sent to the OWNER 30 days prior to any expiration date. There shall also be a 30-day advance written notification to the OWNER in the event of cancellation or modification of any stipulated insurance coverage. **The OWNER and its engineer shall be an additional named insured on all stipulated insurance policies as its interest may appear, from time to time, excluding worker's compensation and professional liability policies**.

Insurance covering the specified additional insureds shall be primary insurance, and all other insurance carried by the additional insured shall be excess insurance; and with respect to workers' compensation and employer's liability, comprehensive automobile liability, commercial general liability, and umbrella liability insurance, CONTRACTOR shall require CONTRACTOR's insurance carriers to waive all rights of subrogation against OWNER and its engineer, the engineer's consultants, and their respective officers, directors, partners, employees and agents.

Each policy shall contain a cross liability or severability of interest clause or endorsement.

CONTINUING ROOFING CONTRACTING SERVICES CONTRACT

THIS CONTRACT is entered into the date of last signature below, by and between **Brevard County, Florida**, a political subdivision of the State of Florida (hereinafter the "COUNTY"), and **Tech Systems, Inc.**, a business having its principal address at 2001 Hughes Road, Melbourne, FL 32935 (hereinafter the "CONTRACTOR").

WHEREAS, the COUNTY has a need for the services of a contractor to provide continuing roofing contracting services under a continuing contract; and

WHEREAS, the COUNTY issued a Request for Qualifications RFQ-6-22-13 for such services and has selected the CONTRACTOR to provide said services under a continuing contract and has selected the CONTRACTOR to perform services on a continuing consultant basis in accordance with Florida law and Brevard County policies; and

WHEREAS, this is an agreement for roof contracting services for projects that may be funded or submitted for reimbursement by/through the Federal Emergency Management Agency, as outlined herein, and, as a result, the Parties agree and acknowledge that applicable Federal regulations must be followed.

NOW, THEREFORE, in consideration of the mutual agreement hereinafter contained and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the COUNTY hereby retains the CONTRACTOR and the CONTRACTOR hereby covenants to provide continuing roofing contracting services as prescribed herein.

SECTION I - GENERAL IDENTIFICATION OF SERVICES

All continuing contracting services provided by the CONTRACTOR for the COUNTY shall be identified in Proposal format. Proposals shall include a detailed description of the roofing services to be performed including, but not limited to, square footage, proposed schedule for compensation based on negotiated hourly rates, the proposed number of man hours for each category of labor, the number of workers in each category of labor to be dedicated to the particular work/project from **Attachment B** Pricing Sheet to be assigned to the Work, a projected schedule for completion of the Work, and any other terms or conditions specific to the Work to be performed by the CONTRACTOR, including terms that may be specific to projects that may be funded or submitted for reimbursement by/through the Federal Emergency Management Agency. A Proposal submitted to the COUNTY shall not give rise to any contractual rights until approved by the COUNTY in the form of a written Notice to Proceed signed by an authorized representative of the Brevard County Board of County Commissioners, and where approved by Board action, if applicable. The written Notice to Proceed and specific Proposal, as approved by the COUNTY, shall together constitute an agreement that shall be governed by the terms and conditions of this Contract, unless stated otherwise.

Contract Documents shall include (as applicable): bid advertisement; bid instructions; bid; bid bond; this Contract, including the Federal Emergency Management Agency (FEMA) Clauses and Certifications; bonds; general conditions; special conditions; technical specifications; addenda; drawings; permits; certificate(s) of insurance; and change orders. The FEMA Clauses and Certifications included herein, or attached hereto, control over any conflicting clauses contained within the separate agreements, covering the work for each Project, between the COUNTY and the CONSULTANT, when the Work involved will be submitted by/through FEMA for reimbursement to the COUNTY. The FEMA Clauses and Certifications are attached hereto, and incorporated by this reference, as **Attachment A.** In all other cases, if any conflicts exist between the Contract Documents, the following order of precedence shall apply (as applicable): (1) change orders; (2) addenda (with those of later date having precedence over those of earlier date); (3) this Contract; (4) drawings; (5) technical specifications; (6) special conditions; (7) permits; (8) the COUNTY'S RFQ-6-22-13; (9) bid instructions and advertisement; (10) CONTRACTOR'S Response; (11) construction bond; (12) other bonds; and (13) certificate(s) of insurance.

Preventative Maintenance will be performed at each facility, based on pricing in **Attachment B** Pricing Sheet, upon notification from the COUNTY.

The CONTRACTOR shall not be authorized to begin any work unless all required Certificates of Insurances and applicable endorsement pages (including any replacement coverage for expired or cancelled policies) have been received and approved by the COUNTY.

SECTION II – COUNTY/CONTRACTOR OBLIGATIONS - RECORDS

The COUNTY shall furnish to the CONTRACTOR, upon request, any plans/drawings/data available in the COUNTY'S files pertaining to the work to be performed under this Contract. However, pursuant to Section 119.071, Florida Statutes, certain building plans, blueprints, schematic drawings and diagrams, including draft, preliminary and final formats, which depict the internal layout and structural elements of a building, arena, stadium, water treatment facility, or other structure owned or operated by the COUNTY are exempt from disclosure. These documents, while exempt and/or confidential from release under the State's public records law, are provided to the CONTRACTOR as a receiving entity in order to perform its duties and responsibilities under this Contract. The CONTRACTOR understands it is required to treat the above records as exempt and/or confidential from public records and in no case shall release such record without written authorization from the COUNTY following any request for such information.

SECTION III - CONTINUING ROOFING CONTRACTING SERVICES

Upon receipt of a Notice to Proceed, CONTRACTOR agrees to perform all services associated with the requested Work in accordance with the terms of this Contract, the negotiated terms of the applicable approved Proposal, and in accordance with accepted professional standards and practices.

In connection with continuing roofing contracting services to be rendered pursuant to this Contract, the CONTRACTOR further agrees to:

A. Maintain an adequate staff of qualified personnel.
B. Comply with all federal, state and local laws, rules, and regulations applicable to the work.
C. Cooperate fully with the COUNTY in the scheduling and coordination of all phases of the work.
D. Cooperate and coordinate with other COUNTY contractors, as directed by the COUNTY.
E. Report the status of the work to the COUNTY upon request and hold pertinent data, calculations, field notes, records, sketches and other projects open to the inspection of the COUNTY or its authorized agent at any time.
F. Submit to COUNTY field observations, reports, and other data representative of the work's progress. Submit for COUNTY approval the final work product upon incorporation of any modifications requested by the COUNTY during any previous review.
G. Certify to the COUNTY that all materials supplied to the Brevard County Board of County Commissioners is 100% asbestos-free.

SECTION IV - TIME OF COMPLETION

The services to be rendered by the CONTRACTOR for each section of the Work shall commence upon receipt of a written Notice to Proceed from the COUNTY subsequent to the execution of this Contract, and shall be completed within the time stated in the approved Proposal. Preventative Maintenance Services shall be completed upon request from the COUNTY. Preventative Maintenance Report and invoice for services shall be submitted within ten (10) days of completion of the Work to facilities.accounts@brevardfl.gov.

SECTION V - COMPENSATION

The COUNTY agrees to pay and the CONTRACTOR agrees to accept, for services rendered pursuant to this Contract, fees and other compensation computed in accordance with the methods outlined in **Attachment B** – "Pricing Sheet", and as specified in an approved Proposal:

A. Hourly Rate - the CONTRACTOR shall be compensated per the attached Pricing Sheet (**Attachment B**) the negotiated hourly rate for each hour of time engaged directly in the work. The CONTRACTOR will provide a detailed

breakdown for hours spent on each individual project.

B. Reimbursable Expenses - The CONTRACTOR shall be compensated for certain work-related expenditures not covered by fees for contracting services, provided such expenditures are previously authorized, in writing, by the COUNTY in an approved Proposal. Miscellaneous expenses such as fax, telephone, copies and tolls will not be included as reimbursable expenses. Upon receipt of satisfactory back up materials, the CONTRACTOR will be compensated for such pre- approved reimbursable expenses on a direct cost basis.

C. At least thirty (30) days prior to each anniversary date of this Contract either party may request an adjustment to the rates provided for herein to apply in the forthcoming year. Failure of the parties to agree on a new rate schedule shall constitute a basis for issuing a Notice of Termination by the COUNTY. Any proposed change in rates by the CONTRACTOR shall be subject to the prior written approval of the COUNTY.

D. In the event CONTRACTOR experiences any delay resulting from circumstances beyond its control, or a change in the scope of work which will result in an increase or decrease in a Proposal's price or time, CONTRACTOR shall provide immediate notice to the COUNTY for consideration of modification to compensation or time. Additional compensation shall be limited to direct costs resulting from the delay or change in work as provided in this Section.

SECTION VI - PAYMENT AND PARTIAL PAYMENTS

Subject to the COUNTY'S right to withhold any amounts reasonably necessary to complete or correct defective or substandard work, the COUNTY shall make monthly payments or partial payments to the CONTRACTOR for all authorized work in accordance with the Local Government Prompt Payment Act, Section 218.70, Florida Statutes, et seq.

A. The CONTRACTOR shall submit one (1) original, signed Applications for Payment to the COUNTY. Invoices for Preventative Maintenance Services shall also be submitted.

B. The amount of each Payment Application submitted shall be the amount due for all services performed to date in connection with authorized Work, as certified by the CONTRACTOR. Each Payment Application shall include any authorized reimbursable expenses and must reference the particular Proposal/Project which authorized the services performed. The Payment Application shall be accompanied by copies of invoices for reimbursable

expenses, including materials stored on site.

C. Payment Applications shall include a breakdown for each part of the Work billed for each item and personnel as identified on the Pricing Sheet (**Attachment B**).

D. The CONTRACTOR shall be responsible for submitting original Releases of Liens to the COUNTY for all Notices to Owner on file with the COUNTY. Original, notarized Releases must be received by the COUNTY before payments will be processed.

SECTION VII - SCHEDULE OF WORK

The COUNTY shall have the right to determine which units or sections of the work the CONTRACTOR shall proceed with first and in what order the work shall occur.

SECTION VIII - RIGHT OF DECISIONS

All services shall be performed by the CONTRACTOR to reasonable professional standards and practices and to the requirements of the COUNTY. The Facilities Manager, or designee, shall decide and dispose of all claims, questions and disputes arising under this Contract. In the event the CONTRACTOR does not concur with the decision of the Facilities Manager, or designee, the CONTRACTOR shall present any such objections in writing to the Central Services Department Director within ten (10) calendar days and request the issues be referred to a review board of three (3) members selected by the County Manager from Department Directors and Assistant County Managers for review and disposition at a hearing to be held within ten (10) calendar days after receipt of the request for review. This Section does not constitute a waiver of either party's right to proceed in a court of competent jurisdiction, provided that prior to filing any suit the CONTRACTOR goes through the review process established in this Contract and provided further that the CONTRACTOR strictly abides by the ten (10) day time deadline set forth in this Section.

SECTION IX - OWNERSHIP OF DOCUMENTS

Possession of all reports, tracing, plans, specifications, maps, contract documents and/or other work products developed by the CONTRACTOR pursuant to this Contract shall remain with the CONTRACTOR. The COUNTY retains the right of use of such documents at its own risk. When each individual section of work requested pursuant to this Contract is complete, all of the above work products shall be delivered to the COUNTY for its use. Notwithstanding the above paragraph, the CONTRACTOR understands its obligations and responsibilities under Section II of

this Contract.

SECTION X - NOTICES

Any notices from the CONTRACTOR to the COUNTY shall be considered delivered when posted by regular mail, email, or delivered in person to Brevard County Public Works Department/Facilities at the following address:

Brevard County
Public Works Department
2725 Judge Fran Jamieson Way, Building A, Room 201
Viera, Florida 32940

Any notices from the COUNTY to the CONTRACTOR shall be considered delivered when posted by regular mail to the CONTRACTOR at the last address left on file with the COUNTY or delivered by email or in person to said CONTRACTOR.

SECTION XI - AUDIT RIGHTS

The COUNTY or any of its duly authorized representatives reserves the right to audit the records of the CONTRACTOR related to this Contract at any time during the prosecution of the work included herein and for a period of five (5) years after final payment is made.

Both parties understand that the COUNTY is subject to the Florida Public Records Law, Chapter 119, Florida Statutes. “Public Records” are defined as “all documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connection with the transaction of official business by any agency.” Section 119.011(12), Florida Statutes, as may be amended.

Pursuant to Chapter 119, Florida Statutes, generally, and Section 119.0701, Florida Statutes, specifically, if records created by the COUNTY or the CONTRACTOR related to the performance of the services under this Contract do not fall under a specific exemption under Florida or federal law, the records - whether created or maintained by the CONTRACTOR or the COUNTY- must be provided to anyone making a public records request. It will be the CONTRACTOR’S duty to identify any information in records created by the CONTRACTOR which it deems is exempt under Florida or federal law and identify the specific statutory cite which allows the information be held exempt and/or confidential.

A request to inspect or copy public records relating to this Contract must be made directly to the COUNTY. If the COUNTY does not possess the requested records, the COUNTY shall immediately notify the CONTRACTOR of the request,

and the CONTRACTOR must provide the COUNTY with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the costs provided for by law and COUNTY Board Policies and Administrative Orders.

Should any person or entity make a public records request of the COUNTY which requires or would require the COUNTY to allow inspection or provide copies of records which the CONTRACTOR maintains are exempt under the Public Records Law or otherwise confidential, it shall be the CONTRACTOR'S obligation to provide the County within a reasonable time of notification by the COUNTY to the CONTRACTOR of the records request, of the specific exemption or confidentiality provision to allow the COUNTY to comply with the requirements Sections 119.07(1)(e) and (f), Florida Statutes. Should the COUNTY face any kind of legal action to require or enforce inspection or production of any records provided by the CONTRACTOR to the COUNTY which the CONTRACTOR maintains are exempt or confidential from such inspection/production as a public record, the CONTRACTOR shall hire and compensate attorney(s) who shall represent the interests of the COUNTY as well as the CONTRACTOR in defending such action. The CONTRACTOR shall also pay any costs to defend such action and shall pay any costs and attorney's fees which may be awarded pursuant to Section 119.12, Florida Statutes.

Should the CONTRACTOR fail to provide the public records to the COUNTY within a reasonable time, the CONTRACTOR is subject to penalties under Section 119.10, Florida Statutes.

The CONTRACTOR shall ensure that all public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Contract term and following completion of the Contract if the CONTRACTOR does not transfer the records to the COUNTY.

Upon completion of the Contract, the CONTRACTOR shall transfer, at no cost, to the COUNTY all public records in possession of the CONTRACTOR or keep and maintain public records required by the COUNTY to perform the service. If the CONTRACTOR transfers all public records to the COUNTY upon completion of the Contract, the CONTRACTOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the CONTRACTOR keeps and maintains public records upon completion of the Contract, the CONTRACTOR shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the COUNTY, upon

request from the COUNTY's custodian of public records, in a format that is compatible with the information technology systems of the COUNTY.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT: (321) 617-7202; robert.hendricks@BREVARDFL.GOV; 2725 JUDGE FRAN JAMIESON WAY, SUITE A207, VIERA, FLORIDA 32940

SECTION XII - SUBCONTRACTING

The CONTRACTOR shall not subcontract, assign, or transfer any work under this Contract without the prior written approval of the COUNTY. When applicable, the CONTRACTOR shall include/disclose the names of any subcontracted firms responsible for major portions (or separate specialty) of the work to be included in any applicable proposal for Work identifying the Work or service to be provided by the subcontracted firm.

SECTION XIII - CONTINGENT FEES

The CONTRACTOR represents that no person or company was employed or retained to solicit or secure this Contract upon an agreement or understanding for a commission, percentage, brokerage or contingent fee, excepting bona fide employee, any fee commission, contribution, donation, gift or any other consideration, contingent upon, or resulting from award of this Contract. For any breach violation of this provision, the COUNTY shall have the right to terminate this Contract, without liability, and, at its discretion, to deduct from the contract price or otherwise recover, the full amount of such fee, commission, percentage, gift or consideration and any damages and shall be responsible for reporting the details of such breach or violation to the proper legal authorities where and when appropriate.

SECTION XIV - TERMINATION/MODIFICATION OF CONTRACT

A. The COUNTY or the CONTRACTOR may terminate, with or without cause, this Contract upon thirty (30) days written notice, provided that any outstanding approved Project, upon which a Notice to Proceed has been issued, is completed by the CONTRACTOR.

B. In the event of termination by either party, the COUNTY'S sole obligation to the CONTRACTOR shall be payment for those portions of satisfactorily, completely performed work previously authorized by approved Proposal. Such payment shall be determined on the basis of hours of work performed by the

CONTRACTOR and agreed upon by the COUNTY up to the time of termination. In the event of such termination, the COUNTY may, without penalty or other obligation to the CONTRACTOR, elect to employ other persons to perform the same or similar services.

C. The terms of this Contract may be modified upon the mutual agreement of the CONTRACTOR and the COUNTY as confirmed in writing.

D. In the event that the CONTRACTOR changes its name, merges with another company, becomes a subsidiary or makes other substantial change in structure or in principals, the COUNTY reserves the right to terminate this Contract subject to the terms prescribed above.

SECTION XV - DURATION OF CONTRACT

This Contract shall remain in full force and effect for a period of one (1) year after the date of last execution below; however, the CONTRACTOR shall complete any work for which a Notice to Proceed has been issued within this one-year period in accordance with the terms of the Notice to Proceed, and shall be compensated pursuant to **Attachment B**. The performance of specially and properly authorized projects may extend beyond the Contract's effective term and shall be compensated in accordance with Section V hereof. In addition, subject to the COUNTY'S sole discretion, this Contract may be renewed in one (1) year increments for up to four (4) additional years beyond the initial one (1) year period of the Contract only if no change in price is proposed by the CONTRACTOR. Modifications and/or changes to this Contract, including **Attachment B** Pricing Sheet, will require approval by the COUNTY.

SECTION XVI - DEFAULT

In the event the CONTRACTOR fails to comply with the provisions of this Contract, the COUNTY may declare the CONTRACTOR in default by written notification. In the event partial payment has been made for services not completed, the CONTRACTOR shall return any sums due to the COUNTY as a result of CONTRACTOR'S default within ten (10) days after notice and demand that said sums are due. The CONTRACTOR shall not be compensated for any deficient services which have been performed at the time the COUNTY declares a default. The COUNTY shall pay for only that portion, if any, of the satisfactorily performed work which is used or useful by any other consultant retained by the COUNTY to finish the work to the extent that the COUNTY does not incur additional costs over those set forth in the CONTRACTOR'S canceled Proposal.

Any default by the COUNTY for cause, which is later determined to be invalid, shall be considered a termination by the COUNTY as provided in Section XIV.

SECTION XVII - INDEMNIFICATION AND INSURANCE

The CONTRACTOR shall provide insurance policies with insurers acceptable to the COUNTY as follows:

- General Liability Insurance policy with a $1,000,000 combined single limit for each occurrence to include the following coverage: Operations, Products and Completed Operations, Personal Injury, Contractual Liability covering this contract, "X-C-U" hazards, and Errors & Omissions.

- Auto Liability Insurance which includes coverage for all owned, non-owned and rented vehicles with a $1,000,000 combined single limit for each occurrence.

- Workers' Compensation and Employers Liability Insurance Workers Compensation insurance providing statutory benefits as required in the State of Florida. The Contractor shall require any subcontractor to provide evidence of this coverage. The Contractor shall be responsible for compliance with these requirements by each subcontractor or supplier when applicable.

- Builders Risk Insurance Policy or Installation Floater with loss limits equal to the value of the construction project for projects in which the cost is $100,000 or more.

Contractor hereby agrees to waive rights of subrogation which any insurer of the Contractor may acquire from Contractor by virtue of the payment of any loss. Contractor agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation. The Workers' Compensation policy shall be endorsed with a waiver of subrogation in favor of the County for all work performed by the Contractor, its employees, agents and subcontractors.

The CONTRACTOR shall provide the COUNTY with Certificates of Insurance and endorsement pages on all policies of insurance within ten (10) days of execution of this Contract, and any renewals thereof within ten (10) days of renewal. The Certificates of Insurance will provide that the COUNTY is endorsed as an additional insured. With respect to Workers Compensation coverage, as an alternative to naming the County as an additional insured, the insurer can provide a waiver of all rights of subrogation against the County for losses paid for workers compensation. The COUNTY shall be entitled to thirty (30) days written notice from the insurer of any changes or cancellations of said policies which shall be provided for on the Certificate of Insurance. These insurance requirements shall not relieve or limit the liability of the

CONTRACTOR. The COUNTY does not in any way represent that these types or amounts of insurance are sufficient or adequate to protect the CONTRACTOR'S interests or liabilities, but are merely minimums.

The CONTRACTOR agrees to indemnify, defend and hold the COUNTY harmless against any and all claims, causes of action or liability for bodily injury, sickness, disease, death or personal injury or damage to property or loss of use resulting therefrom to the extent caused by any negligent, recklessness, or intentionally wrongful acts, errors or omissions of the CONTRACTOR, or any of its employees, subcontractors, or agents. The CONTRACTOR agrees to indemnify and pay on behalf of the COUNTY the cost of the COUNTY'S reasonable legal defense of all claims described herein. Such payment on behalf of the COUNTY shall be in addition to any and all other legal remedies available to the COUNTY and shall not be considered to be the COUNTY'S exclusive remedy. It is agreed by the parties hereto that specific consideration has been paid under this Contract for this hold harmless provision.

Nothing contained herein is intended to nor shall it constitute a waiver of sovereign immunity of the COUNTY or the protections of or limits on the amounts established pursuant to Section 768.28, Florida Statutes.

SECTION XVIII - QUALITY CONTROL

The CONTRACTOR shall provide a high level of quality control and accuracy. The COUNTY may request additional data collection or re-analysis of data at no expense to the COUNTY. If the original data collected and/or the data analysis is found to be accurate and reasonable, the CONTRACTOR shall be compensated for the additional work in accordance with Section V of this Contract.

The CONTRACTOR acknowledges that the COUNTY will periodically evaluate the CONTRACTOR'S performance and that the evaluation will be used by the COUNTY in determining the CONTRACTOR'S qualifications for future work under this Contract with the COUNTY and for future contracts with the COUNTY.

SECTION XIX - NON-EXCLUSIVE CONTRACT

The parties acknowledge that this Contract is not an exclusive Contract, and the COUNTY may employ other contractors, engineers, professional or technical personnel to furnish services for the COUNTY, as the COUNTY, in its sole discretion, finds is in the public interest.

The COUNTY reserves the right to assign such work to the CONTRACTOR as it may approve in the sole discretion of the COUNTY.

SECTION XX - TRUTH IN NEGOTIATIONS

The CONTRACTOR agrees to execute a truth-in-negotiations certificate (**Attachment C**) and agrees the original contract price and any additions may be adjusted to exclude any significant sums by which the contract price was increased due to inaccurate, incomplete or non-current wage rates and other factual unit costs.

SECTION XXI - INTEREST OF OFFICERS AND OTHERS

No officers, members or employees of the COUNTY, and no members of its governing body, and no other public official of the governing body of the locality or localities in which services for the facilities are situated or carried out, who exercised any functions or responsibilities in the review or approval of the undertaking or carrying out of this project, shall participate in any decision relating to this Contract which affects their personal interest, or have any personal or pecuniary interest, direct or indirect, in this Contract or the proceeds thereof.

SECTION XXII - INTEREST OF CONTRACTOR

The CONTRACTOR covenants that it presently has no conflict of interest and shall not acquire any interest, direct or indirect, which shall conflict in any manner or degree with the performance of services required to be performed under this Contract. The CONTRACTOR further covenants that in the performance of this Contract no person having any such interest shall be employed.

SECTION XXIII - ASSIGNMENT AND GOVERNING LAW

Neither the COUNTY nor the CONTRACTOR shall assign its interest in this Contract without the written consent of the other except as to the assignment of proceeds. This Contract shall be governed by the Laws of the State of Florida.

SECTION XXIV – VENUE

Venue for any legal action brought by any party to this Contract to interpret, construe or enforce this Agreement shall be in a court of competent jurisdiction in and for Brevard County, Florida. **ANY TRIAL SHALL BE NON-JURY.**

SECTION XXV - SEVERABILITY

If any provision of this Contract is held by a Court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions shall nevertheless continue in full force without being impaired.

SECTION XXVI – ATTORNEY'S FEES

In the event either party must undertake legal action to enforce any provision

of this contract, each party shall bear their own attorney's fees and costs, and any trial shall be non- jury.

SECTION XXVII - ENTIRETY OF CONTRACT

This writing, together with the original Request for Qualifications, Addenda, approved Proposals and signed Notice to Proceeds that may follow, embody the entire Contract and understanding between the parties hereto, and there are no other agreements and understandings, oral or written, with reference to the subject matter hereof that are not merged herein.

No alteration, change or modification of the terms of this Contract shall be valid unless made in writing, signed by both parties hereto as an addendum to this Contract.

SECTION XXVIII – UNAUTHORIZED ALIEN WORKERS; EMPLOYMENT VERIFICATION

The COUNTY will not intentionally award publicly funded contracts to any CONTRACTOR who knowingly employs unauthorized alien workers, constituting a violation of the employment provisions contained in 8 U.S.C. Section 1324a(e)(Section 274(e) of the Immigration and Nationality Act (INA)). The COUNTY shall consider the employment by the CONTRACTOR of unauthorized aliens a violation of Section 274(e) of the INA. Such violation by the recipient of the employment provisions contained in Section 274(e) of the INA shall be grounds for unilateral cancellation of this Contract by the COUNTY.

The CONTRACTOR shall utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the CONTRACTOR during the term of the Contract; and shall expressly require any subcontractors performing work or providing services pursuant to this contract to likewise utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor during the Contract term.

The COUNTY shall terminate this Contract if it has good faith belief that the CONTRACTOR has knowingly violated Section 448.09(1), Florida Statutes. The COUNTY shall have available to it any remedies outlined in Section 448.095, Florida Statutes, and otherwise authorized by law or in equity, including immediate termination of this Contract. The CONTRACTOR may not be barred or penalized under this section if, as a result of receiving inaccurate verification information from the E-Verify System, a person who is not eligible for employment is hired or employed. Nothing in this section may be construed to allow intentional discrimination of any class protected by law.

SECTION XXIX – SCRUTINIZED COMPANIES

For contracts of any amount, if the COUNTY determines the CONTRACTOR submitted a false certification, Vendor Affidavit Regarding Scrutinized Company List, under Section 287.135(5), Florida Statutes, or if the CONTRACTOR has been placed on the Scrutinized Companies that Boycott Israel List, or is engaged in a boycott of Israel, the COUNTY shall either terminate the Contract after it has given the CONTRACTOR notice and an opportunity to demonstrate the Owner's determination of false certification was in error pursuant to Section 287.135(5)(a), Florida Statutes, or maintain the Contract if the conditions of Section 287.135(4), Florida Statutes, are met. For Contracts $1,000,000 and greater, if the COUNTY determines the CONTRACTOR submitted a false certification under Section 287.135(5), Florida Statutes, or if the CONTRACTOR has been placed on the Scrutinized Companies with Activities in the Sudan List, or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, the COUNTY shall either terminate the Contract after it has given the CONTRACTOR notice and an opportunity to demonstrate the Owner's determination of false certification was in error pursuant to Section 287.135(5)(a), Florida Statutes, or maintain the Contract if the conditions of Section 287.135(4), Florida Statutes, are met.

SECTION XXX – INDEPENDENT CONTRACTOR

The COUNTY contracts for the services of the CONTRACTOR as an independent contractor, and not as an employee. Nothing in this contract shall be construed to create a partnership, joint venture, or agency relationship between the Parties. Neither Party shall have the authority to enter into any contract of any kind on behalf of the other, or to bind or obligate the other to any third party. As an independent contractor, CONTRACTOR is not entitled to any of the rights, privileges, or benefits of COUNTY employees.

SECTION XXXI – DISPUTE RESOLUTION

A. If COUNTY object to all or any portion of an invoice, the COUNTY shall so notify the CONTRACTOR and indicate in writing what corrective action is required of CONTRACTOR. If a dispute over an invoice occurs, the Parties will work to resolve the dispute in accordance with Brevard County Administrative Order AO-33 and Section 218.76, Florida Statutes.

B. To the extent the COUNTY requests CONTRACTOR to perform services that the CONTRACTOR believes are not described in a notice to proceed or Task Order, or with respect to which there is a disagreement between the Parties as to whether or not the services are already required, then the

CONTRACTOR will follow COUNTY'S written directive provided it is without prejudice to CONTRACTOR'S right to seek additional compensation from COUNTY. CONTRACTOR shall only provide such service upon receipt of a written COUNTY directive/Notice to Proceed to explicitly perform such service. The COUNTY'S delivery of such written directive/notice to proceed to explicitly perform such service. The COUNTY'S delivery of such written directive/notice to proceed following CONTRACTOR'S notification shall be without prejudice to COUNTY'S right to maintain that such services do not constitute the basis for additional compensation under the applicable Task Order.

C. Waiver. The waiver by either Party of the other Party's obligations or duties under this Contract shall not constitute a waiver of any other obligation or duty of the other Party under this Contract, nor shall a waiver of any such obligation or duty constitute a continuing waiver of that obligation or duty.

SECTION XXXII – INTERPRETATION

Both Parties have had the opportunity to consult with legal counsel. Consequently, this Contract shall not be more strictly or more harshly construed against either Party as the drafter.

ATTACHMENT A
FEDERAL EMERGENCY MANAGEMENT AGENCY (FEMA) CONTRACT REQUIREMENTS[1]

During the performance of this contract, the Consultant and/or Contractor (hereinafter Consultant/Contractor) agrees as follows:

1. **Contract Work Hours and Safety Standards Act.**
Any contract in an amount in excess of $100,000 is subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. As used in this section, the terms *laborers* and *mechanics* include watchmen and guards.

   a. Overtime requirements. No Consultant/Contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

   b. Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph a. of this section the Consultant/Contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such Consultant/Contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph a. of this section, in the sum of $27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph a of this section.

   c. Withholding for unpaid wages and liquidated damages. The County shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Consultant/Contractor or subcontractor under any such contract or any other Federal contract with the same prime Consultant/Contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime Consultant/Contractor, such sums as may be determined to be necessary to satisfy any liabilities of such Consultant/Contractor or subcontractor for unpaid

[1] Updated 1/30/2023. Applicable to awards on or after November 12, 2020 per June 2021 Procurement Disaster Assistance Team (PDAT) Contract Provisions Guide.

wages and liquidated damages as provided in the clause set forth in paragraph b of this section.

d. Subcontracts. The Consultant/Contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph a through d of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Consultant/Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs a through d of this section.

2. <u>Equal Employment Opportunity provisions</u>:

During the performance of this contract, the Consultant/Contractor agrees as follows:

a. The Consultant/Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Consultant/Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

   Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Consultant/Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

b. The Consultant/Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Consultant/Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

c. The Consultant/Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Consultant/Contractor's legal duty to furnish information.

d. The Consultant/Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Consultant/Contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

e. The Consultant/Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

f. The Consultant/Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

g. In the event of the Consultant/Contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Consultant/Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

h. The Consultant/Contractor will include the portion of the sentence immediately preceding paragraph a and the provisions of paragraphs a through h in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Consultant/Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a Consultant/Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Consultant/Contractor may request the United States to enter into such litigation to protect the interests of the United States. The County further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided,* that if the County so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government

which does not participate in work on or under the contract.

The County agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of Consultant/Contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The County further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a Consultant/Contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon Consultant/Contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the County agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the County under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from the County; and refer the case to the Department of Justice for appropriate legal proceedings.

3. Clean Air Act and the Federal Water Pollution Control Act

Contractor shall comply with the following on all contracts in excess of $150,000:

a. Clean Air Act

(1) The Consultant/Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

(2) The Consultant/Contractor agrees to report each violation to the COUNTY and understands that the COUNTY will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional office.

(3) The Consultant/Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

b. Federal Water Pollution Control Act

(1) The Consultant/Contractor agrees to comply withal applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

(2) The Consultant/Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

(3) The Consultant/Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

(4) The Consultant/Contractor hereby agrees to adhere to the provisions which require compliance with all applicable standards, orders, or requirements issued under Section 508 of the Clean Water Act which prohibits the use under non-exempt Federal contracts, grants or loans of facilities included on the EPA List of Violating Facilities.

4. Suspension and Debarment:

a. This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the Consultant/Contractor is required to verify that none of the Consultant/Contractor, its principals (defined at 2 C.F.R. § 180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) ordisqualified (defined at 2 C.F.R. § 180.935).

b. The Consultant/Contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

c. This certification is a material representation of fact relied upon by the County. If it is later determined that the Consultant/Contractor didnot comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, inaddition to remedies available to the County, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

d. The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

5. Byrd Anti-Lobbying Amendment, 31 U.S.C. . § 1352 (as amended):

Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

6. Certification for Contracts, Grants, Loans, and Cooperative Agreements

Contractor must submit this certification for each bid or offer exceeding $100,000.

The Consultant/Contractor certifies, to the best of his or her knowledge, that:

a. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

b. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

c. The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. § 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Consultant/Contractor certifies or affirms the truthfulness and accuracy of

each statement of its certification and disclosure, if any. In addition, the Consultant/Contractor understands and agrees that the provisions of 31 U.S.C. § 3801 et seq., apply to this certification and disclosure, if any.

	5/2/2023	Thomas Camp, President
Signature	Date	Name and Title

7. Procurement of Recovered Materials:

In the performance of this contract, the Consultant/Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired:

a. Competitively within a timeframe providing for compliance with the contract performance schedule; meeting contract performance requirements; or at a reasonable price.

b. Information about this requirement, along with the list of EPA-designate items, is available at EPA's Comprehensive Procurement Guidelines website at https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program.

c. The Consultant/Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

8. Additional FEMA Requirements:

a. Access to Records
   (1) In addition to being subject to Chapter 119, Florida Statutes, the Consultant/Contractor agrees to provide the County, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representative access to any books, documents, papers and records of the Consultant/Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts and transcriptions.
   (2) The Consultant/Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.
   (3) The Consultant/Contractor agrees to provide the FEMA Administrator or his authorized representative access to construction or other work sites pertaining to the work being completed under the contract.
   (4) In compliance with Section 1225 of the Disaster Recovery Act of 2018, the County and the Consultant/Contractor acknowledges and agrees that no language in this contract is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

b. DHS (Department of Homeland Security) Seal, Logo and Flags

The Consultant/Contractor shall not use DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval. The Consultant/Contractor shall include this provision in any subcontracts.

c. Compliance with Federal Law, Regulations and Executive Orders

The Consultant/Contractor acknowledges that FEMA financial assistance will be used to fund all or a portion of thecontract. The Consultant/Contractor will comply with all applicable federal law, regulations, executive orders, FEMA policies, procedures and directives.

d. No Obligation by Federal Government

The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, Consultant/Contractor, or any other party pertaining to any matter resulting from the contract.

e. Affirmative Socioeconomic Steps (when subcontractors are to be let by Consultant/Contractor)

If subcontractors are to be let, the Consultant/Contractor is required to take all necessary steps identified in 2 C.F.R. 200.321(b)(1)-(5) to ensure that small and minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

f. License and Delivery of Works Subject to Copyright and Data Rights

The Consultant/Contractor grants to the County, a paid-up, royalty-free, nonexclusive, irrevocable, worldwide license in data first produced in the performance of this contract to reproduce, publish, or otherwise use, including prepare derivative works, distribute copies to the public, and perform publicly and display publicly such data. For data required by the contract but not first produced in the performance of this contract, the Consultant/Contractor will identify such data and grant to the County or acquires on its behalf a license of the same scope as for data first produced in the performance of this contract. Data, as used herein, shall include any work subject to copyright under 17 U.S.C. § 102, for example, any written reports or literary works, software and/or source code, music, choreography, pictures or images, graphics, sculptures, videos, motion pictures or other audiovisual works, sound and/or video recordings, and architectural works. Upon or before the completion of this contract, the Consultant/Contractor will deliver to the County data first produced in the performance of this contract and data required by the contract but not first produced in the performance of this contract in formats acceptable by the County.

9. Fraud and False or Fraudulent or Related Acts:
The Consultant/Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Consultant/Contractor's actions pertaining to this contract.

10. Davis-Bacon Act (when applicable)

Contractor shall comply with the following provisions for any contract in excess of $2,000 which is entered into for the actual construction, alteration and/or repair, including painting and decorating, of a public building or public work, or building or work financed in whole or in part from Federal funds or in accordance with guarantees of a Federal agency or financed from funds obtained by pledge of any contract of a Federal agency to make a loan, grant or annual contribution (except where a different meaning is expressly indicated), and which is subject to the labor standards provisions required by the applicable Federal grant program. These provisions are subject to any modifications thereof to meet the particular needs of the agency, provided, that such modifications are first approved by the Department of Labor:

a. Minimum wages.

(1) All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the Consultant/Contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in § 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage

determination (including any additional classification and wage rates conformed under paragraph a.(2) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the Consultant/Contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(2)

(A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(i) The work to be performed by the classification requested is not performed by a classification in the wage determination; and
(ii) The classification is utilized in the area by the construction industry; and
(iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the Consultant/Contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the Consultant/Contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting

officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs a.(2)(B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(3) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the Consultant/Contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(4) If the Consultant/Contractor does not make payments to a trustee or other third person, the Consultant/Contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the Consultant/Contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the Consultant/Contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

b. Withholding. The (write in name of Federal Agency or the loan or grant recipient) shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the Consultant/Contractor under this contract or any other Federal contract with the same prime Consultant/Contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime Consultant/Contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the Consultant/Contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, the (Agency) may, after written notice to the Consultant/Contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

c. Payrolls and basic records.

(1) Payrolls and basic records relating thereto shall be maintained by the Consultant/Contractor during the course of the work and preserved for a

period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the Consultant/Contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(2)

(A) The Consultant/Contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the (write in name of appropriate federal agency) if the agency is a party to the contract, but if the agency is not such a party, the Consultant/Contractor will submit the payrolls to the applicant, sponsor, or owner, as the case may be, for transmission to the (write in name of agency). The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at http://www.dol.gov/esa/whd/forms/wh347instr.htm or its successor site. The prime Consultant/Contractor is responsible for the submission of copies of payrolls by all subcontractors. Consultant/Contractor and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the (write in name of appropriate federal agency) if the agency is a party to the contract,

but if the agency is not such a party, the Consultant/Contractor will submit them to the applicant, sponsor, or owner, as the case may be, for transmission to the (write in name of agency), the Consultant/Contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime Consultant/Contractor to require a subcontractor to provide addresses and social security numbers to the prime Consultant/Contractor for its own records, without weekly submission to the sponsoring government agency (or the applicant, sponsor, or owner).

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the Consultant/Contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(i) That the payroll for the payroll period contains the information required to be provided under § 5.5 (a)(3)(ii) of Regulations, 29 CFR part 5, the appropriate information is being maintained under § 5.5 (a)(3)(i) of Regulations, 29 CFR part 5, and that such information is correct and complete;
(ii) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;
(iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph c.(2)(B) of this section.

(D) The falsification of any of the above certifications may subject the Consultant/Contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(3) The Consultant/Contractor or subcontractor shall make the records required under paragraph c.(1) of this section available for inspection,

copying, or transcription by authorized representatives of the (write the name of the agency) or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the Consultant/Contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the Consultant/Contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

d. Apprentices and trainees -

(1) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the Consultant/Contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where the Consultant/Contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the Consultant/Contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice

classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the Consultant/Contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(2) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the Consultant/Contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(3) Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

e. Compliance with Copeland Act requirements. The Consultant/Contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

f. Subcontracts. The Consultant/Contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the (write in the name of the Federal agency) may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Consultant/Contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

g. Contract termination: debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

h. Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

i. Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the Consultant/Contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

j. Certification of eligibility.

(1) By entering into this contract, the Consultant/Contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the Consultant/Contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(2) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(3) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

11. <u>Copeland Anti-Kickback Act</u>

a. Contractor. The Consultant/Contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.

b. Subcontracts. The Consultant/Contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Consultant/Contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. § 5.12.

12. <u>Remedies</u>

a. If a remedies clause provision exists in the contract (excluding any attachments or exhibits thereto), then that remedies provision shall control. However, if there is no remedies provision, then the following shall control:
   (1) the Consultant/Contractor's remedy for default by the County is a written request to the County Manager seeking the funds from the County for work completed in accordance with the terms of the contract. If the claim is denied or not paid as requested, then, within thirty (30) days, the Consultant/Contractor may file a claim for such funds in a court of competent jurisdiction. Such a claim may not include consequential or special damages and shall not exceed the total contract amount.
   (2) the County's remedy for default shall include termination of the contract and all remedies available to it at law that are necessary to make the County whole.

b. Force Majeure. If a force majeure provision exists in the contract (excluding any attachments or exhibits thereto), then that remedies provision shall control. However, if there is no force majeure provision clause, then the following shall control: neither Party shall be liable for its failure to perform hereunder if its performance is rendered impossible by any act, event or condition beyond its reasonable control which by the exercise of due diligence it shall be unable to overcome. Such acts, events or conditions shall include, but not be limited to the following: Acts of God, hurricanes, tornado, lightning, or earthquake; strikes or lockouts; acts of war, civil insurrection, riots or terrorism; fire or flood not caused by the Party unable to perform; change in law not due to improper conduct or to any negligent or intentional act or omission on the part of the Party unable to perform; and global pandemics. Should the Consultant/Contractor be obstructed or delayed in the prosecution or completion of its services or work as a result of said unforeseeable causes beyond the control of the Consultant/Contractor and not due to its own, or any of its agents', fault or neglect, Consultant/Contractor shall, within 24 hours of the time the delay becomes apparent, notify the County of such delay in writing stating the cause or causes thereof, failing which the Consultant/Contractor shall waive any right the Consultant/Contractor may have to request a reasonable extension of time to complete the work required by the contract. Such reasonable extensions of time to complete the work shall be the

sole remedy of the Consultant/Contractor for such delays, and the Consultant/Contractor will not be entitled to any damages or any claim for extra compensation.

13. Termination for Cause

If a termination for cause provision exists in the contract (excluding any attachments or exhibits thereto), then that termination for cause provision shall control. However, if there is no termination for cause provision, then the following shall control: either Party may terminate this contract for cause based upon the failure of the other Party to comply with the terms and/or conditions of the contract, or failure to fulfill its performance obligations pursuant to this contract, provided that the non-defaulting Party shall give the defaulting Party written notice specifying the Party's default. If within thirty (30) days after receipt of such notice, the defaulting Party shall not have corrected such failure or, in the case of failure which cannot be corrected in thirty (30) days, begun in good faith to correct such failure and thereafter proceeded diligently to complete such correction, then the non-defaulting Party may, at its option, place the defaulting Party in default and the contract shall terminate on the date specified in such notice. In the case of termination notice issued by the County, the County may take over the work and cause it to be performed to completion by written agreement with a different contractor or otherwise. In such case, the County reserves all rights and remedies available, including, but not limited to, the right to recover the County's additional cost incurred in securing complete performance. The rights and remedies of the County provided in this clause are in addition to any other rights and remedies provided by law or under this contract. If, after the County's notice of termination for cause is issued, it is determined that Consultant/Contractor had not breached its contractual obligations, then the termination shall be deemed to be effected for the County's convenience.

14. Termination for Convenience

If a termination for convenience provision exists in the contract (excluding any attachments or exhibits thereto), then that termination for convenience provision shall control. However, if there is no termination for convenience provision, then the following shall control: either Party may terminate this contract at any time by giving thirty (30) days written notice to the other Party of such termination. Such termination is effective upon the Party's receipt of the Notice of Termination. Upon receipt of such a notice, the Parties will discontinue all services affected, unless the notice directs otherwise. The Consultant/Contractor shall be entitled to payment for services rendered, to the extent work has been performed satisfactorily.

15. Prohibition on Contracting for Covered Telecommunications Equipment of Services

a. Definitions. As used in this clause, the terms backhaul; covered foreign country; covered telecommunications equipment or services; interconnection arrangements; roaming; substantial or essential component; and

telecommunications equipment or services have the meaning as defined in FEMA Policy 405-143-1, Prohibitions on Expending FEMA Award Funds for Covered Telecommunications Equipment or Services (Interim), as used in this clause—

b. Prohibitions.

(1) Section 889(b) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019, Pub. L. No. 115-232, and 2 C.F.R. § 200.216 prohibit the head of an executive agency on or after Aug.13, 2020, from obligating or expending grant, cooperative agreement, loan, or loan guarantee funds on certain telecommunications products or from certain entities for national security reasons.

(2) Unless an exception in paragraph c. of this clause applies, the contractor and its subcontractors may not use grant, cooperative agreement, loan, or loan guarantee funds from the Federal Emergency Management Agency to:

(A) Procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;

(B) Enter into, extend, or renew a contract to procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;

(C) Enter into, extend, or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system; or

(D) Provide, as part of its performance of this contract, subcontract, or other contractual instrument, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

c. Exceptions.

(1) This clause does not prohibit contractors from providing—

(A) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(B) Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) By necessary implication and regulation, the prohibitions also do not apply to:

(A) Covered telecommunications equipment or services that:
(i) Are not used as a substantial or essential component of any system; and
(ii) Are not used as critical technology of any system.

(B) Other telecommunications equipment or services that are not considered covered telecommunications equipment or services.

d. Reporting requirement.

(1) In the event the Consultant/Contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the Consultant/Contractor is notified of such by a subcontractor at any tier or by any other source, the Consultant/Contractor shall report the information in paragraph d.(2) of this clause to the recipient or subrecipient, unless elsewhere in this contract are established procedures for reporting the information.

(2) The Consultant/Contractor shall report the following information pursuant to paragraph d.(1) of this clause:

(A) Within one business day from the date of such identification or notification: The contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

(B) Within 10 business days of submitting the information in paragraph (d)(2)(A) of this clause: Any further available information about mitigation actions undertaken or recommended. In addition, the Consultant/Contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

e. Subcontracts. The Consultant/Contractor shall insert the substance of this clause, including this paragraph e., in all subcontracts and other contractual instruments.

16. Domestic Preferences for Procurement

As appropriate, and to the extent consistent with law, the Consultant/Contractor should, to the greatest extent practicable, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States. This includes, but is not limited to iron, aluminum, steel, cement, and other manufactured products.

For purposes of this clause:

Produced in the United States means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

Manufactured products mean items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

17. Compliance with Federal Laws, Regulations and Executive Orders

This is an acknowledgement that financial assistance from FEMA or another Federal agency will be used to fund all or a portion of this contract. The Consultant/Contractor will comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives.

(SIGNATURE PAGE FOLLOWS)

Acknowledgement and Certification

THE CONSULTANT/CONTRACTOR AGREES TO COMPLY WITH ALL APPLICABLE FEDERAL, STATE, AND LOCAL LAWS, RULES, REGULATIONS, AND ORDINANCES. IT IS FURTHER ACKNOWLEDGED THAT THE CONSULTANT/CONTRACTOR CERTIFIES COMPLIANCE WITH ALL PROVISIONS, LAWS, ACTS REGULATIONS, ETC., AS SPECIFICALLY NOTED ABOVE.

BYRD ANTI-LOBBYING AMENDMENT CERTIFICATION CONTRACTS, GRANTS, LOANS, AND COOPERATIVE AGREEMENTS
REQUIRED FOR CONTRACTS OVER $100,000

CONTRACTORS who apply or bid for an award of $100,000 or more shall fill out and return the following required certification to COUNTY. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, “Disclosure Form to Report Lobbying,” in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

(SIGNATURE PAGE FOLLOWS)

The Consultant/Contractor, Tech Systems Inc., certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Consultant/Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

Contractor Affidavit Regarding Scrutinized Company List

CONTINUING ROOFING CONTRACTING SERVICES
RFQ-6-22-13

CONTRACTOR AFFIDAVIT REGARDING SCRUTINIZED COMPANY LIST

Awarded Contractor shall certify that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List. Pursuant to Section 287.135, F.S. If the Agreement is for more than $1,000,000 the Contractor further certifies that it and its subcontractors are also not on the Scrutinized Companies with Activities in Sudan, Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged with business operations in Cuba or Syria as identified in Section 287.135, F.S.

For Contracts of any amount, if the County determines the Contractor submitted a false certification under Section 287.135(5) of the Florida Statutes, or if the Contractor has been placed on the Scrutinized Companies that Boycott Israel List, or is engaged in a boycott of Israel, the County shall either terminate the Contract after it has given the Contractor notice and an opportunity to demonstrate the County's determination of false certification was in error pursuant to Section 287.135(5)(a) of the Florida Statutes, or on a case-by-case basis the County may choose to maintain the Contract if the conditions of Section 287.135(4) of the Florida Statutes are met. For Contracts $1,000,000 and greater, if the County determines the Contractor submitted a false certification under Section 287.135(5) of the Florida Statutes, or if the Contractor has been placed on the Scrutinized Companies with Activities in the Sudan List, or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, the County shall either terminate the Contract after it has given the Contractor notice and an opportunity to demonstrate the County's determination of false certification was in error pursuant to Section 287.135(5)(a) of the Florida Statutes, or on a case-by-case basis the County may choose to maintain the Contract if the conditions of Section 287.135(4) of the Florida Statutes are met.

STATE OF FLORIDA

COUNTY OF Brevard

BEFORE ME, the undersigned authority, personally appeared Thomas Camp, who, being by me first duly sworn, made the following statement:

1. The Business address of Tech Systems Inc. (name of bidder or contractor) is 2001 Hughes Road Suite 1 Melbourne, FL 32935

2. My relationship to Tech Systems Inc. (name of bidder or contractor) is President (relationship such as sole proprietor, partner, president, vice president).

3. I understand that "Boycott of Israel" has the same meaning as defined in §215.4725, Florida Statutes, and means refusing to deal, terminating business activities, or taking other actions to limit commercial relations with Israel, or persons or entities doing business in Israel or in Israeli-controlled territories, in a discriminatory manner. A statement by a company that it is participating in a boycott of Israel, or that it has initiated a boycott in response to a request for a boycott of Israel or in compliance with, or in furtherance of, calls for a boycott of Israel, may be considered by the State Board of Administration to be evidence that a company is participating in a boycott of Israel. The term does not include restrictive trade practices or boycotts fostered or imposed by foreign countries against Israel.

4. I understand that "business operations" means, for purposes specifically related to Cuba or Syria, engaging in commerce in any form in Cuba or Syria, including, but not limited to, acquiring, developing, maintaining, owning, selling, possessing, leasing, or operating equipment, facilities, personnel, products, services, personal property, real property, military equipment, or any other apparatus of business or commerce.

5. Tech Systems Inc. (name of the bidder or contractor) is not on the Scrutinized Companies that Boycott Israel List, created pursuant to s. 215.4725, Florida Statutes, or is engaged in a boycott of Israel.

6. Tech Systems Inc. (name of the bidder or contractor) is not on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to s. 215.473, Florida Statutes.

7. Tech Systems Inc. (name of the bidder or contractor) is not engaged in business operations in Cuba or Syria.

Signature

Disclosure Form Foreign Influence On Contracts Or Grants
Having A Value Of $100,000 Or More

CONTINUING ROOFING CONTRACTING SERVICES
RFQ-6-22-13
DISCLOSURE FORM

FOREIGN INFLUENCE ON CONTRACTS OR GRANTS HAVING A VALUE OF $100,000 OR MORE

Summary of Form: In order for the County to comply with section 286.101, Florida Statutes, all prospective contractors and grant recipients seeking to contract with the County, or receive a grant from the County, where said contract or grant has a value of $100,000 or more must disclose to the County (1) any current or prior interest of, (2) any contract with, or (3) any grant or gift received from a foreign country of concern (defined as the People's Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People's Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolas Maduro, and the Syrian Arab Republic, or an agency or other entity under the significant control of such foreign country of concern) if such interest, contract, or grant or gift has a value of $50,000 or more and such interest existed at any time or such contract or grant or gift was received or in force at any time during the previous five years. The disclosure is specified below. Within one year before applying for any grant or proposing any Contract, such entity must provide a copy of such disclosure to the Department of Financial Services. Disclosure is not required in certain circumstances, outlined below. A Contract is any agreement for the direct benefit or use of any party to such agreement, including an agreement for the sale of commodities or services. A Gift is any transfer of money or property from one entity to another without compensation. A Grant is a transfer of money for a specified purpose, including a conditional gift. An interest in an entity means any direct or indirect investment in or loan to the entity valued at 5 percent or more of the entity's net worth or any form of direct or indirect control exerting similar or greater influence on the governance of the entity.

I. SECTION I. Please answer yes or no to each statement below:

YES / NO I AM BIDDING ON A CONTRACT/APPLYING FOR A GRANT WITH A POTENTIAL VALUE UNDER $100,000. If yes, this disclosure form as been completed. Please sign and date at the bottom.

YES / NO I AM BIDDING ON A CONTRACT/APPLYING FOR A GRANT WITH A POTENTIAL VALUE OF OVER $100,000. If yes, proceed to the next question.

YES / NO I HAVE MADE A FOREIGN INFLUENCE DISCLOSURE ONLINE WITH THE DEPARTMENT OF FINANCIAL SERVICES. If yes, please proceed to SECTION IV and provide the date of the disclosure, your name and address. Then sign and date at the bottom.

II. SECTION II. Please answer yes or no to the statement below:

YES / NO Bidder/Grantee has (1) a current or prior interest of, any contract with, or any grant or gift received from a foreign country of concern (defined as the People's Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People's Republic of Korea, the Republic of Cuba, the Venezuelan Regime of Nicolas Maduro, and the Syrian Arab Republic, or an agency or other entity under the significant control of such foreign country of concern); and (2) such interest, contract, or grant or gift has a value of $50,000 or more; and (3) such interest existed, or such contract or grant or gift was received or in force at any time during the previous five years.

III. SECTION III. If you answered NO to SECTION II, you have completed this form. Please sign/date at the bottom. If you answered YES to SECTION II, then answer YES or NO to the following:

YES / NO This is a proposal to sell commodities through an online procurement programs established pursuant to section 287.057(22), Florida Statutes.

YES / NO This is a proposal from an entity that discloses foreign gifts or grants under section 1010.25 or section 286.101(2), Florida Statutes.

YES / NO This is a proposal from a foreign source that, if granted or accepted, would be disclosed under section 286.101(2) or section 1010.25, Florida Statutes.

YES / NO This is a proposal from a public or not-for-profit research institution with respect to research funded by any federal Agency.

IV. SECTION IV. If you answered YES to any question in SECTION III, you have completed this form. Please sign/date at the bottom. If you answered NO to all of the questions in SECTION III, then you must make the following disclosures online to the State of Florida Department of Financial Services before the County may contract with you or award you said grant. Please disclose the following:

Date Disclosure of the information below was made by Bidder/Grantee to the State of Florida Department of Financial Services online:_____

Name of Bidder/Grantee:_____

Mailing Address of Bidder/Grantee: _____

Value of the Contract/Grant or Gift: _____

Foreign Country of Concern or the Agency or other entity under the significant

Control of such Foreign country of Concern: _____

Date of Termination of the contract or interest with the Foreign Country of Concern:

_____

Date of Receipt of the Contract/Grant or Gift:_____

Name of the agent or controlled entity that is the source or interest holder: _____

I verify that the information provided on this form is true and correct, and that I am duly authorized to make said binding disclosures on behalf of myself or my Company, as applicable.

EXHIBIT 2

Contractor Proposal/Quote

May 26, 2026

CONTRACT AGREEMENT

THIS AGREEMENT, submitted between TECH SYSTEMS INC., hereinafter called the Contractor and CITY OF COCOA, hereinafter called the Owner:

WHEREAS, that the Contractor and the Owner for the consideration hereinafter named agree as follows:

The Contractor shall furnish all of the materials and perform all of the work in a workmanlike manner on the following property to wit:

Civic Center
430 Delannoy Avenue
Cocoa, FL 32922

Scope of Work

1. Clean and prep existing flat modified roof system and remove all debris.
2. Make any necessary repairs to the existing roof system.
3. Remove and discard perimeter coping.
4. Install four (4) new aluminum retrofit roof drains.
5. Install a 20-year single ply roof system according to manufacturer's specifications. All seams to be lapped and heat welded.
6. Complete all corner, curb, wall flashing, and field-flashing details to meet or exceed manufacturer's specifications.
7. Custom fabricate and install new aluminum metal details along roof perimeters, new aluminum counter flashings at wall terminations, and new skirt metal on existing vent curbs where needed.

Tech Systems Inc.
2001 Hughes Road, Suite #1
Melbourne, FL 32935
Phone: 321.259.2246 | Fax: 321.255.0291
www.techsystemsflorida.com

Special Conditions

1. Owner to furnish electrical power, water, and ground storage area. Please note that access to the roof is limited and the staging area, dumpsters, and material storage area would need to be on the east side of the building.

2. Contractor shall be responsible for all damage and theft of tools and materials stored on the site.

3. It is understood that Contractor shall not be held responsible for any damage to the interior of the building or its contents unless caused by Contractor's negligence.

4. Owner and Contractor will agree on any changes of specifications before any additional work is done.

5. This contract can be modified only if Owner and Contractor sign a later agreement, which sets forth the changes agreed to. If there are any work modifications the resulting cost or credit to Owner will be included in that agreement.

6. Precautionary measures will be taken to protect the premises from damage, but please be aware that heavy loads on truck and cranes are necessary to deliver and remove material on your job. Concrete and most other driveway and sidewalk materials many times are not able to withstand this weight without cracking. Therefore, neither Tech Systems, Inc., nor our material supplier, will assume responsibility for cracking or breaking of driveways, sidewalks, curbs, etc., which may occur.

7. Contractor shall not be held responsible for any damage as a result of movement in decking during re-roof projects.

8. Contractor not responsible for any damage or punctures to A/C lines, electrical lines, cables, and/or plumbing items on the underneath side of the roof decking. Contractor not responsible for any damage to awnings, soffit, screen enclosures, stucco, drywall, landscaping, or pavers.

9. Any electrical, mechanical, or plumbing work, other than specified, to be completed by Owner, if needed.

10. Contract is contingent upon approval by the Building Department, pull tests, and the material manufacturer, if applicable.

11. Existing roof slope to be used, no additional slope will be added. Ponding/standing water may occur. Contractor is not responsible for ponding and/or standing water after installation of new roof system.

Tech Systems Inc.
2001 Hughes Road, Suite #1
Melbourne, FL 32935
Phone: 321.259.2246 | Fax: 321.255.0291
www.techsystemsflorida.com

12. Force Majeure Clause – any material cost increases incurred after Contract signing due to recent price increases by suppliers will be passed on to the Owner within reason with necessary back-up data.

13. Wood Replacement Costs, if applicable

1x4s	$10.50 per lineal foot
2x4s	$11.25per lineal foot
2x6s	$12.75 per lineal foot
2x8s	$14.25 per lineal foot
1x2s	$7.75 per lineal foot
1x6s	$12.00 per lineal foot
1x8s	$12.75 per lineal foot
1x12 fascia	$14.25 per lineal foot
plywood	$65.00 per sheet

14. *Work to be done in accordance with Continuing Roofing Contracting Services, Contract No. RFQ-6-22-13*

Permits and Fees

1. Owner to be responsible for preparing a Notice of Commencement for job and sending it to Tech Systems Inc. for permit processing.

2. Contractor shall provide all necessary permits for the execution of this contract and comply with any state or county licensing requirements. Contractor to pay notice of commencement and permit fees.

Insurance

1. Provisions shall be made to protect all property from damage and the public against hazard or injury. All property damaged as a result of this work shall be restored or repaired by Contractor at his expense.

2. Contractor shall submit statement of insurance coverage and comply with Owner's requirement and agrees to keep said insurance in force for the duration of this contract.

3. Contractor shall hold Owner harmless for any accidents occurring to his employees.

Warranty

1. Provide to Owner a twenty (20) year warranty.

CITY COUNCIL AGENDA ITEM

Memo Date:	June 12, 2026
Agenda Date:	July 14, 2026
File ID:	2026-514
Prepared By:	James Mitchell, Water Treatment Manager
Through:	John Walsh, Utilities Director
Requested Action:	To Approve a BAF #26-076-T for Transfer of Funds from the Dyal Water Treatment Plant (WTP) Chemical Account 421-4020-536.52-09 to the Operating Supplies Account 421-4020-536.52-00.

BACKGROUND:

The Dyal WTP has incurred unanticipated operating supply expenses related to small day-to-day non-capital purchases. All expenses have been reviewed and approved by Dyal WTP management and have been deemed necessary for continued normal operation. Since the necessary funds exceeds the City Manager signing authority, City Council approval is required.

Staff requests the transfer of unencumbered funds ($90,000) from (421-4020-536.52-09) into the Operating Supplies account (421-4020-536.52-00) which will allow for sufficient funds in the Operating Supplies account through the end of FY26.

PRIORITY AREA CONNECTION:

BUDGETARY IMPACT:

Budgeted? No
If not budgeted, is amendment / transfer attached? Yes, BAF#26-076-T

Source/Use of Funds
Transfer from:
Amount Requested: $90,000.00
Account Number: 421-4020-536.52-09
Account Name: Chemicals

Transfer to:
Amount Requested: $90,000.00
Account Number: 421-4020-536.52-00
Account Name: Operating Supplies

PREVIOUS ACTION:

N/A

RECOMMENDED MOTION:

To Approve a BAF #26-076-T for Transfer of Funds from the Dyal Water Treatment Plant (WTP) Chemical Account 421-4020-536.52-09 to the Operating Supplies Account 421-4020-536.52-00.

City of Cocoa Budget Adjustment Form FY2026- 076-T

Select Adjustment Type: Budget Transfer | Requesting Department #: 4020-UT | Date Prepared: 6/10/26

From Accounts'

Adjusting Amount	Account Number	Account Name	Current Budget	Adjusted Budget	Project Number
($ 90,000)	421-4020-536.52-09	CHEMICALS		($ 90,000)	
				$ 0	
				$ 0	
				$ 0	
				$ 0	
				$ 0	
				$ 0	
				$ 0	
				$ 0	
($ 90,000) Total					

To Accounts'

Adjusting Amount	Account Number	Account Name	Current Budget	Adjusted Budget	Project Number
$ 90,000	421-4020-536.52-00	OPERATING SUPPLIES		$ 90,000	
				$ 0	
				$ 0	
				$ 0	
				$ 0	
				$ 0	
				$ 0	
				$ 0	
				$ 0	
$ 90,000 Total					

Reason/Justification for Adjustment:

52-00 needs additional funding for the purchase of small day-to-day non-capital purchases. 52-00 has a monthly run rate of ~$32,000 and currently has ~$11,000 remaining with ~3.5 months left in FY26. All requested funds are currently unencumbered.

CITY COUNCIL AGENDA ITEM

Memo Date:	June 15, 2026
Agenda Date:	July 14, 2026
File ID:	2026-515
Prepared By:	Gail Bantugan, Leisure Services Manager
Through:	Samantha Senger, Communications & Economic Development Director
Requested Action:	Council approval to change the date of a previously Council-approved road closure, SBS Sports LLC Cocoa International Half Marathon, from Saturday, September 12, 2026 to Sunday, September 13, 2026.

BACKGROUND:

During any given calendar year, the number of street closures approved by the City Council within the Central Business District (CBD) zoning district shall not exceed twenty-four (24) days. Any street closure lasting in excess of four (4) hours shall be counted as one full day, while any street closure of four (4) hours or less shall be counted as one half day per the Special Events Ordinance No. 04-2018.

This request is to move the date of the closure from Saturday, September 12, 2026 to Sunday, September 13, 2026.

Original Request Approved 2/17/2026:
Event:
SBS Sports, LLC Cocoa International Half-Marathon, Saturday, September 12, 2026 (4:00am-12:00pm)
This event begins and ends in Lee Wenner Park. The event will utilize the Lee Wenner Park connector.

Route includes:
Lee Wenner Park Connector to Willard Street, continuing to Indian River Drive. Continuing north on Indian River Drive to the turnaround point at Sunset Terrace. This event is a four-lap race.
This is a rolling closure request.
Total Closure-One Day

Updated Request:
Event:
SBS Sports, LLC Cocoa International Half-Marathon, Sunday, September 13th, 2026 (4:00am-12:00pm)
This event begins and ends in Lee Wenner Park. The event will utilize the Lee Wenner Park connector.

Route includes:

Lee Wenner Park Connector to Willard Street, continuing to Indian River Drive. Continuing north on Indian River Drive to the turnaround point at Sunset Terrace. This event is a four-lap race.
This is a rolling closure request.
Total Closure-One Day

PRIORITY AREA CONNECTION:
Economic and Community Development

BUDGETARY IMPACT:
The City Receives $50.00 for each group that requests a street closure.

PREVIOUS ACTION:
The road closure was approved originally by City Council on 2/17/2026.

RECOMMENDED MOTION:
Council approval to change the date of a previously Council-approved road closure, SBS Sports LLC Cocoa International Half Marathon, from Saturday, September 12, 2026 to Sunday, September 13, 2026.

CITY COUNCIL AGENDA ITEM

Memo Date:	June 17, 2026
Agenda Date:	July 14, 2026
File ID:	2026-522
Prepared By:	John Perrin, Senior Engineer
Through:	John Walsh, Utilities Director
Requested Action:	Authorize the City Manager to Execute All Forms and Agreements with Patrick Space Force Base for Design and Construction of the Pineda Causeway Phase 2 Water Main Design and Installation Projects.

BACKGROUND:

The City of Cocoa is currently designing a 5-mile long, 16-inch water main extension along Pineda Causeway and State Road A1A, known as the Pineda Causeway Phase 2 Water Main Design Project. Once constructed, this proposed infrastructure will complete a loop around the southeastern end of the water service territory, providing redundancy to the water distribution system and to critical customers such as Patrick Space Force Base (PSFB) and customers in Cocoa Beach.

In order to complete the design, PSFB requires the execution of a Right of Entry (ROE) agreement which grants access for the City of Cocoa and its consultant and their subconsultants to perform design work on Pineda Causeway and on State Road A1A, although is outside the fencing of PSFB, it is part of base property in this area. This agreement is a two-year agreement from June 1, 2026. Execution of other agreements in the future, such as an easement agreement, will also be necessary during the course of the project.

Staff is requesting City Council approval of this agenda item to allow the City Manager to execute this agreement as well as future forms and agreements with PSFB related to this project. This approval will help streamline the design and construction process, ensuring efficiency for the project. Once completed, the project will increase resiliency in the water distribution system.

PRIORITY AREA CONNECTION:

Investment in Public Infrastructure

BUDGETARY IMPACT:

Budgeted? N/A
If not budgeted, is amendment / transfer attached? N/A

PREVIOUS ACTION:

On May 14, 2024, City Council approved the City Manager to execute the grant application for the Florida Defense Infrastructure Grant offered by the Florida

Department of Commerce in the amount of $135,000.

On May 28, 2024, City Council approved the City Manager to execute the grant application for the Installation Resiliency Grant offered by the U.S. Department of Defense Office of Local Defense Community Cooperation in the amount of $1,200,000.

On January 28, 2025, City Council approved a Resolution amending the FY2025 budget to accept grant funding for the Pineda Causeway Phase 2 Water Main Design project.

On February 25, 2025, City Council approved the final ranking of the firms for RFQ Q-25-03-COC, Engineering Services for the Pineda Causeway Phase 2 Water Main Design Project, and authorized the City Manager and City Attorney to negotiate and execute a multi-year contract with the top-ranked firm.

RECOMMENDED MOTION:

Authorize the City Manager to Execute All Forms and Agreements with Patrick Space Force Base for Design and Construction of the Pineda Causeway Phase 2 Water Main Design and Installation Projects.

DEPARTMENT OF THE AIR FORCE

RIGHT OF ENTRY

TO
CITY OF COCOA

TO USE PROPERTY LOCATED
ON
PATRICK SPACE FORCE BASE
PREAMBLE

THE DEPARTMENT OF THE AIR FORCE ("DAF") hereby grants to the **City of Cocoa (**the "Grantee"), for a period of two (2) years, beginning on **1 June 2026** but revocable at the will of the Secretary of the Air Force, a Right of Entry to allow entry of Grantee, its officers, employees, agents, and invitees upon that certain property at Patrick Space Force Base, as described on **Exhibit A** and shown on **Exhibit B**, both attached hereto and made a part of this Right of Entry (the "Property"). This Right of Entry is to be used only for the purpose of conducting engineering and environmental evaluations for water line installation to provide redundant water for the City of Cocoa utility patrons. The DAF and the Grantee may be referred to as "Parties" or separately as a "Party."

THIS RIGHT OF ENTRY is granted subject to the following conditions:

1. The exercise of the privileges hereby granted shall be without cost or expense to the DAF, under the general supervision and subject to the approval of the installation commander ("the Commander"), or his designated representative, and such reasonable rules and regulations as the Commander may prescribe from time to time.

2. This Right of Entry shall be exercised only at reasonable times and upon reasonable notice to the Commander's representative on site, the 45th Civil Engineer Squadron Engineering Flight, Project Section. Prior to entering the Property, the Grantee will notify the Commander's representative by telephone (321)-494-9228. One or more of Grantee's employees, agents, or representatives shall accompany Grantee's invitees while such invitees are on the Property.

3. Any property of the DAF damaged or destroyed by the Grantee, its officers, employees, agents, or invitees incident to the exercise of the privileges herein granted shall be promptly repaired or replaced by the Grantee to the satisfaction of the Commander, or in lieu of such repair or replacement, the Grantee shall, if so required by the Commander, pay to the DAF money in an amount sufficient to compensate for the loss sustained by the DAF by reason of such damage to or destruction of DAF property.

4. The DAF shall not be responsible for damages to property or injuries to persons which may arise from or be incident to the exercise of the privileges granted under this Right of Entry, or for damages to the property of the Grantee or for damages to the property or injuries to the person of the Grantee's officers, employees, agents, or others who may be on the Property at their invitation or the invitation of any one of them, arising from DAF activities on the Property.

a. The Grantee agrees to assume all risks of loss or damage to property and injury or death to persons by reason of the exercise of the privileges granted herein and expressly waives all claims against the DAF for any such loss, damage, personal injury or death occurring as a consequence of the conduct of activities under this Right of Entry. The Grantee further agrees, to the extent permitted by State law, to indemnify, save, hold harmless, and defend the DAF against all suits, fines, claims, or actions of any sort resulting from, related to, or arising out of any activities conducted under or pursuant to this Right of Entry. This provision shall survive the expiration or termination or revocation of this Right of Entry.

b. The Grantee shall carry adequate liability and indemnity insurance to protect the DAF against claims for bodily injury or death and for damage to property resulting from the activities of the Grantee under this Right of Entry. The insurer shall have no right of subrogation against the DAF. The Grantee shall furnish the DAF a letter of assurance relating to the adequacy of its liability and indemnity insurance coverage.

5. No alterations or construction will be done by the Grantee under the privileges of this Right of Entry.

6. The routes of ingress and egress for the Grantee, its officers, employees, and agents, shall be under the supervision of the Air Force caretaker representative to ensure compliance with established security procedures.

7. The Grantee will comply with the provisions of all applicable Federal, State, and local laws, rules, and regulations.

8. The Grantee will be solely responsible for compliance with all applicable environmental laws or other legal requirements in conjunction with its exercise of the privileges granted under this Right of Entry, including any taxes, fees, permits, fines, penalties, or other requirements or costs associated with any environmental compliance or violations related to its operations. The Grantee shall promptly take all steps necessary to clean up, abate, remove, or remediate any contamination for which it is responsible, including proper notification to regulatory authorities, and will promptly notify the Commander of any such events.

9. The Grantee shall comply with the Patrick Space Force Base spill prevention control and countermeasure plan, and hazardous materials/wastes plan.

10. All tools, equipment, and other property taken upon or placed upon the Property by the Grantee shall remain the property of the Grantee and will be removed by the Grantee upon

expiration of this Right of Entry in accordance with Paragraph 12 below. The Grantee shall be solely responsible for securing its tools, equipment, and other personal property on the Property.

11. This Right of Entry may be relinquished by the Grantee on two (2) business days' written notice to the Commander.

12. On or before the date of expiration of this Right of Entry, or its revocation, or its relinquishment by the Grantee, the Grantee shall, within such reasonable time as the Secretary of the DAF may designate, remove all its personal property therefrom. If the Grantee shall fail or neglect to remove its property, then at the option of the Secretary of the Air Force, such property shall either become the property of the DAF without compensation therefor, or the Secretary of the DAF may cause the property to be removed at the expense of the Grantee, and no claim for damages against the DAF or its officers or agents shall be created by or made on account of such removal and restoration.

13. No written communication under this Right of Entry shall be of any effect unless it is signed by the duly authorized representative of the Party giving such communication and delivered to the appropriate Party recipient as shown below.

a. Written communications to the Grantee shall be delivered by hand or by regular mail addressed:

City of Cocoa, Florida
~~603 Brevard Avenue,~~ 65 Stone Street
Cocoa Florida, 32922

b. Written communications to the Government shall be delivered by hand or by regular mail addressed:

45 CES/CEI
Attn: Real Property Officer
1224 Jupiter Street
Patrick AFB, FL 32925-3343

14. Nothing in this Right of Entry shall be deemed to release the DAF from any liability it may have for cleanup, abatement, removal, or remediation of existing environmental problems under any applicable Federal or State environmental laws or regulations or to obligate the Grantee to undertake such actions or make the Grantee liable therefor under this Right of Entry.

15. The Grantee has inspected and knows the condition of the Property. It is understood that the DAF is granting this Right of Entry without any representation or obligation on the part of the DAF to make any alterations, repairs, or improvements to the Property.

16. The Grantee will reimburse the DAF for any utilities and services the DAF provides to the Grantee during the existence of this Right of Entry. The Grantee acknowledges and agrees that the DAF is under no obligation to furnish any utilities or services.

17. The Grantee shall not remove or disturb, or cause or permit to be removed or disturbed, any historical, archeological, architectural, or other cultural artifacts, relics, vestiges, remains, or objects of antiquity. In the event such items are discovered on the Property, the Grantee shall immediately notify the Commander and protect the site and the material from further disturbance until the Director gives written approval to proceed.

18. The Grantee shall not discriminate against any person because of race, color, age, sex, religion, handicap, or national origin in the conduct of its activities hereunder.

19. This Right of Entry is effective only insofar as the rights of the DAF in the property involved is concerned, and the Grantee shall obtain such permission as may be necessary on account of any other existing rights.

20. The DAF may authorize use of the Property by others, subject to all of the terms and conditions of this Right of Entry. The Grantee may not authorize use of the Property by others. Use of the Property by others shall not relieve the Grantee of any of its obligations hereunder.

21. This Right of Entry may only be extended, modified, or amended by mutual agreement of the Parties in writing and signed by a duly authorized representative of each of the respective Parties hereto.

22. This Right of Entry may not be transferred or assigned except as expressly provided otherwise herein.

This Right of Entry is not subject to Title 10 U.S.C. § 2662.

CITY COUNCIL AGENDA ITEM

Memo Date:	June 23, 2026
Agenda Date:	July 14, 2026
File ID:	2026-526
Prepared By:	Melinda Keesee, Field Operations Technician
Through:	Donnie Howard, Asst. WFO Manager John Walsh, Utilities Director
Requested Action:	Approve the Purchase with Hydra Service, Inc., Debary, Florida for the Systematic Replacement of Lift Station Pumps, Project No. WS1141, Utilizing the Orange County Contract No. Y21-170-MV effective August 1, 2021 through July 31, 2024, Renewed through July 31, 2026; and To Authorize a Budgeted Expenditure for these Services not to Exceed $180,467

BACKGROUND:

Project No. WS1141 was established to replace aging lift station pumps with new pumps annually. In FY26, Sewer Field Operations Staff reviewed many criteria such as the pump age and number of cycles and determined that twelve (12) pumps are candidates for replacement.

On July 12, 2022, City Council approved participation in a multi-year cooperative purchase agreement with Hydra Service, Inc. utilizing the Orange County Contract No. Y21-170-MV, effective August 1, 2021 through July 31, 2024. City Council authorized the City Manager to execute an annual renewal amendments under the original contract. The City Manager executed the second renewal through July 31, 2026. This contract had previously been reviewed by the City and it was determined to be applicable to the services required by Sewer Field Operations.

Therefore, staff is requesting the approval to purchase of lift station replacement pumps utilizing the previously approved Orange County contract with Hydra Service, Inc., and to authorize a budgeted expenditure for these items not to exceed $180,467.00 in FY2026. Future fiscal year budget amounts for these pump replacements will be determined during the budget process, and submitted to City Council for final approval.

PRIORITY AREA CONNECTION:

Investment in Public Infrastructure

BUDGETARY IMPACT:

Budgeted? Yes
Amount Requested: $180,467.00
Account Number: 421-4125-536.46-00
Account Name: Repairs & Maintenance
Project Number: WS1411

PREVIOUS ACTION:

On May 25, 2021, City Council approved Bid No. B-21-13-COC and Contract No. 21-13-COC with Hydra Services, Inc., DeBary, Florida for the Systematic Replacement of Lift Station Pumps, Project No. WS1141.

On July 12, 2022, City Council approved participation in a multi-year cooperative purchase agreement with Hydra Service, Inc., Debary, Florida for the systematic replacement of lift station pumps, Project No. WS1141, Utilizing the Orange County Contract No. Y21-170-MV effective August 1, 2021 through July 31, 2024.

On May 28, 2024 City Council approved the purchase with Hydra Service, Inc., Debary, Florida for the systematic replacement of lift station pumps, Project No. WS1141, utilizing the Orange County contract No. Y21-170-MV effective August 1, 2021 through July 31, 2024.

On July 8, 2025 City Council approved the purchase with Hydra Service, Inc., Debary, Florida for the systematic replacement of lift station pumps, Project No. WS1141, utilizing the Orange County contract No. Y21-170-MV effective August 1, 2021 through July 31, 2024, renewed through July 31, 2025.

RECOMMENDED MOTION:

Approve the Purchase with Hydra Service, Inc., Debary, Florida for the Systematic Replacement of Lift Station Pumps, Project No. WS1141, Utilizing the Orange County Contract No. Y21-170-MV effective August 1, 2021 through July 31, 2024, Renewed through July 31, 2026; and To Authorize a Budgeted Expenditure for these Services not to Exceed $180,467.

AMENDMENT NO. 1
CONTRACT NO. Y21-170-MV, FLYGT AND ABS PUMPS, PARTS AND REPAIRS

EFFECTIVE DATE: AUGUST 1, 2021

The subject contract name is changed. Additions are underlined, deletions are ~~strikethrough~~.

CONTRACT NO. Y21-170-MV, ~~FLYGT AND~~ ABS PUMPS, PARTS AND REPAIRS

All other terms, conditions and prices remain unchanged.

IN WITNESS WHEREOF, the County have executed this amendment on the date below:

BOARD OF COUNTY COMMISSIONERS
ORANGE COUNTY, FLORIDA

By: Perry Davis C.P.M.

Perry Davis, C.P.M.

Contracts Supervisor

Date: 8/19/2021

CONTRACT NO. Y21-170
FLYGT AND ABS PUMPS, PARTS AND REPAIRS

LOT B

This contract is not valid unless bilaterally executed. Subject to mutual agreement Orange County, Florida, hereby enters into a contract subject to the following:

1. Ordering against Contract:

   A. Unless otherwise specified in the Invitation for Bids, the County will place orders by issuance of a numbered Delivery Order against this contract. Each Delivery Order will specify the quantity, description and location for deliver.

   B. The obligations of Orange County under this contract are subject to need and availability of funds lawfully appropriated for its purpose by the Board of County Commissioners or other funding source as specified in the terms and conditions.

2. Taxes:

   The County has the following tax exemption certificates assigned.

   A. Certificate of Registry No. 59-70-004K for tax free transactions under Chapter 32, Internal Revenue Code;

   B. Florida Sales and Use Tax Exemption Certificate No. 85-8012622266C-0.

3. Invoicing:

   A. Invoices must be submitted, in duplicate, referencing this contract number and the Delivery Order to:

   Orange County Utilities Field Services Division
   8100 Presidents Drive Orlando, FL 32809
   Attention: Financial Services Department
   Phone: (407) 836-6829

   B. Invoices against this contract are authorized only at the prices stated in your bid response, unless otherwise provided in the Invitation for Bids.

4. Counterpart (1):
Bidder's Irrevocable Offer and Acceptance

A. The Bidder hereby submits an irrevocable offer in response to **Invitation for Bids No. Y21-170-MV, FLYGT AND ABS PUMPS, PARTS AND REPAIRS - Term Contract**, subject to all general terms and conditions and special terms and conditions therein without exception.

B. All requirements contained in any addenda to the solicitation for this procurement are part of and hereby incorporated into this contract.

C. Debarment, Suspension, Ineligibility and Voluntary Exclusion
By executing Counterpart (1) the Bidder affirms that it is in compliance with the requirements of 2 C.F.R. Part 180 and that neither it, its principals, nor its subcontractors are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

5. Counterparts. This Agreement may be executed in two identical counterparts, all of which shall be considered one and the same agreement and shall become effective when both counterparts have been signed by each party and delivered to the other party.

Counterpart (1) shall be executed by the bidder and included in the sealed bid response.

Counterpart (2) may be executed by the County Procurement Division to formalize Acceptance of Bidders Offer and Contract Award.

6. Counterpart (2):
Orange County's Acceptance of Bidder's Offer and Contract Award

A. The County's acceptance of the Bidder's offer in response to our **Invitation for Bids No. Y21-170-MV, FLYGT AND ABS PUMPS, PARTS AND REPAIRS - Term Contract**.

B. This contract is effective **AUGUST 1, 2021,** and shall remain in effect through **JULY 31, 2024.**

C. The estimated contract award for the initial term of the contract is $1,383,570.

D. This is a term contract for the time period specified in the referenced Invitation for Bids, for the products/services covered by this contract. The County is not obligated to purchase any minimum amount of products or services, unless otherwise stipulated in the Invitation for Bids. The bidder is granted authorization to proceed to perform services upon receipt of duly executed Delivery Order.

E. This contract may be renewed as provided in the Invitation for Bids.

F. Any amendments modifying the terms, conditions or scope of this contract must be in writing and signed by both parties. Such amendment(s) must be signed by the representative of the Orange County Procurement Division to be valid, binding, and enforceable.

G. This contract may be cancelled or terminated as provided for in the Invitation for Bids.

BOARD OF COUNTY COMMISSIONERS
ORANGE COUNTY, FLORIDA
INVITATION FOR BID (IFB) Y21-170-MV; ADDENDUM #1

FLYGT AND ABS PUMPS, PARTS AND REPAIRS

This Addendum is hereby incorporated into the bid documents of the project referenced above. The following items are clarifications, corrections, additions, deletions, and/or revisions to and shall take precedence over the original documents. Additions are indicated by **<u>underlining</u>** and deletions via ~~strikethrough~~.

A. Questions and Answers

Question 1 - Our internal contracts team indicated that they would like to see the following verbiage added to the contract.

Mutual Waiver and Limitation of Liability

*County and Contractor (inclusive of their respective officers, directors, members, partners, subcontractors, and employees) shall be not be liable to each other for loss of profit or revenue, loss of use or business opportunity, loss of contract, cost of obtaining alternative performance, or for any indirect, consequential, special, incidental and punitive damages. The aggregate liability of each party, whether under contract law, in tort, or otherwise, is limited to the Contract price ("Cap"). **This Cap does not apply to or limit any claim for:** (a) costs, losses, or damages asserted by third parties for destruction of tangible property, (b) bodily injury, sickness, or death of any persons; or (c) gross negligence or willful misconduct.*

Answer – The verbiage shall remain as written in the solicitation.

B. ACKNOWLEDGEMENT OF ADDENDA

- **a.** The bidder shall acknowledge receipt of this addendum by completing that applicable section in the solicitation or by completion of the acknowledgement information on the addendum. Either form of acknowledgement must be completed and returned no later than the date and time for receipt of the bid.
- **b.** All other terms and conditions of the IFB remain the same.
- **c.** Receipt acknowledge by:

SECTION 1
GENERAL TERMS AND CONDITIONS

GENERAL TERMS AND CONDITIONS

1. GENERAL INFORMATION

These specifications constitute the complete set of requirements and bid forms. The bid response page(s), and all forms listed on the bid response page(s) shall be completed, signed, and submitted via the electronic submittal portal, or sealed in an envelope bearing the bid number on the outside and mailed or presented to the Procurement Division on or before the specified time and date. **Failure to comply with the preceding requirements shall result in the rejection of the bid.**

Bids submitted by e-mail, telephone or fax shall not be accepted. An e-mailed or a faxed bid shall be rejected as non-responsive regardless of where it is received.

Bids may be submitted via the electronic submission portal at: **https://app.negometrix.com/buyer/691**, or in the Procurement Division; Internal Operations Centre II, 400 E. South Street; 2nd Floor, Orlando, FL 32801, prior to the submission deadline. Bids will be opened per the public meeting notice.

Bidders are cautioned that they are responsible for delivery to the specific location cited above. Therefore, if your bid is delivered by an express mail carrier or by any other means, it is your responsibility to ensure delivery to the above address. This office will not be responsible for deliveries made to any place other than the specified address.

The County shall not be responsible for delays caused by any occurrence. The time/date stamp clock located in the Procurement Division shall serve as the official authority to determine lateness of any bid. The bid time shall be scrupulously observed. Under no circumstances shall bids delivered after the time specified be considered. Late bids will be returned to the Bidder unopened. The decision to refuse to consider a bid that was received beyond the date/time established in the solicitation shall not be the basis for a protest pursuant to the Orange County Code (Procurement Ordinance).

If submitting via mail or in person, bids must be typewritten or filled in with pen and ink, and must be signed in ink by an officer or employee having authority to bind the company or firm. Errors, corrections, or changes on any document must be initialed by the signatory of the bid.

Bidders shall not be allowed to modify their bids after the opening time and date. Bid files may be examined during normal working hours, thirty (30) days after bid opening or upon recommendation for award, whichever occurs first. Bidders desiring to view these documents are urged to schedule an appointment.

For information concerning this bid, please contact the Procurement Division at the address listed above or by calling 407-836-5635. Please specify the bid number for which you are inquiring.

2. QUESTIONS REGARDING THIS SOLICITATION

All questions or concerns regarding this Invitation for Bids shall be submitted by email to the Procurement Division representative specified on the cover page of this Invitation for Bids. Consideration for modification or alteration of the documents contained in this solicitation shall be requested during the specified question specified on the cover page of this Invitation for Bids.

When required the Procurement Division shall issue an addendum to the Invitation for Bids. The addendum shall be available on the aforementioned electronic portal for access by potential Bidders.

Bidders are instructed not to contact the initiating division directly. No oral interpretation of this Invitation for Bids shall be considered binding. The County shall be bound by information and statements only when such statements are written and executed under the authority of the Manager, Procurement Division.

This provision exists solely for the convenience and administrative efficiency of Orange County. No Bidder or other third party gains any rights by virtue of this provision or the application thereof, nor shall any Bidder or third party have any standing to sue or cause of action arising there from.

3. PRICE/DELIVERY

Price(s) bid must be the price(s) for new goods, unless otherwise specified. Any bids containing modifying or "escalator" clauses will not be considered unless specifically requested in the bid specifications.

"Acceptance" as herein used means the acceptance by Orange County after the Manager, Procurement Division or authorized agent has, by inspection or test of such items, determined that they fully comply with specifications.

Deliveries resulting from this bid are to be performed during the normal working hours of the County. Time is of the essence and the Contractor's delivery date must be specified and adhered to. Should the Contractor, to whom the order or contract is awarded, fail to deliver on or before the stated date, the County reserves the right to **CANCEL** the order or contract and make the purchase elsewhere, and the Contractor shall be required to compensate the County for the difference in price paid for the alternate goods. The Contractor shall be responsible for making any and all claims against carriers for missing or damage goods. Partial shipments will be acceptable unless otherwise stated.

4. FEDERAL AND STATE TAX

The County is exempt from Federal and State Sales and Use Taxes for tangible personal property (Certificate of Registry for tax transactions under Chapter 32, Internal Revenue Code and Florida Sales/Use Tax Exemption Certificate). The Manager, Procurement Division will sign an exemption certificate submitted by the Contractor.

Contractors doing business with the County shall not be exempted from paying sales tax to their suppliers for materials to fulfill contractual obligations with the County, nor shall any Contractor be authorized to use the County's Tax Exemption Number in securing such materials.

5. ACCEPTANCE/REJECTION/CANCELLATION

The County reserves the right to accept or to reject any or all bids and to make the award to that bidder who, in the opinion of the County, will be in the best interest of and/or the most advantageous to the County. The County also reserves the right to reject the bid of any bidder who has previously failed in the proper performance of an award or to deliver on time contracts of a similar nature or who, in the County's opinion, is not in a position to perform properly under this award. The County reserves the right to inspect all facilities of bidders in order to make a determination as to the foregoing. The County reserves the right to waive any irregularities and technicalities and may, at its discretion, request a re-bid. Award will be made to the lowest responsive and responsible bidder as determined by the County.

The County reserves the right, and the Manager, Procurement Division has absolute and sole discretion, to cancel a solicitation at any time prior to approval of the award by the Board of County Commissioners when such approval is required. The decision to cancel a solicitation cannot be the basis for a protest pursuant to the Orange County Code.

6. BRAND NAME OR EQUALS/DEVIATIONS

Unless otherwise specified, the mention of a particular manufacturer's brand name or number in the specifications does not imply that this particular good is the only one that will be considered for purchase. This reference is intended solely to designate the type or quality of good that will be acceptable. Equal offers will be considered and must include descriptive literature and/or specifications. Failure to provide descriptive literature and/or specifications with equal offers will result in the disqualification of the bid.

The determination as to whether any alternate good or service is or is not equal shall be made solely by the County and such determination shall be final and binding upon all bidders. The County reserves the right to request and review additional information to make such a determination.

Although the County provides for the consideration of alternate bids, it reserves the right to make an award in the best interest of the County. Award may not necessarily be given to the lowest bid offered.

The Bidder shall be responsible for reading very carefully, and understanding completely, the requirements and the specifications of the items bid upon. Unless the bid is in response to a "Brand Name or Equal" requirement, deviations from the specifications will only be considered if requested in writing prior to the date and time specified for receipt of bids.

Deviations, if accepted, will be specifically addressed in writing via an addendum to this Invitation for Bids. Any goods or services that are not in compliance with the specifications will not be accepted.

7. NO BID

Where more than one item is listed, any items not bid upon shall be indicated as "NO BID".

8. CONFLICT OF INTEREST

The award is subject to provisions of applicable State Statutes and County Ordinances. All bidders must disclose with their bid the name of any officer, director, or agent who is also an employee of Orange County. Further, all bidders must disclose the name of any County employee who owns, directly or indirectly, an interest of ten percent (10%) or more in the Bidder's firm or any of its branches. Should the Contractor permanently or temporarily hire any County employee who is, or has been, directly involved with the Contractor prior to or during performance of the resulting contract, the contract shall be subject to immediate termination by the County.

9. LEGAL REQUIREMENTS

All applicable Federal and State laws and County ordinances that in any manner affect the items covered herein apply. Lack of knowledge by the Bidder shall in no way be a cause for relief from responsibility.

A. Contractors doing business with the County are prohibited from discriminating against any employees, applicant, or client because of race, religion, color, disability, national origin, gender, or age with regard to but not limited to the following: employment practices, rates of pay or other compensation methods, and training selection.

B. Businesses wishing to participate in the County procurement process as an Orange County Certified M/WBE firm are required to complete a certification application to attain recognition as such. You may contact the Procurement Division or the Business Development Division for information and assistance.

10. RECIPROCAL PREFERENCE

In the event the lowest responsive and responsible bid submitted in response to any Invitation for Bids is by a bidder whose principal place of business is in a county other than Orange County, and such county grants a bid preference for purchases to a bidder whose principal place of business is in such county, then Orange County may award a preference to the (next) lowest responsive and responsible bidder having a principal place of business within Orange County, Florida. Such preference will be equal to the preference granted by the county in which the lowest responsive and responsible bidder has its principal place of business **except as provided below.**

Effective July 1, 2015 the reciprocal local preference will not apply to construction services in which 50 percent or more of the cost will be paid from state-appropriated funds which have been appropriated at the time of the competitive solicitation.

If the solicitation involves a federally funded project where the funding source requirements prohibit the use of state and/or local preferences, the reciprocal local preference will not be applied.

11. GOVERNING LAW AND VENUE

Any and all legal actions associated with this contract will be governed by the laws of the State of Florida. Venue for any litigation involving this contract shall be in the Ninth Circuit Court in and for Orange County, Florida. Should any federal claims arise for which the courts of the State of Florida lack jurisdiction, venue for those actions will be in the Orlando Division of the U.S. Middle District of Florida.

12. JURY WAIVER

Each party hereto hereby irrevocably waives, to the fullest extent permitted by applicable law, any right it may have to a trial by jury in any legal proceeding directly or indirectly arising out of or relating to this agreement.

13. ATTORNEYS' FEES AND COSTS

The Parties shall each bear their own costs, expert fees, attorneys' fees, and other fees incurred in connection with this Agreement and any litigation that arises either directly, or indirectly.

14. UNIFORM COMMERCIAL CODE

The Uniform Commercial Code (Florida Statutes, Chapter 672) shall prevail as the basis for contractual obligations between the Contractor and the County for any terms and conditions not specifically stated in this Invitation for Bids.

15. MISTAKES

In the event of extension error(s), the unit price will prevail and the Bidder's total offer will be corrected accordingly. In the event of addition errors, the extended totals will prevail and the Bidder's total will be corrected accordingly. Bidders must check their bid where applicable. Failure to do so will be at the Bidder's risk. Bids having erasures or corrections must be initialed in ink by the Bidder.

16. AVAILABILITY OF FUNDS

The obligations of the County under this award are subject to the availability of funds lawfully appropriated for its purpose by the State of Florida and Orange County, Florida, or other specified funding source for this procurement.

17. NON-DISCRIMINATION

The County's policies of equal opportunity and non-discrimination are intended to assure equal opportunities to every person, regardless of race, religion, sex, color, age, disability or national origin, in securing or holding employment in a field of work or labor for which the person is qualified, as provided and enforced by Section 17-314 of the Orange County Code and the County's relevant Administrative Regulations. It is also the county policy that person(s) doing business with the County shall recognize and comply with this policy and that the County shall not extend public funds or resources in a manner as would encourage, perpetuate or foster discrimination. As such:

1. The Contractor shall adopt and maintain, or provide evidence to the County that Contractor has adopted and maintains, a policy of nondiscrimination as defined by Section 17-288, Orange County Code, throughout the term of this Agreement.

2. The Contractor agrees that, on written request, the Association shall permit reasonable access to all business records or employment, employment advertisement, applications forms, and other pertinent data and records, by the County, for the purpose of investigating to ascertain compliance with the non-discrimination provisions of this contract; provided, that the Contractor shall not be required to produce for inspection records covering periods of time more than one year prior to the date of this Agreement.

3. The Contractor agrees that, if any obligations of this contract are to be performed by subcontractor(s), the provisions of subparagraphs 1 and 2 of this Section shall be incorporated into and become a part of the subcontract.

18. BID TABULATION AND RESULTS

Bid tabulations shall be available thirty (30) days after opening on the Orange County website at: **http://apps.ocfl.net/orangebids/bidresults/results.asp** or upon notice of intended action, whichever is sooner.

19. BID FORMS

All bids shall be submitted on the County's standard Bid Response Form. Modification of the Bid Response Form herein or submission of Bids on Bidder's quotation forms shall not be accepted and shall be deemed non-responsive.

20. REFERENCES

A contact person shall be someone who has personal knowledge of the Bidder's performance for the specific requirement listed. Contact person shall have been informed that they are being used as a reference and that the County may be contacting them. More than one person can be listed but all shall have knowledge of the project. The reference shall be the owner or a representative of the owner. Contractors who provided services under the referenced project (contract) shall not be accepted as references. **DO NOT** list principals or officers who shall not be able to answer specific questions regarding the project. Failure of references listed to respond to the County's inquiries may negatively impact the responsibility of the Bidder.

21. POSTING OF RECOMMENDED AWARD AND PROTESTS

The recommended award will be posted for review by interested parties at the Procurement Division and at:

http://apps.ocfl.net/OrangeBids/AwardsRec/default.asp prior to submission through the appropriate approval process and will remain posted for a period of five (5) full business days.

- **Orange County Lobbyist Regulations General Information**
  http://www.orangecountyfl.net/OpenGovernment/LobbingAtOrangeCounty.aspx

A lobbying blackout period shall commence upon issuance of the solicitation until the Board selects the Contractor. For procurements that do not require Board approval, the blackout period commences upon solicitation issuance and concludes upon contract award.

The County may void any contract where the County Mayor, one or more County Commissioners, or a County staff person has been lobbied in violation of the black-out period restrictions of Ordinance No. 2002-15.

- **Orange County Protest Procedures**
  http://www.orangecountyfl.net/VendorServices/VendorProtestProcedures.aspx

Failure to file a protest with the Manager, Procurement Division by 5:00 PM on the fifth full business day after posting, shall constitute a waiver of bid protest proceedings.

22. BID AND RELATED COSTS

By submission of a bid, the Bidder agrees that any and all costs associated with the preparation of the bid will be the sole responsibility of the Bidder. The Bidder also agrees that the County shall bear no responsibility for any costs associated with the preparation of the bid including but not limited to any administrative or judicial proceedings resulting from the solicitation process.

23. CONTRACTUAL AGREEMENT

This Invitation for Bids shall be included and incorporated in the final contract or purchase order. The order of contract precedence will be the contract (purchase order), bid document, and response. Any and all legal actions associated with this Invitation for Bids and/or the resultant contract (purchase order) shall be governed by the laws of the State of Florida. Venue for any litigation involving this contract shall be the Ninth Circuit Court in and for Orange County, Florida.

24. PUBLIC ENTITY CRIME

Section 287.133(3)(d), Florida Statutes, provides that the Florida Department of Management Services shall maintain a list of the names and addresses of those who have been disqualified from participating in the public contracting process under this section.

http://www.dms.myflorida.com/business_operations/state_purchasing/vendor_information/convicted_suspended_discriminatory_complaints_vendor_lists/convicted_vendor_list

A person or affiliate who has been placed on The Convicted Vendor list following a conviction for a public entity crime shall not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, shall not submit bids on leases of real property to a public entity, shall not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with a public entity, and

shall not transact business with any public entity in excess of the threshold amount provided in Florida Statute Section 287.017, for CATEGORY TWO for a period of thirty-six (36) months from the date of being placed on The Convicted Vendor List.

25. DRUG-FREE WORKPLACE FORM

The Drug-Free Workplace Form is attached and shall be completed and submitted with your bid.

26. SUBCONTRACTING

Bidders subcontracting any portion of the work shall state name and address of subcontractor and the name of the person to be contacted on the attached "Schedule of Subcontractors Form".

27. CONFLICT OF INTEREST FORM

Bidder shall complete the Conflict of Interest Form attached hereto and submit it with their bid.

28. ETHICS COMPLIANCE

The following forms are included in this solicitation and shall be completed and submitted as indicated below:

A. **Orange County Specific Project Expenditure Report** -The purpose of this form is to document any expenses incurred by a lobbyist for the purposes described in **Section 2-351, Orange County Code.** This form shall be completed and submitted with all bid responses to an Orange County solicitation. Any questions concerning this form shall be addressed to the contracting agent identified in the applicable solicitation.

B. **Relationship Disclosure Form** – The purpose of this form is to document any relationships between a bidder to an Orange County solicitation and the Mayor or any other member of Orange County, Florida. This form shall be completed and submitted with the applicable bid to an Orange County solicitation.

No contract award shall be made unless these forms have been completed and submitted with the bid. Any questions concerning these forms shall be addressed to the contracting agent identified in this solicitation. Also, a listing of the most frequently asked questions concerning these forms is attached to each for your information.

29. SUBMISSION OF BID

Bids may be submitted via the electronic submission portal at: **https://app.negometrix.com/buyer/691**, or in the Procurement Division; Internal Operations Centre II, 400 E. South Street; 2nd Floor, Orlando, FL 32801, prior to the submission deadline. Bids will be opened per the public meeting notice.

If bid will be mailed or hand delivered, ensure it is secured in a sealed envelope, addressed as follows:

Bidders must indicate on the sealed envelope the following:

A. Invitation for Bids Number
B. Due Date of Bid Submittal
C. Name of Bidder
D. Phone Number of Bidder

Bids received after the time, date, and/or at the location specified, due to failure to identify the envelope with the above information shall be rejected.

30. COPIES

Copies of documents, records, materials, and/or reproductions requests will be charged in accordance with Orange County's fee schedule. Copyrighted materials may be inspected, but cannot be copied or reproduced per Federal law.

31. PROPRIETARY/RESTRICTIVE SPECIFICATIONS

If a prospective bidder considers the specification contained herein to be proprietary or restrictive in nature, thus potentially resulting in reduced competition, they are urged to contact the Procurement Division prior to bid opening. Specifications which are unrelated to performance will be considered for deletion via addendum to this Invitation for Bids.

32. DEVELOPMENT OR ASSISTANCE IN DEVELOPMENT OF SPECIFICATIONS/ REQUIREMENTS/ STATEMENTS OF WORK

Firms and/or individuals that assisted in the development or drafting of the specifications, requirements, statements of work, or solicitation documents contained herein are excluded from competing for this solicitation.

This shall not be applicable to firms and/or individuals providing responses to a publicly posted Request for Information (RFI) associated with a solicitation.

33. PAYMENT TERMS/DISCOUNTS

The County's payment terms are in accordance with Florida Statute 218, Local Government Prompt Payment Act. Cash discounts for prompt payment shall not be considered in determining the lowest net cost for bid evaluation purposes.

34. PATENTS AND ROYALTIES

Unless otherwise provided, the Contractor shall be solely responsible for obtaining the right to use any patented or copyrighted materials in the performance of the contract resulting from this Invitation for Bids.

The Contractor, without exception, shall indemnify and save harmless the County and its employees from liability of any nature or kind, including cost and expenses for or on account of any copyrighted, patented, or unpatented invention, process, or article manufactured or supplied by the Contractor. In the event of any claim against the County of copyright or patent infringement, the County shall promptly provide written notification to the Contractor. If such a claim is made, the Contractor shall use its best efforts to promptly purchase for the County any infringing products or services or procure a license, at no cost to the County, which will allow continued use of the service or product.

If none of the alternatives are reasonably available, the County agrees to return the article on request to the Contractor and receive reimbursement, if any, as may be determined by a court of competent jurisdiction.

35. INDEMNIFICATION

To the fullest extent permitted by law, the Contractor shall defend, indemnify, and hold harmless the County, its officials, agents, and employees from and against any and all claims, suits, judgments, demands, liabilities, damages, cost and expenses including attorney's fees of any kind or nature whatsoever arising directly or indirectly out of or caused in whole or in part by any act or omission of the Contractor or its subcontractors, anyone directly or indirectly employed by them, or anyone for whose acts any of them may be liable; excepting those acts or omissions arising out of the sole negligence of the County.

36. CLARIFICATIONS

It is the Bidder's responsibility to become familiar with and fully informed regarding the terms, conditions and specifications of this Invitation for Bids. Lack of understanding and/or misinterpretation of any portions of this Invitation for Bids shall not be cause for withdrawal of your bid after opening or for subsequent protest of award. Bidder's must contact the Procurement Division, at the phone number on the bid cover sheet **prior** to bid opening, should clarification be required.

Modification or alteration of the documents contained in the solicitation or contract shall only be valid if mutually agreed to in writing by the Bidder and the County.

37. CERTIFICATION OF INDEPENDENT PRICE DETERMINATION

By submission of this bid, the Bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, that in connection with this procurement:

A. The prices in this bid have been arrived at independently, without consultation, collusion, communication, or agreement for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or with any competitor.

B. Unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the Bidder and will not knowingly be disclosed by the Bidder prior to opening, directly or indirectly to any other Bidder or to any competitor; and,

C. No attempt has been made or shall be made by the Bidder to induce any other person or bidder to submit or not to submit a bid for the purpose of restricting competition.

38. SUCCESSORS AND ASSIGNS

The County and the Contractor each binds itself and its partners, successors, executors, administrators, and assigns to the other party of this Contract and to the partners, successors, executors, administrators, and assigns of such other party, in respect to all covenants of this Contract. Except as above, neither the County nor the Contractor shall assign, sublet, convey or transfer its interest in this Contract without the written consent of the other. Nothing herein shall be construed as creating any personal liability on the part of any officer or agent of the County which may be a party hereto, nor shall it be construed as giving any rights or benefits hereunder to anyone other than the County and the Contractor.

39. NO REPRESENTATIONS

Each party represents that they have had the opportunity to consult with an attorney, and have carefully read and understand the scope and effect of the provisions of this Agreement. Neither party has relied upon any representations or statements made by the other party hereto which are not specifically set forth in this Agreement.

40. SEVERABILITY

The provisions of this Agreement are declared by the parties to be severable. However, the material provisions of this Agreement are dependent upon one another, and such interdependencies a material inducement for the parties to enter into this Agreement. Therefore, should any material term, provision, covenant or condition of this Agreement be held invalid or unenforceable by a court of competent jurisdiction, the party protected or benefited by such term, provision, covenant, or condition may demand that the parties negotiate such reasonable alternate contract language or provisions as may be necessary either to restore the protected or benefited party to its previous position or otherwise mitigate the loss of protection or benefit resulting from holding.

41. PRICING/AUDIT

The Contractor shall establish and maintain a reasonable accounting system, which enables ready identification of Contractor’s cost of goods and use of funds.

Such accounting system shall also include adequate records and documents to justify all prices for all items invoiced as well as all charges, expenses and costs incurred in providing the goods for at least five (5) years after completion of this contract. The County or its designee shall have access to such books, records, subcontract(s), financial operations, and documents of the Contractor or its subcontractors, as required to comply with this section for the purpose of inspection or audit anytime during normal business hours at the Contractor's place of business. This right to audit shall include the Contractor’s subcontractors used to procure goods under the contract with the County. Contractor shall ensure the County has these same rights with subcontractors and suppliers.

42. EMPLOYEES OF THE CONTRACTOR

All work under this contract shall be performed in a professional and skillful manner. The County may require, in writing, that the Contractor, remove from this contract any employee the County deems incompetent, careless, or otherwise objectionable.

43. TOBACCO FREE CAMPUS

All Orange County operations under the Board of County Commissioners shall be tobacco free. This policy shall apply to parking lots, parks, break areas and worksites. It is also applicable to Contractors and their personnel during contract performance on County owned property. Tobacco is defined as tobacco products including, but not limited to, cigars, cigarettes, e-cigarettes, pipes, chewing tobacco and snuff. Failure to abide by this policy may result in civil penalties levied under Chapter 386, Florida Statutes and/or contract enforcement remedies.

44. SINGLE-USE PRODUCTS

The Board of County Commissioners has established a single-use products and plastic bags policy intended to reduce the use of products which have become globally recognized as having lasting negative impacts on the environment.

Neither single-use products nor plastic bags may be sold or disbursed on County property by staff or contracted vendors, except as set forth in Orange County Administrative Regulation 9.01.03. Failure to comply with the Regulation may result in termination of the contract or other contractual remedies, and may affect future contracting with the County. The use of reusable, recyclable, biodegradable, or compostable materials is encouraged.

45. CONTRACT CLAIMS

"Claim" as used in this provision means a written demand or written assertion by one of the contracting parties seeking as a matter of right, the payment of a certain sum of money, the adjustment or interpretation of contract terms, or other relief arising under or relating to this contract.

Claims made by a Contractor against the County, relating to a particular contract shall be submitted to the Manager, Procurement Division in writing clearly labeled "Contract Claim" requesting a final decision. The Contractor also shall provide with the claim a certification as follows: "I certify that the claim is made in good faith; that the supporting data are accurate and complete to the best of my knowledge and belief; that the amount requested accurately reflects the contract adjustment for which the Contractor believes the County is liable; and that I am duly authorized to certify the claim on behalf of the Contractor."

Failure to document a claim in this manner shall render the claim null and void. No claim shall be accepted after final payment of the contract.

The decision of the Manager, Procurement Division shall be issued in writing and furnished to the Contractor. The decision shall state the reasons for the decision reached. The Manager, Procurement Division shall render the final decision within sixty (60) days after

receipt of Contractor's written request for a final decision. The Manager, Procurement Division decision shall be final and conclusive.

The Contractor shall proceed diligently with performance of this contract pending final resolution of any request for relief, claim, appeal or action arising under the contract and shall comply with any final decision rendered by the Manager, Procurement Division.

46. VERIFICATION OF EMPLOYMENT STATUS

The Contractor is required to be registered with the U.S. Department of Homeland Security's E-Verify system prior to entering into a contract with Orange County. The Contractor shall use the E-Verify system to verify the employment eligibility of all new employees hired by the Contractor during the contract term. The Contractor shall include an express provision in all of its subcontracts requiring subcontractors, who perform work or provide services pursuant to the contract, to use the E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor during the contract term. For more information on this process, please refer to United States Citizenship and Immigration Service site at:

http://www.uscis.gov/portal/site/uscis.

Only those employees determined eligible to work within the United States shall be employed under this contract.

By submission of a bid in response to this solicitation, the Contractor affirms that all employees in the above categories shall undergo e-verification before placement on this contract. The Contractor shall commit to comply with this requirement by completing the E-Verification certification, attached to this solicitation.

A public employer, contractor, or subcontractor who has a good faith belief that a person or entity with which it is contracting has knowingly violated Section 448.09(1), Florida Statutes is obligated to terminate the contract with the person or entity pursuant to Section 448.095(2)(c)1, Florida Statutes. If Orange County terminates the contract for the foregoing reason, the contractor may not be awarded a public contract for at least one (1) year after the date on which the contract was terminated, and the contractor will be liable for any additional costs incurred by Orange County as a result of the termination of the contract.

47. CONFIDENTIAL INFORMATION

In accordance with Chapter 119 of the Florida Statutes (Public Records Law), and except as may be provided by other applicable State or Federal Law, all bidders/proposers should be aware that formal solicitations and the responses thereto are in the public domain. Requests for confidential treatment will not supersede the County's legal obligation to provide records to the public consistent with public records law. Bidders/proposers must cite specific, applicable legal grounds to support a request for confidential treatment, of any portion of a bid/proposal. Requests by bidders/proposers to keep entire bids/proposals confidential are generally not supported by public records laws. At a minimum, the County will disclose the successful bidder's/proposer's name, the substance of the bid/proposal, and the price.

If the bidder/proposer requests confidential treatment, bidder/proposer must submit an additional copy of the bid/proposal with the proposed confidential information redacted. This copy must include a general description of the information redacted, and shall only be redacted in the least expansive manner necessary to effectuate the requested exemption(s). In a separate attachment, bidder/proposer shall supply a listing of the provisions identified by section number for which it seeks confidential treatment and identify the statutory basis under Florida law, including a detailed justification for exempting the information from public disclosure.

Bidder/proposer shall hold harmless and indemnify the County for all claims, actions, suits, judgments, fines, costs or damages the County may incur as a result of bidder's/proposer's request for confidential treatment of its bid/proposal. Bidder/proposer agrees and understands that the County may make copies of, and distribute, the bid/proposal without any requested redactions, to facilitate evaluation. Bidder/proposer warrants that such copying will not violate the rights of any third party.

48. FEDERAL REQUIREMENTS

In the event this Contract is paid in whole or in part from any federal government agency or source, the specific terms, regulations and requirements governing the disbursement of these funds shall be specified herein and become a part of this clause.

Equal Employment Opportunity: For any federally assisted construction contract, as defined in 41 CFR 60-1.3, the contractor, subcontractor, subrecipient shall follow all of the requirements of the Equal Opportunity Clause as stated in 41 CFR 60-1.4.

Davis–Bacon Act: For any federally assisted construction contract, in excess of two thousand dollars ($2,000), the contractor, subcontractor, subrecipient shall comply with all of the requirements of the Davis-Bacon Act (40 U.S.C. 3141 – 3148) as supplemented by Department of Labor Regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and assisted Construction"); and the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States").
For a definition of "Construction" see 48 CFR 2.101.

Contract Work Hours and Safety Standards Act: For any federally assisted contract, in excess of one hundred thousand dollars ($100,000), that involves the employment of mechanics or laborers, the contractor, subcontractor, subrecipient shall comply with all of the requirements of the Contract work Hours and Safety Standards Act (40 U.S.C. 3702 and 3704), as supplemented by Department of Labor Regulations (29 CFR Part 5).

Byrd Anti-Lobbying Amendment (31 U.S.C. 1352) - Contractors that apply or bid for an award exceeding one hundred thousand dollars ($100,000) must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

Rights to Inventions Made Under a Contract or Agreement: For any federally assisted contract, awarded to a small business firm or nonprofit organization as defined in 37 CFR 401.2 for the performance of experimental, developmental, or research work, the contractor, subcontractor, subrecipient agrees to all of the terms in 37 CFR 401.14(a) and (b) regarding Patent Rights and The Allocation of Principal Rights.

Clean Air Act and the Federal water Pollution Control Act: For any federally assisted contract, or subgrant, in excess of one hundred and fifty thousand dollars ($150,000), the contractor, subcontractor, subrecipient or subgrant recipient shall comply with all of the requirements of the Clean Air Act (42 U.S.C. 7401 -7671q.) and the Federal water Pollution Control Act as amended (33 U.S.C. 1251 – 1387).

Procurement of Recovered Materials:

(1) In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired

   a. Competitively within a timeframe providing for compliance with the contract performance schedule;

   b. Meeting contract performance requirements; or

   c. At a reasonable price.

(2) Information about this requirement, along with a list of EPA-designated items, is available at EPA's Comprehensive Procurement Guidelines web site, https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program.

Awarded Contractors are required to fully comply with all requirements outlined in 2 CFR Part 200 – Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

49. SCRUTINIZED COMPANIES

A. By executing this Agreement, the Contractor/Sub-Recipient certifies that it is eligible to bid on, submit a proposal for, or enter into or renew a contract with the County for goods or services pursuant to Section 287.135, Florida Statutes.

B. Specifically, by executing this Agreement, the Contractor/Sub-Recipient certifies that it is **not** on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, or is engaged in a boycott of Israel.

C. Additionally, if this Agreement is for an amount of one million dollars ($1,000,000) or more, by executing this Agreement, the Contractor/Sub-Recipient certifies that it is **not**:

   1. On the "Scrutinized Companies with Activities in Sudan List" or the "Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List," created pursuant to Section 215.473, Florida Statutes; and/or

   2. Engaged in business operations in Cuba or Syria.

D. The County reserves the right to terminate this Agreement immediately should the Contractor be found to:

1. Have falsified its certification of eligibility to bid on, submit a proposal for, or enter into or renew a contract with the County for goods or services pursuant to Section 287.135, Florida Statutes; and/or

2. Have become ineligible to bid on, submit a proposal for, or enter into or renew a contract with the County for goods or services pursuant to Section 287.135, Florida Statute subsequent to entering into this Agreement with the County.

E. If this Agreement is terminated by the County as provided in subparagraph 4(a) above, the County reserves the right to pursue any and all available legal remedies against the Contractor, including but not limited to the remedies as described in Section 287.135, Florida Statutes.

F. If this Agreement is terminated by the County as provided in subparagraph 4(b) above, the Contractor shall be paid only for the funding-applicable work completed as of the date of the County's termination.

G. Unless explicitly stated in this Section, no other damages, fees, and/or costs may be assessed against the County for its termination of the Agreement pursuant to this Section.

50. <u>PUBLIC RECORDS COMPLIANCE (APPLICABLE FOR SERVICE CONTRACTS)</u>

Orange County is a public agency subject to Chapter 119, Florida Statutes. The Contractor agrees to comply with Florida's Public Records Law. Specifically, the Contractor shall:

1. Keep and maintain public records required by Orange County to perform the service.

2. Upon request from Orange County's custodian of public records, provide Orange County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.

3. Ensure that public records that are exempt or confidential and exempt from the public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to Orange County.

4. Upon completion of the contract, Contractor agrees to transfer at no cost to Orange County all public records in possession of the Contractor or keep and maintain public records required by Orange County to perform the service. If the Contractor transfers all public record to Orange County upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains

public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to Orange County, upon request from Orange County's custodian of public records, in a format that is compatible with the information technology systems of Orange County.

5. A Contractor who fails to provide the public records to Orange County within a reasonable time may be subject to penalties under section 119.10, Florida Statutes.

6. **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT :**

Procurement Public Records Liaison
400 E. South Street, 2nd Floor, Orlando, FL 32801
ProcurementRecords@ocfl.net, 407-836-5635

SECTION 2
SPECIAL TERMS AND CONDITIONS

SPECIAL TERMS AND CONDITIONS

1. LICENSES AND PERMITS

Prior to furnishing the requested product(s), it shall be the responsibility of the Contractor to obtain, at no additional cost to Orange County, any and all licenses and permits required to complete all contractual requirements. These licenses and permits shall be readily available for review by the Manager, Procurement Division or authorized designee.

2. BID ACCEPTANCE PERIOD

A bid shall constitute an irrevocable offer for a period of ninety (90) days from the bid opening date or until the date of award. In the event that an award is not made by the County within ninety (90) days from the bid opening date, the Bidder may withdraw their bid or provide a written extension of their bid.

3. FLORIDA CONVICTED/SUSPENDED/DISCRIMINATORY COMPLAINTS

By submission of an offer, the respondent affirms that it is not currently listed in the Florida Department of Management Services Convicted/Suspended/Discriminatory Complaint Vendor List.

4. AWARD

Orange County reserves the right to award on an all-or-none basis to the lowest responsive Bidder or to award on a lot-by-lot basis to the lowest responsive and responsible Bidder, whichever is in the best interest of the County.

5. POST AWARD MEETING

Within **seven** (7) days after receipt of notification of award of bid, Contractor shall meet with the County's representative(s) to discuss job procedures and scheduling. **Meeting will be coordinated by the Utilities Department and will be performed by virtual means.**

6. F.O.B. POINT

The F.O.B. point shall be a destination within Orange County. The bid shall include all costs of packaging, transporting, delivery and unloading. **This shall include inside delivery if requested to the designated point within Orange County**. The County reserves the option to deliver and pickup pumps, parts and repaired pumps or items from the Contractor's location.

7. DELIVERY DELIVERY/TURN-AROUND TIME

Delivery time is of the essence in the award of this Invitation for Bids. Delivery and turn-around times shall be no later than the times stated below. Bids submitted which fail to meet this requirement shall be cause for rejection.

Delivery time shall be defined as the time (in work days) elapsed from the time the Contractor received a valid Delivery Order to the delivery of the ordered equipment.

PUMPS		DELIVERY
Pumps in stock locally		7 days
Pumps not in stock locally, but within the USA		45 days
Pumps not in stock locally	Under 88 HP	14 weeks
Pumps not in stock locally	Over 88 HP	20 weeks

Turn-around time shall be defined as the length of time (in work days) elapsed from the time the contractor received a valid Delivery Order, to the return of the repaired motor and/or pump. The contractor by bidding shall agree to meet the following minimum requirements:

REPAIR	TURN AROUND TIME
Pumps up to 25 HP	4 weeks
Pumps 26 HP to 50 HP	5 weeks
Pumps 51 HP and above	10 weeks

It is hereby understood and mutually agreed to by and between parties hereto that the time of delivery is an essential condition of this contract.

Should the Contractor neglect, fail or refuse to furnish and deliver the goods within the time herein specified, Contractor does hereby agree, as part of consideration for the awarding of this contract to pay Orange County the sum extended by the County to contract for rental goods or equipment approved by the Procurement Division for the period from the required scheduled commencement date until delivery of the goods or equipment covered in the Invitation for Bids is completed.

The Contractor shall, within **fourteen (14)** calendar days from the beginning of such delay, notify the Manager, Procurement Division in writing of the cause(s) of the delay.

Should the Contractor be delayed in the delivery of the goods or equipment by reason of unforeseeable causes beyond its control and without fault or negligence, including, but not restricted to, acts of God or neglect of any other Contractor, the period herein above specified for the completion of delivery shall be extended by such time as shall be approved by the Manager, Procurement Division.

8. PICKUP OF PUMPS FOR REPAIR

When requested by the County**,** pumps in need of repair shall be picked up within two (2) business days from notification from the following locations:

- 701 W. McCormick Rd., Apopka, FL
- 8100 Presidents Dr., Orlando, FL
- 1621 S. Alafaya Tr., Orlando, FL

The Contractor shall submit to the County an itemized estimate of the repair costs within three (3) business days of pump pickup to include an estimated delivery date of the repaired pump.

9. FORCE MAJEURE

1. The Contractor shall not be held responsible for any delay and/or failure in performance of any part of this contract to the extent such delay or failure is caused by explosion, war, embargo, government requirement, civil or military authority, act of God, or other similar causes beyond the Contractor's control so long as the Contractor's delay is not caused by the Contractor's own fault or negligence. That notwithstanding, the Contractor shall notify the County in writing within **fourteen (14) calendar days** after the beginning of any such cause that would affect its performance hereunder and the County reserves the right the request additional information that supports the validity of the Contractor's Force Majeure claim. Failure to notify the County in a timely manner of any claim of Force Majeure made pursuant to this section is cause for termination of this contract.

2. If the Contractor's performance is delayed pursuant to this section for a period exceeding **thirty (30) calendar days** from the date the County receives the required Force Majeure notice, the County shall have the right to terminate this contract thereafter and shall only be liable to the Contractor for any work performed and validated (if required for payment hereunder) prior to the date of the County's contract termination.

3. If the Contractor's performance is delayed pursuant to this section, the County may, upon written request of the Contractor, agree to equitably adjust the provisions of this contract, including price, performance, and delivery, as may be affected by such delay. However, this provision shall not be interpreted to limit the County's right to terminate for convenience.

10. TERMINATION

A. Termination for Default:

The County may, by written notice to the Contractor terminate this contract for default in whole or in part (delivery orders, if applicable) if the Contractor fails to:

1. Provide goods or services that comply with the specifications herein or fails to meet the County's performance standards

2. Deliver the goods or to perform the services within the time specified in this contract or any extension.

3. Make progress so as to endanger performance of this contract

4. Perform any of the other provisions of this contract.

Prior to termination for default, the County shall provide adequate written notice to the Contractor through the Manager, Procurement Division, affording the opportunity to cure the deficiencies or to submit a specific plan to resolve the deficiencies within ten (10) calendar days (or the period specified in the notice) after receipt of the notice. Failure to adequately cure the deficiency shall result in termination action. Such termination may also result in suspension or debarment of the Contractor in accordance with the County's Procurement Ordinance. The

Contractor and its sureties (if any) shall be liable for any damage to the County resulting from the Contractor's default of the contract. This liability includes any increased costs incurred by the County in completing contract performance.

In the event of termination by the County for any cause, the Contractor shall have, in no event, any claim against the County for lost profits or compensation for lost opportunities. After a receipt of a Termination Notice and except as otherwise directed by the County the Contractor shall:

1. Stop work on the date and to the extent specified.

2. Terminate and settle all orders and subcontracts relating to the performance of the terminated work

3. Transfer all work in process, completed work, and other materials related to the terminated work as directed by the County.

4. Continue and complete all parts of that work that have not been terminated.

B. Termination for Convenience:

The County, by written notice, may terminate this contract, in whole or in part, when it is in the County's interest. If this contract is terminated, the County shall be liable only for goods or services delivered and accepted. The County Notice of Termination shall provide the Contractor thirty (30) calendar days prior notice before it becomes effective. **A termination for convenience may apply to individual delivery orders, purchase orders or to the contract in its entirety.**

11. AS SPECIFIED

All goods delivered shall meet the specifications herein. Goods delivered not as specified shall be returned at no expense by Orange County. The County may return, for full credit, any unused goods received which fail to meet the County's performance standards. Replacement goods meeting specifications shall be submitted within a reasonable time after rejection of the non-conforming goods.

12. COMPLIANCE WITH OCCUPATIONAL SAFETY AND HEALTH

By submission of a bid in response to this solicitation, the Bidder certifies that all material, equipment, etc., contained in their bid meets all OSHA requirements. Bidder further certifies that if they are the awarded Contractor, and the material, equipment, etc., delivered is subsequently found to be deficient in any OSHA requirements in effect on date of delivery, all costs necessary to bring the material, equipment, etc., into compliance with the aforementioned requirements shall be borne by the Contractor.

13. SAFETY REGULATIONS

Equipment shall meet all State and Federal safety regulations.

14. CODES AND REGULATIONS

The Contractor shall strictly comply with all Federal, State and local codes and regulations.

15. PAYMENT

Partial payments for the value of goods received and accepted and services rendered may be requested by the submission of a properly executed invoice. Payment shall be made in accordance with Florida Statute 218, Local Government Prompt Payment Act. Payment for accepted equipment/goods/services shall be accomplished by submission of an invoice, in duplicate, to:

Orange County Utilities Field
Services Division 8100 Presidents
Drive Orlando, FL 32809
Attention: Financial Services Department
Phone: (407) 836-6829

A valid invoice shall include the following:

1. Reference to the Delivery Order/ Purchase Order Number
2. Delivery Dates/ Service Dates
3. Itemization of Goods Delivered/ Services Rendered
4. Unit Prices in accordance with the Bid Response Form

In the event additional County Departments or other public entities utilize this contract, invoices are to be sent directly to the Department or entity placing the order.

16. EQUIPMENT/SERVICE

A. The scope of these specifications is to insure the delivery of a complete unit ready for operation. Omission of any essential detail from these specifications does not relieve the Contractor from furnishing a complete unit.

B. All equipment shall be new, or current manufacture in production at the time of bid opening and carry standard warranties. The Contractor shall service all equipment prior to delivery.

C. Bids shall be considered only on equipment which can, on short notice, be serviced and maintained by the Contractor. At the time of bid opening, the Bidder shall be an authorized dealer, distributor, and/or representative of the manufacturer for the brand/model being bid. For the purposes of this solicitation, dealer, distributor, and/or representative means a firm or person that owns, operates, or maintains a store, warehouse, or other establishment in which materials, supplies, parts, articles, or equipment of the general character described in the specifications are bought, kept in stock and sold commercially or to the general public in the usual course of business. The Bidder shall maintain a normal supply of repair parts and be equipped with personnel and facilities to provide such service as necessary to keep the equipment in operation with a minimum of delay. Failure to meet these requirements, in the County's sole opinion, may be cause for rejection.

D. Bidder shall indicate the nearest available location for replacement parts, how long parts shall be available on the market and the number of days to receive parts after receipt of order. The space for this information is included on the Bid Response Form.

17. ASSEMBLY AND/OR PLACEMENT

All goods shall be completely assembled when delivered to Orange County.

18. WARRANTY

The Contractor shall fully warrant all equipment furnished hereunder against defect in materials and/or workmanship for a period of five (5) years or 10,000 hours from date of delivery/acceptance by Orange County. Should any defect in materials or workmanship, except ordinary wear and tear, appear during the above stated warranty period, the Contractor shall repair or replace same at no cost to the County, immediately upon written notice from the County's authorized representative. The Contractor shall be responsible for either repairing the equipment on site or transporting the equipment to their repair facility at no cost to the County.

The contractor shall warrant all replacement parts for one year or match the part manufacturer's warranty, whichever is greater. The contractor shall provide the County a copy of all third-party warranties when the equipment is returned to the County.

The Contractor shall fully warrant all repairs against defect in materials and/or workmanship for a period of one (1) year from delivery and acceptance.

All service visits, parts, mileage, labor, inspection, testing, etc., necessary to correct a defect under the repair warranty shall be performed by the contractor at no additional cost to the County.

All warranty provisions of the Uniform Commercial Code shall additionally apply.

19. MANUALS

Operation and Maintenance Manuals for each new equipment shall be delivered in the form of one (1) hardcopy copy and one (1) digital copy.

20. INSURANCE REQUIREMENTS

Vendor/Contractor agrees to maintain on a primary basis and at its sole expense, at all times throughout the duration of this contract the following types of insurance coverage with limits and on forms (including endorsements) as described herein. These requirements, as well as the County's review or acceptance of insurance maintained by Vendor/Contractor is not intended to and shall not in any manner limit or qualify the liabilities assumed by Vendor/Contractor under this contract. Vendor/Contractor is required to maintain any coverage required by federal and state workers' compensation or financial responsibility laws including but not limited to Chapter 324 and 440, Florida Statutes, as may be amended from time to time.

The Vendor/Contractor shall require and ensure that each of its sub-Vendors/sub-Contractors providing services hereunder (if any) procures and maintains until the completion of their respective services, insurance of the types and to the limits specified herein.

Insurance carriers providing coverage required herein must be licensed to conduct business in the State of Florida and must possess a current A.M. Best's Financial Strength Rating of A- Class VIII or better.
(Note: State licenses can be checked via www.floir.com/companysearch/ and A.M. Best Ratings are available at www.ambest.com)

Required Coverage:

☒ Commercial General Liability - The Vendor/Contractor shall maintain coverage issued on the most recent version of the ISO form as filed for use in Florida or its equivalent, with a limit of liability of not less than $500,000 per occurrence. Vendor/Contractor further agrees coverage shall not contain any endorsement(s) excluding or limiting Product/Completed Operations, Contractual Liability, or Separation of Insureds. The General Aggregate limit shall either apply separately to this contract or shall be at least twice the required occurrence limit.

Required Endorsements:

☒ Additional Insured- CG 20 26 or CG 20 10/CG 20 37 or their equivalents.
Note: CG 20 10 must be accompanied by CG 20 37 to include products/completed operations

☒ Waiver of Transfer of Rights of Recovery- CG 24 04 or its equivalent.
Note: If blanket endorsements are being submitted please include the entire endorsement and the applicable policy number.

☒ Business Automobile Liability - The Vendor/Contractor shall maintain coverage for all owned; non-owned and hired vehicles issued on the most recent version of the ISO form as filed for use in Florida or its equivalent, with limits of not less than $500,000 (five hundred thousand dollars) per accident. In the event the Vendor/Contractor does not own automobiles the Vendor/Contractor shall maintain coverage for hired and non-owned auto liability, which may be satisfied by way of endorsement to the Commercial General Liability policy or separate Business Auto Liability policy.

☒ Workers' Compensation - The Vendor/Contractor shall maintain coverage for its employees with statutory workers' compensation limits, and no less than $100,000 each incident of bodily injury or disease for Employers' Liability. Elective exemptions as defined in Florida Statute 440 will be considered on a case-by-case basis. Any Vendor/Contractor using an employee leasing company shall complete the Leased Employee Affidavit.

Required Endorsements:

☒ Waiver of Subrogation- WC 00 03 13 or its equivalent

When a self-insured retention or deductible exceeds $100,000 the COUNTY reserves the right to request a copy of Vendor/Contractor most recent annual report or audited financial statement. For policies written on a "Claims-Made" basis the Vendor/Contractor agrees to maintain a retroactive date prior to or equal to the effective date of this contract. In the event the policy is canceled, non-renewed, switched to occurrence form, or any other event which triggers the right to purchase a Supplemental Extended Reporting Period (SERP) during the life of this contract the Vendor/Contractor agrees to purchase the SERP with a minimum reporting period of not less than two years. Purchase of the SERP shall not relieve the Vendor/Contractor of the obligation to provide replacement coverage.

By entering into this contract Vendor/Contractor agrees to provide a waiver of subrogation or a waiver of transfer of rights of recovery, in favor of the County for the workers' compensation and general liability policies as required herein. When required by the insurer or should a policy condition not permit the Vendor/Contractor to enter into a pre-loss agreement to waive subrogation without an endorsement, then Vendor/Contractor agrees to notify the insurer and request the policy be endorsed with a Waiver of Subrogation or a Waiver of Transfer of Rights of Recovery Against Others endorsement.

Prior to execution and commencement of any operations/services provided under this contract the Vendor/Contractor shall provide the COUNTY with current certificates of insurance evidencing all required coverage. In addition to the certificate(s) of insurance the Vendor/Contractor shall also provide endorsements for each policy as specified above. All specific policy endorsements shall be in the name of Orange County, Florida.

For continuing service contracts renewal certificates shall be submitted immediately upon request by either the COUNTY or the COUNTY's contracted certificate compliance management firm. The certificates shall clearly indicate that the Vendor/Contractor has obtained insurance of the type, amount and classification as required for strict compliance with this insurance section. Vendor/Contractor shall notify the COUNTY not less than thirty (30) business days (ten business days for non-payment of premium) of any material change in or cancellation/non-renewal of insurance coverage. The Vendor/Contractor shall provide evidence of replacement coverage to maintain compliance with the aforementioned insurance requirements to the COUNTY or its certificate management representative five (5) business days prior to the effective date of the replacement policy (ies).

The certificate holder shall read:
Orange County, Florida
c/o Risk Management Division
201 S. Rosalind Avenue
Orlando, Florida 32801

Additional insurance guidelines and sample certificates can be found on the County's Vendor Services website:
http://www.orangecountyfl.net/Portals/0/Library/vendor%20services/docs/InsuranceRequirementsFAQ.pdf

21. CONTRACT TERM/RENEWAL

A. The contract resulting from this Invitation for Bids shall commence effective upon issuance of a term contract by the County and extend for a period of three (3) years. The contract may be renewed for two (2) additional one (1) year periods, upon mutual agreement of both parties. If any such renewal results in changes in the terms and conditions, such changes shall be reduced to writing as an amendment to this contract and such amendment shall be executed by both parties.

B. The initiating County department(s) shall issue delivery/purchase orders against the term contract on an "as needed" basis.

C. If the quantity of a unit priced item in this contract is an estimated quantity and the actual quantities ordered are more than 50% above the estimated quantity, the County shall enter into negotiations with the Contractor for a lower unit price which shall be incorporated into the contract. Failure of the Contractor to agree to a reduced unit price may result in the termination of the contract and re-solicitation of the requirement.

D. Any order issued during the effective period of this contract, but not completed within that period, shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and the County's rights and obligations with respect to that order to the extent as if the order were completed during the contract performance period.

22. PRICING

The County requires a firm price for this initial first year contract period. Invoices shall be reviewed to confirm compliance with contract pricing. Failure to hold prices firm shall be grounds for immediate termination of the contract.

23. MANUFACTURER'S SUGGESTED RETAIL PRICE

A. Bid shall be in the form of one fixed (across the board) discount off current Manufacturer's Suggested Retail Price (MSRP). If this is not available, Manufacturer's List Price may be used, if Manufacturer's List Price is not available Distributor's List Price may be used.

B. Percentage discount will not be subject to change during the contract period.

C. Awarded vendor(s) shall furnish with their bid submittal current Manufacturer's Suggested Retail Price (MSRP), or Manufacturer's List Price, or Distributor's List Price in the form of electronic copy properly identified as to price and column designation for each category and clearly reflecting each respective awarded discount on a portable electronic storage device appropriately sized to contain all pricing information on one device and capable of interfacing with the County's computers via USB connection

Acceptable devices are:
1. USB Drive (thumb drives)
2. Portable Hard drive

3. Or other approved device

D. Pricing data must be organized in an electronic tabbed searchable interface/ format. It will include a table of contents with catalog index, bookmarks and references for ease of access by the County. Each catalog will contain only specific information pertinent to the contract, and devoid of any other data.

Acceptable File Formats:
1. Adobe PDF
2. Microsoft Windows
3. Microsoft Excel

24. PRICE ESCALATION/DE-ESCALATION (CPI)

The County may allow a price escalation provision within this award **for labor only**.

The original contract prices shall be firm for an initial one (1) year period. A price escalation/de-escalation will be considered at one (1) year intervals thereafter, provided the Contractor notifies the County, in writing, of the pending price escalation/de-escalation a minimum of sixty (60) days prior to the effective date. Price adjustments shall be based on the latest version of the Consumers Price Index (CPI-U) for All Urban Consumers, All Items, U.S. City Average, non-seasonal, as published by the U.S. Department of Labor, Bureau of Labor Statistics. This information is available at www.bls.gov.

Price adjustment shall be calculated by applying the simple percentage model to the CPI data. This method is defined as subtracting the base period index value (at the time of initial award) from the index value at time of calculation (latest version of the CPI published as of the date of request for price adjustment), divided by the base period index value to identify percentage of change, then multiplying the percentage of change by 100 to identify the percentage change. Formula is as follows:

Current Index – Base Index / Base Index = % of Change

% of Change x 100 = **Percentage Change**

CPI-U Calculation Example:

CPI for current period	232.945
Less CPI for base period	229.815
Equals index point change	3.130
Divided by base period CPI	229.815
Equals	0.0136
Result multiplied by 100	0.0136 x 100
Equals percent change	1.4%

A price increase may be requested only at each time interval specified above, using the methodology outlined in this section. To request a price increase, Contractor shall submit a letter stating the percentage amount of the requested increase and adjusted price to the

Orange County Procurement Division. The letter shall include the complete calculation utilizing the formula above, and a copy of the CPI-U index table used in the calculation. The maximum allowable increase shall not exceed 4%, unless authorized by the Manager, Procurement Division. All price adjustments must be accepted by the Manager, Procurement Division and shall be memorialized by written amendment to this contract. No retroactive contract price adjustments will be allowed.

Should the CPI-U for All Urban Consumers, All Items, U.S City Average, as published by the U.S. Department of Labor, Bureau of Labor Statistics decrease during the term of the contract, or any renewals, the Contractor shall notify the Orange County Procurement Division of price decreases in the method outlined above. If approved, the price adjustment shall become effective on the contract renewal date. If the Contractor fails to pass the decrease on to the County, the County reserves the right to place the Contractor in default, cancel the award, and remove the Contractor from the County Vendor List for a period of time deemed suitable by the County. In the event of this occurrence, the County further reserves the right to utilize any options as stated herein.

25. METHOD OF ORDERING

The County shall issue Delivery (Purchase) Orders against the contract on an as needed basis for the goods or services listed on the Bid Response Form.

26. CONDITIONS FOR EMERGENCY/HURRICANE OR DISASTER - TERM CONTRACTS

It is hereby made a part of this Invitation for Bids that before, during and after a public emergency, disaster, hurricane, flood, or other acts of God that Orange County shall require a "first priority" basis for goods and services. It is vital and imperative that the majority of citizens are protected from any emergency situation which threatens public health and safety, as determined by the County. Contractor agrees to rent/sell/lease all goods and services to the County or other governmental entities as opposed to a private citizen, on a first priority basis. The County expects to pay contractual prices for all goods or services required during an emergency situation. Contractor shall furnish a twenty-four (24) hour phone number in the event of such an emergency.

27. REQUIREMENTS CONTRACT

This is a Requirements Contract and the County's intent is to order from the Contractor all of the goods or services specified in the contract's price schedule that are required to be purchased by the County. If the County urgently requires delivery of goods or services before the earliest date that delivery may be required under this contract, and if the contractor will not accept an order providing for accelerated delivery, the County may acquire the goods or services from another source.

The County's requirements in this contract are estimated and there is no commitment by the County to order any specified amount. If the estimated quantities are not achieved, this shall not be the basis for an equitable adjustment.

If the Manager, Procurement Division determines that the Contractor's performance is less than satisfactory, the County may order the goods or services from other sources until the deficient performance has been cured or the contract terminated.

28. SALVAGEABLE PARTS

When a pump is determined to be beyond reasonable repair, the County reserves the right to request that any and all salvageable parts from the broken pump be returned to the County.

29. PERSONNEL

A. The CONTRACTOR represents that it has, or will secure at its own expense, all necessary personnel required to perform the services under this Contract. Such personnel shall not be employees of or have any contractual relationship with the COUNTY.

B. All of the services required hereafter shall be performed by the CONTRACTOR or under its supervision, and all personnel engaged in performing the services shall be fully qualified and, if required, authorized or permitted under state and local law to perform such services.

C. By execution of this contract, the Contractor hereby certifies that key personnel assigned to provide the required services have not been, and shall not be, changed or altered without prior written approval by the County. The County shall have seventy two (72) hours to review any request made by the Contractor for any change, alteration, or substitution of staff. The Contractor shall ensure that such substituted staff members are of substantially the same qualifications as those approved by the County at the time of contract award and create no conflicts of interest between the Contractor and the County.

D. The CONTRACTOR warrants that all services shall be performed by skilled and competent personnel to the highest professional standards in the field. The COUNTY may require, in writing, that the CONTRACTOR remove from this contract any employee the COUNTY deems incompetent, careless, or otherwise objectionable.

30. USE OF CONTRACT BY OTHER GOVERNMENT AGENCIES

At the option of the Contractor, the use of the contract resulting from this solicitation may be extended to other governmental agencies, including the State of Florida, its agencies, political subdivisions, counties, and cities.

Each governmental agency allowed by the Contractor to use this contract shall do so independent of any other governmental entity. Each agency shall be responsible for its own purchases and shall be liable only for goods or services ordered, received and accepted. No agency receives any liability by virtue of this bid and subsequent contract award.

31. BID PREFERENCE

In accordance with the Minority Women Owned Business Enterprise (MWBE) Ordinance, award of a contract resulting from this Invitation for Bids may be made to the lowest responsive and responsible Orange County certified MWBE bidder provided that the bid does not exceed the overall lowest responsive and responsible bidder by the following percentages for the bid amounts listed:

A. 8% - Bids Up To $100,000
B. 7% - Bids Greater Than $100,000 to $500,000
C. 6% - Bids Greater Than $500,000 to $750,000
D. 5% - Bids Greater Than $750,000 to $2,000,000
E. 4% - Bids Greater Than $2,000,000 to $5,000,000
F. 3% - Bids Greater Than $5,000,000

In accordance with the Registered Service Disabled Veteran Business Ordinance, award of a contract resulting from this Invitation for Bids may be made to the lowest responsive and responsible registered prime Service Disabled Veteran bidder provided that the bid does not exceed the overall lowest responsive and responsible bidder by the following percentages for the bid amounts listed:

A. 8% - Bids Up To $100,000
B. 7% - Bids Greater Than $100,000 to $500,000
C. 6% - Bids Greater Than $500,000 to $750,000
D. 5% - Bids Greater Than $750,000 to $2,000,000
E. 4% - Bids Greater Than $2,000,000 to $5,000,000
F. 3% - Bids Greater Than $5,000,000

In the event of a tie between an M/WBE and a registered prime SDV with all else being equal, the award shall be made to the firm with the lowest business net worth.

SECTION 3
SCOPE OF SERVICES

SCOPE OF SERVICES

1. GENERAL

The Orange County Utilities Department intends to issue a contract for supply, service inspection, diagnosis and repair of Flygt / ABS Submersible motor and pumps. These specifications shall encompass motors of various types, single and three phases up to and including 150 HP. The submersible pump repair shall include pump sizes up to and including 15-inch discharge.

2. SPECIFICATION COMPLIANCE

2.1. The Contractor shall strictly adhere to the Orange County Utilities Standards and Construction Specifications Manual, latest edition. This manual may be found on-line at the following internet address:

ftp://ftp.ocfl.net/divisions/Utilities/pub/PlanReview/ManualOfStandardsAndSpecs/Manual_Approved2011/Orange%20County%20Utilities%20Standards%20and%20Construction%20Specifications%20Manual.pdf

3. PUMPS

The contractor shall provide FLYGT pumps of the size and configuration as required and ordered by the County.

4. PARTS

4.1. The Contractor shall keep an ample inventory of high use parts to ensure parts availability. These shall include, but is not limited to the following either individually or in kit form: seals, gaskets, bearings, sensors, monitoring components, lubricants and others.

4.2. Charges for parts shall show a list of materials and the price for each item.

4.3. All parts replaced which are not within the scope of supply by the OEM shall be billed at the manufacturer's published list price. No additional labor costs shall be included for the installation of these parts

4.4. If applicable, Contractor shall supply, at no additional cost and in the quantities required, shop drawings as determined by County. Work represented by shop drawings and/or certification shall not proceed until the shop drawings and/or certification have been reviewed and approved in writing by County.

5. REPAIRS

5.1. These specifications shall encompass motors of various types, single and three phases up to and including 150 HP. The submersible pump repair shall include pump sizes up to and including 16” discharge.

5.2. The contractor service and repair shop shall be fully authorized by the specified pump manufacturer, and all repairs shall be performed by technicians fully trained and authorized by said manufacturer. All replacement parts, lubricants and supplies shall be as manufactured and approved by the OEM.

5.3. All work shall be performed in full compliance with the manufacturer's warranty conditions and in accordance with the manufacturer's repair manuals and procedures.

5.4. All repair work shall be billed at the percentage rates quoted and the contractor shall, at the County's request, supply the original invoices for the materials used in the repairs. The contractor shall, at the County's request, return all parts which were replaced during the repair process.

5.5. Unless specifically directed otherwise, when a motor and/or pump are given to the contractor for repair, the contractor shall inspect the motor and/or pump thoroughly and determine the scope of repair. This step shall include:

5.5.1. Visual and dimensional inspection with standard testing methods to determine the motor and/or pump's condition. The contractor shall use his professional judgement to determine the level of inspection required.

5.5.2. Record all data taken, substantiate data with photos taken in a logical sequence during inspection starting with the pump as found followed by disassembly of the major components and highlighting all damage and or wear found.

5.5.3. Determine the scope of work to repair the motor and/or pump and cost estimate to complete that work.

5.6. Inspection and estimation time and costs will generally be proportional to the size of the motor and/or pump. Unless otherwise approved, the cost to the County for inspection and estimation for repair shall not exceed the cost for 8 labor hours of a shop technician. Note: If the County elects to repair the motor and/or pump, no payment shall be made for the inspection and/or estimation costs.

5.6.1. Notify the County of the inspection and estimate for repair. This step shall be done by e-mail. The contractor shall include:

5.6.1.1. A technical description of the inspection performed, including test results and the sequence of photos taken during inspection.
Photos shall be submitted as .jpg format with a digital stamped date and time.
Photos shall be named by using the pump serial number followed by the sequence number of the photo.
Example: SN123456789-1

5.6.1.2. A breakdown of costs for the repair

5.6.1.3. An itemized list of costs for any extras or supplemental work

5.6.1.4. A firm quote for replacement of the motor and/or pump in kind

5.6.1.5. An estimated schedule for completion of the repair work.

5.6.2. Upon approval by the County, the contractor shall repair the motor and/or pump as quoted.

5.6.3. If the County determines and directs the Contractor not to repair the motor and/or pump:

5.6.3.1. The contractor shall reassemble (if requested) and return the motor and/or pump to the County in the same condition as it was delivered. In these cases, the County shall be liable for the inspection costs only. Contractor shall be liable for any damaged, lost or stolen motor and/or pumps while in the contractor's possession.

5.6.3.2. The contractor shall submit an estimate for a replacement unit to the County's representative by electronic e-mail.

6. TECHNICAL REQUIREMENTS

6.1. Unless specifically directed otherwise, the contractor shall repair all motor and/or pumps to restore them to meet or exceed their original conditions and specifications. Repair of submersible pumps may include (with prior County approval) replacement of component parts such as mechanical seals, O-Rings, impellers, grinder plates, etc. All such parts shall meet the original manufacturer's specifications. The contractor shall include the original invoices for these parts.

6.2. The following technical requirements are listed to establish a level of quality expected in the repair process. Any conflicts between these technical requirements and the motor and/or pump, manufacturer's original specifications shall be referred to the County for resolution.

6.2.1. Cleaning:

After disassembly and testing, all winding and parts shall be cleaned in a manner not injurious to the insulation system or component parts.

6.2.2. Stripping:

If the motor and/or pump stator is to be rewound, the opposite end is cut off the stator. Iron or steel frames shall be burned out using a controlled oven; temperature not to exceed 750 degree F. Aluminum frames shall be removed before burnout. Heating of the laminations shall be controlled to avoid distortion and/or damage. Clean core iron and slots. Inspect stator core. Repair or replace damaged laminations.

6.2.3. Rewind:

All insulation material shall be Class H rating or better. Wire shall be inverter duty magnet wire. Coils shall be wound and inserted tightly in the slots with a minimum of crosses. Phase insulation shall be class H rating and shall protrude at least 1/8 inch at all points. Each slot shall be tied with polyester cord at both ends for additional mechanical strength.

All connections shall be brazed with silver content solder and glass banding (sleeving) shall be applied.

Thermal protectors shall be checked for electrical and physical defects. Replacement of protectors shall be with parts identical to the original in tripping characteristics.

Surge test the stator to ensure that materials used are free of defect. Repair any defects.

Preheat the stator and dip in an insulating varnish and bake at a controlled temperature. A double dip and bake or VPI may be required on motor and/or pumps larger than 50 HP.

6.2.4. Stator Reconditioning

Stators not requiring rewind shall be cleaned, tested with megger and given surge comparison tests per NEMA or IEEE standards. Stators shall be preheated, and given one dip and bake in an insulating varnish.

6.2.5. Rotors

Rotors shall be inspected and tested to ensure that they are free of defect. f. Shafts

6.2.6. Shafts

Shafts shall be inspected for undue wear, scoring, straightness, and runout. Re-metallized shafts shall meet the original manufacturer's specifications.

6.2.7. Bearings

Bearings shall be inspected for damage. Removal and installation of bearings shall be done in accordance with the manufacturer's requirements. New bearings shall meet the original specifications.

6.2.8. Impeller

Deburr complete impeller
Inspect wear rings for concentricity and OD
Dynamically balance impeller to a minimum G 6.3 (ISO1940-1) specification.

6.2.9. Balancing

Frame sizes below 143 shall be statically balanced. All others shall be dynamically balanced in accordance with NEMA/IEEE standards. Balancing shall be achieved without drilling holes in the core assembly.

6.2.10. Centrifugal Switch

For single phase motor and/or pumps set the centrifugal switch per manufacturer's requirements.

6.2.11. Miscellaneous:

Inspect all miscellaneous motor and/or pump components such as oil rings, housings, etc. Repair or replace as required. Paint the motor and/or pump.

6.2.12. Final Test:

For a final test, operate the motor and/or pump under no load. Test the insulation resistance. Inspect the motor and/or pump for undue temperature, vibration and noise. Check the cooling fluid in submersible motors and/or pumps. Check for mechanical seal leaks, check for seal and thermal alarm operation. Correct any deficiency

7. DOCUMENTATION

7.1. Upon Delivery the Contractor shall provide the County with a written report of all service activity performed. This report shall list as a minimum:

7.1.1. The date and time of the request for service
7.1.2. Identification of the motor and/or pump
7.1.3. A detailed as found condition report.
7.1.4. A detailed description of any test performed on the motor and/or pump
7.1.5. A detailed description of all repairs completed.
7.1.6. Attached photos of pump before and after repair. Photos shall comply with section 4.6.1.1 of this scope.
7.1.7. Total labor hours spent
7.1.8. A detailed list of parts replaced by part manufacturer and part identification number.

7.2. Aside from the above report, tagging and documentation of all motor and/or pumps worked on shall be done and signed by the technician performing the work

7.3. Whenever a component is dynamically balanced, a pdf report shall be part of the submitted documentation.

7.4. All parts removed or replaced shall be tagged and returned to the County upon request.

8. CONTRACTOR'S REQUIREMENTS

8.1 The Contractor shall be an authorized dealer, distributor, and/or representative of the manufacturer for the brand/model being bid. Dealer, distributor, and/or representative means a firm or person that owns, operates, or maintains a store, warehouse, or other establishment in which materials, supplies, parts, articles, or equipment of the general character described in the specifications are bought, kept in stock and sold commercially or to the general public in the usual course ofbusiness.

8.2 The Contractor shall have at least five years of successful experience in the maintenance, testing, rewinding, and repair of AC motor and/or pumps up to 150 HP.

8.3 The Contractor shall have a service and repair shop located within 50 miles of the Orange County. The County reserves the right to visit and inspect said facility at any time during the bid evaluation if such inspection and additional information is considered necessary to properly evaluate a Bidder's qualifications and capacity to manage all service requirements of this scope and the volume of work resulting from it.

8.4 The Contractor shall have the ability to obtain OEM parts in an expedited basis, and must maintain a normal supply of repair parts and be equipped with personnel and facilities to provide such service as necessary to keep the equipment in operation with a minimum of delay.

8.5 The contractor shall have an internal quality control program in place. The quality control program shall include complete documentation requirements and testing and repair procedures and shall be available to the County upon request.

8.6 Failure to meet and maintain these requirements, in the County's sole opinion, may be cause for contract termination.

SECTION 4
BID SUBMISSION REQUIREMENTS AND DOCUMENTATION

IMPORTANT NOTE:

Modification or alteration of the documents contained in this solicitation or the contract resulting from this solicitation **shall only be made upon receipt of prior written consent of the County.** *(See: General Terms and Conditions, Article 2, Questions Regarding this Solicitation)*

Bidders are cautioned, when completing your bid, do not attach any forms which may contain deviations from the County's scope of services/specification, terms and conditions or fee schedule as these may conflict with those listed in the County's bid documents(s). Unauthorized modifications or alterations and/or inclusion of additional terms and conditions such as those which may be on your company's standard forms shall result in your bid being declared non-responsive as these changes will be considered a counteroffer to the County's bid.

STATEMENT OF NO-BID

The Procurement Division is committed to continuously improve its processes and our goal is to receive maximum participation from the vendor community. If your firm chooses not to participate in responding to this solicitation please email Melisa.Vergara@ocfl.net, referencing the IFB number, and briefly explain why the decision was made to not participate.

SUBMITTAL LABEL:

In an effort to help promote social distancing measures during the COVID-19 Public Health Emergency, electronic submissions will be accepted by the County.

Firms are **strongly encouraged** to submit responses electronically. Firms will not be permitted to fax or email offers. To maintain a secured sealed process electronic submissions may be made through the Negometrix platform only at: https://app.negometrix.com/buyer/691

If submitting via mail or hard copy, use the hard-copy label below and place on front of their outermost sealed envelope/package.

QUALIFICATION OF BIDDERS

BID PACKAGE REQUIREMENTS:

- In an effort to help promote social distancing measures during the COVID-19 Public Health Emergency, electronic submissions will be accepted by the County.

- Firms are strongly encouraged to submit responses electronically. Firms will not be permitted to fax or email offers. To maintain a secured sealed process electronic submissions may be made through the Negometrix platform only at: https://app.negometrix.com/buyer/691

- If submitting via mail or hand delivery, Bidders must submit one (1) original, two (2) copies and one (1) electronic copy on USB drive. Electronic copy shall be in Microsoft Word or Adobe – the most recent software version.

- All responses and copies are to be submitted on 8 ½ x 11 inch paper, bound individually and tabbed as applicable.

- If your response contains any information deemed confidential, in accordance with Chapter 119 of the Florida Statutes, provide an additional USB drive with a redacted version of your response labeled REDACTED. Electronic copy shall be in Microsoft Word or Adobe – the most recent software version.

This bid will be awarded to a responsible, responsive bidder, qualified by experience to provide the work specified. Failure to submit the below requested information may be cause for rejection of your bid.

The determination on whether a bidder is responsible or not shall be at the sole discretion of the County. Although the County may request the submission of a minimum number of contracts similar to the requirements of this solicitation with certain minimum dimensions, quantities, dollar values, etc., the County's determination of a bidder's responsibility shall not be solely based on the number of similar procurements the bidder provides but the entirety of the bidder's qualifications.

The Bidder shall submit the following information with the bid. It is recommended to use the list below as a checklist for your bid submittal:

[ ] 1. Reference Documentation Form
(Required)

Bidder shall complete the attached Reference Documentation Form. References shall be for work **substantially similar in scope and magnitude** satisfactorily completed and shall validate the following capabilities and experience per the scope of services provided herein. References shall validate the following:

a. A minimum of five (5) years' experience in the maintenance, testing, rewinding, and repair of AC motor and/or pumps up to 150 HP. References shall be for work performed under the same name as the bidder.

[ ] 2. Bidder shall provide a letter from the manufacturer on their letterhead confirming the bidder is an authorized dealer, distributor and/or representative of the manufacturer for the brand being bid.
(Required)

[ ] 3. Bidder shall provide a written statement on its letterhead affirming the firm has adequate experience, staff, resources, facilities and equipment, required to successfully perform the work in accordance scope of services herein.
(Required)

[ ] 4. Bid Response Form
(Required)

[ ] 5. Acknowledgement of Addenda
(Required if Applicable)

[ ] 6. Authorized Signatories/Negotiators
(Required)

[ ] 7. Drug-Free Workplace
(Required)

[ ] 8. Schedule of Sub-contracting
(Required if Applicable)

[ ] 9. Conflict/Non-Conflict of Interest Form
(Required)

[ ] 10. E-Verification Certification
(Required)

[ ] 11. Current W9
(Required)

[ ] 12. Relationship Disclosure Form
(Required to be Submitted and Notarized)

[ ] 13. Orange County Specific Project Expenditure Report.
(Required to be Submitted and Notarized)

[ ] 14. Agent Authorization Form
(Submit if Applicable)

[ ] 15. Leased Employee Affidavit
(Submit if Applicable)

[ ] 16. Information for determining Joint Venture Eligibility (if Applicable)
(Submit if Applicable)

[ ] 17. Contract Y21-170-MV, Counterpart (1), signed without exception to terms and conditions. Counteroffers shall not be allowed.
(Required)

Failure to submit the above requested information may be cause for rejection of your bid.

BID RESPONSE FORM
IFB #Y21-170-MV

The Contractor shall provide all labor and other resources necessary to provide the goods and/or equipment in strict accordance with the specifications defined in this solicitation for the amounts specified in this Bid Response Form, inclusive of overhead, profit and any other costs.

Note: The percentage mark-up or mark-down from cost shall be indicated by checking the applicable box. Failure to indicate will deem the bid non-responsive.

Example: If the mark-down is 10% (.10) enter .90 (1-.10 = .90)
Then your total should be 115,000.00 X .90 = $103,500.00

Example: If the mark-up is 10% (.10) enter 1.10 (1+.10 = 1.10)
Then your total should be 115,000.00 X 1.10 = $126,500.00

DRUG-FREE WORKPLACE FORM

The undersigned Bidder, in accordance with Florida Statute 287.087 hereby certifies that _____ does:
Name of Business

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, employee assistance programs and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in Paragraph 1.

4. In the statement specified in Paragraph 1, notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Florida Statute 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of Paragraphs 1 thru 5.

As the person authorized to sign this statement, I certify that this firm complies fully with above requirements.

FREQUENTLY ASKED QUESTIONS (FAQ)
ABOUT THE
RELATIONSHIP DISCLOSURE FORM
Updated 6-28-11

WHAT IS THE RELATIONSHIP DISCLOSURE FORM?
The Relationship Disclosure Form (form OC CE 2D and form OC CE 2P) is a form created pursuant to the County's Local Code of Ethics, codified at Article XIII of Chapter 2 of the Orange County Code, to ensure that all development-related items and procurement items presented to or filed with the County include information as to the relationship, if any, between the applicant and the County Mayor or any member of the Board of County Commissioners (BCC). The form will be a part of the backup information for the applicant's item.

WHY ARE THERE TWO RELATIONSHIP DISCLOSURE FORMS?
Form OC CE 2D is used only for development-related items, and form OC CE 2P is used only for procurement-related items. The applicant needs to complete and file the form that is applicable to his/her case.

WHO NEEDS TO FILE THE RELATIONSHIP DISCLOSURE FORM?
Form OC CE 2D should be completed and filed by the owner of record, contract purchaser, or authorized agent. Form OC CE 2P should be completed and filed by the bidder, offeror, quoter, or respondent, and, if applicable, their authorized agent. In all cases, the person completing the form must sign the form and warrant that the information provided on the form is true and correct.

WHAT INFORMATION NEEDS TO BE DISCLOSED ON THE RELATIONSHIP DISCLOSURE FORM?
The relationship disclosure form needs to disclose pertinent background information about the applicant and the relationship, if any, between, on the one hand, the applicant and, if applicable, any person involved with the item, and on the other hand, the Mayor or any member of the BCC.

In particular, the applicant needs to disclose whether any of the following relationships exist: (1) the applicant is a business associate of the Mayor or any member of the BCC; (2) any person involved with the approval of the item has a beneficial interest in the outcome of the matter *and* is a business associate of the Mayor or any member of the BCC; (3) the applicant is a relative of the Mayor or any member of the BCC; or (4) the Mayor or any member of the BCC is an employee of the applicant. (See Section 2-454, Orange County Code.)

HOW ARE THE KEY RELEVANT TERMS DEFINED?
Applicant means, for purposes of a development-related project, the owner, and, if applicable, the contract purchaser or owner's authorized agent. Applicant means, for purposes of a procurement item, the bidder, offeror, quoter, respondent, and, if applicable, the authorized agent of the bidder, offeror, quoter, or respondent.

Business associate means any person or entity engaged in or carrying on a business enterprise with a public officer, public employee, or candidate as a partner, joint venture, corporate shareholder where the shares of such corporation are not listed on any national or regional stock exchange, or co-owner of property. In addition, the term includes any person or entity engaged in or carrying on a business enterprise, or otherwise engaging in common investment, with a public officer, public employee, or candidate as a partner, member, shareholder, owner, co-owner, joint venture partner, or other investor, whether directly or indirectly, whether

through a Business Entity or through interlocking Parent Entities, Subsidiary Entities, or other business or investment scheme, structure, or venture of any nature. (See Section 112.312(4), Florida Statutes, and Section 2-452(b), Orange County Code.)

Employee means any person who receives remuneration from an employer for the performance of any work or service while engaged in any employment under any appointment or contract for hire or apprenticeship, express or implied, oral or written, whether lawfully or unlawfully employed, and includes, but is not limited to, aliens and minors. (See Section 440.02(15), Florida Statutes.)

Relative means an individual who is related to a public officer or employee as father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, half-brother, half-sister, grandparent, great grandparent, grandchild, great grandchild, step grandparent, step great grandparent, step grandchild, step great grandchild, person who is engaged to be married to the public officer or employee or who otherwise holds himself or herself out as or is generally known as the person whom the public officer or employee intends to marry or with whom the public officer or employee intends to form a household, or any other natural person having the same legal residence as the public officer or employee. (See Section 112.312(21), Florida Statutes.)

DOES THE RELATIONSHIP DISCLOSURE FORM NEED TO BE UPDATED IF INFORMATION CHANGES?

Yes. It remains a continuing obligation of the applicant to update this form whenever any of the information provided on the initial form changes.

WHERE DO THE RELATIONSHIP DISCLOSURE FORM AND ANY SUBSEQUENT UPDATES NEED TO BE FILED?

For a development-related item, the Relationship Disclosure Form and any update need to be filed with the County Department or County Division where the applicant filed the application. For a procurement item, the Relationship Disclosure Form and any update need to be filed with the Procurement Division.

WHEN DO THE RELATIONSHIP DISCLOSURE FORM AND ANY UPDATES NEED TO BE FILED?

In most cases, the initial form needs to be filed when the applicant files the initial development-related project application or initial procurement-related forms. However, with respect to a procurement item, a response to a bid will not be deemed unresponsive if this form is not included in the initial packet submitted to the Procurement Division.

If changes are made after the initial filing, the final, cumulative Relationship Disclosure Form needs to be filed with the appropriate County Department or County Division processing the application not less than seven (7) days prior to the scheduled BCC agenda date so that it may be incorporated into the BCC agenda packet. When the
matter is a discussion agenda item or is the subject of a public hearing, and an update has not been made at least 7 days prior to BCC meeting date or is not included in the BCC agenda packet, the applicant is obligated to verbally present such update to the BCC when the agenda item is heard or the public hearing is held. When the matter is a consent agenda item and an update has not been made at least 7 days prior to the BCC meeting or the update is not included in the BCC agenda packet, the item will be pulled from the consent agenda to be considered at a future meeting.

WHO WILL REVIEW THE INFORMATION DISCLOSED ON THE RELATIONSHIP DISCLOSURE FORM AND ANY UPDATES?

The information disclosed on this form and any updates will be a public record as defined by Chapter 119, Florida Statutes, and may therefore be inspected by any interested person. Also, the information will be made available to the Mayor and the BCC members. This form and any updates will accompany the information for the applicant's project or item.

However, for development-related items, if an applicant discloses the existence of one or more of the relationships described above and the matter would normally receive final consideration by the Concurrency Review Committee or the Development Review Committee, the matter will be directed to the BCC for final consideration and action following committee review.

CONCLUSION:

We hope you find this FAQ useful to your understanding of the Relationship Disclosure Form. Please be informed that if the event of a conflict or inconsistency between this FAQ and the requirements of the applicable ordinance or law governing relationship disclosures, the ordinance or law controls.

Also, please be informed that the County Attorney's Office is not permitted to render legal advice to an applicant or any other outside party. Accordingly, if the applicant or an outside party has any questions after reading this FAQ, he/she is encouraged to contact his/her own legal counsel.

ORANGE COUNTY SPECIFIC PROJECT EXPENDITURE REPORT

This lobbying expenditure form shall be completed in full and filed with all application submittals.    Are they registered Lobbyist? Yes ___ or No___
7. Name and address of individual or business entity:_____
   Are they registered Lobbyist? Yes ___ or No___
8. Name and address of individual or business entity:_____
   Are they registered Lobbyist? Yes ___ or No___

Part II

Expenditures:

For this report, an "expenditure" means money or anything of value given by the principal and/or his/her lobbyist for the purpose of lobbying, as defined in section 2-351, Orange County Code. This may include public relations expenditures including, but not limited to, petitions, fliers, purchase of media time, cost of print and distribution of publications. However, the term "expenditure" **does not** include:

- Contributions or expenditures reported pursuant to chapter 106, Florida Statutes;
- Federal election law, campaign-related personal services provided without compensation by individuals volunteering their time;
- Any other contribution or expenditure made by or to a political party;
- Any other contribution or expenditure made by an organization that is exempt from taxation under 26 U.S.C. s. 527 or s. 501(c)(4), in accordance with s.112.3215, Florida Statutes; and/or
- Professional fees paid to registered lobbyists associated with the project or item.

The following is a complete list of all lobbying expenditures and activities (including those of lobbyists, contractors, Contractors, etc.) incurred by the principal or his/her authorized agent and expended in connection with the above-referenced project or issue. **You need not include de minimum costs (under $50) for producing or reproducing graphics, aerial photographs, photocopies, surveys, studies or other documents related to this project.**

Date of Expenditure	Name of Party Incurring Expenditure	Description of Activity	Amount Paid
		TOTAL EXPENDED THIS REPORT	$

Part III

Original signature and notarization required

I hereby certify that information provided in this specific project expenditure report is true and correct based on my knowledge and belief. I acknowledge and agree to comply with the requirement of section 2-354, of the Orange County code, to amend this specific project expenditure report for any additional expenditure(s) incurred relating to this project prior to the scheduled Board of County Commissioner meeting. I further acknowledge and agree that failure to comply with these requirements to file the specific expenditure report and all associated amendments may result in the delay of approval by the Board of County Commissioners for my project or item, any associated costs for which I shall be held responsible. In accordance with s. 837.06, Florida Statutes, I understand and acknowledge that whoever knowingly makes a false statement in writing with the intent to mislead a public servant in the performance of his or her official duty shall be guilty of a misdemeanor in the second degree, punishable as provided in s. 775.082 or s. 775.083, Florida Statutes.

FREQUENTLY ASKED QUESTIONS (FAQ)
ABOUT THE
SPECIFIC PROJECT EXPENDITURE REPORT
Updated 3-1-11

WHAT IS A SPECIFIC PROJECT EXPENDITURE REPORT (SPR)?

A Specific Project Expenditure Report (SPR) is a report required under Section 2-354(b) of the Orange County Lobbying Ordinance, codified at Article X of Chapter 2 of the Orange County Code, reflecting all lobbying expenditures incurred by a principal and their authorized agent(s) and the principal's lobbyist(s), contractor(s), subcontractor(s), and Contractor(s), if applicable, for certain projects or issues that will ultimately be decided by the Board of County Commissioners (BCC).

Matters specifically exempt from the SPR requirement are ministerial items, resolutions, agreements in settlement of litigation matters in which the County is a party, ordinances initiated by County staff, and some procurement items, as more fully described in 2.20 of the Administrative Regulations.

Professional fees paid by the principal to his/her lobbyist for the purpose of lobbying need not be disclosed on this form. (See Section 2-354(b), Orange County Code.)

WHO NEEDS TO FILE THE SPR?

The principal or his/her authorized agent needs to complete and sign the SPR and warrant that the information provided on the SPR is true and correct.

A principal that is a governmental entity does not need to file an SPR.

HOW ARE THE KEY RELEVANT TERMS DEFINED?

Expenditure means "a payment, distribution, loan, advance, reimbursement, deposit, or anything of value made by a lobbyist or principal for the purpose of lobbying. This may include public relations expenditures (including but not limited to petitions, flyers, purchase of media time, cost of print and distribution of publications) but does not include contributions or expenditures reported pursuant to Chapter 106, Florida Statutes, or federal election law, campaign-related personal services provided without compensation by individuals volunteering their time, any other contribution or expenditure made by or to a political party, or any other contribution or expenditure made by an organization that is exempt from taxation under 26 U.S.C. s. 527 or s. 501(c)(4)." (See Section 112.3215, Florida Statutes.) Professional fees paid by the principal to his/her lobbyist for the purpose of lobbying are not deemed to be "expenditures." (See Section 2-354, Orange County Code.)

Lobbying means seeking "to encourage the approval, disapproval, adoption, repeal, rescission, passage, defeat or modification of any ordinance, resolution, agreement, development permit, other type of permit, franchise, vendor, Contractor, contractor, recommendation, decision or other foreseeable action of the [BCC]," and "include[s] all communications, regardless of whether initiated by the lobbyist or by the person being lobbied, and regardless of whether oral, written or electronic." (See Section 2-351, Orange County Code.) Furthermore, *lobbying* means communicating "directly with the County Mayor, with any other member of the [BCC], or with any member of a procurement committee." (See Section 2-351, Orange County Code.) *Lobbying* also

means communicating "indirectly with the County Mayor or any other member of the [BCC]" by communicating with any staff member of the Mayor or any member of the BCC, the county administrator, any deputy or assistant county administrator, the county attorney, any county department director, or any county division manager. (See Section 2-351, Orange County Code.) *Lobbying* does not include the act of appearing before a Sunshine Committee, such as the Development Review Committee or the Roadway Agreement Committee other than the BCC.

Principal means "the person, partnership, joint venture, trust, association, corporation, governmental entity or other entity which has contracted for, employed, retained, or otherwise engaged the services of a lobbyist." *Principal* may also include a person, partnership, joint venture, trust, association, corporation, limited liability corporation, or other entity where it or its employees do not qualify as a lobbyist under the definition set forth in Section 2-351 of the Orange County Code but do perform lobbying activities on behalf of a business in which it has a personal interest.

DOES THE SPR NEED TO BE UPDATED IF INFORMATION CHANGES?
Yes. It remains a continuing obligation of the principal or his/her authorized agent to update the SPR whenever any of the information provided on the initial form changes.

WHERE DO THE SPR AND ANY UPDATES NEED TO BE FILED?
The SPR needs to be filed with the County Department or County Division processing the application or matter. If and when an additional expenditure is incurred subsequent to the initial filing of the SPR, an amended SPR needs to be filed with the County Department or County Division where the original application, including the initial SPR, was filed.

WHEN DO THE SPR AND ANY UPDATES NEED TO BE FILED?
In most cases, the initial SPR needs to be filed with the other application forms. The SPR and any update must be filed with the appropriate County Department or County Division not less than seven (7) days prior to the BCC hearing date so that they may be incorporated into the BCC agenda packet. (See Section 2-354(b), Orange County Code.) When the matter is a discussion agenda item or is the subject of a public hearing, and any additional expenditure occurs less than 7 days prior to BCC meeting date or updated information is not included in the BCC agenda packet, the principal or his/her authorized agent is obligated to verbally present the updated information to the BCC when the agenda item is heard or the public hearing is held. When the matter is a consent agenda item and an update has not been made at least 7 days prior to the BCC meeting or the update is not included in the BCC agenda packet, the item will be pulled from the consent agenda to be considered at a future meeting.

WHO WILL BE MADE AWARE OF THE INFORMATION DISCLOSED ON THE SPR AND ANY UPDATES?
The information disclosed on the SPR and any updates will be a public record as defined by Chapter 119, Florida Statutes, and therefore may be inspected by any interested person. Also, the information will be made available to the Mayor and the BCC members. This information will accompany the other information for the principal's project or item.

CONCLUSION:
We hope you find this FAQ useful to your understanding of the SPR. Please be informed that in the event of a conflict or inconsistency between this FAQ and the requirements of the applicable ordinance governing specific project expenditure reports, the ordinance controls.

Also, please be informed that the County Attorney's Office is not permitted to render legal advice to a principal, his/her authorized agent, or any other outside party. Accordingly, if after reading this FAQ the principal, his/her authorized agent or an outside party has any questions, he/she is encouraged to contact his/her own legal counsel.

LEASED EMPLOYEE AFFIDAVIT

I affirm that an employee leasing company provides my workers' compensation coverage. I further understand that my contract with the employee leasing company limits my workers' compensation coverage to enrolled worksite employees only. My leasing arrangement does not cover un-enrolled worksite employees, independent contractors, uninsured sub-contractors or casual labor exposure.

I hereby certify that 100% of my workers are covered as worksite employees with the employee leasing company. I certify that I do not hire any casual or uninsured labor outside the employee leasing arrangement. I agree to notify the County in the event that I have any workers not covered by the employee leasing workers' compensation policy. In the event that I have any workers not subject to the employee leasing arrangement, I agree to obtain a separate workers' compensation policy to cover these workers. I further agree to provide the County with a certificate of insurance providing proof of workers' compensation coverage prior to these workers entering any County jobsite.

I further agree to notify the County if my employee leasing arrangement terminates with the employee leasing company and I understand that I am required to furnish proof of replacement workers' compensation coverage prior to the termination of the employee leasing arrangement.

I certify that I have workers' compensation coverage for all of my workers through the employee leasing arrangement specified below:

Name of Employee Leasing Company: _____

Workers' Compensation Carrier: _____

A.M. Best Rating of Carrier: _____

Inception Date of Leasing Arrangement: _____

I further agree to notify the County in the event that I switch employee-leasing companies. I recognize that I have an obligation to supply an updated workers' compensation certificate to the County that documents the change of carrier.

STANDARD FORM FOR NEW PIGGYBACK CONTRACT

The **City of Cocoa,** a Florida Municipal Corporation ("City") enters this "Piggyback" Contract with Hyrdra Services, Inc., 250 Springview Commerce Dr., Debary, FL 32713, (hereinafter referred to as the "Vendor "), under the terms and conditions hereinafter provided. The City and the Vendor agree as follows:

The Financial Operations Manual (FOM) for the City of Cocoa allows for "piggybacking" contracts. Pursuant to this procedure, the City is allowed to piggyback an existing government contract, and there is no need to obtain formal or informal quotations, proposals, or bids. The parties agree that the Vendor has entered a contract with Orange County, FL, said contract being identified as: ABS Pumps, Parts and Repairs, Contract No. Y21-170-MV. (Referred to as the "original government contract").

Work assigned under this contract may include, but is not limited to, the following types of projects: supply, service inspection, diagnosis and repair of ABS Submersible motor and pumps. These specifications shall encompass motors of various types, single and three phases up to and including 150 HP. The submersible pump repair shall include pump sizes up to and including 15-inch discharge, see attached (Exhibit A – original contract).

1. The original government contract is incorporated herein by reference and is attached as **Exhibit A** to this Contract. All of the terms and conditions set out in the original government contract (Exhibit "A") are fully binding on the parties and said terms and conditions are incorporated herein.

2. Notwithstanding the requirement that the original government contract is fully binding on the parties, the parties have agreed to modify certain technical provisions of the original government contract as applied to this Contract between the Vendor and the City of Cocoa, as follows:

Time Period ("Term") of the Agreement:

The effective date of this agreement shall be the latest date mutual parties' sign by and between the City of Cocoa, FL and Hydra Service, Inc. with an expiration date of July 31, 2024,In accordance with the Orange County Contract No. Y21-170-MV which may be renewed for two (2) additional one (1) year periods, should Orange County and Hydra Services Inc, renew or extend terms, so shall this agreement automatically renew or extend for like terms.

a. Insurance Requirements (As Applicable):

Liability Insurance

COMMERCIAL GENERAL LIABILITY INSURANCE MINIMUM REQUIREMENTS FOR CONTRACTS VALUED AT LESS THAN $15,000:

It is required that individuals and firms contracting with the City of Cocoa, where the total contract or job value is LESS than $15,000, maintain Commercial General Liability insurance with a minimum per occurrence limit of not less than $200,000 per person and $300,000 each occurrence, and property damage insurance of at least $200,000 each occurrence and with a deductible amount not greater than $1,000. It is further required that the City of Cocoa, be named as an additional insured to the contractor's CGL policy, and that proof of same in the form of a certificate of insurance be submitted before work is begun.

COMMERCIAL GENERAL LIABILITY INSURANCE MINIMUM REQUIREMENTS FOR CONTRACTS VALUED AT $15,000 OR MORE:

It is required that individuals and firms contracting with the City of Cocoa, where the total contract or job value is $15,000 or MORE, maintain Commercial General Liability insurance with a minimum per occurrence limit of not less than $2,000,000 as the combined single limit for each occurrence and with a deductible not greater than $5,000 or as otherwise approved in writing by the City Manager. It is further required that the City of Cocoa and FDOT, be named as an additional insured to the Contractor's CGL policy, and that proof of same in the form of a certificate of insurance be submitted before work is begun.

AUTOMOBILE LIABILITY INSURANCE MINIMUM REQUIREMENTS FOR ALL CONTRACTS:

The Contractor shall maintain comprehensive automobile liability insurance in the minimum amount of $1,000,000 combined single limit bodily injury and minimum $1,000,000 property damage as the combined single limit for each occurrence to protect the Contractor from claims for damages for bodily injury, including wrongful death, as well as from claims from property damage, which may arise from the ownership, use, or maintenance of owned and non-owned automobiles, including rented automobiles whether such operations be by the Contractor or by anyone directly or indirectly employed by the Contractor.

PROFESSIONAL LIABILITY INSURANCE MINIMUM REQUIREMENTS FOR ALL PROFESSIONALS AS DEFINED BY FLORIDA STATUTE:

Professionals and professional corporations, associations, and firms who contract with the City of Cocoa to provide professional services are required to maintain Professional Liability Insurance and submit proof of same in the form of a certificate of insurance before work is begun.

ENVIRONMENTAL IMPAIRMENT INSURANCE MINIMUM REQUIREMENTS:

Individuals or firms who contract with the City of Cocoa to provide excavation or construction type services and who will be locating portable fuel or lubricant storage tanks at the job site or who will be storing or using hazardous chemicals on the job site are required to maintain Environmental Impairment Insurance of "Pollution Insurance" with a limit of not less than $1,000,000 per occurrence and submit proof of same in the form of a certificate of insurance or an endorsement to their General Liability policy showing a pollution exclusion exception for each specific work product or storage container before work is begun. Contracts with such firms shall include a provision that they work in compliance with the OSHA Hazardous Communication Standard and Florida Department of Environmental Protection guidelines and supply all information about hazardous chemical being brought onto City property as required by the City's Safety and Loss Control Program.

WORKERS' COMPENSATION INSURANCE MINIMUM REQUIREMENTS:

It is required that firms employing four or more people who contract with the City of Cocoa maintain Workers' Compensation Insurance at the statutory limits and employer liability insurance and submit proof of same in the form of a certificate of insurance before work is begun.

It is required that firms employing less than four people who contract with the City of Cocoa comply with the exemption and notice provisions of F.S. 440 and maintain employer liability insurance and submit proof of same in the form of a certificate of insurance before work is begun.

However, if you are a corporate officer of a corporation that is actively engaged in the construction industry, or a sole proprietor or partner who is actively engaged in the construction industry, then your exemption will not apply to any work performed at a commercial building project valued at $250,000 or greater and you must secure workers' compensation coverage in accordance with F.S. 440.38 and these general conditions and submit proof of same in the form of a certificate of insurance before work is begun.

COMPREHENSIVE BUILDER RISK INSURANCE

The Contractor shall maintain comprehensive builder risk insurance, which shall cover Contractor's labor, and any materials and equipment to be used for completion of the Work performed under this Agreement, against all risks of direct physical loss, excluding earthquake and flood, for a minimum amount of $2,000,000. Contractor shall maintain the builder risk insurance required by this subsection until the date a certificate of occupancy is issued issuance of a certificate of occupancy for the Work.

DURATION OF CONTRACTS-NAMED INSUREDS-LIABILITY INSURANCE:

For contracts exceeding time periods of 30 days, it is required that the vendor name the City of Cocoa as an additional insured on their Liability Insurance policies and submit proof of same in the form of a certificate of insurance before work is begun. A copy of a current Certificate of Insurance shall be provided to the City by Contractor upon the Effective Date of this Agreement which satisfied the insurance requirements of this Article. Renewal certificates shall be sent to the City 30 days prior to any expiration date. The certificates and policies shall provide that in the event of any material change in or cancellation of the policies reflecting the required coverage, thirty days advance notice shall be given to the City and the State of Florida, Department of Transportation, or as provided in accordance with Florida law.

a. Any other provisions that will be modified:

The CONTRACTOR must provide proof of Employment Eligibility by completing the E-Verify Contractor Affidavit **(Exhibit B)** in accordance with Florida Statute § 448.95; via E-Verify (https://www.e-verify.gov), which is an internet-based system operated by the United States Department of Homeland Security that allows participating employers to electronically verify the employment eligibility of newly hired employees. This must be completed prior to the CITY issuing any Purchase Orders or requesting services.

b. Address change for the City of Cocoa:

Notwithstanding the address and contact information for the government entity as set out in Exhibit "A," the Vendor agrees that he/she/it will send notices, invoices and will conduct all business with the City of Cocoa, attention of Accounts Payable, at 65 Stone Street, Cocoa Florida 32922, telephone number (321) 433-8633, facsimile number: (321) 433-8608 and email accountspayable@cocoafl.org.

c. Notwithstanding anything in Exhibit "A" to the contrary, the venue of any dispute will be in Brevard County, Florida. Litigation between the parties arising out of this contract must be in Brevard County, Florida in the Court of appropriate jurisdiction. The law of Florida will control any dispute between the parties arising out of or related to this Piggyback Contract, the performance thereof or any products or services delivered pursuant to such contract.

d. Notwithstanding any other provision in Exhibit "A" to the contrary, there shall be no arbitration with respect to any dispute between the parties arising out of this Contract. Dispute resolution shall be through voluntary and non-binding mediation, negotiation, or litigation in the Court of appropriate jurisdiction in Brevard County, Florida, with the parties bearing the costs of their own legal fees and related costs with respect to any dispute resolution, including litigation.

e. All other provisions in the original government contract (Exhibit "A") are fully binding on the parties and will represent the agreement between the City of Cocoa and the Vendor.

f. This contract is not a requirements agreement nor is it an exclusive agreement. Accordingly, the City of Cocoa reserves the right to purchase the goods or services that are the subject hereof from any alternative vendor during the contract term, regardless of contrary language in the underlying contract that is being piggybacked.

THE E-VERIFY
MEMORANDUM OF UNDERSTANDING
FOR EMPLOYERS

ARTICLE I
PURPOSE AND AUTHORITY

The parties to this agreement are the Department of Homeland Security (DHS) and the Hydra Service (S), Inc (Employer). The purpose of this agreement is to set forth terms and conditions which the Employer will follow while participating in E-Verify.

E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of Form I-9, Employment Eligibility Verification (Form I-9). This Memorandum of Understanding (MOU) explains certain features of the E-Verify program and describes specific responsibilities of the Employer, the Social Security Administration (SSA), and DHS.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). The Federal Acquisition Regulation (FAR) Subpart 22.18, "Employment Eligibility Verification" and Executive Order 12989, as amended, provide authority for Federal contractors and subcontractors (Federal contractor) to use E-Verify to verify the employment eligibility of certain employees working on Federal contracts.

ARTICLE II
RESPONSIBILITIES

A. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the following notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system:

   a. Notice of E-Verify Participation

   b. Notice of Right to Work

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted about E-Verify. The Employer also agrees to keep such information current by providing updated information to SSA and DHS whenever the representatives' contact information changes.

3. The Employer agrees to grant E-Verify access only to current employees who need E-Verify access. Employers must promptly terminate an employee's E-Verify access if the employer is separated from the company or no longer needs access to E-Verify.

4. The Employer agrees to become familiar with and comply with the most recent version of the E-Verify User Manual.

5. The Employer agrees that any Employer Representative who will create E-Verify cases will complete the E-Verify Tutorial before that individual creates any cases.

a. The Employer agrees that all Employer representatives will take the refresher tutorials when prompted by E-Verify in order to continue using E-Verify. Failure to complete a refresher tutorial will prevent the Employer Representative from continued use of E-Verify.

6. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:

a. If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2(b)(1)(B)) can be presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 888-464-4218.

b. If an employee presents a DHS Form I-551 (Permanent Resident Card), Form I-766 (Employment Authorization Document), or U.S. Passport or Passport Card to complete Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The Employer will use the photocopy to verify the photo and to assist DHS with its review of photo mismatches that employees contest. DHS may in the future designate other documents that activate the photo screening tool.

Note: Subject only to the exceptions noted previously in this paragraph, employees still retain the right to present any List A, or List B and List C, document(s) to complete the Form I-9.

7. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

8. The Employer agrees that, although it participates in E-Verify, the Employer has a responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the antidiscrimination requirements of section 274B of the INA with respect to Form I-9 procedures.

a. The following modified requirements are the only exceptions to an Employer's obligation to not employ unauthorized workers and comply with the anti-discrimination provision of the INA: (1) List B identity documents must have photos, as described in paragraph 6 above; (2) When an Employer confirms the identity and employment eligibility of newly hired employee using E-Verify procedures, the Employer establishes a rebuttable presumption that it has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of that employee; (3) If the Employer receives a final nonconfirmation for an employee, but continues to employ that person, the Employer must notify DHS and the Employer is subject to a civil money penalty between $550 and $1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) If the Employer continues to employ an employee after receiving a final nonconfirmation, then the Employer is subject to a rebuttable presumption that it has knowingly

employed an unauthorized alien in violation of section 274A(a)(1)(A); and (5) no E-Verify participant is civilly or criminally liable under any law for any action taken in good faith based on information provided through the E-Verify.

b. DHS reserves the right to conduct Form I-9 compliance inspections, as well as any other enforcement or compliance activity authorized by law, including site visits, to ensure proper use of E-Verify.

9. The Employer is strictly prohibited from creating an E-Verify case before the employee has been hired, meaning that a firm offer of employment was extended and accepted and Form I-9 was completed. The Employer agrees to create an E-Verify case for new employees within three Employer business days after each employee has been hired (after both Sections 1 and 2 of Form I-9 have been completed), and to complete as many steps of the E-Verify process as are necessary according to the E-Verify User Manual. If E-Verify is temporarily unavailable, the three-day time period will be extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability.

10. The Employer agrees not to use E-Verify for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use that this MOU or the E-Verify User Manual does not authorize.

11. The Employer must use E-Verify for all new employees. The Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. Employers who are Federal contractors may qualify for exceptions to this requirement as described in Article II.B of this MOU.

12. The Employer agrees to follow appropriate procedures (see Article III below) regarding tentative nonconfirmations. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending. Further, when employees contest a tentative nonconfirmation based upon a photo mismatch, the Employer must take additional steps (see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

13. The Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1(l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance (indicating the need for additional time for the government to resolve a case), or the finding of a photo mismatch, does not establish, and should not be interpreted as, evidence that the employee is not work authorized. In any of such cases, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status

(including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, withholding pay, refusing to assign the employee to a Federal contract or other assignment, or otherwise assuming that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo mismatch or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 (customer service) or 1-888-897-7781 (worker hotline).

14. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA as applicable by not discriminating unlawfully against any individual in hiring, firing, employment eligibility verification, or recruitment or referral practices because of his or her national origin or citizenship status, or by committing discriminatory documentary practices. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the immigration-related unfair employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

15. The Employer agrees that it will use the information it receives from E-Verify only to confirm the employment eligibility of employees as authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords), to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU, except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.

16. The Employer agrees to notify DHS immediately in the event of a breach of personal information. Breaches are defined as loss of control or unauthorized access to E-Verify personal data. All suspected or confirmed breaches should be reported by calling 1-888-464-4218 or via email at E-Verify@dhs.gov. Please use "Privacy Incident – Password" in the subject line of your email when sending a breach report to E-Verify.

17. The Employer acknowledges that the information it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)). Any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

18. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, which includes permitting DHS, SSA, their contractors and other agents, upon

reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a prompt and accurate manner to DHS requests for information relating to their participation in E-Verify.

19. The Employer shall not make any false or unauthorized claims or references about its participation in E-Verify on its website, in advertising materials, or other media. The Employer shall not describe its services as federally-approved, federally-certified, or federally-recognized, or use language with a similar intent on its website or other materials provided to the public. Entering into this MOU does not mean that E-Verify endorses or authorizes your E-Verify services and any claim to that effect is false.

20. The Employer shall not state in its website or other public documents that any language used therein has been provided or approved by DHS, USCIS or the Verification Division, without first obtaining the prior written consent of DHS.

21. The Employer agrees that E-Verify trademarks and logos may be used only under license by DHS/USCIS (see M-795 (Web)) and, other than pursuant to the specific terms of such license, may not be used in any manner that might imply that the Employer's services, products, websites, or publications are sponsored by, endorsed by, licensed by, or affiliated with DHS, USCIS, or E-Verify.

22. The Employer understands that if it uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and termination of its participation in E-Verify according to this MOU.

B. RESPONSIBILITIES OF FEDERAL CONTRACTORS

1. If the Employer is a Federal contractor with the FAR E-Verify clause subject to the employment verification terms in Subpart 22.18 of the FAR, it will become familiar with and comply with the most current version of the E-Verify User Manual for Federal Contractors as well as the E-Verify Supplemental Guide for Federal Contractors.

2. In addition to the responsibilities of every employer outlined in this MOU, the Employer understands that if it is a Federal contractor subject to the employment verification terms in Subpart 22.18 of the FAR it must verify the employment eligibility of any "employee assigned to the contract" (as defined in FAR 22.1801). Once an employee has been verified through E-Verify by the Employer, the Employer may not create a second case for the employee through E-Verify.

a. An Employer that is not enrolled in E-Verify as a Federal contractor at the time of a contract award must enroll as a Federal contractor in the E-Verify program within 30 calendar days of contract award and, within 90 days of enrollment, begin to verify employment eligibility of new hires using E-Verify. The Employer must verify those employees who are working in the United States, whether or not they are assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within three business days after the hire date. Once enrolled in E-Verify as a Federal contractor, the Employer must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

b. Employers enrolled in E-Verify as a Federal contractor for 90 days or more at the time of a contract award must use E-Verify to begin verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within three business days after the date of hire. If the Employer is enrolled in E-Verify as a Federal contractor for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within three business days after the date of hire. An Employer enrolled as a Federal contractor in E-Verify must begin verification of each employee assigned to the contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.

c. Federal contractors that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), state or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency under a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. Employers in this category must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

d. Upon enrollment, Employers who are Federal contractors may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only those employees assigned to a covered Federal contract. After enrollment, Employers must elect to verify existing staff following DHS procedures and begin E-Verify verification of all existing employees within 180 days after the election.

e. The Employer may use a previously completed Form I-9 as the basis for creating an E-Verify case for an employee assigned to a contract as long as:

i. That Form I-9 is complete (including the SSN) and complies with Article II.A.6,

ii. The employee's work authorization has not expired, and

iii. The Employer has reviewed the Form I-9 information either in person or in communications with the employee to ensure that the employee's Section 1, Form I-9 attestation has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen).

f. The Employer shall complete a new Form I-9 consistent with Article II.A.6 or update the previous Form I-9 to provide the necessary information if:

i. The Employer cannot determine that Form I-9 complies with Article II.A.6,

ii. The employee's basis for work authorization as attested in Section 1 has expired or changed, or

iii. The Form I-9 contains no SSN or is otherwise incomplete.

Note: If Section 1 of Form I-9 is otherwise valid and up-to-date and the form otherwise complies with

Article II.C.5, but reflects documentation (such as a U.S. passport or Form I-551) that expired after completing Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.A.5, subject to any additional or superseding instructions that may be provided on this subject in the E-Verify User Manual.

g. The Employer agrees not to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU or to authorize verification of any existing employee by any Employer that is not a Federal contractor based on this Article.

3. The Employer understands that if it is a Federal contractor, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

C. RESPONSIBILITIES OF SSA

1. SSA agrees to allow DHS to compare data provided by the Employer against SSA's database. SSA sends DHS confirmation that the data sent either matches or does not match the information in SSA's database.

2. SSA agrees to safeguard the information the Employer provides through E-Verify procedures. SSA also agrees to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security numbers or responsible for evaluation of E-Verify or such other persons or entities who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

3. SSA agrees to provide case results from its database within three Federal Government work days of the initial inquiry. E-Verify provides the information to the Employer.

4. SSA agrees to update SSA records as necessary if the employee who contests the SSA tentative nonconfirmation visits an SSA field office and provides the required evidence. If the employee visits an SSA field office within the eight Federal Government work days from the date of referral to SSA, SSA agrees to update SSA records, if appropriate, within the eight-day period unless SSA determines that more than eight days may be necessary. In such cases, SSA will provide additional instructions to the employee. If the employee does not visit SSA in the time allowed, E-Verify may provide a final nonconfirmation to the employer.

Note: If an Employer experiences technical problems, or has a policy question, the employer should contact E-Verify at 1-888-464-4218.

D. RESPONSIBILITIES OF DHS

1. DHS agrees to provide the Employer with selected data from DHS databases to enable the Employer to conduct, to the extent authorized by this MOU:

a. Automated verification checks on alien employees by electronic means, and

b. Photo verification checks (when available) on employees.

2. DHS agrees to assist the Employer with operational problems associated with the Employer's participation in E-Verify. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to provide to the Employer with access to E-Verify training materials as well as an E-Verify User Manual that contain instructions on E-Verify policies, procedures, and requirements for both SSA and DHS, including restrictions on the use of E-Verify.

4. DHS agrees to train Employers on all important changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual. Even without changes to E-Verify, DHS reserves the right to require employers to take mandatory refresher tutorials.

5. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in E-Verify. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.

6. DHS agrees to issue each of the Employer's E-Verify users a unique user identification number and password that permits them to log in to E-Verify.

7. DHS agrees to safeguard the information the Employer provides, and to limit access to such information to individuals responsible for the verification process, for evaluation of E-Verify, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security numbers and employment eligibility, to enforce the INA and Federal criminal laws, and to administer Federal contracting requirements.

8. DHS agrees to provide a means of automated verification that provides (in conjunction with SSA verification procedures) confirmation or tentative nonconfirmation of employees' employment eligibility within three Federal Government work days of the initial inquiry.

9. DHS agrees to provide a means of secondary verification (including updating DHS records) for employees who contest DHS tentative nonconfirmations and photo mismatch tentative nonconfirmations. This provides final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

ARTICLE III
REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the notice as directed by E-Verify. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify

case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. After a tentative nonconfirmation, the Employer will refer employees to SSA field offices only as directed by E-Verify. The Employer must record the case verification number, review the employee information submitted to E-Verify to identify any errors, and find out whether the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security number, or any other corrected employee information that SSA requests, to SSA for verification again if this review indicates a need to do so.

4. The Employer will instruct the employee to visit an SSA office within eight Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

5. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

6. The Employer agrees not to ask the employee to obtain a printout from the Social Security Administration number database (the Numident) or other written verification of the SSN from the SSA.

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will instruct the

employee to contact DHS through its toll-free hotline (as found on the referral letter) within eight Federal Government work days.

5. If the Employer finds a photo mismatch, the Employer must provide the photo mismatch tentative nonconfirmation notice and follow the instructions outlined in paragraph 1 of this section for tentative nonconfirmations, generally.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo mismatch, the Employer will send a copy of the employee's Form I-551, Form I-766, U.S. Passport, or passport card to DHS for review by:

a. Scanning and uploading the document, or

b. Sending a photocopy of the document by express mail (furnished and paid for by the employer).

7. The Employer understands that if it cannot determine whether there is a photo match/mismatch, the Employer must forward the employee's documentation to DHS as described in the preceding paragraph. The Employer agrees to resolve the case as specified by the DHS representative who will determine the photo match or mismatch.

8. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

9. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

ARTICLE IV
SERVICE PROVISIONS

A. NO SERVICE FEES

1. SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access E-Verify, an Employer will need a personal computer with Internet access.

ARTICLE V
MODIFICATION AND TERMINATION

A. MODIFICATION

1. This MOU is effective upon the signature of all parties and shall continue in effect for as long as the SSA and DHS operates the E-Verify program unless modified in writing by the mutual consent of all parties.

2. Any and all E-Verify system enhancements by DHS or SSA, including but not limited to E-Verify checking against additional data sources and instituting new verification policies or procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes.

B. TERMINATION

1. The Employer may terminate this MOU and its participation in E-Verify at any time upon 30 days prior written notice to the other parties.

2. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU, and thereby the Employer's participation in E-Verify, with or without notice at any time if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established E-Verify procedures and/or legal requirements. The Employer understands that if it is a Federal contractor, termination of this MOU by any party for any reason may negatively affect the performance of its contractual responsibilities. Similarly, the Employer understands that if it is in a state where E-Verify is mandatory, termination of this by any party MOU may negatively affect the Employer's business.

3. An Employer that is a Federal contractor may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such cases, the Federal contractor must provide written notice to DHS. If an Employer that is a Federal contractor fails to provide such notice, then that Employer will remain an E-Verify participant, will remain bound by the terms of this MOU that apply to non-Federal contractor participants, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.

4. The Employer agrees that E-Verify is not liable for any losses, financial or otherwise, if the Employer is terminated from E-Verify.

ARTICLE VI
PARTIES

A. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.

B. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.

C. The Employer may not assign, directly or indirectly, whether by operation of law, change of control or merger, all or any part of its rights or obligations under this MOU without the prior written consent of DHS, which consent shall not be unreasonably withheld or delayed. Any attempt to sublicense, assign, or transfer any of the rights, duties, or obligations herein is void.

D. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.

E. The Employer understands that its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to,

Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

F. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively. The Employer understands that any inaccurate statement, representation, data or other information provided to DHS may subject the Employer, its subcontractors, its employees, or its representatives to: (1) prosecution for false statements pursuant to 18 U.S.C. 1001 and/or; (2) immediate termination of its MOU and/or; (3) possible debarment or suspension.

G. The foregoing constitutes the full agreement on this subject between DHS and the Employer.

To be accepted as an E-Verify participant, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify at 1-888-464-4218.

CITY COUNCIL AGENDA ITEM

Memo Date:	June 25, 2026
Agenda Date:	July 14, 2026
File ID:	2026-533
Prepared By:	Tracy Krutz
Through:	Jonathan Lamm, Fire Chief Roderick Moore, Assistant Fire Chief
Requested Action:	Authorize an increase to the current authorized budget allocation for PDCS, LLC for Fire Inspection Services, Plan Review, and Community Risk Reduction Services from $200,000 to $381,076 for FY26; approve BAF 26-079-T transferring an additional $46,700 within the Building Permits Fund to cover building permit-related inspections; authorize the City Manager to approve additional increases to the authorized budget allocation for PDCS, LLC and related budget transfers (if necessary) to $400,000 for FY26.

BACKGROUND:

In January 2026, City Council approved a multi-year piggyback agreement with PDCS, LLC for Fire Inspection Services, Plan Review, and Community Risk Reduction Services (File #25-1207). At that time, Council authorized a total cost for these services at an amount up to $200,000.

For the current fiscal year, the City has incurred $171,376 in costs for services billed through February 28, 2026. Based on current demand and service levels, staff anticipates an additional $209,700 in spending through the end of the fiscal year (September 30, 2026), resulting in an estimated total of $381,076. To ensure sufficient authorization for processing invoices through year-end, staff is requesting Council approval to increase the total amount being purchased from PDCS for the various services from $200,000 to $381,076 and to authorize the City Manager to approve additional increases to the authorized budget allocation for PDCS, LLC and related budget transfers (if necessary) to $400,000 for FY26.

There is an adequate FY26 budget in the Fire department for fire inspection services and in the Planning division for planning services. A budget transfer is necessary in the Building Permit fund to provide funding through the end of FY26 for Community Risk Reduction services through BAF 26-079-T.

PRIORITY AREA CONNECTION:

Public Safety/Community Standards

BUDGETARY IMPACT:
Budgeted? Partially
If not budgeted, is amendment / **transfer** attached? Yes

Funded Budget Allocation
Account Number 001-1104-515.34-00 Amount $67,826
Account Number 001-2200-522.34-00 Amount $201,173
Account Number 107-3200-524.34-00 Amount $65,377

Additional Budget Allocation under BAF 26-79-T
Account Number 107-3200-524.21-00 Amount $(4,000)
Account Number 107-3200-524.23-04 Amount $(32,700)
Account Number 107-3200-524.22-00 Amount $(10,000)
Account Number 107-3200-524.34-00 Amount $46,700

Total FY26 Budget Allocation: $381,076

If a P.O. Change Order is involved, please complete the following:
Change Order Amount: $181,076
Original Purchase Order Amount: $200,000
Charges to Building and Planning through May 2026 have been reclassified to their budgets.

For this Agenda Item note Prior Change Order Information:
Total Number of change orders to date: 0
Total amount in change orders to date: $0

PREVIOUS ACTION:

In January 2026, City Council approved a multi-year piggyback agreement with PDCS, LLC for Fire Inspection Services, Plan Review, and Community Risk Reduction Services (File #25-1207). At that time, Council authorized a total cost for these services at an amount up to $200,000.

RECOMMENDED MOTION:

Authorize an increase to the current authorized budget allocation for PDCS, LLC for Fire Inspection Services, Plan Review, and Community Risk Reduction Services from $200,000 to $381,076 for FY26; approve BAF 26-079-T transferring an additional $46,700 within the Building Permits Fund to cover building permit-related inspections; authorize the City Manager to approve additional increases to the authorized budget allocation for PDCS, LLC and related budget transfers (if necessary) to $400,000 for FY26.

City of Cocoa Budget Adjustment Form FY 2026-079-T

STANDARD FORM FOR NEW PIGGYBACK CONTRACT

The **City of Cocoa,** a Florida Municipal Corporation ("City") enters this "Piggyback" Contract with PDCS, LLC 3361 Rouse Rd. Suite 210, Orlando, FL 32817 (hereinafter referred to as the "Vendor " or "Contractor"), under the terms and conditions hereinafter provided. The City and the Vendor agree as follows:

The Financial Operations Manual (FOM) for the City of Cocoa allows for "piggybacking" contracts. Pursuant to this procedure, the City is allowed to piggyback an existing government contract, and there is no need to obtain formal or informal quotations, proposals or bids. The parties agree that the Vendor has entered into a contract with Seminole State College, Sanford, FL 32773 said contract being identified as: Building Code Administration Services, Contract No. ITB #25-26-01. (referred to as the "Original Government Contract").

Work assigned under this contract may include, but is not limited to, the following types of projects: see Exhibit "A" – original contract.

1. The original government contract is incorporated herein by reference and is attached as **Exhibit A** to this Contract. All of the terms and conditions set out in the original government contract (Exhibit "A") are fully binding on the parties and said terms and conditions are incorporated herein.

2. Notwithstanding the requirement that the original government contract is fully binding on the parties, the parties have agreed to modify certain technical provisions of the original government contract as applied to this Contract between the Vendor and the City of Cocoa, as follows:

2.1. Entity Referenced:

Notwithstanding anything in **Exhibit A** to the contrary, the following terms shall be substituted throughout the Original Government Contract: **Seminole State College** = City of Cocoa; **Seminole State College** Code = Code of the City of Cocoa. Further, references to specifically identified **Seminole State College** Codes, policies and procedures shall refer to similar and substantively equivalent Cocoa Codes, policies and procedures, if any.

2.2. Time Period ("Term") of the Agreement:

The effective date of this agreement shall be the latest date mutual parties sign by and between the City of Cocoa, FL and PDCS, LLC. The term of said agreement shall be for the period effective date of signature through 10/03/2028. Upon the mutual written consent of both parties, the Agreement may be renewed for two (2) additional terms of one (1) year, irrespective of the Original Government Agency's decision to renew the Original Government Contract. The Agreement shall continue until all outstanding Purchase Orders issued prior to the expiration of this Agreement have been either completed or terminated.

The City of Cocoa intends to utilize said agreement for Fiscal Year 2026 through 2028 and shall not exceed the budgeted amount, any change orders to this amount must be approved by City Council.

2.3 Pricing and Payments:

The pricing under the Original Government Contract shall remain firm throughout the duration of this Agreement. Price increases agreed to by the Original Government Agency after the Effective Date of this Agreement shall not be binding upon the City of Cocoa unless an Amendment to this Agreement is properly executed by an authorized representative of the City of Cocoa. Payments shall be due and payable as provided by the Florida Local Government Prompt Payment Act s. 218.70 et. seq., Florida Statutes.

2.4 Insurance Requirements (As Applicable):

A. COMMERCIAL GENERAL LIABILITY AND AUTOMOBILE LIABILITY INSURANCE

COMMERCIAL GENERAL LIABILITY INSURANCE MINIMUM REQUIREMENTS FOR CONTRACTS VALUED AT LESS THAN $15,000:

It is required that individuals and firms contracting with the City of Cocoa, where the total contract or job value is LESS than $15,000, maintain Commercial General Liability insurance with a minimum per occurrence limit of not less than $200,000 per person and $300,000 each occurrence, and property damage insurance of at least $200,000 each occurrence and with a deductible amount not greater than $1,000. It is further required that the City of Cocoa be named as an additional insured to the contractor's CGL policy, and that proof of same in the form of a certificate of insurance be submitted before work is begun.

COMMERCIAL GENERAL LIABILITY INSURANCE MINIMUM REQUIREMENTS FOR CONTRACTS VALUED AT $15,000 OR MORE:

It is required that individuals and firms contracting with the City of Cocoa, where the total contract or job value is $15,000 or MORE, maintain Commercial General Liability insurance with a minimum per occurrence limit of not less than $2,000,000 as the combined single limit for each occurrence and with a deductible not greater than $5,000 or as otherwise approved in writing by the City Manager. It is further required that the City of Cocoa and FDOT be named as an additional insured to the Contractor's CGL policy, and that proof of same in the form of a certificate of insurance be submitted before work is begun.

AUTOMOBILE LIABILITY INSURANCE MINIMUM REQUIREMENTS FOR ALL CONTRACTS:

The Contractor shall maintain comprehensive automobile liability insurance in the minimum amount of $1,000,000 combined single limit bodily injury and minimum $1,000,000 property damage as the combined single limit for each occurrence to protect the Contractor from claims for damages for bodily injury, including wrongful death, as well as from claims from property damage, which may arise from the ownership, use, or maintenance of owned and non-owned automobiles, including rented automobiles whether such operations be by the Contractor or by anyone directly or indirectly employed by the Contractor.

B. PROFESSIONAL LIABILITY INSURANCE MINIMUM REQUIREMENTS FOR ALL PROFESSIONALS AS DEFINED BY FLORIDA STATUTE:

Professionals and professional corporations, associations, and firms who contract with the City of Cocoa to provide professional services are required to maintain Professional Liability Insurance and submit proof of same in the form of a certificate of insurance before work is begun.

C. ENVIRONMENTAL IMPAIRMENT INSURANCE MINIMUM REQUIREMENTS:

Individuals or firms who contract with the City of Cocoa to provide excavation or construction type services and who will be locating portable fuel or lubricant storage tanks at the job site or who will be storing or using hazardous chemicals on the job site are required to maintain Environmental Impairment Insurance of "Pollution Insurance" with a limit of not less than $1,000,000 per occurrence and submit proof of same in the form of a certificate of insurance or an endorsement to their General Liability policy showing a pollution exclusion exception for each specific work product or storage container before work is begun. Contracts with such firms shall include a provision that they work in compliance with the OSHA Hazardous Communication Standard and Florida Department of Environmental Protection guidelines and supply all information about hazardous chemical being brought onto City property as required by the City's Safety and Loss Control Program.

D. WORKERS' COMPENSATION INSURANCE MINIMUM REQUIREMENTS:

It is required that firms employing four or more people who contract with the City of Cocoa maintain Workers' Compensation Insurance at the statutory limits and employer liability insurance and submit proof of same in the form of a certificate of insurance before work is begun.

It is required that firms employing less than four people who contract with the City of Cocoa comply with the exemption and notice provisions of F.S. 440 and maintain employer liability insurance and submit proof of same in the form of a certificate of insurance before work is begun.

However, if you are a corporate officer of a corporation that is actively engaged in the construction industry, or a sole proprietor or partner who is actively engaged in the construction industry, then your exemption will not apply to any work performed at a commercial building project valued at $250,000 or greater and you must secure workers' compensation coverage in accordance with F.S. 440.38 and these general conditions and submit proof of same in the form of a certificate of insurance before work is begun.

E. COMPREHENSIVE BUILDER RISK INSURANCE

The Contractor shall maintain comprehensive builder risk insurance, which shall cover Contractor's labor, and any materials and equipment to be used for completion of the Work performed under this Agreement, against all risks of direct physical loss, excluding earthquake and flood, for a minimum amount of $2,000,000. Contractor shall maintain the builder risk insurance required by this subsection until the date a certificate of occupancy is issued issuance of a certificate of occupancy for the Work.

F. DURATION OF CONTRACTS-NAMED INSUREDS-LIABILITY INSURANCE:

For contracts exceeding time periods of 30 days, it is required that the vendor name the City of Cocoa as an additional insured on their Liability Insurance policies and submit proof of same in the form of a certificate of insurance before work is begun. A copy of a current Certificate of Insurance shall be provided to the City by Contractor upon the Effective Date of this Agreement which satisfied the insurance requirements of this Article. Renewal certificates shall be sent to the City 30 days prior to any expiration date. The certificates and policies shall provide that in the event of any material change in or cancellation of the policies reflecting the required coverage, thirty days advance notice shall be given to the City.

2.5. E-Verify:

Pursuant to section 448.095, Florida Statutes, beginning January 1, 2021, Contractor shall register with and use the U.S. Department of Homeland Security's E-Verify system, https://e-verify.uscis.gov/emp, to verify the work authorization status of all employees hired on and after January 1, 2021. The

CONTRACTOR must provide proof of Employment Eligibility by completing the E-Verify Contractor Affidavit **(Exhibit B).** This must be completed prior to the City issuing any Purchase Orders or requesting services.

B. Subcontractors:

(i) Contractor shall also require all subcontractors performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement.

(ii) Contractor shall obtain from all such subcontractors an affidavit stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, as defined in section 448.095, Florida Statutes.

(iii) Contractor shall provide a copy of all subcontractor affidavits to the City upon receipt and shall maintain a copy for the duration of the Agreement.

C. Failure to comply with this provision is a material breach of the Agreement and shall result in the immediate termination of the Agreement without penalty to the City. To the extent provided by Florida law, Contractor shall be liable for any additional costs incurred by the City as a result of the termination of the Agreement.

2.6. Address change for the City of Cocoa:

Notwithstanding the address and contact information for the government entity as set out in Exhibit "A," the Vendor agrees that he/she/it will send notices, invoices and will conduct all business with the City of Cocoa, attention of Accounts Payable, at 65 Stone Street, Cocoa Florida 32922, telephone number (321) 433-8633, facsimile number: (321) 433-8608 and email accountspayable@cocoafl.org.

2.7. Venue:

Notwithstanding anything in Exhibit "A" to the contrary, the venue of any state action or litigation shall be Brevard County, Florida. Venue for any federal action or litigation shall be in the Middle District of Florida, Orlando Division. The law of Florida will control any dispute between the parties arising out of or related to this Piggyback Contract, the performance thereof or any products or services delivered pursuant to such contract.

2.8. Dispute Resolution:

Notwithstanding any other provision in Exhibit "A" to the contrary, there shall be no arbitration with respect to any dispute between the parties arising out of this Contract. Dispute resolution shall be through voluntary and non-binding mediation, negotiation or litigation in the Court of appropriate jurisdiction in Brevard County, Florida, with the parties bearing the costs of their own legal fees and related costs with respect to any dispute resolution, including litigation.

2.9. Notice:
Any notices required to be given by the terms of this Agreement shall be delivered by hand or mailed, certified mail, return receipt requested, postage prepaid to:

For Vendor	For City
PDCS, LLC Attn: Paul Smith, Managing Partner 3361 Rouse Rd. Suite 210 Orlando, FL 32817 Phone: 407-277-9795 Email: psmith@pdcsllc.com	City of Cocoa Attn: Stockton Whitten, City Manager 65 Stone Street Cocoa, FL 32922

2.10. Sovereign Immunity:
The City intends to avail itself of the benefits of Section 768.28, Florida Statutes, and any other statutes and common law governing sovereign immunity to the fullest extent possible. Neither this provision nor any other provision of this Agreement shall be construed as a waiver of the City's right to sovereign immunity under Section 768.28, Florida Statutes, or other limitations imposed on the City's potential liability under state or federal law, and the cap on the amount and liability of the City for damages, regardless of the number or nature of claims in tort, equity, or contract, may not exceed the dollar amount set by the legislature for tort. Contractor agrees that City shall not be liable under this Agreement for punitive damages or interest for the period before judgment. Further, City shall not be liable for any claim or judgment, or portion thereof, to any one person over two hundred thousand dollars ($200,000.00), or any claim or judgment or portion thereof, which, when totaled with all other claims or judgments paid by the State or its agencies and subdivisions arising out of the same incident or occurrence, exceeds three hundred thousand dollars ($300,000.00). Nothing in this Agreement is intended to inure to the benefit of any third party for the purpose of allowing any claim which would otherwise be barred under the doctrine of sovereign immunity or by operation of law. This paragraph shall survive termination of this Agreement.

2.11. Indemnity:
In addition to any indemnity obligation required in the Original Government Contract and for purposes of Contractor's indemnification obligation only, Contractor shall indemnify the City for claims made by the employees of Contractor against the City, and Vendor hereby waives its entitlement, if any, to immunity under Section 440.11, Florida Statutes. This waiver has been specifically and mutually negotiated by the parties.

2.12. Entities of Foreign Countries of Concern:

Contractor certifies, affirms, and herein represents that, if the Services involve access to an individual's personal identifying information, the Contractor is not: (a) owned by the government of a foreign country of concern; (b) the government of a foreign country of concern does not have a controlling interest in the Contractor's business; and (c) the Contractor is not organized under the laws of or have its principal place of business in a foreign country of concern. The terms "foreign country of concern" and "controlling interest" shall mean as defined by Section 287.138, Florida Statutes, as may be amended from time to time

2.13. Human Trafficking:

As a condition of this Agreement, the Service Provider shall attest under penalty of perjury that the bidder does not use coercion for labor or services as defined in Section 787.06(2), Florida Statutes. Attestations shall be documented using a Human Trafficking Affidavit as provided by the City. The Service Provider understands and affirms that Section 787.06(2), Florida Statutes, defines "coercion," "labor," and "services" as follows:

a. "Coercion" means: (1) using or threatening to use physical force against any person; (2) restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against his or her will; (3) using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined; (4) destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any actual or purported government identification document, of any person; (5) causing or threatening to cause financial harm to any person; (6) enticing or luring any person by fraud or deceit; or (7) providing a controlled substance as outlined in Schedule I or Schedule II of Section 893.03, Florida Statutes, to any person for the purpose of exploitation of that person.

b. "Labor" means that work of economic or financial value.

c. "Services" means any act committed at the behest of, under the supervision of, or for the benefit of another. The term includes, but is not limited to, forced marriage, servitude, or the removal of organs.

Bidder understands and affirms that Section 787.06(13), Florida Statutes, prohibits the City from executing, renewing, or extending a contract with an entity that uses coercion for labor or services.

3. All other provisions in the original government contract (Exhibit "A") are fully binding on the parties and will represent the agreement between the City of Cocoa and the Vendor.

4. This contract is not a requirements agreement nor is it an exclusive agreement. Accordingly, the City of Cocoa reserves the right to purchase the goods or services that are the subject hereof from any alternative vendor during the contract term, regardless of contrary language in the underlying contract that is being piggybacked.

SEMINOLE STATE COLLEGE OF FLORIDA

Contractor Service Agreement with PDCS, LLC for Building Code Administration Services Dated: September 29, 2025

This agreement (hereinafter referred to as the "Agreement") is made between The District Board of Trustees of Seminole State College of Florida, a political subdivision of the state of Florida (Seminole State College) and, **Building Code Administration Services** (hereinafter referred to as "Contractor"), (hereinafter collectively referred to as the "Parties").

WHEREAS, Seminole State College and Contractor seek to engage in an Agreement whereby Contractor provides **Building Code Administration Services** (hereinafter referred to as the "Services" or "Goods") for the College, and;

WHEREAS, Seminole State College and Contractor have contributed to be made a part, here too, the following documents, which shall take precedence in the order listed:

- This Agreement
- Attachment A: ITB# 25-26-01, Building Code Administration Services
- Attachment B: Vendor's Response to ITB
- **THEREFORE**, the Parties hereto intending to be bound hereby agree as follows:

1. SCOPE OF WORK

The scope of work is set forth in Attachment A. Contractor warrants that it has, and agrees to provide the College with the services and products as outlined and agreed upon in the scope of work in Attachment A. Firm warrants that it has, and agrees to perform all services with, the professional skills, expertise, and abilities necessary to effectuate the work contemplated by this Agreement and will perform its obligations under this Agreement in a manner consistent with the standard of care in the industry. Should Seminole State College wish to engage Contractor to provide any services not listed herein, a detailed, written addendum to this Agreement shall be executed describing the additional services and any additional protections or applicable conditions.

2. CONTRACT TERM

The term of this contract will be for three (3) years and will allow for 2 additional 1-year renewal periods. All bid prices shall be valid for the duration of the bid term.

3. PRICING

The applicable rates for services rendered are provided in Attachment B, Vendor's Response to ITB# 25-26-01. In no instance shall the Firm perform work for Seminole State College without the parties' prior written agreement regarding price and in no instance shall Firm be pre-paid for any work pursuant to this Agreement.

4. TERMINATION

The Contractor will serve at the will and pleasure of the College. Either party may cancel the Contract with ninety (90) days advanced written notice. However, at the College's sole option, a termination for convenience by the College may be effective immediately and may apply to specific tasks or work (if applicable) or to the Agreement in whole. The College shall be liable only for work actually completed.

In the event of termination by either party, Contractor will have, in no event, any claim against the College for lost profits or compensation for lost opportunities. After a receipt of a Termination Notice and except as otherwise directed by the College, the Contractor shall comply with the directives of the College regarding stoppage of work, the termination and settlement of work in progress or work that has been stopped, and the transfer of work in progress, terminated work, and other materials.

5. FORCE MAJEURE

In any event that the performance of any covenant(s) of this Agreement shall be prevented by an act of God, physical disability, act or regulations of public authorities or labor union labor difficulties, strike, civil tumult, terrorism, war, epidemic, or any other reasons proven beyond their control, the Contractor and Seminole State College shall respectively be relieved of their obligations stated in this Agreement. With the exception, however, that any funds paid by or on behalf of Seminole State College to Contractor in advance of the Services shall be immediately repaid in full by Contractor to Seminole State College.

6. INDEPENDENT CONTRACTOR

College and Contractor acknowledge and agree that Contractor is and shall be an independent contractor; that neither Contractor nor any of its employees, representatives or agents is, or shall be deemed to be, an employee, partner or joint venture of College; and that neither Contractor nor any of its employees, representatives or agents shall be entitled to any employee benefits under any employee benefit plan, including medical, insurance and other similar plans, of College. Contractor further acknowledges that College will not withhold any amounts in respect to federal, state or local taxes from amounts payable by College to Contractor hereunder and it shall be the exclusive responsibility of Contractor to pay all amounts due in respect of applicable federal, state and local taxes on such amounts.

7. OWNERSHIP OF WORK PRODUCT

The College will be considered the owner of all work products produced under and resulting from the Agreement. This includes, but is not limited to, all original artwork, web and other design, content, or other intellectual property that may be created as a result of this agreement. In addition, any and all materials, documentation, reports, spreadsheets, presentations, recommendations, research results, survey results, statistics, summaries, and any other similar work product or information created pursuant to this Agreement shall be the property of Seminole State College , shall belong exclusively to Seminole State College , and are instruments of service for use only by Seminole State College . Neither these materials, nor the Information from which the materials may have been compiled, shall be disclosed or provided to third parties without Seminole State College 's express written consent even after work with Seminole State College has concluded.

8. INSURANCE

The firm shall obtain, maintain, and pay for insurance in the categories listed in the insurance requirements provided below, unless otherwise agreed by the parties in writing. The insurance coverage in each category shall meet or exceed the minimum limits set forth in the insurance requirements. The College shall be included as an additional named insured on the General Liability policy. The insurance shall cover the Firm's entire operations under this Agreement and shall be effective throughout the effective period of this Agreement. It is not the intent of this schedule to limit the types of insurance otherwise required by this Agreement or that the Firm may desire to obtain.

Insurance Requirements

Type of Insurance	Minimum limits of Liability
General Liability:	$1,000,000 each occurrence/$2,000,000 Aggregate
Automobile Liability:	$500,000 per person, per incident & per accident
Worker's Compensation:	Statutory Limits
Professional Liability:	Not less than $1,000,000
Umbrella Policy:	$1,000,000 limit

Prior to the commencement of any work in connection with this Agreement, Firm shall provide a certificate of insurance, naming District Board of Trustees of Seminole State College of Florida as additional insured on the General Liability policy, to the Facilities department. In the event of any change in insurance coverage, including but not limited to cancellation of any policy, Firm shall notify College within 30 business days after becoming aware of such change.

The Seminole State College shall be exempt from, and in no way be liable for, any sums of money, which may represent a deductible in any insurance policy. The payment of such deductible shall be the sole responsibility of the Firm and/or sub-firm that obtained the insurance.

9. CERTIFICATION OF NONDISCLOSURE

The Contractor agrees to keep any and all internal operational Information relating to Seminole State College confidential and agrees not to disclose it to any third party without Seminole State College's express, written consent prior to disclosure. In addition, the Contractor shall use the utmost discretion in obtaining, recording, and storing the Information while working as a contractor.

10. INDEMNIFICATION

Contractor shall indemnify, defend and hold harmless Seminole State College and its directors, trustees, officers, agents, and employees from all loss, cost and expense arising out of any liability or claim of liability for injury or damages to persons or property sustained or claimed to have been sustained by anyone to the extent caused by the negligent act or omission of Contractor or any of its officers, agents, employees, subcontractors, guests, vendors, or third-party contractors for services under this agreement. This shall include, but not be limited to, damages arising out of the transfer or maintenance of data.

11. DATA SECURITY AND PROTECTION

If any sensitive, confidential information is transmitted electronically to the Contractor as part of the fulfillment of this Agreement, Contractor agrees that any transfer of data between Seminole State College and Contractor or within Contractor's computing environment will take place using encrypted protocols such as SSL and secure FTP. Unsecured email will not be used for the transfer of data. The contractor certifies that the original data and all data backups of the Institution's information will be stored and maintained in an encrypted format using at least a 128-bit key when not in use. Contractor will not store the Institution's data on publicly accessible servers, websites or other areas where the information can be accessed by non-authorized users or automated search engines. Contractors will also not file Credit Card numbers. Each transaction will require a purchase order number or the cardholder's credit card number provided by the cardholder only.

In addition to those measures described above, Contractor will use all reasonable practices and security procedures necessary to protect all electronic data that is transmitted between those parties under this Agreement by (but not limited to) electronic transmission or the physical delivery of electronically recorded data. Such protective measures shall include, but not be limited to, use of up-to-date anti-virus software to guard against viruses, worms, Trojan horses or other malware that may permit unauthorized access to data or may compromise the confidentiality, integrity or authorized accessibility of data or associated information systems of the other party. Neither College nor Contractor shall knowingly introduce into electronic data transmitted between them under this Agreement any virus, worm, Trojan horse or other malware that may permit unauthorized access to data or may compromise the confidentiality, integrity or authorized accessibility of data or associated information systems of the other party.

Contractor will notify Institution immediately upon discovery (but in no case more than 24 hours from discovery) if there is or has been any unauthorized access to Institution's data or if the possibility of unauthorized access to Institution's data has been discovered, even if such conditions have been corrected and remedied by Contractor.

12. ATTORNEYS FEES AND COSTS

In connection with any dispute arising out of this Agreement, the prevailing party shall be entitled to recover all costs (including all costs, expenses, and reasonable attorney, expert witness and paralegal fees) incurred in connection with such suit or action, and for any and all appeals referable thereto.

13. DEFAULT

Notwithstanding anything to the contrary within the Agreement, a Party will be considered in default of its obligations under this Agreement if such Party should fail to observe, to comply with, or to perform any term, condition or covenant contained in this Agreement. And upon default by Contractor, payment to Contractor may be withheld pending an equitable adjustment between Contractor and Seminole State College.

14. NOTICES

All notices required to be given under this Agreement shall be deemed given when delivered by certified mail, return receipt, or on the next business day following delivery by facsimile transmission if a facsimile telephone number is shown below, to the designated representatives of the Parties. A Party may change its designated representative or address at any time by written notice in the same manner as for any other notice. The initial representatives of the Parties are as follows:

Seminole State College	**Contractor**
Name: Kim Dove Department: Executive Director Facilities Management Address:100 Weldon Blvd Sanford, FL 32773 Campus: Sanford / Lake Mary Email: dovek@seminolestate.edu Phone: (407)708-2401	Name: Paul Smith Title: Managing Partner Address: 3361 Rouse Rd. Suite 210 Orlando, FL 32817 Email: psmith@pdcsllc.com Phone: 407-277-9795
With a copy to: Procurement Director purchase@seminolestate.edu	With a copy to: bookkeeping@pdcsllc.com

15. LEGAL AUTHORITY

Contractor warrants that it possesses the legal authority to enter into this Agreement and that it has taken all actions required by its procedures, bylaws, and/or applicable law to exercise that authority, execute this Agreement and bind itself to its terms.

16. NON-ASSIGNMENT

Contractor shall not assign or subcontract any of its obligations under this Agreement without the advance written consent of Seminole State College. Any unauthorized assignment shall be void. Seminole State College shall have the right, but not the obligation to terminate this Agreement, without waiver of any other right or remedy, upon notice of Contractor's assignment in violation of this section.

17. BINDING EFFECT

This Agreement is binding upon the heirs, personal representatives, successors, and permitted assigns of both Parties.

18. AMENDMENT

No amendment to this Agreement shall be valid unless it is made in a writing signed by the authorized representatives of the Parties.

19. WAIVER

The waiver by either party of a breach or violation of any provision of this Agreement shall not operate as or be construed to be a waiver of any subsequent breach of the same or other provision hereof.

20. SEVERABILITY

In the event any provision of this Agreement shall be held invalid or unenforceable by a court of competent jurisdiction, or by an administrative hearing officer in accordance with

Chapter 120, Florida Statutes, such holding shall not invalidate or render unenforceable any other provision hereof.

21. GOVERNING LAW, JURISDICTION AND VENUE

This Agreement shall be interpreted an enforced under the laws of the state of Florida. Any action arising under this Agreement shall be filed and tried, if at all, in the courts of Orange County, Florida.

22. LAWS, ORDINANCES, RULES, REGULATIONS, PERMITS, AND LICENSES

The Contractor shall observe and obey all the laws, ordinances, rules, regulations, and policies of the College and the federal and state governments which may be applicable to the Contractor's operation at Seminole State College , and shall, at the sole cost of the Contractor, obtain and maintain all permits and licenses necessary to comply with such requirements and standards.

23. REPORTS

The Contractor shall submit to the College any reports as outlined in the scope of work, Attachment A.

24. PUBLIC ENTITY USE

With the consent and agreement of the Contractor, purchases may be made under this Agreement by other colleges, state universities, district school boards and other educational institutions.

25. ENTIRE AGREEMENT

This Agreement constitutes the entire agreement between the Parties, and supersedes any previous contracts, understanding, or agreements of the Parties, whether verbal or written, concerning the subject matter of this Agreement.

26. MUTUAL WAIVER OF CONSEQUENTIAL DAMAGES

Notwithstanding any other provision of this Agreement, and to the fullest extent permitted by law, neither the College nor the Contractor, their respective officers, directors, partners, employees, contractors or subconsultants shall be liable to the other or shall make any claim for incidental, indirect, or consequential damages arising out of or connected in any way to this Project or this Agreement. This mutual waiver of consequential damages shall include, but not be limited to, loss of use, loss of profit, loss of business, loss of income, loss of reputation and any other consequential damages that either party may have incurred from any cause of action including negligence, strict liability, breach of contract and breach of strict and implied warranty.

27. THIRD-PARTY BENEFICIARIES

Nothing contained in this Agreement shall create a contractual relationship with or a cause of action in favor of a third party against either the College or the Contractor. The Contractor's services under this Agreement are being performed solely for the College's benefit, and no other party or entity shall have any claim against the Contractor because of this Agreement or the performance or nonperformance of services hereunder.

Seminole State College of Florida
Addendum #1 ITB#25-26-01
Building Code Administration Services

To: All Firms

From: Arima Santana, Director of Procurement

Date: July 14, 2025

ADDENDUM #1

Subject: Revisions to Bid Specifications, Submittal Requirements, and Bid Response Form

This Addendum is issued to modify and clarify the Bid Specifications and Submittal Requirements, and to provide a revised Bid Response Form. All updates included herein supersede the corresponding sections in the original Invitation to Bid (ITB). **This Addendum shall become part of the ITB and must be acknowledged on the Bid Certification Form.**

1. Revised Bid Specifications

The specifications listed on **Pages 16 and 17** of the original ITB are hereby **replaced in their entirety** with the updated specifications provided below.

PURPOSE & OVERVIEW

A. The intent of this bid is to select a firm to provide licensed building department services, including building official inspections, code administration, permit plan review, and fire safety services to support the College on a continuing basis for the term of this contract.

B. In general, the successful Respondent (hereafter "Consultant") shall provide all Building Code administration services on an "on-call" basis for projects assigned by College.

C. The Consultant must be able to provide the required professional services related to building code administration services, and represents to the College that

    1. It has the experience and skill to perform the services required by this Agreement;

    2. It will perform said services in accordance with generally accepted professional standards in the most expeditious and economical manner and to an extent consistent with the best interests of the College; and that

    3. It is adequately financed to meet any financial obligations it may be required to incur under this Agreement.

D. The Consultant's team shall ensure compliance with applicable rules, statutes, and laws as required by the State of Florida.

    1. Consultant must be certified in accordance with Chapter 468, Part XII, as well as Chapters 633, 471, and 481 of Florida Statutes, along with any other relevant regulations, and Consultant's services must be provided per the code requirements in Section 553.73, Florida Statues.

2. At a minimum, the Consultant's team must include at least one licensed Building Official who will be primarily assigned to the College. Additionally, the team must consist of personnel certified and licensed in building, electrical, mechanical, and plumbing inspection**,** as well as fire safety and plan review**,** in accordance with the Florida Building Code Administrators and Inspectors Board (BCAIB) and all applicable laws.

3. The Consultant's team shall be familiar with current versions and amendments of Florida Statutes and Rules; State Requirements for Education Facilities (SREF); Department of Education; FEMA; Florida Building Code Requirements; the Florida Fire Prevention Code (FFPC); and the College's Design Standards.

E. The Consultant will act as the College's representative in delivering these services and shall maintain a web-based platform for digital submission of plans, reviews, and inspection records to ensure accessibility, transparency, and efficient tracking of all project-related plan and review documents.

SCOPE OF SERVICES

A. The Consultant will provide services that closely replicate those of an in-house Building Department and will be responsible for all aspects of Building Code administration, including serving as the College's Building Official, as permitted under Florida Statutes 468.617(3). Upon request, the Consultant will oversee Fire Safety inspections and compliance in accordance with applicable Florida regulations.

B. Typical services include but may not be limited to plan review for both design phase submittals and building permit applications as well as inspection services for applicable code compliance during the construction phase for mechanical, electrical, plumbing, building and fire safety.

C. Services will include assisting design professionals and applicants for Building Permits and coordinating review of construction plans by all other agencies having jurisdiction concerning the implementation and enforcement of building, fire, health, safety, sanitation, and all other applicable codes.

D. Services will include inspections of all phases of construction for compliance with approved plans and all applicable codes, including but not limited to those relating to structural integrity, fire and life safety, electrical, plumbing, heating and air conditioning, energy conservation, accessibility, and site work.

E. The Consultant shall keep daily logs of Building Code Administration services, plan review and inspection activities and submit an itemized monthly report of all service activities to the College's Associate Director, Facilities Strategic Planner or designee. Monthly reports should be accompanied by itemized invoices.

F. The Consultant's designated licensed Building Official may be asked to participate in related activities such as staffing an accessibility review committee, commenting on modifications to the College's design standards, working directly with principals or College staff to analyze or resolve Code issues, or

other ancillary functions. All consultation work will be assessed by the Firm based on the enclosed hourly rates for the actual time taken for the services rendered.

G. Annual Maintenance Permit – An Annual Maintenance Permit will be issued, in compliance with 105.1.1 FBC, covering all campuses for a flat fee. Inspections completed under the Annual Maintenance Permit will be subject to the hourly rates in the enclosed fee schedule. The Annual Maintenance Permit covers routine maintenance, emergency service, minor renovations, and refurbishment without requiring separate permits for each alteration.

1. The Building Official must be notified of major changes, retaining the right to conduct inspections, as necessary.

2. A log of all alterations performed under the permit must be maintained.

DOCUMENTATION

A. The Consultant shall maintain records and files concerning construction permits, Building Code administration, and services rendered as identified and approved by the College's Associate Director, Facilities Strategic Planner or designee.

1. The Consultant agrees to keep and maintain all direct, sub-consultant and other expense records pertaining to services provided under this Agreement. The Consultant also agrees to keep and maintain its records of accounts pertaining to services provided between the Consultant and College on a generally recognized and acceptable accounting basis. All documents will be available to the College or its authorized representatives at all reasonable times for inspection and copying.

2. The Consultant agrees to keep and maintain accurate time records to within the nearest half of an hour for each time entry of all work performed by employees of the Consultant and will be available to the College or its authorized representatives at all reasonable times for inspections and copying.

3. The Consultant will provide separate invoices for each project with a specific reference to the project and reference number as assigned by the College.

B. The Consultant will make available to the College all reproducible copies of plans, drawings, specifications, applications, plans review comments, inspection requests, inspection results or other tangible work product produced or submitted to the College. Pursuant to this Agreement the Consultant will establish and maintain, for the duration of the Agreement, necessary document retention procedures for the on-going maintenance of construction plans and inspection records.

C. Records of completed projects, applications, plans and inspections reports will be given to the College. Records retention of completed projects will be the responsibility of the College.

2. Updated Submittal Requirements

The **Submittals section on Page 22** of the original ITB document is hereby **replaced in its entirety** with the revised Submittal Requirements below:

SUBMITTALS

1. Bidders shall submit via the Bidnet website (1) complete set of documentation with their bid. Each submittal must be complete with all supporting documentation.

2. Submit the following documentation with your bid:

- *A.* Bid Response Form or Statement of No Bid Form
- *B.* Bid Certification
- *C.* Drug Free Workplace Form
- *D.* Public Entity Crimes Form
- *E.* Affidavit Regarding the Use of Coercion for Labor and Services
- *F.* Copy of Insurance Certificates
- *G.* Copy of Professional Licenses for All Building Officials, Plan Reviewers and Inspectors Who Will Be Assigned to College Projects Under This Agreement
- *H.* References – Minimum of 3

    1. Include references for which your firm has provided governmental and or educational Building Code administration services for an agreement term of not less than three (3) years. Be sure to include:

        A. Company Name
        B. Address
        C. Phone Number
        D. Fax Number
        E. Email Address
        F. Contract Liaison

    2. Do not include as a reference:

        A. Seminole State College of Florida staff members
        B. References located in foreign countries

3.Revised Bid Response Form

A new Bid Response Form is attached as part of this Addendum. **Please discard any previous versions** and use only the updated form when submitting your bid.

All other terms and conditions of the original ITB remain unchanged.

REVISED BID RESPONSE FORM ITB #25-26-01 BUILDING CODE ADMINISTRATION SERVICES

(NAME OF COMPANY)_____declares that they have carefully examined the specifications to furnish College-Wide Landscape Maintenance Services.

Please provide your pricing for the following services. Pricing must be all-inclusive and reflect any travel, administrative, or overhead costs. Services may be requested on an as-needed basis and no minimum amount of work is guaranteed.

Failure to file protest within the time prescribed in Section 120.57(3), Florida Statutes as of the date of this notice, or failure to post the bond or other security required by law within the time allowed for filing a bond shall constitute a waiver of proceeds under Chapter 120, Florida Statutes.

CITY COUNCIL AGENDA ITEM

Memo Date:	June 30, 2026
Agenda Date:	July 14, 2026
File ID:	2026-546
Prepared By:	Lorne Stinnett, HR Manager
Through:	Stockton Whitten, City Manager
Requested Action:	Approve the proposed Fiscal Year 2027 benefit renewals for medical, dental, life, and disability insurance; and to authorize the City Manager to sign related agreements.

BACKGROUND:

The City of Cocoa offers group medical, dental, vision, and life insurance to its employees, retirees, and their dependents (subject to eligibility guidelines). For the Fiscal Year 2027 benefit renewal, the City's benefit broker, Gehring Group, negotiated directly with our current insurance carriers for medical, vision, pharmacy, and Employee Assistance Program (EAP) benefit plans.

Medical Plan — For the Fiscal Year 2027 renewal, the initial projections based on the City's claims experience was anticipated to be a 15% increase due to the recent large claims experience. The Gehring Group worked directly with Cigna to negotiate the renewal down to a 9.5% increase. The total employer increase will be 10.5% due to the City absorbing the cost of the increase for employees' dependent insurance coverage.

With this renewal, the City will continue its practice of paying 100% of employee contributions and the current funding ratio of dependent contributions (Employee +1: 82%; Family: 76%). Here is a summary of the employee and city's impact (based on current enrollment):

Fiscal Year	Total	City	Employee	Retiree
FY26	$7,071,593	$6,275,616	$652,261	$143,716
FY27	$7,743,410	$6,933,780	$652,261	$157,370
Annual Total Increase:	$671,817	$658,164	$0	$13,654
Per Pay Change:			EE+1: $0.00 Family: $0.00 (Bi-weekly)	RE+1: $87.42 Family: $179.70 (Monthly)

The data above includes retiree enrollment and/or budgetary impact. The City has a Medicare Advantage Plan for retirees over 65 which will be brought to the City Council separately for renewal. Depending on retiree status eligibility,the City either pays 100%, 50%, or 0% of medical, dental, and vision contributions for eligible retirees under age 65.

Dental Plan - Effective October 1, 2026, the City accepted the proposal to renew with Cigna

through September 30, 2028, at with no rate increase. With this renewal, the City will continue its practice of paying 100% of employee contributions and the current funding ratio of dependent contributions (Employee +1: 70%; Family: 64%). Here is a summary of the employee and city's impact (based on current enrollment):

Fiscal Year	Total	City	Employee	Retiree
FY26	$346,951	$220,422	$60,441	$25,669
FY27	$346,951	$220,422	$60,441	$25,669
Annual Total Increase:	$0	$0	$0	$0
Per Pay Change:			EE+1: $0 Family: $0. (Bi-weekly)	RE+1: $0 Family: $0 (Monthly)

Vision Plan – No Changes. The current plan has been effective since October 1, 2022. The City secured a rate guarantee with EyeMed that will continue effective October 1, 2026. The estimated annual premium based on current enrollment is $59,462, of which $45,657 is the estimated City's contributions for active and retirees.

Life and Disability Coverage – No changes. The current plan has been effective since October 1, 2024. The City secured a rate guarantee with New York Life (NYL) on all coverage through September 30, 2027. NYL will also allow our employees to purchase new coverage during Open Enrollment up to the Guarantee Issue coverage limits.

In summary, City Staff is requesting approval as recommended the proposed Fiscal Year 2027 benefit renewal for medical, with an increase of 9.5%. The Dental, vision, life insurance, and disability plans will remain at their current cost. Also, request authorization from City Council for the City Manager to sign related agreements, if necessary.

Cigna	Long Term Disability	$80,275	$80,275	$0
Total City Plan Cost:		**$6,696,598**	**$7,354,732**	**$658,164**

The amounts above are estimates based on current enrollment of current employees and retirees. Benefits for vacant positions are also budgeted. This medical plan renewal includes current employees and retirees under age 65 and the Budget includes unfilled positions at the same rate. Also, the numbers above do not include the amount paid directly by employees and retirees.

The City's Medicare Advantage Plan (retirees over 65) with Humana and the budget approval for the Medicare Part B reimbursements which is on a calendar year renewal, which will be presented on a separate City Council agenda item.

PREVIOUS ACTION:

At a regular Council meeting on July 8,2025 Council approved the proposed Fiscal Year 2026 benefit renewal for medical, dental, vision, life, and disability insurance.

RECOMMENDED MOTION:

Approve the proposed Fiscal Year 2027 benefit renewals for medical, dental, life, and disability insurance; and to authorize the City Manager to sign related agreements.

CITY COUNCIL AGENDA ITEM

Memo Date:	July 1, 2026
Agenda Date:	July 14, 2026
File ID:	2026-554
Prepared By:	Jose Socias Salcedo
Through:	Abigail Morgan, Public Works Director
Requested Action:	Approve participation in a cooperative purchasing agreement with Trane, utilizing the Racine County, Wisconsin / OMNIA Partners Contract #3341, for the upgrades of the City Hall HVAC system in an amount not to exceed $280,662; to approve a Resolution amending the FY2026 budget (BAF# 2026-78-A) to reallocate funds for this project; to approve a project contingency of $7,076 for a total authorized project amount of **$287,738**; and authorize the City Manager to execute any related agreements, amendments and purchase orders necessary to complete the project.

BACKGROUND:

The existing HVAC system serving the facility requires upgrades to improve ventilation, energy efficiency, system reliability, and building controls. As part of these improvements, staff recommends purchasing and installing one (1) Innovent Custom Energy Recovery Unit (ERU-1) to provide enhanced outside air ventilation while reducing energy consumption through energy recovery technology. The project also includes a turnkey installation of the new unit and an upgrade to the building's HVAC controls with a Trane Tracer SC+ and Synchrony Architecture system.

The controls upgrade will integrate the new Energy Recovery Unit with the existing HVAC infrastructure, including three (3) air handling units with DX cooling coils and fifty-two (52) variable air volume (VAV) terminal units. The new system will provide centralized monitoring, improved operational control, enhanced diagnostics, and better overall system performance, resulting in increased occupant comfort and reduced operating costs.

To procure this equipment and associated services, staff recommends utilizing the competitively solicited cooperative purchasing contract between Racine County, Wisconsin and OMNIA Partners/Trane (Contract No. 3341), effective September 1, 2022, through August 31, 2027. Florida law and the City's purchasing policies permit the use of cooperative purchasing agreements when they provide the best value and have been competitively awarded.

The total project cost is $283,728.00, consisting of $120,592.00 for the Innovent Custom Energy Recovery Unit (Quote No. H3-210855-41951-1), $86,876.00 for the

turnkey installation (Quote No. H3-129406-26-001), $73,194.00 for the HVAC controls upgrade (Quote No. H3-129406-26-002), and a $7,076.00 contingency to address unforeseen conditions that may arise during installation and also includes the cost of a required performance and payment bond estimated at 1.5% of the total construction cost.

Component / Proposal	Cost	Description
1. Innovent Custom ERU-1 Equipment	$120,592	The purchase of the custom Energy Recovery Unit hardware itself.
2. ERU-1 Turnkey Installation	$86,876	The weekend labor, crane rigging, removal, disposal, and electrical work.
3. HVAC Controls Upgrade	$73,194	The BAS upgrade from Tracer Summit to the Tracer SC+ web-based platform.
Base Contract Total	**$280,662**	*Subtotal of all three Trane proposals.*
Project Contingency	$7,076	Allocation for any unforeseen field conditions or modifications. Includes 1.5% for estimated cost of a performance and payment bond.
TOTAL PROJECT COST	**$287,738**	

Staff is requesting City Council approval to of the purchasing method utilizing the cooperative contract, the budget amendment to reallocate available funds for the project, a resolution authorizing the contingency amount, and authorize the City Manager to execute any related agreements, amendments and purchase orders necessary to complete the project.

PRIORITY AREA CONNECTION:
Investment in Public Infrastructure

BUDGETARY IMPACT:

Executive Summary

This project entails an upgrade of the building automation system (BAS) system controller (BCU) currently in use at the City Hall facility in Cocoa, Florida. The existing system utilizes the Trane Tracer Summit architecture for all primary supervisory functions and employs the Tracer Summit software package to facilitate its graphical user interface. As of 2017, the Tracer Summit controls platform is obsolete and its key components are in the process of being, or have already been, phased out of production. As it relates to the City Hall building specifically, replacement parts availability for the majority of the physical controller hardware still exists but is no longer being manufactured. Namely, model BMTX building control units (BCU), model MP581 programmable controllers, model MP503 I/O modules, and model VV551 variable volume terminal unit controllers. A timetable for winding down production has begun. As of 2015, the generation of hardware in question is no longer being utilized for new installations of Tracer control systems. Furthermore, the Tracer Summit software platform has reached its end-of-life and is obsolete. As such, no further updates will be issued, nor will there be any further service packs or cyber security updates developed. Most importantly, Summit will not be tested for, nor will it be modified to support, Windows operating systems beyond Windows 10. As such, an upgrade that will allow for a transition away from reliance upon Tracer Summit is warranted. To facilitate said upgrade, a new Tracer Ensemble graphics package will be installed to serve as the primary human interface with the BAS. The Tracer SC+ is a web-based device and, as such, is not dependent upon a dedicated piece of PC software for its human interface. The combination of the Tracer Ensemble operating at the enterprise level and Tracer SC+ panels operating at the supervisory level will allow for the complete elimination of Tracer Summit software from the system architecture.
In order to allow the City of Cocoa, the flexibility to properly align their budgetary allocation with respect to the proposed upgrade, not all the controllers in the facility will be replaced just the replacement of the one system BCU to new SC+ panel. This will eliminate the need for Tracer Summit entirely. It would also allow for any future controller replacement to be executed using the latest generation of Tracer unit controllers; the UC BACent series. The UC series controllers are only compatible with Tracer SC+ based systems and cannot be tied into legacy BCU. By introducing compatibility with UC controllers into the system architecture, any potential for service vulnerability stemming from the aforementioned discontinuation of devices currently installed would be eliminated. Below is a detailed scope for this project.

Scope of Work

Controls Systems and Equipment

System Control General Overview

- This scope is based on the site walk conducted on March 21, 2026, and the As-Built Drawings dated May 13, 2010.
- Provide a Trane Tracer® SC+ & Synchrony™ Control System based Building Automation System (BAS) complete with custom graphics and SC+ software licenses for control and monitoring of the scope of work below. System interface to be web based with user access via any standard internet browser.
- Remove the obsolete Tracer® Summit™ BCU and return them to the Owner.
- Existing enclosures, if not reused, shall not be abandoned in place. Excessive conduit and raceways that will not be reutilized will be removed back the closest junction box and labeled as "Abandoned" and or completely removed if possible. All unused wiring shall be removed from the raceways and conduits.

Tracer® Ensemble®

- Provide and install the following:
    - Connect to the existing Tracer® Ensemble® Enterprise Building Management System to facilitate a system wide communication interface located in the WFO facility.

One (1) Trane Tracer® SC+ & Synchrony™

- Provide and install the following:
    - Trane Tracer® SC+ Building Controller to be mounted in the existing enclosure to serve as the building wide interface.
    - Three (3) WCI Coordinators as part of an Air-Fi™ backbone within the building to avoid rewiring whenever the spaces are reconfigured, expanded, or due to controller replacement due to failure.

- Implement Trim & Respond for Air System Optimization Strategies (ASHRAE 90.1, Guideline 36).
    - Variable Air Systems Discharge Fan Pressure Optimization
        - Minimize energy usage by controlling system static pressure to the lowest level while maintaining zone airflow requirements.
        - Trim and Respond control strategy to reach the lowest permissible setpoint duct static setpoint while maintaining system stability and comfort.

    - Variable Air Systems Discharge Air Temperature Reset
        - Minimize energy usage by controlling discharge air temperature in response to building loads and outdoor air temperature. Trim and respond reset logic shall reset setpoint within the range of min and max values based on zone requests.
        - Energy Savings: Reduces unnecessary heating or cooling, cutting down on energy consumption.
        - Improved Comfort: Ensures indoor spaces remain comfortable by responding to real-time conditions.
        - Compliance with Standards: Aligns with ASHRAE guidelines to promote sustainable building operations.

Three (3) VAV Air Handling Units w/ DX Cooling Coils

- Provide and install the following:
- Reuse and terminate the existing LON Communications link to the new Tracer® SC+ Building Controller.
- Existing controllers and end devices are presumed to be in good working condition.
- Reuse of the existing engineered control sequence of operation to remain in its entirety.

One (1) Energy Recovery Rooftop Unit

- Provide and install the following:
- Reuse and terminate the existing LON Communications link to the new Tracer® SC+ Building Controller.
- Existing controllers and end devices are presumed to be in good working condition.

© 2026 Trane Technologies. All Rights Reserved.
Confidential and Proprietary Information of Trane U.S. Inc.

- Reuse of the existing engineered control sequence of operation to remain in its entirety.

Fifty-Two (52) VAV Terminal Units

- Provide and install the following:
- Reuse and terminate the existing LON Communications link to the new Tracer® SC+ Building Controller.
- Existing controllers and end devices are presumed to be in good working condition.
- Reuse of the existing engineered control sequence of operation to remain in its entirety.

Control System Services Included

- Project Management.
- Record Control Submittal.
- Installation of field DDC Panel(s), Device(s), and low voltage Control Wiring per NFPA, NEC, and/or local Building Code requirements
- Control System Programming, System Operations Verification, Graphics, and Start-up.
- Tracer® Ensemble™ Graphics to represent the installed equipment, including control /monitoring points for operator viewing and editing.
- 1st Year Parts and Labor Warranty.
- (4) Training Hours of Owner Representative(s)

Services Not Included

- 120v power of any kind.
- Repair or replacement of any equipment or end devices being controlled.
- Any temporary controls.

Control System Clarifications and/or Exclusions

- This system includes Trane's Synchrony 6.1 software which includes an ASHRAE 15 compliant sequence for variable air systems requiring A2L mitigation but will not be implemented at this time.
- Some project tasks will be completed during regular business hours specifically 8:00 AM to 5:00 PM, Monday thru Friday.
- Some project tasks will be completed outside regular business hours specifically 5:00 PM to 8:00 AM on weekdays and any time on weekends are considered to be performed during "Premium Time".
- Includes up to 4 hours of on-site system training for the Owner's personnel.
- Floor plan CAD / PDF files to be provided by the Owner.
- Installation based on plenum rated cable. Conduit where required by code only. Excludes special provisions of any kind to accommodate wiring located in inaccessible locations.
- Company may invoice Customer for all equipment or material furnished, whether delivered to the installation site or to an off-site storage facility and for all Work performed on-site or off-site.
- Trane will not perform any work if working conditions could endanger or put at risk the safety of our employees or subcontractors.
- The owner shall maintain a safe working environment for Trane employees and/or subcontractors.
- Reuse of existing 110/120-volt circuits for the control's enclosures. Existing control power circuits/wiring and/or sensor wiring that meet code and control requirements may be reused.
- Allowances for Liquidated or Consequential Damages of any kind are not included (per Trane Terms and Conditions).
- Permits, Bonds, Fees, Demurrage or Storage Charges are not included.

© 2026 Trane Technologies. All Rights Reserved.
Confidential and Proprietary Information of Trane U.S. Inc.

Exclusions

- All new wiring circuits at or above 110/120 volts and associated conduit / raceways.
- Demolition of any kind not specifically listed above, including but not limited to, work related to the existing control system.
- Provision and or programming of computer hardware of any kind. System interface to be achieved through standard internet browser on owner provided equipment.
- Trenching/backfilling, roof penetrations/sealant, underground conduit provisions, cutting, patching, painting, access doors, or demolition of any kind.
- Any issues with existing units that we are not aware of will need to be quoted separately.
- Equipment Order Release and Services rendered are dependent on receipt of PO/Subcontract and credit approval.
- Controls for any systems not listed above are excluded.

Provided and/or Installed by Others

- Line Voltage power circuit(s)/junction(s) for DDC/Control Panel(s) and/or Device(s) are provided by others.
- Provision/Installation/Commissioning of any Fire Alarm Systems, Fireman's Override Panel(s), Smoke Control System (and/or Smoke Detectors), Fire/Smoke or Smoke Damper/Actuators, Fire Dampers, Lighting Control Panels, Refrigerant Detection Systems, Security and Access Systems, Heat Trace, Water/Gas/Utility Metering, or any control scope of work which is not listed above, is not included/provided.
- Provision/Installation/Commissioning of any standalone Automatic Temperature Control (ATC) thermostat type control, hardwired interlock control, repair/replacement of existing control/pneumatic system devices/panels, Thermostat Guards/Covers, or any control scope of work which is not listed above, is not included/provided.
- Provision/Installation/Commissioning of any motor starters and/or variable frequency drives are not included.
- Site ethernet connectivity shall be provided by the owner to ensure all necessary network conditions and requirements to ensure integrity of the customer's network and security. This connection process is provided to ensure proper integration with the customer's network infrastructure.
- To ensure proactive service and facility issue resolutions, Trane requests VPN access to the facility infrastructure systems specifically associated with the systems being monitored and/or controlled by Trane's automation/monitoring system to provide support from our local and/or national Trane Intelligent Services staff.

TERMS AND CONDITIONS – COMMERCIAL TURNKEY INSTALLATION – Trane Equipment and Related Work

"Trane" or "Company" shall mean Trane U.S. Inc. for Work performed in the United States or Trane Canada ULC for Work performed in Canada.

1. Acceptance; Agreement. These terms and conditions are an integral part of Company's offer and form the basis of any agreement (the "Agreement") resulting from Company's proposal (the "Proposal") for the commercial goods and/or services described (the "Work"). COMPANY'S TERMS AND CONDITIONS AND EQUIPMENT PRICES ARE SUBJECT TO PERIODIC CHANGE OR AMENDMENT. The Proposal is subject to acceptance in writing by the party to whom this offer is made or an authorized agent ("Customer") delivered to Company within 30 days from the date of the Proposal. Prices in the Proposal are subject to change at any time upon notice to Customer. If Customer accepts the Proposal by placing an order, without the addition of any other terms and conditions of sale or any other modification, Customer's order shall be deemed acceptance of the Proposal subject to Company's terms and conditions, and the final Proposal price ("Proposal Price"). If Customer's order is expressly conditioned upon Company's acceptance or assent to terms and/or conditions other than those expressed herein, return of such order by Company with Company's terms and conditions attached or referenced serves as Company's notice of objection to Customer's terms and as Company's counteroffer to provide Work in accordance with the Proposal and the Company terms and conditions. If Customer does not reject or object in writing to Company within 10 days, Company's counteroffer will be deemed accepted. Notwithstanding anything to the contrary herein, Customer's acceptance of the Work by Company will in any event constitute an acceptance by Customer of Company's terms and conditions. This Agreement is subject to credit approval by Company. Upon disapproval of credit, Company may delay or suspend performance or, at its option, renegotiate prices and/or terms and conditions with Customer. If Company and Customer are unable to agree on such revisions, this Agreement shall be cancelled without any liability, other than Customer's obligation to pay for Work rendered by Company to the date of cancellation.

2. Connected Services. In addition to these terms and conditions, the Connected Services Terms of Service ("Connected Services Terms"), available at https://www.trane.com/TraneConnectedServicesTerms, as updated from time to time, are incorporated herein by reference and shall apply to the extent that Company provides Customer with Connected Services, as defined in the Connected Services Terms.

3. Title and Risk of Loss. All Equipment sales with destinations to Canada or the U.S. shall be made as follows: FOB Company's U.S. manufacturing facility or warehouse (full freight allowed). Title and risk of loss or damage to Equipment will pass to Customer upon tender of delivery of such to carrier at Company's U.S. manufacturing facility or warehouse.

4. Pricing and Taxes.

a. Unless otherwise noted, the price in the Proposal includes standard ground transportation and, if required by law, all sales, consumer, use and similar taxes legally enacted as of the date hereof for equipment and material installed by Company. Tax exemption is contingent upon Customer furnishing appropriate certificates evidencing Customer's tax-exempt status. Company shall charge Customer additional costs for bonds agreed to be provided. Equipment sold on an uninstalled basis and any taxable labor/labour do not include sales tax and taxes will be added. Within thirty (30) days following Customer acceptance of the Proposal without addition of any other terms and conditions of sale or any modification, Customer shall provide notification of release for immediate production at Company's factory. Prices for Work are subject to change at any time prior to shipment to reflect any cost increases related to the manufacture, supply, and shipping of goods. This includes, but is not limited to, cost increases in raw materials, supplier components, labor, utilities, freight, logistics, wages and benefits, regulatory compliance, or any other event beyond Company's control. If such release is not received within 6 months after date of order receipt, Company reserves the right to cancel any order. If shipment is delayed due to Customer's actions, Company may also charge Customer storage fees. Company shall be entitled to equitable adjustments in the contract price to reflect any cost increases as set forth above and will provide notice to Customer prior to the date for which the increased price is to be in effect for the applicable customer contract. In no event will prices be decreased.

b. Allocation to Trane of Tax Deduction under Section 179D of the Internal Revenue Code. For calendar tax year(s) in which (a) the provisions of Section 179D of the Internal Revenue Code are in effect and (b) the qualifying property installed as a part of the Services has been placed in service pursuant to Section 179D, Customer agrees to allocate the tax deduction available under Section 179D solely to Trane pursuant to Section 179D(d)(4) and, upon a written request from Trane, shall provide the written form of allocation to the Customer that is required by the Internal Revenue Service.

5. Exclusions from Work. Company's obligation is limited to the Work as written and defined under the scope of Work and does not include any modifications to the Work site under the Americans With Disabilities Act or any other law or building code(s). In no event shall Company be required to perform work Company reasonably believes is outside of the defined Work without a written change order signed by Customer and Company in accordance with the Change of Work process defined hereunder..

6. Performance. Company shall perform the Work in accordance with industry standards generally applicable in the area under similar circumstances as of the time Company performs the Work. Company may refuse to perform any Work where working conditions could endanger property or put at risk the safety of persons. Unless otherwise agreed to by Customer and Company, at Customer's expense and before the Work begins, Customer will provide any necessary access platforms, catwalks to safely perform the Work in compliance with OSHA or state industrial safety regulations.

7. Payment. For Work requiring a longer construction schedule and progress payments, Customer shall pay Company or cause Company to be paid for the Services as follows: (a) Initial Payment: For Upon execution hereof, [Initial Payment]% of the Contract Price (for engineering, drafting and other mobilization costs incurred prior to on-site installation) shall be due; and (b) Progress and Final Payments: Company will invoice in accordance with the Proposal for all materials and equipment delivered to the job site (or, as applicable, to an off-site storage facility) and for all installation, labor and services performed during the billing period; Customer shall pay all amounts due upon receipt of the invoice and any invoice not paid within ten (10) calendar days of its date shall be past due. All amounts outstanding ten (10) calendar days beyond the due date shall bear interest payable to Trane at the maximum allowable legal rate, retroactive to the due date. Customer shall pay all costs (including attorneys' fees) incurred by Company in attempting to collect amounts due from Customer. For all other Work, Customer shall pay Company's invoices within net 30 days of invoice date. Company may invoice Customer for all equipment or material furnished, whether delivered to the installation site or to an off-site storage facility and for all Work performed on-site or off-site. No retention shall be withheld from any payments except as expressly agreed in writing by Company, in which case retention shall be reduced per the contract documents and released no later than the date of substantial completion. Under no circumstances shall any retention be withheld for the equipment portion of the order. If payment is not received as required, Company may suspend performance and the time for completion shall be extended for a reasonable period of time not less than the period of suspension. Customer shall be liable to Company for all reasonable shutdown, standby and start-up costs as a result of the suspension. Company reserves the right to add to any account outstanding for more than 30 days a service charge equal to 1.5% of the principal amount due at the end of each month. Customer shall pay all costs (including attorneys' fees) incurred by Company in attempting to collect amounts due and otherwise enforcing these terms and conditions. If requested, Company will provide appropriate lien waivers upon receipt of payment. Customer agrees that, unless Customer makes payment in advance, Company will have a purchase money security interest in all equipment from Company to secure payment in full of all amounts due Company and its order for the equipment, together with these terms and conditions, form a security agreement. Customer shall keep the equipment free of all taxes and encumbrances, shall not remove the equipment from its original installation point and shall not assign or transfer any interest in the equipment until all payments due Company have been made.

8. Time for Completion. Except to the extent otherwise expressly agreed in writing signed by an authorized representative of Company, all dates provided by Company or its representatives for commencement, progress or completion are estimates only. While Company shall use commercially reasonable efforts to meet such estimated dates, Company shall not be responsible for any damages for its failure to do so. Delivery dates are approximate and not guaranteed. Company will use commercially reasonable efforts to deliver the Equipment on or before the estimated delivery date, will notify Customer if the estimated delivery dates cannot be honored, and will deliver the Equipment and services as soon as practicable thereafter. In no event will Company be liable for any damages or expenses caused by delays in delivery.

9. Equipment Location & Access. Customer shall provide, without charge, a mutually satisfactory location or locations for the installation and operation of the equipment and the performance of the installation work, including sufficient areas for staging, mobilization, and storage. Customer shall provide access to the Premises for Trane and its contractors or subcontractors during regular business hours, or such other hours as may be requested by Trane and acceptable to Customer, to install, adjust, inspect, and correct the installation work. Trane's access to correct any emergency condition shall not be restricted by Customer. Customer grants to Company the right to remotely connect (via phone modem, internet or other agreed upon means) to Customer's building automation system (BAS) and/or HVAC equipment to view, extract, or otherwise collect and retain data from the BAS, HVAC equipment, or other building systems, and to diagnose and remotely make repairs at Customer's request.

10. Completion. When Company informs Customer that the Work has been completed, Customer shall inspect the Work in the presence of Company's representative, and Customer shall either (a) accept the Work in its entirety in writing, or (b) accept the Work in part and specifically identify, in writing, any exception items. Customer agrees to re-inspect any and all excepted items as soon as Company informs Customer that all such excepted items have been completed. The initial acceptance inspection shall take place within ten (10) days from the date when Company informs Customer that the Work has been completed. Any subsequent re-inspection of excepted items shall take place within five (5) days from the date when Company informs Customer that the excepted items have been

© 2026 Trane Technologies. All Rights Reserved.
Confidential and Proprietary Information of Trane U.S. Inc.

completed. Customer's failure to cooperate and complete any of said inspections within the required time limits shall constitute complete acceptance of the Work as of ten (10) days from date when Company informs Customer that the Work, or the excepted items, if applicable, has/have been completed.

a. Substantial Completion. When Trane considers that the Services, or a portion thereof, are substantially complete, Trane will submit to Customer a proposed "punch list" listing items of the Services to be completed prior to final completion. Customer and Trane shall inspect the Work (or portion thereof) to determine if the same is substantially complete. (Substantial Completion is defined as the stage in the progress of the Services (or designated portion thereof) when the Work is sufficiently complete so that Customer can occupy or utilize the Services for its intended use.) Customer and Trane shall add to the punch list any item of work that has not been completed. When the Services (or designated portion thereof) are substantially complete, Customer and Trane shall execute a Certificate of Substantial Completion, setting forth the date of Substantial Completion and shall state the date by which Trane shall complete the items included on the punch list.

b. Final Completion. Upon Customer's receipt of written notice from Trane that the installation work included in the Work is ready for final inspection and acceptance, Customer and Trane shall inspect the installation services and determine whether the same has been performed in accordance with the Proposal. If Customer considers the installation work to have been performed in accordance with the Proposal, Customer shall issue a Certificate of Final Completion and Acceptance, to be executed by an authorized representative of Customer. In the event Trane presents a Certificate of Final Completion and Acceptance to Customer for execution and, within fourteen (14) calendar days from the date noted in the Certificate as the date of such presentation, Customer fails to deliver an executed original of the Certificate to Trane and does not provide to Trane written objections to issuance of the Certificate, providing specific facts as to why the Services have not been finally completed, the Date of Final Completion shall be the date noted in the Certificate as the date the Certificate was submitted to Customer.

11. Changes in Work

a. Customer, by written change order, may request that Trane perform services in addition to the Work ("Change Order"). Trane shall be obligated to perform such additional services only pursuant to a Change Order agreed to and executed by Customer and Trane. The Change Order shall reflect the parties' agreement with respect to the scope of the additional services, the amount of any adjustment in the Proposal Price, and the extent of any adjustment in the contract time.

b. If a Change Order provides for an adjustment to the Proposal Price, such adjustment shall be based on one of the following methods:

(1) A lump sum agreed to by Customer and Trane;
(2) Unit prices set forth in this Agreement or subsequently agreed to; or
(3) Cost of the work ordered plus a fee agreed to by the parties.

c. The following types of costs, which listing is not all-inclusive, shall be included in the determination of the cost of the additional work:

(1) costs of labor, including social security, old age and unemployment insurance, fringe benefits required by agreement or industry practice or custom, and workers' compensation insurance;
(2) costs of materials, supplies and equipment, including transportation thereof, whether the same is incorporated or consumed in the additional work;
(3) the costs of renting machinery and equipment, except hand tools;
(4) premium costs for all bonds and insurance, permit or other governmental approval or inspection fees, and sales, use or comparable taxes relating to the additional work; and
(5) additional costs of supervision and field office personnel directly attributable to the additional work.

12. Permits and Governmental Fees. Company shall secure (with Customer's assistance) and pay for building and other permits and governmental fees, licenses, and inspections necessary for proper performance and completion of the Work which are legally required when bids from Company's subcontractors are received, negotiations thereon concluded, or the effective date of a relevant Change Order, whichever is later. Customer is responsible for necessary approvals, easements, assessments and charges for construction, use or occupancy of permanent structures or for permanent changes to existing facilities. If the cost of such permits, fees, licenses and inspections are not included in the Proposal, Company will invoice Customer for such costs.

13. Utilities During Construction. Customer shall provide without charge to Company all water, heat, and utilities required for performance of the Work.

14. Concealed or Unknown Conditions. In the performance of the Work, if Company encounters conditions at the Work site that are (i) subsurface or otherwise concealed physical conditions that differ materially from those indicated on drawings expressly incorporated herein or (ii) unknown physical conditions of an unusual nature that differ materially from those conditions ordinarily found to exist and generally recognized as inherent in construction activities of the type and character as the Work, Company shall notify Customer of such conditions promptly, prior to significantly disturbing same. If such conditions differ materially and cause an increase in Company's cost of, or time required for, performance of any part of the Work, Company shall be entitled to, and Customer shall consent by Change Order to, an equitable adjustment in the Proposal Price, contract time, or both.

15. Pre-Existing Conditions. Company is not liable for any claims, damages, losses, or expenses, arising from or related to conditions that existed in, on, or upon the Work site before the Commencement Date of this Agreement ("Pre-Existing Conditions"), including, without limitation, damages, losses, or expenses involving Pre-Existing Conditions of building envelope issues, mechanical issues, plumbing issues, and/or indoor air quality issues involving mold/mould and/or fungi. Company also is not liable for any claims, damages, losses, or expenses, arising from or related to work done by or services provided by individuals or entities that are not employed by or hired by Company.

16. Asbestos and Hazardous Materials. Company's Work and other services in connection with this Agreement expressly excludes any identification, abatement, cleanup, control, disposal, removal or other work connected with asbestos, polychlorinated biphenyl ("PCB"), or other hazardous materials (hereinafter, collectively, "Hazardous Materials"). Customer warrants and represents that, except as set forth in a writing signed by Company, there are no Hazardous Materials on the Work site that will in any way affect Company's Work and Customer has disclosed to Company the existence and location of any Hazardous Materials in all areas within which Company will be performing the Work. Should Company become aware of or suspect the presence of Hazardous Materials, Company may immediately stop work in the affected area and shall notify Customer. Customer will be exclusively responsible for taking any and all action necessary to correct the condition in accordance with all applicable laws and regulations. Customer shall be exclusively responsible for and, to the fullest extent permitted by law, shall indemnify and hold harmless Company (including its employees, agents and subcontractors) from and against any loss, claim, liability, fees, penalties, injury (including death) or liability of any nature, and the payment thereof arising out of or relating to any Hazardous Materials on or about the Work site, not brought onto the Work site by Company. Company shall be required to resume performance of the Work in the affected area only in the absence of Hazardous Materials or when the affected area has been rendered harmless. In no event shall Company be obligated to transport or handle Hazardous Materials, provide any notices to any governmental agency, or examine the Work site for the presence of Hazardous Materials.

17. Force Majeure. Company's duty to perform under this Agreement is contingent upon the non-occurrence of an Event of Force Majeure. If Company shall be unable to carry out any material obligation under this Agreement due to an Event of Force Majeure, this Agreement shall at Company's election (i) remain in effect but Company's obligations shall be suspended until the uncontrollable event terminates or (ii) be terminated upon 10 days' notice to Customer, in which event Customer shall pay Company for all parts of the Work furnished to the date of termination. An "Event of Force Majeure" shall mean any cause or event beyond the control of Company. Without limiting the foregoing, "Event of Force Majeure" includes: acts of God; acts of terrorism, war or the public enemy; flood; earthquake; tornado; storm; fire; civil disobedience; pandemic insurrections; riots; labor/labour disputes; labor/labour or material shortages; sabotage; restraint by court order or public authority (whether valid or invalid), and action or non-action by or inability to obtain or keep in force the necessary governmental authorizations, permits, licenses, certificates or approvals if not caused by Company; and the requirements of any applicable government in any manner that diverts either the material or the finished product to the direct or indirect benefit of the government.

18. Customer's Breach. Each of the following events or conditions shall constitute a breach by Customer and shall give Company the right, without an election of remedies, to terminate this Agreement or suspend performance by delivery of written notice: (1) Any failure by Customer to pay amounts when due; or (2) any general assignment by Customer for the benefit of its creditors, or if Customer becomes bankrupt or insolvent or takes the benefit of any statute for bankrupt or insolvent debtors, or makes or proposes to make any proposal or arrangement with creditors, or if any steps are taken for the winding up or other termination of Customer or the liquidation of its assets, or if a trustee, receiver, or similar person is appointed over any of the assets or interests of Customer; (3) Any representation or warranty furnished by Customer in this Agreement is false or misleading in any material respect when made; or (4) Any failure by Customer to perform or comply with any material provision of this Agreement. Customer shall be liable to Company for all Work furnished to date and all damages sustained by Company (including lost profit and overhead)

19. Indemnity. To the fullest extent permitted by law, Company and Customer shall indemnify, defend and hold harmless each other from any and all claims, actions, costs, expenses, damages and liabilities, including reasonable attorneys' fees, resulting from death or bodily injury or damage to real or tangible personal property, to the extent caused by the negligence or misconduct of their respective employees or other authorized agents in connection with their activities within the scope of this Agreement. Neither party shall indemnify the other against claims, damages, expenses or liabilities to the extent attributable to the acts or omissions of the other party. If the parties are both at fault, the obligation to indemnify shall be proportional to their relative fault. The duty to indemnify will

© 2026 Trane Technologies. All Rights Reserved.
Confidential and Proprietary Information of Trane U.S. Inc.

continue in full force and effect, notwithstanding the expiration or early termination hereof, with respect to any claims based on facts or conditions that occurred prior to expiration or termination.

20. Limitation of Liability. NOTWITHSTANDING ANYTHING TO THE CONTRARY, IN NO EVENT SHALL COMPANY BE LIABLE FOR ANY SPECIAL, LIQUIDATED INCIDENTAL, INDIRECT CONSEQUENTIAL, OR PUNITIVE OR EXEMPLARY DAMAGES (INCLUDING WITHOUT LIMITATION BUSINESS INTERRUPTION, LOST DATA, LOST REVENUE, LOST PROFITS, LOST DOLLAR SAVINGS, OR LOST ENERGY USE SAVINGS, INCLUDING CONTAMINANTS LIABILITIES, EVEN IF A PARTY HAS BEEN ADVISED OF SUCH POSSIBLE DAMAGES OR IF SAME WERE REASONABLY FORESEEABLE AND REGARDLESS OF WHETHER THE CAUSE OF ACTION IS FRAMED IN CONTRACT, NEGLIGENCE, ANY OTHER TORT, WARRANTY, STRICT LIABILITY, OR PRODUCT LIABILITY). In no event will Company's liability in connection with the provision of products or services or otherwise under this Agreement exceed the entire amount paid to Company by Customer under this Agreement.

21. CONTAMINANTS LIABILITY

The transmission of COVID-19 may occur in a variety of ways and circumstances, many of the aspects of which are currently not known. HVAC systems, products, services and other offerings have not been tested for their effectiveness in reducing the spread of COVID-19, including through the air in closed environments. IN NO EVENT WILL COMPANY BE LIABLE UNDER THIS AGREEMENT OR OTHERWISE FOR ANY INDEMNIFICATION, ACTION OR CLAIM, WHETHER BASED ON WARRANTY, CONTRACT, TORT OR OTHERWISE, FOR ANY BODILY INJURY (INCLUDING DEATH), DAMAGE TO PROPERTY, OR ANY OTHER LIABILITIES, DAMAGES OR COSTS RELATED TO CONTAMINANTS (INCLUCING THE SPREAD, TRANSMISSION, MITIGATION, ELIMINATION, OR CONTAMINATION THEREOF) (COLLECTIVELY, "CONTAMINANT LIABILITIES") AND CUSTOMER HEREBY EXPRESSLY RELEASES COMPANY FROM ANY SUCH CONTAMINANTS LIABILITIES.

22. Patent Indemnity. Company shall protect and indemnify Customer from and against all claims, damages, judgments and loss arising from infringement or alleged infringement of any United States patent by any of the goods manufactured by Company and delivered hereunder, provided that in the event of suit or threat of suit for patent infringement, Company shall promptly be notified and given full opportunity to negotiate a settlement. Company does not warrant against infringement by reason of Customer's design of the articles or the use thereof in combination with other materials or in the operation of any process. In the event of litigation, Customer agrees to reasonably cooperate with Company. In connection with any proceeding under the provisions of this Section, all parties concerned shall be entitled to be represented by counsel at their own expense.

23. Limited Warranty. Company warrants for a period of 12 months from the date of substantial completion ("Warranty Period") commercial equipment manufactured and installed by Company against failure due to defects in material and manufacture and that the labor/labour furnished is warranted to have been properly performed (the "Limited Warranty"). Trane equipment sold on an uninstalled basis is warranted in accordance with Company's standard warranty for supplied equipment. Product manufactured by Company that includes required startup and is sold in North America will not be warranted by Company unless Company performs the product start-up. Substantial completion shall be the earlier of the date that the Work is sufficiently complete so that the Work can be utilized for its intended use or the date that Customer receives beneficial use of the Work. If such defect is discovered within the Warranty Period, Company will correct the defect or furnish replacement equipment (or, at its option, parts therefor) and, if said equipment was installed pursuant hereto, labor/labour associated with the replacement of parts or equipment not conforming to this Limited Warranty. Defects must be reported to Company within the Warranty Period. Exclusions from this Limited Warranty include damage or failure arising from: wear and tear; corrosion, erosion, deterioration; Customer's failure to follow the Company-provided maintenance plan; refrigerant not supplied by Company; and modifications made by others to Company's equipment. Company shall not be obligated to pay for the cost of lost refrigerant. Notwithstanding the foregoing, all warranties provided herein terminate upon termination or cancellation of this Agreement. No warranty liability whatsoever shall attach to Company until the Work has been paid for in full and then said liability shall be limited to the lesser of Company's cost to correct the defective Work and/or the purchase price of the equipment shown to be defective. Equipment, material and/or parts that are not manufactured by Company ("Third-Party Product(s)" are not warranted by Company and have such warranties as may be extended by the respective manufacturer. CUSTOMER UNDERSTANDS THAT COMPANY IS NOT THE MANUFACTURER OF ANY THIRD-PARTY PRODUCT(S) AND ANY WARRANTIES, CLAIMS, STATEMENTS, REPRESENTATIONS, OR SPECIFICATIONS ARE THOSE OF THE THIRD-PARTY MANUFACTURER, NOT COMPANY AND CUSTOMER IS NOT RELYING ON ANY WARRANTIES, CLAIMS, STATEMENTS, REPRESENTATIONS, OR SPECIFICATIONS REGARDING THE THIRD-PARTY PRODUCT THAT MAY BE PROVIDED BY COMPANY OR ITS AFFILIATES, WHETHER ORAL OR WRITTEN. THE WARRANTY AND LIABILITY SET FORTH IN THIS AGREEMENT ARE IN LIEU OF ALL OTHER WARRANTIES AND LIABILITIES, WHETHER IN CONTRACT OR IN NEGLIGENCE, EXPRESS OR IMPLIED, IN LAW OR IN FACT, INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND/OR OTHERS ARISING FROM COURSE OF DEALING OR TRADE. COMPANY MAKES NO REPRESENTATION OR WARRANTY OF ANY KIND, INCLUDING WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE. ADDITIONALLY, COMPANY MAKES NO REPRESENTATION OR WARRANTY OF ANY KIND REGARDING PREVENTING, ELIMINATING, REDUCING OR INHIBITING ANY MOLD, FUNGUS, BACTERIA, VIRUS, MICROBIAL GROWTH, OR ANY OTHER CONTAMINANTS (INCLUDING COVID-19 OR ANY SIMILAR VIRUS) (COLLECTIVELY, "CONTAMINANTS"), WHETHER INVOLVING OR IN CONNECTION WITH EQUIPMENT, ANY COMPONENT THEREOF, SERVICES OR OTHERWISE. IN NO EVENT SHALL COMPANY HAVE ANY LIABILITY FOR THE PREVENTION, ELIMINATION, REDUCTION OR INHIBITION OF THE GROWTH OR SPREAD OF SUCH CONTAMINANTS INVOLVING OR IN CONNECTION WITH ANY EQUIPMENT, THIRD-PARTY PRODUCT, OR ANY COMPONENT THEREOF, SERVICES OR OTHERWISE AND CUSTOMER HEREBY SPECIFICALLY ACKNOWLDGES AND AGREES THERETO.

24 Insurance.

a. Company agrees to maintain the following insurance while the Work is being performed with limits not less than shown below and will, upon request from Customer, provide a Certificate of evidencing the following coverage:

Commercial General Liability	$2,000,000 per occurrence
Automobile Liability	$2,000,000 CSL
Workers Compensation	Statutory Limits

If Customer has requested to be named as an additional insured under Company's insurance policy, Company will do so but only subject to Company's manuscript additional insured endorsement under its primary Commercial General Liability policies. In no event does Company waive its right of subrogation.

b. Customer's Liability and Property Insurance. (a) Customer shall be responsible for purchasing and maintaining Commercial General Liability Insurance of the type and amount Customer deems necessary and appropriate. (b) Customer shall purchase and maintain until Final Payment property insurance for the installation work in progress at least in an amount equal to the Proposal Price, as the same may be adjusted from time to time, for the installation work (including the equipment) on a replacement cost basis with a deductible of no more than $5,000 from an insurer reasonably acceptable to Trane. Such property insurance shall include the interests of Customer, Trane, and its subcontractors (at whatever tier) as additional insureds as their interests may appear. The property insurance purchased by Customer shall be on an all-risk policy form. The property insurance shall cover portions of the installation work stored off site after written approval of Customer at the value established in the approval. Customer, for itself and its insurance carriers, hereby waives all rights of subrogation against Trane and any of its subcontractors, agents, employees, and officers with respect to property insurance and any other insurance coverages maintained by Customer. (c) A loss insured under Customer's property insurance shall be adjusted by Customer's Insurer as a fiduciary and made payable to Customer as a fiduciary for the insureds, as their respective interests may appear, subject to requirements of any applicable mortgagee clause. Trane shall pay its subcontractors their just shares of insurance proceeds received by Customer and remitted to Trane, and, by appropriate agreements, written where legally required for validity, shall require said subcontractors to make payments to their subcontractors in a similar manner. In its fiduciary role, Customer shall have the power to negotiate and settle a loss with insurers; provided, however, that at least ten (10) days prior to agreeing to the proposed settlement, Customer shall advise the parties in interest in writing of the terms of the same and the parties in interest shall have seven (7) days thereafter to object in writing to the proposed adjustment or settlement; if such objection is made, Customer shall not enter into or agree to the proposed adjustment. (d) Certificates of insurance acceptable to the Customer and to Trane shall be provided by each party to the other prior to commencement of performance of any Services. Such certificates shall contain a provision that coverages afforded under the policies will not be canceled or allowed to expire until at least thirty (30) days prior written notice has been given to the other party. If any of the insurance coverages are required to remain in force after final payment and are reasonably available, an additional certificate evidencing continuation of such coverage shall be submitted with the final application for payment.

25. Commencement of Statutory Limitation Period. Except as to warranty claims, as may be applicable, any applicable statutes of limitation for acts or failures to act shall commence to run, and any alleged cause of action stemming therefrom shall be deemed to have accrued, in any and all events not later than the last date that Company or its subcontractors physically performed work on the project site.

26. General. Except as provided below, to the maximum extent provided by law, this Agreement is made and shall be interpreted and enforced in accordance with the laws of the state or province in which the Work is performed, without regard to choice of law principles which might otherwise call for the application of a different state's or province's law. Any dispute arising under or relating to this Agreement that is not disposed of by agreement shall be decided by litigation in a court of competent jurisdiction located in the state or province in which the Work is performed. To the extent the Work site is owned and/or operated by any agency

© 2026 Trane Technologies. All Rights Reserved.
Confidential and Proprietary Information of Trane U.S. Inc.

of the Federal Government, determination of any substantive issue of law shall be according to the Federal common law of Government contracts as enunciated and applied by Federal judicial bodies and boards of contract appeals of the Federal Government. This Agreement contains all of the agreements, representations and understandings of the parties and supersedes all previous understandings, commitments or agreements, oral or written, related to the subject matter hereof. This Agreement may not be amended, modified or terminated except by a writing signed by the parties hereto. No documents shall be incorporated herein by reference except to the extent Company is a signatory thereon. If any term or condition of this Agreement is invalid, illegal or incapable of being enforced by any rule of law, all other terms and conditions of this Agreement will nevertheless remain in full force and effect as long as the economic or legal substance of the transaction contemplated hereby is not affected in a manner adverse to any party hereto. Customer may not assign, transfer, or convey this Agreement, or any part hereof, or its right, title or interest herein, without the written consent of the Company. Subject to the foregoing, this Agreement shall be binding upon and inure to the benefit of Customer's permitted successors and assigns. This Agreement may be executed in several counterparts, each of which when executed shall be deemed to be an original, but all together shall constitute but one and the same Agreement. A fully executed facsimile copy hereof or the several counterparts shall suffice as an original.

27. Federal Requirements. The Parties shall comply with all United States federal labor law obligations under 29 CFR part 471, appendix A to subpart A. THE FOLLOWING PROVISIONS ARE INCORPORATED HEREIN BY REFERENCE: Executive Order 11701 and 41 CFR §§ 60-250.5(a), 60-300.5; Executive Order 11758 and 41 CFR § 60-741.5(a); U.S. immigration laws, including the L-1 Visa Reform Act of 2004 and the H-1B Visa Reform Act of 2004; and Executive Order 13496. The Parties shall abide by the requirements of 41 CFR 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to protected veteran status or disability. The Parties certify that they do not operate any programs promoting DEI that violate any applicable United States anti-discrimination laws and acknowledge and agree that their compliance with all applicable federal anti-discrimination laws is material to the federal government's payment decisions. The Parties acknowledge and agree that their employment, procurement, and contracting practices shall not consider race, color, sex, sexual preference, religion, or national origin in ways that violate United States federal civil rights laws.

28. Export Laws. The obligation of Company to supply Equipment and/or Services under this Agreement is subject to the ability of Company to supply such items consistent with applicable laws and regulations of the United States and other governments. Company reserves the right to refuse to enter into or perform any order, and to cancel any order, under this Agreement if Company in its sole discretion determines that performance of the transaction to which such order relates would violate any such applicable law or regulation. Customer will pay all handling and other similar costs from Company's factories including the costs of freight, insurance, export clearances, import duties and taxes. Customer will be "exporter of record" with respect to any export from the United States of America and will perform all compliance and logistics functions in connection therewith and will also comply with all applicable laws, rules and regulations. Customer understands that Company and/or the Equipment and/or Services are subject to laws and regulations of the United States of America which may require licensing or authorization for and/or prohibit export, re-export or diversion of Company's Equipment and/or Services to certain countries, and agrees it will not knowingly assist or participate in any such diversion or other violation of applicable United States of America laws and regulations. Customer agrees to hold harmless and indemnify Company for any damages resulting to Customer or Company from a breach of this paragraph by Customer.

29. U.S. Government Work.

The following provision applies only to direct sales by Company to the US Government. The Parties acknowledge that all items or services ordered and delivered under this Agreement are Commercial Items as defined under Part 12 of the Federal Acquisition Regulation (FAR). In particular, Company agrees to be bound only by those Federal contracting clauses that apply to "commercial" suppliers and that are contained in FAR 52.212-5(e)(1). Company complies with 52.219-8 or 52.219-9 in its service and installation contracting business.

The following provision applies only to indirect sales by Company to the US Government. As a Commercial Item Subcontractor, Company accepts only the following mandatory flow down provisions in effect as of the date of this subcontract: 52.203-19; 52.204-21; 52.204-23; 52.219-8; 52.222-21; 52.222-26; 52.222-35; 52.222-36; 52.222-50; 52.225-26; 52.247-64. If the Work is in connection with a U.S. Government contract, Customer certifies that it has provided and will provide current, accurate, and complete information, representations and certifications to all government officials, including but not limited to the contracting officer and officials of the Small Business Administration, on all matters related to the prime contract, including but not limited to all aspects of its ownership, eligibility, and performance. Anything herein notwithstanding, Company will have no obligations to Customer unless and until Customer provides Company with a true, correct and complete executed copy of the prime contract. Upon request, Customer will provide copies to Company of all requested written communications with any government official related to the prime contract prior to or concurrent with the execution thereof, including but not limited to any communications related to Customer's ownership, eligibility or performance of the prime contract. Customer will obtain written authorization and approval from Company prior to providing any government official any information about Company's performance of the work that is the subject of the Proposal or this Agreement, other than the Proposal or this Agreement.

30. Limited Waiver of Sovereign Immunity. If Customer is an Indian tribe (in the U.S.) or a First Nation or Band Council (in Canada), Customer, whether acting in its capacity as a government, governmental entity, a duly organized corporate entity or otherwise, for itself and for its agents, successors, and assigns: (1) hereby provides this limited waiver of its sovereign immunity as to any damages, claims, lawsuit, or cause of action (herein "Action") brought against Customer by Company and arising or alleged to arise out of the furnishing by Company of any product or service under this Agreement, whether such Action is based in contract, tort, strict liability, civil liability or any other legal theory; (2) agrees that jurisdiction and venue for any such Action shall be proper and valid (a) if Customer is in the U.S., in any state or United States court located in the state in which Company is performing this Agreement or (b) if Customer is in Canada, in the superior court of the province or territory in which the work was performed; (3) expressly consents to such Action, and waives any objection to jurisdiction or venue; (4) waives any requirement of exhaustion of tribal court or administrative remedies for any Action arising out of or related to this Agreement; and (5) expressly acknowledges and agrees that Company is not subject to the jurisdiction of Customer's tribal court or any similar tribal forum, that Customer will not bring any action against Company in tribal court, and that Customer will not avail itself of any ruling or direction of the tribal court permitting or directing it to suspend its payment or other obligations under this Agreement. The individual signing on behalf of Customer warrants and represents that such individual is duly authorized to provide this waiver and enter into this Agreement and that this Agreement constitutes the valid and legally binding obligation of Customer, enforceable in accordance with its terms.

31. Building Automation Systems and Network Security. Customer and Trane acknowledge that Building Automation System (BAS) and connected networks security requires Customer and Trane to maintain certain cybersecurity obligations. Customer acknowledges that upon completion of installation and configuration of the BAS, the Customer maintains ownership of the BAS and the connected network equipment. Except for any applicable warranty obligations, Customer is solely responsible for the maintenance and security of the BAS and related networks and systems. In the event there is a service agreement between Trane and Customer, Trane will provide the services as set forth in the service agreement.

In order to maintain a minimum level of security for the BAS, associated networks, network equipment and systems, Customer's cybersecurity responsibilities include without limitation:

1. Ensure that the BAS, networks, and network equipment are physically secure and not accessible to unauthorized personnel.
2. Ensure the BAS remains behind a secure firewall and properly segmented from all other customer networks and systems, especially those with sensitive information.
3. Keep all Inbound ports closed to any IP Addresses in the BAS.
4. Remove all forwarded inbound ports and IP Addresses to the BAS.
5. Maintain user login credentials and unique passwords, including the use of strong passwords and the removal of access for users who no longer require access.
6. Where remote access is desired, utilize a secure method such as Trane Connect Secure Remote Access or your own VPN.
7. For any Trane services requiring remote data transfer and/or remote user access, configure the BAS and related firewall(s) per instructions provided by Trane. This typically includes configuring Port 443 and associated firewall(s) for Outbound only.
8. Perform regular system maintenance to ensure that your BAS is properly secured, including regular software updates to your BAS and related network equipment (i.e., firewalls).

Any and all claims, actions, losses, expenses, costs, damages, or liabilities of any nature due to Customer's failure to maintain BAS security responsibilities and/or industry standards for cybersecurity are the sole responsibility of the Customer.

SECURITY ADDENDUM

This Addendum shall be applicable to the sale, installation and use of Trane equipment and the sale and provision of Trane services. "Trane" shall mean Trane U.S. Inc. for sales and services in the United States, or Trane Canada ULC for sales and services in Canada.

1. **Definitions. All terms used in this Addendum shall have the meaning specified in the Agreement unless otherwise defined herein. For the purposes of this Addendum, the following terms are defined as follows:**

"Customer Data" means Customer account information as related to the Services only and does not include HVAC Machine Data or personal data. Trane does not require, nor shall Customer provide personal data to Trane under the Agreement. Such data is not required for Trane to provide its Equipment and/or Services to the Customer.
"Equipment" shall have the meaning set forth in the Agreement.
"HVAC Machine Data" means data generated and collected from the product or furnished service without manual entry. HVAC Machine Data is data relating to the physical measurements and operating conditions of a HVAC system, such as but not limited to, temperatures, humidity, pressure, HVAC equipment status. HVAC Machine Data does not include Personal Data and, for the purposes of this agreement, the names of users of Trane's controls products or hosted applications shall not be Personal Data, if any such user chooses to use his/her name(s) in the created accounts within the controls product (e.g., firstname.lastname@address.com). HVAC Machine Data may be used by Trane: (a) to provide better support services and/or products to users of its products and services; (b) to assess compliance with Trane terms and conditions; (c) for statistical or other analysis of the collective characteristics and behaviors of product and services users; (d) to backup user and other data or information and/or provide remote support and/or restoration; (e) to provide or undertake: engineering analysis; failure analysis; warranty analysis; energy analysis; predictive analysis; service analysis; product usage analysis; and/or other desirable analysis, including, but not limited to, histories or trends of any of the foregoing; and (f) to otherwise understand and respond to the needs of users of the product or furnished service. "Personal Data" means data and/or information that is owned or controlled by Customer, and that names or identifies, or is about a natural person, such as: (i) data that is explicitly defined as a regulated category of data under any data privacy laws applicable to Customer; (ii) non-public personal information ("NPI") or personal information ("PI"), such as national identification number, passport number, social security number, social insurance number, or driver's license number; (iii) health or medical information, such as insurance information, medical prognosis, diagnosis information, or genetic information; (iv) financial information, such as a policy number, credit card number, and/or bank account number; (v) personally identifying technical information (whether transmitted or stored in cookies, devices, or otherwise), such as IP address, MAC address, device identifier, International Mobile Equipment Identifier ("IMEI"), or advertising identifier; (vi) biometric information; and/or (vii) sensitive personal data, such as, race, religion, marital status, disability, gender, sexual orientation, geolocation, or mother's maiden name.
"Security Incident" shall refer to (i) a compromise of any network, system, application or data in which Customer Data has been accessed or acquired by an unauthorized third party; (ii) any situation where Trane reasonably suspects that such compromise may have occurred; or (iii) any actual or reasonably suspected unauthorized or illegal Processing, loss, use, disclosure or acquisition of or access to any Customer Data.
"Services" shall have the meaning set forth in the Agreement.

2. **HVAC Machine Data; Access to Customer Extranet and Third Party Systems. If Customer grants Trane access to HVAC Machine Data via web portals or other non-public websites or extranet services on Customer's or a third party's website or system (each, an "Extranet"), Trane will comply with the following:**
    a. **Accounts. Trane will ensure that Trane's personnel use only the Extranet account(s) designated by Customer and will require Trane personnel to keep their access credentials confidential.**
    b. **Systems. Trane will access the Extranet only through computing or processing systems or applications running operating systems managed by Trane that include: (i) system network firewalls; (ii) centralized patch management; (iii) operating system appropriate anti-malware software; and (iv) for portable devices, full disk encryption.**
    c. **Restrictions. Unless otherwise approved by Customer in writing, Trane will not download, mirror or permanently store any HVAC Machine Data from any Extranet on any medium, including any machines, devices or servers.**
    d. **Account Termination. Trane will terminate the account of each of Trane's personnel in accordance with Trane's standard practices after any specific Trane personnel who has been authorized to access any Extranet (1) no longer needs access to HVAC Machine Data or (2) no longer qualifies as Trane personnel (e.g., the individual leaves Trane's employment).**
    e. **Third Party Systems. Trane will provide Customer prior notice before it uses any third party system that stores or may otherwise have access to HVAC Machine Data, unless (1) the data is encrypted and (2) the third party system will not have access to the decryption key or unencrypted "plain text" versions of the HVAC Machine Data.**

3. **Customer Data; Confidentiality. Trane shall keep confidential, and shall not access or use any Customer Data and information that is marked confidential or by its nature is considered confidential ("Customer Confidential Information") other than for the purpose of providing the Equipment and Services, and will disclose Customer Confidential Information only: (i) to Trane's employees and agents who have a need to know to perform the Services, (ii) as expressly permitted or instructed by Customer, or (iii) to the minimum extent required to comply with applicable law, provided that Trane (1) provides Customer with prompt written notice prior to any such disclosure, and (2) reasonably cooperate with Customer to limit or prevent such disclosure.**

4. **Customer Data; Compliance with Laws. Trane agrees to comply with laws, regulations governmental requirements and industry standards and practices relating to Trane's processing of Customer Confidential Information (collectively, "*Laws*").**

5. **Customer Data; Information Security Management. Trane agrees to establish and maintain an information security and privacy program, consistent with applicable HVAC equipment industry practices that complies with this Addendum and applicable Laws ("*Information Security Program*"). The Information Security Program shall include appropriate physical, technical and administrative safeguards, including any safeguards and controls agreed by the Parties in writing, sufficient to protect Customer systems, and Customer's Confidential Information from unauthorized access, destruction, use, modification or disclosure. The Information Security Program shall include appropriate, ongoing training and awareness programs designed to ensure that Trane's employees and agents, and others acting on Trane's, behalf are aware of and comply with the Information Security Program's policies, procedures, and protocols.**

6. **Monitoring. Trane shall monitor and, at regular intervals consistent with HVAC equipment industry practices, test and evaluate the effectiveness of its Information Security Program. Trane shall evaluate and promptly adjust its Information Security Program in light of the results of the testing and monitoring, any material changes to its operations or business arrangements, or any other facts or circumstances that Trane knows or reasonably should know may have a material impact on the security of Customer Confidential Information, Customer systems and Customer property.**

7. **Audits. Customer acknowledges and agrees that the Trane SOC2 audit report will be used to satisfy any and all audit/inspection requests/requirements by or on behalf of Customer. Trane will make its SOC2 audit report available to Customer upon request and with a signed nondisclosure agreement.**

8. **Information Security Contact. Trane's information security contact is Local Sales Office.**

9. **Security Incident Management. Trane shall notify Customer after the confirmation of a Security Incident that affects Customer Confidential Information, Customer systems and Customer property. The written notice shall summarize the nature and scope of the Security Incident and the corrective action already taken or planned.**

10. **Threat and Vulnerability Management. Trane regularly performs vulnerability scans and addresses detected vulnerabilities on a risk basis. Periodically, Trane engages third-parties to perform network vulnerability assessments and penetration testing. Vulnerabilities will be reported in accordance with Trane's cybersecurity vulnerability reported process. Trane periodically provides security updates and software upgrades.**

© 2026 Trane Technologies. All Rights Reserved.
Confidential and Proprietary Information of Trane U.S. Inc.

11. Security Training and Awareness. New employees are required to complete security training as part of the new hire process and receive annual and targeted training (as needed and appropriate to their role) thereafter to help maintain compliance with Security Policies, as well as other corporate policies, such as the Trane Code of Conduct. This includes requiring Trane employees to annually re-acknowledge the Code of Conduct and other Trane policies as appropriate. Trane conducts periodic security awareness campaigns to educate personnel about their responsibilities and provide guidance to create and maintain a secure workplace.

12. Secure Disposal Policies. Trane will maintain policies, processes, and procedures regarding the disposal of tangible and intangible property containing Customer Confidential Information so that wherever possible, Customer Confidential Information cannot be practicably read or reconstructed.

13. Logical Access Controls. Trane employs internal monitoring and logging technology to help detect and prevent unauthorized access attempts to Trane's corporate networks and production systems. Trane's monitoring includes a review of changes affecting systems' handling authentication, authorization, and auditing, and privileged access to Trane production systems. Trane uses the principle of "least privilege" (meaning access denied unless specifically granted) for access to customer data.

14. Contingency Planning/Disaster Recovery. Trane will implement policies and procedures required to respond to an emergency or other occurrence (i.e. fire, vandalism, system failure, natural disaster) that could damage Customer Data or any system that contains Customer Data. Procedures include the following
    (i) Data backups; and
    (ii) Formal disaster recovery plan. Such disaster recovery plan is tested at least annually.

15. Return of Customer Data. If Trane is responsible for storing or receiving Customer Data, Trane shall, at Customer's sole discretion, deliver Customer Data to Customer in its preferred format within a commercially reasonable period of time following the expiration or earlier termination of the Agreement or, such earlier time as Customer requests, securely destroy or render unreadable or undecipherable each and every original and copy in every media of all Customer's Data in Trane's possession, custody or control no later than [90 days] after receipt of Customer's written instructions directing Trane to delete the Customer Data.

16. Background Checks Trane shall take reasonable steps to ensure the reliability of its employees or other personnel having access to the Customer Data, including the conducting of appropriate background and/or verification checks in accordance with Trane policies.

17. DISCLAIMER OF WARRANTIES. EXCEPT FOR ANY APPLICABLE WARRANTIES IN THE AGREEMENT, THE SERVICES ARE PROVIDED "AS IS", WITH ALL FAULTS, AND THE ENTIRE RISK AS TO SATISFACTORY QUALITY, PERFORMANCE, ACCURACY AND EFFORT AS TO SUCH SERVICES SHALL BE WITH CUSTOMER. TRANE DISCLAIMS ANY AND ALL OTHER EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES WITH RESPECT TO THE SERVICES AND THE SERVICES PROVIDED HEREUNDER, INCLUDING ANY EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR THAT THE SERVICES WILL OPERATE ERROR-FREE OR UNINTERRUPTED OR RETURN/RESPONSE TO INQUIRIES WITHIN ANY SPECIFIC PERIOD OF TIME.

Proposal

Proposal is valid for 15 days.
Customer must obtain credit approval and release order to production within 60 days of proposal date.

PROPRIETARY AND CONFIDENTIAL PROPERTY OF Trane U.S. Inc.
DISTRIBUTION TO OTHER THAN THE NAMED RECIPIENT IS PROHIBITED

Prepared For: *Jose Socias*

Date: June 12, 2026

Job Name:
City of Cocoa City Hall ERU Repl

Proposal Number: H3-210855-41951-1
Opportunity ID: 3199789

Delivery Terms:
Freight Allowed and Prepaid - F.O.B. Factory

COOP Quote Number: H3-129406-26-001
COOP or Federal Contract ID: OMNIA Racine #3341

Payment Terms: Net 30 Days

Trane U.S. Inc. is pleased to provide the following proposal for your review and approval.

One (1) – Innovent Custom Energy Recovery Unit

Product Data

Casing

Smacna leakage class rating of 5.0
Maximum panel deflection shall not exceed l/250 at design total static pressure
Minimum r-13 insulation value for walls, ceilings, and flooring
2" thick double wall thermal-break panels, 0.040" aluminum outer wall, 0.040" aluminum inner wall
2 lb/ft3 polyurethane foam injected insulation in the walls and ceiling
Designed for outdoor installation
0.063" aluminum pitched roof
Unit shall ship in one piece

Floor

Floor shall be 2" thick paneled construction with 0.063" flat aluminum walk-on surface and 0.040" aluminum underside of paneled floor (not Exposed to air stream)
2 lb/ft3 polyurethane foam injected insulation
Safety grating provided for duct penetrations through the unit floor
The unit construction described above will not accommodate a plenum style curb

Frame & structural base

Frame and panel construction provided with aluminum structural tube framing members
10 ga coated welded steel structural base
Lifting lugs mounted on unit base

Access

Double wall insulated access doors with stainless steel hinges, corrosion resistant compression latches
Doors shall be tool lockable
Doors shall have pressure relief safety latches (doors that open with pressure)

Unit inlets/outlets

Return air inlet with duct connection
Supply air outlet with duct connection
Outside air inlet with weather hood and aluminum bird screen
Exhaust air outlet with weather hood and aluminum bird screen

Heat wheel

Enthalpy heat wheel with aluminum media, 3a molecular sieve desiccant
Wheel performance is certified per ahri 1060
Purge sector
Heat wheel shall be vfd controlled
Wheel rotation sensor

© 2026 Trane Technologies. All Rights Reserved.
Confidential and Proprietary Information of Trane U.S. Inc.

Supply fan
- Backward curved plenum fan, welded and coated steel wheel
- Amca certified ratings for sound and performance
- Direct drive assembly
- 1" spring isolated unitary fan/motor base, flex connectors provided at fan inlet
- Fan airflow probes provided, (see controls section of specification)
- Tefc premium efficiency motors
- Vfd-rated with class f insulation

Exhaust fan
- Backward curved plenum fan, welded and coated steel wheel
- Amca certified ratings for sound and performance
- Direct drive assembly
- 1" spring isolated unitary fan/motor base, flex connectors provided at fan inlet
- Fan airflow probes provided, (see controls section of specification)
- Tefc premium efficiency motors
- Vfd-rated with class f insulation

Outside filter
- 2" pleated merv 8 filter
- Front access filter rack construction to be aluminized steel

Return filter
- 2" pleated merv 8 filter
- Front access filter rack construction to be aluminized steel

Dampers
- Outside air inlet: aluminum airfoil blade, galvanized steel frame airflow monitoring, two-position actuator
- Exhaust air outlet: aluminum airfoil blade, aluminum frame, two-position actuator
- Motorized dampers:
- Amca certified performance
- Leakage rating of 3 cfm/ft2 at 1" wg
- Synthetic bearings
- Airflow monitoring dampers:
- Tested in accordance with amca standard 500-d
- Integral airflow straightener
- Leakage rating of 3 cfm/ft2 at 1" wg
- Synthetic bearings

Electrical
- Unit ETL listed as a complete package, unit factory wired to unit mounted NEMA 3R control panel
- Major electrical components UL listed (non-fused disconnect switch, control circuit fusing, control circuit transformer, fan motor starters, and overloads as applicable)
- Power wiring enclosed in conduit
- Single point power connection
- Unit shall have a short circuit current rating (SCCR) of 5 kA
- A supply fan VFD is provided by Innovent and factory installed by Innovent
- No manual bypass included
- Variable frequency drive enclosure shall have a strip heater and ventilation fan
- A exhaust fan VFD is provided by Innovent and factory installed by Innovent
- No manual bypass included
- Variable frequency drive enclosure shall have a strip heater and ventilation fan
- Heat wheel VFD provided by Innovent and factory installed by Innovent

Controls
- A fully-programmed Carel DDC controller is provided.
- A standard Innovent sequence of operation will be provided. Any customization of the standard sequence will require factory approval, revised pricing and a revised PO.
- This pricing does not include any controls start-up or commissioning services (those can be added for additional cost if required – consult factory for pricing).
- BACnet IP interface is included
- Pressure transducer provided by Innovent and wired directly to main unit DDC controller (CFM readout viewable at DDC controller)
- Sensors/transducers/switches are provided and installed by Innovent.

Warranty (*starts at unit start-up or 6 months from shipment, whatever occurs first)*
- 12 months whole unit parts and labor

Notes/Exceptions/Exclusions:
- Factory startup is included
- Curb adapter or curbs not included.
- Outside air dampers are aluminum
- External disconnects not included

Total Net Price *(excluding sales tax)* ..... $ 120,592.00

Trane shall have the right, at its discretion, to pass along any related increases should (1) its costs related to the manufacture, supply, and shipping for any product or service materially increase. This includes, but is not limited to, cost increases in raw materials, supplier components, labor, utilities, freight, logistics, wages and benefits, regulatory compliance, or any other event beyond Company's control and/or (2) any tariffs, taxes, levies or fees affecting, placed on or related to any product or service materially increases.

Tax Status: Taxable ☐ Exempt ☐	If you are claiming an exemption from sales tax on this project, please submit a completed exemption certificate for both the jobsite location state and the state where the equipment will be delivered (if different from the jobsite). You can submit the relevant state exemption certificate at the following link: https://trane.certifytax.com/custportalas.aspx . You will receive an email indicating approval or rejection within 1-2 business days. If your exemption claim is rejected, sales tax will be billed based on the state where the equipment was delivered. For any questions, please email: financial_services-tax_department@tranetechnologies.com.

TERMS AND CONDITIONS - COMMERCIAL EQUIPMENT

"Company" shall mean Trane U.S. Inc. for sales in the United States and Trane Canada ULC for sales in Canada.

1. Acceptance. These terms and conditions are an integral part of Company's offer and form the basis of any agreement (the "Agreement") resulting from Company's proposal (the "Proposal") for the sale of the described commercial equipment and any ancillary services (the "Equipment"). **COMPANY'S TERMS AND CONDITIONS AND EQUIPMENT PRICES ARE SUBJECT TO PERIODIC CHANGE OR AMENDMENT**. The Proposal is subject to acceptance in writing by the party to whom this offer is made or an authorized agent ("Customer") delivered to Company within 15 days from the date of the Proposal. Prices in the Proposal are subject to change at any time upon notice to Customer. If Customer accepts the Proposal by placing an order, without the addition of any other terms and conditions of sale or any other modification, Customer's order shall be deemed acceptance of the Proposal subject to Company's terms and conditions. If Customer's order is expressly conditioned upon Company's acceptance or assent to terms and/or conditions other than those expressed herein, return of such order by Company with Company's terms and conditions attached or referenced serves as Company's notice of objection to Customer's terms and as Company's counteroffer to provide Equipment in accordance with the Proposal and the Company's terms and conditions. If Customer does not reject or object in writing to Company within 10 days, Company's counteroffer will be deemed accepted. Notwithstanding anything to the contrary herein, Customer's acceptance of the Equipment will in any event constitute an acceptance by Customer of Company's terms and conditions. This Agreement is subject to credit approval by Company. Upon disapproval of credit, Company may delay or suspend performance or, at its option, renegotiate prices and/or terms and conditions with Customer. If Company and Customer are unable to agree on such revisions, this Agreement shall be cancelled without any liability.

2. Connected Services and Company Provided Telematics Connectivity. In addition to these terms and conditions, the Connected Services Terms of Service ("Connected Services Terms"), available at https://www.trane.com/TraneConnectedServicesTerms, as updated from time to time, are incorporated herein by reference and shall apply to the extent that Company provides Customer with Connected Services, as defined in the Connected Services Terms. Certain Equipment may include, or be installed together with, Company provided Telematics Devices that provide remote connectivity and the Connected Services Terms set forth the terms and conditions applicable to the Telematics Devices and connectivity, including opt-out provisions. If Customer provides or transfers the Equipment to another party, Customer shall ensure that such party is informed in writing of the presence of any Telematics Devices and the applicability of the Connected Services Terms.

3. Title and Risk of Loss. All Equipment sales with destinations to Canada or the U.S. shall be made as follows: FOB Company's U.S. manufacturing facility or warehouse (full freight allowed). Title and risk of loss or damage to Equipment will pass to Customer upon tender of delivery of such to carrier at Company's U.S. manufacturing facility or warehouse.

4. Pricing and Taxes. Within forty-five (45) days following Customer acceptance of the Proposal without addition of any other terms and conditions of sale or any modification, Customer shall provide notification of release for immediate production at Company's factory. Prices for Equipment are subject to change at any time prior to shipment to reflect any cost increases related to the manufacture, supply, and shipping of Equipment. This includes, but is not limited to, cost increases in raw materials, supplier components, labor, utilities, freight, logistics, wages and benefits, regulatory compliance, or any other event beyond Company's control. If shipment is delayed due to Customer's actions, Company may also charge Customer with storage fees. If a release is not received within 6 months following order acceptance, Company reserves the right to cancel any order. Company shall be entitled to equitable adjustments in the contract price to reflect any cost increases as set forth above and will provide notice to Customer prior to the date for which the increased price is to be in effect for the applicable customer contract. In no event will prices be decreased. The price of Equipment does not include any present or future foreign, federal, state, or local property, license, privilege, sales, use, excise, value added, gross receipts or other like taxes or assessments. Such amounts will be itemized separately to Customer, who will make prompt payment to Company. Company will accept valid exemption documentation for such taxes and assessments from Customer, if applicable. All prices include packaging in accordance with Company's standard procedures. Charges for special packaging, crating, or packing are the responsibility of Customer.

5. Delivery and Delays. Delivery dates are approximate and not guaranteed. Company will use commercially reasonable efforts to deliver the Equipment on or before the estimated delivery date, will notify Customer if the estimated delivery dates cannot be honored, and will deliver the Equipment and services as soon as practicable thereafter. In no event will Company be liable for any damages or expenses caused by delays in delivery.

6. Performance. Company shall be obligated to furnish only the Equipment described in the Proposal and in submittal data (if such data is issued in connection with the order). Company may rely on the acceptance of the Proposal and submittal data as acceptance of the suitability of the Equipment for the particular project or location. Unless specifically stated in the Proposal, compliance with any local building codes or other laws or regulations relating to specifications or the location, use or operation of the Equipment is the sole responsibility of Customer. If Equipment is tendered that does not fully comply with the provisions of this Agreement and Equipment is rejected by Customer, Company will have the right to cure within a reasonable time after notice thereof by substituting a conforming tender whether or not the time for performance has passed.

7. Force Majeure. Company's duty to perform under this Agreement and the Equipment prices are contingent upon the non-occurrence of an Event of Force Majeure. If the Company shall be unable to carry out any material obligation under this Agreement due to an Event of Force Majeure, this Agreement shall at Company's election (i) remain in effect but Company's obligations shall be suspended until the uncontrollable event terminates or (ii) be terminated upon 10 days' notice to Customer, in which event Customer shall pay Company for all parts of the Work furnished to the date of termination. An "Event of Force Majeure" shall mean any cause or event beyond the control of Company. Without limiting the foregoing, "Event of Force Majeure" includes: acts of God; acts of terrorism, war or the public enemy; flood; earthquake; tornado; storm; fire; civil disobedience; pandemic insurrections; riots; labor/labour disputes; labor/labour or material shortages; sabotage; restraint by court order or public authority (whether valid or invalid); and action or non-action by or inability to obtain or keep in force the necessary governmental authorizations, permits, licenses, certificates or approvals if not caused by Company; and the requirements of any applicable government in any manner that diverts either the material or the finished product to the direct or indirect benefit of the government.

8. Limited Warranty. Company warrants the Equipment manufactured by Company for a period of the lesser of 12 months from initial start-up or 18 months from date of shipment, whichever is less, against failure due to defects in material and manufacture and that it has the capacities and ratings set forth in Company's catalogs and bulletins ("Warranty"). **Equipment manufactured by Company that includes required start-up and sold in North America will not be warranted by Company unless Company performs the Equipment startup**. Exclusions from this Warranty include damage or failure arising from: wear and tear; corrosion, erosion, deterioration; modifications made by others to the Equipment; repairs or alterations by a party other than Company that adversely affects the stability or reliability of the Equipment; vandalism; neglect; accident; adverse weather or environmental conditions; abuse or improper use; improper installation; commissioning by a party other than Company; unusual physical or electrical or mechanical stress; operation with any accessory, equipment or part not specifically approved by Company; refrigerant not supplied by Company; and/or lack of proper maintenance as recommended by Company. Company shall not be obligated to pay for the cost of lost refrigerant or lost product. Company's obligations and liabilities under this Warranty are limited to furnishing replacement equipment or parts, at its option, FCA (Incoterms 2000) factory or warehouse (f.o.b. factory or warehouse for US domestic purposes) at Company-designated shipping point, freight-allowed to Company's warranty agent's stock location, for all non-conforming Company-manufactured Equipment (which have been returned by Customer to Company). Returns must have prior written approval by Company and are subject to restocking charge where applicable. Equipment, material, and/or parts that are not manufactured by Company ("Third-Party Product(s)") are not warranted by Company and have such warranties as may be extended by the respective manufacturer. **CUSTOMER UNDERSTANDS THAT COMPANY IS NOT THE MANUFACTURER OF ANY THIRD-PARTY PRODUCT(S) AND ANY WARRANTIES, CLAIMS, STATEMENTS, REPRESENTATIONS, OR SPECIFICATIONS ARE THOSE OF THE THIRD-PARTY MANUFACTURER, NOT COMPANY AND CUSTOMER IS NOT RELYING ON ANY WARRANTIES, CLAIMS, STATEMENTS, REPRESENTATIONS, OR SPECIFICATIONS REGARDING THE THIRD-PARTY PRODUCT THAT MAY BE PROVIDED BY COMPANY OR ITS AFFILIATES, WHETHER ORAL OR WRITTEN. COMPANY MAKES NO REPRESENTATION OR WARRANTY OF ANY KIND, INCLUDING WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE. ADDITIONALLY, COMPANY MAKES NO REPRESENTATION OR WARRANTY OF ANY KIND REGARDING PREVENTING., ELIMINATING, REDUCING OR INHIBITING ANY MOLD, FUNGUS, BACTERIA, VIRUS, MICROBIAL GROWTH, OR ANY OTHER CONTAMINANTS (INCLUDING COVID-19 OR ANY SIMILAR VIRUS) (COLLECTIVELY, "CONTAMINANTS"), WHETHER INVOLVING OR IN CONNECTION WITH EQUIPMENT, ANY COMPONENT THEREOF, SERVICES OR OTHERWISE. IN NO EVENT SHALL COMPANY HAVE ANY LIABILITY FOR THE PREVENTION, ELIMINATION, REDUCTION OR INHIBITION OF THE GROWTH OR SPREAD OF SUCH CONTAMINANTS INVOLVING OR IN CONNECTION WITH ANY EQUIPMENT, THIRD-PARTY PRODUCT, OR ANY COMPONENT THEREOF, SERVICES OR OTHERWISE AND CUSTOMER HEREBY SPECIFICALLY ACKNOWLEDGES AND AGREES THERETO.** No warranty liability whatsoever shall attach to Company until Customer's complete order has been paid for in full and Company's liability under this Warranty shall be limited to the purchase price of the Equipment shown to be defective. Additional warranty protection is available on an extra-cost basis and must be in writing and agreed to by an authorized signatory of the Company. **EXCEPT FOR COMPANY'S WARRANTY EXPRESSLY SET FORTH HEREIN, COMPANY DOES NOT MAKE, AND HEREBY EXPRESSLY DISCLAIMS, ANY WARRANTIES, EXPRESS OR IMPLIED CONCERNING ITS PRODUCTS, EQUIPMENT OR SERVICES, INCLUDING, WITHOUT LIMITATION, ANY WARRANTY OF DESIGN, MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE, OR OTHERS THAT ARE ALLEGED TO ARISE FROM COURSE OF DEALING OR TRADE.**

9. Indemnity. To the fullest extent permitted by law, Company and Customer shall indemnify, defend and hold harmless each other from any and all claims, actions, costs, expenses, damages and liabilities, including reasonable attorneys' fees, resulting from death or bodily injury or damage to real or personal property, to the extent caused by the negligence or misconduct of their respective employees or other authorized agents in connection with their activities within the scope of this Agreement. Neither party shall indemnify the other against claims, damages, expenses, or liabilities to the extent attributable to the acts or omissions of the other party. If the parties are both

© 2026 Trane Technologies. All Rights Reserved.
Confidential and Proprietary Information of Trane U.S. Inc.

at fault, the obligation to indemnify shall be proportional to their relative fault. The duty to indemnify will continue in full force and effect, notwithstanding the expiration or early termination hereof, with respect to any claims based on facts or conditions that occurred prior to expiration or termination.

10. Insurance. Upon request, Company will furnish evidence of its standard insurance coverage. If Customer has requested to be named as an additional insured under Company's insurance policy, Company will do so but only subject to Company's manuscript additional insured endorsement under its primary Commercial General Liability policies. In no event does Company waive any rights of subrogation.

11. Customer Breach. Each of the following events or conditions shall constitute a breach by Customer and shall give Company the right, without an election of remedies, to terminate this Agreement, require payment prior to shipping, or suspend performance by delivery of written notice: (1) Any failure by Customer to pay amounts when due; (2) any general assignment by Customer for the benefit of its creditors, or if Customer becomes bankrupt or insolvent or takes the benefit of any statute for bankrupt or insolvent debtors, or makes or proposes to make any proposal or arrangement with creditors, or if any steps are taken for the winding up or other termination of Customer or the liquidation of its assets, or if a trustee, receiver, or similar person is appointed over any of the assets or interests of Customer; (3) Any representation or warranty furnished by Customer in connection with this Agreement is false or misleading in any material respect when made; or (4) Any failure by Customer to perform or comply with any material provision of this Agreement. Customer shall be liable to the Company for all Equipment furnished and all damages sustained by Company (including lost profit and overhead).

12. Limitation of Liability. NOTWITHSTANDING ANYTHING TO THE CONTRARY, IN NO EVENT SHALL COMPANY BE LIABLE FOR ANY SPECIAL, INCIDENTAL, LIQUIDATED, INDIRECT CONSEQUENTIAL, PUNITIVE, EXEMPLARY DAMAGES (INCLUDING WITHOUT LIMITATION REFRIGERANT LOSS, BUSINESS INTERRUPTION, LOST DATA, LOST REVENUE, LOST PROFITS), OR CONTAMINANTS LIABILITIES, EVEN IF A PARTY HAS BEEN ADVISED OF SUCH POSSIBLE DAMAGES OR IF SAME WERE REASONABLY FORESEEABLE AND REGARDLESS OF WHETHER THE CAUSE OF ACTION IS FRAMED IN CONTRACT, NEGLIGENCE, ANY OTHER TORT, WARRANTY, STRICT LIABILITY, OR PRODUCT LIABILITY. In no event will Company's liability in connection with the provision of products or services or otherwise under this Agreement exceed the entire amount paid to Company by Customer under this Agreement.

13. CONTAMINANTS LIABILITY

The transmission of COVID-19 may occur in a variety of ways and circumstances, many of the aspects of which are currently not known. HVAC systems, products, services, and other offerings have not been tested for their effectiveness in reducing the spread of COVID-19, including through the air in closed environments**. IN NO EVENT WILL COMPANY BE LIABLE UNDER THIS AGREEMENT OR OTHERWISE FOR ANY INDEMNIFICATION, ACTION, OR CLAIM, WHETHER BASED ON WARRANTY, CONTRACT, TORT OR OTHERWISE, FOR ANY BODILY INJURY (INCLUDING DEATH), DAMAGE TO PROPERTY, OR ANY OTHER LIABILITIES, DAMAGES OR COSTS RELATED TO CONTAMINANTS (INCLUDING THE SPREAD, TRANSMISSION, MITIGATION, ELIMINATION, OR CONTAMINATION THEREOF) (COLLECTIVELY, "CONTAMINANTS LIABILITIES") AND CUSTOMER HEREBY EXPRESSLY RELEASES COMPANY FROM ANY SUCH CONTAMINANTS LIABILITIES.**

14. Nuclear Liability. In the event that the Equipment sold hereunder is to be used in a nuclear facility, Customer will, prior to such use, arrange for insurance or governmental indemnity protecting Company against all liability and hereby releases and agrees to indemnify Company and its suppliers for any nuclear damage, including loss of use, in any manner arising out of a nuclear incident, whether alleged to be due, in whole or in part to the negligence or otherwise of Company or its suppliers.

15. Intellectual Property; Patent Indemnity. Company retains all ownership, license and other rights to all patents, trademarks, copyrights, trade secrets, and other intellectual property rights related to the Equipment, and, except for the right to use the Equipment sold, Customer obtains no rights to use any such intellectual property. Company agrees to defend any suit or proceeding brought against Customer so far as such suit or proceeding is solely based upon a claim that the use of the Equipment provided by Company constitutes infringement of any patent of the United States of America, provided Company is promptly notified in writing and given authority, information and assistance for defense of same. Company will, at its option, procure for Customer the right to continue to use said Equipment, or modify it so that it becomes non-infringing, or replace same with non-infringing Equipment, or to remove said Equipment and to refund the purchase price. The foregoing will not be construed to include any Agreement by Company to accept any liability whatsoever in respect to patents for inventions including more than the Equipment furnished hereunder, or in respect of patents for methods and processes to be carried out with the aid of said Equipment. The provision of Equipment by Company does not convey any license, by implication, estoppel, or otherwise, under patent claims covering combinations of said Equipment with other devices or elements. The foregoing states the entire liability of Company with regard to patent infringement. Notwithstanding the provisions of this paragraph, Customer will hold Company harmless against any expense or loss resulting from infringement of patents or trademarks arising from compliance with Customer's designs or specifications or instructions.

16. Cancellation. Equipment is specially manufactured in response to orders. An order placed with and accepted by Company cannot be delayed, canceled, suspended, or extended except with Company's written consent and upon written terms accepted by Company that will reimburse Company for and indemnify Company against loss and provide Company with a reasonable profit for its materials, time, labor, services, use of facilities and otherwise. Customer will be obligated to accept any Equipment shipped, tendered for delivery or delivered by Company pursuant to the order prior to any agreed delay, cancellation, suspension or extension of the order. Any attempt by Customer to unilaterally revoke, delay or suspend acceptance for any reason whatever after it has agreed to delivery of or accepted any shipment shall constitute a breach of this Agreement. For purposes of this paragraph, acceptance occurs by any waiver of inspection, use or possession of Equipment, payment of the invoice, or any indication of exclusive control exercised by Customer.

17. Invoicing and Payment. Unless otherwise agreed to in writing by Company, equipment shall be invoiced to Customer upon tender of delivery thereof to the carrier. Customer shall pay Company's invoices within net 30 days of shipment date. Company reserves the right to add to any account outstanding for more than 30 days a service charge equal to the lesser of the maximum allowable legal interest rate or 1.5% of the principal amount due at the end of each month. Customer shall pay all costs (including attorneys' fees) incurred by Company in attempting to collect amounts due and otherwise enforcing these terms and conditions. If requested, Company will provide appropriate lien waivers upon receipt of payment. Company may at any time decline to ship, make delivery, or perform work except upon receipt of cash payment, letter of credit, or security, or upon other terms and conditions satisfactory to Company. Customer agrees that, unless Customer makes payment in advance, Company will have a purchase money security interest in all Equipment to secure payment in full of all amounts due Company and its order for the Equipment, together with these terms and conditions, form a security agreement (as defined by the UCC in the United States and as defined in the Personal Property Security Act in Canada). Customer shall keep the Equipment free of all taxes and encumbrances, shall not remove the Equipment from its original installation point, and shall not assign or transfer any interest in the Equipment until all payments due Company have been made. The purchase money security interest granted herein attaches upon Company's acceptance of Customer's order and on receipt of the Equipment described in the accepted Proposal but prior to its installation. The parties have no agreement to postpone the time for attachment unless specifically noted in writing on the accepted order. Customer will have no rights of set off against any amounts, which become payable to Company under this Agreement or otherwise.

18. Claims. Company will consider claims for concealed shortages in shipments or rejections due to failure to conform to an order only if such claims or rejections are made in writing within 15 days of delivery and are accompanied by the packing list and, if applicable, the reasons in detail why the Equipment does not conform to Customer's order. Upon receiving authorization and shipping instructions from authorized personnel of Company, Customer may return rejected Equipment, transportation charges prepaid, for replacement. Company may charge Customer any costs resulting from the testing, handling, and disposition of any Equipment returned by Customer which are not found by Company to be nonconforming. All Equipment damaged during shipment and all claims relating thereto must be made with the freight carrier in accordance with such carrier's policies and procedures. Claims for Equipment damaged during shipment are not covered under the warranty provision stated herein.

19. Export Laws. The obligation of Company to supply Equipment under this Agreement is subject to the ability of Company to supply such items consistent with applicable laws and regulations of the United States and other governments. Company reserves the right to refuse to enter into or perform any order, and to cancel any order, under this Agreement if Company in its sole discretion determines that performance of the transaction to which such order relates would violate any such applicable law or regulation. Customer will pay all handling and other similar costs from Company's factories including the costs of freight, insurance, export clearances, import duties and taxes. Customer will be "exporter of record" with respect to any export from the United States of America and will perform all compliance and logistics functions in connection therewith and will also comply with all applicable laws, rules, and regulations. Customer understands that Company and/or the Equipment are subject to laws and regulations of the United States of America which may require licensing or authorization for and/or prohibit export, re-export or diversion of Company's Equipment to certain countries, and agrees it will not knowingly assist or participate in any such diversion or other violation of applicable United States of America laws and regulations. Customer agrees to hold harmless and indemnify Company for any damages resulting to Customer or Company from a breach of this paragraph by Customer. Furthermore, the Customer acknowledges that the Company's Equipment are subject to export control and sanction laws and regulations, including but not limited to the U.S. Export Administration Regulations (EAR) (15 CFR 730-774) and the Foreign Asset Control Regulations (31 CFR 500) ("laws and regulations"). The Customer agrees to comply with all such laws and regulations. The Customer will not use or divert the Equipment for any prohibited end-uses, such as the proliferation of weapons of mass destruction. The Customer also agrees not to re-export or transfer the Equipment in violation of export control laws.

20. General. Except as provided below, to the maximum extent provided by law, this Agreement is made and shall be interpreted and enforced in accordance with the laws of the state of New York for Equipment shipped to a U.S. location and the laws of the province to which Equipment is shipped within Canada, without regard to its conflict of law principles that might otherwise call for the application of a different state's or province's law, and not including the United Nations Convention on Contracts for the International Sale of Goods. To the extent the Equipment is being used at a site owned and/or operated by any agency of the Federal Government, determination of any substantive issue of law shall be according to the Federal common law of Government contracts as enunciated and applied by Federal judicial bodies and boards of contract appeals of the Federal Government. This Agreement contains all of the agreements, representations and understandings of the parties and supersedes all

© 2026 Trane Technologies. All Rights Reserved.
Confidential and Proprietary Information of Trane U.S. Inc.

previous understandings, commitments, or agreements, oral or written, related to the subject matter hereof. This Agreement may not be amended, modified, or terminated except by a writing signed by the parties hereto. No documents shall be incorporated herein by reference except to the extent Company is a signatory thereon. If any term or condition of this Agreement is invalid, illegal or incapable of being enforced by any rule of law, all other terms and conditions of this Agreement will nevertheless remain in full force and effect as long as the economic or legal substance of the transaction contemplated hereby is not affected in a manner adverse to any party hereto. Customer may not assign, transfer, or convey this Agreement, or any part hereof, or its right, title, or interest herein, without the written consent of the Company. Subject to the foregoing, this Agreement shall be binding upon and inure to the benefit of Customer's permitted successors and assigns. This Agreement may be executed in several counterparts, each of which when executed shall be deemed to be an original, but all together shall constitute but one and the same Agreement. A fully executed facsimile copy hereof or the several counterparts shall suffice as an original.

21. Federal Requirements. The Parties shall comply with all United States federal labor law obligations under 29 CFR part 471, appendix A to subpart A. THE FOLLOWING PROVISIONS ARE INCORPORATED HEREIN BY REFERENCE: Executive Order 11701 and 41 CFR §§ 60-250.5(a), 60-300.5; Executive Order 11758 and 41 CFR § 60-741.5(a); U.S. immigration laws, including the L-1 Visa Reform Act of 2004 and the H-1B Visa Reform Act of 2004; and Executive Order 13496. The Parties shall abide by the requirements of 41 CFR 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to protected veteran status or disability. The Parties certify that they do not operate any programs promoting DEI that violate any applicable United States anti-discrimination laws and acknowledge and agree that their compliance with all applicable federal anti-discrimination laws is material to the federal government's payment decisions. The Parties acknowledge and agree that their employment, procurement, and contracting practices shall not consider race, color, sex, sexual preference, religion, or national origin in ways that violate United States federal civil rights laws.

22. U.S. Government Work.

The following provision applies only to direct sales by Company to the US Government. The Parties acknowledge that Equipment ordered and delivered under this Agreement are Commercial Items as defined under Part 12 of the Federal Acquisition Regulation (FAR). In particular, Company agrees to be bound only by those Federal contracting clauses that apply to "commercial" suppliers and that are contained in FAR 52.212-5(e)(1).

The following provision applies only to indirect sales by Company to the US Government. As a Commercial Item Subcontractor, Company accepts only the following mandatory flow-down provisions: 52.219-8; 52.222-26; 52.222-35; 52.222-36; 52.222-39; 52.247-64. If the sale of the Equipment is in connection with a U.S. Government contract, Customer certifies that it has provided and will provide current, accurate, and complete information, representations and certifications to all government officials, including but not limited to the contracting officer and officials of the Small Business Administration, on all matters related to the prime contract, including but not limited to all aspects of its ownership, eligibility, and performance. Anything herein notwithstanding, Company will have no obligations to Customer unless and until Customer provides Company with a true, correct, and complete executed copy of the prime contract. Upon request, Customer will provide copies to Company of all requested written communications with any government official related to the prime contract prior to or concurrent with the execution thereof, including but not limited to any communications related to Customer's ownership, eligibility, or performance of the prime contract. Customer will obtain written authorization and approval from Company prior to providing any government official any information about Company's performance of the work that is the subject of the Proposal or this Agreement, other than the Proposal or this Agreement.

23. Limited Waiver of Sovereign Immunity. If Customer is an Indian tribe (in the U.S.) or a First Nation or Band Council (in Canada), Customer, whether acting in its capacity as a government, governmental entity, a duly organized corporate entity or otherwise, for itself and for its agents, successors, and assigns: (1) hereby provides this limited waiver of its sovereign immunity as to any damages, claims, lawsuit, or cause of action (herein "Action") brought against Customer by Company and arising or alleged to arise out of the furnishing by Company of any product or service under this Agreement, whether such Action is based in contract, tort, strict liability, civil liability or any other legal theory; (2) agrees that jurisdiction and venue for any such Action shall be proper and valid (a) if Customer is in the U.S., in any state or United States court located in the state in which Company is performing this Agreement or (b) if Customer is in Canada, in the superior court of the province or territory in which the work was performed; (3) expressly consents to such Action, and waives any objection to jurisdiction or venue; (4) waives any requirement of exhaustion of tribal court or administrative remedies for any Action arising out of or related to this Agreement; and (5) expressly acknowledges and agrees that Company is not subject to the jurisdiction of Customer's tribal court or any similar tribal forum, that Customer will not bring any action against Company in tribal court, and that Customer will not avail itself of any ruling or direction of the tribal court permitting or directing it to suspend its payment or other obligations under this Agreement. The individual signing on behalf of Customer warrants and represents that such individual is duly authorized to provide this waiver and enter into this Agreement and that this Agreement constitutes the valid and legally binding obligation of Customer, enforceable in accordance with its terms.

SECURITY ADDENDUM

This Addendum shall be applicable to the sale, installation and use of Trane equipment and the sale and provision of Trane services. "Trane" shall mean Trane U.S. Inc. for sales and services in the United States, or Trane Canada ULC for sales and services in Canada.

1. **Definitions.** All terms used in this Addendum shall have the meaning specified in the Agreement unless otherwise defined herein. For the purposes of this Addendum, the following terms are defined as follows:
"Customer Data" means Customer account information as related to the Services only and does not include HVAC Machine Data or personal data. Trane does not require, nor shall Customer provide personal data to Trane under the Agreement. Such data is not required for Trane to provide its Equipment and/or Services to the Customer.
"Equipment" shall have the meaning set forth in the Agreement.
"HVAC Machine Data" means data generated and collected from the product or furnished service without manual entry. HVAC Machine Data is data relating to the physical measurements and operating conditions of a HVAC system, such as but not limited to, temperatures, humidity, pressure, HVAC equipment status. HVAC Machine Data does not include Personal Data and, for the purposes of this agreement, the names of users of Trane's controls products or hosted applications shall not be Personal Data, if any such user chooses to use his/her name(s) in the created accounts within the controls product (e.g., firstname.lastname@address.com). HVAC Machine Data may be used by Trane: (a) to provide better support services and/or products to users of its products and services; (b) to assess compliance with Trane terms and conditions; (c) for statistical or other analysis of the collective characteristics and behaviors of product and services users; (d) to backup user and other data or information and/or provide remote support and/or restoration; (e) to provide or undertake: engineering analysis; failure analysis; warranty analysis; energy analysis; predictive analysis; service analysis; product usage analysis; and/or other desirable analysis, including, but not limited to, histories or trends of any of the foregoing; and (f) to otherwise understand and respond to the needs of users of the product or furnished service. "Personal Data" means data and/or information that is owned or controlled by Customer, and that names or identifies, or is about a natural person, such as: (i) data that is explicitly defined as a regulated category of data under any data privacy laws applicable to Customer; (ii) non-public personal information ("NPI") or personal information ("PI"), such as national identification number, passport number, social security number, social insurance number, or driver's license number; (iii) health or medical information, such as insurance information, medical prognosis, diagnosis information, or genetic information; (iv) financial information, such as a policy number, credit card number, and/or bank account number; (v) personally identifying technical information (whether transmitted or stored in cookies, devices, or otherwise), such as IP address, MAC address, device identifier, International Mobile Equipment Identifier ("IMEI"), or advertising identifier; (vi) biometric information; and/or (vii) sensitive personal data, such as, race, religion, marital status, disability, gender, sexual orientation, geolocation, or mother's maiden name.
"Security Incident" shall refer to (i) a compromise of any network, system, application or data in which Customer Data has been accessed or acquired by an unauthorized third party; (ii) any situation where Trane reasonably suspects that such compromise may have occurred; or (iii) any actual or reasonably suspected unauthorized or illegal Processing, loss, use, disclosure or acquisition of or access to any Customer Data.
"Services" shall have the meaning set forth in the Agreement.

2. HVAC Machine Data; Access to Customer Extranet and Third-Party Systems. If Customer grants Trane access to HVAC Machine Data via web portals or other non-public websites or extranet services on Customer's or a third party's website or system (each, an "Extranet"), Trane will comply with the following:
    a. Accounts. Trane will ensure that Trane's personnel use only the Extranet account(s) designated by Customer and will require Trane personnel to keep their access credentials confidential.
    b. Systems. Trane will access the Extranet only through computing or processing systems or applications running operating systems managed by Trane that include: (i) system network firewalls; (ii) centralized patch management; (iii) operating system appropriate anti-malware software; and (iv) for portable devices, full disk encryption.
    c. Restrictions. Unless otherwise approved by Customer in writing, Trane will not download, mirror, or permanently store any HVAC Machine Data from any Extranet on any medium, including any machines, devices, or servers.
    d. Account Termination. Trane will terminate the account of each of Trane's personnel in accordance with Trane's standard practices after any specific Trane personnel who has been authorized to access any Extranet (1) no longer needs access to HVAC Machine Data or (2) no longer qualifies as Trane personnel (e.g., the individual leaves Trane's employment).
    e. Third-Party Systems. Trane will provide Customer prior notice before it uses any third-party system that stores or may otherwise have access to HVAC Machine Data, unless (1) the data is encrypted and (2) the third-party system will not have access to the decryption key or unencrypted "plain text" versions of the HVAC Machine Data.

3. Customer Data; Confidentiality. Trane shall keep confidential, and shall not access or use any Customer Data and information that is marked confidential or by its nature is considered confidential ("Customer Confidential Information") other than for the purpose of providing the Equipment and Services, and will disclose Customer Confidential Information only: (i) to Trane's employees and agents who have a need to know to perform the Services, (ii) as expressly permitted or instructed by Customer, or (iii) to the minimum extent required to comply with applicable law, provided that Trane (1) provides Customer with prompt written notice prior to any such disclosure, and (2) reasonably cooperate with Customer to limit or prevent such disclosure.

4. Customer Data; Compliance with Laws. Trane agrees to comply with laws, regulations governmental requirements and industry standards and practices relating to Trane's processing of Customer Confidential Information (collectively, "***Laws***").

5. Customer Data; Information Security Management. Trane agrees to establish and maintain an information security and privacy program, consistent with applicable HVAC equipment industry practices that complies with this Addendum and applicable Laws ("***Information Security Program***"). The Information Security Program shall include appropriate physical, technical and administrative safeguards, including any safeguards and controls agreed by the Parties in writing, sufficient to protect Customer systems, and Customer's Confidential Information from unauthorized access, destruction, use, modification, or disclosure. The Information Security Program shall include appropriate, ongoing training and awareness programs designed to ensure that Trane's employees and agents, and others acting on Trane's, behalf are aware of and comply with the Information Security Program's policies, procedures, and protocols.

6. Monitoring. Trane shall monitor and, at regular intervals consistent with HVAC equipment industry practices, test and evaluate the effectiveness of its Information Security Program. Trane shall evaluate and promptly adjust its Information Security Program in light of the results of the testing and monitoring, any material changes to its operations or business arrangements, or any other facts or circumstances that Trane knows or reasonably should know may have a material impact on the security of Customer Confidential Information, Customer systems and Customer property.

7. Audits. Customer acknowledges and agrees that the Trane SOC2 audit report will be used to satisfy any and all audit/inspection requests/requirements by or on behalf of Customer. Trane will make its SOC2 audit report available to Customer upon request and with a signed nondisclosure agreement.

8. Information Security Contact. Trane's information security contact is Local Sales Office.

9. Security Incident Management. Trane shall notify Customer after the confirmation of a Security Incident that affects Customer Confidential Information, Customer systems, and Customer property. The written notice shall summarize the nature and scope of the Security Incident and the corrective action already taken or planned.

10. Threat and Vulnerability Management. Trane regularly performs vulnerability scans and addresses detected vulnerabilities on a risk basis. Periodically, Trane engages third parties to perform network vulnerability assessments and penetration testing. Vulnerabilities will be reported in accordance with Trane's cybersecurity vulnerability reported process. Trane periodically provides security updates and software upgrades.

11. Security Training and Awareness. New employees are required to complete security training as part of the new hire process and receive annual and targeted training (as needed and appropriate to their role) thereafter to help maintain compliance with Security Policies, as well as other corporate policies, such as the Trane Code of Conduct. This includes requiring Trane employees to annually re-acknowledge the Code of Conduct and other Trane policies as appropriate. Trane conducts periodic security awareness campaigns to educate personnel about their responsibilities and provide guidance to create and maintain a secure workplace.

© 2026 Trane Technologies. All Rights Reserved.
Confidential and Proprietary Information of Trane U.S. Inc.

12. Secure Disposal Policies. Trane will maintain policies, processes, and procedures regarding the disposal of tangible and intangible property containing Customer Confidential Information so that wherever possible, Customer Confidential Information cannot be practicably read or reconstructed.

13. Logical Access Controls. Trane employs internal monitoring and logging technology to help detect and prevent unauthorized access attempts to Trane's corporate networks and production systems. Trane's monitoring includes a review of changes affecting systems' handling authentication, authorization, and auditing, and privileged access to Trane production systems. Trane uses the principle of "least privilege" (meaning access denied unless specifically granted) for access to customer data.

14. Contingency Planning/Disaster Recovery. Trane will implement policies and procedures required to respond to an emergency or other occurrence (i.e., fire, vandalism, system failure, natural disaster) that could damage Customer Data or any system that contains Customer Data. Procedures include the following:
    (i) Data backups; and
    (ii) Formal disaster recovery plan. Such disaster recovery plan is tested at least annually.

15. Return of Customer Data. If Trane is responsible for storing or receiving Customer Data, Trane shall, at Customer's sole discretion, deliver Customer Data to Customer in its preferred format within a commercially reasonable period of time following the expiration or earlier termination of the Agreement or, such earlier time as Customer requests, securely destroy or render unreadable or undecipherable each and every original and copy in every media of all Customer's Data in Trane's possession, custody or control no later than [90 days] after receipt of Customer's written instructions directing Trane to delete the Customer Data.

16. Background Checks Trane shall take reasonable steps to ensure the reliability of its employees or other personnel having access to the Customer Data, including the conducting of appropriate background and/or verification checks in accordance with Trane policies.

17. DISCLAIMER OF WARRANTIES. EXCEPT FOR ANY APPLICABLE WARRANTIES IN THE AGREEMENT, THE SERVICES ARE PROVIDED "AS IS", WITH ALL FAULTS, AND THE ENTIRE RISK AS TO SATISFACTORY QUALITY, PERFORMANCE, ACCURACY AND EFFORT AS TO SUCH SERVICES SHALL BE WITH CUSTOMER. TRANE DISCLAIMS ANY AND ALL OTHER EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES WITH RESPECT TO THE SERVICES AND THE SERVICES PROVIDED HEREUNDER, INCLUDING ANY EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR THAT THE SERVICES WILL OPERATE ERROR-FREE OR UNINTERRUPTED OR RETURN/RESPONSE TO INQUIRIES WITHIN ANY SPECIFIC PERIOD OF TIME.

Trane Turnkey Proposal

Executive Summary

Trane is pleased to present a solution to help the City of Cocoa reach its performance goals and objectives. This proposed project will enhance your operation by helping you to optimize your resources, improve the comfort in your facility, and reduce energy costs.

We appreciate the effort from the City of Cocoa to assist in the HVAC system analysis and business discussions. Because of your efforts, we were able to develop a proposal that offers Turnkey retrofit service solutions to your specific concerns, based on Trane system knowledge and application expertise.

As your partner, Trane is committed to providing Turnkey retrofit services to help achieve a comfortable building environment for the people who occupy the building. For the people who own, manage and maintain the building, Trane is committed to providing reliable HVAC systems and products that improve performance.

Some key features and benefits Cocoa City Hall should expect from this project are highlighted below.

- **Trane Safety Plans in Place**
- **Trane Installation Team Oversight**
- **Turnkey Project**

Trane appreciates the opportunity to earn your business. Your investment in the proposed project will provide Cocoa City Hall with the capability to significantly reduce operating costs and improve comfort conditions in your facility.

We look forward to partnering with the City of Cocoa for your Turnkey retrofits service needs. I will be contacting you soon to discuss the proposal and to schedule the next steps

WE VALUE THE CONFIDENCE YOU HAVE PLACED IN TRANE AND LOOK FORWARD TO PARTNERING WITH YOU.

Prepared For:
Jose Socias

Date:
June 12, 2026

Job Name:
Cocoa City Hall ERU-1

Proposal ID:
3199789

Delivery Terms:
Freight Allowed and Prepaid – F.O.B. Factory

Payment Terms:
Net 30

State Contractor License Number:
CMC1249843 & CGC1522217

Proposal Expiration Date:
30 Days

Scope of Work

"Scope of Work" and notations within are based on the following negotiated scope of work with Jose Socias and based on the site survey performed on 02/25/2026.

Turnkey Installation of HVAC Equipment

- Provide storage and delivery of new ERU and curb adapter to jobsite.
- Shutoff power to ERU at main panel and install lockout tagout.
- Disconnect existing power wiring to ERU.
- Disconnect and remove curb tie downs and ductwork as needed.
- Provide mobile crane to rig and hoist existing ERU off roof.
- Prep existing roof curb with spray adhesive and new foam gasket tape.
- Modify existing ductwork as necessary for connection to ERU.
- Rig and hoist new ERU onto roof curb.
- Run high voltage wiring through base of new ERU.
- Fasten new ERU to roof curb.
- Land high voltage wiring on new lug connections of ERU (extend high voltage wiring as necessary).
- Provide and install a new 25A breaker in main panel to replace the existing 30A breaker.
- Provide and install Modbus® / BACnet® IP communication interface of the integral RTU microprocessor controls.
- Provide new ERU integration into new Trane SC+ BAS.
- Remove lockout tagout and turn power on to new ERU.
- Load old ERU onto flatbed trailer and properly dispose offsite.
- Provide clean up and debris removal from site.
- Provide air test and balance on new ERU system.
- Provide 1-year workmanship warranty.
- All labor is based on weekend overtime hours (8AM - 5PM, Sat & Sun).

Confidential and Proprietary Information of Trane U.S. Inc.

Proposal Notes / Clarifications

- Work to be performed during weekend overtime hours (8AM - 5PM, Sat & Sun).
- Proposal does not include "Premium Time" or Price Contingency therefor.
- Equipment Order Release and Services rendered are dependent on receipt of PO/Subcontract and credit approval.
- Trane will not perform any work if working conditions could endanger or put at risk the safety of our employees or subcontractors.
- Asbestos or hazardous material abatement removal shall be performed by customer.
- Repair / recalibration of the existing building controls are not included.
- All new wiring circuits at or above 110/120 volts is not included.
- Fire alarm work or life safety systems are not included.
- Engineering or bonding is not included.
- Concrete pads or sidewalk repairs are not included.
- Painting or patching of any kind not listed is not included.
- New main power is not included.
- New field-installed electrical disconnects are not included as the new units include factory installed non-fused disconnect switches.
- No MOT plan or barricade rentals are included.
- New ERU or BAS upgrade not included within this proposal scope and will be provided separately.
- Any bond costs are not included.
- Any and all work not specified is not included and is to be considered extra.

Pricing and Acceptance

Jose Socias
City of Cocoa
65 Stone St
Cocoa, FL 32922

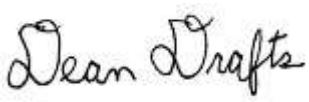
Price

Total Net Price *(excluding sales tax)* …….. $ 86,876.00 *

* Above pricing in accordance with OMNIA Racine #3341 Federal Piggyback Contract

Trane shall have the right, at its discretion, to pass along any related increases should (1) its costs related to the manufacture, supply, and shipping for any product or service materially increase. This includes, but is not limited to, cost increases in raw materials, supplier components, labor, utilities, freight, logistics, wages and benefits, regulatory compliance, or any other event beyond Company's control and/or (2) any tariffs, taxes, levies or fees affecting, placed on or related to any product or service materially increases.

Anticipation Discount



Trane is pleased to offer an opportunity to maximize the value of your purchase by offering you savings with the Trane Anticipation Discount Program (ADP) that is flexible and designed for all Trane customers. The discount depends on the percentage of quoted price that is pre-paid, estimated payment date, estimated monthly schedule of values, and the current annualized discount rate.

Your Trane representative can provide a formal ADP quotation to lock in your savings.

Financial items not included

- Bid Bond
- Payment and Performance Bond
- Guarantee of any energy, operational, or other savings

Respectfully submitted,

TERMS AND CONDITIONS – COMMERCIAL TURNKEY INSTALLATION – Trane Equipment and Related Work
"Trane" or "Company" shall mean Trane U.S. Inc. for Work performed in the United States or Trane Canada ULC for Work performed in Canada.

1. Acceptance; Agreement. These terms and conditions are an integral part of Company's offer and form the basis of any agreement (the "Agreement") resulting from Company's proposal (the "Proposal") for the commercial goods and/or services described (the "Work"). **COMPANY'S TERMS AND CONDITIONS AND EQUIPMENT PRICES ARE SUBJECT TO PERIODIC CHANGE OR AMENDMENT.** The Proposal is subject to acceptance in writing by the party to whom this offer is made or an authorized agent ("Customer") delivered to Company within 30 days from the date of the Proposal. Prices in the Proposal are subject to change at any time upon notice to Customer. If Customer accepts the Proposal by placing an order, without the addition of any other terms and conditions of sale or any other modification, Customer's order shall be deemed acceptance of the Proposal subject to Company's terms and conditions, and the final Proposal price ("Proposal Price"). If Customer's order is expressly conditioned upon Company's acceptance or assent to terms and/or conditions other than those expressed herein, return of such order by Company with Company's terms and conditions attached or referenced serves as Company's notice of objection to Customer's terms and as Company's counteroffer to provide Work in accordance with the Proposal and the Company terms and conditions. If Customer does not reject or object in writing to Company within 10 days, Company's counteroffer will be deemed accepted. Notwithstanding anything to the contrary herein, Customer's acceptance of the Work by Company will in any event constitute an acceptance by Customer of Company's terms and conditions. This Agreement is subject to credit approval by Company. Upon disapproval of credit, Company may delay or suspend performance or, at its option, renegotiate prices and/or terms and conditions with Customer. If Company and Customer are unable to agree on such revisions, this Agreement shall be cancelled without any liability, other than Customer's obligation to pay for Work rendered by Company to the date of cancellation.

2. Connected Services. In addition to these terms and conditions, the Connected Services Terms of Service ("Connected Services Terms"), available at https://www.trane.com/TraneConnectedServicesTerms, as updated from time to time, are incorporated herein by reference and shall apply to the extent that Company provides Customer with Connected Services, as defined in the Connected Services Terms.

3. Title and Risk of Loss. All Equipment sales with destinations to Canada or the U.S. shall be made as follows: FOB Company's U.S. manufacturing facility or warehouse (full freight allowed). Title and risk of loss or damage to Equipment will pass to Customer upon tender of delivery of such to carrier at Company's U.S. manufacturing facility or warehouse.

4. Pricing and Taxes.

a. Unless otherwise noted, the price in the Proposal includes standard ground transportation and, if required by law, all sales, consumer, use and similar taxes legally enacted as of the date hereof for equipment and material installed by Company. Tax exemption is contingent upon Customer furnishing appropriate certificates evidencing Customer's tax-exempt status. Company shall charge Customer additional costs for bonds agreed to be provided. Equipment sold on an uninstalled basis and any taxable labor/labour do not include sales tax and taxes will be added. Within thirty (30) days following Customer acceptance of the Proposal without addition of any other terms and conditions of sale or any modification, Customer shall provide notification of release for immediate production at Company's factory. Prices for Work are subject to change at any time prior to shipment to reflect any cost increases related to the manufacture, supply, and shipping of goods. This includes, but is not limited to, cost increases in raw materials, supplier components, labor, utilities, freight, logistics, wages and benefits, regulatory compliance, or any other event beyond Company's control. If such release is not received within 6 months after date of order receipt, Company reserves the right to cancel any order. If shipment is delayed due to Customer's actions, Company may also charge Customer storage fees. Company shall be entitled to equitable adjustments in the contract price to reflect any cost increases as set forth above and will provide notice to Customer prior to the date for which the increased price is to be in effect for the applicable customer contract. In no event will prices be decreased.

b. **Allocation to Trane of Tax Deduction under Section 179D of the Internal Revenue Code**. For calendar tax year(s) in which (a) the provisions of Section 179D of the Internal Revenue Code are in effect and (b) the qualifying property installed as a part of the Services has been placed in service pursuant to Section 179D, Customer agrees to allocate the tax deduction available under Section 179D solely to Trane pursuant to Section 179D(d)(4) and, upon a written request from Trane, shall provide the written form of allocation to the Customer that is required by the Internal Revenue Service.

5. Exclusions from Work. Company's obligation is limited to the Work as written and defined under the scope of Work and does not include any modifications to the Work site under the Americans With Disabilities Act or any other law or building code(s). In no event shall Company be required to perform work Company reasonably believes is outside of the defined Work without a written change order signed by Customer and Company in accordance with the Change of Work process defined hereunder..

6. Performance. Company shall perform the Work in accordance with industry standards generally applicable in the area under similar circumstances as of the time Company performs the Work. Company may refuse to perform any Work where working conditions could endanger property or put at risk the safety of persons. Unless otherwise agreed to by Customer and Company, at Customer's expense and before the Work begins, Customer will provide any necessary access platforms, catwalks to safely perform the Work in compliance with OSHA or state industrial safety regulations.

7. Payment. For Work requiring a longer construction schedule and progress payments, Customer shall pay Company or cause Company to be paid for the Services as follows: (a) **Initial Payment:** For Upon execution hereof, [Initial Payment]% of the Contract Price (for engineering, drafting and other mobilization costs incurred prior to on-site installation) shall be due; and (b) **Progress and Final Payments:** Company will invoice in accordance with the Proposal for all materials and equipment delivered to the job site (or, as applicable, to an off-site storage facility) and for all installation, labor and services performed during the billing period; Customer shall pay all amounts due upon receipt of the invoice and any invoice not paid within ten (10) calendar days of its date shall be past due. All amounts outstanding ten (10) calendar days beyond the due date shall bear interest payable to Trane at the maximum allowable legal rate, retroactive to the due date. Customer shall pay all costs (including attorneys' fees) incurred by Company in attempting to collect amounts due from Customer. For all other Work, Customer shall pay Company's invoices within net 30 days of invoice date. Company may invoice Customer for all equipment or material furnished, whether delivered to the installation site or to an off-site storage facility and for all Work performed on-site or off-site. No retention shall be withheld from any payments except as expressly agreed in writing by Company, in which case retention shall be reduced per the contract documents and released no later than the date of substantial completion. Under no circumstances shall any retention be withheld for the equipment portion of the order. If payment is not received as required, Company may suspend performance and the time for completion shall be extended for a reasonable period of time not less than the period of suspension. Customer shall be liable to Company for all reasonable shutdown, standby and start-up costs as a result of the suspension. Company reserves the right to add to any account outstanding for more than 30 days a service charge equal to 1.5% of the principal amount due at the end of each month. Customer shall pay all costs (including attorneys' fees) incurred by Company in attempting to collect amounts due and otherwise enforcing these terms and conditions. If requested, Company will provide appropriate lien waivers upon receipt of payment. Customer agrees that, unless Customer makes payment in advance, Company will have a purchase money security interest in all equipment from Company to secure payment in full of all amounts due Company and its order for the equipment, together with these terms and conditions, form a security agreement. Customer shall keep the equipment free of all taxes and encumbrances, shall not remove the equipment from its original installation point and shall not assign or transfer any interest in the equipment until all payments due Company have been made.

8. Time for Completion. Except to the extent otherwise expressly agreed in writing signed by an authorized representative of Company, all dates provided by Company or its representatives for commencement, progress or completion are estimates only. While Company shall use commercially reasonable efforts to meet such estimated dates, Company shall not be responsible for any damages for its failure to do so. Delivery dates are approximate and not guaranteed. Company will use commercially reasonable efforts to deliver the Equipment on or before the estimated delivery date, will notify Customer if the estimated delivery dates cannot be honored, and will deliver the Equipment and services as soon as practicable thereafter. In no event will Company be liable for any damages or expenses caused by delays in delivery.

9. Equipment Location & Access. Customer shall provide, without charge, a mutually satisfactory location or locations for the installation and operation of the equipment and the performance of the installation work, including sufficient areas for staging, mobilization, and storage. Customer shall provide access to the Premises for Trane and its contractors or subcontractors during regular business hours, or such other hours as may be requested by Trane and acceptable to Customer, to install, adjust, inspect, and correct the installation work. Trane's access to correct any emergency condition shall not be restricted by Customer. Customer grants to Company the right to remotely connect (via phone modem, internet or other agreed upon means) to Customer's building automation system (BAS) and/or HVAC equipment to view, extract, or otherwise collect and retain data from the BAS, HVAC equipment, or other building systems, and to diagnose and remotely make repairs at Customer's request.

10. Completion. When Company informs Customer that the Work has been completed, Customer shall inspect the Work in the presence of Company's representative, and Customer shall either (a) accept the Work in its entirety in writing, or (b) accept the Work in part and specifically identify, in writing, any exception items. Customer agrees to re-inspect any and all excepted items as soon as Company informs Customer that all such excepted items have been completed. The initial acceptance inspection shall take place within ten (10) days from the date when Company informs Customer that the Work has been completed. Any subsequent re-inspection of excepted items shall take place within five (5) days from the date when Company informs Customer that the excepted items have been completed. Customer's failure to cooperate and complete any of said inspections within the required time limits shall constitute complete acceptance of the Work as of ten (10) days from date when Company informs Customer that the Work, or the excepted items, if applicable, has/have been completed.

a. Substantial Completion. When Trane considers that the Services, or a portion thereof, are substantially complete, Trane will submit to Customer a proposed "punch list" listing items of the Services to be completed prior to final completion. Customer and Trane shall inspect the Work (or portion thereof) to determine if the same is substantially complete. (Substantial Completion is defined as the stage in the progress of the Services (or designated portion thereof) when the Work is sufficiently complete so that Customer can occupy or utilize the Services for its intended use.) Customer and Trane shall add to the punch list any item of work that has not been

© 2026 Trane Technologies. All Rights Reserved.
Confidential and Proprietary Information of Trane U.S. Inc.

completed. When the Services (or designated portion thereof) are substantially complete, Customer and Trane shall execute a Certificate of Substantial Completion, setting forth the date of Substantial Completion and shall state the date by which Trane shall complete the items included on the punch list.

b. Final Completion. Upon Customer's receipt of written notice from Trane that the installation work included in the Work is ready for final inspection and acceptance, Customer and Trane shall inspect the installation services and determine whether the same has been performed in accordance with the Proposal. If Customer considers the installation work to have been performed in accordance with the Proposal, Customer shall issue a Certificate of Final Completion and Acceptance, to be executed by an authorized representative of Customer. In the event Trane presents a Certificate of Final Completion and Acceptance to Customer for execution and, within fourteen (14) calendar days from the date noted in the Certificate as the date of such presentation, Customer fails to deliver an executed original of the Certificate to Trane and does not provide to Trane written objections to issuance of the Certificate, providing specific facts as to why the Services have not been finally completed, the Date of Final Completion shall be the date noted in the Certificate as the date the Certificate was submitted to Customer.

11. Changes in Work

a. Customer, by written change order, may request that Trane perform services in addition to the Work ("Change Order"). Trane shall be obligated to perform such additional services only pursuant to a Change Order agreed to and executed by Customer and Trane. The Change Order shall reflect the parties' agreement with respect to the scope of the additional services, the amount of any adjustment in the Proposal Price, and the extent of any adjustment in the contract time.

b. If a Change Order provides for an adjustment to the Proposal Price, such adjustment shall be based on one of the following methods:

(1) A lump sum agreed to by Customer and Trane;
(2) Unit prices set forth in this Agreement or subsequently agreed to; or
(3) Cost of the work ordered plus a fee agreed to by the parties.

c. The following types of costs, which listing is not all-inclusive, shall be included in the determination of the cost of the additional work:

(1) costs of labor, including social security, old age and unemployment insurance, fringe benefits required by agreement or industry practice or custom, and workers' compensation insurance;
(2) costs of materials, supplies and equipment, including transportation thereof, whether the same is incorporated or consumed in the additional work;
(3) the costs of renting machinery and equipment, except hand tools;
(4) premium costs for all bonds and insurance, permit or other governmental approval or inspection fees, and sales, use or comparable taxes relating to the additional work; and
(5) additional costs of supervision and field office personnel directly attributable to the additional work.

12. Permits and Governmental Fees. Company shall secure (with Customer's assistance) and pay for building and other permits and governmental fees, licenses, and inspections necessary for proper performance and completion of the Work which are legally required when bids from Company's subcontractors are received, negotiations thereon concluded, or the effective date of a relevant Change Order, whichever is later. Customer is responsible for necessary approvals, easements, assessments and charges for construction, use or occupancy of permanent structures or for permanent changes to existing facilities. If the cost of such permits, fees, licenses and inspections are not included in the Proposal, Company will invoice Customer for such costs.

13. Utilities During Construction. Customer shall provide without charge to Company all water, heat, and utilities required for performance of the Work.

14. Concealed or Unknown Conditions. In the performance of the Work, if Company encounters conditions at the Work site that are (i) subsurface or otherwise concealed physical conditions that differ materially from those indicated on drawings expressly incorporated herein or (ii) unknown physical conditions of an unusual nature that differ materially from those conditions ordinarily found to exist and generally recognized as inherent in construction activities of the type and character as the Work, Company shall notify Customer of such conditions promptly, prior to significantly disturbing same. If such conditions differ materially and cause an increase in Company's cost of, or time required for, performance of any part of the Work, Company shall be entitled to, and Customer shall consent by Change Order to, an equitable adjustment in the Proposal Price, contract time, or both.

15. Pre-Existing Conditions. Company is not liable for any claims, damages, losses, or expenses, arising from or related to conditions that existed in, on, or upon the Work site before the Commencement Date of this Agreement ("Pre-Existing Conditions"), including, without limitation, damages, losses, or expenses involving Pre-Existing Conditions of building envelope issues, mechanical issues, plumbing issues, and/or indoor air quality issues involving mold/mould and/or fungi. Company also is not liable for any claims, damages, losses, or expenses, arising from or related to work done by or services provided by individuals or entities that are not employed by or hired by Company.

16. Asbestos and Hazardous Materials. Company's Work and other services in connection with this Agreement expressly excludes any identification, abatement, cleanup, control, disposal, removal or other work connected with asbestos, polychlorinated biphenyl ("PCB"), or other hazardous materials (hereinafter, collectively, "Hazardous Materials"). Customer warrants and represents that, except as set forth in a writing signed by Company, there are no Hazardous Materials on the Work site that will in any way affect Company's Work and Customer has disclosed to Company the existence and location of any Hazardous Materials in all areas within which Company will be performing the Work. Should Company become aware of or suspect the presence of Hazardous Materials, Company may immediately stop work in the affected area and shall notify Customer. Customer will be exclusively responsible for taking any and all action necessary to correct the condition in accordance with all applicable laws and regulations. Customer shall be exclusively responsible for and, to the fullest extent permitted by law, shall indemnify and hold harmless Company (including its employees, agents and subcontractors) from and against any loss, claim, liability, fees, penalties, injury (including death) or liability of any nature, and the payment thereof arising out of or relating to any Hazardous Materials on or about the Work site, not brought onto the Work site by Company. Company shall be required to resume performance of the Work in the affected area only in the absence of Hazardous Materials or when the affected area has been rendered harmless. In no event shall Company be obligated to transport or handle Hazardous Materials, provide any notices to any governmental agency, or examine the Work site for the presence of Hazardous Materials.

17. Force Majeure. Company's duty to perform under this Agreement is contingent upon the non-occurrence of an Event of Force Majeure. If Company shall be unable to carry out any material obligation under this Agreement due to an Event of Force Majeure, this Agreement shall at Company's election (i) remain in effect but Company's obligations shall be suspended until the uncontrollable event terminates or (ii) be terminated upon 10 days' notice to Customer, in which event Customer shall pay Company for all parts of the Work furnished to the date of termination. An "Event of Force Majeure" shall mean any cause or event beyond the control of Company. Without limiting the foregoing, "Event of Force Majeure" includes: acts of God; acts of terrorism, war or the public enemy; flood; earthquake; tornado; storm; fire; civil disobedience; pandemic insurrections; riots; labor/labour disputes; labor/labour or material shortages; sabotage; restraint by court order or public authority (whether valid or invalid), and action or non-action by or inability to obtain or keep in force the necessary governmental authorizations, permits, licenses, certificates or approvals if not caused by Company; and the requirements of any applicable government in any manner that diverts either the material or the finished product to the direct or indirect benefit of the government.

18. Customer's Breach. Each of the following events or conditions shall constitute a breach by Customer and shall give Company the right, without an election of remedies, to terminate this Agreement or suspend performance by delivery of written notice: (1) Any failure by Customer to pay amounts when due; or (2) any general assignment by Customer for the benefit of its creditors, or if Customer becomes bankrupt or insolvent or takes the benefit of any statute for bankrupt or insolvent debtors, or makes or proposes to make any proposal or arrangement with creditors, or if any steps are taken for the winding up or other termination of Customer or the liquidation of its assets, or if a trustee, receiver, or similar person is appointed over any of the assets or interests of Customer; (3) Any representation or warranty furnished by Customer in this Agreement is false or misleading in any material respect when made; or (4) Any failure by Customer to perform or comply with any material provision of this Agreement. Customer shall be liable to Company for all Work furnished to date and all damages sustained by Company (including lost profit and overhead)

19. Indemnity. To the fullest extent permitted by law, Company and Customer shall indemnify, defend and hold harmless each other from any and all claims, actions, costs, expenses, damages and liabilities, including reasonable attorneys' fees, resulting from death or bodily injury or damage to real or tangible personal property, to the extent caused by the negligence or misconduct of their respective employees or other authorized agents in connection with their activities within the scope of this Agreement. Neither party shall indemnify the other against claims, damages, expenses or liabilities to the extent attributable to the acts or omissions of the other party. If the parties are both at fault, the obligation to indemnify shall be proportional to their relative fault. The duty to indemnify will continue in full force and effect, notwithstanding the expiration or early termination hereof, with respect to any claims based on facts or conditions that occurred prior to expiration or termination.

20. Limitation of Liability. NOTWITHSTANDING ANYTHING TO THE CONTRARY, IN NO EVENT SHALL COMPANY BE LIABLE FOR ANY SPECIAL, LIQUIDATED INCIDENTAL, INDIRECT CONSEQUENTIAL, OR PUNITIVE OR EXEMPLARY DAMAGES (INCLUDING WITHOUT LIMITATION BUSINESS INTERRUPTION, LOST DATA, LOST REVENUE, LOST PROFITS, LOST DOLLAR SAVINGS, OR LOST ENERGY USE SAVINGS, INCLUDING CONTAMINANTS LIABILITIES, EVEN IF A PARTY HAS BEEN ADVISED OF SUCH POSSIBLE DAMAGES OR IF SAME WERE REASONABLY FORESEEABLE AND REGARDLESS OF WHETHER THE CAUSE OF ACTION IS FRAMED IN CONTRACT, NEGLIGENCE, ANY OTHER TORT, WARRANTY, STRICT LIABILITY, OR PRODUCT LIABILITY). In no event will Company's liability in connection with the provision of products or services or otherwise under this Agreement exceed the entire amount paid to Company by Customer under this Agreement.

21. CONTAMINANTS LIABILITY

The transmission of COVID-19 may occur in a variety of ways and circumstances, many of the aspects of which are currently not known. HVAC systems, products, services and other offerings have not been tested for their effectiveness in reducing the spread of COVID-19, including through the air in closed environments. **IN NO EVENT WILL**

© 2026 Trane Technologies. All Rights Reserved.
Confidential and Proprietary Information of Trane U.S. Inc.

COMPANY BE LIABLE UNDER THIS AGREEMENT OR OTHERWISE FOR ANY INDEMNIFICATION, ACTION OR CLAIM, WHETHER BASED ON WARRANTY, CONTRACT, TORT OR OTHERWISE, FOR ANY BODILY INJURY (INCLUDING DEATH), DAMAGE TO PROPERTY, OR ANY OTHER LIABILITIES, DAMAGES OR COSTS RELATED TO CONTAMINANTS (INCLUCING THE SPREAD, TRANSMISSION, MITIGATION, ELIMINATION, OR CONTAMINATION THEREOF) (COLLECTIVELY, "CONTAMINANT LIABILITIES") AND CUSTOMER HEREBY EXPRESSLY RELEASES COMPANY FROM ANY SUCH CONTAMINANTS LIABILITIES.

22. Patent Indemnity. Company shall protect and indemnify Customer from and against all claims, damages, judgments and loss arising from infringement or alleged infringement of any United States patent by any of the goods manufactured by Company and delivered hereunder, provided that in the event of suit or threat of suit for patent infringement, Company shall promptly be notified and given full opportunity to negotiate a settlement. Company does not warrant against infringement by reason of Customer's design of the articles or the use thereof in combination with other materials or in the operation of any process. In the event of litigation, Customer agrees to reasonably cooperate with Company. In connection with any proceeding under the provisions of this Section, all parties concerned shall be entitled to be represented by counsel at their own expense.

23. Limited Warranty. Company warrants for a period of 12 months from the date of substantial completion ("Warranty Period") commercial equipment manufactured and installed by Company against failure due to defects in material and manufacture and that the labor/labour furnished is warranted to have been properly performed (the "Limited Warranty"). Trane equipment sold on an uninstalled basis is warranted in accordance with Company's standard warranty for supplied equipment. **Product manufactured by Company that includes required startup and is sold in North America will not be warranted by Company unless Company performs the product start-up**. Substantial completion shall be the earlier of the date that the Work is sufficiently complete so that the Work can be utilized for its intended use or the date that Customer receives beneficial use of the Work. If such defect is discovered within the Warranty Period, Company will correct the defect or furnish replacement equipment (or, at its option, parts therefor) and, if said equipment was installed pursuant hereto, labor/labour associated with the replacement of parts or equipment not conforming to this Limited Warranty. Defects must be reported to Company within the Warranty Period. Exclusions from this Limited Warranty include damage or failure arising from: wear and tear; corrosion, erosion, deterioration; Customer's failure to follow the Company-provided maintenance plan; refrigerant not supplied by Company; and modifications made by others to Company's equipment. Company shall not be obligated to pay for the cost of lost refrigerant. Notwithstanding the foregoing, all warranties provided herein terminate upon termination or cancellation of this Agreement. No warranty liability whatsoever shall attach to Company until the Work has been paid for in full and then said liability shall be limited to the lesser of Company's cost to correct the defective Work and/or the purchase price of the equipment shown to be defective. Equipment, material and/or parts that are not manufactured by Company ("Third-Party Product(s)" are not warranted by Company and have such warranties as may be extended by the respective manufacturer. **CUSTOMER UNDERSTANDS THAT COMPANY IS NOT THE MANUFACTURER OF ANY THIRD-PARTY PRODUCT(S) AND ANY WARRANTIES, CLAIMS, STATEMENTS, REPRESENTATIONS, OR SPECIFICATIONS ARE THOSE OF THE THIRD-PARTY MANUFACTURER, NOT COMPANY AND CUSTOMER IS NOT RELYING ON ANY WARRANTIES, CLAIMS, STATEMENTS, REPRESENTATIONS, OR SPECIFICATIONS REGARDING THE THIRD-PARTY PRODUCT THAT MAY BE PROVIDED BY COMPANY OR ITS AFFILIATES, WHETHER ORAL OR WRITTEN. THE WARRANTY AND LIABILITY SET FORTH IN THIS AGREEMENT ARE IN LIEU OF ALL OTHER WARRANTIES AND LIABILITIES, WHETHER IN CONTRACT OR IN NEGLIGENCE, EXPRESS OR IMPLIED, IN LAW OR IN FACT, INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND/OR OTHERS ARISING FROM COURSE OF DEALING OR TRADE. COMPANY MAKES NO REPRESENTATION OR WARRANTY OF ANY KIND, INCLUDING WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE. ADDITIONALLY, COMPANY MAKES NO REPRESENTATION OR WARRANTY OF ANY KIND REGARDING PREVENTING, ELIMINATING, REDUCING OR INHIBITING ANY MOLD, FUNGUS, BACTERIA, VIRUS, MICROBIAL GROWTH, OR ANY OTHER CONTAMINANTS (INCLUDING COVID-19 OR ANY SIMILAR VIRUS) (COLLECTIVELY, "CONTAMINANTS"), WHETHER INVOLVING OR IN CONNECTION WITH EQUIPMENT, ANY COMPONENT THEREOF, SERVICES OR OTHERWISE. IN NO EVENT SHALL COMPANY HAVE ANY LIABILITY FOR THE PREVENTION, ELIMINATION, REDUCTION OR INHIBITION OF THE GROWTH OR SPREAD OF SUCH CONTAMINANTS INVOLVING OR IN CONNECTION WITH ANY EQUIPMENT, THIRD-PARTY PRODUCT, OR ANY COMPONENT THEREOF, SERVICES OR OTHERWISE AND CUSTOMER HEREBY SPECIFICALLY ACKNOWLDGES AND AGREES THERETO.**

24 Insurance.

a. Company agrees to maintain the following insurance while the Work is being performed with limits not less than shown below and will, upon request from Customer, provide a Certificate of evidencing the following coverage:

Commercial General Liability	$2,000,000 per occurrence
Automobile Liability	$2,000,000 CSL
Workers Compensation	Statutory Limits

If Customer has requested to be named as an additional insured under Company's insurance policy, Company will do so but only subject to Company's manuscript additional insured endorsement under its primary Commercial General Liability policies. In no event does Company waive its right of subrogation.

b. Customer's Liability and Property Insurance. (a) Customer shall be responsible for purchasing and maintaining Commercial General Liability Insurance of the type and amount Customer deems necessary and appropriate. (b) Customer shall purchase and maintain until Final Payment property insurance for the installation work in progress at least in an amount equal to the Proposal Price, as the same may be adjusted from time to time, for the installation work (including the equipment) on a replacement cost basis with a deductible of no more than $5,000 from an insurer reasonably acceptable to Trane. Such property insurance shall include the interests of Customer, Trane, and its subcontractors (at whatever tier) as additional insureds as their interests may appear. The property insurance purchased by Customer shall be on an all-risk policy form. The property insurance shall cover portions of the installation work stored off site after written approval of Customer at the value established in the approval. Customer, for itself and its insurance carriers, hereby waives all rights of subrogation against Trane and any of its subcontractors, agents, employees, and officers with respect to property insurance and any other insurance coverages maintained by Customer. (c) A loss insured under Customer's property insurance shall be adjusted by Customer's Insurer as a fiduciary and made payable to Customer as a fiduciary for the insureds, as their respective interests may appear, subject to requirements of any applicable mortgagee clause. Trane shall pay its subcontractors their just shares of insurance proceeds received by Customer and remitted to Trane, and, by appropriate agreements, written where legally required for validity, shall require said subcontractors to make payments to their subcontractors in a similar manner. In its fiduciary role, Customer shall have the power to negotiate and settle a loss with insurers; provided, however, that at least ten (10) days prior to agreeing to the proposed settlement, Customer shall advise the parties in interest in writing of the terms of the same and the parties in interest shall have seven (7) days thereafter to object in writing to the proposed adjustment or settlement; if such objection is made, Customer shall not enter into or agree to the proposed adjustment. (d) Certificates of insurance acceptable to the Customer and to Trane shall be provided by each party to the other prior to commencement of performance of any Services. Such certificates shall contain a provision that coverages afforded under the policies will not be canceled or allowed to expire until at least thirty (30) days prior written notice has been given to the other party. If any of the insurance coverages are required to remain in force after final payment and are reasonably available, an additional certificate evidencing continuation of such coverage shall be submitted with the final application for payment.

25. Commencement of Statutory Limitation Period. Except as to warranty claims, as may be applicable, any applicable statutes of limitation for acts or failures to act shall commence to run, and any alleged cause of action stemming therefrom shall be deemed to have accrued, in any and all events not later than the last date that Company or its subcontractors physically performed work on the project site.

26. General. Except as provided below, to the maximum extent provided by law, this Agreement is made and shall be interpreted and enforced in accordance with the laws of the state or province in which the Work is performed, without regard to choice of law principles which might otherwise call for the application of a different state's or province's law. Any dispute arising under or relating to this Agreement that is not disposed of by agreement shall be decided by litigation in a court of competent jurisdiction located in the state or province in which the Work is performed. To the extent the Work site is owned and/or operated by any agency of the Federal Government, determination of any substantive issue of law shall be according to the Federal common law of Government contracts as enunciated and applied by Federal judicial bodies and boards of contract appeals of the Federal Government. This Agreement contains all of the agreements, representations and understandings of the parties and supersedes all previous understandings, commitments or agreements, oral or written, related to the subject matter hereof. This Agreement may not be amended, modified or terminated except by a writing signed by the parties hereto. No documents shall be incorporated herein by reference except to the extent Company is a signatory thereon. If any term or condition of this Agreement is invalid, illegal or incapable of being enforced by any rule of law, all other terms and conditions of this Agreement will nevertheless remain in full force and effect as long as the economic or legal substance of the transaction contemplated hereby is not affected in a manner adverse to any party hereto. Customer may not assign, transfer, or convey this Agreement, or any part hereof, or its right, title or interest herein, without the written consent of the Company. Subject to the foregoing, this Agreement shall be binding upon and inure to the benefit of Customer's permitted successors and assigns. This Agreement may be executed in several counterparts, each of which when executed shall be deemed to be an original, but all together shall constitute but one and the same Agreement. A fully executed facsimile copy hereof or the several counterparts shall suffice as an original.

27. Federal Requirements. The Parties shall comply with all United States federal labor law obligations under 29 CFR part 471, appendix A to subpart A. THE FOLLOWING PROVISIONS ARE INCORPORATED HEREIN BY REFERENCE: Executive Order 11701 and 41 CFR §§ 60-250.5(a), 60-300.5; Executive Order 11758 and 41 CFR § 60-741.5(a); U.S. immigration laws, including the L-1 Visa Reform Act of 2004 and the H-1B Visa Reform Act of 2004; and Executive Order 13496. The Parties shall abide by the requirements of 41 CFR 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment

© 2026 Trane Technologies. All Rights Reserved.
Confidential and Proprietary Information of Trane U.S. Inc.

individuals without regard to protected veteran status or disability. The Parties certify that they do not operate any programs promoting DEI that violate any applicable United States anti-discrimination laws and acknowledge and agree that their compliance with all applicable federal anti-discrimination laws is material to the federal government's payment decisions. The Parties acknowledge and agree that their employment, procurement, and contracting practices shall not consider race, color, sex, sexual preference, religion, or national origin in ways that violate United States federal civil rights laws.

28. Export Laws. The obligation of Company to supply Equipment and/or Services under this Agreement is subject to the ability of Company to supply such items consistent with applicable laws and regulations of the United States and other governments. Company reserves the right to refuse to enter into or perform any order, and to cancel any order, under this Agreement if Company in its sole discretion determines that performance of the transaction to which such order relates would violate any such applicable law or regulation. Customer will pay all handling and other similar costs from Company's factories including the costs of freight, insurance, export clearances, import duties and taxes. Customer will be "exporter of record" with respect to any export from the United States of America and will perform all compliance and logistics functions in connection therewith and will also comply with all applicable laws, rules and regulations. Customer understands that Company and/or the Equipment and/or Services are subject to laws and regulations of the United States of America which may require licensing or authorization for and/or prohibit export, re-export or diversion of Company's Equipment and/or Services to certain countries, and agrees it will not knowingly assist or participate in any such diversion or other violation of applicable United States of America laws and regulations. Customer agrees to hold harmless and indemnify Company for any damages resulting to Customer or Company from a breach of this paragraph by Customer.

29. U.S. Government Work.

The following provision applies only to direct sales by Company to the US Government. The Parties acknowledge that all items or services ordered and delivered under this Agreement are Commercial Items as defined under Part 12 of the Federal Acquisition Regulation (FAR). In particular, Company agrees to be bound only by those Federal contracting clauses that apply to "commercial" suppliers and that are contained in FAR 52.212-5(e)(1). Company complies with 52.219-8 or 52.219-9 in its service and installation contracting business.

The following provision applies only to indirect sales by Company to the US Government. As a Commercial Item Subcontractor, Company accepts only the following mandatory flow down provisions in effect as of the date of this subcontract: 52.203-19; 52.204-21; 52.204-23; 52.219-8; 52.222-21; 52.222-26; 52.222-35; 52.222-36; 52.222-50; 52.225-26; 52.247-64. If the Work is in connection with a U.S. Government contract, Customer certifies that it has provided and will provide current, accurate, and complete information, representations and certifications to all government officials, including but not limited to the contracting officer and officials of the Small Business Administration, on all matters related to the prime contract, including but not limited to all aspects of its ownership, eligibility, and performance. Anything herein notwithstanding, Company will have no obligations to Customer unless and until Customer provides Company with a true, correct and complete executed copy of the prime contract. Upon request, Customer will provide copies to Company of all requested written communications with any government official related to the prime contract prior to or concurrent with the execution thereof, including but not limited to any communications related to Customer's ownership, eligibility or performance of the prime contract. Customer will obtain written authorization and approval from Company prior to providing any government official any information about Company's performance of the work that is the subject of the Proposal or this Agreement, other than the Proposal or this Agreement.

30. Limited Waiver of Sovereign Immunity. If Customer is an Indian tribe (in the U.S.) or a First Nation or Band Council (in Canada), Customer, whether acting in its capacity as a government, governmental entity, a duly organized corporate entity or otherwise, for itself and for its agents, successors, and assigns: (1) hereby provides this limited waiver of its sovereign immunity as to any damages, claims, lawsuit, or cause of action (herein "Action") brought against Customer by Company and arising or alleged to arise out of the furnishing by Company of any product or service under this Agreement, whether such Action is based in contract, tort, strict liability, civil liability or any other legal theory; (2) agrees that jurisdiction and venue for any such Action shall be proper and valid (a) if Customer is in the U.S., in any state or United States court located in the state in which Company is performing this Agreement or (b) if Customer is in Canada, in the superior court of the province or territory in which the work was performed; (3) expressly consents to such Action, and waives any objection to jurisdiction or venue; (4) waives any requirement of exhaustion of tribal court or administrative remedies for any Action arising out of or related to this Agreement; and (5) expressly acknowledges and agrees that Company is not subject to the jurisdiction of Customer's tribal court or any similar tribal forum, that Customer will not bring any action against Company in tribal court, and that Customer will not avail itself of any ruling or direction of the tribal court permitting or directing it to suspend its payment or other obligations under this Agreement. The individual signing on behalf of Customer warrants and represents that such individual is duly authorized to provide this waiver and enter into this Agreement and that this Agreement constitutes the valid and legally binding obligation of Customer, enforceable in accordance with its terms.

31. Building Automation Systems and Network Security. Customer and Trane acknowledge that Building Automation System (BAS) and connected networks security requires Customer and Trane to maintain certain cybersecurity obligations. Customer acknowledges that upon completion of installation and configuration of the BAS, the Customer maintains ownership of the BAS and the connected network equipment. Except for any applicable warranty obligations, Customer is solely responsible for the maintenance and security of the BAS and related networks and systems. In the event there is a service agreement between Trane and Customer, Trane will provide the services as set forth in the service agreement.

In order to maintain a minimum level of security for the BAS, associated networks, network equipment and systems, Customer's cybersecurity responsibilities include without limitation:

1. Ensure that the BAS, networks, and network equipment are physically secure and not accessible to unauthorized personnel.
2. Ensure the BAS remains behind a secure firewall and properly segmented from all other customer networks and systems, especially those with sensitive information.
3. Keep all Inbound ports closed to any IP Addresses in the BAS.
4. Remove all forwarded inbound ports and IP Addresses to the BAS.
5. Maintain user login credentials and unique passwords, including the use of strong passwords and the removal of access for users who no longer require access.
6. Where remote access is desired, utilize a secure method such as Trane Connect Secure Remote Access or your own VPN.
7. For any Trane services requiring remote data transfer and/or remote user access, configure the BAS and related firewall(s) per instructions provided by Trane. This typically includes configuring Port 443 and associated firewall(s) for Outbound only.
8. Perform regular system maintenance to ensure that your BAS is properly secured, including regular software updates to your BAS and related network equipment (i.e., firewalls).

Any and all claims, actions, losses, expenses, costs, damages, or liabilities of any nature due to Customer's failure to maintain BAS security responsibilities and/or industry standards for cybersecurity are the sole responsibility of the Customer.

SECURITY ADDENDUM

This Addendum shall be applicable to the sale, installation and use of Trane equipment and the sale and provision of Trane services. "Trane" shall mean Trane U.S. Inc. for sales and services in the United States, or Trane Canada ULC for sales and services in Canada.

1. **Definitions.** All terms used in this Addendum shall have the meaning specified in the Agreement unless otherwise defined herein. For the purposes of this Addendum, the following terms are defined as follows:
   "Customer Data" means Customer account information as related to the Services only and does not include HVAC Machine Data or personal data. Trane does not require, nor shall Customer provide personal data to Trane under the Agreement. Such data is not required for Trane to provide its Equipment and/or Services to the Customer.
   "Equipment" shall have the meaning set forth in the Agreement.
   "HVAC Machine Data" means data generated and collected from the product or furnished service without manual entry. HVAC Machine Data is data relating to the physical measurements and operating conditions of a HVAC system, such as but not limited to, temperatures, humidity, pressure, HVAC equipment status. HVAC Machine Data does not include Personal Data and, for the purposes of this agreement, the names of users of Trane's controls products or hosted applications shall not be Personal Data, if any such user chooses to use his/her name(s) in the created accounts within the controls product (e.g., firstname.lastname@address.com). HVAC Machine Data may be used by Trane: (a) to provide better support services and/or products to users of its products and services; (b) to assess compliance with Trane terms and conditions; (c) for statistical or other analysis of the collective characteristics and behaviors of product and services users; (d) to backup user and other data or information and/or provide remote support and/or restoration; (e) to provide or undertake: engineering analysis; failure analysis; warranty analysis; energy analysis; predictive analysis; service analysis; product usage analysis; and/or other desirable analysis, including, but not limited to, histories or trends of any of the foregoing; and (f) to otherwise understand and respond to the needs of users of the product or furnished service. "Personal Data" means data and/or information that is owned or controlled by Customer, and that names or identifies, or is about a natural person, such as: (i) data that is explicitly defined as a regulated category of data under any data privacy laws applicable to Customer; (ii) non-public personal information ("NPI") or personal information ("PI"), such as national identification number, passport number, social security number, social insurance number, or driver's license number; (iii) health or medical information, such as insurance information, medical prognosis, diagnosis information, or genetic information; (iv) financial information, such as a policy number, credit card number, and/or bank account number; (v) personally identifying technical information (whether transmitted or stored in cookies, devices, or otherwise), such as IP address, MAC address, device identifier, International Mobile Equipment Identifier ("IMEI"), or advertising identifier; (vi) biometric information; and/or (vii) sensitive personal data, such as, race, religion, marital status, disability, gender, sexual orientation, geolocation, or mother's maiden name.
   "Security Incident" shall refer to (i) a compromise of any network, system, application or data in which Customer Data has been accessed or acquired by an unauthorized third party; (ii) any situation where Trane reasonably suspects that such compromise may have occurred; or (iii) any actual or reasonably suspected unauthorized or illegal Processing, loss, use, disclosure or acquisition of or access to any Customer Data.
   "Services" shall have the meaning set forth in the Agreement.

2. HVAC Machine Data; Access to Customer Extranet and Third Party Systems. If Customer grants Trane access to HVAC Machine Data via web portals or other non-public websites or extranet services on Customer's or a third party's website or system (each, an "Extranet"), Trane will comply with the following:
   a. Accounts. Trane will ensure that Trane's personnel use only the Extranet account(s) designated by Customer and will require Trane personnel to keep their access credentials confidential.
   b. Systems. Trane will access the Extranet only through computing or processing systems or applications running operating systems managed by Trane that include: (i) system network firewalls; (ii) centralized patch management; (iii) operating system appropriate anti-malware software; and (iv) for portable devices, full disk encryption.
   c. Restrictions. Unless otherwise approved by Customer in writing, Trane will not download, mirror or permanently store any HVAC Machine Data from any Extranet on any medium, including any machines, devices or servers.
   d. Account Termination. Trane will terminate the account of each of Trane's personnel in accordance with Trane's standard practices after any specific Trane personnel who has been authorized to access any Extranet (1) no longer needs access to HVAC Machine Data or (2) no longer qualifies as Trane personnel (e.g., the individual leaves Trane's employment).
   e. Third Party Systems. Trane will provide Customer prior notice before it uses any third party system that stores or may otherwise have access to HVAC Machine Data, unless (1) the data is encrypted and (2) the third party system will not have access to the decryption key or unencrypted "plain text" versions of the HVAC Machine Data.

3. Customer Data; Confidentiality. Trane shall keep confidential, and shall not access or use any Customer Data and information that is marked confidential or by its nature is considered confidential ("Customer Confidential Information") other than for the purpose of providing the Equipment and Services, and will disclose Customer Confidential Information only: (i) to Trane's employees and agents who have a need to know to perform the Services, (ii) as expressly permitted or instructed by Customer, or (iii) to the minimum extent required to comply with applicable law, provided that Trane (1) provides Customer with prompt written notice prior to any such disclosure, and (2) reasonably cooperate with Customer to limit or prevent such disclosure.

4. Customer Data; Compliance with Laws. Trane agrees to comply with laws, regulations governmental requirements and industry standards and practices relating to Trane's processing of Customer Confidential Information (collectively, "***Laws***").

5. Customer Data; Information Security Management. Trane agrees to establish and maintain an information security and privacy program, consistent with applicable HVAC equipment industry practices that complies with this Addendum and applicable Laws ("***Information Security Program***"). The Information Security Program shall include appropriate physical, technical and administrative safeguards, including any safeguards and controls agreed by the Parties in writing, sufficient to protect Customer systems, and Customer's Confidential Information from unauthorized access, destruction, use, modification or disclosure. The Information Security Program shall include appropriate, ongoing training and awareness programs designed to ensure that Trane's employees and agents, and others acting on Trane's, behalf are aware of and comply with the Information Security Program's policies, procedures, and protocols.

6. Monitoring. Trane shall monitor and, at regular intervals consistent with HVAC equipment industry practices, test and evaluate the effectiveness of its Information Security Program. Trane shall evaluate and promptly adjust its Information Security Program in light of the results of the testing and monitoring, any material changes to its operations or business arrangements, or any other facts or circumstances that Trane knows or reasonably should know may have a material impact on the security of Customer Confidential Information, Customer systems and Customer property.

7. Audits. Customer acknowledges and agrees that the Trane SOC2 audit report will be used to satisfy any and all audit/inspection requests/requirements by or on behalf of Customer. Trane will make its SOC2 audit report available to Customer upon request and with a signed nondisclosure agreement.

8. Information Security Contact. Trane's information security contact is Local Sales Office.

9. Security Incident Management. Trane shall notify Customer after the confirmation of a Security Incident that affects Customer Confidential Information, Customer systems and Customer property. The written notice shall summarize the nature and scope of the Security Incident and the corrective action already taken or planned.

10. Threat and Vulnerability Management. Trane regularly performs vulnerability scans and addresses detected vulnerabilities on a risk basis. Periodically, Trane engages third-parties to perform network vulnerability assessments and penetration testing. Vulnerabilities will be reported in accordance with Trane's cybersecurity vulnerability reported process. Trane periodically provides security updates and software upgrades.

© 2026 Trane Technologies. All Rights Reserved.
Confidential and Proprietary Information of Trane U.S. Inc.

11. Security Training and Awareness. New employees are required to complete security training as part of the new hire process and receive annual and targeted training (as needed and appropriate to their role) thereafter to help maintain compliance with Security Policies, as well as other corporate policies, such as the Trane Code of Conduct. This includes requiring Trane employees to annually re-acknowledge the Code of Conduct and other Trane policies as appropriate. Trane conducts periodic security awareness campaigns to educate personnel about their responsibilities and provide guidance to create and maintain a secure workplace.

12. Secure Disposal Policies. Trane will maintain policies, processes, and procedures regarding the disposal of tangible and intangible property containing Customer Confidential Information so that wherever possible, Customer Confidential Information cannot be practicably read or reconstructed.

13. Logical Access Controls. Trane employs internal monitoring and logging technology to help detect and prevent unauthorized access attempts to Trane's corporate networks and production systems. Trane's monitoring includes a review of changes affecting systems' handling authentication, authorization, and auditing, and privileged access to Trane production systems. Trane uses the principle of "least privilege" (meaning access denied unless specifically granted) for access to customer data.

14. Contingency Planning/Disaster Recovery. Trane will implement policies and procedures required to respond to an emergency or other occurrence (i.e. fire, vandalism, system failure, natural disaster) that could damage Customer Data or any system that contains Customer Data. Procedures include the following
    (i) Data backups; and
    (ii) Formal disaster recovery plan. Such disaster recovery plan is tested at least annually.

15. Return of Customer Data. If Trane is responsible for storing or receiving Customer Data, Trane shall, at Customer's sole discretion, deliver Customer Data to Customer in its preferred format within a commercially reasonable period of time following the expiration or earlier termination of the Agreement or, such earlier time as Customer requests, securely destroy or render unreadable or undecipherable each and every original and copy in every media of all Customer's Data in Trane's possession, custody or control no later than [90 days] after receipt of Customer's written instructions directing Trane to delete the Customer Data.

16. Background Checks Trane shall take reasonable steps to ensure the reliability of its employees or other personnel having access to the Customer Data, including the conducting of appropriate background and/or verification checks in accordance with Trane policies.

17. DISCLAIMER OF WARRANTIES. EXCEPT FOR ANY APPLICABLE WARRANTIES IN THE AGREEMENT, THE SERVICES ARE PROVIDED "AS IS", WITH ALL FAULTS, AND THE ENTIRE RISK AS TO SATISFACTORY QUALITY, PERFORMANCE, ACCURACY AND EFFORT AS TO SUCH SERVICES SHALL BE WITH CUSTOMER. TRANE DISCLAIMS ANY AND ALL OTHER EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES WITH RESPECT TO THE SERVICES AND THE SERVICES PROVIDED HEREUNDER, INCLUDING ANY EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR THAT THE SERVICES WILL OPERATE ERROR-FREE OR UNINTERRUPTED OR RETURN/RESPONSE TO INQUIRIES WITHIN ANY SPECIFIC PERIOD OF TIME.

Finance Department
Purchasing Division
65 Stone Street I Cocoa, FL 32922
Phone: (321) 433-8833

January 26, 2023

To: All Departments

Subject: Approved use of Omnia Partners contract 3341 with Trane US Inc.

The Purchasing Department has reviewed Omnia Partners contract 3341 with Trane US Inc. where Racine County, WI is the lead agency and has confirmed that the terms are acceptable for departmental use through August 31, 2027 unless extended.

The contract provides discounted pricing for HVAC Products, Installation, Labor Based Solutions, and Related Products and Services such as training, start-up and commissioning services, installation, maintenance, turn-key services, IEQ, repair services, rentals, leases, and equipment upgrades.

IFB # RC2022-of 1001, General Terms and Conditions Section II-K National Contract states the solicitation is available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through OMNIA Partners' cooperative purchasing program and that the successful bidder is required to extend these services. It is further stated under Attachment D that Certain terms of the Master Agreement specifically applicable to the Principal Procurement Agency (e.g., governing law) are subject to modification for each Participating Public Agency as Vendor and such Participating Public Agency may agree without being in conflict with the Master Agreement as a condition of the Participating Agency's purchase.

The City may enter into supplementary agreements and/or append its terms and conditions to the master agreement through the issuance and vendor acceptance of a purchase order.

The vendor quote and department requisition must clearly reference that pricing is being provided in according with this contract. Departments are required to obtain any additional documentation such as a COI and e-Verify affidavit when required. If purchase is greater than the City Manager approval authority and/or if the purchase results in a service agreement which is active in more than one fiscal year, the department must also obtain the approval of City Council.

Should there be additional questions or clarification needed please contact the Purchasing Department at purchasing@cocoafl.org.

HVAC PRODUCTS, INSTALLATION, LABOR BASED SOLUTIONS AND RELATED PRODUCT AND SERVICES CONTRACT 2022

This Contract made and entered into this 16th day of August 2022, by and between Racine County, Wisconsin, 730 Wisconsin Avenue, Racine, Wisconsin 53403 (hereinafter referred to as "COUNTY") and Trane U.S. Inc., 800 Beaty Street, Davidson, North Carolina 28036-6924 (hereinafter referred to as "CONTRACTOR").

W I T N E S S E T H:

For good and valuable consideration, the parties agree as follows:

1. **WORK**: CONTRACTOR shall provide HVAC PRODUCTS, INSTALLATION, LABOR BASED SOLUTIONS AND RELATED PRODUCT AND SERVICES:
   The undersigned parties understand and agree to comply with and be bound by the entire contents of Sealed Bid # RC2022-1001: HVAC PRODUCTS, INSTALLATION, LABOR BASED SOLUTIONS AND RELATED PRODUCT AND SERVICES (aka, the Contractor's Bid Proposal submitted July 21, 2022) which is incorporated herein by reference. CONTRACTOR understands and agrees that the bonds and insurance required by the Project Manual are to be kept current at all times through the length of each term and for 90 Days following completion of each term. Bonds and insurance must be renewed and presented to the COUNTY at the time of each renewal term if COUNTY chooses to renew. Bonds and insurance shall be written by a firm acceptable to the COUNTY as specified in the Project Manual.
2. **TERM**: September 1, 2022, to August 31, 2027, with full renewal of one (1) additional five (5) year term per the Project Manual. COUNTY shall exercise renewal options by issuance and delivery to CONTRACTOR of a written notice to renew this Agreement.
3. **PROJECT**: HVAC PRODUCTS, INSTALLATION, LABOR BASED SOLUTIONS AND RELATED PRODUCT AND SERVICES in accordance with the Project Manual.
4. **PRICE**: Price as stated for all schedules included in the Project Manual.

DocuSign Envelope ID: 5AB039C2-2DAF-4A1E-9286-D4840C496111

5. **CANCELLATION**: This contract may be cancelled without penalty or obligation of any kind, by COUNTY by, for or on behalf of itself or its agencies, departments, officers, agents or employees immediately upon written notice to all parties that sufficient funds have not been budgeted by the County Board of Supervisors to pay the obligations under this agreement.

Either party may terminate the contract on the anniversary date in any subsequent year of the contract by providing the other party with written notice ninety (90) days prior to the anniversary date.

If the CONTRACTOR fails to maintain and keep in force required insurance, COUNTY shall have the right to cancel and terminate the contract without notice.

Notwithstanding any of the terms and conditions contained herein, the COUNTY and CONTRACTOR reserve the right to terminate the contract at any time for any reason by providing written notice of termination to the other party no less than ninety (90) days in advance of termination. In the event of said termination, CONTRACTOR shall not reduce its activities hereunder unless agreed in advance by COUNTY. The CONTRACTOR will pay according to the contract for services tendered through the date of termination.

June 15, 2022

Dear Prospective Bidder:

You are invited to submit a bid to provide HVAC Products, Installation, Labor Based Solutions, and Related Products and Services for Racine County and other municipal governments and local public agencies. A copy of this solicitation is available for download at: https://www.racinecounty.com/departments/finance/purchasing-rfps-and-bids. Submitted bids are due on or before 1:00 p.m. CST on Thursday July 21, 2022, you must submit electronically online using the DemandStar application at www.DemandStar.com. Late bids will not be accepted.

Bids must be submitted electronically online using the DemandStar application at www.DemandStar.com. The terms 'Firms', 'Suppliers', 'Contractors', 'Offeror', 'Vendor', 'Respondent', and/or 'Bidder' may be used interchangeably.

General questions regarding this solicitation should be directed to Duane McKinney at (262) 636-3700 or via email at Duane.McKinney@racinecounty.com.

Technical questions should be submitted via email to Duane McKinney, Purchasing Manager, at Duane.McKinney@racinecounty.com.

No other Racine County employee or representative is authorized to provide information or interpret any portion of this solicitation. No contact from a vendor to any Racine County employee or elected official should be made during this process unless authorized by Racine County Finance Department.-Purchasing Division.

If your firm chooses not to submit a response for this procurement, please complete Attachment E – No Bid Form.

RACINE COUNTY RESERVES THE RIGHT TO ACCEPT OR REJECT ANY OR ALL BIDS; TO WAIVE ANY TECHNICALITY OR ERROR IN ANY BID OR PART THEREIN, AND TO ACCEPT THE SAME OR COMBINATIONS, IN WHOLE OR IN PART, WHICHEVER IS DEEMED TO BE IN THE BEST INTEREST OF RACINE COUNTY IN ITS SOLE AND EXCLUSIVE DISCRETION.

Sincerely,

Duane McKinney
Racine County Purchasing Manager

INVITATION FOR BID
IFB # RC2022-1001

HVAC PRODUCTS, INSTALLATION, LABOR BASED SOLUTIONS, AND RELATED PRODUCTS AND SERVICES

I. PROJECT OVERVIEW

Racine County is accepting bids for HVAC Products, Installation, Labor Based Solutions, and Related Products and Services. The Master Agreement will allow government agencies to purchase the products and services defined herein, in indefinite quantities on an as-needed basis. Participating Public Agencies may have different requirements and they may choose to sign supplemental agreements with the Awarded Bidder(s) to conform to their purchasing and contracting requirements.

A. STEP-ONE

For the first step of the bidding process, Bidders will submit their sealed bid with all requested information, to include Certification of Vendor, and Attachment C – Bid Form by the due date and time outlined in this IFB. After the due date and time, all Bids will be reviewed to determine if they are responsive, responsible, and meet the minimum requirements. Each Bidder determined to be responsive, responsible, and qualified shall be deemed to be a "Responsible Bidder".

B. STEP-TWO

For the second step of the bidding process, Racine County will distribute to each Responsible Bidder the Sample Project Forms, which have already been prepared and are actual (hypothetical) projects. When completing the Sample Project Form, Responsible Bidders are required to USE THE SAME LINE ITEM PRICING from Attachment C – Bid Form and apply them to the Sample Projects Forms to be supplied upon identification of a Responsible Bidder(s) in the first step; a reduction in price for the sample projects outlined in a Responsible Bidder's Sample Project Form will not be allowable. The final basis for award to the lowest responsible Bidder(s) will result from the lowest total dollar amount of the combined sample projects.

II. INSTRUCTION TO BIDDERS

A. SCHEDULE

Issuance of Bid:	Wednesday June 15, 2022
Virtual Only Non-Mandatory Pre-Bid Meeting:	Wednesday June 29 at 10am (CST), 2022
Deadline for Bidder Questions:	Wednesday June 29, 2022 by 5pm (CST)
Addendum/Questions Answered for Solicitation:	Wednesday July 6, 2022
Bid Due Date:	Thursday July 21, 2022 by 1pm (CST)

B. BIDDER'S QUESTIONS

Bidders are reminded to **carefully** examine the bid packet and specifications upon receipt. If the Bidder does not fully understand the Invitation for Bid (IFB) or is in doubt as to the County's ideas or intentions concerning any portion of the IFB, any/all questions shall be submitted in writing to Duane McKinney, Purchasing Manager by 5:00 p.m. on Wednesday June 29, 2022, either by fax or e-mail for interpretation or correction of any printed material:

Fax: 262-636-3763
E-mail: Duane.McKinney@racinecounty.com

No verbal explanation or instructions will be given in regard to the meaning of the specifications during the response period. If necessary, in Racine County's sole discretion, answers to questions will be provided to all specification holders in the form of an addendum. Any addendum will include a list of each question received and Racine County's response as of the date of the addendum.

C. ADDENDA

Any changes made to the Invitation to Bid after posting will be issued via addenda to all prospective bidders and if necessary, an extension will be made to the Bid Due Date. The original Invitation to Bid and any addenda will be posted to the Racine County Website https://www.racinecounty.com/departments/finance/purchasing-rfps-and-bids. Bidders are responsible for checking this website for any future addenda prior to the opening date. All addenda must be signed and returned with your submitted bid as specified in the addenda. Bidders who do not return the addenda may have their bids rejected.

If a vendor receives a bid packet from any source or entity other than the Racine County Purchasing Department, the Bidder is responsible for contacting the Racine County Purchasing Department and requesting the firm's name be put on the response list for the project. Failure to do so in no way obligates the County to send out addendum or other information concerning this request to the firm.

D. VIRTUAL ONLY NON-MANDATORY PRE-BID MEETING

A non-mandatory (virtual only) pre-bid meeting will be held on Wednesday June 29, 2022 at 10am local time held by phone. Due to COVID, Bidders should register for the meeting by Tuesday June 28, 2022 with Duane via above email or (262) 636-3700, to obtain the dial in information.

While non-mandatory, it is strongly encouraged for Bidders to attend the pre-bid meeting. Oral statements or discussions during the pre-bid meeting will not be binding. Any questions should be submitted in writing per item B. of this Section. Changes, if any, will only be made in writing via Addenda as described in item C. Addenda.

The purpose of this meeting will be to clarify the contents of this IFB in order to prevent any misunderstandings of the IFB. Any doubt as to the requirements of this IFB or any apparent omission or discrepancy should be presented to Racine County at this

conference. Racine County will then determine the appropriate action necessary, if any, and may issue a written addendum to the IFB. Oral statements or instructions will not constitute an addendum to this IFB. No other Racine County employee or representative is authorized to provide information or interpret any portion of this solicitation. Contact to any Racine County employee or elected official regarding this IFB during this process is prohibited unless authorized by the Racine County Purchasing Manager.

E. METHOD OF BID

Bidders must submit their bids using the Bid Form documents attached to this IFB and incorporated herein as Attachment C and shall submit all other information and materials required by this IFB. Bids written in pencil or in a format other than the attached forms will be rejected. Erasures or corrections of mistakes on forms submitted shall be initialed or signed by Bidder. Failure to meet any requirements listed in this solicitation document may be cause for disqualification of the bid.

Any information considered to be proprietary by a Bidder must be plainly marked as such and may not include pricing. Racine County makes no warranty or representation as to the application of the Wisconsin Public Records Law (Wis. Stat. § 19.31, et seq.)(the "WPRL") to any documents and information submitted in response to this IFB. Each copy of the response shall include the Certification of Vendor page and acknowledgement of addendum(s) **if any**. A legally authorized representative of the Bidder will sign the Certification of Vendor page.

F. INCURRING COSTS

Racine County shall not be liable for any costs incurred in replying to this IFB.

G. ADDITIONAL DATA WITH BID

Bidders may include any additional information deemed advantageous to Racine County. Consideration of additional data and information is to be held optional to Racine County however if an award is made, it will be awarded as outlined in Section D Award under Part V. Award Information.

H. DUE DATE

You must submit electronically online using the DemandStar application at www.DemandStar.com of your bid is to be received by **1:00 p.m. (CST) Thursday July 21, 2022,** in the offices of the Racine County Purchasing Division. Bids received after 1:00 p.m. central time as dictated by www.time.gov shall be considered late and will not be accepted. Late bids will not be accepted. Faxes will not be accepted.

Any Bid received by the County after this date and time will not be accepted. Bidders are responsible for ensuring that the above office receives its Bid before the deadline. All Bids will be reviewed and evaluated as described in Part V. Award Information

I. WITHDRAWAL OF BIDS

Bids may be withdrawn on written or electronic request received from Bidder prior to time and date fixed for bid opening if the bid contains a mistake, omission, or error. Subject to Wis. Stat. § 66.0901(5), negligence on the part of the Bidder in preparing their bid confers no right for withdrawal of the bid after it has been opened. Bids that are withdrawn prior to the time and date set for bid opening with be returned unopened and the Bidder may not re-submit a bid to this solicitation unless no contract is awarded under this IFB and the IFB is re-advertised.

J. AMENDMENTS TO BIDS

Subject and pursuant to Wis. Stat. § 66.0901(5), each Bidder will be allowed a period of forty-eight (48) hours after the time and date set for receipt of responses to notify the County in writing of a material mistake in the bid. However, no changes to the line item prices in Bid Form, included as part of this bid, are permitted after sealed bids are accepted by the due date and time outlined in this IFB. Failure of Bidder to notify the County in the manner and within the time limit specified above will constitute a waiver by the Bidder of all rights and remedies relative to a material mistake.

Formal bid amendments thereto or requests for withdrawal of bid received by Racine County after time specified for opening will not be considered.

K. BIDS BINDING 90 DAYS

Unless otherwise specified, all formal responses submitted shall be binding for ninety (90) calendar days following the bid opening date.

II. TERMS AND CONDITIONS

A. GENERAL TERMS AND CONDITIONS

The successful Bidder(s) (the "Contractor") agrees to all of Racine County's General Terms and Conditions located at https://racinecounty.com/home/showdocument?id=11726 and incorporated by reference herein.

B. INSURANCE

1. Requirement

Contractor shall procure and maintain in full force and effect for the duration of this Agreement, insurance protecting against claims for injuries to persons or damages to property which may arise from or in connection with performance of the work hereunder by the Contractor, his agents, representatives, employees, or subcontractors.

2. Minimum Limits of Insurance

Each vendor shall obtain insurance at the following minimum limits:

- General Liability

- $1,000,000 each occurrence
- $1,000,000 personal and advertising injury
- $2,000,000 general aggregate
- $2,000,000 products and completed operations aggregate

- Umbrella Liability Insurance on a following form basis
  - $4,000,000 each occurrence
  - $4,000,000 aggregate
  - Any combination of underlying coverage and umbrella equaling $5,000,000 shall be acceptable.
- Workers Compensation Statutory Limits plus:
  - $100,000 E.L. Each Accident
  - $100,000 E.L. Disease Each Employee
  - $500,000 E.L. Disease Policy Limit

The following applies to all policies:

- The county is named as an additional insured on the general liability, automobile, and umbrella policies.
- All insurance must be placed with an insurance company with a minimum AM Best Rating of A- VII
- The insurers shall agree under each required policy of insurance to waive all rights of subrogation against the insured parties for losses arising from work performed by the Contractor for Racine County.

The making of progress payments to the Contractor shall not be construed as relieving the Contractor or its subcontractors or insurance carriers providing the coverage described herein for responsibility for loss or direct physical loss, damage or destruction occurring prior to final acceptance of the Work.

3. Deductibles and Self-Insured Retention

Any deductibles or self-insurance retentions must be declared to and approved by Racine County so that the County may ensure the financial solvency of the Contractor. At the option of the County, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects the County, its officers, officials, and employees; or the Contractor shall procure a bond guaranteeing payment of losses and related investigations, claim administration and defense expenses. Contractor shall pay all deductibles and be liable for all claims, losses and damages for which it self-insures.

4. Other Insurance Provisions

The policies are to contain, or be endorsed to contain, the following provisions:

1. General Liability, Automobile Liability, and Umbrella/Excess Insurance

a. Additional Insured Requirement. Racine County, its elected and appointed officials, officers, boards, commissions, officers, employees, representatives, servants, volunteers and agents (hereinafter referred to as “Insured Party” or “Insured Parties”) are to be **covered as additional insureds** as respects: liability arising out of activities performed by or on behalf of the Contractor; products and completed operations of the Contractor, premises owned, leased, or used by the

Contractor; and automobiles owned, leased, hired, or borrowed by the Contractor. The coverage shall contain no special limitations on the scope of protection afforded to the Insured Parties. Nothing contained in this section shall be construed to require the Contractor to provide liability insurance coverage to the any Insured Party for claims asserted against such Insured Party for its sole negligence.

b. Primary Insurance Requirement. The Contractor's insurance coverage shall be primary and noncontributing insurance as respects to any other insurance or self-insurance available to the Insured Parties. Any insurance or self-insurance maintained by the Insured Parties shall be in excess of the Contractor's insurance and shall not contribute with it.

c. Reporting Requirement. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the Insured Parties.

d. Separate Coverage. Coverage shall state that the Contractor's insurance shall apply separately to each Insured Party against whom claim is made or suit is brought.

e. Defense Costs/Cross Liability. Coverage shall be provided on a “pay on behalf” basis, with defense costs payable in addition to policy limits. There shall be no cross liability exclusion.

5. Workers’ Compensation and Employers Liability Coverage

The Contractor shall have and maintain in full force and effect for the duration of this Agreement, insurance protecting against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Work by the Contractor, its agents, representatives, employees or subcontractors. The insurer shall agree to waive all rights of subrogation against Racine County, and its officers, officials, employees and volunteers for losses arising from the work performed by the Contractor for Racine County.

6. Waiver of Subrogation

The insurers shall agree under each policy of insurance required by this Contract to waive all rights of subrogation against the Insured Parties for losses arising from work performed by the Contractor for Racine County.

7. All Coverages

1. Notice Requirement.

Each insurance policy required by this Contract shall be endorsed to state that coverage shall not be suspended, voided, canceled, reduced in coverage or in limits except after thirty (30) days' prior written notice by certified mail, return receipt requested, has been given to Racine County Courthouse, Purchasing Department, 730 Wisconsin Avenue, Racine WI 53403. The County reserves the right to accept alternate notice terms and provisions provided they meet the minimum requirements under Wisconsin law.

2. Acceptability.

   The insurance to be maintained by Contractor must be issued by a company licensed or approved to transact business in the State of Wisconsin. Such insurance shall be placed with insurers with a Best's Policyholder's Rating of "A" or better and with a financial rating of Class VII or greater, or be otherwise acceptable to Racine County. All policies shall be subject to approval by the Racine County Corporation Counsel as to form and content.

3. Failure of Insurers.

   The Contractor shall be responsible for any delay resulting from the failure of any insurer to furnish proof of coverage in the prescribed form.

8. Verification of Coverage

   Prior to execution of the contract, Contractor shall furnish Racine County with certificates of insurance and endorsements to the policies evidencing all coverages required by this Contract. Additionally, the declarations page for each insurance policy listed on the certificate of insurance shall be submitted to the County. The certificates and endorsements for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. The certificates shall reference the contract and provide for thirty (30) days advance notice of cancellation or non-renewal during the term of the contract. Racine County reserves the right to require complete, certified copies of all required insurance policies at any time. The contractor shall provide proof that any expiring coverage has been renewed or replaced prior to the expiration of the coverage.

9. Subcontractors

   Contractor shall include all subcontractors as insureds under its policies or shall furnish separate certificates and endorsements for each subcontractor. All coverage for subcontractors shall be subject to all of the requirements stated in this Agreement, including, but not limited to, naming the Insured Parties as additional insureds. The Contractor shall not allow any subcontractor to commence work until the aforementioned requirements are met.

C. USE OF PREMISES

The Successful Bidder(s), also referred to as Contractor, shall confine their equipment, the storage of materials and the operations of their work persons to the limits of the work area or in accordance with the directions of the County, laws, ordinances and permits, and shall not unreasonably encumber the premises with their materials. All construction materials, shelter, vehicle parking and storage shall be confined to site. Locations of such storage shall be approved in advance by the County.

The Contractor is responsible for any damage done to the building structure, existing hallways, doors etc., that is not part of the scope of work and was damaged during the construction period by the Contractor.

The County shall have the right to use or occupy the premises and use the whole or any part of the work area as is possible without interference with the work prior to its final acceptance. Such use is not to be taken as an acceptance by the County of the whole or any part of the work performed under this contract.

The Contractor is responsible for obtaining any necessary licenses and permits, and for complying with any applicable Federal, State, and municipal laws, codes, and regulations in connection with the prosecution of the work without additional expense. The Contractor is similarly responsible for all damages to persons or property that occurs because of their fault or negligence. The Contractor shall take proper safety and health precautions to protect the work, the workers, the public, and the property of others. The Contractor is also responsible for all materials delivered and work performed until completion and acceptance of the entire construction work, except for any completed unit of construction previously accepted.

D. LIEN WAIVERS

If Contractor requires multiple payments, all requests will be only for work completed at date of application. Lien Waivers will be provided.

All necessary lien waivers are required with each request for payment. Lien waivers for first pay request total may be submitted at time of second pay request only if approved by Owner. Accurate sequencing henceforth will be followed. Final lien waivers will be processed and ready for distribution to Owner prior to final payment being processed.

All Lien waivers will contain the following language, clearly typed:

> "Except for retainage, if applicable, there are no outstanding Claims made against the Owner and/or its lenders and guarantors, or the Project, in connection with the work performed in the construction of the Project through the Period Date, except as set forth in Exhibit A attached hereto, if any, and no such claims set forth on Exhibit A have been included in the Application for Payment dated as of the Application Date."

E. BONDS

1. PERFORMANCE & PAYMENT BONDS
   When required by the Participating Public Agency, the Contractor shall furnish a Performance Bond and Labor and Materials Payment Bond covering the faithful performance of the contract and the payment of all obligations arising there under and complying with the requirements of Wisconsin's law or the applicable state of the Participating Public Agency. Both bonds shall be in the amount of one hundred percent (100%) of the contract amount and shall name the Participating Public Agency as an oblige. Companies issuing bonds must be licensed to write bonds in the state of the Participating Public Agency. The Contractor shall pay premiums for required bonds. Obtaining of bonds by the Contractor shall be a condition precedent to effectuation of the Master Agreement between the Participating Public Agency and Contractor. If additional work is authorized, the amount of the bonds shall be increased to cover the value of the increased contract sum.

F. PERMITS, CODES AND ORDINANCES

Contractor shall, at his own expense, obtain all necessary permits and licenses and comply with municipal and State laws, ordinances, and regulations.

Should any change in the plan and scope of work be required to conform to law and /or ordinances, Contractor shall notify the County before submitting his quote. After entering a contract, the Contractor shall be held to complete all work necessary to meet the above local requirements without extra expense to the County.

G. STANDARDS AND JOB SITE SAFETY

Contractor shall perform all work in accordance with the best present-day practices and conform and test in accordance with the applicable sections of the latest revisions of the codes and standards listed in the scope of work. In the event of a conflict between the referenced codes, standards, scope of work and plans, the one establishing the most stringent requirement will be followed.

Contractor shall be totally responsible for initiating, instituting, enforcing, maintaining, and supervising all safety precautions and job site safety programs in connection with the work. The Contractor shall take all reasonable precautions for the safety of all its employees and all other persons who may be on the job site. In that regard, Contractor shall comply with all applicable Federal, State, and local laws, ordinances, rules and regulations and order of any public authority having jurisdiction for the safety of persons or property or to protect them from damage, injury, or loss. Contractor shall erect and maintain as required by existing conditions and the progress of the work, all reasonable safeguards for safety and protection, including posting of danger signs and other warnings against hazard, promulgating safety regulations and notifying owners and users of adjacent utilities. County does require that Contractor comply, at a minimum, with the safety regulations of County as set out in the scope of work for this contract, to protect County's employees who may be on the job site.

Enactment of safety precautions and regulations; placement and provision of safety material, barricades, etc.; and use or provision of all required safety equipment shall be the sole responsibility of the Contractor whose employees or subcontractors are exposed to the applicable hazard or whose work endangers surrounding persons, property, equipment, contractors, etc.

H. INSPECTION/CLOSE OUT PROCEDURES

All materials used and all work completed by the Contractor shall be always subject to the examination, observation, and approval of the County.

At their discretion, the County shall have the authority to suspend work that does not comply with plans and scope of work and reject non-complying work and materials provided, however, that the failure of such inspector to reject non-complying work and material shall not constitute a waiver by the County of any rights of the County.

For final acceptance, the County shall inspect the work included in the contract as soon as practical after notification by the Contractor that such work has, in their opinion, been completed and final cleanup has been performed. Should the inspection disclose any

work, in whole or in part, as being unsatisfactory, the County will give the Contractor the necessary instructions for correction of the same, and the Contractor shall immediately comply with and execute such instructions. Upon correction of the work, another inspection will be made which shall constitute the final inspection provided the work has been satisfactorily completed.

I. BIDDER SUPPLIED DOCUMENTATION AND MATERIALS; CONFIDENTIALITY

All Bidder-supplied materials, including the Bidder's Bid, become the property of Racine County.

Bidder acknowledges that Racine County is an "authority" for the purposes of the WPRL. Any information obtained by Racine County is considered public records and will be subject to disclosure under the WPRL, except for information falling within one of the exemptions therefrom. Racine County is required to and shall comply with the WPRL in relation to any records, documents and information related to its dealings and relationship with the Bidder. Nothing in the Master Agreement shall be deemed or construed as a limitation on Racine County's discretion relating to compliance with the WPRL or other applicable law.

Notwithstanding the foregoing, if any of the material a Bidder provides is confidential or is a proprietary trade secret, Bidder may mark that material with a "Confidential" stamp. While Racine County will attempt to keep such information confidential, as an authority, it cannot guaranty that it will remain confidential. Racine County will endeavor to inform Bidders of a public records request to view or obtain such information. Any Bidder may contest such a request at its sole expense. Racine County assumes no responsibility for any liability whatsoever in relation to its compliance with the WPRL.

J. AFFIRMATIVE ACTION; NON-DISCRIMINATION

Racine County is committed to fulfilling its role as an Affirmative Action/Equal Opportunity Employer. We request your vigorous support of our Affirmative Action efforts. Our relationship with your agency is based upon your willingness to accept and comply with Executive Order 11246, as amended, and other federal laws requiring equal employment opportunity without regard to race, religion, color, national origin, sex, disability or veteran status. By signing the Certification of Vendor, you indicate your acceptance and compliance.

In connection with the performance of work awarded under this IFB, the Contractor agrees not to discriminate against any employee or applicant for employment because of age, race, religion, color, handicap, sex, physical condition, developmental disability as defined in Wis. Stat. § 51.01(5)(a), sexual orientation as provided in Wis. Stat. § 111.36, national origin, or military service as provided in Wis. Stat. § 111.355(1). This provision shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor further agrees to take affirmative action to ensure equal employment opportunities. The Contractor agrees to post in conspicuous places, available for employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of the non-discrimination clause (Wis. Stat. § 16.765 (2)).

K. NATIONAL CONTRACT

Subject to its fiduciary and statutory obligations, Racine County, as the Principal Procurement Agency, defined in Attachment D – National Cooperative Contract to be Administered by OMNIA Partners, has partnered with OMNIA Partners, Public Sector ("OMNIA Partners") to make the resultant contract (also known as the "Master Agreement" in materials distributed by OMNIA Partners) from this solicitation available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through OMNIA Partners' cooperative purchasing program. Racine County is acting as the contracting agency for any other Public Agency that elects to utilize the resulting Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners (a "Participating Public Agency") and by using the Master Agreement, any such Participating Pubic Agency agrees that it is registered with OMNIA Partners, whether pursuant to the terms of a Master Intergovernmental Cooperative Purchasing Agreement, a form of which is attached hereto on Attachment D – National Cooperative Contract, or as otherwise agreed to. Attachment D – National Cooperative Contract contains additional information about OMNIA Partners and the cooperative purchasing agreement.

OMNIA Partners is the largest and most experienced purchasing organization for public and private sector procurement. Through the economies of scale created by OMNIA Partners public sector subsidiaries and affiliates, National IPA and U.S. Communities, our participants now have access to more competitively solicited and publicly awarded cooperative agreements. The lead agency contracting process continues to be the foundation on which we are founded. OMNIA Partners is proud to offer more value and resources to state and local government, higher education, K-12 education and non-profits.

OMNIA Partners provides shared services and supply chain optimization to government, education, and the private sector. With corporate, pricing and sales commitments from the Vendor, OMNIA Partners provides marketing and administrative support for the Contractor that directly promotes the Contractor's products and services to Participating Public Agencies though multiple channels, each designed to promote specific products and services to Public Agencies on a national basis. Participating Public Agencies benefit from pricing based on aggregate spend and the convenience of a contract that has already been advertised and publicly competed. The Contractor benefits from a contract that generally allows Participating Public Agencies to directly purchase goods and services without the Contractor's need to respond to additional competitive solicitations. As such, the Contractor must be able to accommodate a nationwide demand for services and to fulfill obligations as a nationwide Contractor and respond to the OMNIA Partners documents (Attachment D).

While no minimum volume is guaranteed to the awarded Contractor(s), the estimated annual volume of HVAC Products, Installation, Labor Based Solutions, and Related Products and Services purchased under the Master Agreement through OMNIA Partners is approximately $500M. This projection is based on the current annual volumes among the Racine County and other Participating Public Agencies anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and

volume growth into other Public Agencies through a coordinated marketing approach between the awarded Bidder(s) and OMNIA Partners.

The successful Bidder(s) will be required to sign Attachment D – National Cooperative Contract to be Administered by OMNIA Partners, Exhibit B – Administration Agreement. Contractors should have any reviews required to sign the document prior to submitting a response.

Notwithstanding the foregoing, Racine County makes no representation or warranty concerning the use of the Master Agreement by any other Participating Public Agency.

III. HVAC PRODUCTS, INSTALLATION, LABOR BASED SOLUTIONS, AND RELATED PRODUCTS AND SERVICES

The requirements identified in this section represent the products and services currently being used and are the basis for the resulting contract. The following specifications are minimum acceptable requirements. Bid specifications may not be revised without an official written addendum issued by the Purchasing Coordinator.

A. DESCRIPTION OF WORK

The expected outcome of this IFB is to enter into a contractual relationship with a business partner(s) who will provide a comprehensive selection of HVAC products and solutions, including complete turn-key services. Vendors are to provide a broad selection of HVAC EQUIPMENT, INSTALLATION, LABOR BASED SOLUTIONS, AND RELATED PRODUCTS AND SERVICES. The intent of this IFB is to provide Participating Public Agencies with products, services and turn-key solutions to meet their various needs. Therefore, the Vendors should have demonstrated experience in providing similar Products and Services as defined in this solicitation, including but not limited to:

1. HVAC Equipment and Products: This includes, but is not limited to, all commercial equipment such as chillers: air-cooled chillers, water-cooled chillers, compressor chillers, ancillary chiller water plant equipment and absorption liquid chillers; unitary systems that combine heating, cooling and fan sections: rooftop systems, split systems, self-contained systems and water source heat pumps; air handling systems: performance air handlers, blower coil air handlers, make-up air gas heating systems, air handler options and air cleaning options; terminal devices: unit heaters, unit ventilators, fan coil units, ventilation fans and variable air volume; ductless variable refrigerant volume units; dedicated outdoor air systems; replacement coils; automation equipment; parts and aftermarket products and any other HVAC products offered by Bidder.

2. Installation and Services: This includes, but is not limited to, any installation of new equipment, maintenance of existing systems, upgrading of existing infrastructure, turn-key services and any other installation and services offered by Bidder.

3. Related Products, Solutions, and Other Services: This includes, but is not limited to, new, and/or retrofitting older products and solutions, HVAC equipment controls, ancillary services, thermostats, sensors, energy programs, design and analysis tools, commissioning, building management and/or certifications, enterprise management, rental and lease services, financial services, training and/or educational services, municipal services, and any other

related products and services offered by Bidder.

B. TERM

The term of the Master Agreement will be for five (5) years following the contract award date with the option to review for one (1) additional five (5) year period. The anticipated full term of the contract is ten (10) years. The awarded Bidder(s) shall have the right to enter local "service" agreements with Participating Public Agencies accessing the contract through OMNIA Partners, so long as the effective date of such agreement is prior to the expiration of the Contract. All local agreements may have a full potential term (any combination of initial and renewal periods) subject to the discretion of the Participating Public Agency. Any job orders, project agreements, or maintenance agreements executed against the Master Agreement during the effective term may survive beyond the expiration of the Master Agreement as established and agreed to by both parties.

Racine County may terminate the Master Agreement without penalty due to the non-appropriation of funds, or for cause or convenience in accordance with the procedures set forth in the Master Agreement.

Participating Agencies commonly require a modification to a term of the Contract (e.g., governing law). The awarded Bidder and Participating Agencies may agree to modify terms on any specific purchase by a Participating Agency without being in conflict with the Contract.

C. PRICING

Labor rates should be based on regional and national rates. The Awarded Bidder may submit requests for labor rate increases on an annual basis, sixty (60) days prior to the anniversary contract date. Price increase requests are not automatic and must be approved by Racine County. The request for a change in the rate outside of the anniversary contract date shall include: (1) the cause for the adjustment and (2) the amount of the change requested with documentation to support the requested adjustment (i.e.: appropriate Bureau of Labor Statistics index).

The pricing structure, or percent discount for product pricing should remain fixed for the term of the contract.

The Awarded Bidder agrees to offer all future product and service introductions at similar pricing as that offered through this solicitation and contract.

D. ALTERNATIVE COSTING METHOD

If a project requires products and services that are not covered on the Bid Form or if a product or service is required that is more appropriate to be custom designed and manufactured to meet an individual project site's conditions and/or provided for a unique application or project, the Contractor may use the alternative costing method as follows:

The Contractor will be required to:

Obtain three (3) written cost proposals from local providers:

- Use the most advantageous cost proposals;
- Apply the discount as submitted on the Response Form; and
- All products and services falling under this category must be submitted in advance and approved by the Participating Public Agency prior to being included in any quote or proposal from the Contractor.

E. PRICE LIST FOR ADDITIONAL PRODUCTS

The intent is to enter into a Master Agreement for a complete line of HVAC products, installation, labor based solutions, and related products and services. Therefore, in addition to specific line items listed on the pricing schedules, Bidders are encouraged to provide Manufacturer's Price Lists for additional related products including green products as well as current catalogs and price lists. Bidders shall attach to the Bid Form one (1) copy of one (1) price list or retail price sheet, clearly marking the column to which the discount is applied for each item listed. Manufacturer's Price Lists shall be the currently published National Standard Manufacturer's Price Lists. The Bidder's Retail Price Sheets shall be the current Price Sheet at the time of bid submission. Bidders shall quote the percentage of discount from the Manufacturer's Price List or Retail Price Sheet cited above and shall furnish a copy of same with the bid submission. Discounts must be stated as a single percentage. FAILURE TO PROVIDE THE MANUFACTURER'S PRICE LIST OR RETAIL PRICE SHEET MAY BE CAUSE FOR REJECTION OF THE BID. When award is made, current catalogs and price lists provided by the Bidder shall become a part of the contract. The Bidder's name and address shall appear on all catalogs and price lists. Where the price list shows more than one (1) column of prices, Bidder shall clearly mark the column which represents its bid. If a fee or charge is to be made, it should be indicated on the Bid Form.

F. SPECIAL OFFERS AND PROMOTIONS

In addition to decreasing prices for the balance of the Contract term due to a change in market conditions, Contractor may conduct sales promotions involving price reductions for a specified lesser period. Contractor may offer Participating Agencies competitive pricing which is lower than the not-to-exceed price set forth herein at any time during the Contract term and such lower pricing shall not be applied as a global price reduction under the Contract.

IV. BID SUBMITTAL INSTRUCTIONS

To adequately review bids uniformly and objectively, all bids should be submitted according to the format detailed below. The bid should be prepared simply and economically, providing straightforward and concise information as requested. Use of existing materials, brochures and other standard preprinted materials containing information responsive to the requests in the solicitation, if available, are encouraged as a method to reduce your response time. However, unnecessary elaborate brochures or other presentations beyond that required to present a complete and effective bid are not desired. Racine County reserves the right to reject any bid not properly formatted.

A. CERTIFICATION OF VENDOR PAGE
Place this page on top of the original and each copy of your complete bid. See page 23.

B. TABLE OF CONTENTS
Include clear identification of the material to be used.

C. EXECUTIVE SUMMARY
Limit to one or two pages. Briefly state the Bidder's understanding of the service to be provided and a positive commitment to perform the services as defined in the IFB.

D. RESPONSIBLE BIDDER
Failure of Bidder to provide the required information, may result in a determination that Bidder is a non-responsive bidder. If Bidder does not adequately demonstrate the minimum qualifications, as outlined throughout this section, Bidder may be deemed not qualified and responsible. Bidders must demonstrate that they have the resources and capability to provide the materials and services described herein. The following minimum criteria shall be met to be eligible for this contract:

- Bidders shall demonstrate that they are financially stable;
- Bidder shall have been in business providing similar service for at least the last three (3) years;
- Bidders should have the capability of providing a combination of products, services, consulting, or other labor-based solutions to accommodate the range of products and services utilized by Participating Public Agencies; and
- Bidders shall be properly licensed and incorporated to do business in the State of Wisconsin.

Racine County reserves the right to make such additional investigations as it deems necessary to verify a Bidder submitting a bid is qualified and responsible to include investigating Bidder's past work with Racine County and Racine County employees.

In addition to the pricing and certification information indicated under item D. Award under V. Award Information, Bidders will submit the following items with their bid:

1. Include a detailed response to Attachment D, Exhibit A, OMNIA Partners Response for National Cooperative contract, to show proof of organizational capacity, equipment, and technical competency.
    a. Racine County makes no representation or warranty concerning the use of the Master Agreement by any other Participating Public Agency.
    b. The lowest responsible Bidder(s) will be required to sign Attachment D, Exhibit B, OMNIA Partners Administration Agreement.
    c. If applicable, provide a sample of additional agreements that Participating Public Agencies may be asked to sign.
2. Provide proof of a positive balance sheet and profitable business operations for two (2) of the last three (3) years.
3. Provide business license and applicable information that Bidder can do business in the State of Wisconsin. List the states where other business or contractor licenses are held.
4. Proof of insurance.

5. Describe Bidder's bonding capacity and capability of securing high dollar Performance Bonds.
6. A completed and signed W-9 Request for Taxpayer Identification Number and Certification form.
7. Furnish background of Bidder, including such information as size of the firm, legal status (corporation or partnership, etc.) lines of business, management and technical expertise, financial position, and years in business. Include any unique approaches or techniques developed and used by the firm.
8. Provide a minimum of three (3) comparable references of current work being performed. Information shall include name, phone number, fax number and email address of a person that may be contacted. Ideally, at least two (2) references will be with a government facility of similar size. Also include a brief description of the projects. Bidder's may use the Reference sheets enclosed in this IFB.
9. To further demonstrate similar experience and provide proof of performance:
    a. Include a detailed description of the Services Bidder can perform, including training, start-up and commissioning services, installation, maintenance, turn-key services, project approach to Indoor Environmental Quality (IEQ), repair services, rentals, leases, equipment upgrades, and any other services provided by the Bidder.
        - Identify the manufacturer products/brands the Bidder can service and support.
        - Stipulate the minimum work crew that will be made available at all times, ensuring timely and effective project completion. A project foreman, fluent in English, must be onsite during all construction activities and have authority to act on behalf of the Bidder. Each site work crew must have at least one journeyman assigned.
        - Describe how Bidder selects sub-contractors for service and/or installation and how Bidder ensures customer satisfaction related to the sub-contractors.
        - Describe Bidder's company's process for submitting a test and balance report for each piece of equipment installed, including items that will be covered in the test and balance report.
        - Describe Bidder's company's process for delivering a comprehensive commission plan at least two (2) weeks prior to start-up, including details of what will be covered in the plan.
        - Describe Bidder's company's scope of work for preventative maintenance work.
        - Describe and define all scenarios in which additional charges would apply outside of routine preventive maintenance.
        - Describe Bidder's methodologies for assisting Participating Public Agencies with recommendations on repairs and upgrades from defining the repair/upgrade through the completion of work.
        - Describe Bidder's firm's process for notifying a Participating Public Agency when personnel are going to be in a facility, arrival and departure time and the work performed. How does Bidder handle requirements for sign-off of work prior to leaving a facility?
    b. Describe Bidder's ability to provide temporary cooling/chiller units.
    c. Describe in detail the depth of product and services Bidder provides and any related products or services being offered. Include:

- A description of the Products, including all related components and parts to be provided by the major product category.
- A catalog or brochure type information as applicable.
- A matrix breaking out product information on all products, options, accessories such as product type, capacity range, standard warranty information, extended warranty information, estimated lead time/delivery time, etc.
- All necessary technical information relating to operation of equipment and systems, along with list of spare parts recommended by manufacturers with part numbers needed to maintain and efficiently run the systems and equipment.

d. Describe Bidder's record keeping and processing system for work performed. Include:
   - Bidder's ability to provide online access to records.
   - State any options for expediting delivery of product.
   - State backorder policy. Does Bidder fill or kill order and require Participating Public Agency to reorder if item is backordered?
   - State restocking procedures for returning products, if applicable.
   - Describe any special programs offered that will improve customers' ability to access Products and Services, on-time delivery, or other innovative strategies.
   - Describe the capacity of Bidder to broaden the scope of the contract and keep the product and service offerings current and ensure the latest products, standards and technology for HVAC Products, Installation, Labor Based Solutions, and Related Products and Services.
   - Describe your Bidder's safety policy and/or program, including how the policy is communicated to employees, whether the employees are evaluated on safety, and if any employees are dedicated to safety.
   - Describe Bidder's quality control processes.
   - Describe Bidder's problem escalation process.
   - Describe how customer complaints are measured and categorized. What processes are in place to know that a problem has been resolved?
   - Describe Bidder's post-installation support and warranty specifics. Include both product and installation warranty information.
   - Describe the process for replacement or repair of defective products and warranty related issues.
   - Describe how Bidder evaluates and determines unit repair versus unit replacement.
   - Identify all other companies that may be involved in processing, handling, shipping, products and/or services.
   - Provide the number, size and location of Bidder's distribution facilities, warehouses, and retail network as applicable.
   - Provide order information to include available ordering methods and available payment terms.
   - Provide the number and location of support centers (if applicable).

- Describe Bidder's customer service department staffing levels, hours of operation and other relevant details.
- Describe the process for ordering when supply of a unit and installation is involved, specifically addressing whether one purchase order is required for the entire project, or if separate purchase orders are required for ordering the product and securing installation services.
- Describe Bidder's internal management system for processing orders from point of customer contact through delivery and billing. Please state if Bidder uses single system or platform for all phases of ordering, processing, delivery, and billing.
- Describe the capacity of Bidder to provide management reports, i.e., commodity histories, procurement card histories, green spend, etc. for each Participating Public Agency.

E. BID FORM CRITERIA

All pricing submitted using the Bid Form (Attachment C) or a document using the same requested information in the same format. The Bid form shall be inclusive of all fees and service/shipping charges. All prices are FOB destination. Additional pages and pricing information may be included.

Bidder shall also be responsible for compliance with any federal, state, or local prevailing wage laws.

Price/Discounts should remain firm and will include all charges that may be incurred in fulfilling requirements.

Invoices may be audited on a random basis along with the necessary supporting documentation. Billing errors will be promptly adjusted.

As part of the bid, Bidders shall provide the following:

- Details of any proposed additional discounts for volume orders, special offers, minimum order quantity, free goods program, total annual spend.
- *Comprehensive Product Offering*
  Bidder(s) awarded under this IFB may offer their complete product and service offering/balance of line. Pricing for complete product offering/balance of line items will be determined by a percentage discount from a price list or catalog, or fixed price, or a combination of both with indefinite quantities. Prices listed will be used to establish the extent of a Bidder's product lines, services, warranties, etc. that are available from Bidder and the pricing per item. Multiple percentage discounts are acceptable if, where different percentage discounts apply, the different percentages are specified. Additional pricing and/or discounts may be included. Products and services proposed are to be priced separately with all ineligible items identified. Bidders may elect to limit their bids to any category or categories. Where the price list shows more than one column of prices, Bidder shall clearly mark the column which represents the discounted pricing to Participating Public Agencies.
- *Federal Funding Pricing*
  Due to products and services potentially being used in bid to an emergency or disaster recovery situation in which federal funding may used, if not already

incorporated as part of the bid, provide alternative pricing that does not include cost plus a percentage of cost or pricing based on time and materials; if time and materials is necessary, a ceiling price that the contract exceeds at its own risk will be needed. Products and services provided in a situation where an agency is eligible for federal funding, Bidder is subject to and must comply with all federal requirements applicable to the funding including, but not limited to the FEMA Special Conditions section located in the Federal Funds Certifications Exhibit.

V. AWARD INFORMATION

A. COMPLIANCE WITH IFB

Bids submitted must be in strict compliance with the terms of the solicitation. Failure to comply with all provisions of the IFB may result in disqualification.

B. CONDITIONS OF AWARD

All Bidders, by submission of their respective bids, agree to abide by the rules, regulations, procedures, and decisions of Racine County.

C. QUALIFYING BIDDERS

Failure of Bidder to provide the required information, may result in a determination that Bidder is a non-responsive Bidder. If Bidder does not adequately demonstrate the necessary qualifications, as outlined throughout Section IV. Bid Submittal Instructions, and submit the information indicated under item D. Responsible Bidder, Bidder may be deemed not qualified and/or responsible. Racine County reserves the right to make such additional investigations as it deems necessary to verify a Bidder may be deemed not qualified and/or responsible. Racine County reserves the right to make such additional investigations as it deems necessary to verify a Bidder submitting a bid is qualified and responsible to include investigating Bidder's past work with Racine County and Racine County employees.

D. AWARD

Utilizing the two-step process set forth herein, it is the intent of the County to award the Contract to the lowest responsive responsible Bidder provided the bid has been submitted in accordance with the requirements of the Contract Documents, the Bidder is adequately qualified, and the bid does not exceed the funds available. Racine County reserves the right to make an award as deemed in its best interest, which may include awarding to a single bidder or multiple bidders; or to award the whole bid, only part of the bid, or none of the bid to single or multiple bidders, based on its sole discretion of its best interest, together with compliance with applicable law. Intent to award will not be made and a contract will not be executed until Racine County, at its sole discretion, accepts a bid.

RACINE COUNTY RESERVES THE RIGHT TO REJECT ANY OR ALL BIDS AND TO WAIVE ANY TECHNICALITY OR ERROR IN ANY BID OR PART THEREIN, AND TO ACCEPT THE SAME OR COMBINATIONS, IN WHOLE OR IN PART, WHICHEVER IS DEEMED TO BE IN THE BEST INTEREST OF RACINE COUNTY IN ITS SOLE AND EXCLUSIVE DISCRETION. While not all inclusive, the following items may be used when determining if a Bidder is considered responsive and responsible: work schedule,

technical competency, ability to render satisfactory service, past performance, reputation for providing a quality product, timely delivery of products and/or services, financial ability, bonding, experience in performance of similar work, references, equipment, and capacity.

For the first step of the bidding process, Bidders will submit their sealed bids with all requested information, to include Certification of Vendor and Attachment C – Bid Form, by the due date and time outlined in this IFB. After the due date and time, all Bidders will be evaluated to determine if they are responsive, responsible, and qualified. Each Bidder determined to be responsive, responsible, and qualified shall be determined to be a "Responsible Bidder."

As part of the first step of the bidding process, Racine County may seek additional information or clarification from one or more of the Bidders.

If Bidder does not adequately demonstrate the necessary minimum qualifications, Bidder may be deemed not qualified and/or responsible. Racine County reserves the right to make such additional investigations as it deems necessary to verify a Bidder submitting a bid is qualified and responsible to include investigating Bidder's past work with Racine County and Racine County employees.

Award may be made without discussion with Bidder, therefore, Bidders are cautioned that Bidders should be submitted initially on the most favorable terms.

For the second step of the bidding process, Racine County will distribute to each Responsible Bidder a Sample Project Form to determine which Responsible Bidder(s) constitute the lowest responsible bidder(s) when the bid responses are applied to actual (hypothetical) projects. As indicated in Section I. Project Overview, when responding to the Sample Project Form, Responsible Bidders are required to USE THE SAME LINE ITEM PRICING from Attachment C – Bid Form and apply them to the Sample Projects Form (to be supplied to Responsible Bidders as part of Step-One); a reduction in price for the sample projects outlined in a Responsible Bidder's Sample Project Form will not be allowable. The final basis for award and lowest responsible Bidder(s) will result from the lowest total dollar amount of the combined sample projects.

E. TIE BIDS

If two (2) or more Bidders submit identical bids, the decision of the County to make award to one or more of such Bidders shall be final.

F. NOTICE OF ACCEPTANCE

Racine County will notify the lowest responsible and responsive Bidder(s) as soon as practical of the selection. Written notice of award to Bidder(s) in the form of a letter, contract or otherwise, mailed or delivered to the address shown on the Certification of Vendor page will be considered sufficient notice of acceptance of bid.

Attachment A

Community Development Block Grant Addendum

Purchases made under this contract may be partially or fully funded with federal grant funds. Funding for this work may include Federal Funding sources, including Community Development Block Grant (CDBG) funds from the U.S. Department of Housing and Urban Development. When such funding is provided, Contractor shall comply with all terms, conditions and requirements enumerated by the grant funding source, as well as requirements of the State statutes for which the contract is utilized, whichever is the more restrictive requirement. When using Federal Funding, Contractor shall comply with all wage and latest reporting provisions of the Federal Davis-Bacon Act. HUD-4010 Labor Provisions also applies to this contract.

Attachment C

Bid Form

(To be submitted in a sealed envelope or box as indicated)

Bid Form documents are provided. A discount percentage or structure must be clearly delineated. The Bid form shall be inclusive of all fees and service/shipping charges. All prices are FOB destination. Additional pages and pricing information may be included.

1. **Definitions**

   Labor Wage Classification Definitions - definitions as used herein for establishing labor rates. Participating Public Agencies may choose to establish alternative definitions.

LABOR WAGE CLASSIFICATION DEFINITIONS	
Architect	Professional licensed designer providing Architectural drawings.
Asbestos Worker	Worker who removes and disposes of asbestos materials.
Boilermaker	Worker who assembles boilers, tanks, vats and pressure vessels. The duties of the boilermaker include welding, acetylene burning, riveting, caulking, rigging, fitting up, grounding, reaming and impact machine operating.
Carpenter	Worker who builds wood structures or structures of any material which has replaced wood. Includes rough and finish carpentry, hardware and trim.
Carpet/Floor Installer	Worker who installs carpet and/or floor coverings and vinyl tile.
Commissioning Agent	Agent who ensures proper installation and operation of technical building systems.
Concrete Finisher	Worker who floats, trowels, and finishes concrete.
Data Communications / Telecommunications Installer	Worker who installs data/telephone and television cable and associated equipment and accessories.
Delivery Personnel	Worker who can deliver materials to other HVAC personnel as well as work as a second man on jobs if necessary.
Drafting	Worker who provides detail engineering drawings utilizing CADD type documents.
Drywall/Ceiling Installer	Worker who installs metal framed walls and ceilings, drywall coverings, ceiling grids and ceilings.
Duct Cleaner	Worker who cleans air conveyance systems using compressed air tools and mechanical agitation devices to dislodge dirt and other contaminants from the ductwork and other HVAC components.
Electrician	Skilled craftsperson who installs or repairs electrical wiring and devices. Includes fire alarm systems and HVAC electrical controls.
LABOR WAGE CLASSIFICATION DEFINITIONS (continued)	

Elevator Mechanic	Craftsperson skilled in the installation and maintenance of elevators.
Engineering Designer	Professional licensed engineer. An Engineering Designer is not a requirement of this solicitation but may be beneficial for Participating Public Agencies to utilize should they choose. In such case, an Engineering Design may lay out HVAC, plumbing, electrical, structural, or civil systems.
Fire Proofing Installer	Worker who sprays or applies fire proofing materials.
Geothermal Well Field Labor	Worker who lays coiled pipe and tests and connects to HVAC equipment in earthen trench.
Glazier	Worker who installs glass, glazing and glass framing.
Heavy Equipment Operator	Equipment operator that operates the following, including but not limited to, all Cat tractors, all derrick-powered, all power operated cranes, back-hoe, back filler, power operated shovel, winch truck, all trenching machines.
HVAC Building Automation Technician	Worker who can work on low temperature refrigeration equipment as well as small commercial equipment under 60 tons.
HVAC Commercial A/C Technician	Worker who can work on large commercial up to 3000 tons.
HVAC Light Commercial	Worker who can work on small commercial up to 25 tons.
HVAC Duct Installer	Worker who installs ductwork. Assists with some equipment installation.
HVAC Field Supervisor	Worker who monitors quality as well as provide technical support to all other HVAC technician skill levels.
HVAC Filter Technician	Worker who changes filters in all types of HVAC equipment as well as minor maintenance on light commercial equipment such as changing worn belts.
HVAC Helper	Worker who can assist a commercial or refrigeration technician as well as perform minor analysis and repairs on equipment under 30 tons.
HVAC Refrigeration Technician	Worker who can work on low temperature refrigeration equipment as well as small commercial equipment under 60 tons.
Insulator	Worker who applies, sprays or installs insulation.
Iron Worker	Skilled craftsperson who erects structural steel framing and installs structural concrete rebar.
Laborer/Helper	Worker qualified for only unskilled or semi-skilled work, including but not limited to, lifting, carrying materials and tools, hauling, digging, clean-up.
Lather/Plasterer	Worker who installs metal framing and lath. Worker who applies plaster to lathing & installs associated accessories
Light Equipment Operator	Includes, but is not limited to, operation of air compressors, truck crane driver, flex plane, building elevator, form grader, concrete mixer (less than 14cf), conveyer.
Mason, Bricklayer	Craftsperson who works with masonry products, stone, brick, block, or any material substituting for those materials and accessories.
LABOR WAGE CLASSIFICATION DEFINITIONS (continued)	

Metal Building Assembler	Worker who assembles pre-made metal buildings.
Millwright	Mechanic specializing in the installation of heavy machinery, conveyance, wrenches, dock levelers, hydraulic lifts and align pumps.
Painter/Wall Covering Installer	Worker who prepares wall surfaces & applies paint and/or wall covering, tape and bedding.
Pipefitter	Trained worker who installs piping systems, chilled water piping and hot water (boiler) piping, pneumatic tubing controls, chillers, boilers and associated mechanical equipment.
Plumber	Skilled craftsperson who installs domestic hot & cold-water piping, waste piping, storm system piping, water closets, sinks, urinals, and related work.
Project Engineer	A Project Engineer is not a requirement but may be beneficial for Participating Public Agencies to utilize should they choose. In such case, a Project Engineer may monitor engineering documents as well as provide technical support regarding the engineering plans and specifications as designed by the Professional Engineer. Worker may be responsible for maintaining project status and reports.
Project Manager	Worker who monitors quality as well as provide technical support to all other HVAC technician skill levels and is responsible for maintaining project status and reports.
Project Administrator	Worker who provides administrative support to all technician skill levels and is responsible for all administrative functions of the project such as billings, contracts, work orders, legal requirements, purchase orders, sales tax certificates as well as proper record keeping.
Roofer	Worker who installs roofing materials, Bitumen (asphalt and coal tar) felts, flashings, all types roofing membranes & associated products.
Sheet Metal Worker	Worker who installs sheet metal products. Roof metal, flashings and curbs, ductwork, mechanical equipment and associated metals.
Sprinkler Fitter	Worker who installs fire sprinkler systems and fire protection equipment.
Terrazzo Worker	Craftsperson who places and finishes Terrazzo.
Tile Setter	Worker who prepares wall and/or floor surfaces & applies ceramic tiles to these surfaces.
Water Proofer/Caulker	Worker who applies water proofing material to buildings. Products include sealant, caulk, sheet membrane, liquid membranes, sprayed, rolled, or brushed.
Test and Balance Technician	Certified technician per AABC or NEBB standards trained to perform water and air balance. Also provides sound and vibration testing and preparing of certified reports.
Infrared Technician	Worker who utilizes infrared photography to determine location of thermal heat losses.

LABOR WAGE CLASSIFICATION DEFINITIONS (continued)	
Water Treatment Technician	Certified technician who is trained to evaluate analytical test results on boiler system water, condenser water, and chill water samples and to make appropriate recommendations regarding residual levels, cycles, and feed rates.

BID FORM

SECTION A
Product Pricing

Bidder shall include all product pricing using this format as pricing utilized on this form should be consistent with the individual pricing scenarios that are to be distributed to responsive, responsible, and qualified Bidders. Use additional space as necessary.

MFG Part No.	Product Name	Product Description	List Price	% Discount off List Price	Net Price

BID FORM (CONT'D)

SECTION B
Labor Rates

Normal business hours are defined as: _____

Overtime hours are defined as: _____

Holiday hours are defined as: _____

For all applicable Labor Classifications, using the below format, Bidder shall provide labor rates by geographic areas, regions, zones or other means for pricing nationally as sample projects included in Step-Two will be diverse project types including projects from different states and regions outside of Racine County and Wisconsin. Participating Public Agencies may have differing needs and requirements depending on the scope of their project(s); Participating Public Agencies may determine the appropriate Labor Classifications at their discretion. If Bidder is unable to provide one or more of the Labor Classifications below (either as part of their primary staff or as a subcontractor), Bidder should notate that in their response. Pricing utilized on this form will need to be consistent with the individual pricing scenarios provided to responsible, responsive, and qualified Bidders.

		Hourly Rate		
Item	**Labor Classification**	**Normal Business Hours**	**Overtime**	**Holiday**

BID FORM (CONT'D)

SECTION C
Additional Costs

INSTRUCTIONS:

Bidder shall utilize net product prices and labor rates listed in Sections A and B of this Bid Form to determine cost for installation of new equipment, maintenance of existing systems, upgrading of existing infrastructures, turn-key services and any other installation and services offered. If there are other elements that should also be taken into consideration, Bidder shall list these elements below and any associated pricing. Pricing utilized on this form will need to be consistent with the individual pricing scenarios provided to responsible, responsive, and qualified Bidders.

Any Additional Pricing Elements for Installation, Maintenance, Upgrades and Turn-Key Services	Cost
List any other elements to be taken into consideration for installation, maintenance, upgrades and turn-key services	

BID FORM (CONT'D)

SECTION D
Additional Costs

Use the below space to provide pricing for any related products and services your company wishes to be considered. Pricing utilized on this form will need to be consistent with the individual pricing scenarios provided to responsible, responsive, and qualified Bidders.

ATTACHMENT D

Requirements for National Cooperative Contract To Be Administered by OMNIA Partners

The following documents are used in reviewing and administering national cooperative contracts and are included for Supplier's review and bid.

Exhibit A – Response for National Cooperative Contract

Exhibit B – Administration Agreement, Example

Exhibit C – Master Intergovernmental Cooperative Purchasing Agreement, Example

Exhibit D – Principal Procurement Agency Certificate, Example

Exhibit E – Contract Sales Reporting Template

Exhibit F – Federal Funds Certifications

Exhibit G – New Jersey Business Compliance

Exhibit H – Advertising Compliance Requirement

1.0 Scope of National Cooperative Contract

Capitalized terms not otherwise defined herein shall have the meanings given to them in the Master Agreement or in the Administration Agreement between Vendor (sometimes referred to as 'Supplier') and OMNIA Partners.

1.1 Requirement

Racine County, Wisconsin (hereinafter defined and referred to as "Principal Procurement Agency"), on behalf of itself and the National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector ("OMNIA Partners"), is requesting bids for HVAC Products, Installation, Labor Based Solutions, and Related Products and Services. The intent of this Invitation for Bid is any contract between Principal Procurement Agency and Vendor resulting from this Invitation for Bid ("Master Agreement") be made available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through OMNIA Partners' cooperative purchasing program. The Principal Procurement Agency has executed a Principal Procurement Agency Certificate with OMNIA Partners, an example of which is included as Exhibit D, and has agreed to pursue the Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners as a Participating Public Agency in OMNIA Partners' cooperative purchasing program. Registration with OMNIA Partners as a Participating Public Agency is accomplished by Public Agencies entering into a Master Intergovernmental Cooperative Purchasing Agreement, an example of which is attached as Exhibit C, and by using the Master Agreement, any such Participating Public Agency agrees that it is registered with OMNIA Partners, whether pursuant to the terms of the Master Intergovernmental Purchasing Cooperative Agreement or as otherwise agreed to. The terms and pricing established in the resulting Master Agreement between the Vendor and the Principal Procurement Agency will be the same as that available to Participating Public Agencies through OMNIA Partners.

All transactions, purchase orders, invoices, payments etc., will occur directly between the Vendor and each Participating Public Agency individually, and neither OMNIA Partners, any Principal Procurement Agency nor any Participating Public Agency, including their respective agents, directors, employees or representatives, shall be liable to Vendor for any acts, liabilities, damages, etc., incurred by any other Participating Public Agency. Vendor is responsible for knowing the tax laws in each state.

This Exhibit A defines the expectations for qualifying Vendors based on OMNIA Partners' requirements to market the resulting Master Agreement nationally to Public Agencies. Each section in this Exhibit A refers to the capabilities, requirements, obligations, and prohibitions of competing Vendors on a national level in order to serve Participating Public Agencies through OMNIA Partners.

These requirements are incorporated into and are considered an integral part of this IFB. OMNIA Partners reserves the right to determine whether to make the Master Agreement awarded by the Principal Procurement Agency available to Participating Public Agencies, in its sole and absolute discretion, and any party submitting a response to this IFB acknowledges that any award by the Principal Procurement Agency does not obligate OMNIA Partners to make the Master Agreement available to Participating Procurement Agencies.

1.2 Marketing, Sales and Administrative Support

During the term of the Master Agreement OMNIA Partners intends to provide marketing, sales, partnership development and administrative support for Vendor pursuant to this section that directly promotes the Vendor's products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis.

OMNIA Partners will assign the Vendor a Director of Partner Development who will serve as the main point of contact for the Vendor and will be responsible for managing the overall relationship between the Vendor and OMNIA Partners. The Director of Partner Development will work with the Vendor to develop a comprehensive strategy to promote the Master Agreement and will connect the Vendor with appropriate stakeholders within OMNIA Partners including, Sales, Marketing, Contracting, Training, and Operations & Support.

The OMNIA Partners marketing team will work in conjunction with Vendor to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through channels that may include:

A. Marketing collateral (print, electronic, email, presentations)

B. Website

C. Trade shows/conferences/meetings

D. Advertising

E. Social Media

The OMNIA Partners sales teams will work in conjunction with Vendor to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through initiatives that may include:

A. Individual sales calls

B. Joint sales calls

C. Communications/customer service

D. Training sessions for Public Agency teams

E. Training sessions for Vendor teams

The OMNIA Partners contracting teams will work in conjunction with Vendor to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through:

A. Serving as the subject matter expert for questions regarding joint powers authority and state statutes and regulations for cooperative purchasing
B. Training sessions for Public Agency teams
C. Training sessions for Vendor teams
D. Regular business reviews to monitor program success
E. General contract administration

Vendors are required to pay an Administrative Fee of 3% of the greater of the Contract Sales under the Master Agreement and Guaranteed Contract Sales under this Invitation for Bid. Vendor will be required to execute the OMNIA Partners Administration Agreement (Exhibit B).

1.3 Estimated Volume

The dollar volume purchased under the Master Agreement is estimated to be approximately $500M annually. While no minimum volume is guaranteed to Vendor, the estimated annual volume is projected based on the current annual volumes among the Principal Procurement Agency, other Participating Public Agencies that are anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between Vendor and OMNIA Partners.

1.4 Award Basis

The basis of any contract award resulting from this IFB made by Principal Procurement Agency will, at OMNIA Partners' option, be the basis of award on a national level through OMNIA Partners. If multiple Vendors are awarded by Principal Procurement Agency under the Master Agreement, those same Vendors will be required to extend the Master Agreement to Participating Public Agencies through OMNIA Partners. Utilization of the Master Agreement by Participating Public Agencies will be at the discretion of the individual Participating Public Agency. Certain terms of the Master Agreement specifically applicable to the Principal Procurement Agency (e.g., governing law) are subject to modification for each Participating Public Agency as Vendor and such Participating Public Agency may agree without being in conflict with the Master Agreement as a condition of the Participating Agency's purchase and not a modification of the Master Agreement applicable to all Participating Agencies. Participating Agencies may request to enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in the Master Agreement (e.g., governing law, invoice requirements, order requirements, specialized delivery, diversity requirements such as minority and woman owned businesses, historically underutilized business, etc.) ("Supplemental Agreement"). It shall be the responsibility of the Vendor to comply, when applicable, with the prevailing wage

legislation in effect in the jurisdiction of the Participating Agency. It shall further be the responsibility of the Vendor to monitor the prevailing wage rates as established by the appropriate department of labor for any increase in rates during the term of the Master Agreement and adjust wage rates accordingly. In instances where supplemental terms and conditions create additional risk and cost for Vendor, Vendor and Participating Public Agency may negotiate additional pricing above and beyond the stated contract not-to-exceed pricing so long as the added price is commensurate with the additional cost incurred by the Vendor. Any supplemental agreement developed as a result of the Master Agreement is exclusively between the Participating Agency and the Vendor (Contract Sales are reported to OMNIA Partners).

All signed Supplemental Agreements and purchase orders issued and accepted by the Vendor may survive expiration or termination of the Master Agreement. Participating Agencies' purchase orders may exceed the term of the Master Agreement if the purchase order is issued prior to the expiration of the Master Agreement. Vendor is responsible for reporting all sales and paying the applicable Administrative Fee for sales that use the Master Agreement as the basis for the purchase order, even though Master Agreement may have expired.

1.5 Objectives of Cooperative Program

This IFB is intended to achieve the following objectives regarding availability through OMNIA Partners' cooperative program:

A. Provide a comprehensive competitively solicited and awarded national agreement offering the Products covered by this solicitation to Participating Public Agencies;

B. Establish the Master Agreement as the Vendor's primary go to market strategy to Public Agencies nationwide;

C. Achieve cost savings for Vendor and Public Agencies through a single solicitation process that will reduce the Vendor's need to respond to multiple solicitations and Public Agencies need to conduct their own solicitation process;

D. Combine the aggregate purchasing volumes of Participating Public Agencies to achieve cost effective pricing.

2.0 REPRESENTATIONS AND COVENANTS

As a condition to Vendor entering into the Master Agreement, which would be available to all Public Agencies, Vendor must make certain representations, warranties and covenants to both the Principal Procurement Agency and OMNIA Partners designed to ensure the success of the Master Agreement for all Participating Public Agencies as well as the Vendor.

2.1 Corporate Commitment

Vendor commits that (1) the Master Agreement has received all necessary corporate authorizations and support of the Vendor's executive management, (2) the Master Agreement is Vendor's primary "go to market" strategy for Public Agencies, (3) the Master Agreement will be promoted to all Public Agencies, including any existing customers, and Vendor will transition existing customers, upon their request, to the Master Agreement, and (4) that the Vendor has read and agrees to the terms and

conditions of the Administration Agreement with OMNIA Partners and will execute such agreement concurrent with and as a condition of its execution of the Master Agreement with the Principal Procurement Agency. Vendor will identify an executive corporate sponsor and a separate national account manager within the IFB response that will be responsible for the overall management of the Master Agreement.

2.2 Pricing Commitment

Vendor commits the not-to-exceed pricing provided under the Master Agreement pricing is its lowest available (net to buyer) to Public Agencies nationwide and further commits that if a Participating Public Agency is eligible for lower pricing through a national, state, regional or local or cooperative contract, the Vendor will match such lower pricing to that Participating Public Agency under the Master Agreement.

2.3 Sales Commitment

Vendor commits to aggressively market the Master Agreement as its go to market strategy in this defined sector and that its sales force will be trained, engaged and committed to offering the Master Agreement to Public Agencies through OMNIA Partners nationwide. Vendor commits that all Master Agreement sales will be accurately and timely reported to OMNIA Partners in accordance with the OMNIA Partners Administration Agreement. Vendor also commits its sales force will be compensated, including sales incentives, for sales to Public Agencies under the Master Agreement in a consistent or better manner compared to sales to Public Agencies if the Vendor were not awarded the Master Agreement.

3.0 VENDOR BID

Vendor must supply the following information for the Principal Procurement Agency to determine if Vendor is qualified and responsible to extend the resulting Master Agreement to Participating Public Agencies through OMNIA Partners.

3.1 Company

A. Brief history and description of Vendor to include experience providing similar products and services.

B. Total number and location of salespersons and/or project managers employed by Vendor to help support Participating Public Agencies.

C. Number and location of support centers (if applicable) and location of corporate office.

D. Annual sales for the three previous fiscal years.

    a. Submit FEIN and Dunn & Bradstreet report.

E. Describe any green or environmental initiatives or policies.

F. Describe any diversity programs or partners Vendor does business with and how Participating Agencies may use diverse partners through the Master Agreement. Indicate how, if at all, pricing changes when using the diversity program. If there are any diversity programs, provide a list of diversity alliances and a copy of their certifications.

G. Indicate if Vendor holds any of the below certifications in any classified areas and include proof of such certification in the response:

a. Minority Women Business Enterprise

☐ Yes ☐ No

If yes, list certifying agency: _____

b. Small Business Enterprise (SBE) or Disadvantaged Business Enterprise (DBE)

☐ Yes ☐ No

If yes, list certifying agency: _____

c. Historically Underutilized Business (HUB)

☐ Yes ☐ No

If yes, list certifying agency: _____

d. Historically Underutilized Business Zone Enterprise (HUBZone)

☐ Yes ☐ No

If yes, list certifying agency: _____

e. Other recognized diversity certificate holder

☐ Yes ☐ No

If yes, list certifying agency: _____

H. List any relationships with subcontractors or affiliates intended to be used when providing services and identify if subcontractors meet minority-owned standards. If any, list which certifications subcontractors hold and certifying agency.

I. Describe how Vendor differentiates itself from its competitors.

J. Describe any present or past litigation, bankruptcy or reorganization involving Vendor.

K. Felony Conviction Notice: Indicate if the Vendor

a. is a publicly held corporation and this reporting requirement is not applicable;

b. is not owned or operated by anyone who has been convicted of a felony; or

c. is owned or operated by and individual(s) who has been convicted of a felony and provide the names and convictions.

L. Describe any debarment or suspension actions taken against Vendor

3.2 Distribution, Logistics

A. Each offeror awarded under this IFB may offer their complete product and service offering/a balance of line. Describe the full line of products and services offered by Vendor.

B. Describe how Vendor proposes to distribute the products/service nationwide. Include any states where products and services will not be offered under the Master Agreement, including U.S. Territories and Outlying Areas.

C. Describe how Participating Agencies are ensured they will receive the Master Agreement pricing; include all distribution channels such as direct ordering, retail or in-store locations, through distributors, etc. Describe how Participating Agencies verify and audit pricing to ensure its compliance with the Master Agreement.

D. Identify all other companies that will be involved in processing, handling or shipping the products/service to the end user.

E. Provide the number, size and location of Vendor's distribution or other operations facilities, warehouses, and/or retail network as applicable.

3.3 Marketing and Sales

A. Provide a detailed ninety-day plan beginning from award date of the Master Agreement describing the strategy to immediately implement the Master Agreement as Vendor's primary go to market strategy for Public Agencies to Vendor's teams nationwide, to include, but not limited to:

   i. Executive leadership endorsement and sponsorship of the award as the public sector go-to-market strategy within first 10 days

   ii. Training and education of Vendor's national sales force with participation from the Vendor's executive leadership, along with the OMNIA Partners team within first 90 days

B. Provide a detailed ninety-day plan beginning from award date of the Master Agreement describing the strategy to market the Master Agreement to current Participating Public Agencies, existing Public Agency customers of Vendor, as well as to prospective Public Agencies nationwide immediately upon award, to include, but not limited to:

   i. Creation and distribution of a co-branded press release to trade publications

   ii. Announcement, Master Agreement details and contact information published on the Vendor's website within first 90 days

   iii. Design, publication and distribution of co-branded marketing materials within first 90 days

   iv. Commitment to attendance and participation with OMNIA Partners at national (i.e. NIGP Annual Forum, NPI Conference, etc.), regional (i.e. Regional NIGP Chapter Meetings, Regional Cooperative Summits, etc.) and supplier-specific trade shows, conferences and meetings throughout the term of the Master Agreement

   v. Commitment to attend, exhibit and participate at the NIGP Annual Forum in an area reserved by OMNIA Partners for partner Vendors. Booth space will be purchased and staffed by Vendor. In addition, Vendor commits to provide reasonable assistance to the overall promotion and marketing efforts for the NIGP Annual Forum, as directed by OMNIA Partners.

vi. Design and publication of national and regional advertising in trade publications throughout the term of the Master Agreement

vii. Ongoing marketing and promotion of the Master Agreement throughout its term (case studies, collateral pieces, presentations, promotions, etc.)

viii. Dedicated OMNIA Partners internet web-based homepage on Vendor's website with:

- OMNIA Partners standard logo;
- Copy of original Invitation to Bid;
- Copy of Master Agreement and amendments between Principal Procurement Agency and Vendor;
- Summary of Products and pricing;
- Marketing Materials
- Electronic link to OMNIA Partners' website including the online registration page;
- A dedicated toll-free number and email address for OMNIA Partners

C. Describe how Vendor will transition any existing Public Agency customers' accounts to the Master Agreement available nationally through OMNIA Partners. Include a list of current cooperative contracts (regional and national) Vendor holds and describe how the Master Agreement will be positioned among the other cooperative agreements.

D. Acknowledge Vendor agrees to provide its logo(s) to OMNIA Partners and agrees to provide permission for reproduction of such logo in marketing communications and promotions. Acknowledge that use of OMNIA Partners logo will require permission for reproduction, as well.

E. Confirm Vendor will be proactive in direct sales of Vendor's goods and services to Public Agencies nationwide and the timely follow up to leads established by OMNIA Partners. All sales materials are to use the OMNIA Partners logo. At a minimum, the Vendor's sales initiatives should communicate:

i. Master Agreement was competitively solicited and publicly awarded by a Principal Procurement Agency

ii. Best government pricing

iii. No cost to participate

iv. Non-exclusive

F. Confirm Vendor will train its national sales force on the Master Agreement. At a minimum, sales training should include:

i. Key features of Master Agreement

ii. Working knowledge of the solicitation process

iii. Awareness of the range of Public Agencies that can utilize the Master Agreement through OMNIA Partners

iv. Knowledge of benefits of the use of cooperative contracts

G. Provide the name, title, email and phone number for the person(s), who will be responsible for:

i. Executive Support
ii. Marketing
iii. Sales
iv. Sales Support
v. Financial Reporting
vi. Accounts Payable
vii. Contracts

H. Describe in detail how Vendor's national sales force personnel and/or project managers are structured, including contact information for the highest-level executive in charge of the sales and/or project management team.

I. Explain in detail how the sales or project management teams will work with the OMNIA Partners team to implement, grow and service the national program.

I. Explain in detail how Vendor will manage the overall national program throughout the term of the Master Agreement, including ongoing coordination of marketing and sales efforts, timely new Participating Public Agency account set-up, timely contract administration, etc.

J. State the amount of Vendor's Public Agency sales for the previous fiscal year. Provide a list of Vendor's top 3 Public Agency customers, the total purchases for each for the previous fiscal year along with a key contact for each.

K. Describe Vendor's information systems capabilities and limitations regarding order management through receipt of payment, including description of multiple platforms that may be used for any of these functions.

L. Provide the Contract Sales (as defined in Section 12 of the OMNIA Partners Administration Agreement) that Vendor will guarantee each year under the Master Agreement for the initial three years of the Master Agreement ("Guaranteed Contract Sales").

$_____.00 in year one
$_____.00 in year two
$_____.00 in year three

To the extent Vendor guarantees minimum Contract Sales, the Administrative Fee shall be calculated based on the greater of the actual Contract Sales and the Guaranteed Contract Sales.

M. Even though it is anticipated many Public Agencies will be able to utilize the Master Agreement without further formal solicitation, there may be circumstances where Public Agencies will issue their own solicitations. The following options are available when responding to a solicitation for Products covered under the Master Agreement.

i. Respond with Master Agreement pricing (Contract Sales reported to OMNIA Partners).

ii. If competitive conditions require pricing lower than the standard Master Agreement not-to-exceed pricing, Vendor may respond with lower pricing through the Master Agreement. If Vendor is awarded the contract, the sales are reported as Contract Sales to OMNIA Partners under the Master Agreement.

iii. Respond with pricing higher than Master Agreement only in the unlikely event that the Public Agency refuses to utilize Master Agreement (Contract Sales are not reported to OMNIA Partners).

iv. If alternative or multiple bid and/or proposals are permitted, respond with pricing higher than Master Agreement, and include Master Agreement as the alternate or additional bid/proposal.

Detail Vendor's strategies under these options when responding to a solicitation.

Exhibit B
Administration Agreement, Example

ADMINISTRATION AGREEMENT

THIS ADMINISTRATION AGREEMENT (this "**Agreement**") is made this ___ day of _____ 20__, between National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector ("**OMNIA Partners**"), and _____ ("**Supplier**").

RECITALS

WHEREAS, the _____ (the "**Principal Procurement Agency**") has entered into a Master Agreement effective _____, Agreement No_____, by and between the Principal Procurement Agency and Supplier, (as may be amended from time to time in accordance with the terms thereof, the "**Master Agreement**"), as attached hereto as Exhibit A and incorporated herein by reference as though fully set forth herein, for the purchase of _____ (the "**Product**");

WHEREAS, said Master Agreement provides that any or all public agencies, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit (collectively, "**Public Agencies**"), that register (either via registration on the OMNIA Partners website or execution of a Master Intergovernmental Cooperative Purchasing Agreement, attached hereto as Exhibit B) (each, hereinafter referred to as a "**Participating Public Agency**") may purchase Product at prices stated in the Master Agreement;

WHEREAS, Participating Public Agencies may access the Master Agreement which is offered through OMNIA Partners to Public Agencies;

WHEREAS, OMNIA Partners serves as the cooperative contract administrator of the Master Agreement on behalf of Principal Procurement Agency;

WHEREAS, Principal Procurement Agency desires OMNIA Partners to proceed with administration of the Master Agreement; and

WHEREAS, OMNIA Partners and Supplier desire to enter into this Agreement to make available the Master Agreement to Participating Public Agencies and to set forth certain terms and conditions governing the relationship between OMNIA Partners and Supplier.

NOW, THEREFORE, in consideration of the payments to be made hereunder and the mutual covenants contained in this Agreement, OMNIA Partners and Supplier hereby agree as follows:

DEFINITIONS

1. Capitalized terms used in this Agreement and not otherwise defined herein shall have the meanings given to them in the Master Agreement.

TERMS AND CONDITIONS

2. The Master Agreement and the terms and conditions contained therein shall apply to this Agreement except as expressly changed or modified by this Agreement. Supplier acknowledges and agrees that the covenants and agreements of Supplier set forth in the solicitation and Supplier's response thereto resulting in the Master Agreement are incorporated herein and are an integral part hereof.

3. OMNIA Partners shall be afforded all of the rights, privileges and indemnifications afforded to Principal Procurement Agency by or from Supplier under the Master Agreement, and such rights, privileges and indemnifications shall accrue and apply with equal effect to OMNIA Partners, its agents, employees, directors, and representatives under this Agreement including, but not limited to, Supplier's obligation to obtain appropriate insurance.

4. OMNIA Partners shall perform all of its duties, responsibilities and obligations as the cooperative contract administrator of the Master Agreement on behalf of Principal Procurement Agency as set forth herein, and Supplier hereby acknowledges and agrees that all duties, responsibilities and obligations will be undertaken by OMNIA Partners solely in its capacity as the cooperative contract administrator under the Master Agreement.

5. With respect to any purchases by Principal Procurement Agency or any Participating Public Agency pursuant to the Master Agreement, OMNIA Partners shall not be: (i) construed as a dealer, re-marketer, representative, partner or agent of any type of the Supplier, Principal Procurement Agency or any Participating Public Agency; (ii) obligated, liable or responsible for any order for Product made by Principal Procurement Agency or any Participating Public Agency or any employee thereof under the Master Agreement or for any payment required to be made with respect to such order for Product; and (iii) obligated, liable or responsible for any failure by Principal Procurement Agency or any Participating Public Agency to comply with procedures or requirements of applicable law or the Master Agreement or to obtain the due authorization and approval necessary to purchase under the Master Agreement. OMNIA Partners makes no representation or guaranty with respect to any minimum purchases by Principal Procurement Agency or any Participating Public Agency or any employee thereof under this Agreement or the Master Agreement.

6. OMNIA Partners shall not be responsible for Supplier's performance under the Master Agreement, and Supplier shall hold OMNIA Partners harmless from any liability that may arise from the acts or omissions of Supplier in connection with the Master Agreement.

7. Supplier acknowledges that, in connection with its access to OMNIA Partners confidential information and/or supply of data to OMNIA Partners, it has complied with and shall continue to comply with all laws, regulations and standards that may apply to Supplier, including, without limitation: (a) United States federal and state information security and privacy statutes, regulations and/or best practices, including, without limitation, the Gramm-Leach-Bliley Act, the Massachusetts Data Security Regulations (201 C.M.R. 17.00 et. seq.), the Nevada encryption statute (N.R.S. § 603A), the California data security law (Cal. Civil Code § 1798.80 et. seq.) and California Consumer Privacy Act (Cal. Civil Code § 1798.100 et. seq.); and (b) applicable industry and regulatory standards and best practices (collectively, "**Data Regulations**").

With regard to Personal Information that Supplier collects, receives, or otherwise processes under the Agreement or otherwise in connection with performance of the Agreement, Supplier agrees that it will not: (i) sell, rent, release, disclose, disseminate, make available, transfer, or otherwise

communicate orally, in writing, or by electronic or other means, such Personal Information to another business or third party for monetary or other valuable consideration; or (ii) retain, use, or disclose such Personal Information outside of the direct business relationship between Supplier and OMNIA Partners or for any purpose other than for the specific purpose of performance of the Agreement, including retaining, using, or disclosing such Personal Information for a commercial purpose other than for performance of the Agreement. By entering into the Agreement, Supplier certifies that it understands the specific restrictions contained in this Section 7 and will comply with them. For purposes hereof, "**Personal Information**" means information that identifies, relates to, describes, is reasonably capable of being associated with, or could reasonably be linked, directly or indirectly, with a particular consumer or household, and includes the specific elements of "personal information" as defined under Data Regulations, as defined herein. Supplier will reasonably assist OMNIA Partners in timely responding to any third party "request to know" or "request to delete" (as defined pursuant to Data Regulations) and will promptly provide OMNIA Partners with information reasonably necessary for OMNIA Partners to respond to such requests. Where Supplier collects Personal Information directly from Public Agencies or others on OMNIA Partners' behalf, Supplier will maintain records and the means necessary to enable OMNIA Partners to respond to such requests to know and requests to delete.

8. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, OMNIA PARTNERS EXPRESSLY DISCLAIMS ALL EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES REGARDING OMNIA PARTNERS' PERFORMANCE AS A CONTRACT ADMINISTRATOR OF THE MASTER AGREEMENT. OMNIA PARTNERS SHALL NOT BE LIABLE IN ANY WAY FOR ANY SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR RELIANCE DAMAGES, EVEN IF OMNIA PARTNERS IS ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

TERM OF AGREEMENT; TERMINATION

9. This Agreement shall be in effect so long as the Master Agreement remains in effect, provided, however, that the provisions of Sections 3 – 8 and 11 – 22, hereof and the indemnifications afforded by the Supplier to OMNIA Partners in the Master Agreement, to the extent such provisions survive any expiration or termination of the Master Agreement, shall survive the expiration or termination of this Agreement.

NATIONAL PROMOTION

10. OMNIA Partners and Supplier shall publicize and promote the availability of the Master Agreement's products and services to Public Agencies and such agencies' employees. Supplier shall require each Public Agency to register its participation in the OMNIA Partners program by either registering on the OMNIA Partners website (www.omniapartners.com/publicsector) or executing a Master Intergovernmental Cooperative Purchasing Agreement prior to processing the Participating Public Agency's first sales order. Upon request, Supplier shall make available to interested Public Agencies a copy of the Master Agreement and such price lists or quotes as may be necessary for such Public Agencies to evaluate potential purchases.

11. Supplier shall provide such marketing and administrative support as set forth in the solicitation resulting in the Master Agreement, including assisting in development of marketing materials as reasonably requested by Principal Procurement Agency and OMNIA Partners. Supplier shall be responsible for obtaining permission or license of use and payment of any license fees for all content and images Supplier provides to OMNIA Partners or posts on the OMNIA Partners website.

Supplier shall indemnify, defend and hold harmless OMNIA Partners for use of all such content and images including copyright infringement claims. Supplier and OMNIA Partners each hereby grant to the other party a limited, revocable, non-transferable, non-sublicensable right to use such party's logo (each, the "**Logo**") solely for use in marketing the Master Agreement. Each party shall provide the other party with the standard terms of use of such party's Logo, and such party shall comply with such terms in all material respects. Both parties shall obtain approval from the other party prior to use of such party's Logo. Notwithstanding the foregoing, the parties understand and agree that except as provided herein neither party shall have any right, title or interest in the other party's Logo. Upon termination of this Agreement, each party shall immediately cease use of the other party's Logo.

ADMINISTRATIVE FEE, REPORTING & PAYMENT

12. An "Administrative Fee" shall be defined and due to OMNIA Partners from Supplier in the amount of __ percent (__%) ("**Administrative Fee Percentage**") multiplied by the total purchase amount paid to Supplier, less refunds, credits on returns, rebates and discounts, for the sale of products and/or services to Principal Procurement Agency and Participating Public Agencies pursuant to the Master Agreement (as amended from time to time and including any renewal thereof) ("**Contract Sales**"). From time to time the parties may mutually agree in writing to a lower Administrative Fee Percentage for a specifically identified Participating Public Agency's Contract Sales.

13. Supplier shall provide OMNIA Partners with an electronic accounting report monthly, in the format prescribed by OMNIA Partners, summarizing all Contract Sales for each calendar month. The Contract Sales reporting format is provided as Exhibit C ("**Contract Sales Report**"), attached hereto and incorporated herein by reference. Contract Sales Reports for each calendar month shall be provided by Supplier to OMNIA Partners by the 10th day of the following month. Failure to provide a Contract Sales Report within the time and manner specified herein shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of the Master Agreement, at Principal Procurement Agency's sole discretion, and/or this Agreement, at OMNIA Partners' sole discretion.

14. Administrative Fee payments are to be paid by Supplier to OMNIA Partners at the frequency and on the due date stated in Section 13, above, for Supplier's submission of corresponding Contract Sales Reports. Administrative Fee payments are to be made via Automated Clearing House (ACH) to the OMNIA Partners designated financial institution identified in Exhibit D. Failure to provide a payment of the Administrative Fee within the time and manner specified herein shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of the Master Agreement, at Principal Procurement Agency's sole discretion, and/or this Agreement, at OMNIA Partners' sole discretion. All Administrative Fees not paid when due shall bear interest at a rate equal to the lesser of one and one-half percent (1 1/2%) per month or the maximum rate permitted by law until paid in full.

15. Supplier shall maintain an accounting of all purchases made by Participating Public Agencies under the Master Agreement. OMNIA Partners, or its designee, in OMNIA Partners' sole discretion, reserves the right to compare Participating Public Agency records with Contract Sales Reports submitted by Supplier for a period of four (4) years from the date OMNIA Partners receives such report. In addition, OMNIA Partners may engage a third party to conduct an independent audit of Supplier's monthly reports. In the event of such an audit, Supplier shall provide all materials reasonably requested relating to such audit by OMNIA Partners at the location designated by OMNIA Partners. In the event an underreporting of Contract Sales and a resulting underpayment of

Administrative Fees is revealed, OMNIA Partners will notify the Supplier in writing. Supplier will have thirty (30) days from the date of such notice to resolve the discrepancy to OMNIA Partners' reasonable satisfaction, including payment of any Administrative Fees due and owing, together with interest thereon in accordance with Section 13, and reimbursement of OMNIA Partners' costs and expenses related to such audit.

GENERAL PROVISIONS

16. This Agreement, the Master Agreement and the exhibits referenced herein supersede any and all other agreements, either oral or in writing, between the parties hereto with respect to the subject matter hereto and no other agreement, statement, or promise relating to the subject matter of this Agreement which is not contained or incorporated herein shall be valid or binding. In the event of any conflict between the provisions of this Agreement and the Master Agreement, as between OMNIA Partners and Supplier, the provisions of this Agreement shall prevail.

17. If any action at law or in equity is brought to enforce or interpret the provisions of this Agreement or to recover any Administrative Fee and accrued interest, the prevailing party shall be entitled to reasonable attorney's fees and costs in addition to any other relief to which it may be entitled.

18. This Agreement and OMNIA Partners' rights and obligations hereunder may be assigned at OMNIA Partners' sole discretion to an affiliate of OMNIA Partners, any purchaser of any or all or substantially all of the assets of OMNIA Partners, or the successor entity as a result of a merger, reorganization, consolidation, conversion or change of control, whether by operation of law or otherwise. Supplier may not assign its obligations hereunder without the prior written consent of OMNIA Partners.

19. All written communications given hereunder shall be delivered by first-class mail, postage prepaid, or overnight delivery on receipt to the addresses as set forth below.

A. OMNIA Partners:

20. If any provision of this Agreement shall be deemed to be, or shall in fact be, illegal, inoperative or unenforceable, the same shall not affect any other provision or provisions herein contained or render the same invalid, inoperative or unenforceable to any extent whatever, and this Agreement will be construed by limiting or invalidating such provision to the minimum extent necessary to make such provision valid, legal and enforceable.

21. This Agreement may not be amended, changed, modified, or altered without the prior written consent of the parties hereto, and no provision of this Agreement may be discharged or waived, except by a writing signed by the parties. A waiver of any particular provision will not be deemed a waiver of any other provision, nor will a waiver given on one occasion be deemed to apply to any other occasion.

22. This Agreement shall inure to the benefit of and shall be binding upon OMNIA Partners, the Supplier and any respective successor and assign thereto; subject, however, to the limitations contained herein.

23. This Agreement will be construed under and governed by the laws of the State of Delaware, excluding its conflicts of law provisions and any action arising out of or related to this Agreement shall be commenced solely and exclusively in the state or federal courts in Williamson County Tennessee.

24. This Agreement may be executed in counterparts, each of which is an original but all of which, together, shall constitute but one and the same instrument. The exchange of copies of this Agreement and of signature pages by facsimile, or by .pdf or similar electronic transmission, will constitute effective execution and delivery of this Agreement as to the parties and may be used in lieu of the original Agreement for all purposes. Signatures of the parties transmitted by facsimile, or by .pdf or similar electronic transmission, will be deemed to be their original signatures for any purpose whatsoever.

MASTER INTERGOVERNMENTAL COOPERATIVE PURCHASING AGREEMENT

This Master Intergovernmental Cooperative Purchasing Agreement (this "**Agreement**") is entered into by and between those certain government agencies that execute a Principal Procurement Agency Certificate ("**Principal Procurement Agencies**") with National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector and/or Communities Program Management, LLC, a California limited liability company d/b/a U.S. Communities (collectively, "**OMNIA Partners**"), in its capacity as the cooperative administrator, to be appended and made a part hereof and such other public agencies ("**Participating Public Agencies**") who register to participate in the cooperative purchasing programs administered by OMNIA Partners and its affiliates and subsidiaries (collectively, the "**OMNIA Partners Parties**") by either registering on the OMNIA Partners website (www.omniapartners.com/publicsector or any successor website), or by executing a copy of this Agreement.

RECITALS

WHEREAS, after a competitive solicitation and selection process by Principal Procurement Agencies, in compliance with their own policies, procedures, rules and regulations, a number of suppliers have entered into "**Master Agreements**" (herein so called) to provide a variety of goods, products and services ("**Products**") to the applicable Principal Procurement Agency and the Participating Public Agencies;

WHEREAS, Master Agreements are made available by Principal Procurement Agencies through the OMNIA Partners Parties and provide that Participating Public Agencies may purchase Products on the same terms, conditions and pricing as the Principal Procurement Agency, subject to any applicable federal and/or local purchasing ordinances and the laws of the State of purchase; and

WHEREAS, in addition to Master Agreements, the OMNIA Partners Parties may from time to time offer Participating Public Agencies the opportunity to acquire Products through other group purchasing agreements.

NOW, THEREFORE, in consideration of the mutual promises contained in this Agreement, and of the mutual benefits to result, the parties hereby agree as follows:

1. Each party will facilitate the cooperative procurement of Products.

2. The Participating Public Agencies shall procure Products in accordance with and subject to the relevant federal, state and local statutes, ordinances, rules and regulations that govern Participating Public Agency's procurement practices. The Participating Public Agencies hereby acknowledge and agree that it is the intent of the parties that all provisions of this Agreement and that Principal Procurement Agencies' participation in the program described herein comply with all applicable laws, including but not limited to the requirements of 42 C.F.R. § 1001.952(j), as may be amended from time to time. The Participating Public Agencies further acknowledge and agree that they are solely responsible for their compliance with all applicable "safe harbor" regulations, including but not limited to any and all obligations to fully and accurately report discounts and incentives.

3. The Participating Public Agency represents and warrants that the Participating Public Agency is not a hospital or other healthcare provider and is not purchasing Products on behalf of a hospital or healthcare provider; provided that the foregoing shall not prohibit Participating Public Agency from furnishing health care services so long as the furnishing of healthcare services is not in furtherance of a primary purpose of the Participating Public Agency.

4. The cooperative use of Master Agreements shall be in accordance with the terms and conditions of the Master Agreements, except as modification of those terms and conditions is otherwise required by applicable federal, state or local law, policies or procedures.

5. The Principal Procurement Agencies will make available, upon reasonable request, Master Agreement information which may assist in improving the procurement of Products by the Participating Public Agencies.

6. The Participating Public Agency agrees the OMNIA Partners Parties may provide access to group purchasing organization ("**GPO**") agreements directly or indirectly by enrolling the Participating Public Agency in another GPO's purchasing program, provided that the purchase of Products through the OMNIA Partners Parties or any other GPO shall be at the Participating Public Agency's sole discretion.

7. The Participating Public Agencies (each a "**Procuring Party**") that procure Products through any Master Agreement or GPO Product supply agreement (each a "**GPO Contract**") will make timely payments to the distributor, manufacturer or other vendor (collectively, "**Supplier**") for Products received in accordance with the terms and conditions of the Master Agreement or GPO Contract, as applicable. Payment for Products and inspections and acceptance of Products ordered by the Procuring Party shall be the exclusive obligation of such Procuring Party. Disputes between Procuring Party and any Supplier shall be resolved in accordance with the law and venue rules of the State of purchase unless otherwise agreed to by the Procuring Party and Supplier.

8. The Procuring Party shall not use this Agreement as a method for obtaining additional concessions or reduced prices for purchase of similar products or services outside of the Master Agreement. Master Agreements may be structured with not-to-exceed pricing, in which cases the Supplier may offer the Procuring Party and the Procuring Party may accept lower pricing or additional concessions for purchase of Products through a Master Agreement.

9. The Procuring Party shall be responsible for the ordering of Products under this Agreement. A non-procuring party shall not be liable in any fashion for any violation by a Procuring Party, and, to the extent permitted by applicable law, the Procuring Party shall hold non-procuring party harmless from any liability that may arise from the acts or omissions of the Procuring Party.

10. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, THE OMNIA PARTNERS PARTIES EXPRESSLY DISCLAIM ALL EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES REGARDING ANY PRODUCT, MASTER AGREEMENT AND GPO CONTRACT. THE OMNIA PARTNERS PARTIES SHALL NOT BE LIABLE IN ANY WAY FOR ANY SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR RELIANCE DAMAGES, EVEN IF THE OMNIA PARTNERS PARTIES ARE ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. FURTHER, THE PROCURING PARTY ACKNOWLEDGES AND AGREES THAT THE OMNIA PARTNERS PARTIES SHALL HAVE NO LIABILITY FOR ANY ACT OR OMISSION BY A SUPPLIER OR OTHER PARTY UNDER A MASTER AGREEMENT OR GPO CONTRACT.

11. This Agreement shall remain in effect until termination by either party giving thirty (30) days' written notice to the other party. The provisions of Paragraphs 6 - 10 hereof shall survive any such termination.

12. This Agreement shall take effect upon (i) execution of the Principal Procurement Agency Certificate, or (ii) registration on the OMNIA Partners website or the execution of this Agreement by a Participating Public Agency, as applicable.

Exhibit F
Federal Funds Certifications

FEDERAL CERTIFICATIONS
ADDENDUM FOR AGREEMENT FUNDED BY U.S. FEDERAL GRANT

TO WHOM IT MAY CONCERN:

Participating Agencies may elect to use federal funds to purchase under the Master Agreement. This form should be completed and returned.

DEFINITIONS

Contract means a legal instrument by which a non–Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term as used in this part does not include a legal instrument, even if the non–Federal entity considers it a contract, when the substance of the transaction meets the definition of a Federal award or subaward

Contractor means an entity that receives a contract as defined in Contract.

Cooperative agreement means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non–Federal entity that, consistent with 31 U.S.C. 6302–6305:

(a) Is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non–Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. 6101(3)); and not to acquire property or services for the Federal government or pass-through entity's direct benefit or use;

(b) Is distinguished from a grant in that it provides for substantial involvement between the Federal awarding agency or pass-through entity and the non–Federal entity in carrying out the activity contemplated by the Federal award.

(c) The term does not include:

(1) A cooperative research and development agreement as defined in 15 U.S.C. 3710a; or

(2) An agreement that provides only:

(i) Direct United States Government cash assistance to an individual;

(ii) A subsidy;

(iii) A loan;

(iv) A loan guarantee; or

(v) Insurance.

Federal awarding agency means the Federal agency that provides a Federal award directly to a non–Federal entity

Federal award has the meaning, depending on the context, in either paragraph (a) or (b) of this section:

(a)(1) The Federal financial assistance that a non–Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability; or

(2) The cost-reimbursement contract under the Federal Acquisition Regulations that a non–Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability.

(b) The instrument setting forth the terms and conditions. The instrument is the grant agreement, cooperative agreement, other agreement for assistance covered in paragraph (b) of § 200.40 Federal financial assistance, or the cost-reimbursement contract awarded under the Federal Acquisition Regulations.

(c) Federal award does not include other contracts that a Federal agency uses to buy goods or services from a contractor or a contract to operate Federal government owned, contractor operated facilities (GOCOs).

(d) See also definitions of Federal financial assistance, grant agreement, and cooperative agreement.

Non–Federal entity means a state, local government, Indian tribe, institution of higher education (IHE), or nonprofit organization that carries out a Federal award as a recipient or subrecipient.

Nonprofit organization means any corporation, trust, association, cooperative, or other organization, not including IHEs, that:

(a) Is operated primarily for scientific, educational, service, charitable, or similar purposes in the public interest;

(b) Is not organized primarily for profit; and

(c) Uses net proceeds to maintain, improve, or expand the operations of the organization.

Obligations means, when used in connection with a non–Federal entity's utilization of funds under a Federal award, orders placed for property and services, contracts and subawards made, and similar transactions during a given period that require payment by the non–Federal entity during the same or a future period.

Pass-through entity means a non–Federal entity that provides a subaward to a subrecipient to carry out part of a Federal program.

Recipient means a non–Federal entity that receives a Federal award directly from a Federal awarding agency to carry out an activity under a Federal program. The term recipient does not include subrecipients.

Simplified acquisition threshold means the dollar amount below which a non–Federal entity may purchase property or services using small purchase methods. Non–Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition threshold is set by the Federal Acquisition Regulation at 48 CFR Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. 1908. As of the publication of this part, the simplified acquisition threshold is $250,000, but this threshold is periodically adjusted for inflation. (Also see definition of § 200.67 Micro-purchase.)

Subaward means an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

Subrecipient means a non–Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.

Termination means the ending of a Federal award, in whole or in part at any time prior to the planned end of period of performance.

The following provisions may be required and apply when Participating Agency expends federal funds for any purchase resulting from this procurement process. Per FAR 52.204-24 and FAR 52.204-25, solicitations and resultant contracts shall contain the following provisions.

52.204-24 Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment (Oct 2020)

The Offeror shall not complete the representation at paragraph (d)(1) of this provision if the Offeror has represented that it "does not provide covered telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument" in paragraph (c)(1) in the provision at 52.204-26, Covered Telecommunications Equipment or Services—Representation, or in paragraph (v)(2)(i) of the provision at 52.212-3, Offeror Representations and Certifications-Commercial Items. The Offeror shall not complete the representation in paragraph (d)(2) of this provision if the Offeror has represented that it "does not use covered telecommunications equipment or services, or any equipment, system, or service that uses covered telecommunications equipment or services" in paragraph (c)(2) of the provision at 52.204-26, or in paragraph (v)(2)(ii) of the provision at 52.212-3.

(a) *Definitions.* As used in this provision—

Backhaul, covered telecommunications equipment or services, critical technology, interconnection arrangements, reasonable inquiry, roaming, and substantial or essential component have the meanings provided in the clause 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

(b) *Prohibition*.

(1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Nothing in the prohibition shall be construed to—

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract or extending or renewing a contract with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract. Nothing in the prohibition shall be construed to—

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(c) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (https://www.sam.gov) for entities excluded from receiving federal awards for "covered telecommunications equipment or services".

(d) *Representation.* The Offeror represents that—

(1) It □ will, □ will not provide covered telecommunications equipment or services to the Government in the performance of any contract, subcontract or other contractual instrument resulting from this solicitation. The Offeror shall provide the additional disclosure information required at paragraph (e)(1) of this section if the Offeror responds "will" in paragraph (d)(1) of this section; and

(2) After conducting a reasonable inquiry, for purposes of this representation, the Offeror represents that—

It □ does, □ does not use covered telecommunications equipment or services, or use any equipment, system, or service that uses covered telecommunications equipment or services. The Offeror shall provide the additional disclosure information required at paragraph (e)(2) of this section if the Offeror responds "does" in paragraph (d)(2) of this section.

(e) *Disclosures.*

(1) Disclosure for the representation in paragraph (d)(1) of this provision. If the Offeror has responded "will" in the representation in paragraph (d)(1) of this provision, the Offeror shall provide the following information as part of the offer.

(i) For covered equipment—

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the original equipment manufacturer (OEM) or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(ii) For covered services—

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the Product Service Code (PSC) of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(2) Disclosure for the representation in paragraph (d)(2) of this provision. If the Offeror has responded "does" in the representation in paragraph (d)(2) of this provision, the Offeror shall provide the following information as part of the offer:

(i) For covered equipment—

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

(ii) For covered services—

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the PSC of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

52.204-25 Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment (Aug 2020).

(a) *Definitions.* As used in this clause—

Backhaul means intermediate links between the core network, or backbone network, and the small subnetworks at the edge of the network (*e.g.*, connecting cell phones/towers to the core telephone network). Backhaul can be wireless (e.g., microwave) or wired (*e.g.*, fiber optic, coaxial cable, Ethernet).

Covered foreign country means The People's Republic of China.

Covered telecommunications equipment or services means–

(1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities);

(2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);

(3) Telecommunications or video surveillance services provided by such entities or using such equipment; or

(4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

Critical technology means–

(1) Defense articles or defense services included on the United States Munitions List set forth in the International Traffic in Arms Regulations under subchapter M of chapter I of title 22, Code of Federal Regulations;

(2) Items included on the Commerce Control List set forth in Supplement No. 1 to part 774 of the Export Administration Regulations under subchapter C of chapter VII of title 15, Code of Federal Regulations, and controlled-

(i) Pursuant to multilateral regimes, including for reasons relating to national security, chemical and biological weapons proliferation, nuclear nonproliferation, or missile technology; or

(ii) For reasons relating to regional stability or surreptitious listening;

(3) Specially designed and prepared nuclear equipment, parts and components, materials, software, and technology covered by part 810 of title 10, Code of Federal Regulations (relating to assistance to foreign atomic energy activities);

(4) Nuclear facilities, equipment, and material covered by part 110 of title 10, Code of Federal Regulations (relating to export and import of nuclear equipment and material);

(5) Select agents and toxins covered by part 331 of title 7, Code of Federal Regulations, part 121 of title 9 of such Code, or part 73 of title 42 of such Code; or

(6) Emerging and foundational technologies controlled pursuant to section 1758 of the Export Control Reform Act of 2018 (50 U.S.C. 4817).

Interconnection arrangements means arrangements governing the physical connection of two or more networks to allow the use of another's network to hand off traffic where it is ultimately delivered (*e.g.*, connection of a customer of telephone provider A to a customer of telephone company B) or sharing data and other information resources.

Reasonable inquiry means an inquiry designed to uncover any information in the entity's possession about the identity of the producer or provider of covered telecommunications equipment or services used by the entity that excludes the need to include an internal or third-party audit.

Roaming means cellular communications services (*e.g.*, voice, video, data) received from a visited network when unable to connect to the facilities of the home network either because signal coverage is too weak or because traffic is too high.

Substantial or essential component means any component necessary for the proper function or performance of a piece of equipment, system, or service.

(b) *Prohibition*.

(1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. The Contractor is prohibited from providing to the Government any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR 4.2104.

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract, or extending or renewing a contract, with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR 4.2104. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract.

(c) *Exceptions.* This clause does not prohibit contractors from providing—

(1) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(2) Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(d) Reporting requirement.

(1) In the event the Contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the Contractor is notified of such by a subcontractor at any tier or by any other source, the Contractor shall report the information in paragraph (d)(2) of this clause to the Contracting Officer, unless elsewhere in this contract are established procedures for reporting the information; in the case of the Department of Defense, the Contractor shall report to the website at https://dibnet.dod.mil. For indefinite delivery contracts, the Contractor shall report to the Contracting Officer for the indefinite delivery contract and the Contracting Officer(s) for any affected order or, in the case of the Department of Defense, identify both the indefinite delivery contract and any affected orders in the report provided at https://dibnet.dod.mil.

(2) The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause

(i) Within one business day from the date of such identification or notification: the contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

(ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: any further available information about mitigation actions undertaken or recommended. In addition, the Contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) *Subcontracts.* The Contractor shall insert the substance of this clause, including this paragraph (e) and excluding paragraph (b)(2), in all subcontracts and other contractual instruments, including subcontracts for the acquisition of commercial items.

The following certifications and provisions may be required and apply when Participating Agency expends federal funds for any purchase resulting from this procurement process. Pursuant to 2 C.F.R. § 200.326, all contracts, including small purchases, awarded by the Participating Agency and the Participating Agency's subcontractors shall contain the procurement provisions of

Appendix II to Part 200, as applicable.

APPENDIX II TO 2 CFR PART 200

(A) Contracts for more than the simplified acquisition threshold currently set at $250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Pursuant to Federal Rule (A) above, when a Participating Agency expends federal funds, the Participating Agency reserves all rights and privileges under the applicable laws and regulations with respect to this procurement in the event of breach of contract by either party.

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

(B) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of $10,000)

Pursuant to Federal Rule (B) above, when a Participating Agency expends federal funds, the Participating Agency reserves the right to immediately terminate any agreement in excess of $10,000 resulting from this procurement process in the event of a breach or default of the agreement by Offeror as detailed in the terms of the contract.

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

(**C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 CFR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."**

Pursuant to Federal Rule (C) above, when a Participating Agency expends federal funds on any federally assisted construction contract, the equal opportunity clause is incorporated by reference herein.

Does offeror agree to abide by the above? YES _____ Initials of Authorized Representative of offeror

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non - Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Pursuant to Federal Rule (D) above, when a Participating Agency expends federal funds during the term of an award for all contracts and subgrants for construction or repair, offeror will be in compliance with all applicable Davis-Bacon Act provisions.

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

Pursuant to Federal Rule (E) above, when a Participating Agency expends federal funds, offeror certifies that offeror will be in compliance with all applicable provisions of the Contract Work Hours and Safety Standards Act during the term of an award for all contracts by Participating Agency resulting from this procurement process.

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

Pursuant to Federal Rule (F) above, when federal funds are expended by Participating Agency, the offeror certifies that during the term of an award for all contracts by Participating Agency resulting from this procurement process, the offeror agrees to comply with all applicable requirements as referenced in Federal Rule (F) above.

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

(G) Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended—Contracts and subgrants of amounts in excess of $150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA)

Pursuant to Federal Rule (G) above, when federal funds are expended by Participating Agency, the offeror certifies that during the term of an award for all contracts by Participating Agency member resulting from this procurement process, the offeror agrees to comply with all applicable requirements as referenced in Federal Rule (G) above.

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

(H) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the Executive Office of the President Office of Management and Budget (OMB) guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Pursuant to Federal Rule (H) above, when federal funds are expended by Participating Agency, the offeror certifies that during the term of an award for all contracts by Participating Agency resulting from this procurement process, the offeror certifies that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency. If at any time during the term of an award the offeror or its principals

becomes debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency, the offeror will notify the Participating Agency.

(l) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding $100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

Pursuant to Federal Rule (l) above, when federal funds are expended by Participating Agency, the offeror certifies that during the term and after the awarded term of an award for all contracts by Participating Agency resulting from this procurement process, the offeror certifies that it is in compliance with all applicable provisions of the Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). The undersigned further certifies that:

(1) No Federal appropriated funds have been paid or will be paid for on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with the awarding of a Federal contract, the making of a Federal grant, the making of a Federal loan, the entering into a cooperative agreement, and the extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with this Federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all covered sub-awards exceeding $100,000 in Federal funds at all appropriate tiers and that all subrecipients shall certify and disclose accordingly.

CERTIFICATION OF COMPLIANCE WITH THE ENERGY POLICY AND CONSERVATION ACT

When Participating Agency expends federal funds for any contract resulting from this procurement process, offeror certifies that it will comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6321 et seq.; 49 C.F.R. Part 18).

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

CERTIFICATION OF COMPLIANCE WITH BUY AMERICA PROVISIONS

To the extent purchases are made with Federal Highway Administration, Federal Railroad Administration, or Federal Transit Administration funds, offeror certifies that its products comply with all applicable provisions of the Buy America Act and agrees to provide such certification or applicable waiver with respect to specific products to any Participating Agency upon request. Purchases made in accordance with the Buy America Act must still follow the applicable procurement rules calling for free and open competition.

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

CERTIFICATION OF ACCESS TO RECORDS – 2 C.F.R. § 200.336

Offeror agrees that the Inspector General of the Agency or any of their duly authorized representatives shall have access to any documents, papers, or other records of offeror that are pertinent to offeror's discharge of its obligations under the Contract for the purpose of making audits, examinations, excerpts, and transcriptions. The right also includes timely and reasonable access to offeror's personnel for the purpose of interview and discussion relating to such documents.

FEMA SPECIAL CONDITIONS

Awarded Supplier(s) may need to respond to events and losses where products and services are needed for the immediate and initial response to emergency situations such as, but not limited to, water damage, fire damage, vandalism cleanup, biohazard cleanup, sewage decontamination, deodorization, and/or wind damage during a disaster or emergency situation. By submitting a bid, the Supplier is accepted these FEMA Special Conditions required by the Federal Emergency Management Agency (FEMA).

"Contract" in the below pages under FEMA SPECIAL CONDITIONS is also referred to and defined as the "Master Agreement".

"Contractor" in the below pages under FEMA SPECIAL CONDITIONS is also referred to and defined as "Supplier" or "Awarded Supplier".

Conflicts of Interest

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a FEMA award if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties, has a financial or other interest in or a tangible personal benefit from a firm considered for award. 2 C.F.R. § 200.318(c)(1); See also Standard Form 424D, ¶ 7; Standard Form 424B, ¶ 3. i. FEMA considers a "financial interest" to be the potential for gain or loss to the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties as a result of the particular procurement. The prohibited financial interest may arise from ownership of certain financial instruments or investments such as stock, bonds, or real estate, or from a salary, indebtedness, job offer, or similar interest that might be affected by the particular procurement. ii. FEMA considers an "apparent" conflict of interest to exist where an actual conflict does not exist, but where a reasonable person with knowledge of the relevant facts would question the impartiality of the employee, officer, or agent participating in the procurement. c. Gifts. The officers, employees, and agents of the Participating Public Agency nor the Participating Public Agency ("NFE") must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, NFE's may set standards for situations in which the financial interest is de minimus, not substantial, or the gift is an unsolicited item of nominal value. 2 C.F.R. § 200.318(c)(1). d. Violations. The NFE's written standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the NFE. 2 C.F.R. § 200.318(c)(1). For example, the penalty for a NFE's employee may be dismissal, and the penalty for a contractor might be the termination of the contract.

Contractor Integrity

A contractor must have a satisfactory record of integrity and business ethics. Contractors that are debarred or suspended, as described in and subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension), must be rejected and cannot receive contract awards at any level.

Public Policy

A contractor must comply with the public policies of the Federal Government and state, local government, or tribal government. This includes, among other things, past and current compliance with the:
a. Equal opportunity and nondiscrimination laws
b. Five affirmative steps described at 2 C.F.R. § 200.321(b) for all subcontracting under contracts supported by FEMA financial assistance; and FEMA Procurement Guidance June 21, 2016 Page IV- 7
c. Applicable prevailing wage laws, regulations, and executive orders

Affirmative Steps

For any subcontracting opportunities, Contractor must take the following Affirmative steps:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

Prevailing Wage Requirements

When applicable, the awarded Contractor (s) and any and all subcontractor(s) agree to comply with all laws regarding prevailing wage rates including the Davis-Bacon Act, applicable to this solicitation and/or Participating Public Agencies. The Participating Public Agency shall notify the Contractor of the applicable pricing/prevailing wage rates and must apply any local wage rates requested. The Contractor and any subcontractor(s) shall comply with the prevailing wage rates set by the Participating Public Agency.

Federal Requirements

If products and services are issued in response to an emergency or disaster recovery the items below, located in this FEMA Special Conditions section of the Federal Funds Certifications, are activated and required when federal funding may be utilized.

2 C.F.R. § 200.326 and 2 C.F.R. Part 200, Appendix II, Required Contract Clauses

1. REMEDIES

a. Standard. Contracts for more than the simplified acquisition threshold, currently set at $250,000, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate. See 2 C.F.R. Part 200, Appendix II(A).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

2. TERMINATION FOR CAUSE AND CONVENIENCE

a. Standard. All contracts in excess of $10,000 must address termination for cause and for convenience by the non-Federal entity, including the manner by which it will be effected and the basis for settlement. See 2 C.F.R. Part 200, Appendix II(B).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

3. EQUAL EMPLOYMENT OPPORTUNITY

When applicable:

a. Standard. Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of “federally assisted construction contract” in 41 C.F.R.

§ 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60- 1.4(b), in accordance with Executive Order 11246**,** *Equal Employment Opportunity* (30 Fed. Reg. 12319, 12935, 3 C.F.R. Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, *Amending Executive Order 11246 Relating to Equal Employment Opportunity*, and implementing regulations at 41 C.F.R. Part 60 (Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor). See 2 C.F.R. Part 200, Appendix II(C).

b. Key Definitions.

i. Federally Assisted Construction Contract. The regulation at 41 C.F.R. § 60-1.3 defines a "federally assisted construction contract" as any agreement or modification thereof between any applicant and a person for construction work which is paid for in whole or in part with funds obtained from the Government or borrowed on the credit of the Government pursuant to any Federal program involving a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal program involving such grant, contract, loan, insurance, or guarantee, or any application or modification thereof approved by the Government for a grant, contract, loan, insurance, or guarantee under which the applicant itself participates in the construction work.

ii. Construction Work. The regulation at 41 C.F.R. § 60-1.3 defines "construction work" as the construction, rehabilitation, alteration, conversion, extension, demolition or repair of buildings, highways, or other changes or improvements to real property, including facilities providing utility services. The term also includes the supervision, inspection, and other onsite functions incidental to the actual construction.

c. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

d. Required Language. The regulation at 41 C.F.R. Part 60-1.4(b) requires the insertion of the following contract clause.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided,* That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

4. DAVIS-BACON ACT

a. Standard. All prime construction contracts in excess of $2,000 awarded by non- Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) as supplemented by Department of Labor regulations at 29 C.F.R. Part 5 (Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction). See 2 C.F.R. Part 200, Appendix II(D). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week.

b. Applicability. The Davis-Bacon Act applies to the Emergency Management Preparedness Grant Program, Homeland Security Grant Program, Nonprofit Security Grant Program, Tribal Homeland Security Grant Program, Port Security Grant Program, and Transit Security Grant Program.

c. Requirements. If applicable, the non-federal entity must do the following:

i. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

ii. Additionally, pursuant 2 C.F.R. Part 200, Appendix II(D), contracts subject to the Davis-Bacon Act, must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). The Copeland Anti- Kickback Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person

employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA.

iii. Include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction").

Suggested Language. The following provides a sample contract clause:

Compliance with the Davis-Bacon Act.

a. All transactions regarding this contract shall be done in compliance with the Davis-Bacon Act (40 U.S.C. 3141- 3144, and 3146-3148) and the requirements of 29 C.F.R. pt. 5 as may be applicable. The contractor shall comply with 40 U.S.C. 3141-3144, and 3146-3148 and the requirements of 29 C.F.R. pt. 5 as applicable.

b. Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor.

c. Additionally, contractors are required to pay wages not less than once a week.

5. COPELAND ANTI-KICKBACK ACT

a. Standard. Recipient and subrecipient contracts must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States").

b. Applicability. This requirement applies to all contracts for construction or repair work above $2,000 in situations where the Davis-Bacon Act also applies. It DOES NOT apply to the FEMA Public Assistance Program.

c. Requirements. If applicable, the non-federal entity must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). Each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA. Additionally, in accordance with the regulation, each contractor and subcontractor must furnish each week a statement with respect to the wages paid each of its employees engaged in work covered by the Copeland Anti-Kickback Act and the Davis Bacon Act during the preceding weekly payroll period. The report shall be delivered by the contractor or subcontractor, within seven days after the regular payment date of the payroll period, to a representative of a Federal or State agency in charge at the site of the building or work.

Sample Language. The following provides a sample contract clause:

Compliance with the Copeland "Anti-Kickback" Act.

a. Contractor. The contractor shall comply with 18 U.S.C. §874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.

b. Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. §5.12."

6. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

a. Standard. Where applicable (see 40 U.S.C. §§ 3701-3708), all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations at 29 C.F.R. Part 5. See 2 C.F.R. Part 200, Appendix II(E). Under 40 U.S.C. § 3702, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Further, no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous.

b. Applicability. This requirement applies to all FEMA contracts awarded by the non- federal entity in excess of $100,000 under grant and cooperative agreement programs that involve the employment of mechanics or laborers. It is applicable to construction work. These requirements do not apply to the purchase of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

c. Suggested Language. The regulation at 29 C.F.R. § 5.5(b) provides contract clause language concerning compliance with the Contract Work Hours and Safety Standards Act. FEMA suggests including the following contract clause:

Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation

of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of
$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3) *Withholding for unpaid wages and liquidated damages.* The Federal agency or loan/grant recipient shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

7. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT

a. Standard. If the FEMA award meets the definition of "funding agreement" under 37C.F.R. § 401.2(a) and the non-Federal entity wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the non- Federal entity must comply with the requirements of 37 C.F.R. Part 401 (Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements), and any implementing regulations issued by FEMA. See 2 C.F.R. Part 200, Appendix II(F).

b. Applicability. This requirement applies to "*funding agreements*," but it DOES NOT apply to the Public Assistance, Hazard Mitigation Grant Program, Fire Management Assistance Grant Program, Crisis Counseling Assistance and Training Grant Program, Disaster Case Management Grant Program, and Federal Assistance to Individuals and Households – Other Needs Assistance Grant Program, as FEMA awards under these programs do not meet the definition of "funding agreement."

c. Funding Agreements Definition. The regulation at 37 C.F.R. § 401.2(a) defines "funding agreement" as any contract, grant, or cooperative agreement entered into between any Federal agency, other than the Tennessee Valley Authority, and any contractor for the performance of experimental, developmental, or research work funded in whole or in part by the Federal government. This term also includes any assignment, substitution of parties, or subcontract of any type entered into for the performance of experimental, developmental, or research work under a funding agreement as defined in the first sentence of this paragraph.

8. CLEAN AIR ACT AND THE FEDERAL WATER POLLUTION CONTROL ACT

a. Standard. If applicable, contracts must contain a provision that requires the contractor to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. §§ 7401-7671q.) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§ 1251-1387). Violations must be reported to FEMA and the Regional Office of the Environmental Protection Agency. See 2 C.F.R. Part 200, Appendix II(G).

b. Applicability. This requirement applies to contracts awarded by a non-federal entity of amounts in excess of $150,000 under a federal grant.

c. Suggested Language. The following provides a sample contract clause.

Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

9. DEBARMENT AND SUSPENSION

a. Standard. Non-Federal entities and contractors are subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and*

Suspension (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

c. Requirements.

i. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs and activities. See 2 C.F.R. Part 200, Appendix II(H); and 2 C.F.R. § 200.213. A contract award must not be made to parties listed in the SAM Exclusions. SAM Exclusions is the list maintained by the General Services Administration that contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. SAM exclusions can be accessed at www.sam.gov. See 2 C.F.R. § 180.530.

ii. In general, an "excluded" party cannot receive a Federal grant award or a contract within the meaning of a "covered transaction," to include subawards and subcontracts. This includes parties that receive Federal funding indirectly, such as contractors to recipients and subrecipients. The key to the exclusion is whether there is a "covered transaction," which is any non-procurement transaction (unless excepted) at either a "primary" or "secondary" tier. Although "covered transactions" do not include contracts awarded by the Federal Government for purposes of the non-procurement common rule and DHS's implementing regulations, it does include some contracts awarded by recipients and subrecipients.

iii. Specifically, a covered transaction includes the following contracts for goods or services:

1. The contract is awarded by a recipient or subrecipient in the amount of at least $25,000.

2. The contract requires the approval of FEMA, regardless of amount.

3. The contract is for federally-required audit services.

4. A subcontract is also a covered transaction if it is awarded by the contractor of a recipient or subrecipient and requires either the approval of FEMA or is in excess of $25,000.

d. Suggested Language. The following provides a debarment and suspension clause. It incorporates an optional method of verifying that contractors are not excluded or disqualified.

Suspension and Debarment

(1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2

C.F.R. § 180.935).

(2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and2 C.F.R. pt. 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification is a material representation of fact relied upon by the Participating Public Agency. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the Participating Public Agency, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

10. BYRD ANTI-LOBBYING AMENDMENT

a. Standard. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. § 1352. FEMA's regulation at 44 C.F.R. Part 18 implements the requirements of 31 U.S.C. § 1352 and provides, in Appendix A to Part 18, a copy of the certification that is required to be completed by each entity as described in 31 U.S.C. § 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the Federal awarding agency.

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs. Contractors that apply or bid for a contract of $100,000 or more under a federal grant must file the required certification. See 2 C.F.R. Part 200, Appendix II(I); 31 U.S.C. § 1352; and 44 C.F.R. Part 18.

c. Suggested Language.

Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended)

Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

d. Required Certification. If applicable, contractors must sign and submit to the non-federal entity the following certification.

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Contractor,_____, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

11. PROCUREMENT OF RECOVERED MATERIALS

a. Standard. A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. See 2 C.F.R. Part 200, Appendix II(J); and 2 C.F.R. §200.322.

b. Applicability. This requirement applies to all contracts awarded by a non- federal entity under FEMA grant and cooperative agreement programs.

c. Requirements. The requirements of Section 6002 include procuring only items designated in guidelines of the EPA at 40 C.F.R. Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired by the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

d. Suggested Language.

i. In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired—

1. Competitively within a timeframe providing for compliance with the contract performance schedule;
2. Meeting contract performance requirements; or
3. At a reasonable price.

ii. Information about this requirement, along with the list of EPA- designated items, is available at EPA's Comprehensive Procurement Guidelines web site, https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program.

iii. The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act."

12. ACCESS TO RECORDS

a. Standard. All recipients, subrecipients, successors, transferees, and assignees must acknowledge and agree to comply with applicable provisions governing DHS access to records, accounts, documents, information, facilities, and staff. Recipients must give DHS/FEMA access to, and the right to examine and copy, records, accounts, and other documents and sources of information related to the federal financial assistance award and permit access to facilities, personnel, and other individuals and information as may be necessary, as required by DHS regulations *and* other applicable laws or program guidance. See DHS Standard Terms and Conditions: Version 8.1 (2018). Additionally, Section 1225 of the Disaster Recovery Reform Act of 2018 prohibits FEMA from providing reimbursement to any state, local, tribal, or territorial government, or private non-profit for activities made pursuant to a contract that purports to prohibit audits or internal reviews by the FEMA administrator or Comptroller General.

Access to Records. The following access to records requirements apply to this contract:

i. The Contractor agrees to provide Participating Public Agency, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions.

ii. The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

iii. The Contractor agrees to provide the FEMA Administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.

iv. In compliance with the Disaster Recovery Act of 2018, the Participating Public Agency and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

13. CHANGES

a. Standard. To be eligible for FEMA assistance under the non-Federal entity's FEMA grant or cooperative agreement, the cost of the change, modification, change order, or constructive change must be allowable, allocable, within the scope of its grant or cooperative agreement, and reasonable for the completion of project scope.

b. Applicability. FEMA recommends, therefore, that a non-Federal entity include a changes clause in its contract that describes how, if at all, changes can be made by either party to alter the method, price, or schedule of the work without breaching the contract. The language of the clause may differ depending on the nature of the contract and the end-item procured.

14. DHS SEAL, LOGO, AND FLAGS

a. Standard. Recipients must obtain permission prior to using the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials. See DHS Standard Terms and Conditions: Version 8.1 (2018).

b. Applicability. FEMA recommends that all non-Federal entities place in their contracts a provision that a contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

c. "The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

15. COMPLIANCE WITH FEDERAL LAW, REGULATIONS, AND EXECUTIVE ORDERS

a. Standard. The recipient and its contractors are required to comply with all Federal laws, regulations, and executive orders.

b. Applicability. FEMA recommends that all non-Federal entities place into their contracts an acknowledgement that FEMA financial assistance will be used to fund the contract along with the requirement that the contractor will comply with all applicable Federal law, regulations, executive orders, and FEMA policies, procedures, and directives.

c. "This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives."

16. NO OBLIGATION BY FEDERAL GOVERNMENT

a. Standard. FEMA is not a party to any transaction between the recipient and its contractor. FEMA is not subject to any obligations or liable to any party for any matter relating to the contract.

b. Applicability. FEMA recommends that the non-Federal entity include a provision in its contract that states that the Federal Government is not a party to the contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

c. "The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract."

17. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS

a. Standard. Recipients must comply with the requirements of The False Claims Act (31 U.S.C. §§ 3729-3733) which prohibits the submission of false or

fraudulent claims for payment to the federal government. See DHS Standard Terms and Conditions: Version 8.1 (2018); and 31 U.S.C. §§ 3801-3812, which details the administrative remedies for false claims and statements made. The non-Federal entity must include a provision in its contract that the contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.

b. Applicability. FEMA recommends that the non-Federal entity include a provision in its contract that the contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.

c. "The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract."

Offeror agrees to comply with all terms and conditions outlined in the FEMA Special Conditions section of this solicitation.

NEW JERSEY BUSINESS COMPLIANCE

Suppliers intending to do business in the State of New Jersey must comply with policies and procedures required under New Jersey statues. All offerors submitting proposals must complete the following forms specific to the State of New Jersey. Completed forms should be submitted with the offeror's response to the IFB. Failure to complete the New Jersey packet will impact OMNIA Partners' ability to promote the Master Agreement in the State of New Jersey.

DOC #1	Ownership Disclosure Form
DOC #2	Non-Collusion Affidavit
DOC #3	Affirmative Action Affidavit
DOC #4	Political Contribution Disclosure Form
DOC #5	Stockholder Disclosure Certification
DOC #6	Certification of Non-Involvement in Prohibited Activities in Iran
DOC #7	New Jersey Business Registration Certificate
DOC #8	EEOAA Evidence
DOC #9	MacBride Principals Form

New Jersey suppliers are required to comply with the following New Jersey statutes when applicable:

- all anti-discrimination laws, including those contained in N.J.S.A. 10:2-1 through N.J.S.A. 10:2-14, N.J.S.A. 10:5-1, and N.J.S.A. 10:5-31 through 10:5-38;
- Prevailing Wage Act, N.J.S.A. 34:11-56.26, for all contracts within the contemplation of the Act;
- Public Works Contractor Registration Act, N.J.S.A. 34:11-56.26; and
- Bid and Performance Security, as required by the applicable municipal or state statutes.

STATEMENT OF OWNERSHIP DISCLOSURE

N.J.S.A. 52:25-24.2 (P.L. 1977, c.33, as amended by P.L. 2016, c.43)

This statement shall be completed, certified to, and included with all bid and proposal submissions. Failure to submit the required information is cause for automatic rejection of the bid or proposal.

P.L. 1995, c. 127 (N.J.A.C. 17:27)
MANDATORY AFFIRMATIVE ACTION LANGUAGE

PROCUREMENT, PROFESSIONAL AND SERVICE CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. The contractor will take affirmative action to ensure that such applicants are recruited and employed, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this non-discrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisement for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation.

The contractor or subcontractor, where applicable, will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer pursuant to P.L. 1975, c. 127, as amended and supplemented from time to time and the Americans with Disabilities Act.

The contractor or subcontractor agrees to attempt in good faith to employ minority and female workers trade consistent with the applicable county employment goal prescribed by N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time or in accordance with a binding determination of the applicable county employment goals determined by the Affirmative Action Office pursuant to N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time.

The contractor or subcontractor agrees to inform in writing appropriate recruitment agencies in the area, including employment agencies, placement bureaus, colleges, universities, labor unions, that it does not discriminate on the basis of age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and that it will discontinue the use of any recruitment agency which engages in direct or indirect discriminatory practices.

The contractor or subcontractor agrees to revise any of it testing procedures, if necessary, to assure that all personnel testing conforms with the principles of job-related testing, as established by the statutes and court decisions of the state of New Jersey and as established by applicable Federal law and applicable Federal court decisions.

The contractor or subcontractor agrees to review all procedures relating to transfer, upgrading, downgrading and lay-off to ensure that all such actions are taken without regard to age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and conform with the applicable employment goals, consistent with the statutes and court decisions of the State of New Jersey, and applicable Federal law and applicable Federal court decisions.

The contractor and its subcontractors shall furnish such reports or other documents to the Affirmative Action Office as may be requested by the office from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Affirmative Action Office for conducting a compliance investigation pursuant to Subchapter 10 of the Administrative Code (NJAC 17:27).

Signature of Procurement Agent

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Public Agency Instructions

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). Please refer back to these instructions for the appropriate links, as the Local Finance Notices include links that are no longer operational.

1. The disclosure is required for all contracts in excess of $17,500 that are **not awarded** pursuant to a "fair and open" process (N.J.S.A. 19:44A-20.7).

2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.

3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.

4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.

    a. The Division has prepared model disclosure forms for each county. They can be downloaded from the "County PCD Forms" link on the Pay-to-Play web site at http://www.nj.gov/dca/divisions/dlgs/programs/lpcl.html#12. They will be updated from time-to-time as necessary.
    b. A public agency using these forms **should edit them to properly reflect the correct legislative district**(s). As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
    c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
    d. The form may be used "as-is", subject to edits as described herein.
    e. The "Contractor Instructions" sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
    f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.

5. It is recommended that the contractor also complete a "Stockholder Disclosure Certification." This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract (See Local Finance Notice 2006-7 for additional information on this obligation at http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
    - of the public entity awarding the contract
    - of that county in which that public entity is located
    - of another public entity within that county
    - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed $300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

* N.J.S.A. 19:44A-3(s): "The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures."

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Required Pursuant to N.J.S.A. 19:44A-20.26

This form or its permitted facsimile must be submitted to the local unit no later than 10 days prior to the award of the contract.

Part I – Vendor Information

MACBRIDE-PRINCIPLES

STATE OF NEW JERSEY DEPARTMENT OF THE TREASURY
DIVISION OF PURCHASE AND PROPERTY

33 WEST STATE STREET, P.O. BOX 230
TRENTON, NEW JERSEY 08625-0230

MACBRIDE PRINCIPALS FORM

BID SOLICITATION #: _____ **VENDOR/BIDDER:** _____

VENDOR'S/BIDDER'S REQUIREMENT
TO PROVIDE A CERTIFICATION IN COMPLIANCE WITH THE MACBRIDE PRINCIPALS AND NORTHERN IRELAND ACT OF 1989

Pursuant to Public Law 1995, c. 134, a responsible Vendor/Bidder selected, after public bidding, by the Director of the Division of Purchase and Property, pursuant to N.J.S.A. 52:34-12, must complete the certification below by checking one of the two options listed below and signing where indicated. If a Vendor/Bidder that would otherwise be awarded a purchase, contract or agreement does not complete the certification, then the Director may determine, in accordance with applicable law and rules, that it is in the best interest of the State to award the purchase, contract or agreement to another Vendor/Bidder that has completed the certification and has submitted a bid within five (5) percent of the most advantageous bid. If the Director finds contractors to be in violation of the principals that are the subject of this law, he/she shall take such action as may be appropriate and provided by law, rule or contract, including but not limited to, imposing sanctions, seeking compliance, recovering damages, declaring the party in default and seeking debarment or suspension of the party.

I, the undersigned, on behalf the Vendor/Bidder, certify pursuant to N.J.S.A. 52:34-12.2 that:

CHECK THE APPROPRIATE BOX

☐ The Vendor/Bidder has no business operations in Northern Ireland; or

OR

☐ The Vendor/Bidder will take lawful steps in good faith to conduct any business operations it has in Northern Ireland in accordance with the MacBride principals of nondiscrimination in employment as set forth in section 2 of P.L. 1987, c. 177 (N.J.S.A. 52:18A-89.5) and in conformance with the United Kingdom's Fair Employment (Northern Ireland) Act of 1989, and permit independent monitoring of its compliance with those principals.

CERTIFICATION

I, the undersigned, certify that I am authorized to execute this certification on behalf of the Vendor/Bidder, that the foregoing information and any attachments hereto, to the best of my knowledge are true and complete. I acknowledge that the State of New Jersey is relying on the information contained herein, and that the Vendor/Bidder is under a continuing obligation from the date of this certification through the completion of any contract(s) with the State to notify the State in writing of any changes to the information contained herein; that I am aware that it is a criminal offense to make a false statement or misrepresentation in this certification. If I do so, I will be subject to criminal prosecution under the law, and it will constitute a material breach of **my** agreement(s) with the State, permitting the State to declare any contract(s) resulting from this certification to be void and unenforceable.

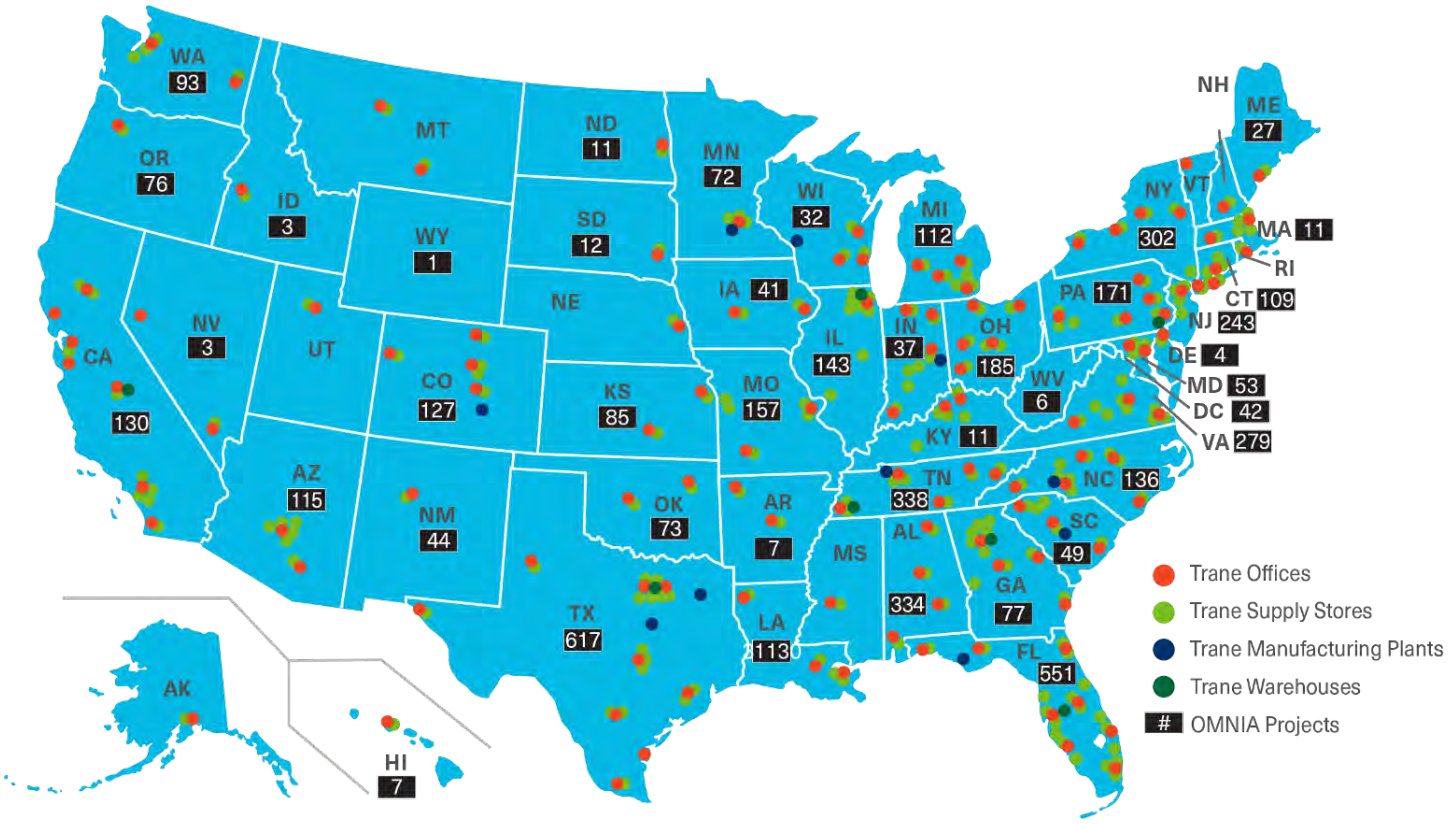
C. Executive Summary

Limit to one or two pages. Briefly state the Bidder's understanding of the service to be provided and a positive commitment to perform the services as defined in the IFB.

Trane has presented 122 high-level products/equipment options and 48 labor classifications and services for your consideration, and are ready to provide HVAC Equipment and Products, Installation, and Services, and other Related Products/Solutions in response to this IFB.



Trane's experience with cooperative contracting began in 1998 with the Region 4 ESC (Formerly TCPN) contract. In 2015, we were selected to provide products/services under the **Harford County Public Schools and U.S. Communities Contract** (15-JLP-023) and have executed work under this contract through the seven-year term plus an additional six months. In 2017, **Trane secured the Port of Portland and U.S. Communities Contract.** Trane® has been a qualified DOE ESCO since 1999 and has completed complex Energy Savings Performance Contracts (ESPC) for the Federal Government. An ESPC is a proven, cash flow neutral financing mechanism that pays for facility improvements that can be paid back over time based on future utility bill saving. Trane's Core Products – HVAC Equipment and Controls – drive one-third of total ESPC savings. Trane's incident (OSHA) rates are consistently 67-86% below the industry average and our current Experience Modification Rate (EMR) is 0.61. Trane has leveraged this experience to deliver dozens of ESPC projects under the Port of Portland contract.

Trane has the capacity to provide a wide range of services and products to support agencies across the country. Our 100-year history as a trusted provider of superior products and services has resulted in a robust national infrastructure. Our project offices are staffed with factory-trained service technicians that provide operational oversight, O&M, service-repair, and installation support. Trane stocks service-repair parts (over 20,000 SKUs per location), equipment, and supplies right in our customer's communities. We also have established relationships with local designers, suppliers, and subcontractors–including small/disadvantaged businesses. **Trane has booked $1.4B+under our Harford and Port of Portland OMNIA contracts since 2018 and has delivered services and products in 43 states.**

Alabama	$22,282,635.39	**Kentucky**	$1,349,239.50	**Oklahoma**	$9,834,236.76
Arizona	$26,639,032.49	**Louisiana**	$1,149,096.30	**Oregon**	$9,151,530.40

Kansas	$12,782,043.21	**Ohio**	$47,018,541.70		

© 2022 Trane. All rights reserved.

Trane's robust national infrastructure includes: 124 project offices, 205 parts/supply facilities, 6 express warehouses, and 11 manufacturing plant sites. Trane has 2,138 Salespersons and Project Managers available to support the Racine Contract.

Trane will work with OMNIA Partners so all participating agencies are aware of our contract award via a 90 day plan that includes emailing over 80,000 direct customer contacts, a co-branded press release, and publicity campaigns via our dedicated OMNIA website, direct mail, social media, and trade show promotion.

Our experienced Cooperative Contracting group is well-positioned to help Racine County—and the agencies that will piggyback off this contract—secure the goods and services they need to support their communities. With over 100 years of collective experience, Trane's Cooperative Contract Team brings to Racine County extensive knowledge and diverse know-how in navigating public procurement contracting. We look forward to bringing this experience to Racine County and its public procurement partners.

We sincerely appreciate your consideration.

D. Responsible Bidder

Minimum Criteria

The following minimum criteria shall be met to be eligible for this contract:

- Bidders shall demonstrate that they are financially stable;
- Bidder shall have been in business providing similar service for at least the last three (3) years;
- Bidders should have the capability of providing a combination of products, services, consulting, or other labor-based solutions to accommodate the range of products and services utilized by Participating Public Agencies; and
- Bidders shall be properly licensed and incorporated to do business in the State of Wisconsin.

Trane U.S. Inc. meets all the minimum criteria to be eligible for this contract:

- Trane is a $14B corporation that has been in business for over 100 years. Our most recent balance sheet is shown below.
- Trane has held a cooperative contract since 1998 and has held the Harford County Public Schools and U.S. Communities Contract since 2015.
- Trane is properly licensed and incorporated to do business in the State of Wisconsin.

1. Detailed Response to Attachment D, Exhibit A

1. Include a detailed response to Attachment D, Exhibit A, OMNIA Partners Response for National Cooperative contract, to show proof of organizational capacity, equipment, and technical competency.

Please see Appendix 2 for Trane's detailed response to Exhibit A under Attachment D.

a. Racine County makes no representation or warranty concerning the use of the Master Agreement by any other Participating Public Agency.

Trane acknowledges that Racine County makes no representation or warranty concerning the use of the Master Agreement by any other Participating Public Agency.

b. The lowest responsible Bidder(s) will be required to sign Attachment D, Exhibit B, OMNIA Partners Administration Agreement.

Trane acknowledges that The lowest responsible Bidder(s) will be required to sign Attachment D, Exhibit B, OMNIA Partners Administration Agreement.

c. If applicable, provide a sample of additional agreements that Participating Public Agencies may be asked to sign.

Trane will not require additional agreements from Participating Public Agencies.

2. Positive Balance Sheet

2. Provide proof of a positive balance sheet and profitable business operations for two (2) of the last three (3) years.

Wisconsin Contractor Re-Certification

STATE OF WISCONSIN
DEPARTMENT OF ADMINISTRATION
Tony Evers, Governor
Kathy Blumenfeld, Secretary-designee
Naomi De Mers, Division Administrator

March 28, 2022

Trane U.S., Inc.
Attn: Tyler Schmitz
5302 Voges Rd.
Madison, WI 53718

Dear Tyler:

Thank you for applying for Division of Facilities Development (DFD) contractor re-certification.

DFD reviewed your updated application and has issued a re-certification decision.

Trane U.S., Inc. is re-certified to bid in the following divisions of work up to the following thresholds:

Division of Work	Bid Threshold (Per Project)
General	$20,000,000
Mechanical	$20,000,000
Other:	
Equipment Supplier	$4,000,000

Please note that you are also re-certified to bid on projects in the Small Project Program (total project budget of $300,000 or less).

When submitting your bids, please use your company name (Trane U.S., Inc.) as certified. Please do not submit bids outside of your certified divisions of work and/or over your certified bid amount thresholds (per project) as these bids will be rejected. Your new certification is valid until March 28, 2024. At that point, you will need to apply again for re-certification.

We look forward to your continued business. Please email us at dfdcertification@wisconsin.gov if you have any questions.

Sincerely,

Division of Facilities Development

Wisconsin Department of Administration

Facilities Development, PO Box 7866, Madison, WI 53707-7866

5. Bonding Capacity

5. Bonding capacity and capability of securing high dollar Performance Bonds.

Trane can consider single projects up to $100 million within an aggregate limit of $300 million.

6. W-9

6. Completed and signed W-9 Request for Taxpayer Identification Number and Certification form.

Form **W-9**
(Rev. October 2018)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

▶ Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give Form to the requester. Do not send to the IRS.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.
TRANE U.S. INC.

2 Business name/disregarded entity name, if different from above

Print or type. See Specific Instructions on page 3.

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only **one** of the following seven boxes.
☐ Individual/sole proprietor or single-member LLC ☑ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate
☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ▶
Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is **not** disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.
☐ Other (see instructions) ▶

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):
Exempt payee code (if any) 5
Exemption from FATCA reporting code (if any)
(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.
800-E BEATY STREET

Requester's name and address (optional)

6 City, state, and ZIP code
DAVIDSON, NC 28036

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number
– –

or

Employer identification number
25 – 0900465

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here Signature of U.S. person ▶ Date ▶ 1/4/2022

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

Cat. No. 10231X Form **W-9** (Rev. 10-2018)

7. Background Information

7. Furnish background of Bidder, including such information as size of the firm, legal status (corporation or partnership, etc.) lines of business, management and technical expertise, financial position, and years in business. Include any unique approaches or techniques developed and used by the firm.

Trane U.S. Inc. (Trane) is a wholly owned subsidiary of Trane Technologies (NYSE: TT) and was incorporated in 1929. Trane is a global climate innovator with over $14 billion in annual revenue. We offer a wide range of products and services known for high-performance efficiency and sustainability. These prominent brands include Trane, Thermo King, and a host of other category-leading brands.

Trane first received NAESCO Accreditation in 2004 and is one of only 13 NAESCO Accredited Energy Service Providers. The ESP designation is defined as: "The technical and managerial competence to provide energy supply through the development and implementation of build/own/operate distributed generation, cogeneration or combined heat and power (CHP) projects or the firm contracting energy supply."

In addition, Trane has been a qualified DOE ESCO since 1999 and has managed energy services performance contracting programs for the Defense Logistics Agency, Department of State, Navy, Army, Air Force, US Forest Service, US Geological Survey, and the General Services Administration. Trane has been hired for six follow-on ESPC projects at three DOD locations and our Federal ESPC projects have achieved a 30% average energy reduction from baseline. Trane has received multiple awards, including the Federal Energy Management Program Award of the Year and the Presidential Award for Leadership in Federal Energy Management. Additional awards/recognitions include:

Accredited NAESCO since 2004. One of only 13 NAESCO Accredited Energy Service Providers (ESP).

Qualified Department of Energy ESCO since 1999 and DOE IDIQ ESPC contract holder.

Committed to reducing one gigaton of carbon emissions from our customers' footprint by 2030 – the largest B2B customer climate commitment.

Included on World's Most Admired Companies list by Fortune Magazine – 10th consecutive year.

Size of Firm

Trane has over 34,000 employees worldwide. In the United States, Trane employs over 11,000 salaried employees and 13,500 hourly employees.

Legal Status

Trane is a corporation.

Lines of Business

Trane has a 100+ year history as a trusted provider of superior HVAC equipment and Building Automation Systems (BAS)/Energy Management Control Systems (EMCS) products and services. We have a global network of offices and service/parts locations to support energy conservation projects. Our local service organization will provide 24/7 technical support and access to a robust national supply chain. This community-based approach will help keep your operations running smoothly and provide rapid response in case of emergency. Our lines of business are provided under **Lines of Business: Trane Services** and **Lines of Business: Trane Building Systems and Technologies.**

Management and Technical Expertise

LOCAL PROJECT MANAGEMENT APPROACH

Trane's projects are managed locally. Each Trane office has the qualifications and hands-on relevant experience to deliver across all project phases. Trane offers vast in-house capabilities for design, equipment, contracting, controls, service, and project financing. A qualified and dedicated Project Manager (PM) is assigned to manage the day-to-day installation and construction activities ECMs at the project site in accordance with the design, costs, schedule, safety protocols, and QC processes. The PM leads and manages the installation team, including subcontractors, and is responsible for the Project Schedule. The following corporate management/technical resource pool is available to support the local delivery team:

© 2022 Trane. All rights reserved.

After the project is constructed, Trane's local service and maintenance team ensures optimum operations. Through the innovative use of data trending and analytics, Trane can provide opportunities for continuous system improvement optimization**. Most companies do not directly employ HVAC or Controls Service Personnel**. When a customer needs service, a locally based service company will respond on their behalf. Trane's truck-based service personnel promptly respond to any request. These service experts will show up in a Trane van, wearing a Trane uniform. They are direct employees of Trane. Their experience level ranges from journeymen to experienced senior technicians and supervisors – some of whom possess more than 30 years of HVAC industry experience. Our service technicians are skilled in maintaining and repairing not only Trane equipment, but nearly every manufacturer in the industry.

Trane's local project delivery model offers the following advantages:

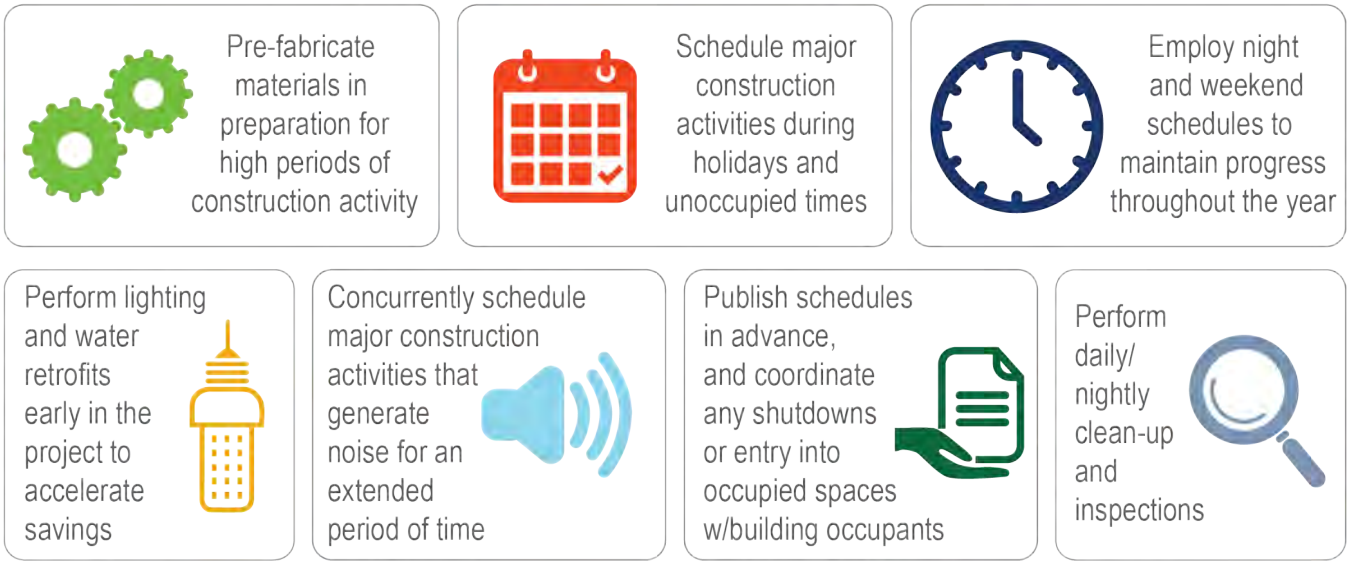
- **A local service organization to provide 24/7 technical support and a robust national supply chain.** Our service technicians are skilled in maintaining and repairing not only Trane equipment, but nearly every manufacturer in the industry.
- **Intelligent Services/BAS technicians** to analyze building data and provide scheduled and on-call local service support. This will contribute to uptime for ongoing operations and provide rapid response in case of emergency.
- **Established relationships** with local designers, suppliers, and subcontractors–including small/disadvantaged businesses. Our network includes a pool of pre-qualified sub-contractors to perform work such as electrical, piping, rigging, etc.
- **Expertise to perform system upgrades and replacements**, including major mechanical equipment such as chillers, cooling towers, air handlers, pumps, and coils. Trane's local offices have dedicated professionals in each of the following areas:
    - **Contracting Solutions:** Total comprehensive solutions, including guaranteed energy savings performance contracting and large turnkey installation projects.
    - **Trane Equipment:** Energy-efficient, environmentally friendly HVAC equipment for both comfort and process applications.
    - **Controls:** State-of-the-art building automation systems. Our local offices are complete with dedicated Controls Demonstration Centers for client education and training.
    - **Service:** Our service technicians are skilled in maintaining and repairing not only Trane equipment, but HVAC systems from nearly every manufacturer in the industry.
    - **Supply:** Full line of Trane parts, non-Trane parts, maintenance supplies, safety equipment, refrigeration, and maintenance/service tools warehoused locally.
    - **Training:** Fully equipped training facilities for seminars and training on industry issues Awards

SAFETY APPROACH

Safety Planning is woven into Trane's Construction/Installation Approach. See Section: "Trane's Safety Policy" for additional information.

© 2022 Trane. All rights reserved.

MITIGATING DISRUPTIONS TO DAILY OPERATIONS



Virtually all our projects feature construction activities across multiple buildings and work in occupied spaces. Our local teams are experienced in scheduling work activities and implementing projects in a way that minimizes disruption to daily operations. We work with our customers to develop an effective project schedule and coordinate all implementation activities with project site representatives. For work performed in occupied areas – such as lighting and water conservation upgrades – we will attempt to schedule installation during low-occupancy times, as well as publish work schedules and estimated completion times well in advance.

Trane will schedule installations in occupied areas – such as lighting and water conservation upgrades – during low-occupancy times and create/publish work schedules with estimated completion times in advance. We will also develop a detailed facility phasing plan for customer review prior to the start of construction. This phasing plan will include allowable work hours, days of the week that will be completed, and acceptable shutdown times for each occupied space.

Trane will coordinate with facility leadership and create signage that notifies occupants of upcoming work and shutdowns. Trane will actively manage all aspects of construction and will provide site supervision to manage crews and immediately respond to any occupant issues or questions. Trane will hold meetings with the facility occupants to keep the Trane team informed of the access and scheduling requirements for the proposed efficiency measures which impact implementation cost estimates and phasing plans.

Based on input from each building manager, we will develop a detailed phasing plan for each facility for your team's review prior to the start of construction. This phasing plan will include allowable work hours, days of the week that work is to be completed, and acceptable shutdown times for each occupied space.

To keep your project on track and to minimize disruption to day-to-day activities, our team will:

Financial Position

Trane Technologies is a $14B public corporation with a strong investment grade rating as indicated by Moody's and S&P (Baa2/BBB). Thus, our financial strength allows us to meet our energy performance guarantees. Trane has and can use escrow accounts where needed with scheduled construction draws as appropriate. In addition, we have a dedicated team of energy engineers that track project performance on a detailed ECM basis and take corrective actions if needed or appropriate.

The Income Statement and Balance Sheet from our most recent annual report is included in Section D.2. of this response. Trane's entire annual report can be viewed at the following web address along with all other financial documents: https://investors.tranetechnologies.com/financial-information/financial-summary/default.aspx. A letter from J.P. Morgan summarizing their experience with Trane is provided below.

J.P.Morgan

January 21, 2022

Ladies and Gentlemen:

At the request of Trane Technologies (the "Company"), the parent company of Trane US, Inc., we are forwarding a resume of our banking experience when dealing with the Company.

JPMorgan Chase Bank, N.A. and our related affiliates, have had a significant banking relationship with the Company dating back several decades. Currently we accommodate the Company with credit facilities which include a low 10 figure unsecured revolving credit facility. Trane US, Inc. has also maintained a U.S. $ checking account with the J.P. Morgan Chase Bank, N.A. in New York for over 10 years. Our dealings over the years with the Company have always been handled in a very satisfactory manner.

JPMorgan Chase Bank, N.A. considers the Company to be a valued client and the organization is highly regarded by us.

We are furnishing this letter and the information contained herein to you as an accommodation to the Company and on the condition that this letter and the information contained herein is treated as confidential, that it is not intended to be, and does not constitute, representations regarding the general condition of the Company, its management or its future ability to meet its obligations, that neither we nor any of our officers, employees and agents shall have any liability or responsibility in connection herewith.

Best regards,

Executive Director

THE INFORMATION IN THIS LETTER IS PROVIDED AT THE REQUEST OF TRANE TECHNOLOGIES. THIS LETTER AND ANY INFORMATION PROVIDED IN CONNECTION THEREWITH ARE FURNISHED ON THE CONDITION THAT THEY ARE STRICTLY CONFIDENTIAL, THAT NO LIABILITY OR RESPONSIBILITY WHATSOEVER IN CONNECTION HEREWITH SHALL ATTACH TO JPMORGAN CHASE BANK, N.A., ANY OF ITS SUBSIDIARIES AND/OR AFFILIATES, OR ANY OF THEIR OFFICERS, EMPLOYEES OR AGENTS, THAT THIS LETTER MAKES NO REPRESENTATIONS REGARDING THE GENERAL CONDITION OF THE SUBJECT, ITS MANAGEMENT, OR ITS FUTURE ABILITY TO MEET ITS OBLIGATIONS, AND THAT ANY INFORMATION PROVIDED IS SUBJECT TO CHANGE WITHOUT NOTICE. ALL PERSONS ARE INFORMED THAT THIS RESPONSE IS A STRICTLY CONFIDENTIAL RESPONSE TO A REQUEST AND MAY BE INCOMPLETE. ANY STATEMENT ON THE PART OF JPMORGAN CHASE BANK, N.A., OR ANY OF ITS OFFICERS, AS TO THE RESPONSIBILITY OR STANDING OF ANY PERSON, FIRM OR CORPORATION, OR AS THE VALUE OF ANY SECURITIES, IS GIVEN AS A MERE MATTER OF OPINION FOR WHICH NO RESPONSIBILITY, IN ANY WAY, IS TO ATTACH JPMORGAN CHASE BANK, N.A. OR ANY OF ITS OFFICERS. FURTHERMOEW, NO OFFER OR SOLICITATION ON OUR PART WITH RESPECT TO THE SALE OF PURCHASE OF SECURITIES IS INTENDED OR TO BE IMPLIED.

Years in Business

Trane has been manufacturing world-class HVAC equipment for over 100 years.

Unique Approaches or Techniques Developed and Used by Firm

Trane began in 1885 as a family plumbing business in La Crosse, Wisconsin. Joined by his son Reuben, a mechanical engineer, James Trane developed an innovative low-pressure steam heating system. By 1913, the family had incorporated as The Trane Company. Over the next hundred years, Trane established its position as a pioneer in climate control by patenting its first air conditioner in 1931 then launching the Turbovac, a new type of water chiller that fundamentally altered the industry's approach to large-building air conditioning systems. These early innovations paved the way for Trane's industry-leading commercial air conditioner, CenTraVac™— the highest efficiency, lowest emissions, most reliable chiller on the market. Today Trane is an HVAC OEM operating worldwide, providing products and services unmatched in the industry. Just a few of Trane's unique approaches include:

- Building automation systems providing continuous commissioning
- Design, and energy simulation software used by many of the world's top design firms
- Intelligent systems that can help provide predictive failure analysis
- P3 partnerships providing educational opportunities,
- Thermal storage systems allowing load shedding and off-peak utility optimization
- Innovative partnerships with VRF technology

Lines of Business: Trane Services

Trane Services help optimize building performance by connecting building and machine data to deliver the knowledge and power needed to manage buildings. Our offerings include:

ENERGY & SUSTAINABILITY

- **Energy Conservation Measures** Trane has been an accredited Energy Services Company (ESCO) since 1999 and has **executed almost $3.5 billion in guaranteed Energy Savings Performance Contracting (ESPC) work**. We solve energy problems holistically with top digital and analytical tools, engineering expertise, and a full portfolio of products and services. ESPC projects allow building owners to pay for significant building upgrades that improve energy efficiency via future energy savings that are guaranteed by Trane, eliminating the need for a significant capital expense. In addition to our work in the Commercial/State & Local/K-12/Higher Education vertical markets, Trane has been a Trane® has been a qualified DOE ESCO since 1999 and has implemented Federal ESPCs for the Defense Logistics Agency, Department of State, Navy, Army, Air Force, US Forest Service, US Geological Survey, and the General Services Administration.
- **Energy Monitoring & Analysis** Trane uses intelligent tools to monitor, track, predict, and optimize building operations. We offer a complete energy management solution that delivers improved building performance and reduced operating costs. Trane's software-driven energy

© 2022 Trane. All rights reserved.

load management and predictive analytics tools forecast, plan, and manage energy consumption to avoid higher electricity prices. Trane Intelligent Services has four major components:

Building Performance

Trane building professionals analyze data and equipment behavior in the context of the overall system, discovering hidden information and opportunities for improvement.

Energy Performance

Trane professionals maintain 24/7 watch over your critical building systems, proactively detecting issues and analyzing alarms, and initiating responses according to your specific rules of engagement.

Active Monitoring

Trane Energy Optics® and Trane Energy Analyzer—illustrate your building's energy use. Because if we can see a problem, we can change it.

Energy Assessment

Trane's cloud-based building energy management system (BEMS) service uncovers energy waste in every corner of your building.

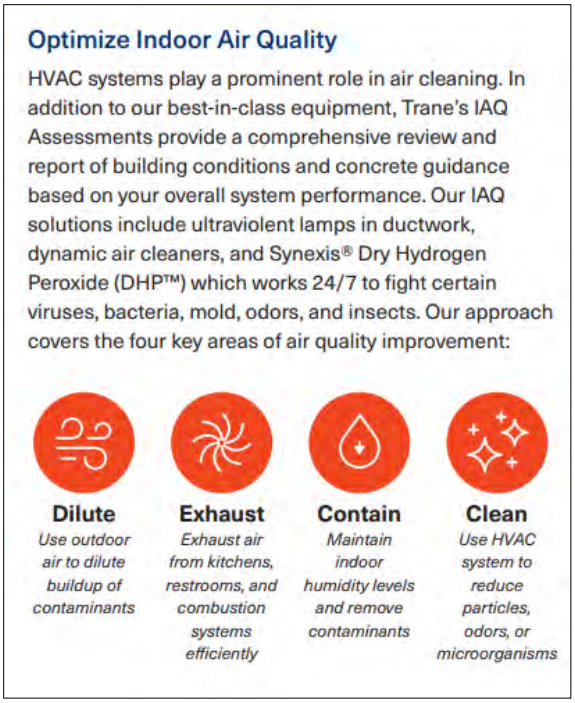
- **Active Energy Management** Trane develops and implements integrated Active Energy Management programs that can lower energy costs, build sustainability, and reduce dependence on the electrical grid.
    - Renewable Energy & Distributed Energy Resources Trane can develop distributed energy resources (DER) to improve sustainability and resilience. Our services include onsite installations and renewable energy purchasing strategies, including virtual power purchasing agreements (VPPA). Trane's dedicated Renewable and Resilient Energy and Power Systems Team can implement solar PV, solar hot water heating, rainwater harvesting, biomass heating plants, geothermal heat pumps, cogeneration biogas, water/wastewater, and smart grid technology.
- **Financing & Energy Services Contracting** Trane's Financing Group provides expertise in grants, utility rebates, performance contracts, energy services agreements, and public-private partnerships that fund sustainability programs. Trane experts help customers select the best tool for their goals. Trane experts also help customers increase their buying power as part of a purchasing cooperative or group. Trane is a member of the nation's leading cooperative and group purchasing organizations supporting public, non-profit, and health care organizations.

© 2022 Trane. All rights reserved.

OPERATE, MAINTAIN & REPAIR

- **Connectivity and Cloud Services** Trane provides secure and scalable solutions via Trane's building optimization tools that reduce operating costs and improve comfort and efficiency. Trane Connect is a cloud-based customer portal that offers secure, firewall-protected access to building systems for remote monitoring and routine maintenance. Trane's Tracer Ensemble Building Management System is a premier web-based building management system that eliminates the complexity of managing multiple building systems across multiple sites. Tracer manages sites from a PC, tablet, or smart phone. Trane works closely with IT teams to help ensure our connected building management systems provide secure access for authorized users, and only authorized users. Trane provides seamless integration of any open standard protocol building system so that sub-systems work together and share vital information.
- **HVAC System Management** Trane develops warranty and maintenance programs that improve budget planning, save energy, and minimize downtime. Offerings include start-up services to ensure a new system is performing to spec., service agreements to extend system life, extended warranties that provide longer duration/comprehensive coverage, and predictive services to detect issues early.
- **HVAC System Repair** Trane provides locally based, factory-trained technicians to service Trane systems as well as any other brand of HVAC equipment.
- **Rental Solutions** Trane Rental Services provides 24/7/365 local service, engineering expertise and an expansive fleet of rental chillers, air conditioners, cooling towers, air handlers, portable heaters, power generators, and ancillary products for planned or unplanned, simple, or complex, and short- or long-term needs.
- **Parts and Supplies** Trane Supply provides HVAC service professionals with parts, supplies, and replacement equipment to help them serve their customers via a network of more than 360 locations throughout the United States and Canada.

DESIGN, UPGRADE & MODERNIZE



- **Upgrading Existing Equipment** Trane upgrades help HVAC systems operate more efficiently and environmentally friendly. Typical upgrades include controls, variable frequency drives, and refrigerant conversions.
- **Building Systems Design and Upgrades** Trane maintains high performing buildings by keeping building automation, HVAC, lighting, and central plants up to date with the latest BAS innovations.
- Trane has expertise in Central Plant Design. Examples include:
    - Clemson University Central Energy Plant, Clemson, SC – Feasibility Study, Design, Construction

© 2022 Trane. All rights reserved.

- Georgia World Congress Center, Atlanta, GA – 30 MBTU of new condensing boilers and a new Central Energy Plant that includes new energy efficient chillers, boilers, and pumping systems.
- Hillsborough County Central Energy Plant, Tampa, FL – Design, Construction, Operation and Maintenance of a 3,900-ton central energy plant with 84 thermal ice storage tanks and extensive underground piping system connecting seven county buildings.
- Pinellas County Central Energy Plant, Clearwater, FL – Feasibility Study, Design, Construction, and Operations and Maintenance
- Pueblo County Courthouse, Pueblo, CO – EarthWise® Ice-Enhanced, Air-Cooled Chiller Plant
- Tampa Housing Authority and Bank of America Development, Tampa, FL – Encore Central Energy Plant

- Trane has experience working with municipal owners and their design consultants on Wastewater Treatment Plant Equipment and Maintenance projects. Examples include:
  - City of Bremerton, WA, Wastewater Treatment Plant
  - City of Lakota, WA, Wastewater Treatment Plant
  - City of Lynwood, WA, Wastewater Treatment Plant
  - City of Monroe, WA, Wastewater Treatment Plant
  - City of Santa Rosa, CA, Wastewater Treatment Plant
  - LOTT Cleanwater Alliance, Budd Inlet, Tacoma, WA, 335kW digester methane gas driven cogeneration systems and Treatment Plant

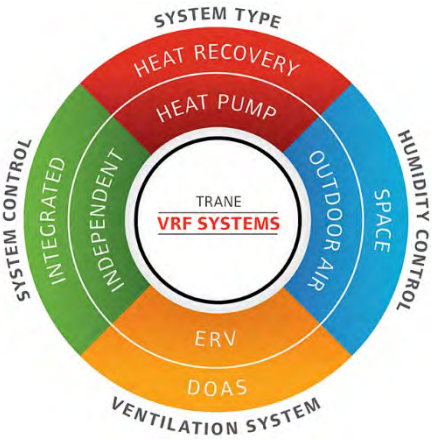
- **HVAC System Retrofits** Trane evaluates whether a retrofit or replacement will provide the better return on investment. Trane provides the service and support from conception to completion to select the ideal equipment and controls for buildings and can implement the installation as mechanical contractor.
- **Indoor Air Quality (IAQ)** Trane's IAQ Assessments include a fact-based, comprehensive review of building results and a straightforward report of condition. We can make recommendations on how to improve building air quality to meet the latest industry guidelines and implement the changes. Trane also provides ongoing IAQ monitoring. Trane's system improvements meet industry guidelines and reduce energy costs. Our solutions include:
  - Ultraviolent Lamps in Ductwork to prevent microbial buildup on air filters, cooling coils, drain pans, and duct surfaces.

© 2022 Trane. All rights reserved.

- Dynamic Air Cleaners to ensure that your HVAC system not only heats and cools—but cleans the air.
- Synexis® Dry Hydrogen Peroxide (DHP™) to fight viruses, bacteria, mold, odors, and insects.

Trane's recent K-12 IAQ experience includes:

- City of Des Peres, MO
- San Felipe Del Rio Consolidated Independent School District, TX
- Mason Public Schools, MI



The following K-12 IAQ initiatives were completed under Trane's OMNIA agreement:

- Normandy School District, MO
- Muhlenberg County Schools, KY
- Danville Independent Schools, KY
- Webster County Schools, KY

Lines of Business: Trane Building Systems and Technologies

VARIABLE REFRIGERANT FLOW (VRF) AND DUCTLESS SYSTEMS

Variable Refrigerant Flow (VRF) technology is taking the HVAC industry by storm. VRF technology is a popular choice for a variety of building sizes and uses by offering higher energy efficiency, smaller footprints, and greater flexibility. Additionally, VRF heat pumps and heat-recovery systems are popular strategic electrification solutions as part of the greater drive towards the decarbonization of HVAC systems.

Trane has paired applications knowledge and expertise with its extensive equipment and controls offerings to provide variable refrigerant flow (VRF) systems solutions. This fully integrated, high-performing HVAC system solution is designed to deliver customized comfort throughout any commercial space. Regardless of the capacity, energy efficiency, functionality, or performance-monitoring requirements, our VRF Systems Solutions, featuring Trane® / Mitsubishi Electric VRF Technology, are designed to exceed the comfort and sustainability goals established for commercial building projects.

- **N-Generation CITY MULTI® VRF** Trane® / Mitsubishi Electric VRF products include a variety of outdoor units, indoor units, ventilation solutions, controls, and more to design a complete VRF system for any building.
- **Trane®/ Mitsubishi Electric P Series** Ductless, boundless, and full of Potential, the P Series systems are highly efficient and the right solution for your light commercial applications. Outdoor cooling units. Indoor units. Ductless controls.

© 2022 Trane. All rights reserved.

- **Nv Series Zoned Cooling and Heating Solutions** Ductless with a difference, the Nv series affords user-friendly, zoned cooling and heating solutions for single- or multi-room applications.
- **Nv Series Zoned Cooling and Heating Solutions** Ductless with a difference, the Nv series affords user-friendly, zoned cooling and heating solutions for single- or multi-room applications.

CHILLERS — LEGENDARY RELIABILITY, QUIET SOUND, AMAZING ENERGY EFFICIENCY.

- **Comprehensive Chilled Water Systems** Trane's comprehensive chilled-water systems employ best practices in chiller plant design that align with current industry guidance for achieving high performance cooling, heating, and ventilation, all while reducing first cost.
- **Comprehensive Chiller-Heater Systems** Trane Comprehensive Chiller-Heater systems — featuring electric heat pumps — provide cost-effective, energy-efficient, reliable cooling and heating, while reducing carbon emissions. Ideal for larger buildings, especially those with a central plant, these pre-engineered system solutions make electrified HVAC systems easier to specify and implement.
- **Intelligent Variable Air Systems** Our Intelligent Variable Air systems simplify the design and implementation of systems that HVAC designers typically consider complicated and time-consuming. With new technologies and optimized controls, these systems are 20% to 30% more efficient than traditional multiple-zone VAV systems.
- **Water-Cooled Chillers** We have optimized our fleet of water-cooled chillers to help customers maximize efficiency, benefit the environment, and reduce operating expenses. With HVAC costs making up 40% of commercial building energy consumption, the right chiller represents an incredible opportunity to reduce the energy intensity.
- **Air Cooled Chillers** High efficiency and low noise are the hallmarks of all Trane's air-cooled chillers. Our robust portfolio features a wide operating map, so you can find the just-right solution for your building. We offer an array of tonnage sizes, efficiencies, and performance features to meet your requirements. Whether you need a classic chiller with dependable performance or an environmentally conscious chiller with next generation refrigerant, there's a Trane model for every customer.
- **Modular Chillers** MiniMod™, SuperMod™, PolyTherm™ and Manhattan™ Gen II chillers represent the line-up of Trane's modular chillers. Trane is committed to manufacturing products that are highly efficient, reliable, serviceable and cost effective. Our proven performance is backed by careful engineering.
- **Cold Generator Scroll Chillers** The Cold Generator Scroll Chillers are a family of traditional capacity and compact expandable capacity Scroll chillers suitable for a range of comfort and process cooling applications. Concise footprints and doorway friendly design make them an ideal solution for new construction, retrofit and replacement applications

TRANE® PACKAGED UNITS AND SPLIT SYSTEMS

Whether for a large data center, a complex commercial concern or a small business, Trane offers sustainable options to deliver customized comfort and efficiency.

- **CoolSense® Integrated Outdoor Air Systems** The CoolSense® pre-packaged HVAC design system combines a dedicated outdoor-air system (DOAS) with chilled-water sensible-cooling terminal units to deliver a flexible, energy-efficient solution that enhances comfortable spaces and simplifies maintenance.
- **Intelligent Variable Air Systems** Trane Intelligent Variable Air systems simplify the design and implementation of systems that HVAC designers typically consider complicated and time-consuming. With new technologies and optimized controls, these systems are 20% to 30% more efficient than traditional multiple-zone VAV systems.
- **Zoned Rooftop Systems** Ideal for small buildings, Trane® Zoned Rooftop Systems provide cost-effective options to increase comfort and energy efficiency, while simplifying operation and maintenance. These packaged systems make advanced functionality affordable and easy for non-technical users to operate.
- **Rooftop Units** Small to Large Commercial Rooftop Units: 2 - 162 Tons. Our broad portfolio of solutions can meet any building's footprint requirements and are easy to install and maintain.
- **Split Systems** Trane offers the broadest selection of split system components. Design the system you need for a corner retail shop, light commercial application, office building, hotel, school and more. Choose from gas furnace and indoor coil options for smaller buildings to a full line of air handler units and compressors with capacities from 6 - 120 tons.
- **Self-Contained Systems** For new construction or retrofit, Trane self-contained HVAC systems are a great fit. Some projects can make installation of HVAC systems tricky. With a complete line of self-contained HVAC systems from 20 - 110 tons of capacity, Trane can satisfy any new construction or retrofit application with reliable, energy efficiency comfort.
- **Water Source Heat Pumps** Fully compatible with geothermal technology, Axiom™ water source heat pumps from Trane offer higher efficiencies — up to 40 EER on select configurations — than other conventional heat-pump technologies, along with precise space heating and cooling capabilities for superior comfort. Available eFlex variable-speed control minimizes on/off system cycling, temperature swings, noise, and energy use. Axiom™ durability, performance and efficiency means exceptionally low life-cycle costs to boot. Building owners can also take advantage of a 10% federal tax credit on qualifying installation costs if geothermal system placed in service before Jan. 1, 2022.
- **Dedicated Outdoor Air Solutions** Trane® dedicated outdoor air systems condition 100 percent outdoor air — improving indoor air quality, controlling relative humidity, and reducing the load on other HVAC equipment in a building.

© 2022 Trane. All rights reserved.

AIR HANDLERS, TERMINAL DEVICES, VAV AND FAN COILS

- **CoolSense® Integrated Outdoor Air Systems** The CoolSense® pre-packaged HVAC design system combines a dedicated outdoor-air system (DOAS) with chilled-water sensible-cooling terminal units to deliver a flexible, energy-efficient solution that enhances comfortable spaces and simplifies maintenance.
- **Terminal Devices** The Trane® portfolio of fan coil, unit ventilator and blower coil solutions are designed to make installations faster and easier, and to maximize HVAC system performance. Using advanced technology, these systems reliably and efficiently deliver the comfort your building occupants need. We are the only manufacturer that offers factory-commissioned, single-zone VAV systems integrated with Tracer® UC400 controllers, delivering up to 66 percent higher efficiency, temperature stability, quiet operation, and dehumidification advantages for varying-occupancy spaces. Trane fan coil, unit ventilator and blower coil solutions deliver efficiency and comfort to a wide variety of buildings, applications, and people — quietly and dependably — day after day, year after year.
- **Sensible-Cooling (DOAS) Terminal Units** These terminal units reduce energy use and operating costs with Electronically Commutated Motor (ECM) and modulating airflow control algorithms. Trane sensible-cooling terminal units are constructed with a 10.5 inches casing height and are an excellent choice when plenum spaces are tight.
- **Variable-Air-Volume Units** VariTrane™ variable-air-volume units (VAV) are among the industry leaders in quality and reliability and are designed to meet the specific needs of today's applications. This generation of VariTrane units builds upon Trane's history of quality and reliability and expands the products into one of the most complete variable-air-volume units offering in the industry. Our units feature rugged variable-air-volume units construction, are available in several different profiles to suit the space available, and all utilize digital controls for energy-efficiency and to facilitate interface with building management systems.
- **Performance Climate Changer® Air Handlers** Trane® Performance Climate Changer® air handlers can help HVAC systems achieve higher energy efficiency and indoor air quality while reducing maintenance requirements – adding life to buildings and improving the lives of people within them. From the most straightforward needs to wide-ranging demands for air cleaning, dehumidification and energy savings, there's a Trane Performance Climate Changer® air handling unit to deliver everything your project requires.
- **Air Handler Technologies** Trane continually invests in air handler research and development of new products to adapt the changing needs of today's HVAC market. Our focus on whole systems has led to the design of many custom options that can be incorporated into standard cataloged air handler, providing a more cost-effective solution than a completely custom-built unit. These custom-engineered air handler solutions are offered as offered as factory-packaged specials that deliver Trane quality, enable simplified on-site installation, and provide proven, tested performance. The air handler solutions address such issues as humidity control, energy recovery, special acoustical needs, air filtration and the use of optional fuel sources.

© 2022 Trane. All rights reserved.

- **Unit Heaters** The Trane electric architectural forced-air wall unit heaters combine quiet, reliable heating with an attractive cabinet design. Their ease of installation, rugged construction and architectural styling particularly suits them for space heating applications in commercial, industrial, and institutional applications. These unit heaters range from smaller room-sized electric heaters to large indoor and outdoor duct furnaces.

VARIABLE FREQUENCY DRIVES (VFD)

Trane TR200 Series drives play an important role in a system to reduce energy usage, extend motor life, optimize AC motor speed control, maximize occupant comfort, and reduce costs.

- **TR200 Series Variable Frequency Drives** Trane TR200 Series drives' support of open standard protocols make them compatible with virtually all HVAC equipment and building automation systems. They can also be ordered specifically for a project and easily installed on-site for new and retrofit applications. With a complete range available from 1½ to 1350 HP, the features and flexibility of TR200 Series drives make them ideal for stand-alone control of cooling towers, exhaust fans, pumps, and a variety of air handlers.

ENERGY STORAGE

- **Thermal Battery Systems** Trane Thermal Battery™ systems are premier HVAC plants that provide a distributed resource for our changing grid. Their ability to store thermal energy enables your building to reliably modify HVAC operations to optimize for carbon reduction or energy cost savings.
- **Thermal Energy Storage Solutions** Leveraging Trane energy storage technologies can help improve how power supply is managed, creating a more resilient energy system by increasing your building's energy agility for greater sustainability and profitability, while reducing grid dependency. Trane offers a number of energy storage solutions to help our customers meet their objectives. Solutions include thermal energy storage (ice or chilled water storage), batteries, and industrial process and flow management solutions.

PRECISION COOLING

Precision cooling is essential for mission critical applications such as data centers and indoor agriculture. With industry-leading expertise and a wide array of solutions and services, Trane — a holistic provider — can help customers ensure mission critical facilities are highly reliable, efficient, and sustainable. Trane's application engineering expertise and systems approach allows for efficient, flexible, and scalable integrated designs, meeting specific customer needs that ensure uptime and performance.

- **Precision Temperature and Humidity Control** Trane delivers a broad range of cooling capacities for mission critical applications, from a small technology room to the largest data centers –all supported by the local services organization with global footprint wherever and whenever you need it.

Trane Building Management and Automation

At the base of every system, we provide an integrated and secure solution that meets the needs of your project or building, with the ability to optimize your HVAC equipment, lighting and more. Take back control of your building and achieve the operational excellence you and your customers are seeking.

- **Solutions for Large Buildings and Campuses** Design and manage smarter buildings. Our Tracer® Ensemble® technology provides the ultimate user experience by combining custom reporting and dashboards to view and optimize assets. Easily access alarms, setpoints, and schedules from virtually anywhere through a secure remote access. Additionally, with Ensemble you have access to Tenant Services™ and Work Order Management to maximize your occupants' comfort while minimizing stressful procedures. Tracer® SC+ with its easy-to-use Synchrony® Interface is a powerful building automation system for your facility that will integrate systems to simplify command and give you better control over comfort and energy efficiency. Lighting Solutions: control over half of your building's energy use by integrating your lighting system with one simple-to-use interface. With Air-Fi® Wireless, you can create the reliable, flexible system you want without the wires. It also allows for easy Building Automation System infrastructure updates by allowing a phased approach based on your timeline.
- **Small Building Solutions** Our Pivot® Smart Thermostat System allows you to maintain an ideal environment that works for you with an easy-to-use interface. Smart thermostat features enable you to easily manage comfort as a natural part of your day. Does your business have multiple buildings or locations? Pivot provides the ability to control multiple buildings, so your occupants can thrive in every location. Pivot® Smart Thermostat system now integrates with Tracer® Ensemble® Cloud! This new integration brings the capabilities of an enterprise management system to include buildings that are only thermostat-controlled equipment.
- **Air-Fi® Wireless Communications** A communicating and sensing technology that allows the different parts of a building system, from your HVAC and building controllers, to communicate wirelessly. Cut the wires — and get comfortable with Trane® Air-Fi® wireless.
- **Lighting Solutions** Trane has a dedicated lighting group that provides a holistic approach to procure, design, and implement lighting solutions that maximize energy conservation and save money. HVAC and lighting are two of the biggest energy users in commercial and industrial buildings. Together they consume approximately 52% of a typical building's energy use. HVAC and lighting also have many similarities in their relationship to building occupancy and use, so it makes sense to manage them holistically to maximize energy conservation. Trane's team has overseen the installation of more than $150 million annually in lighting solutions for a wide range of clients. This massive volume of lighting projects affords Trane the ability to purchase Tier 1 lighting products cost

Trane uses strictly **Tier 1** quality lighting products. Only seven of the hundreds of thousands of lighting manufacturers in the world are considered **Tier 1.**

Most of these products are made in the US, Canada, and Mexico.

© 2022 Trane. All rights reserved.

effectively. We can integrate lighting to HVAC systems via your Building Automation System (BAS).

- **Controls Solutions for Light Commercial Contractors** Bringing innovative technology and solutions to your customers is more important than ever. Achieve new levels of productivity, energy efficiency, reliability, and preparedness by partnering with Trane.

Trane Design and Analysis Software Tools

- **Design Tools** TRACE® 3D Plus Load Design, Trane® Design Assist™, VariTrane Duct Designer, Pipe Designer are among some of the applications in this portfolio.
- **Analysis Tools** Among 3 applications in this category, TRACE® 3D Plus is our next generation building design and analysis software program that delivers faster, more accurate results through a seamless workflow that closely aligns with today's building process. The latest HVAC systems and controls can be modeled quickly, precisely and with the intricacies of today's many building applications. TRACE 3D Plus is built on the U.S. Department of Energy's EnergyPlus engine and enhanced with Trane's industry leading expertise to help designers validate and interpret projects with confidence and clarity. All of these new features plus a more robust support experience to get you up and running quickly.
- **Selection Tools** Trane's product selection program formerly known as TOPSS™, is now Trane® Select Assist™. Users can now access this flexible and powerful tool on their PC, tablet, or smartphone. Our selection program guides users through the process of configuring Trane equipment to meet or exceed the project specifications.
- **Complimentary Calculators and Charts** Trane software range features a variety of free tools that make your design and analysis tasks easier. These calculators include software to calculate your potential LEED compliance.

Additional Information Advantageous to Racine County

CREATIVE FUNDING

Power Purchasing Agreements

A Power Purchasing Agreement (PPA) is typically used for renewable technologies or energy-generating infrastructure. This structure is generally considered off-balance sheet and is not debt for the end user. In this structure, Trane would install the renewable, micro-grid, or energy-generating assets and create a long-term contract with the public agency to purchase the power generated by the infrastructure installed. The capital to fund this project is provided by Trane directly or through a third-party financier or owner. The asset would then be offered to the public agency at the end of the contract term in form of a purchase option (fair market value).

This structure is advantageous because it allows the third-party owner of the asset to take advantage of depreciation and tax credits (in the case of renewables). This can significantly lower the total operating cost of the infrastructure, which makes your operating contract less costly. This financing structure is beneficial for public agencies looking to lock in a low and consistent utility rate in exchange for hosting

© 2022 Trane. All rights reserved.

energy generating assets, supports the public agencies sustainability initiatives, and is owned by a third party.

Energy Services Agreement

An energy services agreement (ESA) is an alternative that has the opportunity to be considered as credit-neutral structure from an accounting point of view. Under an ESA, a customer agrees to make contingent payments based on the energy savings or other contractual allowances realized, rather than a fixed debt-service payment. In this way, the customer is assured that the payment it makes is always less than or equal to the corresponding reduction in operating cost. As a result, there is a neutral or positive impact on your cash flow. Using an ESA assures that there is a direct relationship between the payment and the verified energy savings realized:

- This model leverages third-party ownership of an asset to be eligible for federal and state tax benefits that would not be traditionally available to the public sector
- Structured as a service contract to relieve capital budget burden
- Zero capital outlay
- Zero balance sheet impact
- Payable from operating funds
- Preserves capital and borrowing

Energy-as-a-Service (EaaS)

Similar to an ESA structure, under Energy as a Service (EaaS) model, the project assets are owned by a third party. Trane takes on the performance risk, and the customer pays for the services provided by the project. EaaS is a fee for service model designed for customers to pay per unit of energy they consume subject to the availability of the installed equipment. Much like electricity generated from a solar PPA, efficiency savings from installed equipment such as chillers, boilers, lighting, etc. can be structured much like a Power Purchase Agreement ("PPA").

The structure is outcome based with the customer receiving agreed upon key performance indicators (KPIs) and savings as applicable, and/or any combination thereof. The customer payments will be reflective of the project performance. Working with the Trane, the SPE sets a certain level of performance. If the performance isn't realized, the Trane will make up any shortfall. At the expiration of the contract, the customer will have the option of extending the contract term, paying the fair market value for the project assets, or returning the project assets to the SPE owner. The abandon in place option is at the discretion of the SPE owner. All these options will be negotiated between the parties.

Public-Private Partnerships (P3)

Under a public-private partnership (P3) model, the customer can assign to Trane or a third-party certain risks that are normally borne by the public owner under a traditional arrangement like a design-build contract. These risks include the design, construction, and maintenance of the project.

© 2022 Trane. All rights reserved.

This financing arrangement allows the customer to assign construction, performance, and maintenance risks components to a third party, while minimizing financial impacts. This can provide you with an expected and secured annual operating cost over the term of the contract. It will also spell out the end-of-term customer options.

In this public-private partnership, the delivery model requires an agreement between a public owner and a private sector partner for the design, construction, funding, and operations and maintenance of the assets by the private sector partner over an agreed upon amount of time. A P3 normally uses a performance-based methodology for the technical requirements and specifications. This allows the customer an opportunity to leverage Trane's experience and expertise to guarantee a defined level of performance of an asset throughout the life of the agreement. Financing can be a combination of equity and debt.

Under this P3 arrangement, the operations, maintenance, removal, and performance risks are wholly shifted to Trane in order to supply the credit support required by private sector equity providers. Trane can assume complete O&M responsibility with a corresponding assignment of risk, or we can offer operations management supervision –with O&M provided by your workforce with less risk transfer.

ANTICIPATION DISCOUNT PROGRAM

The Trane Anticipation Discount Program can give you the opportunity to add value to your HVAC Supplies by reducing the cost of purchase by making payment prior to shipment. With this program you can reduce your costs while financing the project at an attractive rate, gain immediate order approval and enhance your credit standing.

The Trane Anticipation Discount Program can be customized for each project you are planning, using any Trane HVAC supplies, allowing for variable payment amounts in addition to variable payment dates.

The amount of your final discount is based on a formula that incorporates several factors including payment amount, time of payment, current discount rate and sipping dates.

OPPORTUNITIES FOR K-12 ENERGY EDUCATION

As a leading global provider of indoor comfort systems and services, Trane feels a responsibility to educate students on the importance and benefits of energy efficiency. Trane has several educational opportunities for school administrators:

The BTU Crew™

Trane's **BTU Crew** is an educational program that teaches kids easy ways to save energy. The program promotes STEM careers by showing students how much fun science and energy can be. When you invest in your school's infrastructure, you invest in your students' futures as well. We can help you create a better learning environment where the school becomes a living, hands-on learning lab and provides relevant program curriculum to round out your student education with practical skills for when they graduate.

© 2022 Trane. All rights reserved.

Trane provides this feature for one building at no cost. Trane's educational emphasis:

- Teaches students of all levels the basics of energy
- Creates passion for a future career in science, technology, engineering, and math (STEM)
- Engages students in decisions impacting their school's energy use
- Builds real-life skills in technical education with industry-recognized certifications

Promotes an Early Interest in Energy and STEM

Studies show that kids can develop life-long preferences at an early age. By the fourth grade, one-third of boys and girls have lost an interest in science. By eighth grade, almost half have lost interest or deemed it irrelevant to their education or future plans.

That's why Trane's educational offerings begin early in a student's life. The BTU Crew™ encourages interest in STEM, and helps students learn how to increase energy efficiency. The BTU Crew™ is:

- Interactive and engaging
- Customizable and adaptable
- Available in Grade 4+ and Grade 8+ versions

Provides Hands-On Learning Through Digital Solutions

Easy-to-use interactive digital tools give students an engaging, visual way to learn the concepts of energy efficiency and sustainability by understanding the energy use in their own school. Students can design the dashboard metrics and track results toward energy and carbon footprint goals, giving them a deep understanding of the dynamics of energy – while advancing their analytical and problem-solving skills.

Students Gain Knowledge on Energy and Learn How to Make a Difference

Over the course of six lessons, your students will learn about energy, energy efficiency, careers, and ways to act.

- **Energy 101:** Students learn about energy, energy transformations and energy usage.
- **I Spy…Energy Efficiency:** Students learn what energy efficiency means and how to be energy-efficient through hands-on experiments.
- **Careers:** Students learn what different types of engineers do, specifically concerning energy usage.
- **Energy Audit:** Students conduct a preliminary energy audit of their school using Trane's web-based tool to view real results.
- **What's Our Energy Score:** Students analyze the results of the energy audit.
- **Expand the BTU Crew™:** Students act by presenting findings or writing a letter to a local legislator.

NC3 – The National Coalition of Certification Centers

Trane is a proud sponsor of **NC3**, a national network of educational institutions working with industry, trade, and professional organizations to develop and implement industry driven, portable certifications. Trane's NC3 initiatives focus on technical education and workforce development in the HVAC and energy efficiency sectors. NC3 provides curriculum and associated certifications that high school students can earn. These certifications are designed for integration into an existing technical program to enhance what is already being taught. NC3 certifications can be applied across several different industries, therefore creating flexible, stackable, and relevant credentials to students and a wide variety of employers.

Integrating industry certifications into an academic course combines the best of both worlds by enhancing teacher skills, delivering the professional development that technical educators look for, and providing students with more opportunities and relevant job-ready skills.

NC3 National Signing Day

NC3, working with companies like Trane, also delivers innovation – an example being NC3 National Signing Day. This is where students, many of whom are in their last year of high school, are recognized at their chosen Technical College like how athletes sign letters of intent for Division I colleges. In this case, students are recognized for choosing to pursue a technical education.

Trane has many capabilities that make us different than our competition. We work with our education partners to strategically use everything that Trane has in our portfolio of services. Detailed on the following pages are just a few of the offerings that Trane feels would interest to school districts.

We Will Help You Spread the Good News

Trane regularly collaborates with our customers to promote projects, milestones, and results – with customer consent, collaboration, and approval every step of the way. We work with our customers to determine what, when and how to promote milestones that mutually benefit both parties and showcase a shared commitment to innovation, energy efficiency and sustainability. Sample promotional opportunities include:

- Social media posts
- News releases on key project milestones
- Joint events and speaking engagements
- Written or video case studies
- Website or annual report feature
- Customer awards and recognition

We also regularly honor customers that demonstrate the highest levels of commitment to energy efficiency and sustainability through our customer awards program, which includes our Energy Efficiency Leader Award and Climate Stewardship Award. Promotional elements for recognition vary based on customer preferences, but often include some combination of an employee or public event / award presentation; written and video case studies; news release; building tour; media outreach; and social media posts and internal employee communications.

River Trails District 26 honored for sustainability efforts

Daily Herald report Updated 10/19/2021 10:15 AM

River Trails Elementary School District 26 in Mount Prospect recently received a Reducing the Energy Intensity of the World Award for its sustainability commitments, including a significant reduction in energy consumption at its facilities, officials announced this week.

The award from Trane Technologies coincided with the christening of the newly renovated Prairie Trails School, Mount Prospect's first net-zero energy consumption facility. Net-zero energy consumption buildings use a total amount of energy annually that is equal to or less than the amount of renewable energy created on-site.

Prairie Trails School is on track to save more than $32,000 a year in gas and electricity costs while offering optimized indoor air quality and reliable, energy efficient performance, officials say. Solar panels, combined with other energy saving design elements, are offsetting the building's annual electricity consumption.

"The renovation of Prairie Trails School was a significant project for our district," said Lyndl Schuster, assistant superintendent for business services. "Not only did we require an upgrade to our facilities in order to best serve our students, we also wanted to remain committed to a districtwide sustainability initiative."

Address: 1001 S. Main Street, Racine, WI 53403

Contact Person: John Thielen, Director of Capital Projects

Phone: 262-564-2597

Email address: thielenj@gtc.edu

Description of project:

HVAC Equipment and Products:

- Installed Synexis® in-room devices for Indoor Air Quality improvement

The leaders at Gateway Technical College in Southeastern Wisconsin needed to create the best possible learning environment to help their 20,000 students comfortably return to in-person learning for the fall 2021 semester. Administrators wanted to optimize indoor environmental quality (IEQ) at the college's 18 buildings spread across nine campuses. For more information click here.

9. Proof of Performance

a. Services Bidder Can Perform

9. To further demonstrate similar experience and provide proof of performance:
    a. Include a detailed description of the Services Bidder can perform, including training, start-up and commissioning services, installation, maintenance, turn-key services, project approach to Indoor Environmental Quality (IEQ), repair services, rentals, leases, equipment upgrades, and any other services provided by the Bidder.

Trane provided service information in the Lines of Business: Trane Services (pages 23-33). Additional information is provided on the following pages.

Below is a list of categories provided under this contract and, by no means, is restricted to just these items. Detailed descriptions of training, start-up and commissioning services, installation, maintenance, turn-key services, IEQ, repair services, rentals, leases, and equipment upgrades are provided on the following pages.

HVAC Equipment and Products:

- All Trane commercial equipment including all applied, unitary, terminal units and heating products procured domestically
- Cooling Towers
- Frequency Drives
- Ductless split systems & VRF products
- Pumps
- Boilers, hot water heaters and water specialties
- Modular chillers
- Dust collection systems & servicing
- TAS packaged central plants
- Evaporcool evaporative process cooling
- Dynamic air filtration
- Genesis conversion (photo catalytic oxidation) technology
- Heat recovery air handlers
- Unit ventilators
- Trane parts in conjunction with Trane contracted repair and retrofit of existing Trane equipment as well as over the counter purchases
- Outsourcing of chilled and hot water by providing plants owned by Trane and leased to the governmental entity
- Adsil coatings as required on all HVAC equipment
- Indoor Air Quality services such as appraisals, filtration analysis and remediation

Installation and Services

- Lighting and retrofits
- Equipment startups and warranty support

© 2022 Trane. All rights reserved.

- HVAC, refrigeration, and plumbing installation including complete turnkey replacements, new construction, renovation, and new construction projects
- Included are any ancillary labor tasks, related to HVAC, refrigeration, or plumbing installations.
- Predictive maintenance such as oil, refrigerant, and vibration analysis
- Many types of repair services with coverage (full, partial, and preventive) on existing Trane HVAC equipment types as well other OEM brand names and plumbing fixtures and systems
- Remanufacturing services **including Trane's exclusive R'Newal programs**
- All turnkey contracting including engineering, architectural and general contract work as it relates to the HVAC, refrigeration, plumbing requirements, and other mechanical systems
- Municipal services including wastewater treatment plant work, pump stations, and heat transfer systems

Related Products, Solutions, and Other Services:

- Trane building automation equipment to the extent that it is coupled with installation of both new and/or retrofit of BAS systems
- Training-both local and factory providing skill building, educational programs, and certifications
- System commissioning and reporting analytics
- Many types of monitoring such as man-in-attendance, BAS remote monitoring and Intelligent Services
- Maintenance services including full and preventive maintenance contracts including time & material contracts
- Equipment modifications as it relates to either a new construction or retrofit project including custom fabrication
- Filter change outs, contract maintenance and over the counter sales
- Warranty services and extended parts and labor warranties
- Air and water balancing
- Building Automation analytics and Energy Optics programs
- Financial services such as leasing (all types), prompt pay discounting, anticipation discounting, guaranteed savings programs and long-term financing solutions.
- Site surveys of existing facilities
- Rental HVAC equipment from Trane Rental Services
- System analysis of existing facilities including modeling and payback analysis
- Project management services such as contract managing and analysis of bids and budget prioritization
- Long range school planning and facility audits
- Data management services of existing facilities via ComfortSite
- Estimating resources for budgeting of projects
- Engineering and architectural services such as MEP, structural and civil
- Contracting for packaged enhanced solutions
- Facilities Management program
- Airport HVAC systems including localized jet-bridge air conditioners

© 2022 Trane. All rights reserved.

TRAINING

Trane offers a variety of training programs to choose from. These can be conducted at your location, at a nearby Trane office, at our national training centers, or through training manuals. We can include any combination of these resources, depending on your preference.

Our course instructors have strong controls and HVAC service backgrounds. They draw on the expertise of Trane applications engineers, product engineers, technical support engineers and product development teams to provide the best training possible.

On-Site/Virtual Training

This training is designed around applications specific to your facilities. Examples include:

- System training to understand chillers, dehumidification, and rooftop variable air volume units.
- Controls training to obtain the best performance from your building automation system.
- Boiler plant efficiency and maintenance, lighting, and water conservation measures.
- Shadowing Trane technicians while we provide contracted maintenance services.

Office Training

Trane can customize training for your employees at our offices. This includes the material covered in our Trane University courses listed below.

Trane University

Trane University offers Building Systems and Controls training in St. Paul, MN and Technical Service training in La Crosse, WI. These courses also can be conducted at Trane offices throughout North America. In either case, our instruction will further advance your staff's understanding of systems and the interaction between various components. Well-trained facility managers and technicians will minimize service costs by efficiently identifying and correcting problems.

- ***Building System and Controls training*** offers a comprehensive portfolio of technical courses to help you effectively monitor and coordinate your HVAC equipment and systems using your Trane building automation system. This will be provided by the Controls Vendor, CSO as referenced below.
- ***Technical Service training*** offers factory training for commercial systems service, maintenance, and operation. These courses are designed to increase technician competence and confidence when servicing HVAC and controls systems.

© 2022 Trane. All rights reserved.

Trane A/C Clinics

Trane has developed several training manuals to support our in-person training efforts, including an A/C Clinic. This comprehensive course covers the fundamentals of heating, ventilating, and air conditioning. Each clinic includes a student workbook, with corresponding quiz questions/problems.

START-UP AND COMMISSIONING SERVICES

Trane has a strong local presence, and we service what we install with our own service technicians. Trane follows a process called Contracting to Service Transition, where the local Trane technicians' part of the start-up and commissioning so that they are prepared to support the facility once implemented. Our strong local presence and this process using our own service technicians allows us to have the fastest possible response times when a need for service should arise. In addition to providing on-site service from our local team, Trane local remote monitoring capabilities and can leverage the data that we gather with the knowledge of the Trane technicians and account team that are responsible for your facility. This approach adds to Trane's ability to provide fast and proactive service, at times identifying and starting to resolve issues prior to the customer knowing about it. Trane's maintenance services include:

- **Elite Start Services** – Give your new system the assurance of optimal performance and a long-life cycle
- **Repair Services** – Trane technicians can service all brands and types of HVAC units
- **Scheduled Agreement** – Periodic maintenance of systems to ensure peak operating performance
- **Select Agreement** – Added protection against unexpected equipment failures
- **Remote Diagnostics** – Ability to monitor your critical building systems remotely and quickly troubleshoot as necessary

INSTALLATION

A qualified and dedicated Project Manager (PM) is assigned to manage the day-to-day installation and construction activities at the project site in accordance with the design, costs, schedule, safety protocols, and QC process. The PM leads and manages the installation team, including subcontractors, and is responsible for Project Schedule. Trane has a nationwide resource pool of 133 construction managers available to provide support to the assigned PM.

MAINTENANCE

To help optimize the performance of your building systems, our service technicians and other professionals will assist at whatever level you desire. Whether you're installing new equipment, maintaining an existing system, or completely upgrading your infrastructure, we can provide the expertise to match your specific needs.

Choose from among the following services

- **Scheduled Agreement** – Periodic maintenance of systems to ensure peak operating performance

© 2022 Trane. All rights reserved.

- **Select Agreement** – Added protection against unexpected equipment failures
- **Remote Diagnostics** – Ability to monitor your critical building systems remotely and quickly troubleshoot as necessary

Scheduled Agreement

Under our Scheduled Agreement offering, factory authorized service technicians perform the periodic maintenance required to keep your systems operating at their peak, so you no longer must plan, schedule, or manage routine maintenance. We are fully trained to perform maintenance on Trane HVAC equipment and other brands within your facilities.

Under a Scheduled Agreement, your building systems are maintained by our knowledgeable service technicians using Six Sigma maintenance procedures to deliver the highest level of quality. Clients often experience lower maintenance costs under a Scheduled Agreement because impending equipment failures can be identified and resolved before they become major problems.

Select Agreement

With a Select Agreement, you receive all the benefits of a Scheduled Agreement, plus parts and labor coverage for maintainable equipment selected by your team – and approved by Trane.

We will work with you to select the major components and systems in your facility that you want Trane to maintain. We cover the cost of repairing your systems or replacing the pre-selected components, should they fail. We will help you consider acceptable performance ranges, reliability, and risk tolerance to determine the level of coverage you require for your HVAC maintenance needs.

Remote Diagnostics

Quickly detect failures in your building with round-the-clock monitoring from the Trane Intelligent Services center, where our building professionals provide support 24 hours a day, 365 days a year. Beyond alarm detection, Trane building professionals with deep industry expertise analyze each incoming alarm and initiate action to resolve the issue, thereby maintaining efficiency and peak performance. The ability to address some problems remotely can reduce the need for service calls – and the amount of time your staff spends on facility-related problems.

TURNKEY SERVICES

Trane creates comprehensive solutions based on a thorough understanding of your business goals as well as your infrastructure needs. With our full knowledge of the interrelated workings of your building or buildings, we can recommend adjustments in equipment and services for maximum efficiency and cost-savings. We call this corner-to-corner approach Turnkey Contracting Services.

Even before you sign a contract, Trane ranks your building's performance to see how it compares to your competitions'. Because we are the largest OEM of HVAC equipment, we have a global database of information regarding thousands of installed systems— including buildings belonging to other organizations in your industry. We can measure how your building stacks up with a roughly apples-to-apples comparison.

© 2022 Trane. All rights reserved.

Once you've contracted for Trane Turnkey Services, we customize project solutions to fit your unique operational and performance needs. An environmentally sensitive industry such as biomedical engineering, for example, may demand carefully managed temperature, humidity, air particulates or air filtration. Our solutions may also include:

- Mechanical, electrical, lighting systems specifications, retrofit and optimization
- Building lifecycle planning
- Total cost of ownership reduction through energy-saving system specifications and operating cost optimization
- Addressing environmental and operating cost concerns through enterprise energy management systems including:
- On-site generation
- Water conservation
- Energy purchasing options
- Renewable technologies
- Code and regulations compliance
- Ongoing maintenance and repair

With Trane Turnkey Contracting Services, you reduce energy and operating costs while maintaining efficient operation.

PROJECT APPROACH TO INDOOR ENVIRONMENTAL QUALITY (IEQ)

Wellsphere™ from Trane is a holistic approach to building wellness. It addresses the four elements of indoor environmental quality (IEQ):

Air Quality

Improving indoor air quality (IAQ) is one of the most effective ways to address airborne health risks in your building. Indoor pollutants can be invisible to our senses, yet harmful to our health and productivity. Trane can perform an IAQ assessment of your facilities and fully vet the three solutions that Trane currently supports:

- Ultraviolet lamps in ductwork
- Synexis (dry hydrogen peroxide gas)
- Dynamic air cleaners.

Thermal Comfort

Create an indoor atmosphere that's comfortable and stimulating while balancing your energy efficiency and sustainability needs. When the right HVAC equipment and control strategies are in place, occupants can feel more comfortable and be more productive.

Lighting

The lighting design of indoor spaces can affect peoples' mood, productivity and even the rhythms of their bodies. Today's more intelligent lighting systems have significant potential to improve safety,

© 2022 Trane. All rights reserved.

comfort, and productivity. By integrating controls over lighting and HVAC, Trane can make it easier to manage more of what is happening inside your building—from one easy-to-use user interface.

Acoustics

Good acoustic design can enhance concentration and focus by eliminating noise, improving sound privacy and much more. Trane is an industry leader in providing accurate, comprehensive acoustical data for our products and system designs within the building context. Quiet products are only the beginning of Trane's scientific approach to building acoustics.

REPAIR SERVICES

Chances are your facilities have HVAC and controls systems from several different manufacturers. Trane technicians are proficient in servicing all brands and types of HVAC and controls systems. These are among the comfort systems that our local technicians maintain, repair, or replace:

- Air filtration and air handlers
- Chillers (air-cooled and water-cooled)
- Chilled water and condenser water pumps
- Controls (digital and pneumatic)
- Cooling towers and evaporative coolers
- Condensing units
- Fans and humidification
- Motors and motor starters
- Rooftop and unitary HVAC units (electric and gas-fired)
- Variable frequency drives

Knowledgeable Trane technicians will troubleshoot your equipment using data compiled from experiences with clients around the world. They are trained to look beyond the immediate problem by also identifying weaknesses or potential areas of unreliability.

Rentals

If you need temporary cooling or other equipment during a retrofit, we have the resources in place to quickly deliver a solution. Trane Rental Services has been providing temporary equipment solutions for more than 25 years. Our fleet includes Water- and Air-Cooled Chillers, Package Air Conditioning Units, Air Handling Units, Diesel Power Generators, Oil-Free Compressed Air, Heaters, and ancillary equipment to support our customers.

You will have access to 24/7/365 customer service, equipment monitoring and technical support. With 25 locations in the United States and Canada, **we can deliver temporary equipment solutions to every major metropolitan market within hours**. In addition to providing solutions for emergency needs, we can also help customers with their seasonal supplemental needs, planned shutdowns and special events.

© 2022 Trane. All rights reserved.

LEASES

Trane's Financial Services includes leasing (all types), prompt pay discounting, anticipation discounting, guaranteed savings programs and long-term financing solutions.

EQUIPMENT UPGRADES

- All Trane commercial equipment including all applied, unitary, terminal units and heating products procured domestically
- Trane building automation equipment to the extent that it is coupled with installation of both new and/or retrofit of BAS systems.
- Lighting & retrofits
- Cooling Towers
- Frequency Drives
- Ductless split systems & VRF products
- Pumps
- Boilers, hot water heaters and water specialties
- Modular chillers
- Dust collection systems & servicing
- TAS packaged central plants
- Evaporcool evaporative process cooling
- Dynamic air filtration
- Genesis conversion (photo catalytic oxidation) technology
- Heat recovery air handlers
- Unit ventilators
- Trane parts in conjunction with Trane contracted repair and retrofit of existing Trane equipment as well as over the counter purchases.

OTHER SERVICES

- **Energy Services** - Energy Tracking, Energy Analysis, Evaluation of Potential Upgrades, demand response, rebates and other
- **System analysis** of existing facilities including modeling and payback analysis
- **Design Build Contracting** for upgrading and improving efficiency within municipal infrastructure including but not limited to city buildings, wastewater treatment plants, conveyance systems, water treatment facilities, metering system, and lighting, etc.

PRODUCTS AND BRANDS SUPPORTED BY TRANE

- Identify the manufacturer products/brands the Bidder can service and support.

While Trane is the industry expert on Trane equipment, we service all brands and most models of HVAC equipment. Trane technicians are sent to other competitive OEM schools across the industries (Carrier,

© 2022 Trane. All rights reserved.

York, etc.) for certification. Trane is a vendor-neutral company with experience installing, maintaining, and repairing a variety of products and brands including:

Products – water-cooled chillers, air-cooled chillers, air handlers, boilers, pumps, piping, cooling towers, VAV systems, variable frequency drives, constant volume systems, building energy management systems, roof top unit air handlers, make up air unit air handlers, VRF and ductless systems, building automation systems, all heating and cooling valves, air balancing, back flow/cooling/heating valves, heat exchangers, and refrigeration.

Brands – AAON, American Standard, Amana, AO Smith, Artichill, Aurora, BAC, Bard, Bell and Gossett, Bosch, Bryant, Carrier, Coleman, Daiken, Desert-Aire, Distech, Edpac, Energy Logic, Evapco, Honeywell, Hydrother, Ingersoll-Rand, Johnson Controls/York, Lennox, Liebert, Lochnivar, Marley/Evapco, Marvair, McQuay, Mitsubishi, Multistack, Paco, Patterson-Kelly, Pool Pac, Raypack, RBI, Trane, and Vertiv.

MINIMUM WORK CREW

- Stipulate the minimum work crew that will be made available at all times, ensuring timely and effective project completion. A project foreman, fluent in English, must be onsite during all construction activities and have authority to act on behalf of the Bidder. Each site work crew must have at least one journeyman assigned.

The minimum work crew is addressed based on project type. All contracting jobs will have a project foreman (typically lead mechanic) fluent in English that has the authority to act on behalf of Trane. Each site will have at least one journeyman assigned.

SUBCONTRACTOR SELECTION

- Describe how Bidder selects sub-contractors for service and/or installation and how Bidder ensures customer satisfaction related to the sub-contractors.

Trane utilizes our Subcontractor Qualification Process to formalize screening. The standard request for proposal (RFP) process includes a two-step process of pre-qualification that is managed via Appruv (https://appruv.com). Prequalification criteria includes financial stability, licenses, small business certification, resource capacity, skillset, work quality, safety rating, and legal standing. Evaluation criteria defined in the solicitation will be used to support best value selection.

All potential subcontractors complete Trane's Contractor Qualification Statement. Our Project Manager (PM), Quality Control (QC), and Environmental Health and Safety (EH&S) Specialists complete a Contractor Evaluation Form for the screening and final selection process.

Upon completion of the subcontractor qualifications, Trane follows the steps listed below to ensure best value:

- **Bid Packages**: Bid packages are prepared by the PM with support from Development Team engineers. The bid packages describe the scope of work to be performed, drawings and sketches, the nature of the bid (i.e., design build, no change order), and the bid response format (e.g., required detail, taxes, bonds).
- **Separate Walkthroughs**: Subcontractor site visits are a prerequisite. Whenever practical, we conduct separate walkthroughs with each contractor, rather than in large groups to increase engagement and questions.

© 2022 Trane. All rights reserved.

- **Multiple Bidders**: Trane solicits pricing from a minimum of three subcontractors for most scopes of work. We carefully review the list of subcontractors available, acknowledging those with proven history with Trane and our client. We then compare them to the requirements to assure they are the best subcontractors for the project.

Trane keeps tight cost controls through close oversight of subcontractors and monitors performance and quality control through onsite supervision, quality inspections, and cost and schedule progress reporting. Subcontractors participate in weekly and monthly project review meetings, and daily work progress reports showing hours worked and activities completed are required. Trane has Equipment Engineers on staff in our sales office who work with the local design engineering community daily, and these same engineers will be working with the designers for the optimal selections on Trane equipment, as well as non-Trane equipment needed for the project.

TESTING, ADJUSTING, AND BALANCING

- Describe Bidder's company's process for submitting a test and balance report for each piece of equipment installed, including items that will be covered in the test and balance report.

The purpose of testing, adjusting, and balancing (TAB) is to assure that an HVAC system is providing maximum occupant comfort at the lowest energy cost possible.

Pre-planning for TAB work includes making certain that all the necessary parties and individuals to conduct the work are onboard. The type of building and systems to be tested and a realistic evaluation of what skills the TAB technician possesses are key planning elements.

- Often, a controls specialist will be needed to operate the system for the TAB technician.
- The representatives from the original equipment suppliers may be needed as a resource, at a minimum, but for complex equipment and systems or in a new building startup a manufacturer's representative may be required at the site to operate the mechanical equipment.
- If the building has a facilities manager that individual is typically the most important participant with which the on-site TAB technicians will work. Facility managers have a substantial vested interest in ongoing customer satisfaction—the people who work or live in the building are actual end- use customers—and their satisfaction will ultimately be the key measure of success.

Occasionally, a system cannot be balanced or made to perform in accordance with the contract's design specifications regardless of the number of balancing dampers or valves that can be installed. Competent TAB technicians should be prepared for this possibility and work with the appropriate individuals to formulate recommendations as part of the final TAB report.

It should be made clear that the TAB work is not "commissioning." Most commissioning services are completed by firms having technicians experienced with each of the individual building systems—HVAC, lighting, plumbing, electrical, and security systems.

Commissioning services for any new building construction or renovation are intended to verify all the above systems—operate properly and meet performance criteria.

Commissioning also includes the testing of all building controls for each mode of operation to verify all systems are being sequenced correctly with each other and that all interlocks are functioning. The commissioning agent must document the results of each equipment test performed as it is completed.

© 2022 Trane. All rights reserved.

These firms will usually subcontract the services of an independent TAB contractor to verify HVAC system balancing as part of their more inclusive commissioning contract.

New Buildings

Testing, adjusting, and balancing of all HVAC systems in a new building is needed to complete the installation and to make the system perform as the designer intended. Assuming that the system design and installation meets the comfort needs of the building occupants, testing, adjusting, and balancing of the HVAC system fine tunes occupant comfort levels while keeping energy use to the lowest level possible. This is extremely important in this era of rising energy costs.

It is important to make sure that all factory equipment startup service has been completed before beginning any TAB work. Most specifications on new building construction usually require a factory representative to be present during the initial startup and adjustment of the mechanical equipment—central boilers, chillers, large variable-speed motor drives, and cooling towers. This initial equipment checkout is also usually required to activate the factory warranties and is not part of the TAB contractor's responsibility. After this initial startup service has been completed, the TAB contractor should be informed that the systems are operating properly, that all safety interlocks and protective devices are functioning, and the systems are ready to be balanced. The TAB phase of any building construction or renovation is intended to verify that all HVAC water- and airflows and pressures meet the design intent and equipment manufacturer's operating requirements. It is rare to find an HVAC system of any size that will perform completely satisfactorily without the benefit of final adjustments. Therefore it is considered a "best practice" for the designer to specify that TAB work be part of the overall HVAC system installation.

Existing Buildings

There are few buildings in existence that have not experienced changes in internal loads and space layout changes since they were designed and built. These buildings should periodically have their HVAC systems rebalanced to achieve maximum operating performance, efficiency, and comfort.

The TAB Technician

TAB technician designates the person in charge of the TAB work being done on the HVAC system. TAB procedures on a complicated HVAC system require that the TAB technician must be a well-trained, highly skilled, and knowledgeable individual. This person must know the fundamentals of airflow, hydronic flow, refrigeration, and electricity and be familiar with all types of HVAC temperature controls and refrigeration systems. They must also know how to take pressure, temperature, and flow measurements and be able to perform effective troubleshooting.

The TAB Team

There are TAB jobs that can be done by one person. However, many HVAC systems need a TAB team to complete the TAB work efficiently and in a reasonable time period. It is equally important that the other members of the TAB team be trained and knowledgeable in the basic fundamentals and procedures of TAB work.

© 2022 Trane. All rights reserved.

Energy Costs and Occupant Comfort

TAB work conducted on existing buildings will often hold opportunities for the attentive TAB technician to identify additional equipment or work for the system being balanced that will increase occupant comfort and decrease building operating costs. An obvious example would be the replacement of single-speed electric fan motors with newer computer-controlled equipment that can more closely follow the required airflow needs over the changing seasons and load variations. Variable-speed electric motors are a relatively new product and the older the building the greater the likelihood and potential for energy-saving and comfort-enhancing opportunity. In some instances, variable-speed motors may consume just 15% of the electricity on an annual basis as an older single-speed motor.

Another example would be when the TAB technician is asked to provide a rebalance of an individual zone due to shifts in internal use. Often, this is a good opportunity to examine the benefits of a complete review of the building's mechanical system and possibly provide complete-building TAB services. Also, changes in one building zone will often result in changes throughout or at least in other parts of the building.

TAB Instruments

Airflow Measuring Instruments

- Manometers—Used to measure pressure drops which can be translated into flow rates. Available in tube types, both U-Tube and inclined-vertical use a fluid in a tube to represent the difference in pressure between two points.
- Digital manometers—Can provide very accurate readings at very low-pressure differentials, such as across air filters and expansion cooling coils. Can automatically adjust for barometric pressure, store readings with recall in average or total numbers, and some can provide additional functions such as temperature measurements.
- Anemometers—Available in several configurations—rotating vane, deflecting vane, thermal—and used primarily to measure air velocities at registers, grilles, hoods, coils, etc.
- Flow measuring hoods—Directly measures CFM of air distribution devices.

Temperature Measuring Instruments

- Glass tube and dial thermometers—Measurement of air and fluid temperatures
- Thermocouples—Measures surface temperatures
- Psychrometers and electronic thermo-hygrometers—Determines relative humidity.

TAB Reporting Forms

The proper use of a consistent set of reporting forms assures that TAB work is being done in a systematic manner that produces documented test results that can be easily understood. The following list is an example of forms with a brief description of each to illustrate the steps in the TAB process. Each project may require fewer or more forms and steps depending upon the TAB project goals and the system complexity. Forms include:

© 2022 Trane. All rights reserved.

- **System Diagram**—A schematic that depicts the system to be tested, its major components, distribution system sizes, the quantities of flow, the location of regulating devices and terminal units and other relevant data.
- **Apparatus Test Report**—Provides details of actual measured flow rates, motor loads and other information that will be useful to compare design to actual system component performance.
- **Coil Test Report**—Used to record performance of chilled or hot water, steam, DX, or other types of energy exchange coils.
- **Gas/Oil-Fired Apparatus Test Report**—Tracks performance of unit heaters, furnaces, and boilers for use in comparison and as a supplement to factory-provided data.
- **Duct Heater Test Report**—Provides documentation of airflow rates across electric furnaces and heater coils and verifies min./max. airflow rates as per required by manufacturers.
- **Duct Transverse Reports**—Used as a worksheet for recording velocity pressures in a prescribed manner to determine actual airflow for duct— round and rectangular.
- **Air Outlet Test Report**—Provides documentation of preliminary and final air distribution devices and possible reasons for deviations from design.
- **Terminal Unit Test Report**—Used to check and document the performance of terminal units.
- **Major Equipment Test Reports**—Each major mechanical HVAC device that is present and part of the TAB project—Chiller/Packaged HVAC/Compressor/Condenser/Cooling Tower/Pump/Boiler—is tested and the results recorded according to industry-recognized procedures. Specific test requirements may be requested for any major component to verify operating performance or efficiency.
- **Instrument Calibration Report**—Documents the tested accuracy of the instruments used to conduct the TAB project.

RELEVANT CODES AND STANDARDS

- **Energy Systems Analysis & Management**—Presents an updated level of technical information necessary for energy conservation and retrofits of today's commercial facilities. This new manual provides building owners, facility managers, contractors, and system designers with the tools needed to evaluate an existing facility for energy savings potential. Items of special interest include performance contracting, CFC refrigeration regulation, and new automation system open protocols. Other topics covered include HVAC heat recovery, energy auditing, operation and maintenance, and indoor air quality.
- **HVAC Systems - Commissioning Manual**—A practical how-to guide for contractors, owners, and engineers interested in learning about commissioning for new buildings and re-commissioning for existing buildings. Separate chapters are devoted to the different levels of commissioning, including b g basic, comprehensive, and critical system commissioning. A thorough explanation of re-commissioning leads one through the preliminary investigation, survey and documentation phase, the design and installation of system modifications, and the actual re- commissioning test.

© 2022 Trane. All rights reserved.

- **HVAC Systems - Testing, Adjusting, & Balancing**—Presents the basic fundamentals, methods, and procedures, including the necessary tables and charts, to adequately balance a complete HVAC system. A tutorial on air and hydronic systems as well as equipment performance and operation, this comprehensive text covers motor operation, fan curves, pump curves, and fluid flow losses in ducts, fittings, pipes, and air terminals. In addition, variable frequency drives, direct digital control systems, lab hood exhaust balancing and the latest balancing equipment and procedures are presented.
- **TAB Procedural Guide**—The TAB Procedural Guide is intended for trained TAB technicians to assure that the appropriate procedures are employed in an effective manner. This new publication includes general as well as specific guidance for both air-and water-side HVAC system adjusting and balancing. Variable air volume, multi-zone, dual duct, and exhaust air systems are examples of the systems specifically covered and time-saving forms are included for precise record keeping during the conduct of a TAB project. The guide assists TAB technicians with preplanning and establishing teams so that energy use is minimized whether the work is done in new or existing buildings.

COMMISSIONING PLAN

- Describe Bidder's company's process for delivering a comprehensive commission plan at least two (2) weeks prior to start-up, including details of what will be covered in the plan.

This Commissioning Plan establishes the framework for how commissioning will be handled and managed on a given project and custom to that project's Scope of Work. The commissioning process is applicable anytime Trane performs work, either in a primary contracting capacity or as a sub-contractor within the projects' delivery model. The commissioning planning process begins with a kick-off meeting to determine the project's scope, breadth of work, participating trades, timelines, etc. At this meeting, the Trane Project Manager (PM) in conjunction with the Customer Agency will discuss the commissioning process, schedule, team and team member responsibilities, communication structures, and develop a general description of the systems to be commissioned. The Commissioning Plan is custom to the project's unique Scope of Work. A Commissioning Plan typically includes the following and takes place well before equipment is ordered or work begun, which could be weeks or months prior to the project's completion:

Introduction	Purpose and general summary of the Plan.
General Project Information	Overview of the project, emphasizing key project information and delivery method characteristics.
Commissioning Scope	The commissioning scope including which building assemblies, systems, subsystems, and equipment will be commissioned on this project.
Team Contacts	Project specific Commissioning Team members and contact information.
Communication Plan& Protocols	Documentation of the communication channels to be used throughout the project.

© 2022 Trane. All rights reserved.

Commissioning Process	Detailed description of the project specific tasks to be accomplished during the Planning, Design, Construction, and Tenant Occupancy Stages with associated roles & responsibilities.
Commissioning Documentation	List of commissioning documents required to identify expectations, track conditions and decisions and validate/certify performance.
Commissioning Schedule	Specific sequences of events and relative timeframes, dates, and durations.

TRANE'S APPROACH TO PREVENTATIVE MAINTENANCE

- Describe Bidder's company's scope of work for preventative maintenance work.

Trane's service team members use specific software and standard processes in place to schedule service calls, complete preventative maintenance, invoice jobs, and track inventory. With a comprehensive range of service capabilities and in-house expertise—delivered by an extensive service network always on call—Trane delivers the most reliable and cost-effective performance from day one. Once a Service Agreement is in place, Trane technicians will complete field reports that include all recommendations for maintaining a high-performance facility.

Trane's Preventative Maintenance program typically consists of four quarterly site visits: with one annual inspection and three routine inspections. The number of site visits can vary according to the system needs. By planning ahead and addressing maintenance needs on a systematic, scheduled basis, customers can virtually eliminate unplanned downtime and save a lot on repair costs. As maintenance tasks are performed, technicians record and detail each asset's condition to determine the appropriate timeframe for an inspection, cleaning, lubrication, any calibration, or adjustment, including possible part replacement.

The work performed is recorded electronically via technician's mobile device. The data is stored and backed up on a secure data network. At completion of the work, customers receive an electronic report of the tasks executed. In addition (for service agreement customers only) work reports can be accessed on a Trane customer portal (https://mybuilding.trane.com).

We're fully trained, using proprietary Six Sigma maintenance procedures, to service both Trane HVAC equipment as well as that of other brands.

Trane's industry exclusive service flow process includes detailed, documented procedures that identify steps for: safety, sequence of execution, quality control, work validation, parts, materials, tools, and environmental compliance. Where applicable, **Trane's exclusive service process meets or exceeds ASHRAE 180-2008 Standard Practice for Inspection and Maintenance of Commercial Building HVAC Systems.**

To prolong an asset's useful life and lessening the likelihood of failure, Trane offers a preventative approach that can leverage predictive technology as well as regular monitoring of your HVAC operations. Our standard Preventative Maintenance package involves planning ahead and addressing maintenance needs on a systematic, scheduled basis. However, we can add value with optional state-of

© 2022 Trane. All rights reserved.

the-art add-on services — such as Predictive Service, Active Monitoring, Critical Systems Audit, or Rental Reserve.

Trane's overall approach to Preventative Maintenance revolves around 7 Service pillars:

Knowledge Transfer

Work performed on your equipment will be documented by our technician and reviewed with you at the completion of each service visit. Trane Technicians will review operating sequences and practices for the equipment covered by the agreement and advise you of operational improvement opportunities. Concurrent with annual start-up, the dedicated Trane Technician will instruct your Facility staff on how to operate the equipment covered by the agreement.

Quality Guarantee

Trane provides a guarantee of performance based on testing conditions — as specified in both AHRI (Air Conditioning, Heating and Refrigeration Institute) and ASHRAE (American Society of Heating, Refrigerating and Air-Conditioning Engineers). Trane then backs up this performance with the industry's premier warranty and service support to ultimately provide the best value for each customer. Within the controls and automation teams, for example, Trane has adopted the mantra of "no bad jobs". This business mindset is prevalent throughout Trane — from the factory to the field sales office. Trane products have utilized several such initiatives to provide cost saving areas for customers. For example:

- **ICS (Integrated Control Systems).** The controls that come with Trane products all offer an open computer control technology protocol. This allows a client to feel comfortable that with every Trane product that is purchased, their existing Building Automation System will be able to communicate or if there is not a Building Automation System (BAS) in place, Trane can provide our BAS system **at a packaged program price**.
- **D.F.T. (Demand Flow Technology).** A mathematically based business strategy that encompasses the entire Trane organization: marketing, sales, order entry, engineering manufacturing, suppliers, and finance. Demand Flow Technology manages every aspect of the product cycle from the time the product is ordered, until it is shipped. Its sophisticated procedures ensure that customers receive fast availability of a wide selection of Trane standard products as well as custom and modified ones.

Technology

Scheduling, Service History — ComfortSite

ComfortSite — our web-based asset management system — is used for scheduling of Service calls and provides customers with free access to their Service history, technical reports, parts identification tools, product literature and other relevant information. In addition to these options, ComfortSite also enables owners to manage local parts inventory and equipment replacement plans. ComfortSite offers these advantages:

- Asset and maintenance management software
- 24/7 internet-based access
- Trane enters HVAC equipment data

© 2022 Trane. All rights reserved.

- No software integration or process changes required
- Ability to enter non-HVAC equipment into the database
- Multi-level username and password access
- Multiple output file formats available for upload

Chiller Plant Optimization

Chiller Plant Optimization validates that the chiller plant is operating appropriately. It helps manage the multiple system inputs and confirms set-up accuracy.

Advantages:

- Maintain comfort, reliability, and uptime
- Prevent premature failure of the system or components
- Identify anomalies that waste energy

Implementation:

- Review chiller plant control parameters and search for inefficiencies in cycling and stating
- Check loop tuning and provide a quote, if necessary
- Reset routines to design specifications

Predictive Service

Trane will analyze the condition of your HVAC equipment to detect physical conditions that can lead to system inefficiencies and catastrophic failures. Early detection by Trane Field Service Technicians enables you to arrange maintenance procedures and overhauls during planned downtime instead of experiencing unplanned system outages and emergency repair delays and costs.

- Infrared Thermography
- Combustion Testing
- Vibration Testing
- Eddy Current Tube Testing
- Ultrasonic Testing other than tubes, bearing, etc.
- Air Quality Monitoring
- Air Balance
- Water Balance

Energy Performance

Energy Performance provides real-time energy monitoring, displayed through a set of online dashboards and tools, to reveal where and when a building consumes energy. It provides the ongoing, real-time insight that's needed to drive measurable results. This advanced cloud-based building energy management system (BEMS) service provides visual tools and analytics that uncover hidden causes of

© 2022 Trane. All rights reserved.

energy waste. Energy Performance pairs advanced technology with the extensive expertise of Trane building professionals who recommend energy conservation measures (ECMS) based on building data.

Advantages:

- Leverage spectral analysis to visualize energy usage or demand over a select period
- Monitor building performance and view progress on sustainability goals using intuitive dashboards
- Access analytics to identify times of excessive energy consumption
- Report and track the ongoing improvements gained by proactively managing your building

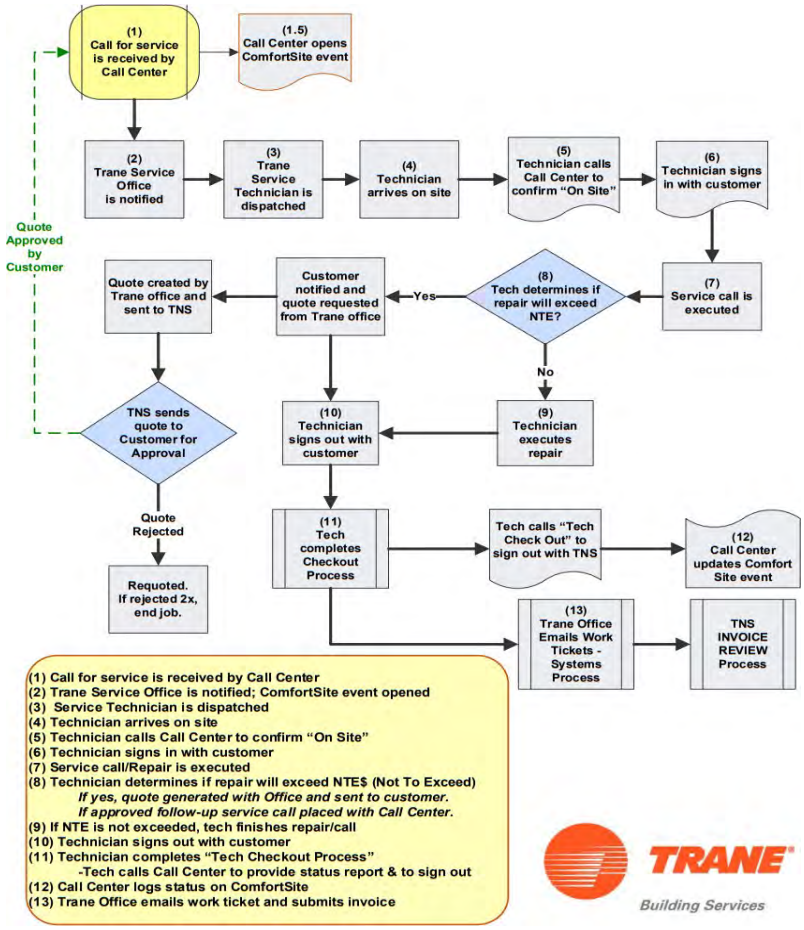
Implementation:

- Cloud-based building energy management system provided through Software as a Service (SaaS)
- Access to online dashboards, reports, alerts, and trending tools
- Interpretation by technical specialists
- Real-time energy data monitoring and aggregation from multiple sources: utility meters, sub-meters, sensors and building automation system all linked to your local energy costs to track your energy spend more accurately
- Software support, online help, and documentation
- Site set-up and data

The Environment and Sustainability

Trane procedures for handling refrigerants are compliant with Federal and State laws and regulations — in respect to the proper handling, storage, and repair of leaks of ozone-depleting refrigerants as well as their substitutes, according to Environmental Protection Agency regulation 40 CFR Part 82. Trane service technicians are Universal-certified and use only certified recovery equipment.

Trane maintains and uses our Refrigerant Management Software (RMS) to capture, manage and report Refrigerant Activity. The Refrigerant Activity Report Form is used by the technician to record all



© 2022 Trane. All rights reserved.

refrigerant activity that has occurred on each piece of equipment. The form data is entered into RMS after it is submitted to and checked by central office personnel. Annually, Trane prints a report from RMS of all Refrigerant activity that has occurred at each site. The report details all refrigerant activity performed by Trane Building Services Technicians for each piece of equipment and can be used to satisfy reporting requirements. In terms of Oil disposal, we remove used oil from your refrigeration units and dispose of it in accordance with applicable environmental regulations. Trane has a national contract with a leading provider of used oil services to recycle used oil, where allowed, and properly dispose of used oil which does not meet recycling requirements (in states where used oil is a hazardous waste,

Trane will remove used oil from refrigeration units for the customer to arrange disposal).

Documented Processes to Safeguard Uniform Service Delivery

All Trane personnel follow documented processes to enable and safeguard uniform service delivery.

Specific Work Steps

The following illustrates Trane's procedure for each call for service:

Emergency Response within 4 hours — 24/7, 365 days a year

Priority Emergency Response is available on a 24-hour-per-day basis. Trane is able to perform emergency services outside of normal business hours when requested. Each Trane office has its own Emergency hotline for seven (7) days a week, twenty-four (24) hours a day, three hundred sixty-five

© 2022 Trane. All rights reserved.

(365) days per year. Our goal is to answer each call within 30 seconds of receipt, 90% of the time. And our goal is to respond to all emergency calls within 4 hours or less.

Trane's team of Service technicians has a rotational, on-call schedule, and someone is always available to handle an after-hours or an emergency call.

Emergency Parts Service

Trane's Parts order system provides an ability for both emergency and rush orders. This system is unique in that it allows the flexibility of integrating rush orders into the standard order system without disruptions or excessive costs.

The State-of-the-Art Rental Reserve Add-on Service

Whether it's extra cooling needed during extreme weather conditions or a short-term replacement following an emergency, buildings sometimes require equipment to cool an indoor environment on a temporary basis. Trane Rental Services can provide fast, safe, and cost-effective solutions using modern and reliable equipment. A temporary cooling system will keep your business operational whilst you repair, replace, or upgrade your existing system. Rely on temporary solutions from the name you trust. Our team of account managers, engineers, service technicians and logistics professionals can rapidly transform the equipment you need into a smoothly functioning system that will exceed your expectations.

Every rental delivers state-of-the-art Trane equipment and expertise. We'll be your one-stop solutions provider when you are:

- Short on time — A temporary system allows you the ability to continue your business operations while you take the time to find the best permanent solution.
- Short on funds — Capital improvement budgets are shrinking these days. A rental from Trane can allow you to optimize the use of your funds.
- Risk averse — Knowing when and where temporary solutions are available can speed deployment time in an emergency and limit associated financial losses.
- Experiencing temporary spikes — A rental is a cost-effective solution for a short-term situation, such as a spike in production or peak design conditions that lasts two months or less.

Other Maintenance and Repair (OMR)

If the Technician finds an issue that needs to be fixed, they will communicate that to the customer and record their findings in a report, requesting a quote from Trane — to be approved by the customer ahead of the repair, replacement, or any other maintenance work.

Customers often opt for Trane's exclusive HVAC Rental Reserve program. The Rental Reserve Program is intended to protect against unplanned needs caused by customer's HVAC equipment outages. It is designed to minimize the impact of downtime by providing cooling system redundancy. The program provides year-round availability of rental chiller equipment within a 24-/48-hour notice to Trane — to proceed with delivery and connection of the rental equipment. Included in the price of the add-on option is a customized and executable HVAC rental emergency plan maintained by Trane as well as suitable equipment for speedy connection at the site.

© 2022 Trane. All rights reserved.

The rental emergency plan provided by Trane would contain a typical chilled water system plan, for example, where we will identify:

- Location, type, and tonnage of the rental chiller;
- Applicable electrical, chilled water, tower water connections as necessary for chiller connection;
- Necessary system upgrades to accommodate the Trane Rental chiller package

Warranties — Workmanship, Equipment

The workmanship warranty (labor portion of the Maintenance Services and Additional Work) is **90 days from the date of completion.** Trane's obligation under the Warranty is limited to correcting any labor improperly performed by Trane. Defects must be reported to Trane within the 90-day period.

The parts and equipment warranty (the material manufactured by Trane and provided to the customer in performance of the Services) is **12 months from the earlier date of equipment start-up or replacement.** Trane's obligation under the Warranty is limited to repairing or replacing the defective part at its option. Defects must be reported to Trane within the 12-month period.

Should it be necessary to replace or repair any non-Trane equipment provided by Trane as part of a service to the state, Trane will extend to the Customer the benefits of any warranty Trane receives from the manufacturer.

ADDITIONAL CHARGES FOR MAINTENANCE

- Describe and define all scenarios in which additional charges would apply outside of routine preventive maintenance.

The primary goal of maintenance is to avoid or mitigate the consequences of failure of equipment. This may be by preventing the failure before it occurs which Planned Maintenance and Condition Based Maintenance helps to achieve. It is designed to preserve and restore equipment reliability by replacing worn components before they fail. Preventive maintenance activities include partial or complete overhauls at specified periods, oil changes, lubrication, minor adjustments, and so on. In addition, workers can record equipment deterioration, so they know to replace, or repair worn parts before they cause system failure. The ideal preventive maintenance program would prevent all equipment failure before it occurs, however additional charges would apply if these parts were not included up front.

REPAIR AND UPGRADE RECOMMENDATIONS

- Describe Bidder's methodologies for assisting Participating Public Agencies with recommendations on repairs and upgrades from defining the repair/upgrade through the completion of work.

With a comprehensive range of service capabilities and in-house expertise, delivered by an extensive service network always on call, Trane service solutions ensure the most reliable and cost-effective performance from HVAC systems from day one – and on through their complete lifecycle. Once a Service Agreement is in place, Trane Technicians will complete field reports that include all recommendations for maintaining a high-performance facility. Below are descriptions of our service capabilities, from start up through advanced remote monitoring and contingency cooling.

© 2022 Trane. All rights reserved.

Start Up

Trane Elite Start™ - Commissioning service

Trane Service Engineers validate HVAC installation, following a tried and tested checklist for optimal start-up conditions, verifying, and recording design operational parameters.

Trane Extended Start - Assure the highest level of performance for the HVAC system's crucial first year. HVAC systems are typically sold with a standard factory warranty terms and conditions. Trane Extended Start goes above and beyond the standard warranty to provide eight value-added services which will create a system performance baseline.

Operate and Maintain

Genuine Parts and Repair Services - The right parts and the OEM expertise quickly available. From precision-crafted original Trane items to generic parts, Trane offers a comprehensive parts inventory with 6,500 references to answer quickly to customers' needs. Trane efficient logistics and factory authorized technicians also ensure expert replacements and fixes.

Trane Chiller Health Check Program - OEM chiller performance analysis The reliability and efficiency of a water chiller are directly related to how it is maintained and operated. Appropriate maintenance can help avoid severe malfunctions and costly breakdown. Trane Chiller Health Check Program provides the real time status and performance of equipment and recommends proactive measures to restore a safe, reliable, and efficient operation of chillers.

Trane Service Agreements - Reduce operating costs and optimize equipment life with planned maintenance from Trane. By planning and addressing maintenance needs on a systematic, scheduled basis, your client can save significantly and virtually eliminate unplanned downtime. Trane will help define the service agreements best suited to your client's applications and business needs.

Improve Cost of Ownership

Trane Select™ Contracts - Head off problems before they affect operation Four customizable HVAC service contracts designed to provide operating efficiency, maximize the system life, and help cut costs. From preventive maintenance plans to fully comprehensive solutions, Trane Select Contracts offer fixed costs making them more valuable the longer the contract period. All contracts come with free compressor coverage.

Trane Controls Services - Keeps HVAC settings fine-tuned for optimal performance. Buildings are a complex, inter-related set of systems. Over time, adjustments can change HVAC configurations that were fine-tuned on installation. Trane Controls Services offer four levels of servicing to regularly review the building control system, ensure it maintains its designed comfort level and is always up to date with your clients' current needs – operating as efficiently as possible.

Upgrade and Improve

Trane Care™ Services - Restore the performance of HVAC equipment and maximize its lifecycle. No matter where your clients' equipment is in its life cycle, Trane Care™ will turn HVAC systems into business advantages in terms of reliability, energy, and environment to help their buildings perform at its best and sustain it day in and day out. A Trane Care™ upgrade of HVAC installations will enhance

© 2022 Trane. All rights reserved.

equipment reliability, reduce operating costs, optimize equipment life, and ensure compliance with environmental regulations.

Advanced Remote Analytics

Trane Intelligent Services - Close remote building system monitoring and analysis of system trends. Trane Intelligent Services provide always-on, automated monitoring powered by a suite of leading technologies backed by Trane's team of technical experts. They give building operators high-end capability to help minimize the occurrence and severity of system failures through early detection of alarms and performance issues. Whether your clients require continuous monitoring and automated notification, monitoring plus an action plan for remediation services, Trane can provide a cost-effective solution to establish critical points, appropriate parameters, actions, and procedures.

Contingency Cooling

Trane Rental Services - Cooling solutions for all temporary needs Temporary cooling needs covered to keep your clients' businesses operational during repair, replacement, or upgrade of the existing systems: from breakdowns to extra seasonal capacity requirements, planned service work, facility renovation, specialty events and more. Trane provides fast, safe, and cost-effective solutions using modern and reliable equipment for all building purposes.

NOTIFICATION OR PERSONNEL IN FACILITY

- Describe Bidder's firm's process for notifying a Participating Public Agency when personnel are going to be in a facility, arrival and departure time and the work performed. How does Bidder handle requirements for sign-off of work prior to leaving a facility?

The Trane service coordinator notifies customer when Technician is scheduled to arrive. Upon arrival Technician checks in with designated site contact. Upon departure Trane technician reviews work and secures signature from site contact.

b. Ability to Provide Temporary Cooling

b. Describe Bidder's ability to provide temporary cooling/chiller units.

Whether it is extra cooling needed during extreme weather conditions or a short-term replacement following an emergency, businesses sometimes require equipment to cool an indoor environment on a temporary basis. Trane Rental Services can provide fast, safe, and cost-effective solutions using modern and reliable equipment. A temporary cooling system will keep your business operational whilst you repair, replace, or upgrade your existing system. Rely on temporary solutions from the name you trust. Our team of account managers, engineers, service technicians and logistics professionals can rapidly transform the equipment you need into a smoothly functioning system that will exceed your expectations. A rental is a cost-effective solution for a short-term situation, such as a spike in production or peak design conditions that lasts two months or less.

- **Fast** - Because speed of unit installation can be extremely important to your business, all Trane rental equipment has been fitted with enhancements that save installation time.
- **Safe and reliable** - Whilst getting your system up and running is of utmost importance to your operation, safety and reliability of the equipment provided are equally important. You can depend on Trane modern equipment.
- **Cost-effective** - Whatever the application, Trane can provide a cost-effective temporary cooling solution for your organization until you are able to repair or replace your existing equipment.

Every rental delivers state-of-the-art Trane equipment and expertise. We will be your one-stop solutions provider when you are: Short on time: A temporary system allows you the ability to continue your business operations while you take the time to find the best permanent solution. Short on funds: Capital improvement budgets are shrinking these days. A rental from Trane can allow you to optimize the use of your funds. Risk averse: Knowing when and where temporary solutions are available can speed deployment time in an emergency and limit associated financial losses.

c. Products and Services Provided by Trane

c. Describe in detail the depth of product and services Bidder provides and any related products or services being offered. Include:

Trane's products and services are provided on the "Product Information Matrix" on pages 75-92.

DESCRIPTION OF THE PRODUCTS

- A description of the Products, including all related components and parts to be provided by the major product category.

1. HVAC Equipment and Products

Chillers

- Air-cooled chillers
- Water-cooled chillers
- Compressor chillers
- Ancillary chiller water plant equipment
- Absorption liquid chillers
- HVAC Refrigeration Type- Rotary, Centrifugal, Scroll, Reciprocating, Absorption

Unitary systems that combine heating, cooling, and fan sections

- Rooftop systems
- Split systems
- Self-contained systems
- Water source heat pumps
- **Unitary** Type-rooftops, split systems, VRFs, Heat Pumps, PTACs, water- source, mini-splits

Air handling systems

- Performance air handlers
- Blowercoil air handlers
- Make-up air gas heating system
- Air handler options and air cleaning options, Type- central station-manufactured or custom makeup air, fan, filter, coil sections

Terminal devices

- Unit heaters
- Unit ventilators
- Fan coil units
- Ventilation fans and variable air volume
- Air Terminal Devices and Heating Products Type-VAV, Fin Tube Radiation/Convectors

Ductless variable refrigerant volume units

© 2022 Trane. All rights reserved.

Dedicated outdoor air systems

Replacement coils

Automation equipment

Parts and aftermarket product

- **Cooling Towers** Type- open, closed, evaporative, other
- **Pumps** Type- single stage, split case, end suction, inline, circulator, turbines
- **Invertors**
- **Boilers & Water Heaters** Type- modulating, condensing, cast iron, water tube, packaged and other
- **HVAC Specialty Products** Type - modular, outside/inside, S&T Heat Recovery, Humidity Control, Heat Wheel, Heat Pipe, Heat Exchangers

Other HVAC products

- **Indoor Air Quality Products and Devices** Type- Active polarization, non- ionizing, electronic air cleaning systems intended to replace passive filtration, any other.

2. Installation and Services

Installation of new equipment

- **Startup & Commissioning Services** Type - equipment startups, system checkouts, control verification, retro commissioning, M & V verifications, rebate auditing, other

Maintenance of existing systems

- **Service & Maintenance** Type- preventative and full maintenance contracts, man-at attendance, remote monitoring, annuals, emergency services, regulatory compliance, cleaning (e.g., duct, coils, and filters), scheduled maintenance (e.g., oil, chemical and vibration analysis) and other

Upgrading of existing infrastructure

Turnkey services

- **Installation and Turnkey Contracting** Type- retrofit, new construction, energy retrofit, controls new- and upgrade and other

Other installation and services offered by Bidder

- **Warranty Services** Type- Extended parts & labor (define maximum number of years available), delayed start-up and other
- **Professional Services** Type- Engineering, Design, Drafting, Architectural, Project Management and other
- **Site Surveys** Type- Equipment, system analysis, operational, architectural, and other

3. Related Products, Solutions, and Other Services

New, and/or retrofitting older products and solution

HVAC equipment controls

© 2022 Trane. All rights reserved.

- Type-core components, end devices, lighting, panels

Ancillary Services

Thermostats

Sensors

Energy programs

Design and analysis tools

Commissioning

Building management and/or certifications

Enterprise management

Rental and lease services

- Type-chillers, pumps, transformers, terminal units, generators, cooling towers, packaged unitary and other

Financial services

- Type- leasing, prompt, and pre-payment discounts, guaranteed savings and other

Training and/or educational services

Municipal services

Other related products and services

CATALOG OR BROCHURE TYPE INFORMATION

- A catalog or brochure type information as applicable.

Trane has detailed catalog information for all equipment. A National Line Card is provided on the following pages.

National Line Card

PRODUCTS & SYSTEMS SOLUTIONS

TRANE

APPROACH

We take a creative approach to every project; treating each project uniquely so we can collaborate to understand objectives and goals. Trane delivers outcomes; we start from the beginning and follow the process through. Plus, we always keep indoor environment quality and energy efficiencies top of mind.

SERVICE & SOLUTIONS

Our capabilities include commercial systems, energy services & solutions, contracting, controls/building automation, rentals and service.

Trane Wellsphere™ is a holistic approach to building wellness that cultivates healthier indoor spaces. It brings together unmatched experience and expertise to take a holistic approach to optimizing building's indoor environmental quality (IEQ).

HVAC SYSTEMS
Sustainable and scalable solutions for maintaining ideal system performance

OPTIMIZED EQUIPMENT
Applied Chilled and Hot Water, Air Handling, Large and Light Packaged, VRF, VAV, Zone Terminal, Pre-Packaged Systems with Controls

RENTAL SERVICES
Promptly provides temporary, scalable HVAC and power from standard applications to complex solutions

BUILDING SERVICES
Reliable, preventative and proactive scheduled maintenance and repair by factory trained technicians

ENERGY SERVICES
Managing your energy supply and demand to reduce cost, optimize performance and improve sustainability

BUILDING AUTOMATION SYSTEMS
Making precise control easier, mobile and data-rich

TRANE TECHNOLOGIES

© 2022 Trane. All rights reserved.

Trane Building Automation Systems

Tracer® SC+
Scalable building automation system solution

Tracer Concierge®
Light commercial control system

Pivot® Smart Thermostat
Wi-Fi & Ethernet thermostat for light commercial applications

Factory & Field
Mounted BACnet® & LonTalk® Unit Controllers, Integrates with BACnet MSTP, LonTalk Certified, BACnet/IP, Modbus® Protocols

Wireless Solutions
Wireless comms, BACnet/ Zigbee®, temperature & humidity sensors

Trane Building Management Systems

Tracer® Ensemble®
Enterprise level building management software

Tracer® Synchrony®
Web-based facility management software

Tracer® Concierge®
Occupant user interface for non-technical user

Tracer® Mobile Apps
Concierge, Trane BAS Operator Suite

Trane Intelligent Services

Aggregates data collected in a building. Provides analytic tools to make real-time, near term, and long term decisions that maximize the way buildings are managed and maintained.

Lighting Solutions

Control more than half of your building energy use when you integrate Trane lighting solutions into your BAS.* The Trane difference offers increased energy savings, improved comfort and flexibility, and a higher quality design - all within your customer's budget. Lighting science can support productivity, performance, safety, and well being. Utilizing intelligent lighting solutions as your infrastructure for smart buildings unlocks the capabilities of asset tracking, contact tracing, emergency assistance, and more!

*U.S. Energy Information Administration, 2020

Trane® / Mitsubishi VRF & Ductless

N-Generation CITY MULTI®
Energy efficient, all electric VRF system available in Standard, High Efficiency, and H2i®(R) (Hyper-Heat)

Nv Series
Ductless system for maximum energy efficiency and quality control with precise zone control to distribute heat or air conditioning only to spaces in use

P Series
Light commercial ductless system for superior comfort, flexibility and reliability with precise 1:1 outdoor to indoor connections for efficient zone management

Indoor Units
A variety of indoor units available to meet any application and design requirements, including ceiling cassettes, wall mounted, concealed and more

LEV Kit
The power to connect Trane® / Mitsubishi Electric CITY MULTI® Products to Trane Air Handlers; Allows for higher airflows, higher static pressure, larger capacity, customized products, and DOAS configurations; Available in multiple tonnage sizes

Trane Precision Cooling

Single Circuit DX
Single circuit DX; vertical floor mounted; 5 - 10 Ton; tandem compressor options; EC fan technology

Dual Circuit DX
Dual circuit DX series; vertical floor mounted; 15 - 30 Tons

Centrifugal Chillers

Model TACW
Oil-free; 60 - 1400 Tons; R-134a and R-513A

Agility® Model HDWA
150 - 450 Ton; 60 Hz, 50 Hz; Symbio® 800 controller; uses either R-513A or R-134A

CenTraVac® Model CVHE
3-Stage Compressor; Symbio® 800 controller; 150 - 500 Tons; R-514A

CenTraVac® Model CVHF
2-Stage Compressor; Symbio® 800 controller; 325 - 2000 Tons; R-514A

CenTraVac® Model CVHH
Multi-stage; Dual Compressor; Symbio® 800 controller; 900 - 2000 Tons; R-1233zd

CenTraVac® Series S™ Model CVHM
Oil-Free Compressor; Symbio® 800 controller; 170 - 390 Tons; R-514A

CenTraVac® Model CDHF
Multi-Stage Dual Compressor; Symbio® 800 controller; 1450 - 3950 Tons; R-514A

CenTraVac® Model CDHH
Multi-stage; Dual Compressor; Symbio® 800 controller; 1800 - 4000 Tons; R-1233zd

Water-Cooled Chillers

Cold Generator™ Model CGWR
Scroll Compressors; 20 - 75 Tons; R-410A

Series R® Model RTWD
Helical Rotary Compressor; 60 - 250 Tons; R-134a or R-513a

Optimus® Model RTHD
Optional Variable Speed Helical Rotary Compressor; 150 - 430 Tons; R-134a; or R-513a for fixed speed only

Series R® Model RTUD
Helical Rotary Compressor with remote air-cooled condenser; 80 - 250 Tons; R-134a

Air-Cooled Chillers

Cold Generator™ Model CCAR
Scroll Compressor with Air-Cooled Condenser; 20 - 70 Tons; R-410A

Model CGAM
Scroll Compressor; 20 - 130 Tons; R-410A

Ascend® Model ACS
Scroll Compressor; 140 - 230 Tons; R-410A

Series R® RTAC
Helical Rotary Chiller; 140 - 500 Tons; R-134a

Sintesis® Model RTAF
Variable Speed Helical Rotary Compressor; 115 - 500 Tons; R-134a or next gen R-513A

Ascend® Model ACR
Free Cooling; Symbio® 800 controller; 150 - 550 Tons; R-134a

Model TACA
Oil Free Centrifugal; 60 - 440 Tons; R-134a or R-513A

© 2022 Trane. All rights reserved.

Ascend® Model ACX
Energy efficient, all electric heating and cooling; Symbio® 800 controller; 130-240 Tons; R-410A

MiniMod™
Water-Cooled; Oil Free Centrifugal; R-134a and R-513A; 60 - 135 Tons (1000 Ton Arrays)

Cold Generator™ Model CICD
Water-cooled; Heat Recovery; 20-80 Ton (600 ton Arrays)

Modular Chillers

Manhattan™ Gen II
Air-Cooled and Water-cooled Heat Pump; Heat recovery and Free Cooling; 15 - 80 Tons (800 Ton Arrays)

SuperMod™
Air-Cooled and Water-Cooled; 20 - 40 Tons (400 Ton Arrays)

PolyTherm™
Water-Cooled; Simultaneous Heating and Cooling; 30 - 60 Tons (480 Ton Arrays)

Packaged Units

Impack®
Cooling, Gas/Electric, Heat Pump & Dual-Fuel; Multiple Efficiency Levels; Up to 16 SEER; 2 - 5 Tons

Foundation®
Cooling, Gas/Electric; Adapts to Competitors Roof Curbs; 3 - 5 Tons; 7.5 - 12.5 Tons; 15 - 25 Tons

Precedent® 17 Plus
Cooling & Gas/Electric; Up to 17.5 SEER; 3 - 5 Tons

Precedent® & Precedent® with eFlex™
Cooling, Gas/Electric, Heat Pump & Dual-Fuel; Multiple Efficiency Levels ; eFlex Variable Speed Compressor; Up to 23.5 SEER; 3 - 10 Tons

Voyager® 2 & Voyager 2 with eFlex
Cooling, Gas/Electric & Heat Pump; Multiple Efficiency Levels (Up to 20.1 IEER, 12.5 - 25 Tons), eFlex Variable Speed Compressor (12.5 - 17.5 Tons)

Zoned Rooftop Systems
Pre-designed for small building comfort; Includes Precedent or Voyager rooftop unit, VAV terminal units, Tracer® Concierge™ system control & Air-Fi® wireless controls & sensors; 3 - 25 Tons

Voyager 3
Cooling, Gas/Electric; eStage™ Multi-Staged Compressors; Full & part load efficiencies; Up to 14.7 IEER; 27.5 - 50 Tons

IntelliPak® I
Cooling, Gas/Electric, Hot Water, Steam; 20 - 130 Tons; Available with eFlex Variable Speed Compressor; 40 - 75 Tons

IntelliPak® II
Cooling, Gas/Electric, Hot Water, Steam; Air-Cooled and Evaporative Condenser; Available with eFlex Variable Speed Compressor; Tracer® SC+ controls; VariTrane™ VAV terminals; 90 - 162 Tons;

IntelliPak® 3
Cooling, Gas/Electric, Hot Water, Steam; 20 - 75 Tons; Avail. with eFlex Variable Speed Compressor; Available connectivity; Symbio controller; Up to 17.8 IEER

Self-Contained Units

IntelliPak® Modular Series
Split apart construction, easy transport & installation; Factory-installed digital controls; Up to 13.9 EER, 17.9 IEER; Water Cooled 20 - 35 Tons; Remote Air Cooled - 32 Tons

IntelliPak® Signature Series
Up to 14.1 EER, 19.3 IEER; Floor by floor system; Factory-installed digital controls; Air-Cooled 20-60 Tons; Water-cooled 20 - 110 Tons

Modular Self Contained System
Smallest Footprint on the Market; Water-Cooled System; Variable speed compressors and fans; Full and part load efficiencies; Industry-leading Part Load Efficiency - Up to 20.8 IEER; 40 - 80 Tons

Water-Source Heat Pumps

Axiom™ Standard Efficiency GEH/GEV Models
Horizontal (0.5 - 15T) or vertical (0.5 - 25T); Quiet operation; Multiple airflow configurations; 0.5 - 25 Tons

Axiom High Efficiency Single-Stage EXH/EXV Models
Horizontal or vertical; Electronically Commuted Motor (ECM); Rotary or scroll compressor; 0.5 - 6 Tons

Axiom High Efficiency Two-Stage DXH/DXV Models
Horizontal or vertical; 2-Stage compressor; Deluxe sound option for quiet operation; Meets LEED EAc4 requirement; 2 - 6 Tons

Axiom Variable Speed VSH/VSV Models
Horizontal or vertical; eFlex™ Variable Speed compressors and fans; Single and three phase voltage; 2 - 5 Tons

Axiom High Efficiency Console GEC Model
ASHRAE 62 indoor air quality compliant; Quiet operation; 0.5 - 1.5 Tons

Axiom Vertical Stack GET Model
Multiple capacities & cabinet sizes; Available in PSC or ECM motors; Flexible air supply options; Integrated controls; 0.75 - 3 Tons

Axiom Water-to-Water EXW Model
Co-axial heat exchanger; Rackable modular design; 5, 10, 20 Tons

Axiom Rooftop GWS Model
Boiler/Tower or Geothermal applications; Multiple configuration options; Microprocessor controls; 3 - 20 Tons

Air Handling Units

Performance Climate Changer® - Catalog
Indoor or Outdoor; Up to 15000 CFM; 2" R-13 Foam Insulated Panels; Factory-Engineered & Mounted Controls

Performance Climate Changer® - Semi-custom
Indoor or Outdoor; Up to 60000 CFM; ; up to +/-10.0 inches w.g.; 2", R-13 or 3", R-19; Foam Insulated Wall panels; Flexible Dimensions

Trane Custom Models TCFS & TCPA
Indoor & Outdoor; 1500 - 200,000 CFM; -12.0 to +12.0 inches w.g.; Thermal Performance with R-Values up to 25

Terminal Units

Compact Vertical Blower Coil Model BCCD
Indoor; 800-2000 CFM; ECM Motors, Factory-Engineered & Mounted Controls

Blower Coil Model BCHD/BCVD
Indoor; 400 - 3000 CFM; ECM motors; Factory-Engineered & Mounted Controls

CoolSense® Terminal Unit
Up to 1300 CFM; Variable speed ECM or constant-fan speed; Tracer® UC400 controller (available with Air-Fi wireless)

VariTrane® Model VC*F
Single Duct Variable Air Volume Boxes; 25 - 8000 CFM

VariTrane® Model VDDF
Dual Duct Variable Air Volume Boxes; 80 - 8000 CFM

© 2022 Trane. All rights reserved.

VariTrane® Model VF**
Fan-Powered Variable Air Volume Boxes; 200 - 3300 CFM; Parallel or Series Configuration

VariTrane® Model LF**
Low Height Fan-Powered Variable Air Volume Boxes; 100 - 1800 CFM; Parallel or Series Configuration

VariTrane® Model VRRF
Round Inlet/Round Outlet RetroFit Variable Air Volume Boxes; 25 - 4000 CFM

UniTrane® Model FC*B
Horizontal or Vertical Fan Coil; Cabinet, Recessed or Compact Configurations; 200 - 1200 CFM

UniTrane® Model FCV
Vertical High Rise Fan Coil Units Vertical stack fan coil; 300 - 1200 CFM

Force-Flo™ Model FF*B
Horizontal or Vertical Cabinet Heater; Concealed or Recessed Configurations; 200-1200 CFM

Model VUVE
Vertical Unit Ventilators; 750 - 1500 CFM

Model HUVC
Horizontal Unit Ventilators; 750 - 2000 CFM

Model UHS/UHP
Propeller Unit Heaters; Hydronic & Steam

Model UHWA/UHAA/UHRA/ UHXA/UHEC/UHCA
Electric Unit Heaters

Indoor Gas Heating Units
Unit Heaters & Duct Furnaces

Split Systems

Split Systems
Cooling & Heat Pump; Gas, Electric, or Hot Water Heat; 1.5 - 5 Tons

Odyssey™ with Symbio®
Symbio Connectivity & phone app; Full & part load efficiencies; Up to 13.1 IEER; 6 - 25 Tons

RAUJ
Air-Cooled Condensing Units; Available with Remote Chiller Evaporators; 20 - 120 Tons

CAUJ
Air-Cooled Condensers; 20 - 120 Tons

Dedicated Outdoor Air

Horizon® DOAS
DX Packaged (Air and Water Cooled)
- Low Dew Point capability
- ERV
- AHRI 920

Mixed Air Unit
- Brings in up to 100% fresh air
- ASHRAE 90.1 compliance
- Provides adequate dehumidification at full load conditions
- Double walled-insulation with insulated base ban

Make-Up Air Gas Heating Units

Model GSAA
Indoor Gas-Fired Make-Up Air Handlers; Standard & High Efficiency; 100 - 1200 MBH

Model GRAA
Outdoor Gas-Fired Make-Up Air Handlers; 100 - 1200 MBH

Model AHOA
Packaged Air Handlers; Cooling, Make-Up Air, & Ventilation

VFD

Trane TR150/TR200 Variable Frequency Drives; 6, 12, 18 Pulse

Engineered Systems

Controls and Equipment
- Comprehensive Chilled Water
- Central Geothermal
- Thermal Battery® Air-cooled Chiller Plant
- Thermal Battery® Cooling and Heating
- Intelligent Variable Air System
- Zoned Rooftop System
- Variable Refrigerant Flow
- CoolSense® Integrated Outdoor System

Energy Services

We partner with our clients to understand how energy impacts their business and sustainability goals. Leveraging deep expertise and cutting edge technology, we help optimize energy purchasing strategies, energy sourcing, energy storage, consumption, and overall network efficiency with validated results

IAQ Solutions

Today there are more ways than ever to manage and monitor indoor air quality, while keeping your goals for cost and sustainability in sight. Trane is a leader in indoor air quality. We can help you align with air quality guidelines set by the Centers for Disease Control using innovative technologies and proven solutions

Trane Building Services

Help reduce operating costs and extend the life of your equipment with planned maintenance from Trane.

Consulting Engineer Portal

Trane offers expert HVAC systems, solutions, and support for every stage of a building lifecycle, including quick links to design and analysis tools, education and training, BIM and CAD drawings, prepackaged solutions, and energy analysis tools.

Trane Rental Services

Water-Cooled Chillers, Air-Cooled Chillers, Temporary Power, Cooling Towers, Packaged A/C Units, Air Handlers, Portable A/C Units

Trane Creative Solutions

Customized Trane Equipment Modifications Including: Multizone Replacements, Water-Side Economizer Coils for Air-Cooled Chillers, Packaged Air-Cooled Ice Storage Systems, Acoustical Attenuation

PRODUCT INFORMATION MATRIX

- A matrix breaking out product information on all products, options, accessories such as product type, capacity range, standard warranty information, extended warranty information, estimated lead time/delivery time, etc.

1. HVAC Equipment and Products

Product Type		Trane Model	Link to Trane Website	Capacity Range	Standard Warranty Information	Extended Warranty Information	Est. Lead Time / Delivery Time, etc.
CHILLERS							
Air-cooled chillers	Air-Cooled Scroll Chillers	CGAM	Scroll Chiller Model CGAM (trane.com)	20 to 130 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant, Delayed Start-Up	Contact Trane Office
Air-cooled chillers	Series R Helical Rotary Chillers	RTAC	Series R® Helical Rotary Chiller Model RTAC (trane.com)	140 to 500 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant, Delayed Start-Up	Contact Trane Office
Air-cooled chillers	Sintesis Air-Cooled Chillers	RTAF	Sintesis® Air-Cooled Chillers (trane.com)	115 to 520 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Air-cooled chillers	Ascend Air-Cooled Chillers	ACS	Ascend™ Air-Cooled Chillers Model ACS (trane.com)	140 to 230 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Air-cooled chillers	Ascend Air-Cooled Chillers with Integrated Free Cooling	ACR	Ascend® ACR Chillers (trane.com)	150 to 550 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Air-cooled chillers	Air-Cooled Oil-Free Magnetic Bearing Chillers	TACA	Air-Cooled Oil-Free Magnetic Bearing Chillers (trane.com)	60 to 440 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Air-cooled chillers	Ascend Air-to-Water Heat Pump	ACX	Ascend® ACX Chillers (trane.com)	140 to 230 tons cooling; 1500 to 2500 MBh heating	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Air-cooled chillers	SuperMod	PACV	SuperMod chiller (trane.com)	10-60 to 960 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Air-cooled chillers	Manhattan Gen II	TPAC	Manhattan™ Gen II Modular Chillers (trane.com)	15 to 80 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Water-cooled chillers	Water-Cooled Oil-Free Magnetic Bearing Chillers by Arctic	ARTC	Water-Cooled Oil-Free Magnetic Bearing Chillers by Arctic (trane.com)	60 to 1500 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office

© 2022 Trane. All rights reserved.

Product Type		Trane Model	Link to Trane Website	Capacity Range	Standard Warranty Information	Extended Warranty Information	Est. Lead Time / Delivery Time, etc.
Water-cooled chillers	Water-Cooled Helical Rotary Chiller	RTUD, RTWD, RTHD	Water-Cooled Helical Rotary Chiller (trane.com)	80 to 450 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Water-cooled chillers	CenTraVac Water-Cooled Chiller	CVHE, CVHF, CVHH, CVHM, CDHG, CDHH, CDHF	CenTraVac Water-Cooled Chiller (trane.com)	120 to 4000+ tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Water-cooled chillers	Agility Centrifugal Water-Cooled Chiller	HDWA	Agility® Centrifugal Water-Cooled Chillers (trane.com)	175 to 425 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Water-cooled chillers	Thermafit™ MiniMod™	ACW	Trane Modular Chiller Model TACA	60 to 1000 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Water-cooled chillers	SuperMod	PWCV	SuperMod chiller (trane.com)	10-60 to 960 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Water-cooled chillers	PolyTherm	V30-V60	PolyTherm™ modular chiller (trane.com)	30 to 480 tons cooling; 450 to 7,200 Mbh heating	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Water-cooled chillers	Manhattan Gen II	TPWC	Manhattan™ Gen II Modular Chillers (trane.com)	15 to 80 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Compressor chillers	Cold Generator Scroll Chillers	CICD, CGWR, CCAR	Cold Generator Scroll Chillers (trane.com)	CCID 20 to 85 tons; CGWR/CCAR 20 to 75 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
UNITARY SYSTEMS THAT COMBINE HEATING, COOLING, AND FAN SECTIONS							
Rooftop systems	Impack - 14 SEER, 15 SEER, 16 SEER	4*CC4, 4* CY4; 4* CY5; 4* CZ6	Impack (trane.com)	2 to 5 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant, 2-10 Year Heat Exchanger Delayed Start-Up	Contact Trane Office
Rooftop systems	Foundation®	EBC, GBC	Foundation® (trane.com)	3 to 5 tons; 7.5 to 12.5 tons; 15 to 25 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant, 2-10 Year Heat Exchanger Delayed Start-Up	Contact Trane Office
Rooftop systems	Voyager® 2 & 3	T*D, T*H, Y*D, Y*H; TC,TE, YC	Voyager® Rooftop Units (trane.com)	12.5 to 25 tons; 27.5 to 50 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant, 2-10 Year Heat Exchanger Delayed Start-Up	Contact Trane Office

Product Type		Trane Model	Link to Trane Website	Capacity Range	Standard Warranty Information	Extended Warranty Information	Est. Lead Time / Delivery Time, etc.
Rooftop systems	Precedent®	TS*,YS*; TSJ,YSJ; WS*, DS*; TH*, YH*; WH*,DH*; TZ*, YZ*	Precedent® Rooftop Units (trane.com)	3 to 25 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant, 2-10 Year Heat Exchanger Delayed Start-Up	Contact Trane Office
Rooftop systems	IntelliPak®	S*HL, S*HK	IntelliPak (trane.com)	20 to 162 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant, 2-10 Year Heat Exchanger Delayed Start-Up	Contact Trane Office
Split systems	Smaller Split Systems	4TTA3, 4TTA4, 4TTA7, 4TTL6, 4TTR3, 4TTR4, 4TTR6, 4TTR7; 4YWA4, 4TWA7, 4TWL6, 4TWR5, 4TWR6, 4TWR4, 4TWR7; GAF2, GAM5, TAM6, EM4, TEM6	Split System Air Conditioners and Heat Pumps (trane.com)	1.5 to 5 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant, Delayed Start-Up	Contact Trane Office
Split systems	Gas Furnaces and coils	S8X1, S8X2, S9V2-PS, S9V2-VS, S9X1, S9X2, TDD2-9B, TUD2-9B, 4PXA-U, 4PXC-U/D, 4TXC-DS, 4TXF	Gas Furnaces and Indoor Coils (trane.com)	1.5 to 5 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant, Delayed Start-Up	Contact Trane Office
Split systems	Odyssey™	TTA, TWA, TWE	Odyssey™ Split Systems with Symbio Controls (trane.com)	6 to 25 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant, Delayed Start-Up	Contact Trane Office
Split systems	Large Split Systems	RAUJ, CAUJ	Large Commercial Condensers (RAUJ CAUJ) (trane.com)	20 to 120 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant, Delayed Start-Up	Contact Trane Office
Self-contained systems	Intellipak® Modular Series	SCW/R; SIW/R	Intellipak® Modular Series (trane.com)	20 to 35 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant, 2-10 Year Heat Exchanger Delayed Start-Up	Contact Trane Office
Self-contained systems	Modular Self Contained™	SCWM	Modular 40 to 80 Tons (trane.com)	40 to 80 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant, 2-10 Year Heat Exchanger Delayed Start-Up	Contact Trane Office
Self-contained systems	IntelliPak™ Signature Series	SC/I - W/R	Signature 20 to 110 Tons (trane.com)	20 to 110 tons WC, 25 to 60 tons AC	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant, 2-10 Year Heat Exchanger Delayed Start-Up	Contact Trane Office

Product Type		Trane Model	Link to Trane Website	Capacity Range	Standard Warranty Information	Extended Warranty Information	Est. Lead Time / Delivery Time, etc.
Water source heat pumps	Axiom™ High-Efficiency Console WSHP	GEC	Console WSHP (trane.com)	.5 to 1.5 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant, Delayed Start-Up	Contact Trane Office
Water source heat pumps	Axiom™ Horizontal and Vertical WSHP	EXHV/DXHV; VSHV; GEHV	Axiom™ Horizontal and Vertical Water Source Heat Pumps (trane.com)	.5 to 25 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant, Delayed Start-Up	Contact Trane Office
Water source heat pumps	Trane® Axiom™ Rooftop WSHP	GWS	Rooftop WSHP (trane.com)	3 to 20 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant, Delayed Start-Up	Contact Trane Office
Water source heat pumps	Axiom™ Vertical Stack WSHP	GET	Axiom™ Vertical Stack Water Source Heat Pump (trane.com)	.75 to 3 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant, Delayed Start-Up	Contact Trane Office
Water source heat pumps	Trane® Axiom™ Water-to-Water WSHP	EXW	Axiom Water-to-Water WSHP (trane.com)	5, 10 & 20 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant, Delayed Start-Up	Contact Trane Office
AIR HANDLING SYSTEMS							
Performance Air Handlers	Catalog Air Handlers	UCCA	Catalog Air Handlers | Industrial HVAC Heating and Cooling (trane.com)	3 thru 30	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor Delayed Start-up	Contact Trane Office
Performance Air Handlers	Semi-Custom Air Handlers	CSAA	Semi-Custom Air Handlers | HVAC Air Conditioning Units and Systems (trane.com)	3 thru 120	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor Delayed Start-up	Contact Trane Office
Performance Air Handlers	Custom Air Handlers	CSAA, PSCA, TCFS, TCPA	Custom Air Handlers | Industrial HVAC Cooling and Heating Systems (trane.com)	10,000 to 200,000+ CFM	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor Delayed Start-up	Contact Trane Office
Blower coil air handlers	Blower Coil Air Handlers	BCHD, BCVD, BCCD	Blower Coil Air Handlers | Terminal Devices, Blower Coils, Unit Heaters (trane.com)	400 to 3000 CFM	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor Delayed Start-up	Contact Trane Office
Make-up air gas heating systems	Indirect Fired Make-Up Air	GGAA/GZAA	Indirect FiredMake-Up Air Gas Heating System (trane.com)	100 to 1,200 Mbh	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-10 Year Heat Exchanger Delayed Start-up	Contact Trane Office
Air handler options	Motorized Impeller Fan Array	MI	Motorized Impeller Fan Array (trane.com)	Up to 15 Fans	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office
Air handler options	Sensible Assisted Membrane	SAM	Sensible Assisted Membrane (trane.com)	Customized Airflow	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office
Air cleaning options (IAQ)	Trane Catalytic Air Cleaning System	TCATS	Trane Catalytic Air Cleaning System	3 thru 120	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office

© 2022 Trane. All rights reserved.

Product Type		Trane Model	Link to Trane Website	Capacity Range	Standard Warranty Information	Extended Warranty Information	Est. Lead Time / Delivery Time, etc.
Air cleaning options (IAQ)	CDQ® Desiccant Dehumidification	CDQ	CDQ® Desiccant Dehumidification (trane.com)	3 thru 120	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office
TERMINAL DEVICES							
Unit heaters	High Efficiency Gas Heaters	HI-050 to 400	High Efficiency Gas Heaters (trane.com)	50 to 400 Mbh	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-10 Year Heat Exchanger, Delayed Startup	Contact Trane Office
Unit heaters	S & P Unit Heaters	UHSB, UHPB	S&P Unit Heaters (trane.com)	8 to 705.6 Mbh	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office
Unit heaters	Electric Unit Heaters	UHEC, UHXA, UHRA, UHWA, UHAA	Electric Unit Heaters (trane.com)	2 TO 100 Kw	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office
Unit heaters	Gas Unit Heaters	GRAA, GFAA, GSAA	Gas Unit Heaters (trane.com)	100 to 400 MBh	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-10 Year Heat Exchanger, Delayed Startup	Contact Trane Office
Unit heaters	Gas Unit Heaters	GT, GH, GA, GB, GK	Gas Unit Heaters (trane.com)	30 to 400 MBh	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-10 Year Heat Exchanger, Delayed Startup	Contact Trane Office
Unit heaters	Gas Unit Heaters	GLNE, GMNE, GNNE, GTNE, GUNE, GVNE	Gas Unit Heaters (trane.com)	30 to 400 MBh	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-10 Year Heat Exchanger, Delayed Startup	Contact Trane Office
Unit heaters	Gas Unit Heaters	GGAA	Gas Unit Heaters (trane.com)	100 to 800 MBh	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-10 Year Heat Exchanger, Delayed Startup	Contact Trane Office
Unit heaters	Gas Unit Heaters	AHAA/AHBA	Gas Unit Heaters (trane.com)	1500 to 14,000 CFM	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-10 Year Heat Exchanger, Delayed Startup	Contact Trane Office
Unit ventilators	Classroom Unit Ventilators	HUVC, VUVC	Classroom Unit Ventilators (trane.com)	750 to 2000 CFM - Horz. 750 to 1500 CFM Vert.	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office
Fan coil units	UniTrane® Fan Coil	FCAB, FCBB, FCCB, FCDB, FCEB, FCHB, FCJB, FCPB	UniTrane® Fan Coil	200 to 1200 CFM	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office
Fan coil units	Vertical High Rise Fan Coil	FCVA	Vertical High Rise Fan Coil (trane.com)	300 to 1200 CFM	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office
Fan coil units	Sensible Cooling Terminal Units	LDCF, LDEF, LDWF	Sensible-Cooling Terminal Devices | Terminal Device Solutions (trane.com)	4" to 8" Primary	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office

Product Type		Trane Model	Link to Trane Website	Capacity Range	Standard Warranty Information	Extended Warranty Information	Est. Lead Time / Delivery Time, etc.
Variable air volume	VariTrane® Round In Round Out	VRRF	VariTrane® Round In Round Out	0 to 4000 CFM	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office
Variable air volume	VariTrane® Single Duct Terminal Units	VCC, VCW, VCE, VDD	VariTrane® Single Duct Terminal Units	0 to 8000 CFM	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office
Variable air volume	VariTrane® Dual Duct Terminal Units	VCC, VCW, VCE, VDD	VariTrane® Dual Duct Terminal Units	0 to 4000 CFM	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office
Variable air volume	VariTrane® Fan Powered Terminal Units	VPCF, VPWF, VPEF, VSCF, VSWF, VSEF	VariTrane® Fan-Powered Terminal Units	0 to 3000 CFM	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office
Variable air volume	VariTrane® Low-Height Fan-Powered Terminal Units	LPCF, LPWF, LPEF, LSCF, LSWF, LSEF	VariTrane® Low-Height Fan-Powered Terminal Units	0 to 1950 CFM	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office
DUCTLESS VARIABLE REFRIGERANT VOLUME UNITS							
Variable Refrigerant Flow	N-Generation CITY MULTI® VRF						
Variable Refrigerant Flow	R2 Series	R2	N-Generation CITY MULTI® VRF (trane.com)	72 to 336MBh	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office
Variable Refrigerant Flow	Y Series	Y	N-Generation CITY MULTI® VRF (trane.com)	72 to 432 MBh	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office
Variable Refrigerant Flow	S Series	S	N-Generation CITY MULTI® VRF (trane.com)	36 to 48 MBh	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office
Variable Refrigerant Flow	Indoor Units	TPLFYP, TPMFYP, TPCFYP, TPKFYP, TPWFYP, TPEFYP, TPVFYP, TPFFYP	N-Generation CITY MULTI® VRF (trane.com)		12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office
Variable Refrigerant Flow	Horizon DOAS	OAB, OAD, OAG, OAK, OAN	N-Generation CITY MULTI® VRF (trane.com)	3 to 80 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office
Variable Refrigerant Flow	P Series	PUY, PUZ	P Series (trane.com)	12 to 42 MBh	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office
Variable Refrigerant Flow	Nv Series	NTYS, NTYM, NTXS, NTSM	Nv Series (trane.com)	6 to 60 MBh	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office

TECHNICAL INFORMATION

- All necessary technical information relating to operation of equipment and systems, along with list of spare parts recommended by manufacturers with part numbers needed to maintain and efficiently run the systems and equipment.

All necessary technical information relating to the operation of equipment and systems, along with a list of spare parts recommended by manufacturers with part numbers to maintain and efficiently run the systems and equipment **are furnished by product type per job**. We do not furnish parts lists anymore as it is now maintained electronically. In order to save valuable time and paper resources, we have chosen to provide a sample of how we provide this information to our customers. Additional information is provided via link in the Product Information Matrix.

d. Record Keeping and Processing System

d. Describe Bidder's record keeping and processing system for work performed.

ONLINE ACCESS TO RECORDS

- Bidder's ability to provide online access to records.

Trane's ComfortSite requires a login and password (provided to a customer by a local Trane Parts location) and provides free access to technical tools and information, literature, parts identification tools, online ordering and online warranty and credit request entry. Our parts identification tool has search options for model, serial, part, vendor part, description and more. Information returned includes parts lists, graphics, where used information, supersede information, literature, warranty information and sales order information. Literature and graphics can easily be printed or emailed, and parts lists exported to Excel. Customer pricing and availability is also in the tool, and items can be added to the cart with one click. Orders submitted online flow to the local Parts location for fulfillment. In addition to these options, ComfortSite also allows Owners the ability to manage local parts inventory, equipment replacement plans and schedule services.

EXPEDITING DELIVERY OF PRODUCT

- State any options for expediting delivery of product.

Trane's product order entry system, TOPPS, provides the ability of both emergency and rush orders. This system is unique in that it allows the flexibility of integrating the ERO (rush) orders into the standard order system without disruptions or excessive costs.

Operational Excellence (OpEx) is part of our Path to Premier Performance. It is a philosophy and collection of tools to drive out waste from our processes. While many aspects of Lean Manufacturing are involved in OpEx, the skillset also includes Six Sigma and other tools needed to solve both simple and complex problems that keep us from delivering premier performance to our customers, our shareholders, and our employees.

Quick Ship Option Trane Quick Ship option provides shorter delivery leads for time critical jobs such as replacement or "fast-track" jobs with tight construction cycles.

Ever had the need to have cooling equipment available in a quick time frame, either for a specific fast-track project, replacement, retrofit job or emergency breakdown? Trane has an extensive stock of air-

© 2022 Trane. All rights reserved.

cooled **Packed Stock Product** and water- cooled chillers, rooftops, ducted split systems to suit your needs for immediate delivery. Each factory carries stocked product that is available to ship within 24 hours. Stock is limited to common options, sizes, and configurations.

BACKORDER POLICY

- State backorder policy. Does Bidder fill or kill order and require Participating Public Agency to reorder if item is backordered?

Trane strives to provide on-time delivery for all orders placed. Occasionally the Company is unable to immediately fill an order. In these instances, the back- ordered items or materials are automatically scheduled and delivered once the fill- rate is complete. In most instances, the Participating Public Agency would not be required to re-order items and would automatically receive the items when available.

RESTOCKING PROCEDURES FOR RETURNS

- State restocking procedures for returning products, if applicable.

Returns must have prior written approval by Company and are subject to restocking charge where applicable.

SPECIAL PROGRAMS

- Describe any special programs offered that will improve customers' ability to access Products and Services, on-time delivery, or other innovative strategies.

Comfortsite

ComfortSite requires a login and password (provided to a customer by a local Trane Parts location) and provides free access to technical tools and information, literature, parts identification tools, online ordering and online warranty and credit request entry. Our parts identification tool has search options for model, serial, part, vendor part, description and more. Information returned includes parts lists, graphics, where used information, supersede information, literature, warranty information and sales order information. Literature and graphics can easily be printed or emailed, and parts lists exported to Excel. Customer pricing and availability is also in the tool, and items can be added to the cart with one click. Orders submitted online flow to the local Parts location for fulfillment. In addition to these options, Comfortsite also allows Owners the ability to manage local parts inventory, equipment replacement plans and schedule services.

TOPPS

Trane's product order entry system, TOPPS, provides the ability of both emergency and rush orders. This system is unique in that it allows the flexibility of integrating the ERO (rush) orders into the standard order system without disruptions or excessive costs.

Operational Excellence (OpEx) is part of our Path to Premier Performance. It is a philosophy and collection of tools to drive out waste from our processes. While many aspects of Lean Manufacturing are involved in OpEx, the skillset also includes Six Sigma and other tools needed to solve both simple and complex problems that keep us from delivering premier performance to our customers, our shareholders, and our employees.

Quick Ship Option Trane Quick Ship option provides shorter delivery leads for time critical jobs such as replacement or "fast-track" jobs with tight construction cycles.

Packed Stock Product Ever had the need to have cooling equipment available in a quick time frame, either for a specific fast-track project, replacement, retrofit job or emergency breakdown? Trane has an extensive stock of air-cooled and water- cooled chillers, rooftops, ducted split systems to suit your needs for immediate delivery. Each factory carries stocked product that is available to ship within 24 hours. Stock is limited to common options, sizes, and configurations.

TRANE'S CAPACITY TO BROADEN CONTRACT SCOPE

- Describe the capacity of Bidder to broaden the scope of the contract and keep the product and service offerings current and ensure the latest products, standards and technology for HVAC Products, Installation, Labor Based Solutions, and Related Products and Services.

Whenever a new product offering or service becomes available to the field, Trane will provide documentation for inclusion onto the HVAC Equipment and Services contract. This submission would include such information as suggested price discounting, market analysis, expected market penetration, related marketing materials for various vertical areas and technologies included. Once added the contract, Trane would market the additions thru internal eNewsletters, webinars, local seminars, and direct contact.

TRANE'S SAFETY POLICY

- Describe your Bidder's safety policy and/or program, including how the policy is communicated to employees, whether the employees are evaluated on safety, and if any employees are dedicated to safety.

Safety Program and OSHA Practices Trane's incident (OSHA) rates are consistently 67-86% below the industry average and our current Experience Modification Rate (EMR) is 0.61.

Safety Planning is woven into Trane's Construction/Installation Approach. An Environmental, Health and Safety (EH&S) Specialist is assigned to every project. This position is organizationally-independent and has the authority to stop work — or material in process — that does not meet quality installation and safety standards. The EH&S Specialist is responsible for standards (procedures, programs, and guidance) and compliance throughout all phases of project delivery.

The EH&S Specialist is involved in recurring review meetings to ensure unbiased assessments of the health of the project. The EH&S Specialist works with onsite personnel to monitor EH&S programs and ensure compliance with Trane's Safety program and Federal, state, and local regulatory requirements. He/she oversees that the site safety inspections, audits, site safety action register, reporting, and personnel safety training are accurate and up to date.

A wide range of safety training and resources are available to Trane technicians, including:

- Safety training — 20 hours per year
- Electrical safety — NFPA 70E compliant, electrical PPE
- Fall protection

© 2022 Trane. All rights reserved.

- Ergonomics
- Smith System Safe Driving Program
- USDOT compliance
- Refrigerant management training

Subcontractors are thoroughly pre-screened and qualified to fully vet their safety records and ratings, citation history for the last five years, OSHA (Occupational Safety and Health Administration) logs for the past three years, history of payment to vendors, financial viability, bonding capacity, proof of insurance, review of their company safety policy including employee commitment and involvement, worksite analysis, hazard control and training. Trane requires all subcontractors to hold **weekly safety meetings** to address any anticipated safety concerns or any outstanding safety issues that need to be addressed. Trane's safety department requires strict compliance with the company's safety policies and all OSHA requirements

QUALITY CONTROL

- Describe Bidder's quality control processes.

Trane leverages industry-leading systems including ISO, Lean-Six Sigma, UL, CE, and other internal/external quality standards to ensure top quality products are provided to customers. Quality policy and programs are coordinated by our corporate functions and completed on a by product line and site of manufactured basis. Specific policy can be reviewed by specific area when required. Incremental to these key programs that are reviewed monthly by leadership team members, Trane products also have utilized four (4) initiatives to provide cost saving areas for our customer: ICS: Integrated Control Systems. The controls that come with Trane products all offer an open computer control technology protocol. This allows a client to feel comfortable that with every Trane product that is purchased, their existing Building Automation System will be able to communicate or if there is not a Building Automation System in place, Trane can provide our BAS system at a packaged program price.; D.F.T.: Demand Flow Technology, a mathematically based business strategy that encompasses the entire Trane organization: marketing, sales, order entry, engineering manufacturing, suppliers, and finance. Demand Flow Technology manages every aspect of the product cycle from the time the product is ordered, until it is shipped. Its sophisticated procedures ensure that customers receive fast availability of a wide selection of Trane standard products as well as custom and modified ones.

Six Sigma

Trane has adopted Six-Sigma initiatives at all levels of the company to improve the processes managed by our business units. All employees in each manufacturing process are trained to QC manufacturing steps. Statistical samples of finished goods are routinely inspected to monitor product quality. Corporate keeps open dialogue with employees and distributors to monitor our quality of service and response.

Quality Guarantee

Trane provides a guarantee of performance based on testing conditions as specified in both ARI as well as ASHRAE. Trane then follows this performance with the industry's premier warranty and service

© 2022 Trane. All rights reserved.

support to ultimately provide the best value to the end users. Within the controls and automation teams, for example, Trane has adopted the mantra of "no bad jobs". This business mindset is prevalent throughout Trane, from the factory to the field sales offices.

Our engineers are committed to continuous improvement across all our product lines. They work tirelessly to increase energy efficiency and performance for all our systems, from light commercial to large, applied solutions. It's our depth of experience that makes Trane commercial systems the best in the business.

Our approach to each customer is unique in that we are interested in creating a customer for life rather than selling widgets. That ensures we set expectations with the customer and work to meet or exceed those expectations. Product warranties are in place to make sure the quality is met.

PROBLEM ESCALATION

- Describe Bidder's problem escalation process.

Trane has a strong reputation for customer satisfaction and strives to be a leader in this category, reinforced by eliciting customer feedback through customer satisfaction surveys, identifying root cause of problems, and working to solve problems with finality.

Operational Excellence (OpEx) is part of our Path to Premier Performance. It is a philosophy and collection of tools to drive out waste from our processes. While many aspects of Lean Manufacturing are involved in OpEx, the skillset also includes Six Sigma and other tools needed to solve both simple and complex problems that keep us from delivering premier performance to our customers, our shareholders, and our employees.

The process used to expedite a service call to a service repair quotation starts with the initial service request. The Call Center time and date stamps each service call entry as well as informing the project manager, assigned to the account, of the service request. Once the technician is on the job and has identified the problem, he contacts the project manager and explains the problem and the recommended solution. Our project manager will then contact the customer's representative with the verbal repair quotation, estimated time for repair and request for approval. If the repair can be made at the time the technician is at the jobsite, he will be informed to perform the repair; if not, the project manager will inform the customer's representative with the scheduled repair date. All the project managers carry cell phones and are easily reached any time of the day or night. As an added means of assuring customer satisfaction, the communication center will call each customer location after each scheduled maintenance and quoted repair service. The results of this satisfaction survey are electronically returned to the Trane Project Manager and if further actions are required, they will be immediately addressed. The results are compiled and submitted for the customer's review on a predetermined time frame.

After Hours

The after-hours call center has an escalation process should the primary on-call technician not acknowledge the first call within 15 minutes. If the secondary technician fails to respond in 15 minutes, the area service manager is that contacted. During normal business hours, the service dispatcher will initially assess the call priority. The customer has the option to engage with the service manager if they have issues, concerns or questions with the call response or repairs(s) performed.

© 2022 Trane. All rights reserved.

CUSTOMER COMPLAINTS

- Describe how customer complaints are measured and categorized. What processes are in place to know that a problem has been resolved?

Customer Satisfaction Survey

Trane has a strong reputation for customer satisfaction and strives to be a leader in this category, reinforced by eliciting customer feedback through customer satisfaction surveys, identifying root cause of problems, and working to solve problems with finality.

Key Drivers for Fulfillment / Project Management:

- Functionality of the equipment/systems installed on the job
- Follow-up and follow through on commitments
- Labor resources assigned to the job
- Communication of schedule status
- Resolving issues as they come up

Key Drivers for Sales/Account Management:

- Level in expertise in developing solutions
- Responsiveness of account managers to questions and inquiries
- Time it took to provide a quote that met project requirements

A four-day Customer Satisfaction Training is delivered over 12 months to all offices. Below you will see the full training schedule:

Day 1

- Management Engagement
- Module 1: Understanding Expectations
- Module 2: Speak the Language of Excellence in Service

Day 2

- Module 3: Become a Master Communicator
- Module 4: Listening for Service Opportunities
- Module 5: The Power of a Good Question

Day 3

- Module 6: Dealing with Problems, Complaints and Concerns
- Module 7: Dealing with that Difficult Person
- Module 8: Restore and Rebuild Broken Relationships

Day 4

- Module 9: Communicating Under Pressure – How to be Calm and Effective
- Module 10: How to be a Customer Service Superstar
- Module 11: Achieve Customer Loyalty and Advocacy

© 2022 Trane. All rights reserved.

These surveys are analyzed, scored, and reviewed monthly. Low scores are immediately handled by Contracting Leaders. Area Service Managers are provided a score and trend quarterly. Low scores are immediately handled by the Service Manager. All employees have metrics in place to measure their role in customer satisfaction as well. District scores are published within the company, breeding a friendly-competition and best practice sharing for continuous improvement.

POST-INSTALLATION SUPPORT

- Describe Bidder's post-installation support and warranty specifics. Include both product and installation warranty information.

Optimizing HVAC System

To help you ensure that the customer's new system is properly installed and operating at maximum efficiency during the critical first years of operations, Trane B*uilding Services provides startup services with comprehensive HVAC Startup Services and HVAC warranty service agreements.*

HVAC Warranty Service Agreements

Trane provides a variety of extended warranties to allow customers another opportunity to manage their ongoing costs of operations. The nature of Trane HVAC equipment, and truly any mechanical equipment, means that it requires service as it operates. While they receive a standard parts warranty as the original purchaser, our extended warranties help them project their costs and protect their business against increases in material and/or labor costs.

Operating and Maintaining Building

Trane offers HVAC unit repair services that assure continued efficient operation of equipment. Trane can also provide proactive HVAC service plans with scheduled service, select service, and extended warranties to help reduce unplanned repair expenses and to reduce the risk of catastrophic system failure.

Upgrade and Improve Existing System

Compressor and control renewal options offered by Trane Building Services can help bring older chiller systems up to current standards. You can also upgrade chillers with the latest Trane HVAC upgrades. Add value to buildings by addressing energy management, environmental impact, compliance issues, and building lifetime planning through commercial HVAC contracting services and solutions. For temporary or special occasion cooling needs, Trane Building Services provides temporary chillers and rental options. We can also set up cooling contingency plans as part of an overall emergency preparedness plans for scheduled or emergency outages in buildings.

Building Services Commitment

The service professionals of Trane Building Services are committed to ensuring the equipment functions at its highest level of efficiency. With over a century of experience in the industry, Trane Building Services has a clear understanding of how facility management needs change as business and as technology changes. You can always trust Trane Building Services to deliver on promises and provide the highest level of industry knowledge and service for the government entities' equipment.

First year parts and labor warranty support is offered by the Trane service group on Centrifugal chillers and water-cooled Rotary Chillers. All other equipment has a one-year parts warranty (unless extended warranties are purchased) and a labor warranty by Trane as part of the standard contract terms with U.S. Communities. Optional extended parts and labor warranties are offered and must be purchased prior to the units being started.

A customer will receive a standard 12/18 warranty on new equipment (basically a parts only warranty). Government entities can buy two different types of warranties thru Trane after the equipment has been shipped:

Option 1: Extended Service Warranty

- Warranty: All parts and labor warranty from Trane factory.
- Requirements: Trane Affiliated Service Company must do a minimum of four inspections.
- Eligible equipment: Trane equ*ipment that is still at least 2 months within standard 12/18 warranty with no major failures. Warranty must be purchased within 6 months of startup but not later than 16 months from shipment*
- Labor (and refrigerant) warranties must be purchased prior to i*nitial unit startup*

Option 2: Extended Service Warranty- Expanded

- Warranty: Parts warranty from Trane factory and Labor warranty from Trane Affiliated
- Service Company (good for the 2nd-5th year or 6th-10th year extended warranties).
- Requirements: Trane Affiliated Service Company must do a minimum of six inspections.
- Eligible equipment: Trane equipment that is either just out of the standard 12/18-month warranty OR will soon be out of an extended warranty (for example 2nd-5th year extended parts warranty). Warranty must be purchased within 6 months of startup but not later than 16 months from shipment
- Labor (and refrigerant) warranties must be purchased prior to initial unit startup
- After we complete the upgrades and construction for a Turnkey Contracting Services project, Trane will deliver the documentation needed to keep the investment working properly. We will provide one preliminary copy of as-built drawings—floor plans showing the actual building layouts—and an advance copy of the Operations & Maintenance (O&M) manual. Once these deliverables are reviewed and approved, Trane will submit two copies of final O&M documents, including:
  - As-built system or installation drawings (or both)
  - Equipment submittals
  - Service and maintenance procedure *manuals*
  - User and technical manu*als*

O&M Summary

Trane eliminates confusion and complexity about who is responsible for maintenance, repair which rest with the customer. As a large global company, we have the leverage to keep costs down for replacement parts—our own and those of other manufacturers. Our integrated approach means that

© 2022 Trane. All rights reserved.

Trane engineers and technicians are trained to work with many brands of equipment, and our extensive network ensures that we have resources close to your building.

At the same time, we have local expertise throughout the country – people who understand the climate, economy, utilities and issues your organization faces. They are your most valuable advisors.

Long-Term Operations and Maintenance Support

Upgraded building systems are meant to save money on energy and cost less to maintain for many, many years. Trane stands by customers to help keep systems working at top efficiency, reduce the chances of equipment failure, and give facilities management the expertise to reach new levels of efficiency. Trane offers a variety of ongoing support opportunities, including training in the optimal operation of HVAC systems. Trane can also provide remote systems monitoring and performance reporting.

DEFECTIVE PRODCTS

- Describe the process for replacement or repair of defective products and warranty related issues.

Process Steps For Replacement / Repair Of Defective Products & Warranty Related Issues

1. Determine if the problem is a unit or system problem.
2. If a unit problem, determine level of urgency—nonfunctioning, intermittent, etc.,
3. Parts or parts with labor?
4. Work with local office to schedule repair. We will ship all U.S. Communities projects with 1st year parts and labor warranties.

Parts and Labor Warranty. Parts Warranty – 12/18

- Trane new equipment warranty terms call for the replacement of defective parts discovered within 12 months of initial start-up or 18 months from date of shipment (12/18 terms), whichever is less.
- Extended parts warranties are also available

Trane Standard Warranty – 12/18

- Standard warranty states that our products will be free from defects in material and workmanship and have the capacities and ratings set forth in the submitted literature, provided that no warranty is made against corrosion, erosion, or deterioration.
- Same 12/18 terms as above

Quick Ship Option

Trane Quick Ship option provides shorter delivery leads for time critical jobs such as replacement or "fast-track" jobs with tight construction cycles.

UNIT REPAIR VS. UNIT REPLACEMENT

- Describe how Bidder evaluates and determines unit repair versus unit replacement.

Unit repair versus unit replacement is primarily based in pre-established warranties mutually agreed upon within the contract. One year from date of purchase is standard, additional extended warranties are available for purchase.

The following HVAC extended warranties are available for purchase before the ship date of the applicable equipment to give you added peace of mind:

Types of Extended Warranties

An extended Trane warranty is available for purchase before the ship date of the equipment.

- **Delayed Start-Up**: When start-up of new equipment will be delayed beyond six months after shipment, the delayed start-up warranty will postpone the commencement date of the first-year part warranty.
- **Whole Unit Parts Warranty**: The extended whole unit parts warranty begins at the expiration of the standard warranty. And like the standard warranty, the whole unit parts warranty will replace any covered part that is found to be defective in material or manufacture.
- **Compressor Warranty**: In the event a part in the compressor assembly of a Trane unit or a part in the motor/compressor assembly of a Trane centrifugal chiller covered by this warranty is found to be defective, this warranty will provide for a replacement compressor or part (at the discretion of Trane).
- **Labor Warranty**: When a part covered under warranty is found to be defective, the labor warranty will provide for labor to install the replacement part. Note that 'compressor only' labor warranty covers labor to replace applicable parts on that assembly only. Only a Trane commercial warranty agent may perform warranted repairs under the labor warranty.
- **Refrigerant Warranty**: The refrigerant warranty will provide for replacement refrigerant to restore a unit to the proper refrigerant charge if a warranted part on the Trane unit is found to be defective.
- **Low Voltage Controls Parts Warranty**: The low voltage controls parts warranty is offered on CSAA air handlers ordered with a Pre-Packaged Solution (PPS). The parts warranty begins at the expiration of the standard warranty and covers the low voltage controls components included in the PPS which are found to be defective in material or manufacture.
- **Low Voltage Controls Labor Warranty**: The low voltage controls labor warranty is offered on CSAA air handlers ordered with a Pre-Packaged Solution (PPS). This warranty covers labor to repair/replace low voltage controls components included in the PPS option only. When a part covered under warranty fails, this warranty will provide labor to repair/replace the covered component. Only a Trane commercial warranty agent may perform warranted repairs under the labor warranty.

INVOLVEMENT OF OTHER COMPANIES

- Identify all other companies that may be involved in processing, handling, shipping, products and/or services.

Trane utilizes multiple carriers/modes across North America (and beyond) in the process of moving product from our plants and warehouses/distribution centers to our customers. We partner with carriers who meet our requirements and/or industry standards for quality and service performance. Carrier specifics vary by mode, origin/destination points and customer requirements.

DISTRIBUTION FACILITIES

- Provide the number, size and location of Bidder's distribution facilities, warehouses, and retail network as applicable.

Trane has 6 express warehouses, 2 Global parts warehouses, 11 plant sites, 25 retail parts centers, and 205 parts/supply facilities.

ORDER INFORMATION

- Provide order information to include available ordering methods and available payment terms.

Trane offices utilize a myriad of systems with which to conduct and manage the businesses. For commercial equipment, services, installations, energy services, etc., the offices utilize Sales Force for initial data entry and tracking. The information is then transferred into other online systems, depending on the project type.

Equipment projects begin with online selection tools that define unit capacity based on jobsite conditions. These tools also define the electrical requirements, weights, unit sizes and such. Once each unit is selected, the system then transfers these selections to online pricing tools and ultimately, to the manufacturing plants themselves for fabrication. Trane has many manufacturing plants located throughout North America. The type of equipment determines which plant will be used for fabrication as well as the necessary materials required, manufacturing timelines, labor resources, etc. Once the fabrication is complete, all items for a particular project are consolidated for shipment and ultimate delivery to the jobsite.

Service projects begin with an online estimating tool that helps define the necessary labor resources required to fulfil a specific task. Each task is the compiled into a complete job portfolio which then defines the ultimate size and scope of the service project. Service projects can vary in both size and complexity, involving a single or multiple technical resources as well as outside expertise.

Installation projects begin with an online estimating tool that will help define the overall project scope, necessary jobsite resources, materials necessary to fulfill a given scope of work, identified project risks, non-company labor trades required, etc. This tool will also help develop the overall project timeline, Gantt charting, material ordering points, etc.

Service repair parts are managed through an online system that determines product availability, stocking locations, unit pricing, stock replenishment points, etc. Service parts are available from local Trane commercial sales offices as well as several national parts stocking points. These retail outlets work with both the internal and external customers, such as agencies working through a Racine cooperative contract.

Most projects are extended net-30-day status for credit terms. Open terms are established based on the agency's credit worthiness and payment history. Agencies are encouraged to work with their assigned

© 2022 Trane. All rights reserved.

Trane account manager if other needs are required. Trane also offers pre-payment discount options should agencies wish to explore those project investment opportunities.

SUPPORT CENTERS

- Provide the number and location of support centers (if applicable).

Trane has 124 Project/Sales offices and 205 parts/supply facilities. Please note: some parts/supply facilities are located at the same address as project sales offices.

CUSTOMER SERVICE

- Describe Bidder's customer service department staffing levels, hours of operation and other relevant details.

Each office has its own 24/7/365 Emergency call number. Our goal is to answer each call within 30 seconds of receipt, 90% of the time. Our goal is to respond to all emergency calls within 4 hours or less.

ORDERING PROCESS

- Describe the process for ordering when supply of a unit and installation is involved, specifically addressing whether one purchase order is required for the entire project, or if separate purchase orders are required for ordering the product and securing installation services.

We prefer a single purchase order but will accept multiple purchase orders.

The process for receiving a PO is based upon a request (equipment, contracting, service) by a customer, an account manager will research the desired outcome from a systems perspective, suggest a solution and possible alternatives, and include a pricing scenario within a Trane proposal. Should the customer accept and sign the proposal, the order is entered and submitted to Financial Services for credit approval.

Alternatively, if the customer submits its contract/PO, utilizing pricing information provided by an account manager, an order is entered, any attached terms and conditions are reviewed by the Contract Management Department, and submitted to Financial Services for credit approval.

ORDER MANAGEMENT

- Describe Bidder's internal management system for processing orders from point of customer contact through delivery and billing. Please state if Bidder uses single system or platform for all phases of ordering, processing, delivery, and billing.

Trane uses an Oracle-based platform for all phases of ordering, processing, delivery, and billing.

REPORTING

- Describe the capacity of Bidder to provide management reports, i.e., commodity histories, procurement card histories, green spend, etc. for each Participating Public Agency.

Trane can provide account procurement history including project type, dollars spent, purchase frequency and payment type. Trane does not have the ability of providing a "green spend" report format unless the project is identified as LEED during the purchase or construction phase.

© 2022 Trane. All rights reserved.

E. Bid Form Criteria

All pricing submitted using the Bid Form (Attachment C) or a document using the same requested information in the same format.

Trane response includes a product list price discount schedule identified by unit product code. Each product either manufactured or represented by Trane is identified by a unique product code and associated list price discount. Trane does not publish a "list price book" for Commercial HVAC products since product list price is project specific and is determined by unit type, size, electrical requirements, options, and warranty options. Trane's response also includes hourly labor rates, by trade type and geographic location. In addition:

- Trane will be responsible for compliance with any federal, state, or local prevailing wage laws.
- Trane's discount schedule will remain fixed for the duration of the contract, except for product obsoletion or new product introduction. Trane will request the addition of new products and services to the lead agency through a formal request, as opportunities present themselves.

ADDENDUM 1
INVITATION FOR BID
IFB #RC2022-1001
HVAC PRODUCTS, INSTALLATION, LABOR BASED SOLUTIONS, AND RELATED PRODUCTS AND SERVICES

This Addendum has been prepared by:
Racine County
Duane McKinney
Date: Wednesday July 6, 2022

To the Bidder of Record:

This Addendum is issued as stated in the original Invitation for Bid on page 2 in section B. to address questions received from Bidders in writing requesting clarification from Racine County on the specifications provided for the above subject bid and to correct an item in the solicitation. Acknowledge receipt of this addendum by entering the Addendum number and issue date on the space provided below.

Clarification

1. There is a modification included in this Addendum to correct a sentence located under Section B. Term. See below for details.

Questions and Answers

1. Question:
   Attachment D – National Cooperative Contract states "The following documents are used in reviewing and administering national cooperative contracts and are included for Supplier's review and bid." Page 12 states: "The Successful Bidder(s) will be required to sign Attachment D – National Cooperative Contract to be Administered by OMNIA Partners, Exhibit B – Administration Agreement. Contractors should have any reviews required to sign the document prior to submitting a response." Please confirm that the following documents are for Successful Bidder(s) and do not need be executed/signed and included with this proposal response:
   - Exhibit B – Administration Agreement, Example
   - Exhibit C – Master Intergovernmental Cooperative Purchasing Agreement, Example
   - Exhibit D – Principal Procurement Agency Certificate, Example
   - Exhibit E – Contract Sales Reporting Template
   - Exhibit F – Federal Funds Certifications

- Exhibit G – New Jersey Business Compliance

Exhibit H – Advertising Compliance Requirement

Answer: The following documents are informational only:

- *Exhibit C – Master Intergovernmental Cooperative Purchasing Agreement, Example*
- *Exhibit D – Principal Procurement Agency Certificate, Example*
- *Exhibit E – Contract Sales Reporting Template*
- *Exhibit H – Advertising Compliance Requirement*

The documents below are to be completed by the Successful Bidder(s). While the documents below do not need to be submitted as part of the Bidder's initial response, it may quicken the award process if they are included:

- *Exhibit B – Administration Agreement, Example*
- *Exhibit F – Federal Funds Certifications*
- *Exhibit G – New Jersey Business Compliance*

2. Question:
Please confirm that there is no specific Value Add requirement and no scoring associated with Value Add.

Answer: There is no specific Value Add requirement and no scoring associated with Value Add products and/or services.

3. Question:
Please confirm if "G.ADDITIONAL DATA WITH BID, Bidders may include any additional information deemed advantageous to Racine County" should be submitted within the main body of the Complete Bid Package or if this information needs to be submitted under separate cover in the Value Add area on Demand Star

Answer: Yes, Bidders may include any additional information deemed advantageous to Racine County with their bid. This can be submitted either within the main body of the Complete Bid Package or as a separate cover/area in Demand Star.

4. Question:
Please provide clarification on the Supplemental Documents/Added Value upload area and if there is any scoring associated with a separate Added Value.

Answer: See Answers to Questions 2 and 3 above. There is no separate scoring associated with Added Value products and/or services.

<u>Modification</u>

1. Page 13 - Remove the first sentence of Section B. Term and replace with the following:

The term of the Master Agreement will be for five (5) years following the contract award date with the option to renew for one (1) additional five (5) year period.

The rest of this section shall remain.

This Addendum is three (3) pages in its entirety with no additional attachments.

Please sign, date and attach a copy of this Addendum to your bid.

Firm: **Trane U.S. Inc.**

Signature: _____

Date: **July 8, 2022**

Appendix 2

Exhibit A, Response for National Cooperative Contract

Exhibit A
Response for National Cooperative Contract

1.0 Scope of National Cooperative Contract

Capitalized terms not otherwise defined herein shall have the meanings given to them in the Master Agreement or in the Administration Agreement between Vendor (sometimes referred to as 'Supplier') and OMNIA Partners.

1.1 Requirement

Racine County, Wisconsin (hereinafter defined and referred to as "Principal Procurement Agency"), on behalf of itself and the National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector ("OMNIA Partners"), is requesting bids for HVAC Products, Installation, Labor Based Solutions, and Related Products and Services. The intent of this Invitation for Bid is any contract between Principal Procurement Agency and Vendor resulting from this Invitation for Bid ("Master Agreement") be made available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through OMNIA Partners' cooperative purchasing program. The Principal Procurement Agency has executed a Principal Procurement Agency Certificate with OMNIA Partners, an example of which is included as Exhibit D, and has agreed to pursue the Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners as a Participating Public Agency in OMNIA Partners' cooperative purchasing program. Registration with OMNIA Partners as a Participating Public Agency is accomplished by Public Agencies entering into a Master Intergovernmental Cooperative Purchasing Agreement, an example of which is attached as Exhibit C, and by using the Master Agreement, any such Participating Public Agency agrees that it is registered with OMNIA Partners, whether pursuant to the terms of the Master Intergovernmental Purchasing Cooperative Agreement or as otherwise agreed to. The terms and pricing established in the resulting Master Agreement between the Vendor and the Principal Procurement Agency will be the same as that available to Participating Public Agencies through OMNIA Partners.

All transactions, purchase orders, invoices, payments etc., will occur directly between the Vendor and each Participating Public Agency individually, and neither OMNIA Partners, any Principal Procurement Agency nor any Participating Public Agency, including their respective agents, directors, employees or representatives, shall be liable to Vendor for any acts, liabilities, damages, etc., incurred by any other Participating Public Agency. Vendor is responsible for knowing the tax laws in each

state.

This Exhibit A defines the expectations for qualifying Vendors based on OMNIA Partners' requirements to market the resulting Master Agreement nationally to Public Agencies. Each section in this Exhibit A refers to the capabilities, requirements, obligations, and prohibitions of competing Vendors on a national level in order to serve Participating Public Agencies through OMNIA Partners.

These requirements are incorporated into and are considered an integral part of this IFB. OMNIA Partners reserves the right to determine whether to make the Master Agreement awarded by the Principal Procurement Agency available to Participating Public Agencies, in its sole and absolute discretion, and any party submitting a response to this IFB acknowledges that any award by the Principal Procurement Agency does not obligate OMNIA Partners to make the Master Agreement available to Participating Procurement Agencies.

1.2 Marketing, Sales and Administrative Support

During the term of the Master Agreement OMNIA Partners intends to provide marketing, sales, partnership development and administrative support for Vendor pursuant to this section that directly promotes the Vendor's products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis.

OMNIA Partners will assign the Vendor a Director of Partner Development who will serve as the main point of contact for the Vendor and will be responsible for managing the overall relationship between the Vendor and OMNIA Partners. The Director of Partner Development will work with the Vendor to develop a comprehensive strategy to promote the Master Agreement and will connect the Vendor with appropriate stakeholders within OMNIA Partners including, Sales, Marketing, Contracting, Training, and Operations & Support.

The OMNIA Partners marketing team will work in conjunction with Vendor to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through channels that may include:

A. Marketing collateral (print, electronic, email, presentations)

B. Website

C. Trade shows/conferences/meetings

D. Advertising

E. Social Media

The OMNIA Partners sales teams will work in conjunction with Vendor to promote the Master Agreement to both existing Participating Public Agencies and

prospective Public Agencies through initiatives that may include:

A. Individual sales calls
B. Joint sales calls
C. Communications/customer service
D. Training sessions for Public Agency teams
E. Training sessions for Vendor teams

The OMNIA Partners contracting teams will work in conjunction with Vendor to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through:

A. Serving as the subject matter expert for questions regarding joint powers authority and state statutes and regulations for cooperative purchasing
B. Training sessions for Public Agency teams
C. Training sessions for Vendor teams
D. Regular business reviews to monitor program success
E. General contract administration

~~Vendors are required to pay an Administrative Fee of 3% of the greater of the Contract Sales under the Master Agreement and Guaranteed Contract Sales under this Invitation for Bid. Vendor will be required to execute the OMNIA Partners Administration Agreement (Exhibit B).~~

Trane has demonstrated its ability to deliver significant growth with a 2% administration fee and feels an increase will result in loss of business to other, lowered fee cooperative contracts.

1.3 Estimated Volume

The dollar volume purchased under the Master Agreement is estimated to be approximately $500M annually. While no minimum volume is guaranteed to Vendor, the estimated annual volume is projected based on the current annual volumes among the Principal Procurement Agency, other Participating Public Agencies that are anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between Vendor and OMNIA Partners.

1.4 Award Basis

The basis of any contract award resulting from this IFB made by Principal Procurement Agency will, at OMNIA Partners' option, be the basis of award on a

national level through OMNIA Partners. If multiple Vendors are awarded by Principal Procurement Agency under the Master Agreement, those same Vendors will be required to extend the Master Agreement to Participating Public Agencies through OMNIA Partners. Utilization of the Master Agreement by Participating Public Agencies will be at the discretion of the individual Participating Public Agency. Certain terms of the Master Agreement specifically applicable to the Principal Procurement Agency (e.g., governing law) are subject to modification for each Participating Public Agency as Vendor and such Participating Public Agency may agree without being in conflict with the Master Agreement as a condition of the Participating Agency's purchase and not a modification of the Master Agreement applicable to all Participating Agencies. Participating Agencies may request to enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in the Master Agreement (e.g., governing law, invoice requirements, order requirements, specialized delivery, diversity requirements such as minority and woman owned businesses, historically underutilized business, etc.) ("Supplemental Agreement"). It shall be the responsibility of the Vendor to comply, when applicable, with the prevailing wage legislation in effect in the jurisdiction of the Participating Agency. It shall further be the responsibility of the Vendor to monitor the prevailing wage rates as established by the appropriate department of labor for any increase in rates during the term of the Master Agreement and adjust wage rates accordingly. In instances where supplemental terms and conditions create additional risk and cost for Vendor, Vendor and Participating Public Agency may negotiate additional pricing above and beyond the stated contract not-to-exceed pricing so long as the added price is commensurate with the additional cost incurred by the Vendor. Any supplemental agreement developed as a result of the Master Agreement is exclusively between the Participating Agency and the Vendor (Contract Sales are reported to OMNIA Partners).

All signed Supplemental Agreements and purchase orders issued and accepted by the Vendor may survive expiration or termination of the Master Agreement. Participating Agencies' purchase orders may exceed the term of the Master Agreement if the purchase order is issued prior to the expiration of the Master Agreement. Vendor is responsible for reporting all sales and paying the applicable Administrative Fee for sales that use the Master Agreement as the basis for the purchase order, even though Master Agreement may have expired.

1.5 Objectives of Cooperative Program

This IFB is intended to achieve the following objectives regarding availability through OMNIA Partners' cooperative program:

A. Provide a comprehensive competitively solicited and awarded national agreement offering the Products covered by this solicitation to Participating

Public Agencies;

B. Establish the Master Agreement as the Vendor's primary go to market strategy to Public Agencies nationwide;

C. Achieve cost savings for Vendor and Public Agencies through a single solicitation process that will reduce the Vendor's need to respond to multiple solicitations and Public Agencies need to conduct their own solicitation process;

D. Combine the aggregate purchasing volumes of Participating Public Agencies to achieve cost effective pricing.

2.0 REPRESENTATIONS AND COVENANTS

As a condition to Vendor entering into the Master Agreement, which would be available to all Public Agencies, Vendor must make certain representations, warranties and covenants to both the Principal Procurement Agency and OMNIA Partners designed to ensure the success of the Master Agreement for all Participating Public Agencies as well as the Vendor.

2.1 Corporate Commitment

Vendor commits that (1) the Master Agreement has received all necessary corporate authorizations and support of the Vendor's executive management, (2) the Master Agreement is Vendor's primary "go to market" strategy for Public Agencies, (3) the Master Agreement will be promoted to all Public Agencies, including any existing customers, and Vendor will transition existing customers, upon their request, to the Master Agreement, and (4) that the Vendor has read and agrees to the terms and conditions of the Administration Agreement with OMNIA Partners and will execute such agreement concurrent with and as a condition of its execution of the Master Agreement with the Principal Procurement Agency. Vendor will identify an executive corporate sponsor and a separate national account manager within the IFB response that will be responsible for the overall management of the Master Agreement.

2.2 Pricing Commitment

Vendor commits the not-to-exceed pricing provided under the Master Agreement pricing is its lowest available (net to buyer) to Public Agencies nationwide and further commits that if a Participating Public Agency is eligible for lower pricing through a national, state, regional or local or cooperative contract, the Vendor will match such lower pricing to that Participating Public Agency under the Master Agreement.

2.3 Sales Commitment

Vendor commits to aggressively market the Master Agreement as its go to market strategy in this defined sector and that its sales force will be trained, engaged and committed to offering the Master Agreement to Public Agencies through OMNIA Partners nationwide. Vendor commits that all Master Agreement sales will be accurately and timely reported to OMNIA Partners in accordance with the OMNIA Partners Administration Agreement. Vendor also commits its sales force will be compensated, including sales incentives, for sales to Public Agencies under the Master Agreement in a consistent or better manner compared to sales to Public Agencies if the Vendor were not awarded the Master Agreement.

3.0 VENDOR BID

Vendor must supply the following information for the Principal Procurement Agency to determine if Vendor is qualified and responsible to extend the resulting Master Agreement to Participating Public Agencies through OMNIA Partners.

3.1 Company

A. Brief history and description of Vendor to include experience providing similar products and services.

Trane U.S. Inc. (Trane), a wholly owned subsidiary of Trane Technologies (NYSE: TT), provides systems and services that enhance and leverage the infrastructure of our clients to provide quality, comfort, strong financial impacts, and sustainable outcomes of buildings around the world. Trane's 100-year history as a trusted provider of superior products and services has resulted in a global network of project offices and service/parts locations.

Trane began in 1885 as a family plumbing business in La Crosse, Wisconsin and became the Trane Company in 1913. Over the next hundred years, Trane established its position as a pioneer in climate control. In 1931, the company patented its first air conditioner. Seven years later, Trane launched Turbovac, a new type of water chiller that fundamentally altered the industry's approach to large-building air conditioning systems. These early innovations paved the way for Trane's industry-leading commercial air conditioner, CenTraVac™—the highest efficiency, lowest emissions, most reliable chiller on the market. Throughout the second half of the Twentieth century, Trane expanded its offerings to customers. With the acquisition of Sentinel Electronics in the late 1970s, and General Electric's Central Air Conditioning Division in 1982, Trane expanded both its residential and energy management offerings and entered the building automation system market. In 1984, American Standard Companies, Inc., acquired the Trane Company, and four years later, launched the American Standard Heating & Air Conditioning Brand. Throughout the 1990s and early 2000s, the U.S. Green Building Council's Leadership in Energy and Environmental Design (LEED®) building rating program grew—which

influenced building, system, and product design. In addition, control system integration and capabilities increased due to ASHRAE Standard requirements as well as the desire to reduce system energy use.

Trane became a qualified U.S. Department of Energy ESCO in 1999. Since that time, Trane has managed energy services performance contracting (ESPC) programs for federal government agencies, including the Department of Energy, Department of State, Navy, Army, Air Force, and the General Services Administration. Trane's Federal ESPC portfolio includes $641 million in DOE ESPC projects. In 2004, Trane became a NAESCO Accredited Energy Service Provider. By 2007, annual air conditioning sales and services topped $7.4 billion. Trane, Inc., became a public entity after American Standard Companies divested other portions of its business. In December 2007, it was announced that Trane would merge with Ingersoll Rand. The merger became final in June of 2008. System and product investment and introduction continued during this time as the company again responded to customer and standard requirements, as well as the impact of the sustainability movement. Trane's Renewable and Resilient Energy and Power Systems Team focused on developing Smart Grid, Solar Power, Wind Power, and Generator capabilities. In 2013, Trane launched a series of commercial products that reduce carbon emissions by 99.9%. After completing a successful Reverse Morris Trust Transaction with former parent company Ingersoll Rand in March 2020, Trane Technologies and is now listed on the New York Stock Exchange.

Trane's History with Cooperative Contracting

Trane has been participating in regional and national public sector cooperative purchasing contracts since 1998. Originally managed through the Hunton Trane office, the first contract was awarded from TCPN (Texas Cooperative Purchasing Network) and ESC Region 4 and lasted until 2002. At that time, Trane U.S. was awarded a second contract from TCPN and ESC Region 4. These contracts were awarded based on best value and included all the products and services available from the Company at that time. Beginning in 2005, Trane was awarded our third contract from TCPN (Contract R4668) and was in effect thru 2010. Beginning in 2010, Trane was awarded our fourth contract from TCPN (R5045) which ran a total of 7 years in duration. Finally, in 2015, Trane was given another contract under TCPN (R150502) which lasted until 2019. For over 20 years, Trane was a vendor in good standing with TCPN and provided exceptional value and services to agencies piggybacking onto the contracts.

In 2015, Trane also began a relations with Harford County Public Schools and U.S. Communities with the award of 15-JLP-023. This contract ran in parallel with the TCPN award but was deemed the primary contract for use in North America. This contract was applicable in all 50 states and pertained to both the Company owned and independent commercial franchise offices. This

contract was fully executed thru it's 7-year potential plus an additional 6 months. In this time, Trane has seen exceptional year over year growth, delivering value to agencies utilizing the contract.

Trane was also awarded and Energy Services Contract from the Port of Portland and U.S. Communities. This contract, #1153, was initially awarded in 2017 and will run through 2023. At that time, the Port of Portland has the option to extend this contract for an additional five-years. Under this contract, agencies have the ability to secure Energy Services or Performance Contracting from Trane, improving their facility operational costs and savings.

Trane has demonstrated our ability to perform in the public sector markets using public procurement contracts similar to this RFP. We are anxious to help agencies achieve the same results utilizing the contract under Racine County.

B. Total number and location of salespersons and/or project managers employed by Vendor to help support Participating Public Agencies. See table below.

C. Number and location of support centers (if applicable) and location of corporate office.
Trane's Corporate Office is located at 800-E Beaty Street, Davidson, NC 28036. See table below for support center numbers/locations.

Trane Region/ Franchise	Salespersons	Project Managers	Number of Support Centers	
			Project/Sales Offices	Trane Supply Stores

Seiberlich Trane Franchise, DE	11	10	3	1

D. Annual sales for the three previous fiscal years.

2019: $4.414B

2020: $4.408B

2021: $4.722B

a. Submit FEIN and Dunn & Bradstreet report.

Trane U.S. Inc. FEIN number is 25-0900465. A Dunn & Bradstreet report is provided as Attachment A.

E. Describe any green or environmental initiatives or policies. Trane's Gigaton challenge, LEED buildings, etc.

The Gigaton Challenge is Trane's commitment to eliminate one billion metric tons of CO2e from our customers' footprint by 2030. We lead by example and are committed to carbon-neutral operations and zero waste to landfills by 2030 and pledging to give back more water than used in water-stressed areas. Trane achieved our first set of science-based targets in 2018—two years early—and set bold new commitments for 2030. Our emissions reduction commitments align with the Paris Climate Accord net-zero targets consistent with limiting global temperature rise to no more than 1.5°C.

Energy Star Certification Trane's team includes a wide range of support services that help our customers project energy savings and sustainability successes. Our customers have access to Trane's internal resources for marketing, website development, living learning labs, energy accreditation programs, and grant or report preparation.

- **Marketing & Promotion of Energy Programs**: Trane has dedicated Public Relations resources to support our customer projects with press releases, media outreach, awards, and speaking engagements.
- **Application for an ENERGY STAR Label & LEED Certification**: Trane is actively involved with the Energy Star initiative and has helped customers achieve Energy Star status for their facilities. Trane also supports LEED initiatives and employs over 1,100 LEED Accredited Professionals companywide.
- **Calculation & Reporting of Emissions Reductions**: TRACE™ ® 700

software provides energy modeling of facilities, including an Environmental Impact Analysis designating CO2, SO2, and NOX impact on the environment. Active monitoring through TIS offerings will allow Trane to identify potential operational adjustments or new energy savings opportunities.

Trane's LEED Certified Facilities

Trane has been involved in hundreds of projects to help clients with LEED certification. Our corporate sustainability commitment has led us to LEED certification standards at several of our sites around the world.

- Trane San Antonio District Office, San Antonio, TX – LEED CI 2.0 (Silver)
- Trane Taicang Facility Building, Taicang, China – LEED NC 2.2 (Certified)
- Trane Taicang Office Building, Taicang, China – LEED NC 2.2 (Gold)
- Tozour Trane, King of Prussia, PA – LEED CI v2009 (Certified)
- Trane Arkansas Sales Suite, Little Rock, AR – LEED CI 2.0 (Certified)
- Trane 45 Earhart Drive, Buffalo, NY – LEED EB O&M (Certified)
- Trane St. Paul, St. Paul, MN – LEED EB O&M (Gold)

F. Describe any diversity programs or partners Vendor does business with and how Participating Agencies may use diverse partners through the Master Agreement. Indicate how, if at all, pricing changes when using the diversity program. If there are any diversity programs, provide a list of diversity alliances and a copy of their certifications.

Diversity is a business imperative at Trane and ingrained in our core values. Trane's corporate-level Supplier Diversity Program includes qualified diverse-owned businesses includes both large and small minority, woman, veteran, disabled, gay, lesbian, bisexual, and transgender owned businesses. At the local level, Trane has implemented a New England United (NEU) Diversity and Inclusion (D&I) network for Trane employees to participate in and help drive change in and outside of the company. All team members proposed for this project participate in these programs. Trane's M/WBE outreach efforts include:

- Contacting M/WBE small business trade associations/business development organizations and using the Small Business Administration's (SBA) website to identify potential partners
- Attending local, regional, and national small and minority business trade shows, Industry Days, and procurement conferences.
- Requesting sources from the System for Award Management (www.sam.gov) Dynamic Small Business Search.
- Documenting flow-down requirements to all subcontractors for small businesses utilization to maximize participation when practical
- Pledged commitment to inclusive sourcing through WEConnect International

G. Indicate if Vendor holds any of the below certifications in any classified areas and include proof of such certification in the response:

a. Minority Women Business Enterprise

☐ Yes ☒ No

If yes, list certifying agency: _____

b. Small Business Enterprise (SBE) or Disadvantaged Business Enterprise (DBE)

☐ Yes ☒ No

If yes, list certifying agency: _____

c. Historically Underutilized Business (HUB)

☐ Yes ☒ No

If yes, list certifying agency: _____

d. Historically Underutilized Business Zone Enterprise (HUBZone)

☐ Yes ☒ No

If yes, list certifying agency: _____

e. Other recognized diversity certificate holder

☐ Yes ☒ No

If yes, list certifying agency: _____

H. List any relationships with subcontractors or affiliates intended to be used when providing services and identify if subcontractors meet minority-owned standards. If any, list which certifications subcontractors hold and certifying agency.

Trane will work directly with public agencies, as required, to determine the diversity spend required for each purchase. Once established, Trane will partner with agency approved local sub-contractors and ensure diversity requirements are met. Trane will report diversity spend as required. At the project level, Trane does the following to promote Small Business Participation:

- Trane will break out contract work requirements into economically feasible units, as appropriate, to facilitate small business participation.
- Trane will conduct market research to identify subcontractors and suppliers through all reasonable means, such as performing online searches on the certified lists and holding pre-bid conferences.
- Trane will provide interested businesses with adequate and timely information about the plans, specifications, and requirements for performance of the prime contract to assist them in submitting a timely offer for the subcontract.
- Trane will direct businesses that need additional assistance to various state and county programs which assists in obtaining bonding, lines of credit, required insurance, necessary equipment, supplies, materials, or

services.

- Trane will solicit small business concerns as early in the acquisition process as practicable to allow them sufficient time to submit a timely offer for the subcontract.
- Trane will utilize the available services of small business associations; local, state, and federal small business assistance offices, and other organizations to encourage small business entities to certify and register with the state and local governments.
- Trane will participate in the formal mentor-protégé program with one or more small business protégés that results in developmental assistance to the protégé(s).
- Trane will advertise subcontracting opportunities in local newspapers.
- Trane will advertise subcontracting opportunities by sending emails to small business concerns local to that particular jobsite.
- Trane will keep the playing field level, allowing all bidders reasonable time to respond and providing the same information to all prospective subcontractors.

I. Describe how Vendor differentiates itself from its competitors.

Trane's experience with cooperative contracting began in 1998 with the Region 4 ESC (Formerly TCPN) contract. In 2015, we were selected to provide products/services under the Harford County Public Schools and U.S. Communities Contract (15-JLP-023) and have executed work under this contract through the seven-year term plus an additional six months. In 2017, Trane secured the Port of Portland and U.S. Communities Contract. Trane® has been a qualified DOE ESCO since 1999 and has completed complex Energy Savings Performance Contracts (ESPC) for the Federal Government. An ESPC is a proven, cash flow neutral financing mechanism that pays for facility improvements that can be paid back over time based on future utility bill saving. Trane's Core Products – HVAC Equipment and Controls – drive one-third of total ESPC savings. Trane's incident (OSHA) rates are consistently 67-86% below the industry average and our current Experience Modification Rate (EMR) is 0.61. Trane has leveraged this experience to deliver dozens of ESPC projects under the Port of Portland contract.

Trane has the capacity to provide a wide range of services and products to support agencies across the country. Our 100-year history as a trusted provider of superior products and services and has resulted in a robust national infrastructure. Our project offices are staffed with factory-trained service technicians that provide operational oversight, O&M, service-repair, and installation support. Trane stocks service-repair parts (over 20,000 SKUs per location), equipment, and supplies right in our customer's communities. We also have established relationships with local designers, suppliers, and subcontractors–including small/disadvantaged businesses. Trane has booked

$1.4B+under our Harford and Port of Portland OMNIA contracts since 2018 and has delivered services and products in 43 states.

Trane has a global network of offices and service/parts locations to deliver services. This offers the following advantages:

- Robust supply chain to sustain operations and rapidly restore service during emergencies
- 2,750 community-based, factory-trained service technicians provide local operational oversight, O&M, service-repair, and installation support
- Established relationships with local designers, suppliers, and subcontractors–including small/disadvantaged businesses
- Reduced travel and lodging costs to save agencies and taxpayers money

As one of the world's largest manufacturers/integrators of energy efficient HVAC equipment and Building Automation Systems (BAS)/Energy Management Control Systems (EMCS), Trane has the technical expertise to optimize energy efficiency, peak demand, and renewable power generation in public facilities. We build, test, certify, implement, and service best-in-class equipment with optimized full and part-load efficiency.

Trane is also a vendor neutral company, and we manage, install, commission, and service other manufacturer's systems. Trane provides BAS/EMCS system integration through both open (i.e. BACnet, LON, Modbus) and proprietary control protocols. We leverage our controls expertise to connect the resilient systems that modern sites rely on.

Trane® has been a qualified DOE ESCO since 1999 and has completed complex Energy Savings Performance Contracts for the Federal Government. Through these efforts, we have developed repeatable, best practice processes. In addition, Trane's Core Products – HVAC Equipment and Controls – drive one-third of total ESPC savings[1]

J. Describe any present or past litigation, bankruptcy or reorganization involving Vendor.

Trane U.S. Inc. is a multi-billion-dollar company and enters hundreds of transactions on an annual basis and, as such, become involved in claims and disputes that arise in the ordinary course of its businesses. As a large company, claims and suits are numerous as many claimants are hoping to tap the deep pockets of a large company. Many of these are unwarranted claims which often result in dismissal. Company-wide compiled data of this scope is not readily

[1] Data extrapolated from: Slattery, T. (2017). Reported Energy and Cost Savings from the Federal DOE ESPC Program: FY 2015 (ORNL/TM -2017/18).

available, and this information cannot be accurately ascertained without extensive and burdensome research. It is the policy of our company to settle claims and disputes amicably and to the satisfaction of our customers. Due to the large volume and because information related to settlements are confidential, we are unable to disclose detailed information on all litigation and claim matters. However, no such dispute or litigation is likely or expected to adversely affect Trane U.S. Inc.'s ability to perform hereunder. Trane has not been involved in a bankruptcy. Trane U.S. Inc. was recently re-formed due to reorganization under Trane Technologies, a $14B company. Although originally established in 1929, our new date of incorporation is May 1, 2020, in Delaware.

K. Felony Conviction Notice: Indicate if the Vendor

~~a. is a publicly held corporation and this reporting requirement is not applicable;~~

b. is not owned or operated by anyone who has been convicted of a felony; or

~~c. is owned or operated by and individual(s) who has been convicted of a felony and provide the names and convictions.~~

L. Describe any debarment or suspension actions taken against Vendor
Not applicable

3.2 Distribution, Logistics

A. Each offeror awarded under this IFB may offer their complete product and service offering/a balance of line. Describe the full line of products and services offered by Vendor.

See the "Product Information Matrix" for the full line of products and services offered by Trane.

B. Describe how Participating Agencies are ensured they will receive the Master Agreement pricing; include all distribution channels such as direct ordering, retail or in-store locations, through distributors, etc. Describe how Participating Agencies verify and audit pricing to ensure its compliance with the Master Agreement.

Trane's regional sales representatives are located in our 124 Project/Sales offices across the country. Trane has pricing forms that are used for OMNIA projects and support the Master Agreement. We will provide pricing validation forms to verify pricing upon request.

C. Identify all other companies that will be involved in processing, handling or shipping the products/service to the end user.

Trane utilizes multiple carriers/modes across North America (and beyond) in the process of moving product from our plants and warehouses/distribution centers to our customers. We partner with carriers who meet our requirements and/or industry standards for quality and service performance.

Carrier specifics vary by mode, origin/destination points, and customer requirements.

D. Provide the number, size and location of Vendor's distribution or other operations facilities, warehouses, and/or retail network as applicable.

Trane services products from our 124 sales/project offices and distributes through our 205 parts/supply locations, 6 express warehouses, and 11 manufacturing plant sites.

3.3 Marketing and Sales

A. Provide a detailed ninety-day plan beginning from award date of the Master Agreement describing the strategy to immediately implement the Master Agreement as Vendor's primary go to market strategy for Public Agencies to Vendor's teams nationwide, to include, but not limited to:

i. Executive leadership endorsement and sponsorship of the award as the public sector go-to-market strategy within first 10 days

ii. Training and education of Vendor's national sales force with participation from the Vendor's executive leadership, along with the OMNIA Partners team within first 90 days

The Trane offices have been associated with a national cooperative since it's inception and are intimately involved with a contract that encompasses HVAC equipment and services. Trane has a Cooperative Contracting Team dedicated to Sales and Marketing. This team drives marketing and sales messaging throughout North America and Canada and educates our sales teams with cooperative purchasing positioning. Our detailed plan for the first 90 days includes:

- Announcement in our quarterly Omnia newsletter, which is distributed to over 750 Trane employees and affiliates.
- Announcement on the Trane Commercial internal portal
- We will add information to the Trane Technologies Omnia Hub page where we place important documentation such as due diligence items, pricing, Power Points, contract award letters, newsletters and any pertinent information relevant to the topic.
- Our Omnia program managers will meet with individual sales offices, helping them to understand cooperative markets, targeted sales strategies and presenting the Trane story to the marketplace.
- Conduct regional workshops designed to promote the cooperative contracts, legal statutes, product and services pricing methodology, marketing tools and other topics designed to promote the contract(s). All training will be recorded and posted on our intranet site. The training will focus on educating our sales force on what types of customers can use the contract, the benefits of the contract to Trane and the customer, pricing,

and will ensure our sales teams are educated on how to drive sales in compliance with OMNIA Partners rules.

- One-on-one office visits

B. Provide a detailed ninety-day plan beginning from award date of the Master Agreement describing the strategy to market the Master Agreement to current Participating Public Agencies, existing Public Agency customers of Vendor, as well as to prospective Public Agencies nationwide immediately upon award, to include, but not limited to:

i. Creation and distribution of a co-branded press release to trade publications

ii. Announcement, Master Agreement details and contact information published on the Vendor's website within first 90 days

iii. Design, publication and distribution of co-branded marketing materials within first 90 days

iv. Commitment to attendance and participation with OMNIA Partners at national (i.e. NIGP Annual Forum, NPI Conference, etc.), regional (i.e. Regional NIGP Chapter Meetings, Regional Cooperative Summits, etc.) and supplier-specific trade shows, conferences and meetings throughout the term of the Master Agreement

v. Commitment to attend, exhibit and participate at the NIGP Annual Forum in an area reserved by OMNIA Partners for partner Vendors. Booth space will be purchased and staffed by Vendor. In addition, Vendor commits to provide reasonable assistance to the overall promotion and marketing efforts for the NIGP Annual Forum, as directed by OMNIA Partners.

vi. Design and publication of national and regional advertising in trade publications throughout the term of the Master Agreement

vii. Ongoing marketing and promotion of the Master Agreement throughout its term (case studies, collateral pieces, presentations, promotions, etc.)

viii. Dedicated OMNIA Partners internet web-based homepage on Vendor's website with:

- OMNIA Partners standard logo;
- Copy of original Invitation to Bid;
- Copy of Master Agreement and amendments between Principal Procurement Agency and Vendor;
- Summary of Products and pricing;
- Marketing Materials
- Electronic link to OMNIA Partners' website including the online

registration page;

- A dedicated toll-free number and email address for OMNIA Partners

Trane will partner with OMNIA Partners to ensure Participating Agencies and our customers are aware of the awarded contract through multiple marketing and communication campaigns. Trane's 90 plan to market the Master Agreement to participating public agencies will include:

- An email to over 80,000 direct customer contacts that receive Trane E-mail communications
- A co-branded press release within first 30 days-this would be both internal to Trane and sent to national publications and targeted industry publications
- Announcement of award through all applicable social media sites; these include Trane's Facebook presence, Trane Twitter presence and Trane's LinkedIn presence
- Direct mail campaigns
- Co-branded collateral pieces
- Advertisement of contract in regional or national publications
- Participation in trade shows
- Dedicated Omnia internet web-based homepage with:
    - Omnia Logo
    - Link to Omnia website
    - Summary of contract and services offered
    - Due Diligence Documents including a copy of solicitation, copy of contract and any amendments, marketing materials

Co-developing a case study and pursue article placements with key publications

C. Describe how Vendor will transition any existing Public Agency customers' accounts to the Master Agreement available nationally through OMNIA Partners. Include a list of current cooperative contracts (regional and national) Vendor holds and describe how the Master Agreement will be positioned among the other cooperative agreements.

Trane uses the software application Salesforce to manage sales pursuit. For every customer that is eligible for OMNIA Partners pricing, we will notate the eligibility in Salesforce. Upon renewal of existing services, the account owner is then able to offer OMNIA Partners pricing to the customer, except in cases where the customer decides to put the job up for bid. Trane intends to position OMNIA Partners as a top tier cooperative partner.

D. Acknowledge Vendor agrees to provide its logo(s) to OMNIA Partners and

agrees to provide permission for reproduction of such logo in marketing communications and promotions. Acknowledge that use of OMNIA Partners logo will require permission for reproduction, as well.

Trane will provide its logo to OMNIA Partners and agrees to permit reproduction of the logo in marketing communications and promotions. We understand that use of the OMNIA Partners logo requires permission for reproduction.

E. Confirm Vendor will be proactive in direct sales of Vendor's goods and services to Public Agencies nationwide and the timely follow up to leads established by OMNIA Partners. All sales materials are to use the OMNIA Partners logo. At a minimum, the Vendor's sales initiatives should communicate:

   i. Master Agreement was competitively solicited and publicly awarded by a Principal Procurement Agency

   ii. Best government pricing

   iii. No cost to participate

   iv. Non-exclusive

   As stated in our marketing plan, Trane can confirm these requirements will be met.

F. Confirm Vendor will train its national sales force on the Master Agreement. At a minimum, sales training should include:

   i. Key features of Master Agreement

   ii. Working knowledge of the solicitation process

   iii. Awareness of the range of Public Agencies that can utilize the Master Agreement through OMNIA Partners

   iv. Knowledge of benefits of the use of cooperative contracts

   As stated in our marketing plan, Trane can confirm these requirements will be met.

G. Provide the name, title, email and phone number for the person(s), who will be responsible for:

   i. Executive Support:
   Greg Spencer, gsspencer@trane.com, 469-442-6055

   ii. Marketing:
   Greg Spencer, gsspencer@trane.com, 469-442-6055

   iii. Sales:
   Greg Spencer, gsspencer@trane.com, 469-442-6055

iv. Sales Support:
Chris Teller, cteller@trane.com, 917-440-2808
Jeremy Lee, Jeremy.lee@trane.com, 913-599-4664
Tina Bossen, tina.bossen@trane.com, 480-490-4502

v. Financial Reporting:
Amanda Dawson, Amanda.dawson@trane.com, 832-551-7999

vi. Accounts Payable:
Amanda Dawson, Amanda.dawson@trane.com, 832-551-7999

vii. Contracts:
Greg Spencer, gsspencer@trane.com, 469-442-6055

H. Describe in detail how Vendor's national sales force personnel and/or project managers are structured, including contact information for the highest-level executive in charge of the sales and/or project management team. Trane has a dedicated Strategic Programs team that drives the use of cooperatives for sales. Leading the group is Aaron Tanck, Director of Strategic Programs. Aaron oversees Greg Spencer, our Cooperative Program Manager. Aaron reports to Amber Mulligan, Vice President, Strategic Sales, who is the highest-level executive in charge of sales for Cooperative contracts. Amber.Mulligan@tranetechnologies, 910-233 -3594.

I. Explain in detail how the sales or project management teams will work with the OMNIA Partners team to implement, grow and service the national program. Trane's Cooperatives team is dedicated to drives sales through our cooperative agreements. This team anticipates working with OMNIA Partners to promote the contract vehicle and provide efficient public service to our customers across the U.S. While we expect to do the majority of the marketing work through our marketing and sales departments, we hope OMNIA Partners can assist with launching our internal training program and occasionally fielding questions from our field teams as they are trained and mobilized. We also hope OMNIA Partners will be able to support us with new opportunities, such as new member sign-up and answering compliance questions.

I. Explain in detail how Vendor will manage the overall national program throughout the term of the Master Agreement, including ongoing coordination of marketing and sales efforts, timely new Participating Public Agency account set-up, timely contract administration, etc.contract administration, etc.

Our OMNIA Partners marketing plan includes a coordinated effort between Trane and OMNIA Partners. We will continue to market the OMNIA Partners program both internally and externally via training, corporate SharePoint site, customer meetings, marketing materials, and tradeshows. All marketing materials will be available in hard copy and electronic format. Our Strategic

Program Leader, Greg Spencer, will continue to oversee the program, driving growth throughout the term of the Master Agreement.

J. State the amount of Vendor's Public Agency sales for the previous fiscal year. Provide a list of Vendor's top 3 Public Agency customers, the total purchases for each for the previous fiscal year along with a key contact for each.

Trane's Public Agency sales under the OMNIA agreement for 2021 was $368.4M. Our top three Public Agency customers/total bookings for 2021 are as follows:

Customer Name	Total Bookings for 2021	Key Contact
Roanoke City Public Schools	$20,601,056.80	Jeff Shawver – Chief of Physical Plants Phone: 540-853-6306
Berwick Area School District	$20,300,560.00	Brent Crispell – Director of Building and Grounds
Hall County Board of Commissioners	$9,696,634.20	Phone: 570-759-6400
Suffolk Public Schools	$7,052,958.50	Brett Jockell – Superintendent and Director

K. Describe Vendor's information systems capabilities and limitations regarding order management through receipt of payment, including description of multiple platforms that may be used for any of these functions.

Trane account managers use Trane Select Assist (previously known as TOPSS) to quote and provide technical information for equipment sales. Additionally, our greater sales organization uses multiple Oracle based internal programs to facilitate contracting, equipment (both OEM Trane and buysell), service, controls, and parts orders. Trane maintains a customer focused approach with Salesforce.

L. Provide the Contract Sales (as defined in Section 12 of the OMNIA Partners Administration Agreement) that Vendor ~~will guarantee~~ projects each year under the Master Agreement for the initial three years of the Master Agreement ("Guaranteed Contract Sales").

Trane projects, but does not guarantee, OMNIA contract sales during the first three years to be:

$50M in year one (2022)

$200M in year two (2023)
$300M in year three (2024)

To the extent Vendor guarantees minimum Contract Sales, the Administrative Fee shall be calculated based on the greater of the actual Contract Sales and the Guaranteed Contract Sales.

Current supply chain environments will have an impact on these projections in addition to inflationary pressures, funding mechanisms, etc.

M. Even though it is anticipated many Public Agencies will be able to utilize the Master Agreement without further formal solicitation, there may be circumstances where Public Agencies will issue their own solicitations. The following options are available when responding to a solicitation for Products covered under the Master Agreement.

i. Respond with Master Agreement pricing (Contract Sales reported to OMNIA Partners).

ii. If competitive conditions require pricing lower than the standard Master Agreement not-to-exceed pricing, Vendor may respond with lower pricing through the Master Agreement. If Vendor is awarded the contract, the sales are reported as Contract Sales to OMNIA Partners under the Master Agreement.

iii. Respond with pricing higher than Master Agreement only in the unlikely event that the Public Agency refuses to utilize Master Agreement (Contract Sales are not reported to OMNIA Partners).

iv. If alternative or multiple bid and/or proposals are permitted, respond with pricing higher than Master Agreement, and include Master Agreement as the alternate or additional bid/proposal.

Detail Vendor's strategies under these options when responding to a solicitation.

Trane, Inc. U.S. continues to offer competitive pricing to the public sector per the cooperative contract guidelines. Currently, these pertain to the Harford County Public Schools Contract 15-JLP-023 and the Port of Portland contract # 1153. Trane has established a strict process to assure agencies receive the correct pricing for the specific contract. This begins with assigning a specific cooperative quote number that identifies the agency as well as project being addressed. The process then dictates that the pricing follow strict contract guidelines including list price discounts for equipment, set hourly rates by trade for labor solutions and fixed mark-up guidelines for non-Trane materials being furnished to meet the project's scope. A combination of these assure that the agency is being provided the correct price for the specified scope of work.

The scores and ratings included in this report are designed as a tool to assist the user in making their own credit related decisions, and should be used as part of a balanced and complete assessment relying on the knowledge and expertise of the reader, and where appropriate on other information sources. The score and rating models are developed using statistical analysis in order to generate a prediction of future events. Dun & Bradstreet monitors the performance of thousands of businesses in order to identify characteristics common to specific business events. These characteristics are weighted by significance to form rules within its models that identify other businesses with similar characteristics in order to provide a score or rating.

Dun & Bradstreet's scores and ratings are not a statement of what will happen, but an indication of what is more likely to happen based on previous experience. Though Dun & Bradstreet uses extensive procedures to maintain the quality of its information, Dun & Bradstreet cannot guarantee that it is accurate, complete or timely, and this may affect the included scores and ratings. Your use of this report is subject to applicable law, and to the terms of your agreement with Dun & Bradstreet.

Risk Assessment

D&B RISK ASSESSMENT

OVERALL BUSINESS RISK

HIGH	MODERATE-HIGH	MODERATE	LOW-MODERATE	LOW

Dun & Bradstreet thinks...

- Overall assessment of this organization over the next 12 months: **SOME-FINANCIAL-STRESS-CONCERNS**
- Based on the predicted risk of business discontinuation: **MODERATELY-HIGHER-THAN-AVERAGE-RISK-OF-FINANCIAL-STRESS**
- Based on the predicted risk of severely delinquent payments: **MODERATE POTENTIAL FOR SEVERELY DELINQUENT PAYMENTS**

MAXIMUM CREDIT RECOMMENDATION

US$ 2,000,000

The recommended limit is based on a moderately high probability of severe delinquency or business failure.

D&B VIABILITY RATING SUMMARY

The D&B Viability Rating uses D&B's proprietary analytics to compare the most predictive business risk indicators and deliver a highly reliable assessment of the probability that a company will go out of business, become dormant/inactive, or file for bankruptcy/insolvency within the next 12 months. The D&B Viability Rating is made up of 4 components:

Viability Score
Compared to All US Businesses within the D&B Database:

- Level of Risk:**Low Risk**
- Businesses ranked **4** have a probability of becoming no longer viable: **5** %
- Percentage of businesses ranked **4: 14** %
- Across all US businesses, the average probability of becoming no longer viable:**14** %

Portfolio Comparison
Compared to All US Businesses within the same MODEL SEGMENT:

- Model Segment :**Established Trade Payments**
- Level of Risk:**Moderate Risk**
- Businesses ranked **5** within this model segment have a probability of becoming no longer viable: **5** %
- Percentage of businesses ranked **5** with this model segment: **11** %
- Within this model segment, the average probability of becoming no longer viable:**5** %

Data Depth Indicator
Data Depth Indicator:

- ✓ Rich Firmographics
- ✓ Extensive Commercial Trading Activity
- ✓ Basic Financial Attributes

Greater data depth can increase the precision of the D&B Viability Rating assessment.
To help improve the current data depth of this company, you can ask D&B to make a personalized request to this company on your behalf to obtain its latest financial information. To make the request, click the link below. Note, the company must be saved to a folder before the request can be made.

OTHER PAYMENT CATEGORIES

Other Payment Categories	Experience	Total Amount
Cash experiences	103	US$ 222,300
Payment record unknown	14	US$ 419,350
Unfavorable comments	1	US$ 2,500
Placed for collections	5	US$ 0
Total in D&B's file	715	US$ 64,846,750

Accounts are sometimes placed for collection even though the existence or amount of the debt is disputed. Payment experiences reflect how bills are met in relation to the terms granted. In some instances payment beyond terms can be the result of disputes over merchandise, skipped invoices etc. Each experience shown represents a separate account reported by a supplier. Updated trade experiences replace those previously reported.

Corporate Linkage

Increase your understanding of the links and risks between your customers and suppliers with D&B's Interactive Global Family Tree

The public record items contained in this report may have been paid, terminated, vacated or released prior to the date this report was printed. This information may not be reproduced in whole or in part by any means of reproduction.

There may be additional UCC Filings in D&Bs file on this company available by contacting 1-800-234-3867.

There may be additional suits, liens, or judgments in D&B's file on this company available in the U.S. Public Records Database, also covered under your contract. If you would like more information on this database, please contact the Customer Resource Center at 1-800-234-3867.

If it is indicated that there are defendants other than the report subject, the lawsuit may be an action to clear title to property and does not necessarily imply a claim for money against the subject.

A lien holder can file the same lien in more than one filing location. The appearance of multiple liens filed by the same lien holder against a debtor may be indicative of such an occurrence.

COMPANY EVENTS

The following information was reported on: 02/24/2022

The Delaware Secretary of State's business registrations file showed that Trane U.S. Inc. was registered as a Corporation on March 26, 1929, under the file registration number 255803. The name was changed from American Standard Inc. to Trane U.S. Inc. by charter amendment on November 8, 2007.

Business started 1929. 100% of capital stock is owned by the parent company.

All of its outstanding common stock is owned by Trane Inc (Formerly : American Standard Companies Inc, name changed in Nov 1994 from ASI Holding Corporation) that was formed in 1988 by Kelso & Company LP to effect the acquisition of American Standard Inc.

On June 5, 2008 Trane was acquired by Ingersoll-Rand for $10.1 billion.

RECENT EVENTS:.

On July 5, 2012, Mary Beth Martin, Productivity Manager for Americas Accounting, stated that Trane Comfort Solutions, Inc., Piscataway, NJ, has merged with and into Trane U.S., Inc., Piscataway, NJ, last July 1, 2012. With the merger, Trane Comfort Solutions, Inc. has ceased to exist as a legal entity, and all its branches would now operate as Trane U.S., Inc. locations. No further details are available.

DAVE REGNERY. July 2021-present active here.

According to a published report dated May 29, 2009, the Massachusetts Attorney General Martha Coakley's Office has reached an agreement with Trane U.S. Inc, of Piscataway, New Jersey, and its treasurer, David S Kuhl, for violating the Massachusetts Wage and Hour Laws.

As part of the settlement agreement, Trane and Kuhl will pay $38,000 in restitution to 15 employees who worked on numerous public projects in Massachusetts between Aug 2005 and May 2009. The company and Kuhl also agreed to pay a $10,000 fine to the Commonwealth for failing to pay the prevailing wage and failing to submit certified payroll records in violation of the law.

Business address has changed from 3600 Pammel Creek Rd, La Crosse, WI, 54601 to 800-e Beaty St, Davidson, NC, 28036.

Appendix 3

Exhibit B – Administration Agreement, Example

Exhibit B
Administration Agreement, Example

ADMINISTRATION AGREEMENT

THIS ADMINISTRATION AGREEMENT (this "**Agreement**") is made this 8 day of July 20 22 between National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector ("**OMNIA Partners**"), and **Trane U.S. Inc.** ("**Supplier**").

RECITALS

WHEREAS, the _____ (the "**Principal Procurement Agency**") has entered into a Master Agreement effective _____, Agreement No_____, by and between the Principal Procurement Agency and Supplier, (as may be amended from time to time in accordance with the terms thereof, the "**Master Agreement**"), as attached hereto as Exhibit A and incorporated herein by reference as though fully set forth herein, for the purchase of _____ (the "**Product**");

WHEREAS, said Master Agreement provides that any or all public agencies, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit (collectively, "**Public Agencies**"), that register (either via registration on the OMNIA Partners website or execution of a Master Intergovernmental Cooperative Purchasing Agreement, attached hereto as Exhibit B) (each, hereinafter referred to as a "**Participating Public Agency**") may purchase Product at prices stated in the Master Agreement;

WHEREAS, Participating Public Agencies may access the Master Agreement which is offered through OMNIA Partners to Public Agencies;

WHEREAS, OMNIA Partners serves as the cooperative contract administrator of the Master Agreement on behalf of Principal Procurement Agency;

WHEREAS, Principal Procurement Agency desires OMNIA Partners to proceed with administration of the Master Agreement; and

WHEREAS, OMNIA Partners and Supplier desire to enter into this Agreement to make available the Master Agreement to Participating Public Agencies and to set forth certain terms and conditions governing the relationship between OMNIA Partners and Supplier.

NOW, THEREFORE, in consideration of the payments to be made hereunder and the mutual covenants contained in this Agreement, OMNIA Partners and Supplier hereby agree as follows:

DEFINITIONS

1. Capitalized terms used in this Agreement and not otherwise defined herein shall have the meanings given to them in the Master Agreement.

TERMS AND CONDITIONS

2. The Master Agreement and the terms and conditions contained therein shall apply to this Agreement except as expressly changed or modified by this Agreement. Supplier acknowledges and agrees that the covenants and agreements of Supplier set forth in the solicitation and Supplier's response thereto resulting in the Master Agreement are incorporated herein and are an integral part hereof.

3. OMNIA Partners shall be afforded all of the rights, privileges and indemnifications afforded to Principal Procurement Agency by or from Supplier under the Master Agreement, and such rights, privileges and indemnifications shall accrue and apply with equal effect to OMNIA Partners, its agents, employees, directors, and representatives under this Agreement including, but not limited to, Supplier's obligation to obtain appropriate insurance.

4. OMNIA Partners shall perform all of its duties, responsibilities and obligations as the cooperative contract administrator of the Master Agreement on behalf of Principal Procurement Agency as set forth herein, and Supplier hereby acknowledges and agrees that all duties, responsibilities and obligations will be undertaken by OMNIA Partners solely in its capacity as the cooperative contract administrator under the Master Agreement.

5. With respect to any purchases by Principal Procurement Agency or any Participating Public Agency pursuant to the Master Agreement, OMNIA Partners shall not be: (i) construed as a dealer, re-marketer, representative, partner or agent of any type of the Supplier, Principal Procurement Agency or any Participating Public Agency; (ii) obligated, liable or responsible for any order for Product made by Principal Procurement Agency or any Participating Public Agency or any employee thereof under the Master Agreement or for any payment required to be made with respect to such order for Product; and (iii) obligated, liable or responsible for any failure by Principal Procurement Agency or any Participating Public Agency to comply with procedures or requirements of applicable law or the Master Agreement or to obtain the due authorization and approval necessary to purchase under the Master Agreement. OMNIA Partners makes no representation or guaranty with respect to any minimum purchases by Principal Procurement Agency or any Participating Public Agency or any employee thereof under this Agreement or the Master Agreement.

6. OMNIA Partners shall not be responsible for Supplier's performance under the Master Agreement, and Supplier shall hold OMNIA Partners harmless from any liability that may arise from the acts or omissions of Supplier in connection with the Master Agreement.

7. Supplier acknowledges that, in connection with its access to OMNIA Partners confidential information and/or supply of data to OMNIA Partners, it has complied with and shall continue to comply with all laws, regulations and standards that may apply to Supplier, including, without limitation: (a) United States federal and state information security and privacy statutes, regulations and/or best practices, including, without limitation, the Gramm-Leach-Bliley Act, the Massachusetts Data Security Regulations (201 C.M.R. 17.00 et. seq.), the Nevada encryption statute (N.R.S. § 603A), the California data security law (Cal. Civil Code § 1798.80 et. seq.) and California Consumer Privacy Act (Cal. Civil Code § 1798.100 et. seq.); and (b) applicable industry and regulatory standards and best practices (collectively, "**Data Regulations**").

With regard to Personal Information that Supplier collects, receives, or otherwise processes under the Agreement or otherwise in connection with performance of the Agreement, Supplier agrees that it will not: (i) sell, rent, release, disclose, disseminate, make available, transfer, or otherwise

communicate orally, in writing, or by electronic or other means, such Personal Information to another business or third party for monetary or other valuable consideration; or (ii) retain, use, or disclose such Personal Information outside of the direct business relationship between Supplier and OMNIA Partners or for any purpose other than for the specific purpose of performance of the Agreement, including retaining, using, or disclosing such Personal Information for a commercial purpose other than for performance of the Agreement. By entering into the Agreement, Supplier certifies that it understands the specific restrictions contained in this Section 7 and will comply with them. For purposes hereof, "**Personal Information**" means information that identifies, relates to, describes, is reasonably capable of being associated with, or could reasonably be linked, directly or indirectly, with a particular consumer or household, and includes the specific elements of "personal information" as defined under Data Regulations, as defined herein. Supplier will reasonably assist OMNIA Partners in timely responding to any third party "request to know" or "request to delete" (as defined pursuant to Data Regulations) and will promptly provide OMNIA Partners with information reasonably necessary for OMNIA Partners to respond to such requests. Where Supplier collects Personal Information directly from Public Agencies or others on OMNIA Partners' behalf, Supplier will maintain records and the means necessary to enable OMNIA Partners to respond to such requests to know and requests to delete.

8. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, OMNIA PARTNERS EXPRESSLY DISCLAIMS ALL EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES REGARDING OMNIA PARTNERS' PERFORMANCE AS A CONTRACT ADMINISTRATOR OF THE MASTER AGREEMENT. OMNIA PARTNERS SHALL NOT BE LIABLE IN ANY WAY FOR ANY SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR RELIANCE DAMAGES, EVEN IF OMNIA PARTNERS IS ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

TERM OF AGREEMENT; TERMINATION

9. This Agreement shall be in effect so long as the Master Agreement remains in effect, provided, however, that the provisions of Sections 3 – 8 and 11 – 22, hereof and the indemnifications afforded by the Supplier to OMNIA Partners in the Master Agreement, to the extent such provisions survive any expiration or termination of the Master Agreement, shall survive the expiration or termination of this Agreement.

NATIONAL PROMOTION

10. OMNIA Partners and Supplier shall publicize and promote the availability of the Master Agreement's products and services to Public Agencies and such agencies' employees. Supplier shall require each Public Agency to register its participation in the OMNIA Partners program by either registering on the OMNIA Partners website (www.omniapartners.com/publicsector) or executing a Master Intergovernmental Cooperative Purchasing Agreement prior to processing the Participating Public Agency's first sales order. Upon request, Supplier shall make available to interested Public Agencies a copy of the Master Agreement and such price lists or quotes as may be necessary for such Public Agencies to evaluate potential purchases.

11. Supplier shall provide such marketing and administrative support as set forth in the solicitation resulting in the Master Agreement, including assisting in development of marketing materials as reasonably requested by Principal Procurement Agency and OMNIA Partners. Supplier shall be responsible for obtaining permission or license of use and payment of any license fees for all content and images Supplier provides to OMNIA Partners or posts on the OMNIA Partners website.

Supplier shall indemnify, defend and hold harmless OMNIA Partners for use of all such content and images including copyright infringement claims. Supplier and OMNIA Partners each hereby grant to the other party a limited, revocable, non-transferable, non-sublicensable right to use such party's logo (each, the "**Logo**") solely for use in marketing the Master Agreement. Each party shall provide the other party with the standard terms of use of such party's Logo, and such party shall comply with such terms in all material respects. Both parties shall obtain approval from the other party prior to use of such party's Logo. Notwithstanding the foregoing, the parties understand and agree that except as provided herein neither party shall have any right, title or interest in the other party's Logo. Upon termination of this Agreement, each party shall immediately cease use of the other party's Logo.

ADMINISTRATIVE FEE, REPORTING & PAYMENT

12. An "Administrative Fee" shall be defined and due to OMNIA Partners from Supplier in the amount of 2 percent (2%) ("**Administrative Fee Percentage**") multiplied by the total purchase amount paid to Supplier, less refunds, credits on returns, rebates and discounts, for the sale of products and/or services to Principal Procurement Agency and Participating Public Agencies pursuant to the Master Agreement (as amended from time to time and including any renewal thereof) ("**Contract Sales**"). From time to time the parties may mutually agree in writing to a lower Administrative Fee Percentage for a specifically identified Participating Public Agency's Contract Sales.
